MAJESTIC BAKING DEMONSTRATION

ONE WEEK COMMENCING MONDAY, OCTOBER 2ND, 1905.

We heartily invite our friends to call any day during the above mentioned week and we will demonstrate the superior qualities of the

MAJESTIC RANGES SOLD IN ALL OF THE ABOVE COUNTRIES.

NEW MAJESTIC MALLEABLE AND CHARCOAL IRON RANGES

The Majestic Malleable and Steel Range as formerly turned out by the Majestic people has been considered throughout the entire country par-excellence, and far ahead of any other range made. But with the NEW CHARCOAL IRON BODY in place of Steel, making it double its value, and the fact that it is the only range in existence made of Malleable and Charcoal Iron you can readily see that if quality is considered, the Majestic leads by a big margin. We want you to call at our store during this week, and let us explain this new feature:—Charcoal Iron Bodies; let us explain why it is the best material for range bodies, and incidentally, why it is not used on other ranges. We want you to call if you intend to buy or not, as the information gained will serve you in the future. **HANDSOME SOUVENIR-FREE.** As long as they last, we propose to give to each prospective customer a neat souvenir, something that has not been offered before. If you intend to buy, call early and get one of these souvenirs. **HOT COFFEE AND BISCUITS-FREE.** Come any day during this week. and have buttered hot biscuits and hot coffee. Biscuits baked on a Majestic while you wait. **HANDSOME SET OF WARE -FREE.** With every range sold during this demonstration we will give FREE one set of Majestic ware worth every cent of \$7.50. This ware will be on exhibition at our store. Everything useful, ornamental and durable. Come in and see it, and you will agree with us that it cannot be bought for a cent less than \$7.50, and it is cheap at that.

OUR

STORE

NEW GOODS ARRIVING DAILY

AND we are always pleased to show them. Our stock of Ladies' Misses' and Children's Cloaks, Coats and Jackets are in and the styles and prices are right. Don't buy a Fall Skirt until you see the newest fad in the East, "The Peacock." We have a nice line of them enroute from the factory. The newest and most stylish. Wait for the "Peacock." We have added to our store force another competent and experienced dry goods salesman; so with our new and attractive line of fall goods and additional help we will be in better position than ever to serve our old friends as well as our new ones and strangers. If you don't see us before you buy anything in our line we will both lose money. **Our Grocery Department** is not being neglected, but is kept up to our usual standard. As long as we are in business we will keep Albatross and Belle of Wichita Flour, Swift's Meats and Lard, and Club House Canned Goods. See us for everything to EAT and WEAR.

PEANUTS FOR HOGS.

Comanche County Farmers Finding Out Their Merits.

We quote this article from a Comanche county correspondent of the Dallas News. It tells a story that is new to most Texas farmers, which all should know, that peanuts are a fine hog feed, and very cheap. The correspondent writes:

J. S. Barmore, Jr., who lives near Mayfield, brought to town this morning eighty-nine hogs which he sold for the sum of \$775. He said that last spring he had 100 head of small hogs and planted twenty acres in peanuts. He has fattened the whole drove on the peanut patch without any corn, and sold the eighty-nine this morning for \$775 and has twenty-one more hogs at home for stock hogs and meat for next year. H. L. Atkison of the same community also sold a large drove today, and reports about the same success with his venture in the hog business. A negro by the name of Bunk Rosamond sold twenty-four head this morning for \$205, and said that there was no need for a negro starving in this county, when he could raise hogs on peanuts. It is true there is some trouble connected with hog raising, but there is also good money in the business. Year by year the people are learning that cotton, though it may sell for 10c a pound, is not their only hope for a livelihood, and they are trying to make their living by other business and have the cotton as a surplus. All these parties have cotton, but they do not depend on that crop alone.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale at Dr. Stocking's drug store.

A Letter From Georgetown.

Georgetown, Sept. 13.
COOKE & KELLEY,
Clarendon, Texas.

DEAR SIR:—Please change my Banner-Stockman from Sanger to Georgetown, Texas.

