HEREFORD DEFEATS CANYON NORMAL

In the First Football Game of the Season Hereford Has Easy Picking.

The first football game of the season was pulled off at Toxela Park Monday when Hereford trimmed the West Texas Normal team 8 to 0. It was the first game for both teams, so there was no way of getting a line on either team. When the teams went on the field it was seen that the Canyon team was the heavier, and judging from the way that they ran signals it looked as if the locals had more than a job on their hands.

Hereford won the toss and chose to defend the south goal and Canyon chose to kick. From the first down it was seen that Hereford was well up on offensive work and that on the other hand Canyon was not up to requirements on defensive. Relying on straight football made up of line bucks, tackle through tackle and runs, Hereford succeeded in the first nine minutes of play to carry the ball to Canyon's one yard line with one down to go, without having lost the ball. At this juncture a penalty for pushing the man with the ball last the locals five yards making six yards to go in one down. A place kick signal was called and Estes scored three points with a kick from an angle on the twenty yard line. Canyon kicked the ball and Hereford returned fifteen yards. First quarter up score 3 to 0 with the ball in Hereford's possession.

In the second quarter the ball changed hands several times with the play in Hereford's favor. At no time during this quarter was Hereford's goal in danger while Hereford had the ball on Canyon's four yard line where it was last on downs.

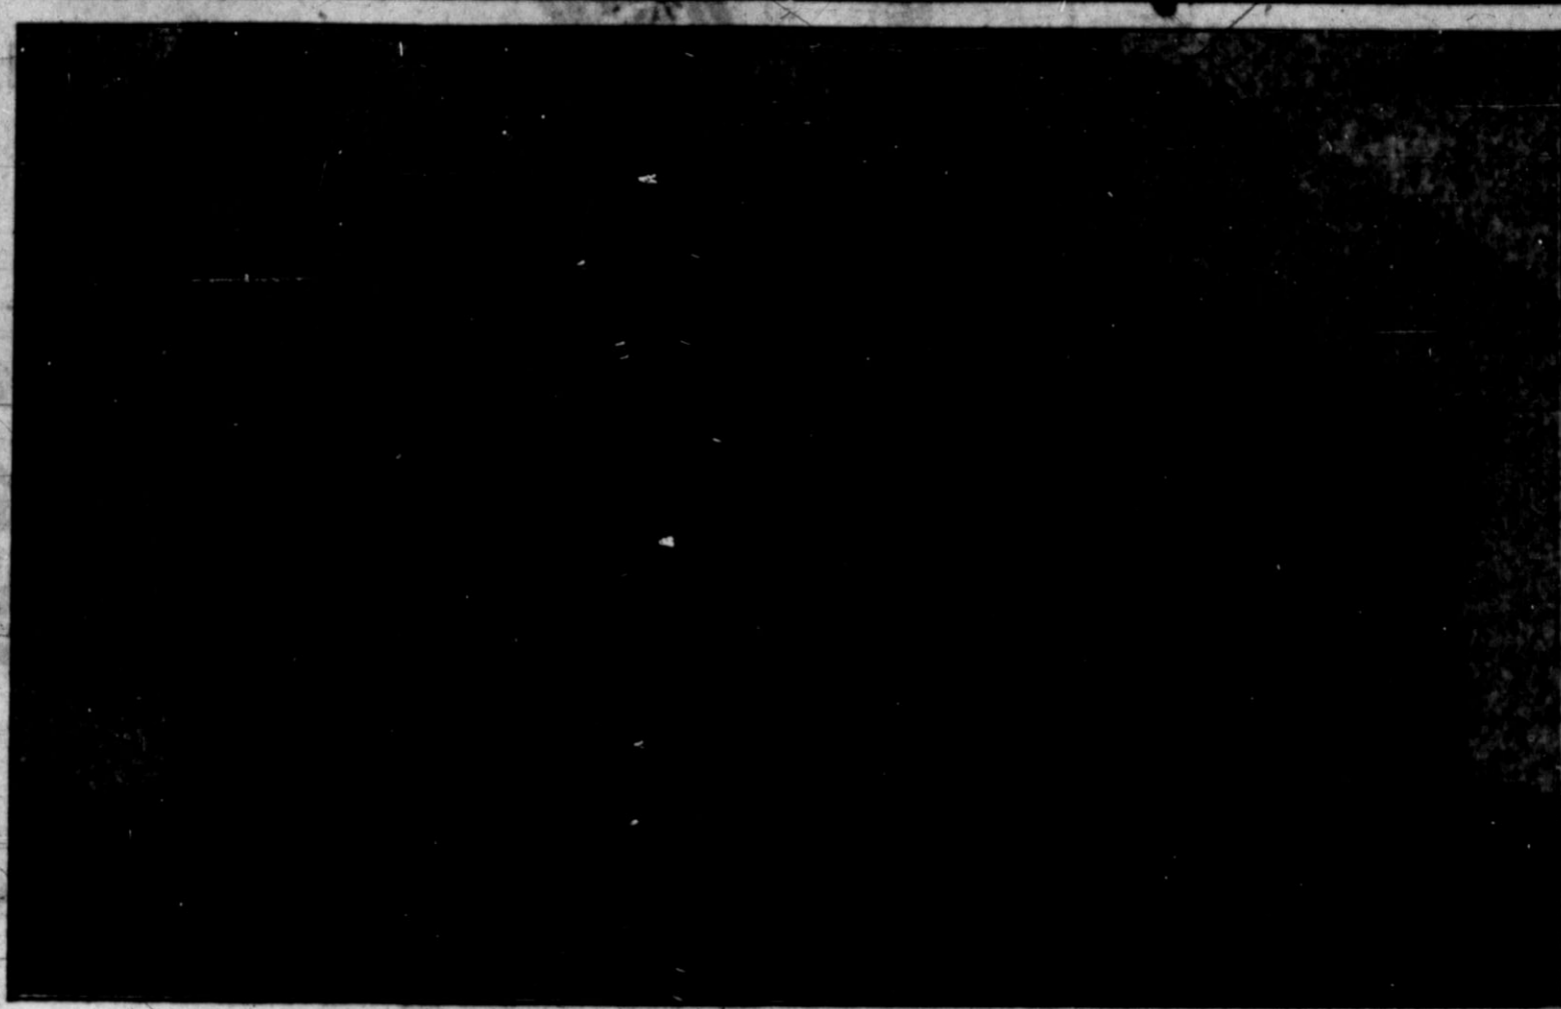

In the third quarter after the ball had changed hands several times, Hereford forced it to Canyon's fifteen yard line. A second place kick was attempted, but was blocked after the ball rolled across the goal line and was covered by Estes and Elliott, thereby scoring a touchdown. No goal was kicked. Score 8 to 0. Quarter ended with ball in Canyon's possession.

