

Federal Judge Rules Deportations Unconstitutional

By LARRY MARGASAK
Associated Press Writer

WASHINGTON (AP) — The Carter administration probably will appeal a federal judge's ruling that it cannot deport Iranian students illegally living in this country, a Justice Department official says.

U.S. District Judge Joyce Hens Green ruled Tuesday that the administration's program, launched after the seizure of

the U.S. Embassy in Tehran, violates the equal protection clause of the Constitution by singling out Iranians for deportation.

Within two hours, the Justice Department filed a notice of appeal with the U.S. Court of Appeals. That filing, said department spokesman Robert Stevenson, keeps the administration's options open while it considers the next move.

Stevenson said attorneys working on the case had indicated "they would recommend an appeal."

On Nov. 10, President Carter ordered the Immigration and Naturalization Service to begin checking the student visas of more than 50,500 Iranians allegedly studying in the United States.

So far, 50,437 have appeared for interviews with federal officials, who have determined that 6,042 are subject to

deportation. At least 41,254 are complying with their visas, say officials, who have asked for additional information from more than 3,000 others.

The officials said 405 requests for asylum have been forwarded to the Justice Department. Of those subject to deportation, 778 have agreed to leave the country voluntarily and 47 have already left. Nine have been deported.

But any further deportations were

blocked by Mrs. Green, who also relieved any other Iranian students from reporting. The administration had set a Thursday reporting deadline.

While the reporting requirement was an "understandable effort" to respond to the embassy seizure, Mrs. Green said, the presidential directive cannot "excuse the wholesale nullification of the rights of the students."

She said constitutional protections

cannot be overturned by the government's concern for the safety of the 50 Americans taken hostage Nov. 4. Government lawyers had said violence against Iranian student demonstrators in this country could lead to retaliation against the American captives.

An attorney for Iranian students who sued the government said Americans should not be upset by the ruling.

School Lunch-Price Hike Due, Says Supe

Students: Interviews Uncertain

TEHRAN, Iran (AP) — The students holding the American hostages say they know nothing about foreign observers interviewing their captives, promised by Foreign Minister Sadegh Ghotbzadeh, and "that Ghotbzadeh doesn't speak for them."

"We are not here to confirm or deny anybody's statement. We have not been informed about any meeting arranged with the hostages. If anything comes up, we'll announce it ourselves and nobody can be our spokesman," a student leader said of Ghotbzadeh's pledge.

The foreign minister made the promise at a news conference Tuesday, declaring: "We are going to have international observers to go and visit the prisoners in. I hope, a very short time, and afterwards I hope that visits will be (made) regularly."

However, he said he has not met with U.N. Secretary-General Kurt Waldheim's special envoy, Zuhair Yamn of Lebanon, who arrived in Tehran Monday hoping to visit the 50 hostages seized at the U.S. Embassy Nov. 4 by students demanding that President Carter send the shah back to Iran for trial.

Tehran Radio claimed today that Sen. Edward Kennedy, a critic of the shah, sent a letter to Ayatollah Ruhollah Khomeini expressing support for his revolution and asking permission to visit Iran. But a spokesman for the senator denied he had had any contact "whatsoever" with the ayatollah "or anyone in the Iranian government."

Meanwhile, Khomeini's domestic difficulties appeared to be increasing.

He announced that he was sending an investigative commission to clamp down on what he called "anarchic" elements among his revolutionary guards who he said were seizing government land and buildings.

The ayatollah did not say where the land grabs were taking place.

There was no indication that a peace mission Khomeini sent to northwest Iran was making any progress toward quieting the rebellion of the Azaris, the ethnic Turks who seized control of Tabriz, Iran's third largest city, in a revolt against Khomeini's one-man rule.

The Turks and their spiritual leader, Ayatollah Mohammad Kazem Shariat-Madari, are Shiite Muslims like Khomeini and his Persian Iranians, and Shariat-Madari is considered the sect's

Kiwanis Cuties

A surprise portion of the entertainment at the annual Kiwanis Club Christmas party Tuesday night was an impromptu dance number by the "Kiwanis Cuties." The "ladies" declined to identify themselves. The club party featured

musical entertainment by The County Four, and Santa distributed gifts to the ladies and to several members of the club. (Brand photo by Speedy Nieman)

NATO Ministers To Approve 572 American Nuclear Missiles

BRUSSELS, Belgium (AP) — The foreign and defense ministers of the North Atlantic Treaty Organization gathered today to give final formal approval to plans to station 572 new medium-range American nuclear missiles in Western Europe.

The plan, which has stirred considerable controversy in Europe in recent weeks, already has been accepted by key European governments, and the ministers' approval at NATO's annual winter meeting was considered a formality only.

The 464 Tomahawk cruise missiles and 108 Pershing 2s are to be stationed in West Germany, Britain, Italy, Belgium and the Netherlands. They will have sufficient range to hit targets in the Soviet Union.

The Carter administration and other advocates of the plan say Western Europe needs the weapons to give it a "flexible response" to the Soviet's new

SS-20 nuclear missiles. Opponents contend they will escalate the nuclear arms race and advocate arms control talks with the Russians instead.

The Soviet Union and its Warsaw Pact allies have condemned the NATO plan.

Four of the 15 NATO government were still jittery about introduction of the U.S. missiles. They were the Netherlands and Belgium, each earmarked to have 48 cruise missiles on their territories, and Norway and Denmark, which have misgivings although they would not have any of the nuclear weapons.

The Dutch Cabinet conferred until late Tuesday and was to meet again this morning to formulate the position its ministers would take at the Brussels meeting. Dutch officials declined to predict what this would be.

The Belgian government was reported advocating a compromise: if arms reduction talks with the Russians show real progress in the next six months,

the decision to deploy the missiles would be rescinded.

The Soviets have at least 120 of the SS-20 missiles in place. These carry three warheads and have a range of about 2,500 miles, long enough to hit any European capital from their launchers deep inside the Soviet Union.

The new U.S. missiles will replace NATO's aging battlefield weapons, the Pershing 1 missiles now in position in West Germany, which have a maximum range of only 400 miles. The new missiles have a range of 1,200 to 1,500 miles.

U.S. Military Spending May Grow by \$14 Million

WASHINGTON (AP) — President Carter has approved a defense budget proposing 3.5 percent "real growth" in military spending next year to reassure Senate critics of the SALT II treaty, administration officials say.

Defense Secretary Harold Brown soon will give senators an unusual preview of plans to spend about \$14 billion more in fiscal 1981 to strengthen overall U.S. military power, the sources said. Total spending would rise from \$127.4 billion to about \$142 billion.

for additional boosts in each of the following four years, the officials said.

Administrations normally withhold their budget proposals until the opening of a new congressional session in January.

But SALT critics prodded the Carter administration to move up the timetable for the defense section of the budget this year so they could examine it before the Senate considers the Strategic Arms Limitation Treaty with the Soviet Union.

Carter scheduled a speech on defense later today, but it was not known to what extent he might discuss the new defense program.

In the complex world of federal budgets, administrations offer proposals

By PAUL SIMS
Managing Editor

Hereford Independent School District Superintendent Harrell Holder will recommend an across-the-board 10-cent increase in the price of school lunches at the January meeting of the school board, he told trustees Tuesday night.

Holder told the board in its regular monthly meeting that he would recommend the increase because a study by Assistant Superintendent Larry Wartes showed that increased participation in school cafeterias has not offset the financial burden of providing inexpensive meals.

Wartes said, in presenting the cafeteria report, that "business is good but our finances are bad."

He explained that the school district must provide approximately \$23,000 this year in fringe benefits to cafeteria workers, the price of food has increased and federal reimbursements have not been large enough to provide an adequate surplus to operate cafeterias.

"We can feed a hamburger, French fries and milk and have about 90 cents involved in that, but we charge 65 or 75 cents and depend on the government reimbursing us for the difference. We can't operate on a very small surplus like that," Wartes said.

Holder said that even with the dime increase, "our lunches are the best deal in town."

The increase would raise the price of lunches to 75 cents in elementary schools, 85 cents in secondary schools and \$1.10 for adults. Holder said he would recommend the increase at the Jan. 8 board meeting.

Trustee Mack Tubbs, a member of the County juvenile probation board, said that the board had recommended that a juvenile officer, whose office would be separate from the present juvenile probation officer, be employed to work with the schools and police department in helping juveniles before they are placed on probation.

Probation officer Roger Bowers, Tubbs said, works strictly with juveniles on probation.

The new office would be funded equally by the city, county and school district and would cost approximately \$1,500 a year for each entity, according to Tubbs.

The cost, which would be in addition to what the entities already pay to operate the probation office, would be for the juvenile officer's salary, Tubbs said.

"I'd be interested in getting some

input from our principals, said Holder, who had complained earlier this year, along with City Manager Dudley Bayne, that the probation officer did not work with young offenders until after they had been to court and received a probated sentence.

Tubbs, speaking for the school board, said: "We haven't been happy with the assistance we've gotten out of that office, and the city hasn't been happy, and that's why the juvenile probation board plans to set up a juvenile office."

Trustees authorized Holder and program development director Mal Manchee to proceed with a community survey to determine public opinion towards HISD.

Manchee said the district will contact, by mail, every eighth person listed in the telephone directory. "That will give us about 1,000 names, and we're hoping for 300 to 400 responses," Manchee said.

The board examined the monthly enrollment report, which revealed that the school population is continuing a drastic decline.

Enrollment on Tuesday stood at 5,226, compared to 5,359 last month and 5,457 a year ago. Since the last report, elementary school enrollment was down from 2,461 to 2,414, junior high

Consultants: Bilingual Teachers Few

TYLER, Texas (AP) — A shortage of "adequately trained teachers" who are fluent in both English and Spanish is the primary obstacle to the education of Spanish-speaking children in Texas, according to a bilingual consultant to the Texas Education Agency.

