VOLUME 12

HEREFORD, TEXAS, FRIDAY, JULY 5, 1912

NUMBER 22

BIG WELLS AT HEREFORD

First Class Equipment Being Put In—From 1000 to 1600 Gallons Guaranteed.

From the many questions asked about the wells at Hereford, one would judge that little accurate information is desired. It will be remembered that Hereford discovered the wonderflow of water and was first to top and to use it. The first well, McDonald's No. 1, was completed in March 1910, and since then slow but sure progress has been made. The log and capacity of all the McDonald type of well is here-with given:

McDonald Well No. 1, total depth 133 feet, depth to water 28 feet, water-bearing formation 105 feet, capacity 1,000 gallons per minute.

McDonald Well No. 2, total depth 263 feet, depth to water 48 feet, water-bearing formation 208, capacity 1,000 gallons per minute.

McDonald Well No. 3, total depth 213 feet, depth to water 47 feet, water-bearing formation 192 feet, capacity 1,175 gallons per minute.

Baskin and Hester, "Wonderflow Farm," total depth 192 feet, depth to water 48 feet, water-bearing formation 144 feet, capacity 1,200 gallons per minute.

A. W. Gregg's well, total depth 190 feet, depth to water 50 feet, water-bearing formation 140 feet, capacity 1,200 gallons per minute.

E. Renfro's Well, total depth 170 feet, depth to water 58 feet, water-bearing formation 112 feet, capacity 1,200 gallons per minute.

Gough's Well, "Hillcrest Farm," total depth 196 feet, depth to water 71 feet, water-bearing formation 125 feet, capacity 1,600 gallons per minute.

Morgan and Clammer's Well, total depth 160 feet, depth to water 47 feet, water-bearing formation 113 feet, capacity 1,350 gallons per minute.

Jim Robinson's Well, total depth 164 feet, depth to water 52 feet, water-bearing formation 112 feet, capacity 1,200 gallons per minute.

The Gough "Hillcrest Farm," now owned by the McDonald Company is being put into first class condition. The house, barns and sheds will be thoroughly overhauled and painted. The biggest well of all the Panhandle now on the farm is the motive power for all the improvements contemplated. This well flowing 1,600 gallons per minute is the best pumping well yet brought in.

All of these wells are the result of some very expensive experimentation. The drilling of the well itself is no small undertaking. All of them are put down with a rotary 1, making a hole 26 inches in diameter to the full depth. Perforated casing of the shutter type, 24 inches in diameter, is placed in the water-bearing stratum, allowing as large "inflow" of water as possible. The machinery, engine and pump is enclosed in a well constructed house and the "flow" is carried to the main ditches from the pump in concrete or boxed flumes. A large derrick stands over each well to be used in drawing pump in case of accident. All of these wells are equipped with the Layne-Bowler pitless pump. The first three have the Fairbanks-Morse gasoline engines; the others have the Bessemer Oil engines.

The H-P of these engines vary from 40 to 70, depending upon the lift and capacity. The statement as to the number of gallons per minute for each well has been accurately obtained and correctly stated, and each well will show the amount of water claimed over a standard wier.

These wells are located within a radius of 10 miles, the nearest being only one mile from the court house in Hereford. Each of these wells will furnish enough water to properly irrigate from 160 to 200 acres of land. Contracts for three more of the McDonald type of wells have been made: John J. Zinzer, John Tice and the Edwards Company.

\$3000 FOR TEN INCHES

Rainmakers Bring Down Good Showers at San Angelo.

Telephone advices from San Angelo state that following the efforts of the rainmakers there, a light shower fell Wednesday between 12 a. m. and 2:00 p. m. At Carlsbad a much heavier shower fell at the same time. The Hatfield Bros. got their rain making machine in operation Wednesday, and soon thereafter clouds began forming in a hitherto cloudless sky, and suddenly, without any apparent cause, the rain began falling. The shower appears to have fallen hard for a brief period, communication between San Angelo and Eden having been made difficult by the dashing of the rain against the frame building in which the San Angelo exchange is located.

The Hatfield Bros. have an entirely different system of rainmaking from that adopted by C. W. Post in bringing rain at Post City. Post used dynamite with which to bombard skies and bring about the desired rainfall, while the Hatfield Bros. use a chemical preparation. The chemicals are placed in a big vat and the evaporation of the chemical solution causes the forming of the rain clouds. Their proposition to San Angelo is to guarantee ten inches of rainfall during the period of 90 days for the sum of \$3,000, the rain to cover an area forty miles square, payment conditioned upon the fulfillment of the conditions of the contract.

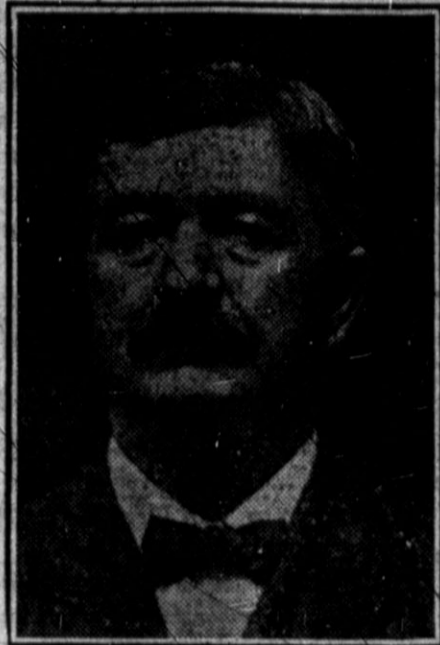

The Brady Commercial Club has been in correspondence with the brothers and they offer to duplicate the San Angelo contract for Brady, or else for the sum of \$1,300 to guarantee three inches of rainfall, the rain to begin falling within five days from the commencing of operations.—Brady Standard.

Ramsey's Supporters.

A letter published in many of the weekly papers containing a strong endorsement of Judge Wm. F. Ramsey's candidacy was signed by a large number of non-factional men of the state. Such men as W. M. Brooks of Dallas, R. V. Davidson of Dallas, C. K. Bell of Fort Worth, Dr. S. P. Brooks of Waco, Geo. C. Pendleton of Temple (and Mr. Pendleton is one of the strongest anti-local and anti state-widers), Geo. T. Jester of Corsicana, and Carl Gilliland of Hereford.

Office Changes.

E. F. Connell has moved his offices from the front to the rear of the Dunlap building upstairs, and the suite of offices occupied by Mr. Connell now belong to the Walker-Perkins people.

W. T. LOUDERMILK

San Antonio, Texas.—Mr. W. T. Loudermilk, chairman of the subcommittee on cotton marketing of the Texas Welfare Commission, made his report to the Commission in session in this city favoring the holding plan adopted by the Farmers' Union, and suggested that funds be provided for lending money at six per cent on distress cotton, and recommended that the business interests co-operate with the farmers in securing better prices for their products. The plan has been tried out by the Farmers' Union, and its efficiency in regulating prices demonstrated, and with more complete cooperation on the part of the business interests can be made a powerful factor in price-making.

Mr. Loudermilk is a practical farmer, ex-president of the Farmers' Union, and one of the closest students of agriculture conditions in the South.

ALLAN BELL TAKES ANOTHER CUP

His Brother, Grayson Bell, of Pampa Is a Close Second in the Amarillo Shoot.

