

## Tornado Damage Estimated at \$2 Million

**By The Associated Press**  
Tornadoes and torrential rain from three waves of ominous black clouds that swept across North Texas Thursday injured at least eight persons, none seriously, and left a trail of destruction estimated at \$2 million.  
Two afternoon tornadoes that tore through the Dallas suburb of DeSoto, destroyed nine homes, damaged 12 businesses and DeSoto High School.

The approximately 1,300 students, who had undergone a tornado drill only hours earlier, spent a nervous but safe two hours huddled in the dark hallways of the school, which received only minor damage.  
"The wind was blowing so hard, I couldn't hear the tornado coming," said Carolyn LaFlower of DeSoto. "But I saw a table and the porch swing on the patio blow over and things started flying

through the air.  
"I grabbed my son and ran into the shower. I figured it was the safest place ... as it turned out, that was about the only part left standing when it was over."  
Thousands of Dallas residents scrambled for shelter, others rushed to the streets to gawk at the boiling clouds when Civil Defense sirens echoed their eerie warnings.  
The flurry of tornadoes came less than

a month after a massive twister killed 48 and injured hundreds in Wichita Falls.  
Several tornadoes touched down within minutes of each other near Wilmer and Hutchins, about 10 miles south of Dallas, injuring four persons in a demolished mobile home, tearing the roof off a Wilmer-Hutchins school and collapsing the roof on a supermarket.  
Three men were slightly injured with the roof collapsed under the weight of

collected water on a top-floor coffee shop at Dallas' Le Baron Hotel.  
"It got black as pitch and I heard the crash of falling debris," said hotel manager Frank Fry.  
Fifty mobile homes in two trailer parks were damaged when a tornado roared through the tiny town of Red Oak, 20 miles south of Dallas.  
Almost four inches of rain fell on parts of Dallas and surrounding areas as the

three severe weather systems rolled across the state.  
The deluge threatened homes and forced evacuation of residents in some areas of south Dallas, Grand Prairie and Arlington. Flooding also was reported in Fort Worth.  
Assistant City Manager Steve Nordholt said 15 to 20 families were evacuated in Grand Prairie. An additional 14 to 15

## Deaf Smith General Receives \$7,500 for Ultrasound Purchase

**By PAUL SIMS  
Managing Editor**  
Deaf Smith General Hospital kicked off its community fund-raising campaign for a \$75,000 ultrasound unit after administrator Jim Bullard accepted a \$7,500 check toward the machine's purchase from Amarillo Area Foundation.  
Foundation Executive Director Jim Matthews and board Vice President Mrs. Lee Bivins, both of Amarillo, presented the donation to Bullard. Ed Reinauer Jr., of Hereford, a director of the foundation, also attended the presentation.  
"Their main reason for wanting to help us was they saw a need for this particular service to be given in the Hereford area. The foundation itself really wants to help outlying Panhandle towns and they saw a need that could save people a trip to Amarillo to have this procedure done," Bullard said.  
"Also, they know that this particular piece of equipment we are installing is unique in that there is no other piece of equipment like it in Amarillo or in the area," the administrator said.  
Dr. Evangeline Archer of Canyon, the radiologist who will

operate the ultrasound unit for Deaf Smith General Hospital, agreed with Bullard that Hereford will be ahead of Amarillo in the area of utilizing sound waves to obtain images of structures inside the body.  
"Hereford's ultrasound equipment will be much better because it has a modification called real-time, which allows us to see motion and activity in the body which otherwise cannot be recorded with plain X-rays," Dr. Archer said.  
She explained that Amarillo's ultrasound unit, unlike Hereford's could not provide a film-like sequence of a baby moving inside the mother or the aorta pulsating in the abdomen.  
"This one's rather unique, too, in that it has a small digital computer with it. It helps produce a better image on the screen and it gives much better diagnostic information. It's just a very fine piece of equipment," Dr. Archer said.  
The ultrasound unit is a diagnostic tool which uses no radiation. "It only uses sound waves, which makes it safe for any age group," Dr. Archer explained.  
She said the machines value to Deaf Smith General could go as

## Britain's Thatcher First Woman Named Prime Minister in Europe

LONDON (AP) — Conservative Party leader Margaret Thatcher, champion of free enterprise and curbs on union power, swept to power today in Britain's general election, making her Europe's first woman prime minister.  
Prime Minister James Callaghan's office announced he was going to Buckingham Palace at 2:30 p.m. (9:30 a.m. EDT) today to tender his resignation to Queen Elizabeth. The queen would then ask the 53-year-old Mrs. Thatcher to form a new government.  
By early afternoon, Mrs. Thatcher's Tories held a commanding lead over Callaghan's Labor Party as the vote count continued from Thursday's election.  
Mrs. Thatcher refrained from making a immediate claim of victory, saying on arrival at her jubilant headquarters. "We're coming up for the finishing straight, but we're not home yet."  
But then, relaxing her traditional caution, she added, "I am aware of the very great responsibility ... it is very exciting, but somehow one has to be very calm about it. I feel it will be all right."  
With 534 of the 635 seats in the House of Commons declared, the Conservatives, the traditional party of big business, had won 271 seats, needing only 47 more — which appeared certain — for an overall

majority.  
Computer projections said the Tories could expect an overall majority of 25 to 39.  
Though Mrs. Thatcher was withholding a victory statement until the 318 seats for majority were declared, the pro-Tory London evening papers pushed her into the premiership. "The First Lady," shouted an Evening Standard headline. "I've done it," blared the evening News.  
The standing of the parties at 12:20 p.m. (7:20 a.m. EDT) was Conservatives 271, Labor 250, the small Liberal Party 8.

By O.G. (Speedy) Nieman

That feller on Tiera Blanca Creek says it seems the latest frost every year occurs 12 hours after he sets out the tomato plants.

At 20, you always wanted to stand up and be counted; after 40, all you want to do is send in an absentee ballot.

THE BRAND'S annual salute to farmers and ranchers will be included in Sunday's edition of the newspaper. We think you'll find it informative and interesting. The section is made possible through the support of local firms and agri-business industries.

THOSE UGLY OLE words, "windfall profits," were popping up in the news again this week. It doesn't take much insight to see that what is windfall profits to one industry is simply "good business" to another.

The revealing figures released by the White House last week were that most of the major oil companies reported big gains on first quarter profits. Hardly anywhere did it mention the comparisons were made against the first quarter of last year when companies reported poor earnings.

And, it seems the White House and Congress failed to take note of record-breaking profits in another industry. General Motors and Ford reported strong first quarter profits. GM had 45 percent rise to the record \$1.26 billion and Ford, with sharply higher foreign earnings, had a 27 percent gain to a record \$594.8 million.

Rep. John Dingell, head of the House Energy Committee, deplores the economics of the oil companies at every opportunity, but he didn't have any comment on the auto industry profits in his state. Nor did we notice President Carter jumping on the auto industry.

What made it even more interesting to us, however, was the breakdown presented by the Associated Press on who gets what out of the price paid for a gallon of gasoline. Here's how the breakdown went on a 72-cent-gallon of gasoline:

(See BULL, Page 2)

## Unemployment Rate Shows Slight Rise

WASHINGTON (AP) — The nation's unemployment rate rose slightly in April to 5.8 percent, despite the largest drop in total employment in more than a decade, the government said today.

The jobless rate had been 5.7 percent in March, according to the Labor Department report. In fact, it has ranged from 5.7 percent to 5.9 percent for the

past nine months.

The number of persons without jobs rose only slightly in April — from 5.87 million to 5.93 million.

But Labor Department statisticians were at a loss to explain apparently conflicting data on total employment.

As measured by a survey of households, the number of persons employed declined by 670,000 to 96.2 million persons. It was the largest drop since January 1968, when the number of persons with jobs declined by 700,000, said John Bregger, a department economist.

But according to figures collected from industrial payroll records, "non-farm payroll employment was about unchanged over the month at 88.3 million."

(See JOBS, Page 2)

## Car Accident Injures HHS Senior

A Hereford High School senior was listed in guarded, but stable, condition today at St. Anthony Catholic Hospital in Amarillo after his car left U.S. Highway 60 and rolled over several times before landing upside-down in a field east of Hereford around 11:30 p.m. Thursday.

Brent Allen, 18, of 203 Sunset, was taken to Deaf Smith General Hospital then transferred by ambulance to Amarillo following the one-car accident. He is the son of Mr. and Mrs. Bill Allen.

According to Texas Department of Public Safety troopers who worked the wreck, Allen was driving a 1979 Datsun at a high rate of speed six miles east of the city on U.S. Highway 60. He was in the westbound side of the highway.

DPS reports stated that an unidentified vehicle pulled from the left lane into the right lane in front of Allen's vehicle, causing it to leave the highway, break through a barbed-wire fence and roll several times in a field on the north side of the road.

DPS troopers Ken Britten and J.C. Lambert arrived at the scene minutes after the accident and found the car several hundred yards from the road. Allen apparently was thrown out and was found about 10 yards from the car.

Steve Sauter, 18, of 249 Centre, a passenger in the car, was not injured, according to the DPS. Sauter also is a senior at Hereford High School.

