

## Opening Date For Enrollment To Be On August 15 Here

### AROUND TOWN

#### Sights and Faces Seen

The front pane on the new meat case at Weir's has three thicknesses of glass, but you can't tell it by looking. Asked to prove it, Bill Bell held a lighted match in front of the pane and three images became visible in the glass. It's a sure method, based on sound principles of physics.

A word of disapproval concerning the deplorable condition of the vacant lots in town has been spoken by Mrs. Hall Beavers, who has one by her house. She finds it extremely difficult to keep a yard when the winds keep blowing dirt and weeds onto it from the vacant lot. A vacant lot grown rampant with weeds and cluttered with trash and junk is both unsightly and unhealthy.

George Stambaugh is proud of the new boiler which now furnishes the steam for his pants pressing. He did most of the installation work himself, as several witnesses who watched the operations Tuesday evening can testify.

Mrs. Ullman Hunter was expressing mingled emotions of exasperation and gratitude this week. (Continued on Page 12)

## 4-H Clubs Join For Program On Radio Saturday

Announcements made here this week by Miss Sadie Lee Oliver, Deaf Smith County Home Demonstration Agent, stated that the 4-H clubs of the Messenger and Wyche communities will conduct a program over radio station KGNC at Amarillo, Saturday, August 13, at 1 p. m.

Mrs. J. T. Guinn, sponsor of the Messenger 4-H club, will be the master of ceremonies, Miss Oliver said, and the program will be presented by members of the two clubs. A musical selection will be given by Misses Elizabeth Ireland and Bettye Bruce Jones of Hereford.

The program will consist of a report from the recent meeting held at College Station and a review of the work done by the two clubs during recent months.

## New Styles Seen At Fashion Shop

Mrs. W. F. Gillis, owner of the Fashion Dress Shoppe, announces an entire new stock of the most recent style creations for fall. Special attention will be given to the display of these new wardrobe selections at the Fashion Dress Shoppe all this week.

A clearance sale featuring reductions of 25 to 50 per cent on all summer clothes is the main attraction at the Shoppe this week end.

## Grant Fullers Announce Plan To Build Home

Grant Fuller, manager of the Kemp Lumber Yard, announces that he is now in a position to receive applications for loans on new constructions through FHA insured mortgages.

Mr. Fuller has obtained the first of these mortgage loans himself, and he intends to start construction on his new home immediately. The site for the English style cottage will be on the corner of 4th and Lawton streets. Construction plans are already in the hands of contractors.

"Pay your rent to yourself," says Mr. Fuller. "Rent receipts are worthless."

## COURSES REQUIRED FOR GRADUATION STATED; PARENTS INVITED

Knox Kinard, superintendent, has announced plans to start advance enrollment of students who expect to attend Hereford High School during the 1938-1939 session on Monday, August 15. Office hours for enrollment will be from 10 to 12 o'clock in the morning and from 2 to 4 o'clock in the afternoon. No enrolling will be done at hours other than these.

**Seniors First**  
The first two days of the advance registration period have been set aside for the enrollment of seniors only, Mr. Kinard said. After that, beginning Wednesday, students may come in any order with reference to classification as long as they keep their arrivals within the office hours listed.

**Eager to Assist**  
"The school administrative office is eager to assist in adjusting any problems of students with reference to courses needed for graduation." (Continued on Page 12)

## Superintendent

Knox Kinard, recently selected as superintendent of the Hereford Schools to replace C. H. Dillehay.

## Time Changed

Announcement from Fred Post, parade chairman, states that the time of the Pioneer Parade in connection with the Will Rogers Highway Celebration at Amarillo, August 15-16-17, has been changed to 11:30 a. m., instead of 2 p. m., as stated elsewhere in this issue.

## Budget Shows Reduction In County Debts

### COUNTY AUDIT SHOWS AN INCREASE OVER LAST YEAR'S CASH FUND

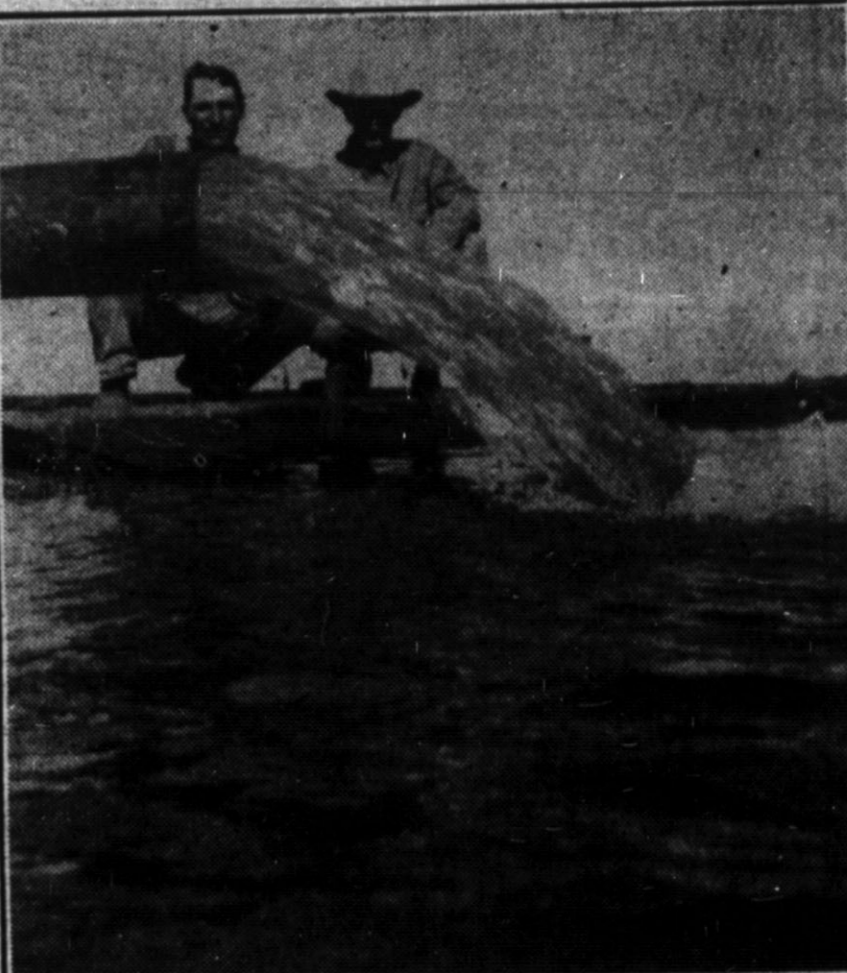

The close of the fiscal year on July 31 finds Deaf Smith County in better financial condition than it has been in many years, according to the report of County Auditor Charles Oogdell.

Total indebtedness for the county showed a substantial decrease this year which amounted to \$14,381.76, the report showed. The total indebtedness for the county as of Jan. 1, 1938, was \$61,183.76, and that as of July 31, 1938, was \$46,802.00.

The County Commissioners Court has been in session all this week. The first part of the week it sat as a board of equalization and heard complaints from those whose taxes had been raised. Then it prepared the county tax rate for 1939 on the same tax rate as that for last year. With the state rate the same, this means that the taxpayer will be subjected to the same total rate as last year, if no further changes are made in the county rate.

The annual budget for the county has been drawn up by the Court and it is now in the office of the (Continued on Page 12)

## New Well On T. W. Roberson Place

Here is a picture of the new well on the T. W. Roberson place five miles out on the Summerfield Highway, in action. The well is equipped with a Fairbanks-Morse Pump and pumps 1200 gallons per minute from a water level of 75 feet. It has a drawdown of only 15 feet. Claude Longbottom, Bud Gibbons, Calvin Cook and Van Pate put down the well in 15 hours actual drilling time, using a Witehtex Rotary drill. The well is 200 feet deep with a 119 foot setting.

## Court Docket Shows Little Of Interest

### TWO DIVORCES GRANTED; NO JURY CASES TRIED UNTIL THURSDAY

With the grand jury in recess until August 15, Judge Reese Tatum received cases in Chambers all last week. No petit jury had been called for the first week, and the jury for the second week was dismissed Monday morning, until Wednesday.

**Eleven Cases Monday**  
Judge Tatum had reviewed eleven cases Monday. Of these, only seven were given final decrees, one was given a judgment, setting the time for the final hearing, two were dismissed and one was given judgment pending a final decree.

**Jury Dismissed**  
The jury impaneled for Wednesday was dismissed until Thursday when the first jury case was scheduled to be held. No cases of general interest have been up so (Continued on Page 12)

## Farmers Report Corn Excellent As Silage Feed

Joe Evans was displaying some six-foot corn with six ears on the stalk this week. He was good enough to bring it around to the Brand office and tell all about it.

"It's the best feed in the world," he said, and I intend to plant more of it next year.  
The corn is the variety known as "Little Yellow Dent." This type corn is comparatively new to this part of the country. Only in the last few years has it been planted (Continued on Page 12)

## Hunting Rules For Season Of 1938 Released

The Game Department of the State of Texas has just issued the hunting regulations which will apply to doves and migratory birds in Texas for the hunting season. Compared to those of last year the 1938 regulations are fairly uniform. Dove hunters of Texas will not be subjected to a series of conflicting regulations such as confused them last year, the Game Department announced.

## Dimmitt Plans Big Party For Next Saturday

The annual Old Settler's Reunion will celebrate Dimmitt's and Castro County's 47th birthday this year, on Saturday, August 13, at Dimmitt.  
Features of the celebration will be the big two-day rodeo, the giant barbecue Saturday, and the big carnival with its band and entertainment. Baseball games, picture shows, and speeches will add to the festivities of the celebration.  
Everyone is cordially invited to attend the annual celebration and to bring along all their friends and families. All who attend are promised plenty to eat and all the fun they can take care of for two days. "Come have a good time in Dimmitt," is the invitation.

