VOLUME 12

HEREFORD, TEXAS, FRIDAY, JUNE 14, 1912

NUMBER 19

LIGHT VOTE IN CONTEST

For Week Ending June 8th—Total Number of Votes Cast Up to Last Count 3,908,955

The past week witnessed one of the lightest votes since the beginning of the Merchants and Publisher's Trade Campaign Contest, which fact may be taken as indicative of exceptionally heavy voting the coming week, at which time the last bonus prize will be awarded and no more counts made until the end of the contest.

Mrs. Allan Bell made the greatest gain for the week ending June 8th, with 167,920 votes; Miss Smith second, with 93,150; Miss Gregory third, with 72,990; Miss Pitman fourth, with 22,725; and Mrs. Tucker, fifth, with 18,425.

All candidates are asked to bear in mind that the winner of the last bonus prize, the beautiful silver dresser set, will be determined by the count made for the week ending Saturday, June 22nd, at 10 o'clock p. m. After which time no more counts will be made or any information given out concerning the standing of any of the candidates.

Four More Engines Arrive.

Evidence that the Walker Perkins people have lost no time in pushing their irrigation wells towards completion was apparent when four big engines to drive the pumps were unloaded here Friday, two fifty and two forty horse-power engines. They have been hauled to the Walker-Perkins wells west of town where Mr. P. R. Mitchell, expert machinist for the Fairbanks-Morse people is seeing to their proper installment.

Dunlap Building Changes Hands.

A deal was closed last week in which Geo. F. Caylor became owner of the Eli Dunlap two story brick on main street, and Mr. Duplap is now landlord over 3,200 acres of land in Wheeler county.

A Day On The Wing.

Canyon, Tex.—A day at Canyon City, named from its location, being at the head of one of nature's wonderful pieces of scenery, brings to the observer many things of interest.

As a town, from a business point of view, it compares favorably with other Panhandle cities and excels in its buildings most of the same sized towns of other parts of the state, but of one thing it may proudly boast, and that is the home of the First National Bank. This building would be a credit to any city of the first rank. In all of its appointments and conveniences, the most modern thought was executed in its construction. The tiled floors, the marble and mahogany finishing and all the interior is perfect in arrangement. A visit there, either on business or pleasure, convinces you that the men in charge have not neglected the smaller matters of courtesy and polite attention.

The court house, a modern public office building, is entirely in keeping with the progressive spirit of the town and the Panhandle. It forms the center of the business section, most of the mercantile establishments being around the "square."

The churches, while not over-expensive buildings, show conclusively that Canyon is not given over entirely to business, but the "more weightier matters" have had and are having consideration. A most successful revival has just been concluded with a large ingathering of members to the different churches.

The public school building, a splendid structure, with a recent \$10,000 addition for the accommodation of the increased attendance, indicates clearly that the people of the Canyon city believe in the uplift of education.

And in this connection, the mention of the Northwest Texas State Normal, reminds us of the energy put forth by the town in securing the location of this educational institution over many strong competitors. The Normal building is a model educational workshop in every respect, and the man or men to whom credit must be given for its planing,

deserve a tablet placed to their memory on the walls of the institution. The summer term is now in session, and some 450 students are in actual attendance. A day spent in the class rooms, watching the pupils and teachers, each about his task, indicates that the organization of the school has been as well planned as the magnificent building itself. A bee hive never exhibited a busier place. President Cousins and his corps of proficient workers were about their duties with a commendable air of assured success.

Right here the writer wishes to stop long enough to remind the good people of Canyon that they do not fully realize the importance of that institution. Of course, they see the students come and go about their work, they may meet the teachers in social and public functions and attend the open exercises given by the faculty and student body, but the vital thing of that institution, some of you may miss for your boys and girls, unless you feel the touch of the higher motive and purpose of true education. Your children may grow under the shadow of the buildings and yet fail of an education. Let not this opportunity pass. The Normal is not a passing show, but a permanent growth with the people as the people will to have it.

In this "Day on the Wing," who could visit a town and miss one other institution for power and progress, the newspaper. Whatever may be the spirit of a town, or whatever the town may lack in public enterprise, the newspaper either reflects to one or makes up for the other. It is the medium through which the business and the public sentiment of the people find outlet and publicity, and without it, no town need expect to get beyond the borders of its own limits. The Randall County News fills this place in a modest but effectual way. A failure to mention the splendid office equipment of the News would be derelict. Other Panhandle print shops may well emulate the News.

A. C. ELLIOTT.

Railroad News.

The rehabilitation of the north and south railroad through Hereford is about to be realized. A proposition from Mr. Gordon comes in season. Though he does not indicate what connections will be made south of Hereford, the use of the old grade to Dimmitt is asked for and this would indicate that the ultimate route would be to form as near connection with some Gulf road as possible. This would be to Plainview, to Crosbyton and to Spur, or possibly from Crosbyton to Benjamin. This would be the quickest built connection and one that would appeal to the people along the route. What does Dimmitt, Plainview and Crosbyton say?

Greathouse Bros. Get Contract For Deep Well.

June 11.—J. E. and B. D. Greathouse, expert well drillers, signed a contract with E. K. Warron & Son last week to sink a well 700 feet in depth on the Warren ranch to test for artesian water, oil or gas. It has been claimed by many who have had experience in drilling artesian wells, that a wonderful underground body of water lies underneath the Blackwater Valley and that by going the proper depth flowing wells can be produced.

The material is being put on the ground and work on the test well will commence within a few days.—State-Line Tribune.

Mothers' Club.

The Mothers' Club met at Methodist church Tuesday afternoon, the subject for this occasion being Constancy. Scriptural quotations were given at roll call, and the program rendered as follows:

Fidelity of Ruth—Mrs. Dameron. Friendship, Jonathan and David—Mrs. Ricketts.

Story of Priscilla and Agnilla—Mrs. Tynes.

Song—Ladies of Club.

These papers were fine and well written. In the discussion of the first one, most of those present agreed in their admiration for Ruth. Only two or three had sufficient clay still clinging to their feet to have discovered in this beautiful Bible character anything nice to present day scheming for a wealthy husband. Perhaps she did it for the sake of her aged and sorrowing mother-in-law, for whom she had left her own family, declaring "thy people shall be my people, and thy God my God." Any way, Ruth was true gold, in that she was not too high-bred (?) nor selfish, to glean among the reapers for food for herself and her husband's mother.

