LOCAL CITIZEN RECEIVES HONORS

Local Organization of United Daughters of The Confederacy Names Order After Col. E. T. Woodburn.

The Local Organization of the United Daughters of the Confederacy has named their Chapter in honor of Col. E. T. Woodburn of this place. Mr. Woodburn is a veteran of the Great War having been in more than a score of battles and skirmishes and was during the entire four years right in the front ranks and along the firing line. He enlisted in May '61 at Pocahontas, Arkansas, in Company F of the Seventh Regiment. At this place a brigade was formed composed of the 2nd, 5th, 6th, 7th 8th and Hindman's Legend. Gen. Hardee was chosen as commander. The brigade moved across the Mississippi to Columbus and became a part of the Army of Tennessee. Company F was actively engaged in the following big battles: Shiloh, Perryville, Murphersboro, Chickamauga, New Hope Church, Rzakah, Kennesaw Mountain, Peach Tree Creek, in the month's battle around Atlanta and at Franklin. The last battle which Mr. Woodburn was in was at Bentonville, N. C., where he laid down his gun to take up the implements of peace. In all these battles, Orderly Sargeant Woodburn, was most fortunate that he was never seriously wounded; however, he had a number of narrow calls. At Shiloh he was shot "through and through" the canteen and all the water ran down into his boot. He thought, of course, that it was his life blood flowing, and he was carried to the rear. At Murphersboro, his cartridge box was shot from his belt, while at Chickamauga, his gun was shot into at the breach. At Franklin, however, he received a painful wound in the instep of the foot which kept him out of the army about a month but he was back at his place to answer roll call.

Col. E. T. Woodburn was born in Tennessee 70 years ago, next Tuesday being his regular birthday, same being July 15th. He came to Texas in 1874 and has lived in Hood county, residing there 26 years; in Brisco county 7 years and has been at Hereford 6 years.

In thus honoring one of our local citizens, the Hereford Chapter has conferred a great but well deserving honor upon one of Deaf Smith county's citizens. Though he has reached his three score and ten, Col. Woodburn is active and enjoys fairly good health, is young in heart and likes a good joke or an interesting narrative as well as one of younger years. He has a host of acquaintances and they are all his friends. At present, he with his son, is engaged in the drug business, he being a sort of necessary ornament to the business. His most important position and work at this time, is sole president of the Bench Congress, an organization of volunteers who, when the weather permits, assemble at least once a day, taking their places on two convenient benches on the side walk in front of the Woodburn Drug Store. There is no similar organization in the world. It costs nothing to join and nothing to maintain your membership except that you must keep in the good graces of the president.

All sorts and sizes of questions are discussed daily at the Bench Congress, the subjects ranging even in one day from the Constitutional Amendment to the stumpy styles of women's dresses. Any question may be discussed except baptism, but may be broached when the wise sage of Hereford is present. Col. Woodburn thus has an opportunity to have his friends call upon him most every day and at times a lively discussion of current topics follows. Mr. Woodburn and his Bench Congress has gained more than a state wide reputation thru newspaper publicity and it may go down in history as one of the unique organizations of Texas.

The Brand wishes to congratulate the Daughters upon the wise selection of a name for their Chapter and we salute the gentleman as a type of the true Southern gentleman whom you have sought to honor.

Seventy-Sixth Birthday.

A very enjoyable occasion was had at the home of Judge and Mrs. C. D. Wright last Sunday, when the family celebrated the 76th birthday of Capt. J. R. Wright, the father. Mrs. Joseph Ponder, a daughter, was also present, this being the first time in ten years that the family had been together. The four grandchildren added much to the enjoyment of the celebration. Mrs. C. D. Wright served an elegant 12 o'clock dinner. Capt. Wright was in his happiest mood and the next day when his friends at the Bench Congress of which he is a prominent member, learned of the event, they greeted him with congratulations.

JUDGE WRIGHT FAVORS CHANGE

Argues That Constitution Should be Amended as Proposed in Resolutions.

There has been a great deal of discussion of the proposed amendment of the constitution allowing bonds to be issued for improvements to the State University, A & M, and for the state institutions.

It seems to me that the opponents of the amendment are drawing rather heavy on their imagination and are only giving excuses for being against the bond issue and are not really giving any logical reason for their position.

