

# The Hereford Brand

VOLUME 13

HEREFORD, TEXAS, FRIDAY, MAY 9, 1913

NUMBER 14

## SUPT. SHORT GETS 2 YEARS

Head of Hereford Public Schools Elected by New Board for Term of Two Years—Principal Also Retained.

Both Supt. Short and Principal D. A. Shirley were given the unanimous vote of the new school board last Monday in their first meeting. The old president called for a meeting of the board at the office of Suggs & Jones. After the three new members, J. L. Wilson, D. C. Laird and J. E. Garrison, were sworn in, the officers were chosen, resulting in the election of J. W. Barnett as president, R. N. Mounts, vice-president, and H. C. Myrick, secretary, the newly organized board took up the election of a superintendent and a principal. Only the names of the present superintendent and the principal were considered, each receiving the unanimous vote of the board. Mr. Short was elected for a period of two years at the salary of \$1,500 per year; Mr. Shirley at \$120 per month. This action on the part of the board is highly complimentary to these men. The Brand wishes for them that eminent success which all school men deserve and it calls upon the patrons of the school to lend their every support to the school, for without that co-operation it is impossible to get the best results from the work of the school. The other members of the faculty will be elected at an early meeting of the board. The Hereford school will close this year on Friday, May 23. Preparations are under way for the closing and graduating exercises. Graduation day will be on May 27.

### Flour.

Amarillo's Best per 48 pound sack, \$1.20; Reliable per 48 pound sack, \$1.15; Meal per 17½ pound sack, 40c. Star Mill & Elevator Co. 13-2t

D. O. Stallings of Bovina was here Tuesday of this week on business. Mr. Stallings is cashier of the First State Bank of Bovina, an institution that is rapidly climbing up the financial scale of usefulness. R. R. Gilbreath is the president and T. O. Cuning is vice-president. Bovina is in the midst of a wide territory devoted to farming and stock raising, cattle and sheep taking the lead. This town, though not large as to population, is one of the largest shipping points for cattle in the Southwest; and at one time, laid claim to the title of being the largest cattle shipping point in the world.

See Suggs & Jones for Cheap money on Deaf Smith County Real Estate. First lien notes taken up. 51f

Mrs. J. H. Williams desires to express her thanks to the ladies of the Presbyterian Missionary Society for the kind thoughts and useful articles tendered her by them in the miscellaneous shower at her present home on 25-Mile Ave. on last Tuesday. Such thoughts and acts will certainly receive reward.

I'll meet you at the Corner Drug Store. 38tf

Mrs. S. H. McCracken, who has many friends in Hereford and who lived here for some time, but recently down in the state, is in the city this week.

YOU'LL LIKE HEREFORD!

### Kill the Fruit Worms.

The prospects for a splendid fruit crop on the Plains this year is flattering. In Colorado and New Mexico and is all of the northwestern states, fruit growers count on smudging and spraying just as they do upon cultivation of other crops. It's practical and reliable. At Hereford last year the apple crop was entirely destroyed by the apple worm and coddle moth worm. There are several other kinds of destructive worms and insects that prey upon the apple, but the coddle moth is the worst pest. The only way to offset his ravages is to spray. The following spray solution has been tried successfully:

Arsenate of Lead in water, 3 pounds to 50 gallons.

Important directions: Apply this solution with a spray pump immediately after the blossoms (corolla) fall and before the calyx lobes close. See that the solution gets into the blossom end of the apple as there is the place where the moth lays her eggs. To make sure, a second spraying should be done in about ten days, but this should be done before the apple turns down. A second brood is likely to appear again in July. Look out for these and if the moths begin to fly, use the same spray.

### Hit the Bull's Eye.

This is not about a shooting match, but about the way some of the 'backer chawers handle their automatic spitters, and with particular reference to the careless manner in which the firing is done at the court house. The janitor, before court opened this week, went over the entire building and scrubbed up every trace of 'backer juice. He even scoured the concrete steps and approaches. He then placed wide mouth spittoons at every convenient place, but it seems that some of the chawers are as blind as bats or can't hit a 3 foot target with their loosely constructed spitters. The one in the center of the main corridor, right in the big star, seems to be missed most of all. It may be that they are firing at too long range or their hind sights are not raised enough. Or it may be the brand of backer that causes so much missing. And then up in the court room: there are more than a score of juice pots, yet some backer chawers have never known what they are for. They are to spit in, gentlemen; hit the bull's eye if you can, and if you can't, get right over the pot and squirt out your brown gravy in a perpendicular manner. If you are a poor shot with that sort of ammunition, get up close to the target before you fire. And then don't unload your mouth on the concrete steps. Of course, they make a good wide splatter when you spit, but as it is a violation of good breeding to spit on the parlor carpet, why should it not be a violation of the law to spit on a hundred thousand dollar court house. Train your spitters, gentlemen; hit the bull's eye.

Oscar Clift, who recently sold out his grocery interest in Hereford, has accepted a position with a wholesale grocery firm at Roswell and is now making the road regularly. While Hereford is a little out of his territory, he came up here Wednesday and was shaking hands with his old friends.

## FIRST WEEK DISTRICT COURT

Grand Jury Empanelled and at Work—Civil Docket Occupies Time of Court. Number of Cases Disposed of.

District Court convened at Hereford Monday morning at ten o'clock with Hon. D. B. Hill of Dalhart, Judge of the 69th Judicial District, presiding. Other officers of the court present were: J. W. Sellars, District Attorney; J. S. Jones, District Clerk; H. O. Hubbert, Deputy Sheriff; Floyd A. Cooper, Reporter. The first duty performed by Judge Hill after the opening of court was the empanelling and charging of the grand jury. Judge Hill charged the grand jury briefly as to the criminal laws of the state and the necessity for a thorough investigation into such matters to be made every six months on account of the deterrent influence it would have on the commission of petty crimes.

The following gentlemen compose the Grand Jury for this term: J. S. Wyche, J. A. McIntosh, J. P. Robinson, W. E. Hicks, W. J. Gilliland, I. A. Altred, H. B. Stephens, H. B. Webb, J. W. Robinson, R. H. Norton, W. B. Dameron, J. B. Phillips.

The Criminal Docket was passed to Monday of the second week of court, May 12th, at 10 o'clock, and the court has been engaged this week on the Civil Jury Docket, the case of Con Schrimsher et al vs G. A. F. Parker being now on trial. This is a suit in Trespass to Try Title. The case of Kathryn Hutson vs L. T. Lester was set for Thursday morning and will be taken up as soon as the Scrimsher-Parker case is finished. The following cases have been disposed of in District Court this week:

First State Bank & Trust Co., vs J. H. King—Suit on note. Dismissed.

