NUMBER 52

## MISS EDWARD'S KOREAN LETTER

Another Interesting Communication  
From Hereford Young Lady in  
in Far-off Mission Field.

A beautiful country village.  
Sunday, Nov. 17.

Dear Lula:  
I am out on a month's itinerary and for the first time in all my country traveling I am spending Sunday in a village where there is not a Christian. I have, of course, been in heathen villages and spent the night in them many times before, but I always have managed to spend Sunday where there are some Christians and we have service and then go out and visit in the heathen homes and exhort them and invite them to church. I expected to reach one of our large county site churches yesterday, but dark overtook us before reaching there, so we had to stop in this village, so we can have no regular service today, and though I forgot to put my writing material in when packing for this trip, I will use some Korean paper such as I can obtain in this home and a pencil and write you a letter.

Since I finished breakfast about two hours ago there have been about ten women in my room to see me and hear my wonderfully strange doctrine. They are all so busy and have no time pieces; I can not get them all together for a service, so I just teach them one at a time. Sometimes they are so interested in looking at me and my things that they do not pay very good attention to my message at first, but most of them hear eagerly and receive it gratefully. I will go out after lunch and find others in their home.

It has been a week and a half since I left Choon Chun and during that time I have visited six of our churches and have had most gracious services with them. The night before I left home I wrote Jennie about the wonderful week's class we had just held in Choon Chun. I am so glad to find the women who attended those meetings all enthusiastic and untiring in their efforts to reach and help the women in their respective home communities. I am so thankful that I was raised in the country, for I can in some way sympathize with the people who have to make some effort to get to church and school, and I can in some measure understand them in their joy when some one comes to help them, for were we not always very glad to see our pastor when he came every fourth Sunday?

Sometimes as I ride in the cold or hot over these rough mountain roads and get very tired, I am for a moment tempted to say: why can't the few Christians there worship together and lead those unbelievers to the Light, but when I think how new and strange the faith is to even the Christians and see how little they know about the Bible, I realize how absolutely necessary it is that some one teach them, and I am most grateful for the opportunity. When I reach their homes and see their sacrifice and their tireless effort to make the missionary comfortable, it sometimes almost breaks my heart. Day before yesterday I visited a church where an old man and his wife have been serving God for five years and have by their lives and simple teaching lead twenty-five or

thirty others to serve Him. I arrived in that place late Thursday night and before day Friday morning that poor old man was up and away to tell his neighbors, who lived three, five and six miles away, that the missionary had come. By ten o'clock they had all walked into the village and were at the church ready for service. We had three services that day and they returned to their homes after the night service for the homes there were too small to receive only a few of them. Yesterday morning the old woman in this home, who is sixty-five years old, came by day break to my room bringing fifteen eggs, saying she was sorry that their food was so poor that they could not have me eat with them, but that she had heard that westerners liked eggs and had saved those for me. The poor old woman was then so poorly clad that she was fairly shaking.

I will be out about two weeks longer on this trip then I will go out for only a few days during the coldest weather. It is now real cold, the mountain streams are all frozen, and we have had two light sprinklings of snow. When I am out I wear three coats, legging, furs, woolen cap; veil, and over my arctics large cotton padded stocking, (if they might be called such.) I have been fairly comfortable all the time on this trip. I have learned how to make myself quite comfortable in Korean homes, always having my kitchen, dining room, bed room and reception room combined in one. The rooms are eight by eight feet, but one which it has been my privilege to occupy was half filled by a weaving machine. In that case as the machine was unmovable, I put my clothes and food boxes out in the adjoining porch and put only my cot in the room.

I have been getting some good pictures showing some of our work and Korean life, which I will send home soon. By the time this letter reaches home it will be about Christmas time. I shall be glad to hear all about your joyous times. I am sure we will have a happy time in our mission homes and with our Korean friends. It is a joy to help make our children happy. Here is another opportunity to tell Gospel story, so I must stop writing and help this sad hearted woman, who has come to see me. I will post this letter as soon as I reach an office. I am sorry that I forgot my pen, for I fear this will be difficult to read by the time it reaches you. I expect to get my mail tomorrow when I reach this county site, as I asked Miss Jackson to forward anything coming to me at Choon Chun. I hope there will be a home letter awaiting me.

Lovingly your sister,  
Laura.

P. S. Sunday night—Madia, my Bible woman, and I have been out visiting in the village this afternoon and five more women decided to accept Christ and they have all agreed to keep Sunday as a day of worship from this time on. They will meet for worship in one of the homes next Wednesday night and the following Sunday.

### How Foolish

To suffer from Skin Diseases [Itch, Eczema, Ringworm, etc.] when one 50c box of "Hunt's Cure" is positively guaranteed to cure or your money promptly refunded. Every retail druggist in the state stands behind this guarantee. Ask your druggist and see the guarantee with each box. You don't risk anything in giving it a trial. 48-5t

## LOCAL MINISTER PASSES AWAY

Sidney T. Shore, Pastor of First  
Christian Church Dies After  
Short Illness, and is  
Buried With Honors.

Rev. S. T. Shore, minister for the First Christian church of Hereford, died at his home in North Hereford, January 26, at 4 o'clock p. m. He was buried with Masonic and Christian honors in the City Cemetery the following Tuesday at about the same hour of the day. A large concourse of people attended the funeral services and burial ceremonies.

"A good man is gone!"—These were the words of his many friends when the sad news of the death of Rev. S. T. Shore went out from his home Sunday afternoon. For two weeks he had fought with soldier-like courage in the unequal struggle against the invasion of the dread disease—pneumonia.

