"GREATEST SHOW ON THE EARTH"

Laconic Remark of Col. Bill Capps When He Saw the Biggest Irrigation Pumpers in All Texas.

Used to seeing big things and used to the big things that they have in Fort Worth, Col. Bill Capps of the Panther City, Capital of North Texas, owner of the Fort Worth Record, and a well known citizen of the United States, took off his hat when he beheld the two-and-half-million gallon well at Hereford Monday of Carnival Week and shouted: "The Greatest Show on Earth." He then soused his bill into the flowing crystal water and took a drink, the likes of which he had not had in many years, having had to drink Trinity branch water since his habitat in Fort Worth. This well was on the Hillcrest Farm owned by S. B. Edwards, president of the First State Bank & Trust Co., of Hereford. It is equipt with a turbine pump driven by a 70 H-P oil engine and pumps easily 1,650 gallons per minute. With a pencil, Mr. Bitman, lightning cartoonist and wireless-reporter for the Record and who was with Col. Bill, figured out that in 24 hours run that one pump would furnish 2,376,000 gallons of water, and they both wished the Water Commission in their city had a half dozen of them. Col. Capps and Mr. Bitman were then shown all of the near-in irrigation wells. They saw the water, the soil and the crops. They enjoyed the night sea breezes of the "Roof Garden of Texas," and breathed the free ozone of the Plains to their perfect satisfaction. They were both delighted and astonished at what they saw. They said that they had heard of the irrigation wells at Hereford, but that "Water of the Plains" was so incompatible with their former notions of this country, they could never quite understand how it was done. They are now both fully converted and will be taken in at the next fifth Sunday meeting. Col. Capps is the strongest believer in water at this in all Texas. And Hereford extends to him at any time the privilege of moving the Record up to Hereford, and the Brand will guarantee that the Record will have the "highest" circulation of any daily paper in Texas or the Southwest.

New Grocery Store Opens.

The new grocery store, "The Model," was opened for business Tuesday morning. The proprietors are Clarence Smith, until recently postmaster at Hereford, and his eldest son, Leslie Smith. The style of the firm will be Smith & Son.

Today, Friday, and tomorrow, Saturday, are the last days of the Water Carnival. The Brand wants everybody, homefolks and visitors, to see some of the big wells. If you cannot afford the small auto fee, let some of your friends find a way out. Or if your walking is not all taken up, hike out to the nearest well and get a good drink of water.

John Gordon of Lubbock was here Monday to look after the removal of the remains of H. C. Cucksee back to his old home at Tennega, Tenn. The body was prepared for shipment by Undertakers, E. B. Black Company.

Frightful Auto Accident.

Late Saturday afternoon a wire from Texico brought the information that an auto from Hereford had suffered a wreck and as a result two if not three men had been killed. This proved only too true. Pete Skidmore, driver, John Hughes, brother of Jim Hughes, and H. J. Cucksee, foreman of the Gordon ranch, were on their return from Clovis and were a few miles out from Texico, when in some way the driver lost control, the car turned turtle and pinned the three under the car. A near-by section gang ran to their assistance, but Hughes and Cucksee were dead. Skidmore was taken out badly bruised and is under good way to recovery. J. I. Walker took Dr. Price to the scene of the accident, a distance of 48 miles in 90 minutes. All of the men were brought to Hereford. Mr. Hughes was buried here the following day. Mr. Cucksee's body was shipped to Tennessee for burial. The latter was a single man; Mr. Hughes leaves a young wife and baby. The entire community sympathizes with the bereaved family in this sad hour.

Free Copies.

The Brand has on hand a number of copies of the Carnival and Irrigation Edition. These are for free distribution. Please see that every visitor gets all he wants.

After a six months stay in California, Mrs. Catheryn McNerny returned to Hereford, Wednesday last.

Rev. Baker came home on Wednesday night, after spending ten days in Waxahachie and McGregory.

Miss Clara Baird of Canyon came in Thursday morning to spend the week end with Mr. and Mrs. R. W. Baird.

A Note of Thanks.

The ladies of the Christian Church wish to thank Mr. Harrison and his drivers for their kindness on Monday in furnishing the necessary quantity of ice. Cash received \$28.00.

