

The Hereford Brand

VOLUME 12

HEREFORD, TEXAS, FRIDAY, AUGUST 16, 1912

NUMBER 28

MAYOR'S LETTER BRINGS REPLIES

Citizens Express Their Opinions and Desires—Some Think Expenses Can Be Cut Down.

In a sort of symposium of the condition of the city with reference to the Mayor's letter in The Brand of last week, a number of tax payers have been asked to express themselves and the following are quoted in brief. There seems to be no disposition to criticize the Commission in an unfair way nor to withhold praise where praise is due, but all realize that the city is in great financial straits and that some steps should be taken to relieve the situation.

SUGGESTS ONE WAY.

I believe one good, active man can do all the work for the city—run the pump, keep the books, assess and collect the taxes. There is no necessity for a marshal as we have a sheriff, deputy sheriff and constable, who are certainly able to keep the peace. I do not think it advisable to change the present fire equipment.

R. E. COOK.

WOULD KEEP WAGON.

One man could easily do all the work such as assessing and collecting taxes, running the pump station, and keeping the city's books, and, if necessary, pay him a little more salary. I think we had better leave the fire fighting as it is. The man may stay there for six months and we not need his services one time, but then a fire at night would cause a loss of ten times his salary and the equipment.

F. H. BRITAIN.

WANTS FIRE DEPARTMENT.

I would like mighty well to keep the present fire fighting equipment. If there is anything we need it is protection against fire. The satisfied feeling of protection is worth a great deal to the peace and quiet of the property owners.

GEO. A. STAMBAUGH.

FAVORS USING TEAM ON STREETS.

Individually, I have never been satisfied with the manner in which the fire station man spent his time. His time should have been utilized on the street with his team. This would have saved the city considerably in the past three years. As most of the fires are at night, the team could be used to a good advantage in hauling gravel and working the streets in the day time.

E. B. BLACK.

FAVORS MAYOR'S SUGGESTION.

There are a great many city improvements that I would like to see made, but our present financial condition prevents, and I do not see how the expenses of the city can be cut down except in the fire department. From our mayor's explanation as published in The Brand it appears that an economy can be effected in the fire department without crippling its efficiency. I heartily favor the mayor's suggestions.

G. A. F. PARKER.

THINKS DOING WELL.

I do not believe we can improve the present arrangement in the fire department. The city is being run with as little expense as any other town of its size. No town can be operated without some expense and as soon as the present financial stringency is over, we will have

plenty of tax money to keep up all departments.

F. H. OBERTHNER.

SHOULD KEEP WAGON AND TEAM.

I don't think there should be any change in the fire equipment for the worse. The Commission should not sell the wagon and team.

W. H. RAY.

TROUBLES OF HIS OWN.

I have troubles of my own and I will just leave it up to the city dads to run that.

ED. JOHNSON.

SHOULD ENCOURAGE FIRE BOYS.

I am in favor of keeping the present equipment and believe the boys should be encouraged in every possible way to increase its efficiency.

HOMER WILKINSON.

HAS PAID FOR ITSELF.

I don't hold to the mayor's views on the fire department. If there is anything at all that is worth anything to the city is that fire department. It is true that a good many tax payers are not in reach of the hose, but the department has already paid for itself a time or two. Just because we have had no fires that is no reason we will not have one.

E. T. WOODBURN.

Weeds and More Weeds.

Many good folks in Hereford are not dulling their hoed cutting weeds. The efforts of the Mayor and the Civic League have brought some results, but at present, Hereford will be last in the list of towns in the Holland Clean Town Contest; in fact, the inspector, who cometh when no man knoweth, would pass Hereford up as a joke in the Contest. It's a pity. But there's no use to grumble. Perhaps the local efforts will bring results. The ladies are to be commended for every effort made.

New Pump Arrives.

W. D. Keliher received this week for the Green Valley Ranch the much-talked-of Roth pump. This is a new kind of rotary pump somewhat different from the ordinary centrifugal pump, the shaft having rotors fixed at distances of ten feet apart. In addition to the rotors, the casing contains an equal number of "guides" which serve the purpose of supporting the rotating water. The pump will be installed as soon as the engineer of the manufacturing company arrives.

Victor-Wolfe Nuptials.

Friends in Hereford will be pleased to learn of the marriage of Miss Dee Wolfe to Mr. Vain Victor, both of Carter, N. M. The happy event occurred on August 3rd. It will be remembered that Miss Jessie Wolfe and Mr. Nelson Victor were married in Hereford some three years ago and now another brother marries into the same family.

Prizes to be Awarded Saturday.

The Civic League will award the various prizes in the Clean Town Contest next Saturday afternoon at 5 o'clock in front of Wilkinson's store. The prizes to be given have been on exhibition in his show window for a week and have attracted a good deal of attention. This effort on the part of the members of the League to secure a general "clean up" of the town is to be commended and as a result many property owners and home owners have been fighting weeds in a heroic manner.

Get a Deaf Smith County Map. Up-to-date, only \$1.50. H. G. Hays, Co. Surveyor, Hereford. 211f

YOU'LL LOVE HEREFORD!

HEREFORD COUNTRY FOR IRRIGATION

"Best Place on Earth for Irrigation By Pumping," Says Experienced Colorado Farmer and Feeder.

While in conversation with E. W. Morgan, now of Deaf Smith county, but recently from Larimer county, Colorado, the news-faker for The Brand developed a real case of wonder and surprise that so many Hereford people were still waiting for something to turn up and that they have allowed strangers to discover the source of the greatest revenue for years lying idle under their feet. It is water—just plain, pure water and enough under each section to irrigate it for a thousand years and more. Mr. Morgan says—"You people," (that means the Hereford folks), "don't know what you've got here. I have been a farmer and feeder in Colorado for over 20 years and I consider the irrigation by pumps in this section far better than the gravity ditches of Colorado. With an endless, inexhaustible supply—the great underflow—your irrigation is more dependable than the reservoirs. With a well of 1,350 gallons capacity, sufficient for 320 acres, you can have water any time of the year, not being compelled to wait on the rains and snows to fill your reservoirs."

In this connection, the remarks of David Warnick, who was here on a visit to Mr. Morgan the other day, would be worth considering. He and others were looking at the water in the ditches on the Morgan-Clammer farm near Hereford and was asked to state how much he thought the ditch was carrying. "I own for my farm in Colorado a water-right for 320 acres and there is more water coming down this ditch than I use on my 320 acre." Mr. Warnick was formerly from Illinois, but has been a successful farmer and feeder in Colorado for 12 years. He was here with a view of locating and may yet become one of our citizens. Another thing which Mr. Warnick observed while here was the sugar beets on the McDonald Farms. On examining the beets he remarked—"This is a perfect sugar beet." Now, he grows beets and knows beets; hence what he said must be given weight.

While Mr. Morgan knows that we have the finest water in the world, he does not fail to see the advantage the Hereford country has in the soil. "The soil here," he said, "is equally as good and in some respects better than the Colorado soil. The smooth, level surface and freedom from rocks and rough places makes it desirable and saves a lot in preparing the surface for irrigation. The soil itself is well adapted to irrigation."

"While Colorado beats the world raising Irish potatoes," he said, "Hereford can beat Colorado in growing sweet potatoes. And then this country can grow kaffir, maize, millet, Indian corn, none of which can be raised in Colorado; while the big yields of alfalfa, wheat and beets in that state can be duplicated every year in the Hereford country by proper irrigation." "I have the greatest faith in the future of this country," he concluded. "Your average rainfall will save a lot of expense in pumping, often as much as one half, and the farmer who in-

dures big annual yields of all kinds of crops with a big pump will be the independent fellow in this country."

Mr. Morgan mentioned another subject, that of feeding, which will be given next week. Watch for the article as he gives some mighty fine talk on this subject.

Commence Work Out of Texico.