J. H. Jackson vs. E. Van Metre—Suit on note and foreclosure (two cases). Judgment for plaintiff for principal, interest and attorney's fees and for a foreclosure of his lien.

S. S. Evans vs O. B. Grant et al. Suit for debt. Dismissed.

S. S. Evans vs First State Bank & Trust Co. et al—Garnishment. Dismissed.

Blanche Hollis et al vs Buford Hollis—Suit for partition. Partition granted as asked for and made according to report of commissioners appointed by the court to make the partition.

Warren Hardware Co., vs E. B. and T. S. Bullock—Suit on note. Dismissed at plaintiff's cost.

J. R. T. Bassett vs J. W. Wright et al—Suit for title and possession. Judgment for plaintiff.

J. G. Hendricks vs A. L. Taylor et al—Suit on note and foreclosure. Judgment for plaintiff.

J. P. Snyder and W. R. Evans vs Walker and Perkins—Suit for commission. Dismissed at plaintiff's cost.

First State Bank & Trust Co., vs W. B. Beach—Suit on note. Dismissed at cost of defendant.

C. E. Bowers vs J. R. Moseley—Suit on note and foreclosure. Judgment by default for plaintiff.

American National Insurance Co., vs W. A. Clark et al—Suit on note and foreclosure. Interlocutory judgment by default against defendant, Geo. S. Cravens, for foreclosure of the Vendor's Lien.

Harry Jackson vs J. B. Collins—Suit for division of profits. W. E. Dameron appointed by the court to audit the accounts of the parties and case continued until next term of court.

Jarman & Arnett vs P & N T Ry Co.—Suit for damages. Dismissed. L. A. Arnold vs E. B. Black et al—Suit on note and foreclosure. Dismissed at plaintiff's cost.

First National Bank of Hereford vs E. F. Connell—Suit on note. Dismissed at cost of plaintiff.

Lectured on Christian Science.

The announcement that Pastor J. H. Henson of the Methodist church would give a lecture on Christian Science brought out the largest crowd seen at any of the Hereford churches in many months. At an early hour the house was filled to overflow and many sat in their autos and buggies in order to hear what the preacher would say. Mr. Henson's lecture consisted principally of reading from and commenting upon the passages from Mrs. Eddy's book. From his point of view, he pointed out many inconsistencies in the philosophy of Mrs. Eddy, making the point that if she was correct in her interpretation of the Bible, that all other churches were wrong in both doctrine and practice. It is reported that the local Scientists did not attend the lecture as it had been rumored that the preacher intended to catechise them; and as they always avoided debates and discussions, none attended so far as is known. The Christian Science Society has a number of members in Hereford and they meet regularly for their readings.

### Wool and Hide Market.

Green salt pelts..... 50c to \$1.25 each

We are competitors with the outside world. We are prepared not only to meet all prices, but can save you money on every purchase. E. B. Black Co. 13-2t

### Day School Closes.

Tuesday night of this week, the closing exercises of the Day school was held. Miss Bertha Dameron, the teacher, has taught a successful eight months' term judging from the complimentary words from the patrons of the school and the many nice things said about her work. The exercises consisted of readings, songs, recitations and dialogues, with music interspersed. The program as rendered was both a credit to the teacher and the pupils. At the close of the evening the ladies of the community served ice cream and cake, and when it came to that part of the program old and young alike took part. The big pound cakes and the generous plates of cream whittled the appetite of every one. The house was crowded to its full capacity. As a well deserved compliment to the young teacher, she was offered the school for another term.

## SIMPLE ATTIRE FOR GRADUATES

High School Girls in Contest for Reduction of Cost of Graduation Dresses; Prize Offered, Flowers May Be Eliminated.

Each and every year the talk of the high cost of graduation makes its rounds with the parents and teachers. While the boys have usually contented themselves with a simple business suit and a fresh hair cut, the girls have gone to the extreme in making up their finery for graduation day, until a sort of insurrection among the sober minded has arisen against this outlay of dad's cash or ma's stocking money. Long many years ago, when a certain class was making preparations for that eventful day, it is reported that the superintendent of a school, in giving some instructions to the members, told the girls that each one should wear white slippers. Now, everybody knows how dearly a sweet girl graduate loves white slippers, but a certain girl of this class knew that her mother was not able to bear any additional expense to her graduation, and she told the superintendent that she feared that she could not have any white slippers; whereupon, that gentleman promptly told the young lady that she would not be permitted to go upon the stage with the girls and could not graduate. If this story be true, the more's the pity.

But in these more recent years, men and women are becoming sensible, and it has come to pass that the Hereford high school girls have organized a contest among themselves, which contest will, in a great measure, eliminate much of the unnecessary cost of graduation. To encourage this move, the faculty with the '13 class have decided to offer a prize of \$5.00 in gold to the young lady who would wear the cheapest dress at commencement. The judges, however, will be instructed to give special attention to three points in making their decision: neatness, workmanship and cheapness, with special reference to the dresses made at home. The girls of their own motion have decided to leave off gloves, but each one has set her heart on the white slippers. While the Hereford school has not said anything about omitting the bouquets and flowers, many of the high school faculties have asked the well-wishers to send their flowers to the homes of the graduates rather than to present them at the time of the graduation. The reason for this is apparent to any one who has witnessed an exercise where showers of flowers were given to some rich girl or favorite, while perhaps the most talented daughter of a washer-woman did not receive even a small nose-gay. We are tended more to a democratic life, the simple way.

### THE CLOSING EXERCISES.

The closing exercises will begin Sunday, May 25, with a special sermon to the class by Rev. R. H. Purser of the Baptist church. Monday night, May 26, the class play will be given in which the members will take the leading parts. Tuesday night, Judge W. R. Hall of the Court of Civil Appeals, Amarillo, will deliver the class address, at which time the certificates of graduation will be given. Only three of the class will appear on the graduation program: Misses Mary Blacet and Cotta Sisk will each read an essay and Mr. Earl Lust will deliver the class oration.

### Two Good Pit Silos for \$25.

By Clyde McKee,  
Farm Demonstration Agent.

One day last week I visited the farm of Ed. Wray in Norton county. Mr. Wray has two pit or underground silos in use and says that they are a success in every way. I thought perhaps you would like to know about them so will try to give you a description. These silos are round and the dimensions are 7 by 25 feet, respectively. He intended to dig them deeper, but was afraid of water seeping in and spoiling the silage.

