

## Trial Talk Resurfaces

BEIRUT, Lebanon (AP) — The head of Iran's biggest political party talked again about putting the American hostages on trial as leaders of the revolutionary regime discussed the U.S. response to Iran's terms for their release.

Ayatollah Mohammad Beheshti, the leader of the Islamic Republican Party and the president of the Supreme Court, said if the Iranian government decides Washington's reply is unsatisfactory, the Majlis, Iran's Parliament, will have to decide whether the 52 Americans should be tried as spies, the Tehran newspaper Engelab reported Thursday.

Prime Minister Mohammad Ali Rakai conferred Thursday with Ayatollah Ruhollah Khomeini, the leader of the revolutionary regime, and Tehran Radio said they discussed "current events," including Iran's war with Iraq. But it was assumed they also discussed the American reply, which was delivered in Tehran Wednesday by Algerian officials.

Government officials were reported to have discussed the reply in meetings all day Thursday. But no government action was expected today since it was the Moslem Sabbath.

The American reply has not been made public, but U.S. officials said it contained a pledge not to interfere in Iran's affairs and explanations of the legal obstacles to immediate fulfillment of the other conditions set by Khomeini and the Majlis: the freeing of more than \$8 billion in frozen Iranian assets, cancellation of all American claims against Iran and the return of the fortune which

the late Shah Mohammad Reza Pahlavi and his closest relatives transferred abroad.

Although the U.S. government reportedly told the Iranian government that Iran's claims and those against it would have to be decided by the American courts according to American law, it continued to delay U.S. court actions in the suits brought against the Iranian regime.

In San Francisco, U.S. District Judge Robert F. Peckham signed an order Thursday suspending court proceedings for 90 days in 20 lawsuits involving about \$500 million of the frozen Iranian assets. He said the U.S. government requested the three-month stay because "judicial proceedings at this time ... would create a serious risk of prejudicing the continuing efforts of the United States government to resolve the hostage crisis."

In Washington, State Department spokesman Joe Reap confirmed that the government had taken the same action in other such cases for the same reason.

"I'm pretty certain that no judge has made a ruling on the validity of a suit," Reap said. "To the best of my knowledge, all rulings have been postponed."

Some 250 lawsuits have been filed in more than a dozen states against the frozen Iranian government assets. U.S. companies seeking compensation for losses they suffered after the shah was deposed by Khomeini's revolution have obtained court orders impounding an estimated \$5 billion in Iranian assets until federal judges decide who is entitled to the funds.

## Sharing Bill Now In Senate's Court

WASHINGTON (AP) — A three-year extension of a multibillion-dollar revenue-sharing program called vital to basic services in cities and counties across the nation is halfway through Congress. Its fate now, however, is unclear in the unpredictable lame-duck session.

The House voted Thursday to continue the \$4.6 billion in no-strings-attached grants to local governments through fiscal 1983, which will end Sept. 30 of that year. It also authorized \$2.3 billion a year for state governments in fiscal 1982 and 1983.

The measure now goes to the Senate, which is expected to consider a similar version of its own next week.

While Senate approval is likely, it is questionable whether there will be enough time before the targeted Dec. 5 adjournment date of this lame-duck session to resolve differences between the two measures.

"To forecast with reliability what the outcome will be is impossible," said a Senate aide, who asked not to be identified.

Revenue sharing, begun during Richard M. Nixon's presidency, expired Sept. 30, the end of fiscal 1980, but the effect has yet to be felt by local governments that rely on the money as an integral part of their budgets — ranging from police and fire protection to civic projects. The next round of grants are not due until January.

The National League of Cities said in a statement Thursday that the uncertainty "has left local govern-

ments around the United States facing the prospect of substantial shortfalls in revenue for budgets that were prepared and adopted earlier this year."

"Revenue sharing contributes 5 percent of the local revenues in an average city and substantially more in some communities," the statement said.

Local officials say failure to extend the program might lead to higher property taxes and curtailed services.

The House rejected efforts to eliminate the states' share and to extend the program for local governments for only one year.

The Senate bill would extend the program at the \$4.6 billion annual level for five years and authorize the \$2.3 annual state grants for four years beginning in fiscal 1982. It also would authorize \$1 billion a year in additional federal aid, which is triggered in times of severe recession.

Opponents of the state grants argued the federal government no longer can afford them. Supporters said they are the most efficient method of providing federal aid, because there are no strings attached and little bureaucracy is needed to administer the program.

Rep. Jack Brooks, D-Texas, the Government Operations Committee chairman and a strong opponent of revenue sharing, said if state entitlements were retained, Congress could "kiss a balanced budget goodbye for your lifetime."

### Final Flurry

Stanton 8th grade quarterback Chad Stephan, 12, is confronted by a La Plata tackler during the course of the gridiron clash between the two cross-town rival schools yesterday. The two 8th grade teams finished their duel in a deadlock at 18-18 as Stanton managed the tying score in the final minute. The 8th grade clash was just one of three games held at Whiteface Stadium Thursday as the Stanton and La Plata 9th graders also faced off and the HHS sophomore squad hosted Plainview. Stanton took the 9th grade game over La Plata 34-6 while the Herd sophs triumphed over Plainview 46-0. Football season ended in Hereford with Thursday's final frenzied flurry of games. ## Tower Says Government Should Aid With Aliens

WASHINGTON (AP) — Sen. John Tower, pointing to the federal government's inability to enforce immigration law, says local school districts should get some financial help to educate illegal alien children.

"The states are not responsible for the establishment or enforcement of our nation's immigration policy and laws, and I do not believe they should be burdened with the expense brought on by the federal government's failure of enforcement," the Texas Republican said Thursday in introducing a bill to provide federal aid.

The measure is the second introduced since a federal judge last summer declared unconstitutional a Texas law that denied state funds for the education of illegal alien children.

Supreme Court Justice Lewis F. Powell Jr. later refused to allow Texas school districts to postpone enrolling illegal aliens or to charge them tuition while the decision was being appealed.

Rep. Jim Mattox, a Democrat from Dallas, introduced in the House a bill similar to Tower's but there has not been any movement since it was referred to committee.

Saudi Crown Prince Fahd telephoned the Kuwaiti ruler and assured him of "the importance Saudi Arabia attaches to the safety and territorial integrity of Kuwait," Kuwaiti sources said.

Three other Arab states on the Persian Gulf, Bahrain, Qatar and the United Arab Emirates, joined Saudi Arabia in expressing solidarity with Kuwait and concern that the 53-day-old Iran-Iraq war might spread down the Arabian peninsula. That would endanger the remaining flow of oil from the area to the non-communist world.

Kuwait said it sent Iran a formal protest over the incident Wednesday, in which two Iranian rockets exploded harmlessly near Kuwait's Al

where they make up at least 2 percent of total enrollment.

The bill authorizes a maximum of \$200 million annually for the 1981-1983 fiscal years to be paid to eligible state education agencies. The reimbursement for local school districts would be the average per pupil expenditure in the state or \$1,500 — whichever is less.

"The cost should be borne

in principal part by the entity responsible for the problem which has arisen — that entity being an administrative agency of the federal government," Tower said in his remarks.

Texas was the only state to have a law of the type declared unconstitutional by U.S. District Judge Woodrow Seals in Houston last summer.

## Support of Kuwait Voiced by Saudis

BEIRUT, Lebanon (AP) — Saudi Arabia rushed to support Kuwait after its oil-rich little neighbor blamed Iran for an air attack on a Kuwaiti border post. But a Kuwaiti newspaper said the rocket attack was "unintentional" and speculated that the Iranian pilot dropped his payload after being hit.

