HEREFORD, TEXAS, FRIDAY, NOVEMBER 1, 1912

NUMBER 39

A DOZEN GOOD REASONS

Why Vote for Wilson's Election for The Next President—and Some More Good Reasons.

A DOZEN REASONS WHY I SHOULD VOTE AGAINST PRESIDENT TAFT.

Because:

1. He signed the Payne-Aldrich Tariff Bill, and referred to it as the best tariff law ever enacted.
2. He vetoed the Farmers' Free List Bill, the Woolens Bill, and other bills reducing excessive tariff duties.
3. He has failed to take any steps to lessen the present high cost of living.
4. He supported Ballinger in his efforts to turn rich coal deposits in Alaska over to the Guggenheims.
5. He has used federal patronage to maintain a political machine manipulated in his behalf.
6. He abandoned his official duties to enter into an undignified scramble with his predecessor for renomination.
7. He has lost the confidence of his party and of the people.
8. He failed to support Dr. Wiley in his administration of the Pure Food Law.
9. His trust policy has helped the trusts and brought no relief to the people.
10. His administration has resulted in disappointment and failure.
11. He is a reactionary.
12. Ex-President Roosevelt, who knows him best, says of him: "He has proved faithless to the cause of the American people."

A DOZEN REASONS WHY I SHOULD VOTE AGAINST EX-PRESIDENT ROOSEVELT.

Because:

1. He has broken his solemn promise not to be a candidate for a third term, therefore his other promises are not to be relied upon.
2. For seven years he was president, and during those seven years the very conditions he now pretends to combat viciously were more thoroughly developed than during all the other periods in the country's history.
3. The day he became President there were 149 trusts or combinations, capitalized at \$5,000,000,000, and the day he retired from office there were 1,020 such combinations, capitalized at \$31,000,000,000.
4. He permitted the Steel Trust to acquire the Tennessee Coal and Iron Company, its principal rival, in violation of the anti-trust law, and forbade the prosecution of the Harvester Trust at the request of George W. Perkins, His President National Chairman.
5. The man, next to Roosevelt, responsible for the third term movement is George W. Perkins; Perkins is the promoter and defender of the most pernicious trusts in the United States, which are the most vicious imposers on the men, women and children wage earners of the country.
6. He urges the legalization of trust watered stock and monopoly, as first advocated by Perkins, his principal supporter and financial backer.
7. He accepted campaign contributions from trusts, insurance companies, and "crooked business," and denied that he had done so—"My dear Harriman." He stands

for "Boss" Flinn, "Boss" Woodruff and other "Bosses" who serve him.

8. During the seven years he was President, he failed, even refused, to lift a finger against high tariff. Who believes, if elected, he would try to reduce excessive tariff taxes? Why is he surrounded now by high tariff men, who are contributing freely to his campaign fund?

9. He loves war better than peace.

10. Out of office he promises too much, and in office performs too little.

11. He says that the small farmer and the laborer of the city are not to be mentioned in the same breath with cowboys, etc. After describing the drunkenness and deadly shooting affrays of the cowboys, he writes:

"But they are much better fellows and pleasanter companions than the small farmers or agricultural laborers; or are the mechanics of a great city to be mentioned in the same breath with them."

12. President Taft, who knows him best, says of him: "He is a demagogue, a neurotic, a flatterer, an egotist."

A DOZEN REASONS WHY I SHOULD VOTE FOR NEXT PRESIDENT WILSON.

Because:

1. He is the only candidate for President who represents the real, the vital and the effective progressive forces in this country.
2. He stands for tariff revision downward in the interest of lower prices and the elimination of monopoly.
3. He stands for trust legislation which will prevent the control of prices through any sort of monopoly.
4. He stands for the income tax and believes that wealth should share the burdens as well as the blessings of government.
5. He stands for the rights of labor and the protection of the man who earns his bread by the sweat of his brow, as shown in his record as Governor of New Jersey.
6. He stands for the revival of our merchant marine, and for the government encouragement of agriculture, industrial and vocational education.
7. He trusts the people and believes that the governed should govern; and that Senators should be chosen by the people.
8. He faithfully performs in office the promises made out of office.
9. He will "CLEAN HOUSE" at Washington as he has "CLEANED HOUSE" in New Jersey.
10. He preaches and practices clean politics, and practices it effectively. He unalterably opposes machine politics and the rule of the bosses.
11. He stands for legitimate big business every day, but for monopoly never.
12. As Senator LaFollette says, "He approaches every problem with the solemn promise to be really, in the highest sense, a servant of the people."

Another Foreign Subscription.

The name and fame of The Brand after traveling to all parts of America has now crossed the trackless ocean and is being read by our English cousins. The last subscription comes from E. H. Hindley of Lightcliffe, Shepherd's Hill, Highbate, N., England. This is the second subscription to come from England recently.

DISTRICT COURT HOLDING SESSION

Little Business for Grand Jury—Civil Cases Occupy Most of the Time—Cases Passed and Disposed of.

The Fall Term of District Court for Deaf Smith county convened at Hereford Monday morning at ten o'clock with Judge D. B. Hill of Dalhart presiding. Other officers of the district court in attendance were, J. W. Sellars of Hereford, District Attorney; R. W. Baird, Sheriff; J. S. Jones, District Clerk; and Floyd A. Cooper of Dalhart, Shorthand Reporter.

The first business to be disposed of by the court was the empanelling of the grand jury, of which A. P. Murchison was appointed foreman by Judge Hill, the other grand jurors being, Messrs. M. O. Meeks, Jim Chapman, J. L. Wilson, J. H. Weems, F. H. Oberthier, D. C. Laird, W. C. Russell, E. B. Black, H. H. Boardman, B. C. Nutter and R. N. Mounts. Judge Hill delivered an oral charge to the grand jury directing the methods along which their investigations should be made and particularly calling their attention to the fact that it was not advisable to return indictments and have the county incur expenses prosecuting cases where there was no reasonable chance of securing a conviction by reason of the lack of proper and sufficient evidence.

The grand jury remained in session until Wednesday afternoon when it returned into court with four indictments all of which were for misdemeanors, and requested to be allowed to adjourn until Monday of the third week of the term, Nov. 11th, which request was granted by Judge Hill.

The criminal docket was set for Monday of the second week, Nov. 4th, but it is not expected that criminal cases will take very much time at this term of court.

