The County

Chairman J. E. Hill of the Exhibit Committee appointed to gather and handle Deaf Smith county's exhibit at the Amarillo Tri-State Fair and the Lubbock South Plains Fair has issued the following open letter to the citizens of this county:

It is a known fact that the people of Deaf Smith County are of the genuine type of real red-blooded American people. We believe in our country, and are willing and ready at all times to do what we can in a cooperative way to help the progress of the county, wherein we will all be materially benefited. It behooves each of us to do our part, regardless of our private opinion.

There is going to be a Panhandle fair held at Amarillo September 25th to 29th, for the purpose of each County the Panhandle to have the opportunity of demonstrating to the rest of this state and other states the kind of people we have here. We have a chance this time to illustrate whether we "doers" or "don'ters", whether we believe in the country we live in or not, and we must put our shoulders to the wheel and help to make this the greatest fair that Deaf Smith County ever had the privilege to take part in. This is our time to get in. Let's Go! And demonstrate what this part of our Mother Earth can produce, and show the rest of the world what the people of our country can do.

Let's not do as some folks do—wait for the other fellow. Bring in your exhibits. Let's everyone of us—men, women, boys and girls—bring in our portion to be taken to the fair. We appeal to each of you to bring as great a variety as possible. We want an exhibit consisting of samples of every thing you can raise in the field, in the garden and in the orchard. We can make our plans NOW, and if you desire information regarding the quantity of each exhibit, you may inquire of Seth B. Holman at the Brand Office. He has catalogues of the Fair.

In bringing in exhibits of heads of kafir corn, maize, etc., you should have at least a dozen heads of each, leaving considerable stems, in order to be handled better for display. Samples of corn will consist of ten ears. All small grains that are threshed will be exhibited in peck lots. We would like to have some exhibits of small grain in the sheaf. Garden truck, such as onions, potatoes, beets, etc., will be exhibited in peck lots; in fact we must have a good exhibit of everything, and can have, if you will do your bit. We also urge that you bring a large exhibit of fruit of all kinds and we are going to need quite a display of canned goods. If the good people will furnish these, they will be returned.

We feel sure that you all realize that the success of this Fair depends on you. You are the assets of this country, and the future depends on your efforts.

Bring your exhibits to the office of Jones-Barnett, formerly the T. K. Wilson office, and they will be taken care of. The exhibits should be in by Saturday, Sept. 22nd. Should it be impossible for you to bring your exhibits in, phone Jones-Barnett office and someone will be sent after them.

Every country is built up by men and women who are willing to do their part. Let's all be that kind, realizing that it is our duty and we should appreciate the privilege that we have at this time. Let's make our exhibit the Best exhibit—and we can, if we have the cooperation of the people of all Deaf Smith county.

We are trusting that each and every one of you will cooperate with us, to the best of your ability, and are looking forward to this exhibit which will have a convenient place in the Fair Sept. 25th to 29th.

J. E. HILL,
Chairman of the Committee.

Hereford Well Represented at Dalhart Convention

Hereford will be well represented at Dalhart this week at the district meeting of the Christian churches. Mr. and Mrs. C. D. Shaw and family left Sunday for the Dallas county metropolis while the Rev. Paul J. Merrill and Mrs. Merrill, Mrs. W. R. Steckman and Mrs. R. J. Kibbe left overland Monday. A big attendance and an unusually strong program will be assured.

A Real Test for President Coolidge

President Calvin Coolidge's test came at the end of his first cabinet meeting when he went out on the White House lawn to face a battalion of veteran newspaper men. He proved he could smile and indulge in snappy chatter. Photo shows him with the newsmen, who stamped him "regular feller."

Firemen Plan a "Fracas" For Labor Day, September 3, For the Benefit Of Hereford High's Football Team

As a means of encouragement both financially and morally to the Hereford High football squad of 1923 Chief C. C. Beckwell began preparations this week for another of those funny and entertaining Firemen's Fracas, to be held in the Stock Pavilion on the evening of Labor Day, next Monday, September 3. The Firemen will join hands with the football men in arranging a program of fast and entertaining boxing and wrestling bouts, interspersed with funny stunts and music. It is hoped to be able to give a detailed program in Friday's Brand.

The Fracas is being arranged owing to the pressing need of the football boys for funds. New suits, and jerseys, and stockings, and head gears, and shoes, and footballs and everything else that goes with the game are badly needed. In addition to this, season tickets for the football games at home

will be offered to the town people and it is hoped through these various activities to raise sufficient funds with which to properly equip the twenty odd candidates for gridiron honors.

