# Rural Bankers, Farmers Demand Interest Action

WASHINGTON (AP) - Some country bankers, farmers and the people who do business with them say interest rates are so high and the money supply so short the government should take drastic action to avert a collapse of the rural economy.

One action that would help, they said, would be for the government to raise price supports of key crops such as wheat, corn and cotton.

The message was brought here Monday by the bankers and others who attended a meeting sponsored by the American Agriculture Movement. It was held in the main auditorium of the Agriculture Department and included senior department officials.

But Agriculture Secretary Bob Bergland, who agreed that interest rates are too high and pose a threat to farmers' survival, said as he has before that inflation must be curbed . and that President Carter's plan to cut federal spending is a major step.

"It does no good to raise farm prices if the whole thing is going to be eaten up in inflation," Bergland said. "That's a cycle that's just going to burn us down."

The AAM arranged for the rural bankers and agribusiness people to meet with Bergland and other officials here this week - including sessions today on Capitol Hill - to help explain what its chairman, Marvin Meek, said is "the true economic situation" in farming areas.

During the session with Bergland, the bankers and others told how high interest rates have siphoned off money that otherwise might be on deposit and used for loans to farmers. But with interest rates on loans so high, they said, many farmers say they cannot afford to borrow money to buy fertilizer, replenish livestock herds and reequip their operations.

Consequently, they said, farmers may have to reduce production, and that would force food prices higher for everyone.

Earlier Monday, Bergland told a meeting of the National Association of Wheat Growers and the U.S. Wheat Associates that "any further dramatic increases in the wheat (price support) loan rate, as some have suggested, would put export expansion in jeopardy."

Exports are thriving, he said, despite the partial embargo on sales to the Soviet Union.

"A substantially increased loan rate would tend to price us out of the world market," Bergland said.

## Redistricting **Decision Nears**

By PAUL SIMS **Managing Editor** 

An agreement between Deaf Smith County and a San Antonio law firm which has filed a reapportionment lawsuit may be reached soon, District Attorney Roland Saul told the

county commissioners court Monday in regular session. Saul told commissioners that San Antonio attorney George Korbel would be in Hereford sometime this week to work out final details on the agreement, which, if reached, would avert a courtroom showdown between the two sides.

The lawsuit, which seeks to reapportion commissioner precincts, was filed by three Hereford Mexican-Americans. They allege in the suit that precincts in their present fashion make it difficult for Mexican-Americans to be elected to the county commission.

"We are nearing an agreement on redistricting where we'll take some of the population out of Precinct 1 and put them in Precinct 2," Saul said.

Saul said that Hereford attorney Rex Easterwood, hired by commissioners in the lawsuit, would meet this week in

'Rex will have to meet with him to get some details worked out, and then we'll present it to you as soon as we can," Saul

Easterwood said this morning that the two sides already have reached a tentative agreement.

"We have a basis agreement at this point in time. We're

just working out the details," Easterwood said. Easterwood and Saul have met in closed session on several occasions to discuss the lawsuit. Monday's meeting was the

first public discussion on the lawsuit. In other business, commissioners passed a revised Bull Barn policy, tabled the purchase of federal law books for the county law library, postponed action on approval of a Self Help Community Development grant for the San Jose Labor Camp until the county's obligation can be determined and

approved the yearly fire report. The new Bull Barn policy calls for the following:

-- no alcoholic beverages or illegal drugs on the county-owned premises.

-- the necessity of a signed contract between the county and

the party wanting to use the facility. -- payment of a \$200 deposit, \$100 rental fee for dances and \$50 for other events where fees are charged or money is

-- the purchase of public liability insurance. ·

-- the payment of overtime to the Bull Barn manager or county employee for working during a Bull Barn activity. -- the employment of a commissioned law-enforcement

officer for every 125 people present at a dance. -- cleanup arrangements.

-- and no dances on Sundays.

The Self Help Community Development grant of the Department of Housing and Urban Development would allow qualifying San Jose residents to improve their homes. Commissioners tabled action on the matter until they have a chance to meet with a representative of the Panhandle

## Iranian Situation **Hurts Carter Image**

NEW YORK (AP) - For the first time since Americans were taken hostage in Iran, less than half of the public approves of President Carter's handling of the crisis, an Associated Press-NBC News poll says.

