The body of John Sparks, who died in an Amarillo hospital following injuries received near Farwell when a loaded wagon ran over him, was interred at Amarillo, no word from relatives having been received.

A. A. Poe, the man who took a shot at his rival at Quanah a few days ago and hit an "innocent bystander," has been arrested at Tipton, Okla., and will be returned to Hardeman county for trial.

Geo. Wilcox is in jail at Quanah charged with shooting his wife, Mrs. Wilcox will recover. The shooting occurred while Wilcox was under the influence of shake bite remedy.

The United States Senate has appropriated \$5,000 to purchase a site for the new post office at Memphis.

A Carnegie Library has been erected at Memphis, Texas, largely thru the influence of Senator Johnson. The building will be dedicated March 21.

Senator Johnson of Memphis is being boosted for an appointment as minister to Chili. The legislature has "endorsed" Mr. Johnson and his friends over the state are working for him.

Beginning with April 1st, the Claude News will raise its subscription price to \$1.50 per year, and its not "April foolin'," either.

The ladies of Hereford and vicinity are invited to attend a Free display of the latest styles in Hairdressing. A line of fine hair goods for sale also. Your combings made into switches, puffs, curls, braids, etc., by the old fashioned hand process—absolutely honest and reliable work guaranteed. Inspection invited by as many ladies who prefer to watch their hair while being made up. A special feature of the Demonstration is the classes where ladies are taught to dress their own hair in all the new styles. This demonstration remains in Hereford but a week so ladies are urged to call at once. Mrs. Mildred Filmore, Carl House.

Fred Johnson, son of Dr. and Mrs. R. M. Johnson, and who is now treasurer of the new state of Arizona, was in Washington during the inaugural ceremonies. He was on his way to New York where he goes to negotiate the sale of state bonds. After concluding his mission he will visit in Hereford on his returning trip.

Millinery.

We have opened up our Millinery Department again and have on display a line of Tailored and Street Hats, also Veilings and Children's Hats. We will appreciate it if you will look at our line before you buy. We will be pleased to see you. Mrs. Stambaugh will have charge. It Geo. A. Stambaugh, Cash Store.

Get your ground ready, I will have plenty of plants ready in due time. Phone 97, G. C. Major, South Hereford.

Kemp's prices are lower on paints, oils, glass, lime, brick, cement and posts.

At the Christian Church.

Rev. Frederick Grim of New Mexico will deliver a special sermon at the First Christian church next Sunday at the eleven o'clock hour. All members are urged to be present. Friends cordially invited.

Remember the place—Johnson's Grocery Store, March 22nd.

Rev. Baker at Lockney.

I have entirely too much coal. Please buy some of it. E. W. Harrison.

Bake Sale.

A bake sale will be on at Stambaugh's store tomorrow, Saturday, by the ladies of the Christian church.

Buy your lumber at Kemp's. You will save money.

Attended Christian Science Lecture.

A number of Hereford people went up to Amarillo yesterday to hear the lecture on Christian Science, Messrs. Vegele, Baskin, Green, Mr. Bell and family, Mr. Majors and family, Mrs. Collup and daughter.

Give us some of your Tailor work; we guarantee to please you. Phone 367. W. F. Orr.

Colorado Fruit Grower Here.

H. P. Holt of Grand Junction, Colo., will be here Monday for the purpose of giving an actual demonstration as to the best methods of pruning peach trees. He will arrive on the 2:40 train from Roswell and will be prepared to go at once to some orchard near and will prune a few trees in the presence of those who are interested enough to see the demonstration. Be sure to be hand. Mr. Holt comes from the greatest peach grower belt in Colorado and his experience is well worth having. He will also show how to smudge against frost.

Ladies Tailoring Line.

We have added to our store the Montrose sample book of fine wools and wash goods. We are prepared to take your measure for a Suit, Coat, Dress or Skirt. We guarantee a fit, and can show you the new spring styles. We will be pleased to take your order. Geo. A. Stambaugh, The Cash Store.

Why don't you clean your wall paper and save from \$2.00 to \$3.00 on a room? See James Moses.

Library Cabinet Meets.

At a meeting of the Public Library Cabinet Monday afternoon it was decided to give a reception at the rooms of the library at the court house Friday, March 21, from 8 to 10 o'clock to which the public is invited. A short program will be given:

PROGRAM.

Orchestra.
Address of Welcome—J. E. Garrison.

Response—Mayor Knight.
Ladies Quartette.

Reading—Miss Louise Irwin.
Male Quartette.

Reading—Miss Vern Prait.
Orchestra.

After the program a reception will be given and light refreshments will be served. The following will constitute the reception committee: Mesdames W. A. Price, F. H. Oberthier, F. T. Roloson, Homer Wilkinson; Messrs. J. E. Garrison, A. C. Elliott and Mayor Knight. While the reception is for the purpose of making acquaintances and friends for the library. If any have a book which they will bring as a donation, the cabinet will appreciate the gift. Only good, wholesome books are wanted.

Mr. and Mrs. Joe Collins together with Arch Collins and Forrest Walker entertained a party of young people with games and music last Friday evening. Until a late hour everyone had a thoroughly good time as everyone always does at the Collins' home.

In honor of Mrs. James Kelly, a very pleasurable afternoon party was given Saturday by Miss Ina Gregg. The ladies enjoyed being with Mrs. Kelly in the hospitable Willow Wood home until almost "supper time." The refreshments were cake and gelatine with whipt cream.

We call for your suit, clean and press it; take it back; you have no bother except just to call 367 and tell us. W. F. Orr.

The Mothers' Club met on Tuesday afternoon with Mrs. Allan Bell. After the rendition of the social program and several readings on the lesson subject, the club members enjoyed an hour of genial sociability—and Mrs. Bell's delectable refreshments.

Two or three tables of "Bridge" were enjoyed by a small crowd who "happened in" on Mr. and Mrs. C. D. Wright last Tuesday evening.