"There are 155,000 teachers in the state of Texas and only 7,860 are certified bilingual teachers," Robert L. Tipton said Tuesday.

He said only 37 of 63 higher education institutions providing teacher education in Texas offer programs in bilingual education. And he said only a few of the approximately 15,000 Hispanic teachers in the state are certified as bilingual teachers.

Tipton was the state's only witness Tuesday in a suit brought against the Texas Education Agency by the federal government. Government lawyers will cross-examine him today.

He showed a 55-minute videotape taken of the highly regarded bilingual program at Brownsville. Tipton praised the procedures used, as did Dr. Jose Cardenas of San Antonio, who had testified previously for the government in its attempt to force Texas to expand its

(See BILINGUAL, Page 2)

Walcott ISD Accepts Bus

Members of the Walcott school board accepted delivery of a new 19-passenger school bus valued at \$14,262 during their regular meeting Tuesday.

In another matter related to transportation, members of the board who recently visited the Ellis unit of the state prison at Huntsville reported on a program at that facility where buses are rebuilt at considerably less cost than purchasing new buses.

Cathy Yarbrough, kindergarten teacher, presented a program demonstration on kindergarten learning kits purchased by the Walcott school for use in its all-day, all-year kindergarten program.

Bank balances were also reviewed and the board received a report that 57.69 percent of the current year's school taxes have been collected.

Board member scheduled a visit to the Whiteface School, where new elementary facilities were recently completed.

Farmworkers Sue Castro Hospital For \$1 Million over Baby's Death

DIMMIT, Texas (AP) — Two farmworkers, whose infant died after allegedly being denied medical treatment, are seeking \$1 million in damages from the Plains Memorial Hospital in Dimmit and its administrator.

Isidro and Raquel Aguinaga filed the suit Monday in a federal court in Amarillo on behalf of all indigent residents of Castro County.

The hospital administrator Jack Newsom, the Castro County Hospital District and its board of directors were named as defendants in the suit, filed Monday in Amarillo federal district court.

In their suit, the couple contend that on Dec. 8, 1978 they rushed their 11-month old son to Plains Memorial hospital, but were refused admission by Newsom because they could not pay a \$225 deposit.

They said the baby died later that day as they sought help elsewhere.

Newsom was indicted by a Castro County grand jury last December on a misdemeanor charge with failing to provide emergency medical assistance. The case ended in a hung jury.

Newsom said at the time the incident was a "misunderstanding" but noted that hospital admissions policies have been changed to prevent a re-occurrence.

"They (the parents) were told the baby could be admitted, but they didn't speak English and I think that was the cause of the whole problem," Newsom said at the time. "We have instructed our hospital personnel that in cases involving children they may be processed directly to the nurses station prior to any mention of financial requirements."

The suit seeks enforcement of the hospital's obligations under state and federal laws that require hospitals to admit and treat needy patients despite their inability to pay.

The Texas Rural Legal Aid office in Hereford has reported that the hospital received more than \$700,000 in federal funds and committed itself under federal law to provide needy patients with free or reduced-cost care.

The state law that established the hospital district and granted it powers has similar provisions.

The Aguinagas contend their civil rights were violated by the defendants' failure to notify patients of the availability of such care and to determine their eligibility for treatment, and by the defendants' refusal to admit and treat patients before they paid substantial deposits.

update wednesday

Iranian Students

Flee from City Hall

SAN ANTONIO (AP) — A day-long confrontation that teetered on the brink of violence was diffused Tuesday night when policemen lined up to whisk five Iranian students away from an angry mob that taunted and threatened them.

The San Antonio College students, completing the second day of a hunger strike on the steps of City Hall, were hustled through the building, out a back door, and into an unmarked police car — at their own request. They were taken to the police station for protection.

Leaders of the crowd, which numbered more than 200 at times, had vowed an "open season on camel jockeys" and promised to return today if the students began a third day on the steps.

It was the most serious confrontation here since the deposed shah of Iran was brought Dec. 2 to nearby Lackland Air Force Base for an indefinite period of recuperation.

The demonstration began when Ricci Ware and Jud Ashmore, two local country-western disc jockeys, called on their listeners to gather at City Hall to oppose the students and demand the Iranians be forced from the steps.

White House Urges

Strong Profits Tax

WASHINGTON (AP) — The White House is joining Senate Democratic leaders in urging support for what probably will be the Senate's last chance to stiffen a weakened "windfall-profits" tax on the oil industry.

At stake is an amendment by Majority Leader Robert C. Byrd that would add

\$30.8 billion to the tax over the next decade, raising the total in the Senate bill to about \$185 billion.

President Carter prefers the \$277 billion tax passed by the House, but his spokesman Jody Powell, said Carter spent a considerable amount of time Tuesday seeking support for today's vote on the Byrd amendment.

Both supporters and opponents of the measure were predicting a close vote, but the issue might not be settled immediately. The vote was on whether to table — or kill — the amendment. Even if Carter and his supporters won the test, further debate could delay a final vote on the amendment.

Also on tap today was a vote on an effort to speed up passage of the oil tax bill by limiting debate and barring consideration of unrelated amendments. Senate aides predicted that effort would fail because so many senators have amendments still to be debated.

Powerful Earthquake

Kills 9 in Columbia

BOGOTA, Colombia (AP) — A violent earthquake measuring 8.1 on the Richter scale hit the Colombia-Ecuador border area before dawn today, killing at least nine persons and injuring 32 and sending thousands of others rushing from their beds in panic, officials reported.

The quake, felt at 3 a.m. in three major shockwaves, swayed tall buildings in the major cities, destroyed 100 houses in Charco, town of 4,000 built on stilts on the Pacific coast near Colombia's border with Ecuador, and killed a woman in the nearby town of Escaude, they said.

Twenty-one other towns in the area were rocked, leaving eight more dead, officials said. The quake also churned up six-foot waves that devastated a pier on a prison island, officials said.

At least three fires broke out in Bogota, and electrical and telephone lines were knocked out in several cities.

In addition to the capital, the quake rocked the west-central city of Pereira, Manizales, north of Pereira, and Quito, the capital of Ecuador — 400 miles southwest of Pereira.

Vance Finds Support

For U.S. in Siege

BONN, West Germany (AP) — Secretary of State Cyrus Vance in his tour of America's major European allies has found "very strong support" for U.S. efforts to free the 50 American hostages in Tehran but no agreement yet on what joint action they should take, a spokesman for Vance reports.

"They were very much interested, but they did not commit themselves," the high-ranking U.S. official told American reporter Vance's flight from Rome to Bonn, the last stop of the secretary's four-nation swing before the NATO winter meeting in Brussels.

The official said options discussed with the British, French and Italian leaders ranged from a total embargo on trade with Iran to blocking food shipments and oil equipment.

"In all three stops there was a great sense of outrage about the continued flaunting of international law and practices," the official said. "We are operating against a background of very strong support for the United States."

The results of Vance's meeting with West German Chancellor Helmut Schmidt Tuesday night were the same, Schmidt's spokesman indicated. He said the chancellor reiterated West Germany's support for the United States and promised his government would do as much as the other European allies to help resolve the crisis.

Weather

West Texas — Cloudy and cold north today with occasional light freezing rain or sleet, changing to snow in Panhandle, ending tonight. Scattered showers and thunderstorms south gradually ending from west late tonight. Clearing late tonight and Thursday most sections except southeast. Not as cold Thursday. Highs upper 20s north to lower 40s south and mid 60s southwest. Lows mid teen north to mid 30s south and 40s southwest. Highs Thursday upper 30s north to mid 60s southwest.

Christmas Present

Santa Claus visited the Kiwanis Club Christmas Party here Tuesday night, and club president Danny Boyer got a surprise gift—a blonde wig. Boyer modeled his hair for the club and Santa mugged for the camera at the event. The ladies' night affair was held at the Community center, with special entertainment by The Country Four.

Carter Still Campaigns Despite Iranian Crisis

By MARTIN WALD
Associated Press Writer

WASHINGTON (AP) — The Iranian situation has kept President Carter off the campaign trail, but it has not prevented him from actively using the lure of the White House to bring the campaign to him.

Today, for instance, he arranged an afternoon in Washington for more than three dozen leaders from Manhattan's network of neighborhood Democratic clubs — a level of political workers not accustomed to being briefed by the president's top domestic and foreign policy advisers or having the president himself "drop in" on their meetings.

They are part of a parade of politicians and "community leaders" who have been flattered with invitations or personal telephone calls from Carter in recent weeks.

Although White House staff members say Carter is no more accessible than usual, his activities are provoking criticism and frustration among supporters of Sen. Edward M. Kennedy, D-Mass., in much the same way that then-President Ford's "Rose

Garden strategy" was attacked by Carter during the 1976 campaign.

Kennedy is challenging Carter for the 1980 Democratic presidential nomination.

"If he's so busy with Iran, then why has he had time to call all those county (Democratic) chairmen in Iowa?" one Kennedy campaign official complained recently. He asked not to be named.

"He is not devoting 24 hours a day to Iran," responded Carter's press secretary, Jody Powell. "If he can't travel — and in our view he can't — I don't think he should be placed in the position of doing nothing for his re-election efforts."

More than just county chairmen in Iowa, the first state to choose national convention delegates, are reporting calls from the White House.

"He has tremendous discipline. He must be spending two hours a day on the phone," said one political aide whose boss is still uncommitted in the Democratic contest. "City councilmen in Buffalo, (N.Y.) John Deere factory managers in Iowa, these calls are turning up everywhere," said the aide who also requested anonymity.

The Iranian crisis forced Carter to cancel a long-planned campaign tour last week that would have put him on television stations and front pages across the country. Instead, he has had the cameras in to catch him greeting visitors from out of

town in the Cabinet Room or some other White House setting.