Now, the main burden of the opponent is, that there is no limit to the amounts that could be issued. Let us see if this is really an argument or only one of their excuses. The bonds for the University, A & M, Medical Department and Penitentiary are to be issued on the lands of these institutions and the income from these lands are to be used for the purpose of paying the interest on the bonds and for creating a sinking fund. Does this not limit the amount that can be issued for these institutions? The amount that can be issued for the rest of the state institutions is not limited except that the bonds can only be issued for necessary improvements as needed. The legislature will be powerless to issue bonds in greater amount for the University than the lands of the University will be able to take care of without increasing the taxes one cent.

Now, this does limit the amount of bonds that can be issued for University, A & M, Medical College and Penitentiary, and there is just as much a limit placed on the amount of bonds that can be issued for the rest of the state institutions as there is at present a limit on the amount of taxes the legislature can levy each year. The legislature is now only limited to the amount "sufficient for needed purposes." The bonds can only be issued for the "construction of necessary buildings for state institutions" so there is just as much a limit placed on the amount of bonds that can be issued as there is now a limit on the amount of general revenue that the legislature can collect from year to year. Has there been any great amount of complaint that the legislature has ever collected more revenue than was needed for the proper management of the affairs of the state? No. Then why in the name of reason can it be argued that if the amendment is carried the legislature will bankrupt the state by issuing immense amounts of bonds that we do not need for any purpose, as specified in the amendment? To say that there will be a great deal more bonds issued than will be needed; is to go against reason and precedent and amounts to a libel on each of our legislators and is tantamount to saying that they are and always will be a set of grafters, who are and will be totally blind to all reason and the wishes of their constituents; and it is an impeachment on our system of government to say that the representatives of the people will not represent them and that the people are powerless to help themselves. Now, we know that there never was a time in the

history of our state when the governing bodies were so easily swayed by the wishes of the people. The people now demand to know of their would-be public servants, before election, what their position is on the vital issues of the day, and after election the representative or senator would not dare to go back on the promises he made during the campaign. There was never such close relations between the people and the legislators. In this way the people will have full opportunity to limit the amount of bonds even if there was any danger of the amount being too much.

Now, some say that if the amendment carries it will kill the A & M College. Nay, verily, it will only give the people a chance to have it equipped as it should be and to have others created as needed, because the people demand that the A & M be properly taken care of.

It is generally conceded that the University, A & M, Medical College, Penitentiary and various state institutions are badly in need of more buildings and equipment. Now, if you allow the legislature to provide for their wants by issuing bonds you will allow the University and A & M to be properly equipped without it costing you one cent, the rest of the state institutions can be taken care of by a slight tax per year that will not be felt; but if you defeat the bonds then if we are to have these needed improvements, we will have to pay for it by direct taxes to be paid in the next two payments which will greatly increase the taxes; and further, it will be an impossibility for the University and A & M to have proper equipments and buildings, for the legislature is without power to levy taxes for equipments and buildings for these institutions and you will thereby cripple them so that they cannot be of anything like the service to the people that they could if they were properly provided for, as they could be with the bond issue; if you say you will not collect this all in the next two years, then you will be the means of crippling all the state institutions and the state will not be able to properly take care of the insane and other unfortunates, you will then check the advance of the state along the educational, industrial and humanitarian lines.

Now, it just comes down to three questions for you to decide. (1) Either vote for the bonds, thereby allowing all the state institutions to be properly cared for, with a very small tax; or (2) defeat the bond issue and make some of the improvements, making a large tax rate and fail to take care of the University and A & M; or (3) vote against them and don't provide for the needs of the state institutions at all. Which class are you in?

C. D. Wright.

For Miss Bertha Witherspoon.

Miss Bertha's two weeks' visit in Hereford were made pleasant by a number of little social affairs in her honor. On Tuesday of last week Miss Irene Williams was hostess to a very delightful 1 o'clock luncheon. The dining room was prettily decorated with blooming geraniums and ferns. At the tastily arranged table covers were laid for Misses Bertha Witherspoon, Mattie and Meda Woodburn and Irene and Mary Williams.