## Wheat Won't Pay At 48c A Bushel

(An Editorial)

The price of wheat at Hereford elevators is 48 cents per bushel. The net loan value on wheat in the Panhandle area is 48 cents. This price prevails in the face of much higher loan rates in neighboring states: the North Dakota farmer can obtain a loan on his wheat at a rate of 65 cents net, to him; the Tennessee farmer for 81 cents, the Kentucky farmer for 76 cents, and the Ohio farmer for 70 cents.

No farmer can cover his costs of production when he is forced to accept a price of 48 cents for his crop. Yet, as the situation now stands, he is not only expected to defray his production costs at that price, but in addition, he is supposed to make a reasonable profit from the sale of his crop with which he can pay debts and buy food and clothing.

The condition of the farmer in the Great Plains area is, as a direct result of the low price of wheat in this area, very critical. Fifty per cent of all the wheat cut in this territory is still in the hands of the farmers, to whom it accrues nothing but debt.

Hard-hit farmers in Deaf Smith County saw that a continuation of such price discriminations could lead to nothing but financial and moral ruin. Realizing that a loan value of not less than 65 cents would enable them to dispose of their crop at a profit that would allow them to cover living expenses, they began serious agitation through Representative Marvin Jones of Amarillo, Senator Arthur Capper of Kansas, and Henry Wallace, Secretary of Agriculture, for a reasonable increase in the loan value placed on wheat in this area. The interest in the project was so acute that a petition was drawn up in which the unfairness of such differences in loan values was stressed and an appeal made for immediate action to alleviate the pressure caused by these differences. More than 250 names are now on these petitions from Deaf Smith County. Farmers in twenty districts in Texas, New Mexico and Kansas have been sent copies of the petitions with an accompanying letter of explanation, and estimates from the large number of immediate replies received, show that 800 to 1000 names will be on the petitioning list by the end of the week.

This petition will be sent to Secretary Wallace at Washington, and a copy will be sent to Marvin Jones at Amarillo. In addition, personal letters to Secretary Wallace and to Marvin Jones have been sent, and more are being sent every day. It is through the force of these personal letters that the quickest and most beneficial action on the part of the federal authorities can be obtained, and every farmer who feels his just right in asking for a price adjustment is urged to request to add his personal plea to those already submitted.

Effective action of the kind requested by the petition will take time to bring about. Marvin Jones is doing everything he can to help the farmers, but the efforts of Congressman Jones need backing by earnest pleas from farmers who feel an honest need for attention.

In an answer to a telegram from Marvin Jones, H. B. Tolley, federal administrator under Secretary Wallace, stated that the farmers could put their wheat in storage at the present loan figure and get advantage of any future increase in price. Obviously this is only an evasion and not the answer to the situation. It will probably take presidential approval to get satisfactory action, but that fact holds no power to stop the efforts of stricken farmers who are convinced that their suffering is both cruel and without reason. They will get presidential approval if it takes that to get what they want.

The mass opinion of a thousand or so insistent farmers backed by as many more citizens who are vitally affected by the status of the farmer and the price of wheat will have sufficient weight to batter down the barriers of disinterest and evasion at Washington. The plea of one man, or of only a few men, will be like the squeal of a mouse in an earthquake.

Petitions are available at the office of the Secretary of the Chamber of Commerce and at Close Drug Store. The least that can be done is to sign them. The number of names on the petition will, to a large extent, govern the earnestness of the plea and the action it precipitates.

## Happy Plans Big Barbecue, Rodeo For Next Friday

A parade of ten cars led by Doug Bordus and his Happy High School Band gave lusty announcement of the Annual Happy Rodeo and picnic here yesterday. The picnic will be held in Happy, Friday, August 12, and will be an all-day affair.

A feature of the big celebration will be the big free barbecue which will be served at noon. The Happy band will furnish good music throughout the meal.

Everybody is urged to attend the party at Happy and have a good time, and meet the old-timers who will be there.

## Auction Sale To Open Here Next Tuesday

The Hereford Sales Pavilion will be the scene of the opening sale of the Hereford Auction this year on Tuesday, August 16, Ray Barber, auctioneer, announced this week.

"We already have 25 head of very Jersey heifers consigned," Barber said, "and we have another consignment coming all the way from Harlingen."

The opening sale promises to be a big one. One consignment of heifers is from the famous Lassiter herd, of Fairfuras, Texas. The party owning this bunch of cattle wants to buy a load of sorghum to take back to the Rio Grande Valley.

## Allpress Couple To Be Presented At Local Church

Mr. and Mrs. Thomas Allpress of San Antonio, both accomplished musicians, will play at the Sunday morning service at the Baptist Church.

Mrs. Allpress is the daughter of Mrs. Beatrice Parker and a niece of Dr. and Mrs. G. F. LeGrande of this city. She formerly conducted chateaus in the summers and did concert piano work in the winter.

Mr. Allpress has studied violin in Berlin, Leipzig and London. He has given concerts in Berlin, London, and in all the important music halls of the continent. Since (Continued on Page 12)

## Karl Shirley Given TCU Scholarship

### AWARD GIVEN IN MEMORY OF SERVICE RENDERED BY GRANDFATHER

Karl Wilson Shirley, son of Mrs. Jeff Giffbreath of this city, was the surprised recipient of an official notice from Texas Christian University this week stating that he had been awarded a \$150.00 scholarship to that university for the coming school year.

In a letter of explanation, E. M. Waits, president of the college, stated that the award was made to commemorate the services rendered to the University by the late T. E. Shirley, once a member of its Board of Regents, and Karl's grandfather.

Mr. Shirley was a pioneer resident of Hereford. He had long been active in promoting the pro- (Continued on Page 12)

## Meeting Called To Organize All Cattle Breeders

The cattle breeders of the Hereford region have announced a meeting in the County Court room of the Deaf Smith County court house, for Saturday, August 13, at 3 p. m.

The purpose of the meeting is to organize the Cattle Breeders Association here, and to make plans for the coming winter auction sale, the announcement read. All breeders in and around Hereford are strongly urged to attend in order that the meeting may accomplish the purposes for which it was called.

## Mrs. B. L. Branson, Native Texan, Celebrates Her Eightieth Birthday

Mrs. B. L. Branson, who celebrated her 80th birthday Sunday, has been a resident almost that many years. She moved to Fort Worth when but a few months old, with her family from Knoxville, Tenn. They, with others, left Knoxville on the 10th of October in covered wagons and drove into Fort Worth on Christmas Eve.

She and Mr. Branson were married in 1882 at Mansfield, where she had lived since the age of seven. Mr. and Mrs. Branson came to the Panhandle in 1922 and lived on a ranch in Castro County before coming to Hereford in 1924. Mr. Branson died here in 1925. She is mother of six children, but only one son, W. J. Branson and family of Canyon, was able to be here for the celebration Sunday. Special messages and letters from those who could not come, were received, and in the near future a family reunion will be held at the home of her daughter in Olton, Texas, when all members of the family will attend and Mrs. Branson's birthday will be commemorated again.

Mrs. Branson says the eighty years have been happy ones because she has always been busy, and could not remember a time when she did not have something important to do. She still maintains her home and besides her own children, she has raised three grandchildren.

## "Mad" Dog May Be Friendly, Cause Rabies

AUSTIN, Texas—The mean dog that suddenly becomes friendly may transmit hydrophobia or rabies, states Dr. Geo. W. Cox, state health officer in refuting the timeworn belief that rabies must be spread by a frothing "mad dog."

"In the first stage of rabies," Dr. Cox states, "the disposition of the dog changes entirely. A happy, playful dog becomes dejected, creeps away and hides. An ordinarily vicious dog may become friendly. If he licks his master's hand, he may spread rabies through cuts and abrasions on the skin. The dog may be mean at times, and at other times apparently normal."

According to Dr. Cox the phrase "mad dog" is associated with the second stage of rabies. This is the irritable period in which the dog becomes restless, sometimes running away and returning hours later, worn out from fighting other dogs. Rabies may be suspected, especially if the dog was not formerly in the habit of leaving home. Because of irritation the dog may snap at everything it approaches and will run amuck in crowds, often biting people. The dog's bark changes to a throaty howl in this, the most

dangerous stage. Rabies, according to many authorities, has a 100 per cent mortality in man unless Pasteur treatment, however, is nearly 100 per cent effective in saving lives when properly administered. Rabies must be considered with every dog bite and the history of the dog should be studied to determine the possibility of rabies infection. The dog which bites a person must be caught and confined for ten days observation. If the dog develops hydrophobia it should be killed and the dog's head sent by express, packed in ice for a laboratory examination. See your family doctor immediately after any dog bite.

The State Health Department maintains the Pasteur Institute in Austin where the heads of dogs suspected of rabies are examined. Your family doctor will immediately avail himself of this service if he has reason to suspect the dog was rabid. Treatment for hydrophobia is supplied by the Pasteur Institute.

Which KIND OF MOTHER ARE YOU

Do you "fly all to pieces" when the children are noisy, or when the vegetables burn, or when the jelly won't "jell"? Some mothers are just naturally cranky. Some mothers are cross and impatient because they are nervous.

If you are a natural crank, DR. MILES NERVINE won't do much for you. If you are irritable because your nerves are overtaxed, DR. MILES NERVINE will do a lot for you.

Do you suffer from Sleeplessness, Restlessness, Nervous Irritability, Nervous Headache, or Nervous Indigestion? Do you worry over trifles, start at sudden noises? Overtaxed nerves will cause all these troubles, and DR. MILES NERVINE will help you to relax those overtaxed nerves.

Why don't you give it a trial on your guarantee of satisfaction or your money back? Your druggist can tell you about DR. MILES NERVINE. He has been selling it ever since he started clerking in a drug store. Dr. Miles NERVINE comes in two forms—Liquid and Effervescent Tablets. Both equally effective in quieting overtaxed nerves. Both sell for 25¢ and \$1.00 depending on the size of the package.

### Action Speeded Up For Old Age Pension Claims

AMARILLO, Tex.—Handling of claims for lump-sum payments under the Federal old-age insurance program has been speeded up until it now requires an average of 24 days from date of filing in the local field office to final settlement at Washington, Dewey Reed, manager of the Amarillo office of the Social Security Board, said today.