State Laborers Won't Organize

By GREG THOMPSON
Associated Press Writer

SAN ANTONIO, Texas (AP) — There can be no major United Farm Workers Union effort to organize Texas farm laborers until the UFW completes numerous labor battles still being fought in California, says union leader Cesar Chavez.

"Once we get our battles consolidated in California, we can concentrate on Texas," the UFW president said here Monday in the first stop of a five-day swing through Texas.

"We can't be effective in two places. All of our resources now are committed to California. We've never been able to come down with all our might in Texas," he added in an interview.

Chavez, 52, said the UFW is engaged in seven strikes in California with 13 companies that have not signed union contracts. Chavez' trip to Texas is aimed at promoting the UFW's 11-month-old California lettuce strike.

Chavez' final stop will be Friday in San Juan, where he will inspect the labor situation among farm workers in the Rio Grande Valley.

Valley growers have headed off organizing efforts by the Texas UFW and the Texas Farm Workers Union. The UFW's most concerted effort was a major strike attempt in 1966 that ended in violence.

Antonio Orendain, once a Chavez lieutenant who split with the California UFW, formed the thus far ineffective TFW. Orendain's group has also failed in attempts to secure a state law guaranteeing the farm workers' right to collective bargaining.

When the powerful UFW is finally able to concentrate on Texas, Chavez said it would do so in "direct competition with Orendain's group."

"It will make it more difficult for the organizations, but it will be good for the worker. The organizations will have to compete for the workers' loyalty and work harder to get the best contracts," said Chavez.

Chavez said he didn't think such competition would prevent the UFW's effort.

Texas, unlike California, is a right-to-work state, meaning union membership cannot be required as a condition of employment.

Gold Up In World

LONDON (AP) — Gold rose to \$450 an ounce in London today, a record for the British market. The dollar rose in Japan but fell in Europe.

Gold opened in London and Zurich, Europe's major bullion markets, just below the \$447 recorded in London at the close of trading Tuesday.

But by mid-morning bullion had advanced to \$450 in London and \$449 in Zurich, where gold closed Tuesday \$445.50.

Gold closed Tuesday in New York at \$451, an all-time high.

Fears of a 30 percent increase in the price of oil next week helped push gold up and depress the dollar on European foreign exchanges. Gold is an investor's haven in times of monetary uncertainty.

In Tokyo, however, worries over oil seemed to have a reverse effect, and the dollar strengthened. Japan imports around 99 percent of its oil and the yen tends to suffer more than the dollar amid gloomy oil news.

The dollar closed in Tokyo at 237.35 yen, up from 235.85 Tuesday.

The Japanese central bank reportedly sold \$30 million to curb the rise of the dollar.

Morning dollar rates in Europe, compared with Tuesday's late rates:

Frankfurt — 1.7305 West German marks, down from 1.7373.

Zurich — 1.5940 Swiss francs, down from 1.5967.

Paris — 4.0575 French francs, down from 4.0790.

Milan — 811.65 Italian lire, down from 814.80.

Amsterdam — 1.9070 Dutch guilders, down from 1.920.

In London it took \$2.20 to buy a British pound, compared to \$2.1903.

School Board

enrollment from 1,305 to 1,265 and high school enrollment from 1,139 to 1,107.

The board approved low bids for both auditorium lighting and curtains and television equipment.

The auditorium lights and curtains will cost \$20,899—the bid submitted by Capital Stage Equipment Co. of Oklahoma City.

The TV equipment, which will allow the school district to air a periodic show on Cable Channel 6, will be purchased from Magnetic Media Corp. for \$12,066. It will be paid for by federal Title 4 funds.

Holder recommended that the board authorize a study to determine if HISD complies with all Title 9 regulations, which pertain to equal rights for female employees and students. The board approved the request.

A proposal from Eastman Dental Center of Rochester, N.Y., to study the teeth of 12- to 14-year-old students in order to determine whether lithium in

local water reduces tooth decay.

The study will be conducted by local dentists and will be optional with parents and students. Examinations will consist only of mirror exploration, according to Holder.

Both the state health department and dental association have approved the Texas-wide study, according to a letter from Eastman Dental Center.

The board employed Wanda B. Cook, special education; Gloria Echevarria, West Central Elementary; and Dubelsa Altamirano, Tierra Blanca Elementary. The resignation of Davaghn White at Northwest Elementary was accepted.

Trustees, all of whom were present, also:

—nominated Tubb for the National Association of School Boards.

—heard tax assessor-collector Fred Fox's monthly tax report, which showed November current collections at \$150,378, delinquents at \$5,113; the

year's current collections at \$1,887,965 and the year's delinquents at \$21,067 for a total year collection rate at 70 percent.

—approved the yearly independent audit, which showed no major finance problems in the school district, according to Holder.

—routinely approved, on second and final reading, a state-mandated policy on activity funds management.

—heard a curricular report on the fifth grade presented by Bluebonnet Elementary School teacher Reese Whittington.

—tabled the purchase of liability insurance for the school district until insurance-committee members Tubb, James Gentry and Clark Andrews have more time to study bids.

—learned from Classroom Teachers Association president Rosemary Shook that CTA and Texas State Teachers Association will vote on a proposed merger in January.

Iran

second-ranking leader, behind Khomeini.

In an interview Tuesday, Shariat Madani warned Khomeini that if he did not liberalize his policies toward the

Azaris in Azerbaijan, he would have a civil war on his hands.

Meanwhile, Secretary of State Cyrus R. Vance wound up a two-day swing through London, Paris, Rome and Bonn.

Bilingual

bilingual program. "I wish I could assure the court all school districts have this good a bilingual education program," Tipton said about the film.

It is difficult to get teachers in the bilingual program. They must compete with students who are majoring in foreign language and linguistics," he added.

Cardenas, executive director of Intercultural Development Research Associates in San Antonio, was recalled by the state's attorney, Susan Dasher.

He said the film of the Brownsville program showed successful teaching and special training skills. Language techniques, use of native language, materials

and equipment were necessary in the program," he said.

The tape showed Brownsville has made a good effort to provide bilingual education. Anyone who says there is no additional cost to bilingual education programs doesn't know what they are talking about," Cardenas said.

Workers Comp May be Trimmed

By LEE JONES
Associated Press Writer

AUSTIN, Texas (AP) — Staff Insurance Board members recommended workers compensation rate cuts Tuesday that would save Texas businesses \$6.2 million a year.

The staff proposed rate cuts that would reduce the total \$1.2 billion in premiums by 0.5 percent.

But two major segments of industry — manufacturing and oil — would not share in the cut and would, in fact, pay slightly more than they now do for their coverage against on-the-job injuries.

Recommended rate changes that would, if the board approves, take effect Feb. 1 include a 0.1 percent increase for manufacturing and a 1.8 percent rise in premiums for the oil industry.

Contractors would get a 1.6 percent decrease and "all other" categories, such as retail and service businesses, would

average a 0.8 percent reduction.

The board reduced rates 5.3 percent last February but then had to up them by 5 percent in September to cover benefit increases required by state law.

Gerald Dorsey, general counsel of the Texas Association of Business, told the board in a written statement the proposed 0.5 percent cut didn't go far enough.

Dorsey said employers are experiencing a "cost crisis in workers' compensation" but the board has shown "an astounding lack of responsiveness."

He pressed again the TAB's repeated demand for a new ratemaking process based on insurance companies' actual expenses rather than estimates made by the board staff.

Dorsey said the board allows companies too much for state premium taxes, since not all pay the maximum 3.85 percent rate. He said if the board doubts the legality of allowing a smaller percentage for taxes in its rate

formula, it should ask the attorney general for his opinion.

Premiums also would be lower, he said, if the board would take into account the profits insurance companies make from investing premiums.

Dorsey said an amendment approved by the House during

the 1979 Legislature was a signal to the board of the public's "frustration" about insurance rates. The amendment did not become law. It would have required the board to consider investment income, actual insurance company expenses and reserving practices in setting rates.

"I'm really getting exposure now."
— Dennis Soens, who went from being an usher at Broadway's nude musical, "Oh! Calcutta!," to being a star of the show.

"A good divorce settlement is when both parties feel the other received the better deal."
— Marvin Mitchelson, L.A. attorney.

"Next, the administration will be proposing a Department of Laughter, an Office of Homemaking, a Division of Thumbsucking. What next?"
— Bill Roth, U.S. senator, referring to the government's proposal to create an Office for Families.

Council Officers

Members of the Extension Homemakers Council recently met in the Deaf Smith County Library Heritage Room for their installation of Council officers. Those installed were from left Joyce Aycock, Westway, treasurer; Betty Thomas, Palo Duro, recording secretary; Becky Caraway, Dawn,

reporter; Kate Bradley, Bippus, parliamentarian; Cindy Norvell, Palo Duro, vice chairman; Louise Packard, Wyche, chairman; and Jewel Hargrave, Cultural, outgoing chairman and installing officer. [Brand photo by Denise Smith]

Club Contributes To Scholarship

Members of Hereford Music Study Club continued a Christmas tradition Monday afternoon by donating to a local scholarship fund during a Christmas program in the home of Mrs. J. R. Allison. The scholarship fund benefits a local high school student who plans on furthering a career in music. The meeting was called to order by Mrs. Tom Burdett, president. Welcomed as visitors were Mrs. Bob Reinauer, Mrs. Lloyd McGee and Mrs. Wilson Wallace. Mrs. Bill Bradley, program leader, discussed "The Christmas Moment" by recounting how Handel was inspired to write The Messiah. She also gave the history behind the composition of the beloved carol, "Silent Night." After viewing slides of the Holy Land, members turned their attentions to the musical segment of the program. "The Holy City" by Stephen Adams was sung by Mrs. C.J. Mountz with piano accompaniment offered by Mrs. J.C. McCracken. The overture from Handel's "Messiah" was performed at the piano by Mrs. A.J. Schroeter and at the organ by Mrs. Brady. Several vocal solos from "The Messiah" were rendered during the program with Mrs. Allen Cansler singing "Rejoice Greatly." "He Shall Feed His Flock" was vocalized by Mrs. Lynton Alfred and "Come Unto Him" was sung by Mrs. Burdett. "I Know that My Redeemer Liveth" was voiced by Mrs. Joe Reinauer Sr. Providing accompaniment for each of these solos was Mrs. Jan Walser. The program concluded with Mrs. McCracken performing "Silent Night" at the piano. Refreshments were served during the social hour by the hostesses including Mmes. Allison, Ed Line, Joe Reinauer Sr. and Sid Shaw. Other than those already mentioned, in attendance were Mmes. W. T. Carmichael, Wesley Fisher, Joe Reinauer Jr., Bob Sims, Wayne Thomas, Mary B. Carter, Harold Close, Ellis Coombes, D.W. Palmer, R.P. Coneway, S.O. Wilson and Miss Frances Dameron.