The public, increasingly frustrated with the failure of Carter's efforts, is split on whether every step necessary including military action - should be taken to try to free the

The result is that Carter's overall rating with the public has plunged to last summer's levels, as public judgment of his handling of foreign affairs has slipped to equal public opinion of his work on the economy.

Even Carter's new anti-inflation plan did not budge American opinion of his work, largely because people don't

think it will work. In the AP-NBC News poll taken Thursday and Friday, only 47 percent of those interviewed said they approved of Carter's handling of the Iranian situation. Forty percent disapproved and 11 percent of the 1,597 adults interviewed

nationwide by telephone were not sure. That is quite a drop from the 69-21 edge in approval Carter had in late December. And it is down from the 55-37 positive margin he enjoyed in the late January AP-NBC News survey.

A 23-year-old Hereford man lost control of his motorcycle two miles west of Umbarger Saturday evening and was listed in stable condition today at Deaf Smith General Hospital for injuries sustained in the accident.

defeat would not end his challenge for the Democratic nomination.

Ronald Reagan held the Republican lead in New York even before the votes were counted as he competed there and in the Connecticut primary with former U.N. Ambassador George Bush.

Bush campaigned hard in Connecticut, where he spent his boyhood, in an effort to cut into Reagan's command of the GOP race.

Carter and Kennedy also were matched in Connecticut, but their real battleground was New York, a primary the challenger had described as a referendum on the course of the Democratic

New York Democrats were assigning 282 nominating votes, apportioned on the basis of the popular vote shares in each of 39 congressional districts. Only California, with 306 delegates, has more say at the convention, and its primary is more than two months away,

A poll Monday in the New York Daily News showed Carter the preferred candidate by a narrowed but still hefty margin. "I don't think we're going to win, but I don't think we're going to lose by 20 points, either," said Tom Southwick, spokesman for the Massachusetts senator. That was Carter's margin in the Louis Harris survey.

New York Republicans voted on a mystery ballot, which listed delegate candidates but not their nomination preferences. New York will have 123 votes at the GOP convention, 117 elected today and six others chosen by a state convention.

a virtual replay of January's torrid inflation, consumer prices soared another 1.4 percent in February, the government reported today.

Last month's increase in the Labor Department's Consumer Price Index matched the 1.4 percent rise in January for a compounded annual rate of some 18 percent. The culprits again were sharply higher gasoline and home heating oil prices and mortgage interest rates, the report showed.

An 18 percent rate for the entire year would be the worst inflation since World War II price controls were lifted in 1946 and a considerable jump from last year's 13.3 percent inflation.

"It's virtually identical, with the exception of apparel being a little more moderate," Labor Department economist Patrick Jackman said of the February report. "'I would look for mortgage interest and energy to continue rising. I don't really foresee any improvement until June or toward year's end.

WASHINGTON (AP) - In July, not even a blip to below 1 percent."

Price increases averaged just over 1 percent each month last year.

The Labor Department also reported that inflation continued to take its toll on earnings.

Average weekly earnings fell 1.4 percent from January to February as inflation and a drop in the number of hours worked overpowered a modest 0.5 percent rise in hourly earnings. This left inflation-adjusted earnings 6.5 percent below the level of February 1979.

Spendable earnings, which is the money a married worker with three dependents has left after Social Security and federal income taxes, also fell 1.4 percent. It was the ninth consecutive monthly decline, leaving earnings 7.3 percent below their level a year ago.

It was January's surge in prices that convinced the Carter administration to adopt measures that could bring consumers some relief

President Carter has pledged a new, broad-based attack on inflation that includes a cut in federal spending this year and next, credit controls to cool the consumer spending spree and better enforcement of the administration's voluntary wage and price

guidelines. But the details still are being worked out. And once in place, the program is not expected to have an immediate effect.

Food prices were not the problem last month, as they showed no change in February after rising a scant 0.1 percent in the previous month. Food at grocery stores actually fell 0.4 percent, reflecting sharp declines in the prices for fresh vegetables, pork, poultry and eggs, the report said. But food at restaurants

rose 0.7 percent. Gasoline prices rose 7.3 percent in February, nearly keeping pace with January's 7.4 percent jump. At that

## Iranians Protest Shah Moving from Panama

By The Associated Press

The shah's move to Egypt will make resolution of the American hostage issue "extremely difficult," Foreign Minister Sadegh Ghotbzadeh said today as thousands of fist-waving Iranians demonstrated outside the U.S. Embassy.