We may not be the nearest to you, but we will come the nearest pleasing you. Betts & Clark. 141f

MAYOR ISSUES STATEMENT

Points out City has Full Authority to Enforce Weed and Sanitary Ordinance

It would be impossible to say too much in praise of the splendid public spirit and civic pride of such of our men and women as have had their premises cleaned up and the weeds cut. It does seem as if an ordinary amount of public spirit would prompt every citizen whether living in his own or in rented premises, to cut the weeds thereon and clean them up. The ordinances of the city require it and it is everyone's duty to comply with them. Don't deceive yourself with the idea that the city cannot require a compliance with these ordinances. The Legislature of Texas has conferred upon cities like Hereford this authority. "The City Council shall have power to compel all persons to keep all weeds, filth and any kind of rubbish from the sidewalks and streets and gutters in front of the premises occupied by them." It ought not to be necessary to refer to these penal ordinances, but they can be enforced if the sentiment of the community is in favor of their enforcement. A petition signed by a respectable number of such of our citizens as are in favor of keeping the city clean and sanitary, to the Commission, will certainly start something against those who have not heeded the call to clean up, but have seemingly defied it. Again, while no case of typhoid is known at this time, cases of it have been here this season, and the physicians of the town have complained to me that such warfare against the flies is being carried on as ought to be. Next week many visitors will be among us. They will get either a favorable or an unfavorable impression of the community. Those untidy premises overgrown with weeds are not going to help us. There is not a well man in this town but can help the community by a few hours' work in cleaning up the premises on which he lives. The non-resident property owners are responding to the call. Let me appeal once more to you to lend a hand to help the community in which you live.

W. W. Knight, Mayor.

U. D. C.'s Organize.

Several weeks ago a number of ladies met at the court house for the purpose of organizing a U. D. C. Chapter in Hereford. After several meetings were held to discuss preliminaries an organization was perfected on the 28th of June. The new chapter is to bear the name of E. T. Woodburn, in compliment to one of the resident veterans of Hereford. The following officers were elected at that time: Mrs. Evans, Pres; Mrs. Sellars, vice pres; Mrs. J. J. Gallaher, treas; Mrs. A. J. Lipscomb, sec; Mrs. S. J. Dodson, historian; Mrs. B. S. Arnold, registrar; Mrs. R. M. Johnson, chaplain. A very interesting program on Jefferson Davis Day was enjoyed by a number. Mrs. Gibson was hostess to the chapter and veterans on June 3, when a very interesting Jefferson Davis program was enjoyed. The next meeting of the chapter will be held at court house, Saturday, July 12, at 4 p. m.

It shall then be the duty of the Mayor to have prepared a statement of the expenses so assessed against each lot or separate piece of real estate with twelve per cent added thereto and to file the same with the County Clerk of Deaf Smith County, Texas, whereupon the City shall have a first and privileged lien on each respective piece of real estate to secure such expenditures and the twelve per cent added thereto, in accordance with Article 542 and other Articles of the Statutes of Texas.

On the order of the City Commission suit shall be instituted in any Court of competent jurisdiction to recover from the owner of such property the expenses incurred by the City and the twelve per cent added thereto, and to foreclose its lien on said property and to have the same sold to satisfy such expenses and lien and the costs.

Exodus 2:11-25—July 13.
"Blessed are the meek: for they shall inherit the earth."—Matthew 5:5.

THE education of Moses is briefly summed up in the Biblical statement that he "was learned in all the wisdom of the Egyptians." Legend tells us something of his schooling in the philosophies of that time, and declares that he was a successful Egyptian general; but it is for us to follow the Bible account. The time was nearing when God intended to bring the Israelites out of Egypt into the Land of Promise—an illustration of the still more wonderful deliverance by the Greater than Moses, which now is nearing. God's providences may be noted in respect to the experiences of Moses, who is credited by the Lord with having been "the meekest man in all the earth."

Moses Threw Himself into the Scuffle.

God wanted a meek man for the important position which He intended Moses to fill. Moses' lessons and experiences helped to make him meek. Who cannot see that if he had been proud and arrogant, he would have been unfit for the duties and responsibilities devolving upon him as leader of his people? Perhaps no man had a more difficult task than that represented in Moses' forty years with Israel in the wilderness. We may be sure that he was prepared for the ordeal only by the experiences of the preceding eighty years of his life.