Over twenty of the boys met at the courthouse last Saturday night at the call of Thurmon Hines, captain of the squad of 1922, and discussed the situation. Superintendent Dillehay came over from Canyon and presided, and the meeting was also attended by Prof. Lyle, principal of the central school and former guard and letter man on the A. & M. squads of 1910-11-12. Coach Travis Dameron was out of town and unable to attend. The boys decided upon a conditioning camp trip to build up their wind and harden their muscles before active training. A committee consisting of Roger Wilkinson, chairman, Earl Wood and Ardis Russell, was appointed to handle all details of the camping trip. This committee went to Canyon Monday and

made arrangements for a training site near that town where there is a good swimming pool and other accessories. The squad expects to go into camp Monday, September 3. A trainer will be selected this week.

Prospects for a winning combination this year are excellent. Most of the boys have been playing together for two consecutive years and have gained in size as well as experience. There are several experienced and heavy recruits in sight and the squad is starting out this year with more pep and enthusiasm than they have shown in years. All they need now is support from the citizens of Hereford in their games and a small amount of cash with which to buy necessary equipment.

The business men of the town are evidencing much interest in the prospects and in the team and it is believed they will line up solidly behind the boys this year and aid in turning out a winning aggregation.

Park Your Cars At Right Angles Says Ordinance

To The Hereford Brand:

Many complaints have been made to me recently about violations of the state statutes and city ordinances in regard to the speed and parking regulations.

The rate of speed at which automobiles can be driven on the highways of the state is fixed by state statute. The rate of speed on any highway outside of a city or town is thirty-five miles per hour. It is unlawful to drive in an park of any city or town at a higher rate of speed than twenty miles per hour.

The ordinances of the City of Hereford require that cars shall be parked on the paved streets of the City in the center of the streets and at right angles thereto. When a car is parked at right angles to the street it will not be necessary to back it out when starting, but it can be driven forward into the line of travel. This is more convenient and avoids the danger of backing into someone or causing a car behind to come to a stop.

Don't park your cars at a slanting angle but always at right angles to the street. This is what the ordinances require.

It is a violation of the ordinances to park a car on the paved streets at any other place than in the center of the streets. Cars should not be parked against the curb. It is only permissible to stop on the curb for the purpose of loading or unloading a car and for a limited time. When a car is driven up to the curb and left, it is then parked against the curb in violation of the ordinances.

When a car is driven to the curb, it should be driven as close to it as possible in order to give as much room as possible between such car and those parked in the center of the street. Always drive close to the curb and not a few inches or two or three feet away from it.

The more automobiles in use, the more the importance of conforming to all traffic regulations, whether prescribed by state statutes or by city ordinance.

It is a violation of the state law to run a motor vehicle with the muffler cut-out open in a city or town and such conduct is a nuisance and great annoyance and inconvenience to others. Frequently a business or social conversation has to be suspended until some law violator gets out of hearing.

WM. M. KNIGHT,
Mayor of Hereford.

Miss Mozell Hill Will Give Recital Thursday

Mrs. Fred H. Oberthier, Jr., announces that one of her pupils, Miss Mozelle Hill will give a piano recital at the Christian church next Thursday night, August 30, beginning at 8:30 o'clock. Miss Hill will be assisted by Miss Eddie Connell in vocal selections.

Eight Elephants At One Time is Treat For Kids

The kids—and the grownups, too, for that matter—stood around the baggage car attached to the east-bound passenger train Saturday morning with their mouths open.

Elephants—magic name—eight of 'em, was the excitement. Eight elephants from Siam, in charge of three keepers and enroute to Lancaster, Mo., to join the W. P. Hall Circus.

One of the critters was a cute little eighteen months old baby, weighing something less than a ton and about waist high to a medium-sized man. It took the combined efforts of all three keepers to keep the eager kids from lunging that small morsel. He had his little trunk packed, too—with peanuts and other delicacies, as befitted a youngster on his first railroad journey.

The elephants were thirty-eight days on board a vessel before arrival on the coast, but seemed to be in the best of health and spirits.

Mrs. B. Marnell, accompanied by her niece and nephew, left Hereford for Parsons, Kansas Tuesday morning.

Giant Onions of Bermuda Variety Are Raised Here

Another demonstrator of what the Hereford soil will produce came to light Tuesday when W. V. Phillips, who lives in South Hereford, brought in seven Crystal White Wax Bermuda onions that weighed an even four pounds. The onions are of the mild variety, that can almost be eaten alone with relish. Mr. Phillips has a small acreage in his back yard which he irrigated from his well and experienced no difficulty with them at all. They will be cured and added to the exhibit to be sent to the Amarillo Tri-State Fair.

