County Commissioners Eye Burgeoning Conference Costs

By JIM STEIERT
Managing Editor
Deaf Smith County commissioners took a second look at expenses related to attending conferences during a regular session of the court Monday.

Commissioners entered into a discussion of travel related to conference attendance while examining the bills and reports for February when County Auditor Alex Schroeter informed the county fathers that conference expenses have exceeded the monthly budgets thus far this year, although the annual budget for conferences "is still in good shape."

They were further informed that much of the cost stems from conference attendance on the part of county commissioners.

Figures indicated that over \$6,000 has been spent thus far this year for conference attendance and that over \$4,000 of that amount has been expended by commissioners.

Precinct 3 Commissioner James Voyles commented on that matter, stating, "I think we need to specify at the first of the year what conferences we are going to attend. We don't need to go to every little meeting that comes up. There are a lot of things we can accomplish with telephone calls or letters. We don't always have to be there."

In reviewing conference policy, commissioners agreed that the standing tradition has been one conference per year per elected official with other meetings

to be considered by the court.

While no court action was taken on the matter the commissioners agreed to keep a closer watch on conferences and to possibly charge some expenses as travel.

Chief Appraiser Fred Fox consulted with county fathers concerning a list of county tax office equipment that will be used by the central tax appraisal and collection office here when it opens.

According to Fox, the property will be appraised and reimbursement made to the county for the value of the equipment.

Fox made a request to the commission that the central tax office be allowed to make the reimbursement over a two-year period.

Following a brief discussion commissioners, unanimously passed a motion to allow the two-year reimbursement, and to allow the tax district to take the equipment.

County fathers tabled a matter concerning transfer of ambulance titles to Deaf Smith General Hospital pending further information on why the titles have remained with the county.

Tom Hyer of West Texas Rural Telephone Co-Op appeared before the commission to discuss the matter of chiseling-in phone lines along rural county roads.

Precinct 2 Commissioner Austin Rose referred to a contract drawn up in November of 1962 between the county and the local phone cooperative, stipulating that the county was to be notified

in advance when phone lines are placed in, across or alongside county roads.

"The agreement between the county and West Texas Rural Telephone is not being followed," commented Rose, referring to the chiseling-in of a phone line in a county road to the west and north of Hereford.

Hyer extended apologies to the commission for failure to notify the county of the work and added in comments that

"We feel our best interests are to bury cables in the road, rather than the roadside ditches, although when we possibly can we try to bury the lines on private right-of-way."

The original agreement with the county specified that the cable must be buried in the ditch or alongside the road.

Hyer requested that the commission grant clearance for completion of the cable

chiseling process in the area in question.

Rose moved to grant permission for the completion of the project with the stipulation that pending a change in the policy, the phone cooperative will be required to notify the county prior to any such additional work.

The motion was approved and commissioners made plans to further discuss the matter of chiseling phone lines into county roads at their April 13 meeting.

Sheriff Travis McPherson reported to the commission on a need to purchase five bullet-proof vests for county officers, indicating that their cost will range from \$42 to \$57 each.

The sheriff reported that he plans to make the purchase with funds in his present budget, but added that he desired to make the commission aware of his purchase plans.

In addition, McPherson reported that the county jail is currently in compliance with jail standard regulations.

In a discussion with commissioners, McPherson was encouraged to see that jailers here are trained in how to operate the emergency electrical generator at the courthouse.

County fathers also passed an order designating the First National Bank of Hereford as the county depository for the next two years.

Precinct 3 Commissioner Bruce Coleman was absent at Monday's session.

Clayton Urges Water Fund

AUSTIN, Texas (AP) — Speaker Bill Clayton says saving half the state's treasury surplus in a special water fund, year after year, could provide backing for \$25 billion to \$95 billion in water projects over the next two decades.

Clayton's proposal — which also would keep legislators from spending the perennial surpluses on other state needs such as education — goes before the House Constitutional Amendments Committee today.

He denied his proposal was designed chiefly for farmers, such as himself, who rely on the declining Ogallala Aquifer for irrigation water.

The 1979 Legislature authorized creation of an Ogallala Water Import Authority, which could receive and distribute water from other states.

"This is not related to solving the problem of the Ogallala Aquifer. It is to solve a problem that is growing across the state. ... Houston had to ration water last summer," Clayton said.

His proposal would place all the treasury surplus each biennium into three special funds. Half would go for water. The other half, up to about \$620 million, would be dedicated to retirement of state bonds. The rest would go into a reserve fund that the Legislature, by a two-thirds vote, could spend on emergencies.

Clayton made it clear he did not intend that the water fund be spent but that it remain in place as backing for bonds that would be issued by cities, river authorities and water districts for water projects.

Directors Re-Elected

Eldred Brown of Bootleg Corner and Raymond Annen of Nazareth were re-elected as directors by the membership of Deaf Smith Rural Electric Cooperative during the annual business meeting of the organization at the Bull Barn Saturday. Both men are veteran directors with the cooperative, having served 14 years in that capacity. (Photo by Allison Ryan)

REC Members Oppose MX in Resolution

By ALLISON RYAN
Staff Writer

Eldred Brown and Raymond Annen will continue to serve as directors of Deaf Smith Electric Cooperative for Deaf Smith and Castro counties, respectively.

The two were re-elected to serve when members of the REC held their annual business meeting Saturday at the Hereford Bull Barn.

Also included in the business meeting was the passage of a resolution opposing the deployment of the MX missile in the Texas, New Mexico Area.

Jerome Friemel of Deaf Smith County and Ed Ramaekers of Castro County were also placed on the ballot for the election.

Brown has served the REC as a director for 14 years. He

has lived in the service area since 1940 and presently lives 28 miles west of Hereford. He serves as chairman of the Deaf Smith County Program Building Committee and is vice-president of Texas Rural Friends.

Annen has been a director for the REC since 1966. He resides in Castro County and has lived in the service area for 65 years. Annen has served on the Dimmitt Consumers Board for 31 years, 14 as president and on the Board of Dimmitt Agri-Industries 15 years, eight as president.

Following the election, a resolution opposing the MX missile was read to members for a vote of approval.

The resolution, written by Don Fortenberry of Friona, stated in part, "We the members of Deaf Smith Elec-

tric Cooperative, Inc., oppose the deployment of the MX missile in the area because of the disruption of the agriculture, the displacement of homes and the heavy demands that will be placed

on education and governmental services, nuclear warheads in our backyards and the fear of being a prime target for enemy attack. The national defense can be better served than by the MX.

We announce to President

Houston Grand Champ

Randy Vogel, Deaf Smith 4-H, is shown with the Grand Champion of the Houston Livestock Show: The Chianina brought a record \$112,000 at the stock show auction Saturday. Vogel is the son of Mr. and Mrs. Herb Vogel of Hereford.

Houston Reserve Champ

Tamara Myers, daughter of Mr. and Mrs. Charles Myers of Adrian, is shown with her Reserve Grand Champion steer at the Houston Livestock Show. Miss Myers' calf brought a whopping \$90,000 at the stock show auction Saturday.

Reserve Champ Poland

Melvin Kalka Jr., son of Mr. and Mrs. Melvin Kalka of Hereford and a member of the Hereford FFA is shown with his Reserve Champion Poland China at Houston. The barrow brought \$21.50 per pound.

Haul From Auction Nearly Quarter Million

County Youngsters Make History at Houston

By JIM STEIERT
Managing Editor

Deaf Smith County 4-H members came home from the rich Houston Livestock Show's Auction Saturday with just under a quarter of a million dollars as county youngsters pulled off a spectacular sweep in the steer division.

For only the second time in the history of the renowned Houston show, exhibitors from one county walked off

with both the Grand Champion and Reserve Grand Champion steer honors.

Randy Vogel, 17-year-old son of Mr. and Mrs. Herb Vogel of Hereford, saw his Grand Champion Steer, a 1,279 pound Chianina, bring a record \$112,000 at Saturday's livestock auction.

Tamara Myers, daughter of Mr. and Mrs. Charles Myers of Adrian, showed Houston's Reserve Grand Champion, a 1,245 pound Limousin-Angus,

That animal sold for \$90,000.

Other county 4-H'ers helped to exert the dominance of Deaf Smith County in the steer division with notable placings as well.

Rickie Vogel showed the first place middleweight Chianina which sold Saturday for \$4.75 per pound.

Melissa Brumley showed the 10th medium Charolais. The calf brought a bid of \$3.50 per pound.

Toby Smith had the fourth

place middle weight Chianina which sold for \$1.50 per pound and Paul Smith had the fourth place middle Limousin, which sold for \$1.55 per pound.

The fourth place heavy Main Anjou was shown by Gay Myers and sold for \$1.60 per pound.