The adopted son of the Egyptian princess, Moses must have been a court favorite, and in danger of cultivating pride and arrogance. As an offset, he had continually before him the fact that his features were Jewish, and that thus every one had knowledge of his identity with the despised and oppressed people. The tendency would naturally be toward one of two courses: Either he would seek to ignore the Hebrews and to become more and more identified with the Egyptians, or else he would exercise faith in the special promises of which his people were heirs as children of Abraham, Isaac and Jacob.

St. Paul notes that Moses was a victor in this test. He chose to suffer affliction with the people of God rather than to enjoy the honors which might have been his as an adopted member of the royal family. (Hebrews 11:24-26.) To Moses the Promise which God made to Abraham, and repeated to Isaac and Jacob, and which still awaits fulfillment, was more to be desired than all the riches and honors of earth.

Moses Discouraged, Heartbroken.
Trusting in the Lord's Promise, Moses believed that the time had come for the deliverance of the Israelites from bondage. He knew well of his intraculous preservation, and had the assurance of God's Promise that this signified that God had a special work for him to do. He was anxious to begin that work. He knew not of his own unreadiness—that he would require forty years more of special schooling.

An occasion to show his zeal for his brethren came when he saw an Egyptian abusing one of them. Moses threw himself into the scuffle. The Egyptian was killed. Moses perceived that some of the Egyptians knew of the matter, so he quietly buried the victim in the sand. He doubted not that his brethren would realize that he was their friend and defender, and would look to him with confidence as their leader, when God's providence would open the door for them to leave Egypt.

But all his dreams faded when, next day, he perceived that there was no such loyalty among his brethren, and that they were ready to deliver him to the Egyptian authorities. Thoroughly discouraged and fearing for his life, Moses fled to the wilderness of Midian. It looked as though all his education and development had gone to waste.

Moses Jethro's Shepherd.
As the fugitive sat upon the casing of a well, shepherds brought their flocks for water. Amongst the shepherds were Jethro's daughters, and opposing them some ungallant shepherds, who hindered them. Moses took their part, and drew water for their flocks. Incidentally he walked with them to ward their home.

Jethro was appreciative of the stranger, who did not disclose his identity. Moses was thoroughly crestfallen, meek, teachable.

Moses married one of Jethro's daughters and continued to be a shepherd for forty years. He did not at the time understand the Lord's providences in his affairs; but he was all those years learning a most important lesson of meekness, of full submission to the Divine will. When the lesson had been learned, God's time had come to put His thus doubly educated servant into a most important place, for which he never could have been qualified without just such experiences.

God's dealings with Moses illustrate the general principles of His dealing with all those whom He would use in special service.

Parrott Paragraphs.

We want to tell the world of the very nice children's day we had. Although late in reporting it, we had it the third Sunday in June, and the success of the day was due, largely to our fine girls, who have so ably profited by the fine training they have had under their instructor of the past year, Miss Dora Shepard. The Misses Alva Metcalf, Ethel Jennings, Rhoda Bess Fincher and Hazel Hacker did much of the work of arranging the program and all of the cleaning of the school house and decorating. Much is due to Mrs. Ricketts, who aided us so materially with her presents and her music. There was a goodly number present from faithful Dimmitt and the beautiful termination of the program by Mr. Mc Nerney's birdlike whistling was not the least of the charms of the day.

The Misses Alva Metcalf, Ethel Jennings were guests of Rhoda Bess Fincher last week at which time they were engaged in very useful work.

Miss Fannie took Sunday dinner with Mrs. J. F. Hacker at Mr. Guthrie's.

Alva and Tommie Metcalf entertained their young friends Sunday.

We want to tell you of the very pleasant time that Mr. and Mrs. Metcalf gave to the Sunday school last Thursday evening. Such an abundance of delicious ice cream and cake was served. There were over fifty present and all went home happy.

I cannot refrain from speaking of the very fine sermon that Brother Smith gave us Sunday. It was altogether splendid. We are to have quarterly meeting with us the 20th of this month to be followed by a week of meetings conducted by Brother Smith.

The Sunday school met Sunday night at W. E. Hacker's to sing. We are getting much good from the books that Mr. Black of Hereford so kindly gave us.