NOTICE.

The Board of City Commissioners of the city of Hereford, requests all banks within the city desirous of becoming the depository of the city, to submit sealed bids not later than Tuesday, July 28th, delivering same to the City Clerk, specifying the amount of interest you propose to pay on daily balances on all funds of the city when deposited with you, for which a bond will be required according to law.

P. W. PRICE,
City Clerk.
2421.

Mr. and Mrs. Theo Cochell and their son, Clell, will leave tomorrow on an auto trip back to their old home in Missouri. They will go to Amarillo and remain over Sunday. From there to Dodd City, where they will take the old Santa Fe Trail to Kansas City. The party will then take to the woods of Missouri, visiting at Excelsior, Lenneus and at Lucrene, where Mr. Cochell's aged mother lives. They will arrive in time to help celebrate her 88th birthday on August 4. Tho far advanced in years, she is active and enjoys good health. The Cochells will be gone about eight weeks.

We may not be the nearest to you, but we will come the nearest pleasing you. Betts & Clark. 141f

Hodge-Podge a Success.

The Hodge-Podge Pot was a great success. At the appointed hour, 2:30 p. m., Monday, on Main street, it was ready for boiling. Nearly 400 tickets were given out and each one of these, after the name was written thereon, was "put in the pot." After a vigorous stirring by a young girl, she, under the supervision of the judges, dished out the necessary portion to each lucky ticket holder. It was a "mixture of things." One good woman drew a man's shirt, another a dollar's worth of barber work, a man got a lady's hat when he needed a shave; a boy drew an electric iron when he needed the shirt. The only accident that didn't happen was that a woman did not draw the pair of men's pants. The fun opened when J. I. Walker, president of the Chamber of Commerce, in a spicy talk expressed the appreciation of the business interests of Hereford for the large attendance at this Second Monday Trades Day and the manifestation of good will and feeling that existed between the "town and country folks." At the close of his address he introduced A. C. Elliott, editor of the Brand, who acted as official taster of the Hodge-Podge Potage. John Gregory and M. O. Meeks as judges, John Sherman secretary, the interest in the Hodge-Podge Pot grew in interest as each "dish-up" was made. The following were the lucky ones who had their "names in the pot."

- No. 1. H. E. Ribble, Pair of pants from H. C. Myrick.
- No. 2. J. B. Allen, Sub. to Brand, Holland's and Farm & Ranch.
- No. 3. Vern Witherspoon, Lady's hat from Mrs. T. N. Heifner.
- No. 4. R. A. Hough, Set of books from E. T. Woodburn & Son.

- No. 8. Chris Renfro, Box cigars from Corner Drug Store.
- No. 9. J. W. Alexander, 10 lb. bucket lard from Texas Meat Market.
- No. 10. Roy Bergamnan, Electric iron from Electric Light Co.
- No. 11. Martin Simpson, Fountain pen from W. H. Ray.
- No. 12. Elmer High, Man's hat from Geo. A. Stambaugh.
- No. 13. Lee Conklin, Can baking powder from G. W. Brumley.
- No. 14. Tom Vaughn, Dollar box of chocolate from F. H. Britain.
- No. 15. Mrs. Robert Moore, Pair K K Scissors from Garrison Bros.
- No. 16. May Moore, Rocking chair from E. B. Black Co.
- No. 17. Claude Norton, Dollar's worth barber work at Sanitary Shop.
- No. 18. Mrs. E. E. Ramsey, Man's shirt from J. G. Callens.
- No. 19. Karl Shirley, Ansco camera from Betts-Clark.
- No. 20. Mrs. W. B. Phillips, Sack flour from Cardwell Bros.
- No. 21. Mrs. J. W. Hanlin, Dollar's worth of barber work at Postoffice Shop.

- No. 23. W. F. Hodge, Dozen quart fruit jars from Walker Hardware Co.

E. Carter has just returned from a trip to Fort Worth where he took property interests. He says that that part of the state is nearly in as good condition as this, but that he hopes it will catch up.

Dimmitt News.

Lohman Greathouse was in Dimmitt Saturday.

Last Saturday night Mr. and Mrs. B. Rowan entertained the young folks at their home in honor of the house party at the Ramey Ranch. The party was well attended.