A few ladies met at Mrs. A. L. Gibson's home Wednesday afternoon for a little farewell chat with Mrs. James Kelly, who is making a short stay in Hereford. The ladies had a charming, neighborly little meeting with Mrs. Gibson and her guest.

Thursday evening Jack Jones entertained the Presbyterian Sunday school class of Path Finders and their friends. The pretty Jones' home in West Hereford was the scene of much merry-making during the games of "42" participated in by the young folks. After a number of jolly games, dainty refreshments were served.

Straight at It.

There is no use of our "beating around the bush." We might as well out with it first as last. We want you to try Chamberlain's Cough Remedy the next time you have a cough or cold. There is no reason so far as we can see why you should not do so. This preparation by its remarkable cures has gained a world wide reputation, and people everywhere speak of it in the highest terms of praise. It is for sale by all dealers.—Advertisement.

SELLS FAT LAMBS AT K. C.

E. W. Morgan Makes Shipment of Nearly 500 Pen Fed Lambs—Good Price Secured.

Coming right up to Colorado fed stuff, E. W. Morgan sells 440 lambs and 54 yearlings in Kansas City market this week and secures good price. On the same day 10,000 lambs from various points were on the market following a record breaker of 16,000 the previous day. The Hereford fed lambs brought \$8.40 and the yearlings \$7.50. The lambs were on full feed for only 83 days and made an average gain of 21 pounds per head, the lot averaging 73 pounds after the haul to market. The same grade of stuff from Colorado and fed on alfalfa and corn for 120 days brought only 10 cents more while their gain was only a pound or two more. These Hereford lambs were fed on our native feeds and cotton seed meal. Mr. Morgan is well pleased with this his first feeding experience with maize and kafir. He has some 400 more lambs which he will feed 30 days longer.

For fresh sweet milk see Lester Weaver or phone 9.

"Dad" Wood wants to know what the Brand has to say about the breeze we had yesterday. If he must know, the Brand will remark that the day was too indecent to mention in print.

Plowing, listing or hauling done. See W. T. Smith.

Light Showers.

A light shower fell last Sunday, but amounted to nothing practically. On Tuesday afternoon another shower came and the precipitation measured a little more than one tenth of an inch.

Want Ads—5 cents per line—Cash with "copy."

Wind, Rain and Snow.

Thursnay and night a regular motion picture of weather was displayed. All day the wind came as a gale from the west, turning slightly to the northwest at night. A light snow and some rain fell during the night, but amounted to nothing, the wind being in the majority.

Hands Us a Lemon.

C. P. Arthur increased our embarrassment the other day when he "handed us a lemon" that weighed just a half pound. He brought this from California, but says he had some even larger than this one. Mr. Arthur being a versatile man also laid an egg on the editor's desk, remarking that it "laid it over" those other big eggs described in the Brand. Well, it does. This egg about which Mr. Arthur is making such a cackling noise measures 6 1/2 inches around the waist and 8 inches around the longitudinal belt. Thanks for the lemon, also the egg.

Cough Medicine for Children.

Too much care cannot be used in selecting a cough medicine for children. It should be pleasant to take, contain no harmful substance and be most effectual. Chamberlain's Cough Remedy meets these requirements and is a favorite with the mothers of young children everywhere. For sale by all Dealers.—Advertisement.

The Methodist Church Scores a Great Triumph.

Without any doubt, the greatest educational achievement of the Methodist Episcopal church, South, to date has been the remarkable success of the movement during the last two years to build a great University at Dallas, Texas. No man who has lived in the South for a period covering one summer or more has ever doubted the evangelical power and progressive spirit of this great denomination, but they have never inaugurated since Wesley landed in Georgia such a campaign as this one for Southern Methodist University. The very magnitude of the undertaking, the unflinching faith of their leaders in the righteousness of the cause and the co-operation of their brethren has astonished the masses not only in Texas, but the papers and out-of-the-state magazines have mentioned them with more or less wonder at what some called "Texas nerve."

Before Texas was willing to admit it, the great University became a guaranteed success. They went at it in a business like way. They met in their Annual Conference sessions in the fall of 1910 and elected Commissioners of Education, to whom they committed the responsibility of the entire educational system. These commissioners met in the city of Austin in January, 1911, and decided under the leadership of Bishops Atkins and Mouzon to build a really great University. The matter of location was taken up, and Dallas was the fortunate competitor, giving a million dollars worth of land and \$300,000.00 in bankable notes and cash. Then the General Board of Education of New York did an unprecedented thing. For the first time in the history of their organization they pledged money for the founding of a new school. They promised to Southern Methodist University \$200,000.00 in cash, contingent only upon their raising in addition to the \$300,000.00 already given by the city of Dallas, the amount of \$500,000.00. This sum is to be pledged by July 1st, 1913, and to be paid in full by July 1st, 1917, in order to secure this splendid gift. But Texas Methodists are meeting the challenge with regular camp-meeting fervor. They realize that education of the right sort is evangelism pure and simple and that it is the hope of the world. There is not a community without a Methodist preacher and not a Methodist preacher without his people's hearty interest in the great school. The papers have printed statements showing rapid progress—to date, there being more than \$300,000.00 of the \$500,000.00 raised and every day large contributions seem to be the order of things. They have now systematized a campaign that will reach every member in the state during the next ninety days. Their success is being watched with interest by all denominations.

Hunt's Cure rapidly destroys Itch, Ringworms, Itching Piles, Eozema, Tetter and like troubles. Under its influence the diseased cuticle scales off leaving a smooth, white, healthy skin in its place. A wonderful remedy and only 50 cents a box. 5-4t

Shooting at Vega.

Last Friday evening a shooting scrape made some excitement in the usually quiet town of Vega. Col. J. T. Owen took a crack shot with a gun at James McDonald, the result being a slight wound in the hand of a Mr. Shields, and a lodged bullet in the pants leg of Finis Giles, both by-standers.