The watchful care of nurses and physicians were never relaxed since the minister was taken ill on Sunday, January 12. No alarm was entertained by his family until two of three days had passed when the attending physician pronounced his condition as serious. All of his friends, however, worked and hoped for a speedy recovery and he, too, felt that he would win the battle. At the close of the first week, on Sunday morning, Mr. Shore sent out word to the membership of his church and to his many inquiring friends, saying—"Tell my friends that I am going to win the fight." His family and friends built hope upon hope and redoubled their efforts to help the sufferer to win, but how weak are the arms of the strongest! The vigil never ceased, every skillful attention was given, but human efforts could not stay the inroads of the disease, and a peaceful end came to relieve further suffering at the hour named.

### THE FUNERAL EXERCISES.

A double service was held over the remains, one at the church by the officers of that body and another at the grave by the Masonic order. The officers and members of the departed preacher's church followed the corpse from the residence to the church where appropriate and impressive services were conducted, Rev. Walter P. Jennings of Amarillo being master of ceremonies. The principal address was delivered by Rev. Frederick M. Grim of Albuquerque, N. M., a long-time, personal friend of Mr. Shore. The officers of the church were seated immediately behind the members of the bereaved family, who occupied a place directly at the front. The pulpit and minister's vacant chair were draped in long folds of black; the many beautiful floral offerings covered the casket which was placed before the pulpit. The members of the Masonic fraternity were seated in a body at the right. The large Sunday school auditorium, where the exercises were held, was filled to over-flow by the people of the city. A solemn, sad stillness, broken only by the sobs from sympathetic hearts, fell upon the congregation as the casket was borne into its presence. Rev. Walter P. Jennings, master of ceremonies, arose and read from the scripture that chapter which contains this wonderful phrase—"I am

the resurrection and the life." This was followed by a song—"Follow Me"—rendered by the children's choir. A choir selected from the other churches of the town sang—"The Unclouded Day," and while Rev. R. H. Purser of the Baptist church lead, the audience bowed in reverent prayer. Then softly the choir sang—"Rock of Ages." The funeral sermon was preached by Rev. Frederick M. Grim, his friend, taking for a text: "Oh death where is thy sting; oh grave where is thy victory!"

After the sermon, short talks were made by the local ministers of the different churches: Rev. R. H. Purser of the Baptist church; Rev. W. M. Baker of the Presbyterian church, and they were closed by Mr. Jennings, pastor of the Amarillo Christian church. Rev. Thos. G. Nance, the pioneer preacher for the Disciples on the Plains, an officer in the church, was called upon, but could not speak on account of his grief. While the friends viewed the remains the choir sang—"Safe in the Arms of Jesus," and "Nearer My God to Thee."

A long line of sympathizing friends followed the body to the cemetery, where the Masonic order conducted its beautiful and impressive ceremonies. The last sad rites were performed, the last tribute of respect to the body of their departed brother was given. Kind and loving hands made and marked the mound that holds the mortal body of our kind and beloved brother, friend and minister.

The pall bearers from the residence to the church were: L. Gough, J. W. Barnett, D. A. Shirley, F. H. Oberthier, R. H. Norton and A. H. Elliston, active; Thos. G. Nance, Geo. A. Stambaugh, W. B. Dameron, E. E. Ramsey, J. W. Robinson, Elmer Dameron, honorary. All were members and officers of the First Christian church. The pall bearers from the church to the cemetery were: A. J. Lipscomb, J. T. Jowell, J. E. Ferguson, A. P. Murchison, R. H. Barnett and W. J. Gilliland.

### HIS LAST WORDS.

Having devoted nearly 14 years of the best of his fruitful life to the ministry, his work bore constantly upon his mind; and while he lay prone upon his bed, his thoughts, no doubt, were often diverted from his pain-racked body by visions of the "border land." Then it is not strange, when in the last moments of earthly existence, he should turn to his constant friend and ask—"What will you have me to do next?" Interpreted in the light of what he thought and had expressed about the future state, this means—"My work here is finished, the finite is closing its doors and the infinite is opening wide its portals; the labor here is done, 'what will you, Dear Lord, have me to do next?'" From the pulpit this faithful preacher had often said that this life is but a span of eternity, that those who receive God's blessing would be ushered into His infinite presence to begin anew the researches of the wonderful things of the universe, to grow without the hinderances of finite beings, and to develop the mental and spiritual natures of our existence in the ceaseless ages and ever recurring cycles of eternity. And death to him was not an appalling accident, but like his good friend, Mr. Grim, who happily took for his text in his oration this same thought: "Death is but an event in life." With this view of the "other side," and conscious of service well done, he heard the summons and obeyed the call with a smile confident of the future, dying as only Christian soldiers die.

A loving husband and father left a vacant chair in the home circle; a faithful preacher has clo-

## WELL NO. 5 BROUGHT IN

On Walker-Perkins Tract West of  
Town—A Fine Flow Developed  
For Irrigation.

Well No. 5 on the Walker-Perkins League 6 miles west of town was "brought in" last Wednesday and the foreman of the crew reports a fine flow of water. A 50 H-P engine is the power used. This company also has a derrick up and the place ready for the drill on the Ricketts farm just south of town. Their two machines will be continuously active from now on and it is expected that not less than four wells per month will be drilled.

his Bible and stepped up to higher ranks; a kind friend has passed this way and is gone, a good man has departed from us.

### PERSONAL HISTORY.

Sidney T. Shore was born at Winston Salem, North Carolina, September 23, 1871, of a parentage of the Moravian faith and of that good German stock who first settled the state. He received his primary education in the common schools of his native state, finishing at the Rural Hall high school and later, 1895, graduating from Fairview Institute, Whitsett, N. C. He attended the North Carolina State University one year and then entered the Christian University at Canton, Mo., where he received the A. B. degree in 1899. Wishing to pursue his ministerial courses further, he enrolled in Drake University at Des Moines, Iowa, graduating with high honors in 1902, receiving the A. M. degree. He came to Texas the same year and located at San Angelo, where he held a successful pastorate for over 5 years. He next came to Canyon where he preached for a few months and then was called to the Hereford church, where he built up a strong organization. He was married to Miss Florence Moyers at Madison, Ind., May 29, 1904, and to this union were given three children, two of whom survive—Moyers S., age 6 years and Sidney T. Jr., age 3 months. His loving and faithful wife, a brother and three sisters in other states also remain to mourn his departure from this life. Mrs. Shore's mother, Mrs. Moyers, her brother, S. N. Moyers, and her two sisters, Misses Willie and Bessie Moyers, were in the home at the time of the illness and death of Mr. Shore. His host of friends join in sympathy for the bereaved family.