The other vehicle had not been located by law enforcement officers this morning. The accident is still under investigation.

## 3-Car Limit Debated For Gasoline Coupons

WASHINGTON (AP) — President Carter's standby gasoline-rationing plan may be modified to bar owners of more than three cars from reaping additional rationing coupons.  
High-level negotiations were underway today to rescue the plan from what some congressional leaders see as likely rejection when it comes up for floor votes in the House and Senate next week.  
Unless both houses approve the standby plan by the end of next week, it will die.  
One modification that seems to be gaining support would impose a three-car

cap on coupon eligibility, said House assistant Democratic leader John Brademas, D-Ind.  
As submitted to Congress, the president's plan would allocate gasoline during serious fuel shortages based on the number of registered vehicles in a household.  
Critics say this would give people who can afford many cars an automatic advantage over those who can't. They also argue that cars could be rescued from junk heaps and qualify for coupons.  
"Some people were even calling the

## Portales Man Killed In Rollover

A Portales, N.M., man was dead on arrival at Deaf Smith General Hospital Thursday afternoon after his pickup flipped, threw him out and rolled over his body at the intersection of U.S. Highway 60 and farm road 1057 in Summerfield.

Paul Ray Hendershot, 52, may have been killed at the scene, according to Texas Department of Public Safety troopers from Friona and Hereford, although he was officially pronounced dead at the hospital.

Troopers said that Hendershot's pickup was southbound on 1057 when it apparently skidded past the stop sign on U.S. Highway 60, went sideways across the highway, hit a culvert on the opposite side and threw the driver out. The pickup apparently rolled over Hendershot and landed on all four wheels just across the railroad tracks on the south side of the highway.

A westbound train had to pull an emergency stop to avoid hitting the

Ex-Mental Patient Charged in Stabbings

SAN ANTONIO, Texas (AP) - A 300-pound recluse and former mental patient, claiming to be Hitler's son and father of the Dallas Cowboy cheerleaders...

District Court Sets Estes Trial

DALLAS (AP) - Unimpressed by arguments that Billy Sol Estes had been duped by federal prosecutors, a U.S. district judge overruled motions to dismiss federal indictments against the

paroled swindler and ordered him to stand trial June 11. Estes, the West Texas financial wizard who served six years in federal prison for a multi-million-dollar hoax in the late 1950s, is now accused of masterminding a similar scheme - raising money on non-existent oil field cleaning equipment.

Clements Supports Floating Ceiling

AUSTIN, Texas (AP) - Gov. Bill Clements Thursday backed a proposal for a "floating" interest rate ceiling on home mortgages not to exceed 12 percent. Clements reversed his earlier position of two weeks ago when he vowed to veto any bill raising the state's 10 percent limit to 12 percent.

Weather

West Texas - Widely scattered light rain possibly mixed with snow eastern Panhandle this morning, otherwise partly cloudy today. Fair tonight and Saturday. Warming trend through Saturday. Highs 56 Panhandle to 88 Big Bend. Lows 42 Panhandle to 60 Big Bend. Highs Saturday 78 north to 95 Big Bend.

Brezhnev's Health May Delay Summit

WASHINGTON (AP) - New reports that Soviet President Leonid I. Brezhnev is frail and weak have raised the prospect that his impending summit meeting with President Carter may be curtailed. At 72, Brezhnev was said to be mentally alert in his recent talks in Moscow with French President Valery Giscard d'Estaing. But his many physical ailments were evident, U.S. officials were told.

Weather

West Texas - Widely scattered light rain possibly mixed with snow eastern Panhandle this morning, otherwise partly cloudy today. Fair tonight and Saturday. Warming trend through Saturday. Highs 56 Panhandle to 88 Big Bend. Lows 42 Panhandle to 60 Big Bend. Highs Saturday 78 north to 95 Big Bend.

Hosting Venezuelans

Steve and Paul Coneway, Water Industries of Hereford, hosted a group of Venezuela businessmen and farmers here Thursday. Steve, left, and Paul, seated, were pictured with them at a local restaurant Thursday. The men were on a tour to study agri-business in the U.S. They visited feedlots here and talked with the Coneways about water well problems. They returned to Lubbock Friday and will go to Florida this weekend for a return trip to South America.

overnight but appeared cool and crisp on her London doorstep at 9 a.m. to wave triumphantly to supporters. They offered her three "hip-hip-horray" cheers. She wore a blue two-piece suit and pale blue blouse.

Election

The Scottish Nationalists 2, Plaid Cymru Welsh nationalists 2, and one for the non-voting speaker of the House. The results showed the country deeply divided, with the prosperous south of England solid for Mrs. Thatcher's Tories, while Scotland and the north of England, where the shipbuilding, steel, engineering and coal industries rely on state support, consolidated behind Labor.

Union reaction to Mrs. Thatcher's triumph came swiftly. David Bassett, head of the General and Municipal Workers Union, called it "a sad day for Britain," while railwaymen's union leader Sidney Weighell warned: "We are going to have a confrontation situation generated if they do what they say they are going to do."

Mrs. Thatcher, 53, is a country grocer's daughter who took university degrees in science and law. Callaghan, 67, is a sailor's son and long-time Cabinet member.

The campaign was an almost presidential-style contest, both parties building their campaigns around their leaders, both of whom won re-election in their own local districts.

from page 1

It was Britain's 11th election since World War II. The two major parties see-sawed in power under Sir Winston Churchill, Anthony Eden Harold Macmillan, Alec Douglas-Home and Edward Heath for the Conservatives, and Clement Atlee, Harold Wilson and Callaghan for Labor.

Other losers included Vanessa Redgrave, who polled just 225 votes as Workers Revolutionary Party candidate in Manchester Moss Side, and the Scottish National Party, which lost at least six of its 11 seats.

Ultrasound

far as saving lives. "Yes, in the sense that, for instance, the mother goes into premature labor and you need to know whether or not to stop the labor or deliver the baby. Ultrasound can tell you the exact age of the baby, date the pregnancy and help produce a healthy baby. It's also helpful in abdominal procedures, acute trauma or serious infections in the abdomen.

Fatality

pickup, which was apparently two feet from the track. Hendershot, who suffered massive head, chest and leg injuries, was found on the north side of the tracks. The accident occurred around 3:30 p.m. Deaf Smith County Trooper Gary Whitfill said he received a call at 3:36 which stated that a train had struck a pickup. Hereford Volunteer Fire Department also responded to the call.

donating additional money should contact me at the hospital or any of our board members. It's a tax-deductible contribution," Bullard said.

Amarillo Area Foundation, established in 1957, last year donated 3.73 acres and \$60,000 to the Don and Sybil Harrington Cancer Center at the Amarillo Medical Center. \$75,000 for additional land at the center, \$20,000 to the Amarillo Coordinating Council, \$4,000 to the archaeological research laboratory at West Texas State University, \$2,500 to the Hemphill County Library, \$700 to Myasthenia Gravis Foundation, \$6,060 to the Panhandle-Plains Historical Society and \$3,500 to the Salvation Army.

Hereford Bull

The cost of crude oil took 32.4 cents, or 45 percent, with that of going to foreign sources. Retail dealers took 9.36 cents while refining, marketing, storage and transportation costs took 13.68 cents. Those "mean" oil companies got 2.16 cents as profit, while the government took 14.4 cents. In other words, the profit of the oil companies amounted to three percent of what you pay for gasoline, and the federal government took 20 percent. Some of our elected representatives

from page 1

While working the Summerfield fatality, the DPS received a call concerning a truck-automobile accident two miles west of Hereford on U.S. Highway 60. In that wreck, a semi-truck apparently struck a parked car from behind, knocking it across the highway. The car had stopped for a school bus, according to reports. No one was injured in the accident.

from page 1

point the finger at "rip-offs" by industries to make us forget they're taking up to 60 percent of any abnormal profits realized by any company or individual in this country.

Weather

were forced to flee their homes in Arlington. John Pickett of the Dallas office of emergency preparedness estimated the damage at \$200,000. "We won't know until the water goes down what the true damage is," said Pickett. The Trinity River was expected to crest in Dallas at seven feet over flood stage this morning. Kaufman County Sheriff Roy Brockway said an apparent tornado cut a path two miles wide and five miles long, destroying or damaging buildings in Forney, Lawrence, High Point, Poetry and on the outskirts of Terrell, about 30 miles east of Dallas. Forney Police Chief Bondy Gichman said 30-40 homes had been damaged in Kaufman County at \$500,000. DeSoto city officials estimated \$1 million damage to homes and \$200,000 to businesses. A tornado that skipped through the Dallas subdivision of South Oak Cliff caused an estimated \$140,000 damage. At least 22 homes were destroyed and

50 to 115 damaged in the areas hit by tornadoes. More than 150 mobile homes were damaged or destroyed. Numerous other tornadoes, heavy rain and large hail were reported in East Texas as the thunderstorms that spawned the tornadic activity near Dallas sped eastward. Flooded streets stranded hundreds of motorists, closed major thoroughfares and snarled rush-hour traffic in Dallas. Some motorists waited patiently for rescue on the roof of their submerged cars. The wild weather moved into South and Southeast Texas during the early morning hours today with flash flood warnings issued for most of the area between the Lower Rio Grande Valley and Houston. Heavy rains, high winds and hail were reported early today in South Texas. Marble to golf ball size hail was reported in the Kennedy area early today. Flash flood producing thunderstorms roared through the coastal bend and into portions of the Valley, prompting the National Weather Service to issue numerous severe thunderstorm and special marine warnings early today.