G. W. McMillen, the sweet clover fiend of Amarillo, was in Hereford Tuesday. He was accompanied by his friend, J. M. Delzell, and both made a call at this office.

Value of Silage.

When a farmer raises a big crop of wheat or oats, potatoes or onions, would he not be considered unwise to allow any of them to waste? After all the hard labor has been expended and the heavy expense incurred, it is simply the lack of common sense to permit any waste. Then, when a farmer grows 50 acres of kafir or sorghum, and has standing in the field 500 tons of green, succulent feed-stuff, why will he let 400 tons dry up and blow away? Foolish, ain't it? The solution to the problem is the silo. Every successful farmer around Hereford will have from one to a half dozen silos. They may not all put up silos this year, but there will be at least 10 erected if indications are correct. They realize that 10 acres of silage is equal to 50 acres of dry feed. J. C. Davis of Carrollton, Texas, has this to say about feeding silage:

Every farmer and dairyman who has as many as ten head of cattle should have a silo to be filled with corn, cane, kafir, corn, silage or whatever crop is best suited to his locality and which will yield the heaviest tonnage per acre. Where corn is to be used it should be cut when it begins to dent, and sorghum when the heads ripen and the juice is sweet in the stalk. In about six weeks the silage is in shape to begin feeding. The following table was compiled by Mr. Davis from data taken on a bunch of steers fed on his place this season; ten acres being planted to sorghum for a silo of one hundred tons capacity:

Cost of seeding, 2 1/2 bu. at \$1.50 ----- \$ 3.75

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists. Take Hall's Family Pills for constipation.

Cost of preparing 10 acres at \$1.50	15.00
Cost of tilling 10 acres at \$2.50	25.00
Cost of harvesting 10 acres at \$6.50	65.00
Rent of 10 acres at \$3.00	30.00
Total	\$158.75
100 tons of silage valued at \$6.00	\$600.00
Cost of production, etc.	158.75
Value of silage over cost	\$441.25

The above price of \$6.00 per ton is the lowest price placed on silage for feeding value and it is estimated as high as \$8.00 per ton.

Now is the time to have your combings made up, or that old switch made over. The very best work assured. Mrs. Filmore, Carl House.

TAX INVESTIGATION DEVELOPS STARTLING INEQUALITIES.

Welfare Commission Recommends Remedial Legislation.

Tyler, Texas.—The report of S. A. Lindsey, of the Texas Welfare Commission, is now off the press and ready for distribution. The investigation developed startling inequalities in assessment of property. Real estate was found to be under-assessed from 10 to 80 per cent and not more than 2 1/2 per cent of the intangible personal property goes on the payroll. The intangible property of railroads amounting to \$174,645,044 is of course assessed by the state tax board at full value.

In discussing the effect of our tax system upon railroad securities, Mr. B. S. Lovett, executive head of the Harriman lines, said:

"It is almost universally true that no property is assessed for taxation at its full value and of course railroad owners know that fact. Railroad investors know of excessive and unreasonable assessments against railroads wherever they occur. It is their business to keep posted about such things. The financial world knows that the railroads of Texas are assessed for the purpose of taxation at about twice what they are valued by the Railroad Commission of Texas. It does not stop to see whether they are under-valued for the purpose of taxation. But the idea that the state of Texas will assess for the purposes of taxation railroad property for twice what it values it at for rate-making and stock and bond purposes is so utterly unreasonable that nothing more is needed to foreclose almost any discussion of Texas railroad securities in an eastern financial center."

Mr. Frank Trumbull, head of the Katy system, said:

"My general attitude on the matter of taxation has always been that we are not only willing, but we want to pay our just share of supporting the government. We are, however, very reluctant to pay other peoples' taxes, and if the basis of assessing us is higher than it is to a man who owns real estate, we are paying a part of his taxes and so far as we are concerned, we are too proud to ask anybody to pay a part of our taxes."

The commission recommends remedial legislation and urges the Thirty-third Legislature to appoint a capable and non-partisan Special Tax Commission.

The Bay View Club had a very pleasant and instructive afternoon before Mrs. H. H. Hawkins' cheering fire-side, on Thursday. A few selections from Longfellow left over from the week before, were read, then a biographical sketch of Oliver Wendell Holmes was given in an interesting way by Mrs. A. C. Elliott. Several Holmes' poems were given by other members. Assisted by her daughter, Kathleen, the hostess served one of her incomparable salad mixtures with wafers and hot chocolate and whipt cream. The Bay View Club has persevered in doing their work this winter in the American literature course. Every meeting has been marked by keenest interest in the lesson. The subject for the next lesson is Lowell. The club meets with Mrs. A. W. Gregg.
 Mrs. P. W. Price entertained a number of ladies at "Bridge" on Friday afternoon. Stockmen Interested in Silos.
 The stockmen of the Plains are viewing the cattle business from a different angle of vision in these days of high prices. When the range was open and cattle were cheap, the loss of a few hundred head during the rough winters was hardly considered. The trouble and expense of feeding was greater than the value of the stock saved. But since only high grade stock is raised and the prices are much higher, the loss of a single cow or steer is noticed in the outcome profits. In this section the native feed stuffs are being used. This consists of kafir, maize, sorghum and millet. In addition to this and sometimes exclusively cotton seed cake, shipped in from central and north Texas, is used. The introduction of the silo into the Plains will add another material change to the stock business. Instead of shipping to Kansas and Missouri feeders, the cattle will be finished on their native grounds. At the last convention at Amarillo the silo manufacturers were well represented. The stockmen took an interest in the claims for the different makes and studied the different results obtained by feeding silage. That the silo will be an influencing factor in the future has been realized by the Plains stock raisers. At Hereford a number of stockmen are now making plans to have erected large capacity silos.

BROOKLYN TABERNACLE
 BIBLE STUDY ON
ABRAHAM'S FAITH TESTED.
 Genesis 22:1-13—March 16.