The following civil cases have been disposed of this week:

- W. S. Higgins vs M. L. Kelley et al., two cases, suits on notes and foreclosure of vendors lien. Judgment by default for plaintiff in both cases.
- Eli Dunlap et al. vs J. A. Darnell et al., suit on note and foreclosure. Judgment by default for plaintiff.
- W. H. Hadden vs Mrs. A. B. Hadden, administratrix, suit on note. Dismissed at cost of plaintiff.
- First State Bank & Trust Co., vs T. S. Shirley, suit on note and foreclosure of trust deed. Dismissed at cost of plaintiff.
- Wm. R. Baldwin vs J. W. Head et al., suit on note and foreclosure of vendors lien. Judgment by default for plaintiff.
- Wm. R. Baldwin vs J. P. Snyder et al., suit on note and foreclosure of vendors lien. Judgment by default for plaintiff.
- L. A. Arnold vs S. J. Dodson, suit on note and foreclosure of trust deed. Dismissed on motion of plaintiff.
- First State Bank & Trust Co., vs W. S. Rance, suit on note and attachment. Judgment by default for plaintiff.
- E. R. Rice et al vs E. U. Berry et al., suit to try title and for possession. Judgment by default in favor of plaintiffs for title and possession of land sued for.
- R. L. Elliston vs I. K.

et al., suit on note and foreclosure of vendors lien. Judgment by default for plaintiff.

Western National Bank of Hereford et al vs H. B. McKinley et al, suit on notes and attachments. On trial.

Among the out-of-town attorneys in attendance on court here this week are: Messrs. A. A. Lumpkin, W. H. Kimbrough, John W. Veale and F. M. Ryburn of Amarillo, G. W. Barcus of Weatherford, S. G. Bratton of Farwell, and Otis Trulove of Plainview.

Exhibiting Gold Coins.

J. D. Thompson was flaunting 5 twenty-dollar and one five-dollar gold pieces in the faces of his friends this week and when called upon to explain his unseemly audacity, he said that they (the gold coins) were the prize money for the best loads of cattle shown at the Kansas City Fat Stock Show, winning 1st, 2nd and 3rd. His explanation was perfectly satisfactory and mention would not be made of his conduct if he had let the reporter "feel" of the cold cash, but he wouldn't.

Gold Medal crackers and cakes. Cliett's Grocery. It

Young Couple Marry.

A young couple bent on matrimonial inclinations came to Hereford Monday morning from the northeast part of the county and after securing the necessary license called in Rev. W. M. Baker of the Presbyterian church, who said the words that made them "one." The bride is the daughter of Mr. and Mrs. M. F. Hammer and the bridegroom is a young man recently from California. The ceremony was performed at Betts-Clark drug store in presence of friends.

It is never too late to mend. Try Kamps. It

Closes Conference Year.

With next Sunday, Rev. J. M. Sherman closes his second year with the Hereford church. On Tuesday he will leave to attend the annual conference for this district. Rev. Sherman's work with the local church at this place has been successful. He is a splendid pulpit speaker, takes an interest in all public questions and is of good repute with the citizenship of the town. It is not known whether he will be returned to this charge, as that is a matter left with the "powers that be" in the councils of that church.

Remember if you wish coal delivered promptly call 76. E. W. Harrison. 391f

Twins From Dimmitt.

Judge G. F. Kerr, of Dimmitt, had the honor last Tuesday of the company of two sets of twins while making a trip from his place to Hereford and return. The first were the children of Mr. and Mrs. Golehon, a boy and girl, who were here while their parents did some shopping. The second pair were the Roy Barber children, Mrs. Barber being on her return from Amarillo where she had been on a visit. Mrs. Woodlee, of Dimmitt, and her two children also came up to take the train for Canyon where she will visit.

CATTLE AND SHEEP MOVING TO MARKET

Several Thousand Head Shipped to Market and to Feeding Grounds—Prices Are Good.

The largest shipments of sheep ever made from Deaf Smith county have been loaded out from the pens during the last ten days. The cattle shipments have made the old timers think of days past when there was nothing but horns and hoofs in this country. The total number of sheep, including lambs, weathers and breeders, number nearly 30,000 head, and the prices have ranged from \$2.50 to \$3.00 for the lambs, and from \$3.00 to \$4.00 for the yearlings. Bell and Conkwright have bought and shipped nearly 20,000 of this number, the list of sheepmen from whom they made purchases being as follows: D. C. Laird 806; W. B. Davis 400; Bob Denny 325; Henry Martin 700; F. H. Wood 2,600; R. P. Lee 700; F. W. Reeves 600; J. W. Barnett 300; McSpaddin Bros. 300; H. H. Hawkins 486; R. A. Hall 75; M. J. Wenzinger 200; J. H. Head 1,500; J. W. Manning 450; P. D. Vore 250; W. S. Dixon 200; Mapes & Johnson 1,100; Geo. Blayne 300; A. W. Barker 600; Short Bros. 1,100; Geo. Beams 2,200; John Cramburg 400; Kelly Gray 600; Harry Jackson 178; a total of 17,556 head, all lambs. Then there were a number of independent shippers: Allan Bell 3,500 yearling weathers; John Harrigan 750 yearlings; J. H. Vanden Boom 300 lambs; C. J. Mountz 800 lambs; Strickle of Castro shipped from Hereford 750 yearlings; Henry Martin of Deaf Smith 800 lambs and 350 yearlings. Other shipments from this county going out over the Rock Island will add some 3,000 more to this number, making a grand total of 29,306 head of lambs and yearlings that have been turned. Allan G. Bell, sheep inspector for this section, says that no one ever saw a better lot of shipments, many of the flocks being A-1 in every respect and brought the highest market price at Kansas City. This speaks well for Hereford sheep raisers.

As to the cattle shipments, C. R. Smith, inspector, reports that last Saturday week witnessed the shipment of 50 car-loads, some going to the Kansas City market, some to the feeding pens and others to the northwest ranges. The prices brought have been entirely satisfactory, all of the shippers returning with a smile. Last Saturday another large shipment was made, the following having stuff in the train: Geo. Cloyd 237 2s; B. B. Arnold 350 4s; Joe Collins 350 4s; C. P. Arthur 110 calves; J. H. Wilson 240 2s; E. Hanson 250 2s; Bob Higgins 37 cows; Hill & Shore 120 heifers 1s; R. N. Mounts 210 1s; A. L. Chescher 330 cows; all of these to the market at Kansas City. Van Natta Bros. shipped 200 steers to the Kansas feeders; and Derichler & Nesbit shipped 3,000 1u to Montana. This is a total of 7,234 head of cattle of all kinds that have been shipped out, nearly all from Hereford.

There's lots of coal stored in Hereford, 9 cars on track and 30 more in transit. C. R. E. W. Harris TEXAS

What a Baptist Preacher Did.

This is to certify that I have used one box of Hunt's Cure for a Skin trouble, and same cured me after using about \$8.00 worth of other ointments and salves. Nothing like Hunt's Cure for Skin troubles. Rev. H. T. Sizemore, Hemphill, Texas. 39-5t

Pick Their First Cotton.