"Saudi Arabia will come to Kuwait's aid against any danger it is exposed to," said King Khaled, leader of the world's largest oil exporter, in a message Thursday to Kuwaiti ruler Sheikh Jaber al-Ahmed al-Sabah.

Saudi Crown Prince Fahd telephoned the Kuwaiti ruler and assured him of "the importance Saudi Arabia attaches to the safety and territorial integrity of Kuwait," Kuwaiti sources said.

Three other Arab states on the Persian Gulf, Bahrain, Qatar and the United Arab Emirates, joined Saudi Arabia in expressing solidarity with Kuwait and concern that the 53-day-old Iran-Iraq war might spread down the Arabian peninsula. That would endanger the remaining flow of oil from the area to the non-communist world.

Kuwait said it sent Iran a formal protest over the incident Wednesday, in which two Iranian rockets exploded harmlessly near Kuwait's Al

Abdali post on the border with Iraq.

There was speculation that the Iranian jet had been assigned to attack the Iraqi naval base and port at Umm Qasr, 12 miles from the Kuwaiti post. The base, on the embattled Shatt al-Arab waterway, was hit twice Wednesday by Iranian jets.

"Since the eruption of the Iran-Iraq war Kuwait has been well aware that being close to the battlefield meant something like yesterday's incident could happen at any time," the Kuwaiti newspaper Al Siyassah said, adding that the attack appeared to be "unintentional."

It reported that persons in the area saw an Iranian plane, believed to be a U.S.-made Phantom jet, crash near the border post, and military experts said the pilot probably dropped the rockets in an attempt to reduce his plane's weight after it was hit.

In reports from the battlefields Thursday, Iran claimed its forces pushed Iraqi troops back about four miles from the besieged oil refining city of Abadan, and both governments reported fighting on the bridge over the Karun River on the east side of the neighboring Iranian port city of Khorramshahr.

## Holiday Kickoff Set at Breakfast

Local merchants will be showcasing their holiday wares next week as the Deaf Smith County Chamber of Commerce hosts its third annual Christmas Kickoff Fun Breakfast.

The breakfast is scheduled for Thursday, Nov. 20 at 6:30 a.m. at the Hereford Community Center.

Theme for the event is "Eat Your Heart Out Neiman-Marcus" as local merchants will be given the opportunity to prove that they have items for holiday giving second to none.

According to Chamber Executive Vice President Mike Carr, local merchants will be given 8 ft. of table space at the Community Center for next Thursday's event and merchants will be responsible for decorating that space and displaying holiday gift items.

"The merchants of Hereford will have the oppor-

tunity to display new and unusual items for holiday gift giving in any manner they desire in their display area. Individuals arriving for the Fun Breakfast will be served coffee and presented the opportunity to view the holiday merchandise," stated Carr.

"We're expecting the largest turnout ever for this event in the way of stores represented. At least 40 have signed up at this point. Only a limited amount of table space remains and merchants interested in having a display need to contact the Chamber office by Monday," he added.

The breakfast program will include the presentation of a Chamber "Bullchips" award, and Carr reported that nominations for the Bullchips recipient should be made to the Chamber office prior to 5 p.m. Monday.

During the breakfast program, emcees Doug Manning and Lynton Allred will discuss some of the merchan-

dise on display and will also hold drawings for \$75 and \$25 in Deaf Smith bucks.

A grand prize drawing for \$200 in Deaf Smith bucks will also be held.

Carr explained that the Deaf Smith bucks are presented by the Chamber on behalf of county merchants and can be redeemed by local merchants at the Chamber office.

"The purpose of the bucks is to keep Deaf Smith County money here at home, working for us," said Carr.

Drawings will also be held for some of the merchandise to be on display during the breakfast.

At the conclusion of the meal those in attendance will be afforded further time to view the displays.

Individuals planning to attend the Chamber Fun Breakfast should turn in their reservations no later than 5 p.m. Nov. 19.

## Police Arrest Suspect In Two City Burglaries

Hereford police have apparently cleared two recent burglaries with the arrest of an 18-year-old suspect here Thursday.

Randy McDonald, 800 Union, was arrested on theft charges in connection with a burglary at Stan Knox TV, 900 Lee, in which approximately \$3,300 worth of items were taken recently.

Police Sgt. Vernon Hope reported that approximately \$1,200 worth of items taken in that theft were recovered and that subsequent questioning of McDonald has also apparently cleared up a burglary at Clover Spraying, Inc., 902 Lee.

Officers faced some tense moments Thursday morning when they were summoned to 309 Gracy by Irene Livingston, who informed police that her brother was firing shots in that area.

Police arrested 63-year-old Tommy Livingston on charges of discharging a firearm in the city limits and threatening with a deadly

weapon after surrounding the house where the suspect took refuge.

According to a police spokesman, one officer attempted to coax the suspect outside the house with a loud speaker while other officers worked their way up to the structure.

Officers edging their way toward the door where the suspect was standing apparently grabbed the 63-year-old man as he extended his arm outside the door and a scuffle ensued as other officers moved in.

The suspect was subsequently subdued and taken away by police.

A police spokesman reported that the man's sister appeared "badly beaten."

Officers arrested a 15-year-old suspect Thursday night near the Temple Baptist Church after receiving a report concerning broken glass in that area.

An investigating officer found that a window had been broken at the back of the

church and examination disclosed blood on the window area.

Upon further investigation the officer found the juvenile lying face-down in the alley. The youth had a cut arm and was carrying donuts, apparently taken from the church.

The county juvenile officer was summoned but upon refusal of the youth's parents to allow him to be returned home he was booked into the county jail.

Two women who parked their cars in the 400 block of West Park Ave. notified police Thursday concerning thefts.

One woman reported that an electric can opener was missing from her vehicle while the other found that a CB radio and antenna had been taken from her car.

An incident of vandalism was reported at The Office on east Highway 60 where a rock was thrown through a plate glass window. Damage was estimated at \$200.

Jim's Plumbing, 803 South Texas reported that a burglar apparently entered that building sometime Wednesday rifling a soft drink machine and going through a number of drawers in the office area.

Total loss in that incident was unknown.

A woman in the 200 block of Hickory reported that she heard someone at the glass door at the front of her home yesterday and upon investigation found a black male, described as 5-9 and weighing 160 pounds, attempting to open the door. The woman screamed and the man fled.

Officers arrested a 25-year-old suspect for intoxication through paint sniffing Thursday in the 600 block of Irving.

Officers received one report of a harassing phone call yesterday and issued five traffic citations.

## Pregnant Women Need To Avoid Caffeine Use

Prudence...moderation...avoidance...common sense. More and more pregnant women may be hearing, and heeding, those words when it comes to eating and drinking products that contain caffeine. Some doctors have offered such advice for years. More are being encouraged by the Food and Drug Administration to tell their childbearing patients to avoid or, at least, consume sparingly caffeine containing products because caffeine (like so many other substances) enters the mother's bloodstream and passes through the placenta to the unborn child.

Prodded by FDA, food producers—especially the coffee and soft drink industries—are being encouraged to undertake a wide range of new scientific research on caffeine and its effects on humans, particularly pregnant women and children. The coffee and soft drink industries previously announced their support of more research on caffeine by pregnant women.

There is already evidence from animal tests that caffeine, in doses equal to what a human might consume from 12 to 24 cups of strong coffee a day, can cause birth defects in pregnant rats. It is not known, however, if caffeine affects humans the same way because humans may not metabolize or process the substance in the same manner as animals. However, the tests with pregnant rats offer enough to warn pregnant women about caffeine.

