Sights and Faces Seen

A collection of Pioneer Day pictures is being made, and the entire group will be mounted and placed on exhibit at The Brand office Friday morning. These pictures cover practically every event of the Day—and the public is invited to visit The Brand and to see them on display. Any person having pictures is also invited to bring them to the office for exhibit.

R. J. Richardson has equipped a special display truck for oils and greases, which was one of his own ideas. The truck is attracting nationwide attention.

Noah Ewton has the hard-luck-story of the week. He had a bunch of steers out at Sulphur Park and last week went out to find that three of them had bogged down in Tierra Blanca Creek and drowned. Monday morning he went out again to find that three more of them had been struck by lightning and killed. He has lost 15 of the bunch already.

C. H. Dillehay extended Travis Dameron a vote of thanks at the Lions Club Wednesday in recognition of the high type of jokes Mr. Dameron used at the Alumni banquet, Tuesday night.

News of three former residents comes this week in connection with graduation. All three of the children of the late Mr. and Mrs. W. Tom Wood will graduate this week. Freda Wood graduates May 23. (Continued on Page 12)

Parmer Grocery Sold To McLain

W. M. McLain, of Hart this week announced the purchase of the Parmer Grocery from B. B. Parmer; the transaction was made May 11, and Mr. and Mrs. McLain now have active management of the store.

Mr. McLain has purchased equipment for establishing a meat market in connection with the store and will operate a cash and carry grocery and market, featuring meats, fresh fruits and vegetables, along with groceries. Mr. and Mrs. McLain are anxious to get acquainted in this section and invite the public to visit them in the location of Main Street.