Ed Cox and Mac Beach have returned from Burkburnett where they had been trying their hand at picking the fleecy staple. These young men had never done any thing except "punch cattle" and neither of them knew hardly what a cotton patch looked like. Mac tells it on Ed that when he was hitched up to a six foot sack with all the necessary harness, he got scared and ran off down the cotton rows, bucking and pitching like a bronc, but he soon tamed down and picked the first day 161 pounds. Ed afterwards learned how to gather as much as 220 pounds per day. Ed tells it on Mac that the latter would try to "spur" his sack, when he wanted to move up, and also wanted the landlord to furnish him a pony and lariat, Mac thinking that he could "rope" the cotton off the stalks faster than he could pick it. But Mac beat Ed picking, succeeding in one whole day of weighing up 289 pounds. The boys got a \$1.25 a hundred and their board, but they did not pick enough to justify their feed and the landlord suggested that they hire some of the "kids" down there who picked 500 a day to help.

Filling Big Silo.

A large 190 ton silo has been erected on the farm of Dr. A. C. Scott, five miles northwest of town, and it is being filled with chopped Kaffir corn. A cutting machine operated by a gasoline traction engine is used in cutting the Kaffir, and it mechanically cuts the feed and then blows it up into the silo at a machine keeps ten wa

How It Feels to Farm by Irrigation.

Just the other day the Brand news faker was in conversation with Jim Robinson, who owns a good farm near town, southeast. It took Jim a long time to decide that he could afford a big irrigation well, but when he did conclude that the necessity was greater than the obligation, he plunged in. While he did not get his well installed in time for all of his crops this year, he is perfectly satisfied with the results obtained; his corn, millet and maize is good and his planting of alfalfa is coming along nicely. Now, this irrigation business is something new to Jim, never having had his feet wet while farming except on Saturday night at bathing time, and while his habits had become somewhat case-hardened and fixed like the dry land tartrap, when he saw that big stream flowing along the ditches in his thirsty field,

COMING TO AMARILLO

The United Doctors

An Association of Prominent American Physician Specialists Giving Free Medical Service to the Sick.

AT HOTEL ELK

Tuesday Nov., 5 and Wednesday Nov., 6, Two Days Only.

Startling disclosures relative to the most remarkable treatments known. The United Doctors are visiting the principal cities throughout the United States. Licensed by the states for the treatment of diseases, deformities, ailments and maladies of various forms without surgical operation.

By this developed system no more operations for appendicitis, gall stones, kidney stones, tubercular glands, tumor, goitre, piles or cancer. They were among the first in America to do away with the knife, blood and pain in the treatment and cure of these serious and dangerous diseases.

Selected cases of consumption, asthma, bronchitis and catarrhal diseases, absolutely cured with combination of medicine, diet, hygiene and exercise. This is the most reliable and scientific home treatment known today.

Rheumatism, diabetes, bed-wetting, leg-ulcers, sore eyes and diseases of the stomach, liver, heart, kidneys, bowels, bladder, all treated by their successful methods, developed after years of special practice and experience.

Patients with cancer, tumor or tubercular glands not larger than one to two inches can be cured with their hypodermic injection method, used in hundreds of cases with entire success.

These Doctors and nerve specialists treat successfully neuralgia, constant headaches, epilepsy, sciatica, nervous debility and other diseases related to the nervous system.

Because of their vast experience in the treatment and cure of chronic blood diseases, scrofula, diseases of the skin, falling of the hair, hydrocele, varicocele, swelling of the limbs enlarged veins, paralysis and all diseases of men, women and children they are eminently fitted for the high position they have attained in the extensive practice of their profession.

If your case is incurable, the doctor will give you valuable advice that will relieve you and stay the disease. They are curing the diseases they undertake and you may some day regret it if you don't give them a chance.

The United Doctors will give free treatment (except a small charge for medicines) on this particular visit, and this only to those who are interested and really sick.

In as much as these doctors are giving their valuable services free to the sick they will expect of those treated to tell the results to their friends.

If you have kidney or bladder trouble bring a two-ounce bottle of ur urine for analysis.

Married ladies must come with husbands and children with parents.

CARDWELL BROS.

he took to the water like a drove of ducks. Jim figured it out this way: "When I can raise 60 or 80 bushels of corn," he said, "with the same amount of planting and plowing that is required to raise 20 or 30 bushels to the acre by the dry farming methods, I count that the extra yield has cost me but the cost of the one or two irrigations, and that is a small amount as compared to the increase in the yield. And when one or two good wettings will increase the yield of oats from 20 to 80 bushels to the acre," he continued, "I know that I am ahead by some 60 bushels of oats that did not require one extra furrow, nor any more harrowing, the same amount of driving to cut the crop; the only extra cost being in the threshing and for the water, which I consider purty cheap oats. But the greatest thing of all is the feeling of certainty, the

confidence that I have when I am driving a couple of heavy hay burers down a corn row, to know that I am sure of a good yield, barring nature's interference. A man can do more work in a day when he sees his efforts bringing speedy and sure results; weeds are easier killed and kept down, when the corn and maize, kaffir and millet grow right along under the magic water, for they outstrip their enemies, weeds and insects. I am going to make the effort of my life next season," he concluded, "and while I don't know much about irrigation farming, I'm going to do my part as far as the cultivation is concerned, put the water on when I think the crops need it, and then leave the rest to the sunshine."

Phone 50 for your groceries. Cliett's Grocery appreciates your patronage. 1t

STOVES

Our line of Stoves this season is one of the best in the entire Panhandle. Whatever kind of a STOVE you need you are sure to find one you will like in one of the following:

Buck's Hot Blast Heaters

A new and a good one which we are handling this year. Don't add coal when you retire. Just so there is a little fire all you have to do is to shut the draft and when you arise next morning you will have plenty fire. Beautiful in appearance, one-piece grate, handles that can't scorch you. Economical of fuel.

Cole's Hot Blast Heaters

These Stoves need no recommendation from us. Their almost universal use season after season by satisfied patrons is proof of their reliability and economical use.

Junior Security Heaters

A good moderate priced stove. One that will give you satisfaction and long service.

Guns and Ammunition

We especially call your attention to our big line of High-class Ammunition. Peters Winchester and U. M. C. Shells in all the good loads.

Parrott Paragraphs.

Mrs. B. F. Neely is in Plainview to be with her sister, Mrs. Bell, who is not in good health.

A most delightful gathering was had at Mr. Duke's last Sunday. A picnic dinner was served in their spacious dining room, which was crowded to its utmost at the time of serving by friends and neighbors, who met to bid farewell to Mr. and Mrs. Dukes, who leave us for their southern home. We regret their departure very much. They have endeared themselves to all and will be greatly missed in our community. A most bountiful dinner was served finished with ice cream for which Mr. Guthrie furnished the ice. We had a happy day as we always do at

Mr. and Mrs. Dukes. We were so glad to have Miss Griffith with us for the day. The best wishes of all go with Mr. and Mrs. Dukes to their new home.

Messrs. Wagner, Metcalf and Miller and families, R. S. Neely, Mr. Kopp and the Misses Shepard and Fannie Neely took ice cream and cake to the home of B. F. Neely Tuesday evening. All had a good time.

Through the kindness of Miss Griffith we have a program of the institute which is to be held at Dimmitt next week. We are looking forward to being present.

