

THE SCHOOLS OF HEREFORD ARE CROWDED

TOO MANY IN CLASSES SAYS STATE INSPECTOR ROGERS

WORK ENDORSED

Fertsch to be Back Soon; Thanksgiving Programs At Both Schools

With the closing of the school month on Friday of this week, one third of the current year's work has been completed. That this is true not only as regards the time elapsed, but of the actual work of all departments of the school, is shown in the reports of principals and teachers submitted to the board today.

One of the most important facts revealed in these reports is the largely increased attendance at both central and high school. New enrollments are being made each week. The high school has enrolled 9 new pupils during the past three weeks, three being enrolled during the week just closing. While the school management, the board and patrons generally, appreciate this popular endorsement of Hereford schools, the "fly in the ointment" is the fact that the present enrollment—now about 50 greater in the high school than at any time last year—taxes the capacity of the study hall and class rooms and renders effective teaching difficult. The high school teachers, however, co-operating with Supt. Fertsch and High School Principal Miss Griffith, have the situation well in hand.

One of the largest classes is Freshman algebra, which numbers 95 pupils. Miss Griffith is handling this class and securing excellent results by dividing it into two sections which recite at different periods. The English classes are also large, as is one of the history classes.

The board feels that the teachers are making the best of the conditions and that the work will not be seriously handicapped. However, the visit to the schools on Friday of last week, of School Inspector Rogers of the State department at Austin, emphasizes another view of existing conditions, which, in the opinion of Supt. Fertsch, is vital.

While commending the general working of the school, Mr. Rogers deplored the necessity for the extremely large classes that must be taught by one teacher, during one period, but pointed out that a division of the classes, making it necessary for any teacher to teach a greater number of hours, violates the regulations for affiliated schools, actual teaching being limited to six hours daily. Compliance with this requirement says Mr. Fertsch, is next to impossible with the present teaching force.

At both central and high school, Wednesday, Thanksgiving was observed with appropriate programs. Members of the school board were invited to meet with the central school in its general program and a number of them responded.

The usual Thanksgiving holiday was given Thursday, but school remained in session Friday.

Supt. Fertsch is now so far recovered from his accident that he expects to be back in school within the next week.

FORMER BRAND MAN VISITED HEREFORD ON LAST SUNDAY

Mr. and Mrs. W. T. Stanberry motored over from Amarillo Sunday accompanying Mr. Stanberry's mother, Mrs. L. A. Stanberry, of Midlothian, Texas, who is spending the week in Hereford, the guest of the families of her two brothers, H. H. and D. W. Hawkins. Mr. Stanberry was foreman on The Brand several years ago.

CONDITION OF REV. NANCE REMAINS MUCH THE SAME

The condition of Rev. T. G. Nance is not materially different from what it was last week. He is perhaps a little weaker, but is thought to be holding his own fairly well.

SCOUTMASTER CALLS MEETING ON FRIDAY

Rev. J. R. Sharp, Scoutmaster, announces a meeting of the Boy Scouts, at the court house on Friday evening. Scouts are asked to report promptly at 6:30.

Edgar Betts Buys A Stock of Drugs At Littlefield, Tex.

By the terms of a business transaction closed Monday of this week, W. E. Betts becomes the owner of the Ralph Barnett stock of drugs at Littlefield, Texas.

Mr. Betts is a first-class druggist, having been a member of the Hereford drug firm of Betts and Clark until within the past year, when he sold his interest to Mr. Clark. He is, as yet, undecided as to whether he will operate the store himself or not, but will go down the first of the month to work during the holiday season and may decide to move there permanently.

RESERVED TICKETS NOW ON SALE FOR SEAGLE CONCERT

Final arrangements for the Oscar Seagle concert at the Presbyterian Church on Dec. 2nd, have been completed.

Tickets are now on sale and the eagerness with which they are being purchased points to a capacity house. It now seems less a question of whether or not the tickets will all be sold than whether all who wish to attend can be accommodated.

All seats are reserved on the regular \$2.00 tickets and ticket holders are asked to present their tickets at the sales room of the Ford Garage where their reservations will be checked. The board will open at 8 a. m. Friday and remain open until all seats are taken.

The program will begin at 7:30 and it is hoped that everyone can be present at that time so there may be as few interruptions as possible. Doors will be open at 6:45.

MORGAN HAS BEEN GIVEN A PARDON BY GOV. HOBBY

It has recently been learned that Morgan, the Castro Co. man convicted of arson in 1916, has been pardoned and is now living with relatives at Sunset, Texas.

Morgan's sentence was eight years penal servitude, but through the influence of friends of the family, Governor Hobby granted the pardon after nearly half the sentence had been served.

Morgan, it will be remembered, was first supposed to have been burned in the house, and the charred remains, now known to have belonged to the body of a sheep, instead of a man, were interred with full Masonic honors. Insurance detectives brought the facts to light and Morgan was soon located and convicted.

ERNEST WOODBURN ILL IN AMARILLO

Mrs. W. E. Betts left Tuesday afternoon for Amarillo, in response to a message stating that her brother, Ernest Woodburn, was suffering from an attack of pneumonia, one lung being slightly involved.

His physician advised against removal to a sanitarium, and Mrs. Betts will remain to care for him.

HEREFORDITES HOME FROM VISIT TO ROYAL STOCK SHOW

Mr. and Mrs. W. E. Dameron returned Wednesday morning from Kansas City, where they have been in attendance at the Royal.

Mr. and Mrs. Ray Barber, who also spent the week in Kansas City, went to Emporia for a week's visit before returning home.

MARK WEEMS SURFERS OPERATION AT CITY HOSPITAL

Mark Weems, son of J. H. Weems, underwent an operation for appendicitis at the city sanitarium on Friday.

His condition this morning is reported very serious, with slight hope of his recovery.

THOU CROWNEST THE YEAR WITH THY GOODNESS

Praise waiteth for Thee, O God, in Zion: And unto Thee shall the vow be performed. O Thou that hearest prayer, Unto Thee shall all flesh come. Iniquities prevail against me: As for our transgressions, Thou shalt purge them away.

Blessed is the man whom Thou chooseth, and causet to approach unto Thee, That he may dwell in Thy courts: We shall be satisfied with the goodness of Thy house,

The holy place of Thy temple. By terrible things Thou wilt answer us in righteousness, O God of our salvation: Thou that art the confidence of all the ends of the earth,

And of them that are afar off upon the sea: Which by His strength setteth fast the mountains; Being girded about with might: Which stilleth the roaring of the seas, the roaring of their waves,

And the tumult of the peoples. They also that dwell in the uttermost parts are afraid at Thy tokens: Thou makest the outgoings of the morning and evening to rejoice.

Thou visitest the earth, and waterest it; Thou greatly enrichest it; The river of God is full of water: Thou providest them corn, when Thou hast so prepared the earth.

Thou waterest her furrows abundantly; Thou settlest the ridges thereof; Thou makest it soft with showers; Thou blessest the springing thereof.

Thou-crownest the year with Thy goodness; And Thy paths drop fatness. They drop upon the pastures of the wilderness: And the hills are girded with joy.

The pastures are clothed with flocks; The valleys also are covered over with corn; They shout for joy, they also sing.

Local People Sell Pure Bred Cattle in Royal Hereford Sale

Hereford breeders who had stock entered in the big auction sale of Hereford cattle at the Royal livestock show in Kansas City last week, express themselves as being well pleased with the prices received for the cattle sold and for the general showing made by the local entries.

The herds of Jones & Dameron, Ray Barber, and J. H. Bowers were represented with the following sales: Jones & Dameron, Beau Captain, \$1650.

Jones & Dameron, Bright Duchess 74th, \$850. Jones & Dameron, Grisette 3rd, \$350. Ray Barber, New Paladin, \$600. Ray Barber, Royal Randolph, \$350. J. H. Bowers, Cow, \$375.

Mr. Bowers also sold at private sale a yearling bull at \$500.

3rd REHEARSAL OF CHRISTMAS MUSIC ON NEXT SUNDAY

Miss Swisher announces a third rehearsal of the Christmas cantata at the Christian Church on next Sunday afternoon at 2:45. She again urges a full attendance and promptness in order that the practice may begin on time.

The Christmas musical is the one event in which the choirs of all the churches join in a big union service and Miss Swisher feels that it should and can be made a great service. To that end she asks every member to meet promptly at 2:45 Sunday afternoon.

JOHNSONS VISITING IN NEW MEXICO

Mr. and Mrs. Edgar Johnson and son, Edgar, Junior, went to Amarillo, Tuesday, to spend the remainder of the week. They will attend the shriner's meeting and attendant festivities and on Thanksgiving day will be entertained at a family dinner given at the home of Mrs. Anna Johnson. The family of C. L. Sullivan, all well known here, will also be of the party.

Mr. and Mrs. Johnson will go to Endee, New Mexico, for a few days' visit before returning home.

D. M. Davis Dies Monday Morning At Sanitarium

D. M. Davis, proprietor of the Central Hotel, died at the city sanitarium on Monday of this week, following an operation for appendicitis.

Mr. Davis had but recently moved to Hereford, having come here from Bovina, where for years he was engaged in the hotel business. He purchased and assumed control of the Central Hotel in October, and was becoming recognized as an excellent hotel man and first class citizen in every respect. He was known to be seriously ill for only a few days before his death, the operation taking place on Friday.

Impressive funeral services were conducted on Wednesday at the Christian Church by the pastor, Rev. J. M. Asbell, appropriate music being furnished by the church choir. The brief sermon, from the text "Seek Him that turneth the shadows of death into the morning," was a beautiful lesson in faith and trust in the Omnipotent. A touching feature of the service was the filing in, in a body, of the senior class of the high school, and the young women's class of the Christian Sunday School, of both of which, Miss Beulah Davis, a daughter of the deceased, is a member. The classes occupied seats just behind the immediate relatives. Flowers, exquisitely beautiful, covered the casket and surrounded the bier.

A number of out-of-town relatives attended the funeral. Among them were: G. D. Davis, of Lubbock, a brother of the deceased; J. D. Carr, of Hamlin, Texas, and Will Carr, of San Angelo, father and brother of Mrs. Davis; Mr. and Mrs. Judd, of Bovina and Mr. and Mrs. J. H. Russell, of Amarillo, Mrs. Judd being a sister and Mrs. Russell, an aunt of Mr. Davis; Mr. and Mrs. H. N. Ritchey, Mr. and Mrs. J. H. Stagner, Mrs. D. P. Abbott, Mrs. F. W. Jersig, Misses Gertrude Lambert, Irene Kindenburg, Nannie Mary Ezell, Helen Green, Messrs. Ray Bullock and Bill Clements, all of Bovina, and J. M. Judd, of Amarillo.

pall bearers were: T. O. Cuning, B. Y. Dicklason, C. F. Hastings, J. H. Stagner, J. L. Richardson, all of Bovina, and B. F. Hodges, of Hereford.