A flash flood watch remained in effect early today in Southeast Texas. Bad weather ranged from the tornadoes and flash flooding to sub-freezing temperatures in northern sections of the Texas Panhandle. Dalhart reported a chilly 30-degree reading before dawn today, compared with a sultry 78-degree reading at Brownsville in the Valley. Forecasts called for the thunderstorms activity to end statewide by afternoon. It was to be mostly cloudy and cooler today with a warming trend expected to begin from west to east today. Highs were to range from the middle 50s in North Texas and the Panhandle to the 80s in the Valley and in the Big Bend area of Southwest Texas. The official rainfall amount in the Dallas-Fort Worth area was only 1.99 inches, but unofficial reports indicated some portions of the area got as much as nearly 10 inches of rain. Other amounts recorded during the night included 2.29 inches at Longview, .82 of an inch at Corpus Christi and .99 of an inch at Victoria.

Gasoline

president's plan the 'used car dealer's relief bill," joked Brademas. Brademas also predicted as likely a provision aimed at appeasing western states' House and Senate members by guaranteeing extra gasoline use is heavy - often because of long driving distances and tourism. Brademas said various ways are being considered to permit changes designed to win support - including possible resubmission of the plan with

modifications. A 1975 law severely limits the possibility for amendment to the Carter proposal, Brademas said. The rationing plan is seen only as a last resort during times of severe fuel shortages, such as another Arab oil embargo. The president says its availability is "imperative" for the nation's energy future. The House Commerce Committee rejected the plan earlier this week, but agreed to send it to the House floor

without a recommendation. Meanwhile, House Ways and Means Chairman Al Ullman, D-Ore., formally introduced Carter's "windfall profits" tax in the House Thursday. But he said the plan is only "a starting point" and his committee may decide to strengthen it - as House Speaker Thomas P. O'Neill has advocated. Ullman announced hearings on the tax would begin May 9.

Jobs

the report said. "It's unusual that there is this much discrepancy," Bregger said. "We are inclined not to fully trust the household survey this month. We'll know for sure when May figures are available." The report by the Labor Department's Bureau of Labor Statistics said employment had been rising by an average of about 300,000 jobs per month for the last eight months. "The reasons for this April slowdown in employment growth are not entirely clear, but may relate in part to adverse weather conditions, school and religious holiday effects and the trucking strike-lockout," the report said. The Teamsters struck the trucking industry on April 1 when negotiations for a new, three-year contract broke down. Most truckers returned to work after tentative agreement was reached April 10, although some steel haulers remained on strike for a while.

from page 1

Unemployment has remained low mainly because many new jobs have been created - 3.5 million in the 12 months ending in March, the Labor Department said. This job creation has occurred despite higher interest rates, which are intended to discourage business borrowing, and a dramatic drop in the nation's economic growth during the first three months of 1979. But the economy, as measured by its gross national product, grew at an annual rate of only 0.7 percent in the first quarter of 1979 after a booming 6.9 percent annual rate in the final three months of 1978. At the retail level, prices went up at an annual rate of 13.3 percent in the first quarter. The Commerce Department announced Thursday that wholesale food prices declined in April for the first time in eight months. But the drop was not enough to

from page 1

offset hefty price increases in other goods such as gasoline and home heating oil. As a result, wholesale prices in April rose 0.9 percent, the Labor Department reported. That works out to an annual rate of 11.5 percent, Labor statisticians said. In other economic developments Thursday, -The Commerce Department announced that the nation's trade deficit was \$6.2 billion in the first three months of the year, the lowest quarterly deficit in more than two years. -The Federal Home Loan Bank board proposed modifications in its lending rules that could make it easier for mobile home buyers to get financing. The proposal would allow savings and loan associations to invest more of their assets in mobile home loans. The loans could be made for 20 years and could cover such fees as freight and set-up charges, the board said.

BARBS Phil Pastoret

Taxing the imagination is the next project the IRS

wizards are busy at, says a flat-broke colleague in the wake of April 15. One for the rights groups to jump on: Aren't the oil countries being sexist by adding per-barrel surcharges? Consolation for skinny types: You don't have to worry about being fat till you no longer can read the figures on the scale.

Walcott Students To Wash Cars Walcott School seventh and eighth graders who are trying to raise spending money for an upcoming trip to Austin will hold a car and pickup wash all day Saturday at the school. Prices will be \$3 for cars and \$4 for pickups, with satisfaction guaranteed, according to Superintendent Eddy Derr. Money raised Saturday will be used on the students' May 15-19 trip to Austin, where they will examine first-hand the workings of the state Legislature. Students will witness the Senate and House in session and visit with area legislators. Also Saturday at Walcott School, 13 shade trees and 100 juniper seedlings will be planted on the playground, which will be converted into a community park. Deaf Smith County residents are invited to help in the plantings.

Man's Billfold Stolen At Sonic Drive-In

Michael Beatty, an employee of the Sonic Drive-In, reported about 9:35 p.m. Thursday that two Mexican or Mexican-American males stole a billfold from his pants while they were hanging in the drive-in restroom. The billfold contained a driver's license, credit cards and \$55 cash, Beatty reported. A clerk at Allsup's 15th and Ave. H, reported at 1:06 a.m. today that a suspicious car had been circling the store. Police could not locate the car.

Hereford Brand

Officers were called to the Taylor & Son Food Store parking lot Thursday to unlock a car which had the keys inside. Police issued four traffic citations Thursday for speeding, one for running a red light, one for expired motor vehicle inspection sticker, one for leaving a vehicle unattended while obstructing an alley parked in a fire lane.

Junior Pageant To Be Presented

The public is invited to attend the annual Little Miss Hereford Pageant Saturday evening in the high school auditorium. Curtain time will be 7 p.m. Tickets will be sold at the door at a cost of \$2 for adults and \$1 for children under 12. Presenting special entertainment will be 16-year-old Richard Spears, who will give a magic show, and 13-year-old Craig McCustian, who plans to sing.

**Run-A-Thon Participants**

The "Run For Your Life 10 Mile Run" will begin Saturday at 9 a.m. in the field west of Northwest Elementary School. The run-a-thon is being sponsored by the American Heart Association and is supported by the Hereford Running Club. Getting an early start are from left Nan Harrison, David McCarter, the Rev. Mac McCarter and Dean Fox. [Brand photo by Denise Smith]

**'Run for Life' Slated Tomorrow**

The Hereford Running Club is sponsoring "Run for Your Life" Saturday morning, May 5. Proceeds from the "run" will be donated to the American Heart Association. Anyone who wishes to participate may pick up an application at either bank or the Chamber of Commerce. There will be three divisions: elementary, Junior High, and Senior High-Adult. A mile course will be the maximum, with a refreshment stand available for the runners.

The "run" is not a race, but each person will be trying to achieve distance at his own pace. Each runner is responsible for getting his own sponsors. The sponsors should be committed prior to Saturday. "Run for Your Life" will begin at 9 a.m. Saturday morning at Northwest Elementary School. For more information, one can contact Mack McCarter: 364-0373.

| FRIDAY — Barbecued franks or cooks choice, cabbage, apple salad, mashed potatoes, rosy applesauce, hot rolls, milk                       | FRIDAY — Corn dogs, green beans, tossed salad, banana pudding, milk   |

**Mmes. Hale, Hopson Honored By La Afflatus Estudio Club**

Tresa Hale and Lydia Hopson were named lifetime members of La Afflatus Estudio Club Tuesday afternoon during a salad luncheon in Mrs. Hopson's home. This was the club's final spring session. Mrs. Hale and Mrs. Hopson, who have been members of LAE for more than 15 years, received engraved plaques in recognition of their service to the club. Making the presentation was club president Alberta Higgins.

Tuesday's meeting, program chairman Emily Suggs read a tribute to the late Linnie Mae Roberson, who was a charter member of LAE before her death this past year. In the business session, Mrs. Higgins appointed committees for the 1979-80 club year, which will commence in September. Named to serve on various task forces were Tresa Hale, Opal Elliston, Emily Suggs and Jennie Terrell, yearbook committee; Lydia Hopson, Ora Morgan, Della Stagner, Aileen

Montgomery and Allyne Johnson, social committee; Irene Markham, Madeline Bell, and Mary Leland Whiteside, Courtesy; Eva Gilliland, Lucille Hughes and Pat Ott, finance. As entertainment, a humorous program patterned after the Academy Awards ceremony was staged with members guessing the identity of each "winner" after hearing a brief personal history. All club members were present except Miss Bell and Mrs. Markham.

