

Closing Notice Lifted Due to Pending Program

Armour to Remain Open Here

The Greyhound Corporation announced today in Phoenix, Ariz., it has reversed an earlier decision to close its Armour and Co. beef slaughtering plants in Hereford, Texas and Nampa, Idaho. This will result in over \$6 million of estimated closing costs being restored to 1980 income.

The decision to close the Green Bay, Wis., plant remains in effect, said company officials. That facility will cease operations on Oct. 31 as previously announced. Closing costs for that facility will not be material.

In April 1980, Armour reported the company would close those of its beef plants operating under a master agreement with the United Food and Commercial Workers Union, due to a non-competitive labor agreement.

A provision for costs in connection with the

closing amounting to \$6.1 million after tax, or 14 cents per share, was charged against Greyhound's first quarter earnings.

Restated to reflect the continuing operations of the two facilities, net income for the first quarter and the six months of 1980 is \$18.2 million and \$41.7 million, respectively (41 cents and 94 cents per share) compared with \$9.5 million and \$44.6 million, respectively (22 cents and \$1.01 per share) for the same periods last year.

The decision to lift the closing notice at the Hereford and Nampa plants resulted from the development of a pending program which, with union support, would improve productivity at the two facilities. While discussions are continuing, indications are that the program will receive the necessary union support.

Sisters 3, 5, Victims Of Tragic Trailer Fire

Funeral services for Lavonna Kay Wilson, 3, and Tammy Rene Wilson, 5, daughters of Mr. and Mrs. David Wilson, will be held at 11 a.m. tomorrow at Rix Chapel with Rev. Charles Threewitt, pastor of the St. Thomas Episcopal Church officiating.

Burial will follow in West Park Cemetery under the direction of Rix Funeral Home of Hereford.

The sisters perished in a raging mobile home fire west and north of Hereford Saturday night.

A brother, 6-year-old David Wilson Jr., escaped the fire and ran next door, where his mother was visiting, to summon help.

According to Hereford Fire Marshal Jay Spain, the youngsters were asleep in a bedroom of the trailer and their mother had gone next door to another trailer to visit when the fire broke out.

Spain reported that the trailer was already well involved in fire when the boy ran next door and emergency units were summoned just before 10 p.m.

The Hereford Volunteer Fire Department rolled three trucks to the fire, but Spain reported the blaze had already

reached major proportions before help could arrive, and intense heat and flames prevented entry into the burning structure to rescue the children.

The father of the fire victims, an employee of a feedyard in Guymon, Okla. was away from home at the time of the fire. The Wilson family was renting the trailer, located seven miles west and 1 1/2 miles north of Hereford, from Robert Betzen, and had been living there only about five weeks, according to Spain.

Spain indicated that an in-depth investigation of the fire and its cause is currently underway.

Spain returned to the fire scene Monday to sift through the burned-out structure in an attempt to re-create what had happened.

In addition to their parents and brother, the young fire victims are survived by their grandparents, Mr. and Mrs. Floyd Wilson of Pilot Rock, Ore. and Mr. and Mrs. Norman Burrow of Spokane, Wash.; and great-grandparents Mr. and Mrs. Glen Male of Hermiston, Ore. and Mrs. Vilot Adams of Spokane, Wash.

A fund to benefit the Wilson family has been established at Hereford State Bank.

Commissioners Okay 10 % County Pay Hike

By JIM STEIERT
Managing Editor

Deaf Smith County commissioners gave formal approval to an across-the-board 10 percent pay hike for county employees and officials, accepted the resignation of County Librarian Sharon Champion and endorsed a resolution from the Texas Panhandle County Judges & Commissioners Association calling for funding cuts of the Legal Services Corporation during their regular meeting Monday.

The pay hike approval came after commissioners laid plans for such a move earlier, with funding for the salary increases included in the current budget.

Mrs. Champion tendered her resignation as librarian to the commission at Monday's meeting, citing plans to move from Hereford.

Commissioners accepted the resignation and voted to advertise for a new librarian.

County commissioners voted in favor of a motion by Commissioner Bruce Coleman to endorse a resolution drawn up by the Texas Panhandle County Judges and Commissioners Association concerning various rural legal aid corporations, requesting that major reductions be made in the funding of Legal Services Corporation and that a charter requirement of local control be implemented and made effective.

Text of the resolution endorsed by the commission reads:

"Whereas, we the Texas Panhandle County Judges and Commissioners Association recognize that, in some areas legal services to the needy are effectively provided by Legal Services Corporation funded groups, and that these helpful services deserve continued funding, and;

"Whereas, we are painfully aware that numerous Rural Legal Aid Corporations and other legal service groups over the nation also funded by Legal Services Corporation are operating, we believe, in uncontrolled, militant and destructive fashion, and;

"Whereas, some offices, in our view, are performing completely beyond the intent of Congress and the will of the people and inflaming racial division;

"Therefore be it resolved, that we go on record as requesting major reductions in the funding of Legal Services Corporation and that its charter requirements of local control be implemented and made effective. We further

resolve that every local office funded by our federal taxes through Legal Services Corporation have a local governing board of nine members who will determine the areas of need to be served in this community and oversee the just and proper operation of the office and the conduct of its lawyers. These decisions must be made by the local citizens not by an un-touchable bureaucracy which names its own advisors and charts its own course at the public expense and damage.

"We further resolve that the duly elected County and City governments where each office is located shall name the board members thus—rural population through County Court to name 3 members, City government 6 members. If rural population exceeds city population, county to name 6 and city 3. Board members must whenever possible, include at least the following—one Judge (county or district), one local attorney in private practice, 3 female, and 3 selected from minority groups."

The motion calls for the resolution to be presented for consideration to the County Judges and Commissioners Association 1980 convention and to the 1981 NACO convention, and that "this urgent issue be brought to the attention of Congress."

In other action, commissioners granted Pct. 3 Commissioner Coleman permission to serve on the Metro Criminal Justice and Public Safety Policy Steering Committee.