Press Reporter.

Made a "Bust."

There are several things around a newspaper office that contribute to the chances of making a "bust" now and then and sometimes more often; but for a real "lapis mentus," a genuine "non defensu busticus" happened, occurred, transpired and otherwise took place in this office last week while laboring under strenuous and exacting efforts to get out the usual or rather unusual issue of The Brand. It all happened because of the concatenation of exacerbating and circumambient cerebralistic activities. This ought to be sufficient explanation why the name of J. S. Jones, the only candidate for county clerk, was changed to A. M. Jones, who never dreamed of running, in the list of candidates. The Brand owes both of the Jones's an apology, and it is hereby extended; it's our treat for making such a "bust."

Summitt Breezes.

Neighbor Frank Cooper caught 5 young coyotes last week. Let the good work go on.

Splendid rain Sunday afternoon and night on the Summitt.

When the pump gives out one soon misses the water so Geo. Shepard thinks. Strange, is it not?

Mrs. Galley and two of her children went to Christian Endeavor meeting in Dimmitt Sunday evening and was obliged to stay in town over night on account of the rain. She also called on the new baby girl at Frank Barber's.

W. O. W. Decoration Day.

Sunday afternoon Hereford Camp No. 990 Woodmen of the World held their annual decoration services at the city cemetery in honor of its deceased sovereigns, the Memorial services being conducted by Sovereigns J. A. Hughes and J. I. Walker. The services were attended by nearly the entire membership of the Hereford Lodge and some fifteen members of the Dimmitt Lodge.

Mr. and Mrs. J. S. Jones left Monday morning for St. Louis, Mo., at which place Mrs. Jones will visit with relatives, and Mr. Jones will proceed to Baltimore to attend the Democratic National Convention.

Phone 76 or call on Harrison for Maize chop. 19-2t

I. O. O. F. AND REBEKAH LODGES

Send Big Delegation to Amarillo to Attend Panhandle Association.

Wednesday evening a representative crowd of Odd Fellows and Rebekahs, badged and dressed in their Sunday best, left for Amarillo to attend the Panhandle I. O. O. F. Association which convened at that place Thursday morning at 9 o'clock.

The degree staffs from the subordinate and Rebekah lodges of this place will enter the contest for the prize banner, which is offered yearly by the association for the best rendition of the degree work in the Odd Fellow and Rebekah branches. The teams have put in steady practice work and fully intend to carry off high honors at the meet.

A number of those whom we learn are in attendance are: Messrs. Stambaugh, Lewis Smith, N. E. Gass, Crawford, C. O. Lee, Lindsey, Barnhart, J. Wilkinson, Ashbrook, Chas. Smith, Sullivan, Arthur, Henry Clloyd, Henry Hubbert, Farmer, Burl Elliston, Baird and Brazil. Mesdames Stambaugh, Clarence Smith, N. E. Gass, Myrick, Kibbe, Lindsey, C. O. Lee, Chas. Smith, Sullivan, Henry Clloyd, Lovelace and Holly Tucker. Misses Lula Wear, Mary Williams, Dimple Gass, Jewell Jones and Alma Beach.

Later—the news was received at Hereford just as we go to press that the Rebekahs made good all right, and will bring home with them the banner awarded for the best rendition of the Rebekah degree.

Randell Fails to Arrive.

The Hon. Choice B. Randell, candidate for United States Senator, who was to address the voters of Deaf Smith county at this place Wednesday at 1:30 o'clock, was unfortunately and to the disappointment of a large sized crowd unable to fill his engagement. Mr. Randell had addressed the people of Canyon that morning and depended on making the trip to Hereford by auto, but on account of the heavy rain of Tuesday night could not induce any of the Canyon auto men to make the trip to this place.

Dr. Boaz Lectures.

Dr. A. H. Boaz, vice president of the Southern Methodist University of Dallas, delivered his famous and highly entertaining lecture, "Fools and Funny People," to a full house at the Methodist church, Thursday night. Those who attended pronounced the evening one of rare entertainment and benefit.

New Post Office at Black.

Word was received here some days ago that a post office had been established at Black City, a new station on the Santa Fe west of Hereford. J. C. Baker has been appointed post master.

Strayed or Stolen.

\$10.00 reward will be paid for the return of one chestnut sorrel mare, about 4 years old, blaze faced, white feet, wire cut on one fore foot, strayed from Rucker Ranch, Friday, June 7. Report to Sheriff R. W. Baird, Hereford. 19-2tp

Judge Works, of Amarillo, chairman of the Laymen's Movement of this district of the M. E. Church, gave an interesting talk on the movement Sunday morning at the Methodist church.

CONTEST OPENED MONDAY, APRIL 1, 1912 AT 8 P. M.

Standing of Candidates

In The Merchants and Publisher's Trade Campaign Contest Up to Saturday, June 8th at 10 p. m.

Miss Lena Gregory, Kelso	763730 Votes
Miss Eddith Smith, Hereford	750495 Votes
Mrs. Allan Bell, Hereford	709275 Votes
Miss Eloise Pitman, Hereford	436765 Votes
Mrs. Estelle Tucker, Hereford	375555 Votes
Miss Margie Baker, Summerfield	100935 Votes
Miss Percy Gallaher, Hereford	100870 Votes
Miss Lena Roberson, Summerfield	86620 Votes
Miss Louise Oberthier, Hereford	77715 Votes
Miss Elzina Mounts, Hereford	64630 Votes
Miss Ora Ramey, Dimmitt	21650 Votes
Miss Dollie Whitaker, Dimmitt	9330 Votes
Miss Maude Wyre, Dimmitt	7330 Votes
Miss Mildred Gilbert, Springlake	5120 Votes

We the committee, selected to count the votes in the Merchants and Publisher's Trade Campaign Contest for the week ending June 8th, 1912, certify that the above and foregoing is true and correct to the best of our knowledge and belief.

CONTEST CLOSES WEDNESDAY, JULY 31, 1912 AT 8 P. M.

RAILROAD MAY BE CONSTRUCTED

Letter From Prominent Promoter
Makes Feasible Offer to Here-
ford—Will Take Action.