Are you using American Lady Flour? "If not why not." It's the best. Phone Oscar Cliett's for a sack now. It

### Telephone Service Appreciated.

During and after the fatal illness of Rev. S. T. Shore, the many patrons of the telephone service expressed their very great appreciation of the faithfulness of the operators. Night and day they were ready and willing to answer the hundreds of calls. The management received reports three times a day from the nurses and physicians and these were repeated to anyone who made inquiry. At no time has the telephone service been so useful.

## BROOKLYN TABERNACLE

BIBLE STUDY ON

THE DELUGE EFFECT.

Genesis 6:9-22; 7:11-24—Feb. 2.

"For the wages of sin is death; but the gift of God is eternal life, through Jesus Christ our Lord."—Romans 5:23

SCIENTIFIC Bible students find the Bible story of the Deluge corroborated by Geology, Astronomy and History. The oldest records of Babylonia tell of the Deluge. But no record compares with the Genesis account or gives a connected history of 1656 years from Adam to the Flood.

Geology demonstrates that there have been several great deluges. When we ask whence such floods could come, Astronomy points us to Saturn and Jupiter with their "rings," composed of minerals thrown off as gas when the planets were at white heat. These gases cooled and formed various rings. The rotation of the planets on their axes causes these rings to spread out as great envelopes,

and gradually to thin at the equator and thicken at the poles, until they collapse, causing deluges.

The earth once had similar "rings," precipitated one after another, at long intervals during the Six Great Creative Days. God so timed His Plan that the last of earth's rings was still unbroken when man was created. But it had spread into a great canopy or veil. There could be neither rain nor storm under such conditions. (Genesis 2:5.) The temperature of the whole earth was equable, the sun's rays acting upon the canopy as upon the white glass of a hot-house.

Why the Polar Ice?

Geology testifies to a Glacial Period, when great icebergs, carried by floods of water, rushed from the poles toward the equator. Scientists have traced great valleys cut by these icebergs during this period.

The collapse of the canopy caused a deluge at both poles, a flow of great tidal waves toward the equator and sudden, intense cold at the poles. The water froze so rapidly that in recent years animals with grass between their teeth have been dug out of solid polar ice.

The vertical rays of the sun kept the equatorial atmosphere very hot until the trade winds sprang up, distributing the heat over the earth. The equatorial waters were also very hot, until the ocean currents set in. These like the Gulf Stream, carry the warm equatorial waters toward the poles. These processes, going on for 4400 years, are gradually thawing out the polar regions, and causing large numbers of icebergs to break loose from the polar glaciers, and distress mariners.

Professor George Frederick Wright has dropped a suggestion which fits well with the Bible narrative that Noah's ark apparently remained near the place where it was built. As we understand the professor, the geological evidences are that swift currents laden with icebergs and rocks visited parts of America, Europe and Asia, but seemingly avoided Mt. Ararat, where evidently an eddy formed, for alluvial deposits there are extraordinarily thick.

The Cause of the Deluge.

Let us inquire, Why did not Divine providence precipitate the last ring before man was created? The answer is that God foreknew the rebellion of Satan and permitted the temptation and fall of man solely because He foresaw how ultimate good could be accomplished and valuable lessons be given both men and angels. All of His dealings are along lines of Justice, guided by Love Divine.

Before the Flood wickedness had greatly increased, but not merely from human depravity. Some of the angels became disobedient to God, and by their greater intelligence led mankind into depths of iniquity.—Genesis 6:1-5.

The Bible cites many instances where angels have materialized as human beings. This power appears to have been possessed by angels before the Flood. Some of them married daughters of men and lived as human beings. The children of these angels were human beings different from Adam's family.

We read that they were giants, "men of renown," who filled the earth with violence. Finally God's displeasure blotted them out of existence in the Deluge. God thus manifested His determination to destroy sin.

Antediluvian sinners of Adam's race belong to the mass of mankind, with whom Messiah will deal during His Millennium reign of righteousness. After chastisement for willful disobedience,

"All flesh died."

they may be, if willing, recovered from sin and death, and attain human perfection—at Jesus' cost.

### Terrill to Introduce Highway Bill.

West, Tex., Jan. 30.—Hon. H. B. Terrell of this city, representing Senatorial District No. 8 in the 33rd Legislature, has prepared a bill which will be introduced in the Senate proposing to create a non-salaried commission of five members, with authority to employ a skilled highway engineer at a salary not to exceed four thousand dollars per annum, whose duty it shall be to make a general highway plan of the State, to gather information and compile statistics relative to the mileage, character and condition of the highways of the different counties of the state, and give the County Commissioners the benefit of his counsel in matters pertaining to road construction. The department is to receive its support from a tax of \$2.00 per annum on automobiles.

The necessity for a public highway department on some sort of basis is generally recognized, and the bill prepared by Senator Terrell opens up the subject for legislative discussion. The enormous loss which the public highway fund undergoes annually through lack of skillful supervision in expenditure would

many times support a public highway department. There is approximately \$10,000,000 per annum spent on the highways of the State.

16 pounds of Sugar at Cliett's. 1t

Austin, Texas, Jan. 30.—Hon. R. R. Williams, representing the 34th district in the Thirty-third Legislature, will introduce a bill in the House in favor of four-year term of office for State and County officials.