**Members Recognized**

La Afflatus Estudio Club recently met in the home of Lydia Hopson for their last meeting. After business was discussed two members were recognized for their outstanding service as life time members. From left are club president Alberta Higgins, presenting plaques to Tresa Hale, and Mrs. Hopson, life time members. [Brand photo by Denise Smith]

**Mrs. Hollingsworth Chosen To Head Scholarship Unit**

Sue Hollingsworth will head the Aggie Moms scholarship committee, whose job will be to help select this year's recipient of the club's annual award. Margaret Ann Durham and Linda Hicks will assist Mrs. Hollingsworth in interviewing those high school seniors planning to enter Texas A&M University this fall. The scholarship will then be presented at the high school awards assembly on May 16.

Charmayne Klett, Aggie Moms president, announced Monday that there will be a called meeting next Monday at noon at K-Bobs to decide upon the recipient of this year's award. This annual scholarship is the club's primary function of the club year. Funds are raised at an annual bake sale, usually held in November. Additional funds come from interested individuals.

The club's last meeting of the season will be held June 4 at Mrs. Klett's home. Husbands will be invited to this covered dish supper-meeting. The Hereford Aggie Moms netted \$87 at the boutique held in conjunction with other Aggie

Moms Clubs at the recent meeting of the Texas federation during Parents Weekend at TAM. The Texas federation consists of 63 Texas clubs and three clubs in Louisiana, with a total of 4300 members. Hereford had one of the largest representations there with about 16 Hereford Moms on campus for the weekend. Texas A&M University president, Jarvis Miller, spoke to the federation commending them for their continued support. In his comments about the school he relayed to the mothers that TAM recently reviewed 100 applications for two deans' positions. This large number of applicants is evidence that the school is well known and sought after. He went on to say that the university now has 250 endowed scholarships. Miller reported that Gov. Clements has agreed to give the commencement address May 5th. TAM is the only school where the governor will perform this function. Additionally, Miller informed the Mothers that the Permanent University Fund will for the time continue to be disbursed to TAM and Texas University.

But, he warned of three state representatives who are strongly against this present setup. A change in the disbursement will stop a number of research programs at TAM which Miller and others deem necessary. During 'Aggie Brag' at Monday's meeting, Linda Hicks told the group about the first place awards her son Britt won in swine and meats judging competition. Mary Lyles announced that David Walterscheid was selected outstanding freshman of Co. F1 and will serve next year as scholarship corporal. Mrs. Lyle's own son, Jim, will serve as personnel corporal in Co. F1. Mrs. Klett's son, West, was named outstanding sophomore in B Battery (Fighting Aggie Band) and will serve as First Sergeant next year. Attending the executive meeting just prior to the general meeting were Pat Clark, Barbara Hardin, Lois Beavers, Betty Koelzer, Hicks, Lyles and Klett. Others attending were Ruth Fish, Katie Wright, Vida Grady, Elizabeth Brown, Nancy Skaggs, Lea Alston, Margie Ford, Durham and Hollingsworth.

**Emergency Techniques Explained to EH Club**

Referring to facts distributed at the recent PEP seminar in Amarillo, Shera Hammett discussed emergency medical care Tuesday night during a meeting of Palo Duro Extension Homemakers Club. Ann Lueb was hostess to the EH club in her home. Limited by time, Mrs. Hammett focused mainly on the lifesaving steps which can be taken in case of sudden illness, such as stroke or heart attack, strangulation or poisoning. Mrs. Hammett was Palo Duro's representative at the recent PEP Seminar, which featured two

Hereford men, John Gilliland, and Archie Dwyer, as speakers. During the club's business meeting, members made plans for a family outing on May 25 at the home of Mary Fisher. Also, members were encouraged to attend the Health Fair May 12 at the Bull Barn. The Club's next meeting is scheduled May 15 in the home of Gail Carter. In attendance Tuesday evening were Betty Thomas, Becky Koch, Mrs. Carter, Michelle Brisending, Mrs. Fisher, Cindy Norvell, Janet Coleman and Mrs. Hammett.

**BB/BS**  
BE A FRIEND, HAVE A FRIEND  
JOAN DWYER  
DIRECTOR

One of the most common problems, between parents is their different ideas on "child-rearing" techniques. Even though they might agree on principals, the way each person relates to a child is different. It is nice if both parents can agree, but it is not necessary. A child makes up his own mind about what he accepts and rejects from each person. Consequently, he is not confused about the differences in the way he is treated. Grandparents are another good example. They are particularly famous for spoiling the child. However, few

children expect this same treatment from their parents. Do not shield a child from the "other" people who do not treat him the way you do. You would only be limiting his experiences. These varied experiences, which range from the other parent to teachers, aunts and uncles and even people in the community, offer an opportunity to understand and evaluate people. It is important to guide your child in his responses to different people. Also, watch for the opportunity to support him when he makes a correct evaluation.

**Phoenix Club Banquet To Honor Ms. Birdwell**

CANYON — One of five \$200 Alumni Scholarships will be presented to Judy Birdwell, Hereford freshman computer information systems major, for her scholastic achievements. She will be recognized at the Phoenix Club banquet today at 7 p.m. at the Amarillo Country Club. The scholarships for 1979, three for athletics and two for scholastics, will be given in the name of the Faculty Excellence Award recipient, Dr. Jack T. Hughes, WTSU professor of anthropology. All recipients of this year's scholarships are children of WTSU alumni. Birdwell is the daughter of Mr. and Mrs. Howard Birdwell of 116 Fir Street.

Crunchy Bars Beverage  
MARGARET SPADER'S CRUNCHY BARS

A friend's version of a recipe currently going the rounds:  
1 cup crunchy peanut butter  
1/2 cup sugar  
2 eggs

2 cups ready-to-eat crisp rice cereal  
6 ounces (1 cup) semi-sweet chocolate pieces

Thoroughly beat together the peanut butter and sugar. Beat in the eggs well, one at a time. Stir in the rice cereal, 1 cup at a time. Press into a buttered 9-inch square baking pan. Bake in a preheated 325-degree oven for 20 minutes. Sprinkle chocolate over the top; tightly cover the pan with foil and let stand at room temperature until the chocolate melts — about 5 minutes. Spread chocolate evenly. Cut into bars.

**Bowling REAL ESTATE MLS**

**364-2266**

I would like to take this opportunity to announce to the people of Hereford and Deaf Smith County that as of today, Friday, May 4, I am opening my own real estate business, to be known as Bowling Real Estate.

I have enjoyed much success over the past several years with Ralph Owens & Associates. I thank you, my many friends and clients, for helping me since I started in the real estate profession.

My office will be located at 311 East Park Avenue. Having my own business will make me strive even harder for you my clients. It is my aim to work hard and earn your trust. I will always strive to treat all parties to a transaction fairly, honestly, and professionally.

I hope that you will give me the opportunity to be of service to you in all of your real estate needs. Remember, I will be "WORKING HARD TO EARN YOUR TRUST".

Thank You,  
**Tommy Bowling**

## Ann Landers

### Teenage Punishment

**DEAR ANN LANDERS:** When I was a teenager I wrote you a nasty letter. Now I need some advice and am ashamed to ask. I hope you will help me.

My 17-year-old son, Ed, "took" my car without permission. He went to play basketball. Driving conditions were hazardous and Ed had an accident. He wasn't hurt but my car was laid up for two weeks and cost \$380 to repair. I grounded the boy for one month.

I'm divorced. My ex-husband, a minister in North Dakota, heard about the incident and phoned to say I was unreasonable -- that Ed's apology and admission that he had behaved irresponsibly were punishment enough.

Now, one week later, Ed announces that he is old enough to make his OWN decisions. He left the house to meet friends.

## Study Club To Present Plant Sale

The public is invited to attend a plant sale, being staged by L'Allegre Study Club, Saturday from 10 a.m. to 6 p.m. in Sugarland Mall.

All types of bedding plants, flowers and vegetables will be on sale including alyssum, begonias, dahlias, impatiens, marigolds, petunias, vinca, snapdragons, geraniums, cabbage, eggplant, peppers, tomatoes, and strawberries.

Also hanging baskets, ferns, begonias, ivy, and potted plants will be available.

Project chairman is Carmen Flood with Kitty Gault as co-chairman. Club president is Selsey Metz.

## Hospital Notes

### PATIENTS IN HOSPITAL

Thelma Bowles, Inf. boy Bowles, Marie Clayton, Inf. boy Clayton, Iva Cocanougher, Teresa Carth, Inf. boy Carth, Mary Gauding, Sharon Gordon, Maria Guerra, Eddie Hernandez, Twila Herrington, Rochelle Hutcherson, Inf. boy Hutcherson.

Dorothy Nolen, Rene Tuper, Fontella Lewis, Inf. boy Lewis, Margie Mejia, Rachel Mon' dragon, Santos Morales, Alicia Rodriguez.

Mary Rodriguez, Lindel Scroggins, Frank Smith, Debbie Gordin, Inf. girl Gordon, Lana Beavers, John Walden, Myrtle Allman.

Jim Bob Walden, Benito Chavez, Francis Vanquez.

## Auxiliary To Elect Officers

The Deaf Smith General Hospital Auxiliary will meet at noon Monday at K-Bob's Steak House for the election of officers and revision of bylaws. All members are urged to attend this important business meeting.

During the Dutch treat luncheon, members will discuss plans for the upcoming convention of the Texas Association of Hospital Auxiliaries. Individuals who are interested in joining the Auxiliary are invited to Monday's meeting.