Brother Smith gave us a fine talk Sunday. We hope that conference will see fit to return him to us.

Our school is flourishing under the supervision of Miss Dora Shepard of Dimmitt. Our young people are taking hold of their lessons with great interest.

Miss Wagner, who is teaching at Hurley, will come home Saturday for institute. She writes that she has a fine school and that she likes Hurley very much.

Mr. and Mrs. W. E. Hacker and children spent Sunday with Mr. and Mrs. Gus Miller.

Floyd and Willie Hacker called on Ned and Charlton Neely Sunday evening.

Miss Hazel Hacker was the guest of Mrs. Dukes Saturday night.

Mr. and Mrs. Dukes took Sunday dinner with Mr. and Mrs. High. Jack.

W. ELMER DAMERON,

THE ELECTION.

Next Tuesday will settle the ever quadrennial squabble for national offices. The three main candidates in the field, Wilson, Taft and Roosevelt—named in the order of their chances—are making every hour count. Their friends and supporters are virtually scouring the country for votes; the doubtful states are being sown down in literature and uprooted with oratory; and each crowd assures the dear people that the country can only be saved by the election of their man, while they declare that the whole country will go to the jeeminy bow-wows if the other fellow is elected. Wait and see. The sun will rise as usual the next morning after election day, the only difference will be that dark brown taste in your mouth put there by an all-night wait at the election bulletins and strong smelling candidate cigars. The great wheels of commerce and civilization will turn

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

NATIONAL BANK OF COMMERCE, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists. Take Hall's Family Pills for constipation.

slowly on by the water that has not passed, but the calamity howlers will sulk to some corner and growl because the country did not explode or the pillars of the capital did not crumble and the building didn't fall on the people in Washington City. The best citizen on next Tuesday will go early to the poles, vote his sentiments and belief, retire to his daily work and wait for the count.

THE VOTE OF THE WOMEN.

In the several states where the women have been granted the right to vote, the results will be watched with interest. In California, the women will vote for the first time in a presidential election, and the three main candidates are hoping that the fair voters will not check them off their visiting list on next Tuesday. Wilson is expecting the great army of women teachers in that state to come to his support; Roosevelt is betting heavy on the women who loves a hero, especially one that can get shot and still live and be happy ever afterwards; while Taft is banking largely on the women that "just love a fat man." The female vote of California has the power to turn the election to either of these men in that state, and that state may be the key to election; who knows?

We will appreciate your business, Cliett's Grocery. It

Vote For All Amendments.

When you go to the polls next Tuesday, don't forget to vote for all of the amendments at the bottom of the ticket.

The first one is to allow cities to adopt their own charters by popular vote. This is local self government and should be adopted.

The second is to make the term of prison commissioners six years. This is a good thing. Vote for it.

The third is a similar one and is to make the term of members of the regents or trustees of state schools and eleemosynary institutions six years. Vote for this.

The fourth and last is to authorize an additional tax of 5 cents for Confederate pensions. Be sure to vote for this amendment.

But in order to vote for any of the amendments, it will be necessary for the voter to draw a black line through the sentences beginning with the words: "Against the amendment, etc., etc.," and do this four times, one for each amendment.

When you are preparing your ballot don't get in a hurry; take plenty of time; vote the way you want to; but be sure to see that your ballot is fixed so it will be counted by the judges.

At every election there are always several ballots cast by good and honest citizens, but, who failing to mark their tickets properly lose their vote.

Bulk Kraut just received. Cliett's Grocery. It

The Tulia Standard has again ceased to exist. Editor Callahan found it impossible to make it a go as the second paper in that little city. Sorry he was not more successful, as he is a strong writer and a splendid follow.—Hall County Herald. Yes "it takes money and brains to run a newspaper," but it seems friend Callahan's money soon run out.

SOME THOUGHTS ON TAXATION.

Taxes should be levied in proportion to the privileges allowed and protection guaranteed by the State and the benefits derived from the community.

Wages provide for a living only; then a laborer, whose efforts bring profit and income to the employee, is entitled to a fair division of the dividends.

The owner or stock holder is entitled to a fair return on his investment and hence he should be considered in making laws regulating his business.

The State is entitled to its proportion as taxes for the protection and guarantee of property.

If the wages to the laborer, if the dividends to the stock holder, if the interest to the bond holder, if the taxes to the state must come out of

the profits, why not make an equitable division of the profits; for, if the wages, the dividends, the interest, the taxes, must come out of the capital, the concern or business would soon cease to exist.

Then why not tax the income derived from the property rather than the property or capital itself.

Important Notice About the Ticket

A letter has just been received from the state department saying that C. W. Taylor, elector for the 11th district, had resigned and that Joe Eidson had been appointed in his place. Now, in order to secure a full number of Democratic electors, it will be necessary to "scratch" Taylor's name in the "Democratic column" and to "write" Joe Eidson's name in the "Independent column," the last column on the ticket sheet.

All Democrats should be certain to do this, as it is possible for a Bull Moose candidate or other opposing candidates to be elected, and thus, by neglect, send up a broken Texas delegation. Go slow when you are preparing your ballot; if you don't know how to "mark" your ballot, ask the judges. If you wish to vote the Democratic ticket in full, leave both the "electors at large" and the "district electors" unmarked, except the name of C. W. Taylor.

That Debating Club.

The suggestion made in the Brand some two weeks ago advocating the organization of a debating club has borne fruit. Just a few have "talked it around" and the first general oratorical scrap will be pulled off sometime soon, between the 11th and 16th of November. The subject chosen for the first discussion will be: "That the women should vote." The debators have been lined up as follows: Affirmative—A. C. Elliott and W. H. Ray; negative—Elmer Dameron and Jas. Hughes. All sessions of the Club will be open to the public and everybody is invited. The Club will be run with as little red tape as possible, and, besides the debates, other features will be on the program. It is the purpose of the Club to have its meetings at the court house, if the authorities are willing. The object of the Club is to give those who participate practice in public speaking and parliamentary rules. Subjects for discussion will be of such a nature as to allow a free hand and a fair fight.

A Marvelous Escape.

"My little boy had a marvelous escape," writes P. F. Bastians of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of croup. As luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." Sold by all dealers.—Adv.

A Mistake Some Farmers Make.

The following is taken from the current issue of Farm and Fireside: "If our farmers would make a combined effort to market nothing but strictly fresh, clean eggs, the price for these products would remain higher during the period of hot weather, but just as long as he persists in selling soiled and rotten eggs, all of us will have to suffer for it by accepting less for eggs."

Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.—Adv.

THE BEST time to stop a cold or cough is to begin work on it when it begins work on you, and the best thing to stop it with is **WEEKS COLD TABLETS**, unequalled by any for relief of colds.

Kaffir Corn as a Revenue.

