BUSINESS MEN GET TOGETHER

Hereford Citizens Meet and Organize New Club, to be Known as The Chamber of Commerce

Hereford now has a real live Chamber of Commerce. Organized and officered last Saturday night with thirty charter members, it bids well to become an influence for a progressive spirit in the business and industrial life of the community. The officers elected were: J. A. Walker, president; W. H. Ray, vice; S. B. Edwards, treasurer. A Board of Directors consisting of seven members was also chosen. The three executive officers constitute three of the board; other four elected are: D. F. Ashbrook, E. F. Connell, G. A. F. Parker, F. H. Oberthier. A Constitution and By-Laws were adopted at the same meeting. This fixes the membership fee at \$1.00 and the monthly dues at 50 cents, payable quarterly in advance. No secretary was chosen as the By-Laws require that the Directors shall employ a secretary. This, no doubt, will be done soon.

This move was started in a small but representative meeting held last Friday at the offices of Edwards-McDonald. Saturday morning another meeting was held and a committee to draft a constitution and by-laws was appointed, the committee being: Messrs. Caylor, Ashbrook and Evans. Judge C. D. Wright presided at this meeting and A. C. Elliott acted as secretary. This meeting adjourned to meet that night, Saturday, 8 o'clock, at the court house.

Some thirty met at that hour, Judge Wright again in the chair. The report of the constitutional committee was read and re-read. The constitution with but few changes was adopted as a whole. The tug of war came when the different sections of the By-Laws came up to for adoption. After several minor and major changes, motions and substitutions, interspersed by a number of warm speeches, they were adopted. The major point of difference was in the method of electing the executive officers. Some wanted the officers to be chosen by the directors; others, by the chamber itself. The latter idea prevailed by a good, round majority. Those who took part in these discussions and who also made speeches were: J. I. Walker, D. F. Ashbrook, G. A. F. Parker, A. J. Lipscomb, W. R. Evans, Bill Ray, J. P. Snyder, A. C. Elliott, Jno. W. Dale, Geo. Caylor, L. Baskin, and others.

Some sharp but friendly rivalry sprung up when it came to the election of officers, but it all ended in a fine spirit. When the organization was completed, Chairman Wright yielded the gavel to the newly elected chief executive. Mr. Oberthier was appointed to escort Mr. Walker to the chair. The call for a speech was responded to by the president in a short but strong address. He thanked the Chamber for the honor conferred, asked for the cooperation of the members. "With your help, we will succeed," he said, "and as long as I am your president if you will do your duty (I promise you my word to do mine) this Chamber will not die." Closing he said, "I promise you my best ef-

forts as your president."

Bill Ray, the vice-president, was called for and he responded with one of his typical speeches, but it was nearly all wind. (He said so himself and told a joke to prove it.) "We have the foundation laid for a great city," he said. "No club can be run successfully unless we pull together," he continued. "In Hereford as elsewhere, we have two classes—the pessimist and the optimist. You must be an optimist if you succeed in this country." He quoted that familiar couplet: "Between the Optimist and the Pessimist, the difference is quite droll, the Optimist sees the doughnut, the Pessimist only the hole." "I have made a great speech, gentlemen, and now I want to thank you for the honor put on me. Not having been born great, and not having achieved greatness, I have had a great, big chunk of greatness thrust upon me here tonight." Mr. Ray was followed by remarks from Edwards, Parker and Connell, each of whom pledged their hearty support to the Chamber. At the close, twenty-seven names were placed upon the roll of membership.

The Chamber of Commerce, thus organized, opens a new field of endeavor for the progressive citizens of Hereford. The "lid" is off for new members and the new body invites you to join.

Big Cattle Deals.

Cattle deals amounting to thousands of dollars have been closed in this community this week. At Bovina Van Natta Bros. have shipped to DeGraffe, Kansas, 1,050 head of steers, 4's and 5's; James Bros. have sold 3,500 head of 4-year old steers, which have also been shipped to Kansas grazers. Arnold and O'Brien have bought and received this week 500 head of yearling steers from Big Springs, Texas. R. N. Mounts bought 500 head of yearling steers from parties at Sweetwater. They have been placed on his ranch near Hereford. Joe Collins and B. S. Arnold have bought 100 head of 2 year old steers at Seminole, Tex. C. R. Smith, who reports these deals, says that over 25,000 head of calves for October delivery have been sold at \$25 per head. These are in his own personal and, no doubt, many future delivery sales have been made of which he has no knowledge.

Atty. Roloson's Brother Dies.

W. B. Roloson, age 42, of Tuscola, Ill., died at his home Monday, April 28, after a painful illness of some months. He is a brother of Atty. F. T. Roloson of this city. Mr. and Mrs. Roloson were called to the bedside of their brother several days ago, and Mrs. Roloson still remains at Tuscola, but Mr. Roloson returned last Saturday on account of pressing business matters. A wire Monday told of the death of the brother, but the message came too late for Atty. Roloson to leave and get to Illinois in time to attend the funeral.

Court House Lawn.

The court house lawn is beginning to put on its coat of green and in a few days will be in fine looks. The blue grass is coming up and even from a distance the green is evident.