Glen Greer is attending the Carnival at Hereford this week.

Will Dixon and family were Dimmitt visitors Saturday.

Tack Waller is enjoying himself in Hereford this week.

Ed Smith was in Hereford on business this week.

Miss Verlie Erb of Roswell, who has been visiting at the home of Mr. and Mrs. C. H. Clifton, returned Tuesday to her home.

E. W. Clifton was attending to business in Hereford Tuesday.

Edgar Noble was in Dimmitt Saturday.

R. R. Rowan is attending the Carnival in Hereford this week.

Mr. Duff and daughter of the Hart community were in Dimmitt Wednesday.

Lewis Dyer is in Hereford this week attending the Carnival.

Lint Merritt was trading in Dimmitt Wednesday.

Edwin Ramey is in Hereford this week.

Steve Hoelting is in Dimmitt this week on business.

Miss Stacy Easter returned home Tuesday from where she had been visiting from time.

Chas. Brown was in town Wednesday.

W. S. Dixon was in Hereford on business the first of the week.

J. W. Slover was attending to business in Hereford Monday.

Casey Jones.

Dr. Myrick of Fort Worth, father of H. C. Myrick, is enjoying the ozone of the Roof Garden of Texas this week. J. A. Graham, Mrs. Myrick's brother and Mr. Graham's daughter, Miss Mary, of Hubbard City, are also here visiting in the Myrick home.

W. M. Smith and son, J. W. Smith, of Buxton, Kansas, were here this week enjoying the Carnival and looking after the immediate opening of a new irrigation farm south of town. The place is known as the Ricketts' south place and consists of 679 acres. They will prepare ground at once for 50 acres of alfalfa and 150 acres of fall wheat. The first thing will be a big irrigation well. They made their purchase from the Walker-Perkins concern.

Meeting at Church of Christ.

Beginning Sunday, 11 o'clock, the annual protracted meeting under the auspices of the Church of Christ will be held. I. L. Winterrowd of Ennis, Texas, will do the preaching, and J. Frank Copeland of Gunter, Texas, will conduct the song service. The meeting will continue indefinitely. The public is invited to attend the services.

Mrs. R. C. Bridges, southeast of town, this county, paid the Brand office a visit Monday. She was accompanied by her neighbors, Mrs. W. B. High and Mrs. Geo. T. Lynch of Castro county; also Miss Ruth Ribble.

Capt. Luke J. Carraway of Weatherford is here on his annual visit. He must come to the "Roof Garden of Texas," once a year and he always chooses that season when the climate of the Plains is worth 100 cents on the dollar.

WATER CARNIVAL GREAT SUCCESS

Visitors From Many States and Texas Towns Present—They See the Wonders of Irrigation.

Hereford has extended the welcome hand to many visitors this week. They are here from Chicago to Los Angeles, from Nebraska to South Texas to see the wonders of irrigation and to enjoy the other natural and artificial attractions. The climate, cool nights and sunshine; days, the water, "Oceans of Water" from the wonderflow wells are some of the natural attractions. The merry-go-round, the doll-rack, the ferris wheel, the "loop-the-gap" bicycle boy, are only a few of the artificial attractions furnished by the Southern Amusement Co. And they have some natural attractions too, the dog and cat show, the negro minstrel, the dancing girls, the "games of chance," the big snakes, etc., a fairly good line of street carnival of things doing. "Big crowds are out every afternoon and night, rubbering. But the street carnival is only the "side show," the "Big Show—The Greatest on Earth"—are the big streams of water flowing from the score of wells. A string of autos have been making the trip to the wells every day, but today and tomorrow a special effort will be made to get everybody out to see the great irrigation pumpers of all Texas. Those who have come hundreds of miles to see the big pumpers have "with one accord" remarked that the pictures which have been sent broadcast and the stories which have been told are not half the truth. Everyone is wonder struck by the volumes of water. It is estimated that today and tomorrow some 2,000 people will witness the wells. The Carnival will close Saturday night at 12 o'clock—a happy success.