TODAY'S Study tells one reason why Abraham was styled the Father of the Faithful. His history, depicted in the Bible, is one of trust in the Divine promises; but the final test, which we study today, marked him very high, according to Divine and human standards. The faith recorded in our lesson is so colossal as to amaze us!
 This test came through the Divine command that Abraham should take Isaac, the heir of promise, and offer him in sacrifice on Mt. Moriah. Abraham was now one hundred twenty-five years old. Isaac was the Divinely appointed channel for the blessings promised. Now after half a century of waiting and trusting, could it be possible that God wished him thus to demonstrate his faith? It was so. He had a positive command. It was no imagination, no whisperings of witches or wizards. It was no dream.

"The test of Abraham's faith."

To one of Abraham's character, the Divine command meant prompt obedience. Forthwith he journeyed, accompanied by his servants. Then leaving them, Abraham and Isaac journeyed to the top of Mt. Moriah, afterwards the site of the Temple. The very rock upon which Isaac is supposed to have been bound became the location for the Brazen Altar.
 The patriarch and his son came to this spot. Then Abraham, with faltering lips, but determined heart, told Isaac of the Divine command. There he offered his son, even though the knife did not strike the fatal blow. The offering was complete in the sight of Heaven; and the hand was stayed. As the Apostle explains, "Abraham received his son from the dead in figure."—Hebrews 11:19.

The Antitype of All This.

These incidents of olden time had their effect upon the actors; but to God's consecrated people, enlightened by the Holy Spirit, they have still further meaning. Abraham served as a type of God, and Isaac of Christ, Head and Body. In the antitype God freely offered His Son for the sins of the whole world. "God gave His only Begotten Son, that whosoever believeth on Him might have everlasting life."
 In the antitype God arranged that Jesus should be Head of the Church, which is His Body. Hence the sufferings of Christ, accomplished by Jesus, were only part of the sufferings of the antitypical Isaac. Here the Apostle declares, "We, brethren, as Isaac was, are the children of promise." The Church of Christ is required to prove her worthiness of sharing in the First Resurrection, by being made conformable to Christ's death. The cup which our Lord drank He passed on to His followers, saying, "Drink ye all of it."

The Ram in the Thicket.

When God stayed Abraham's hand through the angel, a ram caught in a thicket was provided as a sacrifice instead. Thus a ram in sacrifice became the symbol of the Seed of Abraham, and an indication of the process by which reconciliation of Divine Justice will be made on behalf of humanity.
 This thought was repeated in God's subsequent dealings with Israel. Thus the Passover Lamb was slain, and its blood sprinkled, typically foretelling that there could be no Church of the First-born during this Gospel Age, except through the slain "Lamb of God, which taketh away the sin of the world." Israel's sin offerings and burnt offerings spoke of a redemptive work to be accomplished before the blessing could come.

Amongst many lessons learned from the testings of Abraham's faith are these:

- (1) The necessity for the death of the One through whom blessings will eventually come to mankind. If Jesus had not died for our sins, there would have been no remission of them. Hence there would have been no resurrection of the dead, and in that event death would have meant extinction.
- (2) Let us be sure that if Jesus had not faithfully consummated His part of the agreement and laid down His life, neither would He have shared in the grand consummation and exaltation to the Divine nature. St Paul declared this, saying that our Lord was obedient unto death, "even the

Isaac's antitype—"the Lamb of God."

death of the cross, wherefore [on this account] God also hath highly exalted Him."—Philippians 2:8, 9.

(3) We are to remember that the same rule applies to all of the Church. It is not sufficient that we consecrate our lives. We must show our loyalty and our faithfulness by laying down our lives, by taking up the cross, by wringing of His cup, by being immersed into His death. Only such will share Messiah's Throne of Glory. "If we suffer, we shall reign with Him; if we be dead with Him, we shall also live with Him."—2 Timothy 2:11, 12; Romans 8:17.

GET THESE Money-making Secrets WITH THE Farm Journal

Is this cock properly held?
"Poultry Secrets" tells how
to carry fowls, and other
secrets far more important.

FARM JOURNAL ("cream, not skim milk") is the great little paper published for 36 years in Philadelphia by Wilmer Atkinson. It is taken and read by more families than any other farm paper in the WORLD. Its four million readers (known as "Our Folks") are the most intelligent and prosperous country people that grow, and they always say the Farm Journal helped to make them so. Their potatoes are larger, their milk tests higher, their hogs weigh more, their fruit brings higher prices, because they read the **Farm Journal**.

Do you know Peter Tumbledown, the old fellow who won't take the **Farm Journal**? By showing how NOT to run a farm, Peter makes many prosperous. Nobody can go on reading the **Farm Journal** and being a Tumbledown too. Many have tried, but all have to quit one or the other.

The **Farm Journal** is bright, brief, "boiled down," practical, full of gumption, cheer and sunshine. It is strong on housekeeping and home-making, a favorite with busy women, full of life and fun for boys and girls. It sparkles with wit, and a happy, sunny spirit. Practical as a plow, readable as a novel. Clean and pure, not a line of fraudulent or nasty advertising. All its advertisers are *guaranteed* trustworthy.

The **Farm Journal** gives more for the money and, puts it in fewer words than any other farm paper. 32 to 80 pages monthly, illustrated. FIVE years (60 issues) for \$1.00 only. Less than 2 cents a month. No one-year, two-year or three-year subscriptions taken at any price.

The Farm Journal Booklets

have sold by **hundreds of thousands**, and have made a sensation by revealing the **SECRETS OF MONEY-MAKING** in home industry. People all over the country are making money by their methods.

POULTRY SECRETS is a collection of discoveries and methods of successful poultrymen. It gives Felch's famous making chart, the Curtis method of getting one-half more pullets than cockerels, Boyer's method of insuring fertility, and priceless secrets of breeding, feeding, how to produce winter eggs, etc.

HORSE SECRETS exposes all the methods of "hishoping," "plugging," cocking and possible doping, and other tricks of "eyes" and swindlers, and enables any one to tell an unsound horse. Gives many valuable training secrets.