The following letter will give a bit of railroad news to the property owners of Deaf Smith and Castro counties, which, if acted upon, will secure for this territory the immediate construction and completion of the original Panhandle Short Line. Mr. Gordon, the gentleman who writes the letter, is an experienced railroad builder, and the fact that he has secured and deposited the sum of \$33,000 in the Amarillo banks to purchase the Dalhart-Ochiltree road, but failed, shows that his statement as to his connection with Eastern capitalists is not an idle tale. It is now Hereford's move. He proposes to make Hereford the starting point for this new enterprise. Will she act, and act quickly?

Amarillo, Tex., June 10, 1912.
Hon. Jno. P. Slaton,
Hereford, Texas.

Dear Judge Slaton:

I have, within the last few days, returned from New York and other Eastern points, and during the trip organized a syndicate to buy the E. O. & W. R. R., which runs out of Dalhart, now in the hands of a Receiver, Judge H. G. Hendricks of Amarillo, under a letter from the Receiver that if I succeeded before the 28th day of May, the day set for public sale of the property, that he would recommend to the court the conveyance of the property at private

sale for \$33,000.00, the upset price named in advertising being \$31,000. On May 27th, I deposited in the Amarillo National Bank \$33,000.00, and on that day closed a contract in writing with the Receiver to sell to myself and John L. Brock, trustees, the property, paying \$5,000 of the price, the balance of \$28,000 to be paid on confirmation of sale by the court at special session June 1st. On that day the court duly convened at Dalhart and I offered and tendered the balance of \$28,000 under the contract; but on the same day other parties appeared as would-be purchasers, proposing to buy the road at the same price which I had agreed to pay, representing that they would complete the road as far as Ochiltree for a much less bonus than I had asked of the land owners along the line, than I had indicated I would require. After an all day session of the court, Judge Hill entered his order, giving these other parties 15 days to pay the money into court, requiring deposit of \$7,500 as a forfeit. They were at Dalhart on Saturday last and I suppose did, or later, will, close the deal. This leaves myself and my friends out.

It had been my intention to include in the plan of construction the building of another line from some point on this road in Moore county to Hereford and South of Hereford substantially on the route originally proposed by the original promoters of that road partially graded, from Hereford South to Dimmitt and from Hereford North, or to Amarillo, or both places, from a connection with certain railway systems in Kansas; thus forming and creating an outlet to all that region penetrated by the proposed road, to Kansas City and Chicago, provided such reasonable bonuses could be secured as to justify the investment by the new railway company to be organized; and provided I could secure the old grade near Hereford. I have interested in this proposed railway proposition parties of unquestionable financial ability, who, if the matter could be satisfactorily worked up, would invest all the money necessary to build the line.

The question in my mind is, whether the people along the route will avail themselves of the opportunity of securing this road, not a dollar of which proposed bonus is to be paid until the road is completed to certain definitely fixed points by certain definitely fixed periods of time, to be agreed upon and by the terms of which agreements, it is evident that land-owners along the route would receive from \$500 to \$1,000 per cent profit on their obligations in the enhancement of values of their lands, besides the conveniences and advantages offered by railway transportation, before any one would have to meet their obligations. In fact, it would result in a most profitable investment instead of being a bonus.

The plan involves the subscription of, say, \$1.00 per acre on lands lying several miles on either side of the line, to be paid in two payments in one and two years, after completion of the road to certain points, with interest at six per cent to be charged only after completion of the road to these specific points, in sections of 20 miles each. The aggregate amount of bonuses to equal one dollar per acre on all lands lying within five miles on either side of the road, including any subscriptions by citizens of the town or other property interests; these obligations to be secured by mortgages on lands at present selling values of same, and to be deposited with some solvent Bank or Trust Company to be agreed upon as a Holding Trustee between the parties. If the road is not completed to the given point on the agreed date, then these obligations to be returned to the makers by the

Trustee. The subscription, aggregating \$6,400 per mile of railroad, is not to be confined, of course, to five miles on either side of the road, and would not be; but much of it would come from greater distances in those localities now far removed from railroad transportation. Unless we succeed in making a satisfactory arrangement with the purchasers of this little piece of road running out from Dalhart, we are very much in-

clined to act upon the urgent request of land owners in the counties northeast of that place, and build a road which would parallel this proposed line for a considerable distance on its Northeastern end; but removed from it many miles, forming the same connections south and southwest as I have indicated in this letter. My people are disposed to do whatever I suggest in this matter. If this policy is adopted, and we

should undertake to work up this enterprise, the proposed line, I suppose, would cross the Rock Island System north of Hereford at the most available point in Oldham and Dallam counties, and the Canadian river at a point near Tascosa, thence running northeasterly and diagonally through the counties of Hutchinson, Hansford and Ochiltree, Texas, and Beaver county, Okla., intersecting

HUBBARD'S

SEMI-ANNUAL SUMMER SALE

BEGINS SATURDAY MORNING, JUNE 15th

with values that are undeniably the most extraordinary Hereford People have ever been asked to share in

CLOSES SATURDAY NIGHT, JUNE 29th

Our sales have always been noted for remarkable value-giving, but this sale promises to far surpass all our previous efforts. For years our pre-eminence for value-giving has been recognized and every resource at our command has been concentrated to make this the "BANNER SUMMER SALE" this city has ever known. Great purchases of surplus stocks and sample lines of desirable summer merchandise enable us to present values that will shatter all past value-giving records. We must make room for our Fall purchases and must move the stock. Bargains that are sure to make you buy.

Men's and Boys' Suits

We have a large stock comprising some very extra quality stuff—the latest in fashion and the latest in colors that go at the following prices:

\$25.00 Men's Suits go in this Sale for	\$16.65
\$20.00 Men's Suits go in this Sale for	13.35
\$15.00 Men's Suits go in this Sale for	10.00
\$12.50 Men's Suits go in this Sale for	7.35

For Sheriff and Tax Collector:
GEO. T. LYNCH

From State Line Tribune.

Editor A. C. Elliott of the Hereford Brand, candidate for representative of the 123rd District, has announced the platform on which he is making the race, which sounds mighty good to us, and is as follows:

A progressive policy in matters of State and constructive legislation in matters of business.

The election of United States Senators by the direct vote of the people.

The reform of the judiciary system and the correction of abuses in court practice.

Making the "local option" laws more effective and finally a constitutional prohibition amendment.

A square deal for the Panhandle and South Plains.