An echo tower in the Festive or East Court. At night the East Court, with its pavements of gold, its great banks of flowers, and its lofty palms, will be flooded with light. Musical masterpieces of the world will be rendered by the chimes in the towers. Great banquets and choral festivals will assemble upon the floors of the court. In the Festive Court, the visitor will behold a vision surpassing the richest dreams of Oriental or Moorish architecture. The floors of this court will be in tessellated pavements of gold. In the center of the court will be great groups of sculpture with fauns, dancing nymphs and satyrs. There will be great fountains upon which magic lights will play at night and at night this mystic court, as all others, will be flooded by a glow of indirect light which will resemble a bright moonlight. At the south end of the court will be a huge tower 270 feet in height in which will be a great organ with echo organs in smaller towers of the court. The Festive Court will be a court of music, of acting, and of symphonic dancing. Here will assemble many of the great pageants of Oriental nations that will take part during the exposition; here too will come many of the processions from the amusement center, which will be designed to draw visitors from the more serious phases of the exposition.

DRAWING THE FAMILY WASHING AWAY FROM THE HOME

Every progressive laundryman looks forward to the day when the entire family wash will be sent to the laundry. To the farsighted this ideal condition of affairs is rapidly becoming a reality. But there are some less optimistic who still argue that it is practically impossible—that conditions of years standing cannot be overcome, and particularly in their own locality.

BY WAY OF COMPARISON. It was not so very many years ago that in a certain province of China all the inhabitants retired at dusk as their ancestors had done for centuries past, simply because they had no proper illumination. One day the Standard Oil Company invaded the territory, not only with the oil, but with lamps. They changed this custom, centuries old, in almost a day.

AS IT APPLIES TO THE LAUNDRY. And so it is with the laundry work. The man who insists that a thing cannot be done is oftentimes interrupted by someone doing it. There are hundreds of laundrymen who have developed their territory, until to day they are handling tons of family work each week.

Notwithstanding the fact that our business has more than doubled since starting up some few weeks ago, we have the capacity and can handle five times as much business. Our charges are reasonable; suppose you give us a fair trial. We are pleasing a great many and more than likely can please you. We are here to stay and are striving to make each week's work better than the last. Phones 246, 116 and 197. **HEREFORD STEAM LAUNDRY**

Meeting at Boyina Postponed.

On account of so many of the people being pressed with their farm work and others being away from home, the meeting to have begun last Sunday by Rev. G. T. Bailey was postponed to a later date.

Sunday School Picnic.

The members of the Sunday school of the First Christian church had an outing at Sulphur Park last Tuesday, the day being spent as each one found pleasure. Fishing, wading, and a good spread passed off the day. Blistered necks and tired limbs made up the result.

Notice.

Please do not ask the use of Mothers' Park for picnics. Necessary work in progress in park necessitates this notice.

Very kindly,
Mothers' Club.

Dinner.

Miss Edna Fuqua entertained on Monday of last week with a 12 o'clock dinner complimentary to Miss Bertha Witherspoon and Miss Louise Irwin. Other guests on this pleasant occasion were Misses Junita Smith and Clyde Wilson.

At the Methodist Church.

Rev. J. H. Henson has sufficiently recovered from his recent illness to be up and out. He has announced that he will preach Sunday, using as a subject for the morning service: "Why the Kingdom Tarryes."

Another New Grocery Firm.

Another grocery store will be opened between now and August 1 at the Wilkinson old stand on Main street, the style of the new concern being Smith & Son. The firm is composed of C. Smith and his son, Leslie. Mr. "Jack" Spratt will be engaged with the new firm.

Causes of Stomach Troubles.

Sedentary habits, lack of out-door exercise, insufficient mastication of food, constipation, a torpid liver, worry and anxiety, overeating, partaking of food and drink not suited to your age and occupation. Correct your habits and take Chamberlain's Tablets and you will soon be well again. For sale by all dealers.—Advertisement.

Committee Visits Canyon Normal.

A committee from the Hereford School Board, composed of Supt. Short, W. H. Ray, D. C. Laird and J. H. Buckner, visited the Normal at Canyon Tuesday for the purpose of taking a first eye-view of the equipment in the manual training and domestic science departments. The board has in mind to equip these two departments in the best and most economical way and they felt that an examination of the Normal equipment would be a good guide.