County fathers accepted a low bid of \$10,251 submitted by Orval Watson Ford of Hereford for a truck for Precinct 1. The approval came following a motion by Commissioner J.F. Martin.

In addition, several members of the Hereford

Young Farmers were elected as officers for Area I for the 1980-81 year.

Bob Ward, treasurer of the Hereford Young Farmers chapter, was named as the Outstanding Agribusinessman for the 38-county area that encompasses Area I. Area I includes much of the Texas Panhandle and South Plains.

Ward's recognition as the top agribusinessman marked the second straight year a member of the Hereford Young Farmers has won the coveted Area I award.

That honor was copied last year by Jim Campbell, the current president of the Hereford Young Farmers.

Ward, a salesman for Tide Products of Hereford, is a former vocational agriculture teacher at Hereford High School, and has been associated with Tide Products for approximately three years.

He has served in various capacities with the Hereford Young Farmers Junior Livestock Show, and has also assisted in numerous educational programs conducted by Tide Products to benefit area farmers.

The Hereford Young Farmers chapter was cited as the outstanding chapter in Area I in use of the electronic media to spread information on the Young Farmers program.

Publicity provided by KPAN radio of Hereford

figured prominently in the capturing of the award by the local chapter.

Hereford's Young Farmers finished second only to Silverton in the Newspaper Publicity portion of the Area I contest in the first year in which the chapter entered that particular category.

During the business session that preceded Saturday night's banquet, voting delegates from area Young Farmers chapters elected several Hereford members to top posts.

Roy Carlson, one of the top-ranked Young Farmer members from Area I, was elected as an Area I state officer.

Ray Schlabs was selected as Area I secretary while Jim Campbell got the nod from fellow members as Area I reporter.

Other Young Farmers attending included Toby Turpen, Bill Caraway, Tom Schlabs and advisor Jess Robinson.

Begin Postpones Office Move

By The Associated Press

President Carter's Mideast envoy apparently succeeded in getting Israeli Prime Minister Menachem Begin to postpone his controversial plan to move his office to disputed East Jerusalem.

Israeli government sources said Begin bowed to heavy American pressure, brought to bear by Sol Linowitz, Carter's special ambassador, who visited Israel and Egypt last week and came away with agreements for the renewal of Egyptian-Israeli negotiations on Palestinian autonomy and a new Camp David-style summit. Egyptian sources said last

week that the decision to resume negotiations, halted by President Anwar Sadat to protest Israel's controversial moves in Jerusalem, was a "tradeoff" for a new Carter-Sadat-Begin summit after the U.S. presidential election.

During Linowitz's visit to

Bike Crash Injures Girl, 12

Two Hereford youngsters narrowly escaped serious injury in a bicycle-auto accident on East Park Ave. Monday afternoon.

Sherry French, 12, of 420 Schley and Brian Brown, 12, of 510 Schley were riding double on a bicycle southbound on Ave. D. when they collided with a westbound auto driven by Mable Mitchell of 405 Westhaven at the intersection of Ave. D and Park Ave.

According to a Hereford Police Department spokesman, the youngsters were apparently traveling on the wrong side of the street when they crossed onto Park Ave.

The car struck the back of the bicycle, and Miss French suffered leg injuries.

She was taken to Deaf Smith General Hospital for observation.

Brown escaped injury in the accident.

A police department spokesman described the accident as "unavoidable" and no citations were issued.

City police are currently investigating an incident of

auto vandalism and the theft of \$136 worth of food stamps following incidents Sunday.

George Ochs of 504 Roosevelt reported that the window of his car was broken Sunday night and a complainant informed police that \$136 in food stamps were taken from her car while it was parked at the Furr's parking lot Sunday.

Monday, police, investigated a complaint concerning a dog running loose in the 500 block of Brevard.

The dog reportedly wandered into a yard in the neighborhood and killed that homeowner's dog.

A police department spokesman reported that a charge of allowing a dog to run loose in violation of a city ordinance will be filed.

Capt. Ray Morgan of the HPD informed The Brand that an "expensive pair of eyeglasses" were found in the 600 block of Ave. G over the weekend, and reported that the glasses may be reclaimed by contacting the police department and describing them.

Brilab Trial Delayed Again

HOUSTON (AP) — U.S. District Judge Robert O'Connor, in an effort to give defense attorneys time to appeal a ruling involving a key witness, has delayed until Thursday the start of the Texas-Brilab trial.

Texas House Speaker Billy Clayton and Austin lawyers Donald W. Ray and Randall B. Wood are charged with racketeering, extortion, fraud, and conspiracy in an alleged insurance kickback scheme.

The federal grand jury indictments were the result of the 10-month FBI undercover investigation of labor leaders and governmental officials.

The 9th Circuit Court of Ap-

peals reversed an order from O'Connor granting immunity to L.G. Moore, regional director for the International Union of Operating Engineers. Moore also was charged in the Brilab - for Bribery - Labor - investigation.

The U.S. Attorney's office claims Clayton, a 20-year legislative veteran with a desire to run for governor, accepted a \$5,000 payment from Moore to reopen a \$76 million-a-year state employee insurance contract.

And, the prosecution says Clayton was promised another \$500,000 once new bids could be made for the

Ground Coffee

Prices Lowered

CINCINNATI (AP) - Procter & Gamble Co., the nation's No. 2 roaster, has matched the list price of two leading competitors by reducing its ground coffee wholesale price for the second time in two weeks.

The Cincinnati-based company on Monday reduced its wholesale price on a one-pound can of vacuum Folger's by a dime to \$2.88, retroactive to last Friday. It also cut the price of a 13-ounce can of Folger's flaked coffee by 8 cents to \$2.36. General Foods Corp., the industry leader, and No. 3 roaster Hills Bros. Inc., had already cut their prices to \$2.88 a pound. Procter & Gamble earlier had lowered its wholesale price for ground coffee to \$2.96 a pound on Sept. 3.