A 1978 report also expressed concern about caffeine's effects on children, primarily from long-term consumption of caffeine-containing soft drinks. The report noted that children were consuming caffeine at "near those levels that are known to cause central nervous system effects in

adults." In addition to being found naturally in some food products, caffeine is added to a number of over-the-counter prescription drugs. It can be found in some headache, cold, allergy and stay-awake pills that are available both with and without prescription. It is also used in painkilling and menstrual compounds.

As a stimulant to the central nervous system, caffeine can cause insomnia, nervousness, irritability, anxiety and disturbances in heart rate and rhythm. It also can affect blood pressure, coronary circulation, and the secretion of gastric acids.

Aside from being a drug, caffeine has been part of the human diet for thousands of years. It is a naturally occurring substance in coffee, tea, cocoa and cola drinks. It is also added to many other food products, including some baked goods, frozen dairy products, candies, gelatins and puddings as well as soft drinks and chocolate candies.

For more information about caffeine, contact the Food and Drug Administration, Consumer Affairs Office, at 500 South Ervay, Suite 470-B, Dallas, Texas 75201.

### Al-Anon Makes a Difference

DEAR ANN LANDERS: My in-laws read your column religiously. With luck, I may be able to get through to them.

My husband, their son, is an alcoholic. I have been attending Al-Anon and counseling service for several months. Now I am able to treat my husband differently. I refuse to do many things I used to do for him because I realize that unless he is forced to suffer the consequences of his drinking, he will never be sober.

It is heartbreaking to watch the man you love fall on his face, but I know I must—for his sake. His sister and parents think I am stone-hearted and cruel.

I wish I could say to them, "If you really loved him you would cart your carcasses off to Al-Anon and find out how you are contributing to his illness." Please, Ann, back me up. No matter what they think, I am — A Loving Wife In Chicago.

DEAR LOVING WIFE: Here's your letter — not only for your in-laws but for all mothers, fathers, wives and husbands, sisters, brothers and children who think they are doing the alcoholic a favor by covering for him, cleaning up after him, lying to his boss and accepting the consequences of his drinking instead of making him accept responsibility for himself.

Al-Anon teaches you not to pamper the drunk. It gives you the courage to do what you must to help get the alcoholic off YOUR back and on his feet. Al-Anon is in the phone book — and it's free. Get going.

DEAR ANN LANDERS:

### Merry Mixers Schedule Refresher Dance Class

Merry Mixers Dance Club has started a refresher course for all area square dancers.

The club meets the first, third and fifth Thursday of each month at 7:30 p.m. at the Hereford Community Center. Freddie McKee is both teacher and caller. Fee for the course is \$5 per couple.

In a business meeting held recently the members decid-

ed to have a Christmas dance and dinner Dec. 18 at the Community Center. Dickies Restaurant will cater the dinner.

Generally a disease of young children, rickets is caused by a vitamin deficiency.

Leonardo da Vinci died in 1519, the same year that Cortez began this expedition to conquer the Aztecs of Mexico.

## Music Club Accepts Resignation

Mrs. L.W. Tooley, vice president of Dawn Music Club gave her resignation recently during the club's meeting at Dawn Community Center. Her resignation was accepted and Mrs. Carl Wimberley was elected to fill the vacancy.

The meeting was hosted by Mrs. Bill Caraway, President. Mrs. Caraway presided over the business session and the club voted to contribute \$100 to the Dawn Community Association.

The upcoming Westgate Birthday party on Jan. 8 was discussed and Mrs. O. Wertenberger and Mrs. Alfred Smith were appointed to make arrangements for this event. Mrs. Smith was

also appointed chairman of the Cheer Committee of the club.

Continuing the study of American Musicals, Mrs. Wertenberger gave a discussion of the life of Victor Herbert, stating in part "He was born in England but studied in Germany. Later he became a brilliant conductor of Vienna Waltzes in Austria. He began the study of the cello at the age of 15. When he was 27 he came to the United States where he directed bands and wrote a coming opera for Lillian Russell entitled "Kiss Me Kate," and "Sweethearts," were some of his best known musicals."

The musical selections for the program were from the

"Sound of Music" by Richard Rodgers: "Do-Re-Me," "Fidelius," and "Climb Every Mountain," sung by Mrs. Bill Caraway; "Sixteen Going on Seventeen," and "Sound of Music," sung by Mrs. J.B. Caraway. Mrs. Wimberley played the accompaniment for these on the piano and also for the Hymn of the Month, "Ancient of Days."

The club voted to have the rest of the years programs in the evening. The next meeting will be a family Christmas party in the home of Mr. and Mrs. Carl Wimberley Dec. 8, 7 p.m. Gifts will be exchanged at this time. Members are to bring finger foods.

## Thanksgiving Supper Planned

Plans for the annual Thanksgiving Supper were completed when the Hereford Rebekah Lodge No. 228 met in regular session this week at the IOOF Temple.

All Rebekahs, Odd Fellows and Canton members and their families are invited to the supper Nov. 18 at 7:30 p.m. at the IOOF Temple.

Noble Grand Verna Sowell presided at the business session as first nominations for

the 1981 officers were held. In other business, sick visits and greeting cards were reported.

Helen Sowell was hostess to members present including Nellie Beauford, Leona Sowell, Faye Brownlow, E.E. Bishop, Merl and Martha Bridges, Susie Curtisinger, Sadie Shaw, Peggy Lemons, Karrol Rettman, Bessie Saulcy, Ada Hollabaugh, Verna Sowell, Lydia Hopson and

## DS Residents' SS Rates Announced

Social Security benefits were being paid to residents of Deaf Smith County at the rate of \$560,706 a month at the start of 1980, Jim Talbot, social security manager in Amarillo said today.

Social Security benefits can be paid to retired persons age 62 and over, to workers who become severely disabled before age 65, and to survivors of deceased workers.

Monthly social security checks are also paid to certain dependents of a worker who has retired, become disabled or died.

Of the 2,433 social security

beneficiaries living in Deaf Smith County, 1,151 are retired workers and 104 are disabled workers. Another 338 persons are receiving benefits as the wives or husbands of retired or disabled workers. Widows, widowers and dependent parents of deceased workers number 373.

In Deaf Smith County, 876 people under age 65 and 1,557 people age 65 and older are receiving monthly social security benefits. Of total beneficiaries, 819 are men, 1,147 are women and 467 are children.

### Outstanding Service Recognized

Jerry Johnson, Exalt Ruler for the Hereford Elk's recently presented the peace officer award for the month's August, September, and October. Those receiving the merits were from left Shawn Poland, Deaf Smith County Ambulance driver and attendant was awarded the September award for his volunteered time

to the Fire Department demonstrating respiratory therapy; Johnson; Rick Wilkins for the month of August for outstanding service; and Phil Sciumbato for the month of October, for his work with the local drug program.

## Gas Consumption In Texas Down

AUSTIN, Tex.—State comptroller Bob Bullock reports that during the past year gasoline consumption in Texas took a nosedive at a time when the number of vehicles on the state's roads increased.

He said during the state's past fiscal year, which ended August 31, Texas motorists consumed 8 billion gallons of gasoline.

Figures for the 1979 fiscal year show that more than 8.5 billion gallons of gasoline were sold in Texas and about the same amount sold in 1978.

Bullock put total vehicle registration in Texas for the 1980 fiscal year at 11.9 million vehicles, compared to 10 million vehicles on Texas roads during 1979.

"A half billion gallon drop is significant at a time when the state's car and truck population is skyrocketing," Bullock said.