In the Merchandise Shoot at Amarillo yesterday, under the auspices of the Amarillo Glee Club, the club trophy, the \$100.00 loving cup, was awarded to Allan G. Bell of this city, Mr. Bell making a total of 148 out of a possible 165. His brother, Grayson Bell, of Pampa, was a close second, making a total of 139 out of a possible 165 target, and was awarded some fifty dollars in cash. This is the second loving cup Mr. Bell has brought back to adorn his Hereford home, he having won the first at the Roswell meet last year. Following is the score of all entrants for the entire shoot out a possible 165 targets:

J. N. Riggs	126
H. R. Jack	103
G. Bell	139
Hugh Whitcomb	135
F. Buckingham	119
T. Williams	126
E. L. Barrow	78
E. M. Congdon	135
Sam Vaughn	130
W. P. Cooper	113
W. N. Sadler	132
Sam Isaacs	88
C. F. Mitchell	99
Ed. Thompson	129
A. G. Bell	149

First Irrigated Crops.

The outcome of the irrigated wheat and oats on the McDonald Irrigated Farm has been watched with much interest. This week, beginning Monday, the reapers have been busy. The first crop to be harvested was 20 acres of Texas red oats. This field was irrigated only one time and the yield is estimated at from 50 to 75 bushels per acre. The second field of 20 acres of winter wheat, also irrigated one time,

will make from 20 to 30 bushels and perhaps more. The second cutting of the 9-acre field of alfalfa will be taken off next week. The growth has been rapid since the first cutting. All of the other crops on this farm, consisting of Texas and Canadian oats and smooth-head wheat are very fine. The Canadian oats are the best, the field standing fully shoulder high, and many places high enough to tickle a man's nose. One man remarked that he could stand upright in the field and eat enough oats to feel them, and all Hereford is "feeling oats" as the outcome of the crops of 1912 on the irrigated farms.

TOTE YOUR OWN DRINKING CUP

The Battered, Germ Laden, Disease Breeding Public Drinking Cup to Disappear From Railway Trains and Stations.

The following rulings issued by the State Board of Health to the railways operating in Texas will be of interest to the traveling public:

"The use of a common drinking cup on railway trains and in railroad stations, is hereby prohibited from and after June, 1912. No persons or corporation in charge of the aforesaid railway trains or railroad stations, shall furnish any drinking cup for public use in said place, and no person or corporation shall permit on said railroad trains or in railroad stations the use of the drinking cup in common. There must also be posted in a conspicuous place by the individual or corporation, near the drinking water container in any of the foregoing paragraphs, a warning cardboard with this ruling printed thereon in large letters so it can be easily read.

"It shall be unlawful for any person to drink from the faucet or cap of any cooler, or drinking fountain, or any other place where water is kept for human drink or consumption. The conductor or any train, or person in charge of any railway station, where is situated any cooler or drinking fountain, or any other place where water is stored for human drink or consumption, who shall allow drinking from the faucet or tap thereof, shall be deemed guilty of a violation of this ruling."

The ruling is a wise one and is another step forward in the measures to safeguard the health of the entire people. Agent Read of the Santa Fe at this place says that he will see that the order is strictly obeyed on Santa property in Hereford.

Improving Tennis Grounds.

The members of the Hereford Tennis Club have been busy making improvements and putting their grounds in shape the past two weeks. They now have two double courts in first class shape and the surrounding grounds materially improved by vigorous weed cutting. They have tapped the main to the north of the grounds and now have facilities for sprinkling the courts as often as necessary, and through the courtesy of G. A. F. Parker they have been allowed to move the one-room, frame building from his lot on fifth street to the tennis grounds, and in this will be installed a shower bath, etc.

C. R. Smith, Jim Clark and Cecil Siler were among those who went from Hereford to Los Vegas to witness the Flynn-Johnson fight.

WILSON HEADS THE TICKET

New Jersey Governor Wins In Noble Contest at the Baltimore Convention.

In one of the most hotly contested nominations, Woodrow Wilson, now governor of New Jersey and the former president of Princeton University, won upon the 46th ballot, securing the necessary Democratic Two-thirds. Up to the 30th ballot Clark of Missouri, with the tenacity of his own houn' dawg, lead the pack through the swamps and cane breaks of the convention woods. At times, it appeared as if the houn' dawg with vicious tone in his bark would bay the game and claim the honors. Some of the trailers soon lost the scent, but kept running in the direction of the lair only by the resound of the voices of others. This was the case of Harmon, Foss and Marshall, whose voices grew weaker and lower as the lead of the pack outdistanced them across mountain and dale. Occasionally a new dog with a keen, fresh voice would break into the chase and for a few jumps attracted the attention of the watchers on the hill (the galleries), but they did not even disturb the steady tones of the lead hounds. Such were found in Gaynor, James, Lewis and others. But there were two old time runners, faithful in many chases, but whose feet were sore and whose limbs were stiff with the cold blasts of political winds and convention storms. These two, answering to the names of Bryan and Kern, kept in the following from the first fresh scented track until the old horned buck defiant stood bayed, when they too came up to claim the taste of blood and to lap the lap of satisfaction of duty well done and faithfulness rewarded.

Thus one of the greatest political conventions of the century has been held. The winner was given the hearty and unanimous endorsement of the convention. Champ Clark, the only candidate who really had a show of nomination, fought like a soldier of honor to the last ditch, and, though he lost the nomination, he saved his honor, his friends and the Democratic party from an eruption by his strong personality and his devotion to the cause of Democratic principles.

The one man of the great convention was W. J. Bryan of Nebraska. Three times honored by the Democracy, he was the most prominent figure in the hall. His speeches had the true ring, his words were the fruits of wise council and his was the controlling spirit of the great convention. While his state was for Wilson as second choice, he stood nobly for the rights of all delegations, and with a whip of scorpions, drove the "money changes" from the temple of Democracy and turned over their gambling tables.

Unlike the Republican convention at Chicago, the aspirants for the nomination did not disgrace themselves before America nor disrupt the convention by their personal acrimony and selfish hatred. Wilson and Clark, the leading candidates, though both were laudably ambitious, loved the cause of the people and the success of Democracy more than they cherished their hopes of preferment.

Six O'clock Dinner.
 On Friday of last week Mrs. A. M. Jones entertained with a six o'clock dinner complimentary to her sister, Miss Bertha Dameron, who has recently returned from boarding school. The sweet welcome of the hostess, the congeniality of the guests and the fact that it was the bringing together of friends and schoolmates, made this occasion one of unusual pleasure. A rehearsal of the year's experiences, humorous and otherwise, gave agreeably variety to the conversation. The long table, laid in satin damask, was beautiful in its decoration of sweet peas and feathery fern. The color scheme of pink and white was also carried out in the place cards. Covers were laid for Mesdames Frank Goodloe, Odell Elliott, Misses Harriett Shirley, Buelah Potter,

Belle Woodburn, Bain, Roberta Nance, Willia Elliott, Ruby Norton, Nellie Black and Bertha Dameron. Iron Beds, Mattress, Art Rugs, Trunks, Suit Cases, Rockers, etc., at White Tag Sale price all of next week. E. B. Black Co. It

Home talent entertainment at court house Monday, July 8th. 75 people, admission 25c and 35c.