Fourth quarter was a repetition of the second as no scores were made and at no time was either goal in very great danger.

Final score was 8 to 0 in favor of Hereford.

Referee, Rowan of Canyon; Umpire, Thomas of Hereford. Time of quarters, 10 minutes.

For Canyon, Cowling at center played the best game of the team, and is one of the best offensive and defensive centers that has been seen on the local gridiron. Canyon's backs had the speed and her line plenty of weight, but team work was not in evidence. The backs would not follow their interference and on line bucks did not go low enough. The Hereford team had much better team work and her interference was good. During the game the forward pass was tried six times and was successful only once. Estes, Price and Steigern were the spectacular players for the locals, but their work was a loss. Burnasure due to the assistance her parents, by the rest of the tarter in Dimmitt, was free from ever J. J. Karl was in Urty work an Wednesday. He brought bac

Sugar Beet Factory.

Plainview, Texas, Oct. 5th.—Plainview is being promised a \$600,000 sugar factory, as the first result of a test proving that beets grown in this territory contain 17 per cent sugar against only 15 per cent in the far famed Wisconsin products.

An investigation made by an expert representing the Sugar Beet Factory at Chippewa Falls, Wis., resulted in the discovery that the possibilities of Plainview beets exceeded those of Wisconsin, out of which great manufacturing profits have been made. He reported his findings to his employers, and they have begun plans for the erection of a big plant in Plainview. It is believed the industry is assured and that the acreage in beets in this district will be increased. The expert reported that Plainview is an ideal location for a sugar beet factory, as the soil is suitable, the climate particularly adaptable and water plentiful.

Postal Savings Deposits Growing.

We believe that it is safe to say that the Postal Savings Bank at Hereford is growing faster in patrons and deposits than in other offices of its class in the state. Up to noon yesterday there had been certificates issued for \$60.00, with \$4.70 worth of ten-cent stamps sold that had not as yet been turned in for certificates.

The greater portion of the total deposits have been made by the sale of the ten-cent stamps from day to day younger people, boys and girls who never saved a penny in their lives before. Even some of the older persons are profiting. The accumulation of the ten-cent stamps proves a highly interesting game, when once you get started.

A call at the money order window at the post office will find assistant postmaster Leslie Smith anxious to thoroughly explain to you the plan of The Postal Savings Bank.

New Comet.

A new comet said to have been found by a boy of fourteen whose home is in Michigan is now plainly visible in the northwestern part of the heavens. Any time after dark until the moon is well up, the comet may be seen. To find it early look for the Big Dipper (Ursar Major). The comet's tail, of course, is swinging the sun.

Looking Into Next Year.

We do not hesitate to say—as we have repeatedly said before—that the probabilities are that drouth conditions will prevail to a great extent into the summer of 1912, and possibly into 1913. But these drouth conditions, in every probability, will shift to different parts of the continent. By this we mean to say that the progress of the drouth area will be from north to south. Northern extremes will have more rain; the central, grain belt region will improve in rainfall over the season of 1911 in most parts, during the spring and early summer, but it will be wise to figure on crops that will mature before the mid-summer and autumn. If we had large agricultural interest under our control and direction, we would use all available means and opportunities to prepare this fall for as large a crop as possible, calculated to mature the earliest possible next season. If we lived in the extreme or approximate belt of southern states, we should promptly and systematically resort to the best known methods and tactics to meet and tide over severe drouth conditions. It is sheer falsehood to say that the country generally has not been menaced and smitten, in a large measure, by lack of rainfall this season; and we believe it will be foolhardy to disregard nature's admonitions of probable drouth, shifting to more southerly parts of the country as defined, during the year or two next before us.—HICKS.

Seedless Apple.

A genuine seedless apple was shown at the last Saturday's meeting of the Fruit & Truck Growers' Association. The apple was raised by J. D. Bourne and was paid a round silver dollar for the specimen by L. P. Landrum and Mr. Sechrist. The apple was divided into several small bites and passed around at the meeting, all pronouncing the flavor very fine. The specimen showed no indication of either core or seed formations. The tree is four years old.

Milk Supply Bad.

A board of inspectors at Fort Worth has found that 83 per cent of the 30 dairies around that city are not kept clean and sanitary. In consequence, they have pronounced the milk from the dairies unfit for human consumption. In one case, they found a fly Edward in connection with P. Brown, in another, they

lot of chickens roosted on the division rails of the cow stalls and the barn littered with feathers. Still in another, they found that the buckets, cans, and bottles were washed with water brought back from the city in the cans in which the milk was carried. And often the bottles collected while on the route were filled with new milk and distributed, the bottles not even being rinsed. In as much as few people ever wash out the bottles and often let the milk sour in them, the refilling of these bottles is positively criminal.

As a result of the inspection at Fort Worth, milk users all over the state are looking into the conditions of the dairies.

Some Potatoes.

The rivalry between the sweet potato growers around Hereford is becoming quite keen. O. E. Thomas exhibited a half dozen good size tubers all from one hill and the lot weighed exactly 10 pounds. Aroused by a friendly spirit of rivalry, A. W. Gregg comes forward with "some potatoes and two in a hill." He is displaying two large potatoes both from the same hill and both together weighing ten pounds and about evenly divided in size and weight, and there were no other potatoes in that hill.

The amount of sweet potatoes grown around Hereford each year should induce the Truck Growers' Association to find a market for this fine and edible tuber. There is no better food and if the folks who never did have the pleasure of tasting yam were given a chance to try their tooth on them, a market would be forthcoming.

Friends Unite to Harvest Crops of Neighbor.

Neighbors and friends gathered Friday of last week and harvested the greater part of the crop of W. H. Sides, three miles out from Amarillo. Sides had been forced to neglect the crop on account of the fatal illness of his son, and the neighbors and friends desiring to meet his necessity went with their harvesting machinery and spent the day on his farm.

