LADIES TENDER LIBRARY TO CIT

Commission Accepts Club Library and Mayor Appoints Managing Committee.

Some weeks ago the now resident

members of the Monday Afternoon Club, which had ceased to exist offically, met and discussed the question of the disposition of the public library. It will be remembered that the ladies of this once popular and prosperous club formed the nuclus of a library and had accumulated thru their efforts a goodly number of books. For a while the library was in the rooms of the Western National Bank, then in the rear offices of the State Bank building, but for some time now, the books have been in the rest rooms of the court house. At this meeting, the ladies passed a resolution tendering the library to the city. The Commission at a recent session adopted suitable resolutions accepting the profer and also worked out a plan for its future management. In eaking of the matter, Mayor Knight says that the city accepts the library only as custodian of the property, it being understood that no expense will attach there to. The mayor's plan is simple. A committee tanks become a necessity. of five citizens are to have full control of the library. This committee will make a report once each year to the city, giving such information as may be needful and desirable. The committee for the year 1913 is composed of the following persons: Mesdames Garrison, G. A. F. Par-Garrison and A. C. Elliott.

A Letter Back to Iowa.

Sherm Williams, a successful Deaf Smith county farmer and feeder, writes back to his old home paper and tells about this country : Hereford, Tex., Jan. 4, 1913. Mr. C. H. Austin, Lineville, Iowa. Dear Friend :- Inclosed find one dollar to advance my subscription for

the New Year. This has been a very prosperous year for the people of this part of the world, and we can notice the difference in the general feeling of the people, and especially in the money matters, and I do not give the credit of it all to the election of Wilson as president of the U.S. and the Panhandle of Texas. But I am inclined to believe that this country is on an upward tendency to the betterment of the people. While it is no boom but steady growth of imigration. Dry farming will pay here if stock farming is handled right, but irrigation far exceeds it for grain farming. The soil is as good here as Iowa was 40 years ago and the growing season is much longer. Irrigation is fast developing this country into a grain farming country that will be as good if not better than old Iowa or Illinois. They are pumping water from 30 to 100 feet with gas engines, pumping from 1,000 to 1,500 gal. per minute, burning oil that costs 3 to 5 cents per gallon. College Property Being Abused.

Attention must be called to those charge that the college property is being badly abused. The doors are left open, the windows are being knocked out, or left open, the interior is being marked and marred. Crowds of young people seem to have made the building a kind of rendezvous. The dormitory is not fairing much better. The Christian church has a lot of new seats stored in the building and the windows in that part have been pushed open and the seats exposed to the weather. Some one will, no doubt, look after the property.

Two Hereford Boys.

That two of Hereford's young men are making a place for themselves in the professional world will be gratifying to their many friends in Hereford. The Brand has reference to E. H. Inmon and L. E Turrentine. They are practicing medicine at Tahoka, Texas, and from reports received thru friends who have recently visited in that county, these two young men are climbing right up the ladder of professional popularity. Their services are being called for in a large circle of territory, and their success is keeping pace, if not outstripping, their becoming modesty; however, their "professional card" in the Tahoka News shows that their professional ethics does not prevent them from placing a modest and neat card in the local newspaper. Here is the way it looks: Dr. E. H. INMON,

McDonald Company Brings in 16th Big Irrigation Well on Green Farm This Week.

The sixteenth big irrigation well for Hereford drilled by the D. L. McDonald Company was "brought in" this week. The well is on the H. T. Green farm 19 miles northeast of town. Mr. Green and family moved here recently from far-off Wisconsin and the first thing he wanted after he landed here was one of McDonald's big water getters. Mr. Green's farm is the east balf of section 41, block No. 7, and is as fine a piece of land for irrigation as could be found anywhere. The welldrilling crew "developed" the well this week, pumping out a lot of sand and at the final test, the 8-inch discharge pipe was letting out a stream of water full size. Water was found at a depth of 80 feet. A 80 H-P Bessimer Oil engine will be used.

This well widens the field of "Oceans of Water" at Hereford, it being the greatest distance out from towa. The "proven field" now will cover a territory 12 miles wide by 24 miles long, or nearly 200,000 acres. Other wells are under contract by the McDonald Company. The Walker-Perkins Company have purnow at work putting down their fifth big well. This well is located just one mile south of town, really in South Hereford, on the L. W. Ricketts place, which this partnership has recently purchased. thus irrigation has come in

Peanuts Success in West Texas. Lynn Co. News .- Recently L. and W. D. Coffee shipped a carload of Spanish peanuts to the Barnhart Mercantile Co. at Denison; there being 1,388 bushels in this shipment and in the neighborhood of 75 cents per bushel was received.

