CLARENDON, DONLEY COUNTY, TEXAS, FRIDAY, JUNE 18, 1909.

NO. 33

HEDLEY A HUMMING

That Busy Bustling little City is Moving right along—Will have picnic on July 3d

Hedley is located fourteen miles east of Clarendon and fourteen miles west of Memphis, in one of the richest and most beautiful sections in Donley county and is sure to make an important business point. The town has been somewhat handicapped by not having a depot but her citizens feel sure that they will have a depot in the near future. They are therefore going right on preparing to make permanent improvements. They have voted bonds for an up-to-date brick school house, and expect the bonds to be approved and sold and the house built for the coming session of school. The town has raised funds to build a large pavilion, has bought the ground to put it on and expect to have it built by July 3d, when they are going to have a rousing picnic and furnish one of the best dinners ever served in Donley county. E. R. Clark, one of Hedley's solid citizens, was here Tuesday and informed us that the railroad has given a rate of one and one-third fare for fifty miles each way from Hedley, July 3, the day of the big picnic. Every body and their folks are invited to be present for a general good time is expected. In addition to the splendor we get, there will be one or two speakers on live subjects. Don't forget the day July, 3. Oh yes! the train will stop at Hedley just opposite Main Street.

BANNER STOCKMAN:

Dear Sir:—Will you announce thru your valuable paper that the people of Hedley will pull off a big Picnic on the 3d of July, 1909. We have arranged with the F. W. & D. C. R. Y. Co. for excursion rates in a radius of 50 miles. Trains will stop at Hedley for the accommodation of passengers on that date.

We now have under construction a 60 x 80 Ft. Building for the accommodation of the Public

on that date, we will have notable speakers from over the state and plenty of Dinner for all who may attend. We promise a rousing time such as has not been had in the Panhandle for years. Come and help us make this day notable.

Yours Very Truly,
The Hedley Commercial Club.
O. H. BRITAIN, Sec.

Killed in Ft. Worth

Alvis Weatherly received a message Saturday morning that his brother-in-law R. L. Riggins had been killed Friday night in Ft. Worth, and would be buried Sunday. The details of the accident were not known until Monday, and it was reported that Mr. Riggins had been working when a large chain from a well derrick had fallen striking him on the head. Mr. Weatherly attended the funeral, leaving here Saturday evening. The Banner-Stockman extends their sympathy to Mr. Weatherly and other relatives.

From Southwestern.

A message to Dr. Burkhead says: "Sheffy tied for second on the Freshman-Sophomore Declamation Contest, and won the Magazine Medal." "Condon got second for the Poetry Medal, and has a fine chance for a Scholarship."

One of the magazine medals by the boys of Clarendon College speaks well for the English department of the college, which has always contended that the pen is mightier than the sword.

Boys will be Boys.

Vacation days bring boys to the fore. They will be more in evidence, playing out, going visiting and having company. Look to their appearance. They behave better when dressed well. Our Boys' clothing is good looking and the best on the market, and we stand back of them with a strong guarantee. Boys' suits, hats, caps shoes, shirts, etc.

Says Hayter Bros.

T. S. Kemp spent Monday in Memphis on business.

BUYS 857,000 ACRES.

Dr. Charles Young and C. C. Goodnight will Move Sheep and Buffaloes.

WICHITA FALLS, Texas, June 16—C. C. Goodnight, owner of Goodnight buffalo ranch in the Panhandle, and Dr. Charles Young, importer of Russian Sheep, and a Wichita ranchman, purchased 875,000 acres of land in Mexico across from Del Rio, in the old Trevino grant, to transfer the buffalo and sheep there. Seventy-five thousand acres is under cultivation and will be colonized. The remainder will be used for a ranch. Price not stated.

John Burson and wife were in the city Sunday from Silverton-visiting friends.

Mr. and Mrs. J. B. McLelland have returned from Dallas and Galveston. They attended the graduating exercises of Miss Lila McLelland, at St. Marys College.

Mrs. C. H. Booth, of Austin, wife of Rev. C. H. Booth, pastor of the University Church at Austin, arrived Wednesday to visit her parents, Dr. and Mrs. J. N. Eddins. Miss Claire, as she is generally known to Clarendon people, has many friends who are glad to see her home for a visit.

Pleasantly Entertained.

Tuesday eve the victorious side of the Sunday school class of Mrs. T. B. Pittman was very pleasantly entertained at the home of Mrs. Rhodrick, by the defeated side. Six weeks ago the class divided, the sides being under the leadership of Letitia Rhodes and Fenn Bourland. The contest was the gaining of new pupils, Miss Rhodes side being victorious. Eight new pupils had been gained in the six weeks.

The evenings entertainment being games and contests, and later ice cream and cake were served. A fine time is reported.

Under leadership of Misses Mary Rhodrick and Gracie Morrow the sides will again contest for six weeks.

Tuesday night as the crowd was leaving the show, Frank Amber started down the seats, when someone stepped on one of the boards just as he did, and the board broke, throwing Mr. Amber forward on one of the cross beams. He struck a rib, breaking it. Dr. Carroll was called and dressed the injury and reports that Mr. Amber is doing nicely.

Lightning struck J. A. Poole's windmill Monday night, and burnt the wire into and broke up the concrete foundation.

ALL NATURE SEEMS TO SMILE

As the beautiful rains descend and water our great and grand old country.

So do our many customers smile when they come in and find our prices so low. The very same goods, perhaps, for less money than usual.

We have good honest goods and guarantee our prices to all.

When in town give us a trial, if you haven't already, so we may all smile.

The Boys who sell the Best Goods For the Least Money,

WARREN & WEBB.

Epworth League.

The Senior Epworth League met Tuesday night at the church for the purpose of filling the offices made vacant by the departure of the college students, and to make plans for the summers work.

Following are the officers elected: President, W. M. Clower, First Vice Pres., Miss Dial, Second Vice Pres., Miss Claire Teague, Third Vice Pres., Miss Mable Smith, Fourth Vice Pres., Rev. J. J. Stanton, Sec., Miss Millie Baker, Organist Miss Harris, Treas. and Era Agent, Mr. Davis.

Following is the program for Sunday, June 20, 7 P. M.:

Subject, Rejected Opportunities, Mark X. 17-22. Leader, Miss Millie Baker.

What have been some opportunities in my life? W. M. Clower.

How shall we show gratitude for our opportunities? Miss Mary McLean.

Shall we not enter the open door Coopwood Perry.

The rejected opportunities cast a shadow over the life of the rejector, Miss Dial.

The program will be interspersed with songs and special music. Everybody is urged to attend.

'Surprise Party.

Tuesday night a large crowd of young people surprised Mr. and Will Dubbs with a party. Miss Davis was hostess and with her help Mrs. Dubbs entertained in a very pleasant manner. Games and conversation were the amusement and a fine time is reported by those so fortunate as to be present. At a late hour the guests departed declaring that the party could not have been more pleasant if preparations had been made for it, and that after all, a surprise party is the best.

Officers Elected.

Clarendon Lodge No. 700, A. F. & A. M., held their annual election of officers last night and the following were elected: C. P. Baker, W. M., John McLean, S. W., June W. Taylor, J. W., B. F. Smith, Secretary, W. H. Patrick, Treasurer.

Officers elected for the Clarendon Chapter No. 216 R. A. M., for the coming year are I. W. Carhart Jr., H. P.; G. W. Baker, King; N. J. Nelson, Scribe; W. H. Patrick, Treasurer; John McLean, Secretary; J. W. Morrison, G. W. Baker and John T. Sims, Trustees.