Districts Must

Prove Hardship

DALLAS (AP) - Dallas school officials must prove the admission of illegal aliens will create a hardship or be prepared to admit them, a federal judge says.

U.S. District Judge Robert Hill said he will hold another hearing on the matter Sept. 15. He said the Dallas Independent School District must have proof of their hardship claims ready by then.

The judge also said he would hold a closed conference with DISD attorney Lee Smith and plaintiff's attorney Larry Mealer of Dallas Legal Services Thursday.

A suit was filed in April 1979 by 19 children of illegal aliens and their parents challenging a DISD policy that bars undocumented children from a free public education. The policy was instituted before a similar law was written into the Texas Education Code in 1975.

A federal judge at Houston earlier this year struck down that law. Last week, U.S. Supreme Court Justice Lewis Powell upheld the ruling by U.S. District Judge Woodrow Seals which ordered Texas schools to educate illegal alien school children.

But Powell also said individual school districts who could prove they would be damaged by the admissions could file suit asking for a stay of his order.

Libyan Shops

Confiscated

TRIPOLI, Libya (AP) - The Libyan government is confiscating small shops and requiring people to show "urgent need" before they can withdraw money from their bank accounts under a sweeping program of radical change launched by the na-

tion's revolutionary leader, Col. Moammer Khadafy.

"His goal is nothing less than the destruction of all forms of government and economics known to the Western world," says a top foreign diplomat in this North African capital on the edge of the Sahara Desert.

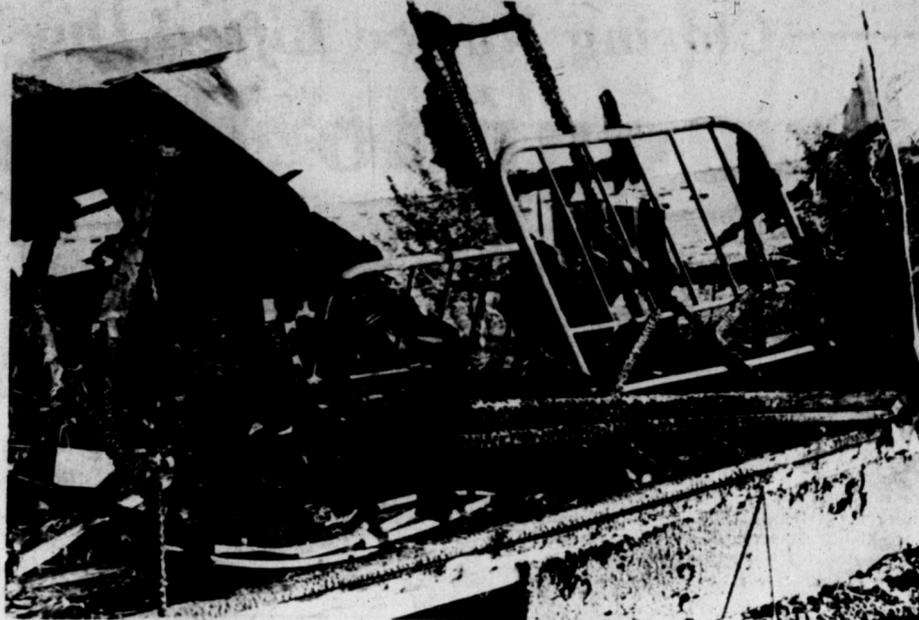

The government has shut down small shops in the name of modernization and replaced them with gleaming five-story, steel-and-glass supermarkets. The shutters that board up the closed stores are painted green, the ever-present color of Islam and the color that gives the title to Khadafy's three-pamphlet "Green Book" outlining his "Third Universal" plan as an alternative to capitalism and communism.

In theory, Khadafy is trying to set up a kind of town-meeting democracy to run each community, factory and office. Unlike Adam Smith and Karl Marx, however, he has an army, police and "Revolutionary Committees" to help put his ideas in effect.

"Khadafy is imposing his brand of democracy on the people," said a high-ranking Libyan government official. "He's trying to force them to take power into their own hands."

Tragedy Strikes

Charred bracing and this metal bedstead testify mutely to a Saturday night tragedy at this mobile home seven miles west and 1 1/2 miles north of Hereford. A raging fire at the trailer claimed the lives of three-year-old Lavonna Kay Wilson and her five-year-old sister, Tammy Rene. The youngsters, along with six-year-old

brother, David, were asleep in the trailer when the fire erupted. David escaped the trailer and ran next door where his mother was visiting to summon help, but his sisters were trapped in the burning structure. Other Hereford dealers submitting bids included Pratt Chevrolet-Olds, \$10,425.42; and three bids from Stagner-Orsborn Buick-Pontiac-GMC, all for \$11,300. Commissioner opted to use \$10,000 out of revenue sharing funds to pay for the truck,

with the remainder to come from general funds.

Members of the commission agreed to seek bids for a car to be used by the county juvenile officer, with Commissioner James Voyles appointed to help in setting the specifications for the car.

Commissioners also approved a motion made by Coleman and seconded by Voyles calling for support for continuation of local forms of government through letters to state and national government officials.

Exhumation Struggle Continues

FORT WORTH, Texas (AP) - The tedious legal struggle to unearth the body in Lee Harvey Oswald's grave continues here amid confusion over ownership of the cemetery plot and allegations that the accused presidential assassin may actually have been a Russian spy.

State District Judge James E. Wright indicated at the conclusion of a civil hearing Monday he will decide next week on a request to temporarily halt exhumation of the body. Oswald's brother, Robert, has filed suit to keep the grave closed, claiming an exhumation would cause him great "mental anguish."

Wright also extended a temporary restraining order, preventing any exhumation until he decides on the lawsuit. If he grants the temporary injunction, another hearing would be required to make the action permanent.

Michael Eddowes, a British author, says he has received permission to exhume the body from Oswald's widow, Marina Oswald Porter.