CORN SECRETS, the great NEW hand-book of Prof. Holden, the "Corn King," shows how to get ten to twenty bushels more per acre of corn, rich in protein and the best stock-feeding elements. Pictures make every process plain.

EGG SECRETS tells how a family of six can make hens turn its table scraps into a daily supply of fresh eggs. If you have a back-yard, get this booklet, learn how to use up every scrap of the kitchen waste, and **live better at less cost**.

THE **"BUTTER BOOK"** tells how seven cows were made to produce half a ton of butter each year. (140 pounds is the average). An eye-opener. Get it, weed out your poor cows, and turn the good ones into record-breakers.

STRAWBERRY SECRETS is a revelation of the discoveries and methods of L. J. Farmer, the famous expert, in growing luscious, full strawberry almost until snow flies. How and when to plant, how to fertilize, how to remove the blossoms, how to get three crops in two years, etc.

GARDEN GOLD shows how to make your backyard supply fresh vegetables and fruit, how to cut down your grocery bills, keep a better table, and get cash for your surplus. How to plant, cultivate, harvest and market.

DUCK DOLLARS tells how the great Weber duck-farm near Boston makes every year 50 cents each on 40,000 ducks. Tells why ducks pay them better than chickens, and just HOW they do everything.

TURKEY SECRETS discloses fully the methods of Horace Vose, the famous Rhode Island "turkey-man," who supplies the White House Thanksgiving turkeys. It tells how to manage, to set eggs, to hatch, to feed and care for the young, to prevent sickness, to fatten, and how to make a turkey-ranch PAY.

The **MILLION EGG-FARM** gives the methods by which J. M. Foster made over \$18,000 a year, mainly from eggs. All chicken-raisers should learn about the "Rancocas Unit," and how Foster FEEDS hens to produce such quantities of eggs, especially in winter.

DRESSMAKING SELF-TAUGHT shows how any intelligent woman can design and make her own clothes, in the height of fashion. The author has done it since she was a girl. She now has a successful dressmaking establishment and a school of dressmaking. Illustrated with diagrams.

SHALL I FARM? is a clear, impartial statement of both advantages and drawbacks of farming, to help those who have to decide this important question. It warns you of dangers, swindlers, and mistakes, tells how to start, equipment needed, its cost, chances of success, how to get government aid, etc.

These booklets are 6 x 9 inches, and profusely illustrated. Farm Journal FOUR full years, with any one of these booklets, both for \$1.00. The Booklets are NOT sold separately—only with Farm Journal. Be sure to say WHICH booklet you want.

What Our Folks Say About F. J.

"I have had more help, encouragement and enjoyment out of it in one year than I did out of my other papers in ten years," says C. M. Peterson.

"It is a queer little paper. I have sometimes read it through and thought I was done with it, then pick it up again and find something new to interest me," says Alfred Krogh.

"Farm Journal is like a bit of sunshine in our home. It is making a better class of people out of farmers. It was first sent me as a Christmas present, and I think it the choicest present I ever received," says F. R. LeValley.

"We have read your dear little paper for nearly 40 years. Now we don't live on the farm any more, yet I still have a hankering for the old paper. I feel that I belong to the family, and every page is as dear and familiar as the faces of old friends," says Mrs. E. W. Edwards.

"I fear I neglect my business to read it. I wish it could be in the hands of every farmer in Virginia," says W. S. Cline.

"I live in a town where the yard is only 15 x 18 feet, but I could not do without the Farm Journal," says Miss Sara Carpenter.

"I get lots of books and papers, and put them aside for future reading. The only paper I seem to have in my hands all the time is Farm Journal. I can't finish reading it. Can't you make it less interesting, so I can have a chance at my other papers?" writes John Swail.

"If I am lonesome, down-hearted, or tired, I go to Farm Journal for comfort, next to the Bible," says Mabel Dewitt.

"Farm Journal has a cheerful vein running through it that makes it a splendid cure for the 'blues.' When coming home tired in mind and body, I sit down and read it, and it seems to give me new inspiration for life," writes G. E. Halderman.

"We have a brother-in-law who loves a joke. We live in Greater New York, and consider ourselves quite civilized, so when he sent us the Farm Journal as a New Year's gift we nearly died laughing. 'How to raise hogs'—we who only use bacon in glass jars! 'How to keep cows clean'—when we use condensed milk even for rice pudding! 'How to plant potatoes'—when we never plant anything more fragrant than blisters of the valley. I accepted the gift with thanks, for we are too well-bred to look a gift horse in the mouth. Soon my eye was caught by a beautiful poem. I began to read it, then when I wanted the Farm Journal I found my husband deeply interested in an article. Then my oldest son began to ask, 'Has the Farm Journal come yet?' He is a jeweler, and hasn't much time for literature, but we had so much interest and uplift in this age paper that we appreciate our New Year's gift more and more," writes Ella B. Barkman.

"I received 'Corn Secrets' and 'Poultry Secrets,' and consider them worth their weight in gold," says W. G. Newall.

"What your Egg Book tells would take a beginner years to learn," says Roy Chaney.

"Duck Dollars is the best book I ever had on duck-raising," says F. M. Warnock.

"If your other booklets contain as much valuable information as the Egg Book, I would consider them cheap at double the price," says F. W. Mansfield.

"I think your Egg-Book is a wonder," says C. P. Shirley.

"The Farm Journal beats them all. Every issue has reminders and ideas worth a year's subscription," writes T. H. Potter.

"One year ago I took another agricultural paper, and it took a whole column to tell what Farm Journal tells in one paragraph," says N. M. Gladwin.

"It ought to be in every home where there is a chick, a child, a cow, a cherry, or a cucumber," says I. D. Bordus.