Ladies of the Woodmen Club of which Mrs. Sides is a member, baked and furnished the dinner for the harvesters, and the day was spent pleasantly, as well as profitably, by all concerned.—Amarillo Daily News.

THIRTY MINUTES FOR CONTEMPT

Editor Gaston of Wichita Falls News Given Short Sentence.

Abilene, Tex., Oct. 9.—In the contest case against H. W. Gaston, editor of the Wichita Daily News, Judge Blanton of the district court, today sentenced the defendant to serve a thirty-minute sentence in jail.

The judge stated that he could impose a \$100 fine and a three days' sentence, but that he admired the spirit in which Gaston backed up his convictions, and for that reason would not be severe.

Bail in the sum of \$300 was given and appeal taken by Gaston, who is charged with contempt of court in connection with the publication of matter in connection with the Alexander trial recently.

Texas Industrial Notes.

The Agricultural & Mechanical College of Texas has reached the high water mark in registration and more students are yet to be enrolled. Up to date, there has been 1071 enlisted for the coming year, against 969 last year.

An Interurban Fund of \$20,000 has been raised in Sherman, and an Executive Committee consisting of C. B. Dorchester, E. B. Caraway, D. B. Lyon, C. C. Maynew and Joe Etter has been appointed. This fund will be added to and an interurban to Paris and Greenville and one to Gainesville will be pushed vigorously.

The county of Culberson, the newest in Texas, has an area of 3,667 square miles, or 2,346,880 acres. Van Horn is the county seat with a population of 300. Culberson was created by the last Legislature out of the eastern end of El Paso county, and was named for the Senior Senator from Texas.

The International & Great Northern Railway of Texas is to spend \$3,000,000 in improvements. The 150 miles of light rails between San Antonio and Laredo are to be replaced by heavy steel rails and the same improvement is to be made on the Fort Worth division.

The business men of El Paso will present the Pearson Syndicate a tract of land in the southern part of that city, valued at \$50,000 for a planing mill, box factory and paper mill, which is to be effected by those interests. Work on the big plant, which will give employment to several thousand men, will begin at once.

There has been 3,365 bales of cotton marketed at Willsboro up to date this season.

A Dallas County Good Roads Exhibit will be held during the Dallas Fair on Good Roads Day. The Commissioners' Court of Dallas decided to carry out the project.

The program for the Texas Land Exposition to be held in Houston on January 15-28, 1912, is being arranged. Each city of any importance in Texas is to have a special day.

Marfa, Texas, in Brewster county, is one of the best lighted small towns in the United States. Every street is illuminated, while merchants' display signs are on nearly every corner, giving the city a metropolitan appearance.

Post Favors Primary.

The Houston Post favors a presidential and senatorial primary. It says:

"If it be desirable to ascertain by primary election the wishes of the people with respect to the presidency, it is even more desirable to ascertain their wishes with respect to the senatorship, for the reason that the United States senator is more closely identified with the welfare of the state than the President. The senator is the state's spokesman in the federal congress.

Unless the senatorship be settled by the primary, the people themselves will have little to say about it and the choosing of the senator might be attended by trades and combinations in the legislature. If we are really in favor of the direct election of senators, then we should, in the absence of constitutional warrant for direct election, ascertain the public choice in the only feasible way, and that is through the primary election method.

We urge the executive committee, therefore, to include in the call for a presidential primary, if it decide to call one, the nomination of a United States senator. First, because already there are evidences of a combination to manipulate the legislature in the interest of men who would hesitate to submit their claims to the people themselves; second, because the people have the right to nominate a candidate for senator; third, because it would remove from the next legislative session a contest that would be sure to overshadow important domestic problems and probably result in a deadlock that might eventuate in the choice of a man the people do not want."

Now that there are at least four candidates for the senatorship—Randell, Sheppard, Ball and Wolters—it becomes necessary to thin them to a stand. The fact that Ball and Wolters were leaders in the state-wide contest will, in all probability, simmer the campaign down to these two; but this would make the contest strictly one of prohibition, and that subject should not enter into the matter of selecting a United States senator. But let the executive committee exercise its authority and give the Democrats a chance to select a senator and Presidential candidate by primary election.

Naval Experts Amazed.

Berlin.—Herr Christian Wirth of Nuremberg gave an interesting illustration of a new method invented by him, whereby a vessel may be controlled without any individual being on board and without any communication with the shore. By Herr Wirth's invention he is able to transmit power by means of radio-telegraphy and so control entirely the movements of the vessel.

The experiment was carried out upon the Vansee. The model, which was fifty feet in length and fitted with two masts, carried what are termed "aerials" and was stationed about a kilometer from the shore.

With the utmost regularity and with a marvelous precision and a wonderful absence of hesitation or delay, the engines of the model started, reversed or stopped by the mere pressure of a button on shore, the helm also being regulated with equal precision. The large party of naval officers and experts in the engineering world witnessed the remarkable and wonderful sight of a vessel being maneuvered from the shore without the assistance of wires or any other similar means of communication.

The mechanism on board the vessel is so adjusted that as soon as what may be termed a certain "command" was given, a colored light showed on the vessel. In explaining the working of this most wonderful of modern inventions, it was pointed

out that not only could a ship be controlled in this manner, but that torpedoes and guns could also be controlled and fired by this radio-telegraphic system.

Future experience alone will show to what extent this invention will be developed. Considering, however, that the present distance over which the vessel can be manipulated is about three miles, it speaks well for the future of this ingenious discovery.

A Good Show.

The colored minstrels were witnessed by a large and appreciative audience here last Tuesday evening. It is very seldom that we get to see as good a minstrel show as this one except in the larger cities. The darbies were right there, both in singing and dancing and were encored to almost every number. The show carries a fine brass band which rendered some excellent music.—Genesco Post.

Hereford, Wednesday, Oct. 18.

Dr. Elliot's Future Religion.