I am now in school at S. W. U. We have a quite a crowd of ex-Clarendon folks here: Jessie and Rosemond Stanford, George Harris, J. E. King, Gibbs Glenn, Keener Isbell, W. Y. Switzer, Miss Mary Peebles and myself. Besides these we have with us Rev. J. Sam Barcus as professor of Bible and Theology. All send greeting to the Banner-Stockman.

Thanking you for your favors I am yours very truly,

J. F. ISBELL.

Cause of Insomnia.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale at Dr. Stocking's drug store.

Mrs. Blanche Walker, of Dundee, Texas, is visiting her sister, Mrs. A. J. Williams.

Kansas City's Big Week.

Kansas City is preparing to entertain the biggest crowd of the year during the week of October 9-14. This will be during the American Royal Live Stock Show. Many of those who attend the Priests of Pallas festivities the preceding week will remain over for the stock show, and many of those who wish to attend the Convention Hall horse show the week beginning October 16 will come early in order to see the great display of live stock. The exhibit will contain upwards of 700 head of pure-bred cattle, 100 head of pure-bred and grade fat cattle, 100 carloads of fat and feeding cattle, and 200 to 300 draft and coach horses. The show will be open daily throughout the week, and there will be night exhibits with especially attractive programs Tuesday and Thursday nights. Low rates have been made by all railroads.

How's This?

We offer One Hundred Dollars Reward for any case of catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm WARDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all druggists.

Take Hall's Family Pills for Constipation.

The Channing School Announcement, 16 pages, is out. The contents are tersely put, and the course of study such that no pupil in this vicinity will find it necessary to attend some larger school or college. We are glad to be able to thus keep the most advanced scholars at home. The book is neatly printed, the work of the Clarendon Banner-Stockman's well equipped job office. The Courier hopes to be so fixed before long that all such work will be printed at home.—Channing Courier.

Gus Person was in town Saturday. While here he made us an appreciated call. Gus is one of the Banner-Stockman's warmest friends.

and beaten, in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve, and was soon sound and well. "I use it in my family," writes G. J. Welch, of Tekonsha, "and find it perfect." Simply great for cuts and burns. Only 25c at Dr. Stocking's drug store.

Elder E. Dubbs went down to Quanah last Thursday to hold the funeral services over the remains of the 8-months-old twins of Mr. and Mrs. Chancy, of Chillicothe. They died of stomach trouble with in two hours of each other. Mrs. Chancy was the daughter of Brooks Jones, formerly of Clarendon.

A Shoe
Sold
on
Merit

THE AMERICAN GENTLEMAN has back of it the reputation of being made on merit and that this reputation is deserved is proven by the large sales it enjoys. This shoe is correct in shape, correct in quality, correct in style and correct in price. If you want a dressy shoe of quality this shoe will please.

B. W. Chamberlain

Our New Citizen.

The Collingsworth Courier reprints our account of the sale by H. D. Ramsey to Ed Bromley of the former's Clarendon property, and comments as follows:

It is with as much keen feeling of regret that we note Ed Bromley leaving Collingsworth county as the Banner-Stockman feels over the departure of Mr. Ramsey, and to the people of Clarendon we introduce Mr. Bromley and his estimable family as among our county's very best citizens. Ed Bromley is one of the old-timers in this section, having been for many years a cowboy on the old Rocking chair ranch, and the no small degree of financial successes that have attended his efforts have been deserved and we hope that he may continue to succeed in his new environments.

Had it not been for the lack of school facilities in Wellington E. W. Bromley would have remained in Collingsworth county. See; in this one instance more than \$50,000 capital is leaving us for lack of a good school building and a long term school.

The college course of entertainments will consist of five numbers, and the entire course will be given at the opera-house. First-class talent has been engaged, and a rare treat is in store for the public. Season tickets for the entire course are now on sale at \$1.50 each, one single entertainment will be fifty cents. The course will open Friday night, September 22, with Mr. R. W. Hall, whose reputation as a humorist and classical orator is too well known to need comment. Mr. Hall is the equal of Bob Taylor. See me early if you want tickets. G. S. HARDY.

Cured of Lame Back After 15 Years of Suffering.