It is a rule of a group of bankers, along the state line in middle and western Kansas and Oklahoma, to require farmers who ask loans on cattle paper to grow sufficient kaffir corn to feed their herds. This is a condition precedent, and the farmer who does not keep some of his ground so planted need not apply. Ordinarily, a sufficiency of Indian corn and alfalfa carries stock through, but if there be a visitation of drought, only kaffir corn comes through with a crop, and without it, unless the farmer be of abundant means above debts, his cattle are forced on the market and the banker loses. Likewise, it is said that insurance companies, and other corporations seeking investments, require in the section named that farm-loans be protected by fields of kaffir, at least 10 per cent of the area of the farm. It is a new idea, born of the busy mind of John Bunyan Adams, a banker of El Dorado, county seat of Butler county, Kansas, where kaffir corn leads the world. For a year or more, Mr. Adams has been delivering addresses on kaffir corn before the Kansas-Oklahoma group. Witnessing so much kaffir grown yearly in Butler county, and its great value to borrower and banker alike, he is able to speak advisedly on the subject. At first only advocating the culture of kaffir as the safest feed crop to grow, lately he is appealing to bankers to lay down the arbitrary rule stated.

Kaffir corn is a sorghum of great vitality, and, because it is a drought resistant always coming through dry periods with a crop of grain and fodder, it has become one of the most important crops of the South-

west. For weeks, it apparently may suspend life, remaining stationary with curled leaves, but following a precipitation of moisture, it recovers, immediately, and makes good. Born of the semi-arid areas of South Africa, the plant, brought to America in 1885, withstands long droughts and hot winds on our western prairies, finally coming through with an abundance of fodder and grain. Dr. C. K. Francis, chemist of the Oklahoma Agricultural Experiment station, says that in 1911, when Indian corn was a total failure in the dry districts, kaffir corn make an average of fifty-two bushels per acre on the entire farm, and seventy-six on a part of it. He adds that for the seasons of 1911-12, the grain easily sold for an average of more than fifty cents per bushel, which makes it a valuable crop, even at a yield of only twenty bushels per acre. Even in the most unfavorable seasons, when everything else except the sorghums burns up, kaffir corn never fails to make from fifteen to thirty bushels per acre.

Dr. Francis compares the chemical composition of kaffir corn and Indian corn and finds the two grains to be almost identical, as follows:

	Kaffir	Indian
Water	11.20	11.56
Ash	1.46	1.56
Protein	11.61	9.31
Carbohydrates	72.53	74.23
Fat	3.38	3.34

Continuing Dr. Francis says: "This table shows that kaffir corn is superior in protein, the most important constituent of food; and, when this is considered with the other ingredients, one might be led to conclude that it is more valuable feed than Indian corn. However,

digestive experiments seem to demonstrate that it is not quite equal to Indian corn as a food for animals. This may be explained as being due to the size of the grains, which when fed whole are not masticated thoroughly, and a more or less variable percentage passes through the digestive system without being acted upon. A series of experiments has demonstrated that if the grain is ground before fed, a much larger proportion is digested. Indian corn yields its fat as an oil, while the fat extracted from kaffir corn is a solid melting at about 110 degrees. This fat has a pleasant nutlike taste, and an odor which indicates that a food similar to peanut butter may be made from it."

If properly ground kaffir corn produces a meal equal to that of Indian corn. It also may be manufactured into a valuable industrial alcohol. Paying fifty cents per bushel for the grain, one gallon of this alcohol would cost twenty cents. Among its other uses is in the manufacture of breakfast foods. It is a popcorn, too, and frequently is so used.

The area of kaffir corn planted in the United States, especially in Kansas, Oklahoma and Texas, where so much beef is grown, is increasing yearly. It fast is solving the feed problem, especially if converted into ensilage.

SYMPTOMS OF CONSUMPTION**Yield to Vinol.**

The medical profession do not believe that consumption is inherited, but a person may inherit a weakness or tendency to that disease.

A prominent citizen of Evansville, Ind., writes: "I was ill for five months with pulmonary trouble, and had the best of doctors; I had hemorrhages and was in a very bad way. Through the advice of a friend I tried Vinol, and I feel that it saved my life. It is all you recommend it to be. I believe it is the greatest medicine on earth. I have advised others to try Vinol, and they have had the same results." (Name furnished on request.)

Vinol soothes and heals the inflamed surfaces and allays the cough. Vinol creates an appetite, strengthens the digestive organs and gives the patient strength to throw off incipient pulmonary diseases.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. The Corner Drug Store, Stocking & McLean, Props., Hereford, Tex. (Adv.)

Panhandle Land Wanted.

To trade—280 acres of Missouri farm land, 160 acres in cultivation; 3 sets of improvements; 6 miles from R. R. town of 3,000 people; to trade for land near Hereford or for shallow water land in the Panhandle. Write or see A. C. Elliott. 39-2t

Fresh Graham Flour. Cliett's Grocery. It

Texas Industrial Notes.

Hale Center.—Robert Alley, a prominent farmer of this county, produced 117 1/2 bushels of milo maize off one acre of irrigated land this season. On the same farm, but under ordinary methods of farming, he secured 50 bushels per acre.

Plainview.—J. W. Longstreet, formerly in charge of Federal demonstration work in Oklahoma, is supervising the 400 acre demonstration farm located on the Pearson irrigated land near this city.

Vernon.—An investigation conducted by the Young Men's Business League of this city shows that 114 cars of watermelons were shipped from Wilbarger county this season.

Plainview.—The majority of prizes won at the State Fair this season were for products raised on the farm of E. Dowden, who is an extensive planter of fruits and vegetables. Peaches from this farm brought the grower \$800 per acre, while celery and other truck products paid nearly as well.

Alvah Green Entertains.

Alvah Green, the humorist reader, the first number of the high school lyceum course, was well attended. He kept his audience in fits of laughter and when in country bumpkin characters should be called Olive Green. While the entertainer gave several old numbers he did not fail to give them in such a new style and manner as to add to their popularity. Those who were not there missed a medicine better than physic.

We will appreciate your business. Cliett's Grocery. It

PLEASANT TASTING**LIQUID MEDICINE**

Acts as Quickly as Calomel, Takes the Place of Calomel, and is Absolutely Harmless.

Dodson's Liver Tonic is the name of the new vegetable tonic which Betts-Clark drug store recommends as a perfect substitute for calomel. Without causing any restriction of habit or diet, Dodson's Liver Tonic starts the liver to working and cures constipation, biliousness, etc., without any harmful after-effects.

The fact that calomel is mercury has kept many people who are afraid of mercurial poisoning from using it. Calomel is a good thing to let alone. All persons can use Dodson's Liver Tonic, whether they have been in the habit of taking calomel or not, for it is entirely vegetable and cannot do harm. Betts-Clark drug store will give the money back to any dissatisfied purchaser. Price fifty cents.