Commercial Secretaries in the Legislature.
Austin, Texas.—The Commercial Secretaries are in evidence at this session, and their cheery optimism helps to keep the Legislature in a good humor. The profession is represented by J. E. Kauffman of Galveston, E. M. Chrestman of Grand Saline, Capt. B. B. Paddock (retired) of Fort Worth and others. Mr. Kauffman is in the upper house and Mr. Chrestman and Capt. Paddock are in the lower branch of the Legislature. These evangelists of prosperity are on the progressive side of every measure that comes up for consideration.

The Snow White Poultry Farm.
White Orpingtons, White Wyandottes, White Leghorns and White and Fawn Indian Runner Ducks, eggs for hatching CHEAP, considering the quality of birds. For prices see or write Theodore Cochell, Hereford. A few choice Cockerels for sale. 1-6t

Amarillo Protests.
The citizens of Amarillo have sent a petition to the Legislature protesting against tying the Panhandle to the Denver kite tail of counties for a Congressional district. They disown any ultra or political motive in their interest and declare that it is not for the purpose of making a place for some of their aspirants (give the a's broad sound) for congressional honors. That's all right, Amarillo, we are with you in getting a decent district and if none of you "fellers" do not want the congressional pie, pass it on to Hereford, and we have a half dozen who would take it.

GIVES INSTANT ACTION.
Betts & Clark, druggists, reports that A SINGLE DOSE of simple buckthorn bark, glycerine, etc., as compounded in Adler-j-ka, the German appendicitis remedy, stops constipation or gas on the stomach INSTANTLY. Many Hereford people are being helped. N6-1f

Notice Council Members R. & S. M.

START YOUR LIVER, DON'T STOP WORK
Dodson's Liver Tone Acts Mildly, but Surely. Liven's Up the Liver and You Stay On Your Feet.

It is the experience of calomel users that if they take enough of the drug to have the desired effect, it seriously interferes with their work the day after. But this is the least important item, for calomel is often a dangerous drug and acts on the system violently. Don't take chances with calomel. Get a bottle of the pleasant, safe and perfectly harmless Dodson's Liver Tone, guaranteed to take the place of calomel. Instead of making you feel worse the next day it makes you feel better—and you actually are better, for no remedy in the whole world liven's up the liver, regulates the bowels and really rejuvenates the system any better than this dose. You are the sole judge of its merits. Betts-Clark is fully authorized to hand you back your money without question if it fails to please you—and relieve you. Remember, if you feel constipated and bilious, what you need is Dodson's Liver Tone. A large bottle and a good guarantee for 50 cents from Betts-Clark.

Will Run Paper at Petrolia.
 A letter from James E. Kelly brings the information that a change has been made in his plans. He is now proprietor of the Petrolia Round-Up. Petrolia is in the center of a big oil field and Editor Kelly declares that he is in the oily business up to his neck, and, of course, expects to get rich running a smooth, oily newspaper. Here's luck to you and may the grass never have a chance to sprout under your noses and may the coin flow into your pockets like some of the gushers into the oil tanks. And say, if you get too much, notify your Hereford friends and they will relieve you of the extra cash pressure.

Notice of Trustee's Sale.
 Notice is hereby given that by virtue of the authority in me vested by the terms of a Deed of Trust executed by C. R. Haworth dated September 21, 1911 and recorded in Volume 18 on Page 71 of the Deed of Trust Records of Deaf Smith County, Texas, whereby the land described below was conveyed to William W. Ryan of Jackson County, State of Missouri, as Trustee, and to his Successors in Trust, as security for the payment of a certain Promissory note executed by said C. R. Haworth, payable to the order of Geo. G. Wright, particularly described in said Deed of Trust, which Deed of Trust provides that in case of default in the payment of any note secured thereby or any installment of interest thereon, when the same shall mature, or in the payment of any sum due on a prior Lein on said lands, or in the performance of any other terms, conditions or agreement therein contained, for a period of Thirty days after the same shall become due and payable, then the legal holder of said notes or any one of them, shall have the right at his option immediately and at any time while such default continues, to declare the entire indebtedness secured thereby, to be at once due and payable; and, WHEREAS, default has been made in the payment of the installment of interest on said

note which was due November 1st, 1912, and in the payment of certain sums due on a prior Lein on said land, and in the performance of the terms of said Deed of Trust, which default continues and has continued for more than Thirty days since the same became due; and, WHEREAS, Geo. G. Wright, the present legal holder of said note, has declared the entire indebtedness remaining unpaid, to be due and payable at once, and the Trustee and Alternate Trustee, named in said Deed of Trust having refused to execute said Trust, and I, having heretofore been appointed Substitute Trustee by a written instrument duly executed and acknowledged by said Geo. G. Wright, the present legal holder of said note, in accordance with said Deed of Trust, and at the request of said Geo. G. Wright, the present holder of said note, I, A. W. Henschel, Substitute Trustee, will on the 1st day of April, 1913 (the same being the First Tuesday in said month) between the hours of 10:00 o'clock A. M. and 4:00 o'clock P. M. of said day, proceed to sell, at public outcry, in front of the Courthouse door of Deaf Smith County, Texas, in the town of Hereford, Texas, to the highest bidder for cash, the following described real estate situated in the County of Deaf Smith, in the State of Texas, to-wit: One hundred Sixty Two and 92-

100 (162.92) Acres of land out of Capitol Leagues 435-436, and particularly described as the Northeast Quarter (1-4) of Survey or Section Seven (7), Township Two (2) North of Range One (1) East of, a Capitol Syndicate Sub-division, as shown by the plat of such subdivision of record in the Deed Records of said County of Deaf Smith, in the State of Texas, Volume 19, Pages 23-31. The proceeds whereof will be applied to the payment of the balance due upon said indebtedness, the expense of making said sale, and the remainder, if any, paid to C. R. Haworth or his order, in accordance with the terms of said Deed of Trust.
 WITNESS my hand this 19th day of February, 1913.
 A. W. HENSCHEL,
 Substitute Trustee.

Couldn't Walk!