Clovis, Aug. 8.—Forty teams of mules and dump wagons passed through Clovis Sunday enroute to Texico, where they started work on the Lubbock-Clovis Road which is now being pushed to completion.

There are twelve grading outfits at work along the line and it is authentically reported that ere thirty days passes the road will be ready for the steel.

The road will be completed on into Clovis as soon as the track is laid into Texico, and when completed, will give Clovis a gulf connection that will put us on the map, indeed.

Miss Maude Kirkman Dies.

One of the saddest deaths to occur in this community for some time was recorded in the sudden demise of Miss Maude Kirkman, age 36 years, recently from Centralia, Missouri, a sister of Mrs. G. W. Smith. She had not been in good health for some time and came to Hereford on Friday, August 2, hoping that a change of climate might relieve the trouble if not entirely effect a cure, but all for no purpose. A severe attack of the malady on Friday, August 9, just one week after her arrival at her sister's home, was too much for her frailty.

Buy More Exchanges.

Local Manager R. W. Lovelace informs The Brand that the Southwestern Telegraph and Telephone Company has purchased the exchanges at Canyon, Tulla, Plainview, Lockney, Floydada, and the toll lines from Amarillo to Hereford and from Amarillo to Lubbock. This is considered a big deal in telephone circles and means an improved service for all the people in a wide section of territory. Each one of the exchanges will be put in an up-to-date condition and the toll lines made first-class in every respect. The Southwestern has demonstrated what its service means and its efforts to cover all the state and in fact most of the United States will increase the service.

Goats as Weed Killers.

Perhaps if the weeds persist in growing where they are not wanted, how would it do for the city to purchase a good size herd of goats of the angora strain. They would have plenty of range as the weeds seem to be quite prolific. It would assist those who possess to a degree a disinclination to harvest their own weeds. And then after the weeds had been destroyed, the aforesaid abutting animals could begin on the tin cans and baling wire.

Machine Shop.

One of the best equipped shops for all general work will be found right here in Hereford. The Hereford Garage and Machine Works is installing a complete machine shop in the Hawkins building near the garage. Pete Skidmore is overseeing the installation. The outfit consists of a heavily built 24 in. lathe, drill press, 12 in. shaper, emery stand, and air compression. A modern gas welding machine may be bought for the shop.

Come to see us in our new store. H. C. Myrick,

TENNIS LOVERS AT AMARILLO

Hereford Team Win Over Their Old Rivals the Clovis Team But Lose Other Events.

Messrs. Woodburn, Dameron, Russell and Stanberry were the Hereford Lawn-Tennis enthusiasts who attended All-Panhandle Tennis tournament at Amarillo last Friday and Saturday. Messrs. Woodburn and Dameron playing in doubles and Mr. Russell in singles.

The doubles began Saturday morning at nine o'clock, the initial event being between Harris and Jones of Amarillo and Hoover and Martin of Canadian. The score resulting as follows: 1-6, 6-2, 3-6, 6-8. Woodburn and Dameron of Hereford drew their old rivals, Hull and Stonehill of Clovis. The Hereford boys wiping out the drubbing that Hull & Stonehill gave them some time ago on the local courts here by a score of 8-6, 6-3, 6-4. The most interesting event of the day was the deciding round in the afternoon between Woodburn and Dameron of Hereford and Hoover and Martin of Canadian. The play starting out by the Canadian team taking the first two sets 8-6, 6-1. Then the Hereford boys got in the play and won the next two sets 6-1, 6-4. In the final set Woodburn and Dameron won three straight games before the Canadian gentlemen realized that at that rate they would lose the championship of the All-Panhandle tournament. It was then nip and tuck until Canadian finally won by score of 9-7.

The first of the singles was played Friday afternoon, Stonehill of Clovis winning over Shaver of Claude by the score of 6-3, 6-3, 6-3. Saturday morning in the singles, Woodburn defaulted to Russell; Gum won from Dameron, 6-4, 6-2; Gum won from Russell, 6-3, 6-2; Hoover won from Stonehill, 6-4, 6-1; Gum forfeited to Hoover. Thus Canadian carried off the honors in the singles as well as doubles.

The final match between Gum of Sayre, Okla., and Hoover of Canadian was easily the most interesting event of the singles and was marked by many spectacular plays.

If the plans of the local tennis players do not go amiss they hope to have a meet in Hereford along the first of September at which most of the strong Panhandle teams will probably be present.

A Day in the Country.

A very delightful time was had yesterday, Thursday, by a circle of friends of Mr. and Mrs. B. K. Nutter at their country home 6 miles south-east of town. The invitation was "Come and stay all day." Pleasant conversation as only ladies of congenial natures can know, made the day one of pleasure and to this was added a most bounteous and appetizing noonday meal. The table was tastefully laid in a full set of 12 pieces of crochet, in the center piece being placed a bowl of pink sweet peas. Those who enjoyed this homelike hospitality were: Mesdames A. W. Gregg, T. E. Shirley, T. G. Nance, A. C. Elliott, Jas. Nutter, Curtis, Kathrine McNeerney, Charles McNeerney, H. G. Hayes.

Cut down the cost of living by using a Gurney Patent Refrigerator. They keep your provisions from spoiling. For sale by E. B. Black Co. 151f

TEACHERS' INSTITUTE

The Counties of Randall, Parmer and Deaf Smith Will Unite in a County Teachers' Institute to be Held in the West Texas State Normal College, Canyon, Texas, Sept. 2nd to 6th Inclusive.

PROGRAM:

Monday, Sept. 2, 10 a. m.
Invocation—Rev. Holmes Nichols.
Song by the institute.
Address of Welcome—W. J. Flesher.

Response—T. Guy Rogers.
Solo—Mrs. Roach.
Organization and enrollment.

ENGLISH SECTION.

Afternoon Session, 2:00-3:30.
1. Composition, Oral and Written, Primary Grades:

a. Sources of Material—Miss Sue Garretson.
b. Methods of Developing the Material—Miss Frances Turrentine.
c. A Concrete Lesson—Miss Mary Lamb.

Afternoon Session, Tuesday, 2:00-3:30

2. Composition in the Grammar Grades:

a. Sources of Material—Miss Sue Montgomery.
b. Methods of Developing the Material—Miss Frances Dameron.
c. Concrete Lesson—Miss Cora Shippe.

Wednesday, 2:00-3:30 p. m.

3. Composition in the High School:

a. A Concrete Lesson is Description—Miss Jennie Ritchie.
b. A Concrete Lesson in Narration—H. W. Morelock.
c. Chief Purposes and Values of Composition—T. Guy Rogers.

GEOGRAPHY SECTION.

Monday, 3:30-5:00 p. m.

a. General Aim and Character of Geography Teaching—Thos. J. Yoe.

b. Selection of Materials—Miss Clara Berry.

c. Home Excursions—Miss Ann's Price.

Tuesday, 3:30-5:00 p. m.

Development of Type Lessons:

a. Trade Centers.

1. Minneapolis and St. Paul—F. P. Guenther.

2. Comparison of Two River Systems, the Hudson and Rhine—Mrs. M. A. Lock.

Study of Deserts The Great American Desert—L. Fertsch.

Wednesday, 3:30-5:00 p. m.

Correlation of Geography:

a. Language and Composition—Miss Mary Barton.

b. History—Miss Avis Baird.

c. Nature Study—Miss Maude McLean.

HISTORY SECTION.

Thursday, 2:00-5:00 p. m.

1. Some Fundamentals in the Teaching and Study of History.

a. The Nature of History—J. A. Hill.

b. The Educational Value of History—D. A. Shirley.

c. The Teacher of History—Mrs. J. M. Shinn.

2. Materials and Methods in History Teaching.

a. In the Primary Grades—Mrs. T. J. Yoe.

b. In the Intermediate Grades—Miss Clara Edwards.

c. In the High School—Miss Christine Schott.