"Our analysis doesn't show whether people are driving less or getting better mileage, but they are definitely buying less gas," he said.

Texas motorists used between 600 and 700 million gallons of gasoline a month, Bullock said.

Bullock said his office col-

lected \$399.4 million in gasoline taxes during the past year, compared to \$417 million turned into the state during 1979.

He said three-quarters of the tax goes to the highway fund and one-quarter is put into the Available School Fund.

Gasoline is taxed at five cents a gallon and diesel fuel is taxed at six and a-half cents a gallon, according to Bullock.

Diesel fuel tax revenues amounted to more than \$78 million during fiscal 1980, compared to \$70.7 million during 1979.

About 5 billion gallons of diesel fuel were sold in Texas last year, Bullock said.

A comparison of vehicles and consumption of gasoline for 1980 shows the "average" automobile or truck used 680 gallons of gasoline during the 12-month period.

Registered vehicles and gasoline consumed during 1979 "averages" out to 843 gallons a year.

Major consequences of the Thirty Years' War (1618-48) were the independence of Switzerland and Holland, and France's acquisition of Alsace.

## The Newspaper Bible

EVEN THE DEMONS OBEY HIM!

Jesus and His companions now arrived at the town of Capernaum and on Saturday morning went into the Jewish place of worship - the synagogue - where He preached.

The congregation was surprised at His sermon because He spoke as an authority, and didn't try to prove His points by quoting others—quite unlike what they were used to hearing!

A man possessed by a demon was present and began shouting.

"Why are you bothering us, Jesus of Nazareth - have you come to destroy us demons? I know who you are - the holy Son of God!"

Jesus curtly commanded the demon to say no more and to come out of the man.

At that the evil spirit screamed and convulsed the man violently and left him.

Amazement gripped the audience and they began discussing what had happened. "What sort of new religion is this?" they asked excitedly. "Why, even evil spirits obey His orders!"

The news of what He had done spread quickly through that entire area of Galilee.

## Vets to Receive Larger Checks

Nearly 2.3 million veterans, 240,000 surviving spouses and more than 83,000 children of deceased veterans will receive larger Veterans Administration compensation checks in November, VA Administrator Max Cleland has announced.

The increase is the result of recent Congressional action signed into law October 7, by the President which hiked compensation rates by 13 percent for those rated from 10 to 40 percent disabled, and 14.3 percent for more seriously disabled veterans.

Dependency and indemnity compensation rates for surviving spouses and children of veterans were increased by 14.3 percent also.

Effective on October 1, the new rates will be reflected in checks received November 1.

The legislation made several other changes in VA

benefits, including:

- an increase from \$25,000 to \$27,500 in the amount of a VA home loan guaranty for conventional homes, and from \$17,500 to \$20,000 for mobile home loans;
- payment of up to \$5,000 for special housing adaptations for veterans with service-connected blindness in both eyes (5-200 visual acuity or less), or with the loss, or loss of use, of both hands;
- provision of headstones or grave markers for a veteran's wife, husband or child buried in a state veterans' cemetery;
- improved pensions for military retirees whose retirement income falls below the poverty level.

The legislation also provides relief for veterans who obtained mortgages during periods of high interest rates and later find they can obtain refinancing at lower rates.

Previously, VA loan guaranty eligibility required that a mortgage be paid off and the property disposed of before a veteran was once again eligible for a VA mortgage guaranty. The new law permits refinancing of the existing mortgage and VA guarantee of the refinanced loan.

The bill restricts benefits for veterans incarcerated in federal, state or local penal institutions on felony convictions. They will receive compensation or DIC at a lesser rate after they have been confined for 60 days.

The new compensation rates mean that a veteran with a service-connected disability rated at 10 percent will receive \$54 a month, an increase from \$48. The rate for a 50 percent disability goes from \$225 monthly to \$291, and a veteran with 100 percent disability will receive \$1,016 monthly instead of the current \$889.

Additional amounts, providing a maximum monthly payment of \$2,898 (up from \$2,536), will be paid for specific severe disabilities.

VA chief Cleland said a detailed explanation of the new rates will be included with the November compensation checks.

Bullock said his office col-

## Helicopter Crash Kills Four

MIAMI (AP) — A helicopter carrying a pilot and three technicians from ABC and NBC News crashed while returning from assignment in the Bahamas, and all four people aboard were killed, the Federal Aviation Administration and the networks said today.

Stan Kukla, supervisor of the FAA's flight-service center in Miami, said the wreckage of the Bell Jet Ranger was found this morning in a marshy area of

western Andros Island, about 170 miles southeast of Miami.

Three bodies were recovered and the U.S. Coast Guard was searching for the fourth, officials said.

The bodies were being taken to a hospital in Nassau, capital of the Bahamas, for positive identification, said Gerrie Cook, an FAA spokeswoman in Atlanta.

Mrs. Cook said the helicopter apparently crashed shortly after taking off from Andros Island for the

flight to Miami on Wednesday. The cause of the crash was not known, she said. The Coast Guard had begun an air-sea search after the aircraft was reported overdue late Wednesday.

Network officials said the helicopter carried two NBC employees and an ABC employee. The pilot was tentatively identified as George Snow, an independent pilot from Miami.

The news crews were returning from assignments on the

tiny island of Cayo Lobos, where on Wednesday 102 marooned Haitians were forcibly loaded onto a Bahamian boat taking them back to Haiti.

Maurice Johnson, operator of Crescent Charters in Miami, identified Snow as a veteran pilot who served as secretary-treasurer of the Helicopter Association of Florida.

An NBC-TV spokesman in New York identified two employees as Jay Randall Fairbairn, an NBC cameraman, and Dan Cefalo, a free-lance sound technician employed by NBC for the assignment.

An ABC spokesman in New York said technician Joe Dalisera was aboard the flight. The spokesman said a second ABC employee apparently had remained in the Bahamas when the helicopter departed.

## Names in the News

NEW YORK (AP) — Edward Koch says he did it once "like everyone else — to see what it was like."

But smoking marijuana wasn't "an experience that I wanted to engage in," New York's candid mayor said Wednesday on a live radio call-in show.

Koch also told program host Carol Getzoff of WPLJ-FM, a rock music station, that he does not now smoke pot.

Although he supports decriminalization of marijuana, Koch said he has "never been for legalization" and "would urge people not to use it."

"I believe that it does have physical, deleterious effects upon the individual, just like cigarette smoking," the mayor said.

DAYTON, Ohio (AP) — Cathy Guisewite didn't feel quite so sad when she made cartoons out of her dilemmas. And that's how the "Cathy" comic strip got started.

Now one of the most widely syndicated woman cartoonists in the world, Miss Guisewite began drawing the character to find humor in her own life. "A miserable experience wasn't quite so miserable when I drew it," said the 30-year-old artist, here Wednesday to promote her "Cathy" books.

"Cathy," a single woman who works in an office and tries to be liberated, is competent at work, disorganized at home and in a constant tizzy over her private life. The strip appears in 250 newspapers.

# 8th Grade Football Teams Take Battle to 18-18 Standoff

The 8th grade La Plata and Stanton football teams, both determined to show their cross-town rival they were the best grid crew, battled to an 18-18 tie ballgame here Thursday in the annual city championship.

Both went away a little disappointed, but satisfied. On this one occasion they were both the best.

And the clash showed signs of being a heated cross-town rivalry right from the very start as both teams worked their way into an even ball game early.

In opening first quarter play, Stanton's Kevin Ritas broke for a 25-yard touchdown scramble to cap a 45-yard Dogie scoring drive. An ensuing extra point conversion fell short of its mark and Stanton took a 6-0 advantage.