He began by leveling the surface

where the silo was to be dug and then made a marker and marked off two circles. With a narrow spade he dug out the space marked "A" to a depth of 18 inches, taking care to have the surface of the trench very smooth, especially on the inside of the circle. He then filled the trench with concrete mixed "3 to 1." In this way, the collar, or curb, of the silo was made without the use of forms. After the concrete in the curb had set, the digging was begun, care being taken to keep the walls smooth and perpendicular. When the pit was deep enough, so a man

could reach the top easily, plastering was put on.

This made the use of a platform unnecessary, as the plasterer could stand in the bottom of the pit each time and reach the last course that had been put on. Another reason for plastering while the pit was being dug was to prevent the walls from drying out and becoming crumbly. In a few cases, it was found necessary to dampen the walls slightly with a fine spray before applying the cement in order to keep the cement from drying too rapidly.

The cement for plastering the walls was mixed 2 to 1. After the plaster on the wall had set, it was brushed over with a cement wash to make it water and air tight.

The thickness of the plastering will depend upon the smoothness of the wall and the smoother the wall the less cement it will require. The wall should be thick enough to prevent the outward pressure of silage from cracking the cement over spots where the soil sometimes happens to be a little light or spongy.

The surprising thing about these silos to me was the cost. Mr. Wray tells me that figuring in everything, the two silos had cost him about \$25. He had the sand and gravel on his place, so that made it a little cheaper. I found the silage in excellent condition. Mr. Wray says that he has had very little spoiled silage and most of that could have been prevented, had he known more about handling it.

He uses a block and tackle for hoisting the silage from the pit. The box in which the silage is elevated has a false bottom so all he has to do when he gets it to the top is to "trip" the bottom and the load is deposited in the cart ready for hauling to the barn.

### Not Fit For Ladies.

Public sentiment should be against it, and we believe it is, there can be no reason why ladies should have to suffer with headaches and neuralgia, especially when Hunt's Lightning Oil gives such prompt relief. It is simply a question of getting the ladies to try it. All druggists sell Hunt's Lightning Oil in 25c and 50c bottles. 14-4t

### Money in Poultry Raising in Deaf Smith County.

The poultry industry in Deaf Smith county is assuming large proportions and the hen is contributing her share towards lifting the mortgages and swelling the bank accounts of the farmers of this county. The Federal Census Reports, which contain data gathered in the spring of 1910, show a total of 16,665 fowls, valued at \$7,153 on the farms of this county. The annual poultry production of 1909 was 21,839 head of fowls and 61,012 dozen eggs which had a combined value of \$16,406, according to the report.

Poultry raising in Deaf Smith county, when properly conducted can be made a most profitable investment. The conditions are ideal for breeding and raising chickens, ducks, turkeys and other species of domestic fowls, and our climate makes expensive poultry houses unnecessary. There are 13,670,000 head of fowls on the farms of Texas and the annual poultry and egg production which is largely consumed at home is valued at \$23,000,000. Probably 25 per cent of our products find its way to northern and eastern markets.

Found a Cure for Rheumatism.  
"I suffered with rheumatism for two years and could not get my right hand to my mouth for that length of time," writes Lee L. Chapman, Mapleton, Iowa. "I suffered terrible pain so I could not sleep or lie still at night. Five years ago I began using Chamberlain's Liniment and in two months I was well and have not suffered with rheumatism since." For sale by all dealers.—Advertisement.

R. W. Lovelace went down to Amarillo Tuesday afternoon.

### A MESSAGE TO WOMEN

#### Who are "Just Ready to Drop."

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired-out next morning as when you went to bed, then you need help right away.

Miss Lea Dumas writes from Malone, N. Y., saying: "I was in a badly run-down condition for several weeks, but two bottles of Vinol put me on my feet again and made me strong and well. Vinol has done me more good than all the other medicine I ever took."

If the careworn, haggard men and women, the pale, sickly children and feeble old folks around here would follow Miss Dumas' example, they, too, would soon be able to say that Vinol, our delicious cod liver and iron remedy, had built them up and made them strong.

It is a wonderfully strengthening and invigorating body-builder, and we sell it under an ironclad guarantee of satisfaction. You get your money back if Vinol does not help you. The Corner Drug Store, Stocking & McLean, Props., Hereford, Tex. (Adv.)

Many people with sour stomachs find relief in Dr. King's Kidney Pills.

Proposed Amendment to the State Constitution Authorizing the Issuance of Bonds for the Purpose of the Construction of the Necessary Buildings for the University of Texas and Also for Buildings of Various Institutions; and Authorizing Improvement Bonds for the Purpose of Navigation, Irrigation, Construction of Bridges and the Maintenance and Operation of Public Warehouses.

(S. J. R. No. 18.) SENATE JOINT RESOLUTION.

To be entitled A Joint Resolution proposing and submitting to a vote of the people of Texas an amendment to Sections 49 and 52 of Article 3 of the Constitution, authorizing the issuance of bonds and the levying of a tax to pay the interest and sinking fund on same for public improvements.

Be it resolved by the Legislature of the State of Texas.

SEC. 1. That Sections 49 and 52 of Article 3 of the Constitution of Texas be amended so as to hereafter read as follows, to-wit:

Section 49. No debt shall be created by or on behalf of the State except to supply casual deficiencies of revenue, repel invasion, suppress insurrection and defend the State in war or pay existing debts, and no debt created to supply deficiencies in current revenues shall ever exceed in the aggregate at any one time five hundred thousand dollars.

(a) The improvement of rivers, creeks and streams to prevent overflows and to permit of navigation thereof or irrigation therefrom or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation, drainage or navigation or in aid thereof.

(c) The construction, maintenance and operation of bridges and macadamized, graveled, sandy clay, or clayed sand or paved roads and turnpikes or in aid thereof.

(d) The construction, maintenance and operation of public warehouses or in aid thereof.

SEC. 2. The foregoing amendment to Sections 49 and 52 of Article 3 of the Constitution of Texas shall be submitted to the qualified electors of this State for adoption or rejection at a special election hereby ordered for the third Saturday in July, 1913, the same being the nineteenth day of said month. All voters on this proposed amendment at said election who favor its adoption shall have printed or written on their ballots the following:

For amendment to Sections 49 and 52 of Article 3, of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical College, State Penitentiary System, and other public improvements and building of warehouses for agricultural products. Those voting against its adoption shall have written or printed on their ballots the following:

Against amendment to Sections 49 and 52, of Article 3, of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical College, State Penitentiary System, and other public improvements and building of warehouses for agricultural products.

Previous to the election the Secretary of State shall cause to be printed and forwarded to the County Judge of each county, for use in said election, a sufficient number of ballots for the use of voters in each county on which he shall have printed the form of ballot herein prescribed, for the convenient use of the voters.