"I had been troubled with lame back for fifteen years and I found a complete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Giliam, Ind. This liniment is also without an equal for sprains and bruises. It is for sale at Dr. Stocking's drug store.

Note the ad of Davis & Son, live stock commission merchants, of South St. Joseph, Mo., which appears in another column. Joe Horn is the local agent for this firm. The firm guarantees satisfaction and Mr. Horn solicits the business of local shippers.

W. H. Thompson and family are spending the week visiting Mr. Thompson's mother in Dallas county.

Mrs. June W. Taylor.

Death claimed one of the best women in town last Friday night in the person of Mrs. Nora Taylor, wife of June W. Taylor, a daughter of Mr. and Mrs. G. W. Baker. The immediate cause of her death was rheumatism of the heart. Mrs. Taylor had long been afflicted with rheumatism, suffering greatly at times with the malady, but always with patience and Christian fortitude. She knew the end was near and expressed a readiness and willingness to obey the summons, and her death was a striking illustration of Christian faith and hope.

Mrs. Taylor was born May 8, 1878. She was married to Mr. Taylor in January, 1900, this wedding being one of the first the editor of this paper had the pleasure of writing up. While sorely afflicted her lovable nature and patient character had won for her a host of friends and her untimely death is universally regretted. The funeral services were held at the M. E. church, South, at 4 o'clock Saturday afternoon, her pastor, Rev. B. W. Dodson, officiating. The church was crowded, and the procession which followed the remains to their last resting place in the Citizens cemetery was one of the longest ever seen in Clarendon.

A good woman has gone to her reward, and the Banner-Stockman joins in the universal sympathy extended to the bereaved husband and relatives.

W. H. Craven, manager of the Shoenail ranch, was in town Monday. While here he informed The Index that he had placed about twenty sections of land in the hands of Howard & Weddington, for sale. He also said he had several inquiries since The Index had mentioned they would sell these lands, and had sold one section. The lands offered for sale are good as can be found anywhere in the country.—Childress Index.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." The Range Contest

There is little change to record in the voting contest this week. The vote now stands as follows:

Mrs. W. J. Adams, Clarendon, 3515
Mrs. W. B. McKeown, Clarendon, 2130
Mrs. J. T. Bain, Bray, 1465
Mrs. J. O. King, Lelia, 1185

In the watch contest all contestants have taken a spurt and things have begun to move. Miss Mattie Trigg leads, with Miss Aris Baldwin second and Miss Ethel Lamberson third. As an illustration of how easy the work of soliciting sometimes comes we will say that Miss Trigg one afternoon this week after school hours secured five new yearly subscribers. As the young lady very aptly puts it, "All you have to do is to work."

Strawing The Roads.

The Banner-Stockman mentioned some weeks ago that the farmers living along the public road in the J. H. Roberts neighborhood had applied a thick coating of prairie hay to the sand beds along that road and called attention to the fact that it made a good road out of a mighty poor one. The good people along the road leading east to Bray have this week done likewise and are even now busily engaged in cutting the tall grass and applying liberal quantities where it will do the most good. This is quite a simple remedy for sandy roads, and it is remarkable to how great an extent the roads are improved by the straw. The east road, so long a terror to the man with a loaded wagon, will soon be in first-class condition, and those who know say that one application of straw will last a whole season. We are glad to note the improvement, and laud the spirit which prompts these farmers to do the work.

—All the season's styles in ribbons. Mrs. A. M. Beville.

Mrs. A. W. Collins is in Childress visiting her mother and sister. Mr. Collins will go to Arlington Monday for a short visit to his father, after which he and his wife and little girl will go to Southern California to spend the winter. They will go via Denver, Salt Lake City and Portland. The Banner-Stockman trusts they will have a pleasant trip and will return better pleased with the Panhandle than ever.

—Lots of baby caps at Mrs. Beville's. it

Ladies, Notice.

The Ladies' Cemetery Association will hold a deferred meeting with Mrs. James Trent tomorrow, Saturday, Sept. 23, at 5 o'clock p. m. All members are urged to be present as business of importance is to be transacted. By order of the Association,

MRS. I. McCORMICK,
Sec.