A Slumber (?) Party.
 Misses Roberta and Bess Nance entertained in their characteristic way on Tuesday evening with a six o'clock course dinner which was followed by a delightful slumber party. Delightful, not from refreshing sleep, but because of the music, fun, frolic, perchance a skip and a hop, and numerous pranks of sweet girlhood. At a late hour of the early morning quiet reigned in the Nance household. Those participating were Misses Ruth and Inez Ricketts, Harriett Shirley, Madeline Barnett, Bertha Dameron, Ruby Norton, Glennis Coulson, Bulah Potter, Roberta and Bess Nance.

All Floor coverings go at special low prices next week at E. B. Black Co. It

Presbyterian Notice.
 Pastor W. M. Baker of the First Presbyterian church requests The Brand to announce that on account of his being called away Mr. J. E. Garrison will hold the Sunday morning service at the Presbyterian church and that there will be no evening services.

YOU'LL LIKE HEREFORD!

Miss Purser Will Read.
 Sunday evening at 8:30 o'clock, July 7th, at the Baptist church, Miss Elizabeth Purser, teacher of elocution in Blue Mountains College, Miss., will render "The Lost Word" by Henry Van Dyke.

Miss Purser has consented to give this reading at the special request of the members of the Baptist church, and a cordial invitation is extended to every one. Miss Purser is a reader of rare ability, and all who come will be glad for the opportunity of hearing her. There will be special music.

The New Orleans Daily Picayune speaks of Miss Purser's rendition of "The Lost Word" as follows:

"For over a half hour last night Miss Elizabeth Purser held a large audience spellbound by her interpretation of Henry Van Dyke's great poem, "The Lost Word."
 "Miss Purser is well known in

New Orleans, and is now visiting her brother, Dr. J. L. Purser. She gave the reading last night at the First Baptist church by special request.

"As she read the story of the young man who, beginning with high ideals, threw aside everything for the pursuit of the wealth of this world, and who was finally, when almost in despair, brought back into the belief in God, the large audience sat in absolute silence. Seldom has such a powerful interpretation of a dramatic story been heard in this city.

"As an elocutionist Miss Purser is known all over the country, and those who failed to hear her last night missed a rare treat. Miss Purser returns to her home in a few days.

All Refrigerators will be sold at 33 1/2 per cent off next week. E. B. Black Co. It

Mr. and Mrs. Chas. Ferguson are the proud parents of a ten pound boy, born this morning. Charlie, in announcing the event to The Brand man, said we were sure to have a Democratic president this year, as when he left home young Ferguson was yelling for Wilson with all his might.

"Popping the Question," one act farce for laughing purposes at court house Monday, July 8th. Admission 25c and 35c. Auspices Library Club. It

Mrs. Claude Witherspoon of Bakersfield, Calif., arrived in Hereford this morning for a visit of some length with her relatives and many friends.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

The Great White Tag Sale will be extended through next week. E. B. Black Co. It

Mrs. L. A. Ramsey and little grandson of Kansas City arrived Wednesday for a two weeks' visit to Mrs. Ramsey's son, G. W. Ramsey.

Before going to bed take a Dr. Miles' Laxative Tablet.

IRRIGATION AN ESTABLISHED FACT!

The United States Government, Private Corporations and Individuals are investing Millions of Dollars every year to develop Irrigation Plants. The farmers have learned that Irrigated Land brings the surest and greatest returns from their labor and means, and wherever water is available either from the streams, reservoirs or wells, the land is in demand even at fabulous prices.

A PUMPING PLANT
 Is admitted by experts to be the cheapest and most satisfactory means of securing an adequate water supply. The water rights alone under the great irrigation projects of the United States cost from \$50 to \$85 per acre, and in many cases the land must be grubbed, leveled and ditched at heavy expense and much labor.

IN THE HEREFORD DISTRICT
 Where the purest irrigation water is found at shallow depths, there are no stumps to dig and blast out, no rocks to haul off and the surface so smooth that little or no leveling is required. The ditches can be laid as straight as a light line. With an individual pumping plant the farmer can have all the water needed and whenever needed.

This section of the Panhandle was the first to discover the underground water supply and to develop an irrigation well. Two years ago the stream was tapped and since there has been slow but sure progress made, so that at the present day, the feasibility of irrigation by pumping plants has been changed to An Established Fact. With the wells already installed and under way, Hereford farmers will have available for this season 30 second-feet of water, which means a ditch 3 feet deep by 10 feet wide flowing full at the rate of one foot per second. If you are interested in farming by insurance methods and want to know something more about the land of Water, Soil and Sunshine, a card addressed to any advertiser in The Brand or to A. C. Elliott, editor, will be given courteous attention.

IRRIGATION IS THE ONLY EFFECTIVE CROP INSURANCE

Attorney E. T. Roloson was in Miami the first of the week on business.

R. B. Caylor of Canadian was here the first of the week on a visit to his brother, Geo. Caylor.

Jno. W. Dale left Thursday for Endee, N. M., where he will remain until Saturday on official business.

Ira Johnson of Endee, N. M., who has been visiting his brothers here the past week, has returned home.

Mrs. Joe Killough and children, Miss Maurine and Joe Jr., left Tuesday for Endee, N. M., for a two months' stay.

Douglas Connell and his little friend, Brazill, went over to Canyon Tuesday morning to visit with friends.

Misses Mabel Gass and Nell Wilson returned Tuesday afternoon from Plainview where they have been on a two weeks' visit to Miss Mabel's sister, Mrs. C. G. Hutchinson.

Frank and Cooper Woodburn of Dimmitt are here this week on a visit to their grandfather, E. T. Woodburn.

Mrs. E. M. Vanderburg, after a serious illness, has gone to Hillsboro hoping the lower altitude will help her.

John Gregory, one of the county commissioners, was in town Tuesday. F. M. Drum of Endee, his brother-in-law was with him.

Mrs. Smith McLeroy and Mrs. J. E. Bills of Amarillo are visiting in the home of Mrs. W. B. Robinson this week.

Misses Allene and Gertrude Robinson, who have been visiting in Amarillo for some time, returned home Sunday night.

For soreness of the muscles, whether induced by violent exercise or injury, there is nothing better than Chamberlain's Liniment. This liniment also relieves rheumatic pains. For sale by all dealers.

Mrs. Frank Goedloe, who has been here for some time on a visit to her mother, Mrs. Enna Mercer, left last Saturday for her home at Wellington, Kans.

E. H. Fullwood and family, who have made their home at Amarillo for some months, have moved to Hereford to make their home.

Mrs. E. L. Brown of Roswell, who has been visiting her father and mother, went over to Canyon Tuesday morning to visit with a sister. Clell Cochell, her brother, accompanied her.

Mrs. J. H. Lewis of McKinney, Texas, who has been here for some two weeks on a visit to her son, G. A. Lewis, will return home tomorrow afternoon.

Rev. G. T. Bailey on his return from Kress where the 5th Sunday meeting was held, preached for Pastor Holmes Nichols at Canyon Sunday night.

The hot days are here. Its time to vamoose the coal stove. Perfection Oil Stoves make summer cooking delightful. See them at the Hereford Hardware. 161f

Mrs. Ed. Johnson and three sons left Wednesday morning for Des Moines, N. M., for a visit of some time with Mrs. Johnson's father, J. M. Stratton.

Dr. W. J. Rogers, since his return to Hereford, has gradually improved, but he over-exerted himself one day and was not feeling the best.

G. R. Nelson and family and T. M. Pyle and family of Hall county are here to spend a month on a vacation. They will occupy the residence recently purchased by Mr. Nelson.