SEC. 3. The Governor of the State is hereby directed to issue his necessary proclamation ordering this election, and have same published as required by the Constitution and laws of the State. The sum of five thousand (\$5,000) dollars, or so much thereof as may be necessary is hereby appropriated out of any fund in the State Treasury not otherwise appropriated to defray the expenses of publishing said proclamation and printing of tickets and necessary blanks to use in said election.

JOHN L. WORTHAM, Secretary of State (A true copy.)

lature provisions any county, any political subdivision of a county, any number of adjoining counties or any political subdivision of the State or any defined district now or hereafter to be described and defined within the State of Texas and which may or may not include towns, villages or municipal corporations upon a vote of a majority of the resident property taxpayers voting thereon who are qualified electors of such district or territory to be effected thereby in addition to all other debts may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory, except in case of improvement of rivers, creeks, and streams, in building of levees to prevent overflows, in which case the bonded indebtedness may be for an amount not to exceed one-half of the assessed valuation of the lands of the district to be reclaimed; and, except, further, that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this Constitution, and levy and collect such taxes to pay the interest thereon and provide a sinking fund for the redemption thereof as the legislature may authorize and in such manner as it may authorize the same for the following purposes, to-wit:

(a) The improvement of rivers, creeks and streams to prevent overflows and to permit of navigation thereof or irrigation therefrom or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation, drainage or navigation or in aid thereof.

(c) The construction, maintenance and operation of bridges and macadamized, graveled, sandy clay, or clayed sand or paved roads and turnpikes or in aid thereof.

(d) The construction, maintenance and operation of public warehouses or in aid thereof.

SEC. 2. The foregoing amendment to Sections 49 and 52 of Article 3 of the Constitution of Texas shall be submitted to the qualified electors of this State for adoption or rejection at a special election hereby ordered for the third Saturday in July, 1913, the same being the nineteenth day of said month. All voters on this proposed amendment at said election who favor its adoption shall have printed or written on their ballots the following:

For amendment to Sections 49 and 52 of Article 3, of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical College, State Penitentiary System, and other public improvements and building of warehouses for agricultural products. Those voting against its adoption shall have written or printed on their ballots the following:

Against amendment to Sections 49 and 52, of Article 3, of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical College, State Penitentiary System, and other public improvements and building of warehouses for agricultural products.

Previous to the election the Secretary of State shall cause to be printed and forwarded to the County Judge of each county, for use in said election, a sufficient number of ballots for the use of voters in each county on which he shall have printed the form of ballot herein prescribed, for the convenient use of the voters.

SEC. 3. The Governor of the State is hereby directed to issue his necessary proclamation ordering this election, and have same published as required by the Constitution and laws of the State. The sum of five thousand (\$5,000) dollars, or so much thereof as may be necessary is hereby appropriated out of any fund in the State Treasury not otherwise appropriated to defray the expenses of publishing said proclamation and printing of tickets and necessary blanks to use in said election.

JOHN L. WORTHAM, Secretary of State (A true copy.)

he was elected for two years next preceding his election; who shall reside in his district during his term of office; who shall hold his office for a period of four years, and shall receive for his services an annual salary of three thousand dollars, until otherwise changed by law. Court shall be held by a district judge at the county seat in each of the several counties at such times and in such manner as may be prescribed by law. The Legislature shall provide for the holding of the district court when the judge thereof is absent, disabled or disqualified from acting. The district judges who may be in office when this amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment.

SEC. 2. The Governor of the State of Texas is hereby directed to issue necessary proclamation for the submission of this amendment to the qualified voters of the State of Texas at an election to be held on the nineteenth day of July, 1913, at which election all voters favoring this amendment shall have written or printed on their ballots the words: "For the amendment of Section 7, Article 5, of the Constitution of the State of Texas, relating to district judges and district courts," and all voters opposed to said amendment shall have written or printed on their ballots the words: "Against the amendment of Section 7, Article 5, of the Constitution of the State of Texas, relating to district judges and district courts."

SEC. 3. The sum of five thousand dollars or so much thereof as may be necessary is hereby appropriated to pay expenses for carrying out the provisions of this resolution.

JOHN L. WORTHAM, Secretary of State (A true copy.)

Proposed Amendment to the State Constitution Providing All State District, County and Precinct Officers Within this State Shall Be Compensated By the Payment of A Fixed Salary.

(H. J. R. No. 41.) A JOINT RESOLUTION.

Of the Legislature of the State of Texas, proposing an amendment to the Constitution of the State by adding to Article 16 thereof a new section to be known as Section 58, providing for the tenure and compensation of public officials.

Be it resolved by the Legislature of the State of Texas:

SEC. 1. That there be added to Article 16 of the Constitution of the State of Texas a new section to be known as Section 58, which shall read as follows:

Section 58. All State, district, county and precinct officers within the State of Texas shall hereinafter be compensated by the payment of a salary to be fixed or provided for by the Legislature.

SEC. 2. The Governor of this State will, as directed by the Constitution, make publication of this proposed amendment in the manner and for the time as required by the Constitution, the amendment to be voted upon by the qualified electors for members of the Legislature of this State at the general election to be held for State officers on July 19, 1913, the returns of which shall, as provided for in the Constitution, be made to the Secretary of State, the result ascertained and proclamation made as provided for in Section 1, Article 17, of the Constitution. There shall be written or printed on the ballots to be used at such election "for the adoption of Section 58, Article 16, as an amendment to the Constitution, providing a salary compensation for certain officers and fixing their term of office at four years;" and those opposing the adoption of said amendment shall erase the language "for the adoption of Section 58, Article 16, as an amendment to the Constitution, providing a salary compensation for certain officers and fixing their term of office at four years;" and those favoring the adoption of said amendment shall erase the language "Against the adoption of Section 58, Article 16, as an amendment to the Constitution, providing a salary compensation for certain officers and fixing their term of office at four years;" by running a pencil or pen through the same.

SEC. 3. The sum of five thousand (\$5,000) dollars, or so much thereof as may be necessary, is hereby appropriated to pay the expenses of carrying out the provisions of this resolution.

JOHN L. WORTHAM, Secretary of State (A true copy.)

Proposed Amendment to the State Constitution Prescribing Qualifications for District Judges of This State and Prescribing Their Tenure of Office.

(S. J. R. No. 11.) A JOINT RESOLUTION.

Amending Section 7, Article 5, of the Constitution of the State of Texas, relating to the creation and formation of judicial districts, the terms of compensation and qualification of the judges of the district courts, and the times of holding courts.