SAM DUNN NOT SPORTY

Backs Down on the Smell of Fish When They Climb Out of the Creek to See it Rain in April.

Everybody knows how that the Hon. Sam Dunn, the inevitable high-muckamuck, promised his Hereford friends a barrel of fish, and they also know that Hereford had four good rains last week, whereupon the said Sam Dunn became liable for that whole-barrel of fish. But his highness and great muckamuckness has sent to the Hereford Brand an holy protest and vehement denial of the facts in the case. His message is fully explanatory:

Amarillo, Tex., April 26, 1913. Editor Hereford Brand,

Dear Sir: I have just read your article in the Brand in reference to the barrel of fish. After consulting some mutual friends now visiting here, I find you did have one good rain during the present of April. Now when I promised you a barrel of fish the first time you had three good rains in April, I did not suppose you would try to ring in on me a little 3-1000 of an inch and call it a good rain. I did not expect to give you a barrel of fish if you happened to have three cloudy days in April. The fact is, you Herefordites have gotten to a point where you call a light fog a "steady down-pour," and a heavy dew a "disastrous flood." George Karr informs me that he is now using artificial bait for bass fishing, as he cannot find a full-grown, live frog that knows how to swim. When you have three good rains in April you will get the fish, though it may be rather hard on you to live to be as old as Mathuselah without getting a good mess of Gulf trout or Spanish mackerel. About August 1st I intend to call on you for a statement as to how many bushels of wheat per acre was grown by those tremendous April rains, this, of course, to bar irrigated farms. Some future generation of your family may be entitled to these fish. If so, my children or grandchildren will comply with my promise to you. Yours truly, SAM F. DUNN.

A careful examination of the said Hon. Sam Dunn's letter clearly shows that he wants to crawl out of the deal and wager. He admits that it had really rained, but did not want us to ring in a three thousandth of an inch on him. Well, alright, the Brand won't, inasmuch as your high muckamuckness demands three good rains, here's the record: Saturday, April 20.....0.10 inches Sunday, April 21.....0.30 " Tuesday, April 23.....0.40 " Wednesday, April 24.....0.65 " Total.....1.45 "

This is three good, big rains, and a fine shower, just as stated in the Brand of last week. While it may be true that the aforesaid, the Hon. Sam Dunn, never saw a good rain in all of his life on the Plains, we've got the gentleman by the hamillicus this time. And then to put the finishing touches on the gentleman who wears the badge of honor among the chief prevaricators of the Plains, that same old Master of Clouds, Junius Pluvius, sent Hereford a stem winder and an angel food soaker Wednesday of this week and knocked that April story of the Hon.

Sam Dunn into a cocked hat. The official record shows that right in town on Main street, the precipitation was 0.55 inches; one mile north of town, the amount was 0.75 inches. Do you call this a dew or a fog? Is this sufficient moisture to swim that barrel of fish out of the Gulf? Come across, old sport, or else your friends will say that the mighty have fallen, the great have come down, and Sam Dunn, the inevitable, is not sporty.

Repairing Concrete Work.

The county commissioners are having some much needed repair work done on the steps and approaches to the court house. The cracked parts of concrete have been cut away and new concrete is being placed. This will help the neat appearance of the Temple of Justice.

F. P. Lowe Crop Report.

Hereford, Tex., Feb. 1, 1912. A. H. Elliston,

Dear Sir—At your request I herewith submit statement of my experience in farming in the Panhandle of Texas, which is as follows: 1902 crop was made on your place and the 52 acres kafir and maize made 1,300 bushels and I realized 65c per bushel for my half, which amounted to \$422.50 (or \$16.25 per acre total). 1903 and 1904 crops on Mrs. Upshaw's place: 1903 my 40 acres kafir and maize made 32 bushels per acre, 1280 bushels; 1903 my 30 acres Indian corn made 30 bushels per acre, 900 bushels; my half of above crop brought me \$481.00, or a net yield of \$13.94 per acre, besides a lot of feed stuff not sold. 1904 crop I did not thresh, fed it out. But it was better than the 1903 crop. 1905 crop on Elmer Bagwell's farm: 30 acres kafir made 63 bushels per acre, 1890 bushels; 20 acres maize made 30 bushels per acre, 600 bushels; 10 acres millet made 30 bushels per acre, 300 bushels; 18 acres Indian corn made 147 bushels per acre, 846 bushels. My half of the crop netted me nearly \$800.00, or a total money production of \$10.80 per acre. In 1906 made a crop in Lubbock county as follows: 105 acres kafir corn made 4,515 bushels or 42 bushels per acre; 35 acres Indian corn made 1,645 bushels or 47 bushels per acre; 50 acres millet made 113 tons. The last named crop netted me \$1125.00 or a net production \$11.85 per acre. The above statement is as correct as I remember. Yours truly, F. P. Lowe.

Building Sidewalks.

A few of our enterprising citizens have recently had sidewalks built on the property lines and to the fronts. A. M. Jones was perhaps the first to build this spring and has set the pace for a number of others. The next to build was C. C. Ferguson on 25-Mile avenue. It is reported that some 500 or a 1000 feet will be built in the eastern part of town, the work to begin soon.