Ghotbzadeh told a news conference in Tehran that the ousted monarch's flight from Panama has undermined trust in the hostage negotiations and may make the new Parliament less favorable to a settlement.

But he said the move to Egypt was a "moral victory" for Iran because it showed Iran's extradition case against the former monarch was strong.

Ghotbzadeh also said Iran will not try to extradite the shah from Egypt because Egyptian President Anwar Sadat is a "puppet of Israel and the United States."

#### Favor Games Boycott

NEW YORK (AP) - Although they would rather see the Summer Olympics moved to another country, about two-thirds of the respondents in an Associated Press-NBC News poll say the United States should boycott the Moscow Games.

Sixty-five percent of the 1,597 adults questioned in telephone interviews around the country said they favor a boycott, while 26 percent opposed a withdrawal and 9 percent were undecided.

Asked whether the Games should be moved, 74 percent of the respondents said yes, 18 percent said no and 8 percent were not sure.

President Carter called for the boycott because of Soviet military intervention in Afghanistan. The International Olympic Committee has refused to consider moving the Games out of Moscow.

An AP-NBC News poll in late January showed that those who had heard of the Afghanistan crisis backed a boycott by a 73-19 edge.

#### State Could Lose Funds Over Aliens

HOUSTON (AP) - The State of Texas may lose all its federal education funds if it refuses to help educate illegal alien children who are handicapped, the former director of

the U.S. Office of Civil Rights says. Martin Gerry testified Monday as a rebuttal witnesss for the Justice Department, which has joined illegal aliens in trying to overturn a state law that limits free public education to citizens and legally-admitted residents.

The federal education for the handicapped act intended that "all handicapped children in the United States be provided a free and public education," Gerry said. He estimated 20 percent of school-age illegal aliens are handicapped.

Violations of the law could cost the state "all education dollars, not just dollars for educating the handicapped," Gerry said.

#### Texans File Returns At Faster Pace

DALLAS (AP) - Texans have been filing federal income tax returns well ahead of last year's pace, Internal Revenue Service officials report. The incentive may mean a large tax refund for many Texas taxpayers.

Marlene Gaysek of the Dallas IRS office said the average refund for Texas residents so far is a whopping \$538.32, and already 1.4 million checks have been mailed to Texans.

"You can image what a shot in the arm this will be for the Texas economy," she said Monday.

Ms. Gaysek said the number of Texans who have filed income tax returns so far is running 8 percent ahead of last year. Part of that increase, she said, is due to the population increase.

"Apparently the rest of the increase comes from people who want to get their refunds back as soon as possible," she said.

## FmHA Schedules **Engineer Seminar**

Farmers Home Administration will sponsor a seminar for professional engineers and other interested persons March 27 at the Quality Inn Cibola in Arlington. Registration will begin March 26 at 4 p.m. with the meeting scheduled to start at 9 a.m. March 27.

Purpose of the meeting is to inform engineers of the rapid revisions in the Rural Development program administered by Farmers Home Administration and to discuss construction contracts and agreements for engineering services. The program will also include speakers from plastic pipe industries, material suppliers and representatives of the contractor's association. Last year FmHA provided

loans and grants totaling \$71 million for water and sewer systems and other vital! community facilities for rural communities in Texas. In this year's seminar special emphasis will be on the use of land treatment of sewage effluent from small towns. Harold Carter, State FmHA Engineer, estimates that twenty million dollars a year can be saved in construction cost of sewage treatment plants in Texas when irrigation of the sewage is considered. The sewage effluent is collected in ponds and applied to the land to grow forage crops. No discharge is permitted to the streams, thereby reducing pollution and eliminating costly mechanical equip-

It was Carter against Kennedy in Connecticut, too. with 54 Democratic delegates at stake. California Gov. Edmund G. Brown Jr., and minor candidate Lyndon LaRouche also were on the ballot there.

Connecticut Republicans were apportioning 35 nominating votes. They chose among Reagan, Bush, Illinois Reps. John B. Anderson and Philip M. Crane, Los Angeles Benjamin businessman Fernandez and campaign dropouts Howard H. Baker Jr., Bob Dole and John B. Connally also listed on the

ballot. The polls opened as early as 6 a.m. EST, and closed at 8 p.m. in Connecticut, 9 p.m. in New York.

Neither state allows crossover voting between parties, which denied Anderson the independent and Democratic support he had used to gain second-place showings in three earlier primaries.