Friday, 2:00-3:00 p. m.

3. Practical Application of Theories:

a. In the Primary Grades—Miss Virgie Thompson.

b. In the Intermediate Grades—Miss Margaret Williams.

c. In the High School—R. N. Hicks.

Friday, 3:30-5:00 p. m.

Trustees Round Table, general theme for discussion, "Rural School Architecture," illustrated by lantern slides loaned by the University of Texas—Pres. R. B. Cousins.

The morning sessions will be devoted to a study of the text recommended by the Department of Education, "School-room Essentials," published by C. A. Bryant & Co., Dallas, Texas, Texas. Supt. Ben Short, of Hereford, will have entire charge of this section.

Tuesday Morning.

9:00-10:00. Chapter I—Miss Callie Shannon.

10:00-11:00. Chapters II-III—Miss Minnie Connor.

11:00-12:00. Chapter IV—Mrs. W. Tidwell Smith.

Wednesday Morning.

9:00-10:00. Chapters V-VI—Miss Pearl Dean.

10:00-11:00. Chapters VII-VIII—Miss Lizzie Evans.

11:00-12:00. Chapters IX-X—L. C. Crowley.

Thursday Morning.

9:00-10:00. Chapters XI-XII—Miss Mary Dale.

10:00-11:00. Chapters XIII-XIV—R. L. Alexander.

11:00-12:00. Chapters XV-XVI—Miss Annie B. Skaggs.

Friday Morning.

9:00-9:30. Chapter XVII—Miss Inez Worth.

9:30-10:00. Chapter XVIII—Miss Ella Farrar.

10:00-10:30. Chapter XIX—Mr. William Younger.

10:30-11:00. Chapter XX—Miss Meda Woodburn.

11:00-11:30. Chapter XXI—Miss Elsie Goodwine.

11:30-12:00. Chapter XXII—Miss Lurline Boon.

Tuesday, 8:30 p. m. Educational Address—Pres. R. B. Cousins.

Wednesday, 8:30 p. m. A Hiawath Evening, illustrated—H. W. Morelock.

Thursday, 8:30 p. m. Napoleon's Career, illustrated—J. A. Hill.

Board may be secured for \$1.00 per day. Write T. J. Yoe, Canyon, Texas. The trustees of the counties are most cordially invited to attend any or all of the sessions, but most especially the Round Table discussion on "Rural School Architecture" Friday afternoon. The local citizenship are urged to be present and add to the welcome of the visiting teachers.

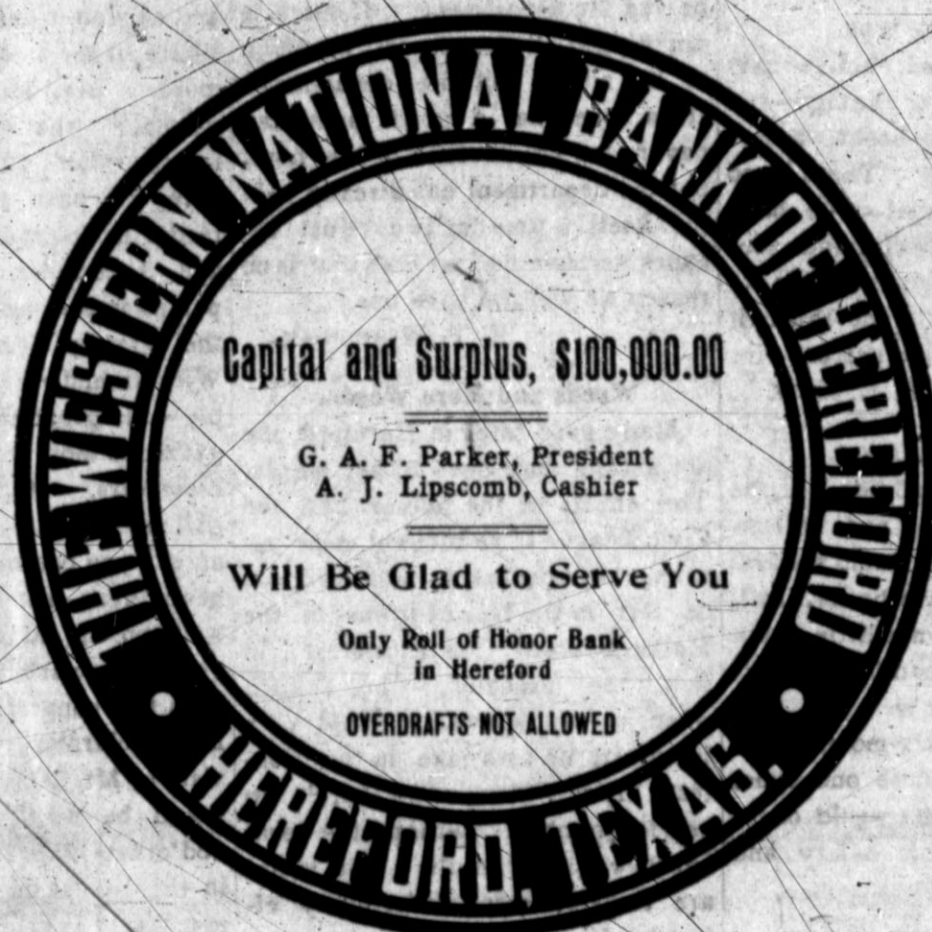

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing housework all day, and crawling into bed dead tired at night. You must get out into the open air and sunlight. If you do this every day and keep your stomach and bowels in good order by taking Chamberlain's Tablets when needed, you should become both healthy and beautiful. For sale by all dealers.

SCHOOL!

will begin soon. Are you ready? Have you that new Dress or Shoes and Hosiery? We have in a new line of High Top Shoes for girls and boys, and a new line of Gingham. New Fall goods are coming each week. It's a pleasure to show our goods.

Hurley Items.

August 12, 1912.—Grass is green and the cattle are getting fat since the fine rains of last week.

Sunday school Sunday as usual. Rev. Brown of Clovis delivered an interesting sermon Sunday to an attentive audience.

Eugene Younker of Nebraska was in the community this week and while here closed the sale of his land near the new townsite of Hurley at a handsome profit.

Mrs. Mamie Anderson, wife of Doc Anderson, one of the contractors doing grade work on the Santa Fe, has been quite sick for the past ten days and was carried to Farwell Friday for medical attention.

Jas. Frye of Texico was in Hurley Thursday of last week.

Mrs. Cox visited her parents, Mr. and Mrs. Kerhavel, of Spring Lake, Friday of last week.

Claud C. Hays, prominent promoter of Texico, was in our midst Saturday of last week.

L. R. Cox, the hustling land man, made a business trip to Dimmitt Friday.

James Johnson and wife of Dorchester, Nebr., are visiting their sons, Harry and Clyde. They expect to remain in the community for a month or more.

Rev. W. A. Hensel of Spring Lake passed through Hurley Saturday on his way to the West End school house where he filled his regular appointment.

L. R. Cox and family moved to Friona Monday to which place they go for the benefit of the school. They expect to return in the spring

and build on their land near New Hurley. He will also maintain an office at Hurley, with telephone connections.

Jim Robinson, Jr., Simmeon O'Neal and Frank Higgins of Lubbock were prospecting in Hurley Saturday.

Mr. Catto, one of Hale county's prosperous stock farmers, was in Hurley Sunday on his return from a prospecting trip through a tier of southern counties, but said none of them looked as good as the Hurley country.

Mr. Kirchovel of Spring Lake is assisting the Cox family in moving to Friona. Hurley Hustler.

Stands Ahead.

There is something about Hunt's Lightning Oil that no other Liniment possesses. Others may be good, but it is surely the best. It does all you recommend it for, and more. For Sprains it has no equal on earth. It stands head on my medicine shelf.

