FIVE CENTS PER COPY.

SCHOLASTICS SHOW COUNTY GROWING WITH 11 PER CENT INCREASE; ALL ARE WHITE

The scholastic enrollment for Deaf Smith county for next year is 1,602, by far the largest in the history of the county, and an increase of 268, or 21.7 per cent over last year, according to tabulations just compiled by Judge Earl W. Wilson from the rolls of the school census takers.

The enumeration includes children from 6 to 18 years old. This is the first time six-year-old children have been included, and there were 67 in the rural districts and 67 in Hereford, an independent district. On a basis of \$17.50 apportionment per pupil from the general school fund, the county educational system will have \$4,000 more for 1930-31 than in 1929-30.

The rural schools have a new count of 901, as compared with 465 last year, better than 21 per cent gain. In Hereford the per cent of progress is a fraction better and lacks a little of being 22 per cent. The figures are this year 901; last year 730. The fact that admittance for free schooling is one year lower than ever before accounts for part of the gains registered, 50 per cent, to be exact.

Eliminating the extra scholastics accounted for in the six-year-old children, a good criterion for population growth of Deaf Smith county during the past twelve months may be found. This basis reveals 11 per cent, while the average for the last ten years, according to the government's decennial census, has been only 6 per cent.

Next year will see more boys than girls, the comparative figures being 772 boys and 730 girls. In the rural districts there are 307 boys and 294 girls. In Hereford the discrepancy is larger, 465 boys and 436 girls.

Fair Catalogs To Be Issued At Early Date

The Deaf Smith County Fair will be held here this fall on September 16, 17 and 18. It was decided at a meeting Tuesday of the association's board of directors. It will come in the middle of the week, the dates falling on Tuesday, Wednesday and Thursday.

Decision was also made to issue a fair catalog, and for working up the fair book a committee was appointed, composed of R. O. Dunkle, E. F. Chick, Mrs. Bob Allen and J. A. Miller. Work of compiling material for the catalog is to begin at once so that it may be put in the hands of prospective exhibitors at the earliest possible time.

J. B. Hill, president of the fair association, predicts the coming exposition will be the biggest of its kind ever held in Hereford, and he bases his conclusions upon the interest that is being shown by the committees and committeemen from all districts of the county.

Health Work To Be Carried To Children

A called meeting of the Deaf Smith county health service committee was held Monday, the town being divided into districts, and the committee members will try to get in touch with all mothers of pre-school children in the interest of the latter's health.

It is planned to have all these pre-school children given medical and dental examinations by the local doctors and dentists who are cooperating in the service.

Miss Nell Hall, county health nurse, is arranging for this Summer Roundup. She wishes to have all examinations for the town finished in June so that the balance of the summer may be devoted to similar work in the rural districts among the pre-school children there.

Chas. Walsler Shows What Pure-Bred Wheat Will Do

The differences in possibilities and production yields between pure-bred and native seed, especially under weather conditions of this spring, were being pointed out by R. O. Dunkle, county agent, Monday through a stalk of each kind of wheat.

As an experiment Chas. Walsler planted both kinds of wheat, adjacent to each other, doing the drilling on the same day upon the same kind of soil prepared alike. The two stalks used as illustrations were pulled up within a few inches of each other. The native grain was a puny specimen while the pure-bred had the earmarks of a fair yield in harvest time.

Would Tie-Up Hereford Route With Highway 60

Enid, Okla., May 20.—Resolutions endorsing the extension of U. S. Highway 60 west from Springfield, Missouri, were adopted here yesterday by the Abo Pass Highway association in annual meeting. The route recommended will go through Texas, passing through Canadian, Amarillo, Hereford, Farwell and Clovis, on into California.

This outside activity of distant cities and commercial bodies in routing transcontinental traffic over one of Deaf Smith county's highways is coincident with the efforts which the chamber of commerce of Hereford is putting forth to have the local links hard-surfaced.

Funeral Services for Walker Held Here Friday

Funeral services for Charles S. Walker, who was killed Tuesday of last week in a truck accident 14 miles west of Hereford, were held last Friday at the Methodist church here, with Rev. Pirle, formerly of Bovina but now of Draw, in charge of the rites. Interment was made in the Hereford cemetery.

American Legion Dance For Next Friday Night

An American Legion dance, under the auspices of the local post, is announced for Friday night, May 23, at 9:00 o'clock at Smith's pavilion. "Sleepy Johnson's" Orchestra from Clovis will be on hand to furnish the music. The proceeds of the dance will go into the Legion home fund.

Library Will Have Plenty of Newspapers

An arrangement has been made by the County Library with the Hereford for the newspapers of this section and periodicals of various kinds received on exchange list to be put in the reading room at the court house.

This service is being given to the library as an added convenience for the reading public that may wish to look over a former home-town paper. The exchange list covers most of the towns in the Panhandle and the eastern part of New Mexico. The files for the new feature will be retained for a few weeks, according to Miss Emma Jean Donald, assistant librarian, depending upon the rapidity of accumulation, and will then be destroyed to make room for the subsequent issues.

Later when the service has become systematized a list of the new weekly and daily papers made available will be published.

Local Undertaker Attends State Convention in Dallas

J. M. Gilliland, in charge of the funeral parlors for E. B. Black Furniture Company, left Saturday to attend the state undertakers' convention in Dallas this week. While gone he will visit relatives in Wichita Falls and Gainesville.

Hold National Poppy Day Here Next Saturday

National Poppy Day will be observed in Hereford next Saturday, May 24, according to announcement made by Mrs. W. H. Dowell, president of the American Legion Auxiliary unit here. May 24 is the Saturday before Memorial Day, May 30. One thousand poppies made by disabled World War Veterans in the hospitals of Texas, who do not draw compensation, will be sold.

Proceeds of this sale go strictly to makers of the poppies, for the relief of needy, destitute and crippled ex-service men and their families and dependants of World War veterans who have paid the supreme sacrifice.

Mrs. Dowell, in commenting on the forthcoming event, said: "The sale is conducted entirely by volunteer workers and every penny goes directly into relief work. The bulk of the money remains in the community where it is raised, being expended by American Legion posts and Auxiliary units for relief during the year."

No price is fixed for the poppies. The little boy's dimes and the dollars of the business or professional man, farmer or rancher are alike acceptable. Auxiliary members said Tuesday.

"The amount dropped into the box of the poppy seller is a donation to relieve the suffering caused by the war," Mrs. Dowell said.

"The purpose of the Auxiliary program is to place the symbol of heroic sacrifice above the heart of every true American, giving at the same time an opportunity to serve the war's living victims," Auxiliary members say.

The Camp Fire girls will be on the streets all day Saturday to sell the poppies, and members of the Auxiliary will have stations in each of the three drug stores so that none may be missed who wish to buy one of the emblems.

Santa Fe Clears Main Street by Extending Walk

An extension of the brick platform on the north side of the railroad is being built by the Santa Fe to enable the east-bound passenger trains to clear Main street when stopped at the depot. Under the short platform of the present, when the express and baggage coaches are halted for loading and unloading to and from the trucks, rear coaches block the thoroughfare.

A 16-foot strip of brick will be laid east for a distance of 170 feet and then another 170-feet of platform will be extended, made of rock screenings. Where the walk passes over the Schley street crossing, oak flooring will be put down.

Mrs. J. R. Woods Died Sunday in Ponca City

J. P. Wood received a message Monday (telling of the death of Mrs. J. R. Wood in Ponca City, Oklahoma, on Sunday, May 18. She was a resident of Hereford seven or eight years ago. Mrs. Wood was about 80 years old, and she is survived by her husband and six children.

Rural School Seventh Grade Pupils Hear New Version of Opportunity

The best of the school exercises was saved for the last, intimated Earl W. Wilson, county superintendent, who presided at the promotion program of the Seventh Grade classes of the rural schools last Friday evening in the high school auditorium here.

And when Frank R. Phillips, head of the agricultural department of the state college at Canyon, had completed his straightforward talk to the young people and parents, the hundreds who had flocked a rainy night to be present, agreed that the program ranked with the highest.

"Education pays in dollars and cents, in community leadership, and in possession of moral stamina," said Mr. Phillips, who was

Hotel Meeting

All who were out for the special chamber of commerce luncheon Monday have become so enthusiastic over the hotel prospects that they are urging every business man to be present next Monday noon at the regular session, which will also be a hotel meeting. The appeal to come out cannot be made too strong, say those who have caught the spirit. The meeting will be held at the Christian church, and some interesting developments are promised.

Ford Trustees Let Contract For Building

Contract was let by the trustee board Saturday for the new school building at Ford for which the supplementary fund was raised recently by public subscription. J. A. Backer of Hereford was awarded the contract at a consideration of slightly above \$8,500.

The district has appropriated \$4,500 from the local maintenance fund, and the other \$4,000 needed comes from the public offering.

The new building will be completed in time for the opening of school this fall. It will be a brick, 60 feet by 60 feet, providing for two school rooms, a hall and a 20 by 60 foot auditorium. The auditorium is so situated that later it can be made into three classrooms.

Movements of Cattle Active Over Past Week

Last Friday was a good day for the Santa Fe freight office when two shipments of cattle were made, one to the northern market and the other to pasturage.

J. H. Meensky loaded out 750 head of two-year-old steers for Crosbyton to be put on the grass. W. A. Hunter shipped two carloads of fat yearlings to the stockyards at Kansas City.

MARSHALL BOYD HUNTS WATER LEAKS WITH DOCTOR'S INSTRUMENT

It wasn't Diogenes traveling around in the day-time with a lighted lantern in search of an honest man! Just "Doc" C. R. Boyd, city marshal, armed with a stethoscope, creeping over the pavement in the ordinary pastime of auscultation. No the marshal was not checking up on earthquakes or tremors and so far as he cared the earth's bi-valves might have ceased to function long ago.

"Dig here," enjoined the new scientist, and they missed eight inches. The eight inch water line under the pavement of Main Street near the Christian church had sprung a leak and it was an expensive undertaking to start digging upon guess work. Mr. Boyd thought of the doctor's stethoscope, instrument for detecting sounds in the human body. With a little practice, friends claim, the marshal could say "dig" and there the leak would be.

Babe Russell Prepares For Supreme Hour

Babe Russell, state high school champion on the track in the 100-yard and 220-yard dashes, leaves Hereford tomorrow for Chicago to compete in the national high school meet. He will be accompanied by his athletic mentor, T. E. McCollum. The meet will be held in Soldier's Field on May 30 and 31.

The itinerary of the journey will first take them to Abilene and then to Dallas. From Dallas they will entrain for Chicago. It is not known, said B. H. Hopkins, whether any special arrangements have been made at Dallas toward transporting Texas' athletes to the scene of the great event.

Babe expects to arrive in Chicago about Tuesday so that he will have time for several days' work-out on the track where he will try for national honors. Russell carries with him a new record all his own for the 100-yard dash and a tie with the state's all-time record for high school youths.

He will toe the mark with the knowledge that he has sped over the track in faster time by one point than any other entry in the national entry has ever made it. His time is 18 seconds for the 100 yards, and the national record is 19. Not only does he outrank the members of his own class, but he is in tie with the collegian speeders.

The athletic fund raised to make the trip possible for Russell and McCollum, who will be gone for about 11 days, totals \$330.26. It was made up through various enterprises. The high school students gave \$23.26; the athletic association, \$25; the baseball benefit game, \$150; the firemen's ball, \$83; and individual contributions, \$49.

Railroad Will Erect Another Big Water Tank

Another steel water tank, with a capacity of close to 150,000 gallons, will be erected soon by the Santa Fe railroad, according to the water superintendent who was here Saturday checking material. He said the tank crew would be on the job within the near future to put up the reservoir just west of the present one.

The steel, rock and other material have been unloaded at the site. The object of the second tank is to convert one into a treating container and the other into a settling basin. The water supply here is treated before injection into the engine boilers, but unsatisfactory conditions exist in the using of only one tank.

Presbyterians, Methodists, Christians in One Service

A united church service was held Sunday evening in the Christian church, with the congregations of the Methodist, Presbyterian and Christian churches taking part in the joint worship. Rev. E. P. Gieser delivered the sermon. A double quartet under direction of Miss Arlette George, gave a special selection.

The services were consolidated due to the absence of other pastors.

'LEARN WHERE LIFE'S REAL VALUES ARE,' HILL TELLS SENIORS IN LAST DISMISSAL

American Legion Will Hold Memorial Services June 1

Memorial Day comes on Friday, May 30, but the American Legion will hold its memorial services and ceremonies on the following Sunday, according to an announcement of Bank Ramey, local post adjutant.

Veterans of all wars are asked to participate and attend the programs that are being arranged. Morning services at the Baptist church and afternoon services at the cemetery will be held.

Giants Defeat Dimmitt In Past Game, 3 to 1

The fastest junior baseball game so far was reeled off Tuesday afternoon when Dimmitt youngsters came over to try out the Giants, operating under the wing of the American Legion. The Giants won by the score of 3 to 1. It was a real good game with only a few errors, and some extraordinary plays were made by the kids.

These same teams are playing again today on the Dimmitt field. The Midgets will journey to Jumbo Friday to meet the young school team there. The occasion is the closing day of the Jumbo school.

Killing Frost Occurred 37 Years Ago Tomorrow

Tomorrow, 37 years ago, May 23, 1893, there was some cold weather drifting around in these parts. That was the day of the latest killing frost ever recorded for this section of the Panhandle. However, there was not much for the frost to nip as about fifty families, mostly ranchmen and cowboys, made up the population of Deaf Smith county in those early days.

