Easter at Methodist Church.

Only the regular service was held
at the Methodist church Sunday
morning. A duet by Mr. Curtis and
Miss Betts was enjoyed. Rev. Hen-
son preached a good sermon on the
subject of the resurrection.

At the evening service the Misses Edwards'
orchestral class gave the music for
the choir. There were eleven in-
struments in the orchestra. The
subject was, "Life's Difficulties and
How to Meet Them!" using as a
text Elisha under the Juniper tree.

Bench Congress Meets.

The Bench Congress had a call-
session Wednesday of this week in a
circle around the president's hot
stove in his private office, the same
being Woodburn & Son's warming
place for loafers and others.

The meeting was rather accidental
but a full quorum of Arkansawyers
were present: E. T. Woodburn,
president, Judge C. G. Witherspoon,
Capt. Trow, S. J. Williams, W. B.
Dameron, H. H. Hawkins, J. T.
Wilkinson, F. W. Lambert and
Henry Hubbert, constable. All
either acknowledged or would not
deny being from Arkansaw, except
Lambert, but he grinned his mouth
into a half-moon shape when ques-
tioned. The subject under discus-
sion was persimmon sprouts. Nearly
all had left the rock ribbed state to
get out of grubbing persimmon
sprouts. Wilkinson said he left
there because of too many sprouts;
Dameron acknowledged that he
would have stopped in Arkansaw, but
when he saw so many persimmon
sprouts he moved on west. Capt.
Trow thought Hereford should plant
a persimmon grove as he thought the
sprouts would be useful in the physi-
cal training department of our homes
and schools. S. J. Williams had

confirmed antipathy to bust persim-
mon sprouts. He says that any boy
who was required to cut per-sprouts
for 3 or 4 summers would be driven
to madness and desperation and
would not be fit for anything in after
years except to loaf around. He
had to cut sprouts several summers.
Happy Hooligan Hawkins kept his
laughing box set for any thing the
other members might say that was
expected to be taken as a funny or
witty remark, while the constable,
who never broke a whisper when he
laughed, looked on with some amaz-
ement at the warm discussion going
on.

