HEREFORD, TEXAS, FRIDAY, JUNE 21, 1912

NUMBER 20

845,725 HIGHEST VOTE

Some Very Heavy Voting for Week Ending June 15—All Candidates Making Gains.

The leading candidate for the week ending Saturday, June 15, has to her credit 845,725 votes. This is Miss Eddith Smith who has a close second in Miss Lena Gregory of Kelso with 807,755 votes to her credit, these two young ladies having changed places from the previous week. The third in the class is Mrs. Allan Bell with 781,300 votes and who made a gain of 72,025 votes for the week. Miss Gregory was next in point of gain with 44,025. The next to make a large gain was Mrs. Estelle Tucker credit 31,000 votes. The one nearest to this was Miss Eloise Pitman with a gain of 22,525 votes for the week. The total votes for all the candidates may be seen in the table on this page.

LAST BONUS PRIZE

All the candidates are hard at it this week as the last Bonus Prize is to be awarded according to the standing, Saturday, June 22, 10 p. m. This prize is the beautiful dresser or toilet set and has been admired by everyone. The winner of this Bonus Prize will have cause to be congratulated. Remember that all votes, coupons and subscription votes, must be in the boxes by 10 p. m. Saturday.

THE LAST COUNT

This will be the last count of votes until the close of the contest on Wednesday, July 31. From next Monday on, no one will have the least idea of the standing of the candidates. The ones who have been running far behind may pick up their pace and when the wire is passed may be ahead. The next five weeks will be as uncertain in its outcome as a presidential election or a jury verdict. There is one thing sure, however, and all candidates are given this "tip". The

one who works the hardest for the Merchant's Trade Coupons and The Brand subscriptions stands the best chance to win the beautiful piano. And by the way, every one who has played on the piano pronounces it a splendid musical instrument of good tone and perfect action. Then to be the lucky winner is to get something worth while for a present to yourself. Let the winner win with honor, let the losers lose with dignity.

SUCCESS PRIZES

Nearly all the candidates are piling unto themselves credits for the one or more of the Success Prizes, which consist of diamond rings, gold watches, bracelets, and other things of beauty. If you have not won a Bonus Prize and do not win the Grand Prize, the Success Prizes will amply reward all who have worked hard.

This Contest is proving as predicted and as planned, the most successful and popular ever instituted in Hereford. More people have taken a keener interest than could have been expected. The good will and pleasant relations of the candidates have evinced a fine feeling. If there was nothing else to all of it, the training and education has been a most valuable lesson. Let all keep themselves in a good way to be able to congratulate the successful candidate at the close of the contest.

J. P. Snyder returned yesterday from New York, Illinois and Ohio where he has been on important business. Messrs. D. P. Fleeger, H. H. Parker and V. S. Welch of Illinois are with him to look at the country.

40 at Hereford.

All known records were smashed at Hereford last Monday night when the temperature dropped to 40 above. It stood at 47 at sunset and during the night went down to the lower figure. A cold mist, but no rain accompanied the cold wave from the northeast.

Let Kemp figure on that lumber bill. You will save money. 20-2t

Three Railroad Men of National Prominence Who, on Invitation of the Texas Welfare Commission, Appeared Before That Body and Discussed Texas Railroad Matters

A synopsis of their general views follow:

- 1st—That the Stock and Bond Law be so amended as to make it possible to refund maturing bonds and to make such extensions, improvements and betterments as are needed; the bonds to be issued prior to the expenditure.
- 2nd—That railroads are not properly compensated for their services.
- 3rd—That personal injury claims are far in excess on Texas lines of those of other states on any basis of comparison.
- 4th—Unequal taxation.—Railroads are valued by the Railroad Commission at \$210,000,000 and by the Tax Commission at \$409,000,000.

PROPOSES TO BUILD NEW RAILROAD VIA HEREFORD

MAJ. E. C. GORDON HERE WITH PROPOSITION FROM EASTERN CAPITALISTS TO CONSTRUCT NORTH AND SOUTH LINE —PLAN CONTEMPLATES BONUS ON LAND AT RATE OF ONE DOLLAR PER ACRE, RIGHT-OF-WAY AND TERMINALS

As a result of correspondence between Maj. E. C. Gordon and Jno. P. Slaton, a meeting of citizens was held yesterday afternoon at which Mr. Gordon explained his proposition and read the contract under which he and his associates propose to construct a railroad from some northern point on the Rock Island in Oldham county to Hereford and to Dimmitt and then south or southeast.

This meeting was called to order by Mr. Slaton. Mr. Skelton acted as secretary. Maj. Gordon talked at length about the road and the feasibility of its building and what the people and land owners along the route must do to secure the line. His proposition when boiled down to its essence is this: That the land owners subscribe a bonus aggregating \$6,400.00 per mile and also secure the right-of-way, depot and terminal grounds; that these bonuses be secured by deeds of trust on lands within the circle of influence of the road at the rate of \$1.00 per acre; that one-half of the bonus be paid one year after the road is in operation and the other half in 2 years.

There was some discussion of the proposition by Messrs. Lipscomb,

Woodlee, McLean, Slaton and others all approving the deal.

A motion was made to issue a call for a general mass meeting of the citizens of Deaf Smith, Castro and Oldham counties, same to be held tomorrow, Saturday, at 3 o'clock. Invitations were mailed today. A committee was appointed to investigate the contract and to report at the mass meeting. The committee follows: Messrs. Lipscomb, Edwards, Fuqua, J. T. Wilkinson, Black, Knight, Gilliland, Kerr, Woodlee, P. H. Lannigan.