"Democratic Bob," as he is familiarly known, has grown gray in the service of his party, and half a century's experience in public life has convinced him that a higher degree of efficiency can be maintained in public service and less business disturbance to the country by a four-year term of office. The expenses of an election, including those of all candidates, are estimated at \$11,000,000, and 36,750 candidates spend from three to six months campaigning, and a four-year term would save this expense biennially.

The "Cumby blacksmith" is one of the most unique characters in the Legislature and is the center of interest at the capital.

### Good Blood Means Good Health.

A clear healthy skin, full of life and color, reflecting perfect health and energy has long been known to be a business and social asset.

If you are not the fortunate possessor of all the above—if you are suffering from skin eruptions of any description, it means that the blood is weak.

Pure blood, rich red in color and circulating freely, is the essential factor in the possession of perfect health.

**When it becomes impoverished—thin and watery—it cannot supply proper nourishment and the body tissues become diseased.**

This condition is ever ready to manifest itself and should be checked and treatment started with the first appearance of blood disorder.

In our estimation Nyal's Hot Springs Blood Remedy is the one best treatment. It gets at the root of the trouble, cleanses the blood of impurities, increases the circulation, produces blood that is rich in nourishment, blood that builds up broken-down tissues.

It will not be long before you notice a decided improvement—you will feel the blood coursing through your veins, your appetite increases, the food will be absorbed in the proper manner and the skin will become clear and healthy.

**You will never regret having used Nyal's Hot Springs Blood Remedy—it will put you on your feet.**

■ We expect to be here in business a good many years. The only way we can do it is by treating everybody right. That's our policy.

### BRONCHITIS SUFFERER

Takes Druggist's Advice With Splendid Result.

If anyone should know the worth of a medicine, it is the retail druggist who sells it over his counter every day in the week, and is in a position to know what remedy gives the best satisfaction.

Mrs. Frank H. Uline, of West Sand Lake, N. Y., says: "For a number of years I was a great sufferer from bronchitis. Last July I had an attack which was more severe than any, and my friends thought I could not recover from it. Then I was advised by my druggist to try Vinol, which I did, with wonderful results. My cough has left me; I have gained in weight and appetite, and I am as strong as ever I was. I advise all who have bronchitis, chronic coughs, or who are run down to try Vinol."

It is the combined action of the medicinal curative elements of the cod's liver, without the greasy oil, aided by the blood-making and strength-creating properties of tonic iron that makes Vinol so efficient.

Remember, we guarantee Vinol to do just what we say—we pay back your money if it does not.

## THE GOLDEN AGE AT HAND.

Scriptural Evidences That Are Astonishing—No One Can Afford to Be Without the Knowledge.

We do our friends a valuable service when we call their attention to the valuable book entitled, "THE TIME IS AT HAND," in which are given many Scriptural evidences to prove where we are on the stream of time.

"Men's hearts are falling them for fear" and many of the leading thinkers are proposing remedies to better conditions. The Scriptures assure us that man's extremity will be God's opportunity, and this book holds out an anchor to those who fear the wave of unrest now spreading over the world.

The honest heart confesses that it is at a loss for an explanation of transpiring events. While we refer to this as the BRAIN AGE and the Age of ENLIGHTENMENT, nevertheless many realize that we are fast approaching a crisis which is wrapped in darkness owing to the present worldwide social, religious and political unrest.

Send 25 cents at once for the book. Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

### Summitt Breezes.

Thomas Shepard, son of Geo. E. Shepard, the man with a hustle and a smile, starts to school in Plainview this week. It is his purpose to prepare for the ministry and there is no doubt he will make a success as he is of a cheerful and happy disposition, with plenty of energy and faith in God. We wish him the utmost success.

Mr. and Mrs. N. H. Cabot of Vega are visiting the latter's aunt, Mrs. C. P. Galley, for a couple of weeks.

Frank Cooper has returned home and his wife has so far recovered from her recent illness to be able to follow in a week.

S. J. Rice was attending to business in Hereford Tuesday.

Mrs. Cabot and Mrs. Galley spent a pleasant afternoon with Mrs. Geo. and Mrs. Roll Douglas one day this week.

Allan Bell was in this neighbor-

hood lately receiving the sheep he had purchased of Mr. Rice.

## PUMPED WELLS BEST METHOD

Irrigation Experts Talk About Irrigation by Pumping From Underground Reservoir.

The following article by H. M. Madison in the Stockman and Farmer of San Antonio:

A single point was brought out by two talks the writer had with Prof. H. P. Attwater, industrial agent of the Southern Pacific railroad, and M. E. Layne, who is the head of one of the largest well irrigation systems in the United States. The point was the economy of wells as a method of irrigation. Prof. Attwater was inclined to the opinion that pumping wells was not feasible on account of its expense. Mr. Layne pointed to a small town in Arkansas—Stuttgart—where a few years ago there was practically no irrigation or agricultural development and then pointed out where freight bills had been issued in the past season for irrigation products, grown entirely on land furnished with water pumped from wells, was \$266,000, and where the people were putting in all their spare money to develop new land by pumping wells.

This, said Mr. Layne, was one illustration out of many in his personal experience. The writer frankly told Prof. Attwater that he would be compelled to disagree with him in his opinion that pumped wells were not sufficiently economical to make a commercial success of irrigation. This department believes it is one of the very best of all systems for irrigation. Figures are not going to be submitted at this time to prove this point, and in fact it is doubtful whether enough reliable figures are obtainable to make an absolute demonstration. The reason for this inability to get figures in southwest Texas is based on the fact that there are so many poorly drilled and cased wells, wells of too small size, and that such wasteful methods of using water are in vogue that there can hardly be any fair test.

Not on an average is one-third of the value gotten out of our present available water supply. In other words a properly drilled, finished and cased well with the water from it properly used will irrigate three times as much land as it now supplies. To put it still differently, water is costing three times as much as it should. Any figures now obtained

**THE HEREFORD BRAND AND THE DIMMITT PLAINSMAN BOTH ONE YEAR FOR \$1.50**

These two papers fully cover all the important Local and Development News of Deaf Smith and Castro Counties.