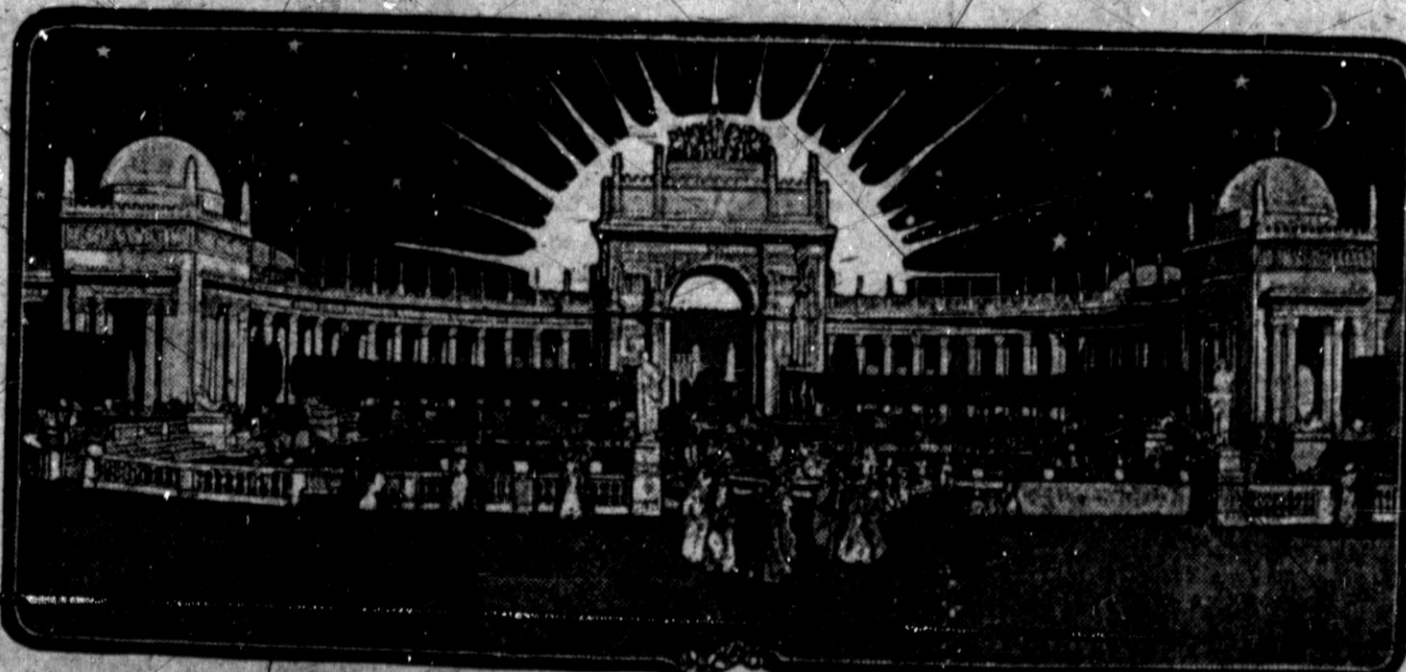

Hereford's Irrigation Attracting Attention.

Hereford irrigation news is spread-
ing across the country. Only re-
cently a column article appeared in
Southern Farming, published at At-
lanta, one of the five great farm
papers owned by the Orange Judd.
Mr. McDonald, who was asked to
contribute the article, has received
inquiries as a result of this bit of
publicity. One good feature about
such articles is that they are printed
for information and not for advertis-
ing purposes. Hereford is enjoying
some real good publicity these days
and the results will be splendid for
all.

Library Reception.

The library reception held at the
rooms of the library in the court
house last Friday night was well at-
tended though not as many present
as anticipated by the committee.
Counter attractions will account for
some of the absent ones. After the
guests were cordially greeted and a
few minutes spent in a social way, a
short program was given. Mr.
Garrison, president of the library
cabinet, made a short talk which
partook of both the nature of a wel-
come address and a speech on the
subject of good books. He was fol-
lowed by Misses Irwin and Pratt,
who each gave a reading that elicited
applause. The Misses Edwards'
Orchestra furnished the music for
the occasion and the two numbers
played were enjoyed. A. C. Elliott
acted as master of ceremonies.
Following the program the ladies of
the cabinet furnished a most appetiz-
ing sandwich luncheon. Several
new, active members of the library
were enrolled and all present exam-
ined the books in the cases with seem-
ing pleasure. A number of books
were brought by the guests and
donated to the already well-selected
list. The cabinet appreciates the
interest manifested in the welfare of
the library.

WATER SUPPLY GIVEN TEST

Engineering Department of Santa
Fe Makes Test of Irrigation
Flow—Finds Plenty of
Water.

Not satisfied with the current re-
ports and hear-say of the water sup-
ply of the Plains for irrigation pur-
poses, the Santa Fe system, thru its
engineering department, determined
to make a thoro test of the flow and
to make an investigation of the ex-
tent and source of the supply. To
this end, H. F. Tanner of the Santa
Fe's engineering department has re-
cently visited a number of places on
the Plains where irrigation wells
have been built. The investigations
were made at Hurley, Lubbock,
Hale Center, Plainview and Here-
ford, two wells at each place being
thoroly tested under the regular
government rules for tests of water
flow. At Hereford the S. B. Ed-
wards well, 3 miles south and the Jim
Robinson well, 3 miles southeast,
were placed under the weir test.
The Edwards well for the first hour
held at 5 1/2 inches over a 4-foot weir,
making 1,781 gallons per minute,
and on a steady 24-hour test the
flow held at 5 inches constantly,
being 1,605 gallons of water per
minute. The Robinson well held
constantly at 1.184 gallons per min-
ute for a 24-hour run, the measure-
ments being taken every 3 hours.
The measurements on the Edwards
well were taken at every hour. These
tests are really the first official and
accurate measurements ever made of
the irrigation wells of the Plains and
Hereford people are pleased with
the showing made. The publication
of the tests and measurements will
show that Hereford has the biggest
wells, the largest flow and the least
drawdown of any other location on
the Plains. Hereford now has 25
big irrigation wells and all will be
ready in a few weeks for business.
These wells furnish from 800 to
1,650 gallons per minute and will ir-
rigate from 160 to 640 acres of land.