S. T. Short, C. P. Arthur, C. H. Dyer and J. W. Barnett returned Wednesday in Mr. Barnett's auto from a two days' stay in the bad lands. Mr. Barnett says that the crops on top of the cap rock out that way are in exceptionally fine shape.

Mrs. W. B. Robinson and Mrs. Ben Hubbert returned Sunday night from a two weeks' visit to relatives and friends at Gainesville, Texas. They were accompanied home by Miss Mabel Stevens of that city, who will spend the summer here.

J. L. Smith of Amarillo, one of the directors of the Western National Bank of this city and a personal friend of Mr. Parker's, was here for a short visit Monday. He was shown some of the irrigation farms with which he was well pleased.

A. L. Sherk left Wednesday afternoon for Granite, Okla., where he will be some ten days on business. He was accompanied by his daughter, Miss Arva. Miss Sherk will go from Granite to Topeka, Kans., where she will enter Washburn College.

DE LAVAL CREAM SEPARATOR

A Money Maker and Saver

Soon Pays for Itself

Occasionally the intending buyer of a cream separator who has but a small amount of ready cash to invest is tempted to put his money into one of the so-called "cheap" machines.

Why pay your hard-earned money for a "cheap," trashy machine, which is always most expensive in the end, when you can buy a reliable De Laval upon such liberal terms that

It will more than earn its cost while you are paying for it.

When you buy a De Laval you have positive assurance that your machine will be good for at least twenty years of service, during which time it will save every possible dollar for you, and earn its original cost over and over again.

If it is not convenient for you to make full payment at time of purchase, we can arrange for you to make a partial payment, and pay the balance on such liberal terms that your machine will more than save its cost while you are paying for it.

SOONER OR LATER YOU WILL BUY A DE LAVAL

Hereford Hdwe. Co. HEREFORD

RELIABLE PREPARATIONS

Nearly everybody has need of some remedy sometimes. If a physician is not employed it's often a question of what to take for certain disorders. When our advice is asked, as it often is, we recommend

"Rexall Remedies"

because we know exactly what they contain and just what they will do. They are all prepared from the freshest and purest drugs obtainable and the compounding is done by experienced pharmacists in their own laboratories.

Every preparation complies strictly with the Pure Food and Drug Laws.

We refund money on any remedy bearing the "Rexall" label which does not prove satisfactory.

COAL ADVANCES

25 CENTS PER TON AUGUST FIRST

During the month of July we will continue selling Gordon at \$6.75 and Rugby Niggerhead at \$7.25. The price will then gradually advance to \$9.00, the winter price for good coal

E. W. HARRISON

Member Texas Grain Dealers' Association

Messrs. Haney and Peden of Amarillo were here the first of this week and became very much interested in the irrigation plants. Mr. Haney, who is manager of the Amarillo National Life Insurance Company, said that he had seen big pumping from rivers, but never saw such a stream pumped from the earth.

J. H. Pitman was in Kansas City this week on land business. His son, W. C., went with him and from there went alone to Marshal, Mo., 80 miles distance, to visit his uncle, J. E. Miller. W. C. is only eleven years old and had not seen his uncle since he was four.

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing housework all day, and crawling into bed dead tired at night. You must get out into the open air and sunlight. If you do this every day and keep your stomach and bowels in good order by taking Chamberlain's Tablets when needed, you should become both healthy and beautiful. For sale by all dealers.

Moore county is the latest county to have a lady candidate for office. Miss Clara May McKee announced in last week's Moore County Pioneer, of which she is editor, that she would be a candidate for county treasurer of Moore county.—Stratford Star.

Misses Jennie and Clara Edwards left Monday for Chitauqua, N. Y., where they will pursue courses of study, Miss Jennie in music and Miss Clara in art. They will take a number of pleasure ride trips and will return to Hereford the first of September.

Cook Makes Trade.

Thos. Cook, who has extensive land holdings in and around Hereford, has included the entire lot, except his home, in a trade for a 1720 acre farm some eight miles from Plainview.

\$1 The Hereford Brand \$1
\$1.00 a Year.

Parrott Paragraphs.

There is some talk of putting down irrigation wells in our neighborhood. Such good reports come from those in Hereford and vicinity that it makes us enthusiastic. We being in the shallow water belt we feel that irrigation would be a very feasible thing here.

Dimmitt has her large day Saturday and many of our people are looking forward to being there.

Mr. Guthrie and Mr. and Mrs. Grover Sanders took lunch with R. S. Neely Sunday.

We are planning a very large day the eighteenth at our school house and the vacant house near. We want all the candidates for office to be with us and talk to us. We will have various sorts of amusements and will serve hot coffee, sandwiches, pie, cake and ice cream, lemonade and home made candy. The proceeds are to go toward our school fund as we are going to have a high school next year and all that helps our school helps our church and Sunday school. Don't forget the day and be sure and come and have a good time and help a good cause.

Mrs. B. F. Neely returns to Plainview next week to continue the treatment with Dr. Boone.

Miss Gladys Hacker called on Miss Fannie Neely Monday.

Our young people sang at W. E. Hacker's Sunday night.

R. S. Neely and Mr. Guthrie called on Mr. Fincher Sunday evening.

Ned and Chariton Neely went to Hereford Saturday.

We had a nice shower Monday.

Jack.

During the summer months mothers of young children should watch for any unnatural looseness of the bowels. When given prompt attention at this time serious trouble may be avoided. Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon. For sale by all dealers.

Baptist Women.

The annual meeting of the Panhandle Baptist Women will be held at Canadian July 11, 1912. The following program will be given, and a number of Hereford people will attend:

PROGRAM.

9:30 a. m. Devotional—Mrs. Holmes Nichols, Canyon.

Welcome Address—Mrs. R. E. L. Farmer, Canadian.

Response—Mrs. W. O. Brown, Stratford.

Business session and dismissal.

Hurley Items.

The people who are irrigating in the Hurley Valley are making fine success with all kinds of grains, vegetables and orchards.

Mr. and Mrs. L. R. Cox, Mrs. J. B. Harris and Mr. Guth of Ohio make a tour of the Pecos Valley and several points in New Mexico the past week. All report good times and the irrigation going on nicely with everything looking good.

Mr. and Mrs. Metsker and little daughter, Ethel, will leave Tuesday for Kansas and other points, are going on a visit to their old home place to eat peaches and have a general good time for about a month.

Mrs. C. B. Harris and son, Charley, are here from Frederick, Okla., looking around with a view of purchasing some of the Hurley lands.

Bro. Heasel of Spring Lake was here Sunday to fill his regular appointment.

Quite a number of the people gathered at the church house Sunday and had a good Sunday school.

Hurley Hustler.

Cutting Wheat.

Edward Bigler has returned from a few days' business trip to Hereford and Friona. He found many of the farmers cutting wheat where the land is not irrigated. Some of the best he saw, not under irrigation, was in a German Catholic settlement in the vicinity of Umbarger, where much of the wheat crop will yield from ten to fifteen bushels per acre. There are large fields of the golden grain in that locality where a large acreage was sown.

Mr. Bigler found some oats being cut for hay. Some of the late oats promises to make a pretty fair yield.

Oats under irrigation in the vicinity of Hereford are very green and are almost shoulder-high. Wheat is waist high and just in bloom.

Irrigated alfalfa that yielded two-thirds of a ton per acre at the first cutting, is just now beginning to bloom again and the second crop, which may be cut the latter part of this week, is expected to yield a ton to the acre. This alfalfa was sowed last July and August.