The June Bridegroom.

Deserves more consideration than he gets. We have borne him in mind. If you are it, call here before the ceremony. Bring your ushers along so that everything may be uniform—suits, gloves, hats, cravats, etc. All here at HAYTER BROS.

Just Look at This

It is wonderful what a loud noise a dollar makes these days—even the humble dime makes itself heard in no uncertain tones—Cash speaks with a tone so eloquent that when it speaks all other orators take a back seat—for a time.

We will sell you in mixed lots by the dozen or by the case

CANNED GOODS

that you ordinarily pay \$1.50 per dozen for we will sell you at \$1.25 per dozen. These goods are fresh and every can guaranteed to be good or your money back.

In this lot we will include—strawberries, blackberries, gooseberries, pie peaches, pie pineapples, Nigger head tomatoes, Shrivens a-1 corn, Kohinover corn, Empire kraut, hominy, Colorado peas, okra, pie apples, sweet potatoes and other kinds too numerous to mention. We will also make you

A SPECIAL PRICE

on any other goods in the house in quantity lots. Come to see us if you need groceries and we will trade.

E. M. OZIER

THE GROCERYMAN.

Cakes, Pies, Lightbread, etc. for your Sunday dinner as cheap as you can make them. Don't forget us.

Miss Lucy Martin and brother, Arthur, will leave Tuesday for an extended visit to Norfolk, Va., and other points.

Rev. J. D. White left this morning for Pampa, where he has an appointment tomorrow and Sunday.

Ralph and Jewell Kerbow returned Thursday night from a visit to McCauley.

J. H. Reeves and wife will leave Saturday night for a month's visit at Mineral Wells.

Rev. J. A. Zinn and family leave tomorrow for a visit at Dickens City. Misses Eva and Stella Doak will accompany them, and attend the summer normal at that place. They go overland.

Tomorrow at Bagbys will be a special sale day. Watch her show windows.

Miss Ella Dial will go to Wheelert tomorrow to visit a few days.

Courthouse Notes.

Business, as usual, is very quiet in Donley county court house circles.

The county commissioners have been in session this week as a board of equalization and notified about one hundred tax payers to appear and show cause why their rendition should not be raised.

They passed in an order to pay \$5 per month for a fire plug.

The pest house was sold to A. J. Williams for \$303.30, that being the highest.

Sheriff Patman arrested a woman at Rowe Ranch, last Sunday, charged with burglary and put her in jail. Her name is given as Lucile Hall.

There are only two persons in jail, the man, Rogers, charged with incest and the woman, Lucile Hall.

The tax assessors force are busy preparing to make the rolls for this year.

Rev. J. A. Zinn will begin a protracted meeting the first Sunday in July at the Chamberlain school-house.

Great 15 Per Cent Discount Shoe Sale.

We will sell for the next 30 days, beginning June 15, our entire stock of Boots, and Shoes at 15 per cent discount.

Our Semi-Annual Sales have proven a success and lots of people supply their wants in the shoe line during our discount sales.

Look at these prices and then come and see if we do what we advertise.

\$6.00 -	\$5.10	\$3.50 -	\$3.00
5.00 -	4.25	3.00 -	2.65
4.00 -	3.40	2.50 -	2.15

And others in proportion.

Our shoes are all marked in plain figures, and everyone can figure their own bill.

Yours for Bargains,
Rathjen's Shoe Store.

PURE, DELICIOUS, REFRESHING

That describes our Sodas, Sundaes, Ices, etc. Everything that enters into the making of our goods must be the best and we are careful about the sanitary feature too.

OUR SERVICE UNSURPASSED

There is a difference in refreshments: Ours will cost you no more than the inferior kind. We are sole agents for "Steffs Ice Cream."

THE

MONEY IN BROOMCORN.

Amarillo Plan Tells His Experience And Gives Facts. Not too Late to Plant.

"Casting about for a crop in which there is money—plenty of it and surer than wheat or oats and as sure as the 'rough feeds' for which this country is so widely noted," said A. J. Lundegreen of Amarillo, "caused me to take up the growing of broomcorn. The experiment proved a success. Not a mediocre success, but one of the permanent and satisfactory class.

"If I were to tell all of the details of success of the broomcorn industry perhaps there would be many who would doubt, but after experimenting with it I have this to say as to its worth. It will easily average \$20 per acre in broom stock alone. To illustrate this I will say that I am now offered 9 1/2 cents per pound for all that I have on hand. I have refused this offer for the very reason that I am operating in this city a broom factory and used all the stock I have.

1,500 Acres Next Year.

This year I am planting between four and five hundred acres, and to show those interested that I am not weak-kneed about the proposition after a tryout of four years, I will say that I intend to plant fifteen hundred acres next year. The dwarf variety is the kind to plant, and it is as easy of cultivation as kaffir corn, maize or sorghum. It is not difficult to harvest and the seed, of which there will be a yield of twenty to twenty-five pounds, make fine feed and may be used in connection with the broomcorn fodder which I always save. The livestock not only eat the seed, but the fodder, and keep in fine shape on it without the addition of other feed. I keep seventy-five cows and operate my dairy industry without the introduction of any other grain or roughness. The seed is crushed in order that the best results may be obtained from the feeding.

Timely Suggestion.

"I consider this suggestion about the planting of broomcorn timely just now. Any time this month will do for the planting. In fact I have planted as late as July 20, did it last year and was rewarded with an excellent yield. From the time of planting to that of harvest is about eighty or ninety days. If there are those who care to make a start in the growing of broom corn and have not the seed, they may come to my factory and receive them at 3 cents per pound. If they do not feel able to pay for them at this time, they may pay me when the crop is harvested. One bushel of seed will plant twenty acres. I think this should place the seed in the hands of all who care for it.

Warehouse Empty.

"As an additional reason for the immediate planting of this valuable crop, I would offer the fact that practically all of the warehouses of the country are empty and five years will be required for the filling. The fact that I have been offered the sum of 9 1/2 cents per pound for my present supply indicates the great demand for stock upon which to operate factories. Forty ton will be required for operating my factory at capacity from now until September 1. The sum of \$7,200 is the price for my stock at the figures offered.

Money in It.

"It seems to me," concluded Mr. Lundegreen, "that any man who has intelligence to hold title to land could see from the foregoing that there is money in growing broom corn and that he could have his feed extra for his trouble. The growing or the failure to grow the my crop by my neighbors of the Panhandle cannot in any effect me. I expect as a matter of fact to grow stock for my own factory, with perhaps a little to spare, and I am urging the general planting of it for the good of the planters as a whole. My factory is a

success. I sell my output as fast or faster than I can turn it out. The demand is increasing steadily. Many factories over the country have suspended operations for the very reason that they have no stock upon which to operate."

Mr. Lundegreen's farm and dairy are three miles northeast of Amarillo. Those who are skeptical regarding the manner in which this venture was carried on and proved profitable, are invited to take a run out and see for themselves. The sleek fat cows and other livestock offer evidence conclusive of the worth of the seed and fodder of broomcorn as fed by Mr. Lundegreen. He has made a success of it and he is ready to back his judgement that any other man can do as he has done. Further illustrative of his faith in broomcorn crop is the fact that he is planting nothing else upon his farm this year.

According to the statements of Mr. Lundegreen no country is superior to the great plains for the raising of broomcorn. It does not require a superabundance of rain while growing, and the harvesting is made all the more secure through the fact that the fall season is a succession of bright and cloudless days. Horses, cows, mules and hogs all thrive equally well on the seed and fodder of the broomcorn plant.—Daily Panhandle.

