TUESDAYS—TWICE-A-WEEK—FRIDAYS

HEREFORD, DEAF SMITH COUNTY, TEXAS, TUESDAY, SEPT. 12, 1922.

HIGH SCHOOL OPENING IS AUSPICIOUS

OPTIMISTIC PROGRAM MARKS FIRST DAY NEW TERM

NUMBER GROWS

More Pupils This Year are Expected Than Last. 43 In Senior Class

The formal opening of the Hereford high school occurred Monday morning under the most favorable conditions. A regular program of short talks was carried through, participated in by members of the official school family and others. The occasion was a most happy and enthusiastic one and argues well for the opening scholastic term. Following the formal program books were issued to the students and the classes were organized. The building was full of visitors, parents and interested sight-seers and the work of organization was put through smoothly, skillfully and without a hitch by Superintendent Miss Millicent Griffith and her assistants.

Every indication points to the heaviest enrollment in the history of the school. The senior class will be composed of 43 boys and girls and the entire enrollment of the high school is expected to reach 200.

The pupils of the grammar grades have been enrolling and organizing at the central school on Monday and Tuesday and the formal opening of this branch of the city's educational system will be held Wednesday morning. The enlargement of the basement of this building will enable the board to house two additional classes, including the seventh grade, which has been moved back from the high school building.

Castro Singers in Last Meeting at Arney, Sept. 24

The fourth Sunday in September is the last Singing Convention Castro Co. will have this year, 1922.

The place selected is Arney. An extensive program is being arranged and an arbor will be built to accommodate the crowd. Many singers are expected from abroad and a large crowd is also looked for. Castro county always makes a bountiful spread and it is useless to say, bring a well filled basket.

Find out where Arney is. All are invited. Come and get acquainted and take some part in the pleasures of the

Bring your songs, both new and old, and we will see that you get on the program. Come expecting a blessing and you will not be disappointed.

The fourth Sunday in September, the 24th. We hope to meet you at Arney. Ten o'clock sharp is the time the convention will open.

S. J. Taylor, President.
Robert Gollehon, Vice President.
Mrs. Robert Gollehon, Secy.

A. & M. ENGINEER STUDIES HEREFORD IRRIGATION PLAN

M. R. Bentley, agricultural engineer with the Extension Service of the A. & M. College, spent Monday and Tuesday in this vicinity looking into the irrigation plants here and their future possibilities. Mr. Bentley said he had been attracted by the stories of Hereford's irrigation field and wanted first hand information. He was shown various wells and irrigated farms by D. L. McDonald, and left on Tuesday's train.

FRIONA WILL HOLD PICNIC AND SHOW VERY SOON, REPORT

It is reported that Friona will have a big picnic and an agricultural display the latter part of this month or the first of next month. The date has not yet been set. Friona expects to send their exhibits to the State Fair at Dallas.

MAYOR KNIGHT IN DALLAS FOR TREATMENT OF HIS EYES

Mayor Knight is in Dallas at present, having his eyes treated. The Mayor's eyes have been giving him a lot of trouble for several months and the trip was made to consult specialists.

Baptists Called Rev. W. R. Hill of Roswell, N. Mex.

Rev. W. R. Hill of Roswell, N. M., has been called to the pastorate of the First Baptist church of Hereford, has accepted the call, and will begin his ministry here next Sunday. It is understood that Rev. Hill will go back to Roswell next week and move his household effects here at once.

Rev. Hill preached here Sunday before last and made a most favorable impression. It is understood that he went to Roswell from Nashville, Tenn., about two years ago. He is a man of family, having a wife and six children. The Baptist parsonage is to be enlarged by the addition of a sleeping porch at once. Temporarily, it is stated, Rev. Hill and family will be the guests of Mr. and Mrs. A. O. Thompson.

The church has been without a pastor since the resignation of Dr. Atwood, president of Wayland College, several months ago.

JERSEY CATTLE TO BE BOOSTED THRU DISPLAY AT FAIR

Local Jersey cattle breeders are much interested in an announcement from the office of the American Jersey Cattle Club that an educational Jersey cattle display will be shown at both the Houston and Dallas fairs this fall. The exhibit will present educational and economic features of dairying. Particular stress will be laid on the possibilities that thoroughbred Jersey stock holds for the small farmer. Daily lectures and demonstrations by live stock men will be features, as well as cow judging by experts.