But La Plata Mavericks answered that scoring boom with one of their own, briefly afterwards. In this case, it was a boom heard around the

world as signal-caller Mike Scott lofted a 66-yard pass completion to receiver Albert Gonzales for an incredible tying score. The long catch reception (completing a 70-yard thrust) was only the second play delivered on La Plata's first possession of the ball.

The topsy-turvy rivalry was far from over though. Actually it had just gotten warmed up.

Stanton vaulted back into the lead again in the second quarter after first blocking a La Plata punt on the Maverick 28-yard line, and then scoring from eight yards out as running back Sammy Suarez took a reverse play into paydirt. The extra point conversion failed again and

the Dogies regained a 12-6 lead.

Yet La Plata, still not to be outdone in the duel, blocked a Stanton punt on the 35-yard line as Joe Ky Schultz charged in to deflect the kick.

And the Mavericks capitalized on the opportunity two plays later following Albert Gonzales second touchdown (15 yards) of the afternoon from quarterback Mike Scott. The second period TD sent the game into its second tie just before intermission.

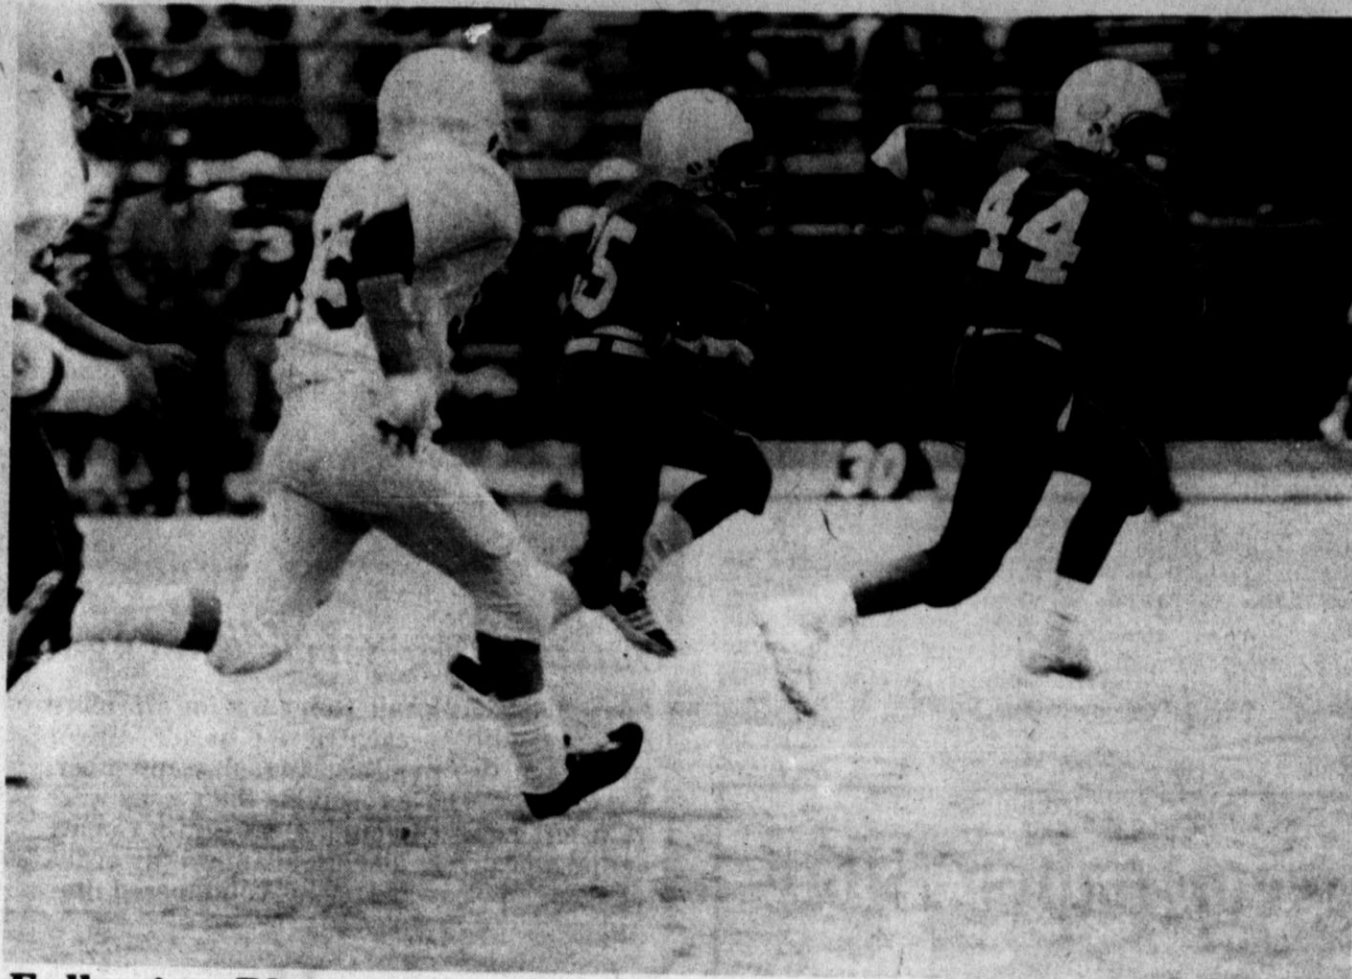

La Plata came out of the lockerroom at halftime gunning and took its first advantage of the grueling debate midway into the third period. After the Maverick defense

canned another Stanton punt, running back Robbie Snyder scampered in from 25 yards out to give La Plata an 18-12 upperhand. The PAT failed.

But, as had been the case through the whole clash, no one was giving up — least of all Stanton.

With just over a minute remaining in the final period, quarterback Chad Stephan capped a Stanton 25-yard thrust which had come off a La Plata fumble, and dove in from a yard out to tie the clash for the final time. The Dogie squad was unable to complete a two-point conversion play and the cross-town opponents finished out the feud at 18-18.

Neither of the two were the best or worst this time.

## Following Blockers

Stanton 8th grade running back Sammy Suarez (35) follows the blocking of one of his teammates en route to a score for his squad, while a La Plata defender tries to cut off his effort. The two cross-town battled it out for the city championship here

Thursday as they wound down the season with the season finale against one another. The exciting clash failed to determine a winner however, as the affair concluded at 18-18.

# Shorthorns Whip Plainview Bulldogs

Led by an early Issac Gamboa touchdown and a first quarter TD pass from Rickey McCracken to Jay Hodge, the Hereford Whiteface Shorthorns ended a successful 9-1 season here Thursday night as they pounced and rolled over the Plainview Bulldogs 46-0.

Following a blocked punt reeked on the Bulldogs during their second possession, the Whitefaces whittled off a meager 15-yard drive as Gamboa wheeled his way to paydirt from the three-yard line. David Zuniga's extra

point conversion took a wide course and Hereford began its long string of scores with a 6-0 advantage.

That meager 6-point margin was added to later in the first period as signal-caller Rickey McCracken tossed a scoring pass to an awaiting Jay Hodge. The touchdown sent the score to 12-0 heading into second period play after the PAT shot failed for the second time.

But the Whitefaces found out they could do without the extra-point conversions after

they drilled in another drive just shy of the intermission mark.

Taking an ensuing Plainview fumble for a 25-yard merry-go-round, the Herd managed to nudge in a 21-0 lead after Ernest Villilovos paced off a 25-yard TD run just before the arrival of second quarter play. Zungia made his extra-point conversion stick this time to give HHS complete control of the affair.