Anson Editor in Trouble.

Help! Help! This editor is in need of help. We need five thousand suggestions from our readers of an appropriate name for a boy. Possibly if you had a description of the lad it would enable you to select a fitting name; so will state that he resembles that "big rascal," Williard, and his papa in features, is hungry all the time, has a voice that would put the Anson Citizens Band to shame, sleeps only when others wish to be awake and plays a close second to his mother in ruling affairs about the place. His pace Tuesday morning was swift enough to beat the A. & N. train to Anson fifteen minutes. He is especially fond of liquid grub, but has never refused to eat anything offered him. We are now ready to take catnip, soothing syrup and paragon on subscription and want to contract for a forty acre patch of keen hickory limbs, with the privilege to use continuously for twenty-one years.—Anson Enterprise.

Painful Injuries.

A Mischievous boy in Gilead, Ohio, threw a stone and struck Mr. Jonadab Perkins in the alley-way last Tuesday.

While Miss Pearl Kinsmore of Fast Mind, was coming downstairs Tuesday she slipped and bruised herself on the landing.

Amos Mittleby of Woolspost Kans, while harnessing a fractious horse, was kicked just South of the corn crib. He is able to be about again.

Mrs. H. T. Binnich of Picketown, Wis., let a can opener slip Monday and cut herself badly in the pantry.

While Harold Green of Beulah, Miss, was escorting Miss Violet Gooch home from a sociable Saturday night a savage dog sat upon them and bit Mr. Green four times in the public square.

Joseph Tutt of Gimmsburg, Iowa, climbed on the roof of his house last week to find a leak and slipped and fell, striking upon his back porch and causing serious injuries.

Isaiah Trimmer of Dolbury, Neb. was playing with a pet cat Friday, when the animal scratched him on the veranda.—Swiped.

The Bob Dilworth place, south of the courthouse, has been sold to Mr. Mason, who has sold the house off the lot to C. W. Ryan. The house will be moved and remodeled and Mr. Mason will erect a handsome concrete residence on the lot, making quite an addition to that part of town.

To The Press of Texas.

There were two substantial church buildings in the path of the terrible Zephyr cyclone. They belonging to the Baptist and Methodist denominations, but were used by people of all creeds as a place of worship. They were both completely destroyed by the storm, together with more than half the houses of the town, and the congregations are unable to rebuild them. Every christian man and woman should be anxious to have an opportunity of contributing something to a fund to churches for the purpose of rebuilding.

It is proposed to have a hat collection taken in all the churches of the state at some early date for that purpose, and every pastor is urged to take the collection and remit the amount to Henry Ford, banker, Brownwood, Texas, stating the use to be made of the fund.

The papers of the state are requested to copy this notice—Brownwood Bulletin.

Church Plans Adopted.

The plans for the new Methodist church have been adopted, the architect employed and it is likely the contract will be let in July. The architect is Bennett, of Amarillo.

Over one-third of the funds have been subscribed, and the list is being circulated further. The work is being pushed and it is hoped that the congregation will worship this winter in a new church.

A Puzzle.

Here is a puzzle for everybody: Take the number of your living brothers, double the amount, add to it three, multiply by five, add the number of your living sisters multiply by ten, add the number of deaths of brothers and subtract 150. The figure on the right will be the number of deaths, the middle one will be the number of living sisters, and the one on the left will be the number of living brothers.—Chillicothe Hornet.

—Lawn mowers at Taylor & Sons.

Neville Williams went to Amarillo Sunday.

Geo. Ryan is home after a business trip to St. Louis.

Miss Ruth Atteberry is visiting in Amarillo this week.

Renben Leonard returned to his home near Floydada Friday night.

He has leased the Austin Arnold residence and will move his family into that next week. He is a bright young business man and we are glad to see him moving to Memphis.—Hall County Herald.

STRONG SERMON ON GREED.

Rev. O. P. Kiker Preaches on Greed From the Text, Proverbs 15:27.

The subject for the Sunday Morning Sermon of Pastor Kiker's was Greed and the text was announced, Proverbs 15:27. "He that is greedy of gain troubleth his own house."

The spirit of greed is not only trouble but is in itself a trouble producer.

A man is no more kind to his neighbor, than to his family, and trouble in the house or home means universal trouble.

Greed is an unlawful, unprofitable, indecent and soul-destructive desire for abundance of this world's goods.

The first trouble ever coming to the human family had greed in its make up, for we read that it was man's desire for those things which were not only forbidden but unnecessary for his good, that brought about his undoing.

Cain killed his brother, and we stand against such a deed but when we remember that it was a spirit of greed wherein he deliberately attempted to rob God of the more perfect sacrifice we see that greed was but a means leading to murder.

Looking back upon the dissension, which lived in the hearts of two brothers, Jacob and Esau, and how that their posterity took up the same feelings and how that the eruption came to be a matter of national import, we stand in wondering awe at the great sorrow and trouble caused by their estrangement, but we can trace the trouble back and back until it lived in the heart of Jacob as a little growing devil, know as Greed. Jacob wanted more than he needed or was entitled to.

The greedy man will make trouble in his community among his neighbors. Ahab was a great king and had need of nothing, his wife likewise was in the way

of affluence, but greed got into the heart of the king and he looked upon Naboth's vineyard with a covetous eye and then began following out the dictates of its ruthless demands. At first made legitimate proffers and asked Naboth to exchange his (Naboth's) vineyard for the same amount of land from himself or he, the king, would pay money for the vineyard. But Naboth would under no consideration give up the heritage of his father's, and the old king went to his chamber humiliated and chagrined, but his partner in the crime, his wife, came to his assistance and suggested a dirty intrigue against Naboth, the result of which was that Naboth was accused, by two degraded men, of some capital offense and their perjury aided the murderous and malicious spirit of covetous greed and Naboth was ruthlessly stoned to death, a victim of greed and the old king went down and confiscated the property and no doubt smiled upon his wife because they had attained the demands of greed.

Greed makes men and women petty liars and the sad termination of the lying of Ananias and his wife, Sapphira, lives on over and over again in the ways of greeds. They in company with others of the early church presumed to set apart their possessions for the promotion of the cause of Christ, and they having sold a piece of property hid away a major part and then came up to the altar and said "All on the altar" men could not attest this statement but the holy spirit smote them dead for their greedy presumptions at the altar.

The lowest "trust" in the world is when a man and his wife enter into a compact to deceive the people of the church about their givings and their ability to give. Here is a sample of modern meanness along this line. An innocent child who had heard the councils of the parents in regard to the building of a church went out and

said "My papa and mamma are not going to give a penny to the new church." Here is how they managed to keep from giving and at the same time persevere a church respectability. The father could not presume to take the responsibility for such a worthy thing and so he just left it to his wife and she playing well her part felt that as she did not hold the purse strings she could not presume to say how much. Such iniquitous conjunctions of a man and woman who desire church respectability and at the same time try to keep all they have at the expense of truth deserves the contempt of all fair-thinking people and the wrath of God.

People who will lie to keep their property are as consistent in keeping it under said conditions as they were when they got it by lying or in making false pretenses.

It has been said that real-estate men are a lying set and that the truth does not dwell in them. My experience has taught me that the owners listing their stuff, of whatsoever kind, are the liars and the real-estate men largely tell about property and values just what was told them and while the truth is not told, yet the fault lies at the door of the owner in most cases.