Last Concert Best Ever; There Will Be None Sunday

There will be no concert by the municipal band on the court house lawn next Sunday, states R. E. (Pop) Frazier, director, on account of several of the players attending commencement exercises at A. & M. College.

The concert last Sunday of popular numbers, marches and overtures, had a larger attendance than upon any such occasion before, according to Mr. Frazier, who is expecting bigger audiences from time to time as the people become accustomed to looking forward to this outdoor diversion.

Executive Body For Democrats Functions Soon

There are many dead-line dates for candidates in the political realm appearing down the line, beginning in the early part of June and extending down to the last election when some get the offices and the others a ticket for passage up Salt Creek.

All persons going into the Democratic primaries as candidates must file their names by June 14 with the county chairman, C. C. Acker, for a place on the ballot.

On June 16 the county executive committee will meet to determine the order in which names shall appear on the printed ticket. The Deaf Smith county executive committee for the Democrats is composed of C. C. Acker, H. B. Webb, A. M. Jones, L. O. Gore, J. M. Chapman, J. O. Allred, A. K. Walker and H. H. Miller.

A pro rata fee will be assessed against each candidate for expenses of the election, and the assessment must be paid by June 23. The first filing of expenses incurred by each candidate is due on June 26. The itemized list must be filed with the county clerk. Days of grace up to July 1 are allowed in casting up what has been spent from a political standpoint and in what way.

The executive committee will prepare the ballot for the printer on July 14, and the first primary election will be held Saturday, July 28.

Divesting the occasion of much of its superficial glamor for the senior class, without apology, Dr. J. A. Hill, president of West Texas State Teachers College at Canyon, in his commencement address Thursday evening replaced the deceptive glory for the graduates with something more enduring, and with a mastery effort he tried to implant in their minds thoughts in keeping with the somber cap and gown, the robes of a student, and advised them to continue ever as students, maintaining always the learner's attitude towards the world.

With reference to the political dimension in Texas, the aftermath of the last national campaign, and to the prejudice among the churches which is not so marked now as when he was a boy, the speaker voiced his ardent opinion that the greatest thing the human race is in need of is tolerance, a friendly understanding. He told the class that without tolerance they could not be educated, notwithstanding all the diplomas and degrees, schools, colleges and universities might confer upon them.

"No man or woman can claim to be educated," said Dr. Hill at the height of his address, "until he has found his life philosophy, until he has found himself with reference to the eternal truths, whereby his life will be regulated. Learn where life's real values are. It is the invisible that is the most valuable. Remember that life's real values are not in lands, merchandise and bank stocks but in your sacrifices for others."

Before the time set for the program to start the high school auditorium was packed, and there was not room for all.

There were three class addresses, coordinated to picture the

Joint Musical Is Prelude to More Interest

The joint musical program, a delayed observance of Music Week, given at the Christian church on Tuesday evening, was a rare treat for music lovers but was poorly attended.

Three musical organizations of the city, the Music Study club, Junior Music club and the Hereford Choral club, had grouped their talents for this entertainment. Rendition of "America Ode" by the Choral club was a feature of the evening, according to those present. Directors were Miss Mattie Mae Swisher of Canyon, and Mrs. Ardelle George, Mrs. Glenn Snyder, Mrs. G. A. Parker and Miss Dessie Mae Steele were accompanists.

Being staged at just the time when the public had been attending a series of evening programs connected with the close of school is taken as the main reason for the small audience. The members of the clubs represented realize that musical talent is appreciated in Hereford, and it is predicted that their offerings in the future will receive a wider hearing.

Scout Members Are Thinking of Near Rally

Boy Scout members of the troops of the Central Plains Council are being urged to get in readiness for the coming rally. The memberships should be checked over and the needs in the way of neckerchiefs, shoulder medallions, flags or any special equipment should be ordered out at once, according to advices received by R. P. Conway, scoutmaster.

Loving cups will be awarded to winning troops in the rally. Other prizes will go to first, second and third individuals in the competitions. In addition to the regular events there will be plenty of time given to swimming and water sports.

**Konjola Ended
Neuritis And
Kidney Trouble**

Well Known Waco Photographer
Enthusiastic About New
Medicine. "Proven Wonderful
Remedy," He Says.

MR. H. O. BRUBAKER

"I suffered for six years with Neuritis, kidney trouble and constipation," said Mr. H. O. Brubaker, well known photographer, residing at 623 1/2 Austin avenue, Waco. "My ankles and my limbs above the knees were badly swollen and gave me considerable trouble. It became an effort for me to walk. My kidneys were out of order making night rising necessary and causing me to lose restful sleep. My eye-sight seemed to be failing on account of these conditions.

"Much to my surprise I began to get immediate results after taking this medicine. The swelling left my ankles and limbs and I became stronger. I can now go about my work without stopping to rest. I have been relieved of constipation and my eye-sight has improved since taking this medicine. I have and will continue to recommend Konjola to all who suffer from such ailments as I had. Konjola has proved to me that it is a different and wonderful medicine. I certainly proved its merits in my case."

Konjola was not designed to afford temporary relief. Taken systematically over a period of from six to eight weeks, this medicine will amaze sufferers by the results obtained.

Konjola is sold in Hereford, Texas, at the Corner Drug Store, and by all the best druggists in all towns throughout this entire section.

Statements, Letter Heads, Envelopes, all Job Work, at The Brand.

19 Years Ago In Hereford

An educational rally was held at the Christian church Friday night in the interest of Hereford College, and it was largely attended by the citizens of Hereford and community. President Cousins of West Texas normal was chief speaker. Other speakers were Superintendent Short of the high school, S. T. Shore of the Christian church, and Rev. Sherman of the Methodist church.

In the case of Texas vs Mrs. B. Manley, assault to murder, charge, the jury returned a verdict of not guilty late Thursday afternoon. There was unusual interest shown in the trial of this case, the court room being crowded to overflowing. The prosecution was conducted by District Attorney Sellars and County Attorney Dameron.

The flock of J. H. Head has 600 frolicking lambs, including 32 doublets, and having lost by accident 19, his herd is 13 lambs ahead.

A quiet little wedding was celebrated last Sunday at the parsonage when Rev. J. M. Sherman, pastor, united in marriage Mr. Chester McElhenie and Miss Eva Hicks. Miss Eva is the daughter of Mr. and Mrs. Henry Hicks, who came from Ohio.

Mrs. B. S. Arnold entertained a number of the Bay View club with a 6 o'clock course dinner. Mrs. F. T. Roloson, in her pleasing way, acted as toastmistress.

The first picnic of the season was on Tuesday-afternoon when about ten couples of young people went to the Bradley ranch for a little outing. Some cast nets for fish, others looked after the loaves, while a few became fishers of men(?).

R. H. Norton, H. B. Webb, and E. B. Bullock were elected school trustees. Mrs. S. B. Edwards and Mrs. W. H. Garrison were defeated, the ladies, however, receiving a highly complimentary vote.

**PIKE'S PEAK
TEST JOLTS
AMERICA'S
MOTOR OIL
OPINIONS**

Here's How Some men prefer one kind of motor oil, some another. The jolt comes when the Pike's Peak Tests prove that most of these opinions may be comfortable, convenient, but not correct. . . . The generality that certain brands are better merely because they come from certain States has been quietly exploded. . . . Thousands buy by a respect for color or trade mark, and not a few just don't care, and still buy on price. . . . The time is ripe for real facts. By the Pike's Peak Tests, conducted under the supervision of AAA observers, we are prepared to present dependable facts on CONOCO Germ-Processed Oils.

The outstanding results of these Pike's Peak Tests reveal many points of unusual significance. Under the conditions of the tests, which were comparable to severe service, these points were:

Motor Wear—Germ-Processed oil reduced it 76.4% throughout these tests, under that of the other oils used as a group. **Cost of Lubrication** . . . Germ-Processed oil showed an appreciable saving of 6.1%. **Oil Economy** . . . wins by 3.5%. **Gasoline Economy** . . . a gain of 7.2%. **Loss of Viscosity** . . . Germ-Processed oil was in 34% better condition after the tests than were the others! **Carbon** . . . shows an appreciable decrease after Germ-Processed oil was used. **Water Temperature** . . . was lower with CONOCO Germ-Processed Motor Oil.

Remember, CONOCO uses Mid-Continent paraffin base crude, then the "germ-essence" is added, which gives this oil that remarkable ability to penetrate metal surfaces. "Penetrative Lubricity."

The Germ-Process is Conoco-owned. And Germ-Process positively will reduce your car-operation expense, and lengthen motor life, by providing Penetrative Lubricity.

We invite you to select any operating conditions, no matter how severe, and we guarantee that CONOCO Germ-Processed Motor Oil will meet them better than the oil you have been using!

THE NEW FREE-BOOKLET, "Pike's Peak Tests Confirm CONOCO's Challenge," is ready. It will give you the detailed story of these tests, with photographs. Address Continental Oil Company, Ponca City, Oklahoma, or inquire at the nearest service station displaying the Red Triangle.

NOTICE

A six weeks summer school, which will meet at the high school building, will begin Monday, June 9th. This will be for failures in the high school, and in some cases, in the departmental grades. Also, students of rural schools who wish to enter high school here next September may take a checking course for any advanced credits they want to present when they enter high school. This applies especially to algebra and history

credits. Tuition will be ten dollars for one course or fifteen for two courses. Personal conferences may be arranged for Saturday, June 7th.

G. M. HUDSON, Principal.

**SCHOOL PRINCIPAL TAKES
TRIP**

Mr. and Mrs. G. M. Hudson and family left Sunday for a visit with relatives and friends in Honey Grove of East Texas. Mr. Hudson is principal of the high school

here, and he will return in time to open a summer school on June 9.

Mr. and Mrs. W. H. Davis have returned from a two week's trip to Hot Springs, New Mexico. In their absence their son, Paul, had charge of the city pumps for the municipal water system.

T. L. Moore of Amarillo, block man for the Ohio Cultivator Co., was here last Saturday demonstrating the Sunshine combine.

Ward News Notes

BY MRS. WILEY ROBERSON
 Rev. Self preached Sunday, there being a large attendance at both Sunday school and church.
 School ended Wednesday night with a play, "One Minute of 12," which was enjoyed by all.
 Miss Garrett left Friday with Miss Brunson for the latter's home at Claude, Miss Garrett going on to her home near Graham Saturday.

Omah Harrison ate Sunday dinner with Francis Hutson.
 Jim Lipscomb and family have returned to the ranch after spending the winter in Hereford where the children were in school.
 Buby Luck and Gladys Lewis spent Sunday night and Monday with Aline Caraway.
 Mr. and Mrs. Albert Higgins called on Mrs. G. M. Suggs last Thursday afternoon.
 Mr. and Mrs. Bill Hutson and sons and Mae Harrison were Sunday dinner guests in the Jack Hutson home.

Miss Hughes left Friday afternoon for her home in Hereford after completing her year's work in Ward school.
 Dick Dixon and family spent Sunday in the Wiley Roberson home.
 Vegn ball team came to Wesley for a game Sunday afternoon. It was a spirited contest in which Wesley proved too much for the visitors and won the game 9-8.
 Floyd Harrison and Beauford Hutson were among those of the rural seventh graders in the graduating exercises in town Friday night. The whole community is proud of them.
 Artie Dean and family left Friday for a visit in the Clay Neill home on V. V. N. ranch southwest of Muleshoe and enjoyed a fish fry while there, returning Sunday.
 Mrs. Lewis and Gladys spent Thursday with Mrs. Shultz at Hereford.
 Hartland Caraway, Glenn Ratcliff and Sam Shade took Sunday dinner with Mrs. Ratcliff at Progressive.
 Jim Lipscomb and George Sears have been catching some fine bass in Tierra Blanca lately.
 Mrs. Caraway and Allene called on Mrs. Bob Higgins Thursday.
 Mr. Dean and family were visitors in the Wiley Roberson home Sunday afternoon.
 Mrs. D. O. Williams and son

have returned home and are doing nicely.
 The meeting of the county federation of women's clubs will be held here Tuesday, May 27, and every woman is asked to bring a dish and luncheon will be served at 1 o'clock. All communities are invited to come and take part and enjoy the hospitality of Ward.

Sick People Cast Votes In Bond Election

Friday, May 21.—This city will have a new \$400,000 school building for the children at some time during the next session, as a result of the election here Saturday when the bond issue won by a vote of 212 to 110.
 The campaigning and voting was rather spirited but no ill-will arose. Five votes were cast by citizens from their sick beds with the election judge going to the homes. Two voters were refused, however, the ballot privilege in this manner, since they were afflicted with contagious diseases.

Ford Doings

BY MISS EDITH MANN

The Community Welfare club met Thursday with Mrs. D. B. Mann and the day was spent in quilting. The club meets with Mrs. Dyer May 22 to piece quilts. The social meeting will be at the school house Friday night, May 30.

Singing was well attended Sunday night when J. F. Taylor and others were visitors and helped in some new songs.

Several attended the singing at Adrian Sunday.

Mr. and Mrs. Edgar Salle were visitors at Ford Sunday night.

School closed Friday of last week and a large crowd was present at the closing exercises, which was enjoyed by all.

Mr. and Mrs. Mal Stewart visited the F. W. Brunson home Sunday night.

Mr. and Mrs. B. F. Reeves are the proud parents of a daughter, born May 15.

Miss Dorothy Norton graduated from the 7th grade Friday night and several from here attended the exercises at Hereford.