Jeremy Myers showed the 10th medium Charolais, which sold for \$1.25 per pound.

Also showing steers were Chad Stephan, Angela

Brumley and Becky Hughes. Jeff Shire exhibited the third place light Chester in the swine division and Melvin Kalka Jr. of the Hereford FFA showed the Reserve Champion spotted Poland China. It sold for \$21.50 per pound.

Julie Gallagher exhibited for the county 4-H in the swine division and Glenna West exhibited in the lamb division.

County 4-H'er Kirk Sparkman managed to wres-

tle down a rambunctious calf in the calf scramble event at Houston's massive arena and received \$400 to be used toward the purchase of a registered heifer.

In addition to Kalka, other members of the Hereford FFA also placed in various classes at Houston.

Jeff Shire's third place Chester White barrow brought \$4 per pound and the fifth place Chester, shown by Eric Walterscheid, brought \$3 per pound.

Bryan Diller showed the fifth Duroc and received \$3 per pound and the seventh place Chester White barrow was shown by Lisa Phillips and brought \$1.75 per pound.

Chet Bunch showed a 12th place Chester barrow which sold for \$1.50 per pound and Kevin Sparkman had a 24th place Hampshire barrow which sold for \$1.25 per pound.

In the lamb division, Hereford FFA'er Robbie Phillips had a 7th medium

wool lamb which sold for \$5.50 per pound.

Mac Hagar had a 26th cross lamb, Donna Schlabs had a 30th cross lamb and Peggy Miller exhibited a 31st cross lamb.

In the calf scramble heifer show Jeff Mercer showed the 12th scramble heifer and had a fifth place finish in the junior heifer show.

Kirk Jones placed ninth in the scramble heifer show and third in the junior heifer show.

update tuesday

Anti-Abortion

Advocates Testify

AUSTIN, Texas (AP) — A teen-ager who aborts an unwanted pregnancy has missed an important learning experience, says a supporter of a bill restricting minors' access to abortion.

"The pregnant child can get an abortion and go back (to her life) as if nothing has happened," said Teresa Wale of Lifeline, an agency that provides services — except abortion or abortion counseling — to pregnant women.

"She doesn't have to acknowledge her mistakes, an important part of becoming a mature, responsible adult," Mrs. Wale said. "Abortion restricts her learning experience."

Mrs. Wale and other anti-abortion advocates appeared Monday before the House State Affairs Committee to support two measures sponsored by Rep. Bill Cerveha, R-Dallas.

One bill provides that doctors who perform abortions on minors without either parental or judicial consent are guilty of a second-degree felony, which carries a prison term of two to 20 years and an optional fine to \$10,000.

Cerveha's other measure requires a doctor to tell the patient alternatives to abortion and to describe the stage of fetal development and the risks and complications of abortion. The information must be delivered orally, and the patient then must wait 24 hours before the operation. Violations would be a second-degree felony.

Customers Want

Law Repealed

AUSTIN, Texas (AP) — Customers of rural water districts told a Senate committee Monday they want a 1979 law repealed in hopes it will lower

their water bills.

A long line of witnesses plus a delegation of about 100 persons from Granbury supported Sen. Bob Glasgow's bill to repeal the 1979 act.

After two and a half hours of testimony, the Senate State Affairs Committee hearing was continued until next Monday.

The Stephenville Democrat said the law was special interest legislation because it ordered the Public Utility Commission to consider contributed capital as well as investment capital in setting rates for water utilities. He said this caused increased water rates for consumers because they had already paid for the utility improvements when they bought the lots.

Bible-Toting Robbery

Suspect Being Sought

LUBBOCK, Texas (AP) — Lubbock police are looking for a Bible-toting man whose attempted robbery of a Lubbock family was foiled when he was chased away by a screaming woman armed with an unloaded revolver.

The man's alleged accomplice was in custody Monday night after he fired an automatic weapon at Lubbock police officers.

Franklin H. Payne, 41, of Forney, is charged with attempted capital murder, attempted aggravated robbery, carrying a prohibited weapon and possession of a firearm by a convicted felon. Justice of the Peace Wayne LeCroy denied bond for Payne, who police said was previously convicted of robbery, burglary and a weapons offense.

Payne was jailed Sunday after he allegedly fired three rounds from an automatic weapon at police and kept lawmen at bay for half an hour following the robbery attempt at the home of Betty Jean Hensley, 56, and her daughter Lisa, 20.

Police said Hensley and her daughter foiled the robbery attempt by waving an unloaded revolver at the missing robbery suspect, described as a handsome white male 30 to 35 years old.

Weekend Fires

May Exceed \$60,000

FORT WORTH, Texas (AP) — Five deliberately set blazes have caused at least \$60,000 in damage to two Texas Christian University campus buildings and their contents.

Fire investigators say they have "some leads" but no prime suspects in the fires, which broke out Sunday in a campus science building and the privately-owned Baptist student union.

University spokesmen said no specific damage estimate was available yet, but fire investigators said damage to the buildings and their contents probably would be at least \$60,000. About \$25,000 damage was done to the Science building and another \$35,000 in contents were destroyed, they said. Property damage in the Baptist Student Union amounted to \$8,000 and about \$3,000 in contents was destroyed.

Arson investigators suspect that a man who apparently was trying to break into the university's administration building at the height of the fires was responsible for the arson.

The blazes were set within 10 to 15 minutes of each other. They charred the inside of the Baptist center and damaged the Winston-Scott Science Building, killing 54 trained laboratory rats.

The rats had been used in motivation and behavior projects, and had been trained for years to perform stunts such as high jumps and hurdles.

Weather

By The Associated Press

West Texas — Partly cloudy Panhandle and far west, considerable cloudiness elsewhere today. A chance of light rain today except far west. Considerable cloudiness with a chance of light rain tonight and Wednesday except continued partly cloudy far west. Warmer south today. Highs low 50s Panhandle to upper 60s Big Bend. Lows low 30s mountains and Panhandle to low 40s south.

'Sharing a Child's Tomorrow'

Edlana Estes, Big Sister of Hereford BB-BS spends time teaching her little sister, Susan Tijerina, how to cook. Mrs. Estes is one of the many volunteers involved with the Hereford program. This week has been designated as

Big Brother-Big Sister Appreciation Week for the purpose of thanking volunteers and encouraging citizens to become involved with the program.

First Space Shuttle Mission Could Be Concluded Early

SPACE CENTER, HOUSTON (AP) — The astronauts who will fly the first space shuttle say they have great confidence in the machine, but caution there's a good chance the mission could end early because of a system failure.

They emphasized, however, that a shortened flight would not necessarily mean a failed flight.

56 Tickets Issued

Police officers made four public intoxication and two driving while intoxicated arrests during the weekend and Monday.

Officers also investigated an apparent entry into a home in the 100 block of Centre Street sometime Saturday evening or Sunday morning. Residents of the home told police nothing was missing. Officers issued 56 traffic citations since Friday.

"If we get Columbia up and back down again and it's in shape to fly again, it will be a successful mission," astronaut Bob Crippin said Monday. "This is the most complex vehicle ever flown. ... The way we've designed the mission right now, we'll probably come home early," he said.

"Just about anything can break and we'll decide to go ahead and terminate it."

Crippin, a rookie astronaut, and Mission Commander John Young, a veteran of four space flights, are scheduled to take Columbia up for a 54-hour orbital test flight on April 8.

"We'll check everything from the solid fuel rockets that get us off to the potty we use in waste management," Crippin reported.

Columbia is the first of a planned fleet of four or five shuttles which will spearhead this nation's military and civil space effort for most of the remainder of this century. Each will be capable of 100 or more roundtrips into

space, landing back on earth like an airplane.

But before Columbia becomes operational, it is slated to undergo four orbital test flights in the next year.

Young, Crippin and space agency officials told reporters during a series of briefings here Monday not to be surprised if there is an early return to earth.

"We've taken a very conservative approach — we're

going to play it safe," said Flight Director Charles Lewis. "It's like the first test flight of a new airplane. Why push it? We can accomplish most of what we want by just getting it up and down."

Lewis said he would consider the flight a success if the launch and landing are good and the astronauts have a chance to exercise each of the major systems, such as computers and control jets.

"A second day up there would be gravy," Lewis said. Crippin said a major task in the first 90 minutes will be to remotely open and close two giant doors on Columbia's 60-foot-long cargo bay.

Car Fire Extinguished Saturday

Volunteer firemen rushed to extinguish a car fire in the 300 block of Main at noon Saturday. Minor damage to the car was reported.

Firemen also put out a trash barrel on fire in the alley behind 511 N. Jackson at 1:40 p.m. Sunday and a dumpster fire behind a service station on West Park at 9:17 a.m. Monday.