A series of meetings of state and local Jersey Cattle clubs are to be conducted at the same time on different days throughout the fairs. It is hoped that hereafter the annual meetings of the different Jersey clubs can be held at these fairs where all the breeders and boosters of Jersey cattle will be enabled to attend and participate.

The national organization is now in the midst of a great educational campaign the country over in an effort to increase efficiency in handling Jerseys and at the same time impress the possibilities of the breed more firmly upon the public. Thirty-five thousand Jersey breeders in the United States are being appealed to to unite and help develop the Jersey industry.

ABO PASS HIGHWAY MEETING AT AMARILLO SEPT. 20TH

Notice of a meeting of the officers and executive committee of the Abo Pass Highway association to be held at Amarillo on Wednesday, September 20, has been received by the Hereford Chamber of Commerce. Concrete plans for making this highway one of the foremost in the nation are to be submitted and worked out at this meeting. Hereford will probably be represented by one or more delegates.

The conference is expected to be well represented by delegates from every county along the line, owing to the fact that it has been called during the convention of the Panhandle-Plains Chamber of Commerce, when the largest crowd in the history of this section is anticipated. The Hereford Band will be one of the contestants at Amarillo on this same day, September 20.

ORIENT RAILWAY'S RECEIVER VISITS BASKIN, AND SALE

W. T. Kemper, of Kansas City, chairman of the Board of Directors of the Commerce Trust Co., reached Hereford Sunday and returned home Tuesday morning. Mr. Kemper was here to attend the Stubbs Cattle Sale and visited L. Baskin, an old friend, spending Sunday with him. The Commerce Trust Co. of Kansas is recognized as the largest banking concern in Kansas City with resources of more than a hundred million dollars. Mr. Kemper is also receiver of the Kansas City, Mexico and Orient railroad.

LIVE STOCK SPECIALIST INSPECTS HEREFORD CATTLE

W. T. Magee, live stock specialist for the Extension Service of the A. & M. College, spent a short time in Hereford and vicinity Tuesday. Mr. Magee was driven over here by County Agent Walker of Randall county. He judged the live stock exhibits at the Canyon Fair last week and has several other engagements in the Panhandle of a similar nature for the near future. He visited several of the Hereford farms near here Tuesday and expressed himself as much pleased with the class of stuff being bred in this country.

EASY TERMS AND HIGH CLASS STUFF

Overcame Strained Financial Condition and Sold Cattle in Big Blocks in Record Time. Local Buyers Compete With Visitors for Famous Blooded Herefords

A marvelous cattle sale with a more marvelous selling record was that held at the Santa Fe stock yards Monday afternoon. The Stubbs Land & Cattle Company had advertised a two days sale for their herd of 2800 pure-blooded Hereford cattle, but so quickly were the offerings snapped up and the stuff moved in such large quantities that the entire offering was gone in just about four hours actual selling time. This was declared by auctioneers Reppert and Gross to be a record.

The high quality of the stock and the liberal terms and interest rate granted were undoubtedly the prime factors in the prices brought and the speedy unloading of the lot. As the shades of night descended upon the huge chaletauqua tent in which the ring had been pitched the largest auction sale of Herefords ever held in this country was all over and settlements were in order, although the auctioneers gavel had not descended upon the opening bid until after twelve o'clock. A large crew of riders handled the outfit skillfully and smartly, the different bunches were cut and held ready right on the dot and the general management of the details, largely the excellent work of Arthur

Fine Exhibits Enroute to Kansas and Other States

Some of the finest exhibits of agricultural products ever sent out of this country were shipped to Dr. O. H. Lloyd at Hutchinson, Kansas, this week by the committee of the Chamber of Commerce and Realtors Association handling such matters. D. L. McDonald and L. Baskin did most of the work on this committee and worked up some splendid samples of both irrigated and non-irrigated stuff for showing at the various fairs over the country.

Dr. Lloyd is working with the West Texas Chamber of Commerce, who are promoting the general exhibit from West Texas. A list of the stuff sent out by Mr. Baskin shows the following:

- Half bushel Kanred wheat, raised by G. R. Linville, Springlake, Texas. This wheat was raised on sod land that was broke out in June and was planted Sept. 30th. Yield was 35 bushels per acre, with a test of 62. Field contained 40 acres in Lamb County, Texas.
- One hundred twenty heads of milo maize, raised by R. T. Nunn, Hereford, Texas, irrigated. Estimated yield 60 bushels per acre.
- Half bushel Turkey Red wheat, raised by Fred Galle, Dimmitt, Texas, 200 acres, average 18 bushels per acre, test 62.3 pounds per bushel.
- One hundred milo maize, raised by W. D. Zion, Hereford, Texas. Estimated yield 45 bushels per acre.
- Half bushel rye, raised by D. L. Mc-

Donald, Hereford, Texas. Was pastured very heavy and then yielded 21 bushels per acre.