Dr. Chas. W. Eliot, president emeritus of Harvard, has drawn upon himself a storm of protest because of his reiterated declaration that the religion of the future will be unified and simplified "under one head—that of the love of God and service to one's fellow-man." Dr. Eliot is regarded as voicing to a large extent the college sentiment toward religion and his prominence as an educator and public man has given unusual force to his views. "The religion of the future will not be bound by dogma or creed," he thinks, but it will center round good works. Pain, he says, used to be considered as a punishment, whereas "the 20th century religion regards pain as an evil to be prevented or relieved by the promptest means possible." "Thanks to science," he adds, "there is comparatively little pain now that cannot be prevented or relieved." He thinks that "the fear of hell has not proved effective to deter men from wrongdoing and heaven has never been described in terms very attractive to the average man or woman;" hence the religion of co-operation and human service is displacing the old-style religions.

Happiest Girl in Lincoln.

D. 1911 the same being the 30th day of October A. D. 1911, then and there to answer a petition filed in said Court on the 2nd day of September A. D. 1911 in a suit, numbered on the docket of said Court No. 439, wherein W. S. Higgins is Plaintiff, and M. L. Kelly, N. F. Moore, M. J. Loftis, and W. A. Eastan are Defendants, and said petition alleging that on the first day of May 1908, the Defendant, M. L. Kelly executed and delivered to W. B. Beach, W. H. Rayzor, H. Trow, J. M. Garner, H. B. Webb and Jno. W. DeAtley her three promissory notes, dated May 1st, 1908, two for the sum of \$379.11 each, maturing respectively, on the first day of September, 1908, and on the first day May 1910, and one for the sum of \$251.97.

Plaintiff alleges further that said note for \$379.11 maturing Sept. 1st, 1908, and said note for \$251.97 have been paid off and satisfied, and that the said note for \$379.11 maturing the first day of May, 1910 is now owned and held by the Plaintiff; that said note, no part thereof, no interest thereon has been paid to Plaintiff's damage.

Plaintiff further alleges that said note bear interest from date, at the rate of 8 per cent per annum, and provides that in case it is placed in the hands of an attorney for collection, an additional amount of 10 per cent on both principal and interest shall be added as attorney's fees; that on the first day of May 1910, Plaintiff placed said note in the hands of Carl Gilliland, a practicing attorney of this bar for collection. That no part of said attorney's fees have been paid to Plaintiff's further damage.

The plaintiff further alleges that said note was given in part payment for the following described tract of land: Situated in Castro County, Texas, and being the S. one-half of section 45 Blk. T, Cert. No. 346, Original grantee, R. M. Thompson, containing 167 5-10 acres.

Plaintiff further alleges, that the Defendant, W. A. Eastan, M. J. Loftis, N. F. Moore, M. L. Kelly, N. T. Smith, and C. B. Hughes, are claiming and asserting some title and interest and estate in said land, but that Plaintiff's Vendor's Lien securing said note is superior to any right, title or estate, that the Defendants or either of them have to said land.

Plaintiff prays that Defendant be cited to appear and answer that he have judgment for the amount of the note due, and sued on, together with interest, attorneys fees, and cost, and a foreclosure of his Vendor's Lien, and that said Vendor's Lien be adjudged to be superior, to any right, title, estate or claim of the Defendants, or either of them.

Dawson are Defendants, and said petition alleging the Defendant, M. L. Kelly on the 1st day of May 1908, executed and delivered to W. B. Beach, W. H. Rayzor, H. Trow, J. M. Garner, H. B. Webb, and Jno. W. DeAtley her three promissory notes, dated May 1st, 1908, two for \$546.42 each, maturing respectively, on the first day of September 1908 and on the first day of May 1910, and one for the sum of \$363.25 maturing on May 1st, 1909, each bearing interest at the rate of eight per cent per annum, interest payable annually, and if not paid when due to become principal and bear interest at the rate of 8 per cent per annum. Each of said notes payable at Hereford, which is in Deaf Smith County, Texas, and each providing that in case said note was placed in the hands of an attorney for collection, or if collected by suit an additional amount of 10 per cent would be added thereto as attorney's fees.

Plaintiff further alleges that all of said notes, except the one maturing May 1st, 1910 have been paid, and that Plaintiff is the owner and holder of said note maturing May 1st, 1910, which Plaintiff alleges is long past due, and unpaid; that said note was given as part of the purchase price for the following described tract of land: Situated in Deaf Smith County, Texas, being a part of Section 48, Blk. T, Cert. No. 349, Original Grantee, R. M. Thompson, and described by metes and bounds as follows: Beginning at the S.E. Cor. of said section 48, Thence N. to a point in the E. line of said section. 1841 Vrs; Thence W. parallel with S. line of said section 982 1-2 Vrs. to a point in the W. line of said sec; Thence South 1841 Vrs. to S.W. cor. of said section.; Thence E. 982 1-2 Vrs. to the place of beginning, containing 240 9-10 acres of land.

Plaintiff further alleges that in order to enforce the collection of said note, it became necessary to employ counsel to assist him, and did on the 28th day of August 1911, employ one Carl Gilliland, a practicing attorney of this bar, and did on the last named date place said note in said attorney's hands for collection.

Plaintiff further alleges that no part of said attorney's fees have been paid, to Plaintiff's further damage.

Plaintiff would further allege, that the Defendants and each of them claim some right, title or interest in and to said land, the exact nature of which this Plaintiff does not know, except by the Defendant, Dawson but alleges that the Plaintiff's Vendor's Lien given in part payment for said property, is superior to any right, title or interest of any of the Defendants in said land; that Plaintiffs is the owner and holder of the note sued on.

Plaintiff prays that Defendants and each of them be cited to appear and answer, and that he have his judgment against the Defendant M. L. Kelly for the amount of said note sued on, principal, interest—attorney's fees, for cost of suit; and that he have his judgment foreclosing his Vendor's Lien on said land, and that his said Vendor's Lien be adjudged to be superior to any right, title or interest that the Defendants or either of them may claim or have.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have

Mistakes Will Occur.

It is no little task to keep errors from creeping into the mailing list of a newspaper. In consequence, sometimes a well-behaved subscriber, who has already paid in advance, will get a dun. While this may irritate the average man no little and the circulation man may need "bailing" out for making such a "bust," yet in as much as all men are liable to mistakes, it will mend the whole matter and peace will reign, if the aforesaid dunned subscriber will simply deny the allegation and remind the said newspaper that on such and such date the necessary spondulix was paid. Keep your feet warm and your head cool, even in paying your subscription and if you don't get your money's worth, it is because you don't read the advertisements.