The thing you work the hardest to get is and will be the easiest lost. You work harder for gain than you do for grace. You strive more for worldly profit than you do for wisdom and peace. You lose sleep for worldly possessions and think not that when you have gained your desires it may be swept from you in a moment. Hear this story from the great earthquake that disturbed and destroyed thousands of people. The richest man in a certain island in the unfortunate belt had his millions destroyed in the space of about 20 seconds and out from the crush he limped, more naked than clothed and starving, to beg of charity a pair of shoes for his bare

feet. You will see men and women put all their savings for years in a costly home and thereby jeopardizing their spiritual good only to wake up to rush from it burning and scarcely to be saved themselves.

The ultimate aim and end of greed is to become rich. Grant the desire. Then hear the words of the Savior "How hardly shall they who be rich enter into the kingdom. It is easier for a camel to enter the eye of a needle than for a rich man to enter the kingdom of God."

Then from these facts and conclusions most people are rushing to get between themselves and God's kingdom, professing to want to get into the kingdom and yet constantly making impossible their getting in.

Christ said for us "having food and raiment to therewith be content" and I think it has been a long time since you had a real care for food and raiment. Some folks in this town seem to get that much without working any. The people are mad after gain or profit.

How much does a man have to have to be rich? The man worth \$25,000 will tell you that he is not a rich man that he would like to be and that he presumes a man worth \$50,000 would be considered rich. This kind of thing extends itself onward and upward. Some people talk very silly when they boast of what they would do if they were as wealthy as "so and so". This is rot and is a kind of flirtation for favors. In the first place they tell the truth in wanting to be as rich as "so and so" but depart from the truth when they say they would be liberal etc.

A rich man is one who has more of this world's good to day than is necessary for his maintenance and those dependant upon him, and who refuses to give God his tithe or just portion.

But some will say that I ought to work to day that tomorrow may find them prepared against poverty

etc. The good book says, "Having food and raiment therewith let us be content." "Give no thought for tomorrow what ye shall eat or what ye shall drink or wherewithall shall ye be clothed."

But some man will say I must work to day that my children may have a start in life. But the wise son looks on and smiles says really it means "You work today old man so tomorrow I won't have to." You should start your boy or girl in life to be industrious and if you give them hoarded wealth they will have no need to be industrious. You should teach them sobriety, but if you give a boy money that he labored not for, you make possible a life of dissipation and senseless living.

A man should administer on his own estate. Give the profit away for the glory of God and see the results of his scattering.

John Wesley dared not to enter the kingdom of god with chattels and bonds and titles for as money was put into his hands so he gave it to worthy causes and even the little things he had such as personal effects, table ware, etc. he made careful direction towards placing it where it would glorify God.

Clarendon, Tex June 18, 09

Plant broom corn yet.

Don't fail to read "Money in Broom Corn" in this issue.

Everything is favorable for Clarendon to get the West Texas Normal.

Peanuts and peas are both profitable crops and should be raised on every Donley county farm.

We hear many favorable things for Clarendon in connection with the location of the West Texas Normal.

The hen and cow, alfalfa and hogs will make any Donley county farmer independent if proper attention is given them.

Clarendon should have another clean-up day before the Normal locating committee come. She is already the prettiest town they will see but let us make her shine like new money.

Notwithstanding the pros of Coryell county had won two decisive victories over the anties in county elections the anties had another election last Friday and got snowed under to the tune of about two to one.

"City Builders" are those who do not hesitate to take hold of and help establish those things which pertain to the advancement of the particular town in which they live. Get behind with energy and the cash. That is what it takes.—Randle County News.

We acknowledge with thanks an invitation to attend the Coryell County Confederate Veterans Reunion, at Gatesville, August 3 to 6 inclusive. The occasion promises to be a very interesting one and we would very much like to attend and meet some friends of the long ago.

Will Clarendon celebrate the Fourth this year? Not a year since the founding of the town have Clarendon people missed celebrating Independence Day with a basket picnic, barbecue, or some other form of entertainment. Clarendon has a reputation for entertaining on the 4th and she should not fail to do so this year. Let's get busy and celebrate.

When one of these itinerant special booster edition fellows tell you he could have gotten his graft in on the Banner-Stockman you may know that he belongs to an "Ananias Club". Pretty soon after we embarked in the newspaper business we bit at such a sucker bait and the specialist got off with several hundred dollars and we got a deal of hard work. No, we are able to handle any edition of the Banner-Stockman we want to get out and it is our policy to keep all the money that comes our way in the town.

When any party tells you that the paper he is representing in Donley county has 1500 subscribers, ask him where they live, and when he says in Clarendon and Donley county, inform him that the tax rolls of the county show that there are but about half that many poll taxes paid in the county. If there are only about eight-hundred poll tax payers in the county it is a dead cinch that there are not more than about eight-hundred house-

holds in the county and, unless a publication is so excellent that it takes two for each family, no paper can have 1500 subscribers in Donley county. Of course you as advertisers will not expect much results from advertisements read by non-residents. The Banner-Stockman has as large or the largest circulation in the county and could not think of claiming 1500 subscribers. This paper has been over sixteen and a half years building up its circulation and that too with the hustling John Cooke at its helm for the last nine years. Mr. Cooke has been away five and a half months and the present management has been in charge the same time, and while we have added three new subscribers for every one we have lost yet we can't, in the interest of truth and justice, make such claims.

Childress will have the honor of entertaining the northwest Texas Press Association in August and should improve well the opportunity. The members of this influential body have been promised the time of their lives when they come to Childress and the Post feels sure the town will make good. Be it further remembered that these newspaper people have for years been accustomed to the best of treatment wherever they might go and it will never do to lower the standard. Last year Clarendon did the handsome thing for the editors—in fact left nothing undone—and we feel sure Childress will come up to the record. Editors are great talkers, and writers to, and it pays to treat them well whenever you meet them.—Childress Post.

One reason why so many boys and girls and men and women, too, are uninteresting, is because they try so hard to be like somebody else rather than to be content to remain themselves in life. In nature you don't see an oak posing as a willow, or a black duck as a yellow leg, or a horse as a cow, or a dog as a cat. Be natural and you will all right. Many a girl without the slightest talent for for music is running a piano who should be making bonnets or bread; and many a boy is studying for a learned profession whose proper sphere is in the machine shop or mill, many a man is splitting up churches who ought to be working on a farm, and many a woman is trying in vain to be a leader in society when she should be a model housewife in a house of her own.—Palmer Rustler.

Yes the above is very true, but did you ever happen to think of the poor loonies trying to run newspapers who ought to be in the "bug house."—Benjamin Post.

The Banner-Stockman has been urging the farmers of Donley county to plant broom corn. We are glad to say that some interest has been aroused and some farmers have planted and others wanted to plant but could not get seed. In this issue we publish an article from the Daily Panhandle giving the experience of Mr. LundeGreen with broom corn and broom making. The article is worthy a careful reading by every farmer in Donley county. His experience can be the experience of any man who will put the matter to a test. Read the article and order seed and plant.

Alfalfa Pays.
The Banner-Stockman has been insisting upon the farmers who have alfalfa land planting it. There is no one crop that will pay better in Donley county. As dry as it has been this spring we are reliably informed that E. H. Kennedy, of Lelia Lake, cut out and baled eleven tons and eight-hundred pounds from six acres of ground. Mr. Kennedy received \$15 per ton on the car at Lelia Lake making the first cutting from the six acres being \$171. The six acres will yield at least two more crops and suppose the next two crops are not any more than the first that will make \$242-40.33 1/3 per acre. Of course there is some expense in cutting and baling but it can not exceed \$50. Alfalfa and hogs are winners in Donley county sure.