Half bushel Russian Red wheat, raised by R. C. Shuford, Dimmitt, Texas, 400 acres, average 24 bushels per acre, test 64 lbs.

Half bushel Kanred wheat, raised by O. C. Axtell, Springlake, Texas, summer tilled, yield 25 bushels per acre; raised in Castro County.

Half bushel Red Rustproof Oats, raised by Percy G. Shepard, Dimmitt, Castro County, Texas, yield 40 bushels per acre, test 40 lbs. per bushel.

Half bushel Kanred wheat, raised by D. G. Axtell, Springlake, Texas, yield 17 bushels per acre, raised in Castro county.

Half bushel Black Hull wheat raised by J. G. Cleavinger, Springlake, Texas. Yield 15 bushels per acre, test 64 lbs. Raised in Lamb county.

Cool Weather is Here But Moisture Still Scarce

The grand old Panhandle brand of weather, cool in the shade and crisp at night, is home once more and gone forever, it is hoped, are the hot days that have prevailed for several weeks. It rained a little last Friday night, and has threatened and spit a little in spots since that time, but the hoped for general rain has failed to materialize. However, this snappy weather is something to be thankful for, at least, and the rains will come—all in due course—say the old timers.

Hereford on Line Ozark Trails. Is Now on 3 Hiways

At the recent annual convention of the Ozark Trails association, held at Sulphur, Okla., a cutoff was voted in to run from Amarillo through Canyon and Hereford to Devina, where it hooks up with the main southern route of the Trail.

This cutoff puts Hereford on the main line of three transcontinental highways, the Ozark Trails, the South West Trail, and the Abo Pass Highway. Mr. Frost, official sign man for the Ozark Trails, was in town Tuesday, arranging for the official markers on each side of Hereford.

Heretofore the Ozark Trails ran north and south of Hereford, but this new cutoff will enable tourists to choose between several routes and come on west through Amarillo and Hereford into Clovis instead of through Memphis, Tulsa, etc. if they so desire.

The fact that the Amarillo-Clovis route is the direct route, the one with the least natural obstacles to winter and summer travel, and the shortest route for tourists, is rapidly coming to be recognized by the different road associations. It is up to Deaf Smith county to maintain the road through this county in first class shape all the time, and tourist traffic is bound to increase year by year.

CAR STRIKES MAN ON-DOWN HIGHWAY. NOW IN HOSPITAL

A man by the name of C. F. Butts, and a companion, whose identity was not ascertained, but both of whom hail from Hominy, Oklahoma, were walking down the highway between the Hereford stock yards and Dawn Friday evening when a passing car struck Mr. Butts in the back, breaking two ribs and injuring him internally. It is said, no one seems to know just how the accident happened. Dr. Gabbert was called and the injured man is now in the Hereford Sanitarium. He is about 65 years of age and his condition is said to be critical.

A. T. FRYE MARRIES MISS OLIVE WILSON, OF KENTUCKY

Miss Olive Wilson, of Providence, Kentucky, and A. T. Frye, of Dawn, Texas, were united in marriage at the bride's home in Providence, August 29. Mr. and Mrs. Frye will make their home in Dawn, where Mr. Frye is engaged in the grocery business. Mr. Frye has under construction a new tile and concrete business building at Dawn in which he will move his stock and the Post Office, on completion of the building.

SPRINGLAKE SCHOOL ADDS HIGH SCHOOL TO DISTRICT PLAN

The Springlake school has added a high school department to the regular school and Gene Cleavinger has been employed to teach the higher branches. Mr. Cleavinger has been attending institute at Canyon and visited in the home of Mr. and Mrs. Jeff Gilbreath the latter part of last week.

MAYOR MARRS OF AMARILLO LOOKS AT WATER SUPPLY

Mayor Lon D. Marrs of Amarillo was in Hereford Monday, driving about the shallow water belt with D. L. McDonald and inspecting the pumping plants. The Mayor of Amarillo is very much interested in a proper water supply for his city and it is supposed his visit here was in that connection.