Very truly yours

T. J. BROWNLOW,

Livingston, Tenn.

25 and 50c bottles. 26-5t

Conventions Called.

County Chairman J. M. Boone has received notice that the convention for the 123rd Representative District has been called to meet at Canyon, August 24th, at 1 p. m., and the convention for the 7th Supreme Judicial District at Amarillo, August 24th, at 10 p. m. All delegates please take notice.

Come to see us in our new store. H. C. Myrick.

Black Dots.

There will be an all day service at Black school house next Sunday with dinner on the ground. All invited.

Mrs. J. C. Baker and daughter, Ruth, are spending a week at J. A. McIntosh's north of Hereford.

S. B. Baker is spending a few days this week with his brother, Roy Baker.

Ralph Ogg and lady friend of Friona spent Sunday evening with S. S. Beaver and family.

Geo. Hitz made a business trip to Hereford Saturday.

Mr. and Mrs. A. O. Drake spent Sunday evening with J. C. Baker.

Our new depot is being rapidly constructed and promises to be a big improvement for our city. T. H. Bush is overseeing the work.

Revival meetings will begin at Black school house Wednesday evening, Aug. 14. Rev. McDonald of Bovina will conduct the meetings.

The Hitz well was completed Saturday and at the first test pumped about 40 gallons per minute. He has a tract of land under sub-irrigation which promises to be quite a success when completed.

F. G. Avery made a business trip to Bovina Saturday.

Mrs. G. T. Yarbrough, who has been sick for the past week, is able to be up again.

Lewis Baker is spending several days this week with his brother, Roy, at the McIntosh ranch.

(Editor's request—Please write on the front side of the paper only as type setters never turn anything over or turn anything up.)

A Watermelon Story.

Mrs. Squires of Weatherford, Texas, loyal to her county, was narrating some stories about the big melons of Parker county, but some of her friends being all the way from Missouri, demanded proof, so the Brand republishes a clipping from a Weatherford paper in order to establish the facts of her watermelon story:

"The Herald editor, in company with Messrs. T. R. Erwin, Luther and Preston Martin, made an auto trip out into the country Wednesday afternoon to the watermelon field of Wiley Messer, on the Scott place, about five miles south of town, and was astonished at the number and size of the melons he saw. Mr. Messer has about nine acres in watermelons and cantaloupes, of which two are in Triumph variety and contains about fourteen hundred melons, one hundred or more of which will weigh in the neighborhood of one hundred pounds each. The party visiting the melon patch es-

ayed to bring two of the larger ones to town and as it was impossible to get the auto into the field, undertook to carry them to the car. It required two men to each melon to get them out of the field to the car, one weighing ninety-nine and the other ninety-three pounds."

This should settle the whole matter as a newspaper man wrote-up the melon patch after yanking two hundred-pounders from the patch and gorging himself with the red, juicy contents thereof. Mrs. Squires is a daughter of our friend, E. T. Woodburn, Esquire, and he asks that this clipping be printed in order to show what old Parker can do as well as the Panhandle and presumably how editors behave in that neck of the woods.

Mr. and Mrs. R. B. Vickers and children of Cleburne arrived Tuesday night to spend the rest of the summer in Hereford at the home of Mr. and Mrs. E. B. Black. Mesdames Vickers and Black are sisters.

Candidates' Expenses.

O. B. COLQUITT.

Austin, Texas.—The total personal expenses of Gov. Colquitt in his campaign leading up to the primary of Saturday were \$408.35, according to the sworn statement by the Governor transmitted today to the County Judge of Kaufman county—the Governor's domicile being Terrell.

On April 25, going to Sherman to open his campaign, the Governor bought the first 1,000 book of transportation. Seven more 1,000-mile books were purchased during the campaign, and there is a deduction from the \$200 thus expended for railroad transportation of \$7.65 unused at the end of the campaign, the thousand-mile books costing \$25 each.

The Governor accounts for the moderateness of his personal expense by the fact that his hotel bills over practically the entire itinerary were paid by friends, and his principal minor items of expense were meals on trains, sleeping car tickets and transfer charges.

MORRIS SHEPPARD.

Texarkana, Tex.—Hon. Morris Sheppard has filed with the County Judge of Bowie county a statement of his expenses during his campaign for the United States Senate. The total accounted for was \$4,425.92. The statement itemizes the expenditures and includes a detailed statement. The sum of \$350 was spent for campaign buttons; \$1,157.79 was spent for clerical assistance in the distribution of circulars, etc.; \$585.05 was expended on traveling and hotel bills; stationery, postage, printing, including express cost, \$1,639.15; fees for name on ballot \$216; \$237.65 was expended for advertising and office expense amounting to \$120.39. Other minor expenditures are enumerated.

JAKE WOLTERS.

Houston, Tex.—Hon. J. F. Wolters has filed his expense account in the race for Senator in Harris county, pursuant to law, and it shows he spent \$15,340.53 in a fruitless effort to land the nomination.

Severe Rheumatism.

Grove Hill, Ala.; Hunt's Lightning Oil cured my wife of a severe case of Rheumatism and my friend of toothache. I surely believe it is good for all you claim for it.—A. R. Stringer, 25 and 50c a bottle. All Dealers. 26-5t

Christian Endeavor Program.

Subject—Christian Tact, John 4: 1-30.

Prayer—By President.
Talk, Tact a Study—Roy Feemster.

Music—Roberta Nance.
Paper, Christ's Example—Madalene Barnett.

Business:
Mixpah.
Leader—Waldine Wilson.

Sunday School Picnic.

The good people of the Paddock neighborhood enjoyed a day of rest and pleasure last Thursday, when they repaired to the shade of Tierra Blanca with well filled baskets and several freezers of ice cream and stands of cakes. They found, however, the weather too cool on the creek, so the crowd returned to the school house where the appetizing spread was disposed of in proper manner. After dinner the boys had a game of ball and the children, old and young, passed the time pleasantly. H. G. Hayes and family and Mrs. James Nutter from Hereford were guests of the occasion.

No Calomel Necessary.

The injurious effect and unpleasantness of taking Calomel is done away with by Simmon's Liver Purifier, the mildest known liver medicine, yet the most thorough in action. Put up in yellow tin boxes only. Price 25c. Tried once, used always. 26-5t

TEXAS NEEDS GREAT MEN.

XXXIX. FACTIONS

JULIUS CAESAR, Crassus and Pompey formed a triumvirate which ruled Rome and reaped a rich harvest off Roman civilization. It was the most powerful political faction known in human history. It destroyed the confidence of the people in the government and hastened the downfall of Rome, which resulted in plunging the world into the dark ages. Factions are always formed to reap, they never sow, and while dis-bursing one class of property among all others, they levy a heavy tribute for their labors. A pooling of political power is the most dangerous trust that was ever formed in ancient or modern civilization.

THE ROMAN TRIUMVIRATE.

Let that country that would travel the trunk lines of progress beware of factions that chase each other, dagger in hand, across the political arena, avoid the bitter clash of classes that cause fear and consternation to roll over the land like a flood, and put out the smoldering fires of discord before they burst into flaming revolution and the iron moan of a decayed nation fills the land. Texas Needs Great Men.

Entertains Sunday School Class.

A very pleasant afternoon from 4 to 6 Tuesday was spent by the members of Sunday School Class No. 6 of the First Christian church at the home of their teacher, Mrs. A. C. Elliott on 25-Mile Avenue. The time was spent in games and contests and in a caricature drawing, which proved both interesting and amusing. Each young lady was requested to "draw" her partner and to write in verse some descriptive characterization. The results surprised even the members of the class as many of the "pictures" were easily recognizable and some of the "verses" were "real cute." (The society reporter caught this expression on the fly as she went by). One verse ran thus:

She seems to be in a very good position,
But just think of her awful disposition.