EH Council Convenes For X-Mas, Installation

The Extension Homemakers Council Christmas Party and installation was conducted by Jewel Hargrave, outgoing chairman in the Library Heritage Room Monday. It was announced that Louise Walker will begin as the new Extension Agent January 1. Following the installation and business session, refreshments were served by the recreation committee, and gifts were presented to special members of the council by Agnes Taylor, assistant EH agent. Recycling of various products is usually regarded as a modern idea, but the Liberty Bell was cast in bronze that was melted down twice from earlier models. About 30,000 species of snails range the earth from the Arctic to the Antarctic and from ocean bottoms to 18,000 feet in the Himalayas.

Ann Landers

Dental Hygienists

DEAR ANN LANDERS: I am furious after reading the letter from the woman who signed herself "Old-Fashioned." She said she didn't want her dentist's assistant to put her hands in her mouth because she had heard "the girl" frequented singles bars and was sexually promiscuous. The nut went on to say, "I'm going to change dentists and don't know how to tell my long-time dentist why I will not be back." To set the record straight, "the girl" has a title. She is a registered dental hygienist, who studied from two to four years. She has, at the very least, a diploma in dental hygiene. As a registered dental hygienist who has been practicing for six years, I'd like to tell "Old-Fashioned" that if her mouth is half as dirty as her mind, I would not care to put my hands in it. Thanks for being on our side, ann. You really told the old bat off...Toni Toothbrush

DEAR TONI: I received letters from RDHs from Maine to California who were just as upset as you--and rightfully so. Such crust!

DEAR ANN LANDERS: Recently a reader wrote to you and said, "Women should be paid for childbirth." You replied "cheerfully." They are! They get to keep the baby." How I wish that was always true. We have an eight-year-old son. Three months ago I delivered a beautiful six-pound baby girl. I would go through the pain of childbirth a thousand times over if only I could have brought that child home. I labored all day and into the night knowing that my little angel had died only a few hours before. I have cried until there

are no more tears. The scars will be with me forever...Arms Aching To Hold Her

DEAR ACHING ARMS: I am searching for words to ease the pain, but there are none. I hope you will consider adoption or perhaps if you take a foster child into your home it might fill the hole in your heart. Please consider both alternatives, dear.

DEAR ANN LANDERS: You have helped me out of a few tight spots, so I'm going to pay you back by writing a letter that will help a lot of your men readers, especially those who keep forgetting the little woman's birthday. Halfway through supper (this was 18 years ago), I noticed my wife looked very sad. I asked, "What's wrong?" She said, "Today is my birthday, and you forgot." I told her it was very hard for me to remember her birthday because her looks haven't changed since the day we met. I said, "In fact, you are more beautiful today than the day we got married." Then I went to the drugstore and picked out a nice card and wrote something mushy on it. On the way home I picked some daisies from our neighbor's yard. The card and flowers made such a hit. I've been doing that number ever since. Sign me--Foxy In Parsons, Kasn.

DEAR FOX: I'm not knocking anybody who can get that much mileage out of a card and a bunch of daisies from the neighbor's yard. If it works fine, but it seems for me you could do a little better. Bub.

Officer Changes Made by Chapter

Several changes on the executive level were made last week by members of Alpha Iota Mu, Beta Sigma Phi Sorority, during a business meeting in the home of Roberta McNeese. Mrs. McNeese presided in the absence of the AIM president, Charla Edwards. Resignations were accepted from Glenda Nigh as recording secretary and Karyn Wood as corresponding secretary. Appointed to fill these vacated posts were Trisha Britten and Mardel Robinson, respectively. Mrs. Robinson was also appointed to serve as ways and means chairman. In other business, members voted to make tree ornaments and purchase gifts for a needy family this Christmas. Also, members will continue to sell tickets for large Raggedy Ann and Raggedy Andy dolls, which will be given away in a drawing on Dec. 15. The winner need not be present to claim the prize. It was announced that \$493 was raised by the chapter during a disco dance which they sponsored at the Community Center on Dec. 1. Members made final plans for a progressive dinner, which was to have been held Friday night. The evening began with appetizers in the home of Sharon Bodner, where a Mexican-motif was used. Salads followed in the McNeese residence, where Tahitian decorations were selected. The main dish was served Italian-style in the home of Ginger Wallace. Concluding the evening was dessert in the home Susan Shaw, where the USA was the theme of decor. Nancy Graves presented the program, "Right or Rights?" Members in attendance were Connie Matthews, Janey Street, Miss Graves, and Mmes. McNeese, Nigh, Wallace, Wood, Bodner, Britten, Shaw and Robinson.

Senior Citizens Opportunities

Promoting programs sponsored by Hereford Senior Citizens Association.

Activities planned this week, Dec. 13-19, at the Senior Citizens Center are:

"I found him!"

COMMENTARY

Donald F. Graff

Single and special politics

Single interest politics are a fairly recent development while the special interest variety has been around for a long time. When the two get together, the whole in terms of political impact may be greater than the parts, as demonstrated in the current drive in Congress to restrict drastically the mandate of the Federal Trade Commission.

The agency of late has been among the most activist in the federal fold in part because of a go-getter chairman, Michael Pertschuk, and in larger part because of a congressional grant of powers in 1974. These have enabled it to apply fair-trade regulations to whole enterprises at a stroke rather than piecemeal to individual enterprises as specific violations or other appropriate cause arose.

The FTC has been zealous in the exercise, and in the process a number of oxes have been gored. And as a consequence, their owners have joined forces to pressure Congress for redress.

Their cause finds considerable sympathy in a public and on a Capitol Hill turned off by broadening government regulation. But the remedy proposed would appear to be a case of over-redress.

Businesses as varied as funeral homes, farm cooperatives, the tobacco industry and used car dealers have managed to get special exemptions for their interests written into proposed legislation.

More serious than the catering to the special interests, however, could be contemplated elimination or restriction of several FTC general powers. One such is the authority to bar unfair sales practices, such as unsubstantiated claims for product performance, which it has employed for four decades. Another provision would subject FTC actions to legislative veto by either house of Congress.

There may be something to the view that the FTC has been too exuberant in recent years, becoming, as The Wall Street Journal asserts in a characteristically hard-nosed editorial comment, "a law unto itself — literally lawmaker prosecutor, judge and jury."

But there is also something to assertions that the proposed cure could turn out to be worse than the ailment. Congress certainly has the right and the legislative means to specify the powers of any federal agency it charters, and to call any to account if performance warrants it.

But the wisdom of substituting itself — or part of itself — for the agency in administering those powers is questionable.

The principle of the one-house veto could become a precedent to be extended to any number of other agencies with potentially chaotic results. Conflict between regulatory agencies and regulated interests is inescapable, and should these interests be encouraged to seek specific redress from Congress the latter would be writing for itself a role as a super-agency.

The tendency toward legislation through regulation may be justifiably criticized these days, but regulation through legislation is no more desirable.

The drill went thataway

A sign of the energy-conscious times. Rustlers are thriving again in the Southwest, only they aren't interested in what's on the hoof but what's in the ground.

The rush to seek new oil sources plus the expense and short supply of drilling equipment has created a black market for stolen drill bits, pipes and other parts. The Wall Street Journal reports. Whole rigs are being dismantled and carted off.

Industry and law authorities are developing a special "branding" system for equipment to thwart thieves, but it's a sticky proposition.

QUOTE/UNQUOTE

What people are saying...

"I don't know what these kids are doing over there. They're supposed to be going to school. If they were mine, I'd knock some sense into them."

— Bess Myerson, former Miss America and Commissioner of New York City's Department of Consumer Affairs, who plans to use this image in her campaign for the U.S. Senate in 1980. (Village Voice)

— Toni Sickman of Krakow, Mo., whose son was among the hostages held at the U.S. Embassy in Tehran by Iranian students.

School of Instruction To Begin This Evening

The School of Instruction for District II, Section III, will be hosted here today and tomorrow by the Hereford Chapter, Grand Chapter of Texas, Order of the Eastern Star. The official meetings will convene in the Masonic Temple on Country Club Drive.

Activities will be launched this evening with a Friendship Supper for all district members. Serving as guests will be officials from the Hereford OES Chapter and Mr. and Mrs. Tom Draper, Mr. and Mrs. Sam Long, Mr. and Mrs. Deward Roberson, Mr. and Mrs. Marvin Coffey and Mr. and Mrs.

Charlie Brown. The School of Instruction will commence at 9:15 a.m. Thursday with Janey Heath, Deputy Grand Matron for Section III, calling the meeting to order. After the welcoming address by Mayor Bartley Dowell, Mrs. Heath will present Gladys Jarrard, Deputy Grand Matron, who will preside during the school.