Hereford K-C Chapter Cited As Outstanding

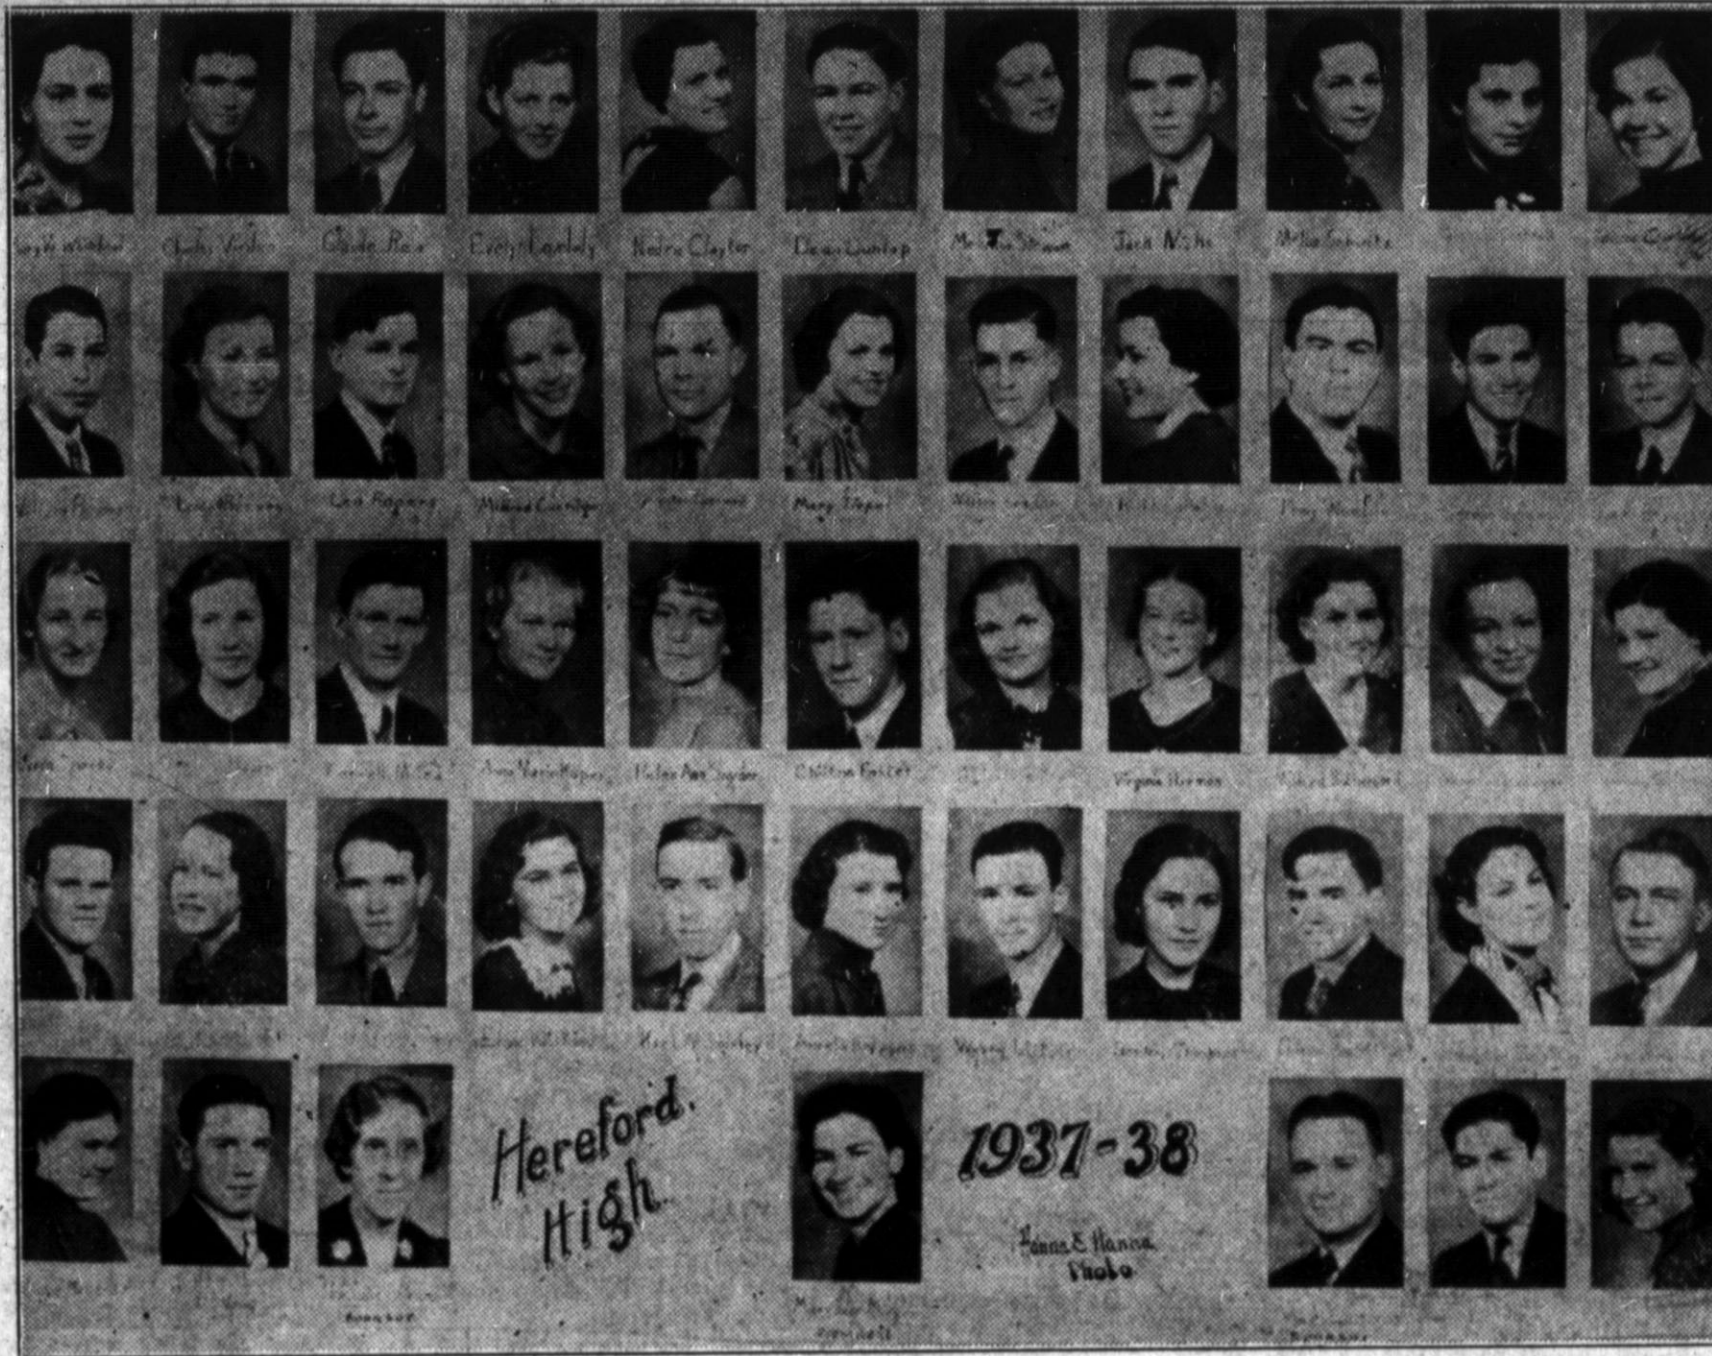

John Albracht and Oscar Hellman, delegates of Hereford Council No. 2778, attended the annual state convention of Knights of Columbus, at Laredo, Texas, May 12-13.

The Hereford Council received high honors at the convention, and although it was instituted only a little more than a year ago, it was recognized as the largest council in district 13, having more than doubled its membership since the last state convention.

District 13 was also cited for first place honors as being the only district in Texas in which all of the councils have raised their quota.

Mrs. Albracht and Jake Boeskin accompanied the delegates on the trip, and the group returned Saturday.

HEREFORD IS ON ELIGIBLE LIST FOR \$75,000 FEDERAL BUILDING

Associated Press reports from Washington, D. C., Monday, indicated that Hereford is at least in line for a new \$75,000 post office building. Ninety-four Texas post office buildings were listed as projects eligible for construction under the proposed \$60,000,000 appropriation for new Federal buildings.

The committee explained the Postmaster General and Secretary of the Treasury would select from the list the projects to be actually constructed. The dispatch said, "and the new building program is not confined to

the 1,694 projects on the list. The estimated total cost of the listed projects is \$171,436,000.

The two department heads, the Appropriations Committee said, will have authority to add new projects to the list and to determine an equitable distribution of projects throughout the country.

In addition to Hereford, other offices as eligible projects in this section were: Canadian, \$75,000; Clarendon, \$85,000; Floyd, \$75,000, and Littlefield, \$70,000.

Club Work Gets Off To Flying Start This Week

The County Home Demonstration Council will meet at 2:30 o'clock Saturday afternoon, May 21, in the county court room for the purpose of electing officers and to plan a yearbook for the remainder of 1938. It was today announced by Miss Sadie Lee Oliver, home demonstration agent of this county.

"Suggestions will be submitted by each of the clubs through their representatives, presidents, and council delegates," she said.

At the call meeting last Saturday, Messenger, Dawn, Wyche, and North Hereford were represented by Mrs. R. J. Coleman, Mrs. J. T. Gunn, Mrs. R. A. Frye, Mrs. J. Fields Matthews, Mrs. N. G. Elliston, and Mrs. Charles Rutherford.

Dillehay Will Go To Vernon

RESIGNATION FOLLOWS LONG SERVICE IN LOCAL SCHOOLS

The resignation of C. H. Dillehay, superintendent of Hereford schools since 1923, was Wednesday morning accepted by trustees of the Hereford Independent School district. Mr. Dillehay tendered his resignation, effective July 1, 1938, in order that he may accept the position of superintendent of the Public School system at Vernon, Texas.

"It is with reluctance that we accept Mr. Dillehay's resignation," members of the school board stated, "but in view of the splendid work he has accomplished in Hereford, we feel that to stand in the way of his professional advancement would be a poor method of showing our gratitude."

Board members were definite in their statements, that Mr. Dillehay was being released from his contract, "only because we feel that it offers him more advantages in his chosen profession," and a vote of appreciation was extended him for accomplishments

NORTHWEST PORTION OF COUNTY RECEIVES SCANT MOISTURE

With 3.19 inches of rain already recorded in the Department of Agriculture rain gauge at The Brand office for May, 1938, indications today pointed to the possibility of a parallel to the 7.01 inches recorded here in May, 1937.

Crops Are Boosted
While wheat prospects were generally boosted by the present rainfall, the rains were reported scattered over the county. Heaviest and most general precipitation was recorded south and east of Hereford, but the country northwest of here was reported still badly in need of moisture.

The rains extended from nine to 12 miles north of Hereford, and were lighter on the north edges of the strip; only light showers were reported from the northwest. Moisture was reported west into Friona, but only to a point nine miles north of Friona.

On the south, rain fell as far as Plainview and Lubbock, while Dimmitt reported heavy precipitation. East of Hereford rains were general into Amarillo and extended on further from that point, Willard also reported a nice rain to the northeast of here.

Last Rites Said For I. H. Spratt Here Wednesday

Funeral services for Ira Hall Spratt, 65, were held at 5 o'clock Wednesday afternoon, May 18, from the First Methodist Church, conducted by Rev. M. M. Beavers, pastor.

Mr. Spratt died at 7 o'clock Tuesday morning, May 17, in an Amarillo hospital following an illness of two months. He was born April 4, 1873, in Indiana, and at the time of his death was 65 years, one month, and 13 days of age.

Miss Anna L. Littrell and Mr. Spratt were married in Sturgeon, Mo., and in 1909, left Centralia, Mo., and came to Hereford, and since that time have resided here.

During the 29 years that the Spratts have lived in this community, they have acquired hundreds of friends, numbered among whom are many who have known Mr. Spratt during his entire residence here. He was engaged as a dry goods and grocery clerk during his first few years in this community

—and for approximately 25 years he has been in the cream business here; he operated a cream station until recently, when his health would no longer permit him to work actively. (Continued on Page 12)

Canyon College Bus Is Planned

Plans were this week under way toward organization of a Deaf Smith County Club at West Texas State College in Canyon. The club is being organized with the idea of getting a college bus to run from Hereford to Canyon each day next year to serve students who wish to remain in Hereford and attend classes at WTSO.

The idea was advanced last week by Prof. L. H. Sheffy of the history department, who estimates that the daily trip will not cost more than 30 cents per student if as many as 12 students take advantage of the service.

SCHOOL SYSTEM SHOWS STEADY IMPROVEMENT PAST 15 YEARS

with regret and reluctance that I offer my resignation as Superintendent of Schools of the Hereford Independent School District, effective July 1, 1938. This is done in order that I may accept a similar position with the Vernon Schools.

"I must take this opportunity to thank you for your support and co-operation during the time that I have served as your superintendent. No man could ask for a fairer or more loyal board than I have had since the beginning of my work here 15 years ago. Words cannot express my appreciation. Such success as we have enjoyed has been due in very large measure to the men who have served on the school board and to the fine faculty with which they have carried on the instructional activities.

Mr. Dillehay was also high in his praise of the co-operation accorded him by the people of the entire community during his 15 (Continued on Page 12)

Whether you're talking across the street or to San Francisco, it doesn't "just happen" that you hear clearly and easily over the telephone. One reason you can do it: Western Electric telephones, precision-manufactured for the entire Bell System, are the same all over the country. You might say they're "tuned" to each other, somewhat like radios to a broadcasting station.

If telephones and equipment weren't uniform, voices might not be clear. It would be vastly more difficult for us to give you the good service at low cost that you have come to expect.

HERFORD GARDEN CLUB PLANS INTERESTING PROGRAM

An interesting program has been planned by the Herford Garden Club for the meeting to be held Friday, May 27, at the home of Mrs. J. P. Slaton, at 4 o'clock. Roll call will deal with helpful garden experiences. This will cover practical helps for the amateur gardener.