It is important that quick action be had upon Maj. Gordon's proposition as he has already a line-up of strong men who are ready with the cash to construct the road.

\$250 For a Joint Debate.

The Hon. J. F. Wolters offered this sum to any one who would secure for him a joint with Morris Sheppard, the money to be donated to charity. Mr. Sheppard has accepted the proffer and the debate will be "pulled off" Monday, June 24, at Athens, Texas. They will discuss the tariff question.

FARMERS' INSTITUTE JUNE 24, 1912

Prominent State Men To Address Farmers at Hereford Monday.

Under the direction of the State Department of Agriculture, Farmers' Institute will be held at Hereford June 24, 1:30 p. m. The place of meeting will be announced by the local committee at each point.

These institutes will be conducted by J. W. Neill, Director of Farmers' Institutes, who will discuss Dry Farming; the Conservation of Moisture; Selection and Improvement of the Home Grown Seed; Forage Crops; Silos, Their Construction and Advantages.

Assisting Mr. Neill will be Maj. W. J. Duffel of Claude, who will discuss Sheep and Hog Raising. Both of these men have had a long experience in the subjects to be discussed and a large attendance of farmers is desired.

These institutes are farmers' meetings devoted to the up-building of the best interests of the farmer. It is urged, therefore, that farmers bring their families and devote, at least, one day to a careful study and discussion of the agricultural questions which lie nearest their hearts.

Heberd Smith of Texico, a prominent citizen of that place, is here today on business.

Mrs. J. O. Jenkins has returned from a visit to friends and relatives at West, Texas. She was accompanied on her return by her son, Asa Jenkins, who comes to spend a part of the summer on the Plains. Mr. Asa Jenkins is a prominent young business man of his home town. He is very much taken with the irrigation projects around Hereford.

Will Inoculate Alfalfa.

Baskin & Hester have received seven billion of nitrogen producing bacteria from the department of agriculture which they will use to inoculate the alfalfa which they will sow on "Wonderflow Farm." These bacteria are contained in a liquid and they have 8 ounces, enough to inoculate about 4 bushels of alfalfa seed. This is done by making a percentage solution and wetting the seed before planting. This "sows" the germs along with the seed and when the plants begin to grow, these bacteria attach themselves to the fine rootlets and form nodules or small knot like roots, which serve as a breeding or housing place for the colony of bacteria. These infinitesimal bugs produce nitrogen which assists in liberating the plant food of the soil and to make it available for the use of the alfalfa. This hastens the growth and produces a better forage. Wherever tried, the demonstration shows that this culture bug, as it is called, helps the farmer while the latter sleeps.

G. L. Pickard, representing the Fort Worth Record, was in Hereford this week and while here was asked about the political straws in the territory which he has worked since March 1. He thinks the senatorial race lies between Sheppard and Wolters while Randell has strong following. As to the governor's race, he is of the opinion that Colquitt will win, but Ramsey is making gains and will give the governor a close race.

CONTEST CLOSES WEDNESDAY, JULY 31, 1912 AT 8 P. M.

Takes Seventeen Papers.

For a farmer and poultry raiser to take and read 17 different journals and papers may be considered "going some," but Hereford can boast of such a man in the person of Theo. Cochell. The following is the list: The Brand, Randall Co. News, St. Louis Semi-weekly Republic, Dallas Semi-weekly News, Kansas City Semi-weekly Star, Kansas City Semi-weekly Journal, Farm Progress (St. Louis), Successful Farmer (Des Moines), Missouri Valley Farmer (Topeka), Union Poultry Journal (Fort Smith), Poultry Culture (Topeka), Princeton (Mo.) Telegraph, Baptist Standard (Dallas), Hollands Magazine (Dallas), Wo-

man's Household (Topeka), Southwestern Farmer (Houston).

You will note that Mr. Cochell heads the list with the local paper and he says he always reads the Brand first, then the Randall County News, then the Republic, and after that the others. He says it is strange that some of the papers when once subscribed for will never stop, and mentioned the Baptist Standard, the Poultry Journals and the Star. "I just can't get 'em to stop," he said.

Millinery Sale.

The cheapest and best ever offered in Hereford at the Millinery Parlor. For the next 20 days this sale will be on. We will please you in prices and qualities. Remember the location—first door south of Britain-Dunlap building. All millinery goes regardless of cost. Come and be convinced. It

An Anti's View.

Maj. A. R. McCollum, editor of the Waco Tribune, thinks an injustice has been done Captain Bolmes by the Houston Post and others in circulating the report that he was discharged for his dilatory office methods. Mr. McCollum, who is one of the red-hottest anti's in Central Texas and who, with his paper, has fought state-wide and local prohibition, asks that the record be kept straight, and under the following caption discusses the incident:

AS A MATTER OF JUSTICE.

The Houston Post, in telling how Governor Colquitt displaced Captain Bolmes as Commissioner of Pensions, says the Governor heard that Captain Bolmes was exceedingly dilatory in mailing out warrants to the Confederate veterans. He was so dilatory, so the Post has been informed, that the veterans lost patience with him and suggested to Governor Colquitt that a more active and reliable man as Pension Commissioner would be desirable. Thereupon, chiefly to serve and gratify the pensioners, Governor Colquitt displaced Captain Bolmes, a Confederate veteran himself, and put in a younger man.