Be it resolved by the Legislature of the State of Texas:

SEC. 1. That Section 7, Article 5, be amended so as to hereafter read as follows:

Section 7. The State shall be divided into as many judicial districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a general election, one or more judges, each of whom shall be a citizen of the United States and of this State, who shall have been a practicing lawyer of this State, or a judge of a court in this State for six years next preceding his election; who shall have resided in the district in which

3, of the Constitution of this State. SEC. 1. Be it resolved by the legislature of the State of Texas, that Section 52 of Article 3, of the Constitution of the State of Texas, be amended so as to hereafter read as follows:

Section 52. The Legislature shall have no power to authorize any county, city, town, or other political corporation or subdivision of the State, to lend its credit or to grant public money or thing of value in aid of, or to any individual association or corporation whatsoever, or to become a stockholder in such corporation, association or company, provided, however, that under legislative provision any county, any political subdivision of a county, any number of adjoining counties, or any political subdivision of the State or any defined district now or hereafter to be described and defined within the State of Texas, and which may or may not include towns, villages, or municipal corporations, upon a vote of a majority of the resident taxpayers voting thereon, who are qualified electors of such district or territory to be affected thereby, in addition to all other debts may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of such district or territory, except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this Constitution, and levy and collect taxes to pay the interest thereon, and provide a sinking fund for the redemption thereof, as the Legislature may authorize, and in such manner as it may authorize the same for the following purposes, to-wit:

(a) The improvement of rivers, creeks and streams to prevent overflows and to permit of navigation thereof, or irrigation thereof, or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation or in aid thereof.

(c) The construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof.

(d) The construction, maintenance and operation of public warehouses for storing, handling, classing, measuring, weighing, elevating and loading agricultural products. Provided the Legislature may establish such means and agencies as may be necessary for accomplishing the purpose of this amendment and if a State warehouse commission be provided for, their term of office shall be fixed by the Legislature.

SEC. 2. The Governor is hereby directed to issue the necessary proclamation for submitting this amendment to the Constitution to the qualified electors of the State of Texas on the third Saturday in July, same being the 19th day of said month, and the amendments proposed to Section 52 of Article 3, as above indicated, shall be voted upon separately.

Those favoring the amendment to authorize road or other public improvements by a majority vote, shall have written or printed on their ballot: For amendment to authorize road and other public improvements by a vote of a majority, and those opposed to said amendment shall have written or printed on their ballot: Against amendment to authorize road and other public improvements by a vote of a majority.

Those favoring the issuance of bonds for the construction of public warehouses shall have written or printed on their ballot: For the amendment authorizing the issuance of bonds for the construction of public warehouses for agricultural products. Those voting against said amendment shall have written or printed on their ballot: Against the amendment authorizing the issuance of bonds for the construction of public warehouses for agricultural products.

SEC. 3. The sum of five thousand (\$5,000) dollars, or so much thereof as may be necessary, is hereby appropriated to pay the expenses of carrying out the provisions of this resolution.

JOHN L. WORTHAM, Secretary of State (A true copy.)

sand (\$5,000) dollars or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expenses of such publication, proclamation and election.

JOHN L. WORTHAM, Secretary of State (A true copy.)

Keep the City Clean.

On the fence the clothes are hanging sordidly to dry;

Pigs are rooting in a garden, badly fenced, near by;

Cans and trash and empty bottles lying everywhere;

Odors of old vegetables floating through the air,

And behold a signboard facing squarely on the scene.

Urging on the city's people: KEEP THE CITY CLEAN.

There are weeds and broken barrels; trash of every kind;

Rusty wire, old rags and feathers everywhere you find;

Stagnant water foul and slimy, in a great pool, green,

While upon it gleams the warning: KEEP THE CITY CLEAN.

Maybe you are like some people—counting on the rest;

Maybe you have love of beauty deep within your breast,

Yet you wait till others start it, risking health between;

While about are urgent warnings: KEEP THE CITY CLEAN.

For fresh sweet milk see Lester Weaver or phone 9. 401f

A Simple Solution. Some people wonder why this town stands still, while other towns grow.

Some of these people live here, but trade in Chicago.

They earn their money here, and spend it somewhere else.

If they raised oats and fed them to another man's horse would they wonder why their own horse died?

If they make money and spend it in some other town should they ask what is the matter with this one?

There isn't anything the matter with this town—but there is considerable the matter with some of its people.

Did you realize that a fine store front on the main street is just as much of an asset to the town as to the merchant who placed it there?

You have an interest in encouraging the up-to-date retailers in your town by giving them your trade.

Resolve to give your home merchant the opportunity of showing how he can serve you before sending away from home for your requirements.

Hereford Court No. 71 Tribe Ben Hur meets the first and third Friday nights each month. Visiting members always welcome.

**BRAND PUBLISHING CO.**

Entered April 17, 1901, in the postoffice at Hereford, Texas, as Second-class mail matter. First number of the paper issued February 23, 1901, as the Hereford Reporter; first number of The Brand issued March 21, 1902.

Subscription Price \$1.00 Per Year, Strictly in Advance

Any erroneous statement affecting the character or reputation of any individual or firm which may appear in The Brand, will be gladly corrected upon being brought to the attention of the publishers.

All reading matter appearing in The Brand marked "T" or "H" with figures prefixed or "adv" is paid advertising.

**The Brand Circulation.**

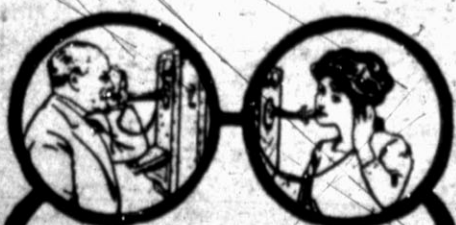

There is little thought given to the circulation of country newspapers by the casual reader. Only the careful advertiser considers the publicity given to his business by the circulation. As a matter of fact, advertising agencies value the advertisements at a fixed rate per thousand, with a graduated rate for each additional thousand.

The Ayer's Newspaper Directory receives and publishes at stated periods the name, location and circulation of every newspaper in the United States. The last report called for includes a period of nine months beginning with August, 1912, and ending with April, 1913.

The report for the Brand should be read with some interest and the figures are given for what they are worth. The total circulation for each month was as follows:

August, 1912	8056 copies
September	6640 "
October	6712 "
November	8438 "
December	7306 "
January, 1913	8840 "
February	7096 "
March	7085 "
April	7062 "
Total	67235 "

There were 39 issues during the nine months, which would give an average of 1721 copies per week. Considered from the standpoint of the advertiser, this means that, at least, his ad passed under the eye of not less than 7,000 different people each week. It is estimated that as many as four different people

WHEN you hear church members kicking about the sermon you may bet safe that the preacher hit the tender spot in that kicker's life. Doctor's use to blister for some ailments.