Senator Johnson Again.

Editor Harper, of the Amarillo
Daily Panhandle, took a mighty hot
shot at Senator W. A. Johnson in
last Thursday's issue. Mr. Harper
claims that the senator broke confidence
with the dollar dinner committee
in speaking upon the subject
of prohibition when the dinner was
supposed to be in the nature of a
get-together meeting after the fierce
struggle Amarillo has gone through
for the past number of years. Mr.
Harper also assails the senator for
the defeat of the Amarillo charter
in the legislature. These two circumstances
we are not acquainted with, as we
did not attend the dinner nor were
we in the state during the session
of the legislature, and hence do not
know fully the steps taken. However,
during the last days of the legislature
a number of senators acted like a
lot of school boys playing "hide and
go seek," and Senator Johnson was
in the gang. This is the first time
we ever knew that the legislature
was a state's playground to which
a number of men were sent on state
pay to act the fool. It matters not
what kind of bills were before the
senate, these men should have stayed
by the guns and fought rather than
running cowardly away. Every man's

Senator Johnson Comes Back.

Summary of Chapter I: Senator
Johnson made a speech at the Har-
mony Dinner at Amarillo on the
subject, "My Stewardship," and
how he had joined the Hide-Out
Club at Austin, and incidentally
lanthasted the anti-prohib.

Chapter II. Harper of the Daily
Panhandle calls the Senator's hand
and takes one over him on the Ama-
rillo Charter affair.

Chapter III. The aforesaid Sena-
tor comes back and tells the dear
people not to notice such men as
Harper, and adds: "When it is
considered that the editor of the
Panhandle is an ignorant ex-saloon
keeper and thug, and when it is a
fact that Senator Johnson spoke for
good citizenship and defended the
prohibition members of the legisla-
ture it is not remarkable that he
should be condemned by this arch
anti paper of the Panhandle."

Chapter IV. The Only Harper
takes a crack at the Senator thusly:

"We challenge the BIG SENA-
TOR, who edits the "weakly" Hall
County Herald to prove his charge
or give his authority for saying that
the editor of the Daily Panhandle
was ever directly or indirectly in
the saloon business. The charge of
ignorance might be true if he did
not also make the charge of "thug."
A thug if ignorant is sure to have
been arrested or indicted once in 33
years, and as the editor was never
arrested or never indicted in his life
then his charges must be false. In
fact they are false and the man that
utters them is a LIAR. Neither
have I ever been a thug or a traitor
senator.

We ask Johnson why he persists
in referring to the Anti Prohibition
Party as "Saloon Bums?"

Senator you're the limit, and
while it may please you to liken
yourself to a dog on the trial, we
beg to rise to defend the dog."

Deafness Cannot Be Cured

by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deafness,
and that is by constitutional remedies.
Deafness is caused by an inflamed
condition of the mucous lining of the Eusta-
chian Tube. When this tube is inflamed
you have a rumbling sound or imperfect
hearing, and when it is entirely closed,
deafness is the result, and unless the in-
flammation can be taken out and this
tube restored to its normal condition,
hearing will be destroyed forever; nine
cases out of ten are caused by Catarrh,
which is nothing but an inflamed con-
dition of the mucous surfaces.
We will give One Hundred Dollars for any case of
Deafness (caused by Catarrh) that cannot be cured by
Hall's Catarrh Cure. Send for circulars, free.

The 101 Ranch Show.

In a recent agricultural article the New York Herald said: "The 101 Ranch is the largest and most renowned stock and agricultural ranch in the United States consisting of over thirty square miles. Five hundred farm hands are required to harvest the crops, and several hundred cowboys look after the 25,000 head of cattle. The Miller Bros. own one-tenth of all the American Buffalo in the country."

This is the home of the 101 ranch Real Wild West Show which will be here Friday, October 13th. It is from the ranch that the show derives its name and the ranch in turn takes its name from the brand "101" that

is placed on the left hip of all live stock of the ranch. The same people that own the ranch are the owners of the show and a truer ring of the genuine could not be had. The show is truly western in the most minute detail and there is nothing that could be considered foreign to the west in any of its many departments. It is not the show that is founded on the ideas that fiction has spread broadcast and so unreal, but the foundation that served as a basis at the time of its organization and which has been adhered sacredly since its realism, personal experiences and individual knowledge of western things as they were and are. While other alleged wild west shows

have based their organization on blood and thunder incidents gleaned from the books with the yellow cover the 101 Ranch Real Wild West Show has successfully offered that which has a tendency to elevate educate and entertain. Of course there are a number of feature acts the portrayal of which necessitates the use of firearms but they have not been made the basis of the exhibition.

To particularize would necessitate an exhaustive treatise but to sum up it is only necessary to say that the past and present of the west is literally transported from that interesting part of this world to your very fireside.

HELPFUL HINTS ON HAIR HEALTH.

Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hat-band is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. The remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