Isaac P. Smith Dies Suddenly.

Isaac P. Smith died of acute in-
digestion suddenly at his home in
North Hereford last Tuesday at
12:30 p. m. He was taken ill dur-
ing the previous night and nothing
could be done to relieve his suffer-
ing. Mr. Smith leaves a family of
three boys and three girls, all of the
latter being at school in Whiteright,
Texas. He was buried Wednes-
day at the city cemetery with Mason-
ic honors. He was also a member
of the Methodist church and his
pastor, Rev. Henson, officiated at
his interment. Mr. Smith was born
in South Carolina, but came to Texas
in the 70's, locating in Grayson
county. He lived for some 10 years
in Oklahoma, but had been living in
New Mexico just previous to his
move to Hereford. His son, T. E.
Smith, is local agent for the Alfalfa
Lumber Company. The Brand joins
the community in extending sym-
pathy to the bereaved members of
the family.

Berry Lucas and family with all
of their household effects arrived
here last Saturday from Canton,
Mo., to make Hereford their home.
They will live on one of Deaf Smith
county's irrigated farms. Mr. Lucas
is a brother-in-law of J. W. Barnett.
The Brand extends to this good
family a hearty welcome.

Help Your Neighbor.

Editor Brand, Dear Sir:

When in Hereford a few days ago I had the pleasure of meeting you. I went there to stay one day and look at your irrigation wells, but I remained four days, and I must say that I would never tire of looking at those magnificent flowing wells. After pondering over this matter a few days it occurs to me that somebody is losing \$100 per day for every day one of those wells are kept idle. Why they run their wells only a small part of the time, and I believe if you would irrigate the ground in the winter and keep them running continuously one of those well would irrigate two sections. The man with the pump could say to his neighbor, who is not able to install a well: "I will furnish the water and you take care of it and distribute it over the land and I will take all over 15 bu. of wheat, all over 50 bu. of oats and all over 30 bu. of kafir corn per acre for my pay for furnishing the water," and in this way the farmer without the water would be assured of a good crop and the man owning the well would make plenty money, too. Suggest this to your farmers around Hereford and your 35 farmers who now own wells will be helping 100 more who in a short time can own their own wells. It is my candid opinion that the water pumped in one day from any of those wells will produce an increase in the crop equal to \$100. Now why lose so much money in letting them stand

idle. Encourage men to go to Hereford and see the wells for themselves, as no photos or written description of the volume of water can ever be imagined without seeing the plants in operation. All you need now is more men to distribute the water and take care of the crops. The wells will do the rest. T. Carrabine.

Judge J. C. Hunt Dies in Austin.

Austin, Tex., March 22.—Judge J. C. Hunt, aged 56, a member of the Thirty-third Legislature from the 123rd representative district, whose home was at Canyon, Randall county, died late this afternoon at his apartments here from the effects of an attack of meningitis contracted five weeks ago.

His wife, son and daughter, were at his bedside when death claimed him.

Judge Hunt was serving his second term as a member of the Legislature. The body will be sent to Paris, Tex., his old home, tomorrow, for burial.

Canyon, Tex., March 22.—Keen regret was occasioned here this afternoon on receipt of information from Austin that Judge J. C. Hunt, resident of this city, and representative from this district, had succumbed to a prolonged attack of meningitis.