—I take special orders for tailored skirts and waists. Made to order and measure. Mrs. Beville.

The Public School.

It is really refreshing to the true teacher to be permitted to mingle with the buoyant hopeful life of youth and childhood again after the summer vacation. Golden opportunities are again offered to the teacher to shape the character and destiny of his pupils.

The public school is taking on shape and form. Order and system prevail, and the second week of school finds all the machinery of the school working with no apparent friction. We hope that every patron and friend of the school will give their assistance to the great cause of public education.

The Silvanian Literary Society organized Friday evening with James Parsons president and Willie Ryan secretary. The membership of this society is much larger than heretofore.

A new clock was placed in the hall one day this week for the benefit of the teachers and pupils. Hooks have been put on all the doors to prevent their slamming in the wind.

Some anxiety was expressed among the teachers at the "woe-begone" appearance of Prof. Willis one morning last week. It was explained later when it was learned that the Masonic fraternity had administered the Royal Arch degree to him on the previous night.

Miss Norma Skinner, a former teacher in our school, visited us Wednesday. Mrs. Madge Shepherd and the Misses Shepherd visited the school on the same day. Mrs. Blackwell spent Tuesday afternoon in the primary room.

The following new names were entered on our daily registers this week: Kittie Fleming; May, Zella, Ray, Vada and Ona Jackson; Thomas and Curtis Bearden; Powell Jacks; Edwin Martin; James Rhoderick; Willie Andis; Roy Boswell; Louis Page.

The lady teachers of the public school discussed the subject of matrimony in a scientific way not long since. It was agreed that for the present term they would resist love's bacteria, feeling sure that their affections were germ proof. We doubt if any other school in the Panhandle has as many immunes of this kind in its faculty.

Rev. G. S. Hardy called at the public school building the first of the week and presented all the teachers with tickets to the College Lyceum Course, for which he has their sincere thanks.

Clarendon College

The college is closing its first month of work this week. While the first month always presents many difficulties yet these have been met and solved satisfactorily and the work is moving along nicely. It is felt by both pupils and teachers that the month has been well spent.

Floyd Graham, of Wellington, came in Saturday night. He had been prevented from entering earlier by an attack of fever, but is now steadily at work again.

The College Circle had a called meeting last Monday to discuss some further plans for the bazaar to be held later.

Miss Susie Patterson, one of the successful young teachers turned out by the college, visited at the college Monday. She begins teaching at Whitefish soon.

The Methodist pulpit was occupied on the last two Sunday evenings by young preachers from the college—H. M. Law and D. B. Doak. Both were greeted by good audiences.

Mr. Goodman, of Crowley, came in last Sunday and placed his son in the boy's hall, returning home Monday.

Elmer Houssels, of Ft. Worth, came in Sunday night and is again at work in Miss Betts' room. This is his third year here.

Mrs. Tresise has bought the house and lot adjoining the campus on the east, but the house was already rented for a year, hence she is having another house built on the vacant corner of the lot. Her mother and the family will come from Plainview as soon as the house is ready for occupancy.

The young men's prayer meeting has been reorganized, and meets each Monday evening in the chapel. The attendance is good. This prayer meeting is a strong factor for good in the lives of the college boys.

Miss Willie Hightower, an old student from near Memphis, is again with us and at work.

Mr. and Mrs. Laney have moved to Mr. Ferguson's where they will board, to be near the college.

Bro. McKeown made a very valuable donation to the college library this week—a set of 40 volumes of Literature and the book case for the same.

A letter from Geo. Harris at Georgetown says he has his work nicely arranged for the year there and expects a good year, but that he never expects to love S. W. U. as he does C. C. The hearty best wishes of his friends here are with him there.

As the time draws near for Mr. Hall's lecture the interest in the Lyceum course deepens. This is the first time the college has ever been fortunate enough to secure a lecture by Mr. Hall and we are sure the people generally will appreciate the privilege of hearing him.

English Were Considered Brutes.

A Latin poem of the middle ages preserved in the Berlin library deals with the moral or physical peculiarities ascribed to countries and to great cities. The Englishman is characterized as false and tallied and therefore a brute: "Anglicus a tergo caudam gerit; est pecus ergo." This idea, however, is supposed to have originated in a peculiar way of dressing the hair once in vogue among the Anglo-Normans.