"Planning The Home Grounds," will be discussed from both beauty and systematic standpoints.

Mrs. Slaton will preside over the whole program and will give a timely discussion on "Garden Enclosures and What to Do About Them."

Featured on the afternoon's program will be a tour of the Slaton and Hanna gardens.

LOVELY DINNER LIVES MUSIC STUDY CLUB SEASON

Among the many lovely social affairs being given this week to mark the close of the season for study clubs, was the attractively appointed dinner for members of the Music Study Club, given at the home of Mrs. O. T. Williams, Monday evening.

The Williams home was decorated throughout with baskets of iris and fern. Old fashioned pink in a profusion of blossoms centered the lace-covered dining table. Quartet tables had dainty crystal chandeliers filled with American Beauty roses and spirea, for centerpieces. Place cards were pink-tipped little girls with blue bonnets. Of special attraction, were the favors which were miniature Mexican figures made of candy. The gay little men with their wide sombreros and the demure little ladies with plaited skirts and bright blouses added a clever touch to the table decorations.

After the dinner, Mrs. B. M. Wiltshire gave a report from the State Music Federation convention which she attended recently in Beaumont.

Final reports for the year were made by the officers. As an expression of appreciation Mrs. O. E. Dillehay, president, was presented with a handkerchief shower.

Members present, included Mesdames G. A. F. Parker, B. M. Wiltshire, A. O. Thompson, A. C. Thompson, C. B. Smith, Glenn Snyder, A. J. Schroeter, S. P. Rosson, Wiley Roberson, O. J. Mountz, J. C. McCracken, J. B. Jones, H. H. Hawkins, C. C. Acker, J. E. Beyer, H. L. Broadwell, Troys Carmichael, P. Conaway, W. E. Dameron, H. H. Dillehay, C. H. Dyar, C. C. Ferguson, H. K. Fox, Jeff Gilbreath and the hostess.

GRACE F. GUTHRIE HAS POEM IN NIAGARA FALLS PUBLICATION

Mrs. Grace F. Guthrie who has won a great deal of recognition for her literary achievements both in and out of the state, has a recent poem in the Niagara Falls Gazette. The Poetry Promenade, which included Mrs. Guthrie's poem, is a weekly newspaper digest of America's outstanding current poetry, with thumbnail sketches of other contemporary poets, and is one of the outstanding columns in the United States.

Concerning her poem, "O Kathleen," Mrs. Guthrie says "I belong to the Panhandle of Texas, so its winds, its dusts and its dreams, its pain of struggle, its beauty of wide silent space, its skies of transparent clearness, its roses that blossom as the rose. I have worked with the Poetry Society of Texas, almost from its beginning. An innate possession of the land of my father's birth, and I have never seen, bubbles at periodically and 'O Kathleen' is one of its effervescences."

Mrs. Guthrie and son, Keith, have been spending the winter at Redondo Beach, Calif., where he is an instructor in the public school.

SENIORS ENJOY TRIP TO CARLSBAD CAVERNS

Forty-two Herford High School seniors, accompanied by W. M. Emmons, Mrs. A. A. Foster, Mrs. W. H. Russell and Mrs. Wirt Phillips left Herford Friday at noon for a trip through the Carlsbad Caverns.

They spent the first night at White City and were joined Saturday by R. B. Muller, Paul Foster, Andrew Schumacher and George Springer, who made the trip through the Caverns with them.

On the way attractions included a carnival at Carlsbad and a municipal swimming pool at Roswell.

Saturday was school day at the Caverns for New Mexico, and between 1700 and 1800 students made the trip that day. Approximately 600 were Texas students.

Those who went, included: Viola Phillips, Mildred Rutherford, Virginia Harman, Genece Standifer, Helen Ann Snyder, Melvina Stewart, Dorothy Thompson, Mary Tiesel, Elsie Wilkins, Mary Virginia Whitehead, Virginia Erle Reed, Aurelia Hoffman, Leota Reeves, Nancy Millard, Mary Jane Morgan, Margaret Jones, Anna Marie Kuper, Nedra Clayton, Frances Beamer, Bernadette Albright,

William Bowman, Bud Brady, Charles Spradley, Nora Jean Russell, Kari Shirley, Chilton Foster, Dean Dunlap, Jack Knox, Jack Boydston, Ferrall Miles, Charles

Vinden, Jasper Vaughn, Leo Beyers, Leo Hellman, Sylvester Loewald, Wayne Little, Troy Wombles, Glenn Ricketts, Walter London, Claude Rea and Glenns Cockrell.

W. M. S. GIBBS TO MEET FRIDAY Circle No. 3 of the Methodist Church, will hold the regular monthly social and educational

meeting Friday afternoon at 3, at the home of Mrs. W. J. Smith. All young matrons who are not members of other organizations are invited to join the group. Mrs.

Gawthon Bryant is program chairman and a program will be given. Joseph Kennedy, U. S. Ambassador to England, says he's just a

babe in a strange country. But God there are a lot more babes in the European woods.

Report Millions Of Grasshoppers In This County

MIXING STATION OPENED AT BULL BARN THURSDAY MORNING

To combat the spread of grasshoppers in this section, a poison-mixing station was established last Thursday morning at the Bull Barn, and will be operated there under the direction of County Agent Alex R. Bateman. The station will be opened at 9 o'clock each morning and will remain open through 7 o'clock each night.

Operating on the same basis as last year, the poison will all be mixed in the bull barn. The government will furnish half of the bran and all of the poison to be used in the mixture. Farmers will furnish half of the bran (which may be substituted with cotton seed hulls or fine ground bundles) and blackstrap molasses, which may be purchased from the county at 14 cents per gallon. Mr. Bateman said that it will take 10 pounds of bran to the acre, and that for each acre on which the farmer expects to place poison, he should bring five pounds of bran. Molasses will cost a little less than one-half cent per acre. He also said that farmers should bring extra sacks for the additional bran which the government furnishes.

"Grasshoppers are hatching out here by the millions," Bateman declared, "and will do much damage in this county if steps are not taken immediately. By acting now, farmers can curb their spread."

"I urge every farmer to make a close inspection for hatching places, especially in the north part of the county," he continued. "You cannot find the hoppers while riding a horse or in a car, because they are so small—but they can be seen if a careful inspection is made while walking."

He said the mixing station is now in operation and urged all farmers to take advantage of the service offered.

Scenes In Pioneer Celebration As Hereford Observed Fortieth Anniversary

The above pictures advertised Hereford's Pioneer Day Celebration May 11, in the Fort Worth Star-Telegram, and give a glimpse of activity here throughout the day. Old timers of Oldham, Farmer, Castro and DeLa Smith Counties were honor guests of the occasion and early settlers came from far and near to take part in the activities. At the top left is Judge L. Gough, who came to this section in 1882 with a herd of cattle from Grayson County; top center, is a covered wagon which took part in the parade. On the right is J. W. (Uncle Walk) Brady, 71, who worked on the T-Anchor Ranch in 1887, and now lives in Hereford. Lower left (left to right), are N. W. Ewton and Bob Higgins of Hereford and Mrs. J. R. Bassett of Amarillo. Center is Fern Trantham, "Miss Dalhart," who was selected Pioneer Day Queen in a contest Wednesday night, and on the right is Jacqueline Louise Newell, age 7, as she appeared in the parade.

Dalhart Lauds Celebration Here May 11

A letter from Roy Taffinder, secretary of the Dalhart Chamber of Commerce, this week commended Hereford's Pioneer Day celebration, May 11.

Mr. Taffinder wrote: "I wish to try to thank you and your citizens for the kind treatment given us and the co-operation in our visit to your city during your celebration."

"I also wish to congratulate Hereford upon the splendid way in which you handled the celebration. It is a pleasure to attend a celebration when arrangements are as they were there."