The Tribune has been informed that the Commissioner of Pensions does not mail out the warrants to veterans. That duty falls to the Comptroller of the State, and any delay such as was complained of would not be fairly chargeable to Captain Bolmes. We refer to this matter chiefly "to keep the record straight" and that justice may be done to Captain Bolmes, who we think has been placed in an unjust light by the statements of the Governor.—Waco Tribune.

Mrs. J. B. Phillips Wins Prize.

The friends of Mrs. J. B. Phillips will be further assured of her good culinary ability when they learn that her "Economical Fruit Cake," won the first prize in a state contest conducted by Armour & Company in which they distribute cash prizes of \$500 per month in Texas. Mrs. Phillips won the prize over many strong contestants. The recipe that won the first prize is as follows:

ECONOMICAL FRUIT CAKE—

Into a saucepan put one cup of brown sugar, two cups seeded raisins, one cup hot water with one half teaspoon of Armour's Extract of Beef, one third cup of lard (scant), a pinch of salt, one quarter of a nutmeg, one teaspoon of cinnamon, one half teaspoon of cloves. Boil all together three minutes, then cool. When cold add one level teaspoon of soda dissolved in a little warm water, and two cups of flour sifted with one half teaspoon of baking powder. Bake in loaf and ice as desired. This cake improves under on like fruit cake. Light full of stars. Tex.

UNEQUAL TAXATION.

The constitution of Texas says that taxation shall be equal and uniform and all property shall be taxed in proportion to its value. The legislature is empowered to pass laws to carry out this provision.

No subject with which the State must deal is so difficult to solve. The different kinds of property, the large variance of values in urban and rural districts, the uncertain values of realties and the large area of the state, all combine in its complications.

There is one thing, however, which may be properly adjusted, made equal and uniform, and that is the taxation upon the land. There is evidence of unjust discrepancies in the rendition of lands in the Panhandle and other parts of Texas. The lands of the Panhandle and South Plains are listed nearer their full value than the lands in other parts of the state. For the purpose of article, nine counties from different sections have been selected and the tax rendition value per acre is given:

County	Assessed Value
Denton	\$15.81
Dallas	24.18
Collin	25.90
Hill	24.83
Williamson	19.88
McLennan	24.58
Bell	19.50
Galveston	15.81
Falls	18.47
Average	21.22

This table shows that the assessed value of the land in these nine counties is far below the real value and out of joint with the law that re-

quires a full rendition, when it is known that land is now selling in many of these counties at from four to eight times the rendition. Look at Denton county with its rich lands at \$15.81; and what's the matter with Collin with land assessed at only \$25.90 and yet ten dollars more than Denton? Could you buy Denton county land for \$15.81 per acre? A law requiring the posting or publication of all taxed property showing its rendition value would give each tax payer, when called upon by the equalization board, a chance to compare his rendition with that of others and would be the means of uncovering the tendency to underestimate the values. A full rendition is a mere farce under the present system. A general equalization board for the state might adjust the glaring differences in the renditions from the several counties.

But for comparison, the nine counties of the 123rd representative district are also given:

County	Assessed Value
Armstrong	\$4.09
Bailey	4.18
Castro	4.74
Deaf Smith	5.45
Hale	6.99
Lamb	4.52
Parmer	6.05
Randall	6.10
Swisher	6.15
Average	5.38

When it is known that but a small percentage of the area of these nine counties is under cultivation and that three of the counties have no railroads, it will be seen that a "Square Deal" is not being had.

The real or cash value or selling value of the land in the nine old counties will certainly average more than \$21.22 per acre. The real or selling value of the nine Panhandle counties named would be about \$17.50 per acre. Accordingly there is something near \$54 per acre of untaxed land in the first named counties and about \$12 per acre of untaxed land in the last nine counties. How does this appear to all the other Panhandle counties for equal and uniform tax?

THE HEREFORD BRAND ONLY \$1.00 A YEAR

100,000 Sheep.

Allan Bell, sheep inspector for Deaf Smith county, estimates that there are now at the least figure, 100,000 sheep in Deaf Smith, Castro and Parmer counties; 55,000 in Deaf Smith, 20,000 in Castro and 25,000 in Parmer. The spring shearing is well under way and several large clips have been hauled into Hereford and stored. The average clip per head this year, Mr. Bell thinks, will be near 7 1/2 pounds. Accordingly there will be something near 750,000 pounds of wool in the three counties. Buyers have already been here and several sheepmen have sold. The price is around 15 and 16 cents.

Taxation as to Individuals and Corporations

ANNUAL TAXES ALL PURPOSES \$30,000,000.

The power to tax is the power to build or destroy. To maintain equal rights of property is as important a function in government as to preserve the rights of individuals. The cut shown above indicates the amount of state tax assessed against an investment of \$10,000 on the lines of industry shown in the subdivision of the circle. There are many inequalities in assessment between counties.

Taxation will be discussed by the Texas Welfare Commission. S. A. Lindsey of Tyler is chairman of the sub-committee that will deal with this subject.

Omitted Name of Candidate.

It might have appeared to the friends of W. Elmer Dameron, candidate for county attorney, that the Brand had purposely omitted his name from the list of announced candidates, but this is not true. In some unaccountable way, and as well confess inexcusable, his name has not appeared in the candidate column. The Brand hereby offers its apology to Mr. Dameron for this unseemly neglect, and places his name this week in the proper place.