Tons of Unfit Meat.

One thousand five hundred and fifty-six tons of meat were destroyed in London last year as unfit for food, according to the report of the health officers. This, however, was only a small part of the meat consumed, which reached 410,500 tons. The tables show that 23 per cent of the total was "country killed," 3.6 per cent town killed and 73.4 per cent either American or colonial meat, frozen.

Liberia's Forests.

Liberia's forestry resources offer an inviting field for a lucrative business in hard woods. The virgin forests consist of woods of great commercial value, and there are ample water facilities for saw mills. There are two varieties of mahogany—red and gray; four varieties of oak—red, streaked, white and whistmore; cedar, rosewood, mangrove, burrwood, white and black gum, etc.

Advices Against Worrying.

"Keep your brains for practical things," advised the great statesman Thiers. "You will find you have enough to carry you through the actual work of life, but you will probably find you have none to waste. There are religious, political and social problems enough to convert the wisest man into a madman if he only bothers enough about them."

Depends on Your Mood.

The difference 'twixt humor in books And that which we hear after meals: The former's as old as it looks, And the latter as young as it feels.

Danger in Tinned Fruits.

Tinned fruits should be opened and taken out of the tin several hours before they are to be used.

The railways now existing or under construction in China aggregate 2,235 miles.

Are we Doing Business? Well, Yes.

We wish to say to the public that since adding furniture to our line our business has far exceeded our expectations. We had expected to do a good business, but we must say that the public has given us a greeting in the way of business favors which has surprised as well as delighted us. Our Goods and Prices are Appreciated

We told you we "would set the pace" in prices, and we have done it. We attribute our success to the fact that we have been able to sell goods for less money than the people have been paying. We have proven this to the entire satisfaction of every customer. The big mail order houses have not been getting many orders since we opened up—the people can't afford to pay freight when we sell goods so cheap.

We also wish to impress it on your minds that we have not allowed our Hardware business to suffer on account of our rush in the furniture department. Our hardware stock is kept full and up to date in every respect. We call your attention to the CHARTER OAK stoves and ranges. They are absolutely the best made and we sell them at prices that are RIGHT. You will soon need a new heating stove. Remember we can beat the band on heaters, so don't fail to get our prices before you buy your heater. We are here for business and are going to get business under that good old motto—"QUICK SALES AND SMALL PROFITS."

Postponed One Week.

The first attraction of the Clarendon College Lyceum Course which was to have come off at the opera house tonight has been postponed one week. Hon. R. Walker Hall, the lecturer, writes that on account of an important law suit in which he is engaged it will be impossible for him to be here on the advertised date. The entertainment is therefore postponed one week. Parties holding tickets will please take notice. Those wishing tickets will do well to see President Hardy, of the college at once. Single tickets, 50c; season tickets, good for all five attractions, \$1.50.

A Growing Business.

Yesterday, while strolling in the lumber yard district, the Banner-Stockman reporter chanced to step into the private office of Mr. A. C. Morgan, manager for the Clarendon Lumber Co. Our visit met with a just reward, for Mr. Morgan, in his usual courteous manner, conducted us over the big property, pointing out the many improvements that have marked his management.

It will be remembered that the Clarendon Lumber Co. became an incorporated concern on July 1 with the following officers: W. H. Patrick, president; Thomas S. Foster, vice-president, and A. C. Morgan, secretary and general manager. The capital stock, all paid in, was placed at \$20,000. With such a capital, and with the strong financial backing behind the business, this is destined to be one of the foremost yards of this portion of the state.

Mr. Morgan took charge of the yard on October 15 and since that time has spent \$1500 in improving the property, besides having on hand more than \$5000 more stock than when he assumed control. Among the improvements that struck our fancy was a private office that, although unfinished, promises to possess every convenience. Back of this is another room for doors and sash which provides against them being ruined by the wind and weather. In the immediate front of the office end of the building is another large office, lined on one side with shelves for the proper display of fine paints, of which the house carries a large stock. The sheds, though not as large as some in the state, are the best for the purpose we have ever seen, being built for convenience and protection regardless of cost.