GEORGE BARBER HURT IN SANTA FE TRAIN WRECK

In the Santa Fe wreck near Attica, Kansas, on Wednesday of last week, George Barber, of this city, suffered a severe injury, which, while not considered serious, is extremely painful and will keep him under the care of a physician for some time.

When the car in which Mr. Barber was riding was derailed, he was thrown over one seat and under another, sustaining a number of ugly lacerations on his face, which partially paralyzed the facial muscles, his back, also, being injured.

Although advised to be taken to the hospital at Wellington, Mr. Barber came directly home and is being treated by local physicians. He is resting comfortably at this time.

O. G. Hill was also a passenger on the wrecked train, but escaped without injury.

CHRISTMAS SEAL SALE SUPPLIES AT POTTS OFFICE

The Christmas Seal Sale is now thoroughly organized and active work will be begun on Wednesday of next week.

All supplies needed by the sub-chairmen and rural school teachers will be kept at the general headquarters located in the office of J. Frank Potts. Here, also, the receipts of the sale may be turned in to the chairman.

The town has been districted and workers for each territory assigned. Such marked interest in the movement is being shown that the committee expects the sales to far exceed the quota.

McCLURE GOES TO TUCUMCARI, N. M. TO SPEND THE WINTER

T. T. McClure, who has been with the realty firm of Byrd, Mikel and Hill for the past several months, left Wednesday for Tucumcari, N. Mex., near which place he has land holdings which he will look after in person. He expects to remain most of the winter.

Mr. Hill will have active charge of the office here.

UNION SERVICES AT BAPTIST CHURCH ON THANKSGIVING

Union Thanksgiving services were held at the Baptist Church on Thursday, Rev. M. M. Beavers, pastor of the Methodist Church delivering the sermon.

Music for the occasion was furnished by a choir made up of the choirs of the various churches.

ANNUAL RED CROSS DRIVE IS NOW ON

PEACE TIME PROGRAM MUST BE KEPT UP SAYS CHAIRMAN

ENDS SATURDAY

Opportunity Will be Given For All to Subscribe Girls Will Assist

The fourth annual Red Cross drive is on in Deaf Smith County this week and will continue over Saturday, instead of closing on Thursday. This was decided upon by the local chapter, after a reconsideration of its original plan to meet the county's quota with funds already on hand and to make no special effort for subscriptions.

At first thought, the former plan seemed advisable in view of anticipated business depression and the stringency of money matters, but after much deliberation, Chairman Asbell announces that, while the entire territory will not be covered closely as in former drives, everyone who wishes to do so will be given an opportunity to answer the 4th roll call of the Red Cross, this week.

Much local advertising has been done during the past week. Window posters have been placed throughout the business section and literature distributed; but the climax of effort will be reached on Saturday when a number of young women will actively solicit subscriptions in the down-town district.

Chairman Asbell points out that Deaf Smith County has a reputation for always going over the top, to maintain; that she oversubscribed every drive during the war and through her Home Service department has been active since the war; that a public health nurse was employed last year and that Mrs. Donald, now at the head of the department of nursing and Home Hygiene, is in correspondence with headquarters relative to securing a nurse for this year.

All of these activities, he feels, must be kept up, regardless of conditions as the county can afford to take no backward step. Many local citizens have given their assurance that they are not only willing, but anxious to help in the great constructive peace time program of the Red Cross and, believing that this feeling is unanimous throughout the county, the drive has been announced.

On account of its not having been advertised earlier, the time has been extended to Saturday, in order to give those from the rural districts equal opportunity with those in town.

Chapter officers are confident that the quota will be easily reached. They furnish the following excellent reasons for getting on the drive:

Three hundred thousand children and 20,000 mothers die in the United States of causes which are entirely preventable each year, statistics compiled by the American Red Cross show. In addition to these deaths are many more that could be prevented, including 200,000 each year from tuberculosis alone.

It is to alleviate this condition and eventually to make it a thing of the past that the Red Cross will devote most of its energy henceforth; for the health work of the peace-time program of the organization, is its predominant feature.

Public health nurses of the Red Cross will teach mothers proper care of their children's health, touching upon various angles ranging from the eradication of any physical ailments the children may have to their proper nutrition and environment.

When the mothers themselves need the care of a trained nurse, the public health nurses will supply this need themselves or will see to it that the mother has a competent nurse.

Health knowledge will be imparted generally to the Red Cross nurses and workers throughout the United States and it is hoped that through this dissemination of information which heretofore has not been accessible to all of the people, that their health will have become more efficiently protected and that conditions which now exist, will have become impossible.

MRS. BARNETT WILL SPEND THE WINTER IN CALIFORNIA

Mrs. Ralph Barnett and children, who left two weeks ago for California to spend the winter, are now located in a cottage they have leased at El Malena, a suburb of Orange, about seven miles from Los Angeles.

Mr. Barnett expects to join them there later, for at least a part of the winter.

THE AMERICAN RED CROSS IN PEACE TIME

Teaching First Aid

Every person mentally and physically able to do so should take the American Red Cross instruction in First Aid Treatment. It's a life-saver and a pain-saver on the farm, in the factory, on the street, at the office, in the home, wherever accidents may occur. Here's a young wife who ineptly wielded a can-opener and received an ugly gash across her wrist from the jagged can lid. Mother was there, however, with the First Aid kit and Red Cross instruction, and probably prevented a case of blood poison by giving prompt and proper treatment before the doctor arrived.

HOLLANDERS OF OLD TIMES

Colchis, Caucasian Tribe, Free People Because They Had Always Command of the Sea.

The inhabitants of Colchis, set in the valleys of the inaccessible Caucasus to the northward of the Asiatic plains, were the Hollanders of ancient times. They were a free and barbarous people, but were invited to the cultivation of commerce by the vicinity of two seas which were formerly joined towards the north, and attained by means of it to a great degree of opulence which made them celebrated. Their territory of small extent lay on the eastern shore of the Euxine sea. The greater portion of it was marshy, and the atmosphere humid; they had frequent and heavy rains, a great number of channels intersected their plains, on the banks of which the dwellings of the people were placed, raised for the most part upon stakes. The natives of the country were corpulent and somewhat above the middle stature, and their language was hard of utterance and ungraceful. Their chief river, the Phasis, like the Rhine, lost itself in interminable sands.

Northern Scythia, including the region above Sarmatia and the forests of Germany as far as the frozen sea, was a wilderness through which many pastoral and hunting nations incessantly roamed.—Detroit Free Press.

LIVED MANY CENTURIES AGO

Skeleton of Giant Wombat, Recently Found in Tasmania, Believed to Be 20,000 Years Old.

A complete skeleton recently discovered in the Mowbray marsh, on the far outskirts of the wild marshy regions of Northwest Tasmania confirms the existence 20,000 or 30,000 years ago of a giant wombat (one of the pouched animals peculiar to the Antipodes). The discovery was made by Mr. Lovett, a farmer, who was digging a drain into the swamp.

The skeleton lay buried in six feet of decayed vegetable matter resting on sand that was once the bed of a lake. Mr. Scott of the Launceston museum, examined and excavated the skeleton and expressed the opinion that the animal had lived perhaps more than 20,000 years ago, says the London Daily Mail. It is the only specimen yet discovered. In life the animal would be bigger than a mule, with our elephantine legs and a head very such like a bulldog. Experts believe it to be a smaller species of a gigantic marsupial, approaching in size the Irontosaurus (which weighed 80 to 90 tons). It has long, bearlike tusks, and probably lived on herbs and was slow of movement.

The present-day wombat is a burrowing animal from two to three feet long, with a short, thick body, short legs and very little tail.

Public Benefactor Dead. Adam Duncan, fellow of the Royal Horticultural Society, who has just died in England at the age of 80, is held to have been largely responsible for the introduction of the tomato as an edible fruit. The tomato had long been grown for decorative purposes, and Mr. Duncan, by means of hybridization, evolved it from its crinkled, warty state to the smooth-skinned state.

RECITAL

Monday evening, November 29, 1920, at 7 O'clock in the High School Auditorium, the Music Pupils of Miss Bonnie Chamness Will Be Heard in Recital

PROGRAM

"Carry me Back to Old Virginia"		
Mary McDonald	Maude Dalton	Beulah Davis
Maurine Hughes	Eunice Gilbreath	Virginia Laird
Cecil Gilliland	Lucille Gilbreath	Eloise Pitman
Mozelle Hill	Dorothy Barber	Wilma Crawley
Elberta Reed	Jewell Porter	Norine Powell
Margaret Gilliland	Mrs. Homer Wilkinson	Inez Clark
Polka Mazurka	Frances Guinn	Behr
Narcissus	Mozelle Hill	Nevin
Minuet a l'Antique	Maurine Hughes	Paderewski
I'm Wearing Awa'	Mrs. Homer Wilkinson	Forte
A Little Bit of Honey		Bond

Iris	Jewell Porter	Pfefferkorn
Novellette	Eunice Gilbreath	Schumann
La Danya (Miss Chamness)	Accompanist, Eloise Pitman	Chadwick

NO ADMISSION CHARGED—NO COLLECTION

COMPANY PAYS EMPLOYEES 16 PERCENT ON SAVINGS

Worker Apply for \$5,200,000 Ford Investment Certificates

The Board of Directors of the Ford Motor Company, Detroit, recently announced that the first semi-annual payment on Ford Investment Certificates would be eight percent—three percent guaranteed interest plus a five percent bonus. This is at the rate of sixteen percent a year.

In conjunction with the Ford Investment Plan, the Ford Motor Company pays employees a yearly cash bonus which is based on the number of years they have been with the Company and the amount of wages they receive. This bonus may be applied toward the purchase of Investment Certificates which are issued in \$100, \$500 and \$1,000 denominations. Certificates also may be purchased on the partial payment plan. They may be cashed for full value plus interest at any time, although the Company withholds the

right to require thirty days' notice in writing of an employee's intent to demand payment.

The Ford Investment Plan provides an incentive for employees to save their money, and besides it offers them an opportunity to share more largely in the profits of the Company. That the plan is a success is indicated by the fact that approximately thirty percent of all Ford employees are certificate holders; and that to date applications to the amount of \$5,200,000 have been received. Between fifteen and twenty thousand dollars a day is being deposited by Ford workers toward certificates.

