## PRESIDENT'S DEATH SHOCK TO COUNTRY

### SHOWS IMPROVEMENT UNTIL THE LAST FATAL STROKE

## FAITHFUL WIFE

### Was Reading to Him When Apoplexy Struck Him

News of the sudden death of President Harding at San Francisco Thursday night was received in Hereford a half hour after it occurred by the L. Baskin radio station. Mr. Baskin states that just a few moments before he had a message that the President was convalescing nicely and it was a shock to catch the news of his death only a few minutes later.

Mr. Harding died instantly and without warning at 7:30 o'clock (9:30 o'clock Central Time) a victim of a stroke of apoplexy, which struck him down in his weakened condition after an illness of exactly a week. Death came to the chief executive while he was conversing with members of his family and according to an official statement issued by physicians, was apparently due to some brain trouble, probably apoplexy.

The end came so suddenly that the members of the official party could not be called.

It came after a day which had been described by Brigadier General Sawyer, the President's personal physician, as the most satisfactory day the president had since his illness began.

The physicians in their formal announcement of the end, said that "during the day he had been free from discomfort and there was every justification for anticipating a prompt recovery."

The first indication that a change had occurred in the condition of Mr. Harding came shortly after seven o'clock when Mrs. Harding personally opened the door of the sick room and called to those in the corridors to "find Dr. Boone and the others quick." At that time Mrs. Harding was understood to have been reading to the president, sitting at his bedside with the evening papers and messages of sympathy which had been received during the day.

Then without a warning a slight shudder passed through the frame of the chief executive, he collapsed and the end came.

The body of President Harding was scheduled to leave San Francisco on a special train at about seven o'clock Friday evening and go direct to Washington, by way of Reno, Ogden, Cheyenne, Omaha and Chicago.

The car will be lighted at night and at all times two soldiers and two sailors, a part of a naval and military guard of sixteen enlisted men, will stand at attention guarding the casket. The train will carry the presidential party as composed during the trip across country to Alaska and also General Pershing, Attorney General Daugherty and Mr. and Mrs. E. E. Rensberg and family, Mrs. Rensberg being a sister of the president.

The last words of the president were spoken an instant before the apopleptic shock came to a brain that was tired. Mrs. Harding had paused in her reading and her husband glanced up, raised his hand and said: "That's good. Go on. Read some more."

## A&M Ex-students To Gather at Amarillo on Sept. 1

Arrangements are being made for the second Annual Banquet of the Panhandle students and ex-students of Texas A. and M. College to be held in Amarillo, Saturday, September 1, 1923. The committees in charge are leaving nothing undone, and the A. and M. man who misses the "Feed" will miss the greatest time of his life since his "Fish" days.

It is to be clearly understood that every man who has attended Texas A. and M. College for a period of one year or more is eligible, and expected, to attend this Banquet.

There are about a dozen graduates and ex-students of the A. & M. College in and around Hereford and it is understood that two or three carloads of them are expected to attend the Amarillo meeting and absorb a dose of the famous old "pep" of the State college.

## Baptists Wind up Successful Camp in Ceta Canyon

The most successful of the Ceta Canyon Assembly meetings came to a close on Thursday evening, after a ten days gathering. The meetings are held annually at the Ceta Canyon grounds, which are a section of land including the part of the canyon known as the Turner ranch. The Baptists purchased the property a little more than a year ago, and have done extensive improvement on it.

The mornings were given to Training-class Work with inspirational addresses at 6:45 and 11:00. At the evening sessions there were a big Sing and an Evangelistic Sermon. Afternoons were given to recreation. Tennis, baseball, boating, and swimming were most popular. The swimming pool is 257 yards long and graduating from fifteen feet deep.

A number of prominent denominational men from Ft. Worth, Dallas, Abilene, and Waco were present with great addresses. Among these were Pres. Brooks of Waco; Pres. Sandifer of Abilene; Secys. Gardner, of State B. Y. P. U. work, and Phillips, of State S. S. work, of Dallas. One of the most prominent visitors was Mr. Jno. L. Hill, Editorial Secy. Baptist Publications, of Nashville, Tennessee. Dr. Hill gave the inspirational addresses at morning hours. Missionary Hamilton, of Brazil, thrilled the Assembly with missionary addresses, and there were a number of volunteers for missionary work.