I'll meet you at the Corner Drug Store. 38tf

District Court to Open.

The high sheriff of Deaf Smith county, Mr. Baird, has been busy in placing the district court room and offices in shape for the next session of the District Court of Deaf Smith county. The judge's platform, the jury boxes, the chairs and seats have been cleaned.

Will Improve Farm.

John and Joe Gaetz of South Dakota own a very fine half section of land ½ miles southwest from town and the first has been here for several days looking after improving the tract. He is having some buildings erected and will put in 150 acres of flax, 30 acres of alfalfa and 100 acres of feed stuff. It is the intention of these men to have a big irrigation well this fall if not sooner. We need a dozen more men like these right now.

Official Election Order.

To the Voters of Deaf Smith County: You are hereby notified that an election will be held at the various voting boxes in the county on May 6th, 1913, for the purpose of electing a successor to the Hon. J. C. Hunt, deceased, as representative for this the 123rd Representative District.

Done in obedience to call issued by Hon. O. B. Colquitt, Governor of the State of Texas.

C. D. WRIGHT,

County Judge Deaf Smith County, Texas.

Mrs. J. P. Sybert with some fifteen of her women friends celebrated her 61st birthday Wednesday of this week. An appetizing dinner was spread and everyone present enjoyed the day. Uncle Sybert was as spry as any young gallant and assisted in many ways to make the day one of enjoyment.

John Sherman Elected Secretary.

At a meeting of the Board of Directors of the Chamber of Commerce yesterday evening, John Sherman, assistant cashier of the Western National Bank, was chosen as secretary for the Chamber. This is a good selection. Mr. Sherman has taken hold and is already laying plans to further the cause of the new organization. The first thing he did was to add some twenty new names to the roll of membership.

Citizens in Call Meeting.

The president of the Chamber of Commerce, J. I. Walker, called a citizens' meeting for Tuesday night this week and a goodly number of both men and women attended. The meeting was called to order and the object stated by the chair. The president explained that the recently organized body, known as the Chamber of Commerce, was for the purpose of securing adequate co-operation in the upbuilding of every legitimate enterprise in the town and county—stock raising and farming, irrigation and farming, and the mer-

cantile interests. A number of short, ten minute addresses were made by members of the Chamber. Supt. Ben Short led off with a speech on the relation of the schools to the Chamber of Commerce. He was followed by a short speech by Judge C. D. Wright on the county and the Chamber of Commerce. G. A. F. Parker talked a few minutes about the banks and the order in which he pointed out that the Chamber should have the same careful management as is required of successful banks. Mr. Parker was followed by W. H. Ray, vice president, who exhorted

the members to loyalty. D. L. McDonald gave a short but terse statement of the possibilities of water development and suggested that every man, woman and girl in the community should be a walking apostle to preach the gospel of irrigation. Another member followed in a rambling talk about advertising and publicity; but being mostly hot air, it soon vaporized and disappeared in the dissolving mirage of the morning. This gentleman was followed by President Walker, who made a strong appeal to the citizens of Hereford and of the county to support the organization. He said that he believed the possibilities at Hereford were greater than in any other section of Texas or the Southwest. "We have the water, the soil and sunshine upon which to build an empire; and while it takes time to develop any proposition and we have made mistakes and have seemed to make slow progress, there is waiting for us who labor an abundant success. We came to Hereford because we were convinced that our opportunity was here and we will succeed in what we have undertaken to do." He continued by saying that he wanted the citizens to help one another; he did not want to hear one man knocking on his neighbor; he wanted to see the real estate men work in harmony; he wanted all of the knockers to get out of the way and if any man was not satisfied to remain among us and assist in making a success of every enterprise in the county, that it would be better for him to move out and the sooner the better." This remark brought applause. Mr. Walker closed his very timely remarks by "opening the doors" of the Chamber of Commerce and some sixteen new names added to the roll. This made 46 members enrolled to that date. Since then others have come in. The regular meeting of the Chamber will be on the first Tuesday night of each month to which meetings everybody is invited.

Alamo Heroes Monument Association.

Many county agents are sending in reports of the work they are doing for the Alamo Heroes Monument Association and it is interesting to note how some of them are raising money for the building fund. The monument will cost \$2,000,000.00, and it may seem a difficult task to raise this sum, but to judge by some of the reports received the people of Texas are giving loyal support to the project and it should not be many months before the entire amount is in hand.

One agent wrote that he had appointed sub-agents, many of them women, who had made house to house calls with the tickets which will entitle the holders to admission to every part of the monument when it is completed and these had had splendid success. Another had enlisted the support of the school children with, as might be expected, excellent results. Another had conducted short lecture tours in the rural districts, explaining to the people the purpose of the monument, awaking their patriotism, picturing the building when it is completed, 802 feet high and the tallest in the world and enlisting their support.

DANGER FROM GRIPPE**Lies in That Cough and Weak, Worn-out Condition.**

Grippe, pleurisy, pneumonia, these are greatly to be feared at this time of the year.

To prevent grippe from being followed by either pleurisy or pneumonia, it is important to drive the last traces of it out of the system quickly.