Messrs. Henry Wilkinson and W. I. Valentine left Hereford Tuesday morning for Florence, Kansas, where they will ship a bunch of yearlings to the Kansas City market. Messrs. Wilkinson and Valentine will transact business in Kansas City before returning home.

Bench Congress Court Appreciates Watermelon

The Old Timers association, which holds a daily session in the Jones-Barnett Agency office, has officially adopted the name of "Bench Congress Court," according to the following card of thanks which The Brand is asked to reproduce, acknowledging receipt of a big watermelon presented by W. S. Dixon. The gracious mandate and suggestion of the new Court in the concluding paragraph is of special interest:

"On August 27 the Bench Congress Court was highly favored by one of our favorably known farmers, W. S. Dixon, by presenting to them a watermelon measuring about thirty inches in length and weighing thirty-five pounds. It was of the thin rind variety and the 'eating of the pudding' was full proof of the high quality of the product.

"The Court is much indebted to the donor and as compensation, has elected him to honorary membership in their elevated body with the understanding that he shall have a seat at the right hand of the Chief Justice.

"It will behoove any watermelon raiser to follow the example of Mr. Dixon as the Court Congress never fails to recognize and reward all courtesies and favors extended them."

Second Rain Has Brightened Crop Prospects Here

A start was apparently all the Weather Man needed to show his generosity and Sunday night and Monday morning he loosened up and sent Hereford six tenths of an inch as his second gift in a week. Reports indicate that the rainfall did not reach west much farther than the city limits, but to the north and east a veritable flood descended and south there was enough to do a lot of real good. About day-break Tuesday morning a fine drizzle fell in the city but the rising sun cleared up the clouds and before noon the atmosphere was clear and bright.

Crop conditions are much better than was expected two weeks ago and there is a general smile of satisfaction and good cheer going the rounds. Every inspection shows better grain and better roughness than earlier conditions warranted, and every returning traveler tells of the fine condition of things here as compared with other sections.

Oklahoma Couple Visit On Way to Pacific Coast

Mr. and Mrs. J. D. Townsend of Weatherford, Okla., have spent the past two weeks here with Mrs. Townsend's sister, Mrs. Albert Schuette. Mr. and Mrs. Townsend are enroute to Long Beach, Calif., where they will make their home.

Christian Sunday School Workers Hold Institute

M. H. Hinton of Fort Worth, Southwestern Sunday School Superintendent, and the Rev. Edwards Omers of Austin held a Sunday School institute at the Christian church here Thursday and Friday in the general interest of Christian education.

CONCENTRATE ON EXHIBITS AT AMARILLO

NO COUNTY FAIR ON
ACCOUNT FINANCIAL
STATUS

A "GRAPE FEAST"

Is Enjoyed by Business
Men at Hereford Nur-
sery on Monday

It was finally decided at Monday's luncheon of the Chamber of Commerce, held at the Stockman's Cafe, not to attempt a County Fair this fall, owing to financial conditions, but that instead a strong agricultural exhibit be gathered and sent to the Amarillo Tri-State Fair in September, and possibly to the Lubbock South Plains Fair thereafter.

A report of the excellent work already done by J. E. Bray in gathering such an exhibit was made, but it was decided Mr. Bray needs a lot of help and after going over the question thoroughly J. E. Hill was appointed general chairman of the exhibit committee. Mr. Bray will serve with Mr. Hill, who will appoint additional committeemen to work with him. The secretary was instructed to procure the necessary booth space at Amarillo at once, and later was instructed by the exhibit committee to go to Amarillo and pick out such a space. Chairman Hill's appeal to the citizens of the county for good exhibits is printed in another column of this paper.

The Lubbock Jubilee was discussed and many present indicated their determination to attend the big celebration. They were informed that badges would be furnished them to wear Tuesday. The hospital committee promised to make a formal report and recommendation at next Monday's luncheon. The attention of the business men was called to the fact that the high school football squad is mobilizing for another year's work and expects to put a strong and winning combination in the field this year. Chairman Wilkinson stated that late reports from the trade territory were to the effect that the row crops and feed crops were looking better than at any time in the summer's growing season and apparently a much larger yield would be realized than had been expected heretofore.