And the brutal beating wasn't over for Plainview even at that point.

Directly into second quarter play, Jay Hodge uprooted another Hereford score to cap a 50-yard Hereford drive, and a 27-0 mismatch.

The tune of the game didn't change much for the Bulldogs even in the second half. It continued to get worse.

After Plainview fumbled on their first possession in the opening segment of third quarter play, the Whitefaces took the ball on the PHS 18 and pinched in a five-yard run by Villilovos. Zungia added the PAT for 34-0 Hereford lead.

And the Herd edged in one more topping score before the conflict concluded as cornerback Charlie Garza intercepted a PHS pass to set up Glenn Phibbs touchdown from one-yard out. That drive, starting from the PHS 30-yard line nailed the lid shut at 40-0. The PAT shot missed its mark, but the Herd was counting on it.

## Over Struggling Mavericks

# Dogie 9th Grade Wins

The La Plata Maverick 9th grade football team wore the face of two different personalities here Thursday in route to a losing 34-6 decision against the squad's city rival Stanton.

The first, a 77-yard scoring bomb from quarterback Robert Martinez to a scrambling Larry Jimenez in opening first quarter play, looked very fashionable on the squad. The second, an end to that first period scoring

display combined with a defensive letdown, would have placed last in the congenial contest.

After Stanton mounted a 70-yard scoring drive that ate up more than seven minutes of the first quarter during their first possession of the conflict, the Mavericks slickly knocked off a five play (70+yard) scoring gallop of their own with the 77-yard pass play.

The Mavericks, starting on

their own 27-yard line, missed a pass completion, took an offside penalty, and even lost five yards on a miscued option play before sending the contest into a 6-6 tie on that miraculous catch.

But the team's magic wore off as quickly as it had arrived. It never scored again in the clash.

Midway into second period play, the Dogies drilled in another bountiful 60-yard drive to extend their advantage to 14-6 after running back Ronnie Collier dived in from 1-yard out with 2:18 remaining before intermission. He then followed the performance with a two-point conversion run to give Stanton an eight point edge.

And what once had been a reasonably close ball game, turned into a runaway monster. The complexion of the contest in its early stages could hardly be recognized in second half play.

Following two cold weather fumbles by both squads out of halftime, the Dogies began their big roll to the high scoring brackets.

With 7:56 left in the third quarter, Stanton took over on La Plata's 42-yard line after Larry Martinez was chased out of his passing pocket and fumbled.

Two plays into the possession, Stanton's Ted Ramirez took a Jeff Streun hand off and rolled around the left side

line for the touchdown on a reverse for 13 yards out with 6:40 showing.

Stanton continued its scoring spree into the final period after La Plata's offensive unit ground down at the Stanton 27-yard line with 2:56 left in third quarter play.

Ronnie Collier took the pigskin from that point in the third quarter and broke a wide open jaunt up the middle for 60 yards to set up another touchdown for the Dogies. The highlighting play pushed Stanton to the La Plata 29-yard line before Ted Ramirez skipped through the middle of the Maverick defense for an open fourth quarter Dogie TD. The score made that tally read 28-6 in favor of the awesome Stanton team.

And the Dogies made the massacre complete as they drove it in one more time in the waning minutes of the clash.

Taking the ball on the Maverick 32-yard line following a wind-tossed La Plata punt (brisk northerly winds gusted through Whiteface Stadium at velocities of up to 20 mph at time to hamper both squad's play) Stanton marched 40 yards for the final score of the game. Quarterback Craig Jones kept the ball from two-yards out to end the affair at 34-6 after the ensuing PAT failed.

## Cleveland Meets Powerhouse Steelers

By HAL BOCK  
AP Sports Writer

It's put-up or shut-up time for the Cleveland Browns, who are convinced that this is their year in the American Football Conference's Central Division.

The AFC Central is home of perennial champion Pittsburgh and the Browns march into Three Rivers Stadium Sunday one game in front.

It is a classic confrontation and the Pro Picker suspects the Browns may be fired up just enough to pull this Upset Special off.

The Picker was plain upset — nothing special about it — last week, going 8-6 straight up and 6-8 against the points. For the season, the log reads 80-58-1 (54-85 against the points).

The picks:  
Browns 31, Steelers 27: Cleveland is on a tear with five straight victories and has gained over 400 yards in each of the last four. Pittsburgh is favored in the spread by 6½ points.  
Eagles 30, Redskins 14: Philadelphia is just too much for Washington to handle.

Philadelphia favored by 6.  
Oilers 24, Bears 13: Houston can sit back and watch the Browns and Steelers belt each other around. Or Houston can belt Chicago around. Choose the latter. Houston favored by 3½.  
Patriots 27, Rams 20: This should be a toughie for Los Angeles, which came up flat last week. New England secondary should handle Vince Ferragamo. But can LA do the same with Steve Grogan? New England favored by 3½.  
Chargers 23, Chiefs 17: San Diego is becoming something of an enigma and improving Kansas City could pull a surprise if Dan Fouts & Co. aren't careful. San Diego favored by 8.  
Cowboys 31, Cardinals 14: Dallas is mad over what happened against the Giants last week. St. Louis, innocent in the matter, pays the price. Dallas favored by 10.  
Vikings 16, Bucs 9: Minnesota smells blood in the NFC Central. Tampa Bay could be a sacrificial lamb. Minnesota favored by 4.

# Tampa Bay Clashes With Minnesota in NFC

By BOB GREENE  
AP Sports Writer

After being battered all season long, the National Conference Central Division now gets down to deciding who will go to the National Football League playoffs.

All five teams in the NFC Central still have a shot at the division crown after 10 games, and Tampa Bay moves into Minnesota Sunday for the first showdown.

The Buccaneers, the defending division champions, will play all six of their remaining games in the division, including two each with the Vikings and the Detroit Lions.

"This is the season," Tampa Bay Coach John McKay said. "We are going to play a six-game season."

Detroit leads the NFC Central with a 6-4 record while Minnesota is 5-5, Green Bay and Tampa Bay both 4-5-1 and the Chicago Bears 4-6.

"Everybody is even in our division, literally," said Coach Bud Grant, whose Vikings have won the division 10 times. "And everybody in our division feels they can win it."

In other games Sunday, Green Bay meets the New York Giants, Detroit plays host to the Baltimore Colts and Chicago is at home with Houston.

Elsewhere, Buffalo is at Cincinnati, Cleveland plays at Pittsburgh, Kansas City travels to San Diego, the New York Jets are at Denver, New Orleans goes to Atlanta, Philadelphia is at

Washington, St. Louis is at Dallas, Los Angeles goes to New England and San Francisco is at Miami.

Monday night, Oakland is at Seattle.

"Going into it (the season), I thought we would have about six games won by now," said McKay. "But whatever we did, we knew these (final six) would be the most important games of the year."

Cleveland has won five straight games, including a 27-26 victory over the Steelers three weeks ago when Browns quarterback Brian Sipe completed a club-record 28 passes, including the decisive 18-yard TD toss to tight end Ozzie Newsome with 5:38 to go. Pittsburgh barely got past Tampa Bay last week as most of the

Steelers' injured players returned.

Philadelphia, at 9-1 off to its best start since the Eagles won the NFL championship in 1960, tries to extend its winning streak to seven and hand the Redskins their third straight loss.

The St. Louis Cardinals, who figure they lost on a fluke two weeks ago, get another shot at Dallas. The Cowboys beat the Cards on a 28-yard scoring pass with 45 seconds left in the game. Last week, Dallas was shocked by the Giants while St. Louis fell to Atlanta in overtime.