On one farm, from which some of the above reports come, 160 acres is under irrigation from one well. There are said to be a half million acres of land there in a body where water for irrigation purposes is struck at a depth of seventy feet, or less.—Daily Panhandle (Amarillo.)

"The Man of Galilee."

The above is the title of the stereoptican lecture to be delivered by evangelist Wm. J. Downing at the court house Tuesday evening, July 9th. Mr. Downing is general evangelist for New Mexico and comes highly recommended. There will be one hundred life size pictures representing the life of Christ given in many cities to packed houses. Come and bring the children. You will be entertained, you will be benefited. You will help a good cause. Admission, adults, 25c; children, 15c. It

Cut down the cost of living by using a Gurney Patent Refrigerator. They keep your provisions from spoiling. For sale by E. B. Black Co. 15tf

Lutherans Organize.

The members of the Lutheran church met last Sunday and made a permanent organization, ten voting members signing the constitution of that church. They start out with 50 members in the organization, and with an enrollment of 24 in Sunday school. The following officers were chosen: Wm. Frye, Wm. Cassens, Henry Schuette, deacons; D. L. McDonald, treasurer; Peter Eckert, secretary; the pastor, Rev. A. M. Lohmann, is chairman of the board of officers.

Texas Industrial Notes.

Fort Worth—According to the June edition of the Crop Reporter, the normal temperature in Texas during May was 73.3 as compared with 61.6 for the United States as a whole. The precipitation for the same month was 3.85 inches in Texas and 3.07 in the United States as a whole.

Fort Worth—This city now has one of the finest chemical laboratories in the country. The new industry was recently opened and is making tests of all minerals and oils. F. P. Porter, B. S. Che. E. is president and R. H. Needham, Ph. C. is secretary.

Landale—The berry growers of this section predict a yield of 600 cars this season and so far forty cars have been shipped.

Beeville—The broom corn growers in this section are planning to

organize to secure adequate market facilities for the coming crop which is estimated at 5,000 acres.

Austin—A permit to do business in Texas has been granted the Republic Trust Company of Phoenix, Ariz., with headquarters in Dallas; capital stock \$5,000,000.

Austin—The American Live Stock Company of Denver, Colo., has been granted a permit to do business in Texas with headquarters in Pampa; capital stock \$600,000.

Tulia—All the machinery has arrived for the new light plant to be constructed here. At the present time a large force of workmen is rushing the work to an early completion.

Abilene—The Board of the Chamber of Commerce of this city at a recent meeting elected E. B. Bynum to the presidency of the organization and J. M. Radford to the vice-presi-

dent. The office of secretary will be filled later.

Cure Your Backache and Rheumatism

WITH **FOLEY KIDNEY PILLS**

Backache drags on your vitality. Saps your strength. Weakens your endurance. Hampers you in your work. Besides that, it means something wrong with your kidneys; a weakness, an inflammation, a breaking down, may be, of the kidney tissues. Foley Kidney Pills is the true answer. They will help you QUICKLY, strengthen and heal your kidneys, regulate the action of your bladder, and drive out Backache and Rheumatism. They will make a strong, well man of you. No habit forming drugs. Try them.

BETTS CLARK, Druggists

KNOCKIN' YOUR NEIGHBORS.

Some folks are so endowed that they cannot allow their neighbors to prosper without a pang of envy. Here is a man about to accomplish something for himself and friends, and because you do not happen to fall within his pail of beneficence, you get out your little hammer and give one knock and then tuck your hammer under your vest. Here is a man who has political ambition and your hankering after the noise of the hammer is so keen that you cannot control yourself. Just knockin'! That's all. Let's be fair if we can't be honest with our neighbors. Allow men to differ from you, but don't imagine for one minute that all the gray matter has lodged in driftwood of your brain.

Class Picnic.

The Sunday school class of Esca Harrison was among the many picnic crowds who were on the Tierra Blanco this week. Going Tuesday afternoon they spent the night and were caught on the return trip Wednesday afternoon by the hail and rain, which they seemed to enjoy almost as much as the jolly good time they had on the creek. Besides the boys and girls of the class several friends were invited on the trip.

If you can't laugh, stay at home Monday night.

Don't Read This

Unless you have been in the habit of skimming through the papers you read or rather take and don't read. The other day the news faker found two men who did not know of two important events simply because they had not read the local paper. Yes, the events happened right here in Hereford, both of much importance, but neither of these two gentlemen had not ever heard of the occurrences. Of all things, citizens should keep posted on local affairs, and this can only be done by taking and reading the local papers.

Miss Lenoir Dimmitt of Austin, at one time teacher of art in Hereford College, was here this week visiting in the home of Mr. and Mrs. A. C. Elliott. A number of friends called to see her Monday afternoon. Miss Dimmitt is now general librarian at the State University. She graduated from that school two years ago.

We show you how to "Pop the Question" Monday night, July 8th, at court house.

Married!

A wedding of more than usual interest will take place in Hereford Monday night, July 8th. The contracting parties are well known in our city, being the youngest daughter of Mr. and Mrs. June and Mr. Tom Thumb. The happy event occurs in the court house. You have a special invitation to be present, but of course, adults are expected to bring 35c and children 25c. The proceeds will be presented to the Ladies' Library Club.

A Young Cowboy.

Roy Thompson, 12 years old, and son of Jeff D. Thompson, ranchman of Hereford, Texas, is a fine specimen of the junior cowboy of that part of the plains of Texas. This boy can ride any horse on his father's ranch or any other ranch for that matter, and when at home spends a good deal of his time in the saddle. Roy is spending a few weeks here at the yards taking in the sights.—Kansas City Drivers Telegram.

\$60.00 White Sewing Machine for \$37.50 next week. E. B. Black Co.

During the summer months mothers of young children should watch for any unnatural looseness of the bowels. When given prompt attention at this time serious trouble may be avoided. Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon. For sale by all dealers.

Motocycles For Business.

The Southwestern Telephone Co., have equipped their repair men with ten Indian Motocycles at Dallas, six at Ft. Worth and one at Amarillo as great time savers in their business.

Wearing Apparel Collecting.

There is now at the Brand office a ladies' shirt waist and a child's bonnet. The shirt waist, neatly ironed and folded, was picked up near the photograph gallery, while the child's bonnet was left in the Brand office last week. Owners please call.

JOE. E. LANCASTER GIVES OUT PROGRESS

OF HIS CANDIDACY FOR CONGRESSMAN AT LARGE OF TEXAS.

COMMENDED BY THE PRESS

His Home People of Hale County, and His Old Home in Ellis County Strongly Endorse Him.