L. P. Landrum of the Hereford Nursery wound up the meeting with an invitation to all to come to the Nursery at 4:00 p. m. and enjoy his hospitality at a Grape Feast. He stated that never before has he had so many grapes and so many varieties and he wanted the people of the community to both see and taste them. The invitation was unanimously accepted. The meeting next Monday will be held at the City Cafe. Those present were:

Homer Wilkinson, Will Ashbrook, D. F. Ashbrook, Chas. Coakrell, M. D. Womble, W. E. Dunlap, Ralph Barnett, E. S. Lybom, E. W. Harkness, J. E. Hill, D. C. McLaughlin, E. C. Kubanks, W. H. Ray, N. E. Gage, Johnathan Pitman, C. A. Skelton, Albert Herbst, W. R. Stockman, W. E. Danmore, J. E. Beyer, N. C. Vogele, F. H. Oberthier, L. P. Landrum, Seth B. Holman.

Repairs to City Pavement Begun Here This Week

Engineer W. D. Howren of Amarillo, assisted by W. H. Carroll, started repair work on the city pavement Monday morning. Mr. Howren was called to Amarillo Monday evening, but is expected back in time to superintend the job of filling up the rough places in the pavement before the end of the week.

New Grist Mill About Completed and Will Soon Open

A great deal of interest locally is being taken in the new grist mill, which is nearing completion on lower Main street, just south of the Texas Company's headquarters. The manager, Mr. Rogers, states that the machinery is all set and ready for use with the exception of an electric which has not yet arrived. He hopes to have the mill in full operation within the next fifteen days.

Mr. and Mrs. R. A. Brand Here for Brief Vacation

Mr. and Mrs. R. A. Brand and children of South Bend, Texas, reached Hereford overland the latter part of last week and are here taking a short vacation and renewing old acquaintances. Mr. Brand says he is in the meat market and grocery business and is enjoying a good paying business.

RICHARD LLOYD JONES SAYS

Keep Still and Study Silence

Richard's message said of him in their despair, "He knows how to keep silence in seven different languages." It was his besting tactfulness that blunted the weapons they had forged against him. Silence is perhaps the greatest art of conversation. Joseph Jefferson is credited with having discovered Weber and Fields, the comedians. After seeing them play in an obscure Bowery theater, he hurried to a theatrical manager friend, saying: "They know how to listen."

A person often gains credit for sense, eloquence and wit, who merely says nothing and does it well.

Silence indicates both courtesy and consideration. It gives the other fellow his turn. It pays him the compliment that his brain may also harbor some worthwhile ideas. Every ideal relation, every reciprocity. Every soul must have a medium and opportunity for self-expression. The one-sided conversation is always arrogant. Grant the other fellow a chance to say his say.

Silence indicates control. We often read: "He mastered himself and was silent." The trivial gabble! When the mind is in control the machine is geared up tight. The wagging tongue, always means loose tension. It is the loose gear that rattles. All nature pays homage to self-control.

Silence is the great healing power of softude. In the face of a great crisis we are silent. In a great emotion we are still. Silence can be eloquent. It is always majestic.

"Silence is the lesson of kings," said Jean du Beauvais at the funeral of Louis XV. And Carlyle has called silence the element of great things that fashion themselves together to rule.

Silence is more unimpeachable than speech because it cannot be attacked. Great thoughts are born in silence. It is the mother of truth. It is the servant of reason. It is the best help to him who mistrusts himself. "Let us be silent," says Emerson, "that we may hear the whisper of the gods."

Noise and tumult are the signs of war. Silence is the insignia of peace. It is quite as much a mark of strength to know how to hold your tongue as it is to know how to wisely use it.

BOVINA

Dr. W. B. Waldman of Amarillo was in our vicinity the past week doing optical work. He found many here who wanted that kind of work, and left Friday evening for Amarillo.

Paul G. Wolfe, who lived with his father north of town, became suddenly ill last Thursday and died the following Saturday evening. The body was laid to rest in the Bovina cemetery Tuesday of last week. The family was all present, his sisters having come from Denver, Colo. When taken ill he was assisting Raymond Davis in erecting a store building. He was a very industrious man and will be greatly missed by his many friends here.

Normalice Wilson returned home Saturday morning after visiting relatives and friends in Hereford the past week.

Mrs. Mulky Ezell is visiting with a sister in Clovis and taking medical treatment. Mr. Ezell is with her a part of the time.

Many attended the singing convention at Hollene last Sunday.

Willis Parker and wife occupy the J. P. McDonald property, lately vacated by Mrs. D. M. Davis.

Jack Carr, who intends erecting a dwelling, has ordered lumber from the mills at Greenville, Texas. All stone and sand is on the ground for beginning the building as soon as the car of lumber arrives. E. H. Hromas is his head carpenter, with the assistance of John Stagner.