Messrs. and Mmes. J. A. Vernon, Luther Ramsey and Gentry of Hereford visited the Reeves home

Sunday afternoon.
 Lucky Leavell took supper at the Mann home Saturday night.
 LaVerne Mann and Vineta Simpson ate supper with Ruby Remple Sunday night.
 J. F. Taylor took supper at the Garrett home Sunday night.
 Lucky Leavell has gone on a short visit to Oklahoma.
 Bob Orr and family and J. Y. Norton and daughters visited the Reeves home Sunday afternoon.
 Henry Rempel and wife visited the J. Treslen home Sunday night.
 Messrs and Mmes. Jim Hill and Tom Majors took supper in the Denson Hill home Sunday night.

Chas. Simpson spent Saturday night and Sunday with his parents. Roy Koch visited Glenn Simpson Sunday afternoon.
 Brydine and Tiny Brunson visited Euna Mann Monday.
 Some farmers will plow up their wheat and plant row crops.
 Dewey Larson was given a surprise birthday party at his home Tuesday evening when a large number were present to help him celebrate. Refreshments of cake, fruit salad and iced tea were served.
 Charlie and Jim Hayes of Black were here last Saturday evening trading.

Big Picture Coming to Star Theatre Next Week

Some first class pictures are on the May schedule at the Star Theatre. "The Gold Diggers of Broadway", shown here the first of the week, is being pronounced as unusually good. A visitor from Independence, Missouri, stated that Hereford had a theatre that would be a pride of a city of 50,000 people.
 "No, No, Nanette," appearing at the Star Monday and Tuesday of next week, is much better than the "Gold Diggers", according to J. C. Parker, the manager.

Greater Harvest Savings Possible With Rumely Combines

Harvest When Grain Is Ready—
 Get Top Prices!

Rumely Combine-Harvesters are designed according to the threshing principles that have been worked out by nearly a century of threshing experience.

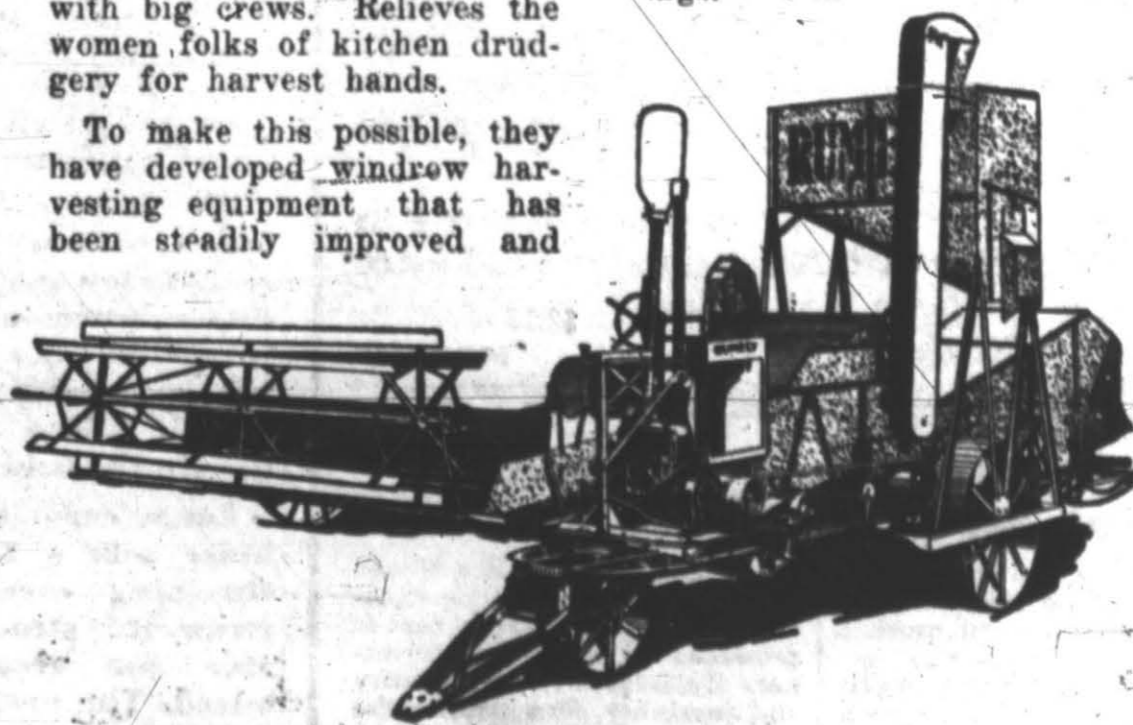

Rumely engineers have constantly striven to make combine savings available to an ever widening circle of grain growers regardless of crop conditions or territory.

Combine harvesting improves the grade and brings top price. It reduces waste and cuts harvesting costs by doing away with big crews. Relieves the women folks of kitchen drudgery for harvest hands.

To make this possible, they have developed windrow harvesting equipment that has been steadily improved and

perfected like the combines themselves.

These devices—the Swather or Windrow Harvester, the Pick-up Attachment, and the Pick-up Feeder—add but little to the original cost of the combine. Where there is trouble in handling threshed grain due to the lowering of grades with green kernels—or where rust, insects or weeds have heretofore prevented the use of combines, Rumely windrow harvesting equipment now makes possible combine harvest savings.

Summerfield

BY MRS. L. JOHNSON

There was no preaching service the past week owing to the fact that Rev. Brownlow did not get back in time from the Southern Baptist Convention at New Orleans.

George Storey and family spent Sunday in Canyon with Mrs. Storey's parents, Mr. and Mrs. Jake Roberson.

C. R. Walser and son, D. C., and J. B. Noland, spent the past week-end at Lubbock.

Mr. and Mrs. J. L. Lookingbill and family went to Canyon Sunday to visit their daughter, Mrs. Homer Crow, who is taking medical treatment there.

Mr. and Mrs. Louie Huckert spent the past week-end with relatives at Vega.

Mrs. Walter Huntley went to Amarillo last Friday to spend a few days with her father who has been critically ill for the past two weeks.

Mr. and Mrs. A. M. Walker and daughter went by auto to Pampa, taking his sister, Alma, with them. She will spend the summer with her mother.

A number of young people went to Progressive last Saturday night to attend an ice cream social.

Miss Marie Meharg who is attending school at Canyon, spent the week-end with home folks. Miss Ina Floyd accompanied her.

Mr. and Mrs. J. A. Noland and sons Jim and Otto spent the past week-end with relatives in Plainview.

Mrs. G. T. Nance, mother of Mrs. Noland, returned with them for an indefinite visit.

The seventh grade class at this school held their graduating exercises with the other rural schools at Hereford last Friday night.

A community ice cream social marked the closing of our schools last Thursday night.

Several from our community attended the ball game between Westway and Black, played at Westway last Sunday afternoon.

Mrs. Will Schultz entertained several of her daughter, Jessie's, friends at dinner last Sunday, honoring her 12th birthday.

The County Federation of Clubs will meet at Ward community school house Tuesday, May 27. Everybody is to bring a dish of something for lunch.

Golfers Have a Chance At Winning Sedan In Tourney

A list of about 75 valuable prizes ranging from golf balls to a sedan motor car, has been posted for prizes in the Panhandle amateur tournament, which will be held in Amarillo August 9 and 10. The Hillcrest Golf Club and the Country Club will be hosts and are sponsoring the noted event.

Many Hereford golfers will be entered, and local prediction has it that some of the prizes will be brought back home, as the club here has some members capable of tanging up rather low scores.

"A DREAM OF THE FUTURE"

Editor's Note—The school class address carried herewith was delivered by Miss Kathleen Cronin, honor student and valedictorian of the 1930 graduates from Hereford high school, at the commencement exercises May 15:

BY KATHLEEN CRONIN

A peek into the past is always interesting and amusing, everyone enjoys the present; but most of all we relish a glimpse into the future, for it is still ours, to do with as we may.

Suppose we take a trip through the Hereford school system in 1935. What shall we see? This:

Let's visit the new Central School building first. It's over where the old one used to be. We look at the grounds in amazement. Instead of hard-packed ground and sharp stones, which are hard on bare little feet, is a grass lawn, with all play-grounds separate. Among these are a baseball or track field, swings, slides, see-saws and many other contrivances for the pleasure of these little folks. Inside the building, which is similar in appearance to the high school is a large number of class rooms, a kindergarten department, a combination play room and gymnasium, and an auditorium. The entire building is on two floors, with the auditorium, kindergarten and class rooms for the smaller children on the first floor to make easy escape in case of fire.

We haven't long, so let's go now to the new Junior high building back of the high school. It, too,

is similar in appearance to the high school, and while a comparatively small building, still is quite adequate to take care of the three grades—sixth, seventh and eighth—which comprise the Junior High. This building, too, has an auditorium and gymnasium, and in addition has manual training and domestic science laboratories, which even the high school students envy, and a swimming pool, the gift of the business men of the town.

Let's visit the high school now. It's the same old building but we Seniors of 1930 will hardly recognize some features. There is a library now of 4000 volumes, new stage scenery, new equipment for all laboratories, a radio, moving picture machine, and Mr. Dillehay's dream—a commercial department. Then, too, the entire building is used for the three high school grades, which greatly increases

its efficiency. This is our dream of the future. The change is so great many of us need an opportunity to draw our breath. Think of it! Two new buildings and new equipment for a third within five years. But think again. Hereford certainly needs a school system of this kind and in view of the progress we have made in the past, surely we can accomplish this in the future. We can't stop now, can we?

We Seniors of 1930 are going to do our share—a little more, I hope—to aid in the realization of this dream and to show our appreciation of all that Hereford has done for us. So we bid farewell to the Hereford schools of the present as we look eagerly forward to the Hereford school of the future.

R. T. (Dick) Kimmons of Amarillo was here Tuesday of this week on a business mission. He also visited with friends before returning home.

Growena

Growena and Intermediate Hen Chow have the minerals (ash)—the bone-building material for developing a large frame.

E. B. BLACK CO.
We Are Satisfied With Small Profits

Above All Other Things -

THERE is one sure way to save your grain. . . to cut it clean to the last head . . . to thresh it better and faster. . . to separate and clean it more thoroughly. You can do all this with a Case Combine—because:

The header cuts its full width, without passing over grain in low spots or striking ridges when cutting low. Hinged to the combine by a universal joint in the main axle, it follows any unevenness in the field.

Large capacity steel cylinder sets a fast pace of threshing even in heavy straw. It is strong, unbreakable and accurately balanced. The teeth are scientifically spaced for greatest threshing efficiency.

Perforated concaves start the separation at once. Nearly 90% of the grain is removed from the straw in passing over the concaves and the spring steel finger grates. These are non-clogging in the toughest straw.

Two complete cleaning shoes, equipped with underblast fans, remove all chaff and dirt from the grain. Operator can observe the final cleaning from his position on the platform.

With a Case Combine you can reduce your cost of harvesting and make a greater profit for yourself. Come in and let us tell you more about it.

SUGGESTIONS INVITED

Mr. C. P. McCollough is putting that row crop in this week after repairs to fix up his old combine.

Auditor: "Yes, we have two or three positions open. Do you know anything about figures?"

Applicant: "Do I? I was lifesaver at Syivan beach for two years."

Mr. Elwyn Hartman has been added to our force to assist in the repair department. Mr. Hartman will be night man during harvest.

Wiley Robinson is planting sixty acres a day this week with his new four row loose ground planter.

Wife: "Why don't you put that cat out as I told you?"

Absent Minded Professor: "I put something out. Ye gods, it must have been the baby."

Why not follow suit with Ray Johnson. He was in this week after repairs to fix up his old combine.

One of the two flappers in the bus was reading a newspaper. "I see," she remarked to her companion, "that Mr. So and So, the Octogenarian, is dead. Now what on earth is an octogenarian?"

"I'm sure I don't know," replied the other, "but they must be a sickly lot. You never hear of one of them but he is dying."

New reduced prices of pistons and sleeves fitted, Farmall \$38.10; 10-20, \$45.00, 15-30 \$54.50.

"I always encourage my husband to recline in an easy chair and put his feet on the mantelpiece."

"Why?"

"When he goes to bed there is usually some small change left in the chair."

Come and see our new harrow plow now on our sales room floor. The angle of this plow can be changed from 36 to 45 degrees; also has now improved hitch and power lift.

Coming upon a football which the farmer's son had brought home from school, the rooster proudly called his hens all around him.

"Now, ladies," he said diplomatically, "I don't want to appear ungrateful or raise any unnecessary fuss, but I do want you to see what these folks are doing."

Once over and it is all over with a McCormick-Deering Harvester-Thresher.

IT'S WISE TO CHOOSE A SIX

These modern features make it wise to choose a Chevrolet Six

In selecting a low-priced car, bear these all-important facts in mind: The new Chevrolet is a SIX—and offers all the smoothness, flexibility and durability of a 50-horsepower valve-in-head six-cylinder motor. The new Chevrolet is the only car offering the style, comfort and safety of *Body by Fisher* at such low prices.

four long semi-elliptic springs, four Lovejoy hydraulic shock absorbers, completely enclosed four-wheel brakes, a modern "pump" method of fuel supply with the gas tank in the rear, adjustable driver's seat, Fisher non-glare windshield and twin-beam headlamps.

"THE HOUSE OF COLOR"

5,981 People In County; Rural Outgrows Town

The population of Deaf Smith county is 5,981 as shown by the preliminary count, which is subject to correction, according to a press release from Galen B. Smith, supervisor of census for this district.

The new count is given by commissioners' precincts: No. One, 1,791; No. Two, 2,921; No. Three, 679, and No. Four, 593. There were 633 farms enumerated in the county.