Kennedy, the loser in 19 of 21 contests with Carter, had listed New York, along with Illinois and Pennsylvania, as states in which he expected to come back. He lost Illinois last Tuesday; Pennsyvlania doesn't vote for almost a

After the Illinois defeat, Kennedy said that vote should not be read as a referendum on Carter policies - but that New York ould be one.

Despite the New York poll and a bleak assessment by aides, Kennedy said "I feel good about it. I think we've

got this campaign moving."
He said the Carter administration is constantly surprised by crises, foreign and domestic. Now, he said, we're going to surprise

them." But failing that, Kennedy

said he will continue his campaign. "I don't believe that it is all over," he said in an election-eve television interview. "I believe we're gaining support...it's an uphill battle but I think we're

moving now." Vice President Walter F. Mondale hunted Carter votes at a subway stop and said, "The chances of President Carter being renominated

are overwhelming." Carter now had 535 of the 1,666 votes it will take to win the Democratic nomination. Kennedy has 189.

Fewer than half of 2,604 votes yet to be chosen would deliver the nomination to Carter, meaning it would take a series of Kennedy landslides to block the president's path.

Kennedy, who was concluding his New York campaign today by greeting commuters at Grand Central Station, said issues like inflation and Carter's policy toward Israe! were cutting

his way. Patrick H. Caddell, Carter's pollster, said "we expect to do well in New York and Connecticut." Joel McCleary, the president's New York campaign director, acknowledged that the controversy over Israel would

hurt in the primary. But McCleary said that on Wednesday the Carter campaign will "start putting the party together...reach out our hands to the Kennedy people and start building our

## Ann Landers

DEAR ANN LANDERS: 1 am a total wreck. Please help me. Last week I went to see a fortune teller and what she said upset me terribly. First, she told me I will become pregnant soon, and my husband will not live to see the baby. Then she said my father will die within four months. She charged me \$10.

Can fortune tellers predict what is going to happen? Is it possible that certain people have the power to see ahead? I'm so miserable I can't eat or sleep. Please answer soon .--Scared To Death in Canada

DEAR SCARED: If that woman could see into the future she wouldn't be sitting in some back room, examining tea leaves or staring into a globe for \$10 a pop. She'd be at the \$100 window at the racetrack, playing the stock market and cleaning up on election bets.

Now, go eat a salami sandwich and get a good night's sleep.

DEAR ANN LANDERS: managed it.

A neighbor (notorious for sponging) came over last evening and asked if she could borrow a Band-Aid. I pretended to get it, then returned empty-handed. I told her I was fresh out and would have to buy some. I figured it's not my responsibility to subsidize an addle-brained neighbor and felt no guilt whatever.

Thanks for giving me a chance to offer a solution to a petty problem--Nobody's Pa-

DEAR PAT: In my opinion, you handled that petty problem in an even pettier way. On my list of "Generous Deeds to Folks in Need," I'd rate you two notches lower

than a gnat's ankle. DEAR ANN LANDERS: My sister was married recently at a big church wedding. She received over 350 gifts. Of that number, 22 gifts could not be acknowledged because she had no idea who sent them. The wrappings gave no clue. There was no sign of the store in some cases, and

others had bought the gift Lord-knows-where and put it in a box from a fancier store.

So please, Ann, tell your readers not to be so hard on brides when they don't send thank-vou notes. Suggest. too, that they put their cards INSIDE the boxes so they will not be torn off accidentally. This simple procedure could solve many problems for both the giver and the receiver .--

DEAR LIMA: Thank you for some practical advice. Your letter may also provide an explanation as to why 22 people in Lima received no thank-you notes for their wedding gifts.

Here is another letter-same song, second verse:

, DEAR ANN: Can you find two inches of space to tell people that when they send a card or a letter to a hospital patient, a return address is very important? We have a huge pile of mail here. improperly addressed, and

there is no way these cards and letters can be returned to the senders. Also, it would help a lot if

the word "patient" appeared on the envelope. All hospital mail arrives in bulk--patients, employees, physicians and nurses clumped together. I can't tell you how sad I feel when we have to throw out piles of beautiful cards and stacks of letters because we don't know what else to do with them. Thank you, dear Ann.--Nanaimo, Canada

DEAR NAN: Another thing the U.S. can thank Canada for! What beautiful neighbors you are!

## Mrs. Thomas Recognized As 'EH Woman of Year'

By KERRIE STEIERT Women's Editor

Betty Thomas, a member of Palo Duro Extension Homemakers Club, was named "EH Club Woman of the Year" yesterday as the highlight of the annual Appreciation Luncheon in the Bull Barn.