MY FATHER

Had Eczema 10 Years
OVELMO CURED HIM

Test Course Given Free

My father was a sufferer for years from Chronic Eczema. He tried doctors and everything else without relief. Nothing did him any good. He grew worse and worse each year. It seemed there was no hope for him. In utter despair of ever securing any real help from others, I determined to work out a treatment myself, as I am a Registered Pharmacist, owning a drug store in Ft. Wayne, Ind. I studied practically all known medical authorities on Eczema and Skin Diseases, and finally compounded in my own laboratory the OVELMO TREATMENT. It is designed to remove the cause of the disease, by working on the system internally, while the itching, smarting, burning and unsightly appearance are relieved by a soothing, healing cream applied to the affected parts.

J. C. HUTZELL, Ft. Wayne, Ind.

Completely Cured

OVELMO worked like magic. My father and I hardly dared to believe our eyes. The itching ceased—pus no longer formed—the scabs were replaced by new, clean, smooth, healthy skin. In general health improved—he could sleep well at night, and in a short time was completely cured.

His case was well known, and his cure was so remarkable that the news spread all over the surrounding country. A little boy, whose flesh about the ankles had sloughed away almost to the bone, was next entirely cured by OVELMO, and the demand for it became so great around my home town that I was urged on all sides to place it before the general public. It is just as good for cuts, burns, bruises and chilblains as it is for Eczema and Skin Diseases.

1000 Treatments Free

I want to prove to every interested person, free of charge, what OVELMO will do in all cases of Skin Disease. I want to introduce it everywhere, and am going to give away 1000 Test Treatments Absolutely Free of Cost and Postage Paid to those needing treatment who write me for it promptly.

You can stop scratching—you need not be afraid to be seen in public—you can sleep well at night. The matted crusts—the greasy crusts—the scaly, burning, itching, and smarting crusts—the scaly, burning, itching, and smarting crusts—restored to health, made clean and smooth again.

Just write a postal, or a letter stating I've Skin Disease for which you want the treatment and the age of the sufferer and I will send you a Test Course by return mail, in plain wrapper, free and postage paid.

J. C. HUTZELL, 112 West Main Street, Ft. Wayne, Ind.

Blood Was Wrong

All women, who suffer from the aches and pains, due to female ailments, are urged to try Cardui, the reliable, scientific, tonic remedy, for women. Cardui acts promptly, yet gently, and without bad effects, on the womanly system, relieving pain, building up strength, regulating the system, and toning up the nerves. During the past half century, thousands of ladies have written to tell of the quick curative results they obtained, from the use of this well-known medicine.

TAKE CARDUI The Woman's Tonic

Mrs. Jane Callehan suffered from womanly trouble for nearly ten years. In a letter from Whiteville, N. C., she says: "I was not able to do my own housework. My stomach was weak, and my blood was wrong. I had back-ache, and was very weak. I tried several doctors, but they did me no good. I used Cardui for 3 or 4 months, and now I am in the best health I have ever been. I can never praise Cardui enough." It is the best tonic, for women.

Whether seriously sick, or simply weak, try Cardui.

Notice of Trustee's Sale.

Notice is hereby given that by authority vested in me as Substitute Trustee, by appointment under the terms of a deed of trust, executed by Domenico Comperini, dated, June 22nd, 1910, recorded in Book 18, of the Deed Records of Deaf Smith County, State of Texas, on page 53, wherein the land described below was conveyed to William W. Ryan, of Jackson County, Missouri, Trustee, and to his successors in trust, as security for the payment of five promissory notes aggregating Eighteen Hundred Forty-eight (\$1848.00) Dollars, of even date therewith, executed by said Domenico Comperini and due, one on Nov. 1st, 1911, for Three Hundred Sixty-nine and 60-100 (\$369.60) Dollars, one due on Nov. 1st, 1912 and one due on Nov. 1st, 1913, and one due on Nov. 1st, 1914, and one due on Nov. 1st, 1915, each for the like sum of Three Hundred Sixty-nine and 60-100 (\$369.60) Dollars, respectively all bearing interest at the rate of 6 per cent. per annum from date until maturity, and 7 per cent. per annum thereafter, interest payable annually, each of said notes being payable to the order of Arthur L. Brunner, of Kansas City, Missouri, (who is the present legal holder thereof), said notes being more particularly described in said deed of trust, which deed of trust provides in case of default in payment of any of the notes secured thereby, or any installment of interest, or in case of default in the payment of any taxes levied against said land when the same shall become due and payable under the laws of the State of Texas, or default by the said Comperini in the performance of any other term, condition or agreement therein contained, for the period of 30 days after the same shall become due, that the then legal holder of said notes, or any one of them at the time, shall have the right, at his option, immediately and at any time while such default continues, to declare the entire debt secured thereby, to be at once due and payable; and

Default having been made in the payment of the first one of said series of notes, which note was due and payable on Nov. 1st, 1911, as aforesaid, and the interest thereon, and on all the said series of five notes described aforesaid, and in said trust deed, and default having been made in the payment of taxes on said land for the year 1911, aggregating \$14.03, said taxes having been paid by the said Brunner, which default for the said taxes of said year 1911, and for the said note for Three Hundred Sixty-nine and 60-100 (\$369.60) Dollars due Nov. 1st, 1911, has continued for more 30 days since the said taxes were paid by said Brunner and since the maturity of said last described note, and said Arthur L. Brunner, the present legal holder of all of said notes having declared the entire indebtedness remaining unpaid, to be now due and payable at once, and the amount of principal and interest due on said series of five notes on the 1st day of October, 1912, being the sum of \$2,103.26, which, with the 1911

taxes paid by Brunner as aforesaid, make the total on said last named date, past due and unpaid, due by said Comperini to said Brunner, the sum of \$2,117.29.

William W. Bryan, Trustee named in said trust deed having been requested to execute said trust and having refused so to do, and L. H. Henschel, Alternate Trustee named in said trust deed being without the territory of the United States and unable to enforce said trust, therefore, I, E. Renfro, of Hereford; Deaf Smith County, Texas, Substitute Trustee, heretofore appointed by an instrument in writing, executed and acknowledged by the said Arthur L. Brunner, the holder of said notes, and I, having been requested by the said Arthur L. Brunner to enforce said trust, will on the 5th day of November, 1912, (the same being the first Tuesday in said month) between the hours of 10 o'clock a. m., and 4 o'clock p. m. of said date, proceed to sell at public outcry, to the highest bidder, for cash, in front of the Court House door in the city of Hereford, Deaf Smith County, Texas, the following described real estate situated in said Deaf Smith County, Texas, to-wit:

Three Hundred Twenty (320) acres of land out of Capitol League, Number 423-412, and particularly described as the West Half of Survey of Section Number Sixteen, Township Number Three (3), North of Range Number Three (3), East of a "Capitol Syndicate Subdivision," as shown by plat of subdivision, of record in the Deed Records of said County of Deaf Smith, in the State of Texas, in Volume 15, pages 60-65,

The proceeds whereof will be applied to the payment of the balance due upon said indebtedness to Brunner, expense of making said sale, and the remainder, if any, paid to the said Domenico Comperini, or assigns in accordance with the terms of the said deed of trust.