One interesting feature of the certificates is: "In case of the death of an employe holding a Certificate, it becomes payable, together with accrued return, to his personal representative; at the discretion of the Board of Directors, however, the Certificate may be permitted to stand and to continue to draw returns for the benefit of the deceased employe's dependents."

Your child may be the next victim of the great white plague.

SUNDAY HALF A CENTURY AGO

Spirit and Letter of Commandment Both Thoroughly Observed in Western New York.

My mother was born and reared in a little country village in western New York. On the farm where my grandmother lived it was the custom to begin Sunday on Saturday night at sundown. The "hired man" came in from the chores, grandmother put away all her work in the kitchen, and then the entire family gathered in the "best room" and studied the Sunday-school lesson, or had a reading from the Bible, led by grandfather, and all the family retired not later than 8 o'clock.

In the morning, after doing none but the absolutely necessary chores on the farm, the team that had not been used the day before was hitched up to the big four-seated wagon and the entire family including the "hired" help, went to church. There was preaching service in the forenoon, and then we adjourned to a lunch for ourselves and the team. Then we went in to a Sunday-school service, and after an interval there was another preaching service, after which we hitched up and drove slowly back to the farm.

That was the way Sunday was kept in western New York a little more than 50 years ago. I can remember hearing my mother say that when she was a girl in this same New York state village, she was not allowed to walk except to the cemetery and back, on Sunday, and was not allowed to read any books except the Bible and "Fox's Book of Martyrs."—Christian Herald.

Rich Silverware—The Gift of Distinction

Silverware purchased at this store carries with it a double assurance of quality—that of the maker and that of this store, which has always maintained the highest standards.

We can show you the work of the world's best makers—pieces of rare design, of unquestioned quality. If you are among those who find pleasure in beautiful things, you will enjoy inspecting our large and varied stock—and you will be heartily welcome.

W-W-W Rings

And when you desire to select a ring for some intimate friend or for yourself, you will find this same high standard of quality reflected in our assortment. The W-W-W Rings, of solid gold, set with gems, are known not only for the flawless purity of the stones, but also for the rare beauty of the design. Come in and let us show you.

APPLES

We have a car of good winter apples

Now on Track in Hereford

Bring sacks to get them.

These apples are grown in Northern New Mexico and are much superior to the eastern apple in flavor and keeping qualities. We have good cooking apples and good eating apples. We give rounded measure in bushel apple baskets. No wormy apples, no specks or bad cores. In order to make quick sales and small profits, we make you the following prices: \$1.90 per bu. in less than 5-bu. lots; \$1.80 per bu. in 5 bu. lots, and \$1.70 in ten bu. lots.

Consider the price of canned fruit, dried fruit, or any other kind of fruit, then come and take advantage of this offer and cut down the H. G. of L.

Remember, this is your last chance of this kind this year.

He Finds the Town and the Country Interdependent and Prosperity Coincident.

(Copyright, 1919, by H. C. Tuttle.)

PARMER COUNTY

BOVINA

There has been excellent weather for crops, and farmers are taking advantage of it.

The citizens of Bovina were pained to learn of the death of our former townsman, M. D. Davis, at Hereford, Monday of this week. Several from here attended the funeral.

The writer accepted an invitation from Norman Wilson to ride out to the new settlement, 8 miles east from here. Already there are six houses erected, or in process of erection. Over a hundred acres of sod wheat is up already.

On account of Thanksgiving, there will be no school in Bovina Thursday, and Friday also will be taken as a holiday, on account of not being able to take Armistice Day.

Rev. B. Y. Dickinson will preach next Sunday afternoon at Schlenker school house. This is a new appointment just taken on this year.

B. P. Abbott has returned from a business visit to Kansas City.

NO SPORT IN HUNTING SEAL

Gathering in of the Helpless Creatures Simply Evolves Itself Into a Merciless Slaughter.

Hunting the seal from the icy, storm-swept coast of Newfoundland is not sport; it is toil, whereby in part the Newfoundlander wins his scanty measure of bread, says Spare Moments. The hunt is a dull and hideous slaughter, scurrying pack and the swinging and thrust of an iron-shod gaff, a merciless raining of blows, with a silent waste of ice all splashed with red at the end of it. There is no sport in this, nor is there any fear of hurt, for the seal pleads and whines like a child, even while the gaff is falling; but the chase is beset with multitudinous and unfore-shadowed perils. The wind gathers the ice into foes and jams it up against the coast, an immeasurable, jagged expanse of it interspersed with plains; then the Newfoundlander makes his food and his goggles, and sets out from his little harbor, starting at midnight that he may come up with the pack at dawn. But the wind which sweeps the ice in inevitably sweeps it out again without warning in an hour, or a day or a week; nor does it pause to consider the situation of the men who are 20 miles off shore. It veers and freshens and drives the whole mass, grinding and heaving, far out to sea, where it disperses it into its separate fragments.

The lives of the hunters depend upon the watchfulness of the attenuated line of lookouts, from the women on the headland to the first sentinel within signaling distance.

PROBABLE ORIGIN OF WAGONS

Wankind Slow to Recognize the Possibility of Quicker Movement by Means of Wheeled Vehicles.

Wagons probably originated from sleds, which were dragged on cylindrical rollers, which must soon have suggested the idea of the axle and the solid wheel, even now used in remote districts of Portugal. According to Moses, Egypt was the country where wagons were first used. The Chinese called the inventor Hsueh-Yuene. The book attributed the invention to Michonius, the fourth king of Athens. Wagons with two wheels may have been the first constructed, but later mentions four-wheeled wagons, the invention of which was ascribed the Phrygians. Much time elapsed before wagons were used for pleasureriages. Moses mentions the war chariots of Pharaoh. Theseus is said to have introduced chariots among the Greeks. The Greeks also used two-wheeled chariots, each containing two men, one of whom drove while the other threw spears. The chariots were open behind and had low wheels. The Romans used wagons and gave different names to them according to the purpose to which they were applied, as currum, a two-wheeled vehicle used by the Roman legions.

The American Red Cross

CASTRO COUNTY

DIMMITT

Miss Myrtle Knox left early Monday morning for Eldorado, Oklahoma, to visit friends and relatives. She will return soon after Thanksgiving.

Miss Dottie McIntire, of Hereford, spent the week with Mrs. Cleve Tate.

Little Sallie Moline Brashears is confined to her bed with chickenpox this week.

Mr. and Mrs. George Webb, of near Cleo Schoolhouse, were visiting in Dimmitt Saturday.

Mrs. Dolly Hendrix and Grandmother Hightower spent the week with Dr. and Mrs. Miller. Grandmother Hightower has been real sick this week, but is able to be up again.

The Ladies' Aid met with Mrs. John Duree this week.

Mrs. W. P. Boyed is very low, at the home of her son in Talban, New Mexico.

Miss Gettie Lovelace, who teaches near Tulla, came home to spend Saturday and Sunday with her mother.

Mrs. Mayes Miller entertained the young people with a dance Wednesday night. Those present were Myrtle Knox, Dora Bell, Dottie McIntire, Ros-

ella Bell, Cid Sheffey, Mutt Cone, Art Patton, Doyle Hicks, Morris Kemble, Bob Cox, Jake Acker, Pie Montgomery, Mr. and Mrs. Bruce McLean, and Mr. and Mrs. Cleve Tate.

Big-Boned Poland China Hogs

I have always something to sell, in either aged or young stock.

There's nothing better than the hogs I raise.

Ludwig Irlbeck
Happy, Texas.

Josh Billings' Philosophy.

Dispatch is the gift of art or doing a thing right quick. To do a thing right and to do it quick is an attribute of genius.

Hurry is often mistaken for dispatch; but there is just as much difference as there is between a hornet and a aunt when they are both on their duty. A hornet never takes any steps backwards, but a aunt always travels just as tho he had forgot something.

Dispatch never undertakes a job without first marking out the course to take, and then follows it, right or wrong, while hurry travels like a blind hoss, stepping hi and often, and spends most of her time in running into things, and the balance backing out again.

Dispatch has dun all the grate things that hav been did in this world, while hurry has been at work at the small ones, and haint got thru yet.—Josh Billings.

TEXAS HOLDS TURKEY PAGEANT

Fifteen Thousand Fowls March in Great Parade

Texas does everything on a grand scale. It does turkeys that way. Constantinople may be the capital of Turkey in Europe, but Cuero is the capital of turkey in Texas. Years ago it was discovered that the "national bird of America"—one of them—was as natural to Southwest Texas as tobacco is to Virginia.

Every autumn, two or three weeks before Thanksgiving Cuero celebrates the great industry of her section with a

parade of fifteen thousand turkeys. On one of the turkeys, there is a foot—this year to take great notice—and once if one may judge the demeanor of the gobbler, own way, they declare, "W about to die, salute you." have often asserted that Ameri so few quaint sights worth travel see. Here is one.—F. H. Collier in St. Louis Globe Democrat.

Guests

D. F. Ashbrook had as dinner guests, Rev. M. and family.

Parent-Teacher Club

Mrs. J. H. Pitman, president of the Parent-Teacher Club, announces the club's next meeting on Friday, Dec. 3rd.

Business of special importance is to come before the meeting and a full attendance is desired.

Has House-guest

Mrs. Arch Collins has as her house-guest this week, Miss Mary Tom Odell, of Fort Worth.

Miss Odell was formerly of Cleburne, the home of Mrs. Collins prior to her marriage.

Entertains at Dinner

Mrs. Chas. Donald entertained the following guests at dinner Sunday: Misses Millicent Griffith, Lucille Brand, Velma Read, Ethel Williamson, Alpha Kemp, Laura Ellen James, all teachers in the high school, Supt. and Mrs. L. M. Fertsch and Rev. J. R. Sharp.

Bay View Club

The Bay View Club enjoyed a pleasant afternoon and an instructive study of "The Moor of Venice" on Thursday.

The text of Act II furnished the basis of the question analysis which brought out much of interest and helpfulness. "Iago" was the subject of one of the best papers of the year, read by Mrs. D. C. Laird.

Mrs. Arch Collins had charge of the lesson study.

Mrs. Skelton Entertains

A charming social courtesy was extended by Mrs. C. A. Skelton on Friday afternoon when she entertained with an afternoon of bridge.

Cut flowers used in decoration added their note of welcome and made very attractive the cheery living room where three tables of players spent a most pleasant afternoon.

A delicious salad course was served to the following guests: Mesdames P. W. Price, W. E. Betts, F. H. Oberthier, Mabel Gass, Clara Dunlap, Grace Smith and Douglas Wilson.

Birthday Dinner

Mrs. Susan Burns, familiarly known as "Grandma" Burns, was given a delightful day on Friday, when her daughter, Mrs. A. D. Godwin, entertained a family party at dinner in celebration of her 73rd birthday.