CHILDRESS PASTOR GOES HOME AFTER HIS VACATION

Rev. R. C. McRoy and children of Rockhill, South Carolina, who has been visiting in the homes of M. E. Cleavinger of Springlake, and J. W. Houston of this city, left Hereford for Childress Saturday morning. Rev. McRoy filled the pulpit of the Congregational Church in the absence of Rev. McKenzie.

DON'T FORGET THE COTTON LUNCHEON ON NEXT THURSDAY

Don't forget the cotton luncheon to be held at the Stockmen's Cafe next Thursday at high noon. Any one interested in cotton raising or marketing will be welcome. The meeting is being held for the purpose of discussing the matter from both sides, and to decide whether or not it is best to unite on a movement for cotton planting here.

SNAPPY PROGRAM GIVEN BY FIREMEN

THREE FAST CONTESTS SNAPPY AND PLEASURING THROUGHT

FOR THE GUESTS

Visiting Cattlemen Cheer Boxers and Express Their Pleasure

Visiting cattlemen and buyers for the Stubbs sale and local boxing fans were entertained Monday night at the Halo Barn by a short and snappy boxing program under the auspices of the local firemen. The card consisted of just three numbers; a preliminary by local amateurs, and two ten round exhibitions by out-of-town boxers.

In the preliminary Red Alban and Pierce, welterweights, were scheduled to box three two-minute rounds, but Pierce proved no match for Alban and was stopped in the first few seconds of the first round.

O'Dare, Eureka, Ka., and Quaid of Amarillo, lightweight, furnished the first number of the main schedule. O'Dare, a veteran, topped with the man from Amarillo although the latter was game and did his best he could with his evident lack of experience. O'Dare won in the fifth.

The principal bout was between middleweights, Chase of Tulsa, and Osborne, of Gateville, Texas. The contest went the full ten rounds and was very exciting throughout. Chase, a veteran of the game, was opposed by a much younger and faster opponent, Osborne carried the battle to the Oklahoma man from the start and piled up a big lead on aggressiveness and points in nearly every round of the ten. Both men were evidently striving to please the crowd and succeeded, judging from the cheers which followed their work throughout.

The Hereford Band furnished music for the occasion and the house was well filled with visitors and local folks. Henry Ainsley of Amarillo acted as referee for the first two exhibitions and Chief Rockwell was third man in the ring for the last event.

Presbyterian Revival Was Very Rich in Results

The Presbyterian revival closed Sunday night after one of the most successful and inspiring meetings ever held here. About twenty additions were made to the church. The work of both Dr. B. Wren Webb of Dallas, who did the preaching, and Miss Mattie Swisher, who conducted the music, was above the ordinary. At Sunday's service a collection was made for the expenses of the meeting and about \$250 raised for these two splendid leaders.

Monday Rev. J. R. Sharp, G. M. Suggs and Edgar Ireland left Hereford with Dr. Webb for Chillicothe, Texas, to attend the Presbytery meeting, which began on Tuesday. Dr. Webb has charge of all Home Mission work in Texas and is chairman of the Board of Home Missions.

J. P. MARTIN VERY LUCKY; REPORTS A TWO INCH RAINFALL

J. P. Martin reports a big rain on his ranch, known as the Tombstone Ranch, 22 miles northwest. Mr. Martin said that two inches of rain fell Friday and Saturday and that the rain extended west.

SANTA FE OFFICIAL HERE FOR BIG HEREFORD AUCTION

W. E. Goodloe, division Freight and Passenger agent for the Santa Fe, headquarters at Amarillo, spent Monday and Tuesday here assisting I. I. Garton in handling the track and car problems arising out of the huge Stubbs cattle sale.

CLARENCE OUSLEY AND THE PRIMARY SYSTEM

In one of the most masterly arguments made in recent months by any student of statecraft, Clarence Ousley in Sunday's daily press of the state, declared that the primary is a monstrosity as now practiced in Texas and that it must be modified before it can effectively serve the majority of the people of the state.

In his argument he sets three indictments of the primary system and two statements as to its reformation:

"It nullifies the rule of the majority and establishes the rule of the minority."

"It denies the individual voter, and the party as a whole, all opportunity to make original selection."

"It does not let the 'people rule'; it lets the class rule."

"It can be reformed without depriving the voter of the privilege of casting a direct ballot."

"It must be reformed if we are to have majority rule, the fundamental law of democracy."