Another partook more of a truthful jest:

Little drops of powder,
Little dabs of paint,
Makes her look like
Just what she aint.

After the games and contest, refreshments of peach sherbet and cake were served. Then all repaired to the lawn where a "hunt" for a watermelon sharpened their appetites for a feast on the juicy favorite. Members of the class present were Misses Mamie Feemster, Hattie and Alice Fullerton, Allene Robinson, Anna Garrison, N'Anna Elliott, Mabel Stevens. Their guests were, Misses Bessie Snyder, Louise Oberthier, Verdie Buckner and Claudia

Ward. A very welcome guest was Miss Beulah Wright, who had been a teacher of most of the members of the class in the past. All departed feeling that the hours had been happily spent.

Come to see us in our new store. H. C. Myrick.

Family Reunion.

Mrs. W. H. Rayzor and family have been enjoying a family reunion at her home on 25-Mile Ave., this week, the first time the members of her father's family have been together in 12 years. Those present and visiting were: Mrs. Rayzor's father, Mr. R. A. Jarvis of Hansford, Texas; a brother, Mr. O. Jarvis of Hammon, Okla.; two sisters, Mrs. Harry Will and Miss Nellie Jarvis both of Weatherford, Okla.; a sister, Mrs. Obera Gay and children of Altha, Texas, and Mr. Ollie Gay, a cousin from Hurley, Texas.

Saved Him.

"It didn't kill me, but I think it would if it had not been for Hunt's Cure. I was tired, miserable and well-nigh used up when I commenced using it for an old and severe case of Eczema. One application relieved and one box cured me. I believe Hunt's Cure will cure any form of itching known to mankind."

CLIFTON LAWRENCE,
26-5t Helena, O. T.

Mr. Berry of Kansas, who is visiting a son at Clovis, was here Tuesday in his car and renewed the acquaintance of J. T. Wilkinson whom he met in California.

Stops the Hair From Falling Out

Dandruff is not only disagreeable, aggravating and embarrassing—it is dangerous—it means scalp disease and loss of hair.

You may have but little dandruff at the present time, but if neglected it will increase in quantity, close up the pores of the scalp and rob the roots of the hair of the proper nourishment—the moisture and heat of the scalp will soon change a loose and fluffy dandruff into an almost solid mass—it gets sticky and forms in layers.

Nyal's Hair Tonic Will Soon Relieve This Condition

—loosens up the dandruff and prevent the bacterial action. It supplies proper nourishment to the scalp and hair—stimulates its growth and gradually darkens gray hair.

Its continued use will result in a luxuriant growth of hair.

Besides good goods you get good treatment at our store. Always glad to have people come in and look around, whether they want to buy or not. We wait on you promptly, give you what you ask for but never tease anyone to buy anything.

A STRANGE MIXTURE.

It is said politics make strange bed-fellows, but it often occurs that those who thus bed together will kick each other out or will scrap over the cover. But the strangest mixture of "pisen" yet dosed up by the political doctors has been gulped down by the fever racked voters of Texas. It all happened thusly:

Some weeks before the primary election the executive committee of the German-Texas League put out a circular slating a state ticket for the members of the League, and it is supposed it was generally voted for by them. The ticket was: J. F. Wolters for Senator, Colquitt for Governor, Imboden for Lieutenant Governor, Edwards for Treasurer; Barker for Controller, Walthall for Atty. General, Kone for Farm Commissioner, Wortham for R. R. Commissioner, Dibrell and Phillips for Supreme Court Judges, Muse for Judge of Criminal Court. And the committee recommended these men because they knew that all of them were against prohibition and further advised an active campaign in their favor.

There is little doubt but that Jacob Wolters was the daddy of the slate and the voters of Texas were badly mixed, as the results will show. Wolters was defeated by about as much as Colquitt won, thus the head of the Anti movement in Texas ran some 65,000 votes behind the winning Anti Governor. Out of the eleven names on the Wolters ticket only four were elected, Colquitt, Edwards, Kone and Phillips. Mr. Colquitt won on the score of a second term for all Texas governors; Edwards won because the vote against him was divided between three strong candidates; Kone won over Singleton because Halbert drew from his strength; Phillips won because of the number of opposing candidates. Thus by a general free-for-all race with one strong avowed Anti in the field, all these Anti candidates got in, except the governor, who won a straight fight, and if the Pro's had had a man free from saloon entanglements and a first time candidate, they would have won a sweeping victory.

The defeat of Wolters is only an after-clap of his practical defeat in 1911 on the state-wide amendment. The figures were too close to be comfortable.

I'll meet you at the Corner Drug Store. 38tf

WILL JUDGE HALL DO IT?

It was reported during the campaign that Judge Hall said, on several occasions and to several different persons, that he would not "qualify" if all the members of the old court were not elected. The "old court" refers to the present incumbents of that office, Judges Graham, Pressler and Hall. Of course, after the turn of affairs and after the battle was over, with the wounded cared for and the dead "ditched," Judge Hall could feel impelled to remain on the Appellate Bench, even with such reprobates as Judges Huff and Hendricks. Will some one tell us what Judge will do as several of his friends at Hereford are very anxious about his future political career and scalp.

AS expected and in accordance with the primary election, Governor Colquitt was nominated for a second term as the Democratic candidate without opposition. This means, of course, that he will be elected as the opposition known as the Republican party, now hopelessly divided, and the political Prohibition party, which only pretends to be a party, can do but little more than make a noise at the November election.

It appears from the dispatches from the Santone Convention that the Colquitt following flattened out in true Chicago Style, having everything their own way as far as the election of the officers of the convention, the appointment of committees; but it seems that Mr. Colquitt in his efforts to keep his campaign promises to the prohibitions of the state ran a disc harrow and then followed that with a Campbell packer over the South Texas saloon supporters, when the 9:30 o'clock closing plank was reached by the convention. This is a decided victory for the anti-saloon crowd.

Rainfall For July.

The total rainfall during July as reported by Russell Carrol, who is now acting as observer, was 3.55 inches. For August up to date the precipitation has been 2.75 inches.

S. A. Gillis of Edmond, Okla., has been here for a week looking after his section of land east of town. He may put down an irrigation well and develop an alfalfa farm.

Mrs. Clarence Smith left Tuesday morning for a visit to relatives and friends at Trenton and other Missouri points. During Mrs. Smith's absence Ralph Smith, we are informed, will attend to the various household duties.

Mr. and Mrs. J. L. Lucas and sons, Durham and Victor, who have been spending the winter and summer at Long Beach, Cal., are here on a visit to Mr. Lucas' sisters, Mrs. J. W. Barnett and Mrs. Jessie Stilson. They will leave the first of the week for their home at Monmouth, Ill.

Hon. T. J. Mabry of Clovis, senator from that district to the New Mexico legislature, was in Hereford Thursday. Mr. Mabry is a prominent newspaper editor of his state and was a member of the constitutional convention. He made this office a pleasant call while in the city.

Texas Industrial Notes.

Sherman—The Young Men's Business League of this city is negotiating with a manufacturer of cotton goods to establish a factory in this locality. The enterprise will employ in the neighborhood of 500 persons and will operate 15,000 spindles.

Waxahachie—Track laying on the Dallas-Waxahachie Interurban line has about been completed at this end of the route and the crew is now laying ties in the city streets. Work will also start soon on the station

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O.

Take Hall's Family Pills for constipation.

and yards to be erected here.

Lufkin—Angelina county has shipped about thirty-five cars of peaches, potatoes and tomatoes so far this season, and prospects point to a bumper crop of cotton and small grain.

Farwell—Prospects are bright for the building of the Rock Island, Texas and Farwell railroad from this city southward. Officials of the line have been in Austin recently conferring with the railroad commissioners in regard to proposed plans and it is expected that actual construction work will start at once. The road will be about 190 miles long.