Let everything that hath breath Praise the Lord, PS. 150:6 Come Praise Him with us.

**Christian Assembly Church**  
South Main  
Pastor Waylam W. Bruton  
Services Sunday 10:30 a.m. and 6 p.m.

## Pet Show Scheduled For Sunday

The Chamber of Commerce Women's Division will be sponsoring a pet show Sunday in the Bull Barn beginning with registration at 1:30 p.m., with judging starting at 2:30.

First, second, and third place ribbons and trophies will be given to the winning entrants. The cost will be \$1 for each category entered and there will be a limit of three categories per animal.

Age limit will be from pre-school to 16, and a concession stand will be open during the show.

## Local Elks Initiated In Lodge

Milton Moore and Sammie Provence of Hereford, were initiated recently at a Triple Town initiation in Amarillo Elks Lodge.

Other Hereford members attending were Merl and Martha Bridges, Texas Vice President for the Panhandle District; Peyton Ramey, James Homes, and Jerry Johnson.

Members from the Amarillo and Borger Elks Lodge were also initiated.

Amarillo presented tenure pins for 30, 35, 40, 50, and two 60-year members. After the pins were presented, a meal was served to those in attendance.

Hereford, Amarillo, and Borger Elks Lodges will be having a calf fry supper and a dance as a fund-raising event for the Texas Foundation for handicapped children in the Amarillo Elks Lodge on Saturday, May 19.

Anyone interested in attending can buy tickets from any of the three Elks Lodges listed above.

## Plant Sale To Benefit Center Here

Local residents are reminded that Hereford Garden Club members will be holding a Plant Sale and Garage Sale tomorrow at the Garden Center, Park and Main. The sale will open at 9 a.m. and continue throughout the day.

A number of set plants, cultivated by club members, will be offered, including yarrow, chrysanthemums, onion sets and several varieties of ground cover. Garage sale merchandise will range from used appliances to clothing.

Proceeds of tomorrow's sale will go toward maintenance and improvements of the Garden Center, according to Mary Stoy, chairman. Currently serving as president of the garden club is Virginia Garner.

President John F. Kennedy proclaimed Sir Winston Churchill an honorary citizen of the United States.

**IF YOU ARE BETWEEN THE AGES OF 55-65 and are not in a Bible study class, we invite you to join us for Bible study at First Baptist Church each Sunday at 9:45 a.m. ground floor - ADULT IV DEPARTMENT**

### Enemy -- Me

**DEAR M.W.E.:** You have a lot of anger and hostility in your system. Please get some counseling and find out why you keep making trouble for yourself and jeopardize the best things in your life.

**DEAR ANN LANDERS:** I work with a woman who can't open her mouth without uttering a profane word -- or, worse yet, an obscenity. It's never, "How are you?" It's always, "How the hell are you?" Most people say, "Have a good day." Not her. She says, "Have a damned good day."

I've told "Ms. X" her swearing sounds cheap. She says I'm square. Her children have picked up her language. The ten-year-old has a habit of saying, "I'll be damned."

Can you tell me why some very nice people use swear words? -- Down With The Ear Flaps

**DEAR EAR FLAPS:** Swearing is a habit. Those who do it become "hell" and "damn" deaf. Profanity is a "beefier-upper" for people who aren't sure they can make the point with plain, unadulterated English. (Weak ideas - strong language). Obscenities are often used for shock-value. The best response -- is no reaction.

The week Ed was grounded was hell. He cried, begged and pleaded for me to let him go out, but I refused. Now that he has openly defied my authority, what should I do? -- Big Q.

**DEAR Q.:** Stick to your position. But in the future, don't impose unduly harsh restrictions unrelated to the misdemeanor.

Withholding privileges -- driving, allowance, etc. -- would have made more sense than trying to lock the boy in the house for 30 days. P.S. You might also tell your ex-husband that since he isn't on the scene to help discipline the boy, you'd appreciate it if he didn't undermine your efforts.

**DEAR ANN LANDERS:** I am 29, recently married for the second time. My husband is a beautiful man in every sense of the word. His wife died two years ago and his lovely daughter likes me a great deal.

I want desperately to make this marriage work but I have a short temper and a big mouth. I'm afraid I'll lose this man and mess up my life if I don't learn to control my tongue.

Last night we had a minor argument and I yelled, "Shut up! You sound like a jackass!" He looked stunned and left the room. I could have killed myself. Please help me. -- My Worst

## Diet Used by Many To Control Diabetes

Of the 10 million diabetics in this country, over half are able to use diet alone to control their health problems, while the other half use insulin injections or oral medication combined with diet.

The person with diabetes has many of the same dietary requirements for total calories, protein, carbohydrate, fat, vitamins and minerals as any other person.

The whole family can benefit by the extra diet attention given the family member with diabetes. A "diabetic diet" is a diet with the amounts of food carefully controlled, and concentrated carbohydrates such as

## Poultry, Pork, Produce Lead Bargains List

**COLLEGE STATION** -- Best buys at Texas grocery markets this week include poultry items, pork, canned produce and some fresh produce, Gwendolyn Clyatt reports.

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

This week's price-quality trends are the following:

**POULTRY** -- Egg prices are attractive, along with turkey prices, especially on turkey parts. Fryer chickens have higher prices, but they are still a protein bargain, so buy extras and freeze for later.

Some markets offer boned chicken breast, but check the prices before buying. It may be more economical to bone chicken at home.

**PORK** -- Prices are a bit lower as supplies increase. More supply increases are expected later in the year forcing prices down even further. Specials include end and loin chops, quarter-loin cut into chops, rib-end roasts, frankfurters and liver.

**ALONG GROCERY MARKETS** -- Feature include canned fruits and vegetables, salmon, tuna, sugar, bread, pancake mix and syrup.

sweets and starchy foods given in limited amounts. Everyone can choose foods from the U.S. Department of Agriculture's Four Food Groups (milk, meat, vegetable fruit and bread-cereal).

The diabetic must control his disease by balancing his food intake against his insulin supply so the body can efficiently use what is eaten. A malfunctioning pancreas fails to produce enough natural insulin, or what insulin is produced can not be utilized by the body. Insulin converts blood sugar (glucose) into energy, and aids in the proper storage of any unused glucose in the body. When insulin is low, too much glucose is present in the bloodstream, which may spill over into the urine. High sugar concentrations in the bloodstream and urine can be indications of diabetes.

The dietician usually instructs the diabetic on diet, coordinating the patient's food preferences with the meal plans developed by the American Diabetes Association. Several small meals, rather than three large meals during the day are often suggested as a good way to maintain an even blood sugar level for the non-diabetic person. For diabetics, regular mealtimes are more important. A skipped or delayed meal can upset an already delicate body chemistry.

Regular checkups may show that diet modifications must be made from time to time to meet changing insulin needs. These changes may result from digestive difficulties, infections, vigorous exercise, or even improvement in the diabetic's condition.

Diabetes is ranked as the third leading cause of death by disease in this country. Because diabetes is a major health problem, every effort should be made to control it through diet, or diet combined with medication and a regular exercise program.

# What is A Town?

A town is a group of people.

- It is schools.
- It is city government.
- It is churches.
- It is hospitals
- It is industry and jobs.
- It is retail businesses.

**They all have to work together. All must have the support of the people. Or there is no town.**

**Give your local merchant a chance for your business. You shouldn't spend your hard earned money with him unless his selection is adequate and his price competitive. But give him the first opportunity to make the sale.**

**For the local retailer pays the highest percentage of local taxes. He most often is the civic leader who dedicates his time and talents to his town. He is contacted first for contributions to charitable projects. He provides jobs. Without his store you have no town.**

Give the local merchant a fair shake

# THE HEREFORD BRAND

# Oilers Stress Defense In 44th Annual NFL Draft

HOUSTON (AP) - Houston Oiler defensive coordinator Ed Biles finally is back among the ranks of the Oiler decision-makers in the National Football League draft after a two-year vacation.

got the Chiefs' second round choices this year and in 1980.

"We still got the player we would have taken in the first round," Phillips said. "We got him in the second round and still have another pick plus a second round choice next year."

Biles could have played dominoes throughout the last two NFL draft sessions while the Oilers searched the college ranks to compile a long list of offensive players.

After making Stensrud the second player chosen in the second round, the Oilers used the 23rd pick in the second round to take Baker, a 6-5, 265 pounder who made 71 tackles last season and sacked opposing quarterbacks nine times for 65 yards in losses.

Stensrud, an Associated Press second team All-American last season, was a four-year starter for Iowa State but suffered injuries throughout his career.

He missed the 1975 season with a broken ankle, had knee surgery in 1977 and missed last season's Senior Bowl because of a shoulder injury. Last season, Stensrud had 86 tackles including 18 for losses totaling 62 yards.

"I'm sure there are problems I don't even know about yet," Stensrud said, concerning his adjustment to the pro ranks. "I

just know I have to lose some weight."

Stensrud said his weight had ballooned to 287 since the end of the season but that he intends to play next season at about 270.

In its next picks, Houston gave its offense one choice before continuing its emphasis on defense.