The study of the principles, foundation and proceedings of the Order will be directed by Kathy Johnston, Worthy Grand Matron; Leslie G. Burnett, Worthy Grand Patron; Beulah Spear, Grand Examiner; and Brooks Spear, Grand Sentinel.

Following the morning session, a luncheon will be held at Hereford Country Club.

The afternoon session is scheduled to reconvene at the Masonic Temple with the School of Instruction sessions continuing. Presiding for the day sessions will be Rebecca Cave, Worthy Matron, and O.L. Dameron, Worthy Patron. On Thursday evening, Beverly Brooke, local Worthy Matron, and Courtney Brooke, local Worthy Patron, will preside for the joint fraternal visit of the Worthy Grand Matron. The evening banquet will take place in the east wing of the

Community Center. Local arrangements for the district meeting are under the direction of Mr. and Mrs. Brooke and Norma Coffey, who will assist the Deputy Matron in conducting the school.

Hospital Notes

PATIENTS IN HOSPITAL

Mary Benson, Vickie Birdwell, Hattyle Boling, Myrtle Brewer, Linda Cates, Iva Cocanaugher, Rilla Comegys.

Ruth Craig, Mary Fisher, Kirk Grizzell, Esperanza Mendez, Eunice Petersen, Mabel Wagner, Foy Wallace, Eva Arellano.

Peggy Falkenberg, Hilda Griego, Inf. Boy Griego, Edna Thompson, Ann Huddleston, Vera Berryman, Poppy Head, Inf. Boy Head, Jennifer Gomez, Inf. Girl Gomez, George Jones, Dana Kuper, Inf. Girl Kuper, Edana Locke, Inf. girl Locke.

Comedian Oliver Hardy played a rare straight role as John Wayne's sober sidekick in the 1949 film, "The Fighting Kentuckian."

Club Officers

Recently elected as president and council delegates during the annual Extension Homemaker Council Installation meeting held in the County Library Heritage Room were, back row, from left, Mary Fisher, Palo Duro council delegate; June McCabe, Dawn council delegate; Winnie Wiseman, Cultural council delegate; Naomi Brisendine, North Hereford council delegate; and Mariellen Homfeld,

Bippus, president. Front row from left Pam Willson, Dawn, president; Clara Trowbridge, Wyche president; Peg Hoff, North Hereford president; Wilma Pierce, West Hereford president; Jewel Hargrave, Cultural president; and Betty Thomas, Palo Duro president. (Brand photo by Denise Smith)

Political Activity Discussed

Seven government classes at Hereford High School heard a program on political involvement yesterday when Lois Kershen addressed the students.

Ms. Kershen discussed the two-party system, organization workings of both political parties, voter registration, clubs for young Democrats and young Republicans, how to participate in political conventions and how to support a political candidate.

Ms. Kershen's program was presented in a morning and afternoon sessions.

American forces under Gen. W. H. Harrison defeated a combined British and Indian force near Moraviantown, Ont., in 1813 during the War of 1812. The British commander, Col. Henry A. Proctor, escaped, but the Indian chief Tecumseh was killed.

The Emperor of Japan is the 122nd of his line, which goes back to 660 B.C.

The NATIONAL BIBLE CONTEST wants you to win a share of \$16,500!

It's not a sweepstakes. Not a drawing. But a Bible contest based on your answers to questions taken directly from the Bible. How much you win doesn't depend on how lucky you are—but on how well you know your Bible.

Three chances to win

The contest is divided into three parts. Part one asks you three questions about the Old Testament. Part two asks three questions about the New Testament. And part three asks three general Bible questions that require knowledge of both Old and New Testaments. You may enter any parts of the contest you wish—first, second, third—or even all three.

54 cash winners! \$16,500 in prizes!

Prizes are as follows:
Part One: First Place: \$2,500; Second Place: 1,000; Third Place: 500
Part Two: First Place: \$2,500; Second Place: 1,000; Third Place: 500
Part Three: First Place: \$2,500; Second Place: 1,000; Third Place: 500
Plus 45 Fourth Place prizes of \$100 each (15 for each part).

That means you could win up to \$7,500 cash money, depending on how many parts of the contest you enter and win.

Easy to enter

To participate, all you need do is answer the three questions to each part of the contest you wish to enter. Then merely fill out the rest of the entry blank and mail this whole ad, along with your free will entry contribution of \$1 for one part, \$2 for any two parts and \$3 for all three parts. (Free will entry contributions are tax deductible.) Mail to:

Christian Church Union
Dept. C1508 • Box 750 • Independence, MO 64052
Judging

Entries will be judged—and winners selected—by a panel of judges selected by the Christian Church Union. The King James version of the Bible will be considered the standard authority for judging entries. Judges' decisions are final.

Proceeds to fight world hunger and spread the Christian message

All after-expense proceeds derived from free will entry contributions go toward research leading to the development, production, and international distribution of fish protein concentrate for infants and children suffering from malnourishment and protein starvation—and toward production of Christian films designed to carry God's message to mankind. Any additional contribution you wish to make over and above your \$1, \$2, or \$3 entry contribution will be greatly appreciated. Send cash, check, or money order. Please make checks and money orders payable to: Christian Church Union.

National Bible Contest, Part One, Old Testament:

\$1 entry contribution requested
1. Name the man God used to deliver Israel from Egypt.
2. Who killed Goliath?
3. What prophet was kept safe in the lion's den?

National Bible Contest, Part Two, New Testament:

\$1 entry contribution requested
1. What did the Wise Men follow to find Jesus?
2. Who was sent to prepare the way for Jesus?
3. Which disciple was famous for doubting?

National Bible Contest, Part Three, General Bible Questions:

\$1 entry contribution requested
1. Name the first book in the Bible.
2. What is the longest book in the Bible?
3. Which two books of the Bible are named after women? _____ and _____

NATIONAL BIBLE CONTEST

Whiteface Fems Beat Caprock; Herd Bows to Dons

Girls Have 7-6 Record After One-Sided Victory

AMARILLO — Road-weary Hereford started slowly but never trailed in the contest and whipped Amarillo Caprock, 50-25, in non-district high school girls' basketball action Tuesday night in the Longhorn gymnasium.

The Whitefaces led only 8-7 at the end of the first period but started to pull away in the second quarter, taking a 20-13 halftime lead.

Hereford, 7-6 for the season, held Caprock to two points in the third quarter and grabbed a 36-15 lead at the end of the period.

Amy Schumacher and Cathy Lane led Hereford with 10 points each. Beverly Nixon and Lori Albracht added eight

Turkey Shoot Set by Simms Lions Club

The Simms Lions Club will host a turkey shoot beginning at 1 p.m. Saturday at the Simms Community Building.

The site of the trap shoot is located 15 miles north and 15 miles west of Hereford.

Competitors in the event will have an opportunity to win hams or turkeys.

Proceeds will go toward various civic projects of the Simms Lions.

points, and Louise Mays scored six.

Mays led Hereford on the boards with 11 rebounds.

For Hereford, it was the sixth out-of-town game in a row, and coach Larry Sowers attributed weariness to the sluggish start.

"We were a little flat early, but we executed well in the second half. We played better the night before (in a loss to Amarillo High)," Sowers said.

Caprock's junior varsity used its starters for most of the game and crushed Hereford's sophomore girls, 80-32 in an earlier contest.

Hereford's JV did not play because University Interscholastic League rules allow teams to play only one match game and one tournament per week.

The JV played Amarillo High Monday night and is scheduled to play in the Friona tournament Thursday through Saturday.

Sowers said he was displeased at Caprock for using its starters throughout the second half. Caprock scored 32 points in the final period.

"I was a little disappointed at Caprock—they tried to embarrass us," Sowers said.

Hereford's varsity is off the remainder of the week and hosts Borger next Tuesday.

The Philadelphia 76ers got their nickname in a 1963 contest which had almost 300 entries.

Hereford Brand SPORTS

La Plata, Stanton Host Junior Hi Boys' Tourney

Hereford will host a Junior High Boys' Basketball Tournament Thursday through Saturday with teams competing in three divisions—7th, 8th and 9th grades.

Games will be played at La Plata, Stanton and High school gyms. Teams entered are: La Plata, Stanton, Dimmitt, and two each from Canyon and Plainview.

Opening games Thursday for local 9th graders find Stanton playing at 12:30 at the Stanton gym; La Plata "B" at 2 p.m. at

Stanton, and La Plata "A" drawing a bye.

La Plata's 8th graders play at 11:15 a.m. Thursday at La Plata Gym; Stanton "B" plays at 3:30 at La Plata, and Stanton "A" plays at 11:15 at Stanton.

In the 7th grade division, Thursday games include La Plata at 10 a.m. at La Plata gym; La Plata "B" at 10 a.m. at Stanton, and Stanton at 4:45 at Stanton gym.

The 8th and 9th grade girls from Stanton and La Plata will be playing a tournament at Clovis beginning Thursday.

Denver Edges Spurs After Blowing 34-Point Advantage

DENVER (AP) — It looked like a cinch. Denver led by 34 points early in the third period and San Antonio didn't seem to have a chance.

But it's never over until the final buzzer and, in the end, the Nuggets had to scramble to pull out their 127-121 National Basketball Association victory Tuesday night.

NBA scoring leader George Gervin tallied 41 points and teamed up with Larry Kenon in the last period to bring back the Spurs. San Antonio had trailed 82-48 earlier and 97-74 entering the fourth quarter.

"We made a run at them and we still had a chance to win it," San Antonio Coach Doug Moe said later. "We needed David (Thompson) to miss one of those free throws (with 10 seconds left) so we could come back with a 3-pointer and tie the game."

"If you play with a lack of defense and a lack of effort like

we did for the first three quarters, you can't win," Moe said. "The other team sees you playing like that and it gives them confidence and they start playing much better."

San Antonio now is 15-14.