The Houston-Chicago contest pits the Oilers' Earl Campbell, the NFL's defending rushing champion, against the Bears' Walton Payton, a four-time NFC rushing champ.

New England, which shares the AFC East lead with Buffalo, hopes to make it two in a row over Los Angeles, which is one game behind Atlanta in the NFC West. In their only other meeting, the Pats downed the Rams 20-14.

Both Kansas City and San Diego are trying to stay alive in the AFC West. The Chargers, 6-4, have lost four of their last six games while the Chiefs, 5-5, have won five of their last six.

"If we can upset the Chargers, it will determine whether we are in the race or not," said Kansas City Coach Marv Levy.

Cincinnati, 3-7, will try to halt its slide but will be taking on one of the NFL's top teams. Last year, the Bills crushed Cincinnati 51-24.

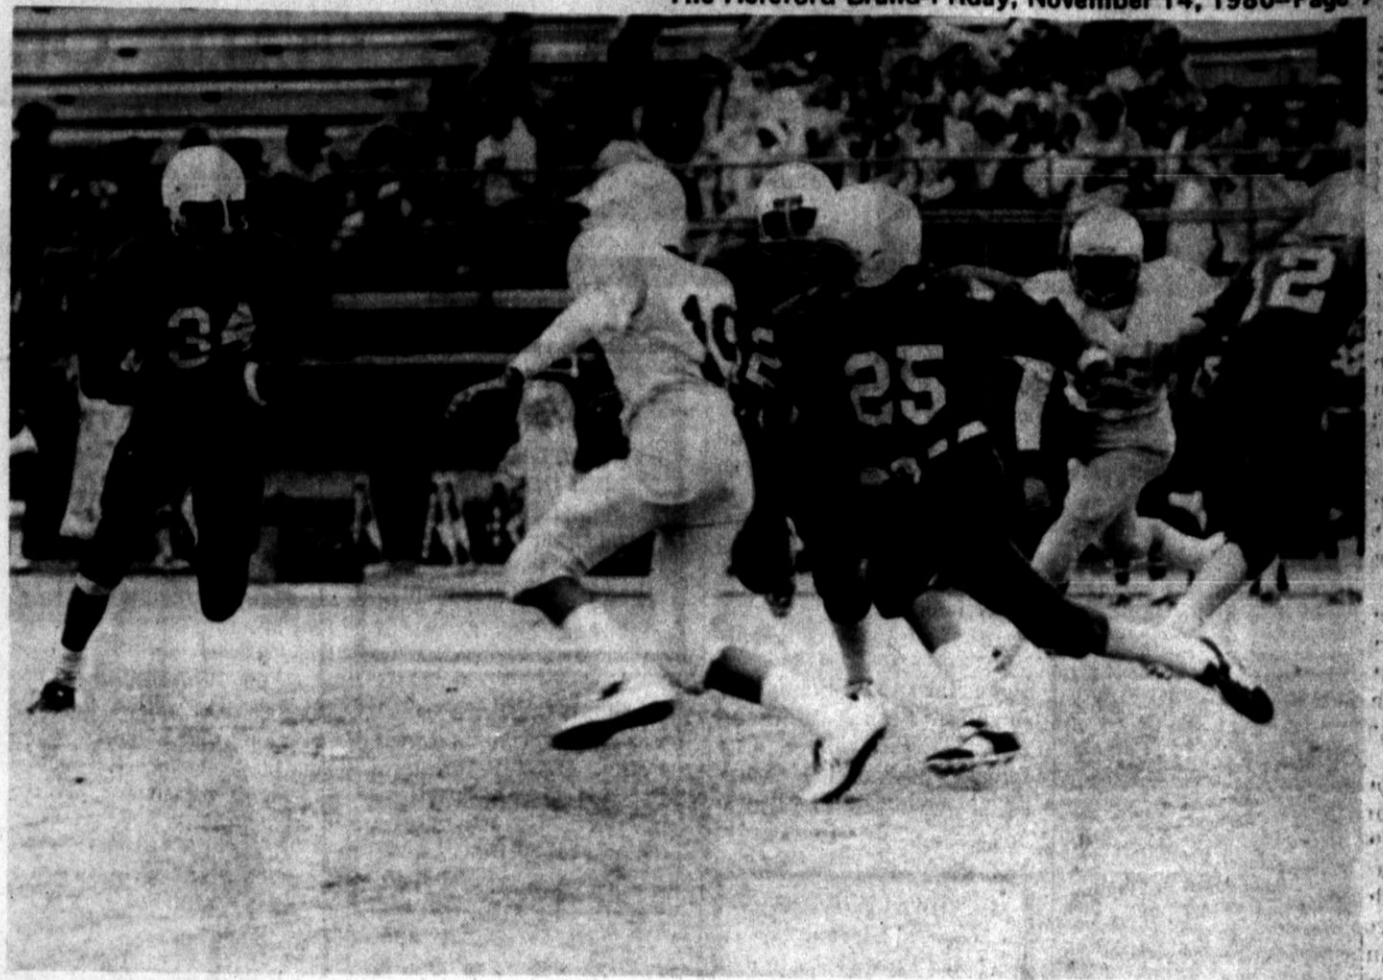

The NFC West-leading Atlanta Falcons hope to stretch their winning string to five and, at the same time, avoid becoming the first team to lose this season to New Orleans, 0-10.

"We realize that beating the Atlanta Falcons would erase much of the disappointment of the Saints' season," said Atlanta Coach Leeman Bennett. "The rivalry is intense, and while it is a cliché, I don't think the records have a great meaning when these two teams play."

Denver, 5-5, is coming off an impressive victory over San Diego while the Jets, 2-8, lost last week to Buffalo with only six seconds left in the game. Denver will start Craig Morton, a former New York Giant, who has taken over as the starting quarterback from Matt Robinson, a former Jet.

The Giants, 2-8, snapped an eight-game losing streak last week by beating Dallas. This Sunday, they go up against improving Green Bay, 4-5-1. The Packers beat San Francisco 23-16 last Sunday, the most points Green Bay has scored this year.

Baltimore, 5-5, and Detroit, 6-4, finish their inter-conference schedules for the season with the Lions clinging to a one-game lead in the NFC Central despite losing three of their last four games; 66666666, will be trying to hand San Francisco, 3-7, its seventh straight defeat.

Stanton Run

Kevin Ritas (34) looks for a hole in the La Plata defensive line Thursday as his Stanton cohorts try to set up a wall against the La Plata Mavericks. Ritas led all other Stanton rushers in the real estate department and was responsible

for setting up several Dogie scores. But those score's, like La Plata's, weren't enough to provide a decisive advantage in the tie as the two teams battled to an 18-18 stalemate.

# Who's Going To The Bowl Games?

By BARRY WILNER  
AP Sports Writer

The possibilities could bowl you over.

Just who will be headed to what college football bowl games pretty much will be decided this weekend ... or next ... or the next.

Actually, bowl bids will officially be tendered Saturday, though many of the major post-season games won't have solid matchups.

For instance, No. 1 Georgia, the only major unbeaten, untied team in the nation, can clinch the Southeastern Conference crown and the host spot in the Sugar Bowl by defeating Auburn on Saturday. But if the Bulldogs stumble against Auburn, either Alabama, Mississippi State or Louisiana State could wind up in New Orleans on New Year's Day.

"I imagine there's some added pressure," said Georgia Coach Vince Dooley of his top-ranked team, "but we're relaxed, just as we have been for the first nine games of the season."