The amount of claims being paid is increasing all the time, Reed said. The average lump-sum payment for the United States in May was \$46.37. For Texas, the average was \$32.31; in New Mexico, \$33.70; and in Louisiana, the average reached \$35.37.

The average time required for settlement of claims paid to beneficiaries in the Amarillo area during the month of June, Reed said, was about ten days. The shortest time required for the adjudication of a claim filed through the Amarillo office thus far has been six days.

A lump sum is payable to workers who reach the age of 65 and to close relatives of those who die. The payment amounts to 3 1/2 per cent of total wages received by the worker from covered employment, since December 31, 1936, and up to attainment of age 65 or death.

### Training Camp Announced For Football Boys

The training camp for the candidates for the 1938 Whiteface football team which will be held Aug. 29 to September 3, at Ceta Glen received fresh announcement this week from Coach Tommy McCollum.

"All boys who expect to come out for the Whiteface team are eligible to go on the encampment," he said. "We have an ideal camp, and it will cost the boys only \$2 each to spend the entire week in camp."

Coach McCollum, who is attending Texas Technological College at Lubbock at the present time, will have charge of the encampment. Assistant him will be R. A. Muller and John Willoughby, assistant coaches.

The chief purpose of the camp, McCollum pointed out, is to afford the best opportunity possible to get the boys in good general condition in order that too much time will not have to be spent in calisthenics when regular practice starts. Boys who attend the camp will be just that much ahead of those who fall to go. It is therefore highly advisable for all those who can possibly do so to attend the camp. Reservations can be made with either of the three coaches who expect to attend the camp with the boys.

We carry as complete a line of fresh fruits and vegetables as any store in Hereford at all times. This week-end be sure and shop our store for specials. McLain Grocery & Market.

### T-Anchor Boys Set Plans For Annual Roundup

Announcement was made this week that the Seventh Annual Old Time Cowpunchers Roundup on the T-Anchor Range will be held on Thursday, August 25, at Wragge's Park, one mile north of Canyon, on the Amarillo-Canyon Highway.

"The Association will furnish meat, bread, coffee, and pickles as usual for the Monday meal," said Cecil Walker, president of the Association. "Each male member will be charged an enrollment fee of \$1.50, which you will please send in to the President or the Treasurer. Do that immediately and get your ticket before you forget; then we will have an estimate of the number to expect."

Every person who punched cattle or worked on a ranch on or before the first day of January, 1906, is eligible for enrollment with his family. If any of his children are married, they are eligible for enrollment as a separate family.

L. Gough, of Amarillo, Secretary-Treasurer of the Association, announced that this will be the last time that many of the old-timers will get to attend the Roundup, and pointed out that this may be the last chance to renew many old acquaintances.

"The trail is getting dim for most of the old hands that are left," he said, "and soon they will be at the Top of the Hill and go to join their old companions at 'Headquarters'."

The camp grounds will be left open the night before the Roundup for those who wish to spend the night there.

### New Well Pumps 1200 Gallons On Roberson Place

T. W. (Wiley) Roberson announces splendid results from his new well five miles out on the Summerfield road. The well, put down in 15 hours actual drilling time to a depth of 200 feet, has a 110 foot setting and pumps 1200 gallons per minute from a level of 75 feet. It has a drawdown of only 15 feet, making the total depth from which water is drawn 90 feet.

The well is fitted with a Fairbanks-Morse pump. The Hereford Supply Company furnished the developing engine for power until the well was free of sand.

Mr. Roberson pumps at night into a large reservoir about 125 feet in diameter and of average depth of four and one-half feet. In the day the water in this reservoir is released into the irrigation ditches and the pump is also turned directly into the ditches. In this way the water capacity for irrigation purposes is made exactly double that of the capacity of the pump, making a total of 2400 gallons per minute available to irrigate his crops in the daytime.

BY MRS. ALLEN BELL

Last Friday, the ladies of this community met at the schoolhouse to see about organizing a Home Demonstration Club. Miss Oliver and her niece, Miss Virginia Oliver, and Mrs. W. H. Russell came from Hereford. Mrs. Harvey Leonard of Vega was also present. Each one brought a covered dish and dinner was spread in the Home Economics Room. There were only 12 ladies present. After lunch, Miss Oliver talked on foods and gardening. It was decided to wait longer and see if Oldham County would get a demonstrator, before organizing.

Mrs. John Hindman and sons, Harvey and Clarence, Mr. and Mrs. Everett Long, and Mr. Tedford of Flowe, Kansas, drove here last week to look after their land, eight miles south of Adrian and also visited friends of 25 years ago.

Mr. and Mrs. P. M. McAdoo and Mr. and Mrs. Emmett McAdoo of Amarillo left Monday for a week's vacation at Estes Park and other points in Colorado.

Mr. and Mrs. M. H. Zaring, Sr. went to Clovis and Hereford, Thursday.

Mr. and Mrs. V. C. Walker and daughter, Nancy of Calumet, Oklahoma, spent several days last week with Mr. Walker's sister, Mrs. E. C. Chapman. Mr. Walker is superintendent of the Calumet School, Gayle Walker, who has been with her aunt the past three weeks went back with her parents.

Miss Leona Bullington of Anton, a former school teacher, here is visiting in the Kline home this week. She is now teaching at Anton.

Enoch Donaldson and John Morgan went to Farmington, New Mexico, for the week end.

A party of five boys left Sunday morning for a weeks fishing trip in the mountains of New Mexico. In the party were Walter Lemke, Rex Orelis, Howard Rice, Robert Crenshaw and Duane Morgan.

Mr. and Mrs. George Syms and Miss Bullington were Sunday dinner guests in the Edgar Jacobson home.

Mr. and Mrs. Redlick and Mrs. Hallburton are in Dallas visiting the Redlicks daughter.

Miss Ruth Hallburton of Vega visited her grandmother Kline the past week end.

Mr. and Mrs. C. Chapman and family and Mr. and Mrs. V. C. Walker and girls went picnicking at Palat Rock, Sunday.

Mrs. Jimmie Mohon and Mrs. Adrian Mohon were dinner guests of Mr. and Mrs. Collier, Sunday. Donald Morgan spent the week end at Lockney.

### Beating the "Summer Drouth"

One of the Southwest's climatic peculiarities is so common that "the summer drouth" is a standard part of our vocabulary. It doesn't occur at the same time in every section, and occasionally doesn't occur at all, but as a rule there is a period when rainfall is deficient, pastures dry up, and crops suffer to a greater or less degree. This is the time when milk flow falls off and growing livestock slow up in gains. When either happens the loss is final. At considerable pains and expense the milk flow can be partly restored and normal growth will again begin when adequate feed is supplied. But the milk that might have been produced and the weight that might have been gained has disappeared down the inexorable and irremediable corridors of time.

That's why so many good farmers now hedge against the summer drouth by providing Sudan grass or other cultivated pastures, or keep a supply of ensilage in reserve. It is far cheaper in the long run to fence a field of Sudan so it can be grazed than to let the growing animals take a set-back or let the milk flow fall off.

"I had eight acres of corn that was 'firing up' so I dug a trench and put the corn in it," said a Gaudalope county farmer at Luling. "My pasture was dry, and I fed the corn to my cows right along out of the silo and kept the cream checks up to normal. Before the corn was all fed up my heifers also began to fire before the grain was ripe. I cut that and ensiled it in the same trench. My cows never fell off in their milk all summer; and the trench, which my son and I dug in half a day, made me many times its cost before the summer was over. I'll have a bigger one ready next year."

Sudan grass at certain stages is high in protein and next to alfalfa is probably the best and cheapest feed for growing pigs and lambs. It has become customary throughout the Southwest to carry spring litters of pigs through the summer on Sudan, if alfalfa or sweet clover is not available. A small amount of grain along with the Sudan pasture may be used to advantage if available, but if grain has to be bought at a high price it may be more profitable to grow the pigs out on pasture at the expense of a little more time to attain feeding size.

Another saving practice which is coming more and more into vogue is that of turning the farm flock of sheep into the corn field to graze the grass and weeds which spring up after the last cultivation. It serves the double purpose of weed-and-grass control in the field and relieving the pasture of its load for a few weeks, and the damage to the standing corn is negligible. If some of the old sheep develop a habit of riding down the corn take them out and leave the field to the lambs.

"I am building small trench silos for emergency summer use," says Robert Lindley, ace Jersey breeder of Hopkins county, Texas. "Since ensilage spoils more rapidly in hot weather, and has to be fed to a greater depth each day to avoid loss, it is economy to have small narrow silos for summer, while the main supply is stored in the large trenches for winter use. They cost so little to build and fill that it's mighty cheap insurance against feed shortage at any time."

Dairy farmers in the cow testing association are also learning that a regular supply of green pasture or succulent feed is the only fair way to learn whether a cow has a profitable productive capacity. Many a cow has been condemned without having a chance to show what she could do, because so seldom have they had the right kind of feed throughout an entire lactation period.

Our store is a home-owned store, all our interests are in Hereford and we especially solicit the farmers' business for we ourselves have farmed for a livelihood until recently. McLain Grocery & Market.

### Recreation At Home Is Topic Of Discussion

Miss Sadie Lee Oliver, County Home Demonstration Agent, announced this week that a Training School for Recreation in Home Grounds was held in her office on Saturday, August 6.

The purpose of these training schools is to help rural teachers and mothers to make use of home equipment in preparing interesting and educational recreational programs for children. At this last meeting, valuable sources of information as to games, etc., were given the ladies, equipment now on display in the County Demonstration Agent's office was used in games, and directions for games were distributed.

Attending the school were Messrs. John L. Whitsett, Ford; G. C. Hartman, Westway; Alfred May, Dawn; R. C. Valentine, Wyche; R. L. Coccaughner, Wyche; John Kropff, North Hereford; J. T. Guinn, Messenger.