Brownwood—It is reported here that the Santa Fe system will build a \$500,000 terminal about eight miles from this city. A number of surveys have been made in this vicinity lately and it is now assured that a new division will be established and that the track facilities of the Santa Fe will be greatly increased. The present trackage will accommodate about 300 cars.

Austin—The Littlejohn Irrigation Company of Big Wells, Dimmitt county, has filed articles of incorporation with the state department. The company is capitalized at \$160,500 and will irrigate 3,210 acres of land in Dimmitt county.

Wichita Falls—A farmer near here, who is operating an irrigated farm, reports that his crop of onions will yield 16,000 pounds to the acre and that the vegetable is in fine condition. It is expected that sev-

eral hundred cars of onions will be shipped from here this season.

Washington, D. C.—The Department of Commerce and Labor has just issued its report showing the cotton production of the United States for 1911 by states. Texas produced 27.4 per cent of the crop of the United States in 1911 and 26.4 per cent in 1910. The Texas crop last year was 4,297,248 bales, an increase over the preceding year of 1,224,313 bales or 39.6 per cent.

The total production for the United States in 1911 was 16,250,276 bales, which is an increase over 1910 of 4,244,588 bales or 35.4 per cent.

Alpine—The Rio Grande Wax Company of Arizona has been granted a permit to do business in Texas with headquarters in this city; capital stock \$25,000. The company controls about 500,000 acres of land in Brewster and other counties in this vicinity. The land abounds in cadelilla plants which will be utilized as the raw material in manufacturing a superior quality of wax.

Albatross Flour Phone 81. 24tf

Miss Amelia Wilson left on the 3:38 train this afternoon to join her parents at Lorena where she will make her home. Miss Amelia has made many friends in Hereford who regret her departure and wish her a pleasant life in her new home.

The Brand will pay five cents a copy for five or six copies of its issue of August 9th, 1912. See if you have one. 1tdh

The wind did considerable damage to the barn shed belonging to D. W. Crawford during the recent storm, precipitating the shed on his family cow. The neighbors went to the cow's rescue and after some hard tugs succeeded in "raising" the barn under which the dumb brute had been pinioned.

A Brand Want Ad will help you sell that land. They are sure result getters. 1tdh

IRRIGATION AN ESTABLISHED FACT!

The United States Government, Private Corporations and Individuals are investing Millions of Dollars every year to develop Irrigation Plants. The farmers have learned that Irrigated Land brings the surest and greatest returns from their labor and means, and wherever water is available either from the streams, reservoirs or wells, the land is in demand even at fabulous prices.

A PUMPING PLANT

Is admitted by experts to be the cheapest and most satisfactory means of securing an adequate water supply. The water rights alone under the great irrigation projects of the United States cost from \$50 to \$85 per acre, and in many cases the land must be grubbed, leveled and ditched at heavy expense and much labor.

IN THE HEREFORD DISTRICT

Where the purest irrigation water is found at shallow depths, there are no stumps to dig and blast out, no rocks to haul off and the surface so smooth that little or no leveling is required. The ditches can be laid as straight as a light line. With an individual pumping plant the farmer can have all the water needed and whenever needed.

This section of the Panhandle was the first to discover the underground water supply and to develop an irrigation well. Two years ago the stream was tapped and since there has been slow but sure progress made, so that at the present day, the feasibility of irrigation by pumping plants has been changed to An Established Fact. With the wells already installed and under way, Hereford farmers will have available for this season 30 second-feet of water, which means a ditch 3 feet deep by 10 feet wide flowing full at the rate of one foot per second. If you are interested in farming by insurance methods and want to know something more about the land of Water, Soil and Sunshine, a card addressed to any advertiser in The Brand or to A. C. Elliott, editor, will be given courteous attention.

IRRIGATION IS THE ONLY EFFECTIVE CROP INSURANCE

The Gregg Cousins Memorial Loan Fund.

Since the opening of the West Texas State Normal College in September, 1910, two conditions have been conspicuously characteristic of the student body. First, it has been uniformly intelligent, industrious and democratic. To a remarkable degree, the students have set for themselves high ideals and have consistently and persistently worked toward them. The small number who have been governed by low ideals have early discovered their lack of harmony with their environment and have either adjusted their conduct accordingly or have withdrawn from the institution. Second, the student body has been composed of young people who are largely self supporting. From the statistics of the institution it is learned that 75 per cent of the students enrolled to date have paid their own expenses wholly or in part.

These two conditions combined produce a situation which appeals to the intelligence and the patriotism of all right thinking people. It has often occurred that our students were compelled to drop out of school in the middle of a quarter very much to the detriment of their own development and therefore at a loss to the state. Other students, though able to remain in school, have been so hampered and embarrassed by financial limitations as to arrest their own development and make life in general all but miserable. As an illustration, one young lady was known to enter school in the fall of 1911, with only one dollar and thirty five cents with

which to pay board, matriculation fees and many incidental expenses.

It may be said she was foolish and so it seems; and yet, that young lady by toil and sacrifice and the most splendid fortitude and heroism fought her way for nine months and received a certificate to teach, from this institution. Unfortunately not all those in these circumstances find the opportunities that she found. To meet such conditions as these, to help those who are worthy and need help, and who, if helped, will go out in turn to help others, and to serve the state in the highest possible way, the faculty of this institution began early in 1911 the consideration of a to raise a loan fund. It was unanimously agreed from the beginning that such a fund should be raised and administered in a legal and business like way, both for the protection and preservation of the fund itself and for the training and development of those individuals who share its benefits. Accordingly, a corporation was formed within the faculty, a charter obtained, and the following board of directors duly elected: B. A. Stafford, R. E. Marquis, J. A. Hill, Mary E. Hudspeth and Jennie C. Ritchie. R. B. Cousins was elected president, Margaret E. Cofer, secretary and J. W. Reid, treasurer.

The treasurer is required to give bond and every safe guard, legal and moral, has been placed about the administration of the fund.

In the mean time, while organization was being perfected, Gregg, the thirteen year old son of President and Mrs. R. B. Cousins, died. Since

he was a youth of remarkably altruistic character, bright, truthful, and pure to an attractive degree, it occurred to the faculty that the fund should be called the Gregg Cousins Memorial Loan Fund. The faculty further thought that the subscriptions should be begun in the faculty itself. Accordingly, about five hundred dollars was subscribed by individual members of the faculty as a foundation fund. The first public announcement of the movement was made in the summer session of 1912, when about one hundred dollars was subscribed by the students. It is earnestly hoped that at least one thousand dollars will be available in the fall of 1912. We are looking to the able and generous citizens of this and other sections of the state for contributions. We believe that no more effective service can be rendered to society than the conservation of the struggling manhood and womanhood of the country, and we make our appeal wholly upon the ground of service. We shall bring no high pressure methods to bear upon any one, believing as we do, that there is an abundance of men and women who will feel glad of the opportunity to render such a service. Where individuals do not feel able to contribute as much as they desire, communities, towns, counties, clubs, and other organizations may make contributions to be used for the benefit of needy young people of a particular locality. Ambitious young men and young women may, if they desire, undertake the raising of money in their communities to be used by themselves under restrictions

imposed by the loan fund organization and returnable to the fund at the expiration of a given time. All remittances should be addressed to J. W. Reid, Treasurer, or to the undersigned.

With an abiding interest in the young manhood and young womanhood of Texas, the best asset of our splendid commonwealth, I am

Sincerely yours,

J. A. HILL,

Chairman Committee on Finance, Gregg Cousins Memorial Loan Fund, Canyon, Texas.

News at Farwell.

From State Line Tribune.