Changes at the Star Theatre.

Workmen have made some material changes in the Star Theater. The old entrance has been torn away and two side entrances have been put in. The ticket window is now flush with the old door and the two new entrances go up directly from the street, making it much more convenient and a great deal safer in case of fire or excitement. The Star puts on a good show every night and the people of Hereford appreciate the enterprise of the manager.

A Dinner.

The "good times" were concluded for Miss Bertha Witherspoon in Hereford on Thursday when Mrs. Hawkins gave a 12 o'clock dinner to Misses Bertha Witherspoon, Percy Gallaher, Mattie Belle and Meda Woodburn, and Mesdames Estes Woodburn and Arnold. The feeling on this occasion was not all joy, for good-byes were soon to be said, as Bertha was to leave on the afternoon train.

Cabbage plants now ready for fall planting. See Major in South Hereford or Phone 97. 23-2t

Slumber Party.

Another courtesy to Miss Bertha Witherspoon was a slumber party given by Mrs. Joe Collins on Tuesday night of last. The guests on this occasion were: Misses Bertha Witherspoon, Inez Morgan, Willia Elliott, Beulah Potter, Percy Gallaher, Meda and Belle Woodburn and Ina Gregg. For the six o'clock dinner the beautiful laid table had decorations of sweet peas with fern. The Collins' home is especially suited to entertaining and to the girls a "slumber party" is the jolliest form of entertainment, so in every detail this occasion is one to be remembered.

The Best Medicine in the World.

"My little girl had dysentery very bad. I thought she would die. Chamberlain's Colic, Cholera and Diarrhoea Remedy cured her, and I can truthfully say that I think it is the best medicine in the world," writes Mrs. William Orvis, Clare, Mich. For sale by all dealers.—Advertisement.

BASEBALL! BASEBALL!

The White Faces of Hereford will play two strong teams during the Water Carnival, one from Tulsa, one from Amarillo, each to play three games. White Faces vs Tulsa, Monday, Tuesday and Wednesday; White Faces vs Amarillo, Thursday, Friday and Saturday. The line-up for Hereford is strong and series of good games is expected.

A Good Investment.

W. D. Magli, a well known merchant of Whittemound, Wis., bought a stock of Chamberlain's medicines so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy was worth more to him than the cost of his entire stock of these medicines. Mrs. Stephens Entertains.

Mrs. H. B. Stevens was at home to a large number of her friends on July 4th, the hours being 9 to 11 in the morning and from 5 to 7 in the afternoon. For this occasion the porch, by the use of screens and flags, had been converted into a cozy nook, and ideal place for Mesdames Stephens, Arnold, Hawkins and West to greet the guests, and for Misses Beulah Potter, Mattie and Belle Woodburn to serve punch. The receiving rooms were quite pretty and patriotic in appearance. In the living room there were a great many flags, among them, of course, the Long Star of Texas. In a place of prominence was a shield, having on it thirteen stars and seven strips,

representing the colonies in the beginning of what is now our glorious union. From the corners of the rooms strips of paper, red, white and blue, were caught under the chandelier in a bowl, from the loops of which miniature American eagles were suspended. Vases and bowls of flowers gave the floral touch needed to complete the decorations. After an hour playing "325" quite an enjoyable musical program was rendered by Mesdames Parker, Hawkins and Norton, vocal trio; Miss Junita Smith of Waco, vocal solo; Miss Ruth Wilson, violin solo; Mrs. West and Miss Percy Gallaher, instrumental numbers. A delicious salad course with mint ice was served. Miniature flags being given as favors. The afternoon party was similar to the morning and was also followed by a musical program rendered by Mrs. West, Miss Wilson and Miss Elliott. Mrs. Stephens' many friends were very expressive of that 4th of July being most pleasantly spent.

Will Open Wholesale Produce House.

Hugh Conklin of Iowa, who has been here for some days, has become interested in the wholesale produce business and wants to see such an enterprise started. He says that he will open such a business in Hereford if he can be assured of enough patronage from the people of the town and country. It is his purpose to buy all kinds of garden stuff, poultry, eggs and cream direct from the farmers, paying cash. He will then ship this to outside points wherever the demand and the price justify. He has already received the encouragement of a number of our citizens, and others who want to see such an enterprise started would do well to make their desires known.