Mrs. Marx Wells and son, Wayne, of Stratford are visiting the McGee and Wilson families.

Mrs. Raymond Davies visited with Mrs. Orval Glover last Tuesday.

Henderson and Clark of Amarillo, representing the International Harvester Co., were in our midst last Tuesday on business.

Mrs. Preston Florence is with her sister, Mrs. Lilly Chapman the past week at the Cordova Hotel in Hereford.

Farmers have begun plowing for wheat but say there will have to be more moisture before much can be done.

Nannie Mary Ezell and Mrs. W. E. Williams returned from Canyon to remain for a week.

Mr. and Mrs. W. E. Williams have gone to Hereford to select furniture to go to housekeeping. They will occupy the Harry Green home this winter and Mrs. Williams' mother and sister of Rock Springs, Tex., will keep house for them while Mrs. Williams teaches in the school here. Mrs. Williams' sister will attend school here.

J. C. Dinney and family moved into their new home recently. Mr. Dinney formerly resided on the place of Luther Hastings west of town, and Mr. Hastings boarded with them.

The rain we had a few days ago was not very heavy. The weather is cool and is enjoyed by those that are working out in the sun. A heavy rain fell Sunday evening, August 26.

Mrs. William Townsend of Hale Center arrived Saturday morning to visit relatives and friends. She has also been visiting in Clovis and Farwell.

Prof. Gourley is holding a poultry culling demonstration at the schoolhouse at night. It will be continued over to Tuesday night of next week, when Prof. Ricks of New Mexico will speak on the subject of Poultry raising. It is free for all to come.

B. P. Abbott is on the sick list this week.

Thelma Richards is our little market gardener. She brings in vegetables three times a week.

Miss Marie Richards is home, after a visit with relatives near Abilene. Miss Richards' married sister came home with her for a short visit.

For some time C. O. Cunniff's brother, John Cunniff, of Oregon has been visiting here. Before coming he was suffering with asthma. After trying this climate he has been somewhat relieved.

Watermelons are coming in quite plentifully, also cantaloupes.

JOEL

Mr. Sharp and Mr. Meeks returned from Vernon on Saturday.

Mr. and Mrs. Swartz and daughter, Edith, of Hereford spent the day Thursday with Mr. Conklin's family.

Mrs. Arch Conklin is visiting her relatives, the Hersheys, while Arch is away to the breaks plum and grape hunting with the boys.

Walter Slagle has been under the doctor's care the past few days, but is reported better at this time.

Fred Schaffer, who formerly lived in this community, dropped in for a few days the past week. We were all glad to see him, for we still miss the Dan Schaffer family, who moved from here to Illinois several years ago.

Mr. and Mrs. O. L. Sharp are enjoying the privilege of having their whole family at home on a visit for a few days and it is good to look at the smile on the faces of grandma and grandpa Sharp when the little ones gather around. Fonza and family of Post and Marvin of Vernon are here for a visit.

Ray Hershey and Mr. Hufstader were visitors at Umbarger on Tuesday.

Well, the rain we received on Tuesday evening and night has changed the outlook a big lot and there is a smile on our faces that don't rub off. Two to two and a half inches of water fell in

about five hours. The grass will grow and the grain will fill.

Sunday was red letter day at our schoolhouse. We enjoyed a visit by a good company of our friends from the Wyche school. Then we had extra music because our singing teacher was with us and had prepared some specials and lastly, we had Bro. J. R. Sharp with us who gave us a splendid sermon, subject, "The Right of Other People to Have Different Views and Opinions Than Our Own." "Tolerance."

The rain Tuesday night shut off our singing school for the night. It was "pouring" at the hour for convening. Mr. and Mrs. Lester Galley paid a visit to Mrs. Galley's uncle's, Mr. Grant Belle, who live near Bushland. In coming home they were caught in the rain Tuesday evening and stopped all night at the home of August Frye.

WYCHE

Messrs. Longwith and Carpenter are spending the week at Happy.

The Sunday School attended the Singing Convention at Askren last Sunday afternoon. Those in the party were Mr. and Mrs. Ed Cox, Mr. and Mrs. R. W. Hough, J. W. Dugan, Mr. and Mrs. Leo Wolfe, and their families, Mr. and Mrs. Clem Dugan, Ben Bates and Miss Merle Walker.

Mr. and Mrs. Ed Cox and family spent Tuesday in the R. W. Hough home.

Mrs. Clem Dugan visited Mrs. Frank Hembre last Monday.

Nel Wyche returned from Amalfio Thursday where she has been visiting relatives.

Leo Wolfe returned from Kansas City Thursday.