Our advice is to take Vinol, our delicious cod liver and iron preparation without oil, and get your strength and vitality back quickly.

Mrs. A. A. Grabill, of Strasburg, Va. says: "Grippe left me weak, run down and with a severe cough, from which I suffered four years. I tried different remedies, but nothing seemed to do me any good until I took Vinol, from which I received great benefit. My cough is almost entirely gone, and I am strong and well again, and I am glad to recommend Vinol to others who suffer as I did."

Try Vinol with the certainty that if it does not benefit you we will give back your money. The Corner Drug Store, Stocking & McLean, Props., Hereford, Tex. (Adv.)

Proposed Amendment to the State Constitution Authorizing the Issuance of Bonds for the Purpose of the Construction of the Necessary Buildings for the University of Texas and Also for Buildings of Various Institutions, and Authorizing Improvement Bonds for the Purpose of Navigation, Irrigation, Construction of Bridges and the Maintenance and Operation of Public Warehouses.

(S. J. R. No. 18.) SENATE JOINT RESOLUTION.

To be entitled A Joint Resolution proposing and submitting to a vote of the people of Texas an amendment to Sections 49 and 52 of Article 3 of the Constitution, authorizing the issuance of bonds and the levying of a tax to pay the interest and sinking fund on same for public improvements.

Be it resolved by the Legislature of the State of Texas:

SEC. 1. That Sections 49 and 52 of Article 3 of the Constitution of Texas be amended so as to hereafter read as follows, to-wit:

Section 49. No debt shall be created by or on behalf of the State except to supply casual deficiencies of revenue, repel invasion, suppress insurrection and defend the State in war or pay existing debts, and no debt created to supply deficiencies in current revenues shall ever exceed in the aggregate at any one time five hundred thousand dollars. The Legislature, however, shall have power to authorize the issuance of bonds to be approved by the Governor for the purpose of purchasing additional ground and erect necessary buildings for the University of Texas, including a medical department, an Agricultural and Mechanical College and all departments and activities of a complete university of the first class. The revenue received from the permanent University fund shall be available for the payment of interest on these bonds and for the creation of a sinking fund for their redemption at maturity and the Legislature shall also have power to issue bonds for the construction of necessary buildings for State institutions. The Legislature shall also have the power to authorize the issuance of bonds secured by lien on the real property of the penitentiary system to be approved by the Governor for the purpose of constructing buildings and making permanent improvements.

Section 52. The Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State to lend its credit or to grant public money or thing of value in aid of or to any individual association or corporation whatsoever or to become a stockholder in such corporation, association or company; provided, however, that under Legis-

lature provisions any county, any political subdivision of a county, any number of adjoining counties or any political subdivision of the State or any defined district now or hereafter to be described and defined within the State of Texas and which may or may not include towns, villages or municipal corporations upon a vote of a majority of the resident property taxpayers voting thereon who are qualified electors of such district or territory to be effected thereby in addition to all other debts may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory, except in case of improvement of rivers, creeks, and streams, in building of levees to prevent overflows, in which case the bonded indebtedness may be for an amount not to exceed one-half of the assessed valuation of the lands of the district to be reclaimed; and, except, further, that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this Constitution, and levy and collect such taxes to pay the interest thereon and provide a sinking fund for the redemption thereof as the legislature may authorize and in such manner as it may authorize the same for the following purposes, to-wit:

(a) The improvement of rivers, creeks and streams to prevent overflows and to permit of navigation thereof or irrigation therefrom or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation, drainage or navigation or in aid thereof.

(c) The construction, maintenance and operation of bridges and macadamized, graveled, sandy clay, or clayed sand or paved roads and turnpikes or in aid thereof.

(d) The construction, maintenance and operation of public warehouses or in aid thereof.

SEC. 2. The foregoing amendment to Sections 49 and 52 of Article 3 of the Constitution of Texas shall be submitted to the qualified electors of this State for adoption or rejection at a special election hereby ordered for the third Saturday in July, 1913, the same being the nineteenth day of said month. All voters on this proposed amendment at said election who favor its adoption shall have printed or written on their ballots the following:

For amendment to Sections 49 and 52 of Article 3, of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical College, State Penitentiary System, and other public improvements and building of warehouses for agricultural products. Those voting against its adoption shall have written or printed on their ballots the following:

Against amendment to Sections 49 and 52, of Article 3, of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical College, State Penitentiary System, and other public improvements and building of warehouses for agricultural products.

Previous to the election the Secretary of State shall cause to be printed and forwarded to the County Judge of each county, for use in said election, a sufficient number of ballots for the use of voters in each county on which he shall have printed the form of ballot herein prescribed, for the convenient use of the voters.

SEC. 3. The Governor of the State is hereby directed to issue his necessary proclamation ordering this election, and have same published as required by the Constitution and laws of the State. The sum of five thousand (\$5,000) dollars, or so much thereof as may be necessary is hereby appropriated out of any fund in the State Treasury not otherwise appropriated to defray the expenses of publishing this proclamation and printing of tickets and necessary blanks to use in said election.