The guests were invited for twelve o'clock, at which time a beautifully appointed dinner was served. The table and dining room were made most attractive, late autumn garden flowers being effectively used.

Cover were laid for Mrs. Hopper, Geo. E. Burns, Mr. and Mrs. Godwin, Rev. J. R. Sharp, and the honor guest.

Dinner Party

Mr. and Mrs. Homer Wilkinson and Mr. and Mrs. Geo. Garrison were among the visiting shriners in Amarillo this week.

Together with Mr. and Mrs. W. O'Brien, of Amarillo, they formed a dinner party at the Harvey House Wednesday evening.

Music Study Club

Mesdames D. F. Ashbrook and J. E. Crouch were hostesses to the Music Study Club on Monday afternoon at the home of Mrs. Ashbrook, with Mrs. Stanford conducting the lesson on the subject, "Fugue and Canon, Antiphony, Hymn, etc." Following the roll-call, whose responses were, "A favorite hymn and some fact concerning it," the question analysis from the text was studied.

An interesting "Life of Bach" was given in an excellent paper by Mrs. Henry Wilkinson. Mrs. G. A. F. Parker discussed the fugue, illustrating with a piano number using Bach's "Prelude and Fugue."

Illustrating the hymn, two quartettes were sung. One, Rubinstein-Warhurst's arrangement of "Just as I Am," by Mesdames Barber, Fox, Broadwell and Ashbrook; the other, "One Sweetly Solemn Thought," by Ambrose-Angerson, sung by Mesdames Guthrie, Stöcking, Hawkins, and Parker.

Miss Swisher and Miss Williamson each gave an original number in illustration of the hymn, both numbers being very pleasing.

Owing to the absence of some who were on the program two numbers were omitted and will be given later.

Thanksgiving Reception

Truly enjoyable and charming in every detail was the brilliant reception given on Tuesday afternoon by Mesdames Arch D. Collins, P. W. Price and J. Frank Potts.

The home of Mrs. Collins was chosen for the occasion, its spacious rooms with their convenient and attractive arrangement being ideal for entertaining.

Bright-hued autumn leaves furnished the decorative motif, their brilliant coloring gleaming from vines gracefully twined over arches and columns in a most effective arrangement. Pompon chrysanthemums in lavender completed an exquisite harmony of decoration.

Welcoming the guests at the door were Mesdames C. C. Ferguson and Chas. Donald, while Mrs. F. T. Rolosen presented each to the receiving line, which included the following ladies: Mesdames Collins, Potts, P. W. Price, Beavers, Miss Odell, of Fort Worth, and Mesdames Arnold, Goch, Radford, Newbold, Neely and Miss Kuykendall, all of Amarillo.

From the reception hall, the guests were ushered to the dining room by Mesdames Pitman and Hawkins. Here, Mrs. Carl Cockrell poured, while Mesdame J. B. Elliston, George Garrison, John Brownlee, Ezra Norton, and Misses Mattie Woodburn and Lura Gregg assisted in serving.

An especially pleasing program, included readings by Misses Edith Rayzor and Grace Smith, with victrola and piano-player numbers, both instruments being in charge of Miss Elizabeth Oberthier.

Refreshments consisted of turkey salad and dainty individual mince and pumpkin pies, with black coffee.

In the music room miniature hand-painted favors, showing the typical Thanksgiving turkey in almost lifelike naturalness, were distributed by Mesdames A. M. Jones, Jim Cardwell, and J. L. Fuqua, and served as dainty souvenirs of a most delightful afternoon which was enjoyed by more than a hundred guests.

A great man, a great singer, a great American. Oscar Seagle, —Dec. 2nd, Presbyterian Church.

LONG DEVOTED TO POTTERY

China Town Has Been the Center of the Industry for Seventeen Hundred Years.

Seventeen hundred years ago the Chinese potters began work in Kingcheng, for the town, now one of the largest towns in the country, dates from the Han dynasty, when, according to the records, porcelain was first made in China, although vessels of earthenware probably were produced some centuries earlier. A large and picturesque town of potters it still is, to judge by Frank B. Lenz's description in Millard's Review, and modernly interesting because its product, hitherto largely confined to China, will no doubt enter more and more into world trade with the present development of international commerce.

They call it a "town" in China because, although some 300,000 people live in it, it has no wall; practically it is a great manufacturing city, where warehouses, shops, furnaces and the homes of the people are all jumbled together, as they have come into being during the centuries, and where, century by century, the great mounds of chipped and defective pottery have grown steadily higher along the banks of the river.

Nowadays there are at least 200 firms engaged in the occupation, 120 pottery kilns, 1,500 art shops, and more than 2,000 form factories; and of the 300,000 inhabitants, about 200,000 live by the manufacture and sale of porcelain and pottery.

New Billie Burke Hit Captivating Billie Burke will be the attraction at the Star theatre on Saturday night, November 27th, in her latest Paramount-Artcraft picture, "THE MISLEADING WIDOW." Miss Burke is supported by James L. Crane and a notable cast.

Owing to the falling prices in food, clothing and other necessities, less than fifty executive workers are now employed by the Department of Justice in investigating charges of profiteering.

NEW PRESBYTERIAN CHURCH READY FOR USE The new Cumberland Presbyterian Church will be ready for occupancy next Sunday, and the Presbyterian

congregation is planning their first service "at home" for several months.

They plan to celebrate the occasion by having as visitors the members of the congregation of the church of Petersburg.

The new church is quite attractive inside and out. It will accommodate close to 600 people when all the rooms of the church are thrown together.—Floydada Hesperian.

Christmas Seal Sale is Endorsed By the President

Austin, Texas.—President Wilson has written to the National Tuberculosis Association expressing his interest in the nation wide fight of that organization and its 1200 local anti-tuberculosis associations in all parts of the United States. He also endorses the Christmas Seal Sale. This is a statement made today by the Texas Public Health Association which will direct the sale of Christmas seals in Texas, December 1 to 11.

The president wrote: "I cannot too often express my profound interest in the work being done to check tuberculosis. My interest in the movement is very great and lasting and I wish for it the most complete success. I hope that the little stamps that you are seeking to sell will find millions of purchasers."

Commander Evangeline Booth of the Salvation Army, has asked that all officers, cadets, and soldiers of the "Army" aid in manning Christmas Seal booths, lend their bands, distribute literature, and help in any way in the anti-tuberculosis campaign. The evening of December 8, and all day December 9, have been set aside by the Commander for special emphasis on the Christmas Seal sale and the tuberculosis work.

Miss Edith Kempthorne, national field secretary of the Campfire Girls has heartily endorsed the suggestion that the Campfire Girls could render a distinct community service by cooperating in the sale of the tuberculosis Christmas Seals. A prize has been offered any Campfire organization selling \$50 worth or more of the little seals, and letters to that effect have been written to the 6,300 Campfire Guardians in the United States.

Get other prices and then come to us and we will make the sale.

CLUB BOYS GO TO ENGLAND

The extension service of the Agricultural and Mechanical College of Texas has scored one of the greatest victories in the agricultural history of the state, remarked T. O. Walton, director of Extension Service, upon reading the telegram from W. B. Cook announcing that the Texas Club Boys Stock Judging Team had been declared the victors in the contest at the Southeastern fair in Atlanta, Ga., the prize being a free trip for the winning team to the Royal Livestock Show in London, England, next June.

The Texas team scored 3,110 points

"Thine Is the Glory"

This painting, which hangs in National Headquarters of the American Red Cross, Washington, depicts the homage of America's fighting men to American womanhood as mobilized for service in the World War by this organization. It is the collaborative scientific and art creation of Major Joseph Gray Kitchell, late of the General Staff, U. S. A. and P. Luis Mora, of the New York School of Art. The face of the central figure is a composite of the features of a thousand Red Cross workers selected for the purpose.

Large Enrollment

Austin, Texas, Nov.—A very encouraging increase in the enrollment of students in the School of Education of the University of Texas is reported. At present there are 547 individual students enrolled, 482 of this number being women. The large enrollment in education courses is taken as indicative of increased interest in teaching as a profession.

In the mechanical engineering shop department there is an increased enrollment of 62 per cent. Shop courses are open only to upperclassmen. A system of cost accounting has been introduced into the shop department, together with a production control board similar to that used in the Ford factory.

Coming! When? Where? Oscar Seagle, Dec. 2nd, Presbyterian Church.

Over 2,000 persons went thru the White House gates three nights after the election and cheered President Wilson. Mr. Wilson was wheeled out in a chair and responded by bowing his head.

The Coming Club Ground of the Panhandle

The well known Sulphur Park Farm, on the Tierra Blanco and Frio creeks four miles from Hereford, is now being sold for a club ground. This will be one of the biggest, most beautiful and attractive club grounds in Texas. The capital stock is divided into 400 shares of the par value of \$250.00 each, making \$100,000.00 which pays for the 1280 acres of land, leaving \$20,000.00 in the treasury for improvements in addition to those already on the farm.

Among the many unique features of this club, it is planned to buy a few buffalo, deer and antelope, and once each year have a wild game feast for the stockholders.

The club will own the land in fee, together with gas and mineral rights, except 1-2 of the 1-8 royalty.