Obituaries

WANDA NORVELL

Wanda Norvell, 51, of north Highway 385, died Monday at Deaf Smith General Hospital after a lengthy illness.

Services will be held Wednesday at 2 p.m. at the First Baptist Church at Crowell, Texas. Burial will be at Crowell Cemetery. Services are under the direction of Womack-Manard Funeral Home of Crowell.

Mrs. Norvell was born July 27, 1929 at Crowell. She married Dan Norvell in 1959 at Clovis and the couple moved to Hereford in August of 1970.

Survivors include the widow of the home; two daughters, Ann Burch of Friona and Linda Langley of Cedar Park, Texas; a son, Larry Gilliam of West Columbia, Texas; four brothers, Pharis and Mitchell Whitley of Lamesa; and Billy and Wayne Whitley of Athens, Texas; a sister, Peggy Brown of Crowell and eight grandchildren.

The family has asked that memorials be made to the American Cancer Society.

REC

Reagan that Texas and New Mexico will no longer be considered a potential site for the MX."

Before a vote was taken members were given time to speak on behalf of or against the resolution.

Fortenberry, who farms in the Bootleg area, defended his resolution.

"There is a good chance I will be deprived of my house. Not only me, but 1,400 other families will have to get off their land. You don't have to be against strong defense to be against the MX. I sure

don't think it should be here but rather be deployed in the Utah-nevada area or at sea," Fortenberry said.

Kenneth Rudd, who gave the motion to vote on the resolution a second, spoke in favor of the resolution.

"If we get the MX, the character of the country will change and will never be the same. I don't think people realize the impact this system will have. I would be opposed to changing our way of life we have known all the years," Rudd stated.

The only member to speak in opposition of the resolution was Garth Thomas of Hereford.

"I am not an expert on the MX or on national defense. From what I have read in U.S. News our national defense is in trouble and I speak for a strong defense. If people in West Texas and New Mexico argue, in my opinion, you are giving aid and comfort to the Russians. I am apprehensive about the resolution when I know Russia subscribes to a news clip service. This makes

them feel confident when they read about American people are against this. Go to the public library and read the impact statement, if you vote against it, it will encourage the Russians and discourage the Department of Defense to come up with a balanced system," Thomas said.

Bill Marquis, master of ceremony, reread the resolution and asked for a voice vote. The resolution passed over an attempt by Thomas to table the matter.

Reagan Urges Congress to Cut Fed Spending by \$48.6 Billion

By DAVID ESPO
Associated Press Writer

WASHINGTON (AP) — President Reagan, urging "unprecedented cuts to meet an unprecedented situation," is asking Congress to slash federal spending by \$48.6 billion next year across the breadth of government, sparing only defense from the chopping block.

The proposals, which Reagan arranged to submit to Congress today along with details of his recommended three-year income tax cut, would leave a budget deficit next year of \$45 billion.

"We must see to it that the voice of the average American, not that of the special interests or full-time lobbyists, is the dominant one," Reagan declared Monday as he signed off on cuts in an estimated 300 federal programs, from nutritional aid to infants to pensions for railroad retirees.

He said he was prepared to call for more reductions if he thought they were needed.

But in a preview of the struggle to come in Congress, coal miners marched in the streets of Washington to protest proposed reductions in black lung benefits and majority Republicans on the Senate Labor and Human Resources Committee balked at some of the cuts Reagan announced earlier.

The panel went along with Reagan in recommending cuts of billions of dollars from health and other federal

social programs. But it urged spending \$2.1 billion more than the president wants on education, aid to the handicapped, legal assistance to the poor and low-income fuel assistance.

Reagan's recommendations call for a sharp spending shift away from social programs and toward weapons and other military programs, the only part of the budget he wants to increase.

The president is proposing a \$4.8 billion increase in defense spending for 1982, for a total of \$185 billion. The defense share of the budget would rise from 24 percent in 1981 to 27 percent next year and 37 percent by 1986.

Despite the proposed cuts in the budget he inherited from former President Jimmy Carter, Reagan's revised budget for 1982 calls for spending to rise by \$41.6 billion over this year, to \$695.3 billion, an increase of 6 percent. The increase is half the rate of inflation and compares with an increase of 13 percent in spending between 1980 and 1981.

Administration officials said Monday the president's budget calls for cuts in about 300 separate programs, reducing federal spending by \$6.4 billion this year and \$48.6 billion in 1982.

"These are unprecedented cuts to meet an unprecedented situation," the president said as he signed the package in the Rose Garden. "They mark the end

of an old era and the beginning of a new one."

The cuts come coupled with a proposal to reduce personal income tax rates across the board by 10 percent a year for three years. Reagan also wants to give businesses a tax break in the form of more rapid depreciation.

The president outlined most of his economic plan in a Feb. 18 message to Congress, but he detailed only \$34.8 billion of the 1982 budget cuts he wants in slightly more than 80 programs.

The balance of the cuts for 1982 amount to \$13.8 billion and involves at least 200 additional programs. Included are deeper reductions in programs targeted last month such as food stamps and water projects, plus cuts in previously untouched areas such as veterans programs.

Administration officials

said in advance that the cuts would include a \$300 million reduction in the program that provides milk for pregnant women and infants.

Officials also confirmed that the new round of cuts would include a proposal to reduce federal subsidies to the Federal Railroad Retirement Board, which oversees pensions for about 1 million retirees.

Another new cutback is a proposal to save more than \$100 million a year by eliminating the \$255 Social Security burial benefits if there is no survivor to collect it, officials said.

The administration's program also calls for reducing new federal loans and loan guarantees by 11 percent over the next 18 months. That is a decrease of nearly \$35 billion from Carter's levels.

Burglaries Reported To Sheriff's Office

Several Deaf Smith County residents reported burglaries to the sheriff's office last week.

Steve Clements, 10 miles northwest of town, told deputies a welder mounted on a trailer, tools and a cutting torch and bottle valued at between \$2,000 and \$3,000 were stolen from his barn over the weekend.

L.J. Jones, 14 miles nor-

thwest of town, reported Tuesday that thieves took tools, tires and other items from his barn and then turned to boxes of electrical appliances, linens and personal items from a trailer house.

Hereford Iron and Metal, North Progressive Road, reported the theft of 450 pounds No. 1 copper wire valued at \$360 on Monday.

Paul Harvey News

The Ultimately Sophisticated War

Since Cain clobbered Abel with a four-pound club, effectiveness in combat has been measured in the foot-pounds of destructive energy which one man is capable of delivering.

Through the development of the slingshot and the crossbow, the catapult and the cannon — the damage one man could do increased in a rather steady incline — until August of 1945 when there was delivered into man's hands a weapon 400 million times more lethal than anything theretofore.

The divided atom nominated itself as the ultimate weapon; perhaps awesome enough to prevent war.

There is now a weapon more sophisticated than that.

A 19-year-old electronics expert in California — by initiating a variety of audio tones over his parents' telephone — was able to gain access to the telephone company's computer. He thus placed orders and initiated delivery to himself of a million dollars worth of merchandise.

And he was not caught stealing; he was finally caught selling the stuff.

Nobody knows how many computer manipulators never get caught. But the

Chamber of Commerce of the United States guesstimates that computer crime costs somebody in excess of \$300 million per year!

Now a sophisticated refinement of computer crime threatens our nation's very security.

Computers can themselves be "attacked," disabled. A computer program of inestimable value could be "kidnapped," held hostage.

With "penetration" of another nation's computer networks, conceivably, a nation could be rendered impotent, helpless.

Stanford Research Institute's international consultant, Donn B. Parker, says "Major nations have now

become so dependent upon their computers that if those machines were suddenly crippled those nations would be defenseless."

He says there are presently technologists who know precisely how to bring a nation to its computerized knees.

Computer expert Bob McLeod of Jacksonville, Alabama, is one of them. Fortunately, he is on "our side."

He believes that future wars will be "electronic computer wars"; that "Armageddon may involve first the destruction of data banks."

Technology presently available could sabotage any nation's air traffic control; cause chaos ...

Could manipulate worldwide weather forecasting, sabotage the money and commodity markets, alter computers that control distribution of energy, "turn us off!"

An enemy could throw a monkey wrench into computers and knock a nation off balance; disrupt the civilian population and snafu its military response.

Our FBI is studying ways and means of intercepting computer crime. It's logical to assume other governments are contemplating the computer as a weapon.

Military Notes

Marine Pfc. Phillip D. Simon, son of Jim and Joyce Simon of 329 Cherokee has been promoted to his present rank while serving with 3rd Battalion, 4th Marines, on Okinawa.

A 1976 graduate of Hereford High School, he joined the Marines corps in September 1979.