Denver Coach Donnie Walsh was bitter about the referees' calls, but also said he thought the Nuggets were sleepwalking in the final period.

"I think we're coming around," Walsh said, referring to the dismal first month of the season that is mostly responsible for Denver's 11-20 record.

He noted that George McGinnis had his second straight 30-point game against San Antonio, and he said, "We're seeing the real George McGinnis out there now."

Thompson had 27 for the Nuggets and Kenon 31 for San Antonio.

Super Bowl Road Goes Thru Pittsburgh, Says Bum

HOUSTON (AP) — Houston Coach Bum Phillips isn't interested in singling out for scrutiny a controversial call on an on-sides kick attempt by Pittsburgh Monday night in the Oilers' 20-17 victory.

The short kick came with 1:18 left in the game and although the boot appeared to travel the required 10 yards, side judge Willie Spencer ruled the kick too short and penalized the Steelers five yards.

On the subsequent kick, Oiler tight end Mike Barber cradled the ball and the Oilers held on to win one of their most important games of the season.

"You don't think I'm going to say that was a bad call do you?" Phillips said Tuesday in

reviewing the play. "If I'm going to question that call, I'd have to question some other ones that went against us."

The Steelers had been building momentum throughout the fourth quarter and had just scored on a 34-yard pass from Terry Bradshaw to John Stallworth, climaxing a three play, 71-yard drive.

What would have happened had the Steelers retained possession on the on-sides kick will never be known and Phillips doesn't really care.

"If I questioned that call, I might also have to question two pass interference calls on (Ken) Burrough and (Rich) Caster, so if the officials were right then, they must have been right on the on sides kick too," Phillips said.

Phillips won't allow the Oilers to spend too much time dwelling on any play in the Pittsburgh game. The Oilers must prepare for their final regular season

game in the Astrodome Sunday against Philadelphia, also playoff bound.

The Oilers go into the game with an 11-4 record, and a chance to emerge with the best record in the National Football League this season and the American Football Conference Central Division title.

Phillips would like to think the Oilers are on the road to the Super Bowl and if they are, he figures there'll be another meeting with the Steelers.

"The road to the Super Bowl runs through Pittsburgh," Phillips said. "Sooner or later you've got to go to Pittsburgh. But we can't think that far ahead. We can only think as far as Philadelphia."

The Oilers went to Pittsburgh for the AFC title game last season and came away a 34-5 loser. The Steelers defeated the Oilers 38-7 in their first meeting this season.

Boys Host Caprock On Friday Night

A fourth-quarter rally fell short at the Palo Duro gym in Amarillo Tuesday night, and the Hereford Whitefaces absorbed a 75-62 loss at the hands of the Dons.

After Palo Duro took a 23-16 lead in the first period and had a 46-34 margin at halftime, Hereford came back to put only 5 points on the scoreboard in the third period. The Herd rallied to outscore the Dons by 23-14 in the final period, but the lead was too much to overcome.

Coach Bobby Decker said he changed the offense for the game Tuesday, attempting to use his bigger people to control the boards. "We just worked on it one day, but I believe it will pay dividends on down the road. We're just not real consistent yet, but we're improving each week."

The offensive change helped in the battle of rebounds as Joe Walker, Darrell Polk and Bert Wofford claimed 38 rebounds between them. Walker was the leading scorer for Hereford with 22 points and Polk was next with 12. Rounding out the scoring were Mike Fraser and Normar Hill with 9 each, Ernie Suarez and Wofford with 4 each, and Derek Dirks with 2.

The loss left the Herd with a 3-8 won-lost record on the season. The Whitefaces will host Amarillo Caprock Friday night in varsity and JV games. The Hereford sophom will play the Canyon sophs at 4 p.m. to start the Friday schedule; the JV plays Caprock at 5:45, and the varsity game is set for 7:30.

Hereford's junior varsity claimed a victory at Amarillo Tuesday night, scoring a convincing 67-41 triumph over the Palo Duro JV. Alan Wartes led the Hereford attack with 16 points. The JV held a 31-21 advantage at halftime.

Houston Waltzes Past TLU

By The Associated Press
Larry Micheaux only took seven shots from the field, but he made them all count as Houston took an easy, 126-78, non-conference college basketball victory over Texas Lutheran Tuesday night.

Micheaux was the leading scorer for the Cougars with 20 points.

Baylor defeated McMurry College, 83-69, in the only other game involving Southwest Conference teams Tuesday night.

East Texas State visits Texas A&M for tonight's only game involving an SWC team.

Enroute to the easy victory over Texas Lutheran, the Cougars turned 32 turnovers by the Bulldogs into uncontested layups.

Victor Ewing, Robert Williams and Walker Russell had 12 points each and all 14 members of the Cougars team played and six scored in double figures.

Terry Teagle had 28 points and Mike Battle had 26 as the Baylor Bears won their first game of the season after 4 losses. McMurry, led by Donnie Cruse with 29 points, is now 6-3.

Shorts

GOLF
FORT LAUDERDALE, Fla. (AP) — Host Johnny Miller birdied two of the last three holes to take a 1-stroke victory over Grier Jones and Sandra Post in his \$100,000 invitational tournament.

Miller carded a second-round 65 for a 134 total.

TENNIS
NORWALK, Conn. (AP) — Martina Navratilova and Bjorn Borg were named the top tennis players for 1979 by Tennis Magazine.

Complete Coverage of Texas' Leading Area in Cattle and Agriculture.

Wednesday, December 12, 1979--Page 7

Farm Bureau Delegates Adopt Stands on Ag Issues

McAlLEN—Texas farmers and ranchers took a stance on many issues, including fuel alcohol, initiative and referendum, foreign ownership of U.S. land, and priority allocation of fuel for farmers, during Texas Farm Bureau's 46th

annual convention in McAllen Dec. 2-5. Over 1,200 delegates, representing 249,210 TFB member families, re-elected Carrol Chaloupka, Dalhart grain and cattle producer, for his sixth year as president of the state's largest farm organization.

Three state directors were elected to replace retiring member of the board. New directors are James Ray Adams, Sinton, a cotton and milo producer; Roy Johnson, a peanuts, cattle, and small grains producer, of Desdemona; and Wayne Cranfill, Hooks, a dairyman. The retiring state board members are W. Reed Lang, Rio Hondo, past vice president; T. L. (Soupy) Roberts, Wills Point; and Doyle Condra, Ialpa.

Following the convention, the Board of Directors elected S. M. True, Jr., Plainview, as vice president, and Donald Hebert, Waller, as secretary-treasurer. The voting delegates considered over 200 recommendations compiled from resolutions submitted by the 213 county Farm Bureaus in Texas. Numerous other resolutions were submitted by county delegates during the convention.

Texas farmers and ranchers overwhelmingly voted against a resolution that would have placed TFB in favor of a mandatory check-off program to finance research and promotion for beef. They also voted in favor of initiative and referendum, but with the provision that it be limited to the restriction or reduction of taxes. A resolution favoring power of recall of any elected official at all levels of government was adopted.

Another resolution favored amending or eliminating existing laws and regulations restricting the production of fuel alcohol, and favored exempting it from state tax.

Delegates also favored a plan to divide Texas into two units—east and west—for implementing a federal-state brucellosis control program. They also unanimously opposed the creation of the Agricultural Producers Advisory Commission, a proposed 168-member commission which would be appointed by the Governor and would have influence over Texas agricultural policies.

TFB stance on national issues was decided by the delegates, and these recommendations will be forwarded to the American Farm Bureau Federation annual convention in Phoenix in January, to be considered by voting delegates from all 50 state Farm Bureaus.

Texas Farm Bureau adopted a national resolution that "We should strive for a minimum of 100 percent parity in the marketplace for all agricultural commodities." Also, they favored restricting or regulating the ownership of U.S. land by non-resident aliens.

Another national resolution states that "agricultural producers be given the highest priority in the allocation of energy resources." They also favored avoiding imposing a windfall profit tax on the energy industry, and favored abolishing the Department of Energy.

The Texas Farm Bureau Outstanding Young Farmer and Rancher award was given to rancher Winford Matthew and his wife, Patricia, of Yoakum. Loys D. Barbour, Iowa Park, was honored for his 40 years of service to the organization. He was presented the "Outstanding and Meritorious Service to Agriculture" award by TFB President Chaloupka.

In contrast to the past two years, there were no bitter confrontations between conservative elements in the Farm Bureau and those who backed the American Agriculture Movement at this year's convention.

Quality Hay Important To Animal Performance

COLLEGE STATION — Grazing of low quality forage or feeding low quality hay during the fall and winter months will cause cattle performance to suffer.

"High quality hay or winter grasses can go a long way in keeping cattle herds at or above a maintenance level during the winter season," contends Dr. Dennis Herd, beef cattle specialist with the Texas Agricultural Extension Service, Texas A&M University System. "Grasses or hay with a crude protein content of 6 to 7 percent are adequate for maintaining cattle condition. But if the protein content is less, supplemental feed will be needed for all classes of cattle. Cows nursing calves and growing cattle need 10 to 12 percent protein in their feed."

To determine the effects of hay quality on animal performance, a 98-day study was conducted at the Brenham Livestock Auction with three groups of heifers donated by the

Bar J Ranch. The first group received fair quality hay, the second got good quality hay, and the third received fair quality hay plus cottonseed meal and milo at a level to produce heifer performance equal to that on the good hay. All groups had free-choice mineral.

Total gain per animal for the first group was 16 pounds compared to 64 pounds for the other two groups. The real difference came in feeding costs, which were only \$44.17 per hundred pounds of gain for the group receiving good quality hay compared to \$161.25 for the first group (fair quality hay) and

\$69.03 for the group on fair quality hay, cottonseed meal and milo.

With the good hay valued at \$60 per ton, the poor hay was worth only \$25 per ton.