Dated this 5th day of October, 1912. E. RENFRO, Substitute Trustee

Mr. and Mrs. B. F. Fulkerson from 14 miles northwest, this county, were here on Monday trading. Mr. Fulkerson was also here as a juror, but was excused.

WANT ADS

MISCELLANEOUS WANTS

BINDER—Broad cast binder for sale. See J. B. Elliston. 31tf

1st Lady—I wonder if my husband will love me when my hair is gray. Her Friend—Of course he will. He's loved you through three shades of hair already, hasn't he?

WANTED—Your shoe repairing at Norton-Powelson Saddle Co. 35tf
He—They say that the face is an index of the mind.

She—I don't know. It doesn't follow because a woman's face is "made-up" that her mind is.

FOR SALE—A nice flock of Brown Leghorns and Rhode Island Red chickens. G. W. Brumley. 38-2tp

Waiter—Well, sir, how did you find the beef?

Diner—Oh! I happened to shift a potato, and—well, there it was.—Bystander.

FOR SALE—Automobile 30 Horse power, in good condition. At a bargain if sold in next ten days. Phone 269, Carl House. 1tp

Willie—Paw, what is the middle class?

Paw—The middle class consists of people who are not poor enough, to accept charity and not rich enough to donate anything.—Sacred Heart Review.

WANTED—Girl to assist with house work etc. Light work, moderate salary. Apply at once to Ralph Barnett.

Mrs. Nexdore—Professor Adagio called at our house yesterday, and my daughter played the piano for him. He just raved over her playing.
Mrs. Pepprey—How rude! Why couldn't he conceal his feelings the way the rest of us do?

LOST—Signet ring with initial "W". On East 4th St. Finder return to this office and receive liberal reward.

Belle—That man over there is staring straight at my nose.

Nell—Probably he's a reporter.

Belle—And why should a reporter stare at my nose?

Nell—They are supposed to keep their eye on everything that turns up, aren't they?

FOR SALE—Good team of mules, also kaffir, maize and sorghum. See or address William Cassens, Hereford, Texas. 37-4t

The tragedian thrust the tip of his knife into the yellow disk which the waiter had brought him. He held it up to the light and examined it, while the waiter stood by anxiously. Then the diner resolutely returned the yellow disk to his plate and scraped some of it upon his bread.

"I take thee," he said, "for butter or worse."

ESTRAYED—Two steer calves, are either unbranded or possibly might have H on left hip, Curtis & Mc-Nerney. 1t

"I wouldn't drink out of that cup," said little Willie to the well-dressed young visitor; "that's Lizzie's cup, and she's very particular who drinks out of it."

"Ah," said the young man, as he drained the cup dry. "I feel honored to drink out of Lizzie's cup. Lizzie is your sister, isn't she?"

"Not much! Lizzie is my little pet pig."

FOR SALE—South one-half, Section 76, Black M-7, Castro county, 333 1/2 acres, \$16.00 bonus per acre. Address Box 96, Stonebluff, Ind. 39-4t

COAL—There's lots of coal stored in Hereford, 9 cars on the track, and 30 more in transit. Come to Hereford. E. W. Harrison. 1t

Among the large number of amusing letters received by David Belasco, the theatrical manager, was the following:

"Venerated Sir: Wishing to go on the stage, would like to join your forces. Have been a bricklayer for five years, but having failed in this branch have decided to take up acting, the same being easier work. I am not young, but six foot in my stocking feet. Have studied elocution and am fond of late hours."—Everybody's.

STRAYED—From my farm nine miles northeast of Hereford one white face cow, branded slash on left loin, other brands on left side, crop left ear. Will appreciate any information. Will pay for expenses and trouble. See, write or phone G. C. Bowman. 39lf 1/2

Donald and Jeanie were putting down a carpet. Donald banged the end of his thumb with the hammer and began to pour forth his soul in language befitting the occasion.

"Donald! Donald!" shrieked Jeanie, horrified. "Dinna swear that way!"

"Wummun!" vociferated Donald, "if ye know any better way, now is the time to let me know it."—Current Literature.

LOST—Some one who had an old book in the "curio window" at the Brand office made a mistake and picked up a history of the U. S. instead of the legal forms for justices of the peace. Please return the history and exchange for the right book. 35tf

FOR SALE—One black driving and saddle horse coming 4. One brown filly, coming 3. One mule and one horse colt each coming 2, also 3 or 4 good work horses. Hays Bros. 39-4t

Guard Your Children Against Bowel Trouble

Many children at an early age become constipated, and frequently serious consequences result. Not being able to realize his own condition, a child's bowels should be constantly watched, and a gentle laxative given when necessary. Dr. Miles' Laxative Tablets are especially well adapted to women and children. The Sisters of Christian Charity, 531 Charles St., Luzerne, Pa., who attend many cases of sickness say of them:

"Some time ago we began using Dr. Miles' Laxative Tablets and find that we like them very much. Their action is excellent and we are grateful for having been made acquainted with them. We have had good results in every case and the Sisters are very much pleased."

The form and flavor of any medicine is very important, no matter who is to take it. The taste and appearance are especially important when children are concerned. All parents know how hard it is to give the average child "medicine," even though the taste is partially disguised. In using Dr. Miles' Laxative Tablets, however, this difficulty is overcome. The shape of the tablets, their appearance and candy-like taste at once appeal to any child, with the result that they are taken without objection.

The rich chocolate flavor and absence of other taste, make Dr. Miles' Laxative Tablets the ideal remedy for children.

If the first box fails to benefit, the druggist. A box of 25 doses costs only 25 cents. Never sold in bulk. MILES MEDICAL CO., Elkhart, Ind.

A Feast of Flowers.

On Wednesday from three to five in the afternoon and eight to ten in the evening, Mr. and Mrs. A. C. Elliott opened their home for the benefit of the division of the Ladies Aid Society of which Mrs. Elliott is a member, and Mrs. Barnett the president. While the occasion was what is popularly call a "Tea" and the benefit ostensibly for the benefit of the church, the real feast was the one of flowers and the real beneficiaries were those present witnessing the magnificent display of chrysanthemums. Such a private collection of flowers is seldom seen in any place as the one belonging to Mrs. Elliott. About one hundred plants with hundreds of blooms consisting of twenty-five varieties were arranged in the receiving rooms. The largest blossom was a stately white "The Queen", measuring seven inches in diameter; its rival in size was a yellow "Percy Plumridge." The colors varied from deep rich crimson, bronze, glowing yellow, rose pinks, delicate pinks with lavender shadings to creams and pure waxen whites. One especial feature was the vigor of the plants, the rich green foliage and profusion of blooms plants bearing as many as twenty-three large perfect flowers—is something rarely seen. One plant stood forty-eight inches from the floor to topmost petal, and many others nearly equaled it in size. Besides the chrysanthemums some magnificent roses, the last of the season, beautiful ferns and foliage plants added to the general attractiveness. The plants were arranged to produce distinct color effects in the different rooms. The parlor looked like fairy-land in pinks and whites, the dining room was like sunshine itself in yellow and cream, with autumn leaves festooned over curtains and pictures. The tea table, with its embroidered center-piece and brass basket holding great branches of yellow chrysanthemums was most attractive. The gracious hospitality of the ladies who served made the dining room an enjoyable spot. The living room was graced with the reds, bronzes, green trailing vines and another group of beautiful pink and white flowers.