Garden Beautiful Club Slates Tour of Homes

Garden Beautiful will have its Tour of Homes March 29 with the Calvit, Ward and Turrentine homes to be included in the event.

Marge Mehlberg distributed tickets to members to sell for the tour when the club met Friday at the E.B. Black House with Gwen London, Jo Rudd Burney and Lillian Lookingbill serving as hostesses.

In other business, Bruce Carter and Mrs. Lookingbill were named to write the club's history for the Deaf Smith County History project.

Several reports were presented at the meeting. Gwen London gave the treasurer's report and members of the cheer committee gave progress reports on members who are or have been sick since the club's last meeting.

Margaret Young read several letters including thank you notes from Orlene Robinsons and Bessie Story and Mrs. Robinson's letter of resignation.

Mrs. Carter was named chairman of the nominating committee to be assisted by Camelia Jones and Mrs. Story. The committee will

report at the next meeting which is set for April 3 at the Pioneer Natural Gas Flame Room.

For her program on plants, Mrs. Carter chose "Herbes for Brothes and Sallets" from the April 1981 edition's "Early American Life."

The article, written by Lynn Lewis Monroe, told of the uses and pleasures of herbs.

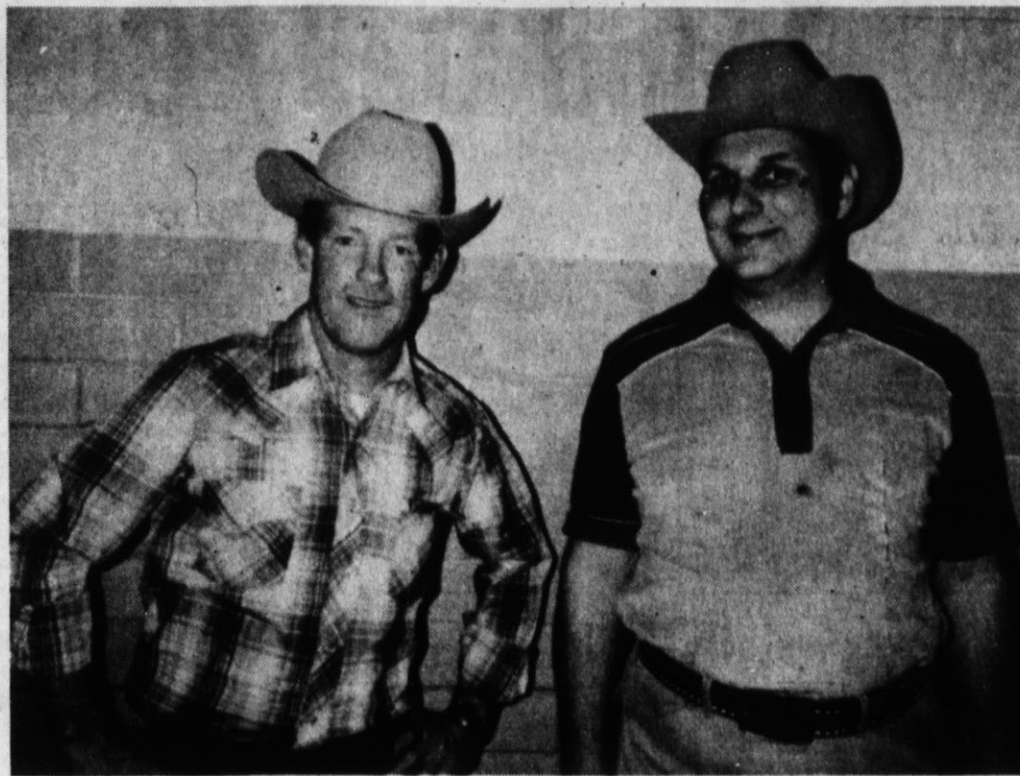

"Captain John Smith of Virginia fame, a prudent man, made a garden upon the top of a Rockie Ule...4 leagues from the Main in May (1614) before he explored the rugged coastline he named New England. Although he found many herbes in the spring time... commonly dispersed throughout the woods, good for brothes and sallets, as Violets... still he noted proudly his garden 'grew so well...it served us for sallets in June and July'." She quoted from the article which used the English spelling of herbs and brothes.

The earliest Pilgrims brought seeds and slips of their favorite herbs as they came over from England and yearly more seeds were ordered from England. Many of these herbs, native to the

sunny Mediterranean were venerable travelers long before they sailed to America.

George Washington and Thomas Jefferson both had extensive herb gardens and both grew tarragon and nasturtium which were rare a century earlier. Bruce also included in her program a brief description of all the various herbs, their own distinctive qualities and how to use them to their best advantage.

Members present at the meeting were Mary Helen Askew, Tiny Lee Roberson, Orlene Robinson, Jo Rudd Burney, Bessie Story, Frances Hennen, Marge Mehlberg, Camelia Jones, Margaret Young, Gwen London, Louise Axe, Dorothy Noland, Bruce Carter and Lillian Lookingbill.

Carnival Chairmen

Fritz Backus and Edwin Geiger (shown from left) are serving as chairman and co-chairman, respectively, of the "Wild, Wild West," Parish Carnival set for March 29 at St. Anthony's Catholic Church. The entire parish is involved in preparing for the event in which proceeds will go to the school to help defray operating expenses.

Camp Fire Banquet Set for Thursday

The Camp Fire Father and Daughter Banquet will be held Thursday at the Hereford Bull Barn beginning at 7 p.m.

The Backyard Bluebirds discussed the banquet when they met recently at the Camp Fire Lodge and made potato-print placemats for the annual event. Each girl will bring a box supper.

The group's participation in the magazine sales was termed successful as

members raised \$300 for the council. Stacy Cokeran was the top salesperson with a total of eight magazines.

Amy Faulkner presided at the business meeting with Lydia Flores lighting the candle and Jamie Moore and Lupe Balderamez conducting the flag ceremony.

Refreshments of cookies and punch were served by Heather Rogers and Terri DeBord. The next meeting is set for March 26.

Ann Landers

Child Play

DEAR ANN LANDERS: As I look out the window I see a 10-year-old playing with a knife. He's my son. The knife was given to him by his father. I wonder if all 10-year-olds have knives with a three-inch blade to play with. I am told the Boy Scouts he meets with have them.

Our two younger children are out there playing, too. They sometimes get into fights, like all kids do. The one with the knife has quite a temper. I can't watch him every minute. This worries me. I mean, here's a boy who has to be told to blow his nose, wash his face and button his coat, and he is out there playing with a knife.

Am I being foolish? My husband thinks so. I don't believe in over-protecting children.

but I do think parents should use the brains God gave them. Please let me hear from you. — Mom In Minot, N.D.

DEAR MOM: A knife with a three-inch blade is not a sensible toy for a child of any age. It can turn into a weapon.

True, the Boy Scouts are taught to use knives, and this is a good thing. Knives are a vital part of a survival kit for campers, hunters, hikers and nature-lovers. But playing with knives is another story. Take the darn thing away from your 10-year-old and tell him he can have it back when he goes to his next Scout meeting.

DEAR ANN LANDERS:

Hospital Notes

PATIENTS IN HOSPITAL Jesse Arrellano, Ed Blakney, Cecil Braly, Shelly Brock, Inf. girl Brock, Leona Burleson, Carla Burns, Elia Cantu, Inf. boy Cantu, Ne Curtis, Inf. girl Curtis, Maria Cornelius.

Elvira De La Paz, Preston Gee, J.C. Gregory, Florence Henson, Ernest Langley, Wanda Norvell, Eva McCormick, Bonnie Watkins. Valerie Mize, Inf. boy Mize, Carl McCaslin, Tammy McCathern, Dorothy Owen, Dale Obman, Louise Packard, Daniel Ramos, Erma Schilling, Moody Stephan, Callie Vandever, Porfirio Yzagurre, Amy Schumacher, Inf. girl Schumacher, Antonia Ortiz.

My husband and I have been married seven weeks. We went together three years before we married, and I sure we had all the important things settled — but I was wrong.

Today Mike tells me he has

joined a bowling club and won't be home on Tuesday nights. He suggests I play bridge with the girls. I am very upset over this unilateral decision but don't want to act peevish. If I remain silent, but let him know there is a barrier between us when love-time rolls around, what do you think I will get — eventually? — Conniving In Cullman, Ala.

DEAR CONNING: Your maiden name back.

Correction

Shannon Valdez and Michelle Stuck, La Plata Junior High ninth grade Future Homemakers of America participated in the Mothers March for the March of Dimes held Sunday.

The two volunteers were incorrectly listed as high school students in the information published in the March 8 publication of The Hereford Brand.

Turner Fund Established

The Doris Turner Hospital Fund has been established at both Hereford banks to help the family pay for expenses incurred for medical treatment.