Civil Engineer, F. A. Cook and party left Monday for the new town-site of Hurley for the purpose of surveying and platting the new site. It is purposed by those interested to move the present town of Hurley about two and a half miles, which will put it on the survey of the Coleman Cut-off. This change will place Hurley in a very desirable location. It will be about twenty miles from Farwell, seven miles from Janes and in the center of the shallow water belt of Bailey county. This will no doubt make a good town as it is surrounded by a large area of fertile land, and the people behind the proposition are all energetic and reliable business men. We understand that a petition signed by the patrons of the Hurley postoffice will be presented to the Post Office Department asking permission to move the postoffice from its present location to the new town.

C. G. Bratton returned from a visit at Hereford Thursday, and

says that he has been having a fine time catching fish. He says that fishing is fine in the stream near Hereford, and while they are not so large but that they can be landed single handed, they sure are "larruping" good.

Oscar Cliett, a former business man of Farwell and Texico, but now in business at Hereford, was in the city Wednesday.

We acknowledge a pleasant call Wednesday evening from Mr. Jarrett Janes, one of the founders of the new town in Bailey county which bears his name.

Garrett A. Dobbin, of Friona, was attending to business in the city Thursday and Friday.

Land For Sale Cheap.

I have for sale a league of land on the Texico Cut-off at a price and upon terms that will interest you if you are looking for a bargain proposition. Would make a fine ranch or would be suitable for irrigation development as the water is very shallow. See or write A. C. Elliott, Hereford. 27-2t

Notice To Owners of Delinquent Property.

Suit will be filed against all delinquent property by order of the Commissioners Court beginning with the 12th day of August. This is a reminder for you to pay your Taxes to the Collector before suit is filed and save several dollars extra cost.

27-2t R. W. BAIRD,
Tax Collector.

My Doctor Said

"Try Cardui," writes Mrs. Z. V. Spell, of Hayne, N. C. "I was in a very low state of health, and was not able to be up and tend to my duties. I did try Cardui, and soon began to feel better. I got able to be up and help do my housework. I continued to take the medicine, and now I am able to do my housework and to care for my children, and I feel as though I could never praise Cardui enough for the benefits I have received."

TAKE CARDUI The Woman's Tonic

Cardui is successful, because it is made especially for women, and acts specifically on the womanly constitution. Cardui does one thing, and does it well. That explains the great success which it has had, during the past 50 years, in helping thousands of weak and ailing women back to health and happiness.

If you are a woman, feel tired, dull, and are nervous, cross and irritable, it's because you need a tonic. Why not try Cardui? Cardui builds, strengthens, restores, and acts in every way as a special, tonic-remedy for women. Test it for yourself. Your druggist sells Cardui. Ask him.

Nature Tells You

As Many a Hereford Reader Knows Too Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's index. Infrequent or too frequent passage. Any urinary trouble tells of kidney ills.

Doan's Kidney Pills are for kidney ills.

People in this vicinity testify.

George Reynolds, grocer, Canon, Texas, says: "I can recommend Doan's Kidney Pills to anyone bothered by kidney complaint. I had suffered from this trouble for a long time. I had pains in my back and sides and my kidneys became weak. I got Doan's Kidney Pills and was soon cured. Another member of my family had still worse trouble and Doan's Kidney Pills quickly cured that case. I consider this preparation the best one for kidney complaint on the market."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Come to see us in our new store. H. C. Myrick.

A Nervous Woman Finds Relief After Many Years

Women who suffer from extreme nervousness, often endure much suffering before finding any relief. Mrs. Daniel Kintner, of Defiance, O., had such an experience, regarding which she says:

"I had stomach trouble when I was eighteen years old that broke down my health, and for years I suffered with nervousness, headache, indigestion and nervous spasms. The spasms got so bad I would have them three or four times a week. After trying nearly every remedy recommended, I began taking Dr. Miles' Nervine, and I must say it helped me wonderfully. I have had no severe nervousness for several years."

MRS. DAN KINTNER,
1002 Pleasant St., Defiance, O.

Many remedies are recommended for diseases of the nervous system that fail to produce results because they do not reach the seat of the trouble. Dr. Miles' Nervine has proven its value in such cases so many times that it is unnecessary to make claims for it. You can prove its merits for yourself by getting a bottle of your druggist, who will return the price if you receive no benefit.

MILES MEDICAL CO., Elkhart, Ind.

MAYOR DISCUSSES WATER SYSTEM

Open Letter to Public Tells About Cost of Water, Taxes and Other Things of Interest.

To the Brand:—

In an effort to give still further publicity to some of the financial affairs of the City I would like to add a little to what I said in The Brand of August 9th. I promised to furnish some information about the Water Works, in particular.

The City is now pumping about 5 1/2 hours daily. The pump furnishes about 7000 gallons per hour. The City now has 71 subscribers. It costs 7 cents per 1000 gallons to pump the water.

We are now pumping about 38500 gallons per day at a cost of \$2.70 per day. The entire income from water rents and sewer rents is \$115 per month. So that the water and sewer systems produce for the City a monthly income of about \$35 over the cost of operating same. This is allowing nothing for any breakdowns or repairs that must occasionally be encountered.

When the Water Works was first installed a contract was entered into with the Electric Light Company to do the pumping. This company did the pumping from January 1910 until Sept. 1st, 1911. During this time the City paid it for pumping a total sum of \$3171.68 or \$158.56 per month for a period of twenty months. In the summer of 1911 the former City council installed a gasoline engine of its own with which to do its own pumping and terminated the contract with the Electric Light Company in order to run the Waterworks more economically. It cost the city between \$1750 and \$2000 to make this change. And while the cost was considerable, a great saving in the cost of pumping was accomplished. A great part of the taxes collected for current expenses during the year 1911 was spent in making this change, otherwise many warrants now outstanding against the City would probably have been paid.

The revenues derived from the Waterworks ought to be retained to make repairs and other changes needed, but the Commission has been obliged to use them in paying current expenses. Even then they don't amount to very much. Nearly every family in town has a windmill and of course it is difficult for the City to compete in furnishing water. The only way it could do so would be to reduce the rates so they would be attractive to those who wish to irrigate lawns and gardens. But

this would add very much to the expense of operating the plant, besides the City has not sufficient equipment to supply the demands that would likely be made on it under such circumstances.

The following taxes have been levied for the year 1912. A tax of 25 cents on the \$100.00 for current expenses of the City. A special tax of 25 cents on the \$100.00 to meet the interest and create the sinking fund on the bonded debt. A tax of 15 cents on the \$100.00 for streets and alleys. While the total tax levy for 1912 is 15 cents lower than for 1911, yet the Commission thinks it has levied up to the legal limit.

When it is remembered that our taxable values are only \$1,229,909; that a tax of 25 cents on the \$100 will raise only \$3000; that our current expenses are now \$225 per month or \$2700 yearly; that there are \$5000 in warrants outstanding against the City; that there is no money in the treasury, and judging the future by the past, that there is almost certain to be considerable delinquent taxes this year, how can this City cut down its expenses except by cutting down the expense of its Fire Department? Or to ask another question, considering the facts mentioned how can this city maintain its Fire Department? The way I see it, it is impossible. The Commission would like to have suggestions.

I would like to discuss the financial affairs of this City with the tax payers at a mass meeting to be held at an early date. I am anxious for them to know the whole truth about them.

Respectfully,
M. M. Knight, Mayor.

Card of Thanks.

We want to thank the many kind and earnest friends who came to our aid and assisted us in many ways during the fatal illness of our dear sister, Miss Maude Kirkman, recently from Centralia, Missouri. No words can possibly express our very great appreciation of the kind deeds and favors bestowed upon our now broken family during this time of our great bereavement. May He who knows all protect one and all.

G. W. Smith and Family.

The Mother's Club met Tuesday with Mrs. Thomas, there being but 12 members present. Following is the program:

- Subject—"Home."
- "The Man in the Home"—Mrs. Dodson.
- "The Woman in the Home"—Mrs. Harrison.
- "Material Essentials in Home-Making"—Mrs. Bowers.
- "Honor of Home Life"—Mrs. Vanderburgh.
- Reading, "Eve's Housekeeping"—Mrs. Cogdell.
- All present joined in singing "My Mother's Bible."