The country is growing much faster than the town, or to be more accurate, the rural districts

have been making much larger strides in population over the past ten years than has Hereford, if the comparative totals are used as reference.

In 1920 Deaf Smith county had 3,747 people. Of these 1,666 lived in Hereford and 2,081 were rural residents. Today these districts outside the corporate limits have 3,521, showing a gain of 1,470. In terms of percentage this is 71.6; Hereford's was 45, which brought the whole county down to a 60 per cent increase.

Taking the Texas Almanac as a guide, the Deaf Smith area had 38 people in 1880; 179 in 1890; 843 in 1900; 3,942 in 1910, and in 1920 among the 3,747 residents were one negro and 77 foreign-born whites.

Honor Medals of Citizenship Given Pupils

Travis M. Dameron, local attorney, was the main speaker at the closing exercises of the seventh grade pupils of the Hereford public school last Friday morning. The address was given to a large class.

The concluding feature was the awarding of citizenship medals by G. A. F. Parker to Mary Kate Brotherton, age 12, daughter of Mrs. Gertrude Brotherton; and C. J. Borden, 13-year-old son of Mr. and Mrs. L. F. Borden.

The medals are of bronze in attractive design, and the qualities considered in making these awards, said Mr. Parker, are dependability, cooperation, leadership, character and patriotism. The donor is the National Society of Sons of the American Revolution, of which Mr. Parker is a member. For many years these medals have been given to high school students but more recently the practice has been extended to include grammar schools where character and citizenship are more in the making.

The usual method of selecting the boy and the girl to receive the medals calls for nomination by the class of not more than five boys and five girls. From these eligibles the principal selects the two individuals for the high honors.

Flagg News

BY MRS. W. T. SUMNER

Our deepest sympathy is extended to Mr. and Mrs. Clint Coventry because of the death of their daughter, who died Sunday. The remains were laid away in the Dimmitt cemetery.

On Monday, May 12, Roy Shreve of Hart and Miss Ruth Newbrough of this community, were married

at Clovis. Their many friends extend their best wishes.

W. T. Sumner and wife attended singing at Cleo Sunday.

Mrs. Sid Shefey entertained Sunday with a dinner honoring the boys of the primary room.

Intermediate and junior girls of the Sunday school entertained the boys Sunday at the home of Mrs. Mosier when a large number attended.

Adjoining communities are invited to attend our Sunday afternoon singing here the first Sunday afternoon in June, when several visiting singers will be present.

Mr. Dodson, principal of our school, went picnicking last Saturday with his pupils and a number of patrons, and all report an enjoyable day.

Mrs. Lola Ramsey visited in the home of Mrs. Coventry Tuesday.

Attendance was good at Sunday school last Sunday and all others are invited to come. The school begins at ten o'clock.

Easter News

BY MISS EMERALD SMITH

Miss Va Allen, Eddie Lee Allen and Emerald Smith spent Saturday evening with Miss Olive Stagner.

Mmes. Frye, Chambless, Medley and Allen spent Wednesday afternoon with Mrs. J. S. Smith. Hazel Chambless spent Sunday with Caroline Frye.

Only a small crowd attended Sunday school last Sunday.

There was a good crowd at our Sunday church services.

Mr. and Mrs. Harry Smith were visitors in the home of Mr. and Mrs. J. S. Smith Sunday.

Mr. and Mrs. Carter and family, Mr. and Mrs. Allen went to the singing convention Sunday afternoon.

Mr. and Mrs. Chandler and family and Dan and Frances Allen were in Hereford Sunday.

Mrs. J. S. Smith is on the sick list this week.

Good Roads Are Paid For Even When Not Had

Those who oppose a bond issue for paving roads because a nickel seals their eyes so they can't see a dollar, of course overlook the tremendous waste of the impossible effort to maintain roads that are heavily traveled.

But they overlook more than that. They overlook the cost of poor roads to the owner of an automobile, and the saving that paved roads bring him.

Research workers at Iowa State College has just made public the results of a very careful analysis of the cost of operating automobiles on various types of roads.

They find that the owner of a light six saves 2.37 cents on every mile he travels on pavements instead of on low-type roads.

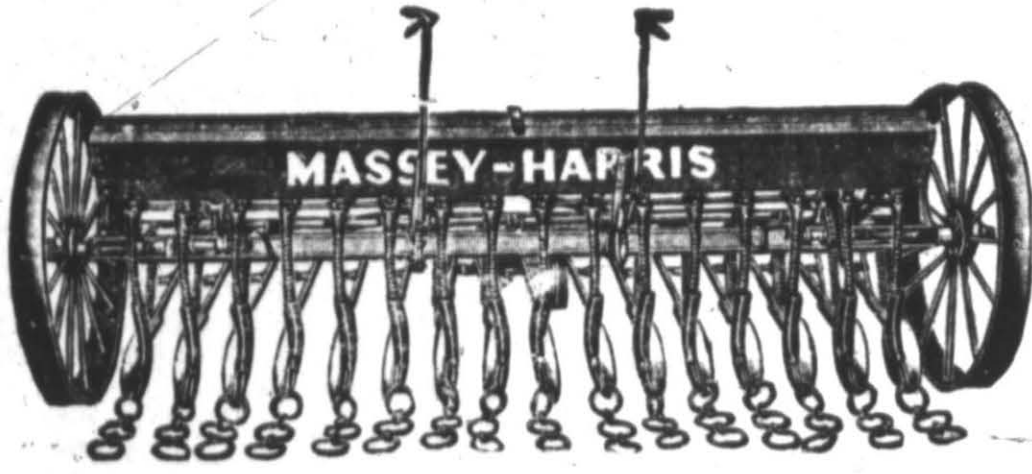

These analysts, considering all elements of car operation, found that it costs 8.62 cents a mile to drive over low-type roads, 7.38 over intermediate road types, and 6.25 over pavement.

J. A. Wear, who went to Dallas for medical examination about two weeks ago, is reported improving in health. Mr. Wear is now in the home of his daughter, Mrs. J. W. Kelley.

J. L. Farris and N. L. Harris, both of Clarendon, were here the latter part of last week visiting in the home of J. T. Farris, father of J. L. Farris, and O. H. McClure, a relative.

R. B. Trowbridge of Independence, Missouri, is in Hereford looking after the sale of some city lots and suburban acreage. He indicated that he might spend the summer here.

Well Sown Is Half Grown

POWER FARMING calls for suitable equipment to get the maximum benefit from the tractor—and this large capacity MASSEY-HARRIS drill is one tool you should investigate.

WILL ACCURATELY seed anything from corn, beans, peas, etc. down to wheat, rye or flax with equal ease and accuracy. The fluted force feed results in accurate seeding and the double disc center delivery opens insure uniform planting depth and coverage.

MAXIMUM STRENGTH is built-in by use of the bridge-trussed frame and the big all-steel reinforced hopper. This also means absolute alignment of the feed runs with further assurance of accurate seeding.

WE WOULD LIKE to have you see these drills before you buy. They also come in the DEEP-FURROW type in 12-foot size, with 14 inch spacing.

The Curtis Feeding Regulator

the Model 30 CURTIS COMBINE

feeds ANY crop, positively . . . uniformly . . . without choking or slugging

THE EFFICIENCY of the threshing and separating operations depends, first of all, upon the manner in which the crop is delivered to the threshing cylinder. The Model 30 offers you a harvesting unit, capable of delivering any crop to the cylinder in a positive, uniform manner. The improved Screw decreases the weight and simplifies the operation, delivering the crop to the Feeding Regulator without the aid of troublesome canvases, slats, gollers and chains. The exclusive Feeding Regulator, which takes the crop from the Conveyor, feeds it smoothly and surely to the Cylinder, increasing the efficiency of the threshing and reducing the possibility of choking or slugging. The Curtis Feeding Regulator, working with a perfected Screw Conveyor and Differential Cylinder, offers you today's most efficient harvesting unit.

Progressive News

BY MISS OLIVE PERKINS

Mrs. Albert Higgins spent Tuesday with Mrs. Jim Park.

Miss Katherine Hershey left on Saturday for a visit with an uncle, Dr. C. B. Hershey, dean of men at the University of Colorado, in Colorado Springs.

Mrs. Blakemore will present her expression pupils Thursday evening at 8:30 at Progressive, and the public is cordially invited.

At the last meeting of the Progressive club the following officers were elected: Mrs. W. C. Russell, president; Mrs. Jeff Robertson, vice president, and Mrs. O. Neel, secretary-treasurer.

Mrs. Samuelson and Otto Samuelson of Canyon visited Misses Gusta and Lois Samuelson Sunday.

Miss Angie Boyle, teach at Berger, is spending the summer with her sister, Mrs. Ed Botts.

Misses Gusta and Lois Samuelson were entertained in the Higgins home last Wednesday night.

D. G. Webb and family visited relatives in Amarillo Sunday.

Miss Lois Park, who has been private secretary of the superintendent of schools at Shamrock, is at home for a short vacation.

Mr. and Mrs. Jim Ricketts visited in the Arch Conklin home Sunday.

Mr. and Mrs. Jeff Robertson and son and Mr. and Mrs. Cecil Hodges and daughters spent Sunday evening with the Caldwell.

Mr. and Mrs. Ira Ricketts and Catherine ate dinner with Mrs. Pevely Sunday.

Owen Neel and F. D. Webb were in New Mexico last week.

The Cockrell and Blagg young folks visited Progressive school last Thursday.

Mmes. Jasper Cockrell and Jim Blagg spent Thursday afternoon with Mrs. Webb.

Mrs. Luke McBrayer and daughter spent several days last week with her mother, Mrs. Ricketts.

Misses Lucille Park, Aliene and Pauline McCants of Canyon spent the week-end with Mrs. Park.

Glenn and Ira Jeanne Ricketts visited Mr. and Mrs. Claude Ricketts Sunday.

Mmes. Caldwell and Blagg called on Miss Perkins Thursday afternoon.

Mr. and Mrs. Archie Dougherty of New Mexico visited in the Ricketts home Thursday night.

Mr. and Mrs. Caldwell and Eunice and Mr. and Mrs. Lee Kendall of Summerfield were guests of Mr. and Mrs. Jeff Robertson Sunday.

Northwest News

BY MRS. H. O. DORRIS

As agreed, there was no Sunday school Sunday, and a number of our folks attended the convention at Adrian.

Mrs. H. C. VanBibber attended the commencement exercises at Pampa Friday night, when her sister, Miss Lessee Cobb, graduated. Miss Lillie Cobb returned home with her for a visit.

Mr. and Mrs. Will Winn of White Deer moved to the Fuqua ranch Monday. They are relatives of H. C. Van Bibber.

A number of Sims school pupils and their parents attended the graduating exercises at Hereford Friday night.

Mr. and Mrs. H. O. Dorris and son visited relatives at Clovis Saturday and Sunday.

A surprise party and handkerchief shower was given Miss Margaret Steen, teacher of Bippus school, last Thursday night at her home where she was having a party for her school pupils. Word was sent the young people's class and most of them attended and either brought their parents or a friend along. Ice cream, cake and punch were served. Party games were indulged in and everyone expressed themselves as having enjoyed a delightful evening. Miss Steen received between 35 and 40 beautiful handkerchiefs.

Coleman and Martin Campbell who have been preparing wheat land in this neighborhood, have returned to their home in Plainview.

J. G. Lewis made a business trip to Amarillo Friday and spent the week-end with his daughter, Mrs. Harry Davenport.

J. E. Atterbery and daughter, Miss Lola, are visiting relatives in Amarillo this week.

Farmers in this locality are now busy planting row crops. The wheat seems to be holding up well considering the dry weather.

A shower was given for Mr. and Mrs. Mack Mason Friday night at the home of Mr. and Mrs. Ed Mackie of the Valentine community. They received some nice, useful gifts. Mrs. Mason will be remembered as Miss Jean Flippen before her marriage a short time ago.

Work is steadily progressing on our community church building.

Dawn Items

BY MISS LOVIE MAYFIELD

A large crowd was present at church and Sunday school last Sunday.

The P. T. A. met last Friday evening and after a short program a social hour was enjoyed.

School closed with a big program last Thursday evening.

Johnny Hanny who has been attending school here, returned Saturday to his home at Brownfield.

Clifford Stewart, Paul Bagwell, Walter Botts, Lois Harris and Maxine Barnes, graduates from the seventh grade, represented the school at the graduation exercises at Hereford Friday evening.

Miss Carroll Corbett, who has taught here the past term, returned to her home near Hereford Friday.

Miss Ethel Harris who has been teaching at Tucosa, returned home Saturday.

Miss Mary Alice Griffiths, who taught here the past term, returned to her home in Amarillo last week-end.

Walter Stewart went to Tucumcari visitor Sunday week.

The city of Dawn has installed electricity and is now basking under the mellow glow of real city lights.

Due to the hail storm last week several citizens of this community are having to repair their roofs and put in new window glass.

The young people's Sunday school class entertained the Sunday school with a short program on Mother's Day.

W. L. Harris made a trip to Mexico last week.

Mrs. Stewart is still with her mother, who is ill, at Byers.

John Straub and family visited in the Greer home Sunday evening.

DUNLAP GROCERY

REPORT OF SCHOOL INSPECTIONS

BY NEIL HALL, County Health Nurse

The month of April was chiefly noted by the completion of school inspections. This work was done rapidly than one usually likes to do in order to reach all the schools before they closed for the summer. There were many defects which should receive careful attention during the summer. Especially should the children who are at least 10 per cent under weight be urged to pay particular attention to diet and rest. We would like to see all the children going back to school in fall be able to start in without physical handicaps. May we all work together to do our most for these youngsters?