It was the largest in attendance in the four years history of the Assembly. Between two and three thousand people were present at the Sunday Sessions. Some two hundred were there from Hereford on Sunday. Hereford had the largest camping attendance, registering fifty-seven permanent campers on the third day. Others camped later. Many who were not there came, as the same persons were offered all.

There were a number of conversions in the evangelistic services. This was considered among the most important results attained.

The large tabernacle, recently erected, and seating 1500, was used for the first time this year. It is ninety by ninety, and is wonderfully located on a hillside with a naturally inclined floor. Electric lights furnish light for the tabernacle and grounds. The meetings are held annually, in July, and are seasons of great recreation and spiritual edification. Contributed.

## Party of Visitors Here To Inspect Good Cattle

Mr. and Mrs. B. C. Mouser and daughter of Clovis and Mrs. Mouser's parents, Mr. and Mrs. W. D. Watkins of Long Beach, Calif., motored to Hereford Thursday from Clovis. Messrs. Mouser and Watkins were here to inspect some of the best Hereford cattle.

## Music Study Club Holds Picnic at Sulphur Park

Members of the Music Study Club held a basket picnic at Sulphur Park last Tuesday evening which was attended by the pastor of the Christian church at Amarillo and Judge L. Gough, who is also a resident of Amarillo for the present. A very enjoyable evening was spent with lunch, short addresses and social intercourse.

## Rev. Merrill is Having Successful Meetings

Rev. Paul J. Merrill sends word to friends in Hereford that he is meeting with unparalleled success at Memphis in the Christian Church revival. Rev. Merrill and aids are preaching and singing to overflow meetings.

## Another Call to Finish City Park Trimming Work

In response to the call issued last week by the City Commission for volunteers to help trim up the trees and walks in City Park a small band armed with grubbing hoes and other tools assembled Thursday afternoon and did valiant service for an hour or two. It was found, however, that the ground to be covered was more than the workmen who responded could look after in one afternoon and it was therefore decided to finish the job on another afternoon next week. Announcement will be made in due time and it is hoped that some of those who pledged themselves before will not forget the date and the hour this time.

## Death of G. W. Maurer Shocks People of Friona

Friona, Tex., July 31.—This community was saddened and shocked when it became known that George W. Maurer had died at his home here about 8 o'clock this evening.

Mr. Maurer had been in his usual good health until afternoon and was about his duties at the Santa Fe Grain Co.'s elevator until three o'clock when he was taken suddenly and violently ill and went across the street to his home. Mrs. Wentworth was called and pronounced the case acute indigestion. She administered some remedies and he felt much relieved and spoke of going over to the elevator to crank the engine, but was seized with another spell and died before medical aid could reach him.

Mr. Maurer came here from Ohio in 1909 and settled on his farm north of town, where he lived until about five years ago when he became a partner in the Santa Fe Grain Company, in which he has been the senior partner ever since. He was a good man, public spirited, benevolent and kind and a man whom our community can ill afford to lose.

The remains were shipped on Wednesday morning to his old home in Ohio for burial.

## Here's Another Cotton Farmer With the Faith

A. Allison of Vernon, Texas is in Hereford this week inspecting his crops, especially the cotton. Mr. Allison was not a bit backward when he said that the Hereford country has a fine prospect for cotton and that this section (just north of Hereford) should go a least a half bale to the acre. Mr. Allison is a big cotton farmer in Wilbarger county, having at this time 1200 acres under cultivation and all in cotton. Mr. Allison said the farmers need to plant fewer acres and cultivate more intensely. He said, "I never saw land that responded to cultivation like this land does. It will make a crop every year."

## Cotton Bonus Committee Works at Job Given Them

President Homer Wilkinson of the Chamber of Commerce and W. H. Ray, composing a special committee to collect the cotton gin bonus, were hard at it Thursday afternoon and hoped to be able to report Monday that the money is raised and in the bank. Monday is the last day of grace under the contract and if the money is on hand at that time the formal contracts will be signed and mailed to the Guthrie Cotton Oil Co. and work will begin at once on the part of the company.

Reports received from every direction state that the cotton crop is in excellent condition and is opening the eyes of the natives on account of its qualities as a drought-resister. Comments have been heard from spots skipped by the last rains to the effect that the cotton plants are standing the drought much better than the row crops alongside them.