"I used to be troubled with a weakness peculiar to women," writes Mrs. Anna Jones, of Kenny, Ill. "For nearly a year, I could not walk, without holding my sides. I tried several different doctors, but I grew worse. Finally, our druggist advised Cardui for my complaint. I was so thin, my weight was 115. Now, I weigh 163, and I am never sick. I ride horseback as good as ever. I am in fine health at 52 years."

TAKE CARDUI The Woman's Tonic

We have thousands of such letters, and more are arriving daily. Such earnest testimony from those who have tried it, surely proves the great value of this vegetable, tonic medicine, for women.

Cardui relieves women's sufferings, and builds weak women up to health and strength. If you are a woman, give it a trial. It should help you, for it has helped a million others. It is made from pure, harmless, herb ingredients, which act promptly and surely on the womanly organs. It is a good tonic. Try it! Your druggist sells it.

PROFITABLE DAILY TITHING. "Daily Heavenly Manna." This little book is having the largest circulation of any of its kind and is conceded by Christians everywhere to be the most helpful. If Christians allow the rush and crush of selfish ambition to deprive them of their daily portion of heavenly food, they must not be surprised if they grow spiritually leaner day by day, and if the peace of God gives place in their hearts to the discontent which is growing in the world, not withstanding the multiplication of our comforts and privileges. Daily Heavenly Manna contains a collection of Scriptural texts with appropriate quotations for every day in the year. Surely the little time of time daily spent in partaking of its morsels of heavenly counsel cannot fail to profit all who partake. It is published to do good—not for profit. Your Friends' Birth Dates. An autograph and birthday record feature in this book is a great convenience. Opposite each day of the year are blank lines upon which you can secure the autographs of your friends and be reminded of their birthdays as they occur. This makes the book more valuable yearly. In ten years you would not sell it for ten dollars. Besides it has a place for Birth Records, Marriage Records and Death Records. Also it has a table showing the day of the week of any date for one hundred and fifty years. Printed on bond writing paper, blue cloth handsome. Price, 35 cents postpaid; imitation alligator skin, gold edges, \$1.00 postpaid. Order now. Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

Congressional Districts. A Congressional District for the Panhandle! That's it. Why should the Panhandle still be tied onto a tail like a kite? Are the members of the Senate still under the delusion that the Panhandle needs a tail to keep it in the air? Just take a map and look at the proposed district. After including all of the Panhandle counties, then the tail swings off down the Denver for a hundred miles. No, gentlemen, we do not need a tail any longer. We have past the tad-pole stage and are now a full fledged frog in the pond, able to take care ourselves when it comes to jumping. The house bill is a much more decent affair; but just why it includes Fisher and Jones, not even the Lord could tell. They belong rightfully to the 1. & P. district. They are on a different line of railroads than the other Panhandle counties and it would be inconvenient for the candidates to "shell the woods" in that part. Why not lop them off and give the Panhandle district a "square deal." What difference does it make if the Panhandle district with these two counties off? While the population is a little short, in less than five years we will have more than our average. New towns spring up every year; new people are coming in from every where to settle our fertile prairies; irrigation and dry farming are making of the Plains the "land of promise" for many a poor renter "down in the sticks." Don't be alarmed, gentlemen of the Legislature, fix the district so's every darnation one of the present congressmen will have a "deestriet" of his own, and can hold his job, but let the Panhandle have a square district and a "square deal."

Mr. Galley and Cabot have finished work for the present on Mr. Cash's house and are going to Hurley to look the country over.
Perry and Dave Shepard spent Sunday with Mr. and Mrs. Rall Douglas.

A party was given at the home of John Hacker Saturday night. We expect this will be the last of the sort given while they are here as they expect to leave Texas soon, possibly to locate in Oklahoma.

Attention Ben-Hur.
A special program will be given at the next regular meeting of the Ben-Hur Lodge, Friday night, March 21st. All members are requested to be present.

Mrs. J. W. Atwater of Holton, Kansas, died at her home March 4, from blood poisoning. Mr. Atwater is well known in Hereford, having made many trips here in the interest of real estate.

DO YOU ENJOY EATING
Or Does Everything You Eat Distress You?

Experts declare that the reason stomach disorders are so common in this country is due to hasty and careless habits of eating. Stomach troubles and run-down conditions also usually go together.

John Lind, of Oneonta, N. Y., says: "I have been troubled with a bad stomach trouble for fifteen years, and became so weak that I could hardly walk or do any work. My appetite was very poor, and it seemed impossible to get any relief. Since taking two bottles of Vinol I find that it has already made a remarkable improvement in my health; my digestion is much stronger, and I have gained in weight."

Vinol makes weak stomachs strong because it strengthens and tones up the weakened, tired and overtaxed nerves of the digestive organs. Vinol is easily assimilated by the weakest stomachs, and is delicious to the taste.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. The Corner Drug Store, Stocking & McLean, Props., Hereford, Tex.

Notice of Trustee's Sale.

Notice is hereby given that by virtue of the authority in me vested by the terms of a Deed of Trust executed by C. R. Haworth dated September 21st, 1911, and recorded in Volume 18 on Page 72 of the Deed of Trust Records of Deaf Smith County, Texas, whereby the land described below was conveyed to William W. Ryan of Jackson County, State of Missouri, as Trustee, and to his Successors in Trust, as security for the payment of a certain Promissory note executed by said C. R. Haworth, payable to the order of Geo. G. Wright, particularly described in said Deed of Trust, which Deed of Trust provides that in case of default in the payment of any note secured thereby or any installment of interest thereon, when the same shall mature, or in the payment of any sum due on a prior Lien on said lands, or in the performance of any other terms, condition or agreement therein contained, for a period of thirty days after the same shall become due and payable, then the legal holder of said notes or any one of them, shall have the right at his option immediately and at any time while such default continues, to declare the entire indebtedness secured thereby, to be at once due and payable; and,

WHEREAS, default has been made in the payment of the installment of interest on said note which was due November 1st, 1912, and in the payment of certain sums due on a prior Lien on said land, and in the performance of the terms of said Deed of Trust, which default continues and has continued for more than thirty days since the same became due; and,