"We Canhandle the Panhandle."

This is the slogan of the Young Men's Business Club at Canadian, Texas, and suggests that the Club challenges the Panhandle in matters of hustle and push. Their sixth annual banquet will be given June 25.

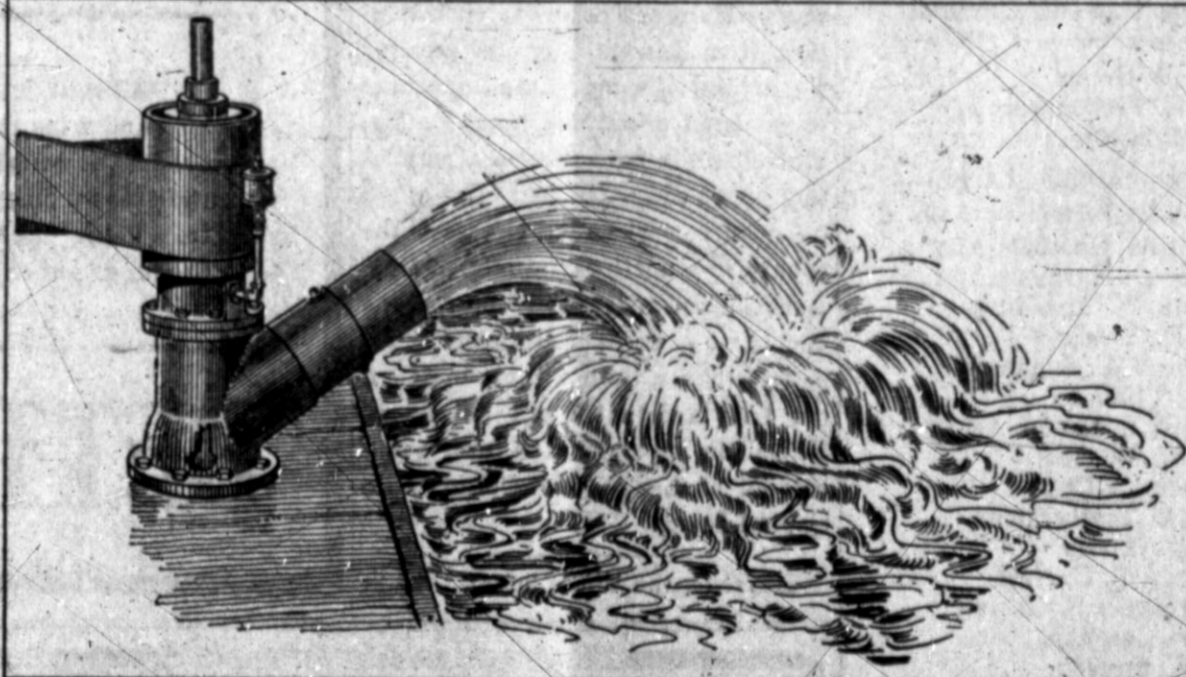

During the summer months mothers of young children should watch for any unnatural looseness of the bowels. When given prompt attention at this time serious trouble may be avoided. Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon. For sale by all dealers.

IRRIGATION AN ESTABLISHED FACT!

The United States Government, Private Corporations and Individuals are investing Millions of Dollars every year to develop Irrigation Plants. The farmers have learned that Irrigated Land brings the surest and greatest returns from their labor and means, and wherever water is available either from the streams, reservoirs or wells, the land is in demand even at fabulous prices.

A PUMPING PLANT

Is admitted by experts to be the cheapest and most satisfactory means of securing an adequate water supply. The water rights alone under the great irrigation projects of the United States cost from \$50 to \$85 per acre, and in many cases the land must be grubbed, leveled and ditched at heavy expense and much labor.

IN THE HEREFORD DISTRICT

Where the purest irrigation water is found at shallow depths, there are no stumps to dig and blast out, no rocks to haul off and the surface so smooth that little or no leveling is required. The ditches can be laid as straight as a light line. With an individual pumping plant the farmer can have all the water needed and whenever needed.

This section of the Panhandle was the first to discover the underground water supply and to develop an irrigation well. Two years ago the stream was tapped and since there has been slow but sure progress made, so that at the present day, the feasibility of irrigation by pumping plants has been changed to An Established Fact. With the wells already installed and under way, Hereford farmers will have available for this season 30 second-feet of water, which means a ditch 3 feet deep by 10 feet wide flowing full at the rate of one foot per second. If you are interested in farming by insurance methods and want to know something more about the land of Water, Soil and Sunshine, a card addressed to any advertiser in The Brand or to A. C. Elliott, editor, will be given courteous attention.

THE coldest place in the U. S.
States this week is somewhere in
Alaska, but the hottest is in Chicago.

HOLLAND'S inspector will have to
ride in a flying machine to inspect
Hereford in August, as the weeds
will have thoroughly fortified the
town against invasion by that time.

SENATOR Elihu Root: "The Re-
publican party stands now as Mc-
Kinley stood—for a protective tariff
—while the Democratic party stands
against the principle of protection
and for a tariff for revenue only.
We stand not for the abuses of the
tariff, but for its beneficent uses."

THE action of the ladies' club to
renovate and clean up the town is
bearing fruit. While out yesterday
the news faker for the Brand saw
four good women cutting weeds along
the sidewalks and in the yards. If
all the other good women would
pendulate a weed sickle for a few
evenings, the men could enjoy the
42 games much better. The weeds
around town are growing apace, and
unless the "women do the work," it
is feared that no weeds will be cut.