Eddowes, author of "The Oswald File," claims a Russian spy was substituted for Oswald and the impostor - not Oswald - assassinated President John F. Kennedy on Nov. 22, 1963, in Dallas.

Eddowes has tried for more than two years to unearth the body to prove his claims that a shorter, slighter Soviet spy named Alek James Hidell "became" Oswald after the "real" Oswald visited the Soviet Union in 1959.

The portly, white-haired author sat on the front row of the courtroom Monday, a few feet from Oswald, a silver-haired Wichita Falls businessman who bears a strong resemblance to his infamous brother.

At issue in this hearing is ownership of a grave bearing a simple marker that reads "Oswald" at Rose Hill Burial Park.

Robert Oswald says he paid for the plot, and Eddowes has no legal right to attempt to dig up the body there.

Oswald's widow, Marina Oswald Porter, said she granted permission to exhume the body to prove once and for all that her husband was buried in the plot.

But in a surprising twist last week, Mrs. Porter told Wright she had heard rumors

that led her to believe the grave may already be empty.

Cemetery manager Neil Wretberg provided copies of burial records he said bore handwritten notations showing the Oswald plot was deeded to the Oswald's mother, Marguerite Aug. 14, 1961.

High Stakes in the Next Election

Focus of the present political campaign, as in any national election, is the presidency.

From an historical point of view, however, the tilt of the Congress could be even more significant.

For example: The next president will make two - and may make as many as five - appointments to the United States Supreme Court.

The long-range impact of any philosophical shift on the High Court cannot be overestimated.

As one for-instance, since the Earl Warren Court - on balance - Supreme Court decisions have gone against lawmen in favor of the lawless. And that is just one for-instance.

Many presidents have recognized that their greatest impact on history results from their appointments to the High Court.

However, with a majority of Democrats in the Senate, Sen. Ted Kennedy remains chairman of the powerful Judiciary committee which must approve any Supreme Court appointments.

Either Carter or Reagan would have a hard time getting any but the most liberal nominees past that committee.

Unless, of course, the next election should reverse the majority in Congress and the chairmanships of those powerful committees.

Twenty-four Democratic senators are seeking re-elections. Ten would have to alter the balance of power in the Senate.

And there is another fascinating possibility: Kennedy could be the next president of the United States.

Even Gerald Ford could be here's how:

If the Anderson candidacy should prevent either front-runner from winning a majority, then the choice would be left to the House half of Congress - and anything could happen.

In the presidential election of 1824, Andrew Jackson received the largest number of popular and electoral votes. However, Henry Clay

and William Crawford - running against him - kept him from getting the necessary majority.

The election was decided in the House, where congressmen turned thumbs down on any of those three and selected, instead, John Quincy Adams.

This fall, though Anderson has no chance whatever of winning the presidency, he could keep Carter or Reagan from winning it.

I've always thought it a shame that the stay-at-home vote is so frequently decisive.

"I can't agree with either of those guys," is often the explanation used as justification for not voting at all.

We do not expect to agree on 100 percent of everything with our own spouses - yet we somehow imagine that our elected leaders must reflect our personal point of view precisely.

What we should instead consider is the track record and the philosophical bent of the available candidates - for the White House and for the houses of Congress.

And the latter in many ways is more important.

Letter to the Editor

Dear Editor:

I would like to take this opportunity to thank all of the fine, generous merchants of Hereford, who donated merchandise or money to our annual Elks against Dystrophy carnival and auction. I would also like to thank the people who attended these events. I would especially like to thank the Elks, Elk wives, and families, and all the individuals who worked so hard to make our fund raising drive successful.

Our carnival and auction raised \$4,285 this year. Our door to door drive raised 1,350.71, and the pledge center took pledges of \$2,993.

These figures combined with the \$3,765 from the skatathon, the \$712.50 from the swimathon, \$1,042 from the softball tourney, and the \$1,000 donated by the 1980 Senior class gave Hereford a grand total of \$15,148.21.

This once again made Hereford the number one city in the Panhandle Love Network, in the fight against Muscular Dystrophy.

There are more than 80 patients in the Panhandle area. Your money will go to help make their lives a little easier, and for research to find a cure for this terrible crippling of mankind.

Thank you Hereford for caring.

Sincerely
Exalted Ruler

Dear Editor:

Did you hear about the goof that I made last Friday night at the ball game? While announcing the half time, I called the "Spirit Towels" that are sold by the drill team something they are not!!!

Students, ladies, teachers and everyone else that I have offended by calling the spirit towels "crying towels" please forgive me. It was my mistake and no one else's. I just flat misread my script.

I wonder, if I buy two more spirit towels from the drill team, can I be forgiven?

More Walkouts Reported In Various Polish Industries

WARSAW, Poland (AP) - Poland's new Communist Party chief called for a party congress to apply the lessons learned in the strike crisis. Meanwhile, Warsaw Radio reported more scattered local walkouts for higher pay.

"There must be an in-depth and fair analysis of the reasons for the nationwide conflicts," and a party congress should be convened, Stanislaw Kania told a party meeting Monday in the Baltic port of Gdansk, flashpoint for the mass walkouts last month that won the promise of free trade unions and the right to strike from a Soviet Bloc government for the first time.

Kania said the party would promote "an authentic renewal of trade unions to ensure their authority and the confidence of the working class," but "solid and honest work" was the best guarantee for implementing demands and plans.

It was Kania's first trip to the Baltic strike zone since he replaced Edward Giersek as party chief Saturday. He also toured a naval station and shipyard in neighboring Gdynia, where he thanked sailors for helping unload cargo during the strikes.

Well-placed sources said Kania would fly today to

Katowice, Giersek's hometown in Upper Silesia, where some 250,000 coal miners and workers in related industries stayed on strike for nearly a week after the strikers in northern Poland were settled.