### LOCALS

Miss Pauline Fangman left Friday morning for Dallas, where she will spend a week visiting friends and relatives. She was accompanied by her cousin, Leo Till, who has spent the last week visiting in the homes of Henry Fangman and Frank Bezner.

Mr. and Mrs. L. T. Fletcher and children, were guests in the home of Mr. and Mrs. Arlie Dean, Sunday. Mrs. Fletcher and Mrs. Dean are sisters.

Mr. and Mrs. Urlin Streu had as their house guests last week end Mr. and Mrs. Ernie Segro, of Alamosa, Colo., Mr. and Mrs. M. W. Mitchell and Mr. and Mrs. John F. Sandifer of Amarillo.

W. J. (Bill) Smith, accompanied by his daughter, Miss Minnie Dea and her friend, Miss Ona Faye Smith, spent last week end in El Paso with Mrs. Smith. Mr. Smith reports his wife as improving and indications are now that she will return home about October 1st. Mrs. Emmett Green went as far as Ruidosa with the Smiths.

### Millions Go To Bottom Of Sea

There's still plenty of sunken treasure! Italy just sent a steamer out to see what can be done about recovering \$4,000,000 in gold and silver from a liner which sank about 30 years ago.

Even if that is recovered, there will remain scores of other fortunes safely preserved in the bottom of the seas, and just waiting to be picked. You can have the \$3,000,000 to \$15,000,000 estimated to be in the sunken Lusitania, lying off the Irish coast.

There are \$30,000,000 worth of wrecks on the beds of South American lakes. Twelve hulks in the Great Lakes will yield about \$2,000,000. Table Bay, at the tip of South Africa, contains 100 ships with \$100,000,000 worth of treasure.

Why doesn't somebody snatch all this up? Most of the treasure lies deeper than 150 feet, where diving is difficult and dangerous. Sharks, octopus, sharp coral, tricky currents, hurricanes, collapsing wrecks—all have proved

efficient guards for sunken riches. Most treasure hunts have been spurred by hope and greed. Not enough time or money was spent on equipment. That's one reason why all that wealth still rests on ocean beds.

### Six Mile Fall Preceeds Chute Jump In France

Spectators at Cartres aerodrome in Paris, France, gasp as a tiny speck leaps from an airplane six miles above. It plummets earthward, growing in the figure of a man. One mile, two miles, five miles, almost six miles he drops. He seems sure to hit, but at last a parachute billows open and a 34,777-foot delayed parachute jump is successfully made.

But why the delay? It's a game parachutists play; they try to see how close to earth they can drop before yanking the ripcord that opens the parachute. It makes a good show for spectators.

But it wasn't so long ago scientists were dead certain a man couldn't live through such a fall, that his heart would stop beating that he couldn't breathe. If someone jumped from a high bridge he was considered dead before he hit.

Such beliefs sound funny to the professional jumper. As one describes his sensation: "You lie there in the air as easily as floating on a pool of soft, warm water!" Actually a falling person doesn't drop so fast—only about 120 miles an hour—a speed easily exceeded by autos and planes.

### Castor Beans Impractical In Hopper Control

COLLEGE STATION—"Castor bean plants are not the answer to the farmer's prayer for cheap and easy way to control grasshoppers," says R. R. Reppert, entomologist of the Texas A. and M. College Extension Service.

He bases his statement on recent information from the U. S. Department of Agriculture. "Tests on the effect of castor bean plants on grasshoppers have not gone far enough to find out whether the alkaloid ricin contained in the plants is as poisonous to grasshoppers as it is to man and the higher animals," he said. "Even if it is, castor bean planting is impractical for hopper control. It would be impossible to raise the plants early enough to kill the insects before they spread. And the seed is pretty high, so it would cost a good deal to plant enough to do any good. Even if the seed were planted, and early enough for the first hoppers, the chances are that the insects would eat all the cultivated crops before beginning on the castor beans."

Grasshoppers are beginning to hatch out in the southernmost of the 104 Texas counties that are threatened by the worst hopper infestation in many years," Reppert said. Plans have been made to combat the infestation before the insects have a chance to multiply and spread.

The method used in Texas last year, which saved Texas farmers over six million dollars and returned more than a hundred dollars for every dollar spent will be used again this year. This consists of spreading a mash of bran sodium arsenite, and sometimes sawdust on the areas where the hoppers hatch out.

Scattered thinly at the rate of 10 to 20 pounds an acre as recommended by county agricultural agents, this bait is harmless to man and to domestic animals. The only danger is from using lumpy bait, spreading it too thickly or leaving it in piles or containers easily reached. Reppert pointed out.

### Undulant Fever Is Spreading In Texas Counties

Undulant or Malta Fever, a disease contracted from cattle, hogs or sheep which are infected with contagious abortion, is being reported fairly regularly through Texas, according to State Health Officer, Geo. W. Cox.

This indicates the fever constitutes a public health problem and also the necessity of its more general recognition.

Undulant or Malta Fever, a "Undulant fever is so named because of the wave-like variations in temperature. The symptoms include rise in temperature, loss of weight and strength, chills, sweat and joint pains. The disease has rather a low mortality rate, but is important because symptoms may persist for a number of weeks and even months before

normal health and strength are restored," Dr. Cox explained.

In Texas, the goat, horse and cows are the usual spreader of this disease. The germs of undulant fever enters the body through the mouth or skin. Therefore, care should be used in handling animals known to be infected and dairy products from the same sources should be pasturized, if used. More men acquire this disease than women and adults seem more likely to have it than children. More cases are found in the rural areas than in cities.

Prevention of undulant fever is based upon the detection of the disease in live stock and the elimination of the infected animals from the herds. Dairy herds should be tested for Bacillus abortus. This is a task that cannot be accomplished in a short time. Pasteurization of milk will prevent the spread from this source.

Frequently, there is much alarm

in a community where undulant fever is recognized there. However there is little cause for apprehension, as many people are not susceptible to the infection. The disease will probably never appear in Texas as an epidemic; however, to the unfortunates who contract it, it is a most discouraging experience both from the stand point of the patient's well being and the family economics.

### DON'T TALK WHILE FISHING

Don't talk if you want to catch fish. They might hear you and thus pass up your bait.

Fish have no ears, yet they answer the telephone. That's the discovery of a Russian professor, who lowered a phone receiver into an aquarium and watched the fish jump suddenly every time the bell rang.

His explanation is that fish "feel" sound through sensitive skins instead of ears. Actually,

if fish did have ears, they would be much keener than those of humans, because sound travels much faster through water than through air.

A German experimenter, recently working with minnows, claims he has them trained to obey sounds.

So remember to be quiet next time you're fishing. Any sound you make will speed through the air at a speed of about 1,100 feet a second. But when the noise reaches the water it'll go more than four times as fast.

Approximately 18,744,000 workers are covered by Unemployment insurance in the 28 states now paying Unemployment compensation benefits. The three states which began to pay benefits on July 1st. (Iowa, Michigan, and South Carolina) brought in approximately 2,000,000 of these covered workers.

Refrigeration freight cars were first used in 1877.

 Mon., Aug. 15—K. C. vs. Merchants; S-S vs. Firemen.  
 Tues., Aug. 16—IOOF vs. Lions; Laundry vs. A-M.

August 3—The Fireboys defeated the Laundry 10 to 2. The game began close but finished with a six-run rally for the Firemen in the last inning.  
 The Laundry scored first. A double and two singles brought the run across in the second. The "soap-suds" did not score again until the last frame.

Meanwhile the Firemen collected 10 runs from 9 hits which were helped by 4 errors.  
 Bud Witherpoon had three for four to help the winners. A single, double and triple were the hits. P. Singletary and Newman were the only two men on losers to collect two hits.

Laundry	0100001	2 7 5

Batteries—Firemen, Phillips and Robinson. Laundry, Brock and Ayres.

August 3—The Knights of Columbus whipped the Sunday School 9 to 1 in the second game of the double header. The K-C had two three-run innings to pile up a big score while Schumacher held the Sunday School to 7 hits and one lone run which came in the fifth frame.  
 The Knights had three tallies in the first inning from no hits, four miscues and one walk. The second three-run inning came in the third when the K-C had only one hit.

The S-S lone tally was scored on by two singles and two errors.  
 Boyer, of the losers, was the only man to collect at least two hits for either side. He had three, all singles. No Sunday Schooler had more than a one-base knock, but the K-C had three doubles in the last inning.

August 4—The A-M squad beat the Lions for their first time this year and pulled another full game ahead for first place. The score was 10 to 9 in an extra inning game.  
 The Lions scored all of their markers in the first five innings from four hits. They had five runs in the fifth frame from no hits, six errors, and one walk.

The A-M team was ahead in the first inning for they scored four runs to the Lion's one, but the Lions caught up with three tallies in the third. A-M pulled ahead again with a lone tally in the fourth by virtue of Daniel's long homer. In the fifth the game was seemingly put on ice when the Lions scored their hitless five runs to pull ahead 9 to 5, but A-M came back in the seventh frame to bunch two walks with three singles and two errors to tie the ball game up and require an extra inning.

The Lions in their part of the eighth could do nothing although Dameron singled with two outs, but Dodson next up, pops to pitcher, now J. D. Clayton for Fuller went in the seventh for a pinch hitter.  
 A-M managed to tally in the last of the eighth after two outs had been made. Schroeter beat out a hit, Coffee also singled, and then M. A. Kelly drove in Schroeter for the winning run when he singled cleanly through first and second.

August 8—The Lions smothered the Firemen in a 13 to 4 score, Monday night.

The "Meat-Eaters" also had 11 hits to bring in their runs which were helped by ten Firemen errors. The Lions had one five run inning in the fourth. A single, double, triple, an error and a walk accounted for these markers.

The Firemen scored their first runs in the third when they scored twice from three hits. The other tallies came in the fourth and seventh innings.

Emmons had a single and two doubles out of four times to bat for the Lions while the Firemen had a single and a triple out of four. Phillips was the only man for the Fireboys to have two hits, both singles.

August 8—The A-M team won their eighth straight game and maintained their lead for first place as they defeated the Merchants 8 to 5.