**K. of P. Celebrate.**

An important item of news was overlooked last week by the Brand. It was the celebration of the ninety-fourth anniversary of the organization of the order of the Knights of Pitheous. This was held at the Presbyterian church and the members of the local order attended in a body, wearing such of the paraphalia and insignia as is usual on such occasions. The marshal of the day, Mr. C. O. Lee, was in full dress of the office and order. Special seats were reserved for the lodge members. At the hour named, 11 a. m., the church room as well as the Sunday school annex was filled. Rev. W. M. Baker preached the sermon, taking for his subject the work of the lodge and the benefits derived from such an order. A short program in addition to the sermon was also given.

**BIG SURPRISE TO MANY IN HEREFORD.**

Local people are surprised at the QUICK results received from simple buckthorn bark, glycerine, etc., as mixed in Adler's, the German appendicitis remedy Betts & Clark, druggists, states that this simple remedy antisepticizes the digestive system and draws off the impurities so thoroughly that A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY. # DR. PRICE'S CREAM Baking Powder

Purity in food, lower cost of living—these are the demands of the day.

Pure food is health, and health is economy itself. We cannot have health without healthful food.

The most healthful foods are the quickly raised flour foods—biscuit, cake, muffins, crusts and other pastry, when perfectly made from wholesome ingredients.

Dr. PRICE'S baking powder makes these foods in specially attractive, appetizing and wholesome form, and for both economic and hygienic reasons, such food should be more largely substituted for meat in the daily diet.

*But bear in mind that alum, or unwholesome baking powder, can never make pure, wholesome food.*

## There is Satisfaction in Every Swallow of Our Delicious SODA WATER

We are often asked why it is that our soda and other fountain drinks taste so much better than those served at other places. It is because the water is perfectly carbonated, thereby producing that clear, sparkling water, with a snap, that goes right to the thirst spot. It is because our fountain is so constructed that it produces the coldest soda water that can be drawn. It is because our fountain is the sanitary kind, and every glass of soda drawn from it means health and happiness. Try your favorite drink as we serve it at our fountain.

## Every Body Reads At Night

But in order to make your reading both a pleasure and a profit, a suitable light is a necessity. The pine-knot of Lincoln or the tallow-dip of our fathers served their purpose but, now, even an oil lamp is clearly out of date. Be comfortable while you read. There's no unpleasant odors and practically no heat from an electric light. WE ARE READY TO "WIRE" YOUR HOUSE.

Hereford Electric Light and Power Company.

## Lincoln Floor Finishes

You can refinish your floors yourself at trifling cost. Just clean the floor thoroughly, let it dry and apply the Lincoln Floor Paint, Lincoln Floor Varnish or Lin-Co-Lac.

It only requires a small amount, the cost is trifling. A quart can will be sufficient to finish 75 square feet of surface, two coats, with a smooth, hard surface that's easy to clean and easy to keep clean.

Our "Home Painting Jobs" book tells you how to make your old floors like new and how to give pine or softwood floors the durable finish and elegant appearance of expensive hard wood. Ask for it—it's free.

R. H. KEMP

#### Parrott Paragraphs.

All are rejoicing over the fine rains.

Two weeks ago we organized our Sunday school which had been discontinued during the winter. The work started off with much enthusiasm and a goodly number present. George Shepard was elected president; Carl Jennings, vice president; Miss Alva Metcalf, secretary; and Charlton Neely, treasurer. The young men chose F. R. Metcalf as their teacher, the young ladies Mrs. Jennings, the boys Mrs. Fincher, the little ones Mrs. Ricketts and the bible class Miss Fannie Neely. Last Sunday we had Brother Smith with us and he gave a fine sermon. There were forty present.

Our school closed last Friday and the parents and the members of the Board met at the school house and were highly entertained for over two hours by Miss Shepard and her pupils. We have had a most excellent school the past winter. The unique way in which our interest was maintained was by Miss Dora having the children go over some of the fine work they have done during the year. Some of the remarkable features were the Latin class which was so fine. All the members were taking Latin for the first time and

the progress they have made in one year is very remarkable. The Physical Geography was most interesting and the way that the children illustrated so beautifully all that they said showed such a thorough understanding as well as artistic ability. The wonderful map drawing is most worthy of mention and the fine maps of U. S. by Ethel Jennings and of Texas by Charlie Hacker that were on the board were admired by all. We were delighted with the use these maps were put to and the amount of history the children were learning in connection with their geography. Miss Dora gave the names of those who led in standing in their classes. Charlie Hacker's occurred several times, also Charlton Neely, Ned Neely and Waldo Jennings. The Board was so pleased at the good work that has been done that they, instead of asking Miss Dora if she would come back next year, simply told her that she had to come back, we could not do without her. Miss Dora is an all-around teacher as our children have learned more than books. As one of the pupils said when asked in what ways they had improved, that they had better manners than at the first of year. After the exercises Miss Dora gave the children a fine treat of candy, nuts and fruit which gave them much pleasure. They went home very reluctantly after their pleasant and profitable year, expressing regret that it was over.

The young people met with Charlton and Ned Neely Saturday night and had a nice time. All say that they enjoyed it very much.

Miss Irene Holzer of Hereford is spending a few days with Mr. and Mrs. B. F. Neely and family. It was very nice to have her at Sunday school with us.

Carl Jennings was at home Sunday. Jack.

#### Castro County Clippings.

From The Dimmitt Plainsman of Friday, May 2.

Frank Quirrey and wife from the west were trading in Dimmitt Saturday.

Oscar Ayers and Van Woody of the Fiag ranch spent Sunday in Dimmitt.

Bob Duff of Hart was thrown from a horse last Sunday evening and his arm broken.

Bruce McLean and sisters, Misses Helen and Mary McLean, attended the ball game in Hereford Saturday.

Will O'Brien of Hereford was transacting business in Dimmitt Tuesday, coming down in his new Overland.

Bruce McLean went to Texico Tuesday where he received a herd of cattle which he drove through to this county.

Misses Helen Talley and Dollie Whitaker, Messrs. Calvin Bell and

Albert Woody spent Sunday at the Talley ranch six miles north of town.

Miss Irene Williams of Hereford, who has been teaching the Roush school, was in Dimmitt Monday on her way home, her school having closed.

E. L. Williams of Olton, tax assessor of Lamb county, was attending to business in Dimmitt Saturday. He went from here to Hereford where he visited until Sunday evening.

Sunday was a busy day for the Rev. I. A. Smith. He married a couple Sunday morning and also preached a sermon in the morning at the Dimmitt church. In the evening he delivered a sermon at Spring Lake and another one at Dimmitt Sunday night.