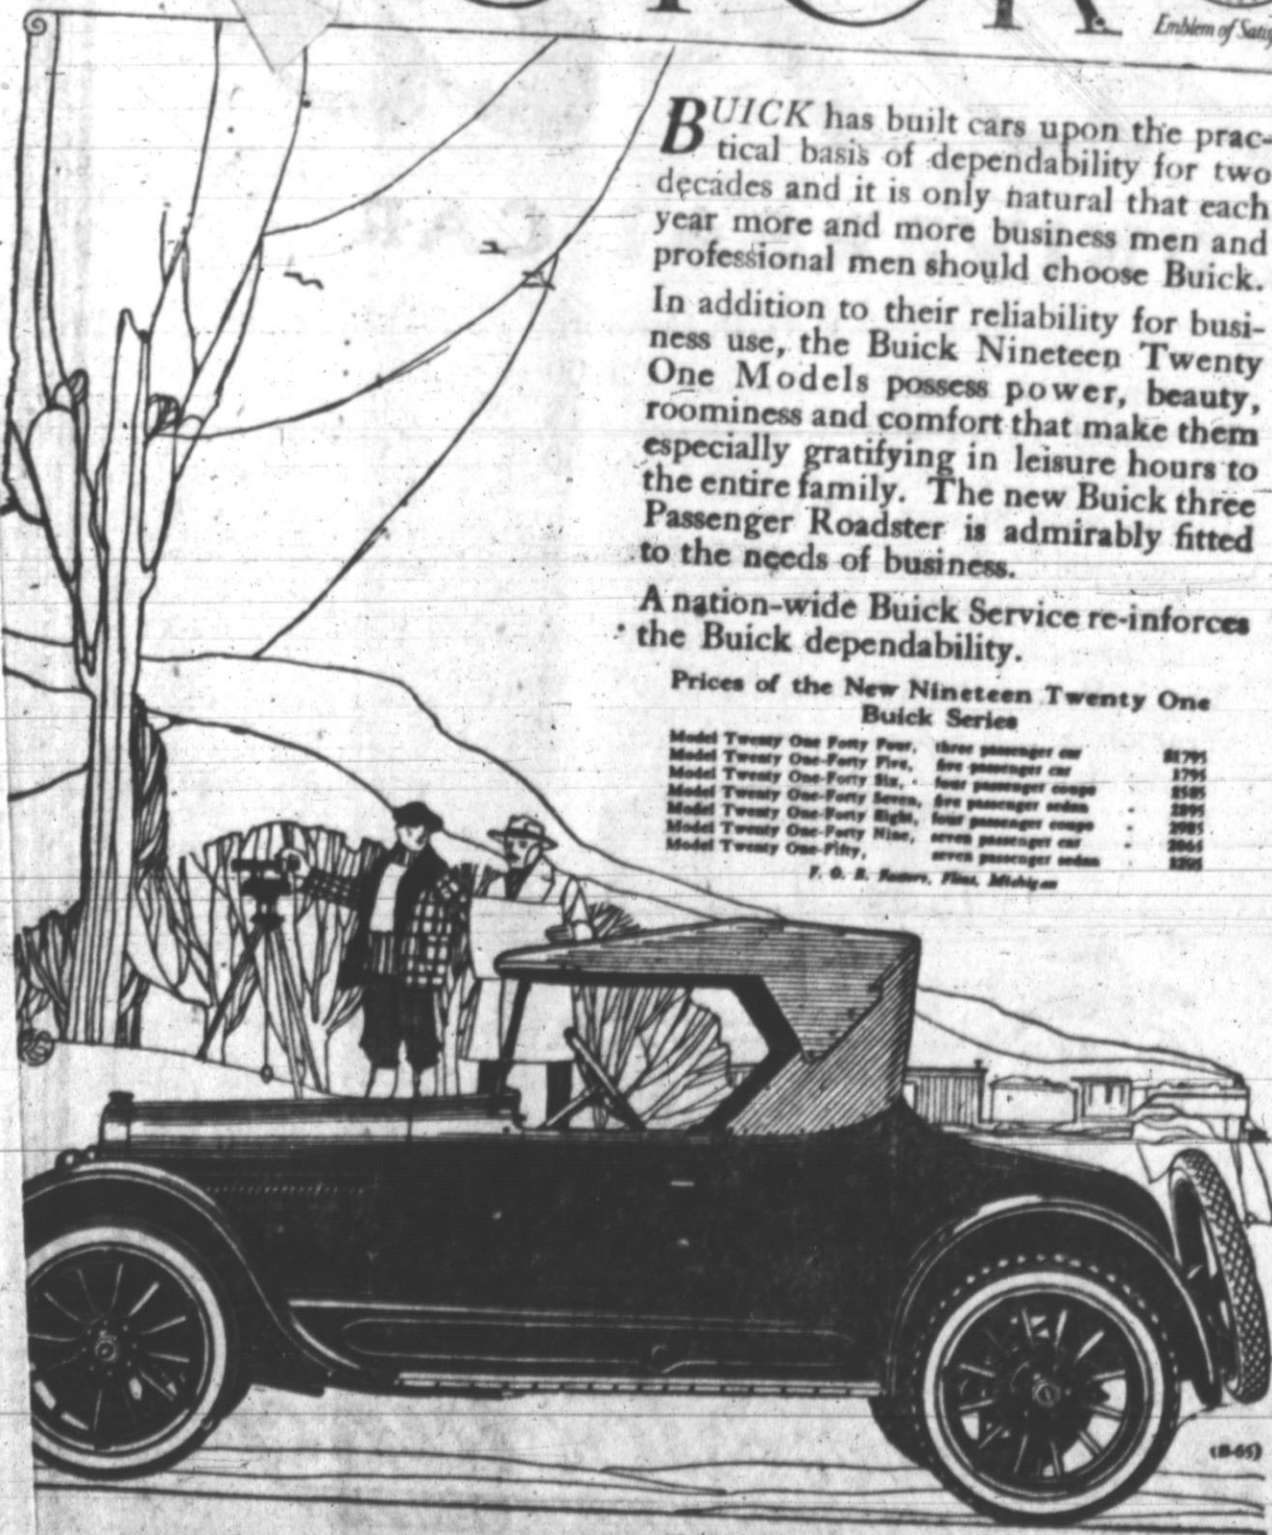

Those who buy stock in this club will not have to be driving up and down the creeks this summer, or any other summer, asking private owners, "Please let me fish?" Instead you will be fishing, boating and bathing under your own vine and shade tree, enjoying life to the fullest extent.

There will be golf links, tennis courts and other amusements to make everyone enjoy a real outing.

Speak for your stock now and arrange for easy payments.

L. GOUGH, Agent

BUICK

BUICK has built cars upon the practical basis of dependability for two decades and it is only natural that each year more and more business men and professional men should choose Buick.

In addition to their reliability for business use, the Buick Nineteen Twenty One Models possess power, beauty, roominess and comfort that make them especially gratifying in leisure hours to the entire family. The new Buick three Passenger Roadster is admirably fitted to the needs of business.

A nation-wide Buick Service re-inforces the Buick dependability.

**THE AMERICAN RED CROSS
IN PEACE TIME
Health Promotion**

Health is at the foundation of human happiness. Through its Rural Service, Public Health Nursing Service and Health Center Service, the American Red Cross aims greatly to strengthen this foundation and to draw more closely than ever the neighborly ties that bind the American people together. Here is shown a Red Cross Public Health nurse attending a young mother with a brand new baby, seeing that both receive scientific care.

**WHY NOT AN
"EATING CLASS"**

Good Health is Established by Forming Proper Food Habits

The mistakes caused by ignorance of food values needed by the growing child have come to light. Our government reports show that fully one-third of the people of our country are suffering from physical disorder directly traced to improper feeding in childhood.

Malnutrition is by no means confined to the children of the poor. The rich suffer as well, sometimes from over-feeding, again from lack of proper selection and variety. Train the child in right feeding and it will soon form the habits that will make for a healthy life.

The importance of the dairy products in the diet of a child cannot be over-emphasized. Each bottle of milk, we are told, contains a health fairy that

will surely lead us to health and youth if we but follow.

Cheese, which is, after all, only one way of preserving milk, represents whole milk in its dietary value. It is a concentrated food and is best served in combination with foods of unlike composition. Cheese and the starchy foods, such as rice and macaroni, make an almost complete meal.

Why not teach our children to "eat" just as they are taught to read or write—so that they may prove an asset to the nation rather than a liability.

Students From Mexico

Austin, Texas, Oct.—Listed in the directory of the University of Texas this year are fourteen students from Mexico. Of these, ten are Mexican citizens and four are Americans living in Mexico.

E. O. Excell, noted singer and hymn writer began his life as a bricklayer, but one day Sam Jones, the evangelist, discovered him singing at his work.

An Officer and a Gentleman.

Having failed twice to pass the mental tests for entrance to the naval academy, a youth who was permitted to take the examination a third time, procured another youth who had already passed, to undergo the examination in June. The substitute was discovered and the appointments of both canceled. The names of the offenders were not made public.

The first candidate failed in both the February and April examinations, and in June persuaded a candidate who had passed in April to take the examination under the former's name before the civil service board in Baltimore. The papers fell into the hands of examiners at the naval academy, who had gone over the papers which the second candidate had submitted for himself. A careful comparison indicated that they had been written by the same person, and both youths confessed.—Annapolis correspondent New York Sun.

Misunderstood.

A New York lawyer whose seal probably outweighed his learning was arguing a case in a local court, which for present purposes need not be identified.

"My contention, your honors," he said in accents that betrayed his race, "iss dat de lower court madt error because de verdict iss against de weight of de evidence."

"We can't hear that," said the court, meaning that it was not a proper assignment of error.

"Vell, now," said the lawyer, who entirely missed the point, "if your honors vill lissen I vill speak a liddle louder."

Old and Young Presidents.

The honor of the presidency came to William Henry Harrison later in life than to any other incumbent of office, Mr. Harrison being sixty-eight years of age when inaugurated in 1841. When Theodore Roosevelt succeeded President McKinley in 1901, he was but forty-two years of age, being younger than any other president of the United States at the time of attaining the office.

A Slow Voyage to the Sea.

A block of wood was cast into the Yellowstone river 11 years ago by a citizen of Glendive, Mont. It is slowly drifting to the sea. The inscription made upon it by the man who started it has been added to by two other persons, who picked it up and started it again on its way. It was last seen at Washburn, N. D.

Armenians Unfed And Half Naked

Dallas, Texas.—Conditions in Armenia at the present time are desperate," according to a statement made today by Chas. L. Sanger, of Dallas, State Chairman of the Near East Relief. Mr. Sanger's statement followed the receipt today of two cablegrams from the Near East. The cablegrams were forwarded by Bayard Dodge, son of the National Treasurer of the Near East Relief, now in charge of relief work in the Syria-Aleppo area, and read as follows:

"Armenian refugees pouring into Aleppo from Turkish frontier. Severe weather commencing. Women and children homeless. Emergency work imperative. Present appropriation must continue throughout winter."

The other cablegram further depicting the suffering and deprivation read: "Road from Central Armenia to the Black Sea jammed with Armenian women and children fleeing before Turkish army, unfed, shoeless. Half naked refugees crowding into Tiflis for possible safety. Urgent appeal to committee to rush food, medicine, clothing."

This unforeseen wholesale emergency amounting to national tragedy greatly increases the amount of destitution and places a heavy burden upon our Committee, Mr. Sanger stated, and calls for great increase in our relief work, unless we are willing to see tens of thousands of our former allies die in exile for lack of food and clothing which we can send if funds are provided.

"Nationalists promise safety to orphans, property and refugees under protection of American relief workers, and the fact that such promises were faithfully kept throughout four years of war gives confidence that distinctly humanitarian life saving relief work will continue."

"Moreover hundreds of thousands of the orphans and destitute are in areas entirely outside of the control of Nationalist forces, and we must redouble our efforts to secure adequate funds immediately if disastrous loss of life is to be avoided."