The Merchants scored four runs in the first and one in the third for their five runs and were ahead until the sixth frame.  
 The A-M bunch tallied three times in the first but could not score again until the fourth inning. They brought one run in in each of the fourth and fifth innings to tie with the Merchants 5 to 5. The sixth inning saw the tie broken, however, for the A-M team started scoring. After Daniel struck out, Fuller, Jr. singled, Brown singled, Schroeter doubled and combined with Balmum's error at short three runs were scored.

August 9—The Odd Fellows defeated the Sunday School team 10 to 7 in the second game of the double header.  
 The Oddies had only 8 hits to help their cause, but the Sunday School helped tremendously with 10 miscues. Wilson was the only man of the IOOF to have two hits, both were singles. B. Witherpoon had a home run with three men on base in the sixth inning.

The S-S made a stab for victory in the last frame when they tallied four times. Two singles, a double and two errors brought the runs in. The S-S had seven hits altogether. Whitlow and J. B. Harlin each had a single and a double to lead the S-S hitters.

## Trees Grow in Semi-Arid Plains

No longer is it necessary that the Plains country be a vast, treeless expanse. Farmers are finding that adapted species attain a growth of 10 to 12 feet within three years if given the benefit of additional water and frequent cultivation. Water diverted from a roadway has been diverted to this tree site on one of the Soil Conservation Service demonstration projects.

## Freckle Champ and Chief Rival

Paul Brown, eleven-year-old youngster of Harrisburg, Pa., who won the National Freckle championship during Children's week at Atlantic City, N. J., recently, poses while Marie Malone, ten, of Washington, D. C., gives him the once-over. Marie was runner-up in the contest which attracted hundreds of freckled boys and girls.

## J. M. Posey Takes Medalist Golf Honors. A Score Two Under Par 70

### HERFORD LOSES AGAIN TO CANYON, 40 TO 23; PLAYERS QUALIFY

In a return match with members of the Canyon Country Club here, last Sunday, Herford again took it on the chin by a total point score of 40 to 23. This makes it two straight for the jabs from Randall County, they having defeated the Herford shot makers two weeks ago at Canyon.

As previously announced, members of the Herford team agreed to use their scores in these matches last Sunday as qualifying scores for the big City Tournament which will be played next Sunday over a 36-hole medal score route. J. M. Posey, with a sizzling 35-35, two under par 70, took medalist honors, being seven strokes out in front of his little brother, Clyde, who is defending champion. Several of Herford's near par shooters were unable to qualify Sunday, but will be permitted to turn in their average scores so as to participate in the Sunday meet. It is hoped that there will be as many as four flights with eight to the flight, and prizes of equal value will be given in each of the four flights. Since the entrance fee will only be \$1.00, and a prize for each entrant will be given, the cost to even the highest shooters will be reduced to a minimum.

The tentative list of prizes as outlined by the committee consists of a pair of \$5.00 golf shoes, or their equivalent, to the champions in each flight. Second place winners will be given three 75c golf balls; third place, two 75c balls; fourth, one 75c ball, and fifth, sixth and seventh place winners will be given one 50c golf ball each. The high scorer in each flight, or eighth place winner, will also be given a prize, and it will be a pleasant surprise.

Play to Start at 7:30.  
 Entrants are urged to be on hand early Sunday morning so that 18 holes may be played in the forenoon with plenty of time to rest before the final 18 holes are played in the afternoon. The first foursomes will tee off at approximately 7:30, with additional foursomes teeing off at five minute intervals. Those planning to enter are urged to hand their \$1.00 fee to Clyde Posey, Frank Cogdell or A. A. Foster at once so that the prizes may be on hand and paid for before Sunday.

Serve better—save more by buying your meats, fresh fruits, fresh vegetables or staple items at the McLain Grocery & Market.

## Sadler Speaks To West Texans

Jerry Sadler, East Texas lawyer who is run-off candidate with C. V. Terrell for Railroad Commissioner and who is a cousin of the famous Harley Sadler, addressed a large crowd in the Amarillo Municipal Auditorium last Tuesday night.

In his address Sadler stated that he believed in the people of West Texas for their support of a young candidate who did not have his ears pinned down by professional politicians.

"I don't believe you are going to sell your future and the future of your children down the river," he said. Sadler stated that it was time to end the rule of the professional politicians who allowed discriminations and favoritisms and to put a young man on the Railroad Commission.

The quiet attorney from East Texas was met by the "ducking committee" in Amarillo and promptly and unceremoniously dumped into a tank of water. He was still able to grin as his cousin told him that was for the East Texas ticks.

We speak of this as a dry climate, but did you know that the average annual rainfall in El Paso is less than nine inches?

Dave Alexander has some interesting angles on what a Chamber of Commerce secretary can do. Went up to Amarillo with him a few days ago. When we started back, Dave pulled in to every filling station in Amarillo that we came to and asked the operator which was the best highway to the west coast, 60 or 66? Most of them urged him to take 66, but once in a while we'd strike one who had a good word to say for 60. Seems to me that this is something it would pay Canyon, Hereford, Friona, Bovina, Farwell and Clovis to look into.

We've said it before, but we'll say it again Now is the best time of the year to do your painting. Right here in Deaf Smith County are enough houses and barns in need of paint to furnish work for hundreds of workmen. Any money spent for paint material and labor is money well invested because your building is protected—looks better—lasts longer. If you neglect to paint, you pay more than a good paint job would cost on account of rapid deterioration. If you do paint you get more than your money's worth, you give somebody a job of painting, you keep men at work in the paint factories at good wages, they buy more meat and bread, and we get a better market for our steers and wheat. So it all comes back to you. PAINT UP AND GIVE SOMEBODY A JOB!

Miss Verna Culppeper, who specializes in charrn culture for ladies, has had both sides of her duplex on Roosevelt Avenue so decorated. Arch Conklin has been doing the work. HPS Glosfast Enamel was the material used.

Have you noticed a change in the looks of the city fire hydrants lately? Onias Carroll has been giving them a fresh coat of HPS Orange Glosfast Enamel.

"Boss Man," asked the negro truck driver, "kin ah git off dis ebenin' to go to lodge meetin'?" Ah'm de Sooprem King ob de lodge and ah'se got to be dere."  
 "Supreme King?" asked the boss in surprise. "How can you be the Supreme King when you just joined the lodge?"  
 "Well sub," said the truck driver, "you see dat's de lowes' office in our lodge."

Speaking of filling stations, C. T. Guseman had one built at this yard the first of the week to take out to his ranch. Only it won't be filled with gas and oil. It's a creep feeder for calves, and will be kept full of grain so that the calves can stay full of feed. It's a first class piece of ranch equipment that will pay its way. John Hacker did the work.

Abe Martin, the genial tonsorial artist who is famous locally for his miniature circus, was in the yard not long ago to get some 3-16 inch dowel stock to make spokes for his circus wagon wheels. He started his circus as a spare time hobby some years ago, and has built it up until he now has a model of nearly everything a circus contains. We think it must be one of the finest hobbies a man could have. Not only has he developed a special skill in wood-work, but he has also acquired confidence in his ability to do things. He can make things now that he would not have thought possible when he started.

Lee Cocanougher, who built a fine shed for his cattle last winter, protected that investment last week by giving it and the adjoining buildings a good two-coat paint job. Emil Herr did the work. Lee's place always did look good, but now it's a show place, sure enough.

Mrs. J. L. Woodford is having the interior of her ranch home redecorated. A. D. Godwin and Frank Smith are doing the work.

Nussbaum Bros. of Amarillo, were in recently and bought a good sized truck load of Tuba, Fours and Sixes and other building materials for their farm north west of Herford. They built hog feeders and other equipment for hogs, and put up a pump house.

A high school girl, seated next to a famous astronomer at a dance party, struck up a conversation with him by asking "what do you do in life?"  
 He replied, "I study astronomy."  
 "Dear me," said the girl. "I finished astronomy last year."

"Rastus, heah is dat quartah ah borrowed fum yo' two years ago."  
 "Y'all might just as well keep yo' money. It ain't wuth two bits for me to change mah opinion o' you."

"You say that girl has two wooden legs? How does she walk?"  
 "Oh, she just lumbers along."

From all parts of the earth we have assembled at this lumber yard a storehouse of protection. Barns, sheds, granaries, homes, and other buildings are implements of protection for cattle, grain, and people. They are built of boards, tubas, shingles, sheet metal, concrete, etc., which in turn are protected by paint. All these are within your easy reach.

## Flower Gardens Vie With Yards, Parks, as Society Hunts Cool Spots

The attractive back yard at the J. A. Pitman home on Twenty Five Mile Ave. furnished an appropriate setting for the lamb barbecue given Friday evening with the A. R. Batemans and the Pitmans as hosts. A. R. Bateman was master of ceremonies and had charge of the preparation of the barbecue in the big dutch oven at one end of the yard.

Trees, shrubs and flowers formed a shadowy background for the picnic supper-party. Those enjoying the outdoor entertainment were Messrs. and Mesdames; C. C. Acker, H. K. Fox, Alton Fraser, H. A. Close, Jack

Wayland, S. P. Rosson, W. C. Pitman, C. C. Rockwell, J. W. Witherspoon, J. C. McCracken, W. L. Davis, O. E. Easley, C. T. Guseman, Colby Conkright, E. B. Hedrick, Dr. R. R. Wills, Mac Pitman, Gwendolyn Spradley, Genevieve Eberle, Mrs. Seth B. Holman, Eloise Pitman and the hosts.

### DAUGHTER IS GIVEN PARTY ON TWELFTH BIRTHDAY

Mrs. Phil Radovich entertained with a birthday party Friday evening celebrating the twelfth birthday of her daughter, Phyllis Jean.

Red hats for the boys and white for the girls were won in a series of contests and games.

After the games, open face sandwiches and mint punch were served at small tables on the lawn. Lollipops were given as favors. The birthday cake was decorated with blue flowers and topped with twelve pink candles.