Proposed Amendment to the State Constitution Prescribing Qualifications for District Judges of This State and Prescribing Their Tenure of Office.

(S. J. R. No. 11.) A JOINT RESOLUTION.

Amending Section 7, Article 5, of the Constitution of the State of Texas, relating to the creation and formation of judicial districts, the terms of compensation and qualification of the judges of the district courts, and the times of holding courts.

Be it resolved by the Legislature of the State of Texas:

SEC. 1. That Section 7, Article 5, be amended so as to hereafter read as follows:

Section 7. The State shall be divided into as many judicial districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a general election, one or more judges, each of whom shall be a citizen of the United States and of this State, who shall have been a practicing lawyer of this State, or a judge of a court in this State for six years next preceding his election; who shall have resided in the district in which

he was elected for two years next preceding his election; who shall reside in his district during his term of office; who shall hold his office for a period of four years, and shall receive for his services an annual salary of three thousand dollars, until otherwise changed by law. Court shall be held by a district judge at the county seat in each of the several counties at such times and in such manner as may be prescribed by law. The Legislature shall provide for the holding of the district court when the judge thereof is absent, disabled or disqualified from acting. The district judges who may be in office when this amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment.

SEC. 2. The Governor of the State of Texas is hereby directed to issue necessary proclamation for the submission of this amendment to the qualified voters of the State of Texas at an election to be held on the nineteenth day of July, 1913, at which election all voters favoring this amendment shall have written or printed on their ballots the words: "For the amendment of Section 7, Article 5, of the Constitution of the State of Texas, relating to district judges and district courts," and all voters opposed to said amendment shall have written or printed on their ballots the words: "Against the amendment of Section 7, Article 5, of the Constitution of the State of Texas, relating to district judges and district courts."

SEC. 3. The sum of five thousand dollars or so much thereof as may be necessary is hereby appropriated to pay expenses for carrying out the provisions of this resolution.

JOHN L. WORTHAM, Secretary of State (A true copy.)

Proposed Amendment to the State Constitution Providing All State District, County and Precinct Officers Within this State Shall Be Compensated By the Payment of A Fixed Salary.

(H. J. R. No. 41.) A JOINT RESOLUTION.

Of the Legislature of the State of Texas, proposing an amendment to the Constitution of the State by adding to Article 16 thereof a new section to be known as Section 58, providing for the tenure and compensation of public officials.

Be it resolved by the Legislature of the State of Texas:

SEC. 1. That there be added to Article 16 of the Constitution of the State of Texas a new section to be known as Section 58, which shall read as follows:

Section 58. All State, district, county and precinct officers within the State of Texas shall hereinafter be compensated by the payment of a salary to be fixed or provided for by the Legislature.

SEC. 2. The Governor of this State will, as directed by the Constitution, make publication of this proposed amendment in the manner and for the time as required by the Constitution, the amendment to be voted upon by the qualified electors for members of the Legislature of this State at the general election to be held for State officers on July 19, 1913, the returns of which shall, as provided for in the Constitution, be made to the Secretary of State, the result ascertained and proclamation made as provided for in Section 1, Article 17, of the Constitution. There shall be written or printed on the ballots to be used at such election "for the adoption of Section 58, Article 16, as an amendment to the Constitution, providing a salary compensation for certain officers and fixing their term of office at four years;" and also "against the adoption of Section 58, Article 16, as an amendment to the Constitution for certain officers and fixing their term of office at four years;" and those favoring the adoption of said amendment shall erase the language "Against the adoption of Section 58, Article 16, as an amendment to the Constitution, providing a salary compensation for certain officers and fixing their term of office at four years," by running a pencil or pen through the same.

SEC. 3. The sum of five thousand (\$5,000) dollars, or so much thereof as may be necessary, is hereby appropriated to pay the expenses of carrying out the provisions of this resolution.

Proposed Amendment to the Constitution of This State Authorizing the Issuance of Bonds for Improvement Districts, and Also for the Operation of Public Warehouses for Storing, Handling, Cleaning, Measuring, Weighing, Elevating and Loading Agricultural Products.

(S. J. R. No. 4.) JOINT RESOLUTION.

A Joint Resolution proposing an amendment to Section 52, of Article

3, of the Constitution of this State. SEC. 1. Be it resolved by the legislature of the State of Texas, that Section 52 of Article 3, of the Constitution of the State of Texas, be amended so as to hereafter read as follows:

Section 52. The Legislature shall have no power to authorize any county, city, town, or other political corporation or subdivision of the State, to lend its credit or to grant public money or thing of value in aid of, or to any individual association or corporation whatsoever, or to become a stockholder in such corporation, association or company, provided, however, that under legislative provision any county, any political subdivision of a county, any number of adjoining counties, or any political subdivision of the State or any defined district now or hereafter to be described and defined within the State of Texas, and which may or may not include towns, villages, or municipal corporations, upon a vote of a majority of the resident taxpayers voting thereon, who are qualified electors of such district or territory, except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this Constitution, and levy and collect taxes to pay the interest thereon, and provide a sinking fund for the redemption thereof, as the Legislature may authorize, and in such manner as it may authorize the same for the following purposes, to-wit:

(a) The improvement of rivers, creeks and streams to prevent overflows and to permit of navigation thereof, or irrigation thereof, or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation or in aid thereof.