The report for the month is as follows:

| | |
|---|---------|
| pre-school cases | 4 |
| school visited | 17 |
| children inspected | 473 |
| defects found | 526 |
| children defective | 362 |
| children corrected | 6 |
| 10 per cent underweight | 126 |
| health talks given | 25 |
| homes visited | 3 |
| com. meetings attended | 1 |
| officials meetings attended | 5 |
| public talks given | 1 |
| hours spent in communicable disease control | 2 |
| hours spent on records, reports | 45 |
| hours spent traveling | 16 |
| expense | \$12.90 |

Now that schools are closed, more time will be devoted to infant and pre-school work. Our aim is to have every infant and pre-school child in the county given thorough physical examination. We urge the cooperation of all the parents in each community, so that we may make this possible.

E. F. Connell took Mr. and Mrs. L. Trussell to Perryton Saturday, where the Trussells will do the singing in the Baptist revival which Rev. V. M. Cloyd is conducting there.

Poultry Clinic Set for Sales Pavilion Monday

The educational short course in the form of a poultry clinic will be held in the sales pavilion next Monday afternoon at two o'clock. In order to make the clinic a success, it will be necessary for people to bring a sick or diseased chicken for diagnosis by the poultry expert who will be here, said R. P. Conaway.

A valuable prize will also be given away following the clinic, according to Mr. Conaway, under whose auspices the instruction has been brought here.

CARD OF THANKS

To Our Many Friends:

We extend our sincerest thanks for the many courtesies shown us during the recent fatal accident of C. S. Walker.

Our appreciation of the splendid assistance rendered us, the numerous offers of help tendered us, the consoling and comforting spirit of sympathy exhibited and the wonderful floral offerings sent and those placed on the grave in the past few days, knows no bounds; we gratefully and thankfully acknowledge our gratitude.

Mrs. Ella M. Walker, Mr. and Mrs. Du Bois Walker and Family, Mr. and Mrs. Lowery Walker, Mr. and Mrs. Earl Booth, Miss Eunice Walker and Clinton Walker.

Mrs. J. H. Brooks and two daughters, Vendell and Lyndell, and Mrs. Brooks' sister, Mrs. H. H. Marshall, left Tuesday for a short visit with relatives and friends in Cisco, Texas.

Mr. and Mrs. M. Stemons of the Easter district were shopping in Hereford Monday. Mr. Stemons said that with a good rain in the next few days his community will make a fair wheat yield where the land was summer tilled.

Baptists Are Liberal With Orphans' Home

A free-will offering of \$141.00 was made to Buckner's Orphan Home at the Sunday morning service of the Baptist church, Rev. V. M. Cloyd announced that night. A newly elected choir leader, Earl Robertson, was in charge of the singing for the evening services.

Rev. Cloyd preached on "The Rich Fool," reading from the 12th chapter of Luke, in which the rich man's determination to retire from work and service and loaf was recounted. "This rich man was a failure," said the pastor. "He had the wrong philosophy of life, when he invited himself to eat, drink and be merry lest he die in the morning. He was an Epicurean, a seeker only after pleasures."

As Christ told of the rich fool whose life was required of him, the minister concluded: "When you have become satisfied with life, with your condition, you are through, you might as well die."

Hillcrest Club Bests Hereford In Match Play

The Hereford golf club took part in the first inter-city team tournament Sunday with Amarillo players when they were matched with the Hillcrest county club golfers on the Amarillo course.

The locals lost the event, winning four matches, tying three and losing 11.

The results of match play were: M. Merriman beat J. M. Posey, 6 and 3.

Elliot Tatch beat J. J. Clark, 6 and 5.

Jim Kidd and E. D. Fox, tied.

W. W. Woolsey and J. A. Pittman, tied.

Jim Hager beat H. L. Rice, 1 up.

Bill Satterwhite beat A. A. Foster, 6 and 4.

Henry Reed beat B. F. Marrs, 5 and 4.

N. D. Bartlett beat H. E. Fox, 5 and 4.

Aubrey Jackson lost to V. T. Downs, 2 up.

J. E. Clements and T. Roden, tied.

Ben Henson beat L. H. Foster, 6 and 5.

George Mager beat K. Sharman, 6 and 5.

Mason King lost to J. S. Wilkinson, 1 up.

Chuck Wagner lost to Oscar Lange, 8 and 7.

Jack Elliott beat Cliff Estes, 6 and 5.

Sam Reed beat Iza Black, 4 and 3.

Joe Bob McClure lost to Jim Patton, 4 and 3.

Christian Minister Returns From State Convention

Rev. J. W. Boultinghouse and family have returned from an extensive trip into the eastern and southern part of the state. They attended the state convention of the Christian church at Austin. Enroute they stopped in Breckenridge to visit relatives of Mrs. Boultinghouse. A short visit was made at Texas Christian University at Fort Worth.

They were the guests of the minister's parents, Mr. and Mrs. J. F. Boultinghouse, in Uvalde county, and from there went to Coleman, a former pastoral charge. In Brownwood Rev. G. C. Sherman, who held a revival in Hereford, was seen. The last stop was made at Olton, where Mrs. Boultinghouse's parents, Mr. and Mrs. I. J. Sparks, reside.

Revival Will Begin Sunday In Dimmitt

Dimmitt, May 21.—A revival will begin here next Sunday at the Church of Christ, with O. M. Reynolds, evangelist of Weatherford, doing the preaching, and Albert L. Smith of Melrose, New Mexico, leading the singing. This evangelist has held ten meetings here in past years and was instrumental in getting a \$10,000 church edifice erected for the local congregation.

The church and the evangelist extend a cordial invitation to all within reach of Dimmitt to attend the meeting, which will run thru June 5.

Locals

Miss Dorothy McDonald of Amarillo is here this week visiting friends.

Hats, \$2.00 special, \$3.75 special, \$5.00 special for Friday, Saturday and Monday. VOGELE MILLINERY PARLOR. 19-1c

USED CARS

with an OK that counts

During the past week we have brought into our Used Car lot, with the big white front, some of the most outstanding values in good used cars that it has been our privilege to buy this year. Our business is good and our prices are more attractive than at any time in the past. Below are listed a few of our best buys:

- 1—1929 Pontiac Coach, wire wheels, trunk, and many other extras.
- 3—1928 Chevrolet Coaches, everyone a good one and guaranteed OK.
- 2—1929 Ford Coupes, almost new, but the prices are very low.
- 2—1929 Ford Sedans. We challenge you to find better cars at any ways near the price.

Many cheap cars at your own price, also used trucks.

WE HAVE FOR SALE—Some dandy Jersey and Durham Milk cows—some fresh now and some to be fresh soon, and the prices and terms are right.

WANT Ads

All classified advertisements must be paid in advance unless arrangements are made in person to care for the payment of them. Classified ads received through the mail will not be published unless accompanied by the cost of insertion. Classified advertising includes Cards of Thanks, Resolutions of Respect, Verbatim Copies of Obituaries, Legal Publications of all kinds, Announcements, Etc., as well as Reading Locals scattered about thru

personal mention columns. All of the above styled advertising, with the exception of Cards of Thanks, short Announcements and Reading Locals cost 1-2 cents per word for the first insertion, and 3-4 cent per word for each continuous insertion thereafter without change. Reading Locals and Short Announcements cost 10 cents per line for each insertion, counting six words for each line or part of line.

Cards of Thanks cost 25 cents each in the usual form, when of more than ordinary length the cost is the same as for reading locals. No ad in any issue may cost less than 25 cents. If desired set in black face type add 25 cents to cost of the advertising. Word ads intelligently do not try to save a few cents by leaving out necessary words; tell who, what, where, and if essential, when, and why.

Mr. and Mrs. W. S. Dixon

and Mrs. W. S. Dixon and Bennett Dixon returned Friday from New Mexico where they had spent several days. After Sunday school several good friends went to the Alman home to surprise her, but she had her suspicions aroused the day before and was ready. A delightful day was spent by Mrs. Jim Bagwell and children, Mr. and Mrs. Paul Williams, Mr. and Mrs. K. R. Hunter, Mr. and Mrs. J. W. Berry, Mr. and Mrs. Alfred Grant, Mr. and Mrs. Robbins, Rev. Peters, Mr. and Mrs. Harlin, Mr. and Mrs. C. E. Tice, Mrs. Baulford and Blanche, Mr. and Mrs. Mobley, Mr. and Mrs. Percy Estes and Mr. and Mrs. Brawley called during the afternoon. Mr. and Mrs. Sparkman, Mr. and Mrs. K. R. Hunter and Mr. Andrews and children attended the baccalaureate sermon at Dimmitt Sunday which was preached for the 7th grade rural pupils. Alma and Ruby Andrews, Florine Hunter, George Jones, Weldon Lindsey,

CARD OF THANKS

We wish to express our appreciation and gratitude to our nurses, neighbors for their untiring effort and loyalty to us during our illness and death of Mary. May the blessing of God be upon them all. Mr. and Mrs. W. D. Son. Mr. and Mrs. C. I. Family. Mr. and Mrs. D. F. Family. Misses Elsie and Bessie of Friona are a week here in the hot grandparents, Mr. and Messenger.

Seasonable Items—

Beautiful lawns this summer and especially next fall, will be due to the care you give them now. We advise the use of

VIGORO

—the concentrated, yet safe, plant food for all lawns and vegetation to keep them fresh and green, and give them vigorous growth.

Keep your lawns and gardens well watered and cared for. We can supply you with everything you will need—lawn mowers, garden hose, all kinds of tools to work with, sprinklers, trowels, weeding tools, etc.

And it's getting time to be thinking of ice cream freezers and water coolers, isn't it? We are prepared to fix you up with anything of that kind you will need. Come in and just see what an assortment of varieties and sizes we have in stock ready for delivery.

| 100 lbs Growing Mash | \$3.90 | (24 per cent protein) | |
| 50 lbs Growing Mash | \$1.95 | 100 lbs Dairy Ration | \$ 2.35 |
| 25 lbs Growing Mash | \$1.10 | (16 per cent protein) | |
| 100 lbs Pig Meal | \$3.60 | 100 lbs Oyster Shells | \$1.25 |
| 100 lbs Hog Meal | \$3.30 | | |

Gold Medal Feeds are farm tested. They are made by the Washburn-Crosby Milling Company, who for the past eighteen years have maintained an experimental farm. This eliminates the necessity of experimenting with these feeds.

We should like to call particular attention to the Chick Ration. This is a combined Starter and Growing Mash, and can be fed until the chicks are from eight to ten weeks old, thereby eliminating the necessity of changing feed.

You will notice from the prices quoted above, that this feed is also much cheaper than the Starting Mash.

We will pay market price for grain at all times.

Announcing TEXACO-ETHYL

THE "DRY" ETHYL GASOLINE

The Texas Company announces that now Texaco the original "dry" gas, is available with the Ethyl compound. It means the linking of two famous names in motor fuels to produce one of the finest premium anti-knock gasolines ever offered the motoring public—Texaco-Ethyl!

The Ethyl compound in itself cannot perform miracles. It's the gasoline base that makes the difference in Ethyls. The better the fuel you begin with, the better the resulting Ethyl Gasoline.

The *new* and *better* Texaco, the original "dry" gas that vaporizes instantly, *plus* Ethyl, *equals* the last word in automobile fuels. Texaco, the driest of dry gases, permits complete and uniform diffusion of Ethyl through the manifold into the cylinders. It creates higher standards of pick-up, power, speed and mileage for any car, old or new. This new premium grade is now available at Texaco Service Stations to all motorists who desire a superior anti-knock gasoline. Try it today!

Mock Spirits in Daytime but Fear Them at Night

Night has great terrors for the inhabitants of the island of Bali, in the Dutch East Indies, because of the great number of demons (butas) prowling about in the dark.

"Witch Finder" Haled to Court by His Dupes

Germany is doubtless an extremely modern country, yet not quite so progressive as might be surmised.

For several years the small village on the Baltic has been pursued by evil fortune. Cattle have died and the harvests destroyed by storms.

They therefore engaged the services of a renowned wizard of Rostok, who, for considerable remuneration, promised to exorcise the malignant witch.

Mere chance later disclosed that the old woman had been carefully brought along by the wizard on his motor-cycle.

Statesmen Not Money Getters

George Washington left an estate valued at more than \$800,000. John Adams' estate amounted to \$75,000. Thomas Jefferson died poor.

Men Once Carried Muffs

Though we are told that muffs are to be worn again by women, it is highly unlikely that any of the once sterner sex will follow their example.

Pepys took his wife's old muff into use and let her buy a new one. But then Pepys was capable of edging his waistcoat with gold braid taken from his wife's best petticoat.

English May-Day Custom

As far back as the medieval period in England, Chaucer says it was customary to go out early on the morning of the first of May "to fetch the flowers fresh."

was given to the harschorn, and the ceremony was called "the bringing home the May." A relic of the Roman custom, when on May day the goddess Flora was especially honored, is seen in the selection of a beautiful village maid to be crowned as "Queen of the May."

Origin of "Chop Suey"

It has often been said that chop suey is unknown in China, and that it was invented in the United States by Chinese cooks. But if the particular recipes of Chinese cooks in this country are not commonly followed in China, very similar dishes, at least are served there.

Monarch's Three Crowns

The king of England has three crowns: King Edward the Confessor's crown, the imperial state crown and the imperial crown of India.

Fur-Bearers Wiped Out by Forest Destruction

Fur-bearing animals are naturally creatures of forest and stream, and it is interesting to note the effect forest destruction, either by fire or lumbering, has on the fur-bearer.