"I also wish to thank the theatre and the Hereford Brand; the whole bunch were exceptionally nice to our delegation, so if it's convenient just tell the entire city how we feel—and remember our dates, August 8-9, and return the visit."

Program And Picnic Close Walcott School

By Leola Wolfington

Two plays Friday night, May 13, were outstanding features in the closing program at Walcott School.

"Wedding in Oontown" was the play presented by the primary grade, and the intermediate room gave a play entitled "You Don't Know Aunt Abby." Both plays found popular acceptance.

The program included solo and guitar numbers by Mrs. Joe Dorfleur, also songs by Rosella Starke and Lida Starke, all of which met with approval of the crowd.

Following the program a weiner roast and moonlight picnic was enjoyed on the creek near the home of Mr. and Mrs. Bill McIver by Mr. and Mrs. H. Culppeper, E. A. M. White, Cord Hammock, Benton Luttrell, W. Hammock, Roy Harris, Fred Wolfington, Lynn Wolfington, Bill Nafziger, Morris Alexander, Oral Alexander, Miss Margaret Benson and Miss Stella Fortenberry.

William Sarrott of Bockley, Eng., directed in his will that his debts be paid and the remainder of his \$17,000 estate be divided among his four dogs.

Greenhedge Cafe Opened Here By C. R. Morgan

Hereford's newest restaurant, the Greenhedge Inn, was recently opened adjacent to Morgan's Service Station on Highway 60 by C. R. Morgan, and will be operated as a Drive-In-Cafe.

Morgan will be remembered as mess steward at the Veteran's CCC Camp, which was located in State Park here a few years ago, and it was under his supervision that numerous banquets were served in the CCC Camps to local clubs and citizens.

The cafe is operated by Mr. and Mrs. Morgan, who take pride in keeping it clean to a degree of perfection. In addition to short orders and plate lunches they are specializing in "Real Pig Sandwiches" and offer curb service. The interior of the cafe is built for convenience and comfort, according to specifications submitted by Mr. Morgan, and is modern throughout, featuring tables and comfortable stools.

Catholic Mission Holds Interest

The Catholic Motor Missions, under the direction of the Vincentian Fathers, Monday opened a five-day series of lectures on the Catholic Church. The lectures include a

musical program every night at 7:30, and the gatherings are being held on the court house square. A question box is also being maintained in front of the First National Bank. In case of inclement weather, lectures are given in the county court room.

The following lectures have been announced for tonight: Mary the Mother of God, and The Catholic Church and Divorce. Friday night, May 20, The Catholic Citizen and

His Conscience, and Our Democracy—Will it Last?

The mission will close Friday night, according to present plans.

LEGION TACKY PARTY SCORES HUGE SUCCESS

The regular monthly social night at the Legion Hall Tuesday night, took the form of a Tacky Party.

The program was arranged by Mrs. John Benfro, W. J. (Bill) Smith, and Chaplain, H. M. Redford. Legionaires and their wives were given the privilege of inviting one other couple as guests. After a delightful covered-dish dinner had been served, those present enjoyed an evening of games and stunts.

The outstanding feature of the

evening's entertainment was perhaps the suit case dressing relay, the victims of which were Mrs. Reed Williams and Ralph Smith. The participants were required to robe themselves with the tacky clothes found in the suit cases. Mr. Smith had considerable difficulty in getting the lady's shoes to fit his big feet, and Mrs. Williams

won the contest by a small margin. Something like sixty members of the Legion and their friends were present. Everyone felt that the party was one of the most successful of the season. Bill Smith and Mrs. J. W. Robinson were awarded prizes for appearing in tacky attire.

BY MRS. JESS CALDWELL

Mr. Leslie Neal of Amarillo, was in Dawn looking after business interests last Wednesday evening. Mr. and Mrs. Martin Campbell are the proud parents of a seven-pound baby boy, born at the Hereford hospital, Thursday morning. Both mother and baby are getting along nicely. Mr. and Mrs. Campbell formerly lived here, but are now residing in the Daniel community. Mr. and Mrs. C. P. Caldwell, Miss Eunice, were Sunday visitors in the Jess Caldwell home. Miss Florence McMurtry of Canyon, was a dinner guest in the C. A. Wimberley home, Sunday. Miss McMurtry is a member of the W. T. faculty and a former instructor of both Mr. and Mrs. Wimberley. Members of the Dawn seventh grade graduating class will take part in the Rural School Exercises at the Hereford High School auditorium Tuesday night. Names of the graduates will be announced later. Homer Barnes made a trip to Floydada, Wednesday. Mr. and Mrs. Calloway Gemmill went to Lubbock, Friday. Mr. Gemmill returned to his work, Sunday, but Mrs. Gemmill is staying for an extended visit with her relatives in Lubbock. Only two weeks of school remain. Both teachers and pupils are look-

ing forward to vacation time, after a long term's work.

Arnold Hershey attended the Singing Convention at the River Road School, Sunday afternoon.

Mr. Twitchell of Austin, who was here on business, called in the Norman Miller home, one day last week.

Mr. Leake returned home from Bovina where he has been visiting for the past week. During his absence, he celebrated his 67th birthday. Mr. Leake says he does not feel that old.

Hereford Teachers Face Busy Summer As School Term Ends

College Class Work And Jobs Are Foreseen

SOME PLANS INDEFINITE FOR TEACHERS AS TERM CLOSES

By Viola Phillips

In general, the plans of high school teachers for the summer are rather indefinite.

Miss Neville Wrenn may attend school at the State University in Austin this summer. If she does not go to school, she will take twelve semester hours of correspondence work in German and mathematics while she is at her home in Memphis.

Mr. Ralph Smith will remain in Hereford during the summer, conducting band classes for both high school and grade school students.

Miss Ethel Rice has nothing definite planned. She will probably remain at home during the summer.

Mr. R. A. Muller will spend the first two months of summer vacation in Hereford working with Lee Morgan in the Soil Conservation office. He plans to take a vacation trip sometime in August, returning for the fall school term.

Miss Oressa Hastings states that she will visit friends in Childress and Oklahoma City for a few weeks immediately after school closes. Following that, she will most likely be at home in Canyon.

Coach Tommy McCollum has no definite plans. He may attend school, but if he does, he will be in Hereford most of the summer.

Miss Thelma McMinn will spend her vacation visiting friends in Abilene and other points and in other purely recreational activities.

Mr. G. M. Hudson will conduct summer school if the demand is sufficient to warrant summer classes. He states that his plans are indefinite and subject to frequent and immediate change. He will either be in Hereford or on some vacation trip.

Miss Irene Crawford plans to spend a large part of the summer resting in her home in the Ozark Mountains. She may go to school the second summer semester at the State University of Arkansas in Fayetteville.

Mr. John Willoughby will attend school either at WTSC in Canyon, or Texas University this summer. He will complete part of the twenty-four hours needed to gain his Master's Degree in Economics and History.

Miss Frances Fullingim will spend the summer vacationing and at home in Hereford.

Mr. W. M. Emmons plans to be in Hereford, where he will start organizing projects for use in his Agriculture Classes next year.

Miss Rhita Jean Sullivan will be in Hereford until June 28 checking on summer projects of her Home Economics classes. After that date, she will go on an extended tour to Mexico City and other southern points. Part of her vacation will be spent at her home in Clyde, Texas.

Mr. C. H. Dillehay does not know definitely where he will be this summer. His plans will be publicly announced at a later date.

Miss Sadye Rigler is planning a vacation trip to Louisiana and other southern states. Part of her summer will also be spent in Hereford.

In quality that I don't know whether I selected the right ones or not. The entire edition was a humdinger.

Mr. Wells made his selection upon the historical background, literary style, and general excellence of the articles.

For the convenience of readers, the stories are briefly summarized in the following paragraphs.

Mrs. Allan Bell's prize-winning story covered the life of her mother-in-law, Mrs. B. T. Bell, who came to the Plains on April 1, 1894. This article brought out the

Shower And Tea At Club Wednesday Afternoon Compliments Recent Bride

One of the outstanding social affairs of the season was given at the club house, Wednesday afternoon in the form of a miscellaneous shower and tea, complimenting Mrs. George V. Stambaugh, the former Miss Mabel Gass.