#### What a Baptist Preacher Did.

This is to certify that I have used one box of Hunt's Cure for a Skin trouble, and same cured me after using about \$8.00 worth of other ointments and salves. Nothing like Hunt's Cure for Skin troubles. Rev. H. T. Sizemore, Hemphill, Texas, 14-4t

#### Kelso Items.

We are very glad to report several fine rains last week, which were certainly appreciated, as it was very dry and prospects were for grass or crops either. The prairies are as green as wheat fields now, stock is getting fat, and the farmers are preparing to plant their crops.

Otto Ellison was in Hereford on business Monday.

Miss Meda Woodburn spent Saturday and Sunday with homefolks at Hereford.

Jake Shelton, who has been sick for a week or more with typhoid fever, was removed to Hereford Sunday where he could receive proper medical attention.

Miss Ethel Wilson left last week for her home at Abeline, Tex. She will visit her sister near Clovis, N. M., before going home.

Misses Lollie and Vera Dillard visited with friends in Hereford Saturday and Sunday.

D. L. Rutter was in Hereford last week on business.

I. N. Dillard and little son and daughter of Hereford were out to the ranch Friday.

John Gregory vaccinated his calves last week.

Mr. and Mrs. Davis of Hereford were out to the ranch Sunday.

#### "Nameless."

#### Calomel is Bad.

But Simmons' Liver Purifier is delightfully pleasant and its action is thorough. Constipation yields, biliousness goes. A trial convinces. [In Yellow Tin Boxes Only.] Tried once used always. 14-4t

Cabbage and Tomato Plants for sale. Mrs. W. H. Rayzor. 13-2t

# ICE REQUESTS

Phone orders before 10 A. M. If later we may not be able to reach you.

Buy Ice for Sunday, Saturday. Wagon makes regular run Saturday afternoon.

We will be at Ice house between hours of 9 and 10 A. M. Sunday, but don't deliver on Sunday.

No less than 10 pounds delivered  
Price \$1.00 per cwt. or 1000 pound  
Coupon Book \$7.50 payable on delivery of book.

#### Summitt Breezes.

Splendid rains the later part of the week and grass is responding nicely.

D. C. Laird received a thousand head of two year old steers the past week which makes the OYO range look sociable. He has leased the Galley farm and will use it for a watering station.

Geo. Shepard is getting on nicely as regards his amputated toes. Long may he live.

Mrs. Laird and family called on Mrs. Galley last Tuesday.

Miss Blanch Wagner has finished her school in Bailey county near Hurley and has come home among us. Welcome home.

Sam Cooper went to Hereford this week and treated himself to a new two row lister.

Misses Clara Turner and Mary Galley spent the week end with their friend and school mate, Miss Faye Hamm, at her home in the Hart neighborhood.

H. E. Talley purchased a new team the past week.

Alfred Grant bought another load of hogs to put in his feeding pens.

Feed and flour for sale at Elevator and will save you money if you buy from us. Give us a trial. 13-2t

#### Look to Your Plumbing.

You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other disease. The organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get quick relief. For sale by all dealers.—Advertisement

The ladies of the Missionary Society of the Presbyterian church surprised Mrs. J. H. Williams last Tuesday afternoon by appearing all at once with a miscellaneous shower party consisting of many useful articles to begin housekeeping with.

## A Laundry With \$500 Business per Week

Yes, we are going to make it that. Then folks outside of Hereford will sit up and take notice, but we will need your help---your washing---as well as your neighbors. May we have it? **HEREFORD STEAM LAUNDRY.**

P. S.—We have a special price to families in Hereford on flat work, in lots of 50 mixed pieces or over. Ask us about it.

**Hereford High Wins Track Meet.**

With almost a hundred Hereford rooters backing them up the Hereford High School Track team defeated the West Texas Normal College of Canyon on the latter's grounds by the score of 58 to 41 points. There were enough entries in each event to make things interesting and the result of the meet was not settled until the last event was pulled off. Hereford was exceedingly fortunate in winning first places, taking seven out of ten first, tying one and taking the eleventh event the relay race.

Lust, who won the hammer throw, shot put and discus throw, tied with Sullivan for first place, Sullivan having won the 100 yard dash, the broad jump and the quarter mile race. Both are from Hereford, 15 points each. Third place went to Lacke of Canyon, who tied for first place in the mile race and won second in the half mile making 7 points. For the first time in a meet Hereford's new material showed up well and will have to be reckoned with next season. Wheeler took third place in the half mile and Guinn came out first in the mile, but was disqualified for passing too close in front of a Canyon man on the turn of the track. The relay race was lost by Canyon on account of the Canyon runner in the last lap cutting corners on the track. Each team thereby losing an event by disqualification. Had neither of these men been disqualified Hereford would still have been the winner by 52 to 47. Events and winners of first, second and third places in order named:

100 dash—Sullivan, Hereford; Ellis, Hereford; Star, Canyon.

10 1-5 sec.  
12 lb. Shot—Lust, Hereford; Prichard, Canyon; Loverton, Canyon. Won at 36 ft. 6 3-8 inches.

Half Mile Run—Reid, Canyon; Locke, Canyon; Wheeler, Hereford. Time 2 min. 35 1-5 sec.

12 lb. Hammer—Lust, Hereford; Boston, Canyon; Loverton, Canyon. Won at 100 ft. 3 1/2 in.

Running Broad Jump—Sullivan, Hereford; Star, Canyon; Condron, Canyon. Won at 19 ft. 10 in.

440 yard run—Sullivan, Hereford; Ellis, Hereford; Star, Canyon. Time 58 3-5 sec.

Discus Throw—Lust, Hereford; Brillhart, Canyon; Star, Canyon. Distance 103 ft. 8 in.

Running High Jump—Condron and Priddy of Canyon tied for first. Vernon third. Won at 5 ft. 2 in.

Mile Run—Fox of Hereford and Locke of Canyon tied for first; Reid, Canyon, third.

Pole Vault—Smith, Hereford; Henson, Hereford; Brillhart, Canyon. 8 ft. 2 in.

Mile Relay—Won by Hereford team of Wheeler, Smith, Gough and Guinn.

Panhandle records in the 100 dash, quarter mile, discus throw,

shot put were broken by Hereford men in this meet. Medals will be awarded the men tying for first place in the meet.