Editor A. C. Elliott of the Here-
ford Brand was in the city Wednes-
day looking over the field in regard
to his candidacy for the legislature
for the 123rd district. Mr. Elliott
was well pleased with the progress
made in Canyon since his last visit
here and expressed his pleasure in
finding the Normal college to be
such a great educational institution.
Mr. Elliott is one of the best news-
paper men on the Plains and is mak-
ing friends wherever he goes.—

DE LAVAL CREAM SEPARATOR

More Than 1,375,000 Are in Use

The Best Investment Any Cow Owner Can Make

That's what nearly a million and a half of cow owners the world over have found the De Laval cream separator to be.

A De Laval farm separator costs from \$35 to \$160—according to capacity. It saves butter fat and produces a cream of superior quality over any setting system or any other separator every time it is used—twice a day—730 times a year.

It involves far less labor than any setting system, and runs easier, has greater capacity and lasts from two to ten times longer than any other separator.

That's how a De Laval separator saves at least its cost the first year, and frequently in a few months, and then goes right along saving your money year after year.

We have an arrangement whereby you can make a partial payment at time of purchase, and pay the balance on such liberal terms that your machine will more than save its cost while you are paying for it.

Easiest to turn, easiest to wash, skims the cleanest, lasts the longest.

SOONER OR LATER YOU WILL BUY A DE LAVAL

Kelso Items.

We had several fine rains last week. Crops are growing fast, grass is good, and everybody is wearing a smile.

Sheep shearing is about "a thing of the past" most of the sheep sheared well, the average being about eight pounds.

C. E. Chappell had the misfortune of getting his windmill blown off in a whirl-wind last Monday.

Messrs. Edgar Riffe, Luther Gregory, and Otto and Alfred Ellison attended church at the Crockett school house in New Mexico last Saturday night.

Mr. Bippus is hauling wool to Hereford this week.

Messrs. McDenill and Quaschnick were in Hereford Friday.

W. J. Kanne's new well, seven miles southwest of Kelso, was started to pumping this week.

W. S. McDaniel and family spent Sunday at Jno. Gregory's.

Mr. and Mrs. W. B. Palmer spent Sunday at Mr. Bippus's.

Miss Tillie Bippus and brother, Teddy, visited at Mr. Quaschnick's Sunday afternoon.

The Wright Land Co., were out with some more prospectors last week. "Nameless."

Fell From Scaffolding.

Oklahoma City, Okla.: Oscar A. Anderson of 2401 South Walker street fell from a scaffold, and, though considerably sprained and bruised, is able to be about. He says Hunt's Lightning Oil took all the soreness away. It is also good for Headaches, Neuralgia, Rheumatism. All dealers sell in 25c and 50c bottles. 18-4t

Castro County Clippings.

From The Dimmitt Plainsman of Friday, June 14:

B. F. Neely of Parrott had business in Dimmitt Tuesday.

Raleigh Douglas and wife from four miles east of town were trading

in Dimmitt Wednesday.

Mr. Davis of Amarillo was in Dimmitt on business last Saturday, coming down in his car.

R. R. Gilbreath was in Tulia the first of the week on business.

Arch Conner has moved to the old Recker place one mile south of Dimmitt.

C. E. McLean left Monday morning for Artesia, N. M., on a business trip.

Commissioner Orr of Summerfield attended commissioners' court in Dimmitt the first of the week.

R. R. Gilbreath and family visited friends in Spring Lake last Sunday.

G. L. McLean, Louis Dyer, Doc Lovelace and R. H. Rowan attended the show in Hereford last Saturday night.

Miss Mary McLean left Monday morning for Canyon where she will attend the summer session of the Normal.

The following Woodmen of the Dimmitt camp went to Hereford last Sunday to help in the Woodmen decoration: Judge Kerr, Harvey Cash, W. A. Tate, K. E. Turner, J. S. McCormick, S. L. Braddock and Mr. Hankins.

Mrs. Will Wyer and daughter, Miss Maude, of the Big Square community were shopping in Dimmitt last Saturday.

G. L. McLean and J. W. Alex were in Hereford last Friday. They were accompanied by the Dimmitt base ball team, who crossed bats with the Hereford team that evening.

W. B. Green was down from his ranch Tuesday and reports a five inch rain fell in his community last Thursday.

This Is So.

We wish to state in as plain and vigorous way as words can express it that Hunt's Cure will, positively, quickly and permanently cure any form of Itching Skin disease known. One box is guaranteed to cure. One application affords relief. 18-4t

Meet me at Harrison's coal yard. 17tf

Hurley Items.

June 20.—Hurley was again visited by a good rain last week, and everything is looking fine in this community, especially our gardens, and should you look upon some of the wheat and alfalfa crops here, you would not think this a new country, but an old country where the different plants were well adapted to the soil and climate of many years.

Hurley still has numbers of prospectors from all parts of the country, especially from the northern and eastern states, and from the way they come to Hurley, it is enough to make one take notice.

Mr. and Mrs. L. R. Cox returned from their trip on last Monday. They had been to Amarillo transacting business and shaking hands with friends.

Quite a bit of fun was had last week. A few parties went down below the sand, not noticing how the gas was before they left. They got out thirty-five miles from the nearest town and ran out of gas. Finally they got a gallon of kerosene oil which helped them to a ranch house where they were aided by another gallon and was then able to run on into town.