JUDGE JOE E. LANCASTER

TO THE DEMOCRATS OF TEXAS:

About the first of last November, I entered the race for Congressman-at-large and have traveled over 12,000 miles in the interest of my candidacy. It might not be amiss to state the Thirteenth and Sixteenth Congressional Districts contain almost one-half the area of Texas and has over 700,000 population, and only two Congressmen. These facts, I think emphasize the claim that the Panhandle and the West is justly entitled to one of the two Congressmen to be elected at large. My views upon the political issues of the day were given in my platform which has been published in the press of the State, and I deem it only necessary to state at this time that I regard the National Democratic platform as the expression of the will and wisdom of the majority of my party, and if elected, I shall cast my vote in line with the declaration of the same. We now have a National law against the sale of impure drugs and foods. Recent investigations have disclosed the most flagrant violations of these laws. The testimony of Dr. Wiley and other experts show the most pitiful examples of exploitation of the poor and the sick by unscrupulous manufacturers, and as a result of the use of these impure drugs and foods, it leaves in its wake its victims with shattered health, drunkards and drug fiends, and in the end miserable and pitiable deaths. The laxity in the enforcement of these laws by McCabe and his associates, is little less than a farce, and in truth is a disgrace to any Nation which permits such stupendous frauds to be practiced upon her people. In order to correct these National evils

if elected, I shall advocate the establishment of a National Board of Health along the lines of what is commonly known as the Owens bill now pending in the Senate, and will favor placing the enforcement of the Pure Food and Drug Laws in the hands of the National Board of Health, and will favor extreme penalties for all violations of the Impure Food and Drug Laws.

Ex-Senator Aldrich, in a speech in the Senate made just before his term of office expired, stated that if strictly business principles be applied in the administration of the National Government Three Hundred Million Dollars could be saved annually. If this be true, why not adopt the slogan: "More business in Politics and less Politics in business." I am not a politician, but a plain business man and believe the government, national, state and municipal, should be conducted on purely business principles.

In conclusion I desire to thank my friends and the press throughout the State for their kindness and the benefit of their influence, and desire to further thank them for all they may continue to say and do in my behalf.

Respectfully,
JOE. E. LANCASTER.

Home Endorsement.

To the Voters of Texas:

The Chamber of Commerce of Plainview, Texas, unanimously endorse the candidacy of Judge Joe E. Lancaster for one of the two positions of Congressmen at large and desire to commend him to the voters of the State and ask them to support him in this race for the following reasons:

First. Because we know him to be honest, capable and energetic.

Second. Because the Panhandle and West Texas, in the last decade, have furnished a larger rate of increase in rural population than any other section of the State, and by reason of this fact, we think should have one of the two Congressmen to be elected at large.

Third. Because Judge Lancaster announced first and had been actively campaigning for months before any other candidate announced from this section, and in all fairness should have precedence over any Panhandle candidate who has or may enter the race.

Fourth. Because Judge Lancaster was reared in Ellis County, and was twice elected County Judge of that county, and with his wide acquaintance over the State and the support he will naturally receive in the Panhandle and the West, we confidently believe Judge Lancaster will be a winner.

Asking your cordial support of our candidate, we are very respectfully,
PLAINVIEW CHAMBER OF COMMERCE.

Endorsement of Ellis County Bar.

Waxahachie, Texas, Jan. 31, 1912.—To the President and Members of the Ellis County Bar Association: We, the committee appointed to draft resolutions relative to the candidacy of the Honorable Joseph E. Lancaster for Congressman-at-large from Texas, beg leave to state:

That the Honorable Joseph E. Lancaster was reared and lived the greater portion of his life in this (Ellis) county, and we, who know him best, unreservedly commend him to the Democracy of Texas as an honest, able man and lawyer and entirely worthy of the position to which he now aspires. The esteem in which he is held by the people of this county is evidenced by the fact that he was four times chosen by them to fill official positions of trust and importance, he having vacated the County Judgeship just prior to his departure for the West in search of health. He performed the duties and discharged the responsibilities of these positions to the full satisfaction of his constituents and with credit to himself; and as a man and citizen, his life among these people was straightforward, upright and honest. When he made his home in Hale county he added to its citizenship a character without a blot upon it.

Now restored to health, full of mental vigor and physical strength, with the same upright character, patriotic spirit and loyalty to all the interests of Texas which have characterized his life, we take pleasure in assuring the voters of all other portions of the State that the interests of Texas will be ably, closely and conscientiously guarded and protected by Joseph E. Lancaster, if selected for the position now sought by him.

Respectfully submitted, Jno. D. McRea, W. L. Harding, W. M. Tidwell, J. C. Lampkins, G. C. Groco, J. T. Spencer, Committee.

Plains Baptist for Lancaster.

Rev. I. E. Gates, editor Plains Baptist, March 21, 1912, says:

"Judge Joe E. Lancaster, of Plainview, has announced for Congressman-at-large, and will carry the Panhandle and all West Texas by an overwhelming majority. He is one of the most popular men on the Plains. He has been president of the Third National Bank since its organization, and is considered one of the best and safest business men in Texas. He is a thoroughly capable man, having been County Judge of Ellis County for two terms, serving the people faithfully and to their satisfaction, and will carry the county by a large majority in this campaign. He is well known in Texas, not only as a business man, but as a man who stands for clean politics and Christian statesmanship.

He is a thorough-going and active Christian, always ready to help, and that liberally every public enterprise

for the uplift and redemption of the human race, and the Christian citizenship of Texas having nothing to fear in the election of Judge Lancaster to Congress. I have known him intimately for over two years, and have never been associated with any man who was more congenial or companionable. He is a man of the people.

I am not writing these words for the people of the Plains nor for those who know Judge Lancaster personally. But I do want to impress others, who have not seen him and may not know him personally, to vote for him. Judge Lancaster is my ideal of a man as a law maker. He is capable, cultured, a student of politics, analytical, conservative, progressive, a Christian, a Democrat, a prohibitionist and a statesman after the order of John H. Reagan.

I have not tried to discuss politics in this brief article but to present a MAN worthy in every way of the suffrage of the people. He will discuss politics and public issues before the people at the proper time, but the one thing to make a man's message convincing and powerful is the man behind the message. If this be true, Judge Lancaster ought to be heard and ought to be supported by every man who believes in clean politics and good government, for he is the embodiment of his principles and policies.

Editor's Note.—This article appeared in The Plains Baptist of November 22, 1911; and the editor is more convinced of the truth of his statements as the campaign goes on. Judge Lancaster is gaining all the time, not only in the West but all over Texas and is destined to be one of the Congressmen-at-large to represent us in that most important law making body.

Would Amend Slogan.

Hon. Joe E. Lancaster, Plainview, is a candidate for Congressman-at-large. He is an anti-liquor man through and through. His card contains this slogan: "More business in politics and less politics in business." If anyone wishes to add the following, doubtless he will not object: "No politics in religion, but let religion dominate politics." Religion is not sectarianism, per se, but right doing everywhere. Our legislative bodies open their daily proceedings with prayer, and religion in elections will furnish Chaplains more hopeful cases to pray for. As matters are, they have a tough job. The Bible teaches that public officials are "God's ministers" in civil government, just as preachers are His ministers in soul saving work. It also teaches the duty of gospel ministers to enforce the duty the people owe to civil government and the duty of civil ministers to teach obedience to civil law and to compel obedience to it. Think of God's ministers, either class, standing for saloons! How monstrous!—Home and State.

Has Many Friends in Collin County.

Judge Joe E. Lancaster of Plainview, a candidate for Congressman-at-large, was a pleasant caller at our office the past week, in company with two of his old friends, Olney Davis and J. C. Johnson. The Judge is making a thorough canvass in the interest of his candidacy, and from what we know of him from this initial meeting, he bids fair to land the plum for which he is reaching. He has a great many friends and supporters in this community, notably those who formerly lived in Ellis county, and know Judge Lancaster best.—Plano News.

In Van Alstyne.