Guests included Patty Ball of Tucumcari, New Mexico, Louise Lance, Geraldine Kendall, Mary Ann Acker, Virginia An Dillehay of Vernon, Margaret Olson, Betty Ann Acker, Virginia Ann Dillehay

### HUSBANDS ARE ENTERTAINED

A lovely outdoor dinner party in the lighted flower garden at the home of Mr. and Mrs. George Brunley, complimented husbands of members of the T. E. L. Class of the First Baptist Church Thursday night.

The dinner was served at small tables arranged in the garden where the evening was spent informally.

Those present were: Messrs. and Mesdames J. M. Wilson, W. A. Long, Jeff T. Gilbreath, Artis Daniels, J. S. Orr, Lee Lambert, R. J. Naylor, Mark Hanna, Mesdames; E. A. Johnson, Pearl Boyer, A. O. Thompson, S. L. Walsler, J. H. Miller, M. S. Gatewood, W. I. Valentine, Miss Katherine Gatewood and the hosts.

### LUNCHEON GIVEN FOR PI-OMEGAS

Five members of Pi-Omega sorority were entertained with a luncheon given by Miss Bettye Bruce Jones, local member, Sunday at the home of her mother, Mrs. A. M. Jones.

All five of the girls are members of the W. T. S. C. chapter. All are graduates of W. T. S. C. except Miss Effye Lee Whitsett who will return to the college this fall for her senior year. Miss Virginia Line is an ex-president of the organization.

Garden flowers were used to decorate the Jones home and the luncheon table was attractive in detail. Appointments were in pink and white. The table was laid with a lace table set with pastel shaded sweet peas in a pale pink bowl forming the centerpiece. Pink crystal and silver were added complements. The Pi-Omega emblem was effectively carried out in the salad course which served as place cards.

The five girls attending were: Virginia Line, Rosa Cash, Irene Thompson, Effye Lee Whitsett and Bettye Bruce Jones.

### INFORMAL PARTIES HONOR DALLAS VISITOR

Several informal parties have been given during the past week to honor Miss Mary Katherine Cinquemani of Dallas who has been visiting relatives here the past two weeks.

Karl Shirley and Jack Boydston were joint hosts at a watermelon party on the Jeff Gilbreath lawn Thursday night, naming Miss Cinquemani as honor guest.

After games were enjoyed in the attractive yard-garden, moving pictures were shown inside the house.

Those attending the informal affair were: Virginia Newell, Jean Williams, Mary Louise Dean, the honoree, Chilton Foster, Bill Lawrence of Tyler, Jack Boydston and Karl Shirley.

### LUNCHEON GUESTS

Honoring former high school classmates Miss Thelma McMinn was hostess at an informal luncheon Sunday at her home on Avenue "F".

Pink roses predominated in the floral decorations for the table. Misses Ursula Fridley, Lucille Park and Thelma McMinn attended Hereford High School together and each year members of the class

### A. C. HAYES WILL LEAVE FOR TENNESSEE

Mr. and Mrs. A. C. Hayes will leave this week for Bradford, Tennessee, where they will make their future home. Mr. Hayes daughter, Mrs. Erwin Kimmins and Mr. Kimmins of Canyon spent the week end here in the Hayes home and a son, Charles Hayes of Lubbock also visited his father over the week end. A guest with Charles Hayes was Bob Drake, also of Lubbock.

### GARDEN CLUB ANNOUNCES MEETING

The Hereford Garden Club will meet Friday afternoon at the home of Mrs. Mark Hanna. Roll call will consist of a verse or quotation concerning flowers. Mrs. Merlin Kaul will talk on "Narcissus" and Mrs. C. H. Dyar will tell about "Hyacinths for out of Doors".

### MISS GOOCH IS PICNIC HONOREE

Complimenting Miss Tommie Jo Gooch of Winters, Texas, who has been visiting her sister, Mrs. Tom McCollum, members of the High School Softball team entertained with a picnic at Hereford State Park, Saturday evening.

Miss Gooch had been playing with the Girls' Teach while visiting in Hereford.

A picnic spread was the order of the evening's entertainment, followed by practice games of softball, in preparation for the scheduled game Saturday night.

Those attending, were Viola Phillips, Edith Jackson, Nora Jean Russell, Nell Spradley, Mary Jane Morgan, Ida Brock, Mary Brock, Hettie Regis Jones of Waco, Mr. and Mrs. W. H. Russell, Mrs. Tom McCollum, Donald McCollum and Mary Ruth Russell.

### MRS. DAMERON IS HOSTESS FOR CLUB

Mrs. Travis Dameron was hostess for members and guests of the Knitting Club on Wednesday of last week.

Individual lace dollies were used on the luncheon table, where a bowl of two shades of lavender phlox formed the centerpiece. Garden flowers decorated the house.

Places were laid for Mesdames Ernest Medkief, Woodrow Ireland, Tom McCollum, J. T. Gilbreath, Jr., W. J. Stanford, C. R. Barber, Bob McLean and the hostess.

Knitting, sewing and conversation furnished diversion after the luncheon.

### LEAVE FOR MARKET

Mr. and Mrs. Gaston Baer left Sunday morning for Dallas where they will purchase fall merchandise for the Popular Store. Mr. and Mrs. Baer plan a brief visit with his brother, Louis Baer, and family in Louisiana.

### New Meat Case Installed For Weir's Market

Bill Bell, market man at Weir's and White Store, was all this week as he stood proud behind his new Husman meat case. The big white porcelain cooler was delivered early Friday morning to replace the old one.

The new case is completely automatic in the operation of its cooling system. It operates on "circulating cold" system whereby the cooling gas circulates through the entire case. The air in the case is humidified so that it retains a constant moisture content that corresponds to that of the meat. No heat is allowed to collect on the case by this system, and it is therefore said to defrost automatically.

"We have twice as much display and storage space as in the old case," Bell said, "and we keep our meats in much better condition at less expense."

The addition of the new meat cooler makes the Red and White Market one of the best equipped meat modern shops in town.

If it's variety, if it's quality or if it's price, it can always be found at the McLain Grocery & Market. Just call 15 for free delivery service!

### Tech To Hold Services For Summer Grads

Texas Technological College at Lubbock will hold its graduation exercises for the summer session, August 24, according to Dean James M. Gordon, chairman of the executive committee.

Tentative figures show 183 candidates for bachelors and 86 candidates for masters degrees. Clifford Jones, Spur, chairman of the board of directors, will confer the degrees.

The commencement address will be given by John W. Calhoun, president ad interim of the University of Texas.

McLain Grocery & Market, the new, low-priced food store in Herford, has become a by-word with Herford housewives, when they think of quality foods at lower prices.

### City Has Place To Store Tools, Trucks At Last

Mayor C. J. Paddock proudly announced this week that the city of Herford has for the first time, a place to store its trucks and other machinery and tools used in maintenance and repair of city streets, parks, etc.

The new structure is located at the old City Barn. It consists of a frame structure covered with sheet iron, comprising four stalls and a work shop. The floor dimensions are 24 by 40 feet. Hugh Witherpoon was in charge of construction.

He also won the Bloomingdale trophy for the best time made in the light cabin model which stayed in the air 13 minutes and 50 seconds. Milton is shown with both trophies.

**O. E. S. PLANS ANNUAL PICNIC**  
At the regular meeting of the Order of Eastern Star, which was held in the Masonic Hall Tuesday night, plans were made for the annual picnic for Eastern Star members and their families and Masons and their families. The affair will be held at the east end of State Park, Friday evening, August 19, at 7 o'clock. All Masons and members of the Eastern Star are urged to bring baskets and take part in the annual occasion.

Mrs. Bessie Boggus, worthy matron, presided. Guests were Mr. and Mrs. Johnson and Jarrell of Canyon and Mrs. Aaron Rose of Kermit.

**SUMMERFIELD Y. W. A. HAS MEETING**  
The Y. W. A. of the Baptist Church of Summerfield, met at the home of Miss Helen Oglesby, Tuesday afternoon. The meeting was held in the living-room portico where greenery and large baskets of sinias and dahlias were used in decoration.

Mrs. Hazel Atchley was leader of the program on "Cuba." Mary Louise Lookingbill related incidents occurring in "A Week in Cuba." Helen Oglesby discussed "Facts and Figures in Cuba." Louise Waiser gave a brief history of Cuba, discussing the life and customs of the people.

Those attending were Mesdames Louise Waiser, Hazel Atchley, Arle Tartar, Mildred Waiser, Leatrice Clark, Beatrice Noland, Misses Shirley Thomas, Mary Louise Lookingbill and Helen Oglesby, Rev. H. B. Naylor and Lawrence Dyer.

**FIVE BIRTHDAYS ARE CELEBRATED**  
Five members of the McCullough family, whose birthdays occur in August, celebrated their birthdays at a reunion held at the R. E. McCullough home, here Sunday. Garden flowers furnished decorations for the affair which featured a birthday cake topped with five candles. Guests were seated at quartet tables and the dinner was served buffet style to Mr. McCullough's parents, Mr. and Mrs. J. A. McCullough, his two brothers, Donald and Ray McCullough and their families, all of Amarillo, Mr. and Mrs. George McCullough and granddaughter, Jacqueline of Clovis,

N. M., a nephew, Edward McCullough of El Reno, Okla., and Mr. and Mrs. R. E. McCullough and children, Donald, Norma and Pat McCullough.

### MR. AND MRS. E. B. BLACK CELEBRATE 47TH ANNIVERSARY

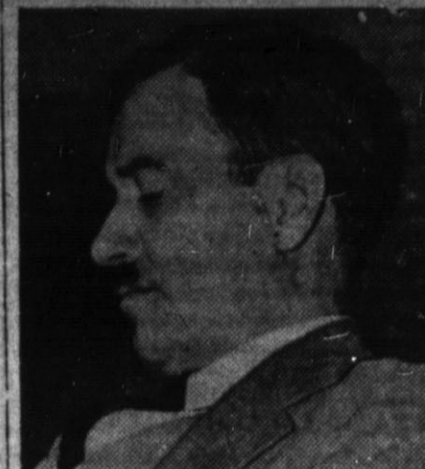

To compliment her parents, Mr. and Mrs. E. B. Black, who were visiting in her home, 609 Prospect Street, Amarillo, Mrs. C. E. Birkmeyer entertained Saturday evening, July 30, with a delightfully informal "at home" in honor of their 47th wedding anniversary.