E. J. Newell's back yard demonstration of what cotton will do here is attracting considerable attention. This little plot of the Acala is growing at an amazing rate, is nearly waist high and the squares are literally covering it in clusters. Many interested people look at this cotton every day. Old cotton men say that if the squares now on it remain it will bear at the rate of a bale to the acre easily.

## Mr. and Mrs. J. H. Gould and Daughters Take Trip

Mr. and Mrs. J. H. Gould and daughters, Buenah and Ruby, left Thursday morning for a tour thru the South Plains. They expect to be gone about three weeks and will visit relatives at Stamford, Wehnert and Vernon during the time.

Miss Buenah Gould will stay at Stamford where she will attend school next winter.

## Perrin, Texas, Couple Visiting Friends Here

Mr. and Mrs. Frank Benson of Perrin, Texas motored to Hereford, arriving Friday morning. Mr. and Mrs. Benson are enroute from Santa Fe and Las Vegas, N. M., to their home and while in Hereford will visit in the home of friends, Mr. and Mrs. J. J. Wilder.

CALVIN COOLIDGE

The New President

Calvin Coolidge took the oath of office as president of the United States at Plymouth, Vermont, at 2:47 a. m. Friday morning. He was sworn in by his father, a notary public, at whose home he was visiting.

It is said of Mr. Coolidge that he is better equipped by experience to take up his duties in the White House than was any of his predecessors who have been called to that high office by the death of a President.

Having won for himself in large measure the vice-presidential nomination by his executive forcefulness as governor of Massachusetts, particularly by his attitude in the police strike; he has kept throughout the Harding administration closely advised as to the problems of the federal government and has assisted in shaping administration policy by his constant attendance at cabinet meetings.

Although Vice-Presidents usually have no other duties to perform than that of presiding over the Senate, casting the deciding vote when that body finds itself a tie, Mr. Coolidge has absented himself from its sessions every Tuesday and Friday to participate in the cabinet deliberations.

## Forrest Bowe to Teach English in French Schools

A letter from Paris, France, addressed to Roy Nunn of Hereford, was received at the postoffice Friday by Roy's father, R. T. Nunn. The letter was from Forrest Bowe, son of Dr. F. E. Bowe.

Forrest has been away from Hereford for several years and is rapidly climbing the ladder of success. He taught school in a good New York state school last year and now has been selected by the government as one of a dozen out of 200 applicants to teach English in French schools. He is in Paris now making ready for his new work.

## Mrs. G. A. F. Parker to Study Music in Ohio

Mrs. G. A. F. Parker left Hereford Friday morning for Cleveland, Ohio. Mrs. Parker will study the Denning System of Piano with Mrs. Harriett MacDonald for several weeks.

## GOOD MEETING OF GOLF ASSOCIATION

### CHANGE TO WINTER RULES ACCOUNT THE WEEDS

## NEW CONTEST ON

### Course Parred and Men Will Qualify With Par as Guide

About twenty members of the Hereford Golf Club attended a called business meeting, held at the Fox Mercantile store Thursday night. Quite a bit of business was transacted and then a "hitting bee" was indulged in for an hour or more.

Winter golf rules were officially adopted for the course until further notice, owing to the rough condition of the grounds and the heavy grass and weed crop. The course was parred with a total of thirty one strokes for the nine holes. A new tournament was voted, to begin at once. The officers will match up the men in pairs, who will then play against par, in the qualifying round. Afterwards they will be matched in the tournament according to the scores they make in the qualifying round.

The championship round for the tournament which has been in progress for several weeks will be played this week between Brack Williams and Albert Herbst, who have reached the finals. Herbst is champion of Flight A by beating Mac Pitman and Williams of Flights B and C by eliminating the Rev. J. R. Sharp. Mr. Williams won the last tournament held by the club last spring and will now defend his laurels against the new challenger.

The club voted Thursday night to retain the services of Tom Sullins, ground keeper, indefinitely. It was also voted that where a member does not meet his assessments and dues and allows them to run up to the value of his stock he automatically loses his membership. It was decided to hold a basket picnic in the City Park as soon as the weather cools off a little, where the ladies and members can enjoy a social hour together. One was suggested that the club hide golf balls in the grass (instead of Easter eggs and thereby inaugurate a new kind of Easter golf ball hunt).

A lot of other routine business was disposed of. The affairs of the club are in prosperous condition and the interest is maintained in spite of the hot weather.