We were pleased to have as guests at this meeting Mrs. Baker, Mrs. Chapman of Gainesville, Mrs. Zigler of Clarendon and Mrs. Chenoworth of Amarillo. Our hostess served a delicious ice and club adjourned.

Press Reporter.

Bankers Meet.

At a meeting of the Panhandle Bankers at Plainview this week G. A. F. Parker, president of the Western National of Hereford, was made treasurer of the association.

The other officers elected were: O. L. Slaton, of Lubbock, president; Joe E. Lancaster, Plainview, first vice-president; R. M. Collier, McLean, second vice-president; Ira Smith, Estelline, secretary.

Ben Flowers, a real estate agent of Colorado, was here last week and showed his prospective buyers the big wells, so they could see how much water they can pump at Plainview.

Official Count Of Primary Vote.

The official count of the primary vote reveals some strange combinations:

Colquitt's majority over Ramsey was 40,899, while he received 65,522 more votes than his running mate, Jake Wolters. Ramsey got 34,623 more votes than Wolters, but 1,098 less than Sheppard, his running mate. Sheppard got 35,721 votes more than Wolters, but lacked 8,497 votes of a majority over his three opponents.

The vote as canvassed by the state committee follows:

For United States Senator—Sheppard 178,281, Wolters 142,540, Randall 40,349, Zollner 3,868.

Governor—Colquitt 218,682, Ramsey 177,182.

Lieutenant Governor—Imboden 161,968, Mayes 213,575.

Comptroller—Barker 164,225, Lane 204,429.

Attorney General—Looney 136, Walthall 129,785, Harris 91,408.

Treasurer—Edwards 140,412, Adams 60,716, McCammon 41,706, Aston 102,223.

Commissioner General Land Office—Robison 231,143, Geers 111,334.

Commissioner of Agriculture—Kone 134,326, Halbert 72,922, Iron 21,260, Singleton 110,274.

Superintendent Public Instruction Bralley 361,186.

Railroad Commissioner Place No. 1, Full Term—Williams 344,355.

Railroad Commissioner Place No. 2, Unexpired Term—Wortham 132,045, Mason 21,958, Thomas 33,137, Mayfield 146,337.

Chief Justice Supreme Court—Brown 352,832.

Associate Justice, Term Expiring 1916—Phillips 99,605, Townes 86,350, Pleasants 42,310, Speer 61,823, Craig 36,298.

Associate Justice, Term Expiring 1914—Dibrell 122,097, Hawkins 209,917.

Judge Court Criminal Appeals—Muse 128,094, Green 65,209, Prendergast 135,611.

Congressman at Large—McLemore 46,743, Street 17,574, Bounds 16,107, Browning 31,758, Daniel E. Garrett 55,051, Alexander S. Garrett 17,276, Lancaster 26,286, Yantis 19,587, Summers 61,697, Pazdral 29,270, Cureton 49,759, Loudermilk 29,831, Harmon 17,192, Roche 20,168, Grubbs 21,325, Opp 24,352.

At Mrs. C. D. Wright's.

Tuesday night a number of young people enjoyed a "42 party" at the home of Judge and Mrs. C. D. Wright. The guests of honor were Miss Milam of Cleburne, who is a visitor, and Miss Amelia Wilson, who will leave today for her new home at Lorenza. Four tables were placed for the games and several interesting progressions were made. At the close of these delightful games refreshments of cream and cake were served. The hospitality and good cheer of the Wright home is always enjoyed by the young folks and on this occasion report a most happy event.

Firemen's Benefit.

The ice cream and cake devoured given by the ladies of the Civic League Thursday night for the benefit of the fire boys was a decided success. The companies gave a short exhibition to an excited (?) crowd, who came running to Main street to discover the fire, which the screaming whistle told must be consuming and devouring whole blocks of the town. The only consuming fire was the unsatisfiable thirst for ice cream and cake. About \$25 was received and placed to the credit of the fund.

Perfection Oil Stoves, one to three burners, with and without ovens. See the Hereford Hardware. 161f

Betts & Clark

THIS STORE WON'T GUARANTEE CALOMEL

But We Have a Liver Medicine That We Do Guarantee With Money-Back Offer.

The next time you think you need a dose of calomel, don't take it. Even if you have taken it often before, this might be the very dose that would siliate you. Its use is sometimes followed by dangerous after-effects. If you are constipated or bilious or if your liver has gotten lazy and inactive two or three doses of Dodson's Liver-Tone, pleasant tasted vegetable liquid, will "make you feel like new."

We would not recommend Dodson's Liver-Tone in place of calomel if we were not willing to fully guarantee it. So anybody who buys a bottle of Dodson's Liver-Tone at Betts-Clark drug store and does not find it a perfect substitute for calomel may come into the store any day and get his or her money back. It has absolutely no bad after-effects and is harmless for children as well as grown-ups.

Bran at \$1.25 per nester price. E. W. Harrison. 281f

Mrs. Enna Mercer left Wednesday morning for Wellington, Kan., for a month's visit to her daughter, Mrs. Frank Goodloe.

Come to see us in our new store. H. C. Myrick.

Mrs. T. B. Kellow, who has been on a visit to relatives at Dallas and other Texas towns, returned home Wednesday night.

Is your property insured against wind storms? If not, better get a policy from C. O. Lee. 281f

John Sherman, bookkeeper at the Western National Bank, left Tuesday morning to spend his vacation in the wilds of the Yellowstone National park.

Sam Dunn, pioneer citizen of the plains, and the only one that ever prayed for rain in April, is here today on his return from Kansas.

Professor Carr, principal of one of the schools of Waco, is here this week on a visit with friends and relatives. He makes this place regularly every summer.

C. N. Jacobsen, a merchant of Lewisville, Tex., who has been visiting his brother, John Jacobsen of this city, left for his home Monday morning.

S. H. Clammer, of Colorado, a friend and partner of E. W. Morgan's, was here last week and is well pleased with the showing irrigation has made this year.

County Attorney Elmer Dameron will occupy the pulpit at the Christian church next Sunday morning in the absence of the pastor, who is at Claude assisting Rev. Nance in a revival meeting. Special music by the children's choir will be given at this service.

J. K. P. Gilliland and daughter, Mrs. Ritter, of Mangum, Okla., are visiting his son, Hon. Carl Gilliland. Father Gilliland made his home at Hereford some time ago and will likely make this place his home again.

Miss Jean Buster of Weatherford, who has been here for a week with a view of organizing a class in music, left for Amarillo Tuesday. She visited in the home of Mr. and Mrs. T. G. Nance and with Mr. and Mrs. A. C. Elliott while here.

Mrs. H. C. Myrick returned Tuesday night on the 11 o'clock train after a pleasant visit down in Texas with friends and relatives. Mr. Myrick met her in Amarillo Tuesday morning.

Miss Jennie Edwards returned to the city Tuesday morning after a stay of several weeks at Chatauqua, New York, where she studied music. She says that she had a delightful time, and also rode in a flying machine.

J. G. Roth of South Bend, Ind., inventor and manufacturer of the Roth rotor pump, is here this week to look after the installation of two pumps, one for the Green Valley Ranch and the other for A. O. Thompson. Mr. Roth says that his pump is operated upon an entirely new principle not found in any other pump.

John R. Jones and C. M. Sarber of Plymouth, Ill., were here this week and called upon some of our business men and bankers for the purpose of ascertaining to what extent Hereford would back a railroad project. This makes the fourth set of men in the last year that have been peeping into the possibilities of a new road through Hereford.

Come to see us in our new store. H. C. Myrick.