The reception rooms were decorated with profusions of summer blossoms with roses and gladioli predominating. A salad course was served from a lace laid table, centered with an attractive arrangement of stasba daisies. Squares of wedding cake bore the inscription "C. E. to E. B., 1891-1938."

Included on the short program were several musical numbers presented by Clement Birkmeyer, Jr., eleven-year-old grandson of the honor guests, who played some of his own piano compositions. Invitations included relatives and old-time friends of the honored couple.

The Communist party in the United States is "part and parcel" of the Communist International, Earl Browder, party secretary, admitted during his testimony before a legislative committee inquiry into law observance. Browder is pictured as he testified during the hearing, held in New York.

### POPULAR BELIEFS EXPLODED

Another popular belief went into discard recently. In Washington D. C., a Department of Commerce official asserted that the 150,000,000 people in North China seldom eat rice because it is too costly.

Millet is their staple food. People are always taking the joy out of popular beliefs. Searchers after the truth have proved Horace Greely was not the first to write, "Go West, young man." Mark Twain's "Everybody talks about the weather, but nobody does anything about it," was a quotation from someone else, and Gen. Pershing never uttered the World War slogan, "Lafayette, we are here!"

Even good old titles are not sacred. New York City plumbers now are "sanitation engineers." Dog-catchers in Albany, N. Y., must be addressed as "pet retrievers" or "animal wardens." Hollywood stand ins want the title "focus artists." And down in Mexico City, prisoners now are called "natural biological units susceptible of correction."

## Three Parties Given By Church

Three different groups of youngsters belonging to departments in the Presbyterian church, were entertained this week by department heads. On Monday afternoon, Mesdames Paul Mathers and G. M. Hudson, superintendents of the Beginners and Mesdames Henry Hastings and P. L. Walker of the Primary department, sponsored a joint lawn party on the church lawn. After games, refreshments were served to Beginners: Earl Smith, Nora Payne Mitchell, Betty Shockley, John Robert Hendon, Junior Hendon, June Marie Hendon, Sandra Bateman, Robert Bateman, Julia Conklin, Joyce Miller, Pat Kerr, Joe Edgar Kerr and Bobby Mathers. Primary: Doris Jean Hastings, Ouida Kathleen Hudson, Paula Mae Mathers, Nina Mae Higgins, Alvin Dawson, Barbara Galbraith, Delbert Conklin, Mary Catherine Carroll, Eloise Walker, Christine Smith, Nadine Mitchell, Clifford Kerr and Bradford Cobb.

TUESDAY AFTERNOON, The Junior Department went on a hike through the State Park. They followed a trail which had been marked by two members, Tom Wilson and Billy Walker, stopping at points of interest previously located. A wolver roast and picnic spread concluded the afternoon's run.

Those enjoying the outing, were Margaret Barber, Lylabeth Blanton, Wanda Smith, Harold Conklin, Tom Wilson, Bob Mounts of Dallas, Billy Walker, Meyers Hud-

son, Lloyd Olson and J. W. Higgins. They were accompanied by Mrs. John Olson, sponsor.

## NORTH HEREFORD DEMONSTRATION CLUB MEETS

The North Hereford Home Demonstration Club held its regular meeting at the home of Mrs. George S. Parker, Wednesday afternoon, August 3. Miss Sadie Lee Oliver discussed plans for all gardens and listed plantings suited for this area.

A guessing game "Do You Know Your Seeds," was enjoyed.

Mrs. Louie Olson, sponsor of the 4-H Club of Wyche community who attended the Short Course at College Station in July, talked on 4-H Club work and stressed the need for organizations in this county.

Birthday gifts were presented to Mrs. Harry Kibbe, Mrs. Frank Wilde, and Miss Maude Swartz.

Refreshments were served to Mesdames M. H. Koelzer, Harry Schulz, Ernest Runyon, H. M. Smith, B. E. Brumley, Louie Olson, J. L. Johnson, Clinton Jackson, Otto Olson, Frank Wilde, Chas. Robbins, Harry Kibbe, L. D. Williams, Grady Parsons, John Kropff, R. S. Hunter, Carl Kropff, G. A. Frye, Miss Sadie Lee Oliver, Misses Virginia Oliver of Belton, Nancy Olson, Christine Olson, Dorothy Parsons, Naomi Brumley, Pauline Parker and the hostess.

The next meeting is scheduled for August 17, at the home of Mrs. O. L. Rutherford, at 2:30 p. m. Interested guests are invited.

Mrs. Erlene Douglas of Borger, spent Tuesday with Mr. and Mrs. W. F. Gillis.

## WYCHE HOME DEMONSTRATION CLUB PLANS FALL GARDENS

Wyche Home Demonstration Club met in the home of Mrs. H. B. Elliston, Thursday afternoon, with Mrs. Bessie Mitchell as assistant hostess.

Copies of "Fall Gardens" and "Frame Gardens" were distributed and a seed contest was enjoyed.

Miss Sadie Lee Oliver, OHEA, discussed and demonstrated the planting of fall gardens. The garden was planted in a cold frame, which had been placed near the house and windmill for convenience.

Seeds planted were winter radishes, both long and round, Black Spanish, China Rose and Strassburg, also tender greens, endive, leaf lettuce and beets.

Special guests at the meeting were 4-H Club Girls who reported their decision to make a tufted bed spread for sale, the funds to help defray a club girl's expenses to Dallas.

Refreshments were served to the following: Mesdames Lee Cavanaugh, N. G. Elliston, W. B. Saxon, P. L. Carmichael, J. H. Rienart, Louie Olson, Bessie Mitchell, J. E. Edwards, G. A. Reeves, Dock Roberson, George Roberson, Raymond Elliston, Miss Oliver and the hostesses.

The next meeting will be held at the home of Mrs. N. G. Elliston, with Mrs. P. L. Carmichael as co-hostess.

## MISS IMOGENE ROBERSON IS Y. W. A. HOSTESS

Miss Imogene Roberson and Mrs. Billie Roberson were co-hostesses at the meeting of the Y. W. A. of the Baptist church, held at the home of Miss Roberson, Monday afternoon.

During the short business session the group voted to assist Mrs. Roberson with the Sunbeam work and to prepare a box for the Paul Bell Mission for Mexicans at Bastrop, Texas. A committee was appointed to visit the group's adopted mother.

Following the resignation of

Mrs. Billie Roberson as president, Miss Dorothy Funderburg was chosen to fill the vacancy. Odessa Long was chosen vice-president.

The program dealt largely with reports from the recent encampment at Ceta Glen Canyon. Talks were made by Kitty Eloe Harlin, Thornton Shirley, Avis Matthews, Audrey Cockrell, Mrs. Billie Roberson and Mrs. Jack Roberson. At camp inspection Hereford won third place on Tuesday and tied with Tulla for first place on Wednesday.

During the social hour groups of four at tables cooked and served themselves waffles. Those present included the following members: Inez Funderburg, Avis Matthews, Thornton Shirley, Kitty Harlan, Audrey Cockrell, Dorothy Funderburg, Cora Lee Rice, Mrs. Ben Wohlgemuth, Mrs. Dean Robbs, Mrs. Roberson, a guest, Miss Cott and the hostesses.

Next week the club will meet with Miss Dorothy Funderburg, with Mrs. Dean Robbs, co-hostess.

## MRS. LAWSON IS CLUB HOSTESS

An orange and white color theme was featured in decorations when Mrs. Elmo Lawson was hostess for members of the Pleasure Hour Bridge Club at her home, Thursday afternoon. Clusters of golden glow were arranged in baskets and bouquets about the house. Bridge accessories and prize wrappings carried out the color harmony. High score awards in bridge games went to Mrs. Chris Renfro and second high to Mrs. Roy Jowell.

Members present included Mesdames Earl Phillips, Buford Parmer, B. R. Dixon, Boyd London, Roy Jowell, Chris Renfro, Harry Lomas and the hostess, Mrs. Joe Cinquemani of Dallas, who has been visiting relatives here for the past several weeks, was a guest.

## FORD HOME DEMONSTRATION CLUB ENTERTAINS HUSBANDS

Members of the Ford Home Demonstration Club entertained husbands and friends Sunday evening at the home of Mrs. L. J. Stratus.

Games were played and visiting on the large lawn furnished diversion. A gift shower was presented to Mrs. Clarence Carnahan, a member of the club.

The next regular meeting will be held with Mrs. F. C. Benson, Wednesday afternoon, August 17. Miss Sadie Lee Oliver, HDA, will give a demonstration on planting a cold frame garden.

## HUSBANDS ARE PICNIC GUESTS

Husbands of members of the Pleasure Hour Bridge Club were complimented Friday night at a picnic supper party given by the club at Hereford State Park. Wellers were roasted and a picnic spread enjoyed. Later games furnished entertainment.

Those attending, were Messrs. and Mesdames Chris Renfro, Roy Jowell, Harry Lomas, Boyd London, B. R. Dixon, Buford Parmer, Elmo Lawson, Earl Phillips, Mrs. Joe Cinquemani of Dallas, and W. J. Smith.

## CLASS IS ENTERTAINED

The Ten Year Girls Sunday School Class of the Baptist church enjoyed a lawn party at the home of their teacher, Miss Avis Matthews, Friday evening. Each member brought a guest. After games were played, candy making furnished the fun.

Refreshments were served to Wanda Lee Terry, Juanita Luck, Reba Mitchell, Wanda Jean Smith, Rosemary Phillips, Billie Jane Smith, Gladys Ware, Ludie Virginia Turner, Emma Marie Turner, Dorothy Sanders of Canyon, and the hostess.