Pierce Hooper made a flying trip to Amarillo on last Wednesday, returning Saturday. Pierce reports a good time, but says there is no place like Hurley for him.

The work on the railroad is being held up for some few days yet on account of the trouble they are having in getting the right of way titles from a few parties, but it will only be a short time until the work will begin in earnest.

Bro. Hensel preached at the west end yesterday morning, also at Hurley last night. Bro. Watson preaches next Sunday. Everybody is invited.

J. F. Metsker returned from Amarillo last week where he had been on business for a few days.

Kenneth Cox is at home for a few days. He has been staying with his grandmother at Plainview since his school closed. He came in with his father, L. R. Cox, Saturday morning.

As these notes go forward the weather is looking rainy again which means good crops and plenty of them in the Hurley Valley.

Hurley Hustler.

Prohibition Election Called In This County.

In accordance with the election laws, a prohibition election cannot be held sooner than two years after the last election was called. This time restriction is not recognized, however, by the people in recommending Hunt's Lightning Oil for Neuralgia, Rheumatism, Headaches, etc. For thirty odd years it has been acknowledged to be the best. Sold everywhere in 50c and 25c bottles. 18-4t

Strayed or Stolen.

\$10.00 reward will be paid for the return of one chestnut sorrel mare, about 4 years old, blaze faced, white feet, wire cut on one fore foot, strayed from Rucker Ranch, Friday, June 7. Report to Sheriff R. W. Baird, Hereford. 19-2tp

SELLING NOTHING BUT SPACE

A

GREAT many people imagine that "SPACE" in a newspaper is the Cheapest Thing in the world until they attempt to buy a few square inches, when they discover that it is a very high-priced thing from their unfamiliar point of view; yet, as a matter of fact, "Space" is the Cheapest Thing a Business Man can buy when the question of operating expense is considered. But the value of that SPACE depends upon two things: Quality and Quantity as to the Circulation of the paper. Space in a newspaper or magazine with no Circulation is worth nothing; Space in a journal with a Clientile with purchasing ability, though with a small circulation, may be very valuable to the Advertiser.

☞ The Hereford Brand has both the Quality and Quantity in Circulation. The Quality is as much a consideration to the discriminating advertiser as the Quantity; the Quality can be shown by Test and Demonstration; the Quantity can be proved by Actual Count on the mailing list. The Brand claims to cover the Field thoroughly for the advertiser, reaching practically every home and fireside in the radius of the trade for the Hereford Merchant. Not only this, The Brand reaches a territory attractive to the Real Estate Dealer, going into a score of states outside of Texas.

☞ Our Mailing List is open for careful inspection by those who would buy Space; but we do not sell you "Nothing But Space;" a Circulation that is Worth While is included.

HEREFORD TEXAS

The Patronage of the General Public is Cordially Solicited.

Don't Suffer!

"I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until March, when I went to bed and had to have a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my housework."

TAKE CARDUI The Woman's Tonic

You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness.

If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. At all druggists.

DECIDE YOURSELF

The Opportunity is Here Backed by Hereford Testimony

Don't take our word for it. Don't depend on a stranger's statement.

Read Hereford endorsement. Read the statements of Hereford citizens.

And decide for yourself. Here is one case of it:

J. D. Burkett, 300 E. Second St., Hereford, Texas, says: "I can strongly recommend Doan's Kidney Pills, which I got from Woodburn & Son's Drugstore. I suffered acutely from sharp twinges through the small of my back, especially when I stooped or attempted to lift. I was caused much annoyance by a too frequent desire to pass the kidney secretions and these troubles all showed that I had kidney complaint. Since I used Doan's Kidney Pills, I have been quite free from these difficulties. I have often suggested a trial of this preparation to other persons afflicted in a similar way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Summitt Breezes.

Mrs. Talley and daughter, Helen, were shopping in Hereford Saturday. Mr. and Mrs. Wagner of the Parrott neighborhood and Mr. and Mrs. Backus of near Nazareth were callers at Geo. Shepard's Sunday.

Mesdames John Hacker and Frank Metcalf of Parrott were calling in this neighborhood Saturday afternoon.

Mesdames Geo. Douglas and Roll Douglas were calling Monday afternoon and were caught in the cold wave that swept down on us from the northeast.

We rejoiced over another rain of 7-8 of an inch on the night of the 11th. Mr. Metcalf was coming home from Dimmitt and was caught in rain and had to stay all night at Mr. Galley's.

The cold wave did no damage for which we are very thankful.

Mr. and Mrs. Frank Barber were visiting with Wm. Dixon's family south of Dimmitt over Sunday.

Thomas Hamm from southeast of Dimmitt about twelve miles was calling on his best girl (she lives in the Summitt neighborhood) on Sunday last.

DOCTORS AFRAID TO GIVE CALOMEL

After-Effects Uncertain and Often Dangerous. Dodson's Liver-Tone, a Mild Medicine, Takes Its Place.

The use of calomel has been stopped in thousands of homes. Dodson's Liver-Tone, a pleasant, vegetable liver tonic that is a perfect substitute for calomel in curing constipation and biliousness, is taken instead. Dodson's Liver-Tone is absolutely harmless and its use is not followed by nausea and another attack of constipation as often happens after taking calomel. Betts, Clark drug store has sold so much Dodson's Liver-Tone and it has been so satisfactory wherever taken, that they guarantee to give any person his money back if he does not find it a perfect substitute for calomel. No restriction of habits or diet is necessary.