Bouquets and baskets of flowers of every description furnished attractive decorations. Tall tapers blending with the color tones of the flowers, gave candle lighting for the display of the many lovely gifts.

The refreshment table was appointed with crystal, silver and white tapers in silver candelabra. The punch bowl formed the centerpiece, encircled by a wreath of tiny red roses. Mrs. N. E. Gass presided, assisted by Mrs. O. C. Holt, Mrs. Woodrow Ireland, Mrs. J. T. Glibreath Jr., and Miss Ruth

Elliston. Mrs. Ray Barber greeted the guests and Miss Ona Hammer presided at the guest book. Others included in the house party were Mesdames Jim Black, Travis Dameron, W. E. Dameron, Ernest Medkief and Wallace Cox.

In the receiving line were the bride and her three sisters, Mrs. G. C. Hutchinson of Tulsa, Mrs. N. E. McIntyre of Canyon and Mrs. Earl Bennett of Amarillo, her niece, Dr. Evelyn Powers of Amarillo, and Mrs. Frank Jesse, Mrs. Ida Lee Price and Mrs. Jim Florey of Amarillo.

Invitations included approximately two hundred and fifty guests. Hostesses for the occasion were Mesdames W. E. Dameron, Ernest Medkief, Jim Black, Wallace Cox, Ray Barber and Travis Dameron.

"Prince Hereford," Official High School Emblem, Placed In Corridor

"Prince Hereford," official emblem of Hereford High School was this week mounted over the trophy case in the hallway on the ground floor. The head of the Whiteface bull faces the doors at the south entrance of the building.

The original head was donated to the school by a packing company, and taxidermic work was made possible through a \$20 donation by the 1937 class, plus a \$5 donation each from the freshman, sophomore and junior classes of 1938.

The High School Pep Club had charge of the dedication ceremony at the 10:40 o'clock assembly period last Thursday morning, with Miss Viola Phillips as chairman, G. M. Hudson, principal, introduced Calvin Brumley, freshman, and Geo. McLean, sophomore, who unveiled the head. Miss Nola Margaret Blue, Class of '37, made the

presentation speech, and Miss Genece Standifer president of the Student-Faculty Association, accepted the head in behalf of the school. A poem entitled "Prince Hereford," was read by Edith Jackson, a junior, and was written by Nellie Jo Shreve, '37.

The name, "Prince Hereford," was selected by the student council from a group of five names secured in a school-wide contest. The five names from which the selection was made, were: Maroon, Old Faithful, Oscar, Napoleon, Jr., and Prince Hereford. The winning name was first suggested by Glenn Ricketts, who was awarded a \$1 prize.

The head was donated by the Pinkney Packing Co., taxidermic work was done by L. E. Simms of Canyon, and the plaque was made and attached to the head by Albert Ferris of Hereford.

more personal and "human interest" side of life in the early-day Panhandle, relating of the first Christmas tree, a series of cow chip yards, and organization of the first Ladies Aid Society at Dimmitt—dues to which were paid with eggs. The story also had a serious side, portraying the trials of illness without doctors, early prairie fires and how clothing was made into cover during the winter—and again into clothing for the summer months.

Mrs. Carl Wimberley won second place with an interesting story of the life of J. C. Allred and a condensed history of the Wildorado community. The story also blended humor and pathos into a masterpiece description of life in pioneer days. It began when Mr. Allred a youth of only eight years of age came to this county in a covered wagon, told of how cowboys courted on Sundays: half-fire and brimstone sermons, and "Dog Town University," as the Wildorado School was first known because of the prairie dogs surrounding it.

Mrs. H. R. Shields, third place winner, wrote concerning experiences of Allen Stagg, former Oldham sheriff, and early cowboy. In addition to Mr. Stagg's spectacular life on the range, she also wove in a story of the organization of Oldham County, and life as it was known on the open range.

Mrs. Ullman Hunter's honorable mention story concerned the life of Mrs. L. R. Bradley, who knew the hardships of living in a tent,

the joys of becoming a bride in this country back in 1896, and who lived to realize the pioneer dreams of fine cattle, good schools and churches, and of seeing her children become staunch citizens of the community which she helped build.

Mrs. Asa Atchley wrote of the Roberson family—which means a brief history of the Summerfield community—including many interesting incidents of snow storms, prairie fires and droughts.

Mrs. J. N. Messenger's article on B. P. (Press) Abbott, and among other things told how Bovina got its name because cattle persisted in resting on the tracks and causing the trains to halt. The article also deals with the growth of the Plains, and the part which Mr. Abbott contributed as cowboy, peace officer, and as circulator of the petition for organizing Parmer County.

Hundreds Greet Air Mail Plane Here Thursday

Air mail service to Hereford created much attention here at 1:15 o'clock Thursday afternoon, when a special plane landed at the field south of here and gathered up air mail letters posted here Thursday morning.

The plane was met at the landing field here by the Hereford High School Band, along with a delegation of citizens of this city. All air mail letters which left the Hereford office today carried an imprint of the special cachet, for envelopes, which was sponsored by the Hereford Lions Club.

The special service is part of National Air Mail Week, May 15-21, and marks the first time government air mail service has been available to Hereford.

Hundreds of letters were posted and stamped with the special cachet Thursday as residents of this section joined in observing national air mail week, and sending the special advertising imprint into all points over the nation.

Farmers Hear Of New Program In County Meetings

A series of community meetings started this week for the purpose of explaining the 1938 farm program to residents of this county.

The first meetings were held at Ford, Tuesday, at Bippus, Wednesday afternoon, Hereford, Wednesday night, and the remainder of the schedule follows: Messenger school, Thursday night, 8 o'clock; Fairview school, Friday night, 8 o'clock; and Dawn school, Monday night, 8 o'clock.

A. R. Bateman, county agent, also said in connection with the program:

"You now have an opportunity to return some of your cultivated acres to native grass, such as: land subject to blow, thin land on draws or around lakes which has not been paying dividends. The restoration program will compensate you 50c per acre per year for three years. This means that the landlord or the tenant who has a three-year lease may sign the restoration program.

"If you care to take part in the restoration program, please advise at your earliest convenience the amount of acres that you would like to retire, and state what part of your land it will comprise, also giving legal description."

Mrs. Bill Mitchell and daughter, Dana Kay, of Borger, are spending this week here with Mrs. Mitchell's parents, Mr. and Mrs. J. H. Brooks.

Glee Club Program Will Honor Seniors

COMMENCEMENT CONCERT AT HIGH SCHOOL NEXT WEDNESDAY NIGHT

The girls Glee Club will present a colorful commencement concert next Wednesday evening, May 25, at 8:15 p. m. in the High School auditorium. This is an annual event for the club, but is given in honor of the Senior Class of 1938.

The numbers presented are those which are favorite and popular with the group. Various arrangements of the following numbers constitute the program: Out of the Dusk to You, The Bells of St. Mary's, Indian Love Call, The World is Waiting for the Sunrise, Old-Fashioned Garden, Baccarolle from Tales of Hoffman, Call Me Back, Pal O' Mine, In The Garden of Tomorrow, Little Grey Home in the West, Grandfather's Clock, Glow Worm, Marchetta, I'll Take You Home Again Kathleen, Boots and Saddle, and Perfect Day.

Some of the above are used as obligato solos with the octet numbers, sextet and small choruses, besides the entire glee club carrying much of the work.

Those in the quartet are Dorothy Neile Trimble, Dorothy Thompson, Mary Tiefert, and Elizabeth Rice. In the octet are the above named together with Edith Jackson, Faye Crosthwait, Helen Frances Siren and Laveta Traylor. The sextet consists of Nancy Mihar, Viola Phillips, Virginia Ede Reed, Faye Crosthwait, Helen Frances Siren and Barbara Brotherton.