Mrs. Turner is a cancer patient at High Plains Baptist Hospital at Amarillo and M.D. Anderson at Houston.

Summerfield Study Club Observes '81 Texas Day

Summerfield Study Club observed Texas Day with a guided tour of the local museum.

Following the tour members met at the home of Mrs. L.H. Lookingbill Sr., Mrs. Geo DeLozier was co-hostess.

Meditation was given by Mrs. Mack Noland and the pledge to the Texas Flag.

In keeping with the year-book theme, "It's a Woman's World," Mrs. Jerry Lance reviewed changing one's attitude can change one's life: The Story of Mary Kay Ash.

Mrs. Ash is a native of Texas. When she first started work to supplement the family income, it was barely enough to put food on the table.

Today, Mary Kay Cosmetics, Inc. is an international organization with more than 60,000 independent beauty consultants working throughout the United States, its territories, Australia and Canada. The company's 1979 third-quarter net sales figure was \$64 million.

Mrs. Ash believes that the great philosopher, William James, said it all when he declared "The greatest discovery of my life time is if I change my attitude, I can change my life."

Mrs. Clayton Sanders, president over the business when Mrs. Guy Walsler announced the club would be one of the hostesses for the Woman's Forums Luncheon scheduled for March 30.

Mrs. Lookingbill gave the legislature report pointing out the proposed budget cuts.

Mrs. Johnson, chairman of International Relations discussed the situation in El Salvador.

The education chairman Mrs. Mack Noland told members about the increased publicity among educators during the teaching of foreign languages. As an example of the need, Mrs. Noland cited the times when representatives of foreign governments come to the United States they have to bring their own interpreters.

Before the meeting closed, Mrs. Sanders was elected as delegate to the Top of Texas Federation Convention at Borger April 3-4.

The club will meet again April 2 at the home of Mrs. Jerry Lance.

Members present at the meeting were Mmes. Guy

Walsler, Clayton Sanders, Mack Noland, L.H. Lookingbill Sr., Jerry Don Lance, Ray Johnson and George DeLozier.

Thompson to Call For Friday Club

The Friday Night Square Dance will meet March 20 at the Hereford Community Center to dance to the call of Jack Thompson of Tulia.

Johnny Gillenwater of Dimmitt called for the club when

it met recently with three squares participating.

All area square dancers are invited to dance with the group which meets the first, third and fifth Friday of each month at the Community Center beginning at 8 p.m.

At Wits End

By ERMA BOMBECK

There isn't a woman in the world who has not been intimidated by her husband's mail.

The division is obvious. I get the letters with windows, the packet of coupons marked, "Occupant. Do not return to sender," and the mimeographed cards inviting me to an appliance sale by moonlight.

On the other hand, my husband gets 35 pounds of literature a month from the Franklin Mint addressing him as a "discerning collector," personal letters from Jacques Cousteau and Malcolm Forbes, and invitations to study the migratory journey of the Blue-Footed Boobie birds.

Last week, I saw among his discards an envelope with his name on it and a typewritten message in the lower, left-hand corner: "Should you be punished for being born with a high I.Q.?"

Inside was a pitch I had never seen before. It was an invitation from a magazine to "experience first-hand the friction and exchange of exceptional minds" on its pages. They pointed out it was definitely not a magazine for the mass market. Out of 220 millions, fewer than one million read it.

If that doesn't stop you from playing with your bubble gum, nothing will! "This ticks me off," I said to my husband. "I don't exactly have training wheels on my brain."

"Don't be so sensitive," he said. "It just means it's a magazine in which you won't find any ads for doubling your bust size in 30 days or your money back."

"What kinds of ads do they run?"

"Oh, white wine, Perrier, jeweled watches and possibly a reminder of a classic television show sponsored by an oil company."

"How do they know I'm not being punished for my high I.Q.?"

"Computers, probably. Throughout your contacts you've probably sent out a profile on yourself without realizing it."

Well, computers everywhere, pay attention! I'm going to make it easy for you. Put this in your data programmer and stuff it.

I've never understood a single word Carl Sagan has ever said.

I laugh when William F. Buckley laughs... but I don't know why.

Minnie Pearl is my role model.

I only bought a copy of the Saturday Review because Woody Allen was on the cover.

I have a poem in my billfold by Edgar A. Guest.

I put catsup on escargots.

I thought the gold "G" on the back of shoes stood for Goodyear.

I do not consider John LeCarre the greatest writer of fiction today, but the person who writes the ads on how to double your bust size in 30 days or your money back!

IF YOU NEED \$5,000...20,000 EVEN UP TO 500,000 TO START A NEW BUSINESS OR TO EXPAND AN EXISTING FIRM—THEN READ WHY YOU TOO WILL CALL THIS INCREDIBLE MONEY RAISING MANUAL

“THE SMALL BUSINESS BORROWER’S BIBLE”

**Practically prepares the loan application for you line-by-line...the “proper” way
All properly prepared applications are processed in just 3 weeks...no red tape!
Guaranteed Loans...Direct Loans...and Immediate Loans are available now.**

Most men and women seriously interested in starting their own business are eligible — including those who already own a small business and need capital fast for expansion...or to stay afloat...even if they've been flatly refused by banks and turned down elsewhere! Yet, too, many never qualify, simply, because they do not know how to “properly” prepare the loan application...

In order to help those people applying for these guaranteed and direct loans fill out their loan applications the “right way,” ICC, through its diligent compilation and research efforts, has successfully assembled and published a comprehensive, easy-to-follow seminar manual: The Money Raiser's Guaranteed and Direct Loans Seminar Manual, that will quickly show you practically everything you'll need to know to prepare a loan application to get federally guaranteed and direct loans.

Here are just some of the many important benefits the Money Raiser's Guaranteed and Direct Loans Seminar Manual provides you with:

- a completely filled in sample set of actual SBA loan application forms, all properly filled in for you to easily follow — aids you in quickly preparing your own loan application the right way. Each line on the sample application forms is explained and illustrated in easy-to-understand language.
- fast application preparation procedures for getting loans for both new start up business ventures and established firms.
- advises you on how to properly answer key questions necessary for loan approval and in order to help avoid having your application turned down — gives you advice on what you should not do under any circumstances.
- what simple steps you take to guarantee eligibility — no matter if you do not presently qualify.
- where you can file your application for fastest processing.

You'll get, at only a small fraction of the cost, virtually the same invaluable know-how as you would if you were one of the hundreds of people whom we expect will pay the full \$450 registration fee to attend the proposed seminar where this amazing seminar manual will serve as the very basis for the personally conducted 3-day course.

More about this most amazing and effective manual later on. At this point the most important question you want answered is: Just where is all this loan money coming from? Incredible as it may sound — these guaranteed loans...Direct Loans...and Immediate Loans are indeed available — from the best, and, yet, the most overlooked and frequently the most ignored and sometimes outright ridiculed...“made-fun-of” source of ready money...fast capital, in America — THE UNITED STATES GOVERNMENT.

Of course, there are those who upon hearing the words “UNITED STATES GOVERNMENT” will instantly freeze up and frown and say:

“...only minorities can get small business loan money from the government!”

Yet, on the other hand (and most puzzling) others will rant on and on and on that:

“...don't even try, it's just impossible — all those Business Loans Programs are strictly for the Chryslers, the Lockheeds, the big corporations...not for the little guy or small companies.” etc.

Still there are those who declare:

“...I need money right now...and small business government loans take too darn long. It's impossible

to qualify. No one ever gets one of those loans.”

Or you may hear these comments:

“...My accountant's junior assistant says he thinks it might be a waste of my time!” “Heck, there's too much worrisome paperwork and red tape to wade through!”

Frankly — such rantings and ravings are just a lot of “bull” without any real basis — and only serve to clearly show that lack of knowledge...misinformation...and and not quite fully understanding the UNITED STATES GOVERNMENT'S Small Business Administration's (SBA) Programs have

unfortunately caused a lot of people to ignore what is without a doubt — not only the most important and generous source of financing for new business start ups and existing business expansions in this country — but of the entire world!

Now that you've heard the “bull” about the United States Government's SBA Loan Program — take a few more moments and read the following facts:

- Only 9.6% of approved loans were actually made to minorities last year
- What SBA recognizes as a “small business” actually applies to 97% of all the companies in the nation
- Red tape comes about only when the loan application is sent back due to applicant not providing the requested information...or providing the wrong information
- The SBA is required by Congress to provide a minimum dollar amount in business loans each fiscal year in order to lawfully comply with strict quotas. (Almost 5 billion this year)

Yet, despite the millions who miss out — there are still literally thousands of ambitious men and women nationwide who are properly applying — being approved — and obtaining sufficient funds to either start a new business, a franchise, or buy out or expand an existing one. Mostly, they are all just typical Americans with no fancy titles, who used essentially the same effective know-how to fill out their applications that you'll find in the Money Raiser's Guaranteed and Direct Loans Seminar Manual.