The strikes began early in July after a rise in meat prices, exploded into a mass protest Aug. 14 in Gdansk, spread to more than 800,000 workers and ended last week with the promise of wage increases and major social and political reforms, including the rights to form free, independent trade unions and to strike.

Deputy Premier Mieczyslaw Jagielski, who negotiated the master agreement that ended the strike in Gdansk, accompanied Kania on his tour there and told the party meeting "The party and state support full observance of the agreements reached." But he warned that "the country faces colossal economic problems which require many structural changes."

Mieczyslaw Rakowski, chief editor of the weekly magazine Polityka, reported on Warsaw Radio that there were "fresh strikes in various parts of the country, with the strikers calling for pay in-

creases and putting forward many demands concerning working conditions...

Rakowski said this would cost billions and "we do not have this money today. We must work for it, but how can we when one strike chases another?"

Deputy Premier Henry Kisiel, head of the government's economic planning commission, told a Warsaw news conference the strike

Balancing Budget: Skeptic's Delight

WASHINGTON (AP) - In Washington, where political cynicism can be even more oppressive than the summer humidity, the whole balanced budget affair was a skeptic's delight.

President Carter sounded very firm on March 14 when he committed himself to a balanced budget as the centerpiece of his new anti-inflation strategy.

The nation's inflation rate was terrible and there were primary elections ahead when Carter announced to the nation he was scrapping his original 1981 budget which contained a deficit of \$16 billion.

"I will soon set forth a

cost \$1 billion in lost production and that it would cost almost \$3.7 billion a year to meet the strikers' economic demands.

He said Poland's hard currency debt, a staggering \$20 billion at the end of 1979, would increase this year because the government planned to import meat, grain and other food to minimize shortages.

revised budget ..." Carter said. "It will be a balanced budget. And the Congress and I are determined to keep this budget in balance."

Carter noted that the budget had been in deficit for 11 straight years, and that almost one-half trillion dollars had been added to the national debt in that period.

He said he would use "every power at my command" to balance the budget and would even ask Congress for special powers, if necessary.

On March 31, he sent his revised 1981 budget to Congress. It was better than balanced. It contained a proposed surplus of \$16.5 billion.

President of District I of TFMC Visits with Local Organization

Hereford Music Study Club gathered Monday afternoon at K-Bob's Steak House for their monthly meeting, with special guests Mrs. Don Ray Knight of Stratford, president of District I of the Texas Federation of Music Clubs and Mrs. Jim Ingham, also of Stratford, secretary of District I of TFMC.

Also present from Salida,

Colo. was Mrs. William S. Dameron, former member of the local club.

Beginning the meeting was "Invocation" lead by Mrs. Allen Cansler who was accompanied by Mrs. Ken Walser.

If a man lacks enthusiasm it takes him twice as long to complete a task," adding, "Enthusiasm is the way to build with people." A resignation was given from Mrs. Sam Long, who announced that she would be

leaving Hereford soon.

Mrs. Sid Shaw presented members with their 1980-81 yearbooks and announced that this year's yearbooks were dedicated to charter member Mrs. W.E. Dameron.

In close of the meeting, members sang the hymn of the month, "Sing Praise to God," which was lead by Mrs. Walser and accompanied by Mrs. Wayne Thomas. The two ladies also lead members in the "Benediction," "Bless Us O'

God." The club's next scheduled meeting will be Sept. 25 at the Hereford Country Club. The club will meet at 12 noon.

Price Gauging

DEAR ANN LANDERS: Not long ago the TV showed a service station owner being hauled off to the clinker because he charged more for gasoline than was permitted under the law. It was called "price-gauging."

What would you call this? I overheard my dentist's receptionist tell a patient on the telephone, "The dentist will be able to fit you in at 11 o'clock today. There will be a \$25 emergency fee."

There was a long pause, and the receptionist said, "Well - call us back if you continue to have trouble." Within minutes the phone rang again. That patient was told, "Yes, 11 o'clock is fine. The doctor can see you."

What kind of a system do we have that enables professionals to enrich themselves because people are in trouble? Don't they realize that not everyone has health insurance, and some people are too young for Medicare? Yes, I am aware of how much it costs to become a doctor or a dentist these days. But are these graduates justified in demanding, "Your money or your life?" - Outraged In Grand Rapids

DEAR OUT: I checked with my own dentist, Dr. Jordan Block, and he said he never charges extra for emergencies - but many dentists do.

To my surprise, Dr. Block added, "It's not a bad idea." When I said I felt this was unethical, he explained, "Some people will have a toothache for several days and ignore it until it becomes severe. They then call a dentist they have never gone to before. If he takes the patient, he must work him in between his regulars. This causes him to run late all day."

Dr. Block also said, "When the emergency fee is mentioned, it is easy to discover how genuine the emergency is."

We then checked the Chicago Dental Society and found agreement with what Dr. Block had said. So, maybe the emergency fee isn't such a bad idea after all.

DEAR ANN LANDERS: Please explain to my father that it is impossible to win a daughter's love and respect after years of neglect.

I am 15 and have never felt close to my father because he was more interested in business and drinking than in me. He was never dependable enough to plan anything with. I felt closer to my uncles and neighbors than my dad.

hope that I will change my feelings about him. I have refused.

I baby-sit for a five-year-old girl whose father is just like mine. I wish you could convince these men that feelings are already established at age 15, and it's too late to change. - Mazie In N.Y.

DEAR MAZIE: You are right when you say feelings are already established at age 15. Nevertheless, I hope

you will accept counseling. A young person who has been treated so shabbily by her

father must have a great many unresolved problems. Counseling can help you.