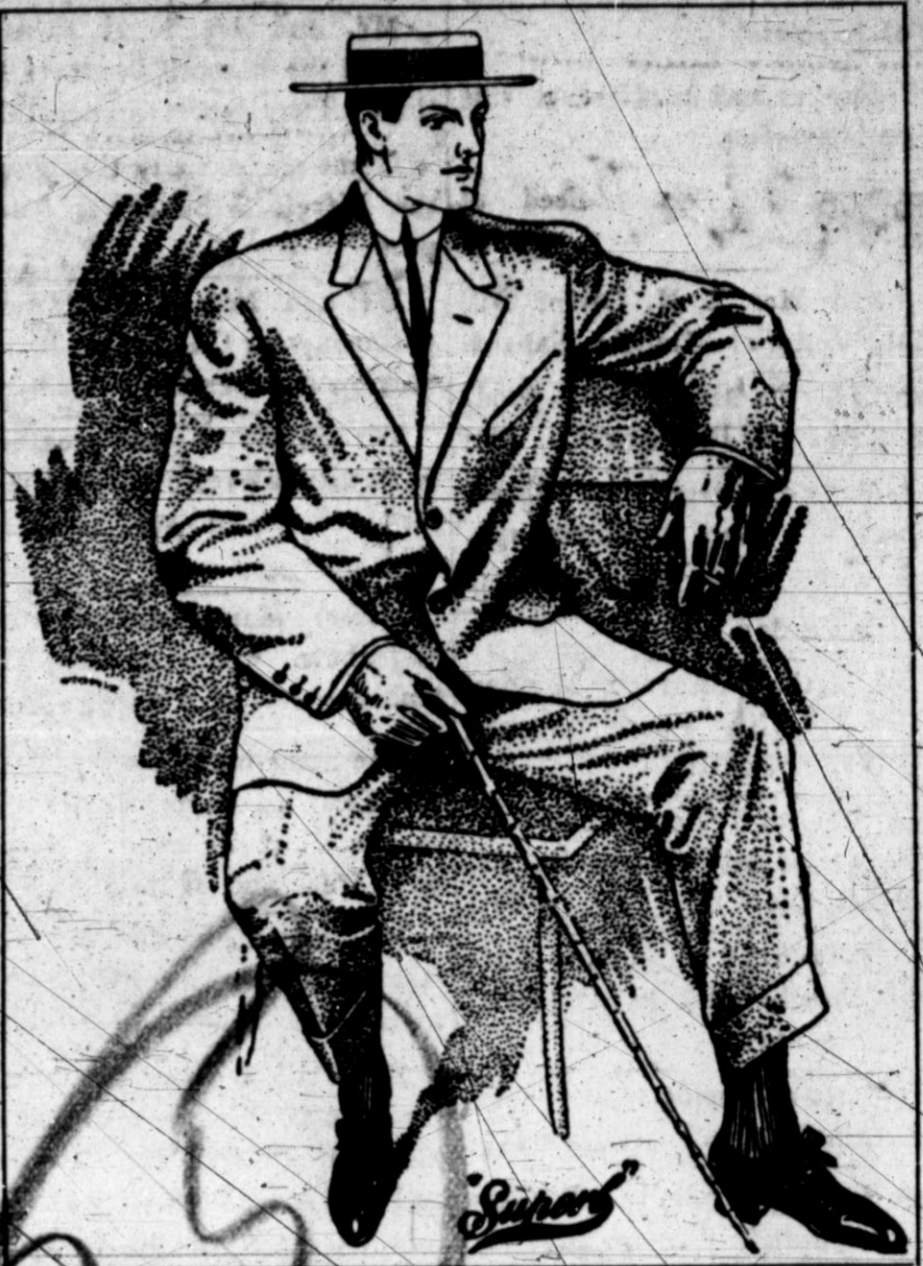

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that we think that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store, Corner Drug Store.

If you have anything that you wish to dispose of advertise it in the Brand Liners and sell it.

You'll Want "Superb" Clothes

for the cold weather that is due here very soon now. You cannot buy a better suit at any price, yet the price you pay for "Superb" clothing is comparatively little.

"Superb" Clothes are all wool, perfect in style and workmanship, and we take pleasure in guaranteeing a fit. We are enthusiastic about "Superb" clothes—even as you will be when you come in and look the line over.

SHOES!—We Bar None

It is our claim that we have the best line of shoes in Hereford. This claim we set forward the Burt & Packard Correct Shape to make good. Then further we guarantee them, so how could you lose by buying the Burt & Packard Correct Shape for men.

The Dorothy Dodd is the height of excellence in style and wearing qualities when it comes to ladies' shoes. This season shows some beautiful ones. The Brown Shoe Co.'s shoes for children have won a host of friends and are giving universal satisfaction.

Stamp Licking.
Stamp licking has become an industry of the past in the offices of the Commercial Secretaries and Business Men's Association of Texas.

Formerly, six girls were taxed to get postage on the millions of pieces of literature sent out, but the task became so herculean that the association has obtained a special permit under which its educational matter is mailed without being stamped. Just a number of two figures gets the mail admitted, and then a lump sum is paid the postal authorities.

A counting machine record shows the enormous amount of literature distributed during the Association year, ending today at the annual meeting at Dallas.

A grand total of 3,083,684 pieces of literature have been sent out. Exactly \$4,161.42 was expended for postage alone, calling for some 416,142 one cent stamps or 208,071 two centers. In addition, eighteen tons—39,600 pounds—of plated matters was supplied daily and weekly newspapers of Texas.

Over 2,495,800 "Stories" of industrial and commercial nature were sent to 721 weekly and 87 daily

newspapers in Texas, and some 200 of the big dailies outside of the state. Some 336,000 pamphlets were given circulation.

Texas newspapers alone gave over some 78,324 columns to publicity of the articles. It would have taken 932 issues of the biggest paper in the state to equal the amount of space occupied in all the papers by the association's literature. On still another angle, the papers printed fully 93,998,800 words, for which, had there been a charge of 2 cents a word, might have cost \$1,879,776. But it was all news matter, worthy of space as news, and was so treated by the press in co-operating with the association in its work designed to further the interests of the state and the welfare of her people.

How wide a circulation the literature received may be understood when it is considered that the papers served have a combined subscription list of at least 1,380,000. Each paper, it is accepted, is read by 100 persons, so fully 6,900,000 people have read every day the association's literature. And on the Texas publication basis, the association talked twice a day to almost every inhabitant.

The Marlin Model 20 REPEATING RIFLE

You can buy no better gun for target work and all small game up to 200 yards.

Without change of mechanism it handles .22 short, long or long-rifle cartridges perfectly. The deep Ballard rifling develops maximum power and accuracy and adds years to the life of rifles.

The end tip is protection from defective cartridge—prevents powder and gas from being blown back. The side ejection never lets ejected shells touch your head and allows quick, accurate repeat shots. With simple take-down construction, removable action parts—least parts of any .22—it is the lightest and easiest to clean. A great vacation rifle. Ask any gun dealer.

The 12-page Marlin catalog will help you decide what rifle best suits your individual desires. Send 3 stamps for it today.

Couldn't Walk!

"I used to be troubled with a weakness peculiar to women," writes Mrs. Anna Jones, of Kenny, Ill. "For nearly a year, I could not walk, without holding my sides. I tried several different doctors, but I grew worse. Finally, our druggist advised Cardui for my complaint. I was so thin, my weight was 115. Now, I weigh 163, and I am never sick. I ride horseback as good as ever. I am in fine health at 52 years."