This makes the second carload of peanuts they have shipped this season and it is thought that another car will be made up in the near future. The success of the Spanish peanuts during 1912, one of the most favorable years possible, has opened the eyes of our farmers to the value of this crop and it is an assured fact ent acceptance of that word. Unthat a large acreage will be devoted doubtedly he was a great man in many to peanuts this year. We give a list of some of those who experimented with the Spanish peanut this year and the success they had.

From 100 acres L. Coffee secured 850 bushels of peanuts and 400 bales of hay. So well pleased is he with this crop which made good under the most adverse conditions that he expects to devote 200 acres to this crop this season.

W. S. Martin from 20 acres secured 362 bushels of peanuts and 230 bales of hay. He is more than pleased and expects to plant 50 to 60 acres this year.

and 200 or more bales of hay from 20 acres.

Walter Davis from 54 acres secured 125 bushels of peanuts and 75 bales of hay. This being the best yield both as to the peanuts and hay made in the county.

From 6½ acres Walter Robinson secured 106 bushels of peanuts. As he did not bale the hay it is not known just how much was secured.

John Baker secured 56 bushels of peanuts and from 40 to 50 bales of

of hay.

T. D. Richards from 7 acres secured 110 bushels of peanuts and self in opposition to capital punishment. This, we believe, results from kept tab on his peanut and cotton crops and finds that he received as much from his peanuts as he did nal. Nevertheless, the Divine Law from his cotton per acre and has the peanut hay over and above that.

TE BROKLYN ABERNACIE BIBLE -STUDY-ON-THE MARK OF CAIN

Genesia 4:1-15-Jan. 26. ocver hateth his brother is a murderer. -1 John 3:15.

HE first tragedy of Earth was disobedience to God-the eating of the forbidden fruit. The next generation saw murder esulting from jealousy. Since the Bible teaches that our first parents were perfect, the image of their Creator, the question arises. How could such noble parentage bring forth a son of Cain's evil disposition?

Cain was not degenerate in the presways. But he was birth-marked, as all are, with self-

ishness. After his parents were expelled from Eden, after they began to toll with sweat of face, Cain was born. The period of his gestation was surely one of much mental distress to his mother. As she

murmured respect- Bacrifices of ing the loss of Coin.

Eden, she marked her child with discontent and selfishness. By the time

Abel was born, doubtless our first par-

ents had become reconciled to their fate.
We are in this not fustifying murder, John Rowe harvested 325 bushels but taking a sympathetic view of the murderer's case, as God did. He con demned the sinner, and arranged for his punishment; but none of His messages to the murderer indicated hatred. So parents, correcting their children, should allow no sentiment to control their hearts contrary to the best interests of their children. So the laws of men in dealing with crime should be as severe as seems necessary in the interests of society, but should never be vengeful. They should recognize that mankind were born in sin. The renge ance of the law should be sympathetically enforced, to warn others against

In the case of Cain, God especially prohibited the execution of the crimistands: "Whoso sheddeth man's blood, by man shall his blood be shed." The careful observance of this Law. with a spirit of kindness and sympathy, but with proper ignominy, seems necessary to the preservation of order. Weak: ness in this respect encourages criminality, and furnishes an excuse for mob law and violence.

General misapprehension of the Divine Plan has led up to the weakness which opposes capital punishment This wrong view led us to believe that the murderer passed at death into endless torture, and we hesitated to plunge

a fellow-creature into such misery. Bible students are now learning that this delusion came from the Dark Ages. Our forefathers, imagining God to be worse than themselves, twisted Scripture to support their errors.

The Bible teaches that mankind fall asleep at death, to awake after Messiah establishes His Kingdom. The Bible statement is that all, good and bad, go to one great slumber-house, the tomb-Sheol, Hudes. Messiah so loved the world that He gave His life for the redemption of mankind. As soon as He shall have selected His Church, He will establish His glorious Kingdom. open the prison doors, set at liberty the captives of death, and bring all to an accurate knowledge of the Truth.

Brother-Haters Are Murderers.