No. 5 Alabama, meanwhile, plays in the spotlight game of the weekend, a matchup with No. 6 Notre Dame. The winner is expected to get the other bid to the Sugar Bowl — provided Georgia wins or ties with Auburn — while the loser could be headed to the Cotton Bowl. The nationally televised game is a confrontation between the two teams which preceded Georgia at the top of the polls.

Alabama Coach Bear Bryant has 304 career victories but he has never beaten the Irish. The Crimson Tide is a 7-point favorite to change that but Bryant isn't impressed by the odds.

"I don't like our chances," said Bryant, whose club was beaten 6-2 by Mississippi State two weeks ago. "They're a big team with a great defense. We're just not that good."

One must wonder just how good Notre Dame is after being held to a 3-3 tie last week by lowly Georgia Tech.

"This is the most important game of the year for us," said Irish Coach Dan Devine, whose squad may have been looking ahead to Alabama last week.

Also looking ahead to bowl bids after their games Saturday are:

No. 11 Michigan and No. 16 Purdue, who face off in a nationally televised battle at Ann Arbor, with the winner staying alive in the Rose Bowl race and the loser being considered for the Fiesta, Gator and Garden State bowls.

No. 7 Ohio State, which is at Iowa and needs a win to remain in the running for the Rose — the Buckeyes are certain to get a bid to a bowl even if they fall short of Pasadena.

No. 4 Nebraska and No. 10 Oklahoma, the favorites for the Big Eight title and a spot in the Orange Bowl. The Cornhuskers travel to Iowa State while the Sooners entertain Missouri, which also has a

shot at the conference championship and the Miami game. All three schools will receive bids, with the Liberty and Sun bowls figuring to invite the conference runner-up.

—Eastern independents Pitt, No. 8 and at Army this week, and No. 9 Penn State, which visits Temple. Both Pitt and Penn State have designs on the Orange Bowl, with the Cotton, Sugar, Liberty, Gator and Fiesta bowls also possibilities.

—No. 12 Baylor, which like Georgia, has the opportunity to clinch a host spot on New Year's Day. The Bears need just a tie at Rice to nail down the Southwest Conference and the invitation to the Cotton.

—No. 13 Brigham Young and unranked Colorado State, who face off for first place in the Western Athletic Conference. The high-powered BYU offense will attract several bowl offers even if the Cougars lose the WAC crown. The winner of the WAC goes to the Holiday Bowl.

—No. 14 South Carolina, which plays Wake Forest on Saturday, is said to be a shoo-in for the Gator Bowl. Virginia is at No. 15 North

Carolina, which is tops in the Atlantic Coast Conference and said to be a lock for the Peach. No. 18 SMU plays at Texas Tech and afterwards is expected to get an invite from the Holiday Bowl.

In a key SEC contest, it's LSU vs. No. 19 Mississippi State at Jackson. The victor remains in the hunt for the conference title and a slot in the Sugar Bowl — provided Georgia loses — while both are being considered for the Hall of Fame, Tangerine and Peach bowls.

Second-ranked Southern California, which is on Pacific-10 probation and ineligible for a bowl, will try to slow Washington's march for the Rose Bowl. No. 17 UCLA, also on conference probation, plays at Arizona State, and No. 20 Florida, needing a good showing for a Tangerine Bowl berth, is at Kentucky.

Among the unranked teams in the bowl running are Navy, which will clinch a spot in the Garden State by beating Georgia Tech; Maryland, also a possibility for the Garden State if it beats Clemson, and Texas, being considered for the Bluebonnet, Gator and Fiesta if it stops TCU.

# San Antonio Clips Clippers

SAN DIEGO (AP) — Usually, the San Antonio Spurs run, and run, and run some more. But that wasn't the case at San Diego Thursday night.

"It was our third game in three days," said San Antonio Coach Stan Albeck. "We didn't want to run. We wanted to create our own tempo and walk the ball up."

The strategy worked as the Spurs, 13-5, snapped a two-game losing streak by downing the Clippers 113-107.

Naturally, George Gervin had a lot to do with the Spurs' victory. But a pair of rookies also contributed mightily.

Gervin scored a game-high 35 points. Rookie forward Reggie Johnson came off the bench to tally a career-high 22 points, 11 of them in the fourth quarter, and first-year guard Johnny Moore had 12 points and a game-high eight assists.

"He really made a lot of key baskets at the end," said Albeck of Johnson, a 6-foot-9, 213-pounder from Tennessee. "He's a very good post-up player."

"I just happened to be getting open," said Johnson. "They were doubling Ice (Gervin) and I got the ball low. First, you have to get the ball, then you do what you can."

The Clippers, 6-10, kept their dressing room closed to reporters for 25 minutes after the game.

"We had an exchange of ideas between me and my players," said first-year San Diego Coach Paul Silas. When asked more about the

session, Silas said, "I have no public comment."

Rookie Michael Brooks led the Clippers, 6-10, with 28 points and eight rebounds. Swen Nater added 20 points and pulled down 14 rebounds for San Diego.

"We played well the second half," said Silas. "Defensively, we didn't have a good game. In the second half we went to Swen and Michael down low."

# 76ers Roll Past San Diego

By The Associated Press

Andrew Toney and Earl Cureton were both big shots in college last season — Toney at Southwestern Louisiana and Cureton at the University of Detroit.

The Philadelphia 76ers expected a lot of them this year after taking them high in the National Basketball Association draft. And if Thursday night's performances were any indication, the 76ers will get their money's worth.

Toney, a 6-foot-3 guard, scored a season-high 32 points and Cureton a 6-9 forward-center, had 15 as the 76ers beat Indiana 130-103.

"The two rookie starters were a little nervous in the first few minutes," said 76ers Coach Billy Cunningham, "but when they got into the flow of the game, they played

real well. I think it shows them I have confidence in them and their ability to play the game."

Toney hit nine of 11 shots from the field and scored 19 points as the 76ers opened a 61-48 halftime lead. His previous high for a game was 16 points.

"It was a little frustrating sitting on the bench in the early part of the year," said Toney. "I was learning against a lot of different players. I think it really helps to learn while you're watching."

Cureton, starting in place of the injured Darryl Dawkins, scored eight points in the final 8½ minutes of the first half. He topped his club in rebounds with 14.

In other NBA action, Cleveland defeated Atlanta

114-111 and San Antonio beat San Diego 113-107.

The 76ers, a hot 14-3 so far this season, also got 26 points from Bobby Jones.

Noted Cunningham: "I thought Indiana looked tired — a lot like we looked last night. We're fortunate that we are deep in a lot of areas. We were really sharp and aggressive. Our last three road

games — Milwaukee, Chicago and Indiana — we've always had a lot of trouble at beating those teams. But it seems like we beat all three of them by an average of 30 points."

Cavaliers 114, Hawks 111 Richard Washington came off the bench to score 14 second-half points, including a clinching three-point play.

### GOD'S WONDERS ARE REVEALED, NOT HIDDEN, BY AN ECLIPSE

An eclipse of the sun or moon, be it partial, total or whatever, is an exciting celestial event to most people in the part of the world where it will be visible. No matter how many of them we have already seen, they always promise a spectacular new behind-the-scenes look at the mechanics of the universe, right from our terrestrial vantage point, free and available to all. Much of our knowledge of the heavens has come as a result of these alignments of the sun, moon and earth, and they provide an even greater insight into the magnitude of God's creation. So look to the sky, enjoy the show, and on your return to earth go to the Church of your choice, where you will learn how you and this magnificent world you live in came into being.