One small chorus consists of the Senior girls in the chorus and another consists of a select group of 25 girls.

There are no admission charges, but the glee club does extend a cordial welcome to everyone to help them make this a commemorable event.

Mrs. Ruth Marie Crosthwait is guest accompanist and Miss Thelma McMinn is director.

SOCIETY

INTERESTING CHALK TALK GIVEN FOR JUNIOR PIONEER CLUB

An interesting Chalk Talk featured the Texas Day Program, given at the Junior Pioneer Study Club meeting held Tuesday night at the home of Mrs. Louis Woodford. Mrs. Ralph Roden was assistant hostess.

Mrs. Woodford's aunt, Mrs. L. S. Lillard of Friona, presented the chalk talk and told many interesting incidents in the life of Adina de Zavala of San Antonio, who is called the angel of Alamo because she was directly responsible for making the Alamo a Texas shrine. Mrs. Lillard pictured the Alamo as she talked and told of

the efforts of Adina de Zavala to keep a hotel syndicate from seizing the Alamo.

Mrs. Alton Miller presided at the business meeting, when plans for summer meetings were discussed. Yearbooks for the summer work were distributed. The summer study course will be based on "Interior Decoration," and will deal with such subjects as "Principles of design, individuality, textures and styles in rugs and draperies, home accessories and modern trends."

The study course follows the course of study outlined by the seventh district planning committee.

Refreshments were served during the informal social hour to Mesdames J. B. Whitlow, Meade Halle, R. S. Scott, Frank Huckert, Alton Miller, Elmer Patterson, Lynn Kester, Homer Brumley, Miss Lueta Borden, Miss Edna Daughette and the hostesses.

Hospital Notes

Mr. and Mrs. L. E. Guthrie announce the birth of a daughter, Monday evening. Both mother and daughter are doing nicely.

Johnnie Decker, who has been confined for some time with a broken leg, is improving nicely.

When Mrs. Kate Thies, 70, of Chicago, was knocked down by a street car, the only injury she suffered was the loss of her false teeth.

State Aid For Libraries Sought In Bill Proposed Coming Months

Austin—Although it will be several months before proposed laws begin dropping into the legislative hopper one now is in the making. It is a measure contemplating state financial aid for county and possibly municipal libraries.

Proponents say the legislation will seek not merely an experimental appropriation, but a measure of permanent state support by which library service would be an integral part of the state's public education system.

They point to 65 per cent of Texas population without library facilities of any kind.

Last year a Senate committee added \$200,000 to the general appropriation bill for state library expansion services but it was eliminated by a conference committee.

Leaders in the movement are seeking to pledge every gubernatorial and legislative candidate to support a library appropriation before the summer primaries.

Although the amount sought is undetermined the thought is general it should provide aid on a dollar-for-dollar matching basis. In other words, proponents think counties should help themselves to some extent and not depend entirely upon the state.

For that matter, present statutes authorize counties to appropriate five cents of their general fund tax for library facilities but only 20 of the 254 have done so, although \$0 have sufficient assessed valuations to use a portion of revenue for library support, state library workers claim.

The citizens group urges counties to individually or jointly take advantage of the existing law as a starting point.

State aid, if granted, would be a helpful supplement to services previously initiated by single, or groups of adjoining counties, proponents point out. They urge counties without adequate individual resources to join an inter-county movement to obtain a library to serve a large region.

Ad Committee Seeks Aid Of Local Merchants

To carry out a policy adopted by the Hereford Chamber of Commerce last year, members of the advertising committee today asked operation of all merchants and citizens, in stopping unendorsed advertising schemes.

The committee pointed out that many schemes are promoted under pretense of community betterment, where the only persons who benefit are transient salesmen and saleswomen. All business men were urged to telephone some member of the committee, unless the sales person carries a letter of recommendation.

The committee issued the following statement:

"Business men and Merchants of Hereford:

"The Chamber of Commerce is endeavoring to protect the merchants of this city from having to contribute to transient, salesmen for worthless advertising, through a committee who investigates the merits of propositions.

"All business men are asked to telephone the committee when approached."

A-M Squad Wins Over Merchants Friday Night

By Grant Fuller, Jr.

A. & M. and the Merchants played the lowest score softball game last Friday, since the season opened. A-M emerged at the top of the 6 to 4 score. The game was a "nip and tuck" affair to the finish. At the end of the sixth inning the score was 6 to 3; two runs were scored by A-M in the previous inning. In the Merchant's half of the last inning they threw a scare into the A-M players. The Merchants placed a man on first and second, but the A-M short fielder caught a fly ball and double in the man at second. The Merchants went on to score a run, however.

The "peddlers" had from one to two men left on base each inning.

average of 2.77 inches of rain in May, which places 1938 well in advance of the general average, but not up with last year, when floods swept down the Tierra Blanca to demolish bridges and place the town of Friona under water.

Crop prospects were considerably brighter where moisture was reported, but conditions were considered serious in the northwest portion of the county. In addition to improved wheat and range conditions, the outlook is also building up for another good row crop in this section as a result of abundant seasoning.

Brunks To Open Tent Show Here Monday Night

The Henry L. Brunks Comedians with their tent show, will arrive here Monday, May 23, to remain throughout the week. The company has had its equipment stored in Amarillo all winter and the show has been playing throughout Kansas and Oklahoma; the company opened its summer season at Dimmitt, and comes here from Friona. Brunk's have used more than twenty plays during their winter season in the large theatres and some of these have been selected to be presented here next week.

The opening play Monday night is "The Woman Tamer," and was written by the late Charles F. Harrison. This play is one of those used on the theatre circuit, and is strictly a comedy-drama, the principal comedy part being presented by Walter Pruitt, a new addition to Mr. Brunk's famous show.

Among other shows that will be presented here, are "Misleading Ladies," "City Wives," "My Teddy" and others.

 There were 364 in Sunday School last Sunday, May 15. There were several new members and the offering was good.

Our pastor, who has been gone the past two weeks, will be home and ready to preach Sunday, May 22. Bro. Barnes has been attending the Southern Baptist Convention meeting held in Richmond, Va., this year.

Let's try hard to have a full house Sunday, not only to welcome Bro. Barnes home, but because church is the place to be on Sunday. The Lord expects that of us and we should not fail Him. He never fails us.

Southwest Texas State Teachers College for 50 boys interested in general shopwork; another at Luling Foundation Farm for 12 boys interested in farming; a third at Texas Technological College for 50 West Texas farm boys; and two at Prairie View State Normal and Industrial College for Negro boys and girls interested in domestic service training. Two other Resident Training Projects are scheduled to start in April, one at Buchanan Dam for 100 boys who will receive training in subsistence agriculture and farm mechanical work, and the other at Center Point, in East Texas, for youths interested in farming.

"We recognize that many steps in this training program are new," Mr. Kellam said. "Here is a great field for training and education. The NYA has already helped thousands find their way, bridging the gap between the end of school and a regular job."

Annual Alumni Banquet Honors 1938 Graduating Class Tuesday

With graduation just around the corner, Hereford High School seniors continue to hold the social spotlight.

One of the highlights of the week took place Tuesday night, when they were elaborately feasted and entertained by members of the Alumni Association, who honored them with the annual banquet at the Methodist Church. A Pioneer theme was carried out in decorations. Tables were interspersed at intervals with covered wagons and log cabins. Old fashioned daisies added a rustic note. Programs told the Pioneer story pictorially with both the menu and program printed on the inside. Reminiscent of the days on the open range, favors were tiny black pots filled with assorted candies, suspended over an imaginary fire.