The Oilers tabbed running back Kenny Kings of Oklahoma, then grabbed King's Sooner teammate Daryl Hunt, a linebacker. Their final pick of the day was another linebacker, Mike Murphy of Southwest Missouri.

## Cowboys Hit Bonanza In Picks

DALLAS (AP) - The National Football League annual draft again provided a bonanza for the Dallas Cowboys in the first two rounds although they drafted in the 27th and 54th positions.

"We would have to be awful lucky to do better than we have done," said Coach Tom Landry after the five-time Super Bowl participants chose center Robert Shaw of Tennessee and cornerback Aaron Mitchell of

Nevada-Las Vegas in the first two rounds respectively.

Landry said, "Shaw was no gamble. He has the potential to play guard as well as center. He moves well and pulls well. It gives us some needed depth in our offensive line.

"Mitchell has good size, speed and is very aggressive. We were delighted to get him. He was the last of the cinch cornerbacks. He has a 4.5 in the 40 on grass and that is

moving. He has the size of 6-1, 195 pounds that none of our cornerbacks have."

Shaw was the first offensive lineman the Cowboys have drafted in the first round since 1966 when they selected John Niland. It was the first time they had ever drafted a center in the opening round.

"I know it will be tough beating out John Fitzgerald because he has been around seven years, but I am just delighted to be drafted in the first round by the Cowboys," said Shaw. "I thought the best chance I had was to go late in the second round or perhaps the third round."

Shaw was All-Southeast Conference and an AP honorable mention All-America. He had a knee injury in 1977 and underwent surgery. The Cowboys flew Shaw to Dallas so their doctors could give him a physical and he checked out fine.

Landry said Mitchell "really comes up and hits people. He arrives mean."

Mitchell likely will compete at left cornerback, a position he played in college. He must beat out either Mark Washington or Dennis Thurman. Landry said he could keep only four cornerbacks next year.

"Both players we had rated in our top 25 so that certainly makes it a successful draft as far as we are concerned," said Landry. "Both could possibly start, but that is pretty hard to do on a Super Bowl team. Not even Tony Dorsett started right away."

Landry, who seldom gets carried away on players plucked from the draft until he can see them in summer camp, said, "I think they will help us. I'd be surprised if they didn't."

He said that there would be five to six spots open for rookies, this year because "we are always a building team. We have guys on our team who haven't made it yet."

Assessing the National Conference Eastern Division, Landry said, "We may have our hands full against St. Louis; they drafted a backfield."

Landry was impressed with the drafting of running backs Otis Anderson of Miami and Theotis Brown of UCLA.

"That was the best draft in our division by far," he said. "Philadelphia got a fine player in linebacker Jerry Robinson."

In the third round, the Cowboys collected 6-foot-6 tight end Doug Cosbie of Santa Clara. Defensive end Ralph DeLoach of California was the Cowboys' selection in the fourth round.

In the fifth round, the Cowboys had three selections. They picked offensive lineman Bobby Hill of North Carolina, defensive end Curtis Anderson of Central Ohio State and running back Ron Springs of Ohio State.

### Watching And Waiting

## Bullets To Meet Spurs In Game One

LANDOVER, Md. (AP) - No matter how you spell relief, there's none in sight yet for Washington's defending National Basketball Association champions.

After struggling to eliminate the pesky Atlanta Hawks 4-3, the Bullets open another best-of-seven series against the San Antonio Spurs tonight in a battle for the Eastern Conference title. A sellout crowd of 19,035 is expected.

"Every step you take is a relief," said Washington Coach Dick Motta. "We're happy to get away from Atlanta, but that doesn't mean San Antonio is going to be any easier."

"It's just like getting hit on the head with a hammer - when it stops, it feels good. But we might get hit someplace else now."

and both teams won divisional crowns.

"If we execute our plays properly," Motta said, "we feel we can just about get the shots we want against San Antonio. We want to control the tempo as much as we can. We're going to run, but we want to pick our spots."

"In one game last year, we got them to change their game and they walked up the floor with the ball and played a halfcourt game. We feel we can beat them in a halfcourt game."

Washington's five guards combined for an average of only 32 points in the Atlanta series, and now they will have to face San Antonio's high-powered backcourt duo of George Gervin and James Silas. But Motta isn't

### Amarillo Edges Midland Cubs With 6-Hitter

By The Associated Press Larry Kobbs slammed a two-run homer and three other San Antonio Brewers had doubles in a four-run outburst in the first inning as the Brewers took a 6-2 Texas League baseball victory over the El Paso Diablos Thursday night. In the only other game played, Amarillo shut out

Midland, 5-0 in a game played in 47-degree weather with a stiff wind blowing at 25 mph. Rain forced postponement of Jackson's scheduled game at Arkansas and Shreveport's scheduled game at Tulsa.

Amarillo Gold Sox hurler Eric Mustad limited the Midland Cubs to six hits in the 5-0 shutout. Mustad is 1-1.

Amarillo scored a run in the first on a single by Brian Greer, two in the fourth on singles by Joe Hix and Steve Smith and closed out the scoring in the seventh on a sacrifice by Greer and a single by Gary Ashby.

## Bid, Paster Top Derby Favorites

LOUISVILLE, Ky. (AP) - There will be plenty of longshots on the board when 10 colts go to the post Saturday in the 105th Kentucky Derby - a race expected to be a battle between Spectacular Bid and Flying Paster.

California-bred to capture the \$200,000 added Derby, was made the 9.5 second choice for the 1 1/2-mile classic which is expected to draw a crowd of more than 100,000 at Churchill Downs and a national television audience (ABC).

Spectacular Bid, owned by the Hawthorn Farm, has won 12 of 14 starts, his last victory coming in the Blue Grass Stakes. Ben Ridder's Flying Paster includes the Hollywood and Santa Anita derbies among his 10 victories in 14 starts.

Whether those two standouts will be this year's Affirmed and Alydar, who ran 1-2 in all three 1978 Triple Crown events, remains to be seen. While Affirmed and Alydar tangled as 2-year-olds and carried it through last year beginning in the Derby, Spectacular Bid and Flying Paster will be meeting for the first time Saturday.

Spectacular Bid, who campaigned mostly in Florida this year, has been installed the 3-5 early line favorite to make the Derby his 11th straight stakes triumph and begin his quest to become the third straight Triple Crown champion, following Affirmed and Seattle Slew. There has been only 11 horses in thoroughbred history who have won the Derby, Preakness and Belmont Stakes.

Others in the field are all rated from 10-1 and up. Most promising from this group are William Oldknow and Robert Phipps' Golden Act, winner of the Arkansas and Louisiana derbies, 10-1. Sandy Hawley's Flying Zee Stable's Screen King, third in both the Wood Memorial and Gotham at Aqueduct, 12-1, with Angel Cordero aboard, and Bert Firestone's General Assembly, the inconsistent lookalike son of 1973 Triple Crown winner Secretariat, 15-1. Laffit Pincay in the saddle.

Throwing up a screen of bravado, Franklin, a jockey only since Feb. 4, 1978, says, "It's just another horse race. I can ride just as hard or better than the other guy."

Meanwhile, Flying Paster, who bettered Affirmed's Holly and 800-meter relays and qualified Dorene Hayward in the 200-meter dash and Carla Thomas in the 80-yard hurdles.

Rising Star won the B title in the 1978 and Bovina edged Longview Spring Hill by one point for the A championship.

Dana Olson of 3A Austin Westlake, the state record holder in the girls' discus throw, has a chance at a national high school record.

Texas girls hold or share national high school records in four events - 400-meter relay and the triple jump.

Regional performances, however, indicate neither those nor any other national records - with the possible exception of the discus - are in danger.

Easter Gabriel of Houston Sterling set the national triple jump record last year, leaping 40 1/2, but she will not compete in that event this year. She qualified for the 400-meter dash, however, with a regional best time of 55.34.

Olson set the girls' state discus record in 1978, throwing 151 feet, but she qualified in regional with a better throw of 170 feet. The national record is 161-11, set by Helene Connell of Jackson, N.J., in 1977.

Olson set the girls' state discus record in 1978, throwing 151 feet, but she qualified in regional with a better throw of 170 feet. The national record is 161-11, set by Helene Connell of Jackson, N.J., in 1977.

# Semi-Finals Of WCT Tonight

DALLAS (AP) - Defending champion Vitas Gerulaitis has a new serve and he's going to use it in tonight's semifinal of the World Championship of Tennis against No. 1 seeded Bjorn Borg, who admittedly is playing better than last year.

In the other matchup to determine the pairings for Sunday's finals for the \$100,000 first-place prize, Jimmy Connors meets 20-year-old John McEnroe.

Gerulaitis and Borg breezed to straight set victories Thursday night. Gerulaitis ousted past Brian Gottfried 6-4, 6-3, 6-3, and Borg blasted Australian Geoff Masters 6-3, 6-1, 6-1.

"I've changed my second serve and it feels good," said Gerulaitis. "I always used to back off my serve but now I have confidence."

Gerulaitis credited Australian Fred Stolle, who has been hired as a traveling teaching pro, with changing his serve.

"Stolle opened my stance ... he changed it two weeks ago and it has worked well although I started getting a little shaky at the end tonight," Gerulaitis said.