Taken as a whole this yard is a credit to the town and to the men who are at the head of the business. To that urbane gentleman, A. C. Morgan, belongs the credit of making the business what it is. He has been untiring in his efforts to make his business all that a rapidly growing town justified, and the culmination of his efforts marks an epoch in the life of the lumber trade of Clarendon.

RECORD BREAKING WEEK.

Many Thousand Dollars Worth of Property Changes Hands in Clarendon and Donley County Since Our Last Issue.

The past week has been a record breaker in so far as the selling of property is concerned in this locality. All the real estate agents have been busy and that there has been "something doing" is evidenced by the list of sales reported by the various agencies, as follows:

BY M'CLELLAN, CRISP & VINSON.

Ed Snider, of Brashear, Texas, bought 160 acres of the Bugbee land near Southard, consideration \$10 per acre.

Will Womack, of Greenville, bought the 480-acre Hill place, 4 miles east of town, consideration \$5000.

James Womack, of Greenville, bought the W. M. Freeman quarter section 4 1-2 miles east of town for \$2400.

Oscar Reed, of Stamford, bought 147 acres from Ed Hartzell, 4 miles east of town, at \$10 per acre.

Mr. Davis, of Floyd county, bought from A. W. Collins, the latter's home in North Clarendon, consideration \$800.

BY JOHNSON & ALEXANDER

C. L. Young, a ranchman from Floyd county, bought the Mrs. H. C. Patton residence near the convent, price \$1500. This is an excellent home and cheap at the price.

BY CURNUTTE & WATTENBARGER.

G. Elwert, of Falls county, bought from J. G. Campbell, one section of school land, improved, consideration \$9000. This land was bought by Mr. Campbell about sixty days ago from T. H. Allen for \$6400, which serves to show how rapidly Donley county property is enhancing in value.

D. H. Hott, of Grapevine, Texas, bought from S. H. Hunt, one-half section unimproved land six miles south of town, consideration \$9 per acre.

J. S. Blankenship, of Stigler, I. T., bought from J. P. Robbins one section unimproved land four miles south of town, at \$10 per acre.

BY PRIDDY-REEVES REALTY CO.

P. R. Stevens, late of Goodnight, bought from A. W. McLean the latter's 100-acre adjoining the townsite on the west, consideration \$4000. This is a splendid home place, a small part of the land being within the corporate limits, and being well improved, with good orchard, etc.

Mr. Stevens also bought the J. N. Hill residence near Clarendon College for \$3000. It is one of the best homes on the College Hill and well worth the money.

Another sale not handled by any agency was that by A. W. Collins to a Mr. Davis, of Floyd county, the former's business house, corner Kearney and First streets, now occupied by J. H. Rutherford's store, consideration \$3000.

There are a number of other sales on tapis which are not quite ripe but will likely be closed up this week.

Notice to Farmers.

Believing that the raising of alfalfa in this section is going to be of immense value to this country, and wishing to do all in our power to encourage the planting of same, we have made arrangements with the largest and most successful growers in Kansas to supply us with choice Turkeystan Highland alfalfa seed. Every farmer in this section should plant at least a few acres. Call on us and let us know how much seed you want and we will see that you get it. New crop seed will be ready for shipment about the last of August. We want to know as early as possible about how much seed we must order. So come early and give us your name and amount of seed wanted.

Rowe Ramblings.

ROWE, Texas, Sept. 18.

EDITOR BANNER-STOCKMAN:

As I have seen nothing in the columns of your paper lately from Rowe I thought this would be an opportune time to send in a few items of news. The public school opened here on the 4th inst. with an enrollment of 85 pupils. The people are taking lively interest in the intellectual training of their children, and everything bids fair for a successful session.

J. B. Wozencraft of Bray was in town today with a 15-months-old red short horn calf that weighed 1000 lbs. Who can beat that?

Rev. Sebe J. Thomas is holding a protracted meeting at Bray this week and much good is being manifested.

Mr. and Mrs. W. K. Hollifield attended church at Bray yesterday. His object was to try a new buggy horse that he lately purchased.