ADDRESS BRAND PUBLISHING CO., HEREFORD, TEXAS

on the cost of water for land must therefore of necessity be divided by three. These are on an average of course. For example, should it be found that it costs \$9 per acre to supply irrigation water by pumping from wells, the real cost ought not to be over \$3. This carelessness in drilling wells and the use of water is one of the most expensive things in southwest Texas. It is losing every year not only thousands or hundreds of thousands of dollars, but literally millions. Not only is it doing this, but it is damaging land and driving away success.

If this department could arouse public attention to this enormous waste and help prevent it the feeling would come that the efforts that we have put forth to give out the facts has not been in vain. We have no wish to criticize anyone with an honest opinion or variance with our views. We want to listen to it with respect and give it the consideration it deserves. This is particularly true of a man of the attainments of Prof. Attwater. We are even willing to concede that we may be wrong, and he may be right. But it is difficult

to see why southwest Texas was settled at the rate of only one-fiftieth of one per cent annually under rain-belt methods while irrigation sections are being settled up at a rate of 5 per cent annually under irrigation. If irrigation makes actual settlement seventy-five times faster than rain-belt methods then there is much reason to keep irrigation in the forefront.

If it is objected that it is only pumped wells that are regarded as not economical, it may be pointed out that nature has constructed great underground reservoirs in southwest and northwest Texas, especially around Hereford and Plainview. These reservoirs have none of the enormous losses by evaporation as surface ones do. No investment is required to construct dams to hold the water. No land is lost that has to be used as a storage reservoir. Besides this, the pumping well is not flowing its water all the year round and water soaking the land and letting much go off in evaporation and run to the gulf of Mexico. The pumping well only brings up water when it is needed and in amounts

that are required. The balance of the time the water stays in the great natural reservoirs free from evaporation. They prevent waste. They preserve the surplus. They do not damage land by water soaking. The pumping well will soon be recognized as one of the very best forms of securing water for irrigation.

**Pneumonia and Pleurisy.**  
For over thirty years Hunt's Lightning Oil has been acknowledged to be a very quick relief when rubbed well on the chest. Many hundred letters testify to the benefit it has given others. Why not try it? All druggists, 25c and 50c bottles. 48-5t

**Baptist Church.**  
At the morning service the subject will be—"Zion's Awakening." At the evening hour—"A Conference With God." Good singing at both services. The people cordially invited.

**Calomel is Bad**  
But Simmons' Liver Purifier is delightfully pleasant and its action is thorough. Constipation, biliousness goes. A trial will convince. (In Yellow Tin Boxes Only) Used once, used always.

All reading matter appearing in The Brand marked "t" or "tf" with figures prefixed or "adv." is paid advertising.

**IRRIGATION MAY PROVE FAILURE.**

A news dispatch from Washington D. C. states Dr. B. T. Galloway, chief of the Bureau of Plant Industry, has written in his report to the Congress that there is danger of failure on the part of the government in reclaiming lands in the west on account of the presence of alkali in the soil.

"I will go further and state," he said, "that so far as I know, there has never been any long continued irrigation in a semi-arid climate anywhere in the world, on account of the presence of alkali in the soils." Dr. Galloway should be accredited as authority in the subject of irrigation and soils, and when he states that irrigation in alkali regions is likely to be a disappointing failure, he is correct. In many places where alkali exists in any appreciable quantities the farmers have found that many kinds of crops will not grow.

The wide-interest now being shown in new irrigation districts has called up this question of "soil death," and even at Hereford the question has already been asked. The best answer to this is to show the investigator the field ditches. They do not indicate the presence of that death dealing alkali. The water is pure; the fields and gardens on the Plains are free from deterrents of all kinds.

This makes the pumped well irrigation at Hereford a doubly safe proposition. A natural reservoir, underground, preventing loss by

State of Ohio, City of Toledo, Lucas County, ss.  
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE.

Take Hall's Family Pills for constipation.

evaporation, any easy way of lifting the water to the surface, and a soil susceptible of a high state of cultivation under irrigation. No danger of that deadly alkali, no "water logging," fields level and of just the right grade for irrigating; a perpetual sunshine, and a salubrious climate, all combine to place Hereford in the fore-front of all irrigation districts.

A resolution has been introduced in the Legislature calling for an investigation of the land deeded to the Capitol Syndicate, it being alleged that the company received four million acres for building the state capitol instead of three million.  
As predicted and expected, even by Sheppard's political foes, he was chosen by the Texas Legislature for both the short and long term over Col. Johnston, Jake Wolters' substitute for Ex-Senator Bailey's place. The vote stood in the house: Sheppard 87, Johnston 54; in the senate, Sheppard 17, Johnston 12. Sheppard received a unanimous vote for the regular term. It has "leaked out" since that a private poll by Wolters et al was made before Johnston was appointed and he was assured that everything was "fixed." The final outcome must be quite embarrassing to Mr. Johnston and his first friends.

**DECIDE YOURSELF**

**The Opportunity Is Here, Backed by Hereford Testimony.**

Don't take our word for it.  
Don't depend on a stranger's statement.  
Read Hereford endorsement.  
Read the statements of Hereford citizens.  
And decide for yourself.

Here is one case of it:  
J. D. Burkett, 300 E. Second St., Hereford, Texas, says: "I can strongly recommend Doan's Kidney Pills, which I got from Woodburn & Son's Drug Store. I suffered acutely from sharp twinges through the small of my back, especially when I stooped or attempted to lift. I was caused much annoyance by a too frequent desire to pass the kidney secretions and these troubles all showed that I had kidney complaint. Since I used Doan's Kidney Pills, I have been quite free from these difficulties. I have often suggested a trial of this preparation to other persons afflicted in a similar way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Rev. Irl R. Hicks, the long distance weather prophet of St. Louis, has "hit" every storm so far this winter. Get his Almanac and post yourself about the weather for 1913. At the Brand office for 30 cents, or with a year's subscription \$1.10.