Cole Funds Established

Funds have been established at the Hereford State Bank and First National Bank for Thadnel Cole, 42, of 609 Ireland to help defray medical and traveling expenses incurred by the patient.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 4, 1980

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 35 proposes a constitutional amendment that would authorize the Legislature to permit banks to establish and operate unmanned teller machines within the county or city where the banks are located and to share the use of teller machines on a basis consistent with anti-trust laws, if it finds such operation will serve the convenience of the public. The Legislature has already passed enabling legislation (H.B. 1510) for this proposed amendment.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment permitting the legislature to authorize banks to use unmanned teller machines within the county or the city of their domicile on a shared basis, to serve the public convenience."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 97 proposes a constitutional amendment that would grant the State and the accused the right to an interlocutory appeal from the following trial court rulings in criminal cases: pretrial rulings on the constitutionality of a statute; on a motion to quash, dismiss, or set aside an indictment; and on a motion to suppress evidence.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing appeal of certain pretrial rulings of a trial court in a criminal case by either the state or the accused."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 98 proposes a constitutional amendment that would require a single appraisal of all property subject to ad valorem taxation and would provide for a single board of equalization within each county. The con-

stitutional requirement that the county commissioners court sit as a board of equalization would be eliminated, and elected officials of the county or governing body of the taxing unit would be prohibited from serving as members of the board of equalization.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment requiring a single appraisal and a single board of equalization within each county for ad valorem tax purposes."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 18 proposes a constitutional amendment that would allow the Legislature to authorize the conduct of bingo games by certain specified groups for charitable purposes, subject to the limitations that operation of the games must be approved in local option elections and that all proceeds must be spent in Texas.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize bingo games on a local option election basis if the games are conducted by a church, synagogue, religious society, volunteer fire department, nonprofit veterans organization, fraternal organization, or nonprofit organization supporting medical research or treatment programs and if the proceeds are to be spent in Texas for charitable purposes of the organizations."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 86 proposes a constitutional amendment that would allow the Legislature to exercise fiscal control over the expenditure of certain appropriated funds, subject to any conditions and limitations provided by law and subject to the ap-

proval of a budget execution committee that would be composed of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Chairman and Vice-chairman of the Senate Finance Committee, and Chairman and Vice-chairman of the Committee on Appropriations of the House of Representatives.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to grant the governor power to exercise fiscal control over the expenditure of appropriated funds as provided by law."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would allow the Governor who appointed a previously confirmed official to remove that official from office subject to the advice and consent of the Senate; and if the Legislature is not in session, to call a special session of the Senate which may last no longer than 2 days for consideration of the removal.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the governor to remove appointed officers with the advice and consent of the senate."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 121 proposes a constitutional amendment that would authorize counties with a population of 5000 or less to construct and maintain private roads if they impose a reasonable charge for the work. The Legislature by general law may limit this authority. Revenue received from private road work may be used only for the construction, including right-of-way acquisition, or maintenance of public roads.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing counties with a population of 5000 or less to perform private road work."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 36 proposes a constitution-

al amendment that would change the jurisdiction and authority of the State's appellate courts. The amendment would change the name of the Courts of Civil Appeals to Courts of Appeal and provide that these courts have intermediate appellate jurisdiction over both criminal and civil cases. The amendment would change titles for the Associate Justices of the Supreme Court to Justices and would require members of the Supreme Court to be attorneys licensed in this state while holding office.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to change the name of the Courts of Civil Appeals and the names and qualifications of the justices of the Supreme Court and to prescribe the jurisdiction and authority of the appellate courts."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment which defines separate property owned by either spouse as all property, both real and personal, of a spouse owned or claimed before marriage, and that acquired afterward by gift, devise or descent. Persons about to marry and spouses, without the intent to defraud pre-existing creditors, may by written instrument from time to time partition between themselves all or part of their property. Spouses may exchange a community interest in property owned or to be acquired for a community interest in other community property. The amendment would allow spouses to agree in writing that income or property arising from any separate property is to be separate property rather than as community property as it would be in the absence of an agreement. The amendment proposes that a gift from one spouse to another is presumed to include all income or property deriving from such gift.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment allowing spouses to agree that income or property arising from separate property is to be separate property."

Overweight?

So was I . . .

Then I ran into an old family friend and I hardly recognized her. I asked how she had lost all that weight and she told me about Diet Center. I figured if she could do it, I could do it! I started the Diet Center program the next day.

I LOST 43 POUNDS IN JUST 9 WEEKS!

I met with my Diet Center counselor each day and was thrilled as I watched the pounds disappear. She charted my progress and helped me through the rough spots. Take it from me, the Diet Center program works!

Although widely recognized as an influence for peace throughout the world, Switzerland can mobilize an army of 600,000 within 48 hours. Nearly all Swiss men must serve in the military service. When they complete their training, they keep their guns and equipment at home ready for an immediate call to duty.

Veleda Study Club Has First Meeting

Members of Veleda Study Club dressed to the theme of "Do your own thing" for their first meeting of the year Monday.

At the home of Mrs. R.J. Lassiter, Jaunita Brown, directed as a news commentator, interviewed several of the professional dressed identities.

The tablecloths for the buffet dinner were of original

design with crayon drawings on white cloth created by children.

The yearbook committee served as hostesses for the activity.

Carolyn Waters presented the new yearbooks before a short business meeting was held with Mrs. Brown presiding. Secret pals were revealed and gifts were exchanged.

According to J.M. Gillpatrick, pastor of the church, Foutz is a long-time

gospel preacher of Abilene.

Weekday services will be each evening at 8 p.m.

At Wits End

By ERMA BOMBECK

I had never heard the expression "gridlock" before until the deputy commissioner of transportation used it recently in New York. It's a term used to describe a condition where traffic comes to a complete standstill, becomes totally paralyzed and is unable to move anywhere.

He said he has been close to it but has never really seen it. I have. Lots of times.

The last time I encountered "gridlock" was when I was picking my children up at a rock concert. It was a terrifying experience. Nothing was moving in the entire parking lot. Everywhere you looked, car lights burned ... their beams frozen as if they had been abandoned. No one spoke. We just sat there in silence, each one harboring his own private fears. Finally, I beat on the steering wheel and shouted, "I don't believe this! I'm going to die and I still have a half a tank of gas! It's not fair!"