"More business in politics and less politics in business," is the campaign slogan of Hon. Joe E. Lancaster, of Plainview, Texas, who was here recently in the interest of his candidacy for the office of Congressman-at-large. Judge Lancaster is strongly endorsed by his home people and by the Plainview Chamber of Commerce. He is making an active canvass of the State and spent several hours here today meeting with many of our people who were very favorably impressed with his claims.—Van Alstyne Leader.

For Commissioner, Precinct 3:

John Gregory

For Commissioner, Precinct 4:

Railroads and Railroad Securities

RAILROAD MILEAGE OF TEXAS WILL CROSS THE UNITED STATES FIVE TIMES.

The greatest physical triumph of the human race is building
railroads. They are the most powerful single influence in modern
civilization today and are the greatest colonizers the world has
ever known.

We have fourteen thousand miles of railroads in Texas, which
are sufficient to reach across the United States five times. We
have the largest railroad mileage of any state in the Union, but
we rank fourth in mileage per area.

The Texas Welfare Commission is investigating the railroad
industry. R. C. Duff of Houston is chairman of the sub-com-
mittee on Railroads and Railroad Securities.

Meet me at Harrison's coal yard

For Justice of Peace:

R. E. Cook

For Constable:

H. O. Hubbert

For County Chairman:

Too Many Lawyers.

For years the cry has been "send
lawyers to Legislature. They un-
derstand law and will enact good
ones." Every Legislature in Texas
for the last twenty-five years has
been dominated by lawyers, with the
result that we have a statute book as
big as a box car, and filled with
laws that have to pass through every
court, from Justice to Supreme, be-
fore their meaning is made clear.
It seems strange that a gang of law-
yers are never able to write law in
language sufficiently plain to be
comprehended by the ordinary in-
telligence, and that he must employ
half a dozen other lawyers in order
to find out what it means. Why not
adopt a new plan, and elect just
plain, ordinary, sensible men to the
Legislature, and see how that scheme
will work.

Of course, no one is uncharitable
enough to insinuate that a Legisla-
ture composed of lawyers will enact
crooked laws in order to be paid big
fees to help straighten out the kinks
in courts. I know I wouldn't, al-
though I do believe it to be a fact.—
Crosbyton Review.

From Far-Away Alaska.

G. A. F. Parker, president of the Western National Bank, is in receipt of a letter from his friend, Joseph T. Bauer, of Nulato, Alaska, who is a member of the United States Army in the engineering department. In his letter he writes:

The winter up here has been the mildest ever recorded and very steady weather, I don't think I ever saw a nicer winter, not a single blizzard or any extreme of temperature, 45 below being the minimum for the winter and this only continued for about one week. The average temperature for the entire winter I believe would be above zero, which is truly remarkably for this latitude. Many theories have been advanced as the cause of this change in conditions, the most popular of which is that volcanic eruptions or upheavals in the course of the Japan current has diverted that great stream of warm water more to the eastward, thus giving us the same weather that formerly prevailed several hundred miles to the southward, at any rate if this weather continues, in time the ground will thaw out and it will no longer be the land of perpetual frost. But with the advent of warmer weather the pestiferous insects, mosquitos, etc., which Alaska always excelled in, are, if such a thing were possible, even thicker than before. The house must be carefully screened and mosquito tents in the rooms in addition are necessary to get any rest. The river ice broke up earlier than ever before, moving here on the 7th, the weather is warm and as the sun shines now till after 10 p. m. vegetation of all kinds simply booms. The mountains and valleys have been transformed in a week by the brush of nature from the dull gray of winter to every tint of green. Our Radio station is giving the most satisfactory service and I have enjoyed the best of health throughout

the winter. I trust that you and yours are enjoying good health, and that you will be blessed with a prosperous year. With regards to my friends there I am

Sincerely your friend,
Joseph T. Bauer, Nulato, Ala.

Special attention is given to cleanliness at the City Meat Market. Phone 21. 21-2t

Dark Horses Win.

During the Baltimore convention there was a deal of talk of "dark horses" and the number of times such an animal has won in the race for presidential nominations. For the information of politicians whose memory falleth them, this information is given. Four times have "dark horses" been nominated in the Democratic party; one time in the Republican party.

In the Democratic convention of 1844, the vote on first ballot stood: Van Buren, N. Y., 143; Cass, Mich. 83; Polk, Tenn., 0. 9th ballot: Polk, Tenn., a dark horse, was chosen by a vote of 232.

In the Democratic convention of 1852, the first ballot was: Cass, Mich., 116; Buchanan, Pa., 93. 49th ballot: Pierce of N. H., was elected by a vote of 282.

In the Democratic convention of 1868, on first ballot: Pendleton, Ohio, 105; Johnson, Tenn., 65; Seymour, N. Y.; 0. 22nd ballot: Seymour, N. Y., was chosen by acclamation.

In the Democratic convention of 1896, on first ballot: Bryan, Nebr., 119; Bland, Mo., 235. On 5th ballot: Bryan, 512; Bland, 106. Bryan was nominated.

In the Republican convention of 1860, on first ballot: Seward, N. Y. 137; Lincoln, Ill., 102. 3rd ballot: Lincoln, 281; Seward, 180. Lincoln was nominated by the convention.

Eyes tested and glasses correctly fitted. W. H. Ray. 21-2t

The Primary Election.

The object of a primary election is to nominate candidates for the party holding such election. In a Democratic primary, members of other parties should not participate, for the pledge really bars them. When Republicans or others offer to vote in Democratic primaries, they must take a binding pledge, which reads—"I am a Democrat and pledge myself to support the nominees of this primary." For a Republican to say that he is a Democrat, or for a Democrat to say that he is a Republican, is treading on the ground of insincerity if not telling a falsehood outright. But to pledge to support the nominees and then to vote against the nominees at the general election, is to purge his honor and to corrupt the ballot. To scratch out the pledge avails nothing, as the judges must throw out such a mutilated ticket. If a good Republican wants to change his politics and become a real Democrat, advocating the principles of the party and sustaining its action in convention and primary, there is no bar against him; but for him to retain his Republican armour, sword and standard and offer to march in the Democratic ranks, is to have his right to enter the lines questioned. When Democrats are choosing their standard bearers, let none but Democrats be heard; when Republicans are in convention or primary, let the Democrats stay out.

O. J. Beene's Experience.

Little bank roll, ere we part,
Let me hug you to my heart;
All the year I've clung to you,
I've been faithful, you've been true.

Little bank roll, in a day,
You and I will go away
To some gay and festive spot;
I'll come home, but you will not.

—Chicago Banker.

Where Credit Is Due.

Had the Hatfield brothers commenced operations in Brady a week or so ago, doubtless they would have been given credit for the splendid rain enjoyed Monday night. But they didn't, so credit must be placed elsewhere. In this connection, we are reminded of the fact that Rev. J. M. P. Morrow of Fort Worth, who conducted the Baptist revival meeting, stated upon more than one occasion that the close of a successful meeting would be followed by the much-desired rain. And the prediction has come true. Therefore, we are unhesitating in expressing it as our opinion that the meeting was as directly responsible for the magnificent rain as any effort upon the part of the Hatfield brothers might have been. The credit belongs to the Lord—and to the Baptist meeting.—Brady Standard.