**BOEHMER FOR PURIFICATION OF BALLOT.**

J. O. BOEHMER

Eagle Pass, Tex., Jan. 30.—Hon. Jos. O. Boehmer, who will represent the 117th district in the Lower House of the coming Legislature, will introduce a bill known as the Ballot Purification Bill, which is designed to prevent any possible irregularities in elections and to eliminate as far as possible that element of the voting population which abuses the right of franchise. Mr. Boehmer is chairman of the Ballot Purification League which was organized at Del Rio on February 16, 1912, and the bill which the editor statesman will introduce grew out of the recommendations of this body.

### MAKE IT AT HOME

Save money by making and using Quinzoin hair tonic. A full pint easily made for about 50c, the cost of a small bottle of other patent tonics.

A few treatments with Quinzoin tonic will relieve the head of dandruff which clogs the scalp and chokes the hair, causing it to fall. You know a healthy scalp always means a head of beautiful, lustrous, fluffy hair. It is nature. Assist nature. Give your scalp correct treatment. Just brush your hair well each night and, twice a week, treat the scalp by dipping the tips of your fingers to Quinzoin hair tonic and gently massaging the scalp. This will strengthen, invigorate and make any scalp healthy.

Why not try it? Let nature do the rest and you will be proud of your beautiful head of thick, fluffy, healthy hair.

Use this formula. Get from your druggist 1 ounce Quinzoin, dissolve it in 1/2 pint of alcohol (not whiskey), then add 1/2 pint water; let stand over night and strain.

### TRY SOLACE AT OUR EXPENSE

Money Back for any case of  
**Rheumatism, Neuralgia or Headache that Solace Fails to Remove**

**Solace Remedy** is a recent medical discovery of three German Scientists that dissolves Uric Acid Crystals and Purifies the Blood. It is easy to take, and will not affect the weakest stomach.

It is guaranteed under the Pure Food and Drugs Law to be absolutely free from opiates or harmful drugs of any description.

Solace is a pure specific in every way, and has been proven beyond question to be the surest and quickest remedy for Uric Acid Troubles known to medical science, no matter how long standing. It reaches and removes the root of the trouble (Uric Acid) and purifies the blood.

The Solace Co. of Battle Creek are the Sole U. S. Agents and have thousands of voluntary testimonial letters which have been received from grateful people Solace has restored to health. Testimonial letters, literature and FREE BOX sent upon request.

R. Lee Morris, president of the First National Bank of Chico, Texas, wrote the Solace Company as follows:

"I want you to send a bottle of Solace to my father in Memphis, Tenn., for which I enclose \$1. This remedy has been used by some friends of mine here and I must say its action was wonderful. (Signed) R. L. Morris.

Put up in 25c, 50c, and \$1.00 boxes. It's mighty fine to be well and you can soon be so by taking SOLACE. "No Special Treatment Schemes or Fees." Just SOLACE alone does the work. Write to-day for the free box, etc.

**SOLACE REMEDY CO., BATTLE CREEK, MICH.**

Lincoln paint is the only kind that is made especially for this climate. Kemp handles it. 51-2t

### Poultry Farming at Hereford.

In keeping with the other progressive enterprises in the Hereford country, poultry farming is forging right up to the front. Hereford has a number of chicken fanciers and breeders of pure blood stock, besides a large number who just raise chickens.

One of our exclusive poultry farms is owned and operated by Theodore Cochell, whose place is in the west suburbs of Hereford. A visit there would be revelation to everyone. You see nothing but pure, white chickens, and a good name for the place would be "Snow-White Poultry Farm." Nothing but pure strains and breeds are allowed in the yards. At present, Mr. Cochell has three breeding pens; one of white leghorns, the second of white orpingtons and the third of white wyandottes. Only the best birds of his yard of about 180 chickens are put in the breeding pens. He has the best and latest improved trap nests, which enable him to keep tab on the laying qualities of each hen and the hatching percentage of their eggs.

Aside from the white chickens, Mr. Cochell's fancy has led him to utilize an artificial lake near his house by having a few fawn and white Indian runner ducks. Their quacking noise combined with the clear clarion voices of the leghorn cocks make concordant music that would inspire any chicken fancier to double his efforts in poultry raising.

With as many poultry breeders as we now have in the county, there is no reason why a most creditable poultry show could not be had this fall. Let's!

County Judge Deaf Smith County, Texas. 50-3t

### Silver For "The Texas."

We read of a movement to raise a fund by popular contributions to buy and present a silver service from the people of this state to the new battleship "Texas." The custom is universal and it is eminently proper. The Tribune expects to do what it considers its share in making up the amount needed, which we assume should be about \$4,000. But we hope it is not improper to ask what became of the superb service of silver

that was presented to the first "Texas" about fifteen years ago. If our memory is not at fault public-spirited citizens of Texas contributed over \$3,000 then for a service. The silver was wrought by Tiffany in New York and the battleship "Texas," commanded by Captain Glass, came to Galveston for the formal presentation. It was a beautiful and artistic service and surely it

was not broken up, too, when the old "Texas" was riddled for target practice and went down. If that service is in existence it is one that even the officers of the new "Texas" might be proud of. We are willing to share in the purchase of the new silver, as said above, but it would be interesting to learn what became of the first gift of our people, that Admiral Phillip, after the battle of

Santiago, brought out with pride when Cervera and other captured Spanish officers dined with Phillip on the old "Texas"—Waco Tribune

### Fit His Case Exactly.

"When father was sick about six years ago he read an advertisement of Chamberlain's Tablets in the papers that fit his case exactly," writes Miss Margaret Campbell of Ft. Smith, Ark. "He purchased a box of them and he has not been sick since. My sister had stomach trouble and was also benefited by them." For sale by all dealers.—Advertisement.