Gerulaitis has lost all 11 career matches against Borg.

"It doesn't bother me that I've lost all those matches against Borg," said Gerulaitis. "I can name you 50 other players who have had that problem. He's No. 1, but you've got to keep on trying. I look forward to playing him. It's something to shoot for."

Borg and Gerulaitis hooked up in a classic match in 1977 at Wimbledon. Borg defeated Gerulaitis 6-4, 3-6, 6-3, 3-6, 8-6 in a still much talked about encounter.

"I break out my tapes every now and then to look at it," said Gerulaitis. "Beating him is a goal I have ... If God was only on my side one time, I'd beat the guy. He's a gentleman on the court too and that bugs me. I keep sending him Christmas

cards so he knows he is my friend.

"Maybe one of these days when he's got \$10 million sacked away, he'll remember that I've been playing a long time and let me win one."

Borg said he had practiced with Gerulaitis this week and "he is playing very well. I saw some of his match tonight. I think he will come in to the net more against me that is his style. If he has a chance, he will do it."

Borg added "I'm playing a little better than I did at this time last year. I feel pretty relaxed."

He said that although he had never been beaten by Gerulaitis "everytime we have played the difference has been one or two points. Our match at Wimbledon was typical. You had to fight for every point."

The vanquished Masters was asked how well Borg was playing. Masters laughed and said "I don't want to play anyone playing any better. That's as well as he ever played against me."

The Connors-McEnroe confrontation - which is the first one on tonight's card - could be interesting since both are known for their temper tantrums.

Connors, claiming an injury to a little finger on his left hand, received a day's rest at McEnroe's expense. McEnroe hollered loud and hard but showed anyway for the Tuesday night rout of John Alexander.

Connors whipped Gene May or Wednesday night.

# Niekro Puts Astros Back On Winning Track

When you're just a guy named Joe, it's tough making it big in the big leagues - especially when your brother's name is Phil.

The success of his older brother has overshadowed Joe Niekro all of his career. And even though he has not managed to match Phil Niekro's accomplishments, Joe Niekro has done all right for himself.

The Houston pitcher won the 97th game of his major league career Thursday night, hurling a 4-1 triumph over the St. Louis Cardinals with late relief help.

Niekro delivered only 89 pitches, mixing a good fast ball and slider with his time-honored knuckler.

"Sometimes you get in a rut if you go with too many knuckle balls," he said. "Today was the best I've felt. I don't know what it was. I came to the park and I just felt limber."

While Niekro's knuckler was dancing in the dark, St. Louis Manager Ken Boyer was impressed.

"He doesn't just bring it down Broadway, either," said Boyer. "He can pitch it where he wants it. He moves it around. It's very difficult for a hitter to get good wood on what he throws."

In other National League action, the San Francisco Giants

beat the New York Mets 7-5, the San Diego Padres routed the Montreal Expos 10-2 and the Los Angeles Dodgers turned back the Philadelphia Phillies 5-2. Rain postponed the Pittsburgh-Atlanta game.

Enos Cabell hit a solo homer and Alan Ashby knocked in two runs with a double and a single in support of Niekro's pitching. The Houston right-hander limited St. Louis to seven hits before getting relief help in the eighth when the Cardinals scored their only run.

The victory improved the NL West leaders' record to 16-8, the Astros' best start in 18 years.

**Giants 7, Mets 5**  
Johnnie LeMaster's two-run homer keyed a five-run fourth inning that powered San Francisco over New York. The Mets took a 4-2 lead with three runs in the top of the fourth, but three of the first five batters to face loser Pete Falcone in the bottom of the inning homered, knocking out the New York starter.

**Padres 10, Expos 2**  
Randy Jones earned his fourth victory of the year with relief help from Rolfe Fingers and a six-run sixth inning as San Diego beat Montreal. Jones pitched six innings before giving way to pinch-hitter Kurt

Bevacqua. The left-hander gave up two runs, one earned, as he improved his record to 4-2.

**Dodgers 5, Phillies 2**  
Joe Ferguson drove in two runs with a pair of singles and

threw out a runner at the plate to lead Los Angeles over Philadelphia. Rookie Rick Sutcliffe scattered seven hits for the Dodgers.

Whenever the Minnesota Twins find themselves in hot water these days, all they have to do is dial "MDKFD Marshall".

And in comes Mike Marshall to bail them out.

"I'm throwing the ball as well as I have in other years," said the seemingly indestructible relief pitcher.

The results show an amazing nine saves and three victories for Marshall, including one in Thursday night's 7-6 triumph over the Detroit Tigers.

Thus the Cy Young Award winner has had a hand in 12 of Minnesota's 16 victories so far this season, helping boost the Twins to the top of the American League West.

"It's the team that's making me look good," said Marshall, modestly. "We're just playing great ball. The ballclub's playing superb defense - we're playing superb position defense. And we're getting crucial runs."

One of those runs Thursday came off the bat of Roy Smalley, who cracked a tie-breaking homer in the eighth. One a hot streak, Smalley has blasted five homers this year and leads the Twins to the top of the

## Lil Twisters Win In Soccer

The first half goal by Ramido Palacios proved to be all that the Lil Twisters needed as they recorded their second consecutive win in soccer, defeating a Canyon-sponsored team, 3-0 last Sunday.

Palacios, a forward for the team, put his first of two goals into the net in the latter part of the first half and then added his other goal along with a scoring shot by Jesse Ortiz in the second half to end all scoring.

The team will be traveling to Clovis, N.M. for a game this Sunday.

By The Associated Press

CHICAGO - The Chicago Cubs have obtained the contract of Doug Capilla from the Cincinnati Reds for cash or a player to be named later and outrighted the left-handed pitcher to Wichita of the American Association.

Capilla had a 1.0 record for the Reds, appearing in five games with a 9.00 earned run average in 6 1/3 innings.

ATHENS, Ga. (AP) - A former world record holder will pace the field Saturday when James H. Duggan, chairman of the NCAA volleyball tournament in an unbeaten season at Pauley Pavilion this weekend.

The Bruins, 29-0 this season, face midwestern champion Ball State, 26-4, and second-seeded Southern Cal, 22-4, meets third-seeded Rutgers-Newark, 29-2, in tonight's semifinals. The winners meet for the championship Saturday night.

UCLA brings a 45-match home-court winning streak into the tournament. Southern Cal was the last team to defeat the Bruins at Pauley Pavilion, accomplishing the feat on Feb. 28, 1975.

Defending NCAA champion Pepperdine didn't qualify for this year's tournament.

HILTON HEAD ISLAND, S.C. (AP) - Beth Daniel birdied the last two holes for a 2-under-par 70 and a 1-stroke lead in the first round of the Women's International Golf tournament.

Daniel sank putts of 4 1/2 and 5 feet for the 17th and 18th holes. Her 36-34 scores put her ahead of Patricia Meyers and Gloria Ehret, both with 71s.

Nancy Lopez, Jane Blalock, Alexandra Richards, Donna Horton, White and Donna Caponi Young were knotted at 72.

HOUSTON (AP) - Bruce Lietzke birdied four of his first five holes for a 5-under-par 66 and tied for the lead in the first round of the \$300,000 Houston Open Golf Tournament.

Lietzke shared the top spot with Jim Dent, Leonard Thompson, Jim Colbert and

# Davis : Suns Must Tighten Defense

SEATTLE (AP) - Phoenix forward Walter Davis says tighter defense in Game 2 tonight is a necessity for the Suns in their National Basketball Association playoff series against the Seattle SuperSonics.

"Our defense was too relaxed," Davis said of the Suns' 108-93 loss to Seattle in the Western Conference championship series opener Tuesday night.

"We let them swing the ball at will," Davis said. "At home we played a lot tougher defense. When our defense is tougher, it makes our offense much tougher."

The Suns showed little defense and poor rebounding against Seattle in the opener. The Sonics beat Phoenix at its

own game, running the Suns off the court in the second half.

It was Seattle's tenacious defense that forced the Suns, one of the NBA's best shooting teams, into 41 percent shooting Tuesday night. The Sonics also held a 56-45 advantage in rebounding.

Seattle held the Suns' top two scorers, Davis and guard Paul Westphal, to 13 points each. Davis was averaging 22 points a game in the playoffs and Westphal led the Suns with 24 points per game during the regular season.

"They do a lot of helping on defense whenever I want to penetrate," said Davis. "If I beat my man, then I have to beat another man. If two people are on me, I have to find the open man. I tried to, but a couple of times I turned the ball over."

Seattle forward Paul Silas said the Phoenix players probably were surprised they were beaten so convincingly.

"They're probably wondering what happened, what went wrong," Silas said. "But this

game you kind of forget. Games like a one-pointer on a last-second shot - they hurt more than these games."

"We got to stay with them," said Suns forward Truck Robinson. "We can't let them score eight or nine points in a row or we're going to lose."

Phoenix Coach John MacLeod acknowledged that the Sonics deserved to win the opener. "But I tell you, we can play a lot better and we will," he said.

Games 3 and 4 are set for Sunday afternoon and Tuesday night at Phoenix.