While Mrs. Elliott's success with

flowers is known to all her acquaintances, no one was prepared for the visions of beauty that met the eye on entering her home last Wednesday. Many visitors had seen chrysanthemum exhibits in the cities of the north, south, and east as well as California, and it was these who were most impressed by the perfection of this collection.

The cordial welcome at the hostess, the large number present, the liberal patronage and warm appreciation of the visitors contributed toward making this occasion one of much pleasure to all and long to be remembered.—By A GUEST.

Vice-President Sherman Dead.

Wednesday night at 9:45, James S. Sherman, vice president of the United States, died at his home in Utica, N. Y. He had been unable to attend to the duties of his office for some months. He was elected to this high office in 1908 as a running mate with Wm. Taft. For a time the country will be without a vice-president, but as his office is not an active one, only when Congress is in session, being the chairman of the Senate, the place is not likely to be filled for some days. The order of "succession" is as follows: In case of the death of the vice-president, the secretary of state shall act and then in the following order—secretary of war, attorney general, post-master general, secretary of navy, secretary of interior. P. C. Knox is the present secretary of state.

Cliett's Grocery wants your Turkeys and Produce. See us before you sell. It

Enrollment in Public Schools.

The table below gives in detail the actual attendance of pupils now in the Hereford public schools. This report is for the week ending Oct. 25:

PRIMARY SCHOOL.			
	Boys	Girls	Total
Low 1st grade	19	16	35
H 1st, L 2nd	15	17	32
2nd grade	24	23	47
3rd grade	25	24	49
Total	83	80	163
GRAMMAR SCHOOL.			
4th grade	18	29	47
5th grade	24	26	50
6th grade	21	26	47
7th grade	20	14	34
Total	83	95	178
HIGH SCHOOL.			
8th grade	23	16	39
9th grade	17	18	35
10th grade	11	19	30
11th grade	3	12	15
Total	54	65	119

A few things in this report are worthy of notice. The average number of pupils to the teacher in the primary department is 41; in the grammar school, 45; in the high school, 30. The number of boys exceed the number of girls in the primary school by only 3; there are 12 more girls than boys in the grammar school; while the girls outnumber the boys in the high school by 11.

In the three highest grades the girls outnumber the boys and the difference is greater as they approach graduation. In nearly every high school in the state there are more girls than boys in the high grades and graduating class; the ratio being not less than five to one. The Hereford school the difference has been greater. This simply means, in its last analysis, that the girls are being better educated than the boys, that a majority of the boys leave school before they finish the common high school studies, and that the women of the country are forging ahead of the men in intellectual attainments and will be supplanting the men in the various avocations and vocations; in fact, that very thing has been occurring for several years and more women each year are taking the places of the men.

For the week of this report, there were in actual attendance 460 pupils, 220 boys and 240 girls. In all of the grades up to the 10th and 11th, the boys and girls number about the same, but in these two grades the girls outnumber the boys by 17, there being 14 boys and 31 girls in the two classes. Where are the 17 boys? Not in school; some are at work, others are not. Why are these 17 boys not in school? Are they fully equipped for life? Do they not need the same education as their sisters? Who is to blame for this disparaging report? The teachers? No. The parents? No. It is the natural outcome of the system. Who can correct this system? The teachers and the patrons, and they only.

There's lots of coal stored in Hereford, 9 cars on the track and 30 more in transit. Come to Hereford. E. W. Harrison. It

Grand Jury Excused.

After two days' session of the grand jury, Judge Hill excused the members until next Monday week, when that body will again convene to close up their business. They have found little to do this time.

Farm Demonstration Work in Texas

Fort Worth, Texas, Oct. 17.—Over \$125,000 will be expended in Texas this year in farm demonstration work. The Federal Government has appropriated \$60,000 of this amount and the balance has been set aside by the different Commissioners' Courts in this state. Texas has 116 demonstration agents in 116 different counties, 57 of whom are located in west Texas and 59 in the eastern section of the state, and according to reports, there are 11,600 farmers co-operating with them in this work. Farm demonstration work as it is termed, consists of showing the farmer how to plant, care for, and harvest his crops. This is accomplished by inducing the farmer to set aside a certain area of land and follow government methods of planting, thereby increasing the yields of the crops. The principal methods advocated by the demonstration agents are wide planting and careful selection of seed and in every case where these rules have been followed, the production has increased practically 35 per cent. For instance, in Fayette county, the farmers following scientific methods of planting under government supervision, harvested this season over 600,000 pounds of cow peas which were planted between the corn rows. This vegetable was raised with very little trouble and

brought the growers 3½ cents per pound. In Lavaca county, under adverse conditions, but following government instructions, the production of cotton was increased from 590 pounds to 1,110 pounds per acre. Similar results have been obtained in every county in Texas where scientific methods of farming, as advocated by the demonstration agents, have been employed and it is assured that the appropriation to continue this important work will be substantially increased next year.

Remember Coal is strictly Cash on delivery. Hughes Grain Co. It

Teachers Institute at Dimmitt.

Beginning next Monday, November 4th, the teachers of Castro county will hold their regular annual institute at Dimmitt. A comprehensive program has been arranged. The subjects to be discussed are of such a nature as to be of interest both to the teacher and patron. On Thursday afternoon the time will be given over to a general program. Miss Griffith and the other Dimmitt teachers are making every preparation to make the institute a success. Two sessions per day will be held. (Note—The complete program was received too late at this office for publication.)

Good Blood Means Good Health.

A clear healthy skin, full of life and color, reflecting perfect health and energy has long been known to be a business and social asset. If you are not the fortunate possessor of all the above—if you are suffering from skin eruptions of any description, it means that the blood is weak.

Pure blood, rich red in color and circulating freely, is the essential factor in the possession of perfect health.

When it becomes impoverished—thin and watery—it cannot supply proper nourishment and the body tissues become diseased.

This condition is ever ready to manifest itself and should be checked and treatment started with the first appearance of blood disorder.

In our estimation Nyal's Hot Springs Blood Remedy is the one best treatment. It gets at the root of the trouble, cleanses the blood of impurities, increases the circulation, produces blood that is rich in nourishment, blood that builds up broken-down tissues.

It will not be long before you notice a decided improvement—you will feel the blood coursing through your veins, your appetite increases, the food will be absorbed in the proper manner and the skin will become clear and healthy.

You will never regret having used Nyal's Hot Springs Blood Remedy—it will put you on your feet.

We expect to be here in business a good many years. The only way we can do it is by treating everybody right. That's our policy.

E. T. WOODBURN & SON