"All this points to the importance of feeding high quality hay to cattle," emphasizes Herd. "And to determine hay quality, get a forage test."

"There is no practical place for poor or even fair quality hay in a cattle program, particularly where young animals are involved," believes Herd. "A protein supplement is needed with low quality hay, and this means higher production costs."

Sorghum Producers Honor 3 Leaders

LUBBOCK — Three High Plains farmers were honored recently for their years of dedicated service to sorghum growers. Texas Grain Sorghum Producers Board recognized these directors who are retiring from the Board this year. The three have served a total of 128 years.

Worth Jones farmed in the Hart community when he was elected to the Board in 1971. He later moved to a farm near Happy. He was reelected by area sorghum producers in 1977. Jones resigned that office this year and Olan D. "Jack" Crowl of Morse was appointed to serve the four remaining years of his term.

"A.W. 'Dub' Anthony Jr. became president of Grain Sorghum Producers Association in 1968. He directed GSPA as it sponsored the Texas Sorghum Referendum that established Texas Grain Sorghum Producers Board. He was elected to serve on the first board and was reelected in 1973. Anthony was not a candidate this year. His son, Dennis, is one of four new directors who were inaugurated at the November meeting."

E.C. Witten of Edmonson was another charter director of the TGSP Board. He was elected to a second term in 1973 but did not seek a third term. His son, Larry Witten of Olton, is the current TGSPB Chairman.

Engraved plaques were presented to the men by the Board as Chairman Larry

Witten expressed the thanks of all sorghum producers who have been helped by their efforts. Currently serving on the twelve-man Board are: Chairman Larry Witten, Olton; Vice Chairman John Gilbreth, Hart; and Secretary-Treasurer C.P. Smith, Hale Center. Other directors are: Dennis Anthony, Friona; Paul Cobb, Plains; Olan D. "Jack" Crowl, Morse; Lee Hill, Dalhart; Steve Lee, Olton; Ralph Mabry, Lubbock; K.B. Parish, Springlake; C.C. "Pap" Reed, Kress; and Albert Scheele, Lockney.

Directors of Grain Sorghum Producers Board are elected by the sorghum producers of a 29 county area in the Texas Panhandle. They serve six-year terms as officers of the State of Texas. It is their responsibility to direct the programs of Texas Grain Sorghum Producers Board and to supervise the collection and disbursement of assessment funds as authorized under the Texas Commodity Referendum Law. They donate their time and most other expenses to attend six or more meetings per year and to carry out many other responsibilities of their office.

The effectiveness of Texas Grain Sorghum Producers Board in the twenty-nine county High Plains of Texas has netted millions of dollars to the nation's sorghum growers and has given strength and stability to the area's grain industry.

Pork Plentiful, Profits Decline

COLLEGE STATION—Pork should be plentiful and therefore should continue to be a good buy for consumers for the remainder of 1979 and the first half of 1980. However, pork producers are losing money.

According to Dr Ernest E. Davis, livestock marketing economist for the Texas Agricultural Extension Service, Texas A&M University System, the number of hogs in the 14 major producing states totaled nearly 57 million head in September, up 16 percent from a year ago.

"While large supplies of pork benefit consumers, some pork producers are struggling to pay the feed bill, much less the other expenses," notes Davis. "With potential record supplies of hogs available for marketing during the next 10 months, the outlook for pork producers recovering production costs is bleak."

The marketing specialist points-out that pork producers are being aided somewhat by the declining real incomes of consumers due to inflation.

"Today, the average retail price of choice beef is nearly \$2.30 per pound and the average retail price for pork is \$1.35 - a difference of 95 cents between a pound of beef and pound of pork," EXPLAINS Davis. "Consequently, consumers are purchasing more pork, poultry and other less expensive meat products."

Meanwhile, hog slaughter has remained at a high level. Through September 1979, hog slaughter has remained at a high level. Through September 1979, hog slaughter has been

Lighting Helps Hair Coat

COLLEGE STATION — A light bulb can do wonders for a horse's hair coat.

Horsemen concerned about keeping short hair coats on their animals for the upcoming "hay circuit" should give the light bulb a try, suggests Dr. Doug Householder, horse specialist with the Texas Agricultural Extension Service, Texas A&M University System.

"A short hair coat makes it easy to evaluate the animal's conformation and degree of fitness," explains Householder. "However, as daylength decreases in early fall, hair will start to grow longer. So, to keep a horse's hair short, you've got to 'fool Mother Nature,' so to speak."

To do this, provide extended lighting in the horse's stall so that the animal will be exposed to light about 16 hours a day. This is the same as the amount of actual daylight on June 21, the longest day of the year.

Householder recommends at least three footcandles of light, which amounts to about a 200-watt bulb located about 10 feet over the horse's stall. The light should be enough so that you can read a newspaper easily in the stall. To save energy, control the light with an automatic timer so that it will come on about three hours before sunrise and again for three hours after sunset. For December conditions, this means lighting from 4:30 to 7 a.m. and again from 5:30 to 8:30 p.m.

It will take 40 to 50 days after beginning an extended lighting system for long hair to start shedding.

The specialist advises using a fluorescent or incandescent bulb for this purpose and not a heat lamp. "The amount of light is the key in this system, not warmth," he points out. "Horses kept in extremely warm barns and then exposed to cool temperatures outside during riding and exercising may be subject to colds."

Common practices to keep the hair coat short on horses include keeping them on a good nutrition program and keeping them warm and blanketed.

The Speaker Reports

by Bill Clayton

AUSTIN—As of January 1 more have been required, to pay a \$10 surcharge. These charges are expected to raise approximately \$2.2 million for the fiscal year 1980.

This new law will place the responsibility of crime's consequences where it rightfully belongs — on the criminal. But more importantly, it will help alleviate some of the financial hardships placed on the innocent victims of crime. Victims of crime have been neglected for too long. Perhaps this is one way the State can repay victims for some measures of the suffering they have no choice but to endure.

Crime victims may receive up to a maximum of \$30,000. This maximum sum is broken down as a maximum of \$150 per week, plus \$30 a week for each child, not to exceed \$75. Medical and funeral expenses are also included. Victims of family crimes, such as battered spouses and abused children, and victims of automobile accidents are excluded from the act. The program is not funded from taxpayer dollars, but rather from fines imposed on the offenders themselves. Starting September 1, persons convicted of a felony have been required to pay a \$15 surcharge, and persons convicted of a misdemeanor involving \$200 or

Japan Maintains Iranian Imports

TOKYO (AP) — Prime Minister Masayoshi Ohira said today that Japan might consider restricting oil imports from Iran if the U.S.-Iranian crisis worsens, "but at the present time we are not considering this possibility."

"For the present time, Japan must make every effort to secure the oil imports that it needs," the prime minister told reporters.

"The United States has taken a severe stance toward Iran because of the hostage issue. But the crisis between Iran and the United States is in a proper sense not an oil problem."

Ohira was responding to criticism from a spokesman for Secretary of State Cyrus Vance who said Monday that Japanese oil companies and banks were undercutting the economic pressure the U.S. government is putting on Iran to try to force Ayatollah Ruhollah Khomeini to free the 50 Americans held hostage in the U.S. Embassy in Tehran since Oct. 4.

Vance, visiting major U.S. allies in Europe to ask their cooperation, talked with Japanese Foreign Minister Subaru Okita in Paris. A high-ranking official accompanying Vance criticized the Japanese purchase in the spot market of Iranian oil diverted from the United States and the help Japanese bankers gave Iran in easing the effect of the Carter administration's freeze on Iranian assets in American banks.

"As long as there is evidence like that provided by the Japanese, those guys in Tehran have got to believe we are all words and no meaning," said the official, who refused to be quoted by name.

Before Ohira commented, an official of the Japanese Foreign Ministry said the expanded purchases of spot oil for as much as \$40 a barrel was "regrettable" and his government was stepping up efforts to curtail the purchases.

"We are asking trading companies to refrain from buying on the high-priced spot market, but there is no way we can end all purchases of spot market oil from Iran because of this nation's energy needs," he said.

About 50,000 Americans each year take part in marathon races, a distance — when measured by Olympic standards — of 26 miles, 385 yards. The original marathon runner supposedly ran 22 miles, 1,470 yards, the distance a Greek soldier ran from the battlefield at Marathon to Athens to report the victory over the Persians some 2,000 years ago.

AUSTIN, Texas (AP) — Racketeers apparently are winning their war with Texas lawmen, who have been told they will never have enough men or money to effectively combat organized crime or its \$5 billion a year drain on the state's economy.

The Texas Organized Crime Prevention Council received a staff report Tuesday that outlined the volume of narcotics trafficking, detailed the rise in illegal gambling operations and included for the first time information on "white collar crime."

"Trafficking of narcotics and dangerous drugs into and through Texas is by far the most prevalent form of organized criminal activity," the staff said in its report.

Last year there were 75,500 heroin addicts in Texas and 406 drug overdose deaths were reported.

"The 'Mexican Mafia' is one of the most significant... family (crime) operations," said G.K. Maneius, council program director.

Mexican drug smuggling peaked in 1976, the report said, but an "excellent marijuana crop is now reaching staging areas near the border in multi-ton quantities approaching those available in 1976-77."

Authorities seized illegal drugs with a street value of well over \$100 million last year. But the report said that narcotics trafficking was responsible for a \$1.5 billion drain on the Texas economy in 1978.

White collar crime was included, the report stated, "because of its rapid growth in the state and because of its suspected links to organized criminals."

In 1977, an estimated 2.3 billion was lost as a result of this type of crime, the report said.

Gambling also remains a major organized criminal activity in Texas, the report said. Six of every 10 Texans wager to some extent, betting an estimated \$1 billion per year.

Over \$50 million was wagered in the Dallas area alone on Super Bowl XII weekend, an illegal casino-type gambling has "notably increased" in Houston, Dallas, Fort Worth, Amarillo and Lubbock.