The arguments by which he supports these claims appear to us to be unanswerable. The three glaring paragraphs we consider so valuable as food for thought we give them in full. They strike the "progressive" ideas we find about us a body blow. Is it not well we reflect a wee bit on the things he says here in view of the mess we have made of thing during the past six months politically?

This thing of popular government cannot be made to work automatically. Nor can mere law take the place of deliberate determination. We are 'growing' ourselves out of liberties. The comedy—alas, the tragedy, too—of it all is that most of these devices, miscalled 'progressive,' have been tried and proved foolhardy years or ages ago. There is nothing new under the sun. All the fallacies of direct democracy had been demonstrated long before the fathers wrote the Declaration of Independence and put its principles into the Constitution. They knew what we must learn again and again—that at best popular government is cumbersome and awkward, but precious; that eternal vigilance is the price of liberty even in a democracy, and that tyranny is as hateful when practiced by a mass or a class as when practiced by an individual or an oligarchy.

"Finally, we need to learn—and this is the hardest of all in a democracy—that government requires knowledge and efficiency. It is not an exact science—it is the least exact of all the sciences because the body politic is in constant change; because new voters are coming into power and old voters are passing away; because new problems of human contact are arising. But new problems do not change fundamental principles; they only require new adaptations, and are far more than the tyro imagines there are ripe experiences of the past to point the way. Nearly every one of the quack remedies for political ills of recent exploitation may be found in the attic of history where it has long reposed for the instruction of all who have the industry to brush off the dust."

"If the law does not provide some means for the majority to exercise its will, the majority will find a way. We have declared the manifest falsehood that a majority of the Democrats of Texas endorse Mayfield's shallow and impractical statesmanship and the frightful heresies of the Ku Klux. We have committed the Democratic party of Texas to the brazenly unconstitutional and abhorrently un-American doctrine of religious tests for office. Every instinct of political honesty and every concept of free government protests. If our lawmakers do not provide a way of escape, patriotic and understanding Democrats will resort to rebellion which in such circumstances becomes the greatest civic virtue."

NEW ALARM GIVES WATCHMAN CLOSER PHONE CONNECTION

A new night police alarm and phone has just been installed at the corner of Main and Third Streets, whereby Central can turn in an alarm by sounding the two gongs installed on the telephone pole on Main street. The gongs will be loud enough that Night Watchman, C. Baker can hear them several blocks away. Heretofore, Mr. Baker received most of his calls at the depot.

poem by UNCLE JOHN

In summer evenin's, calm an' still, we used to hear the whippoorwill send forth his plaintive note; we heard the twitter of the frog—the baying of the old coon-dawg,—the grunts of the shot. The glory of the summer night, when crickets chirp an' skunk's bite, lent spirit to the hour,—delightful in its warp an' woof, the rain-drops on the clapboard roof, grew dreamers full of power. . . . But now, alas! The modern way commences when we hit the hay, an' scorns the midnight bell. . . . We hear the squawks from Timbuctoo—the dismal groans from Waterloo,—the frenzied shrieks from hell! We gather in all noise that's made,—the devilish rot of every grade—broadcast through the air. . . . We tune our dingus up at night, and ketch the hymns of hate an' spite, that's let off—everywhere!

I used to use a poultice hot, for all the innard pains I got—to draw 'em to the skin,—but I ain't got no keen desire fer rigs that draw without no wire, an' fetch hysterics in!

For every countryman.

BOVINA NORTHSIDE

W. E. Williams, a merchant of Bovina and Miss Leola Denny, of Springtown, Texas, were married Wednesday August 30th at Farwell, by the Rev. Beeson. This is the culmination of an eight year romance. Mrs. Williams has been employed as teacher of Bovina school in English and History.

THERE'S A DIFFERENCE
—Between Thrift And Saving

Thrift includes work well and wisely done; money intelligently invested. Saving may mean little or no spending, little or no work. We can save in many ways, often to the point of miserliness and thus lose our self-respect, but the exercise of Thrift is the acme of wisdom and good judgment.

The consistent maintenance of a Bank Account is the foundation of Thrift.

What Do You Think?

Can a man be a preacher, a school teacher, a lawyer, a merchant, a banker, or an insurer, unless he is trained and experienced in that particular profession or business?

Insurance is both a business and a profession.