(c) The construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof.

(d) The construction, maintenance and operation of public warehouses for storing, handling, classifying, measuring, weighing, elevating and loading agricultural products. Provided the Legislature may establish such means and agencies as may be necessary for accomplishing the purpose of this amendment and if a State warehouse commission be provided for, their term of office shall be fixed by the Legislature.

SEC. 2. The Governor is hereby directed to issue the necessary proclamation for submitting this amendment to the Constitution to the qualified electors of the State of Texas on the third Saturday in July, same being the 19th day of said month, and the amendments proposed to Section 52 of Article 3, as above indicated, shall be voted upon separately.

Those favoring the amendment to authorize road or other public improvements by a majority vote, shall have written or printed on their ballot: For amendment to authorize road and other public improvements by a vote of a majority, and those opposed to said amendment shall have written or printed on their ballot: Against amendment to authorize road and other public improvements by a vote of a majority.

Those favoring the issuance of bonds for the construction of public warehouses shall have written or printed on their ballot: For the amendment authorizing the issuance of bonds for the construction of public warehouses for agricultural products. Those voting against said amendment shall have written or printed on their ballot: Against the amendment authorizing the issuance of bonds for the construction of public warehouses for agricultural products.

SEC. 3. The sum of five thousand (\$5,000) dollars, or so much thereof as may be necessary, is hereby appropriated to pay the expenses of carrying out the provisions of this resolution.

Talk With Hereford Man

W. S. Higgins of 610 E. Fourth Street Tells of an Interesting Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Hereford man:

Says Mr. Higgins: "My back was lame and painful and I had dizzy spells and pains in the top of head. Some time ago I got a supply of Doan's Kidney Pills from Woodburn & Son's Drug Store and one box brought me such great relief that I can heartily recommend them"

The above statement must carry conviction to the mind of every reader. Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Higgins had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

The Under-Ground Silo.

By H. M. Bainer.

The under-ground silo is distinctively a Western type. The Western farmer and live stock man finds it possessed of many interesting and worthy features. It is exceptionally well adapted to those districts having limited rainfall, and in such localities may with impunity, take the place of the silo usually constructed on top of the ground. No longer an experiment, the under-ground silo has a value that has been fully demonstrated during the past few years in Kansas, Colorado, Texas and New Mexico. The writer personally knows of several under-ground silos in constant use during the past several years with perfect satisfaction to the owners. At present I know of at least 12 in the Plains country of Texas and Eastern New Mexico. This silo properly constructed has proven to keep the silage as well as the average over-ground silo. It is not the purpose of this article to speak of the comparative values of under-ground and over-ground silos. Neither do I wish to speak of the relative merits of the silos, except to say that the under-ground construction will be found to justify all reasonable claims made for it. That the under-ground silo is the plant for the farmer and stockman of limited means, there cannot be the least question. It can be constructed very cheaply, conservatively estimated, I believe, at \$1.00 per ton capacity. It may be said with truth and a spirit of fairness, that it does not blow

down or dry apart, and can be constructed by the farmer himself. Expensive machinery is not needed in filling the under-ground silo. The \$1.00 per ton capacity includes the digging of the hole, cement and finishing or plastering. With this type of silo even the renter cannot afford to be without it.

Construction: This under-ground silo is especially well suited to dry sections, but it is not such a success in wet ground, or where the water is near the surface. The walls should be even and perpendicular, the depth about twice the diameter, and the size of the hole in proportion to the herd to be fed. A hole that is sixteen feet in diameter and 32 feet deep will hold 100 tons of silage which is sufficient to feed from 25 to 30 cows for six months. The earth wall of the successful under-ground silo should be covered with cement. If the earth wall stands well, without danger of caving, a 1-2 to 3-4 inch covering of rich cement plaster on the dirt will be found sufficient. If there is danger of the well caving or not standing well, the cement should be from 2 to 3 inches thick. In the construction of this latter or thicker cement covering, a wooden or metal form is required to hold the plaster in place until it sets. This form need not be over 3 feet high, which requires that the wall be constructed in sections of 3 foot each. Under this method the bottom section is made first, and then the form is moved up 3 feet, and so on, until the top shall be reached.

USE OF CALOMEL

PRACTICALLY STOPPED

Dangerous Drug Giving Way for Safer, More Reliable Remedy.

Hundreds of people in this vicinity alone have stopped the use of dangerous calomel when their liver is acting slowly, and take Dodson's Liver Tone instead.

Dodson's Liver Tone is always safe and has none of the bad after-effects which so often follow the use of calomel. It is a pleasant tasting vegetable liquid that starts the liver gently and surely, and relieves constipation and biliousness and causes no restriction of habit or diet.

Many preparations have sprung up that imitate the claims made for Dodson's Liver Tone, but remember Dodson's Liver Tone is the tried and tested remedy that has proven such a good medicine and is so satisfactory to every user—is the reason these imitations are on the market.

Dodson's Liver Tone cannot hurt anyone, and if it fails to do all that is claimed for it Betts-Clark, who sells it, will give your money back with a smile.