If there is a class of people any more deserving of the support of the populace than the long suffering, hard working editor, we would like for you to trot them around. At best they never get more than is coming to them, and if they are the right kind of stuff, (and they usually are), the people should rally to their support, and in this way, in a measure, repay them for all the good (and bad) things they had the nerve to say about you and the country in which you live. You could not do more with less effort.

Mr. Elliott is a gentleman, a business man and a scholar, and is familiar with the needs of the 123rd District, and if honored with the office to which he aspires the people whom he will represent will never have cause to regret that they gave him their support.

Messrs. Warren and Wilson, representing the Rumley Oil-Pull Engines, were here last week demonstrating the new tractor put out by the Rumley people. The engine was demonstrated on the Evans farm two miles north of town, and sold to A. F. Wood, who is putting 600 acres of land on the place to millet, kaffir and maize.

CALOMEL IS DANGEROUS

Is a Powerful Chemical Made From Mercury—People Should Be Careful.

The only sure way to avoid the danger of calomel is to take no calomel.

Dodson's Liver-Tone, a vegetable liquid of pleasant taste, more than takes its place. Where calomel shakes you up and shocks your liver, Dodson's Liver-Tone, mild but effective, builds up and strengthens. It "liven up the liver."

It may be taken without any restriction of diet or habits. You can give it to your children with fine results.

Get a bottle at Betts-Clark's drug store and if it doesn't do all that you think it ought—if it doesn't make bilious spells mere trifles—if it doesn't "liven up your liver," your money will be waiting for you.

T. B. Gallaher, traveling freight and passenger agent for the Peecos Valley Lines, spent Monday in Hereford in the interest of his department. Mr. Gallaher is an affable business man and makes friends wherever he goes. He was "star" on the baseball and football teams in college and is "making good" in his present position which he has held since leaving school.

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing housework all day, and crawling into bed dead tired at night. You must get out into the open air and sunlight. If you do this every day and keep your stomach and bowels in good order by taking Chamberlain's Tablets when needed, you should become both healthy and beautiful. For sale by all dealers.

Dr. E. F. Stocking, brother of Roy Stocking of the Corner Drug Store, was here over Sunday on a visit. Dr. Stocking had just returned from Vienna, Austria, where he has been taking a post-graduate course in medicine and surgery. He is a prominent member of the profession and has gained for himself high rank as a practitioner and surgeon.

Mrs. West brought in from the Rucher Ranch Tuesday samples of the growing wheat, oats and spetz which she was sending to Dr. H. D. Rucker now at Texarkana. These samples showed the effect of deep plowing as all the crops on shallow plowing failed during the dry weather.

Mr. and Mr. L. R. Cox and Mr. Metsker of Hurley, Texas, passed through Hereford Saturday in Mr. Cox's new auto on their way to Amarillo where they were going on business. Mr. Metsker is a merchant at Hurley while Mr. Cox is the Hurley Hustler.

Rev. S. T. Shore, after preaching at the local Christian church Sunday morning at 11 o'clock, went to Canyon where he preached Sunday night, and then took the train for Clovis, where he had a knot-tying engagement for 9 o'clock Monday morning.

Lawrence Johnson, merchant and farmer at Summerfield, was here Saturday and reported a good rain in his neighborhood. He also states that he has 100 acres of wheat that will make from 10 to 12 bushels per acre, and which will mature in a few days.

J. Brinker of the Santa Fe with offices at Amarillo, passed through Hereford Monday to Roswell, and while the train was waiting, remarked to some of our townsmen that he was expecting the irrigation at Hereford to bring about a revolution in the industries of the county.

W. B. Green reports the misfortune of losing his crop by hail Thursday afternoon. His wheat, oats, corn and fruit crop all destroyed. A heavy rain accompanied the hail.

W. T. Womble, on the Brubaker farm, was in this office Saturday and reports a regular flood in his community last Thursday afternoon, some 4 inches of rain falling. The heavy downpour covered several square miles.

Rev. O. P. Kiker and family of Amarillo, presiding elder of the Amarillo district of the M. E. Church South, were here Saturday and Sunday to hold third quarterly meeting. They were the guests of Mr. and Mrs. E. B. Black while in the city.

E. W. Harrison, who maintains and sells the most complete stock of Grain in Hereford, now desires to reimburse the farms by paying them a fancy price for their Excellent Panhandle wheat. 19-2t

E. C. Brodie left Monday for the Yellow Stone Park where he has a position as official guide. He had the same place last summer and says that it would require several months to see all the wonders of that place.

Buy it now. Chamberlain's Colic, Cholera and Diarrhoea Remedy is almost certain to be needed before the summer is over. Buy it now and be prepared for such an emergency. For sale by all dealers.

Mrs. Clarence Payne of Amarillo and her father, Mr. Marshall of New Mexico, were here this week visiting friends. Mr. Payne is afflicted with rheumatism and is at Mineral Wells for treatment.

Messrs. J. G. Matthews and Frank Carter of Amarillo were here Thursday the guests of Jim Cardwell on a fishing trip. They report a catch of something less than one thousand.

Earl Wilson, who has been away for something like a month's visit to his parents at McGregor, Texas, has returned to Hereford and fills his old position at the City Barber Shop.

This is the last week of the big millinery reduction at Mrs. T. N. Heifner's. Don't fail to take advantage of it. 1t

YOU'LL LIKE HEREFORD:

Dysentery is always serious and often a dangerous disease, but it can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has cured it even when malignant and epidemic. For sale by all dealers.