Judge Hunt came to Canyon six years ago, and practiced law up to the time of his election to the legislature, and during his incumbency. He was highly esteemed by the Canyon citizenship, and during his residence here was to the forefront of all movements designed to promote the interests of this city and section.

Expressions of sorrow were universal, and the entire citizenship has united in extending expressions of sympathy to the bereaved family.

Errors Make Without Excuse.

There is little excuse for a newspaper to contain errors, either in the reading matter or the ads; but every week, especially in country shops, gross errors and mistakes slip into the paper. Some people see the mistakes in the Brand and call our attention to them. This is all well enough; we appreciate the good feeling about our mistakes; we know that we make them every week. Now, last week, besides a number of immaterial errors in the reading matter, several errors were made in the ads. One was made in the drug ad of Betts & Clark. Where it read—"It absorbs and carries off the impurities," the ad should have been—"It absorbs and etc." The word "Sarsaparillo" was misspelled. In the ad of the Corner Drug Store, the copy read—"The candle is 32 inches long," but somehow, we got it only 22 inches long. The Brand apologizes for these and all other mistakes; but we will keep on making them just the same.

Causes Much Disease

Advice about Stomach Troubles and how to relieve them.

Don't neglect indigestion, for it may lead to all sorts of ills and complications. An eminent physician once said that ninety-five per cent of all ills have their origin in a disordered stomach.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be one of the most dependable remedies known for indigestion and chronic dyspepsia. Their ingredients are soothing to the inflamed membranes of the stomach. Rich in Pepsin and Bismuth, two of the greatest digestive aids known to medicine, the relief they afford is very prompt. Used persistently and regularly for a short time, they tend to relieve pains caused by stomach disorders.

Rexall Dyspepsia Tablets help insure healthy appetite, aid digestion, and promote nutrition. As evidence of our faith in them, we ask you to try them at our risk. If they do not give entire satisfaction, we will return the money you paid us without question or formality. Three sizes, 25 cents, 50 cents and \$1.00.

A CALL TO SERVICE.

"I summon all honest men, all patriotic, all forward-looking men, to my side. God helping me, I will not fail them, if they but counsel and sustain me."—President Woodrow Wilson in his inaugural address.

CONGRESSIONAL DISTRICTS BILL.

The House, as expected, has rejected the free conference resolution, and the congressional districts bill was sent back to the committee for further consideration. As recommended by the conference, the Panhandle district to be numbered 158 contains all of the counties north and west of Gaines, Dawson, Borden, Scurry, Fisher, Stonewall, King, Foard and Wilbarger. It is perfectly evident that the Legislature is determined to take care of Mr. Stephens, giving him a district all to "hisself." But Mr. Stephens, with the heavy end of his "destrict" lopped off, may find some of the upper plains aspirants for political honors rather annoying during campaign times.

THE Plainview News, J. M. Adams editor, has purchased a modern typesetting machine. Thus the country papers are gradually taking on modern airs.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity, Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MANY of the weekly newspapers are complaining at the post office ruling concerning the unlimited credit habit. The object of the rule is to rid the post office of the expense of carrying papers to people who do not appreciate them enough to pay their subscription. When a newspaper man sends his paper to any one for years and years and can never get up the courage to "cut him off," he certainly needs the guardianship of Uncle Sam to assist up over the rough places. Any why should any want to read a paper for which they have not paid? The Brand has always prided itself in having some business sense and system about its subscriptions. After a fair effort to get a reader to pay his subscription, if he fails or refuses to "come across" off his name goes. The Brand assumes the safe side; if a reader will not renew his subscription, it is taken for granted that he does not want the paper any longer; in fact, the Brand does not want names on its list whose owners will not pay.

Slap Shots.

When Gabriel blows his horn will there be any room in the "forms" for a lot of fellows who came "Too late to classify?"