With Travis Dameron as master of ceremonies, old-time graduates, now staid heads of families, heard forgotten stories of by-gone days as a spirit of wholesale happiness pervaded the entire assemblage of guests. Supt. C. H. Dillehay gave the invocation. The welcome address to the class of '38 was given by Mrs. A. O. Thompson, a member of Hereford High School's first graduating class in 1906. Mrs. Thompson read a letter to the class written by the Honorable Sam Bratton of New Mexico, who was also a graduate of the 1906 class. In closing his felicitations, Mr. Bratton said "Truly civilization stands at the threshold of a new age. You will take up your respective roles in the great drama. Monuments are not erected to mere shrewdness. Shrines are dedicated to service to mankind. These are some of the features of the world into which we of the pioneer class of Hereford High School welcome you with a cheer and a prayer. Enter it with a fondness for the beauties of nature; enter it with a devotion for music, art, literature and culture; enter it with an abiding confidence in man; enter it with an unshakable faith in God."

The response given by Elaye Wilkins, was followed by a vocal solo, "Oh, Suzanna" by Mrs. B. M. Wiltshire, in which the entire company joined for the chorus.

Silver Threads Among the Gold, an accordion solo, was played by Mrs. Buford Crosthwait.

Mary Frances Holder entertained with two vocal numbers, "Carry Me Back to Old Virginia," and "Home on the Range," and again the group joined in song.

When "Auld Lang Syne" was sung in unison as the concluding number, every voice responded in tribute to the happy occasion.

Music was furnished throughout the evening by Marvin Thomas and his orchestra.

Arrangements for the banquet were made by Kellar Muse, president, and Miss Eloyse Pitman, vice-president.

New officers chosen during the business meeting, are Mrs. Frank Cogdell, president; Mrs. J. T. Gilbreath, Jr., vice-president and Billy Ross Phillips, secretary.

LONE STAR STUDY CLUB CLOSING YEAR'S WORK WITH LUNCHEON

The club colors, purple and gold, predominated in decorations at the home of Mrs. Joe Kendall Monday, when members of the Lone Star Study Club met for an informal

luncheon to close the year's work. Mesdames Lawrence Womble, Chas. Sowell, C. O. Phillips and Mrs. Kendall were official hostesses.

In the dining room the large table, from which the luncheon was served, was centered with an attractive arrangement of yellow and gold pansies against a lace background. Small tables were decorated with pansy bouquets, and place cards carried out the purple and gold effect. Favors were tiny purple and gold nut cups filled with mints and nuts.

After the luncheon Mrs. E. W. Young, president, presided over the short business session, when new yearbooks were distributed. The study course for next year, as revealed by the new yearbooks, will deal with a series of programs on "The American Home."

Plans for next year's work were discussed. Members present, were Mesdames R. G. Blue, H. A. Close, Jack Grady, Louie LeGrand, Jim Higgins, Joe Kendall, Elmo Lawton, C. O. Phillips, Earl Phillips, A. R. Posey, Chas. Sowell, Robert Thompson, Ralph White, Lawrence Womble, E. W. Young, Owen Stagner and Mrs. Kendall.

CHILD STUDY GROUP ELECTS OFFICERS

Mrs. Chas. Newell was chosen president of the Child Study Club at the meeting held Thursday afternoon at the home of Mrs. R. P. Coheway. Other officers chosen, were Mrs. N. W. Cayton, vice-president; Mrs. Cone Johnston, secretary; Mrs. Cecil Lady, treasurer, and Mrs. Eleanor Hudspeth, reporter.

Mrs. Chas. Newell had charge of the program on "Child Problems." She discussed "The Emotional Life of Children." Mrs. N. W. Cayton talked on "Curiosity in Children," and "Learning to Spend" was the subject of a topic discussed by Mrs. Eleanor Hudspeth, in which money problems with children were dealt with.

A guest, Mrs. D. C. Waiser of Summerfield, reviewed "Living With Our Children," by Gilbreath.

During the business meeting several committees were appointed, and plans for summer meetings were made. Meetings will be held on the second and fourth Thursdays of each month. The next meeting will be held at the home of Mrs. Chas. Newell, May 26.

Members present, were Mesdames Jack Wright, Ralph Smith, Baker Womble, Bob Wilson, Chas. Newell, N. W. Cayton, Cecil Lady, Cone Johnston, Eleanor Hudspeth, Sylvester Slagle, J. B. Coccaughner, John Robinson, D. C. Waiser and the hostess.

Wheat Insurance Plan Explained By State Heads

NEW POLICIES WILL BE OFFERED GROWERS OF CROPS IN 1933

COLLEGE STATION — "The wheat insurance policy under the crop insurance plan guarantees insured farmers against 15 specific risks," E. N. Holmgreen, administrative officer in charge of the state AAA office at Texas A. and M. College, said on his return from the statewide crop insurance meeting at Amarillo.

The federal crop insurance policy which will be offered to wheat growers on their 1933 crop was thoroughly explained to Extension Service and AAA employees, state committeemen, and others in the course of the May 2-3 meeting, according to Holmgreen.

The policies are of two types of coverages, one against losses in yields up to half of the average crops and the other against losses up to three-fourths of the average yield. Farmers may choose the type of coverage they want.

"The wheat insurance policy is an all-risk one and guarantees against losses in yields of wheat seeded for harvest as grain up to the stated percentage," Holmgreen pointed out. "In addition to a clause which says 'any other unavoidable risk not excluded herein', the 15 risks which are specified are drought, flood, hail, wind, frost, winterkill, lightning, fire, tornado, storm, insect infestation, animal pests, plant diseases, excessive or deficient moisture, and incursion of animals."

"You notice I said the policy guarantees against losses in yield of wheat seeded for harvest for grain," Holmgreen continued. "That means just what it says. Losses are payable in actual wheat. Under the plan, the insured farmer will have wheat to sell up to the amount specified in the policy. If his crop fails, he simply calls on the Federal Crop Insurance Corporation to deliver, and he can take his payment either in wheat or in cash at the prevailing price on the number of bushels due."

Wheat crop insurance policies for the first three years will be written for one year only, and growers will have to take out a new policy each year. After this period, however, the plan is to offer policies for terms of several years.

Premiums are payable in actual wheat, and will vary from about a half bushel per insured acre a year on the surest wheat lands to something over two bushels on the more risky lands.

The procedure of paying premiums, as explained by Holmgreen, consists of turning over the amount of wheat required to an acceptably bonded elevator and securing a storage receipt, which is left at the county agricultural agent's office.

At the option of the grower, the

premium can be paid in cash equivalent to the amount of wheat required. Payment will be made to a bonded representative of the Federal Crop Insurance Corporation who will be located in the county agricultural agent's office. The Corporation will then buy and store an equivalent amount of wheat.

"Once the receipt for insurance is in his pocket, all the farmer has to do is to play fair with the Corporation to rest assured that he is protected against the 15 specific hazards mentioned, plus the other unavoidable losses covered by the clause 'not excluded herein,'" Holmgreen said.

Among the "play fair" stipulations in the policy are items requiring the use of an amount of seed adequate to produce a normal crop, workman-like care in planting and tending the crop, seeding wheat for harvest as grain on adapted land, seeding for harvest as grain the number of acres and the land specified in the policy and the keeping of complete records of the harvesting, threshing, storing, shipment, sale or other disposition of all the wheat produced.

The Federal Crop Insurance Corporation is a chartered corporation set up within the U. S. Department of Agriculture and it will use the existing facilities of the Department as far as possible. Its field operations in Texas will be handled through the AAA setup by county agricultural agents, and county and community committeemen. The expense of such operations will be borne by the Corporation.

The cost of the insurance will be borne by the farmers who take part in the plan, but the administrative expenses and the cost of storing the wheat reserves will be paid by the Corporation.

Five meetings have been scheduled in the wheat area of Texas during the week of May 16 at which county agricultural agents and committeemen will be given all details of the procedure for taking applications for insurance and other items connected with the program. After the meetings, Extension agents and committeemen will hold county and community meetings at which the plan will be explained in detail.

JUNIOR BAYVIEW CLUB HAS LAST STUDY PROGRAM

The Junior Bayview Club held its last study program of the season at the home of Mrs. Jack Wayland Thursday evening.