Nolla Elliston returned from Dexter, N. M., Thursday for a visit with home-folks.

Messrs. Jim Nutter, Clem Dugan, and Earl Hembre harvested this week.

Mrs. Leo Wolfe and children visited Mrs. Clayton Wednesday.

Mrs. W. B. Davis, who has been visiting in the homes of her sisters, Mesdames Clayton and Goodwin, respectively returned to her home at Wichita Falls Friday.

Mrs. Harvey Nunn entertained a few children last Friday for her son, W. A., on his 4th birthday. Romping games were played on the lawn for a while, then each little tot found his place at a flower decorated table and ice cream and cake were served to W. A. and Ray Nunn, Eleanor and Herbert Boardman, J. D. and Nedra Clayton, Margaret Goodwin and Mollie Clayton. Mesdames Boardman, Goodwin, Clayton, Misses Dorothy Boardman, Mary and Lois Clayton, were also present.

SPRING LAKE

Linville Bros., Gehres Bros., and J. L. Henson are shipping cattle out of Muleshoe this week.

Mr. and Mrs. Milton Ott announce the arrival of a ten pound boy, born August 18.

Mrs. Ida James of Abilene is spending a few days with her sister, Mrs. Willis White this week.

Ray Axtell returned Wednesday from Kansas City, where he went with a shipment of cattle.

M. E. Cleavinger returned home Sunday from a short visit with relatives in Kansas. After returning Mr. Cleavinger contracted blood poison in his foot from a blistered heel and is now in Plainview where he can be near medical assistance.

Mr. and Mrs. Roy Botsford are visiting relatives in Hereford this week.

The Children's Day program given Sunday was very interesting and enjoyed by all present. On account of whooping cough in the community the program was about two months late in being rendered.

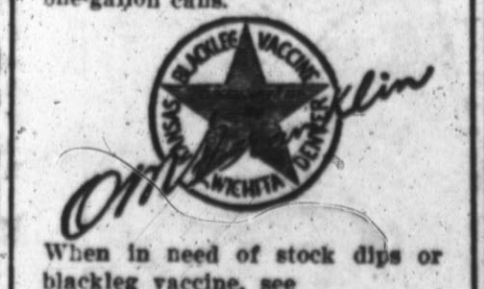

Miss Mable Vore of Amarillo is visiting homefolks here this week.

Mrs. Arthur Barton and children are visiting her parents at Bowie.

A very enjoyable occasion in the form of a miscellaneous shower was given on Aug. 22 by Miss Ruth Linville at her home southwest of Spring Lake honoring Miss Gladys Axtell, bride-elect, whose wedding will take place

Cream

TO OUR CUSTOMERS AND FRIENDS:

Effective September 1st, coupons will be packed in every pound of Mistletoe Butter. Upon receipt of ten of these coupons and \$6.95, which is the actual potterly cost, we will ship express collect, or deliver from our Amarillo plant, one \$2-piece Linoges China Dinner Set.

We have bought several thousand sets of these dishes direct from the largest pottery in the world. Our customers will save the difference between \$20.00, the retail value, and \$6.95, because we are buying in carload lots and turning them at cost.

Don't confuse these dishes with the usual ones offered for premiums. They are dainty and attractive and in keeping with the quality reputation of Mistletoe Butter.

Yours very truly,

COAL

If the anthracite strike is pulled off—as seems likely—we may look for coal prices to soar, so if you are low on coal hunt us up and let us supply you now. We have no September prices quoted to us yet and can't tell what will happen—but one thing sure—it will be higher. Just how much depends on the strike outcome.

We are holding down the price of coal in Hereford.

Poem Uncle John

It's a mighty good idea to roller—when you're right on the bank of a verge, with tankers' holl of yer collar, the way to get out, is to "merge." With an abyss in front of yer eyes, no horrida rocks, and deep, that the stint of it upsets yer liver, and turns ye as white as a sheep—when you think you are bound, fer the devil, in a wreck at the end of yer spurge, the way to get back on the level—is to hunt up somebody and merge!

HELPFUL HINTS by Aleda

Mrs. Housewife: This newspaper will publish "Helpful Hints" in this form of regular intervals. It suggests you clip this column and paste it in your recipe book.

In a Sewing Basket—Tie a little bow of bright ribbon on the handle of your scissors and they will be much easier to find.

Salad—In fixing a lettuce salad a leaf of mint and grating of onion is a pleasant addition to some tastes. Try it.

Mice—If one wishes to catch mice, put some pumpkin seeds in the traps. It is very attractive bait.