COOPERSTOWN, N.Y. (AP) - Hack Wilson, who was named to the Baseball Hall of Fame by the Veterans Committee this year, was only 5-6 but weighed 200 pounds.

In 1930, he hit .356 for the Chicago Cubs, hit 56 home runs for a National League record and drove in 190 runs, a major league mark.

The following year, Wilson dipped to an incredible .261, a drop of 95 points, hit only 13 homers, a falloff of 43, and had just 61 RBIs, 129 fewer than the previous season.

**The Abundant Life**  
**HOLDING OUR OWN**  
BY BOB WEAR

"HOLDING OUR OWN" is a well-known and often used expression; and is usually applied in an encouraging sense. In this writing, it is being used to refer to the elements of life which are, and have always been essential to human well-being.  
THE CHANGERS OF THINGS have probably eliminated this statement from their vocabulary. They keep saying, "we live in a changing world", and talk as if they thought everything was changing.  
THE TRUTH IS that there is not as much change as some folk want to think there is. The man who flies today is basically the same man who once rode his horse, as he made his rounds. He may pretend that everything has changed, but it hasn't. Some changes have been made, but they are superficial and peripheral; they are not basic changes. This man's basic nature and needs have not changed, and will not change.  
A MAN MAY FLY, but he must still take food into his body. He must have rest; he needs companionship; he has personal responsibilities to meet; and he has spiritual needs, too. This man may try to assume that everything, including himself, has changed. He may be impatient with the unchanging aspects of living, but he cannot change them.  
IT IS AN OBSERVABLE FACT that the more a man pretends that he is some sort of a new man, a modern man, the more trouble he has in his personal living experience. The more he tries to ignore the unchangeable, basic needs; the more difficulty he has with life.  
THIS MAN MAY CONTINUE

TO LEARN, to grow mentally, and in other ways; and he may learn new skills; however, there are things about him which do not and cannot change. He may pretend that everything is changing, but pretending will not make it so.  
THE UNSOUND VIEW that everybody and everything changes, that nothing about us or our world is fixed or certain is a big part of the cause of present-day misery and despair. There is too much of the attitude expressed by W.H. Seward - "The circumstances of the world are so variable, that an irrevocable purpose or opinion is almost synonymous with a foolish one." This goes along with the unproven theory that there are no specifics, no absolutes, nothing fixed and nothing certain.  
SOME THINGS DO NOT CHANGE, and cannot change. Concerning these, we can "hold our own"; if we are correctly informed, and willing to pay the price. It will be the only enduring investment we will ever be able to make.  
The true; the good; the pure; the decent; and the time-tested right do not change. All departure from these will lead to disappointment and despair.  
SOME ARE NOT "Holding Their Own", and they are troubled with disappointments; confusion; disillusionment; and hopelessness. They have accepted the false notion that everything is changing, and, consequently, they have nothing with which to stabilize their lives.  
SOME THINGS DO NOT CHANGE, and cannot be changed. In these unchanging life principles, we can find our strength, our joy; and our hope.

**Honored by Lions**  
The Hereford Noon Lions played host to a large group of students and teachers of the six weeks from both local junior highs and the high school Wednesday. Those honored by the Lions were [from left] N.D. Kelso, Steve Veigel, Jeff Coupe, Crystal Zinser, Rhonda Duggan, Eric Alexander, Ray Harris, Tammy Fischbacker, Carol Smalts, Robbie Fish, and Bill Huff. [Brand Photo]

**HEALTH**

Lawrence E. Lamb, M.D.

**Advantages of chewing food**

DEAR DR. LAMB - Thank you for the fine advice to throw laxatives into the trash can and train the bowels naturally. I did just that and I'm very grateful for the advice.  
All my life I was taught to chew my food well to digest the sugars and starches. My daughter worked for a fine doctor until his death who advised this but my present physician says that this is not true - that the entire body handles sugar. Who's right?  
Then recently I heard a New York doctor interviewed on TV about milk and he said milk caused gas in the upper digestive tract and often caused ulcers of the stomach. A woman asked him about mother's milk and he said not more than for two years.  
I'm on a diet for diabetes and I'm supposed to use a half cup of milk four times a day with meals and with a bedtime snack. I asked the doctor if I should drop the milk and use calcium tablets and he looked at me crossly and said, "Drink your milk." What do you think?  
DEAR READER - First I think you were very smart to throw away the laxatives. I'm sending you The Health Letter number 12-8, Laxatives, Enemas and Suppositories, to give you a complete understanding of this problem.  
The saliva in your mouth contains an enzyme which does break down starch. That's one advantage to chewing your food. When you have quite a bit of solid food and the saliva is mixed in the center of the food bolus in the stomach, this digestive process continues inside the bolus of food. If the food is exposed to the acid in the stomach, the enzyme will be immediately inactivated.  
That doesn't matter too much because once the food is emptied into the small intestine, the same or similar enzymes from the pancreas enter in the small intestine and break down all the starch and carbohydrates for you.  
Perhaps one of the better reasons for chewing your food quite a little while is that it prolongs eating. People who wait long enough will find they're satisfied with less food and that sometimes helps avoid eating too many calories.  
Now about milk. It's perfectly true that it can be irritating to the digestive tract in many adults. The milk sugar may not be absorbed and this may cause gas and diarrhea - symptoms very similar to those noted for spastic colon. That does not mean that milk isn't a good food or that people shouldn't use it. Milk is our major source of calcium.  
Calcium found in some vegetables actually can't even be absorbed. Since you have had no symptoms of difficulties from milk, I see no reason why you shouldn't continue it. You certainly need the calcium.  
I doubt your doctor was really cross with you. He probably just wanted to emphasize how important it was that you should have milk as part of your diet. Aren't you glad he cares enough about you to be concerned if you didn't follow the diet he thinks best for your health?  
The Greek philosopher-scientist Aristotle taught that the heart - not the brain - was the seat of sensation and intelligence.

**Letter to the Editor**

**Dear Editor:**  
We, the Odd Fellows and Rebekahs of Hereford would like to take this opportunity to thank all the good people of Hereford and surrounding area for the help given us in preparation for the Panhandle Association of Odd Fellows and Rebekahs.  
Our thanks to Mayor Bartley Dowell for signing the proclamation making April 22-29 Odd Fellow-Rebekah Week in Hereford.  
And to the Hereford Brand, especially Kerri and Denise, for pictures and articles making Odd Fellowship known to the public. Also to KPAN Radio for getting the word out over the air that Odd Fellows and Rebekahs are still at work in Hereford.  
Thank you, Judge Glen Nelson for welcoming our visitors to Hereford. Also to Rev. Clarence Powell, who brought the devotional Sunday morning and Judy Blackwell and Nora Lesley for special music.  
To Nita Lea, thanks for giving us so much of our Noble Grands time away from the Camp Fire Hut where she was suppose to be working.  
Hoping not to leave anyone out who had a part in advertising and donations, our thanks go to the following:  
Lil Charro Too, Western Auto, Brown Bros., Harold's Body Shop, Touch of Class Hair Salon, Arrowhead Mills, Inc., E.E. Bishop, Contractor, Property Enterprises, Suit's Auto Supply, The Vogue, Frona Odd Fellow and Rebekah Lodges, J J's Hair Fashions, Little's and Big Daddy's Restaurant.  
Also Marie Griffin Real Estate, Geo. Warner Seed, Hereford State Bank, First National Bank, Christian Book Store, H&R Block, McDowell Drug, Hereford, Credit Union, Edward's Pharmacy, Changing Shop, Don Fardy, Charlie Bell, McDonald's, Casey's Book Store, Gunn Bros. Stamp Store, Jerry Johnson and the Chamber of Commerce who did a great many things to help.  
Without the cooperation of all these good people the 76th Annual meeting of Panhandle Association could not have been the great success that it was. Odd Fellows and Rebekahs of the Panhandle are always ready to come to Hereford because of the hospitality and good will they find here.  
Folks like you are nice to know  
They gladden life a lot....  
They hold a warm place in the heart  
And often times in thought

They scatter cheer where'er they go  
they're friendly fine and true  
And this old world's a better place  
Because of folks like you.  
May God Bless You All,  
In Friendship, Love & Truth,  
I.O.O.F. Lodge #476 and  
Hereford Rebekah Lodge #228  
One of the world's largest open-pit-iron mines - near Hibbing, Minn. - is about three miles long, a mile wide and deep enough to bury a 50-story building.  
They scatter cheer where'er they go  
they're friendly fine and true  
And this old world's a better place  
Because of folks like you.

**DON'T JUST LEARN FAITH; LIVE BY IT!**

When Sunday morning rolls around,  
A lot of folks you know  
Will find themselves religion-bound,  
And off to Church they go.  
They rue the error of their ways,  
And pray that all might hear;  
And when it comes to hymns of praise,  
They sing them loud and clear.  
But when the services are done,  
The lessons they ignore;  
Till next the Sabbath has begun,  
They leave them at the door.  
The only way you'll ever earn  
The happiness you seek  
Is living by the faith you learn,  
'All seven days a week!

"Now the just  
shall live by faith."  
—Hebrews 10:38

Example is more forcible than precept. People  
watch me six days a week to see what I mean  
on the seventh!

—Rev. Richard Cecil