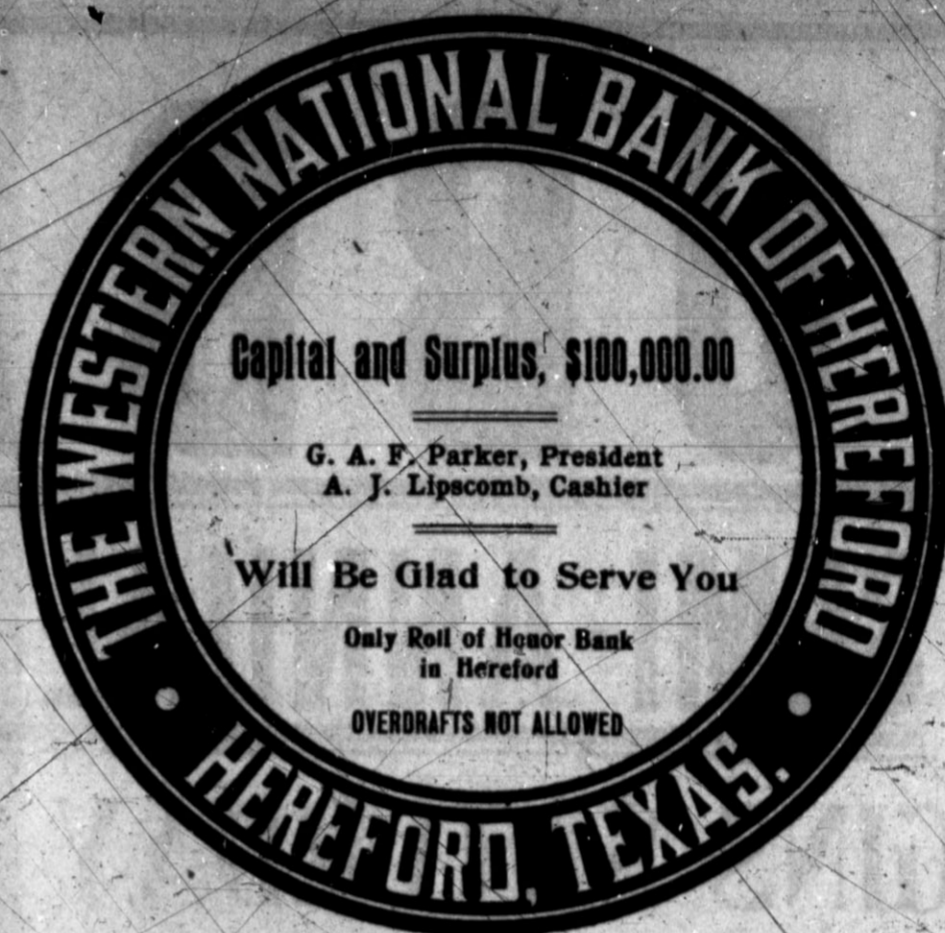

Hewitt's Close Engagement.

The four musical Hewitt's closed their engagement with Manager McGhee of the Star Theatre Wednesday night. These people drew a good house all three nights of their stay, and the patrons of the show were well pleased with their offerings.

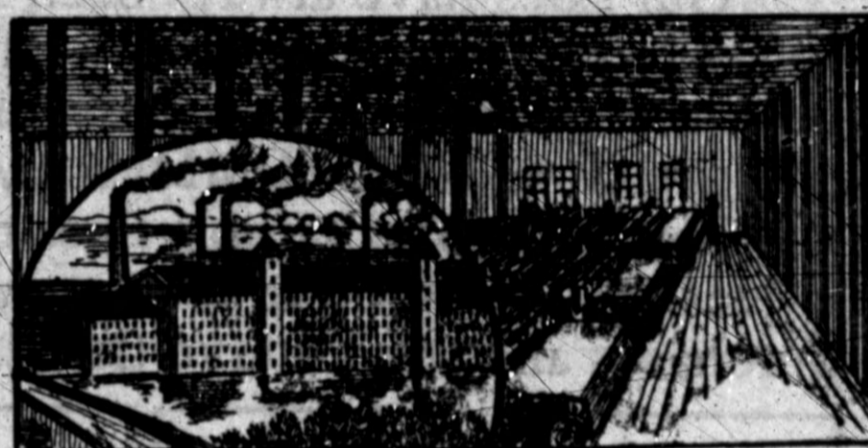

"SEEDS ADAPTED TO SOUTHWEST"

Bee-Keepers' Supplies, Poultry Supplies, SWIFT'S Fertilizers.

ROSWELL SEED CO., ROSWELL, N. M.

Cotton Mills

WE MANUFACTURE ONLY ONE BALE OUT OF EVERY SEVENTY PRODUCED.

The factory is the farmer's market house and he must travel until he reaches it and pay the freight to destination. The Texas farmers ship their crop ten thousand miles to reach the factory. We have 15 cotton factories in Texas valued at \$2,229,000. We manufacture approximately 60,000 bales of cotton per annum. Building factories in Texas to manufacture the cotton we produce would require an investment of \$350,000,000. To gain control of the cotton industry, we must build factories.

The Texas Welfare Commission is investigating the Fabrication of Cotton into Cloth and the establishment of Cotton Mills. O. E. Dunlap of Waxahachie is chairman of the sub-committee having the investigation in charge.

If you have anything that you wish to dispose of advertise it in the Brand Liners and sell it.

Good Texas Bran containing lots of shorts. Worth 50c more than straight Bran, but the price very little higher, only \$1.85. E. W. Harrison. 17tf

A QUEEN

of society is particular as to dress as well as to her associates. When you see her you expect to behold a perfect make-up. Exactly and so it is with a

POPULAR SODA FOUNTAIN

like ours. The effervescing soda that's drawn from it is expected to be the top-notch of perfection. It is and it is always the same price. Come in and get some. It will do you good.

Stops Summer Complaint

This remedy should be in every home—not only for the little ones but for the older members of the family as well. In cases of Cholera Morbus, Colic, Diarrhea, or any bowel complaint

Nyal's Blackberry Carminative

is so certain in its action and relieves in so short a time that you cannot afford to be without it. It relieves all irritation of the intestines, is slightly astringent, cleanses the bowels before they are checked, and is thoroughly antiseptic. It is without doubt the best remedy of its kind we know of and is equally good for children and adults. There are two sizes—25c and 50c the bottle.

We expect to be here in business a good many years. The only way we can do it is by treating everybody right. That's our policy.

E. T. WOODBURN & SON

"The Nyal Drugstore"

Miss Danna Lancaster, who is attending the Canyon Normal, visited with Mr. and Mrs. Stewart over Sunday. Mrs. Stewart is her aunt.

The hot days are here. Its time to vamoze the coal stove. Perfection Oil Stoves make summer cooking delightful. See them at the Hereford Hardware. 16tf

Mr. Smith, who lives 7 miles northeast, was in town Saturday and makes the biggest report as to rain, about 6 inches falling at his place. "It was a regular flood," he said.

During the summer months mothers of young children should watch for any unnatural looseness of the bowels. When given prompt attention at this time serious trouble may be avoided. Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon. For sale by all dealers.

Born—Monday morning to Mr. and Mrs. Karl T. Shirley, a daughter.