When a rich man gambles in stocks or futures and loses, he has been "unfortunate" in his business; when a poor devil gets behind in his struggle to meet the necessities of life, he is shiftless and worthless.

A new table in arithmetic: 10 cents make one dime, ten dimes make one dollar, ten thousand dollars make one man.

How can we expect our girls to keep in the "straight and narrow path," when the code of morals for our boys is so crooked?

Horsemen have long known that whipping a stubborn horse will not cure balking; but gentle and kind treatment coupled with some good, common horse-sense will get most of them to pull when the pinch comes. Same thing with boys and girls.

Look to Your Plumbing.

You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get quick relief. For sale by all dealers.—Advertisement

UNFAIR TO THE DRUGGIST

The Old Joke about "Something Just as Good," Doesn't Apply to This Drug Store.

You have probably heard dozens of times the old story that a drug store was a place to "get something just as good." There is at least one druggist in the world that you can't say this about.

It is certain that an inferior article will never be substituted for a guaranteed one by Betts-Clark drug store. Take for instance a safe, reliable remedy for constipation and liver trouble like Dodson's Liver Tonic. This harmless vegetable liquid has proved so satisfactory a liver stimulant and reliever of biliousness, and to entirely take the place of calomel without any danger or restriction of habits or diet, that there are dozens of preparations springing up with imitations of its claims.

But Dodson's Liver Tonic is guaranteed to do all that is claimed for it, and if you are not satisfied with it, Betts-Clark will hand your money back with a smile. Any person going to this store for a bottle of Dodson's Liver Tonic will be sure of getting a large bottle of this genuine remedy in exchange for his half dollar.

Hogs Bring Good Prices.

New Directory.

The Southwestern Telegraph & Telephone Company has this week received from the Brand-press their new directory for Hereford. It is a 16-page book with cover printed in two colors, making an attractive book. The names are conveniently arranged, each letter being prominently displayed. On the first pages will be found valuable telephone information, which, if read and observed, will help along the good service of the company. The Southwestern is giving the city the best service ever had and it is the desire to keep it "best" all the time. To this end a new directory is issued every six months, March and September. The March number just issued contains 379 names. This is an increase of 10 per cent over the number in use one year ago. Each subscriber will be given a new directory at once. Manager Lovelace is to be congratulated upon the efficient service being given Hereford. The personnel of the force is:—Miss Ella Hughes, check clerk and chief operator, Misses Fnid Smith and Lillie Woods, day operators and Miss Eddith Smith, Night operator.

DR. PRICE'S CREAM Baking Powder

Purity in food, lower cost of living—these are the demands of the day.

Pure food is health, and health is economy itself. We cannot have health without healthful food.

The most healthful foods are the quickly raised flour foods—biscuit, cake, muffins, crusts and other pastry, when perfectly made from wholesome ingredients.

Dr. PRICE'S baking powder makes these foods in specially attractive, appetizing and wholesome form, and for both economic and hygienic reasons, such food should be more largely substituted for meat in the daily diet.

But bear in mind that alum, or unwholesome baking powder, can never make pure, wholesome food.

Society

The Mothers' Club met with Mrs. J. H. Bowers on Tuesday afternoon. It was the day for business to come before the meeting, and the time was given over to various suggestions and discussions, etc.

Members of the Martha Talliferro Circle please do not forget that the next meeting will be held Saturday, April 5, at the home of Miss Morgan. A cordial invitation is extended to all interested in the work of the Circle.

On Friday evening Mr. and Mrs. C. D. Miller entertained Mr. Miller's Sunday school class and their friends. Exciting games of flinch, dominoes and forty-two kept everyone busy thru most of a very pleasant evening. An abundance of ice cream, cake, fruit and home-made candy seemed a fitting climax to the young folk's enjoyment. About forty boys and girls pronounce this one of the happiest times they ever spent.