The Great Teacher declares that prother-haters are murderers in God's sight. In other words, a spirit of hatred is a spirit of murder. Alas, how many of the professed followers of Jesus harbor a spirit of hatred, and some times manifest it in anger and other works of the flesh and the devil!

Christians are to fight against the imperfections of the flesh. They must strive against the fallen nature, and cultivate the fruits and graces of the Holy Spirit. If they manifest the murder spirit, they will lose the "prize" of joint-heirship with Christ.

Fit His Case Exactly.

"When father was sick about six years sgo he read an advertisement of Chamberlain's Tablets in the papers that fit his case exactly," writes Miss Margaret Campbell of Ft. Smith, Ark. "He purchased a box of them and he has not been sick since. My sister had stomach trouble and was also benefited by them." For sale by all dealers.—Advertisement.

Hardware, Implements and Windmills

We take this opportunity of thanking our customers for the liberal business they have given us in the past; and to express the hope that we may enjoy a continuance of it in the future.

We have been in business eleven years in Hereford, and have done all in our power consistent with reasonable safety to satisfy our customers. We have always tried to give a square deal, and the same policy will control us in the future.

We invite all new comers, as well as our old customers to make our store headquarters.

Wishing for all a prosperous year, we are, Yours to please,

AID TO INTELLIGENT STUDY OF THE BIBLE.

Sunday School Lessons Educational to AlL

An Illustrated Commentary on the International Sunday School Lesson May Be Obtained by Saving the Artieles From This Paper-Handy Compendium For Bible Studente.

The Brooklyn Tabernacle articles on the International Sunday School Les-sons bring out the instruction intended in a way which can be seen to be more harmonious, beautiful and reasonable than is generally understood.

There never was a time when re ligion was investigated as generally by all classes of people as it is today. There never was a time when helpful explanations of the Sunday School Lessons were more needed. The Brooklyn Tabernacie Lessons are the timely aid for all. They present the various frag-ments of truth on the different subjects in such language as best enables all classes of readers to grasp the general thoughts of the lessons clearly.

The Sunday School Teachers and pupils who devote fifteen minutes of study ordinarily, with the hope of mastering their lessons, are often disap-pointed; but to those of our readers who will give just time enough for a careful reading of the Brooklyn Tabernacie single-column article we offer assurance of pleasement and lasting good. It is the design of many readers to save the Lessons for a period of time and then have them bound together.

This will constitute a valuable and belpful commentary apon Sunday School topics. The Brooklyn Tabernacle Interna-

Good Blood Means Good Health.

A clear healthy skin, full of life and color, reflecting perfect health and energy has long been known to be a business and social asset. If you are not the fortunate possessor of all the above—if you are suffering from skin eruptions of any description, it means that the blood is weak.

Pure blood, rich red in color and circulating freely, is the essential factor in the possession of perfect health.

When it becomes impoverished—thin and watery—it cannot supply proper nourishment and the body tissues become

This condition is ever ready to manifest itself and should be checked and treatment started with the first appearance of blood

In our estimation Nyak's Hot Springs Blood Remedy is the one best treatment. It gets at the root of the trouble, cleanses the blood of impurities, increases the circulation, produces blood that is rich in nourishment, blood that builds up broken-down tissues.

It will not be long before you notice a decided improvement—you will feel the blood coursing through your veins, your appetite increases, the food will be absorbed in the proper manner and the skin will become clear and healthy.

You will never regret having used Nyal's Hot Springs Blood Remedy-it will put you on your feet.

We expect to be here in business a good many years. The only way we can do it is by treating everybody right. That's our policy.

MORRIS Sheppard has bright prospects of succeeding Ex-Senator Bailey and thus Col. Johnston of Houston will have enjoyed only the "distinction" of being Senator for a few days. The Legislature will vote on the question January 28th.