During the short business session plans were made for the final meeting of the year which will be dinner and will be given tonight with Miss Rhita Jean Sullivan as hostess. Those in charge of arrangements are; Mrs. Alton Fraser, Mrs. Jack Wayland and Miss Sullivan.

The study course for next year's work was discussed. Miss Edna Daughette is chairman.

The program for the evening consisted of three minute talks made by members on various items of interest found in current issues of Fortune Magazine. Following a unique plan all club programs for the year have been taken from feature articles in Fortune Magazine. Miss Rhita Jean Sullivan discussed "Oskaloosa" a picturesque little city in Iowa called the "Little Nation". Mrs. Jimmy Gilentine talked on Shipping Ports, their ranking in terms of service and employment created. Miss Edna Daughette told how Life Savers Mints were first made. She said the original mint had a chocolate coating which reduced summer sales to a minimum. As a summer fill-in life savers were made and their popularity was almost instantaneous. Miss Ruby Dutton gave a brief sketch of Chicago University. She told of the life of Dr. R. M. Hutchins, author, as well as president of the University. Miss Katherine Kirby told of the Incas Indians of Peru. She described the ruins of the city built on a cliff and told the story of the hundred virgins, which at first was thought to be a legend but when the ruins of the city were explored the virgins graves were found. Miss Ruth Conkright described the Painting Restoration as formerly a guarded secret, later a stepchild of science and at any time a matter of expensive tastes.

Mrs. Jack Wayland discussed Fortune Magazine's Quarterly Survey. This included a series of questions and their answers obtained from interviews made in different sections of the United States. Ten statements dealing with summarized opinions on vital problems of today were given.

CLASS HAS PICNIC AND SKATING PARTY

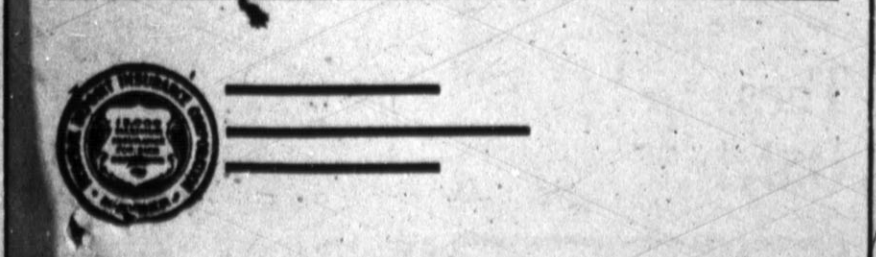

A wicker roast and picnic furnished entertainment for the Three "L" Class of the Baptist Church Friday night.

The picnic was held at Hereford State Park and after roasting wicker and enjoying the proverbial "feed" games of baseball were played. Later the group formed a skating party at the skating rink. Those enjoying the occasion were; Mrs. Greason, Thelma Cronister, Betty Funderburg, Ruth Bowers, Ellen Bowser, Audrey Cockrell, Vera Lee Rice, Alma Cox, Virginia Bowser, Ruth Easter, Thornton Shirley, Wayne and Donna Jean

F. Moore Is Returned Here

G. F. Moore, manager of Hereford's J. C. Penney Store, Tuesday returned from Lubbock, where he underwent a major operation.

Mr. Moore is now resting at his home in Hereford, and although his condition is not critical, he will be confined to bed for several days. Following the operation, his condition was critical and several blood transfusions were required.

Last Rites

(Continued from Page 1)

All who knew Mr. Spratt have something good to say of him, as a Christian and a good citizen, and his passing is mourned by hundreds. Of jovial nature, Mr. Spratt made friends among boys and girls of the community as he did among old timers and men of his own age. His knack for making friends and keeping them was one of his outstanding virtues.

He and his family were faithful members of the Methodist Church

of this city, and had been members for many years. Mr. Spratt had for years been a trustee and steward in the First Methodist Church here, and for a long period taught a Sunday School class. In the church, he was ever ready and willing to do his bit toward advancement of the organization, and attended every service when his health permitted. Mr. Spratt was also a member of the Masonic Lodge.

In addition to his widow, Mr. Spratt is survived by three sons, L. L. Spratt of Artesia, N. M.; J. H. Spratt, Big Springs, and B. Carl Spratt of Stratford.

Pall bearers were Walter Dunlap, Bill Smith, Ray Conaway, Cliff Acker, Glenn Snyder, and Hall Beavers. Members of D. W. Hawkins Sunday School class of the Methodist Church, were honorary pall bearers.

Interment was made in West Park Cemetery.

Among out-of-town visitors here for the funeral were Dr. and Mrs. C. A. Pierle, Canyon; Frank Ball and wife of Tucumcari, B. B. Littrell of Centralia, Mo., a brother of Mrs. Spratt.

from the Providence Hospital School of Nursing at Waco; John Hardy Wood will receive his diploma from Dimmitt High School, May 19, and Bob Wood will graduate from Elhart, Texas, High School, May 23. The three students lived here during the life of their parents, since which they have resided with relatives, John living in the Jumbo community with his aunt, Mrs. Clem Gilliam; Freda and Bob were reared by two other aunts.

John Olson has a letter from Norman H. Davis, National Red Cross Chairman, asking \$20 from the Hereford Red Cross chapter for assistance of destitute women and children in China. Persons wishing to make contributions to this cause were invited to leave donations with Earl C. Eubanks, treasurer, or Mr. Olson, county chairman. China sent \$50,000 to Ohio Valley flood refugees in 1936, and Mr. Olson says he believes the quota can be easily raised.

Vincent (Slats) Stelzer, started employees of the Star Theatre this week when he stepped through the ceiling in the theatre lobby. Some thought it was funny to see a pair of legs dangling down from the ceiling—but Slats says it all depends upon how you look at the situation.

Dillehay

(Continued from Page 1)

years here, and said that he expected to be associated with a finer group of people than in his community.

Mr. Dillehay goes to Vernon on a two-year contract, and since Vernon is a town of around 1000 population, he will direct such a larger school system. In addition to a high school, the system also includes a junior high school, five elementary schools for which 75 instructors are included in the Vernon school system.

Mr. Dillehay came to Hereford in 1923, and under his direction the Hereford Schools have become recognized as outstanding over the entire state. Since 1923, the schools have maintained membership in the Southern Association of Colleges and Secondary Schools. The schools have also shown exceedingly during the past few years, having had an average of 24 graduates for the past two years. A survey also indicates that students from Hereford are making good records in colleges and universities which enter; over the state a year average of all freshmen entering college and fall totals per cent—but over the same period only 8.8 per cent of the men entering college from Hereford.

While school advancement under Mr. Dillehay's guidance has been a local achievement, the factor of importance in the community, the fire school plant has been in recent years, and with improvement in the central school one of the best high school buildings in the town of Hereford. The libraries this size have been improved from have been in laboratories are also out. During his 15 years of the schools have added practical subjects as

vocational agriculture, vocational home economics, commercial arts, band and orchestra. Since Mr. Dillehay came to Hereford, the schools have a net increase of 12 to 15 affiliated credits—and have voluntarily given up 15 credits, where they no longer felt it practical to maintain the courses; Hereford now boasts practically a complete staff of teachers holding degrees; all of the high school instructors have degrees, including three instructors with Master degrees, and most of the elementary teachers also have degrees. The schools now have an annual enrollment of 850 students, and are operating on a sound financial basis, just as they did in 1923.

Mr. Dillehay took his Bachelor

of Arts Degree from Baylor University, Waco, and his Master's degree from Brown University, at Providence, R. I.; he studied a full summer in the University of Colorado, a six-week term in the University of Southern California, and two six-week summer terms in the University of Texas. He also served 16 months in the United States Army during the World War, first being stationed at Camp Bowie, and later after entering the Officer's Training Corps, was commissioned as a Second Lieutenant and served at Louisville, Ky., and San Diego, Calif.

Mr. Dillehay served as superintendent of public schools at Decatur, Texas, and at Olney, Texas, before coming to Hereford.