The Citizens at Quail are building a Methodist church at that place to cost not less than \$1200. The lumber was bought at Rowe.

Mr. R. W. Seales north of town is repairing his house and making some valuable improvements on his premises.

G. R. Cash of Bray was in town Monday. He is making arrangements to build a new residence on his ranch.

Prof. Henry Reed and family has just returned from Deep Lake where he has been fishing, Grover like.

Our Sunday school is in a flourishing condition under the superintendency of J. T. Graham.

Charley Frame, our big hearted blacksmith, has been pruning his mustache with a view to making a "matrimonial demonstration."

Calvin Barnett has recently bought 460 acres of land from Wm. Hardy of Bray at \$8 per acre.

J. J. Powell at this writing is quite sick of fever also Mrs. D. C. Bray has been sick but is now convalescing.

The crop prospect is quite flattering in all things except cotton. For fear I am spinning this out too long, I must close. More anon.

Stockmen--Notice!

Do you ever ship anything to market? If so, the selecting of your commission firm is a matter that should be carefully considered. It is important to you. First of all, your interest demands absolute reliability. You want to know for a certainty that your money will be returned to you after your stock is sold—returned promptly too. You want to be sure your stock will be sold for all it is worth on the market; a poor sale can undo your work of a long time. Your stock must be handled carefully and correctly; a good "fill" helps materially to pay shipping expenses. Because our service insures you all these good features we merit your business. Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." Dr. Stocking druggist, sells and guarantees them, at 50c a bottle.

Alanreed Locals.

From The Times.

W. L. Cuddy is up from his home near Broken Arrow, in the Creek Nation. He paid twenty-five dollars per acre for a farm in that Creek country. His place is eighteen miles southeast from Tulsa, a place with seven thousand population.

Mr. D. Barnhart, of the firm of The Alanreed Mercantile Co., left us Tuesday night of this week. He goes to Trinidad, Colo., where his family are now located, and his sons, Frank and Joe, are railroad-ing. Mr. B. may return here as he has some unsettled business to see to.

J. Walker Lane and his brother Cary are here now blacksmithing. They seem to be getting a lot of work from the ring of the anvil. We guess they are catching up with the work left undone through the country, while Walker was in Clarendon. We hope the good work will go on for them.

R. L. Kennedy made a quick trip to Clarendon and back Tuesday night and returning early Wednesday morning. He met his mother, brother and sister, at the Denver train at Clarendon and brought them over to Alanreed. Mr. Kennedy's mother is an invalid and we understand she contemplates stopping in this county for an indefinite period, and will stay with her daughter, Mrs. W. M. Greenwood.

—Girls, see that gold watch at Clower's; the Banner-Stockman will present it to some young lady. See plan elsewhere in this paper.

Miss Myrtle Blake left Saturday for Dallas where she will enter the Texas Baptist University for the ensuing year. She was accompanied by her mother who will visit friends in Dallas for a few days.

Mr. and Mrs. W. K. Hollifield, of Rowe, were here the first of the week visiting relatives.

Record Breakers.

R. N. Mounts and J. H. Kelley, our two foremost stockmen, broke this season's record on last Saturday when they delivered to Fangan & Wright of Kansas 662 head of yearling steers at the high figures \$19. Of the number above mentioned, Mr. Mounts sold 614 and Mr. Kelley 48 head.

This is said by cattlemen to be the best all-round herd which has been shipped from this point this year and so far as is known here the price received is a record breaker for the entire Panhandle.

Neither of the above named gentlemen does things by halves, to which fact, alone, is attributable their being able to sell yearling steers at the enormous price of \$19.—Hereford Brand.

A young lady in the southern part of the state has been raising poultry. She has married a man named Hogg and will hereafter devote her time to raising pigs.—Middletown (Md.) Register.

Hit and Run.

The ball game last Saturday afternoon between the Clarendon College and Claude teams was a regular hit and run game.

There were one, two, three and four baggers of all kinds knocked by both sides, while some of the players seemed to want to play "tag, Johnny you're it," and the pitchers must have thought they were playing the old-fashioned game of "bull pen" from the way they hit some of the opposing players.