Therefore, don't be shy about applying for and accepting these guaranteed and direct government loans. Curiously enough, the government is actually very much interested in helping you start a business that will make a lot of money. It's to their advantage — the more money you make the more they stand to collect in taxes. In fiscal 1981, our nation's good old generous “uncle” will either lend directly or guarantee billions of dollars in loan requests, along with technical assistance and even sales procurement assistance. Remember, if you don't apply for these available SBA funds somebody else certainly will.

Don't lose out — now is the best time to place your order for this comprehensive seminar manual. It is not, and will not ever, be sold in stores. Available only at the seminar, or by mail through this ad, directly from ICC, the exclusive publisher, at just a small fraction of the proposed seminar fee. Our company felt that the seminar manual's quality instructions were so crystal-clear that anyone unable to personally attend the seminar, who could read, could successfully use its techniques.

Therefore, for those purchasing the seminar manual by mail, no 3 day class, no course and accommodations are required. And rather than \$450 we could drastically slash the price all the way down to just a mere \$35—a small portion of the seminar attendance fee—providing you promptly fill in and mail coupon below with fee while this special seminar-in-print manual offer is still available by mail.

Remember, this most unique manual quickly provides you with actual sample copies of SBA Loan application and all other required forms—already properly filled in for you to easily use as reliably accurate step-by-step guides—thus offering you complete assurance that your application will be properly prepared...and thereby immediately putting you on the right road to obtaining fast, no red-tape loan approval.

You get not 1 but 2 Strong binding guarantees! Your loan must actually be approved or your money back!

GUARANTEE #1

Simply — look over this most effective money raising loan preparation assistance manual for 15 days — and, then, if you are not convinced that it can actually help you obtain the Business Loan you need right away — just return it for a full and prompt refund.

GUARANTEE #2

Even after 15 days — here's how you are still strongly protected — if you decide to keep the manual — and you apply for a SBA Loan anytime within 1 year...your loan must be approved and you must actually receive the funds or your money will be refunded in full.

Clearly we are firmly convinced that any sound business request properly prepared and submitted to SBA will be approved. Only because we are so confident that this is a fact do we dare make such a strong binding seldom-heard-of Double Guarantee. **No stronger guarantee possible! It actually pays for you to order a copy of this remarkable manual — Don't delay send for yours right now.**

THE EASY NO-NONSENSE WAY TO RAISE CAPITAL FAST!

GOING, GOING, GONE--Kenneth Paetzold holds on for dear life during his contest with a Brahma in the Hereford rodeo. Photos by Mauri Montgomery

Hereford High Rodeo Club Nets Team Trophy

Despite prevailing bad weather conditions hampering competition in the 12th annual Hereford High School Rodeo (the event featured teams from Texas,

Oklahoma, New Mexico and Kansas) Saturday and Sunday, the highly regarded HHS boys' team still managed to retain its foothold on the high-point team trophy after it

garnered 1st place in the affair with a total of 18 points. Blake Johnson (header) and Brett Cunningham (heeler) broke out in the team roping segment of the rodeo and netted 1st place in the event with a time of 7.403 to set the pace for the winning tally.

Both ropers earned six total points for the 1st place effort before Cunningham advanced further with four additional points in the calf-roping division. He carded a 3rd place in that competition after he roped-off a time of 11.992.

Lee Washington took 5th place in steer wrestling with a time of 13.408. That 5th place finish added two more respective points to the team's accumulative score over the length of the two-day ordeal.

In the girls' portion of the rodeo, reigning HHS queen Rita Ward pushed Hereford into 4th place standing single-handedly after she finished 3rd in barrels, 6th in pole bending and 6th in breakaway roping for six total points.

Other participants riding for Hereford in the local

rodeo were: Scott Wilcox, Tony Wilcox, Steve McConnell, Mark Urbanczyk, Brent Self, Jenness Self, Clifton McElhaney, Shawn McConnell, Robert Esqueda and Kenneth Paetzold.

The HHS Rodeo Club is now scheduled to compete at the River Road Rodeo in the Amarillo Fair Grounds Coliseum Saturday and Sunday.

Sports Brief

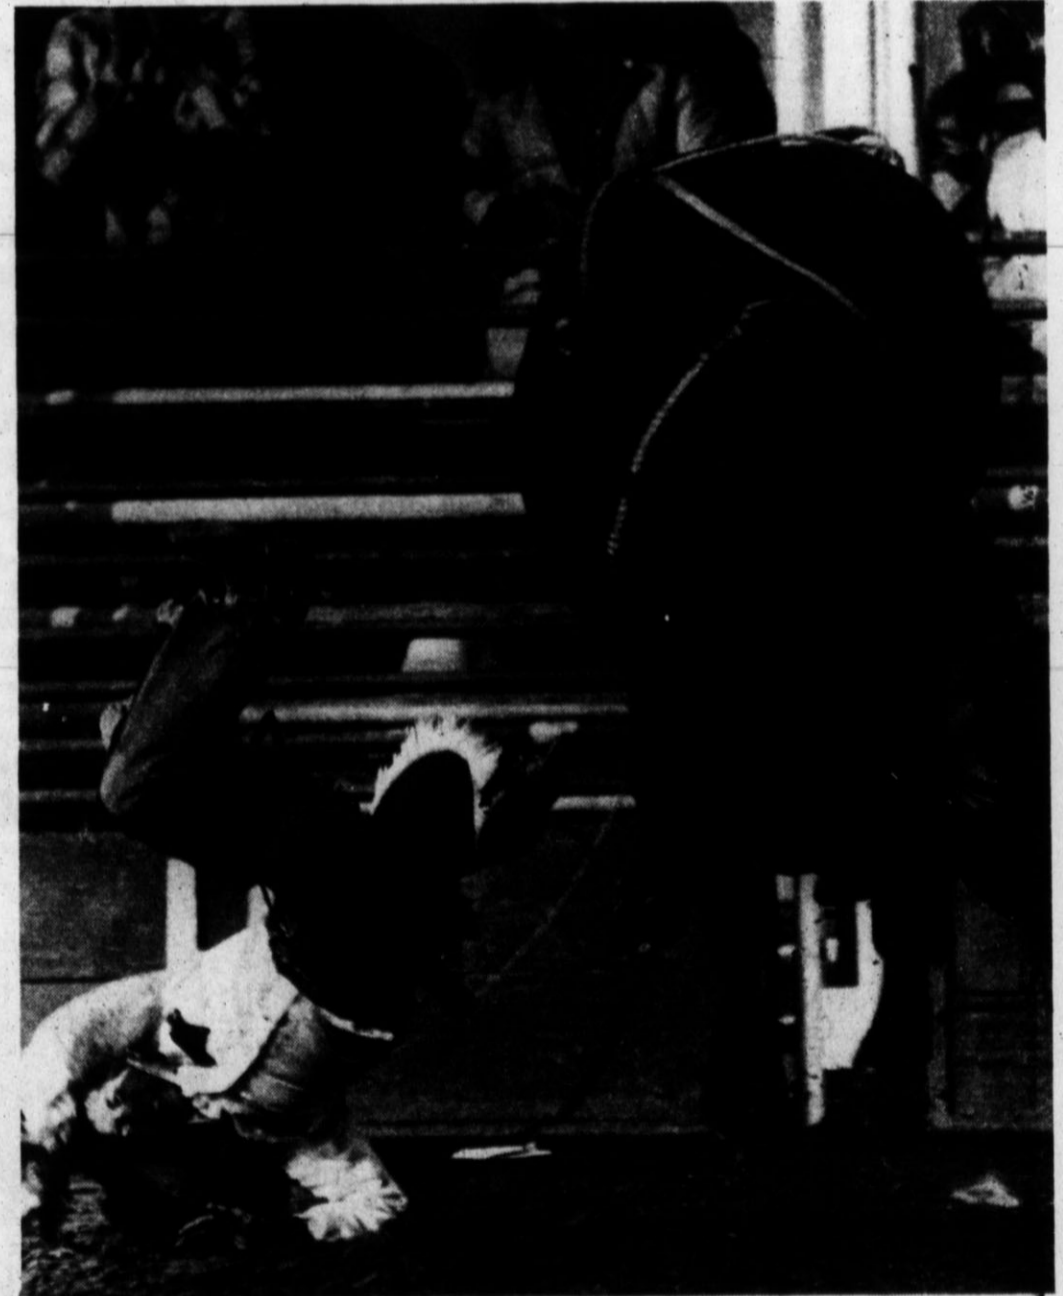

BRUSSELS, Belgium (AP) — Second-seeded Jimmy Connors won his opening-round match in the \$175,000 Belgian Indoor Tennis Championships, beating Andres Gomez of Ecuador, 6-0, 6-4.