10 per cent saved on Oxfords this week at Myrick's. 1t

DE LAVAL CREAM SEPARATORS

Those Who KNOW Buy De Laval Separators

More Than 1,375,000 Now in Use

Creamerymen—Because they are experts in the handling of cream and know by long experience that the De Laval skims cleanest and wears longest. That is why 98% of the World's creameries use the De Laval exclusively.

Experienced Dairymen—The De Laval is the universal favorite among big dairymen. They know that no other separator will give them such satisfactory service.

Old De Laval Users—Whenever a man who has used an old model De Laval decides to purchase a later style machine he invariably buys another De Laval.

Men Who Investigate—If anyone takes the time to investigate the merits of the various cream separators, either by finding out from other users what kind of service their machines have given or by testing other machines out against the De Laval, the chances are a hundred to one that his choice will be the De Laval.

Easiest to turn, easiest to wash, skims the cleanest, lasts the longest

SOONER OR LATER YOU WILL BUY A DE LAVAL

RAILROAD MAY BE CONSTRUCTED

(Continued from page 2)

again the Santa Fe System at Englewood, Kan., and thence northeast to a connection with the Rock Island and Missouri Pacific lines.

I have been over much of this proposed territory northeast of the Canadian river, and I found the land owners very anxious to avail themselves of this railroad on the terms and conditions suggested. The building of the road would depend entirely upon the cordial and prompt acceptance of these conditions and unless this local aid could be worked up, this indemnity against loss to the extent named, it would be useless for me to undertake it; but with this co-operation on the part of the land owners and the people, the road will be built.

I beg leave to respectfully suggest that there is no other opportunity within my knowledge in this or any other country whereby a land owner, without the investment of a dollar in cash, but by depositing his secured note in the hands of a solvent trustee, (some bank or trust company of recognized and high commercial standing), the obligations payable on condition that another party will comply with an agreement as to the building of a railroad within a definite fixed period, and if this party so complies with such agreement, the land owner, (even before his obligation matures), shall have made a handsome per cent on the amount of that obligation. This would be true in the case of all owners of good agricultural lands within five or ten miles, or even greater distances of the line. In some localities now far removed from transportation, the enhancement of values would extend out many miles from the road. Around the towns, the old ones and the new ones, the enhancement would be very great. The liberal time allowed for the payment of these obligations after the railway shall have been completed to these definitely fixed points, would enable the land owners to sell their lands, in cases where they would desire to do so, at greatly increased prices, over present selling values, before the maturity of their obligations. Certainly, there is no element of risk to the land owner in accepting and acting favorably on this proposition. If he gets no railroad, he pays nothing. He does not even pay any interest until he receives the benefit of the road, and thereafter he has two years in which to pay the last half of one dollar per acre and one year to pay the first half of that amount,

by merely paying six per cent interest on his note.

If this suggestion strikes you favorably, I would like for you to call in such of your leading citizens as you may think best, read this letter to them, and obtain their views, writing me the results. If favorable, then Hereford would be the place on account of its leading position, and the presence of the grade there, already partially completed, to begin work, both in raising these subscriptions and in construction.

I also beg leave to accentuate the fact, that even in cases where there exists one railroad already, the building of another will enhance values at least as much as in cases where no railroad exists at all. Two railroads are worth much more than twice as much as one railroad for the purpose of enhancing values in lands and other properties, as would be the case with the lands in your fertile territory; and upon this point I would like for your people to think specially as to the fact is borne out by the experiences of the past in well nigh every instance.

I am assuming that the grades can be had free of cost to the builders of line, (I mean the grade already built into Hereford), which would be an additional inducement to my people, remembering our conversation on that subject some months ago.

Kindly let me hear from you. All that I have suggested may be entirely unfeasible so far as the Southern end of this line is concerned, and if so, the quicker I learn the fact the better.

Yours very truly,
E. C. GORDON.

Fell From Scaffolding.

Oklahoma City, Okla.: Oscar A. Anderson of 2401 South Walker street fell from a scaffold, and, though considerably sprained and bruised, is able to be about. He says Hunt's Lightning Oil took all the soreness away. It is also good for Headaches, Neuralgia, Rheumatism. All dealers sell in 25c and 50c bottles. 18-4t

Parrott Paragraphs.

We have had a glorious rain and all are busy in the fields.

We had such a good meeting at our Sunday school. The classes elected their teachers. John Hacker was chosen for the Bible class with Miss Fannie Neely as assistant. The young people selected B. F. Neely with F. R. Metcalf as assistant. The Juniors would have no one but Mrs. Dukes. Miss Gladys Hacker presided over the primary class and was given the hall as class room, and they way the little ones came smiling from lesson was evidence that they had been well taught.

Messrs. Percy and Dave Shepard were the guests of Floyd Hacker Sunday.

Mrs. W. E. Hacker and Mable were in Dimmitt last week.

We are very glad to have Mrs. Dukes with us after her sojourn in the Southland.

F. R. Metcalf bought a beautiful pony of L. Ricketts last week. Jack.

Prohibition Election Called In This County.

In accordance with the election laws, a prohibition election cannot be held sooner than two years after the last election was called. This time restriction is not recognized, however, by the people in recommending Hunt's Lightning Oil for Neuralgia, Rheumatism, Headaches, etc. For thirty odd years it has been acknowledged to be the best. Sold everywhere in 50c and 25c bottles. 18-4t

Ice! Ice!

Will sell ice at my ice house at 35c per cwt. by the 100 pounds, less amount 40c per cwt. Ross. 14tf

Meet me at Harrison's coal yard. 17tf

Hurley Items.

L. R. Cox returned Thursday from a trip to Oklahoma, Nebraska, Missouri and Kansas. He reports very favorable looking crops in the north.

Aston Wilterding and bride were visitors at Mr. Wilterding's mother last week.

Messrs. J. F. Metsker and Harry Johnson made a trip to New Mexico with Bro. Miller in L. R. Cox's Hupmobile last Monday.

James Johnson of Nebraska has returned to Hurley. He said when here last he would be back in two years, but did not wait two months. Hurley country must look good to him.

Several new auto gates are being put in near Hurley and on the road to Friona.

Judge Mayfield of Plainview was a caller at the Hurley hotel last week. He made several business calls while there.

Several new pictures of the Hurley country scenes are at the hotel. Call and see them.

A small shower of rain passed over our country last Wednesday evening doing its share of good to the crops and atmosphere.