Animals, like the valuable pine marten and fisher, are simply lost without green timber, and you will rarely see tracks of either of these animals in burnt-over lands or slashings.

Beavers and coyotes as a rule quickly return to burnt-over areas, for the simple reason that forest destruction generally results in a new growth of light brush and grass, which affords a great breeding ground for mice and other rodents.

But, on the whole, forest destruction makes a wide devastation of the fur-bearing species. It is known of several instances in northwestern Canada when rival trappers, in order to drive their enemies out of certain sections, have stooped to the nefarious practice of firing large timbered areas.

Wide Belief in Virtues of Peony as Medicine

The peony is credited with medicinal power by peoples as far apart as the Japanese and the inhabitants of western Europe. According to ancient herbalists it was an herb of the sun, and consequently prescribed for maladies caused by the moon.

Romantic French Castle

A castle which suggests the romance and magic of the age when knighthood was in flower should stand boldly on the summit of a precipitous rock or hide mysteriously among the shadows of a mighty forest.

Chambord, near Blois, for this reason is one of the most romantic of the French chateaux on the Loire. It is surrounded by mossy walls 24 miles around and its forest has nearly 3,000 acres.

The dozens of pinnacles, lanterns, and towers are visible for miles—looking on the dim horizon like a misty Oriental city. The grand circular stairway which winds upward in two directions at once is the glory of its interior—but there are 64 staircases in all.

Origin of Mayas Unknown

Where the Mayas came from is one of the world's ancient mysteries. Research is now going on in the Vatican library in the hope of tracing manuscripts of priests who visited America at the time of the Spanish conquest. It is hoped that these may prove a key to the Mayan hieroglyphics which have been found. At the time of the conquest the Mayas had a vast literature preserved on scrolls of papyrus. These were gathered and burned by the Spanish invaders.

Figuring Warfare's Cost

In the Civil war, the United States numbered 2,128,948; there are various estimates of the Confederate loss, including killed, dead from wounds, disease, etc. The Confederate loss (partial statement) is given as 133,821 dead from wounds or disease.

Canal Would Be Costly

The cost of the proposed Nicaraguan canal would be several times the cost of the Panama canal. The Nicaraguan canal would be about 183 miles in length, 70 miles of which will be in Lake Nicaragua.

Psychology in Matrimony

David Seabury, famous consulting psychologist, says psychology can well be applied to the field of marriage. He names seven kinds of love: mate love, based on natural compatibility; romantic love, the kind that is in love with love; sex-love; home love; intellectual love; propinquity love, in which two persons have the same background, and self-love.

Doctors and Scientists Claim Butter May Prevent and Cure Cancer and Other Serious Ills

Dallas, May 20.—Preventing and curing cancer, heart disease, influenza and pneumonia with dairy butter was one of the discoveries of science discussed by prominent doctors who attended the Southern Clinical Society's annual convention here recently.

This discovery, announced recently by Dr. Weston A. Price, Cleveland scientist, after 10 years research, brought out that Vitamin D, one of the principal constituents of butter, was found to be a valuable aid in precluding and curing many of the so-called "degenerative diseases."

In some instances, Dr. Price is reported in an Associated Press dispatch, he has cured cases of these diseases by the introduction of the vitamin in capsule form, or in less advanced stages by changing the patients diet to include quantities of spring butter containing a high percentage of the curative element.

With conclusions drawn from spectral analysis of the sun's rays, he presented the theory that light is composed of these elements

which sustain the spring season and are absorbed by grass-feeding animals. Hence, he said, milk at this season of the year is abnormally rich in vitamins, particularly vitamin D.

"In our modern life," Dr. Price said, "we practice self-cannibalism, we draw upon the calcium and vitamin content of our bodies to keep us going, and eventually we break down. By introduction of vitamin D, known as the 'sunlight vitamin,' we build up the bone, prevent tooth decay, which is the most universal disease, and eventually remove the infections which produce degenerative diseases."

The meeting in Dallas was attended by prominent physicians from all parts of the South. Clinical lectures were held in many of the city's largest hospitals for the benefit of the visiting doctors.

The oldest physician at the meeting was Dr. I. L. VanZandt, of Fort Worth, brother of the late Major K. M. VanZandt, who died a few weeks ago at the age of 98. Dr. VanZandt himself is 90.

Tremendous Railroad Building Program In Panhandle Highly Significant; Progress Opening

(From Amarillo News.)

What is the full meaning of the tremendous railroad building program that is under way in the Panhandle?

It means the opening of a vast virgin territory for agricultural development. It means increased transportation facilities for the distribution of raw material produced in the Panhandle, and for the finished product when it comes back. It means the establishment of new towns with opportunities for industrial and commercial development.

It means that great sums of money will be spent here at home for wages and supplies. It means this, and it means a great deal more.

It means that the Panhandle is contributing as much or more than any other section of the nation toward readjustment and stabilization following the recent economic disturbance. It means that many millions of dollars required for the construction of these new lines will be spent for rails, ties and other materials. In turn the steel mills and factories turning out this material, and the railroads transporting it to the "front" will need thousands of men, thus assisting to relieve the unemployment situation which is said to be so acute.

NEARBY and YONDER... by T. T. Maxey

THE Parthenon was "The crown of glory that was Greece." This temple which bordered on the Acropolis at Athens, was dedicated to Pallas Athena, the goddess of wisdom, more than 400 years B. C. and was used throughout the centuries of its existence as a temple of worship.

In Centennial park at Nashville, Tenn., on the banks of the Cumberland, stands a faithful reproduction, both as to form as well as to size, of that masterpiece of Greek architecture. First constructed as an attraction of the Tennessee centennial exposition in 1897, it was later rebuilt as an unusual and permanent attraction of the Tennessee capital.

The charm of this beautiful building springs from the refinement of its outline and the well-balanced effect of its proportions, these characteristics blending in a dignity and grace, which have made it famous as the most perfectly proportioned structure the Greeks ever built. It is 101 feet wide, 228 feet long, 65 feet high and is encircled by a row of giant, fluted columns, each 34 feet high and 6 1/2 feet through at the base, which are easily the most attention-attracting features of the entire ensemble.

LEARN WHERE

(Concluded from Page 1)

Hereford high school, Henard East, in "Looking Backward", gave a history of the school from its humble beginning, tracing the growth in all phases, such as buildings and curricula. Charles Simpson had for his subject, "History in the Making." He told what the school was at present, its faculty, its library, its 28 affiliated units, and its many achievements for the year just ended.

Miss Kathleen Cronin, honor student and valedictorian, in her subject, "A Dream of the Future", envisioned and pictured what the years unborn would bring to the Hereford educational system.

One musical number, "Ships that Never Come In", a quartet, cast an atmosphere of melancholy, in which deepest dreams of the future, noble aims and ambitions which all graduates have, were glimpsed as being possibly freighted on those ships that never come in. The singers were Bernard Seed, Edward Robertson, Charles Rice and T. E. Seigler, Jr.

Road Menace

"Why all the bandages on Jones' head?" "Rotten bridge." "Break through?" "No, trumped his wife's ace."

Mrs. R. D. Cowan and two children of Aurora, Missouri, arrived here last week and are visiting in the homes of her parents, Mrs. J. E. Gyles, and her brother, Frank Gyles and family.

Mrs. J. A. Johnson and children left last Sunday for Hutchinson, Kansas.

Mrs. Lloyd Edwards and little daughter, Bettie Jareen have just returned from Fort Worth where they have been visiting Mrs. Edwards.

Mr. Edwards joined them there the last week of their visit.

A Want Ad In The Brand is a steady worker—try it out

RURAL SCHOOLS

(Continued from Page One)

kind designed to turn out men and women who are both dreamers and practicalians.

"Know what you want to do, know how to do it, and do it," was his strong injunction to the classes. "Opportunity is not as it has so often been pictured, on tip-toe and with only a wisp of hair on the forehead for timely grasping. Every morning he stands without your door. With the dawn of every morn every soul is born again. Don't give up; keep at it; don't be satisfied with the ordinary; seek to do something outstanding in your chosen work."

"Are we as parents, as teachers, doing our part in selling education to the young folks? Do the teachers make study interesting?" were his pointed questions, after reviewing the sad falling by the wayside of so many as steps are climbed up the scholastic ladder.

Quoting Mirabeau B. Lamar: "Education is the guardian genius of democracy," and paraphrasing Thomas Jefferson, it is folly to think you can remain free and ignorant at the same time, the speaker urged the big need of moral education, the ability and stamina to refuse to do what is not right. Led by Frank R. Phillips and

Earl W. Wilson the seventh grade classes marched to the stage as Selous Copeland Hales played the professional. The invocation was given by C. H. Dillehay, followed by a vocal solo from Anna Copeland.

Judge Wilson introduced the students and the schools they represented, explaining that they had made the grade and no gift passes had been issued. After the pupils had been handed their certificates of promotion into the high school, the assembly was dismissed by J. M. Gilliland in a benediction. Members of the classes given promotion and their schools are

- listed below: Bippus, Lola Atterbury, Dawn, Walter E. Botta, Paul Bagwell, Maxine Barnes, Lois Harris, Clifford C. Stewart. Summerfield, Dollie Josephine Welby, Mildred Martha Mehard, Donald Wilson Morgan, Charles Lee Wilson, Olin Knight Greason, Orlan Andrew Thornton. Dean, Roberta Harrell, J. D. Harrell, Allen Plummer. Westway, Lilly Moy Sikes, Leslie Vaughn.

- Marion Pierce, Gladys Casner, Pauline Wilson. Ford, Dorothy Grace Norton, Sims, Doris Blasingame, Stella Lee Fortenberry, Albo Mae Fortenberry, Lois Phillips. Progressive, Catherine Ricketts, Noel Higgins, James Lusk. Daniel, Angie Jacobs and Roy Harris, Ward, Floyd Harrison and Buford Hutson. Wyche, Woodrow Carmichael.

122,740 MILES Of Satisfactory Service

The Following Letter from a Hereford Citizen Is Self-Explanatory:

Hereford Motor Co., Hereford, Texas. Hereford, Texas, May 21, 1930. Gentlemen: Your Mr. Pitman asked me about the service that I have received from the Model A Fords that I have owned. I will say that I have received perfect service from these cars. The first Model A that I owned was a Sport Coupe which I drove 38,500 miles and traded in on a new one. I put rings in this car at 24,000 miles and pistons at 37,000 miles. This is very good when you consider that this car had averaged over 200 miles per day from the day that I received it to the day that it was traded in on the new one.

Good Service Is BUILT Into Fords, and Not SOLD In Them.

Hereford Motor Co.

Two Undefeated Teams Meet On Ball Diamond

Keeping up the record of taking on all comers and giving them the same kind of medicine, the Hereford regular baseball team invited the Amarillo Redfaced down Sunday and sent them back home under a ten to two defeat.

Several home runs were made and the bags were only flag stations. Rose, local pitcher, had a hard, high one and a curve that was breaking just right. Twenty visitors whiffed. Nicklaus, on the mound for Amarillo, was in good form but his support was too ragged to hold the visitors in the running.

A much better game is promised for Sunday, June 8, when an undefeated team appears on the local grounds to meet the undefeated Hereford regulars. Anything may happen, as in the case of an irresistible body coming up against an immovable one. The formidable foe for this time is the Texaco Refiners, and they have put through the refining process the Cats of Amarillo, the Tacks, the Groom line, Shelly Oil's team, and the strong aggregation of Pampa.

There will be a head-on clash between these two teams. The Refiners do not represent a packing house, the Hereford Whites expect to miss the refining system, coming out unscathed unless a still blows up.

The Refiners have won this season 11 games and lost none. After the 8, according to local fans, the Whites will be figures in both columns for the visitors.

Everybody Is Given Chance To Play Golf

The Canary golf course, a miniature 18-hole course covering several lots at the intersection of West Third street with 25-Mile avenue, opened Saturday and Sunday as a popular amusement outdoor center. According to the management 285 people, including men and women, played the round of 18 holes.

Frank Young of Roswell has installed the course at a cost of close to \$1,000. William Denning will be here some time during the week to operate it. The course is full of unusual hazards and gives the player some good practice in putting, and the putter is the only club used. It has a par of 41, and no one has made it yet; however, J. M. Posey marked up a 44 and Homer Fox a 46. Sixty strokes is a good score, better than the average, said the manager.

Ain't Nuthin' In the World Like a Fishin' Trip, Brother

BY IKE WALTON'S BUDDY

It won't be long now! What? Why, fellow, the good old annual fishin' trip! The greatest vacation in the world for a fellow who has been chained to a desk for many dreary moons. The same old crowd every year . . . and a great crowd it is. Just a bunch of rowdy boys when they get away . . . you'd never know them! No women folk. That's rule number one! What? Well, so am I married! That's the fun in going away on a stag party. You appreciate your wife and youngsters all the more when you get home. Say, fellow, do you remember the old swimming hole of your boyhood days? Ever wish for those years to return? Then grab your rod and reel, take a toothbrush and an extra pair of socks, convince a few kindred spirits, and head for the fishin' grounds.

Meet the Fish' Crowd.
For five years now on a certain evening early in June, my fishin' crowd has assembled in the concourse of a big railway station. As I pound out these words on an old typewriter, I'm counting the weeks till the gang meets again. Quite an informal bunch . . . and as informally dressed as a group of lumberjacks. That's the Judge with a pair of corduroy breeches a size too large for him. At that, he looks more at ease than he does in the robes he wears on the bench. Then there is Dewey, who's a big printer, Sam, another business man who doesn't look quite so business-like in a woodsman's shirt, and about four or five others who range from a realtor to a clothier.