Mr. Sanger, as State Chairman for the Texas Near East Relief organization, issues a general call for immediate financial response and asks that all contributions be sent to the organization in the Dallas County State Bank Building at once.

THE AMERICAN RED CROSS IN PEACE TIME

Child Welfare

Boys and girls who learn early to take proper care of their teeth, throats, eyes, ears and stomachs, have made a long step toward healthy manhood and womanhood. Through its public health and nursing services, the American Red Cross aims eventually to reach all school children with teachings regarding disease prevention and health promotion. Here's a school nurse treating a little girl for sore mouth, at the same time imparting a valuable lesson in teeth brushing and proper diet.

STYLES ARE QUICKLY COPIED

Ultra Fashionable attire Has but a Short Life in These Days of Clever Imitations.

When great dressmakers tell their fine customers that a particular style of dress is now "out of fashion" they do not mean that it is now rarely seen, but that it is seen everywhere and has in fact "become common," says the Spectator, London. They mean that a crowd of women who cannot afford to pay for novelty, but can afford all the pretty things a week after the fair, when they are no longer startling, are dressing up in them "to admiration," are rivaling, are sometimes bettering those who first had them, and making it necessary that these latter should fling them aside and prepare to cut a new figure. The same thing is true about men to a less extent, the exact degree of studied negligence or precision in the attire of the well dressed varying in proportion as the "reach-me-downs" become necessities.

Every year the crowds of those who copy become larger. They follow hard upon the heels of their models, who double and twist as they realize that their pursuers are gaining upon them, making now and then a feint of imitating their imitators in order to gain time. It used to be easy to guess a woman's place in the world by her clothes. Mayfair and Hampstead did not look alike. The working girl and the girl at leisure could be instantly recognized as such. At present it is a nice question to decide who is who by appearances and clothes offer an uncertain indication, not only of fortune and station, but even of age and honesty.

MRS BLINDNESS NO HANDICAP

English Botanist Rose to Heights of Fame, Though Sight Failed Him in Early Life.

Mr. J. G. Wilkinson, the famous blind botanist, lost his sight in his early life. "During all my painting," he said, "I had always been much attracted by trees and plants, so I got Percy Grimshaw to take me to the Temple Newsam woods, outside Leeds, to a favorite beech tree there, and I asked him to pluck for me a leaf of it. He did so, and with my tongue I began to touch every part of this leaf, and so got its various details and characteristics thoroughly into my head. Till I was sure I could recognize a beech leaf anywhere. From that I began studying leaves from other trees in a similar manner, until I could pick out any of them at once from the mixed lot you gave me. Now (I hope I may say it with all modesty), there is not a leaf, stem, fruit or flower of any plant or tree in the British islands which I do not know, and should not be able to rec-

ognize immediately I had touched it with my tongue, even if not with my hands."

True Chivalry.

One evening, coming home from the theater on a car with a lady friend, Jones stepped from the car and noticed a motorcar coming up behind the car.

So Jones kept his eye on the car and took the elbow of the next person alighting after him, expecting it to be his friend.

Still watching the motor, he led the elbow safely to the walk and then turned to her.

But to his embarrassment who should he find himself escorting but a great tall man, who said, in the sweetest voice:

"Thank you, I was never escorted by a young man across the street before; you are the kindest fellow I ever met!"

The lady was following them, and she giggled over the joke all the rest of the way home.

Doing Good Work.

Good work is not entirely a question of will power. Often it is impaired by a low physical standard. The quality of the work cannot be up to high water mark when every faculty, every function, and every bit of your ability is affected by a rundown physical and mental condition. You may be sure that your weakness, whatever its cause, will appear in your work, whether it is making books or selling them, teaching school or studying, chiseling statues or digging ditches.

Had one the power to analyze the cause of his non-success, many a failure could see these things standing out all over his career—insufficient sleep, lack of exercise in the open air, lack of change and recreation, irregularity and want of system in his method of living.

The youth who would get the most out of life, who would reach the highest expression in his work and retain his freshness, vigor and enthusiasm to the last must lead a regular life.—Orison Swett Marden in Chicago Daily News.

Charter No. 5004 Reserve District No. 11

REPORT OF CONDITION OF THE First National Bank

We Beat Them to It

Some makes of tires have been slightly reduced in price, but we beat them to it and went them one better.

Where they cut the price 10 and 12 percent, we cut 20 and 25 percent on standard guaranteed tires. That is the reason our sales are steadily increasing.

Good tires at a better price.

Repairing and retreading does pay. Let us Show you.

Rats Cost Texas \$72,000,000 a Year

The damage caused by rats and their role as carriers of disease are well known. They are active agents in the distribution of bubonic plague. The presence of this disease in cities of Mexico and its occurrence in Texas reports last summer prompted the health authorities in these reports to institute in August measures for the destruction of rats. Occasional new cases of plague in these cities show the menace still to be present and in danger of being carried to inland towns. Rats perpetuate and transmit the disease trichinosis, so much dreaded by humans. They gnaw into boxes of dry-goods and cut furs, silks, carpets, and leather goods. They gnaw matches and cut insulation from electric wires, and so start many costly fires. They flood kitchens by gnawing through lead pipes, and cause disastrous floods by burrowing through embankments and levees. They consume grain, fruit and vegetables in the fields or orchards and continue their depredations in the shock, cellar and bin. They cut containers of flour and breakfast foods and by pollution render unfit for food far more than they consume. The U. S. Public Health Service declares that in cities the rat population is at least equal to the human population and that in agricultural sections, it is from four to ten times as great. The annual upkeep per rat, estimated on pre-war values, was \$2.00, so that at present prices the annual cost of keeping a rat is at least \$4.00. Using these figures as a basis, H. R. Reppert, Entomologist, Extension Service, A. and M. College of Texas, estimates that this means that Texas rat population is at least 18,000,000 and that their annual cost is \$72,000,000. This is exclusive of fire loss and other damage due them.

With such facts staring us in the face, the Extension Service, A. and M. College of Texas feels that strenuous efforts should be made to encourage rat extermination campaigns and is prepared to render some valuable cooperative effort and assistance.

FEED SCRAPS TO BACKYARD FLOCK

In every household, no matter how economical the housewife, there is a certain amount of table scraps and kitchen waste which has feeding value, but which, if not fed, finds its way into the garbage pail.

Poultry is the only class of domestic animals suitable for converting this waste material, right where it is produced in the city, into wholesome and nutritious food in the form of eggs and poultry meat.

Each hen in her pullet year should produce 10 dozen eggs, poultry specialists of the United States Department of Agriculture say. The average size of the backyard flock should be at least

The "Greatest Mother" concept which was visualized in the famous art poster used by the American Red Cross in its second war fund campaign has had its symbolism adapted to the Red Cross works of the post-war era and will illuminate the main poster to be used in the Fourth Roll Call November 11. This adaptation will bear the title "Still the Greatest Mother in the World." Everyone is familiar with the original "The Greatest Mother in the World" the effectiveness of which has been shown in part by the fact that it furnished a synonym for Red Cross that has come to almost a household term. More than any other symbol, except the red cross itself, the public has made it the trademark of the American Red Cross.

10 hens. Thus, each flock would produce in a year 100 dozen eggs, which, at the conservative value of 35 cents a dozen, would be worth \$35.

By keeping a backyard poultry flock the family would not only help in reducing the cost of living but would

have eggs of a quality and freshness often difficult to obtain.

Remember that eggs produced by the backyard flock cost very little, as the fowls are fed largely upon waste materials.

Good Printing at The Brand.

War Memorial

Austin, Texas, Oct.—On his return trip from Ann Arbor, Mich., where he delivered an address at the inauguration of Dr. M. L. Burton as president of the University of Michigan, President R. E. Vinson of the University of Texas went to Chicago for a conference with Pompeo Copini, designing architect of the war memorial which is to be erected at the south entrance to the University campus. Work on the model has been started, but it is stated that actual construction will not begin for five years. The memorial is a gift of Major George W. Littlefield, banker of Austin, and its approximate cost will be \$250,000. Plans for the memorial provide for landscape setting with a frontage of 100 feet, extending toward the Main Building for 200 feet, and connected with it by a wide road, bordered by terraces, fountains and Italian gardens. As planned, the memorial will occupy two elevations. On the lower one there will be a basin 50x72 feet, fed by a water fall from the upper elevation, where the main group will be located. This group will be 24 feet in height and is to consist of Columbia, the figure of a woman holding flaming torches, guarded by male figures representing the army and navy. Around the lower basin will be statues of famous Southern heroes, including General Robert E. Lee, Albert Sidney Johnston, John H. Reagan and former Governor J. S. Hogg of Texas. On the back of the main group will be a decorative bronze tablet bearing the name of University of Texas men who died in service.

Pilgrim Half Dollars, 300,000 of them, have been issued by the U. S. Mint to commemorate this, the 300th year since the Pilgrims' landing.

Col. House of Texas was President Wilson's "mystery man." Another

THE AMERICAN RED CROSS IN PEACE TIME Disease Prevention

Through its Health Service the American Red Cross has begun a nationwide concentrated effort in co-operation with established organizations to reduce greatly the amount of preventable disease and physical defects found among the country's 106,000,000 population. Education is its most powerful tool. Special attention is devoted to children, and this picture shows a typical Red Cross welfare clinic where little ones are treated and mothers instructed in the proper care of them.

We Store Your Grain

Christmas Shopping Has Started in Dead Earnest

And as usual the early shoppers are getting the best selections. We have an unusually big stock of Holiday goods this year and have priced it on the very lowest possible margin, and the people who keep posted on prices and goods are taking advantage of it.

Our line of toys, dolls, etc., is simply amazing, but our line does not stop here by any means, as we have a beautiful line of gift goods for older people, such as books, stationery, toilet articles, ivory, pipes, purses, handkerchiefs, and thousands of other articles that make appropriate gifts.

You know from past experience that the early shopper gets the best selections, so why not come in at once and let us reserve your goods for you.

C. A. Skelton

There is no time in the life of a man when he is more susceptible to training, to discipline than during boyhood days.

Many a successful business man of today owes his success in large measure to proper training as a boy.

BUDGET OF \$48,200,000 TO FIGHT DISEASE

NEW DISASTER RELIEF PLAN

Continuance of Heavy Work Abroad Deemed Necessary to Protect United States—\$21,000,000 Less Than Last Year.

A program of relief and service toward which appropriations of \$48,200,000 have been made has been outlined for the American Red Cross for the fiscal year, July 1, 1920, to July 1, 1921, according to official announcement by national headquarters of the organization at Washington. The figures for 1920-21 are \$21,000,000 below those of 1919-20, in which \$69,400,000 was spent.