It was hours before the nightmare ended, but it gave me a chance to observe people during a traffic snarl.

A good 48 percent of drivers in a traffic jam subscribe to the theory, "Don't just sit there. Honk your horn." Some people have never heard what their horn sounds like. Not these drivers. They use it every time a light turns green ... every time they pull into a driveway ... every time a 97-year-old woman gets caught in the intersection.

A good 38 percent of the horn-honkers are also hood-viewers and trailblazers. They can't wait until "film at 11." In their impatience to know what in the Sam Hill is going on and why they are inconvenienced, they will climb on top of the car hood. When their curiosity is not satisfied, they will pull out into the oncoming lane, thus blocking all emergency vehicle routes.

Probably the most intriguing character at a "gridlock" are less than 1/2 percent who slip into a phone booth, change into a T-shirt with a red S on it and start directing traffic. I'm convinced it's a fantasy for someone who always wanted the challenge of being a social director on the Titanic.

I read recently where there was a near gridlock condition at a large office building each morning when husbands dropped their wives off at work and snarled traffic with prolonged goodbye kisses. It's not that I don't believe the story. Let us just say I've seen husbands kiss their wives and most of them could plant one on from a moving commuter train.

But what the heck - if you have to die in snarled traffic, you might as well go with your motor running.

PROPOSICION NO. 5 EN LA BOLETA

Resolución Conjunta #86 de la Cámara propone una enmienda constitucional que permita a la Legislatura autorizar al Gobernador para que ejerza control fiscal de los gastos de ciertos fondos financieros previamente asignados, sujeto a las condiciones y

PROPOSICION NO. 9 EN LA BOLETA

Resolución Conjunta #54 de la Cámara propone una enmienda constitucional que define la propiedad que posee cualquiera de los cónyuges como separada, incluyendo las dos clases—de bienes raíces y los bienes inmuebles—los tales fueron propiedad de alguno de los cónyuges antes del matrimonio o fueron adquiridos después como un regalo, ya sea un legado de bienes raíces, o de descendencia. Las parejas que están por casarse o los que ya están casados, y sin la intención de defraudar a sus acreedores preexistentes, pueden repartirse de vez en cuando, entre sí y por escrito, toda o parte de su propiedad. Pueden también intercambiar un interés común en bienes poseídos o que van a poseer por un interés común en la comunidad de bienes. La enmienda permitirá a los cónyuges consentir por escrito que los ingresos o bienes derivados de cualquier propiedad particular seguirá siendo propiedad particular en lugar de ser comunidad de bienes como sería si no existiera este convenio por escrito. La enmienda propone que el regalo de un cónyuge a otro se supone que incluye todos los ingresos y bienes derivados de tal regalo.

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional permite a los cónyuges el consentir que los ingresos o los bienes que se derivan de los bienes particulares permanecerán como bienes particulares."

Dallas Whips Redskins

WASHINGTON (AP) - Danny White, by his own admission, was a near basket-case before making his debut as the replacement for retired superstar Roger Staubach as the Dallas Cowboys quarterback.

"I was going crazy all day in the hotel room," said White after the Cowboys defeated the Washington Redskins 17-3 Monday night. "I couldn't wait until I could get to the stadium."

"I had butterflies and was really jittery in the locker-room," he continued. "I even made them move the clock from behind a blackboard so I could see the second hand go around, waiting to go out on the field."

White, a five-year veteran who spent one year in the World Football League, said the nervousness began to leave him during the warm-ups and he settled down to normal after the opening Dallas drive.

Much of the Cowboys fortunes rest on White, who is taking over from Staubach. Staubach is working in a television broadcast booth this season.

"I have a lot to prove, not only to myself, but to everybody," admitted White, who completed 10 of 18 passes but threw two interceptions. "I'm not a proven quarterback, yet. If I could have those two interceptions back,

I would be very happy with the game."

The Cowboys had a relative easy time in handling Washington, shutting the Redskins out until Mark Mosley hit a 45-yard field goal in the fourth quarter.

Cowboys defensive end Harvey Martin, a leader of the gang that held the Redskins to 58 yards rushing, said, "I'm not taking anything away from the Redskins. We just stuck it in their face."

Both White and Martin said a key play was the goal line interception by veteran Charlie Waters midway through the third quarter on

the first play after the Redskins had intercepted White.

"That play was vital to us," said White. "They had good field position and didn't get any points."

Martin: "Charlie was the leader. He was talking to all the young guys. He was teaching in every huddle."

Waters merely joked: "If I had two good knees, I might have gone all the way."

White said he was unaware that Staubach was shown on national television, watching the contest from his home.

"That's interesting," he said with a smile. "I would have liked to have heard what he said."

Ohio State, Alabama Maintain Top Rankings

By The Associated Press

Ohio State and Alabama have maintained the top two positions in The Associated Press college football poll as two traditional powerhouses - Texas and Notre Dame - edged closer to the summit.

The Buckeyes retained the No. 1 ranking, collecting 33 first-place votes and 1,140 of a possible 1,180 points from a nationwide panel of 59 sports writers and broadcasters. But their lead over Alabama, seeking an unprecedented

third straight national championship, dwindled.

Alabama, a 26-3 victor over Georgia Tech last Saturday, was tabbed No. 1 on 22 ballots and got 1,121 points. In the preseason poll, Ohio State led the Tide 36-24 in first-place votes and 1,253 - 1,217 in points.

The major upward movements in the first regular-season poll, which contains the same 20 teams as the preseason poll, came from Texas and Notre Dame.

The Longhorns jumped from 10th to sixth following a 23-17 victory over then sixth-ranked Arkansas eight days ago. The Irish, led by a senior quarterback - Mike Courey - who had never started a game, whipped then ninth-ranked Purdue 31-10 last Saturday.