Constipation, if Neglected, Causes Serious Illness

Constipation, if neglected, leads to almost innumerable complications affecting the general health.

Many cases of typhoid fever, appendicitis and other severe diseases are traceable to prolonged clogging of the bowels. Regarding the effects of constipation, C. E. Ayers, 6 Sabin St., Montpelier, Vt., says: "I was afflicted with constipation and biliousness for years, and at times became so bad I would become unconscious. I have been found in that condition many times. Physicians did not seem to be able to do me any good. I would become weak and for days at a time could do no work. Not long ago I got a box of Dr. Miles' Laxative Tablets, and after using them found I had never tried anything that acted in such a mild and effective manner. I believe I have at last found the remedy that suits my case."

Thousands of people are sufferers from habitual constipation and while possibly realizing something of the danger of this condition, yet neglect too long to employ proper curative measures until serious illness often results. The advice of all physicians is, "keep your bowels clean," and it's good advice.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory, your money is returned.

I. O. O. F. HELD ASSOCIATION

Hereford Team Carries Off Honors
—Rebekahs Win Twenty Five
Dollar Banner.

At the meeting of the Panhandle Association I. O. O. F. which met in Amarillo Thursday and Friday of last week, the Hereford Rebekah Degree staff won the \$25 banner offered by the Association for the best rendition of the Rebekah Degree, making a score of 98 per cent or 980 points out of a possible 1,000, the degree staff from Claude being the only other contesting team making a score of 92 per cent or 920 points. Many compliments were showered on the Hereford Rebekahs for their beautiful rendition of this degree. Bro. W. R. Francis of Fort Worth, Grand Warden of the Grand Lodge of Odd Fellows of Texas, acted as one of the judges, said the work by the Hereford Rebekahs was the nicest he had ever seen. Such a compliment as this, coming from one who is a regular attendant of the Grand Lodge and Rebekah Assembly of Texas, and who witnesses this degree work conferred by the best teams of the state, was very much appreciated by the Hereford Rebekahs. In addition to the banner, Mrs. Clarence Smith won a medal for the delivery of the Past Grand's charge. The medal for this charge was given by W. B. Lewis of Plainview as a special prize.

In this contest, Mrs. Smith and Miss Columbia Redfern of Canyon tied, each making a score of 98 per cent. Grand Master Illingworth of Dallas then gave an additional medal so that each of the ladies should receive a prize. Mrs. G. A. Stambaugh and Mrs. C. Smith each entered the contest for best rendition of the unwritten work and tied for second place, each scoring 98 per cent, the lady winning the prize making a score of 99 per cent. Mrs. C. O. Lee entered for the Chaplain's charge, taking second place with a score of 98½, the winner making 99½. The degree staff from the Odd Fellows' Lodge of this place did some good work, but stood second in the contest for the best rendition of the Initiatory Degree, making a score of 89 per cent, the winning staff scoring 93 per cent. The following members entered in contests for medals for Past Grand's Charge: C. O. Lee; Warden's Charge, A. C. Barnhart; Conductor's Charge, H. L. Witherspoon. Each of the above taking second place in their respective contest with a score of 99½ per cent, the winners in each making a perfect score. The following were elected officers for the ensuing year: C. S. Rice, McLain, President; W. A. Wilson, Claude, 1st Vice President; Mrs. Clarence Smith, Hereford, 2nd Vice President; Elmer R. Anderson, Plainview, Secretary; Mrs. W. A. Wilson, Claude, Treasurer; W. A. Travis, Amarillo, Chaplain. C. O. Lee and C. E. Smith of Hereford were made members of committees for the next meeting of the Association which convenes in Claude June 12 and 13, 1913. The following Grand Officers were present: W. Illingworth, Grand Master, Dallas; W. R. Francis, Grand Warden, Fort Worth; W. A. Brumbaugh, Grand High Priest of Grand Encampment of Texas, Terrill; H. D. Johnson, Department Commander for Texas of the Patriarch Militant branch of the Order, Corsicana; Mrs. Mary Bennett, Past President of the Rebekah Assembly, Memphis. All report a splendid time and the Amarillo Odd Fellows and Rebekahs proved themselves capital hosts and hostesses, and made all feel that

they were more than welcome, and it is safe to say that whenever Amarillo asks for the association again they will get it.

The following Odd Fellows and Rebekahs attended from Hereford: Mesdames C. E. Smith, G. A. Stambaugh, H. H. Hawkins, C. L. Sullivan, Chas. Purcell, C. O. Lee, Clarence Smith, Lawrence Johnson, N. E. Gass, H. C. Myrick, Holly Tucker, W. E. Jones, R. W. Lovelace, Theodore Cochell, J. P. Snyder. Messrs. A. C. Barnhart, N. E. Gass, Theo. Cochell, Lewis Smith, C. O. Lee, H. L. Witherspoon, W. M. Megert, P. C. Long, I. N. Wilkinson, Clarence Smith, G. A. Stambaugh, C. E. Smith, C. L. Sullivan, A. L. Sherk, C. P. Arthur, W. B. Farmer, J. B. Elliston, R. W. Baird, H. O. Hubbert, D. W. Crawford, R. P. Brazil, D. F. Ashbrook, Henry Cloyd. Misses Elsie Smith, Dimple Gass, Mary Williams, Lilly Woods, Lula Wear, Jewell Jones and Alma Beach. All delegates have returned. Contributed.