ADVERTISING IS INSURANCE.

By Holland.

An advertisement is an insurance policy. It insures against loss through the purchase of goods of inferior quality. When you buy goods that are advertised you know you are getting the best. Makers of poor articles can't afford to advertise them. Unreliable merchants are not allowed to advertise in this paper even if advertising would be profitable to them, which is unlikely—unlikely because truth and reliability are the essence of successful advertising.

You don't take chances when you buy advertised goods, because if by any chance there should be anything wrong with the goods there is the reputation of merchant and manufacturer back of them, and any article that is not up to the advertised specifications will be replaced. **DON'T TAKE CHANCES. BUY ADVERTISED GOODS.**

Notice Cattlemen.

You are invited and urged to be present at a meeting in Amarillo on Wednesday, July 16, at which time W. N. Waddell, chairman of the Live Stock Sanitary Commission of Texas, and Dr. L. J. Allen, chief of the Bureau of Animal Industry in this state, want to have personal talks with you relative to the new Scab law now in force. Go up on the early morning train July 16th, and return that night if you wish.

Propose More Parks.

It is very seldom that I have anything to say for publication, but feel that someone should have a word in regard to City Parks. There could be no better investment made by the County and City than to buy a few acres near in and convert it into a park to be used for any and every kind of entertainment and especially for picnic purposes. To accomplish this would suggest that the county and city join in the deal and buy the land out of the Tax money, and after the land is bought ask all who will to assemble and each one bring a good tree of some kind and plant them. There are a number of people, citizens of the town and country who think this should be done, and all it requires is for the Commissioners of the County and City to take hold of it and I am sure there is not a man in the entire county that would oppose the move. Let others have their say about it and lets get busy and have a nice park here within the next few years that will be a credit to our entire citizenship.

New Postmaster Takes Charge.

R. H. Barnett and his force were checked in Tuesday evening and they took charge of the work Wednesday morning. Otho Price is assistant postmaster. He is the son of Dr. W. A. Price. Miss Nettie Parks, daughter of J. L. Parks, is clerk. Mr. Parks and his family moved to Hereford from Hill county a little more than one year ago. Postmaster Barnett had the force in training Tuesday afternoon by having them distribute cards with the names of the patrons of the office written thereon. In this way, they would become familiar with the boxes and the distribution of the mail. Mr. Barnett is the first Democratic postmaster Hereford has ever had. Retiring Postmaster Smith will engage in the grocery business. During his incumbency of about six years in the post office, the service has in general been good, careful attention having been given to the duties of the office. It will be remembered that Ex-Pres. Taft, a few months before the election, sent Mr. Smith's name to the Senate for a second appointment and had not been for the result of the general election, he would now be the postmaster at Hereford. Leslie Smith, assistant postmaster under his father's administration, is a popular and competent young man of exceptional business qualifications. I. H. Spratt as clerk has ever been polite and courteous to the window patrons.

See that joint!

THAT patented joint has revolutionized the whole business of building silos by making it possible to construct a perfectly solid stavesilo of any desired height. When put together with a little white lead at these joints, a two-piece stave

INDIANA SILO

is as good as if it were made of one-piece staves, and very much less expensive. There is no metal at these joints to become corroded by the acids and no outside moisture can collect in them to rot the wood. This joint adds years to the life of your silo and many dollars to its value.

We have a plan by which you can own an Indiana Silo and let it pay for itself out of what it saves for you on next winter's feed bills. Give us a chance to explain it to you.

Interested in Alfalfa Growing.

The following letter comes in response to the first number of a series of articles The Brand has been publishing in the interest of Water, Soil and Sunshine farming. You will also note that this stranger to Hereford and the county judges the town and country by the paper; yes, even the Brand and it is ever true. Therefore, it should be the ambition of the business interests of Hereford to see that they are always well represented by liberal and judicious advertisements. The Brand has always been well patronized by the Hereford business men, but this exhortation is prompted by the clear evidences of an outside endorsement of the proposition: That a town and the business interests are judged by the kind of newspaper put out. The publishers of a country weekly must have the patronage on the business side of the proposition, and the editor must have the assistance of the people in gathering the news. It takes a good town to put out a good country weekly. Mr. White's letter should be read with much interest:

Illinois, June 25, 1913.