## Write Ideas for Moving Picture Plays!

# YOU

Can write Photo Plays and earn \$25 or more weekly  
We Will Show You How

If you have ideas—if you can THINK—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellency necessary. No "flowery language" wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100, and more, for scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near NEW YORK CITY. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our Sales Department has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as **Vitagraph, Edison, Essanay, Lubin, Solax, Imp. Rex, Reliance, Champion, Comet, Melies, Etc.**, urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25.00, a low figure, **YOU WILL EARN \$100.00 MONTHLY FOR SPARE TIME WORK.**

**FREE.** Send us your name and address at once for free copy of our illustrated book, "Moving Picture Playwriting." Don't hesitate. Don't argue. Write NOW and learn just what this new profession may mean for you and your future.

## Blood Was Wrong

All women, who suffer from the aches and pains, due to female ailments, are urged to try Cardui, the reliable, scientific, tonic remedy, for women. Cardui acts promptly, yet gently, and without bad effects, on the womanly system, relieving pain, building up strength, regulating the system, and toning up the nerves. During the past half century, thousands of ladies have written to tell of the quick curative results they obtained, from the use of this well-known medicine.

## TAKE The CARDUI Woman's Tonic

Mrs. Jane Callahan suffered from womanly trouble for nearly ten years. In a letter from Whiteville, N. C., she says: "I was not able to do my own housework. My stomach was weak, and my blood was wrong. I had backache, and was very weak. I tried several doctors, but they did me no good. I used Cardui for 3 or 4 months, and now I am in the best health I have ever been. I can never praise Cardui enough." It is the best tonic, for women.

Whether seriously sick, or simply weak, try Cardui. Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent free. 189

### Notice of Shareholders Meeting

To the Shareholders of the First State Bank and Trust Company of Hereford:

You, and each of you, are hereby notified, that, in accordance with a resolution passed by the board of directors for the First State Bank and Trust Company of Hereford, a shareholders meeting of all the shareholders of said corporation will be held at its banking house in the town of Hereford, Texas, on Tuesday, February 18th, 1913, between the hours of 2 o'clock A. M. and 4 o'clock P. M. for the following purposes:

First: To determine whether or not the shareholders attempted meeting and election held on Tuesday, January 7th, 1913, was legal.

Second: To either ratify and confirm the acts of said shareholders at said attempted meeting and election on January 7th, 1913, or to set-aside disapprove, undo and annul such acts.

Third: To elect such number of directors for said corporation for the year 1913, as required by the State Statute and the by-laws of this corporation.

Fourth: To transact any and all such other business, whether specified herein or not, as may come before such shareholders meeting.

By order of the board of directors  
S. B. EDWARDS,  
President.

### Methodist Church.

Subject for Sunday morning—"The False Prophet." Special music, a trio—"What Did it Mean." The song service for Sunday night will begin at 7 o'clock. The public is invited to attend.

J. R. Benson, pastor.

### Notice by Publication of Final Account

The State of Texas  
To all persons interested in the estate of Henry Creeger, deceased, D. L. McDonald, Administrator of the estate of said Henry Creeger, deceased, has filed in the County Court of Deaf Smith County his final account of the condition of said estate, together with an application to be discharged as Administrator thereof, which will be heard by our said Court on the First Monday in February A. D. 1913, same being the 3rd day of February A. D. 1913 at the Court House of said Deaf Smith County in the town of Hereford at which time and place all persons interested in said estate are required to appear and contest said Final Account and application, if they see proper.

Witness J. S. Jones, Clerk of the County Court of Deaf Smith County.  
Given under my hand and the seal of said Court at my office in Hereford on this the 7th day of January A. D. 1913.  
J. S. JONES, Clerk County Court Deaf Smith County, Texas.  
49 4t By R. T. MOSES, Deputy

### Card of Thanks.

We wish to thank our many friends for their kind assistance and sympathy in our sad bereavement in the death of our dear daughter, Nannie. May the good Master bless and reward each one of you is our earnest prayer.

Mr. and Mrs. J. T. Jowell and Family.

The person who took the U. S. government thermometers from the rear of the Brand office will please return them at once. The thermometers are mounted on metal and of no value to anyone except the weather department. No questions will be asked if these instruments are returned at once.

A. C. Elliott. 52-2t

Mr. Dickey of Dallas, representative of Barnhart & Spindler, has been here for a week packing the Recorder plant which was shipped today to Hillsboro. It required the work of four men for several days to put the equipment in shape for shipment.

A good reason for not riding on the train it costs you a quarter to ride 8 miles; a quarter will buy 8 Bars of Soap from Cliett's Grocery. It

Dr. L. N. Pennock of Plainview, a warm personal friend of the late Rev. S. T. Shore, spent more than a week at the bedside of the latter, assisting Dr. W. A. Price, the attending physician, in his careful treatment.

Oh, You poor Old Married Man! Microbe of Love. It

### Sheriff's Sale

The State of Texas ) Deaf Smith County )

By virtue of an order of sale and execution issued out of the district court of Deaf Smith County, Texas, on the 21st day of December, 1912, by the clerk of said court, in the case of the Warren Hardware Company, a firm composed of C. W. Warren and M. W. Warren, vs. S. J. Dodson, No. 556, and to me as sheriff directed and delivered, I will proceed to sell within the hours prescribed by law for sheriff's sales, on the First Tuesday in February, 1913, it being the 4th day of said month, before the court house door of said Deaf Smith County, in the town of Hereford, the following described real estate, to-wit:

A part of Survey No. 62 in Block K3 situated in Deaf Smith County, Texas, and more particularly described as a part of Block No. 14 of the Evans Addition to the town of Hereford and described by metes and bounds as follows: Beginning at a point in the west line of said Block 14 of the Evans Addition to the town of Hereford 521.77 feet north of the south-west corner of said Block 14; thence north 104.35 ft. with the west line of said Block 14; thence east parallel with the north line of said Block 417.42 feet; thence south with the east line of said Block 104.35 feet; thence west parallel with the south line of said Block 417.42 feet to the place of beginning.