WITH MISS JANE GREGG.

A pleasant little party given by Miss Jane Gregg for her three friends, Misses Nell Wilson, Alma Norton and Mabel Gass, who were to leave for a two weeks' visit at Tulla, was enjoyed by a score or more of their friends on the lawn of the Gregg home last Thursday evening. Games were played and a general good time dispensed. After some refreshments of cake and cream by Misses Lura Gregg and Helen Jenkins, each guest wrote a letter to their three friends, the letters to be opened and read entrain. That a good time was had by all present is certain as the Gregg home is always overflowing with hospitality.

"42" PARTY.

Mrs. J. W. Hicks and Miss Barnard gave an evening party Friday of last week in honor of Miss Alma Hicks and Miss Rhone, who are visiting friends here. Ten couples accepted invitations and enjoyed the hours at "42." Decorations of home grown roses were used in a most pleasing way. Refreshments of cream and cake were served. Miss Hicks, one of the honor guests and niece of Dr. J. W. and W. E. Hicks, left for her home at San Angelo Wednesday of this week.

BIRTHDAY PARTY.

Moyers Shore, son of Rev. and Mrs. S. T. Shore, had a lot of his little friends with him Tuesday of this week to celebrate his 6th birthday. Romping play and a kodak furnished plenty of amusement. Cream and assorted cake were served in the dining room. The table was pretty with decorations of flowers, a Shasta daisy being used to mark each place. The guests were members of his Sunday school class and a few others.

AT THE MILLER HOME.

A very pleasant little table party was given at the home of Mr. and Mrs. John B. Miller Tuesday afternoon from 4 to 6 in honor of her sister, Mrs. Odell Elliott, who is visiting relatives and friends in Hereford. The game of "325" was enjoyed at 5 tables by the friends present. At the close of the games refreshments consisting of a salad and ice course were served. This occasion gave many of the friends of the honor guest an opportunity to meet her. Mrs. Miller engravisted herself with all present.

AT WILLOW WOOD.

A delightful occasion was enjoyed last Saturday afternoon with Mrs.

C. D. Wright and Miss Gregg at Willow Wood, the beautiful home of Mr. and Mrs. A. W. Gregg. A limited number were present complimentary to Miss Rhone and Mrs. Odell Elliott, who are visiting here. Two games, 42 and 325, were used as pastimes and right well were they interspersed with pleasant conversation. Vocal and piano music added to the pleasure of the guests, especially the rendition of Litz rhapsody by Miss Rhone. Refreshments consisting of an appetizing salad course were served. Large bowls of roses and daisies were used to give a spring spirit to the affair.

AT THE CURTIS MCNERNEY HOME.

Last Friday afternoon Misses Glenis Coulson, Madelain Barnett, Roberta and Bess Nance went out to the beautiful and hospitable Curtis-McNerney home for a week end party. Friday evening was passed pleasantly with all kinds of music. Most of Saturday was spent in sleep. Late that evening part of the crowd went horse back riding and brought up the cows. At a late hour that night several games of "42" were played after which the young ladies beat a very hasty retreat up the stairs from a storm of pillows and rubber balls. There was very little sleep for any one that night. The young ladies were very rudely awakened from their dreams by one of their number real early Sunday morning. After breakfast a long horse back ride was taken. The afternoon was spent in hat pin fights and eating ice cream. They came back to town late Sunday evening rather stiff from the horse back rides and falls from the broken wheel barrow. They are expecting an invitation right soon to mend the torn pillows and "other things." These four fortunate young ladies say that they had the time of their lives. This is not more than could be expected as the whole place was turned over to them. Mr. Curtis and Mr. and Mrs. McNerney proved themselves capital hosts and hostess and their efforts were appreciated very much by the young ladies.

Dr. Cole of Ohio and Attorney Galloway are here in connection with land matters in which some 50,000 acres will be bought by these gentlemen and their associates. Judge Galloway will begin at once the examination of titles. The Evanta-Snyder Land Company have been instrumental in bringing about these contracts.

W. M. Brown, traveling agent for the Texas Oil Company, was being introduced to his Hereford customers today by Capt. J. W. English, local agent.

J. J. Perkins of the firm of Walker-Perkins is here for a short stay and is delighted with the progress made in irrigation.

Miss Dunn of Coleman is stenographer for the firm of Walker-Perkins Land and Irrigation Company.

Messrs. Woodlee and McLean of Dimmitt were here yesterday and attended the railroad meeting.

Mrs. J. P. Newton of Tyler, Tex., sister of Mrs. A. Witherspoon, is here for a visit. She arrived this morning.

Powell Bros., editors and proprietors of the Hale Center Live Wire, were here Sunday and until Monday. They came by private auto, Messrs. Park and Nesbitt being with them. These young men are real live wires for Hale county and the South Plains. They were pleased with Hereford and were enthusiastic over the big wells, as Hale Center is also located in the shallow water belt and they expect to see their section grow more rapidly under the magic of the water.

I'll meet you at the Corner Drug Store. 38tf

WHEAT WANTED

Recently the writer met with The Oklahoma Grain Dealers Association at Oklahoma City, and The Texas Grain Dealers Association at Fort Worth where we met personally a great number of milless and grain dealers; are in direct touch with them and have a splendid mailing list. They are all clamoring for Panhandle wheat, which has no equal, and will pay a fancy price for it, and I'll pay you a fancy price. Come to Hereford.