WHEREAS, Geo. G. Wright, the present legal holder of said note, has declared the entire indebtedness remaining unpaid, to be due and payable at once, and the Trustee and Alternate Trustee named in said Deed of Trust having refused to execute said Trust, and I, having been heretofore appointed Substitute Trustee by a written instrument duly executed and acknowledged by said Geo. G. Wright, the present legal holder of said note, in accordance with said Deed of Trust, and at the request of said Geo. G. Wright, the present holder of said note, I, A. W. Henschel, Substitute Trustee, will, on the 1st day of April, 1913, (the same being the First Tuesday in said month) between the hours of 10:00 o'clock a. m., and 4:00 o'clock p. m. of said day, proceed to sell, at public outcry, in front of the Court

House door of Deaf Smith County, Texas, to the highest bidder for cash, the following described real estate situated in the County of Deaf Smith, in the State of Texas, to-wit:

One Hundred Sixty-Two & 92-100 (162.92) Acres of land out of Capitol Leagues 435-436 and particularly described as the Northwest Quarter (1/4) of Survey or Section Seven (7), Township Two (2) North of Range One (1) East of a Capitol Syndicate Sub-division, as shown by the plat of such sub-division of record in the Deed Records of said County of Deaf Smith, in the State of Texas, Volume 19, Pages 23-31:

The proceeds whereof will be applied to the payment of the balance due upon said indebtedness, the expense of making said sale, and the remainder, if any, paid to said C. R. Haworth or his order, in accordance with the terms of said Deed of Trust.

WITNESS my hand this 19th day February, 1913.

A. W. HENSCHEL,
Substitute Trustee.

BETTER FARMING METHODS

INCREASED CORN YIELD RESULTS FROM PRIZE CONTEST OF TEXAS INDUSTRIAL CONGRESS.

ALFORD BRANCH
"Champion Corn Grower of Texas,"
167 1/2 Bushels on One Acre.

Alford Branch is a wide-awake farmer living at Overton, Rusk County, Texas, who, by careful preparation of his land in the fall of 1911, so that it was in condition for the winter rains to sink in and to be stored for the use of the plant during the following season, who carefully selected the best seed-corn that was grown in his section and by shallow and constant cultivation from the time the corn was a few inches high until it was actually mature, not only kept it free from weeds, but kept the surface for an inch and a half or two inches so finely pulverized that it acted as a mulch and prevented the loss of moisture by capillary attraction, has raised on one acre of second bottom land 167 1/2 bushels of corn at a cost of 13 cents per bushel. Raising the corn at the low price of 70 cents per bushel, there was a net profit of \$95.35 from this acre. Adding to this the \$250 prize money awarded him by the Texas Industrial Congress, makes a total of \$345.35, which is the interest at 6 per cent upon \$5,755.83, and represents the value of an intelligent combination of brains and work.

This young man broke his land in the early winter with a two-horse plow, cutting about six inches deep; followed in the same furrow with a team pulling what is known as a "bull-tongue" that cut ten inches further into the earth, but turned up no new soil, and formed a reservoir to hold the moisture as well as to aerate the land and make more plant-food available. He used five hundred pounds of commercial fertilizer that had been recommended by a reliable house as best adapted to the successful growth of corn upon his black, sandy land, which had been in grass for a number of years and had an ample supply of humus. He used seed-corn that was popular in his neighborhood, known as the "Bloody Butcher." He states that he made as much corn on the one acre by the better methods above-mentioned as his father made on ten acres prepared and cultivated in the old-fashioned way.

The picture below is a graphic illustration of the value of using improved methods.

(19 BU. PER ACRE)
10-YEAR AVERAGE OF TEXAS

(51 BU. PER ACRE)
GENERAL AVERAGE OF ALL CONTESTANTS

(2 1/2 BU. PER ACRE)
LOWEST PRIZE-WINNING YIELD

(167 1/2 BUSHELS PER ACRE)
LARGEST PRIZE-WINNING YIELD

The general average of all contestants was fifty-one bushels to the acre, while the general average for the State in 1912 was but twenty-one bushels. If all of the corn growers in Texas had averaged just what these contestants averaged, at the prevailing price, the crop would have brought one hundred and sixty-odd million dollars more than it did.

In 1911 the average corn crop of Texas was 9.6 bushels to the acre. Seventeen hundred and forty-six contestants for the prizes offered by the Texas Industrial Congress, coming from one hundred and sixty-one counties, averaged 31 1/2 bushels of corn per acre. All of the prizes were won in seventeen counties. In 1912 there were 4,030 contestants from 205 counties. Fifty-five counties won prizes, and 16 of the 17 that won in 1911 won again in 1912. This clearly demonstrates that the work of the Congress is constructive, permanent and cumulative.

The Congress keeps in touch with all contestants, makes suggestions as to preparation of soil, conserving moisture and fertility to make plant food available, as to seed selection and the best methods of cultivation, but all of these are subject to any changes that the contestant thinks best to make; the only object being to offer suggestions that cause the farmer to investigate and with all the information at hand to determine the best methods to adopt.

SOME "TOGGERY TALK"

ABOUT EASTER

You may speak of the stars and sky serene
Or the zephyr that gaily blows,
But where is the joy in an Easter scene
When you're wearing your last year clothes
Where is the pleasure in all the town,
When the Easter crowd seems gay,
When your coat has a lustre weird and grim
And your trousers have begun to fray?

Your hat looks rusty about the band,
And your buttons no longer match,
Your coat collar shows a greasy streak,
And your elbows both are patched.
Prate on, philosophise as you may,
Until you sink in sleep's "sweet repose"
You'll never receive that long felt want
Until MYRICK sells you your clothes.

Excuse the Spring Poetry please. May seem Early. But Listen! EASTER comes Early also. Only one more week, and while Easter may be a little "ahead of time" IT'S NOT AHEAD OF US.