TAKE The CARDUI Woman's Tonic

We have thousands of such letters, and more are arriving daily. Such earnest testimony from those who have tried it, surely proves the great value of this vegetable, tonic medicine, for women.

Cardui relieves women's sufferings, and builds weak women up to health and strength. If you are a woman, give it a trial. It should help you, for it has helped a million others. It is made from pure, harmless, herb ingredients, which act promptly and surely on the womanly organs. It is a good tonic. Try it! Your druggist sells it.

THE BENCH CONGRESS

The congress received this week a letter from the Hon. Morris Sheppard thanking the members for their kindly feeling towards his candidacy. This certainly shows that the Bench Congress of Hereford is fast becoming famous as a club of political importance. The letter reads:

Texarkana, Texas, Oct. 3, 1911
Mr. A. C. Elliott,
Editor "Hereford Brand,"
Hereford, Texas.

My Dear Sir: I am very much pleased to have a copy of the Hereford Brand and I am glad to see that the "Bench Congress" is so kindly disposed toward my candidacy.

With unqualified good wishes, I am
Yours very sincerely,
MORRIS SHEPPARD.

No doubt the other candidates for the Senate will now sit up and take notice. Perhaps Gov. Wilson of New Jersey may send the bench some cushions for the use of the members, and maybe Jacob will ship them a package with a plain wrapper addressed in care of the anti from Arkansas with the instructions to "shake well before taking."

The Fruit and Truck Growers Association meets on the first Saturday of each month. You are invited to attend. The place—county court room; time 2:30 p. m. 31tf

Who Gives the Road.

A paragraph about the Law of the Road is still going the rounds of the weekly papers, often without credit, the closing sentence of which is—"the law says that when a man is overtaken by a faster vehicle, the one driving the slower vehicle shall turn out and give half the beaten path." Well, the law don't say any such thing. The Brand published last week a few excerpts from the Common Law and if it means anything, the one who wishes to drive ahead or go faster must turn around the vehicle in front, unless the front vehicle is obstructing the road as to make it impossible for the one behind to go around. Thus a wagon or a buggy when overtaken by an auto, is not compelled to give any of the road unless the auto cannot possibly go around.

COMES QUICKLY.

Don't Have to Wait for Weeks.

Waiting is discouraging.
Prompt action pleases everybody.

A burden on the back is a heavy weight.

Hard to bear day after day.

Lifting weight, removing the burden,

Brings appreciating responses.

Hereford people tell of it.

Tell of relief that's quick and sure.

Here is a case of it:

A. C. Barnhart, Miles Ave., Hereford, Texas, says: "I used Doan's Kidney Pills about a year ago when my kidneys were troubling me and they brought prompt and satisfactory relief. I have never been bothered by my kidneys since then and I can therefore say that Doan's Kidney Pills are permanent in their effect."

FOR MR. ODELL ELLIOTT.

Sunday Mrs. Robert Elliott and daughter, Miss Willia, gave a one o'clock dinner complimentary to Mr. Odell Elliott of Dallas. The invited guests being Mr. Elliott's attendants in the Elliott-Vaughn wedding on Wednesday, and a few special friends. At the pretty dining room table the color effect that was to be used at the wedding was in evidence, the white score cards being done in yellow chrysanthemums and tied with a dainty yellow ribbon bow, while on the back of each was a quotation appropriate to that especial guest. Around the plate of the guest of honor was twined a wreath of white cosmos which he later distributed as favors to his guests.

After the sumptuous dinner the gentlemen enjoyed themselves only as men can when they are allowed the privilege of good cigars. In a short space the charm of the ladies of the household was added to the front-room circle and the pleasure of the day was complete. Musical selections by Mrs. Alex Harwood and Misses Willia and N. Anna

Elliott were pleasantly received, and a few of the well known songs were joined in by all present. The guests were: Messrs. Alex Harwood of Amarillo, McLean, Betts, Mercer and Henderson of Hereford. Messrs. Elliott, Stanberry and Elliott.

BRIDAL PARTY "FEED" FOR MISS VAUGHN AND MR. ELLIOTT.

Invitations for a bridal party "feed" from Miss Woodburn, Miss Gregg and Mrs. Clyde Wright brought twelve guests to the Wright residence at about 7 o'clock Monday evening. Three tables beautifully decorated in the predominating wedding color—yellow—gave the house a gala appearance. The dining room was especially pretty. The mellow light from brass-shaded candles glowed on the table dressed in cluny and sparkling silver in the center of which rested a huge cut glass bowl of smilax and yellow roses. Above the table was suspended a large, golden yellow bell lined with white and yellow roses and vides. The outside bore the initials O. E. and M. V. intertwined with green tendrils. From the bell white ribbon strung with small hearts drooped to each plate where hand-painted folder place cards, shaped as hearts, designated the plates for the bride and groom, maid of honor and best man. The other two tables

had ribbon streamers strung with yellow hearts suspended from the ceiling and reaching to the place cards and they were lighted with shaded candles. Every where strings of hearts and yellow and white streamers decorated the rooms.

The "feed" consisted of an elegant eight course dinner prepared by the young matron, Mrs. Wright, and served by Miss Jane Gregg and the groom's sister, Miss N. Anna Elliott, who were daintily clad in white and yellow.

A kaleidoscopic change of places occurred at the end of each course so that every couple was permitted to sit at the table with the bride and groom during the evening.

A menu with a unique parody was written inside each place card.

Their Romance:

1. A mild introduction.
2. Warmer Interest.
3. Fishing (comments of commentators.)
4. A Lovers "meeting," green eyes, apples of Discord.
5. Sour looks, hot words.
6. Hard-hearted and cold.
7. Melting in sweetness.
8. Floods of everlasting love.

The Reality:

1. Orange Cocktail.
2. Oxtail Soup, Olives.
3. Salmon patties, Escalloped common "taters."
4. Baked meat loaf, French peas, Stuffed apple.
5. Salad, Deviled ham sandwiches.
6. Iced hearts, Frozen cream.
7. Bon-bons.
8. Coffee.

Each person was given a tiny yellow pencil and two white hearts on which to write thoughts for the bride and groom. Upon arriving at the bride's table, these hearts were presented to Miss Vaughn and Mr. Elliott, who were thus showered with all kinds of good wishes.

ELLIOTT-VAUGHN.