A. L. SHERK HEREFORD, TEXAS

F. P. Lowe, an aged bachelor and one of our very best farmers, left this week for South Carolina, where he goes to accept a position as book-keeper for one of his nephews at a salary of \$150 per month. (Lowe I am with you.) Mr. Lowe at one time was a civil engineer, during which time his hearing became impaired to such an extent that he gave up his chosen profession to accept a position as foreman of the Sanburne Ranch of 1,100 acres in Grayson county, Texas, where he remained until 1891, when he came to Claude to take charge of a 2,200 acre farm and ranch for our townsman, A. H. Elliston, where he made good as a farmer. An account of his first crop together with others appear elsewhere in this issue, which only illus-

trates what can be done here if we use proper energy and system about our farming. We are told he was a very systematic farmer and could tell to a dime what each crop cost him and what his net gain was on same. Such men and such farmers as this we regret to lose, and we may not lose him as it is his intention to return to the Panhandle in a year or so and improve a quarter section that he and his nephew own here. Success to you Mr. Lowe and when you are ready to return we extend to you the right hand of fellowship.

"Delighted" because of the splendid rain.

There are not many of us who have more toes than we think we need, but Geo. Shepard went to Hereford on Friday of last week, hunted up a surgeon and demanded that he cut away some of his toes, which demand was at once complied with, so now he, Shepard, has more feet than ever as he must needs use crutches to get about with. Possibly he had too much of a kick coming. If so, he sure can't kick now. The patient is doing nicely. His foot had been smashed some years ago, causing part of the toes to turn upward, which made them painfully inconvenient. So he just had them cut off.

Uncle John Gordon Buys Auto.

John W. Gordon, familiarly known by his many friends as Uncle John, has at last yielded to the allurements of the high speed god and to the incense of burning gasoline and has purchased for himself an auto, a big, brand new Overland. The car was delivered last Sunday and Uncle John mounted the popping thing just like he would a bucking bronc, gave the juice lever a hard jerk, run up the sparker to the last notch, slapped the old thing over the mud shields with his wool hat, gave the horn two loud, short honks, shifted his Battle Axe to star board, and threw in the clutch. She jumped forward like a wild stallion when the blind fold is removed from his eyes, but fortunately he was on a section of land and no fences in several miles. C. R. Smith and Joe Collins were acting as sponsors and as self-appointed instructors, but as Uncle John chews his own tobacco, he only allowed them to give him the primary instructions before he "took the thing by the horns," all by "hissself" and let it out down the road. It was some two miles to the nearest gate and he was just 3 minutes to it. Joe got out to open the gate, the gate was narrow, and Joe was not watching as careful as he should, so Uncle John came near as a pea of taking along one of the gate posts and hooking Joe with the cow-catcher. But Uncle John drove that car right into the John Gordon Cow Camp down in Castro county, some 25 miles from Hereford, and it gave the cow boys on the ranch such a scare and the cattle on the range such a sudden shock that a big stampede was barely averted. But all of the crowd got back to Hereford "right side up with care," and Uncle John avows he can run one of them popping machines as good as may of the "shofers," provided the road is wide enough. Both Smith and Collins carry heavy accident and life insurance and Uncle John John has a big policy too, but being a bachelor, he don't care much whether it lapses or not. His next trip was made to Lubbock, where 13 pretty girls are waiting for a joy ride.

? How do you select ? Your Toilet Water ?

Many people select their Perfumes as a mere matter of fancy, but on the other hand, how much better it would be if every one selected their Perfume according to their individual requirements, tastes and dislikes. A Perfume should really be indicative of your personality. Pleasant and unpleasant recollections are often recalled by a Perfume. You can, no doubt, find a particularly distinctive Perfume you like in our **PALMER PERFUMERY**

A Laundry With \$500 Business per Week

Yes, we are going to make it that. Then folks outside of Hereford will sit up and take notice. But we want your help---your washing---as well as your neighbors. May we have it? **HEREFORD STEAM LAUNDRY.**

P. S.—We have a special price to families in Hereford on flat work, in lots of 50 mixed pieces or over. Ask us about it.

My Doctor Said

"Try Cardui," writes Mrs. Z. V. Spell, of Hayne, N. C. "I was in a very low state of health, and was not able to be up and tend to my duties. I did try Cardui, and soon began to feel better. I got able to be up and help do my housework. I continued to take the medicine, and now I am able to do my housework and to care for my children, and I feel as though I could never praise Cardui enough for the benefits I have received."

TAKE CARDUI The Woman's Tonic

Cardui is successful, because it is made especially for women, and acts specifically on the womanly constitution. Cardui does one thing, and does it well. That explains the great success which it has had, during the past 50 years, in helping thousands of weak and ailing women back to health and happiness.

If you are a woman, feel tired, dull, and are nervous, cross and irritable, it's because you need a tonic. Why not try Cardui? Cardui builds, strengthens, restores, and acts in every way as a special, tonic remedy for women. Test it for yourself. Your druggist sells Cardui. Ask him.