On Tuesday afternoon from 3 to 5 o'clock Miss Inez Morgan was "at home" to a number of her girl friends. The afternoon was spent embroidering with several pleasing musical selections given by Miss Gregg at the piano and Edna Elliott on the violin. A dainty luncheon consisting of scolloped salmon, bread and butter sandwiches, pickles and tea was served. Just before taking leave the girls gathered around the piano and sang a number of songs. The afternoon was a very enjoyable one and will be long remembered. Those present were Misses Gregg, Nance, Bowers, Holzer, Willia Elliott, Edna Elliott and Mesdames Elliott and Thompson. This is the first of a series of parties to be given by Miss Morgan this season and her friends already look upon her as a royal entertainer.

Mrs. A. W. Gregg was hostess to the Bay View Club last Thursday afternoon for the lesson on James Russell Lowell. Several members were present in spite of the blustering weather. Mrs. James Kelly was an honor guest. Mrs. John Ferguson gave a sketch of Lowell's life with comments on his style of writing. A number of poems, each of an entirely different type, given by

Mesdames Stanberry, Clyde Wright, F. T. Roloson and Gregg brought out the poet's wonderful versatility. The members appreciated having Mrs. Kelly read "The Changeling" by Lowell. After the lesson the hostess served refreshments suggestive of the Easter season. The toast and egg proved to be sponge cake decorated with apricot and whipt cream, the French fried potatoes were caramel bon bons. The dainty favors, the clever work of Mrs. Gregg, were gilded egg shell vases on tiny gold-bead feet. The vases held small candy Easter eggs. Mrs. W. A. Price will have the next meeting.

Surprise Dinner.

Mrs. J. L. Johnson was given a real surprise on her birthday this week. Some of the ladies called at her home before noon and tolled her off down town to look at the pretty millinery. While they were away, the neighbors assembled at Mrs. Cogdell's just across the street where they prepared a fine dinner. On returning from town Mrs. Johnson was persuaded to go by Mrs. Cogdell's where she found a number of friends who informed her that they had come to help her celebrate her birthday. Those present were: Rev. and Mrs. W. M. Baker, Mr. and Mrs. Cogdell, Mesdames J. Cobb, Graham, Roscoe Davidson, T. M. Palmer, Henry Cloyd, Tommimichel, John Tommimichel, S. S. Morrison, R. W. Lovelace, H. H. Boardman, E. Patton, R. H. Womach and Blake Cogdell.

Easter Sunday.

Easter at Hereford opened bright and clear, but before the morning was far spent, the wind came up from the west and continued to increase in its vehemence until by 2 o'clock a gale was blowing, rolling up billows of dust. Despite the wind all the churches held an Easter service, the programs as given appearing else where.

Gave Up Hope

"I suffered five years, with awful pains, due to womanly troubles," writes Mrs. M. D. McPherson, from Chadbourn, N. C. "They grew worse, till I would often faint. I could not walk at all, and I had an awful hurting in my side; also a headache and a backache.

I gave up and thought I would die, but my husband urged me to try Cardui, so, I began, and the first bottle helped me. By the time the third bottle was used, I could do all my work. All the people around here said I would die, but Cardui relieved me."

TAKE THE CARDUI Woman's Tonic

For more than 50 years, Cardui has been relieving woman's sufferings, and making weak women strong and well. During this time, thousands of women have written, like Mrs. McPherson, to tell of the really surprising results they obtained by the use of this purely vegetable, tonic remedy for women.

Cardui strengthens, builds, restores, and relieves or prevents unnecessary pain and suffering from womanly troubles. If you are a woman, begin taking Cardui, today.

Notice of Trustee's Sale.