Data indicate that almost \$259 million in stolen property "was either consumed by criminals or rechanneled — primarily through fencing operations — back into the economy," the report said.

Although prostitution "has had organized crime links in the past," the report said, "it is believed that present-day prostitution is not necessarily associated with organized crime."

In 1978, 3,109 prostitutes

POLLY'S POINTERS

Polly Cramer
Red spot on her rug

DEAR POLLY — So many of the Pointers have proved helpful to me. I would appreciate hearing if you have a suggestion for removing a red soda spot from my gold living room rug. — MARIE

DEAR MARIE — I presume the red "soda" spot is the result of a soft drink being spilled. One should work on soft drink stains promptly which, of course, you cannot do this time but should remember for the future. One of the national rug-cleaning institutes recommends sponging several times with water and blot so as to not saturate the backing.

First use a detergent solution on the stain and that would be made with two teaspoons of a synthetic detergent in two cups of warm water. Apply this with a medicine dropper and rub with a soft cloth in a circular motion. Sponge again with clean warm water, blot with a damp cloth and be careful not to saturate. If possible put a piece of plastic under the rug while you work.

If stain remains pour one-fourth cup white vinegar into three-fourths cup water and apply with dampened cloth. Leave on about 15 minutes, blot and rinse. Use the damp cloth in the direction of the pile of the rug during the last blotting. Do test anything for effect on color and fabric. Good luck! — POLLY

DEAR POLLY — Do tell your readers, especially Ada who has the problem, that mailing address labels on magazines can be safely removed without defacing the picture on the cover by saturating the label thoroughly with a commercial spot remover. Apply generously with the applicator tool until label is well soaked. It will then lift off easily and won't harm that section of the cover. — P.L.N.

DEAR POLLY — My father was a baker during the Depression and after he passed away I found a book (65 years old) that he had used. From it I learned a hint that is as good today as it was then. It concerned making pancakes without smoke or odor. Make a little salt bag and rub it on the griddle instead of grease. The pancakes will not stick and there will be no unpleasant smoke or odor. This has been a great help for me as my family loves pancakes and now my house does not smell like it. — BONITA

HEALTH

Lawrence E. Lamb, M.D.
Exercise to feel warm

DEAR DR. LAMB — I'm a 76-year-old male and I have a swollen joint in my right big toe. I was told that this was arthritic gout and I should take six bone meal tablets daily to reduce the swelling.

I am of the opinion that my enlarged joint is due to an overabundance of calcium in the bones and bone meal tablets will aggravate the condition rather than alleviate it. Am I right?

DEAR READER — If you're correct in saying that your enlarged toe is caused by gouty arthritis, then you may need other treatment.

Gout often attacks the great toe. When it's an acute attack, the toe may be red, hot and swollen and very painful. In addition, in the course of time people with gout may have uric acid salts or crystals deposit in the joint space and build up in the area. It's somewhat like lime building up in the pipes or inside the lining of the kettle. The uric acid salts (urates) cause the joint enlargement.

Bone meal tablets won't do a thing to relieve gout. I don't know who advised you to take them but it must have been for some reason other than the treatment of chronic gouty arthritis. The goal in treating gout really is to eliminate the excess uric acid or prevent its formation. I'm sending you The Health Letter, number 2-3, Gout, Uric Acid, to give you a better understanding of what causes gout and how it's treated today. Other readers who want this issue can send 75 cents with a long, stamped, self-addressed envelope for it. Send your request to me, in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

Plans for a European economic federation of France, West Germany, Italy, Belgium, the Netherlands and Luxembourg were drafted by the six countries in 1952. As a result, the European Economic Community — also known as the Common Market or Inner Six — came into being on Jan. 1, 1958. By the end of 1961, six other countries, members of the Outer Seven, or European Free Trade Association, had applied for membership.

Now there are not correct in assuming that the enlarged bone is because of an overabundance of calcium. Many people seem to have this mistaken idea and they think that excess calcium intake even causes arthritis. That's not true at all. A person who takes more calcium than his body needs simply eliminates it or doesn't absorb it in the first place.

The calcium formations that develop around the arthritic joint usually are the result of the efforts of damaged bone to repair itself. A bony spine, for example,

Organized Crime Costs Texans \$5 Billion

were identified as operating in Texas and there were 5,133 arrests for prostitution and commercial vice.

It said it has become increasingly apparent that the pornography is controlled by syndicated crime, and the industry flourishes in Texas with Houston a distribution center.

"The low recovery rate for stolen cars indicate that organized rings are involved, the report said. The recovery rate dropped from 86 per cent in 1967 to 70 per cent in 1977.

"White collar — or 'economic crime' — is characterized by fraud, embezzlement, deceit, stock manipulation, misrepresentation and other non-violent acts, the report said.

"Every time I meet a self-made millionaire, I chuckle to myself and wonder if his book-keeper, or purchasing agent, might be one, too," said director Jim Adams of the Governor's Criminal Justice Division.

Welfare fraud alone was estimated as high as \$27 million over the past four years.

The report said although no complete La Cosa Nostra family lives in Texas, nine family members and 57 associates do live in the state.

In addition, the report said, at least 125 members and associates of Mexican Mafia families live in South Texas alone and 220 suspected members of the "Dixie Mafia" operate in 11 states, including Texas.

Adams was asked if he had detected a trend in organized crime and he replied, "I don't see any slowing down, so to

speaking, of organized crime."

Asked if Texas had "enough bodies" to halt organized crime, Adams said, "No. There will never be enough bodies as we will never have an economy that will fund a total criminal justice effort."

"As the Gross National Product and population go up, crime rates go up — you just got more crime — that's all there is to it," said Gov. Bill Clements, who presided over the council meeting.

BARBS

Phil Pastoret

Our grocer says he has a full supply of Christmas nuts, in addition to his regular customers.

The reason you don't find many herringbone fabric suits anymore is that the pattern is being monopolized by TV tube manufacturers.

Sub Sparks, left, and Wayne Winget were presented with special plaques at the annual Kiwanis Club Christmas party Tuesday night at the Community Center. Winget was named earlier as "Kiwanian of the Year", and Sparks is the past president. Danny Boyer, president, presented the plaques last night, since they were not available at the club's installation party.

Allen to Head Baptist Radio, TV

FORT WORTH, Texas (AP) — A San Antonio minister, hailed as "one of the more effective and powerful Christian workers of this generation," has been named president of the Southern Baptist Radio and Television Commission.

Dr. Jimmy Allen, pastor of the First Baptist Church in San Antonio, said he expects to assume his new duties Jan. 15. Fred Isaacs of Cosby, Tenn., chairman of the commission's trustees and head of the search committee, announced the appointment Tuesday following a meeting of the full board.

Allen is immediate past president of the Southern Baptist Convention, the world's largest evangelical denomination. His 9,000-member congregation in San Antonio is the sixth largest in the SBC.

Allen was selected from an initial list of more than 60 names.

Isaac said the selection was

unanimous and that trustees pledged full support to Allen.

Trustees had expressed displeasure during the year with the direction the commission was taking with its films and recordings. Dr. Paul Stevens, the former head, took early retirement.

Allen urged the denomination to use the radio and television commission in Bold Mission Thrust, first in developing deeper relationships with Southern Baptist agencies and announced his intentions of working with local churches.

Bold Mission Thrust is the Baptist plan to confront everyone in the world with the Christian message by the year 2,000.

Allen is no stranger to the broadcast industry, having had television and radio exposure at his San Antonio church.

The commission produces seven major radio and four television programs aired 4,390 items a week on 3,217 stations.

BALLERINA Gelsey Kirkland's legs were meant for dancing. But she has not been able to do so recently because of a strike for higher pay by dancers of the American Ballet Theater.

DAR Chapter To Convene

Los Ciboleros Chapter, Daughters of the American Revolution, will meet for a Christmas program at 3:30 p.m. Thursday, Dec. 13, in the E.B. Black Historical House. The group will convene at 3:30 p.m.

A program on "Christmas symbols" is to be presented by Mrs. J.T. Carroll. Serving as hostesses will be Mmes. Charles Vasek, Johnny Burkhalter and A.B. Clark.

All DAR members are encouraged to attend.

It has been found that one person in 20 has an extra rib. The condition is three times more common in men than in women.

Veleda Study Club Cites New Members

Two new members, Marjorie Lasier and Donna Lindeman, were welcomed by Veleda Study Club Monday evening during a Christmas party in the home of Ruth Owen.

The meeting was opened by Norma Walden, president, and the treasurer's report

delivered by Marcella McLain. It was reported that the club's annual Christmas donation to Girlstown, USA has been mailed.

Members discussed plans for a "show and tell" program to be presented on Jan. 28 with each member bringing an item which she has made during the past year. The club's next meeting is scheduled Jan 14 in the home of Arvilla Lauderback.

A medley of Christmas stories was presented by Juanita Brown, who opened her program by reading the Christmas gospel from Matthew and Luke. Mrs. Brown also read a Christmas story, written from the viewpoint of a seven-year-old child. Mrs. Brown then recounted her personal feelings about Christmas and invited each member to tell of a childhood incident relating to memories of Santa Claus. In conclusion, Mrs. Brown read "The Santa in Me," an excerpt from the December issue of Reader's Digest, in which a Jewish man tells how he made Christmas a reality for needy children in New York City.

After the program, members exchanged secret pal gifts and enjoyed refreshments from a table decorated with a Christmas motif.

Other members in attendance were Waneen Ragsdale, Darleen Fields, Norma Jean Martin, Janice Brownlow, Betty Gilbert, Joyce Ritter, Jean Rutherford, Toddie Poindexter, DeAnn Sisson, Margaret Zinser, Billie Birdwell, Carolyn Waters, Frances Crumme and Marcella Bradley.