Important among the items of the budget for the present year is the appropriation of \$31,500,000 for relief in foreign lands, which includes \$11,000,000 in purchased supplies on hand and not distributed.

Must Protect United States.
This will enable the American Red Cross to continue its humanitarian effort to aid stricken peoples to re-establish themselves, to fight the disease epidemics which threaten many countries and to efface largely the remaining traces of the blight left by the World War. It is regarded as social as well as physical sanitation on a large scale that will have a direct bearing on future conditions in America.

Central Europe, the chief sufferer from the conflict, today is facing another winter of famine, pestilence and ruin. Typhus decreased much during the summer months where last winter it had its greatest stronghold, but physicians who investigated the situation at the behest of the League of Red Cross Societies have given their unqualified opinion that this coming winter will see a recurrence on an unprecedented scale. The Red Cross feels it must continue preventive measures abroad to keep this and other deadly maladies from the United States.

Millions for Work at Home.
When the disease was sweeping Central Europe last winter the American Red Cross, with the aid of the governments of afflicted nations, undertook the fight against it. Hospitals were established wherever possible and food and clothing were distributed to the undernourished populations, who by reason of their undernourishment were easy prey to the epidemics. Where disorganization contributed last year to the great inroads made by the disease, by virtue of its knowledge of the disease and the presence of well established hospital centers, the American Red Cross this year will undertake the work with a new confidence.

Including the total of \$11,000,000 in supplies left from the last fiscal year, the \$31,500,000 is \$21,000,000 less than the expenditures for 1919-20.

Appropriations for domestic activities total \$16,700,000.
The largest item of this "home" budget is \$7,800,000 for civilian relief work. This includes service and assistance for families of soldiers, sailors and marines, and work incidental to disaster. Of the total appropriation for civilian relief, \$5,000,000 is held in reserve for the carrying out of actual disaster relief.

Reduced Overhead Expense.
The Red Cross invariably is the first thought of a community visited by calamity. With this in mind, it was determined by the Executive Committee in preparing the budget of 1919-20 to have a fixed reserve fund from which to draw in these instances.

For assistance to soldiers, sailors and marines in hospitals and in camps this year \$1,000,000 has been set aside. Four million two hundred thousand dollars has been appropriated for improvement of health and prevention of disease throughout the United States during the current twelve months. The Red Cross is co-operating fully with the United States Health Service in this work and through its Junior Red Cross is doing much to spread among children the principles of sanitation. An appropriation of \$1,000,000 has been made for developing the peace time program of the Red Cross by service to its chapters in all regions.

The appropriation of \$48,200,000 is exclusive of the local expenditures of the 3,000 or more chapters.

Administration expenses this year will be \$1,800,000. Last year they were \$2,300,000.

THE AMERICAN RED CROSS IN PEACE TIME Eastern Europe

Americans who contribute to the Red Cross would feel amply repaid for their generosity if they could see what it means to hundreds of thousands of war weary sufferers in the Balkans. Here is a widowed Roumanian mother with her five children just after a visit to a Red Cross relief station. All are barefoot and the boy at the left is wearing clothes made of scraps from the battlefields. They have just received winter clothing, food and condensed milk for the baby. Similar work is being done for Russian refugees driven from home.

America Honors Unknown Dead

Armistice Day this year, with all the pomp and ceremony of kings, both England and France chose to honor the common soldier of the war—the poilu and the Tommy Atkins of the fighting line—to lavish upon him in a pageant of symbolism all the circumstances and glory they give to their great men in death.

England took her hero from among the unnamed dead at Ypres. France hers from Verdun—the one to be buried at Westminster, the other at the Arc de Triomphe.

Here in America, however, there has been no move to follow their example. It is not likely that there will be. For not only are things done differently here, but America has no unidentified dead from the great war.

The parliament of Portugal recently has voted a sum to bring the bodies of two of her unknown soldiers, one from Flanders, and the other from African battlefields, for interment in the Church of Belem, in Lisbon, where many Portuguese monarchs are entombed. It is possible that other European countries may do likewise with their unknown dead.

The nearest approach to a Westminster in the United States is the Arlington National cemetery near the city of Washington. Here every American who has served his country as either soldier or sailor, regardless of rank, has the right of burial. It is the highest honor America pays to her soldier dead, either to the known or the unknown. Thousands of veterans are now buried in this most beautiful of cemeteries. Made a national burying ground during the Civil War, it is the last resting place of men of the Civil War, the war with Spain, and the great world war.

That the United States honors her unknown heroes equally with those who were not so unfortunate as to die obscurely and unidentified on the battle field, is shown in the monument that has now stood for more than half a century south of the Curtis-Lee man-

tion in Arlington. On the granite face of the massive stone is the following inscription:

Beneath this stone repose the bones of two thousand, one hundred and eleven unknown soldiers gathered after the war from the fields of Bull Run and the route to the Rappahannock. Their remains could not be identified, but their names and death are recorded in the archives of their country, and its grateful citizens honor them as of their noble army of martyrs. May they rest in peace. September, A. D. 1888.

Thus does America do honor to her unknown dead, not by exalting one above the many in symbolic pageantry and to the mourning of kings, but simply and in keeping with notions that are fundamental to the average American.—Wichita Beacon.

CRUSADE NETS FARMERS PROFIT

Moleskins obtained from animals killed in the crusade fostered by the Biological Survey, United States Department of Agriculture, against crop-destroying animals have netted \$50,000 to \$60,000 a year to farmers of Oregon and Washington. Moles and the many kinds of rodents do serious damage to grass and grain, and a campaign of extermination was started against them through cooperation of the Biological Survey and the States Relations Service. As a by-product of extermination the fur of the mole was found to be of value. The pelt of the northwestern mole is superior to that of the Scotch mole, which is generally used for fur garments. The northwestern moleskins have recently sold at from 50 to 60 cents apiece and have been in great demand.

The total annual damage by rodents to crops and grains in the United States is estimated roughly at \$300,000,000. This is being cut down by systematic poisoning campaigns in various sections. The territory covered in these campaigns in the last year

amounted to about 34,000,000 acres. The saving to crops in the destruction of moles and of such rodents as prairie dogs, ground squirrels, pocket gophers, and jack rabbits is estimated to be \$10,000,000 a year.

Threads and Rubber

Threads, because they provide an easy path for passage of current from plate to plate.

Rubber, because that is the ideal insulating material for use inside a battery.

FAMOUS HOUSE STILL STANDS

Mansion Erected by Thomas Hancock on Beacon Hill, Boston, Splendid Piece of Architecture.

Girls Traveled Far in Wilderness.

Down the wild and rugged east shoreline of Lake Winnipeg, Manitoba, where not a farm nor a settlement breaks the desolation, two young women of eastern Canada recently rowed 200 miles in an open boat, taking a month for the trip and making their own camp every night.

Odessa's Fine Harbor.

The harbor of Odessa, in south Russia, is formed by several stone piers and a long breakwater and is protected in every direction.

LITTLE DISCOURSE OF WORTH

Short Sermon Not Delivered From Pulpit, but Deserving of Youth's Serious Consideration.

On Vanity—Boy, it gives me considerable pain when I discover that you are putting on airs and endeavoring by the way you walk and talk to impress people with your own importance.

Don't strut and pose, as one that is better than another. For in what is natural to you, you may excel, but what is natural to another would make you appear ridiculous.

Take this tip from me—take pride in your work, but be not proud that it is you who accomplishes it. It is one thing to deserve praise, but another to insist on getting it.

"WRONG SIDE OF THE BED"

Ancient Superstition Had to Do With Setting Foot on the Floor When Arising.

In olden days it was believed to be very bad luck to see the new moon reflected in a looking glass or window pane. Mirrors were regarded by our forefathers as the most effective means of divining secrets.

First Aid for Scalds.

It depends on the promptness with which a scald is given proper treatment, whether or not there will be blisters and sore places afterward.

"Cleopatra's Needles."

Cleopatra's needles are two Egyptian obelisks of red syenites, which were transported from Heliopolis to Alexandria 14 B. C., where they remained until 1877, when they were presented to the governments of Great Britain and the United States by the Khedive Ismail Pasha.

Pocket Book Strangely Lost.

A young woman dropped her pocket book containing \$40 down the elevator shaft of a Hartford, Conn., business building. Thorough search was made for it, but the pocket book was not found until two months later.

The Average Hair Crop.

The Bible tells us that the hairs of our head are numbered, but it does not tell us even the approximate number to a square inch.

VAGUE ABOUT "RED" LEADERS

But Young Bolshevik Soldier Had Heard of Trotsky, and Incidentally of Lenin.

I have just had a talk with a Bolshevik soldier, captured by the Poles when he was participating in a bold scouting enterprise. He is a young man twenty-one years old, coming from one of the interior departments of Russia.

Discipline, he said, was very good in the Bolshevik army; still they did not obey orders because they were orders, but "as a matter of conscience."

He had never seen a general or any of the higher officers, but he knew the commander in chief was called Trotsky, and that there was another head man.

He kept saying "Everyone on our side is a Bolshevik," and seemed to be impressed with the great power and authority of the Bolsheviks.

HAS AN IDEA SON WAS RIGHT

Circumstances Brought Wife of United States Senator to Acquiescence in Youth's Philosophy.

Senator Miles Poindexter, from the state of Washington, used to live on a ranch.

One hot day he was in the garden weeding onions, when Mrs. Poindexter came across her eleven-year-old son Gale, comfortably ensconced on the front porch enjoying the cool shade and a good book.

"Why, Gale!" she cried, "aren't you ashamed of yourself to sit here and read while your poor father is out there working in all that heat? Go and help him this minute!"

"Aw, mother," protested Gale, "I can't be bothered with weeding onions. Besides, I've got an engagement to go swimming at 11 o'clock."

About an hour later Mrs. Poindexter heard a low whistle from the onion patch, and before she could take in its significance father and son had disappeared down the hill in the direction of the swimming hole.

In telling the story Mrs. Poindexter said: "I don't know but what Gale's philosophy was the best. Today as a young naval officer he is sailing the high seas; while his father—well, his father is still weeding onions!"

Valuable Counterfeit.

A strange counterfeit turned up at a Washington bank recently—queer because it was a bogus \$5 gold coin and worth about eight times as much as the genuine because it is made of platinum.

The spurious coin was made about fifty years ago and bears the date of 1869. Musty archives of the secret service contain a record of the species and the case is marked "closed."

Great Baby Shrinkage.

Doctor Johnson's dictum that "births at all times bear the same proportion to the same number of people" looks rather like a wide shot in the presence of a row of figures just published by the Cambridge University Press.