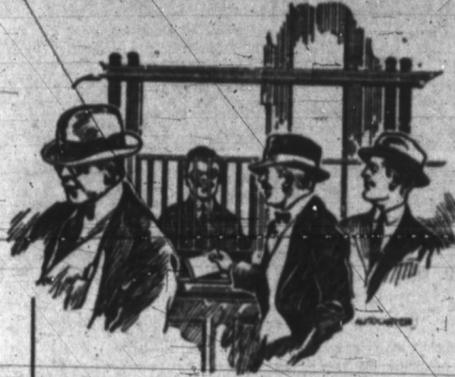

Not for a Day but for All Time.

of honor, for so many years as a co-workers in the church and social life of the community. This book was presented to Mrs. Bowers by Mrs. D. W. Hawkins, in a few well chosen words, also voiced the deep and sincere regret of the society in losing from their midst such a loyal and capable member. Dainty refreshments of grape punch and fruit macarons were served by members of the Young Ladies Missionary Society.

FIRST STATE BANK & TRUST CO.

Thrift is based on common sense. Thrift is not stinginess. A stingy man is not thrifty; he is merely mean.

small and seemingly insignificant sums of money in the earlier years.

It is true that most wage earners do not make enough money in the course of a lifetime to save enough to be even moderately wealthy at old age. Nevertheless hundreds of thousands of payroll men and women do save enough during their productive years to keep the wolf from the door in their old age and have comforts and even luxuries that would not be theirs had they frittered away

But the mere saving of money and its accumulation is only a means to the end, and the building of even a modest fortune requires that a man should have the judgment to discern investment opportunities.

The ambitious man wants to increase his income; and when he has spare money he should seek the investments that will give him the best return.

Our message to you is this: That as a disinterested party, serving you only as your Banker—we are in position to advise you on every business move or investment you may care to make—Start today—Let this be your bank.

Methodist Missionary Society

The Woman's Missionary Society of the Methodist Church enjoyed a social hour following the regular Bible study Wednesday afternoon in the church parlors, honoring Mrs. J. H. Bowers.

A pleasing and entertaining program was given by Misses Aileen Hodge, Elizabeth Stegall and Eva Skelton. A Friendship Memory Booklet had been prepared in which the members of the society had expressed some appreciation of their associations with the guest

The White 50 Watt Lamp

We have sold many of these lamps heretofore and they became quite popular as they give a pure soft white light without the use of a shade and being nitrogen filled, are very economical to use. While we were without them we had many calls for them. This is to advise you that we have them in stock now and can supply you. Price a little lower now, 60 cents.

The best way to entertain a man is not to entertain him at all. Don't make yourself a four-flusher by giving him a better dinner than you always have. But give him what you have cheerfully. Then, too, your guest knows you've got to work for a living and have lots of things to do, so go on do them, telling your friend to do exactly what most pleases him till you get finished.

Don't be afraid to say what you think and don't agree if you don't agree, but don't expect your guest to agree with you because you're entertainin' him. Just widen out. Let love and tolerance be King and Queen of the home while the guest is with you, and then maybe you won't be able to throw them out after he's gone.

TYPE CORSETRY

THE whole ideal of Gossard Type Corsetry is to bring you to graceful proportions, one curve growing out of another with no part unduly emphasized. When this is done you will have an appearance of slimness that the woman with a four-inch smaller waist and your own hip measurements can never have. A faithful following of this simple rule will alone take pounds and pounds away from a woman's apparent silhouette and years away from her apparent age.

Let us classify your figure and select the proper corset for you

"I knew him when he was a boy"

What one is there of us that has not felt the glow of satisfaction over the outstanding success of a life-long friend! Often a surprise—seemingly "all of a sudden." Yet neither surprising nor sudden, when you stop to think back over each step of his progress.

THE United States Rubber Company—makers of U. S. Royal Cord—were first to conceive, make and announce the balanced tire. A tire in which there is such complete unity of action in tread and carcass that neither will give way before the other.

First to conceive, make and announce a complete line of tires—a tire for every need of price and use under one standard of quality.

First to tell the public about the good and bad in tire-retailing. (You remember the phrase "Go to a legitimate dealer and get a legitimate tire.")

First also to arouse industrial and trade minds to the need of a new kind of tire competition. (Competition for better and better values. Greater and greater public confidence.)

THESE high spots along the U. S. Road to leadership indicate the intent—the will to win by the quality route in a price market.

Now that so many car-owners have given their verdict for quality tires in general, and U. S. Tires in particular—a number of dealers and car-owners whose vision has been clouded by "discounts," "sales" and what not, are beginning to remember that they "knew him when he was a boy."