YOU AUTO KNOW

By Don

Q. I have a '75 Buick. I know it has a fuel filter and I'm sure it needs to be changed - but where is it?

A. Many General Motors cars cleverly conceal the fuel filter in the carburetor, itself, where the fuel line from the fuel pump is connected. After you've located it, you'll need two wrenches to disconnect the fuel line from the carburetor. Use one wrench to prevent the larger nut on the carburetor from turning while loosening the smaller nut on the fuel line. Once the fuel line is disconnected, loosen the large nut on the carburetor. This holds the filter. Be careful: There is a small spring inside which could pop out, so loosen slowly. Note the direction the old fuel filter is facing when you remove it. Install the new one in the same direction.

ANOTHER ONE BITES THE DUST-- Paetzold takes a dive.

Bronco Coach Fired

DENVER (AP) — Red Miller has been fired as head coach of the Denver Broncos, and Dan Reeves, offensive coordinator for the Dallas Cowboys, has been hired to take his place, team sources say.

Miller was fired Monday afternoon along with Fred Gehrke, general manager of

the National Football League team. Gehrke will be replaced by Grady Alderman, 43, director of planning and development for the Minnesota Vikings, said Mike Lynn, vice president of the Vikings.

Gehrke said he was surprised by the action, taken just 12 days after the team was sold

to Edgar Kaiser Jr. of Vancouver, British Columbia.

"Red has been a good coach. I hired him. It's all a surprise," Gehrke said.

Asked if he felt bitter, Gehrke, 62, said, "No, no way." He said he may retire from professional sports and devote himself to playing golf.

In Plainview High School Meet

HHS Girls' Cinder Squad Places 2nd

By MAURI MONTGOMERY
Sports Editor
PLAINVIEW - It was a performance that was mootly tabbed as "better than we were doing this time last year" according to Hereford girls' varsity track coach Martha Emerson after the Hereford cinder unit heaped its way into second place finish here Saturday during the Plainview Track Meet.

The HHS crew, cinching wins in the mile relay, 800 and 400 meter runs, ambled to 8 1/2 team points directly behind hosting meet winner Plainview.
Lubbock Coronado garnered 3rd in the 12-team field behind runnerup Hereford with 74 points while Lubbock Estacado crimped off '69, Amarillo had 51, Palo Duro 50 1/2, Dunbar 40, Lub-

bock Monterey 33, Brownfield 24, Lubbock High 20, Midland 15 and Pampa came in with only four total team points.
"I was really quite pleased with the way we came out this weekend," said Emerson. "I think, if a comparison was possible, right now we'd be ahead of where we were at this point last year. We even got some big points in the field events - that in itself

puts us a little further ahead and helps us a great degree."
The big surprise in the weight events came with Hereford junior Maria Carreon's 2nd place effort in the discus on a throw of 106'3. In addition to that performance, other points were garnered for Hereford after Deborah Rogers and Jill Pickens netted 4th and 5th place finishes

in the high jump with identical 5-0 leaps.
But the bulk of Hereford's points was still accumulated with old standbys - the mile relay which to a basic degree, is still made up of the same spinters who qualified for region a year ago, plus the 400 and 800-meter runs.
Led out of the gates by first-leg Deborah Rogers, 2nd and 3rd legs Michelle Osborn and

Allyson Thomas and then finally anchored by Louise Mays, the mile relay squad paced off a 4:07.2 clocking (nearly seven seconds off its 4:13.1 winning district mark last year).
Louise Mays doubled in the 800-meter run and posted 1st in that event with a 2:23.2 ahead of HHS runner Coleen Keating's 5th place 2:36.4.

In the 400-meter run, Deborah Rogers raced-off a 1st place 61.1 while Allyson Thomas netted 5th after clocking a 64.0.
Hereford's Lori Albracht and Lindy Walterscheid clipped off respective 3rd and 5th place achievements in the 200-meter run. Albracht also joined the ranks of the 800-meter relay team which is composed of Michelle Osborn, Sandy Brownlow and DeDe Dobbins in that crew's 5th place finish.

Angela White netted 4th in the 100-meter dash and combined that with a 5th place 16.3 venture in the 100-meter hurdles while the 400-meter relay team trailed for 6th in its respective competition after clocking a 51.8.
Other berths won by the Hereford crew included; cross-country harrier Kellie Howell's 6th place finish in the newly acquired long distance 3200-meter run after hitting 13:13.5, and Laura Kosub's 6:08.1 6th place finish in the 1600-meter run.
In girls' junior varsity track, Hereford trailed 1st place Lubbock Coronado's 158 total points and Plainview's 96 in order to cap a 3rd place finish in the Plainview

meet.
Linda Sermino's 1st place stance in the 3200-meter run, in addition to Barbara Brown's 1st in the long jump, highlighted the HHS team's showing.
The Hereford team also landed a 2nd place finish in the 1600-meter relay (Joyce High, Kari Walterscheid, Rhonda Reinart and Michelle Beerfield) out-paced other competitors with a 4:38.5 time.
The 400-meter relay team (made up of Delynn Dickerson, Barbara Brown, High and Walterscheid) managed 3rd with a 54.4. The 800-meter relay team (Dickerson, High, Jana Morgan, and Walterscheid) netted 3rd in that segment of the competition.
Other places garnered by the squad included; Delynn Dickerson's 3rd in the 100-meter hurdles, Rhonda Reinart's 3rd in the 800, Jana Morgan's 3rd in the 200, Lauri High's 4th in the 400, Theresa Simmons 82'8" 4th place throw in the discus, Elaine Reinart's 5th in the 1600, Jana Morgan's 6th in the 100 and Brenda Stafuss' 6th in the high jump with a leap of 4-feet, 10 inches.

Hereford Golfers Win Home Tourney

By MAURI MONTGOMERY
Brand Sports Editor

Friday night - well after the first round of the Deaf Smith County Chamber of Commerce Invitational Golf Tournament at John Pitman Municipal Golf Course had concluded, Hereford link coach Jerry Wilbourn prayed for snow.
His team had just come through the first-half of the 10-team affair holding a one-stroke advantage over Lubbock Monterey - the snow would only reinforce that first day's narrow lead for his squad's first tournament win of the year.
But, "haste makes waste", he cautioned himself. Underneath, he was convinced the HHS squad could handle the pressure of the situation. After all, this was the team that battled to a 5th place finish out of 16 teams in the Odessa Tournament a week ago. "They could do it," he thought.
He wasn't disappointed Saturday in the concluding round of the C of C ordeal - he wasn't even sorry the snow and rain waited until late

Saturday evening to fall.
The Whiteface link squad, at first falling behind by as much as five-strokes after the turn of the first-nine holes of play, vaulted back to win its own party with a five-stroke advantage over Amarillo Tascosa.
Hereford, led by identical 159 rounds by tournament medalist Tony Flores and Greg Robinson, capped a team total of 644 for 36 holes of play to sweep the affair ahead of Tascosa's 649, Lubbock Monterey's 650, Lubbock Coronado's 652, Odessa High's 653, and Amarillo High's 655. Clovis netted 7th with a 661, Pampa carded a 683, Amarillo Palo Duro held a 783, and Caprock trailed the rest of the field with a two-day total of 808.
The win prompted almost Knute Rockne-like comments from the once-praying Wilbourn.
"We played like a team, we acted like a team and we won like a team," Wilbourn noted with self-satisfaction.

"I thought the team accomplished its first goal for the season. The kids just sat down and decided their No.1 goal at this point in the season was to win their own tournament - and they wanted it bad enough to do what was necessary."
Among the Hereford lot who made such a goal possible were Tony Flores' combined rounds of 78-71 and Greg Robinson's 81-78 as leaders of the squad's tournament performance. Flores had earned one of five medalist honors during the first-day showing for his effort in that segment of the competition.
HHS linkster David Dudding carded a two-round total of 82-80 in the team's following while Frankie Garcia netted an 84-81-165 and Derek Dirks finished up play with a score of 83-83-166.
"I think this is just the first step in what could prove to be a very tight district race this year," Wilbourn said. "All four district teams are playing-about the same and personally, I feel like it will all come down to the last round here in the final district tournament in April."

TOURNEY WINNERS--HHS Linksters, Greg Robinson, Frankie Garcia, Tony Flores, David Dudding, Derek Dirks Stand by 1st place trophy.