## Open Air Concert By Orchestra is Now Probability

In all probability the Methodist Church orchestra, of about fourteen pieces will give a public concert under the driveway of the Methodist Filling Station on next Wednesday evening, beginning at eight or eight thirty o'clock. In the absence of Rev. Merrill and the loss of Phillip Broadwell the band is shy on cornets and not in position to give the usual summer concerts. The orchestra has been growing and practicing steadily for months and is now one of the best trained and most effective organizations in this part of the country. It is believed that by selecting the numbers carefully a volume can be attained that will work well outdoors. If the first test is successful arrangements may be made for series of such outdoor concerts during the warm weather.

## Colorado Publisher and Wife are Here Visiting

Mr. and Mrs. Ed L. Nowels of Two Buttes, Colorado, are spending this week in the home of Judge B. Frank Bule, father of Mrs. Nowels.

Mr. Nowels is publisher of the Two Buttes Sentinel, a weekly newspaper, in eastern Colorado. He says the wheat crop in his section this year, was a failure and the farmers repented to row crops. However, an unexpected obstacle arose through the fact that farm machinery for handling the row crops has been unobtainable to a large extent and much embarrassment has been caused the farmers thereby.

## Small Boy Breaks Arm When Pony Jumps Gate

A small son of B. R. Jennings, eight miles northwest, aged about seven, broke an arm one day this week when a pony he was riding jumped a gate and went out from under the boy. The arm was dressed by physicians here and the little fellow is understood to be doing very nicely.

**International Sunday School Lesson**  
Mary Magdalene

Mary of Magdala, having gained health and purity of soul thru Christ, renders her life in service toward the

advancement of His kingdom. Out of gratitude she freely bestows her money, time and talent.

Magdala lies in a valley near the shores of Galilee. It is noted for its works in dye, also for its sale of doves. It was here Jesus found Mary, sorely afflicted with the dreadful disease—bordering on insanity. Merciful, Jesus cast out the seven devils. This act Mary never forgot.

**Gratitude**  
At the time of this lesson Jesus has chosen His twelve disciples and they go on a wonderful evangelistic tour about Galilee. They pass thru every city and village preaching glad tidings of the kingdom, healing and performing many miracles.

Certain women given to benevolent work cheerfully and loyally minister to Jesus and His disciples, providing the material necessities that the work of spreading the gospel may ever go onward.

The scriptures speak of these women as many. Some had been healed and some were quite wealthy. Some were of Galilee, among whom were Mary Magdalene, Joanna of Herod's household, and Susanna.

**Faithfulness**  
Mary remains loyal to Jesus to the end. Following Him to Golgotha, we find Mary among a few faithful friends. Unable to help Him or to relieve His suffering, they are the one great comfort in the hour of His supreme agony. The three women are Mary, the mother of Jesus, Mary Magdalene, and Mary the wife of Cleopas. They follow His body to the burial grounds. They go back to Jerusalem, prepare spices and ointment, as was the custom for the dead. They rest on the Sabbath. Early the next morning, the first day of the week, taking spices and ointment, they leave for the sepulchre.

Mary Magdalene is the first one to notice that the stone has been rolled away. Excitedly she runs and tells Peter and John. When they return Peter enters the tomb and finds the body of Jesus gone. Hastily the two men depart to tell their friends of the disappearance of their Lord.

**The Guarding Angels**  
Mary, overwhelmed with grief stands outside the tomb, weeping. As she stoops to look in, she sees two angels in white sitting, one at the head and the other at the feet where the body of Jesus had lain. The angels speak but Mary does not become frightened. Her life is prepared for divine messages. The angels say to her: "Woman why weepest thou?"—Answer-

ing them she says: "Because they have taken away my Lord, and I know not where they have laid Him." Then raising herself from her stooped position, she sees a man standing nearby, who is Jesus, but she fails to recognize Him. Battered with grief she supposes Him to be the gardener. It is early in the morning.

Jesus does not keep her guessing. Anxious to comfort her and seeking her confidence, He calls her name, "Mary". No sooner had He spoken than Mary knows His familiar voice. Reverently she greets Him: "Rabboni", which means, Master. She is wont to fall at His feet and worship Him.

**Her Mission**  
But Jesus says to her: "Touch me not; for I am not ascended to my Father; but go to my brethren and say unto them, I ascend unto my Father, and your Father, and to my God, and your God." His earthly mission is done. His bodily presence is gone. After this she must worship Him in faith alone. She has a great mission to fill. She is to be the first one to tell of his ascension.