A wedding quite beautiful and impressive was that solemnized at the First Christian Church on Wednesday afternoon at 2 o'clock, when Miss Mildred Vaughn, daughter of Mrs. L. W. Vaughn, became the bride of Mr. Odell Elliott.

The ceremony was performed by Rev. S. T. Shore, pastor of that church, in the presence of many friends and relatives, including a number from out of town.

By a lavish use of southern smilax on the wall, ceiling and columns, groups of palms and banks of fern, the section of the church used for the wedding resembled a woodland bower. At the back of the rostrum and between the palms ferns were massed to mantel height, having on top a vase of beautiful yellow chrysanthemums and feathery springer fern. Vases of the same decoration were placed on pedestals at either side. To the center front a white satin pillow painted in yellow chrysanthemums rested upon a bed of fern, thus completing the favored color tones of green, yellow and white. Yellow shades at the windows and around the electric bulbs made the setting complete.

With Mrs. Alex Harwood of Amarillo at the piano the following pre-nuptial program was given: "O Promise Me," Mrs. Bunce Stephens; instrumental solo, "Hearts and Flowers," Mrs. Harwood; "I Love You," Mrs. C. W. Baird.

As Lohengrin's wedding march was rendered the ushers, Messrs. Eagle Henderson, Dow Mercer, Edgar Betts, and John McLean came down opposite aisles and crossed to position. Following them were the maids, Misses Winona Arthur, Belle Woodburn, Nannie Jowell, and Ina Gregg, gowned in white marquise over yellow satin, white veils with bows of yellow (87 dail bon, and carrying arm bo

white chrysanthemums and fern.

Next came the matron, Mrs. B. S. Arnold and the maid of honor, Miss Willia Elliott, sister of the groom. The matron wore yellow crepe over satin, en train, white felt picture hat and carried a basket of white chrysanthemums. The honor maid was in yellow marquisette over satin, white felt hat in yellow trimmings and carried an arm bouquet of white chrysanthemums.

Dressed in white silk frocks, white kid boots, yellow sashes and butterfly bows of yellow on the hair, each carrying a large chrysanthemum, little Eloise Pittman and Kathleen Hawkins preceded the bride scattering petals by the way.

The bride entered alone wearing an exquisite gown of chiffon embroidered in rosebuds, over dutchess satin, made in the square court train. Rare lace and pearl garnitures adorned the bodice. The veil was of white tulle trimmed in real lace and fell the full length of the train, being confined in front by orange blossoms. The bouquet was of tube roses and and bride's roses with a shower of lilies of the valley.

The groom was attended by Mr. Alex Harwood, as best man and they entered from the side.

The beautiful ring ceremony was used, during which time Miss Ruth Wilson rendered the violin solo, "Traumere" with piano accompaniment.

The composition from Mendelssohn was played for the recessional.

An informal reception followed at the home of the bride's mother, Mrs. L. W. Vaughn. The guests were received by Mrs. John Miller, sister of the bride, and Mrs. A. C. Elliott, and were passed into the parlor where they were introduced to the receiving line by Mrs. Geo. W. Barcus and Miss Blanche Potter, the line being composed of the bridal party. Many happy congratulations were extended to the bride and groom. The chosen color scheme was carried out in the parlor decorations by a generous banking of green with yellow chrysanthemums on the piano. In the dining room where Mesdames A. L. Gibson and J. C. North presided and with the aid of the little Misses Merrill Granger, Mary Worley, Edna Elliott, Inez Hodges, Ruth Fox and Emma Bell Elliott, refreshments of rose shaped yellow cream with white cake and white mints were served. The dining table around which the guests stood was edged with a chain of plumosus fern and in the center was placed a large reflector on which rested a cut glass bowl filled with fern and cream rose buds. One of the pleasures of the afternoon was the registry of names in the guest book under the direction of Mrs. W. T. Stanberry and a gift to the bride from Mrs. Arnold, the matron. At the top of the pages was a running illustrated story of "The House That Jack Built," the letters being embossed in Old English. As the guests passed from the hall each was given, by Miss N. Anna Elliott, a piece of wedding cake in a box of white with the monogram, V-E, embossed in gold. In the room where the many beautiful gifts were displayed, Mesdames N. J. Matthews and Emmett Cardwell served at the punch bowl. During the hour a musical program was in progress in the parlor; the numbers being played by friends.

Mr. and Mrs. Elliott left at 4:20 p. m. on the Pecos Valley Special for Amarillo and from there took the Denver for Dallas-Oakcliff, where they will reside. The bride's traveling suit was a one piece cream serge with coat, hat and accessories to match. A group of friends gathered at the train to bid the new

couple a pleasant trip to their new home and as the train pulled up to the station a shower of rice was thrown upon them. Mr. Elliott had up till a few months ago lived at Hereford and his return to make Miss Vaughn, one of our popular young ladies, his bride was no surprise to his many friends.

Among the out-of-town guests were Mr. and Mrs. Alex Harwood of Amarillo, old friends and school mates of the groom; Mr. and Mrs. W. C. Cochran and Mrs. Chas. Edwards of Midland, old friends of the bride and her family; Mrs. C. W. Baird of Grazier, Okla., a sister of the bride; Robert Elliott of Amarillo, father of the groom.

Paper Out Early.

This week and until further notice the Brand will be placed in the office Friday morning instead of the afternoon. This change has been made necessary on account of the day current being off on Friday. The paper will be "run" Thursday night, so that all copy for ads or news matter should be in not later than Thursday noon. Large ads must be in by Wednesday in order to insure insertion.

The social at the Presbyterian church Tuesday night was quite a success. Given for the benefit of the Presbyterian Orphans' Home at Itasca. Useful contributions of wearing apparel were made and some \$30.00 in money donated. Quite a large crowd was present and nearly all denominations were represented. The social was under the auspices of Ladies Aid of the Presbyterian church. Coffee and doughnuts were served as refreshments.

Big Show Coming

The town has been literally plastered with litho pictures of the 101 Ranch Wild West Show; but with all their pains the company failed to impress one youngster when the show was coming. Soon after the window hangers were up, this particular young lad of about the 5th grade stood akimbo before the pictures, and after a minute's inspection asked: "Say, when is that there show comin' here?" and the date of the show was displayed in at least four places right before his eyes. But he found out and will be on hand.