Notice is hereby given that by virtue of the authority in me vested by the terms of a Deed of Trust executed by C. R. Haworth dated September 21st, 1911, and recorded in Volume 18 on Page 72 of the Deed of Trust Records of Deaf Smith County, Texas, whereby the land described below was conveyed to William W. Ryan of Jackson County, State of Missouri, as Trustee, and to his Successors in Trust, as security for the payment of a certain Promissory note executed by said C. R. Haworth, payable to the order of Geo. G. Wright, particularly described in said Deed of Trust, which Deed of Trust provides that in case of default in the payment of any note secured thereby or any installment of interest thereon, when the same shall mature, or in the payment of any sum due on a prior loan on said lands, or in the performance of any other terms, condition or agreement therein contained, for a period of thirty days after the same shall become due and payable, then the legal holder of said notes or any one of them, shall have the right at his option immediately and at any time while such default continues, to declare the entire indebtedness secured thereby, to be at once due and payable; and

WHEREAS; default has been made in the payment of the installment of interest on said note which was due November 1st, 1912, and in the payment of certain sums due on a prior loan on said land, and in the performance of the terms of said Deed of Trust, which default continues and has continued for more than Thirty days since the same became due; and

WHEREAS, Geo. G. Wright, the present legal holder of said note, has declared the entire indebtedness remaining unpaid, to be due and payable at once, and the Trustee and Alternate Trustee named in said Deed of Trust having refused to execute said Trust, and I, having been heretofore appointed Substitute Trustee by a written instrument duly executed and acknowledged by said Geo. G. Wright, the present legal holder of said note, in accordance with said Deed of Trust, and at the request of said Geo. G. Wright, the present holder of said note, I, A. W. General News of Interest.
The seven months old twins of Mr. and Mrs. George Harmon of Quanah were burned in a fire which destroyed the Harmon home one day last week. The mother had left the babies sleeping to go to a neighbor's to borrow a dress pattern. While away the alarm was turned in and she could hardly be restrained from rushing into the flames.

United Doctors Come to Grief.

Quanah.—G. Schreiber of Kansas City was arrested last Thursday on a charge of practicing medicine without license, and arraigned before Judge Banister. The fellow produced an old, obsolete license, issued several years ago by the old eclectic board, and being informed that he had no more business giving medicine to people than the next man, he professed surprise, and plead guilty. His fine and cost amounted to \$72, which was a light sentence, indeed.

Schreiber belongs to the celebrated firm of United Doctors. They have been doing considerable advertising hereabouts, and claim to be able to cure any and everything. The way County Attorney Crowder tricked this rascal gives a very fair idea of the methods these quacks pursue. Hearing that three of these United Doctors had arrived, Mr. Crowder sent Will Ricks, the deputy sheriff of Goodlett, to the hotel as a patient wanting treatment. Now Will is a blacksmith by profession, and as hale and hearty a specimen of young manhood as one can find. He complained to the learned doctor about rheumatic pains in the back. Dr. Schreiber examined him minutely, and pronounced it a severe case of lumbago, which would develop into something awful, should Ricks fail to take the doctor's treatment. The great man promised to send him a course of medicine from Indianapolis which would knock the disease higher than Gilroy's kite, all for the ridiculously low sum of \$24. The officer excused himself upon the plea that he was going to get the money, and returning presented the surprised Schreiber with a warrant for his arrest. The other two quacks got away before a warrant could be served upon them. It is said there are over two hundred of these "specialists" working Texas at present, and we hope the example set by Quanah will be followed all over the state, and the rascals driven out before they have been able to harm too many people.—Tribune.

Good Snow Falls.

A two inch snow fell in this section Tuesday night. In some parts of the county the fall amounted to three inches. The snow will be of some benefit to wheat.

Spraying and Pruning Orchards.