For the best values in house furnishings see E. B. Black Co. 13-2t

The Christian Science Daily Monitor expects to publish, beginning May 13th, a series of short articles, appearing on Tuesdays and Fridays of six successive weeks, on the following topics: The Extent of Poverty in the United States, What Does Charity Cost Us, Motives for Charity, Charity as Tips to Beggars, The Tramp, Cost and Cure, The Homeless Man Problem, Extent and Cause of Unemployment, Cure of Unemployment, The International Campaign Against Unemployment, Is Poverty a Necessary Evil, Cause of Poverty, Prevention and Cure of Poverty. These articles are written by the head of the department of Sociology of a prominent State university, and we believe appeal strongly to Sociological workers throughout North America, also to individual Socialists. For sale at the News Stand, N. C. Vogels. You must place your order to get these copies. 1t

**For Sale.**

Five room house good as new, good sheds, feed room, buggy shed, chicken house, good well and mill, lot 125x177 feet. Price \$850.00 cash. C. O. Lee. 141f

**At the Christian Church.**

Regular services will be held at the Christian church Sunday, Elder T. G. Nance filling the pulpit. The subject for the sermon will be: "Mother," the text: Prov. 31:10-11. Mrs. Baird will conduct the singing, a ladies' quartet being on the program. All invited.

Lowney's Maraschino Cherries are the daintiest and most delicious chocolates ever tasted. Betts & Clark. 1t

**Ladies of Church Entertain.**

The members of the Ladies' Missionary Society of the First Christian church entertained the church membership Wednesday evening in the Sunday school auditorium. Some one hundred and fifty guests were present. Social conversation, interspersed with an informal program of music, passed the hour pleasantly. At the close of the evening the ladies served ice cream, sherbet and cake. Men, women and children were present. The children romped and played "hide and seek" and every one present enjoyed the hour of relaxation.

We handle Flour, Feed, Salt, Bran, Chops, Oats, Corn and Cotton Seed. Star Mill & Elevator Co. 14-2t

Rev. O. P. Kiker, presiding elder for this district, was here Sunday to conduct the quarterly conference with the local church.

**Standing of Contestants in Stambaugh's Piano Contest.**

No. 66 was the lucky contestant the past week. The prize was a handsome set of Rogers Knives and Forks. Several others were close to No. 66. Close personal work counts. 15 more silverware prizes to be given away, one each week to the one turning in the most votes during a single week. Each contestant can get some of these valuable prizes by doing close personal work and trading with us and asking your friends to trade with us and give you their votes. Then another help for each contestant is to sell trade books for us. Each \$5.00 trade book sold gives you 25,000 votes. Your friends will buy these if you will ask them to help you out. Do not overlook the main prizes at end of contest, they are valuable and worth working hard for. Give us your trade and get votes. Any contestant not doing personal work or registering votes will be dropped unless you show you are interested. Your friends are working for you, but unless you do work they will get discouraged and turn their votes to some one that will work. If you can't continue to be a contestant we will consider it a favor if you can get a live worker to take your number and votes and continue on. We have some good workers, but would like to have more. Any one can enter the race at any time.

**Chamber of Commerce Meets.**

At the regular monthly meeting of the Chamber of Commerce, at which there was a good attendance, a number of questions were discussed, the chief one being the Water Carnival. President J. I. Walker was in the chair. A committee was appointed to take up the matter of properly advertising the Water Carnival to be held the week beginning July 14. The next subject of general advertising was referred to a committee composed of W. R. Evans, D. F. Ashbrook and C. D. Wright. Another subject discussed was that of asking the co-operation of Amarillo, Plainview, Lubbock, Clovis and Roswell in the matter of obtaining cheaper excursion rates from the North and East.

**FEATURES OF THE DISK PLOW**

Under Certain Circumstances Implementation Can Be Profitably Used—Not Heavy to Haul.

The disk plow is not very thoroughly understood. Although it is severely criticized and many are skeptical about its value, it has its advantages, and in its place and under certain circumstances it is a profitable tool.

It is of great service to the farmer whose farm is in a part of the country subject to droughts where the soil is too dry to be plowed easily.

The disk is not at home in wet soil. Nor should it be used in foul fields which have to be well cut and completely turned over to cut up the grasses and weeds and thoroughly annihilate the pests. During a wet growing time the disk plow is of no use because it does no good to partly cut the ground and cover it with a little loose soil.

Just as with other tools, a great advantage is gained by knowing how to use a disk plow. Some farmers set the disks too far apart, which is not wise because one cannot count on a disk turning a furrow more than 12 inches across. It is more advisable to use more disks and set them close together. In this way the farmer can get his soil pulverized better than he can in any other way.

The disk plow is not expensive to buy and is not heavy to haul. The fact that it is of no use in wet ground is in some senses a good thing. Some farmers will, in order to hurry on the work, plow with the mold board when the soil is too wet and unfit to be plowed.

**Implements for Dry Farm.**

A dry-farmer for the best work should be supplied with the following implements in addition to the necessity of wagons and hand tools:

- One plow.
- One disk.
- One smoothing harrow.
- One drill seeder.
- One harvester or header.
- One mowing machine.

**Fathers' Day Exercises.**

Mothers' Day will be observed next Sunday in a union service in the afternoon at the Presbyterian church. In this connection it has been suggested that a service be conducted complimentary to the Fathers and to this end a suitable program has been arranged for the night service at the Methodist church. All grandfathers, fathers and the general public are invited to attend. The Cape Jessamine has been selected as the flower.

**PROGRAM.**

- Voluntary—Chair.
- Music—Orchestra.
- Song—Congregation.
- Reading of Scripture—G. A. F. Parker.
- Invocation—Pastor.
- Offertory—Miss Nellie Black.
- Song—Fathers.
- Reading—Mrs. O. E. Thomas.
- Violin Duet—Miss Hattie Edwards, Ralph Smith.
- Address—J. I. Walker.
- Song—Male Quartet.
- Address—W. H. Ray.
- Reading—Bessie Snyder.
- Song—Ladies Quartet.
- Talk—Rev. Henson.
- Doxology.

**Good Rain.**

From three-quarters to an inch of rain fell over this section last night.

**Straight at It.**

There is no use of our "beating around the bush." We might as well out with it first as last. We want you to try Chamberlain's Cough Remedy the next time you have a cough or cold. There is no reason so far as we can see why you should not do so. This preparation by its remarkable cures has gained a world wide reputation, and people everywhere speak of it in the highest terms of praise. It is for sale by all dealers.—Advertisement.

**Building Silos**

At least four Silos will be built by Hereford farmers this summer, but there should be twenty more. The kind of Silo that you build will determine the success of your feeding. Insilage is simply PRESERVED FEED. There is no Silo that will preserve your feed better than the COMMON SENSE SILO. It is easy to build, easy to fill; will keep your feed better than any other kind; it will not crack nor rust. IT COSTS LESS.