C. K. Warren of Three Oaks, Mich., was looking after his interest in Hurley country last week.

J. F. Metsker, L. R. Cox and wife and James Johnson made a trip to Amarillo Saturday. They were joined there by Messrs. Charles Sherer and E. J. McDonald. They returned Monday.

Paul Coldren of the Coldren Land Co., of Kansas City was in Hurley a few days last week. Hurley Hustler.

Castro County Clippings.

From The Dimmitt Plainsman of Friday, June 7.

A rain fell in Dimmitt and to the south and west last Friday evening. It was not enough to drown ducks, but it was enough to benefit the grass, wheat and feed crops.

The Hereford baseball team took the prize for having the best team.

About 800 people attended First Saturday in Dimmitt. Not so bad for the starter, ha?

Dimmitt has the best Concert Band in the Panhandle. This is no mistake. Ask any person who was present at the First Saturday in Dimmitt.

B. T. Bell exhibited 22 lambs in Dimmitt First Saturday. Castro county can take the prize almost anywhere when it comes to raising lambs.

The children of the Dimmitt Sunday school gave their children's day program at the church last Sunday night beginning at 8:30. The service was interesting and creditable to all who took part.

E. M. Kimbrough and family and Jno. A. Carter and family were fishing near Hereford several days this week.

The following ball players from Hereford were the ones who defeated Dimmitt last Saturday: Ben Hubbert, Wiley Jones, Clyde Beach, Wheeler, Albert Carter, Wayne Estes, Chas. Martin, Bull Rowan, Holden and Charley Bennett.

SELLING NOTHING BUT SPACE

GREAT many people imagine that "SPACE" in a newspaper is the Cheapest Thing in the world until they attempt to buy a few square inches, when they discover that it is a very high-priced thing from their unfamiliar point of view; yet, as a matter of fact, "Space" is the Cheapest Thing a Business Man can buy when the question of operating expense is considered. But the value of that SPACE depends upon two things: Quality and Quantity as to the Circulation of the paper. Space in a newspaper or magazine with no Circulation is worth nothing; Space in a journal with a Clientile with purchasing ability, though with a small circulation, may be very valuable to the Advertiser.

¶ The Hereford Brand has both the Quality and Quantity in Circulation. The Quality is as much a consideration to the discriminating advertiser as the Quantity; the Quality can be shown by Test and Demonstration; the Quantity can be proved by Actual Count on the mailing list. The Brand claims to cover the Field thoroughly for the advertiser, reaching practically every home and fireside in the radius of the trade for the Hereford Merchant. Not only this, The Brand reaches a territory attractive to the Real Estate Dealer, going into a score of states outside of Texas.

¶ Our Mailing List is open for careful inspection by those who would buy Space; but we do not sell you "Nothing But Space;" a Circulation that is Worth While is included.

HEREFORD TEXAS

The Patronage of the General Public is Cordially Solicited.

Couldn't Walk!

"I used to be troubled with a weakness peculiar to women," writes Mrs. Anna Jones, of Kenny, Ill. "For nearly a year, I could not walk, without holding my sides. I tried several different doctors, but I grew worse. Finally, our druggist advised Cardui for my complaint. I was so thin, my weight was 115. Now, I weigh 163, and I am never sick. I ride horseback as good as ever. I am in fine health at 52 years."

TAKE CARDUI The Woman's Tonic

We have thousands of such letters, and more are arriving daily. Such earnest testimony from those who have tried it, surely proves the great value of this vegetable, tonic medicine, for women.

Cardui relieves women's sufferings, and builds weak women up to health and strength. If you are a woman, give it a trial. It should help you, for it has helped a million others. It is made from pure, harmless, herb ingredients, which act promptly and surely on the womanly organs. It is a good tonic. Try it! Your druggist sells it.

CHILDREN'S KIDNEYS

No Hereford Mother Should Neglect the Little One's Health.

Oftentimes weak kidneys cause great annoyance and embarrassment to children. Inability to control the kidney secretions, at night or while at play, is attributed to carelessness on a too frequently the child is punished. Parents having children troubled with kidney weakness would do well to treat the kidneys with a tested and proven kidney remedy. If there is pain in the back, discolored urine, irregular urination, headaches, dizzy spells or a tired, worn-out feeling, begin giving Doan's Kidney Pills at once. This remedy has been used in kidney troubles for over 50 years—it has cured and has been recommended by thousands. Proof in a Hereford citizen's statement.

Mrs. Clarence Smith, 611 E. Third St., Hereford, Texas, says: "We have used Doan's Kidney Pills in our family, getting this remedy at Woodburn & Son's Drug Store. About two months ago I gave Doan's Kidney Pills to my child who was suffering from kidney weakness and they proved so satisfactory that I heartily recommend them. Doan's Kidney Pills made a permanent cure in this case after other remedies had been taken to no avail. This preparation is a safe and reliable one."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Contract Let For Texico-Coleman Cut-Off.

June 11.—The contract for the completion of the Texico-Coleman Cut-off has been awarded to W. H. Denison of Cushman, Ark., and work has been started on this last stretch of road 96 miles in length which will be completed this summer. In the completion of this line from Lubbock to this point, gives the Santa Fe a direct line from the Gulf of Mexico to California which will be the most direct line between these two points. This is a project which has been long talked of, and the people of the south plains certainly have a right to be jubilant over the good news.

With the building of this the last gap of the great trans-continental route, and the R. L. T. F. & S. north and south, who will have the nerve to say that Farwell-Texico is not permanently on the map.—State-Line Tribune.

This Is So.

We wish to state in as plain and vigorous way as words can express it that Hunt's Cure will positively, quickly and permanently cure any form of Itching Skin disease known. One box is guaranteed to cure. One application affords relief. 18-4t

Clovis Defeats Hereford.

Messrs. "Beany" Stonehill and "Jack" Hull of Clovis, N. M., were the successful contestants in a game of tennis with Messrs. Woodburn and Dameron of Hereford Tuesday afternoon. Mr. Woodburn, in speaking of the game, said: "Mr. Hull was there with vicious drives and ferocious serving and did sensational work during the entire game, while Mr. Stonehill is a very conservative player, steady and to be depended on at all times." The score was 6-4, 9-7, 4-6 and 3-6.

T. M. Palmer Lumber Co.

Texas Industrial Notes.