And Mary Magdalene came and told the disciples that she had seen the Lord and that He had spoken these things unto her. Pure and undivided her life inspires all who, having been blessed and forgiven, aspire to minister to Him.

## Robs Calomel of Nausea and Danger

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calolab".

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calolab". Calomel, the most generally useful of all medicines long suffers upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headache and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calolab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calolabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calolabs.—(Adv.)

**GOOD YEAR Service Station**

"SALE" and "bargain" are attractive words. But there is something more attractive in Standard Goodyear Service. For one thing, it is trustworthy. When you buy a Goodyear Tire from us authorized Goodyear Dealers, you know we'll help you get all the mileage out of it. That's real economy. "Bargains" sometimes aren't.

*As Goodyear Service Station Dealers we sell and recommend the new Goodyear tires with the bonded All-Weather Tread and back them up with standard Goodyear Service*

**Presbyterian Missionary Society in Meeting**

The Presbyterian Missionary Society enjoyed a social meeting Wednesday, August 1, at the home of Mrs. H. L. Broadwell.

The society voted to omit the next three regular meetings because of the hot weather, agreeing to meet the 5th Wednesday in August for a social meeting preparatory to beginning work in the fall.

Everyone enjoyed the beautiful and well executed musical numbers given by Misses Mabel Barnhart and Mary McDonald. Mrs. Broadwell read several realistic pen pictures of orphans'

home life, as portrayed in the "Albany Orphans Home Messenger", and Mrs. Sharp told about the Presbyterian Home for children which is to be opened this fall in Amarillo. The Home is to occupy the old Lowry-Phillips school property which was given to the Presbytery of Amarillo by Mr. and Mrs. Allen Early and children. After the program the ladies repaired numerous garments, which were packed and sent to the orphanage at Albany.

Delectable refreshments of iced tea, sandwiches and sweet wafers were served to thirty ladies by the hostesses, Mesdames Hastings, Barnhart, McDonald, Bodkin and Higgins.

### O. K. Higgins to Have Cleanup Sale Sept. 1

O. K. Higgins announces a Cleanup Sale to be held at his place twenty-three miles northeast of Hereford, fifteen miles northwest of Canyon, ten miles south of Wildorado, and two miles east of the Dawn-Wildorado highway, on Tuesday, August 7.

The sale, which will begin at ten o'clock in the morning, will include eleven head of horses and mules, six-

teen head of hogs, ten sets of harness, a big lot of farm implements, household goods and numerous other articles. Barbecue dinner and coffee will be served on the grounds.

### HONEY PHILOSOPHY for 1923

WHEN a fellow's late for business and offers as an excuse the fact that he put his teeth in water which froze in the night and so it took him ten minutes to thaw them out before he could eat his breakfast, it speaks well for his imagination, and maybe better for his sense of humor. What's more, we can all laugh. But when the laugh is ended we come to see that excuses are poor crutches on which to lean. That chap grows who, when wrong, admits it. Excuses are ugly patches on an ill-fitting suit that can be made quite dapper if its faults are seen and a hitch taken in here and there.

### We Grow in Experience

As we grow in years. Experience is teaching the Farmer and Stockman of the Southwest that diversification pays.

Chickens, Hogs and Milk Cows will make industrious farmers a living and the money crop, when it comes in, is clear of any lien for living expenses. Let us profit by Experience.

### HOOSIER SAVES STEPS

The Famous Roll Door "Hoosier Beauty"

### Hoosier Helps You All Day Long

IT IS NOT just a mealtime helper—but a real step-saver. The HOOSIER has been developed and perfected over a period of 22 years, with the sole idea of making woman's work easier.

That is why the central section of HOOSIER is so open and unobstructed—giving plenty of elbow-room and doing away with those corners and partitions which serve no useful purpose.

Experience has proved over and over again that this uncluttered work space is the only logical arrangement to make work not only easier—but easiest. Yet HOOSIER is the only cabinet which provides this extra large, extra convenient working space.

Every detail of HOOSIER construction and design has been thought out just as carefully as this. Because of this inherent superiority, HOOSIER is today America's favorite kitchen convenience, reducing the work and increasing the leisure of two million American housewives.

Come in and let us show you our complete line of HOOSIER Porcelain Tables and Cabinets—\$10.00 to \$75.00