The teams started off as if they were going to play a record game, but soon lapsed into listless ball playing. It took something over two hours to play eight innings.

Lemond began the game for Clarendon, but pitched only three innings and Kerbow replaced him.

Haynes was the slab artist for the visitors, but was knocked out of the box in the middle of the game and replaced by Claude's substitute pitcher.

All the boys took turns about at hitting, running bases, and chasing the horsehide. And then they took turns about fanning the air. "Ker-whop". What was that noise? Oh! It was only the ball falling in the catcher's mitt. Then we would hear, "swat." What was that? It was only some-one murdering the ball, smashing out a homer or a triple.

As to the features of the game the foremost was the slow playing, and Bett's safe and sure batting. Burton did some good batting also, while Kerbow pitched some good ball. Miller, on second for the visitors, made some plays.

The Claude team this year is not up to the standard of the teams the town has sent out, while the C. C. team is not as good as usual.

After the game the scorers counted the scores with the Citizens Bank counting machine and it all amounted to 16 to 5 in favor of the C. C. team. H. B.

Mr. and Mrs. C. A. Burton celebrated their China wedding anniversary Friday, entertaining a number of guests from four to six o'clock in the afternoon, and from eight to ten in the evening. Elegant refreshments were served and the occasion was one of much pleasure to all. Mr. and Mrs. Burton were the recipients of numerous and valuable presents, their many friends thus signifying the esteem in which they hold them. The Banner-Stockman wishes them many happy returns of the day.

STRANGE ADVICE!

Dr. G. G. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. New trial bottles, 25c; regular size, 75c.

Kinloch PURE RAW LINSEED OIL
MAKES THE BEST PAINT

Important Memorandum—The painter in the most important factor in painting. A job complete, done by a good painter with the best quality of paint, costing say \$50.00 (\$50.00 labor, \$20.00 paint) will last ten years. The same price applied to a cheap (\$25.00 labor, \$20.00 paint) will last only two years. That the "per-year-cost" of the good painter's job is \$12.00—the poor painter's \$25.00.

When we sell you paint, you buy the linseed oil separately. We know from our experience that paints without fresh linseed oil is not going to last very long. Of course, it may look well in the beginning—but in the end—what?

We're here in business to stay and when we recommend Kinloch Paint we certainly must be positive of its staying qualities, too. We can give you some real information on painting. When you are ready to buy come and see us about

Kinloch HOUSE PAINT

We will supply you at the same time with fresh, pure linseed oil.

QUESTION

What is your dollar worth?
Is it 100 cents of labour, or 6 bits? If \$2.00 worth of labour gets \$1.60 worth of goods, how much do you get a day?

Let us Reason

With You

And tell you why it will pay you to buy your fall goods here.

1st We are showing a line of dress goods and accessories such as has never been shown in Clarendon. The same were selected with the utmost care. The ladies who have viewed the dress goods here in the last few days tell us, one and all, that our line is the prettiest and largest in town. We are justly proud of our dress goods and we want you to be sure and see our goods before buying.

2nd Our cotton goods department is the largest in town. We bought very heavy several months ago and can assure you that we are in a position to make you prices such as no other house in Clarendon can or will.

3rd Remember that our prices are as low at all times as goods can be legitimately sold. We expect to make a small profit on the goods we sell you—otherwise we could not exist—still our motto is "Large sales and small profits."

GROCERIES.

The largest and most up to date line in Clarendon at prices less than you can buy the same quality elsewhere.

The Gin.

The Banner-Stockman is informed by J. H. Clark, owner of the Clarendon gin, that he has bought lots just east of the old round-house site and is now engaged in moving the gin thereto. He says he will have the plant in operation just as soon as the removal and resetting of machinery can be accomplished, which will likely occupy two weeks time. He hopes to be able to take care of the cotton of the vicinity shortly after the first of October. We are glad to know the gin question is thus settled, and the farmers may now rest assured that they will find a first-class plant ready for them when they bring in their cotton. Another gin stand will be added to the plant, thus doubling the capacity of the gin and assuring promptness.