"I waited three years for this and it was worth it," said Courey, whose 10-of-13 performance helped the Irish jump four places in the poll, from No. 11 to No. 7. The loss dropped the Boilermakers, who played without star quarterback Mark Herrmann, to No. 20.

Pittsburgh remained in the No. 3 position, collecting three first-place votes and 1,009 points. Oklahoma, 928, and Southern Cal, 920, flip flopped the fourth and fifth positions. The Sooners, who got the final No. 1 vote, moved into fourth while the Trojans slipped to fifth. All three teams were idle last week.

Nebraska dropped from seventh to eighth with 726 points while Houston fell from eighth to ninth with 723.

Grid Season Brings Winners, Losers In Contest Predictions

OH HOW QUICKLY all the excuses and bad-loser's tempers started flaring up!

"What happened to the Washington Redskins last night Bob?" asked the badgering sportswriter.

"What do you mean, what happened to them!" the advertising executive blurted out, restraining the urge to break the sportswriter's glasses.

Such was the case Tuesday after Nigh and the Washington Redskins shared loser's bracket status together.

FOR WASHINGTON, THE DEFEAT came as a humiliating 17-3 routing at the hands of the Dallas Cowboys,

turned out to be the winner on the staff this week after adding up a 16-8 (.69) ledger.

I MIGHT HAVE EVEN BEEN the undisputed victor had I given a little more foresight into the announcement of Tom Simons as last week's guest forecaster. The fact that Tom notched up a percentile of .81 following his renowned selection of 21 accurate grid contests may not surprise too many sports fans because Tom (the KPAN radio man) has been labeled as an extraordinary wit. That labeling can be considered dubious however, as Tom was the guy spreading the legend.

Actually, there's been some rumor that Tom is Jimmy the Greek's part-time consultant and an area bookie - that would explain his absolute advantage over the staff this week - but rather than suffer a liable suit for it's nothing but malicious gossip. He's Jimmy the Greek's full-time consultant and he went broke in the booking business a long time ago.

MY ONLY HOPE IS THAT we can find somebody this next go-around that will have pity on our staff. Yeah, they must either pity us or accept bribes.

In the town football contest, equally as heated as the fearless predictions, first place went to Murlene Streun of 424 Star after she missed only three games. Streun missed the Odessa Ector-Caprock (tie), Lamesa's win over Lubbock High and the McNeese State win over West Texas.

Second place was clinched by Frankie O'Rand of 803 Brevard following her pick of merely four incorrect choices along with her winning tiebreaker score of 24.

O'Rand had been involved in a three-way tie with Nancy Howard of 431 Western and Kenneth Schlabs of Route 4, but won the second place berth with the tiebreaker score.

Howard and Schlabs tied for third after missing four game apiece with identical tiebreaker scores of 20.

ENTRY DEADLINES FOR THE FOOTBALL contest are at 5 p.m. Friday. There were 245 entrants in this the first of 13 such contests, but in the future only the official entry blank or an exact duplicate of the form will be accepted for entry into the contest.

Mauri Montgomery

and for Nigh and publisher "Speedy" Nieman (to be known from now on in football prognosticator circles as the cellar squad) the taste of defeat arrived in THURSDAY'S FEARLESS FORECASTER'S predictions.

Nigh and Nieman had ten scratches against a clean slate for a percentage of 62, while James Stout showed that he was worthy of being on a staff that got smeared by the guest forecaster after posting nine incorrect choices at 65 percent.

And then there were my picks. I would have gotten all of them right had I not been so honest. The thought of playing the obvious favorite out of the four other forcaster's picks had crossed my mind, but eventually I decided against the ploy after considering who the other four competitors were. So without "Wandering Eyes" - my teachers had given me a beneficial code of ethics to follow during my school era - I

Yankees Override Toronto

Associated Press

The New York Yankees have been beating teams left and right this September, thanks to Tommy John and Rich Gossage.

Especially thanks to Gossage.

New York's strong-arm reliever put The Arm again on the opposition Monday night as the Yankees beat the Toronto Blue Jays 7-4 for their eighth straight victory.

"I didn't want to have to pitch him (Gossage)

tonight," said Yankees Manager Dick Howser. "He had pitched the last three nights and I wanted to give him a rest. But when you get that far to the end, you've got to go with your best and he's the best relief pitcher there is

in baseball."

The Yankees were losing 4-3 going into the ninth inning before rallying for four runs. Then, when John, New York's illustrious southpaw, loaded the bases with two out, Howser brought in Gossage and the power-throwing right-hander struck out Ernie Whitt on three pitches.

"I had never faced him before," said Whitt. "He threw three fastballs. They (the Blue Jays staff armed with a radar gun) told me the first was 95 miles per hour, the second one 96 and the third 98."

That was good enough to earn John his 20th victory of the season and Gossage his 25th save.

Tech To Play On ABC TV

LUBBOCK (AP) - The inter-sectional football game between Texas Tech and North Carolina Saturday has been moved from 7:30 p.m. to 12:50 p.m. at Jones Stadium so it can be televised by ABC regionally, a Southwest Conference spokesman said Monday.

The Tech Red Raiders of the Southwest Conference and the Tar Heels of the Atlantic Coast Conference each won their openers last weekend.

YOU AUTO KNOW

Henslee My 1977 Mercury has developed a bad habit of almost (but not quite) stalling every time I accelerate from a stop. The engine sounds like it's going to run... hesitates for three or four seconds... then finally catches and runs fine. Until the next stop. I adjusted the carburetor then overhauled it. Since this hasn't helped what should I try next?

First check to see that the throttle linkage is clear and not binding. You might have accidentally bent the throttle plates while overhauling the carburetor. If this checks out okay, then examine the carburetor float position. If a float springs a leak and takes in gasoline, the float level will be consistently low. If the level is low the systems metering circuits get a false reading and aren't able to deliver enough fuel. Hold the float to your ear and shake it. If it sloshes that's your problem. Discard the float and replace it.