Baseball Team Beats Levelland

The Hereford baseball team added its second win of the season here Saturday after it clipped the Levelland Lobos 4-2. The game was called, due to bad weather conditions, in the bottom of the sixth inning.
And even though Hereford capped a four run scoring spree, provided by a Ken Cosper single to center field and designated hitter Alex Valdez' shot to left field, during the third stanza, it was Levelland that marked the score board first.
Following the Lobo's first out on a pop fly by Levelland's Ortiz in the second inning, Lobo first-baseman Copeland was walked and in turn driven home for the first score of the conflict on a Hines sacrifice.
But Levelland wasn't able

Deaf Smith County Chamber of Commerce Super Sports Week Schedule of Events

BASEBALL - The HHS baseball team is scheduled to host a three-day tournament March 12-14. Slated competition in that opening round tournament play has Plainview pitted against the Canyon Eagles, Amarillo High vs. Borger, Pampa vs. Levelland and Hereford meeting Dumas.

TRACK - Both the Hereford boys' and girls' track teams will be hosting a two-day meet March 13-14.
The boys' team is scheduled to compete against an eight-team field consisting of crews from Amarillo Caprock, Amarillo Tascosa, Lubbock Dunbar, Lubbock Coronado, Dumas, Pampa, Plainview and Clovis.
The girls' cinder squad will compete against nine teams including; Snyder, Amarillo Palo Duro, Amarillo High, Plainview, Clovis, Lubbock High, Lubbock Monterey, Lubbock Estacado, and Dumas.
Preliminaries for the field event portion of the meet are slated to begin at 2:30 p.m. Friday while the finals will be run off Saturday at 9:30 a.m.
Prelims for the running event segment of the meet will begin Friday 2:30-5:30 p.m. and continue Saturday 9:30-11:30 a.m. before the finals are completed Saturday 1:30-5:30 p.m.

Stanton Girls Win

The Stanton Junior High 8th grade girls' track team, spurred by first place showings wrought by the 400 and 800 meter relay teams, highlighted other showings at the Dalhart Track Meet Saturday after sweeping its way to 1st place.
The 8th grade Dogie crew accumulated 141 points to lead all other squads in the area, while the 7th grade was seated with 4th place honors with 35.5 points and the freshman crew netted only two points in stiff competition with high school opponents.
Dogie harriers pacing the way for that 8th grade win included; the 1st place 400 and 800 meter relay performances by Brenda Ball, Stacy Sanders, Lisa Redmon, and Lisa Conally. Field event competitor Linda Gonzales placed 1st in the discus and 2nd in the shot put while Patzy Perez finished 2nd in the 1200 meters run and Brenda Ball netted 2nd in the 100 meter hurdles.
In other spotlighted performances of the day, 7th grade runner DonAnn Cummings took 1st place finishes in the 100 meter hurdles and mile run while Cathy Robles clipped off 1st in the shot put as they helped the Stanton 7th grade girls' cinder squad manage an overall 4th place standing in that division of the meet.

Sports Briefs

NEW YORK (AP) - Larry Smith of Golden State, a rookie forward who grabbed 73 rebounds in four games, was named the National Basketball Association Player of the Week for the period ending March 8.
Smith, who ranks third in the league in rebounding with an 11.4 average, capped his big week by pulling down 23 rebounds at Portland Sunday night, the fifth time this season he has grabbed more than 20 in a game.
NEW YORK (AP) - Mark Aguirre, last year's college basketball player of the year, was named to the Associated Press' 1980-81 All-America team for the second consecutive year.

Joining the 6-7 junior forward from DePaul on the first team were 7-4 sophomore center Ralph Sampson of Virginia, 6-8 junior forward Kevin Magee of California-Irvine, 6-5 senior guard Danny Ainge of

Brigham Young and 6-1 sophomore guard Isiah Thomas of Indiana.
Selected to the second team were 6-6 senior Al Wood of North Carolina, 6-7 senior Danny Vranes of Utah.

BARBS Phil Pastoret

Nostalgia is what enables you to recall fondly things you once had to endure.

A smart shoe store owner we know put a Celsius thermometer in his window and had a run on galoshes on a mild Fahrenheit-type day.

The devil makes work for idle hands - ours - by permitting our spouse to get her hands on the new garden catalogs before we can burn 'em. No, your neighbor doesn't have the opera on at full volume - it's just the police going by with their siren on full-blast.

HEALTH Lawrence E. Lamb, M.D.

A sensible reducing program

DEAR DR. LAMB - I am a 29-year-old female and weigh 150 pounds. I'm 5 feet 3. I have been on a 1,000 calorie diet and jog two miles every day. I am losing fat off my thighs and hips but I have only lost five pounds in six weeks. That is not even a pound a week. On a previous diet I lost more than two pounds a week, and I wasn't running either.

Can a person lose inches of fat without losing a lot of weight? I tell my friends that by running I am turning fat into muscle and will lose less weight than I will inches. I notice that I have lost cellulite from my thighs. Is that from dieting or running?

DEAR READER - Congratulations on being more sensible about your program. It is good to exercise when you diet to help prevent burning up muscle as well as fat. Your previous weight loss was probably related more to loss of water and also a loss of muscle if you can avoid it. Sensible diet and exercise programs should not cause you to lose a lot of weight fast. A pound a week is plenty and is more likely to help you lose unwanted fat rather than muscle and water.

There are different ways of looking at the question of converting fat to muscle. If you increase your exercise you can increase your muscle mass, and if you are using more calories than you are eating you will lose fat. Since your fat stores are on your thighs, this fat is used for your energy requirements. You may firm up your thighs and legs from the jogging while you are also losing fat.

Cellulite is just fat. The combined program of dieting and using calories by exercising results in loss of the fat over the thighs that is popularly called cellulite.

DEAR DR. LAMB - I have been suffering with tennis elbow for about six weeks. It is very painful. I have had two shots of cortisone and am taking pain capsules. What treatment is recommended?

DEAR READER - Once you have it you must rely on your physician for immediate treatment. Cortisone shots are sometimes used to relieve pain but two or three shots are about all you should have. The big effort should be made

to relieve the underlying problem. In general, it is the result of small injuries to the bony point where the muscles of the tendons that straighten the elbow attach to the upper forearm. The main problem is usually the biceps tendon. In professional tennis players it may be the other side of the forearm near the elbow.

It may be necessary to rest the elbow at first. Learn to use two hands for your backhand stroke and minimize the shock to the elbow that way. Wear a brace also to minimize the shock and by all means see a tennis pro for some lessons to improve your technique. This may be a cause of your trouble.

DEAR DR. LAMB - I read your column about women needing calcium. As a registered dental hygienist, I disagree with your statement that if a woman doesn't get enough calcium during pregnancy it can affect her teeth. Losing a tooth for every pregnancy is an old wives' tale. The tooth already has its mineral cavities and does not develop cavities because of the mother's lack of calcium.

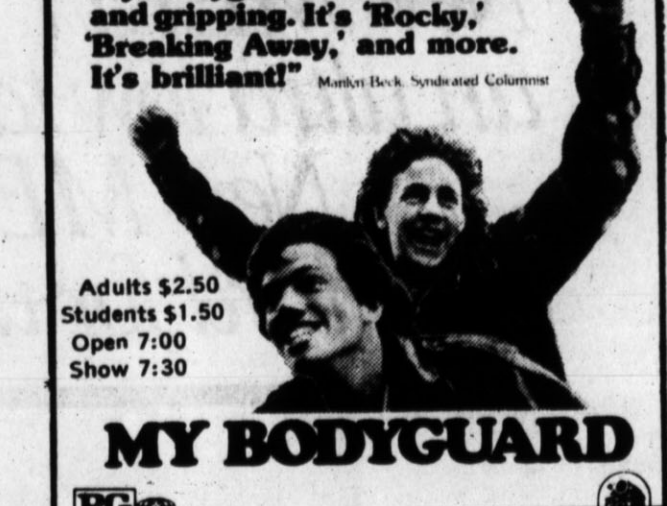

DEAR READER - I have shortened your blast, because you had made false assumptions and jumped to erroneous conclusions. Nowhere in my column did I mention cavities. That was your mistaken assumption.

I was talking about problems that lead to periodontitis (pyorrhea) which you, as a dental hygienist, are supposed to be treating or preventing. Since you are not a doctor, perhaps you do not know that one of the earliest signs of calcium deficiency and osteoporosis (loss of bone tissue) is around the roots of the teeth. That is one cause for loose teeth which lead to periodontal disease (pyorrhea). And I will make the assumption that you do know that pyorrhea is a frequent cause for loss of teeth if not corrected.

My advice stands that a woman needs extra calcium during pregnancy to prevent loss of calcium from her own bones - which includes the mandible for her teeth. Next time read more carefully and when calcium loss is being discussed, think bone loss - not cavities.