Mrs. Thomas was among nine candidates for the coveted award, which has been presented by The Hereford Brand for the past 28 years. Making the presentation of an engraved silver casserole dish to Mrs. Thomas was Brand publisher O.G. "Speedy" Nieman.

Also recognized by The Brand was Louise Packard from Wyche EH Club, who was named as first runner-up to the award. A corsage of red roses was given to Mrs. Packard, who served as mistress of ceremonies during the luncheon. Mrs. Packard is EH Council chairman for 1980.

Witnessing the awards presentation were the County's EH Clubwomen, members of the County Commissioners Court and other guests. Representing the County Commission were Judge Glen Nelson, commissioner J.F. Martin from

## Public Speaking Part of 4-HWork

By AGNES TAYLOR Ass't County Extension

Agent 4-H club members in Deaf Smith County are presently active in developing and giving 4-H presentations. These presentations are part of a public speaking project, designed to help 4-H club members speak before an audience.

There are two types of 4-H presentations, the method demonsration and the illustrated talk. A method demonstration is a 10 to 12 minute talk presented while a 4-H member is actually demonstrating how to do something. An illustrated talk is a 10 to 12 minute presentation given on any topic with the aid of posters or other visuals to teach the audience something or present an idea. Demonstrations or illustrated talks can be individual or with a team of two depending on each division's rules.

The 4-H'ers can compete

4-H presentations are just one of the many exciting projects 4-H club members can work on during the year. If you think 4-H might be for your family, contact Agnes Taylor at the county Extension office, 364-3573.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion or national origin.

## Whitefaces Rebound, Rap Dons By 6-1 Score

By MAURI MONTGOMERY

**Brand Sports Editor** There wasn't any bloodletting going on or mustard poultice applications involved in the operation, yet' when the Hereford Whiteface varsity baseball team finished lashing Amarillo Palo Duro 6-1 here Saturday it filled the doctor's prescription to the limit.

And even Gunsmoke's old Doc Adams couldn't have provided a more miraculous therapy treatment for the Herd in the healing depart-

The deftly administered win rehabilitated the Whiteface squad from a previous 23-2 Amarillo High spanking and brought the crew's midway season slate to 7-4 (just over a week shy of district competition).

"To be quite frank, we needed a win in this darn game in order to bounce off that defeat last week because

it (the loss) was jolting to all of us," said head coach David Ashby. "This game and all the rest before district

> Brand Sports

play starts will be crucial ones for us becausae we need to go into district with positive frame of mind."

"And its very satisfying to know that this team isn't shallow and is able to shake off a loss and keep their heads in the next one that comes along," he said. "Sure made some mental mistakes that we usually don't make, but they really didn't hurt us in the long run and I think we only made two errors throughout the ballgame which is what you

strive for defensively. Then, when we got that double play late in the game--it just didn't make me too, unhappy!"

The double play the coach was referring to (the Whitefaces seventh so far in season play) came in the fifth frame with no outs, and in this particular case the Palo Duro mistake was kept in the family.

PHS hurler Todd Callen landed on first following a fumble by shortstop Ernie Suarez, but then the short redeemed himself as the second, and bad apple of the Callen Clan, came to bat.

Callen's younger brother, David chipped off what seemed to be a certain double play grounder to Suarez and the shortstop ended any doubts on the matter and began the move that would moments later become fact. Suarez scooped up the ball and quickly sent the ball to second baseman Randy Ellis, who in turn killed two Dons with one stone--so to speak--as he tagged his man and sent the other Callen out with a throw to first.

But the double play, as fashionable as it may have been only complimented the Whiteface's overall defensive play, and more precisely, the constant needlement pitcher Norman Hill distributed to the Palo Duro batting gallery.

The Sr. hurler (now 3-0 on the year) and former basketball standout planted a thorn in the side of PHS that

And as it turned out, PHS defensive play fell just as short as its offensive segment of the contest because the Whitefaces riddled the Amarillo team for three singles, a triple, and six extra base hits for two runs in the second frame, two more to cinch the game in the third and a final pair came the sixth just for insurance.

HHS third bagman Ken Cosper led off the Hereford scoring attack after he sent in John Dudding with a double that landed short of center field, and then Ronald Plummer unleashed a single to right field that drove in Cosper for the Whitefaces second score of the affair.