H. P. Holt of Junction City, Colo., was here two days last week and gave our local orchardists some valuable lessons on pruning trees and at the same time advised about saving our fruit from the worms. He says there is no reason why the Plains should not enjoy a good apple, peach and plum crop every year. He examined our trees and pronounced them good, but all needed pruning badly. Accordingly, he pruned a few trees while here just to show how it was done, visiting the orchards of Ray, Barnett, Dameron, Elliott, Jowell and others. He found some borers in two of the orchards, and advised all to spray at once with the lime-sulphur solution with a small quantity of arsenic added. For peaches and plums this should be done before the blooms appear. Spraying must also be done after the blooms fall, but with a milder and different solution. Apples should be sprayed while in full bloom, and after with any good solution. Last year most of the apples were ruined by the apple worm or codling moth, and two of three treatments are required at the proper time to kill them. Mr. Holt also said that we were wasting our time to grow trees to the fruit bearing period and then get a crop only every few years. Smudging or orchard heating was the only thing to do. Several have provided their orchards with heaters and will smudge

this spring, and the results will be watched with interest.

Too Many Large Farms in Deaf Smith County.

"There are too many large farms in Texas and the average Texas farmer is trying to do too much," said Judge S. A. Lindsey of Tyler, who, as chairman of the Texas Farm Life Commission, is directing the work of that body.

The Commission will begin an investigation into the causes that maintain this undesirable condition at an early date and Deaf Smith county will come within the scope of the inquiry as the Federal Census Reports show 179 farms in this county that contain more than 500 acres. The average size of a farm in Deaf Smith county is 757.5 acres, which is 488.4 acres over the State's average. We have a total of 361 farms in this county, while the total number for the State is 417,770.

The average size of a Texas farm is 269 acres while those of Ohio and Indiana contain 71 and 78 acres, respectively, according to Federal Census figures recently compiled. There are 23,956 farms and ranches in this state that contain more than 500 acres and Texas ranks first with other states in the Union in this respect. A large number of these tracts are said to be held for speculative purposes and only a small portion are being used. The classification by size is shown in the following table for Deaf Smith county:

Size	Number
Under 3 acres	3
3 to 9 acres	3
10 to 19 acres	6
20 to 49 acres	11
50 to 69 acres	13
100 to 174	47
175 to 259 acres	17
260 to 499 acres	82
500 to 999 acres	108
1000 acres and over	71
Total	361

TAKE NATURALLY TO WATER

All Animals Except Man Able to Swim Without Any Laborious Teaching.

Nearly all animals are better swimmers than men and take to the water naturally, while he has to learn to propel himself. The rhinoceros and hippopotamus are wonderful swimmers and divers, while the Indian elephant crosses great rivers with heavy loads. The elk and the reindeer are first class swimmers. The elk keeps his head above water and crosses directly from bank to bank to avoid turning. The reindeer, on the other hand, turns as often as he likes, keeping his head only a little above the surface. But of all swimmers of all climes the best, though not the swiftest, is the polar bear, who passes half his time in the water swimming and diving. His swimming power is nothing short of miraculous if it be remembered that the water in the regions he frequents is invariably cold and that cold is normally prohibitive to good swimming. There are bears that can swim from forty to fifty kilometres without great effort.

One of the swiftest swimming animals is the squirrel. A sportsman on one occasion having at hand a squirrel born in captivity, which had never seen water, wanted to see if it could swim, and took it with him in a row-boat to the center of a lake. The squirrel turned toward the bank, head and paws above the water, back and tail underneath it, and began to swim so rapidly that it was with the greatest difficulty that the man recovered it when it neared the shallow water near the land. It is said that even many nonaquatic birds will swim like ducks if an attempt be made to drown them.—Harper's Weekly.

Woman Loses Purse But Finds It.

Last Tuesday Mrs. B. C. Roberson of Summerfield was in the city doing some shopping and while on the sidewalk dropped her purse containing \$11.75 in money. She soon missed it, but could not find any trace. In a few minutes Jim Chamlee found the purse and carried it into John-

son's store, making inquiry for the owner, and in a short time Mrs. Roberson was relieved of her anxiety. An honest man is God's greatest creation.