The Average Hair Crop.

The Bible tells us that the hairs of our head are numbered, but it does not tell us even the approximate number to a square inch.

Greetings

We greet you on this Happy Thanksgiving Day of Nineteen Hundred and Twenty with a warm hand-clasp and join with you in thanking Almighty God for the bounteous blessings He has poured out upon us during the last twelve months. We trust that you have, as we have, many things for which to be thankful. We are thankful for health, happiness and the many privileges and opportunities which have been ours.

We are thankful that it is our lot to live in a civilized and Christian country where our lives and property are safely protected from the ravage, waste and ruin of the misguided revolutionists, by a government of, by, and for the people.

We are thankful for a bounteous portion of the patronage of the good people of this surrounding country, and we take this opportunity of thanking you for your patronage and inviting you to continue to call on us when in need of anything in the dry goods line.

PEACE, PROGRESS PROSPERITY

PEACE.

The desired status of the American people, has brought with it the usual price fluctuations. Many good authorities say that prices are sure to go up again soon, just as they did in 1918, when there was a sudden tumble in prices for a short period. We do not even hazard a guess on that question, but we do not believe prices will go any lower.

PROGRESS

will crown the efforts of those whose vision rises above and beyond the present uncertain and chaotic condition that mentally exists and who take advantage of the opportunities it affords. Many a blessing comes to us in disguise. This may be the opportunity of a life time. Grasp it by the forelock.

PROSPERITY

is sure to follow a period of depression. Every dark-cloud has its silver lining. Every storm is followed by a calm that soothes the fears of those who rush to caverns of safety from its fury. Let's take courage and boldly face the crisis that confronts us and when Thanksgiving Day, 1921, comes we will have great things to be thankful for.

WO-SWORD MEN OF JAPAN

With Their Disbanding, Comparatively Few Years Ago, the Secret of Blademaking Disappeared.

As late as 1868 there were some 10,000 two-sword men in Japan, high-trained fighters attached to the nobles of the land in bands ranging from two or three, to an entire army. When the revolution came the work of the two-sword men was done, the nation was made into a solid unit and the strength of the blade carriers was needed at plow and bench.

With this disbanding, an exchange explains, the trade of the swordmaker was also lost to the vast number following it, and with them, as the years passed, died the secrets of the war for tools. Swords can be obtained in Japan today whose blades are so keen they can cut through a veil or a sofa cushion, and also can be driven through a bar of iron, provided the wielder has the strength. Others have blades covered with a beautiful and intricate tracery that disappears and reappears at odd times, and no one can solve the "why" of it. One moment the blade is as smooth and unmarked as a mirror and the next the design leaps out before the eye of the startled beholder and can even be felt by sensitive fingers. Yet other blades are colored red, blue, silver or gold, and while seemingly an alloy, a chemical analysis shows nothing but steel. Yet others are coated with a poison that is unseen, but beyond all other poisons deadly. In large part it consists of decayed human blood.

THE AMERICAN RED CROSS IN PEACE TIME Aiding Poland

But for the work of American Red Cross agents in all regions of Poland during the last twelve months, hundreds of thousands of people in that tragic country today would be under the sod, victims of hunger, disease and exposure. The job in Poland is one of tremendous proportions and cannot be abandoned for many months to come. Here is a typical scene: A Red Cross worker "at the throttle" of a soup kitchen where hundreds of undernourished women and children are fed daily.

Divine Sarah Expects to Die Still on Stage

Paris, Nov. 21.—Sarah Bernhardt, the "divine and indomitable," who, despite her recent illness, is to appear in "Daniel" at a Paris theatre, has told a friend that not only would she never leave the theatre, but that she felt sure her death would eventually come while she was acting a part before the public. "Don't you really fear the fatigue of daily performances at your age?" asked an intimate friend during one of the rehearsals of "Daniel." "No," responded the Divine Sarah. "The theatre is my life, my soul. How could you think that I should renounce it even for one day." "I will make you a prophecy: I shall die acting and in a piece of my own choosing." Daniel, the part which Madame Bernhardt is to play, is a young opium smoker who commits suicide for love. The role is ideal for the great crippled tragedienne, who can thus play it sitting or reclining. The author is Louis Verneuil.

JOEL
Thanksgiving time will be observed at the Askren Schoolhouse, as usual, by the community, including the school. Miss Catherine Walker, our teacher, has prepared a nice program by the pupils and Bro. Sharp, of Hereford.

RACE SOON TO BE EXTINCT

In Wake of Civilization Have Spelt Doom to the Polynesians of South Seas.

That modern civilization is bringing death and extermination to the splendid race known as the Polynesian, is the claim of all travelers who have spent time on the beautiful southern Pacific islands. Charles Bernard Fordhoff, in the Atlantic Monthly, in referring over this says:

"To say that Christianity was their undoing would be absurd; they died and are dying under the encroachments of the European civilization of which Christianity was the forerunner. Everywhere in the South seas the story has been the same, whether told by Stevenson, or Melville, or Louis Becke. We brought them disease; we brought them cotton clothing (almost a great cure); we suppressed the sports and amusements and petty wars which enabled the old Islanders to maintain their interest in life. And lastly, we brought them an alien code of morals, which succeeded chiefly in making hypocrites of the men whose souls it was designed to save. Today there is nothing to be said, nothing to be done—the Polynesian race will soon be only a memory."

New Method of Identification.

Not only are the finger prints of every human being different but the position of the bones of the fingers, and also the shape of the nails are different. Doctor Beclere, a well-known student of radiography, utilizes this fact in a new method for identifying criminals. The method consists in making an X-ray photograph of the hand, showing the bones and the fingernails. Ordinarily such a photograph would not show the flesh, but in order that the record may be complete the fingers are soaked in an opaque salt, by means of which all the lines and marks are clearly shown. Doctor Beclere considers that the possibility afforded by his discovery of keeping a record of nails as well as of finger prints should prove of the greatest use in identifying criminals.

Vast Wealth in Liberia.

The Sun and New York Herald a few weeks ago was probably the first newspaper in our country to announce that Liberia, in West Africa, had just come into view as very rich in natural resources, both agricultural and mineral. It is nearly as large as the state of New York, fronts on the Atlantic for about 300 miles and its coast belt is only about twenty miles wide. North of the coast belt the whole country is a vast forest, through which Sir Alfred Sharpe of England has recently penetrated. He has informed the Royal Geographical Society of the enormous population of this, till now, unknown forest land and of the unexpected resources, including gold and other minerals, that await development there.

Radio Control for Airplanes.

There can be doubt that if the war had lasted a few months longer we would have witnessed the leading armies employing great fleets of airplanes controlled by radio means. The United States army had progressed pretty far along this line when the armistice was declared. The same can be said for Germany. Now we learn that the French have demonstrated that five or six small and inexpensive bombing planes, without pilot, can be successfully guided by a "shepherd" in a larger plane through the means of Hertzian waves.—Scientific American.

Marriage Promotes Long Life.

Marriage, according to Doctor Schwartz of Berlin, is the most important factor of longevity. Of every 100 persons who reach the age of forty years, 125 are married and 75 unmarried. At sixty the proportions are 48 to 23; at 70 years, 27 to 11; and at ninety years, 9 to 8. Fifty centenarians had all been married.

to meet with Mrs. Ed Botts to build pop corn balls and taffy for the thanksgiving treat. Yum! Yum!

Mrs. Lester Galley started on last Monday for Iowa to visit with her parents.

Mrs. Hershey had a few of the neighbors in to dinner on last Sunday, for a birthday occasion. Turkey was served.

Splendid Bennett Cast
ENID BENNETT has been furnished a strong supporting cast in her picture, "Stepping Out," which is the bill at the Star Theatre, Friday Night, November 26th, this week. Among the players are Niles Welch, Julia Gaye, Gertrude Clair and Wm. S. Conklin. The story was written by C. Gardner and directed by Fred Niblo.

United States Guards were recently removed from the international bridges between the city of Juarez and El Paso. Removal of the troops was due to restoration of peaceful conditions in Mexico.

TEXAS MEAT MARKET
Clayd & Robinson, Proprietors

Fooling Himself!

This skinny critter is busy at making himself believe he is a fat steer! But his delusion is no more complete

than that of the farmer who thinks he saves money by raising cheap scrubs. These days, when the margin between feed cost and selling price on the hoof is uncertain, there is on y one economical kind of steer—the pure-bred. His superiority over the scrub can be measured in size, in quality, in pounds of beef for pounds of feed consumed—and finally in dollars on the credit side of the farm ledger.

In a series of advertisements in this newspaper, we shall demonstrate that pure-breds make the beef for which the packer pays the highest price. They are your big money-makers when the market is up, your surest source of profit when it drops.

For this publicity in the interest of pure-bred beef cattle, we are indebted to THE COUNTRY GENTLEMAN. If you are now a reader you know its frequent helpful

articles on better beef cattle, and its many fact-stories of successful farmers who have prospered from the steadily increasing demand for pure-bred breeding stock.

If you are not a subscriber, let THE COUNTRY GENTLEMAN enroll you along with the rest of its progressive farmer subscribers. Fifty-two issues of a year's subscription come for just \$1.00. Yes, your check is good.

Texas Hereford Breeders' Association
John Lee, Secretary San Angelo, Texas

THE COUNTRY GENTLEMAN, Philadelphia, Pa. I'm glad to see you pushing our organization with good advertising. And here's my dollar for a subscription for one year, fifty-two issues. The two go well together.

Sugar Cane.

Sugar cane requires an abundance of sunshine and water and a deep, fertile soil. In planting the stalks are laid lengthwise in furrows, and each joint sends up a shoot, which later produces suckers. When ready for harvesting a field of sugar cane resembles a corn field, but the plants are somewhat larger and there are no tassels and no ears. The stalks at this time have been growing about 12 months and have changed from green to reddish in color, while most of the lower leaves have fallen away. They are cut by hand with a long knife, stripped of their leaves and carried on carts or small cars to the sugar mill.

Fresh—this year's crop of the ton. Get our prices first.

Jones & McLean

Henry Hubbert, formerly of Ford, now special agent with the Fe, of Amarillo, spent a few days in this city Wednesday.

The American people spend more money annually for tobacco and chewing gum than the entire issue of Liberty Bonds.

Thanksgiving

We are thankful to Almighty God for his continued mercies and blessings—

We are thankful for true friends who know us well, and yet love us notwithstanding—

We are thankful for intermittent friends who love us part of the time—

We are thankful to our customers and the general public whose patronage and good wishes have built up our business—

To one and all we wish health and joy—a good Thanksgiving, turkey, loving hearts.