Scorch Spots—A scorch spot may be removed from a very delicate fabric by writing with clear water and sprinkling with Borax.

Ice Cream Spot—A very ordinary stain which few people know how to remove is an ice cream stain. Take the spotted material and lay on a clean folded cloth and rub lightly with luke-warm water. This will take the protein (sweet) out of the stain. Then take some ether or benzine and rub lightly but firmly. The latter to remove the grease.

Lemonade—If the whole lemon is put through the food chopper for lemonade, instead of just squeezing the fruit, you will find it to have a much better flavor and have twice as much.

Singeing Feathers—When singeing chickens, hold over an oil or gas stove and the skin will not blacken, as where a burning paper is used. Also use a pair of tweezers to remove pin feathers. They will take hold of the very small ones.

Camisole Straps—If underneath the plain ribbon used for shoulder straps a piece of narrow elastic is sewed, there will be no trouble about "straps slipping."

Fine Linens—Fine linens and embroidery will have a longer life if they are washed in cold water with white soap and a little dissolved Borax.

Snappers on Curtains—If one wishes to save laundry bills, trouble, and have curtains stay clean, sew a snapper at each side on the lower part of the curtains. Then sew the corresponding fastener about eighteen inches from the top of the curtains. At night just snap them up and they will not be soiled blowing against screens, etc.

"ANNOUNCEMENT STORY"

Ford Motor Company, Detroit, Mich.
Detroit, Mich., Aug.—Introduction of a higher radiator, bringing new and improved body lines to all types of Ford Cars, is announced today by the Ford Motor Company.

The changes have just gone into effect and the various types are now in production.

While the larger radiator has been made standard on all types and while it has made possible other betterments in body design, there is no radical departure in construction, but rather a general improvement has resulted in more graceful lines.

The new radiator sets an inch and a half higher than the former and has an apron at the bottom which joins a similar apron effect of the fender on either side, giving a highly finished appearance to the front of the car. The larger radiator also increases cooling efficiency.

Most conspicuous among the new types is the Ford Coupe which is of entirely new body design and construction, resulting in a more trim exterior appearance, more comfortable seating arrangement and a greater luggage carrying capacity.

From the dash there is a graceful sweep in the cowl to the radiator, bringing a pleasing effect to the front. The doors are wide and open forward making access and exit easy. They are heavily framed for rigidity and strength. The compartment at the rear has been enlarged to afford easy filling of the tank from the right side making it unnecessary for the driver to leave his seat. Ventilator in the cowl and a visor over the windshield add much to the attractiveness of the car. A new rear fender of more sturdy character also is a feature.

Interior fittings are of choice material and the arrangement of the deeply cushioned seat has been effected so that at the rear is a small recess shelf for carrying parcels. The rear vision window is much larger and oblong in shape. Door windows have been equipped with revolving type window regulators and door locks are provided. Side windows are equipped with the lever type window lifters.

Marked, too, is the improvement in the Four Door Sedan. Highly popular since its introduction a year ago, because of its low, graceful lines, the car now presents even much better lines and a sturdier appearance.

This has been brought about by the installation of an entirely new cowl with a graceful sweep from the dash blending into the larger hood and radiator. The change also affords an increase in leg room for occupants of the front seat.

In the open types, the Touring Car and Runabouts, the cowl has been enlarged and flows in a graceful curve

to the higher hood.
The result brings a most pleasing effect to the exterior appearance of both types. The improvement in the Touring Car which came when the one man top and slanting windshield were introduced, is greatly enhanced by the larger radiator, the car appearing lower and more attractive than ever. The effect on the Roadster is likewise most appealing, giving it a more rugged and sturdy appearance.

The new radiator also is extended to the Ford Truck chassis, affording improved appearance and better cooling to delivery services.

These new Ford types and the generally recognized performance of ability of the Ford under all motoring conditions, promise to bring a greater demand than ever before as the public becomes more fully acquainted with the higher standards and greater values which have been incorporated. No changes are contemplated in prices.

Robs Calomel of Nausea and Danger

Medicinal Virtues Retained and Improved—Dangerous and Stomach Qualities Removed. Perfected Tablet Called "Calotab".

The latest triumph of modern science is a "de-bittered" Calomel, known as the drug trade as "Calotab". Calomel the most generally useful of all medicines that enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use. In biliousness, constipation, headache and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its staining qualities with a swallow of water—that's all. No taste, no griping, no nausea, no salts, a good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Baptist Association Meeting at Summerfield Fine

A most interesting meeting of the Tierra Blanco Association of Palmer, Swisher, Castro, Randall and Deaf Smith counties was held with the Summerfield Baptist Church, about eight miles southwest of Hereford in the edge of Castro county, last week.