SPEAKING about exchanges, great saving could be made to Uncle Sam as well as to the papers themselves, if some of the exchanges were cut out. No county paper needs over 50 exchanges, as many of them are never opened. Even the daily papers can't possibly scan them all. When would S. P. of the Dallas News have time to write his "space fillers" if he undertook to

read the 800 papers in Texas, not to count a lot from Oklahoma and Arkansaw? The Brand will take steps this month to "stop" some of the exchanges, as this office gets more than a sack full every week. So this is to notify all the "brethren" that if you cease to get the Brand after February that further diplomatic relations have been declared

THAT the sheep raising industry in in Deaf Smith county has become widely known is a matter of some satisfaction to her citizens. Three years ago there were but a few herds in the territory, but now there are nearly 75,000 head of high grade wool and mutton sheep. The 25,000 lambs that were shipped from Hereford last fall to the feeding pens of Kansas are bringing fancy prices in the market, many car loads fetching the top and easily bringing from \$8.80 to \$9.20 per hundred, the weights running at about 75 pounds. The only regret in this is the fact the lambs have been feed in Kansas instead of in Texas. One feeder says that he has noeted more than \$2.00 per head on some 3,000 head. The lambs could have been on the home grounds as well as not. Only a few men have held their lambs for feeding in this territory. Next year the Brand hopes to see not less than 20,000 lambs fed at Hereford.

ATTENTION! EXCHANGES.

Do you ever revise your mailing list? If so, please, please, quit sending papers to the Hereford Reporter, the Hereford Democrat, and the Hereford Recorder. The first paper died 10 years ago, the Democrat took its departure over 3 years ago and only recently the Recorder "kicked the bucket."

A Nervous Woman Finds Relief After Many Years

Women who suffer from extreme nervousness, often endure much suffering before finding any relief. Mrs. Daniel Kintner, of Defiance, O., had such an experience, regarding which she says:

"I had stomach trouble when I was eighteen years old that broke down my health, and for years I suffered with nervousness, headache, indigestion and nervous apasms of so bad three or four times a week. After try-ing nearly every

mended. I began taking Dr. Miles Nervine, and I must say it helped me wonderfully. I have had no severe nervounness for several years. MRS. DAN KINTNER,

Many remedies are recommended for diseases of the nervous system that fail to produce results because they do not reach the seat of the trouble. Dr. Miles' Nervine has proven its value in such cases so many times that it is unnecessary to make claims for it. You can prove its merits for yourself by getting a bottle of your druggist, who will return the price if you receive no benefit.

The Office Seakers. The following poem was received thru the mail by J. M. Boone, candidate for P. M. No doubt, some friend wanted to encourage Mr. Boone:

We are coming, Father Woodrow, Ah, you know we've waited long, We are coming for the offices,

Three hundred thousand strong! We have fought the battle boldly, We did nothing on the sly, And now we want the honors,

And the luscious chicken-pie!

We beat the old Republicans, That followed William Taft, And we downed the new Progressives, And the Colonel's cunning craft, We left the wild-eyed Socialists .

And Prohis high and dry, And now we want our portion Of the luscious chicken-pie!

You are the gallant Moses That bath brought us through the

And o'er the sandy deserts, By the help of Billie B.; For forty years we've wandered Through old Baca's vale so dry, And now our mouths are watering For the luscious chicken-pie!

We have brought ten thousand marshals,

And collectors for the ports, And revenue assessors, And commanders for your forts, The very best of Democrats,

(Ah, none will dare deny,) And all exceeding hungry For the luscious chicken-pie!

And then a rousing multitude, Who never, never fail, About two hundred thousand, Who will help you with your mail.

They're ready pencil-pushers, And their hands and arms are spry; And they are awful hungry For the luscious chicken-pie!

Your posts are greatly scattered, From the mountains to the sea, And they're full of Taft-y rascals, Ah, you know this shouldn't be! They have feasted and they've fattened

And now they would hold over In our sweet by-and-by!

Let Billie write your messages, And guide the ship of state, Let matters down in Mexico A little longer wait,

While to this noble duty All your powers now apply, And give your loyal subjects Lots of luscious chicken-pie!

We are coming, Father Woodrow, We are coming-WE HAVE COME!

We are lined up at the counter, And we're ready-yum, yum yum We can smell the pots a sizzling, Ah, Susannah don't you cry, Long years we've been a-waiting

For this luscious chicken-pie! -T. R. Burnett.

Retires From Business.

In retiring from the hardware business after four years in Hereford, I desire, in behalf of myself and my associate, W. M. Warren, forming the Warren Hardware Co., to thank the public for their very liberal patronage while we have been engaged in business. We have enjoyed an unusually good trade and we commend our successors, The Walker-Perkins Company, to the public and wish for them a continuance of that same liberal trade.

Yours very truly, Warren Hardware Co. By C. W. Warren.