Singing Convention.

There will be a singing convention at Lelia Lake the Fourth of July, which is the first Sunday, a more extended notice will be given later.

J. A. Emery of Goodnight spent Wednesday night in Clarendon.

Rev. C. N. N. Ferguson, left Thursday morning for Plainview.

Our 5 and 10 cent counters are loaded with useful things at Bagby's

We have been informed that Dr. Pennock is well pleased and we believe he will do well here.

Mrs. J. G. Shephard, returned home Thursday from Memphis, where she visited her son, Ben.

R. C. Dial will hold a field day prohibition rally Sunday at Shamrock. Monday night he will speak at McLean.

Mrs. H. C. Johnson, mother of county treasurer Gus Johnson came in from Hedley Thursday for a visit with her son.

Miss Annice Patterson of Amarillo, who has been visiting the family of her Uncle, G. S. Paterson, for a month, went home Thursday.

J. D. Camp came in from Wellington Wednesday night, he says that the dirt has been broken for the new railroad and the grading is going right along.

Charlie Weaver and wife of Claude were with the Bob Howe wedding party Wednesday evening and returned home Thursday. Mrs. Weaver is a sister of the groom.

H. T. Hastings, of Clarendon is visiting his brother, J. R. Hastings, in Dimmitt this week. He won the gold medal at the Clarendon M. E. S. College this year on literary.—Dimmitt Plainsman.

Roy Stevens left Tuesday for Dalhart where he will work this summer. In the list of appointments for officers at the A. & M. College at Bryan for next year he received the appointment as Second Lieutenant.

E. A. Taylor and Mr. Tally of Clarendon, spent Friday and Saturday in Memphis talking a new patent on steel tempering which they have recently patented.—Memphis Democrat.

Did you see the Window Trim of Arrow Brand collars at Hayters? Over 4000 collars on display. The Arrow brand collar is the best 15c, two for a quarter collar, on the market today. They carry them in quarter sizes.

A. M. Smith returned Thursday morning from Georgetown and Dilly, at the former place he attended the graduating exercises of S. W. U., where his daughter, Miss Smith graduated in art. At Dilly Mr. Smith visited a brother.

It's about this date that trousers get house-sprung, shiny, thread-bare. A pair of new Dutchess trousers will give you a new suit effect. Dutchess trousers at Hayter Bros. is 10 cents a button and \$1 a rip.

G. W. Young, of Graef, was in the city Tuesday and called at our office. He says the rains have been great help to the crops and have been abundant. He thinks there are splendid indications of coal, and being from Colorado he is familiar with coal fields.

W. C. Wyatt and F. B. Hudson, of Brice, were in the city Monday night. Mr. Wyatt made a very pleasant call on the Banner-Stockman and gives a fine report of crop prospects in his community. He says the hail did considerable damage to some crops but did not injure others.

Farmers.

When in town go to Bagby's new Racket store, if prices are not right don't buy.

Registered Duroc Jersey Hogs for sale. Will breed "Texas Wonder" No 85537.

Hayter Brothers

Modern Clothiers

COUNTY NEWS

By our Correspondent.

Naylor Notes.

We have had quite a lot of rain in the past two weeks. The river has been on the boom and a certain young man must have had an engagement with somebody Sunday or he never would have tried to cross the river. I will add that he bogged down allright.

The farmers here about look like the pictures of the "Billy Possums" I see in the paper, they wear such grins over the recent rains. The grass is growing fine, and the cows seem to enjoy that.

A crowd of young people seemed to enjoy themselves very much at Naylors Spring Sunday.

Mr. Greer has a mighty pretty crop and Mrs. Greer has the most chickens, the hill side is covered (almost) with them. That is by way of diversifying.

Mrs. Frank Kendall visited the family of Roy Kendall this week.
SALLIE SQUIGGINS.

Graef Gleanings.

The smiles of the people here about have changed to real loud laughs, since the heavy rains of the last few days.

Every body in this part seems busy putting in water gaps and fixing the roads.

Mr. Sam Burt has a fine horse sick and reports him better.

Messers Wolfenburger and Ickenburger were out buying cattle we saw them driving a buic Monday evening.

L. M. Butler made a business trip to south-east Texas last week.

We understand there has been some land changed hands in the past week. Land here seems to be in good demand since the coal boom is on.

When ever we want a good all night's rain we just get W. E. Ward to get some ice cream, as he

did last Saturday night, and had to entertain the guests all night, as it rained all night.

Joe Burt says he never thought much about getting married until the last six weeks since he has had to batch, he now thinks if he can find a girl in the same notion he will get married, if there are any ladies wanting to get married now, just call on Joe Burt.

OLD-TIMER.

Rowe Ramblings

Our long looked for and needed rain came at last. It hailed some here Saturday night but not enough to damage crops much.

Hamy Black was over Sunday from Windy Valley.

Rev. Mood, a Methodist minister of Hedley filled his regular appointment here Sunday at 3 o'clock.

Mr. and Mrs. Sam Prescott were in Clarendon last Monday.

Several young people from Hedley were at preaching Sunday eve.

Lester McCormick of Midland, arrived here Sunday morning. He is the guest of J. C. Craddock, formerly being an acquaintance of Mr. Caddocks father, formerly of Midland. He likes here very much and may go in business in Donley county.

Misses Lella and Ona Boaz entertained their young friends Saturday night with an ice cream supper, all enjoyed them selves.

Mr. McCormick says that a storm blew the car he was in off in the Brazos river and killed one man. We are glad that Mr. McCormick escaped unhurt.

Messers Scales and McCormick went to Clarendon Monday.
A ROWE CITIZEN.

Lelia Lake Locals.

At the home of the brides mothes Mrs. J. R. Leathers, on July 11, Eld E. H. Kennedy said the words which united Miss Myrtle Leathers and Mr. J. C. Christal in the holy bonds of wedlock. It being a very quiet wedding owing to the

illness of the bride who is yet very ill. The bride was one of Lelia's most charming ladies, and we will miss her from our circle. They will reside in Hutchinson county in the future.

Miss Johnson, of Memphis who has been visiting her sister, Mrs. Hugh Braly, of Windy Valley, returned home Tuesday.

Mr. and Mrs. Andrew Donell, and Mr. and Mrs. Artie Clark visited at the home of C. M. Shooks Sunday afternoon.

Mr. Barker and family spent Sunday at Phillip Jacksons.

Mr. and Mrs. Bob Tyler, of Mexico, are here visiting home folks.

H. E. Kennedy shipped a car of Alfalfa to Memphis last week.

E. R. Shook visited his cousin Oscar Naylor, Sunday.

Mrs. Shephard, of Clarendon, visited Mrs. Tyler this week.

Miss Moody Kennedy spent a few days in Clarendon this week, visiting her sister, Mrs. T. B. Lumpkin.

Emmet Mace is very sick again. The singing at Mrs. Creals Sunday was enjoyed.

Mr. and Mrs. Jim Warren of Clarendon spent Sunday with home folks.

Miss Jeffie Creal was appointed organist of the Lelia Sunday school.

Miss Kate Reid visited in Clarendon this week.

Misses May and Zella Jackson were in Clarendon last Saturday.

Mrs. W. T. Kennedy called on Mrs. Frier last Sunday evening.

Invitations have been issued for a reception in honor of Miss Hal-lye Hudson, of Ryan, Okla., who is the guest of the Misses Dodson.