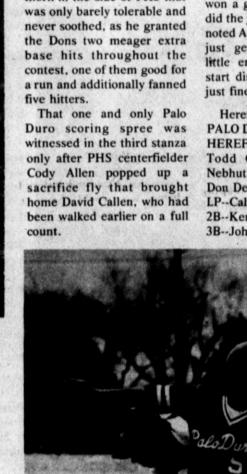

The Hereford squad connected off the tiring Callen again in the third as John Dudding mainlined a triple that brought Suarez home after a walk, while Don Delozier sacrificed to left field in order to drive in Dudding for the Herd's fourth trip of the day.

And the final blows, but not necessarily the decisive chops to the yielding Don diamond crew came forth in the sixth as Ronald Plummer drove in Don Delozier off a bunt was and followed by centerfieler Edward Dominguez' sacrifice that sent Plummer in for the sixth and final HHS thrust.

"We booted the ball up quite a bit today, but the important thing is that we won a game we needed and did the job when we had to," noted Ashby. "Now if we can just get those other three little encounters before we start district--we'll be doing just fine, just fine!"

new basic agreement amid strike threat by the players. Ray Grebey, chief negotiator for the club owners, and Marvin Miller, executive director of the Players Association, will be meeting for the first time in Arizona after earlier sessions in New York and at the Florida training sites.

The timing of today's meeting is coincidental, Gabe Paul, president of the Cleveland Indians said. though he agreed the negotiations will likely be the major topic of the day.

Grebey issued a news release Monday stating that "the process of collective hargaining is working."

## Herd Tracksters 3rd In Borger Track Meet

The Hereford Whiteface boys varsity track team grasped a third place finish in the Borger Track Meet Saturday after netting top berths in 880 meter run, 1600 meter relay and shot put events.

The Canyon Eagles won the meet with 164 total pints, Amarillo High brought the second niche with 110. Borger had 59 for fourth and Amarillo Caprock grabbed fifth with 45.1.

The Whitefaces landed a first place finish in the 800 meter following Felix Soliz' new meet record of 2:00.3 in the event while Hereford harrier Scott Gentry took a fifth in the competition after being clocked at 2:04.6.

And the only other first place the HHS squad compiled for the day arrived in its highly touted mile relay team (composed of Soliz. Norman Brown, Wayne High and Ray Harris) after the squad outdistanced other teams with a time of 3:33.3. Amarillo High followed for a second in the event at 3:35.7.

However, the Herd did manage to gain three second finishes in the 440 relay, 400 meter run and the shot put.

The Whiteface sprint relay squad ran a 44.7 in the 440 behind Canyon's 44.1 and ahead of Borger's third place finish in the event with a 45.0, while Norman Brown netted second in the 440 run with a time of 52.9.

And Scott Warden netted the final high place finish for the harrier squad after he heaved a throw of 52-5 in the event following a Pampa Harvestor first at 53-4.

Other HHS places in the meet included Joe Walker's fifth in the 100 meters, Keith Adams fifth in the 440 with a time of 55.0, a fifth in the 330 intermediate hurdles provided by Ray Harris, a fourth by Felix Soliz in the 1600 meter run with a time of 4:44.3, Harris' fifth place berth in the long jump competition after leaping 20-. 1/4 and a sixth spot in the 220 as Harold Terry clocked a

## Sund Forms Dallas Team

By ALEX SACHARE AP Sports Writer

Wouldn't it be fun to be able to start a pro basktball team from scratch, to pluck players off pro rosters or from the college ranks and put together your own team?

Rick Sund is getting to live out that sports fantasy. He's the player personnel director Dallas' expansion franchise that will be joining the National Basketball Association next season, and he's been a busy man lately.

"I've seen about as many players and teams as I possibly can," said Sund. who learned his job under Wayne Embry with the Milwaukee Bucks in the '70s before being chosen for the Dallas job by Norm Sonju, the man who put together the group of 24 investors who put up \$12 million for the franchise.

"That's why I haven't moved from Milwaukee yet." Sund added. "I've been able to catch pro teams when they come into Milwaukee or Chicago, and I'm near big colleges like Marquette, DePaul, Notre Dame and the Big Ten schools. But even with that, I've done my share of traveling, too."

Injuries Also Plague Emerson's Crew

## HHS Girls Win 3rd Place in Concho Belle Relays, Weak in Field Events

By MAURI MONTGOMERY **Brand Sports Editor** 

SAN ANGELO (Special)--If the bare facts were known: there was probably a want ad that ran in the Friday and fill positions immediately.