A Light Breakfast.
The gang has just been in the woods country for an hour or two so they must be excused if they don't quite do Mrs. George's breakfast justice. They eat rather lightly . . . just some fruit, ham, eggs, toast, jam, a stack of wheat-cakes, and two cups of coffee apiece. Poor lads. Not much loitering over after-breakfast cigars and pipes . . . seems I mentioned somewhere the fish were jumping. Every man in the crowd is a talented angler . . . but, after all, fishing is just a means to end . . . an excuse for getting out in this glorious sunshine. There is just the faintest suggestion of a sooth-

ing breeze . . . far away off on the other shore a bluejay screams in the pines . . . the orioles creak lazily . . . it's hard to realize that somewhere typewriters are clattering, elevator gates slamming, brakes screeching. But, say, you darn fool, why think of such things. It's a heap more pleasant to watch that big chicken hawk floating dreamily away up in the Z-z-z-e-e! Golly, a big one's hit! Get your oar out of the way, you dub! No, pull her out away from

those stumps. There! He's broken water. I've lost him. No! He's running under the boat . . . now I have him . . . where's the net? . . . quick . . . Attaboy!

A Swim, a Meal, a Pipe.
And so the morning hours idle by. The boats draw together at noon for a confab . . . lunch will be cooked on that second island. Keels ground on the white sand. It's rather hot . . . the ol' lake looks good. Last one in is a laughing hyena!

Muskies Their Own Reward.
Along toward sundown the Judge catches a muskie. He's 'way across the lake, but you can catch the silvery gleam of the fish as he breaks water for the last time. And the wind has died down . . . it's so quiet it hurts . . . you can hear the Judge holler his triumph for miles. The evening star is bright and the tip of a crescent moon shows over the trees when the boats steer for the yellow light in George's roomy main cabin. Crickets are chirping somewhere. And supper's ready.

Forget Your Razor!
It's pleasantly cool along about eight o'clock . . . the fire crackling cheerily on the stone hearth feels mighty pleasant . . . and tomorrow brings another fishin' day . . . you won't have to shave for at least five days.

Star Theatre Spends \$7,000 In Improving

The Star theatre has begun a series of improvements for the show house which will reach \$7,000 at completion. More convenience and comfort will be provided and better service on the screen are in the plans.

Two new projecting machines are being installed this week, and the management hopes to have the modern noiseless blower in operation by Saturday for keeping the house cool during the warm weather.

Within the next two weeks 600 seats will have arrived and been set up, said J. C. Parker, the manager.

Last Federated Club Meet Will Be Held at Ward

The final meeting of the club year for the county federated clubs will be the all-day session at the school house of the Ward community next Tuesday, May 27, in which the program will be furnished by the different clubs in the organization. Mrs. Lee Curry, of Sumnerfield, is president of the organization.

The meeting will begin with the noon luncheon, contributed through each member bringing a dish of food. Of special interest will be the report of the delegate to the district federation convention held recently in Pampa.

Officers will also be elected, and the new year will begin about the first of September.

W. F. Gillis, and mother, Mrs. A. K. Gillis, and E. B. Black and J. J. Buckner were in Amarillo Tuesday. Mrs. Gillis was there to select the brick to be used in the construction of her new duplex residence mentioned in last week's Brand. Messrs. Buckner and Black purchased additional materials for the Black funeral home building now nearing completion.

MEETING CALLED FOR MONDAY TO DISCUSS ASSESSING PLAN FOR FINANCING LOCAL HOTEL

There was unanimous consent of the 35 members of the Chamber of Commerce at a special session Monday to continue the efforts to get a modern hotel for Hereford, following a called meeting of the hotel committee on May 14, in which methods of raising the city's financial aid to the project were discussed. Each one departed with determination of interesting others.

The fund raised will not be a bonus, but will be secured by six per cent second mortgage bonds, said J. E. Hill, chairman of the committee.

If the plan is finally approved, he said, in a presentable form, it will be discussed in a mass meeting of all the citizens where all may express their opinions. A roll of the assessed real estate in the city will be made and the proper ratio to raise \$50,000 will be figured. The individual assessment will be made upon the theory that all will benefit equally and should assist in financing upon an equal basis.

The committee has had several hotel propositions presented, and one especially that seems to be fair and equitable, said J. A. Miller, Chamber of Commerce manager. The only thing lacking now to bring the modern hotel here, one that everyone can point to with pride and the business needed more than any other, is for the Hereford people to get squarely behind the proposition. Is the opinion of the entire committee.

A big meeting of all business men has been announced for next Monday noon, when something more definite will probably be done. The kind of hotel planned, in answer to Mrs. Claude Roberts' question, is a 60-room, four-story structure, with a 500-capacity dining hall and mercantile store-rooms on the ground floor. The foundations will be built to sustain several other stories if needed later. The Monday luncheon, held at the total cost would be \$130,000.

Mary Vaughn, Amarillo, Died Here Sunday

Mary Elizabeth Vaughn, young daughter of Mr. and Mrs. Wood D. Vaughn of Amarillo, was laid to rest in the local cemetery Monday afternoon, following funeral services in the Baptist church here with Rev. V. M. Cloyd, the pastor, speaking the last sad rites. The little girl died Sunday afternoon at the home of her grandparents, Mr. and Mrs. C. H. Carl, in Hereford after an illness of nine weeks. E. B. Black undertaking company was funeral director and pall bearers were Chas. Bennett, J. E. Hill, J. W. Robinson and Abe Martin.

City Drug Decorates for Memorial Poppy Day Sale

To cooperate with the American Legion Auxiliary in its poppy day sale next Saturday, the City Drug Store has had one of its windows decorated with war relics and mementos, reminders of the need of the sale of poppies and of approaching Memorial Day, when the dead of all American wars will be honored. The ladies of the Legion Auxiliary had charge of the decorations.

The Presbyterian Auxiliary will have a Bake Sale Saturday, May 24 at M System. 19-1c

Glenn Snyder went to Amarillo last Monday to attend Federal court.

A. O. Herbold of Bridgeport, Oklahoma, arrived here Tuesday to be with his brother on the farm this summer. Mr. Herbold will enter high school this fall as a senior.

D. E. Fox, merchant, and C. C. Acker, banker, made a short fishing trip into New Mexico Wednesday, but they have no big fish stories to relate.

A. A. Foster, owner and operator of the Whiteface Printing Company, is sick this week, being confined to his bed Wednesday.

How about tire chains? Don't go far from home without them. RICE sells them. 19-1c

General Report Of Conference Will Be Heard

Services at the Methodist church at both morning and evening hours for next Sunday are announced by Rev. J. M. Fuller, who returned Thursday from the quadrennial

conference of the Methodist Episcopal Church, South, at Dallas. There will be regular preaching services at 11 o'clock a. m. and at the evening hour Rev. Fuller will devote the full time in a report of the conference. All are urged to attend and hear a complete resume of the important session at Dallas.

The Presbyterian Auxiliary will have a Bake Sale Saturday, May 24 at M System. 19-1c

Take A Look Around

Now that you are out in the yard and garden considerably these days you will notice quite a few little items of repair that need attention. Wouldn't this be a good time to make note of those loose or broken boards on the back porch, garden fence; missing shingles, posts broken off or split, gates sagging—just lots of things you have been putting off so long you don't notice them any more?

Make a list of these things and see how nicely we can fix you up with the materials to make them right.

JESUS DESCRIBES THE FUTURE OF THE KINGDOM

Matthew 25:1-13

Golden Text: Take ye heed, watch and pray; for ye know not when the time is.—Mark 13:33.

Introduction.

Like all our Lord's parables this one of the Ten Virgins is taken from scenes with which his hearers were familiar. Weddings usually took place at night. The bridegroom went to the house of his bride and took formal possession of her, after which they went, accompanied by relatives and friends, in a joyous procession to his home, where the wedding feast was held. Other invited guests, who had not gone to the bride's

home, could join the procession at any point, and enter with it into the bridegroom's residence to share in the festivities. But without a burning lamp or torch they could not march in the procession, and so could not enter the house. In order to join the procession conveniently, such persons might assemble beforehand at different points along the proposed route, and wait for the bridegroom's approach.—Broadus.

At Midnight a Cry.

It was midnight before the bridal party arrived. "Those who were waiting to see the procession pass raised the peculiar Oriental cry of marriage festivity and thus, as the cry was taken up, the fact of his approach was known all along the path in front of him. Owing to the stillness of the air and the slow pace of the illuminated procession, the cry might be heard

half an hour before the arrival of the bridegroom.—Hastings.
When the ten waiting virgins heard that cry, they at once began to bright up their lamps and get ready to join the procession. These lamps held only a small supply of oil, and so they would not burn many hours without being refilled. The foolish virgins found to their dismay that their lamps were going out, and they begged their companions to share oil with them. The latter, however, had only enough for their own use; therefore they could not divide it without the risk of disqualifying themselves for a place in the procession and admittance to the feast.

Christ's Second Coming.

Notice that the coming of our Lord is represented under the figure of a joyous event; a wedding, not a funeral. Joyous for what? A festival there was; brightness, merriment, feasting, but only for those in the bridegroom's house. For the foolish ones without, regret, darkness and the chill of the night. You may represent Christ's coming as you will, but the fact remains, the great, awful, glad, inevitable, crucial, supremely important fact, He comes! Whether dazzling our world with the glory of his returning presence, or whether in your meeting with him in that place beyond the river of death where faith tells you He is, He comes!

And unexpectedly, suddenly, like the thief in the night. Not even the angels which are in heaven know when, said Christ; nor even he himself. Long delayed, perhaps, with no delay at all, perhaps. Before my watch beats five seconds more, he may be here, or it may happen in a tomorrow measured by ten thousand sunsets. "The one day has been hidden that every day be regarded."—Augustine.

Be Ye Also Ready.

Thackeray's Colonel Newcomb, when dying, kept repeating the Latin word *Adsum*, "present," with which as a school boy he had been in the habit of responding to his name at the roll call, and which as a sort of motto had influenced his character through the years. How many of us have that word "present," "here," "ready," ever on our lips in the face of the inevitable sudden meeting with our Lord? Common sense should teach the Christian that it isn't safe to give the battle over or think the victory won, or lay down his armor, until he feels the touch of the crowd upon his forehead. "Not what 'death' finds us doing, but how death finds us

furnished, is the important question."—Lyman Abbott.
Ye Know Not the Day.
"Watch therefore, for ye know not the day nor the hour." The time of Christ's second coming, the time of the final judgment, "The gates will not be forever open, the invitation will not be forever offered; some, in the full glory of that glorious festival, shall lay aside their flickering lamps in the place where no sun is needed, for the Lord is the light of it; while others shall hear the distant echoes of the joy and catch faint glimmerings of the light as they wander like wandering stars in the blackness and darkness reserved for them forever."—Alexander Stewart.

Special Lessons.

"The fisherman's wife who spends her time on the pier-head watching for the boats cannot be so well prepared to give her husband a comfortable reception as the woman who is busy about her house, hold work and only now and again turns a longing look seaward. None of the virgins were on the watch for the bridegroom, but some of them were nevertheless prepared for his coming. It is impossible

for us to be always looking out for the coming of Christ, but it is quite possible to be prepared for his coming. Our life is to bear evidence that one of the things we take into account is the approach of our Lord."—Marcus Doda.
"The sum of it all is this: The coming of the Son of man is delayed; therefore, be busy with the responsibilities he has committed to your charge. The coming of the Son of man is to judgment; therefore, be ready to give an account of your stewardship."

TODAY, AS
FOR YEARS

BUICK DEDICATES ITSELF TO THIS BASIC SERVICE POLICY.

"Satisfy the customer." This has been the service policy of the Buick Motor Company throughout the twenty-seven years of its history. And so faithfully has Buick followed this policy that today the familiar emblem of Authorized Buick Service means prompt, efficient and courteous maintenance to more than 1,500,000 Buick owners. Buick has twice as many owners as any other company selling cars priced above \$1200.

Here are a few of the many important points of Buick's Service Policy: More than 4,000 factory-supervised Service Stations assure all Buick owners the same fine standard of skilled Buick service. A written Warranty, covering the first 4,000 miles or the first 90 days of ownership, whichever shall occur first, guarantees every new Buick car to be free from defects in material or workmanship.

Should parts or workmanship prove defective at any time during the Warranty period, Buick dealers will supply the parts and perform the necessary labor free of charge.

In addition to careful pre-delivery tests, the Buick owner receives two major inspections without cost—one after 500 miles and another after 1500 miles of driving. These include a thorough road test of all elements of performance.

The "Tourist" and "Change of Residence" clauses permit the Buick owner to change his residence as frequently as he desires or to tour any part of the U. S. or Canada and still receive the full Warranty benefits from the nearest authorized Buick dealer.

ALL BUICK dealers fulfill these provisions of BUICK'S service policy. All dedicate themselves to the task of serving promptly, efficiently and courteously.

Ask for a Copy of Buick's Owner Service Policy

The complete facts regarding Buick service, including Buick's new Owner Touring and Change of Residence privileges, may now be had in a brief, compact booklet, "Buick Owner Service Policy."

Buick would like everyone who owns—or expects to own—a Buick car to be thoroughly acquainted with the liberal provisions of this Policy.

You may obtain a copy of this interesting booklet from the nearest Buick dealer, or by writing direct to Buick Motor Company, Flint, Michigan.

For the Heaviest Crops

The Oliver Nichols & Shepard Model F is a Big Combine built to harvest the heaviest crops at low cost.