In an eleven inning ball game last Saturday between Goodnight and Clarendon the former were winners by a score of 6 to 3.

NR and TUCK.

Pressing Down Pains

are a sign of serious female complaint, that should have immediate attention.

If you begin in time, you can generally treat yourself at home, without the need of consulting a physician, by the regular use of Cardui, the well-known remedy for women's ills.

Composed of purely vegetable and perfectly harmless medicinal ingredients, being, besides, a gentle, non-intoxicating, strengthening tonic.

WINE OF CARDUI WOMAN'S RELIEF

relieves all female complaints. "My wife," writes John A. Rodgers, of Hampden Sidney, Va., "was nothing but a walking skeleton, from female trouble. She suffered agonies with bearing-down pains, backache and headache. Doctors failed to relieve her, so she took Cardui, and is now entirely cured."

About Good Roads

Interlachen, Fla.

—Editor Banner-Stockman:

Dear Sir:—I lived in your town about three years ago and feel that I was never among better people; but I was surprised at their decision in voting on bonding your county for good roads, and feel that you should urge them to try again, as I feel that on that great and beautiful spot that God has so graciously given them, they should have good roads when they are so very able to have them. Bond their county for two to five hundred thousand dollars and instead of taking good horse teams like they have just take Automobiles and skip over the country in a few minutes. It is wonderful to have the pleasure of good roads after pulling your teams for several hours through heavy sand.

Yours Truly,
W. L. POWELL.

J. A. Turner's family joined him here this week and will make their home, he having accepted a position at the coal chute.

Mrs. Beckner has returned from a visit in the eastern states.

If Your Eyes Trouble You

Call on C. N. Bushnell, the graduate optician, at Dr. Stocking's store, Clarendon, Texas. Eyes tested free. Glasses scientifically fitted when needed. Satisfaction guaranteed.

We have a new Oliver No. 5 improved typewriter on hand and would like to show it to you.

Banner-Stockman.

A Rare Bargain.

640 acres of mixed land in Donley county ten miles from the railroad at \$13.50 per acre. Has three room house, well and mill, soft water, fenced and crossed fenced, two miles to school house, in good community. This land is all paid out. If this strikes you hurry up. Will cut. Address this office

—Don't send away for odd sizes and extra weights in doors when H. W. Kelley will manufacture them for you at home, saving you the freight.

Feed Delivered Anywhere in Town

REV. T. B. PITTMAN D. D.

Rev. T. B. Pittman, D. D., pastor First Baptist church of Clarendon, Texas, who is to conduct the following meeting is a Tennessean by birth, a Texan by adoption, and a Baptist by grace. He received his literary education in his native state, after which he attended the Southern Baptist Theological Seminary, of Louisville, Kentucky. He graduated from this school in the class of '84. He has read the New Testament through once a month since 1888, and is considered an authority upon questions of New Testament interpretation. His pastorates have been among the strongest and most prominent in the state. His last pastorate (First Church, Ferris, Texas) he held for seven consecutive years. The above is condensed from a biographical sketch of Pastor Pittman, prepared by Prof. A. L. Malone, of Ferris, Texas.

Pastoral Letter by T. B. Pittman.

Dear Brethren:—Remember (1) that one of the most important things in this world is a genuine revival of religion. By this means nearly all other things desirable can be obtained. A revival of godliness among the people of the United States would quicken the public and private conscience, would impel the people to live by the principles of Christianity, and this in turn would bring the speedy adjustment of private and public troubles. A revival of religion helps every legitimate business, stimulates the people to think and act in scriptural lines, saves souls and above brings all glory to God.

Remember (2) that the means of a revival is: The Spirit of God, the word of God and the people of God. These three are indispensable. The Holy Spirit to quicken, the word to give power and direction, and the people of God as a channel through which God ordinarily conveys his blessings to humanity. Paul became all things to all men that he might by all means save some—he, simply as an instrument. (1 Cor. 9:22.)

Remember (3) that, while the meeting will be conducted by the pastor and the church, all the people

of Clarendon and surrounding communities are earnestly invited to attend and co-operate with the church and pastor in the meeting. We wish to make this a meeting of the people and for the people and by the people. Every unconverted person, and all families who have loved ones among them not saved, have hereby a pressing invitation to be present. We hope to see a large number present from the Hedley community, the Rowe, Chamberlain, Martin, and from all other communities adjacent to Clarendon. Come and be welcome.

And remember lastly, that if the meeting is to be what it ought to be, the members of the church must give it their constant presence, their prayers, their sympathies and hearty co-operation. Remember that the church is depending upon you.

In order that there may be siting room for all, the church has built adjacent to the church building large tabernacle, capable of seating more than a thousand persons. The meeting will be held in this tabernacle.

Fraternally,
REV. T. B. PITTMAN,
Pastor First Baptist Church,
Clarendon, Texas.

The Under Trash.

Most every town awakes occasionally to the unsightliness of the "Top Trash."

Town pride revolts at the presence of tin cans and blowing paper. This brings about "clean up" proclamations and the people rake up and haul off the accumulation of the days. Of course there are a few people who are so prone to filthiness and are so satisfied to live in dirty conditions that they refuse to get in line and put themselves in the contempt of all clean folks. But granting that all the unsightly trash of the town has been carried away the fact now confronts us that still, unhealthy trash remains.

A town is made beautiful by removing the top trash but does not remove the real cause of the disease which lurks in the germ producing and rotting trash that is lying around in the lots and back yards and hitching rendezvous and town stables. There are little stagnant cess-pools where the dangerous

mosquito is bred and in the cover of decaying substances of stables and barn yards millions of flies are coming forth, to pick germs of diseases from stagnating retreats and get into your home and on the very food that you eat and put their dirty feet in the cup that you drink from and while you are a sleep walk over your very lips and if there is an infected spot or broken skin they will plant the typhus germ there or other as deadly.

Now lets get down to bottom cleaning. Moulding filth is the breeding place of flies and such should be carefully disposed of even the barrels and boxes where you place the cans may become a place where vermin may be produced. Every upturned can has been catching water during the rainy season and now unless they are turned over mosquitos will soon infest the whole place. "Lets get the bottom trash removed."

M. W. Maxwell and John Clark, of Quail were in the city this week.

REVIVAL MEETING.

At the First Baptist Church of Clarendon, Texas, Beginning June 20th 1909, and Continuing Two weeks or Longer.

The following subjects will be discussed:

Sunday, June 20.

a. m.
11:00 The Revival on the Day of Pentecost. Acts 2:1.
p. m.

8:00 Joshua's Choice. Josh. 24:15.

Wednesday

a. m.
10:00 Christ's People—Why They are Left in the World. Jno. 13:1.
p. m.
8:00 The Lord's Side. Exod. 32:26.

Thursday

a. m.
10:00 Solicitude for the Salvation of Others. Rom. 9:1-13.
p. m.
8:00 The Description and Fate of Ungodly Men as Given in the Letter of Jude. Jude 4-19.

Friday

a. m.
10:00 The Characteristics of the New Testament Church of Thessalonica. 1 Thess. 1:2-3.
p. m.
8:00 God's Punishment of the Angels, the Antedeluvians and of the Cities of Sodom and Gomorrah, a warning to the Ungodly of the Present. 11 Pet 2:4-6.

Saturday

a. m.
10:00 Friends Bringing Their Neighbors and Loved Ones to Christ. Luke 5:18-26.
p. m.
8:00 The Choice of Moses. Heb. 11:24-26.