And if those want ads

"The bread and butter (field event points) never came down to our part of the table," reflected Emerson. "We're just still young in that department and that's the only way to explain it because we have some good people coming up through the ranks that have and will eventually grab some points

"Amy Schumacher, Annette Vigil and Teresa High have really come in the discus during the past few weeks so I'm hopeful that they can provide some help for us there, even though they're still very young in the event. And considering some of our previous jumps in the high and triple jump events--we should have placed, but it just wasn't our day for field events--simple enough," Emerson said.

But there was another issue lurking about concerning items plaguing the harrier squad, and it was one which the head mentor was skeptical to talk about.

The issue in this instance are the ever present injuries which continue to ladden Emerson's crew at a critical point in the track season--two scant weeks away from the district meet.

"We just told the doc that we were going to take up permanent residence in his office," she said. "Oh, I don't know. You can't use injuries as an excuse, but it does seem to hamper us sometimes and it keeps us from maintaining the depth we need throughout all the events."

"Beverly Nixon was operated on Tuesday for torn cartillage she got during basketball and her status is uncertain as to this time and we're hoping she can recover from that in time to help us out, but the rest of our hurts are really only minor ones. Jill Pickens, Lindy Walterscheid, and Brenda Strafuss have all got ankle sprains and will be helping us again soon. and Connie Huffacker is coming back from foot problems. She ran for us this weekend and is working on the hurdles and the quarter even though she still isn't 100 percent yet," Emerson said.

"So there you have it. It's not the happiest news in the world from a depth standpoint, but certainly not anything to break down and cry about," she added.

But even with the lack of field event points and a discrete injury here and there, the Whiteface squad still managed their (out of an 11 team field) behind top teams San Angelo Central which garnered 117 points and second place finisher Odessor Ector with a total of

80 for the meet. And the highlights of the day for the Herd came from Darlene Sanders and the 1600 meter relay team.

Sanders capped a first place finish in the 200 meter race after clocking a time of 25.8 while the mile relay team made up of Sanders, Deborah Rodgers, Colleen Keating and Louise Mays, landed the top spot in that event with a time of 4:09.5.

Other bright spots for the Herd in the two-day San Angelo affair came as a second in the 400 meter run by Mays with a time of 59.8 and a third place finish in that event by Lori Albracht after running a 64.0. Cathy Lane grasped a fifth place niche in the 800 meter run after finishing with a time of 2:40.2, and Deborah Rodgers netted a fifth finish in the 200 meters with a run of 26.8.

In addition, the Whiteface harrier squad landed a fourth place berth in the 800 meter relay with a 1:50.5 time.

"I was really pleased with our kids performance, but we needed some depth in a few of the other events," said Emerson, "What we did, we did well--but we're still spread just a little to thin to make a bid for the top spot in meet competition. But with a little time and a little luck, that depth we've been hurting for will arrive for us before the biggy (the district meet).

## In Junior Hi Girls' Track Meet La Plata Cops Two Titles, Stanton One

Had the Hereford Junior High girls track coaches taken a poll between themselves following the conclusion of the Junior High girls meet here Saturday: they would have proably all conceded that fighting the wind and cold were worth the effort as they saw no first place team trophies leave the

But there were undoubtedly a few coaches that were disappointed at the same time as the La Plata Maverick eight and ninth grade girls track teams swept their divisions for the titles wholeheartedly.

Yet, the story still ended on a happy note, because the, Stanton girls won their division ahead of the Mavericks and claimed a first in the history of girls track at the school.

The team victory was recorded as the first time a Stanton girls harrier squad had won the team totals since . the beginning of girls track

In the 7th grade division, the Dogies grasped first place finishes in the 400 meter relay as Brenda Ball, Lisa Connally, Stacy Sanders and Lisa Redmond came away with a time of 54.2. Dogie Lina Esquina lambasted other competitors in the 800 meter dash for a first in the event with a time of 2:47.2. (a new meet record).

Lisa Redmond grabbed a first in the 100 meter dash with a 12.4 while 800 meter relay team composed of Brenda Ball, Lisa Connally, Stacy Sanders, and Lisa Redmond established a new meet record in that event with a 1:58.00.

Stanton's Ball also recorded a first in the 100 meter hurdles and Patsy Perez knocked off other competitors in the 1600 meter runwith a first place finish time of 6:25.2.