## RECITAL IS GIVEN

Mrs. C. A. Wimberley presented

her music pupils in a piano recital at her home near Dawn, Tuesday afternoon, August 2.

### O'Daniel Gets Official Demo Certification

#### STATE, DISTRICT RUN-OFF RACES CERTIFIED; THREE LOCAL

Official approval was given the smashing primary victory of W. Lee O'Daniel as the State Democratic Executive committee met last Saturday at Austin and certified him as the gubernatorial nominee. Full support from the State political organization was assured the smiling nominee as the committee expressed its willingness to suit his liking in organizing the state convention in Beaumont, on September 13.

The official canvass made by the committee showed a total of 573,166 votes polled by O'Daniel. This count is 31,477 more votes than the total combined votes of all his opponents. A total of 1,114,885 votes was cast in the governor's race at the July Primary.

The committee declared five other races certified by victory and certified to county chairmen the following list of candidates for state and district offices, who face a run-off election, August 27:

Pierce Brooks and Coke R. Stevenson for lieutenant-governor; Gerald C. Mann and Walter F. Woodard for attorney general; Richard Crits and W. H. Davidson for associate justice of the supreme court; Harry N. Graves and James A. Stephens for an unexpired term as chief of criminal appeals judge; G. V. Terrell and G. A. Jerry Sadler for Railroad Commissioner, and William H. McDonald and Bascom Gilles for land commissioner.

In the third congressional district, Lendley Beckworth and Brady P. Gentry are matched, while Ed Gossett and W. D. McFarlane are contestants in the 13th district.

Local voters will decide on three run-off races for this county in connection with the state and district offices listed for the short ballot. Since there are no races scheduled for a second primary in this district, only county and precinct races will be listed on the ballot here in addition to the state offices.

Contestants for county and precinct offices here on August 27, will be: Leonard Foster and Robert L. Thompson for County Clerk; Noah Ewton and Troy Moore for Commissioner of Precinct 1; T. W. Robinson and George W. Brunley for Commissioner of Precinct 2.

### Evans Car Wrecks As Driver Sleeps

J. G. Evans, Hereford farmer, crashed his car into a culvert on the highway just across the bridge on South Main yesterday afternoon. With him when the accident occurred was his wife who received numerous painful cuts and bruises on the face and body. Mr. Evans was uninjured.

The wreck was caused by the driver's being asleep at the wheel. "I remember turning the corner and going in the ditch," said Mr. Evans, "but I couldn't seem to get my foot on the brake to stop. The next thing I knew we were smashed up."

Mr. and Mrs. Evans were returning from Happy where they had attended his sister, Miss Odessa Evans, all night, as she lay ill with typhoid fever. She is reported greatly improved, but very weak.

The car, a 1937 Chevrolet coach, was badly smashed and is now in the garage for repairs.

### Governor Sets Week To Honor Security Board

Social Security Week in Texas, to be observed beginning August 14, was this week proclaimed by Governor James V. Allred.

August 14 marks the third anniversary of the signing of the Social Security Act, the proclamation read, "the most significant national legislation ever enacted for the general welfare of the people."

Old age pensions and provision for unemployed workmen are the chief channels through which the Social Security Board Acts. Records show that already more than \$151,480 has been paid in lump sum benefits to 5,168 Texas workers who have reached the age of 65 or to estates of workers who have died before reaching that age. Also, maternal and child welfare programs, in which the federal and state governments cooperate to aid the individual by making available services instead of cash, have received from the federal government, during the past three years, grants in the following amounts: child welfare, \$135,307.29; maternal and child health, \$347,193.42; crippled

children, \$321,792.52. Much assistance also went to programs such as public health, unemployment, vocational rehabilitation, and assistance to residents of rural areas of the state. There is much left yet to be done. Texas failed to provide for the assistance of the state's needy blind and probably more than 50,000 dependent children. This fact stands in spite of an amendment to the constitution for this purpose which was adopted by the people in August, 1937, by a generous majority. Only eight other states do not have programs for aid to dependent children and the needy blind.

far this term, and it looks as though interest in the court proceedings will continue to be very meagre.

#### Two Divorces Granted

Two of the ten divorces up this term had been granted Wednesday, and another was expected to receive judgment today. None of the divorce cases reviewed called for a jury.

Criminal cases will be handled next week. Following is the list of jurors drawn for the third week:

J. R. Lipscomb, Jack Wayland, George Beams, Eldon Morgan, E. O. Wilson, C. O. Wilkins, T. E. Siegler, W. R. Scheihagen, L. A. Smith, Charles Calloway, Albert Zinser, W. C. Hromas, P. H. ### Farmers Report

(Continued from Page 1)

for the purpose of feeding. It was introduced to this country from New Mexico.

Feeding the corn as silage has resulted in unusually good success. The stalks are thin and straight and the foliage is sweet and tender. The average stalk produces two or three excellent ears and three or four that fail to mature before the crop is cut. The plant is said to have exceptionally high protein and sugar content, and these qualities make it especially good for silo storing. Farmers who have allowed it to be grazed from the field say that cattle graze it in preference to cane and begonia and that they eat "stalk, cob and all."

Mr. Evans has 250 acres of Little Yellow Dent corn on his farm eight miles west of town. He has irrigated the crop once, and it is now within two weeks of maturity. He plans to store it in trench silos and feed it this winter.

### Around Town

(Continued from Page 1)

Her birthday occurred recently, and her thoughtful husband presented her with a shiny new hoe. He remarked that he couldn't think of a more appropriate gift for a "farmerette", especially at this time of the year.

Observant businessmen are congratulating city officials on the new coat of paint given the fire plugs in the city. Mayor Paddock is truly grateful for a word of thanks where more often than not the comments he hears are rather critical.

Early appreciation is extended to the person who left the gigantic stalk of corn in front of The Brand office sometime very early this morning; but it would be better if he could be thanked in person. If there is anything to the "Jack and the Bean Stalk" story, then this certainly must be "Jack's Corn Stalk." It is ten feet high by actual measurement with a yard stick. The Brand believes that publicity, like credit, should be given where it is due, and it would appreciate the knowledge of the identity of the mysterious donor.

A cheery welcome is extended to John McLean who is back at the old trading post again after a month's absence in favor of an operation at Temple.

A familiar face in a new place is that of L. B. Russell behind the soda fountain at the Corner Drug Store. L. B. is holding down the fort for O. J. Beene, who is off on a vacation.

Mrs. B. T. Bell writes from Long Beach, California, to relatives and friends here that her stay in California has been delightful but that Texas is still the finest place in the world to her. "You can look for me home about the 15th of August" she writes, "and I'll be glad to get there."

Mrs. Bell has been visiting her four sons in California for the past month. She is the mother of Mrs. E. S. Ireland and makes her home here with her.

"There is a special need for irregular students who expect to graduate this school year to see that all requirements are cared for in their enrollment for courses, he added, "and those students who expect to enter college should meet the college entrance requirements in every detail."

College Requirements "If the demand is sufficient, there will be courses offered to meet the admission requirements of Engineering Schools in such courses as advanced mathematics. These students who expect to enter college should remember that, under present standards, not more than four units of vocational courses may be included. Also, these students should see that their courses are arranged to observe requirements for foreign language and science."

Mr. Kinard stated that parents are welcome to accompany students for enrollment, remarking that it might prove beneficial to both parent and student if they could come.

#### Graduation Requirements

As listed by Mr. Kinard, seven units are required for graduation from high school in Texas. Sixteen of these must be academic or accredited subjects, and the following units are prescribed under this requirement: English, 4 units; history, 2 or 3 units; civics, 1-2 unit; mathematics, 2 units; science, 1 or 2 units. The remaining units can be supplied by enough electives to make a total of seven units in all; one unit of electives may be a local or activity unit.

Textbooks for high school students are to be issued Friday, Sept. 2, and classes begin on Monday, Sept. 5.

Present plans call for the enrollment of Central School students and those students attending the high school building, but who are below the seventh grade on Sept. 5.

territory are invited to attend the sale. Plenty of excitement and good bargains are guaranteed.

"There will be plenty of buyers," stated Barber, "so come on in and bring your livestock. The Hereford sale is well advertised."

### Allpress Couple

(Continued from Page 1)

Mrs. Allpress has been his accompanist, they have played in many of the principal colleges and cities of America.

They will render two numbers at the morning church service, "The Londonberry Air" and "Ave Maria." The public is cordially invited to attend and renew acquaintance with the talented couple.

### Hunting Rules

(Continued from Page 1)

governing both mourning and white winged doves provide the following open seasons:

From Sept. 1 to Oct. 31 in the counties of Yoakum, Terry, Lynn Garza, Kent, Stonewall, Haskell, Throckmorton, Young, Jack, Wise, Denton, Collins, and Hunt, and all counties north thereof, and the counties of Parker, Tarrant, Dallas, Rockwall, Kaufman, Johnson, Hopkins, Delta and Franklin.

In the remainder of the state the open season on both species is from Sept. 15 to Nov. 15. Below the Texas-Mexican Railway in the Rio Grande Valley however, only four days of shooting each week during the open season will be allowed—on Tuesdays, Thursdays, Saturdays, and Sundays—but this exception is not applicable to Webb and Zapata counties.

The hours for shooting mourning and white-winged doves during the open seasons are from 7 a. m. to sunset.

Neither species may be shot with a weapon other than a shotgun, and it shall not be larger than No. 10 gage. If it is a repeating or automatic shotgun it must be permanently plugged to a capacity of three-shells.

The daily bag limit is 15 in the aggregate of both mourning doves and white wings. The possession limit also is 15 in the aggregate of both species.

Baiting of doves of either species is prohibited by federal regulations.

Under new federal migratory water fowl regulations announced recently Texas duck hunters will have a 45-day open season this year compared to a 30 day open season in 1937, and in addition may shoot a limited number of species hitherto protected.

The open season on ducks and geese, Wilson's snipe or jacksnipe, and coot, is from Nov. 15 to Dec. 29.

The open season on rails and gallinules, except coot, is from Sept. 1 to Nov. 30.