Said land being levied on as the property of S. J. Dodson to satisfy a judgment to the amount of \$642.86 in favor of Warren Hardware Company and all costs of suit.

Given under my hand this the 4th day of January, 1913.  
R. W. BAIRD, Sheriff,  
Deaf Smith County, Texas

### Sheriff's Sale

State of Texas, ) County of Deaf Smith )

By virtue of an order of sale issued out of the Honorable District Court of Deaf Smith County on the 21st day of December 1912, by the Clerk thereof, in the case of J. F. Joss vs. S. J. Dodson et al No. 522 and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the FIRST TUESDAY in February A. D. 1913, it being the 4th day of said month, before the Court House door of said Deaf Smith County, in the city of Hereford, the following described property, to-wit:

Two hundred acres of land lying South of the right-of-way of the Pecos and Northern Texas Ry. Co. in Deaf Smith County, Texas and being all of that part of Survey No. 38 in Block K3 south of said right-of-way. In making this sale I am ordered to sell the West 100 acres first, and afterwards, if necessary, to sell the balance of said tract.

Said property is situated three miles north-east of Hereford on the south side of the track of the P. & N. T. Ry. Co.

Levied on as the property of S. J. Dodson on January 9th, 1913, to satisfy a judgment amounting to \$1,850.45 in favor of J. F. Joss and interest at 8 per cent. and cost of suit.

Given under my hand, this 9th day of January, 1913.  
R. W. BAIRD, Sheriff,  
Deaf Smith County Texas

### FEEDER SELLS ABOVE MARKET

Local Feeder Ships Car Yearling Lambs to Kansas City, Tops Market By 25 Cents.

E. W. Morgan shipped a car of yearling lambs to the K. C. market this week and topped the market by 25 cents, receiving \$7.50 for the lot of 240 head. These yearlings were taken off the range last fall and were fed dry fodder and grain for a period and were not put on full feed until 3 weeks before shipping. The gain in weight was entirely satisfactory, Mr. Morgan says, and the tip from \$4 to \$7.50 in price, will net the feeder a good enough profit. This makes a good showing for the feeding business at Hereford. Those who saw the yearlings declare that they were a fine bunch of lambs and the good returns will induce others to feed next fall. Mr. Morgan still has a good bunch of lambs that he is putting in condition for the early spring market.

**How to Bankrupt the Doctors.**  
A prominent New York physician says: "If it were not for the thin stockings and thin soled shoes worn by women the doctors would probably be bankrupt." When you contract a cold do not wait for it to develop into pneumonia but treat it at once. Chamberlain's Cough Remedy is intended especially for coughs and colds, and has won a wide reputation by its cures of these diseases. It is most effectual and is pleasant and safe to take. For sale by all dealers.—Advertisement.

**Lumbago, Rheumatism and Chills-blains.**

There is nothing that gives so quick benefit as Hunt's Lightning Oil. The very minute it is rubbed on the improvement is noticed. For over thirty years this Liniment has been acknowledged to be the best for these troubles. Every druggist will recommend it. Price 25c and 50c per bottle. 48-5t

**About Stump Pullers.**  
We notice that some of our Plains exchanges are running a stump puller ad. Some people display poor judgment in advertising as well as other things. We imagine a stump puller in the Texas Panhandle would feel very lonely and in danger of being arrested for vagrancy.—Pampa News.

Yes a stump puller would look lonesome out on the Plains, but the News should bear in mind that all the newspapers on the Plains do not confine their list of subscribers to the city limits, county line or the Panhandle, like the News evidently does. Take the Avalanche for example and our list includes people from Lubbock to Maine, and from Maine to Florida, and from Florida to Washington, and some in Canada and Scotland.—Lubbock Avalanche.

The Brand thinks the News' point well taken, that "some people use poor judgment in advertising." A stump puller ad in a Plains newspaper is no worse than chill tonic ad at the "top of column next to pure reading matter" in these same Plains papers. This sheet has a contract for a stump puller ad, but we supposed they were meant to be used to "pull up stakes" when a nester wished to move his "claim" or to depart to the old haunts "back yander."

When does a woman do a man's work? When she buys groceries at Oscar Cliett's Grocery. 1t

Our stock of Grain, Hay, Coal and Salt is very complete. E. W. Harrison. 51-2t

Moyers Shore, son of the late Rev. Shore, has been quite ill this week, but is reported much better today.

**California Woman seriously Alarmed**  
"A short time ago I contracted a severe cold which settled on my lungs and caused me a great deal of annoyance. I would have had coughing spells and my lungs were so sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my lungs," writes Miss Marie Gerber, Sattelle, Cal. For sale by all dealers.—Advertisement.

**Library Cabinet Organizes.**  
The committee appointed recently by the mayor met at the library room Wednesday afternoon and formally took charge of the Monday Afternoon Club library, by organizing what is pleased to be called the Library Cabinet, with the following officers: J. E. Garrison, chairman; A. C. Elliott, secretary; Mrs. W.

H. Garrison, treasurer; Mrs. J. J. Gallaher, chief librarian; Mrs. G. A. F. Parker, purchasing agent. Miss Anna Garrison was chosen as active librarian. An inventory of the property showed that there were in the library some 380 books, contained in 16 lock and key cases. The treasurer reported receipts of \$120.81; expenditures, \$111.00 for books and \$8.75 incidental expenses;

balance on hand, \$1.06. The old rules of library were adopted. This fixes the time of "books out" at two weeks. The annual library fee is \$1.50. The library will be open each Saturday afternoon from 3 to 5 o'clock, at which time books may be taken out or returned. Only members are entitled to the use of the books. The cards now issued number 35.