The 7th grade Maverick squad garnered a new meet record and first in the 1600 meter relay after coming in with a 4:48.6 and a first in the discus competition after Maverick Devers chunked the plate for a distance of

But in the eighth grade segment of the meet, all the glory went to the Mavericks who netted seven first place finishes in the 11 event competition for 162 total

Among the firsts included that of the 440 relay team composed of Dallas Ann Phillips, Dana Cabbiness, Teresa Phibbs, and Paula Mason as the team sprinted a 54.35 in the event.

Lori Walterscheid, Paige Phillips, Marta Carlile, and Dana Cabbiness made up the 880 relay team which clocked a first place finish in the race with a 1:58.4.

Then, Walterscheid, Carlile, Phibbs and Paula Mason turned around and scuttled opposing teams with a first place finish in the mile relay after netting a time of 4:39.5.

Other first's for the 8th grade crew included Mason's first in the 440 dash with a 65.0, Dana Cabbiness' leap in the long jump of 13-71/2 which outdid teammate Paula Mason's second at 131/2. Then Miss Cabbiness grasped the triple jump crown after bounding for 28-6 in that

And Laura Thomas rounded out the bad bunch with a heave of 82-7 in the discus plus a second in the shot put competition with a throw of

The 9th grade Maverick mile and 880 relay squads upended other competiting teams and led the way for La Plata's rule in that division.

Sarah Martinez, Kari Walterscheid, De De Dobbins and Michelle Osborn sizzled the pace in the 880 relay competition after that clocked a 1:53.3 in the race which netted them a first place finish, while Sherri Ellis, Martinez, Allyson Thomas, and Michelle Osborn tee-totaled the mile relay pack for a first with a time of 4:34.5.

Laura Kosub set a new school record for the freshman Mavericks after she finished the mile relay competition with a first place time of 6:13.7.

And rounding out the first place Maverick finishes were April Melugin who garnered first in the discus event plus a new school record, as she tossed the plate for 98-2. And Allyson Thomas netted a first in the triple jump competition with a leap of 31-6 5/8.

## Hereford Riders Garner Points

A rain and snow-damcompeted in the Perryton Tri-State High School Rodeo over the weekend.

Sid Howard picked up a total of eight points, placing second in calf roping with a time of 12.409 and fourth in steer wrestling with a time of 16.126.

Dale Matthews finished

Tony Wilcox was fourth in bull riding with a score of 60,

Scott Wilcox was involved in a three-way tie for sixth place in barebacks with a score of 45, and picked up one-third point.

Overall, the HHS boys' team placed fifth at Perryton

The HHS girls' team placed third overall at Perryton with 14 points.

Rita Ward was third in barrel racing with a time of 17.591 and was also third in pole bending with a time of 21.680, for a total of eight

Cathy Trolinder earned three points in breakaway roping with a time of 44 seconds.

Tania Willson picked up two points in goat tying with a time of 16.951, good for a fifth place finish.

Mardiece Matthews of the Hereford club was awarded the girls' sportsmanship trophy at the rodeo.

Miss Matthews also placed sixth in barrel racing with a time of 19.132.

Other HHS team members participating in the Perryton rodeo included Mike Ferguson, Joe Smith, Lee Washington, Brett Cunningham and Brent Self.

The next outing for the HHS rodeo club will be this weekend at the Happy High School Rodeo.

## Griffith Joins Ranks Of Heroes After Win

INDIANAPOLIS (AP) -Darrell Griffith wore a red, white and blue baseball cap for a crown and a shredded basketball net around his neck as a royal robe.

"How does the net feel?" was the first question asked of the sleek, bearded senior guard who had just led the Louisville Cardinals to a 59-54 victory Monday night over UCLA for the NCAA basketball championship.

"Like gold," Griffith replied.

An aide rushed to the dais to inform Louisville Coach Denny Crum that President Carter was on the phone, calling from the White

House. "Go ahead, coach," Griffith said. "I will take

He conforms to the mold in the highest tradition of past collegiate greats - an inspirational leader, a ballfaking Houdini, remarkable shotmaker and a winner.

"When I came to Louisville, I told everybody I wanted to be a champion," he said. "I predicted we would win the national championship before I was through. Tonight it all came true."

Griffith is not a boastful man. There isn't an ounce of arrogance in his supple 6foot-4, 190-pound frame.