Sunday, June 27

a. m.
10:00 Let him Alone or Ephraim Given Up. Hos. 4:17.
p. m.
8:00 Souls Converted and Sins Hidden. James 5:19-20

Monday

a. m.
10:00 How to Keep Clear the Evidence of Our Acceptance With the Father. John 7:17
p. m.
8:00 A Question in Profit and Loss, or What Shall it Profit a Man to Gain the Whole World and Lose his Soul—a question by Christ. Mark 8:36.

Tuesday

a. m.
10:00 Paul's Prayer for the Church of Philippi. 1:9-11.
p. m.
8:00 God's will as to those who behold Jesus Christ and believe on Him. John 6:40

Wednesday

a. m.
10:00 A Gracious Promise to those Who Sow. Ps. 126:6
p. m.
8:00 What Christ is to all Who Obey Him. Heb. 5:9.

Thursday

a. m.
10:00 A sermon to women—How they can Especially help the cause of Christ. Luke 9:1-3
p. m.
8:00 The Finished Product of Sin. James 1:15.

Friday

a. m.
10:00 Some Things about the Righteous Mentioned in the First Ps. Ps. 1:1-3
p. m.
8:00 How Saul, King of Israel, Lost his Kingdom and Possibly his Soul. 1 Sam 1:5-19.

Saturday

a. m.
10:00 A People for Christ's own Possessions zealous of good Works. Titus 2: 14. No Services at night.

Sunday, July 4

a. m.
11:00 A Gracious Invitation to the Weary and Heavy Laden, or How to find Rest. Matt. 11:28
p. m.
8:00 The Saints Home Going, or Departing to be with Christ. Phil. 1:23

Commendations of Dr. T. B. Pittman, His Preaching and Methods of Work.

"For seven years Dr. Pittman has been pastor of First Baptist Church, of Ferris, Texas. These have been years of phenomenal growth. He is regarded by all who know him as one of the ablest theologians of the state. Evidently he has not a superior in all the state as an interpreter of the New Testament Scriptures. He is an eloquent, pleasing and effective speaker."

Signed by:
PROF. A. L. MALONE,
T. J. WEATHERHEAD,
J. T. WEBSTER,
W. E. WEATHERHEAD,

and other deacons in the Baptist Church of Ferris, Texas.

"This will be handed you by Mr. T. B. Pittman, whom I have known most favorably for many years. You will find Bro. Pittman that beautiful type of Christian gentleman that is so admirable (and I might say even enviable.)"

Signed by W. H. FUGUA,
President First National Bank, Amarillo, Texas.

I have personally known Rev. T. B. Pittman for fifteen years or more, and it is with much pleasure that I can testify to his good

B. Y. P. U. Program.

Make the trip pleasanter. Don't let your suit cases be lonesome. Introduce it to a smiling assortment of half hose inviting colors and designs. High steppers. Plenty of handkerchiefs needed these days—friends of the moist brow.—HAYTER BROS.

Property Owner's Notice.

To whom it may concern, greeting:

Notice is hereby given the property owners of Donley county, Texas, who may be interested, that the Commissioner's Court, of Donley County Texas assembled as an equalization board for Donley county, will meet at the court house of said county, on June, 29th and 30th, A. D. 1909. And in pursuance of an order of the above court in open session assembled on June, 14, A. D. 1909. All interested tax payers of said county, are hereby given notice to appear before the Honorable Commissioners Court of Donley county should they deem fit so to do, on either of the above said dates.

In testimony whereof witness my hand this 18th day of June, A. D., 1909.

WADE WILLIS,
County Clerk.

Mrs. C. S. Hardy and daughters, Mary and Mabel, left Wednesday for their home at Plainview.

Married at Stratford.

R. H. Howe, son of J. H. Howe, of this city, was married at 12 o'clock Tuesday to Miss Carrie Gilmore, at the home of W. B. Morris, in Stratford. The ceremony was performed by Rev. A. W. Waddell in the presence of only the relatives and a very few intimate friends. After the ceremony and dinner the bride and groom came to Clarendon, arriving here on the south bound train.

The bride is from North Yakima, Washington and is a lovely woman. For the wedding she was gowned in pale blue, and looked every lovely. Although she is a stranger here she has made friends of all who have met her.

Mr. and Mrs. Howe will leave here Wednesday for a trip to Seattle, where they will see the Yukon Fair, remaining there about six weeks. The Banner-Stockman extends best wishes to the happy couple.

J. C. Guess went to Goodnight Wednesday.

We will Appreciate Your Account Irrespective of Amount

H. D. RAMSEY, President. P. R. STEPHENS, Vice-President
WESLEY KNORPP, Cashier.

P. P. P.

P. P. P. will purify and vitalize your blood, create a good appetite and give your whole system tone and strength.
A prominent railroad superintendent at Savannah, suffering with Malaria, Dyspepsia, and Rheumatism says: "After taking P. P. P. he never felt so well in his life, and feels as if he could live forever, if he could always get P. P. P."
If you are tired out from over-work and close confinement, take
P. P. P.
If you are feeling badly in the spring and out of sorts, take
P. P. P.
If your digestive organs need toning up, take
P. P. P.
If you suffer with headache, indigestion, debility and weakness, take
P. P. P.
If you suffer with nervous prostration, nerves unstrung and a general let down of the system, take
P. P. P.
For Blood Poison, Rheumatism, Scrofula, Old Sores, Malaria, Chronic Female Complaints, take
P. P. P.
Prickly Ash, Poke Root and Potassium.
The best blood purifier in the world,
E. V. LIPPMAN,
Savannah, Georgia.

P. P. P.

Makes Marvelous Cures in Blood Poison, Rheumatism and Scrofula.
P. P. P. purifies the blood, builds up the weak and debilitated, gives strength to weakened nerves, expels disease, giving the patient health and happiness, where sickness, gloomy feelings and lassitude first prevailed.
In blood poison, mercurial poison, malaria, dyspepsia, and in all blood and skin diseases, like blotches, pimples, old chronic ulcers, tetter, scald head, we say without fear of contradiction that P. P. P. is the best blood purifier in the world.
Ladies whose systems are poisoned and whose blood is in an impure condition due to menstrual irregularities, are peculiarly benefitted by the wonderful tonic and blood cleansing properties of P. P. P., Prickly Ash, Poke Root and Potassium.
F. V. LIPPMAN, SAVANNAH, GA.

COPPER IS KING.

We are offering a limited amount of

Treasury Stock 10c a Share.

Par Value \$1.00 per Share, Full Paid and Non-Assessable.

Every Sound Investment.

Every sound investment has for its basis a careful study of facts and conditions. On no other basis can any enduring success be hoped for. The officers and directors of the Cobre Grande Copper Company are presenting the facts which have formed the basis of their own confidence in the present undertaking.

Location of the Cobre Grande.

The property is about sixteen miles south of Douglas, Arizona, the great smelting center of the Southwest. It is also 4½ miles east of Cullona Station, on the Nacozari Railroad, at present the nearest shipping point; however, the Southern Pacific Railway, which is now building its road into Douglas, will come within one and a half miles of our property.

A Rich Copper District.

The range of mountains in which this property is located, is a continuation of the Chiricahua range, in which so many valuable Copper and Gold properties have been recently located. As far as known, the entire belt is highly mineralized, the country rock being identical to that of the Bisbee District in its formation.