If the Baptist meeting and the Lord must be given credit for the billion dollar rain, then with equal logic, they must be charged with the long drought, to which the editor of the Standard would agree. But why lay everything on the Lord? Hatfield Bros. might have aroused the jealousy of the rain gods and caused them to jump in ahead of the scheme to produce artificial rain. While we believe the Baptist did their part in bringing the refreshing showers, would a Methodist meeting have done as well? Why don't people quit their foolish ideas? Divination, miracles, witchery, sorcery, spiritcraft, myths, special dispensations, prophets, sooth-sayers, seers, all belong to the primal age of man and should have been discarded when civilization emerged from the Dark Ages. The Lord is God of love and law, and law governs in material as well as in spiritual and moral affairs. The governing rain is as fixed as the law that holds the earth in its orbit or keeps the stars in their paths. Where credit is due give the credit.

TEXAS NEEDS GREAT MEN

XXXV. CUSTOM

PLATO reprehended severely one of his pupils for committing a wrong and the young man said, "Why do you censure me so severely for so small a matter?" and Plato replied, "But custom is no small matter."

Many of our citizens vote a ticket according to custom without reference to party platform or to the ability of candidates. We can permit ourselves to be such complete slaves of custom that we lose our identity and become the property of politicians. No country can prosper where the noble impulses of progress are fettered by the coils of custom and whose citizens follow in blind adherence the paths of habit.

PLATO REPREHENDING HIS PUPIL.

Let him who would mount the rostrum of progress break the shackles of custom and give liberty to thought, and freedom to action; loose the galling chain of habit that binds industry and fetters progress and demonstrate to his fellow-citizens that a scrap heap is a most powerful factor in civilization. Texas Needs Great Men.

CONTEST OPENED MONDAY, APRIL 1, 1912 AT 8 P. M.

Standing of Candidates

In The Merchants and Publisher's Trade Campaign Contest Up to Saturday, June 22nd at 10 p. m.

Mrs. Allan Bell, Hereford	1049100 Votes

CONTEST CLOSES WEDNESDAY, JULY 31, 1912 AT 8 P. M.

Stops Summer Complaint

This remedy should be in every home—not only for the little ones but for the older members of the family as well. In cases of Cholera Morbus, Colic, Diarrhea, or any bowel complaint

Nyal's Blackberry Carminative

is so certain in its action and relieves in so short a time that you cannot afford to be without it. It relieves all irritation of the intestines, is slightly astringent, cleanses the bowels before they are checked, and is thoroughly antiseptic. It is without doubt the best remedy of its kind we know of and is equally good for children and adults. There are two sizes—25c and 50c the bottle.

We expect to be here in business a good many years. The only way we can do it is by treating everybody right. That's our policy.

Everybody's a doin' it! What?

Getting their cleaning and Pressing done at the Palace Tailor Shop at Orr's Barber Shop. 21-2t

DO WE NEED IRRIGATION?

In the face of repeated crop failures year after year we don't believe there is any sane man who will contend that irrigation is not needed in the Hereford country. If farming is to be successfully carried on water for irrigation must be pumped because there is no other source of supply, and not to pump water from this excellent underflow would be nothing short of a crime.

That good crops can be raised by pumping water is a settled fact. That the cost of pumping water can be paid from the crop grown with big profits left is another settled fact. Even kaffir, milo and millet, the common feed crops are being profitably grown with pumped water. If our lands will not stand three times the cost of pumping then we had better turn them over to the cow man and change location.

When the wise (?) man tells you the ground crusts, bakes, cracks and gets hard as a brick bat don't you believe him. When he says the water supply will not hold out ask to mention some good underflow that has been exhausted by excessive pumping. When he says the wells will go dry, there's too much expense, too much hard work and no money in it ask him if he ever tried it. Ask this wise guy to make good his illogical theories against irrigation, tell him he knows nothing about it—call him a knocker because that's what he is and watch him back up. Take him out to our farm and run him through oats up to his neck, through alfalfa almost to his waist, then push him in the ditch and ask him if the well has gone dry. Don't allow this knocker to hinder your ideas on irrigation because we're all going to irrigate and before long this same knocker will be leaning on an irrigating shovel kicking because the sun is shining. But just so sure as the sun shines there are going to be hundreds of irrigating plants in the Hereford country—nothing can prevent it.

We are about caught up with our contracts and have facilities for installing a great many irrigating plants before the next crop season. Now is the time to start—get your well before the crop needs it, not after it is burned up. Our type of irrigating plant is a winner—a water getter and a success beyond any doubt. We challenge the entire country to duplicate them for quantity of water, cost of water, operation and installation. Where titles and conditions are right we are in position to take mortgages in payment for any number of irrigating plants.

Don't Suffer!

"I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until March, when I went to bed and had to have a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my housework."

TAKE CARDUI The Woman's Tonic

You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness.

If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. At all druggists.

Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent free. 1 60

THE STATE OF TEXAS, County of Deaf Smith, In the District Court of Deaf Smith County, Texas. H. L. Goats, Plaintiff vs. Leon A. Murrills, et als, Defendants.

Whereas, by virtue of an order of sale issued out of the District Court of Deaf Smith County, Texas, on a judgment rendered in said Court on the 5th day of June, A. D. 1911, in favor of H. L. Goats, against the said Leon A. Murrills, C. H. Sowle, Wm. W. Shepard, August B. Olin, Willard D. Campbell, J. H. Bowers and John P. Burch, No. 107 on the docket of said court, I did on the 21st day of June, A. D. 1912, at 10 o'clock a. m., levy upon the following described tract or parcel of land situated in Deaf Smith County, State of Texas, belonging to the said Leon A. Murrills, C. H. Sowle, Wm. W. Shepard, August B. Olin, Willard D. Campbell, J. H. Bowers and John P. Burch, to-wit: Survey Number Thirty-eight (38) Certificate No. 280, Block K 5, containing six hundred and forty (640) acres of land. And on the 6th day of August, 1912, same being the first Tuesday of said month, between the hours of ten o'clock a. m. and four o'clock p. m. on said date, at the Court House door of said County, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said Leon A. Murrills, C. H. Sowle, Wm. W. Shepard, August B. Olin, Willard D. Campbell, J. H. Bowers and John P. Burch in and to said property.

Dated at Hereford, Texas, this 21st day of June, A. D. 1912.

R. W. BAIRD, Sheriff Deaf Smith County, Texas.

BETTER TO TAKE THAN CALOMEL

Dodson's Liver-Tone, a Wholesome, Reliable Medicine That Takes the Place of Calomel.

Dodson's Liver-Tone strengthens the liver—it does not drive it to its work by over stimulating it as calomel does.

Dodson's Liver-Tone does not have any of the dangerous after-effects of calomel. It is a vegetable liquid—absolutely safe for either children or grown people. Every body likes its taste.

No restriction of habit or diet necessary.

Get a bottle at Belts-Clark drug store, 50c, and try it. If it doesn't satisfy you, if it doesn't take the place of calomel, you can get your money back by asking for it.

To Head-Off a Headache

Nothing is Better than Dr. Miles' Anti-Pain Pills They Give Relief Without Bad After-Effects.

"It gives me great pleasure to offer a word of recommendation for Dr. Miles' Anti-Pain Pills, as there are thousands suffering unnecessarily from headache. I was afflicted intermittently for years with headache and after other remedies failed, I tried one Dr. Miles' Anti-Pain Pills, and in the past ten years I have been them constantly with me, getting the instant relief by using one or two on the approach of headache. They are also effective for rheumatism, neuralgia, giving immediate relief. C. M. BROWN, Estherville, Iowa. For Sale by All Druggists. 25 Doses, 25 Cents. MILES MEDICAL CO., Elkhart, Ind.