Abilene—The first oats of the season were brought into town on the first of June. The grower reports the yield to be 35 bushels per acre.

Beaumont—The first solid car of cucumbers to leave this country was shipped from this city on May 31st.

Austin—The State received \$67,721.07 from land sales and leases during the month of May.

Pampa—Work has started on a new grain elevator in this city which will accommodate the coming wheat crop in Gray county.

Waco—The contract for the erection of the Missouri, Kansas and Texas Railway's shops and terminals has been let and work is expected to start at an early date.

Sabine—A permit to do business in Texas has been granted the East Texas Oil company, headquarters at Sabine; capital stock \$200,000.

Hereford—Survey work on the new railroad line between Benjamin and Crosbyton has been finished. This road will extend to Hereford.

Rockport—The survey crew of the Middle Buster have arrived in this city, completing the survey from Quanah to Tidewater.

Galveston—The Federal Government has decided to have the Galveston harbor deepened to a depth of thirty four feet. The work is expected to be completed by Sept. 1st.

Luling—It is reported that a thick layer of coke has been struck near here. A sample of the mineral has been sent to the A. & M. College for analysis.

Brownsville—The first car of watermelons to be shipped this season has been received in this city.

San Marcos—A moving picture show has opened in this city and is managed by women. Educational pictures will be shown.

Dallas—Reports from the Gulf, Texas & Western state that that line will build an extension from Jacksboro to Salesville, a distance of 24 miles, where connections will be made with the Mineral Wells & Northwestern.

Judge and Mrs. C. G. Witherspoon and daughter, Miss Bertha, are in Hereford for a visit to old friends. They come to Hereford from Waxahachie where they have been attending the closing exercises of Trinity University at which place Miss Bertha was attending school this year. The Brand understands that they will be in Hereford probably two weeks before proceeding to their home at Bakersfield, Cal.

W. L. Escavaille of the Maverick-Clarke Printing Co., of San Antonio was the guest of Messrs. Tom Webb and Henry Wilkinson on a fishing trip Tuesday afternoon. The fishing was good; but on the return journey the trio unfortunately encountered a full size shower. Mr. Escavaille now declares that S. B. Edward's clothes were made especially for him.

Miss Fitz, who had charge of the Mrs. A. B. Crump millinery parlor and who has been on a visit to her sister, Mrs. Peel, at Lucy, N. M., is here for a few days' visit with Mrs. Thos. Cook and Mrs. Geo. A. Stambaugh before returning to her home at Dallas.

Miss Norah Betts left for Nashville, Tenn., Wednesday morning where she will visit for a few days with her sister, Mrs. W. E. Garrison, and from there will go to Chicago to attend the summer term of the Chicago University.

Calomel Is Bad.

But Simmons' Liver Purifier is delightfully pleasant, and its action is thorough. Constipation yields, biliousness goes. A trial convinces. (In yellow boxes only.) Tried once, used always. 18-41

To pacify a cross liver nothing is better than Dr. Miller's Laxative Tablets.

Society**A MORNING PARTY.**

The little morning party given on Thursday by Mrs. B. S. Arnold, complimentary to Mrs. Odell Elliott of Dallas, was cleverly planned and exceedingly pleasant. As a little reminder of the not distant wedding of "Miss Mildred," the ladies, who composed the bridal party, Miss Rhone of Winsboro, Texas, and a few other friends were the invited guests. Misses Bertha Witherspoon and Meda Woodburn, just home from boarding school, were warmly greeted. Progressive "325" furnished ample diversion for the morning. After a number of games and much conversation, an appetizing salad course was served.

FOR THELMA.

Eighteen small children gathered at the home of Mrs. Rex Tynes on Saturday morning of last week to join Thelma in merry making on her sixth birthday. A number of little gifts were made, but by far the greater gift was the presence of the children themselves as they all joined in the games of the morning. Mrs. Tynes had spared no pains to make her home pretty and attractive for this little party. A color scheme of yellow and white was used in the dining room, the center of the table being graced by the birthday cake lighted by six yellow tapers. Dainty refreshments of fruit gelatine and cake were served.

SCRAPING BARK FROM TREES

In Case of Ordinary Healthy Tree Treatment is Advocated by Pennsylvania Zoologist.

As to the advisability of scraping rough or shaggy bark from apple trees, the state zoologist of Pennsylvania has the following to say:

This depends upon the conditions in general. I advise such treatment, especially for rough, scaly bark on old trees; but if it be bark that has been roughened by the injurious action of soil sprays, or by burning with fire or some other injury, I am satisfied it would be wrong, because this is the tender bark beneath just what a scab of an animal is to a sore which it is protecting.

Therefore, if the bark beneath be tender, so that it would be injured by being scraped, it is best not to do it. In the case of an ordinary healthy tree it is certainly best, but at injured places, such as above mentioned, it is advisable to scrape gently, if at all. On an old tree one cannot apply enough pressure with a short-handled hoe or bark scraper to do any injury, and this will remove many insect pests, such as codling moth, woolly aphis and certain hibernating creatures, and expose scale insects and other pests to the action of the weather, and of the insecticides to be applied before the leaves appear.

YOU'LL LIKE HEREFORD!**\$100 Reward, \$100**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

TEXAS NEEDS GREAT MEN**XXXIV. BEAUTY**

THE GREEKS loved beauty, but ugliness gave them a pain like a blow. They planted in human life a love for the beautiful which has lifted mankind into a brighter world and widened the horizon of human happiness, and the lives of their great men were models of human effort and examples of marvelous achievement which have encouraged and inspired the world.

There is no nobler deed than to plant in the garden of civilization flowers that will blush and bloom and shed their fragrance to future generations.

**THE GREEKS LOVED BEAUTY.**

Let those who would pluck roses of fame, plant seed thoughts that will blossom along life's highway and laden the atmosphere with progress; scatter prosperity germs in the life of state that will flourish and bring forth the fruits of industry and open up the gates of wonder on a world of opportunities as inviting as a night full of stars. Texas Needs Great Men.

WHEAT WANTED

Recently the writer met with The Oklahoma Grain Dealers Association at Oklahoma City, and The Texas Grain Dealers Association at Fort Worth where we met personally a great number of milless and grain dealers; are in direct touch with them and have a splendid mailing list. They are all clamoring for Panhandle wheat, which has no equal, and will pay a fancy price for it, and I'll pay you a fancy price. Come to Hereford.