The country generally is cretaceous of the Mesozoic period; the ore throughout the district makes in lime on a porphyry or granite contact with occasional outcropping of an intrusive porphyry. The lime-stone and iron cap comes up in reefs and dykes. The granitic overflow is apparent over large areas, and wherever this occurs, combined with porphyritic croppings and iron, it is absolutely sure.

There is a Large Bed of Copper Ore Beneath.

In accordance with geological law each of the openings made showed these material facts, the vein being three and a half to four feet wide at grass roots, widening out as descent is made.

AGAIN, it is a geological law that in all molten metals the heaviest lies the lowest. Now the mighty pressure of the deep waters of the Pacific Ocean, ages ago, reached down to the bed of gold and forced it upward with the copper. Hence in sinking the shaft

Anywhere in the Copper District

Gold will be found at a depth of one to two hundred feet in sufficient quantities to meet or more than meet all mining expenses, leaving the

Copper a Clear Profit.

A well-defined and heavy mineralized ledge shows outcrops over the entire surface of the Cobre Grande property and extends along its entire length, showing surface measurement across the outcrops of from 75 to 100 feet, highly mineralized the entire width.

The strike of the ledge is east of north and west of south, and the vein stands nearly vertical, being about five degrees to the northeast.

These statements are taken from reports made by expert mining engineers and geologists. Various assays have been made of our ore, showing very rich copper values, together with good gold and silver values. These documents are on file in our office and will be gladly exhibited to anyone desiring to investigate our statements.

Here Lies the Greatest Mineral Deposits Known to the World.

The statements are not based on theory, but have been absolutely demonstrated. It is a fact without exaggeration that the Copper Queen Smelter, located 15 miles from the Cobre Grande property, handled more copper under one roof last year than any other smelter in the world.

This rich mineral zone is many miles in width and follows in general a northerly and southerly direction.

It is a broad statement, nevertheless true, that among all the mines of this district there has NOT been recorded A SINGLE FAILURE where development work has been continued down to the depth of known and permanent values.

In this great Copper Belt, millions and millions of copper, gold and silver have already been taken out. The Copper Queen, the Calumet and Arizona and the Shattuck mines are just to the west of our property, the Cananea mines to the south and west, the wonderful Montezuma Copper mines to the south, the El Tigre gold and silver mines to the east and south, the rich copper mines of Morenci, Clifton and Globe to the north and east.

We Ask Your Consideration on the Proposition As Set Forth.

(1) The location of the Cobre Grande in the midst of the great copper producing district.

(2) The extent and richness of our ore in copper and gold, and the geological law for the vein to increase in width and value as shaft deepens, as has been demonstrated in mines near our property.

(3) The proximity of the mines to the smelter, with railroad transportation at our very door.

(4) Perfect title in the name of the company and free from all incumbrances.

(5) The absolute law of the company to allow no incumbrance to be placed upon the property of any character whatsoever. WE WILL NOT GO IN DEBT.

(6) No preferred stock or bonds. All stock full paid and non-assessable.

(7) The present low price of a limited amount of stock. Act promptly.

Write for Free Prospectus.

Dallas, Texas, May 20, 1909

Cobre Grande Copper Co.,
Dallas, Texas.

Gentlemen:—

I have just returned from a trip to Sonora, Mexico, where I went for the purpose of an examination of the properties owned by our Company. We made a thorough examination of these properties from a practical-business standpoint, and I unhesitatingly say that this Company has a splendid opportunity to make a grand success and earn dividends for each and every stockholder.

While there I also visited one of the largest smelters, and saw the ores, and it is my opinion that we have ore of a better grade than any I saw at the smelters yards. I have invested money in this enterprise and am well pleased with my investment, furthermore I give my endorsement and unhesitatingly recommend this proposition as a meritorious one to anyone who is interested in an investment of this character.

Yours very truly,

W. S. KIRBY.

MINES IN CANANEA DISTRICT, STATE OF SONORA, MEXICO

Transportation Facilities

We invite your special attention to this feature, as the matter of transportation is a most important factor in the mining industry. Our properties are not inaccessible, requiring long, tedious journey over the mountains on burros, but easy of access, being already only 4½ miles from the railroad, reached by a good wagon road to our property. We also have a good wagon road to Douglas—16 miles distant.

The Southern Pacific Railroad, now building into Douglas, will run within a mile and a half of our property.

This is not a matter of probability, but evidenced by the work already in progress. Many mines have made wonderful successes even though far removed from railroads and smelters necessitating the marketing of their ores at tremendous costs, where timber and water had to be obtained from a great distance.

Can we not succeed having transportation at our very door and only a short distance to the smelters?

Other Advantages possessed by the Cobre Grande

Water is conveniently at hand. An abundance of wood for fuel is also available in the vicinity.

Timbers can be shipped at a reasonable price, but owing to the nature of the ground but little timber is required for mining operations. We have an ideal climate, being no interruptions of work on account of weather conditions during the entire year.

Native labor of excellent efficiency is also constantly available at low cost and unattended by strikes, etc.

Titles to Property.

This company is not operating on a lease, bond or option, but owns this property by authority of the Mexican Government, signed, sealed and delivered to us by its proper officers.

The title to this property has been fully investigated and passed upon by the highest legal authority in the country and is in the name of the Company.

To our READERS AND THINKERS, having secured this valuable property now wholly free from any liability and which we assure you shall forever be kept from "Earth-quaking Bonds," attachments or legal entanglements, we come to you offering a limited amount of stock, at a small percentage of its real value, to put this magnificent property upon a good dividend paying basis.

We want engines, boiler, hoisting machinery, tramway, mine cars, and lastly, a tram road from mines to connect with the NEARBY RAILWAYS, thus enabling us to discharge the valuable product of our mines direct to the smelters, less than twenty miles distant.

We believe that within six months the mines can be made free from further stock sales, in which case the stock will command par or above.

If you have never really considered a mining investment as a means of increasing your savings, we urge that you do so now. Cobre Grande Copper stock, at the price it is now offered you, presents an exceptional opportunity.

There are no encumbrances on the property, no preferred shares and no bonds to come first in the division of profits, and your shares will earn as much as a like number of shares owned by any other member of the Company.

All stock is fully paid and non-assessable, as stated in each certificate. Each share carries with it the right to vote, so that with a single share you have every right, privilege and protection possessed by any other stockholder.

Without exaggeration we have presented you with facts concerning the merits of our proposition and for your information have furnished you with correct data regarding the tremendous fortunes which have been made by other companies in our immediate vicinity. In this connection we beg to state that it is our intention to conduct the business in a conservative manner, and protect the interests of all stockholders. We are investing our own money in this enterprise, which is the best evidence of our good faith, and in offering you this stock we present it as a solid and safe investment, not as a speculation.

Warm Weather Wisdom.

Eat discreetly, exercise lightly and wear cool clothing. When it comes to summer attire, we're here with the goods. Warm weather wearables for all ranking at—

HAYTER BROS.

The Art of Celebrating.

Don't burn up your money on the Glorious Fourth. Put some of it into a good knock-about suit with the right hat and hose too.

Fine for lounging in the morning, the game in the afternoon and the fireworks at night. Equally if you ride the wheel. You can't celebrate up to the capacity of a free and independent American if you wear too conventional togs. Dress free and easy, let your self out and don't care what happens. We'll outfit you for the Glorious Celebration.

SAYS HAYTER BROS.

Remember the Woman's Home Nission Society will serve cream and cake Saturday evening at Mrs. Beville's.

Dick Walsh, of Clarendon, proprietor of the J. A. ranch, and one of the big cattle men of the Panhandle, was in Amarillo today on business.—Daily Panhandle.