Editor Brand, Hereford, Texas.

Dear Sir: I have been a reader of the Brand for the past two months and I assure you that I truly enjoy reading its contents, although I have never visited your little city. I have land interests in your county and am therefore greatly interested in the development and welfare of the country in general. Thus far I am very favorably impressed with the progress the country is making and hope ere long to become a permanent resident of the county. Judging from reports you must have an up-to-date little city and a very progressive and enthusiastic little paper, The Brand, and with your surrounding advantages of soil, water and sunshine, I see no reason why your country should not in the near future become the garden spot of the Great South West. In your last issue you spoke of raising alfalfa and said that anyone wishing to be put next to getting some of this alfalfa soil should address you for such information. You spoke also of literature boosting the Hereford district. Please mail me some of that also and if there any way in which I can cooperate with you in promoting the interests of the country, I shall be glad to do so. With best wishes for the future prosperity of yourself, your paper and your country, I am,

Respt. yours,
J. W. White.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.

I wish every suffering woman would give

a trial. I still use Cardui when I feel a little bad, and it always does me good."

Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.

Surprising Cure of Stomach Trouble.
When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengle, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by all dealers.—Advertisement.

Big Celebration at Hollene.

Friday, July 4th, witnessed one of the largest crowds at this place that has come together in this section since its first settlement. A very interesting program was given and the day was pleasantly spent; everybody had a good time. In the morning the program began by everyone singing the National Anthem—America. The invocation was pronounced by Bro. Singletary. The other numbers of the program were:

- Recitation, Patrick Henry's speech before the Virginia Legislature, March 25, 1775—Miss Nellie Miller.
- Song—Battle Hymn of the Republic.
- Declamation, Supposed Speech of John Adams—Walter Harrison.
- Reading the Declaration of Independence—Mrs. Watson.
- Recitation—Miss M. Brummet.
- Declamation—Bret Foster.
- Declamation—Benj. Harrison.
- Recitation—Frank Foster.
- Recitation—Johnie Foster.
- Recitation, Independence Bell—Lorena Teeter.
- Speech—Hon. T. J. Mabry, State Senator.
- Dinner—Everybody partook heartily.

In the afternoon another program was given:

- Song—Dixie Land.
- Speech—Hon. W. W. White of Clovis.
- Speech—Hon. C. E. Foster of Hollene.
- Recitation—Ben Harrison.
- Fancy Drill—Thirteen girls.

The ball game between Hollene and Gracy was a lively affair, resulting in a score of 8 to 7 in favor of Hollene. Following the game, a number of races were had:

- Erank Foster won in the egg race by the small boys.
- In boys' race from 8 to 10 years, Uril Hamilton won; from 10 to 14, Albert Phillips; from 14 to 17, West Fall.
- In big man's race, J. R. Baker took the honors; in old man's race, 50 and up, Mr. Phillips first, S. T. Mulhair second.
- In the girls' race, Miss Baker won. In the potato race on horses, Wilson Jones.

The entire day, as will be seen, was filled with something doing and the celebration will long be remembered by all present.

DANGER IN DELAY

Kidney Diseases Are Too Dangerous for Hereford People to Neglect.

The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, gravel and Bright's disease often follow in merciless succession. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in this locality.

C. P. Shelnett, Canyon, Texas, says: "We used Doan's Kidney Pills two months ago in our family and they proved beneficial. I can heartily recommend this remedy for trouble with the kidney secretions. You are at liberty to use my statement as heretofore. Whenever I have had occasion to use Doan's Kidney Pills, the results have been satisfactory."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Hereford Needs a Natatorium.

In enumerating the needs of Hereford, a natatorium should not be overlooked. The town certainly needs a place where the boys and girls, men and women could take a plunge in pure, clear, clean water. The ample water supply and the necessity of the public pool makes the demand urgent. If some enterprising citizen could not see his way thru to build such an institution, it has been suggested that a stock company be organized for the purpose of building and maintaining one. What do you say?