A number of the churches were represented by letter only, as the heavy rains of the night before in Castro and Swisher prevented the messengers getting over the roads. The introductory sermon was, in the absence of the annually appointed preacher, preached by the Rev. W. R. Hill, of Hereford, on the vote of the body. His subject was, "The Christians' Hope."

Rev. J. A. Lindley of Tulla was elected Moderator, succeeding himself. Miss Jessie Sisk was elected clerk, and Pastor B. C. Land of Tulla was chosen the Treasurer. Rev. W. R. Hill of Hereford was elected Chairman of Executive Board and H. G. Conkright of Hereford, Secy. Rev. J. A. Lindley is the Missionary.

The records gathered from the various letters show about two hundred converts baptized during the past year, and about five thousand dollars to missions and benevolence.

The meeting appointed Mrs. W. E. Hicks the W. M. U. District Director. Rev. B. F. Fronbarger of Canyon, to represent the Association at the next State Convention which meets at Galveston, and Rev. W. R. Hill to represent the district at the coming Southern Convention at Atlanta, Ga.

The next associational meeting will assemble with Tulla church in August, 1924. Pastor W. R. Hill was elected to preach the Annual Sermon at that time.

The messengers from the Hereford church were: W. R. Hill, W. E. Harrison, A. O. Thompson, John Swartz, Mrs. W. E. Hicks, Mrs. A. O. Thompson, Miss Eddie Connell and Miss Jessie Sisk. In addition to the messengers many of the members attended the different sessions as visitors.

All the different denominational interests were thoroughly considered.

Miss Jewell Gilbreath Weds Pecos, Texas, Man

A simple home wedding was solemnized at the home of Mr. and Mrs. Jeff T. Gilbreath at 3:00 o'clock Saturday, August 25, when their daughter, Jewell Browne, was united in marriage to

Lloyd Henry Rhodes of Pecos, Texas. The bride was charming in a golden brown costume and carried a large bouquet of bridal roses. They marched in unattended to the strains of Mendelssohn's Wedding March. Mrs. Merrill played softly during the ceremony, Rev. Paul J. Merrill, of the First Christian Church, officiating.

The groom is the son of Mr. and Mrs. W. R. Rhodes of Pecos, Texas. For the past few years he has been a successful teacher in New Mexico.

The bride was a member of the Hereford graduating class of 1920. Since she has attended Kingfisher College at Kingfisher, Oklahoma for two years, finishing last year at West Texas State Teachers College at Canyon, Texas, with her permanent certificate.

This marriage is the culmination of a college romance which was begun at Midland College, Midland, Texas in 1918.

Mr. and Mrs. Rhodes left immediately after the ceremony, amid a shower of rice and old shoes, for their home in Texico, N. M.

A guest.

Dimmitt People Hold Meeting on Proposed Railroad

Messrs. E. S. Ireland, J. E. Hill, Jeff Gilbreath and W. S. Higgins of Hereford attended a railroad meeting held at Dimmitt last Friday. Colonel Powell, promoter of the proposed Plains railroad, had asked the Castro county people to make him a proposition but it was decided to invite a proposition from him instead. Judge Kerr was elected delegate to represent the county at the hearing on the proposed line before the Interstate Commerce Commission to be held soon, and funds were raised to pay his expenses on the trip. Edwin Ramey was named alternate delegate.

Mrs. A. L. Gibson is Honored With Bridge Party

In honor of Mrs. A. L. Gibson of Wichita Falls, formerly of Hereford, some fifty or sixty guests enjoyed the hospitality of Mr. and Mrs. Homer K. Fox at a bridge party Friday evening, August 24. The party was tendered by Mr. and Mrs. Fox and Mr. and Mrs. Clifford Acker. Prizes were awarded to Miss Dean Dunlap and W. C. Pitman who won high and low scores, respectively. Mr. Pitman very generously (which is characteristic of Dubs) shared the Booby prize with all the guests.—Contributed.

Large Delegation Went to Lubbock Tech Jubilee

A large delegation of Hereford citizens represented the city at the Lubbock Tech Jubilee on Tuesday. Several cars left Monday afternoon while more departed during the early morning hours of Tuesday. In fact they left so early that no list of them was obtained and the personnel of the delegation will not be available until they return. The

Chamber of Commerce provided badges for all who went and wherever a Hereford man or woman is encountered in Lubbock on Tuesday the world will know where they hail from.

Ex-A&M Students Urged to Attend Banquet Amarillo