It is a machine that you can put into the heaviest grain and operate hour after hour without stopping. The big motor keeps it running steadily. The 32 inch cylinder threshes the grain clean.

The Model F is the biggest combine of the Oliver Nichols & Shepard line. It is well suited to the big farms of this community.

Come in and let us tell you more about it.

A "CITY CONVENIENCE" FOR COUNTRY HOMES

Let your Matchbox
be your iceman

SIMPLY striking a match now brings you the economy and convenience of modern iceless refrigeration—with Superfex, the new refrigerator that generates its own frigid cold from oil heat. Burning a few cents worth of kerosene daily provides 24 to 36 hours' dependable food-preserving refrigeration... freezes ice cubes and desserts... keeps food fresh and tasty for days in warmest weather! Cheaper and better than ice.

Superfex is a wonderful convenience in the country home, saving thousands of steps to refrigeration makeshifts. Just light it and leave it—the burners are self-extinguishing after generation is completed. No moving parts. Enduring steel construction, porcelain lined.

Telephone today for further information or come in and see it work.

OIL-BURNING MILK CHILLER

The Superfex principle is now used in a new chiller which cools milk to 40° at the rate of a gallon every 2 to 3 minutes. Ask us about it.

LIST OF LANDS AND LOTS DELINQUENT ON MARCH 31, 1930, FOR TAXES OF 1929, IN DEAF SMITH COUNTY

REPORTED IN COMPLIANCE WITH PROVISIONS OF CHAPTER TEN, REVISED CIVIL STATUTES OF 1925.

STATE OF TEXAS, COUNTY OF DEAF SMITH.

I, J. B. Miller, Tax Collector of said County, do hereby certify that the land and lots on the foregoing seven pages and assessed on the tax rolls of said county for the year 1929 are delinquent for taxes of 1929, and that there was no personal property for "seizure and sale" as required by Article 1, Revised Civil Statutes of 1925, and therefore I am entitled to credit for the taxes shown and here-reported delinquent.

J. B. MILLER, Tax Collector.

CERTIFICATE OF COMMISSIONERS' COURT

STATE OF TEXAS, COUNTY OF DEAF SMITH.

In Commissioners' Court: WE CERTIFY that we have examined the following seven pages of Collector's reports of lands and town lots assessed on the Tax Rolls of Deaf Smith County for the year 1929, which are delinquent for the taxes of 1929, and find the same correct, and that J. B. Miller, Tax Collector, is entitled to credit for the taxes shown thereon, as follows, to-wit:

| | |
|------------------------------|-------------------|
| State Ad Valorem Tax | \$2,859.98 |
| State Poll Tax | 67.50 |
| State Penalty | 292.98 |
| Total State Taxes | \$3,220.46 |
| County Ad Valorem Tax | \$3,154.42 |
| County Special Tax | 630.90 |
| County Poll Tax | 11.25 |
| Common School District Taxes | 1,938.55 |
| County Penalty | 673.35 |
| Total County Taxes | \$5,736.12 |

Given in open court this the 12th day of May, A. D. 1930.

EARL W. WILSON, County Judge.
H. G. CONKWRIGHT,
O. J. PADDOCK,
W. T. WOMBLE,
J. T. GUINN,
County Commissioners of Said County.
L. H. FOSTER, County Clerk.

Social and Society

REAL PANHANDLE DINNER ENJOYED TUESDAY IN A. H. ELLISTON HOME

A jolly crowd of girls, ranging in age from 21 years up, met Tuesday with Mrs. A. H. Elliston in a quilting bee and a real Panhandle dinner, which attendants

claim can be equaled by only a few and excelled by none. Out-of-town guests were Mother Speath and daughter-in-law Kitty (Kellow) Speath and her husband, Fred Speath; Mrs. T. B. Keljow, all of Dallas; Mr. and Mrs. J. B. Elliston of Canyon. Others at the dinner were Mes-

James J. T. Jowell, A. Lawther, E. E. Ramsey, E. M. Vanderberg, J. E. Golden, S. E. Askren, Elkins, John Purcell, Rat Jowell, J. H. Wilson, Rosa Spear, J. T. Cunningham, J. C. Lance, M. C. Corbett, W. B. Dameron, N. M. Patton and F. M. Kester.

METHODIST W. M. S. MEET WEDNESDAY WITH MRS. HAWKINS

Next Wednesday afternoon is the day set for the meeting of the ladies of the Methodist Missionary Society. The affair will be a social event and be held at the suburban home of Mrs. W. D. Hawkins in North Hereford.

NEWELL-RAYZOR NUPTIALS OF MARCH 30 IN CLOVIS ARE ANNOUNCED

The marriage of Chas. Newell, son of Mr. and Mrs. J. O. Newell, and Miss Marguerite Rayzor, daughter of Mrs. W. H. Rayzor of Perryton, which took place in Clovis, March 30, is now being announced.

The bride is a student in Texas Tech at Lubbock. She graduated last year from the Perryton high school. Mrs. Rayzor formerly lived in Hereford.

Mr. and Mrs. Newell will make their home in Hereford soon after June 1 when the college year will be over.

Fred Welch, Young Business Man Of Hereford, Weds White Deer Girl, Miss Inez Osborn, Sunday

Miss Inez Osborn and Mr. Fred Welch were united in marriage in a beautiful ceremony at the Baptist parsonage Sunday morning at 9:30 o'clock, with Rev. V. M. Cloyd performing the ceremony. Only a few friends were present.

Immediately after the wedding the bride and groom left for a motor trip to Carlsbad Caverns. They will be at home in Hereford, returning the latter part of the week.

The bride's parents live in White Deer. She has been a popular teacher in the Friona public schools. Mr. Welch is one of Hereford's young business men and is owner of the Welch Machinery Company.

JOHN HACKER BUILDS

John Hacker, building contractor is at work on a five-room stucco dwelling for himself East Second street. The new house will be modern with a number built-in features and a concrete basement. The Hackers expect to move into their new quarters within the next 30 days.

FOR RENT—Five room house close in, with water, gas and all connections. GEO. T. McCURE 15

Mrs. R. E. Halter and child of Canyon are visitors this week in the home of her brother, J. Sharman and family.

High School Annuals Are Attractive; Were Oversold

Delivery of the high school annuals was made Saturday by the Whiteface Printing Company, and distribution was made the earlier part of the week. There were 125 of the year-books ordered by the school. All these have been taken and many requests had to be denied.

The 1930 annual is an attractive memento or souvenir, ably edited and well printed. It is bound in a maroon binding, featuring the head of the whiteface cattle on the front.

Wright Ireland was editor-in-chief; Ed Johnson, business manager, and T. E. Seigler, Jr., advertising manager.

Well improved 30 acres in West Hereford to trade for small farm or raw land. H. L. DUNN, Box 87. 19-3p

STAR THEATRE

HEREFORD, TEXAS

NO, NO, NANETTE

"If you thought the Gold Diggers was good this week, you will find Nanette even better."

J. C. PARKER.

Be sure to see "SALLY" and "PARAMOUNT ON PARADE" coming to the Star soon. Watch for them!

Mrs. Homer Fox Elected Head Of Music Study Club at Clever Program Given Monday, May 12

The luncheon given by the members of the Music Study club Monday, May 12, at the home of Mrs. Homer Fox was the closing feature of the club year. Baskets of roses and tapers in crystal holders tied with tulle were used in decorations. Rose place cards designated plates for thirty-two guests, including Mrs. Clement Burkmeier of Amarillo and Mrs. Rice of Austin.

The program, with Mrs. Broadwell in charge, assisted by Mrs. A. O. Thompson, was a clever reproduction of the state federation program held in Abilene recently, which was well represented by the Hereford club.

With Mrs. Broadwell delightfully impersonating the state federation president, the following Texas program was rendered at the close of the luncheon by various members of the club playing the role of the leading characters on the state federation program:

"The Hills of Home," sung by Miss Swisher.

"The Fountain," piano number by Mrs. Harry Seed.

Selection from "Elijah," sung by Mrs. Ardelle George, representing the oratorio given at the federation meeting.

"Texas Under Six Flags," sketch by Mrs. Elmer Dameron, in representation of the federation's colorful pageant, "Prairie Pictures." "President's Frolic," a comic musical skit suggestive of the pep song by the Seventh District, including Hereford, which won the state prize.

Interesting reports from the federation meeting were given by Mrs. Grace Guthrie and Miss Swisher.

Mrs. Fox, as hostess, most graciously opened the program with a speech of welcome, to which Mrs. C. H. Dyer responded. The club reports for the year were given and the following officers for the coming year elected as follows: Mrs. Homer Fox, president; Mrs. Carl Mountz, first vice president; Mrs. Jesse Stanford, second vice president; Mrs. C. H. Dillehay, secretary; Mrs. J. W. Boultinghouse, corresponding secretary; Mrs. Glenn Snyder, treasurer.

TELEPHONE EMPLOYEES ENJOYED STEAK-FRY ON IVEY RANCH

Employees of the Bell Telephone Company and a few friends met Wednesday afternoon at the Ivey ranch for a steak-fry. Mr. Ivey had prepared a good camp fire when the crowd arrived at 7:00 o'clock, and within an hour the steak and coffee were ready for the eating.

After everyone had eaten an amount thought advisable, stories were told and games played until 11 o'clock. So pleased were those present that they began to plan another for the near future. They were:

Mr. and Mrs. Ralph Sears, Mr. and Mrs. Ebb Martin and son, Ebb, Mr. and Mrs. Albert Farris; Misses Iva M. Williams, Beth and Mae Millard, Josephine Armstrong, Neal Richardson, Reva Sparks; Messrs. T. C. Ivey, Lee Coonsaugh, R. W. Gray, Doss Thompson and Clifford Kester.

T. B. Kellow of Dallas reached here Monday and is visiting in the home of relatives, Mr. and Mrs. A. H. Elliston. He also visited in Canyon before coming here in the home of his daughter, Mrs. J. B. Elliston and family.

COMBINE DATE IS SLIGHTLY EXAGGERATED SAYS M. D. WOMBLE

June 5 is somewhat too early for the beginning of harvest, according to M. D. Womble, implement dealer. "While this will be the earliest harvest in our history, June 5 is a little premature," he said. "As Mark Twain remarked when he was told that he had been reported dead, the report is 'slightly exaggerated'."

Mr. Womble should have been quoted as predicting June 15 when the combines would start, but the "1" got lost in the typography, and he has been busy all week defending his prophetic abilities.

BORGER HERALD PRAISES VOCAL SOLO OF FORMER HEREFORD MUSICIAN

Appearing in the Music Week program at Borger, the observance covering three evenings, May 4, 5 and 6, were Mrs. B. E. Anderson, formerly Miss Inez Ricketts of Hereford, and Mrs. Alton Sears, sister of Mrs. J. W. Boultinghouse, of this city.

These two musicians had important numbers on the second program presented by the Business and Professional Women's club.

The Borger Herald had this to say:

"The mellow voice of Mrs. B. E. Anderson added much to the program. Her voice is just the type I like. The musical reading of Mrs. Alton Sears was as delightful as it has always been in many presentations here."

J. H. McLean, of Washington, D. C., and head of the Dairy Husbandry Department, is due some time about the third week in June, according to R. O. Dunkle, county agent. Plans are under way for a big meeting the day Mr. McLean arrives here, Mr. Dunkle said.

Mr. and Mrs. J. W. Johnson of Clovis attended the graduating exercises here last Thursday night and were guests in the home of their parents.

Local Druggists Attend New Mexico Convention

Local druggists, Rex Tynes and family, and Dean Rice attended the New Mexico Pharmaceutical Association held in the La Cavern Hotel, Carlsbad, New Mexico, Monday, Tuesday and Wednesday. The local druggists left Sunday morning in their cars for Carlsbad in order to be there early Monday for the first session.

The Association is beginning its second year and wide interest was taken throughout the three days of the convention, Mr. Tynes said. The trip to and through the world-famous caverns was enjoyed by practically all the convention visitors, Mr. Tynes said.

Churchman of Friona Issues Religious Book

The new book, "Mrs. Cater's Quilting Bee," by Rev. J. L. Beattie of Friona has just come from the press of the Hereford Brand and will soon be on sale at many of the towns throughout the Plains country and elsewhere.

This little book is well written and couched in language that the average reader can easily understand, and its setting is that of the Great Plains Country.

The book is of a religious nature and forms an exposition of the doctrines or principles of several of the leading church denominations of the country, as seen by Rev. Beattie, by putting the words into the mouths of a number of ladies who constitute the members of a quilting bee at the home of Mrs. Cater, one of the ladies of the neighborhood, in which no two of the ladies are members of the same denomination.

Harry Winston, prominent breeder Hereford breeder of Snyder, was in Hereford this week looking over the ranches of breeders in Deaf Smith county and visiting with old friends and acquaintances.

Tommy Elliston of Canyon is here this week visiting his grandparents, Mr. and Mrs. A. H. Elliston, and friends.

MR. PROPERTY OWNER:

Why waste your time and energy telling people what you have to sell when you can shorten up the story by telling them you are

SELLING YOUR PROPERTY AT PUBLIC AUCTION ON A CERTAIN DATE?

When the day of your auction sale arrives, all the prospective buyers will be there.

Ray Barber, Auctioneer Superior Sales Service Hereford, Texas Phone 241

Woman Was Made After Man and She's Been After Him Ever Since

They say that women spend 90 per cent of the family income.

They make most all of the family purchases and we have heard of them buying father's underwear.

Most women know the value of money—they know that if they save today, they won't have to slave tomorrow.

Many of our little savers enjoy bank accounts opened for them by thoughtful mothers.