The State of Texas,

To the Sheriff or any Constable of Deaf Smith County, Greeting: Oath having been made as required by law

You are hereby commanded to summon Sam S. Wright, J. W. Wright and E. Van Metre all of whom reside in the County of Cedar and State of Iowa, and the American Canadian Land Co., a co-partnership composed of the said Sam S. Wright, J. W. Wright and E. Van Metre by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 69th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 69th Judicial District, to appear at the next regular term of the District Court of Deaf Smith County, to be holden at the Court House thereof, in Hereford, A. D. 1913, the same being the Fifth day of May, A. D. 1913, then and there to answer a petition filed in said Court on the 8th day of April A. D. 1913, in a suit, numbered on the docket of said Court No. 577, wherein M. V. Robertson and O. J. West are Plaintiffs, and Sam S. Wright, J. W. Wright, E. Van Metre and The American Canadian Land Company are Defendants and said petition alleging that plaintiffs are the owner in fee simple title of the following described tract of land, to-wit:—Sited in Deaf Smith County, Texas, and being all of sections Nos. 6 and 7 in block No. A, and all of section No. 53 in block K-11, each of said sections containing 640 acres.

Plaintiffs claim that they are now, and have been at all times referred to herein, joint owners of said land, each owning an undivided one-half interest therein.

That defendants did on the 1st day of April, 1913, without the consent of plaintiffs, unlawfully enter and take possession of said premises and eject plaintiffs from same, the plaintiff being at the time in possession thereof and being entitled to the possession, and defendants now withhold possession of said premises from plaintiffs to plaintiffs damage.

Plaintiffs pray judgment for title and possession to said premises, for costs of case, and for other and further relief both special and general as they may show themselves entitled to either in law or in equity.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness J. S. Jones, Clerk of the District Court of Deaf Smith County Given under my hand and the seal of said Court, at office in Hereford this 9th day of April, A. D. 1913 J. S. JONES, Clerk District Court Deaf Smith County. 10-4t

D. 1913 in a suit, numbered on the docket of said Court No. 578, wherein C. L. Hills is Plaintiff, and E. Van Metre, Sam S. Wright, J. W. Wright, the American Canadian Land Co., Clarence E. Deets, R. M. Hempy, R. Tagge and E. M. Duke are Defendants, and said petition alleging that plaintiff is the owner in fee simple title to the following described lands situated in Deaf Smith County, Texas, to-wit: all of the West half and the Northeast one-quarter of Section No. 84, Block K-5, original grantee G. B. & C. N. G. R. Co. containing 480 acres, also all of section 85, Block K-5, original grantee G. B. & C. N. G. R. Co., containing 640 acres.

That on the 1st day of April 1913 plaintiff was in possession of said premises and was then and is now entitled to the possession of said premises, and on said last named date the defendants unlawfully entered upon said premises and dispossessed the plaintiff of such premises and now withholds from him the possession thereof.

Plaintiff prays for judgment against the defendants for the title and possession of the lands above described and for costs of suit, and for such other and further relief as he may show himself entitled to either in law or in equity.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

D. 1912 in a suit, numbered on the docket of said Court No. 541, wherein Mrs. Lelia Baird is Plaintiff, and C. W. Baird is Defendant, and said petition alleging that on the 5th day of June, 1905, in the town of Stratford, County of Sherman, State of Texas, petitioner was legally and lawfully married to the defendant, C. W. Baird, and the plaintiff and defendant are now husband and wife.

Plaintiff would show to the Court that defendant for a period of about one year after their married life was agreeable and kind to plaintiff, but after the expiration of about one year the defendant began a course of cruel, harsh and vexatious treatment towards her, although plaintiff was ever kind to the defendant, and was a dutiful wife to defendant.

Plaintiff also claims that defendant often and frequently abused her, called her vile names and cursed her.

Plaintiff would show to the Court that during their married life there was born to plaintiff and defendant one child, a boy, named Ellsworth, who is now of the age of six years, that defendant is addicted to the habit of drinking, is very profane and obscene, and is wholly unfit to raise and care for said child.

Plaintiff would show to the Court that on account of the said conduct of defendant they can no longer live together as husband and wife

WHEREFORE, plaintiff prays that the defendant may be cited to appear and answer this petition, and on final hearing hereof she have her judgment for divorce, dissolving the bonds of matrimony heretofore created and now existing, for the care and custody, education and training of said child, for such other relief both special and general, as in law and equity plaintiff may show herself entitled to.

Election for Representative.

Next Tuesday the voters of the 123rd representative district will vote for some one to take the place of the late Hon. J. C. Hunt. There are no names on the tickets sent out as no nominations have been made and it will be necessary for the voters to write the name of the one they want on the ticket. L. C. Penry, formerly district attorney at Plainview, is the only candidate and he is asking the voters to write his name on the ticket. He will be elected without opposition.

Building Silos

At least four Silos will be built by Hereford farmers this summer, but there should be twenty more. The kind of Silo that you build will determine the success of your feeding. Insilage is simply PRESERVED FEED. There is no Silo that will preserve your feed better than the COMMON SENSE SILO. It is easy to build, easy to fill; will keep your feed better than any other kind; it will not crack nor rust. IT COSTS LESS.