Miss Elizabeth LeGrand and Miss Elizabeth Richards have gone to Custer, Okla., to visit with Dr. and Mrs. O. H. Parker. After a month's stay, Miss LeGrand will return to El Paso to take up her school work and Miss Richards will be back at Hereford.

Supt. Ben Short and family left Tuesday afternoon for a visit in Wise county, their former home. Mr. Short will, after a few days visit, go on to Austin, Texas, where he will enter upon his duties as a member of the Summer Normal Board of Examiners for teachers' certificates.

Mrs. J. E. Garrison, secretary-treasurer of the Baptist Women Mission Society of the Panhandle, is in attendance at their annual meeting at Plainview this week. She will read a paper of Baylor College and College Home.

Mr. and Mrs. J. D. Dulany of Sweetwater, Texas, were here Monday to see the opening of the Water Carnival and to view some of the big pumpers. They were accompanied by Mrs. M. B. Johnson of Canyon, whom they had been visiting. The party came over in the auto of Mr. Delany.

V. Eversell of Lamar county, brother of our townsman, W. H. Russell, is in the city visiting with his brother and family.

WILL NOT CHANGE NAME.

In a news dispatch from Hereford under date of July 7, to the Amarillo Daily News the statement is made that "there is an agitation on foot to change the name of Hereford to Watertown." In the next paragraph the correspondent begins: "Water—next to air—being the most precious thing in the world and the Hereford country being so bountifully supplied with both, etc., etc.," therefore the name should be changed. Evidently the correspondent was suffering from too much "air on the brain," when he reports that there is an agitation on foot to change the name of Hereford. The correspondent being of that trend of mind which enables him to imagine things easily, the Brand suggests that he just stretch his scientific mind and "imagine" the name already changed and it will do as well for him and the rest of the Hereford folks won't know the difference. No, Hereford will not change its name.

IMPORTANT NEWS IN ADVERTISING.

By Holland.

The valuable news of the day is not confined to the news columns. It is also seen in the advertisements. Of course it is important to know what President Wilson is doing, what the latest developments are in China or what baseball club leads the league. But it is also important to know where a bargain in boys' waists, garden hose, breakfast food or straw hats may be found.

These bits of commercial news are among the advertisements. Wise persons look for them and take advantage of them when they are doing their buying. The leading merchants are continually telling you news of their stores, news that is important because it often means a real saving and always means something new and worth while.

Read the advertisements if you seek important news. Read them regularly and always with the thought that back of each advertisement are the reputation and business standing of the merchant. He could not afford to deceive you even if he were so inclined. ONLY TRUTHFUL ADVERTISING PAYS.

Vote on the Amendments.

Tomorrow the people of Texas will exercise their right to amend the constitution of their State. There are three resolutions upon which a vote will be taken. These three resolutions effect material changes in FOUR sections of the constitutions. One seeks to add a new section, No. 58, to Article 16, to place all state, district, county and precinct officers upon a fixed salary, instead of the usual fee system of compensation.

Another seeks to amend Section 7 of Article 5, and relates to the creation of judicial districts, the terms of the judges, their qualifications and compensation.

And another resolution, the much discussed No. 18, seeks to amend TWO sections of the constitution: Sections 49 and 52 of Article 2. Amend Section 49 will delegate power to the Legislature to issue bonds for the erection of necessary buildings for the State University, the penitentiary, said bonds to be based upon the endowment and real property of these institutions, and also to give power to the legislature "to issue bonds for the construction of necessary buildings for State Institutions." Amended Section 52 has reference to navigation, irrigation from streams, construction of dams, etc., drainage, roads, bridges, public warehouses, etc., and it gives each county or political division to vote bonds for such purposes. In voting on this resolution, it will be necessary for the voter to vote for both 49 and 52, or against both as they are placed together on the ticket and cannot be separated.

AD SPACE; WHAT IS IT WORTH.

The Brand calls the newspaper fraternity of the Panhandle to the fact that they are not getting enough for ad-space. Some are asking only 8 and 10 cents per inch and are getting less; others are asking as much as 25 cents per inch and never get more than 15 cents. This should not be. The newspaper of the Plains should get full value for the ad-space. While it would be a violation of the law to make an agreement as to prices, there should be some uniformity of rates, based upon circulation. The editor of the Brand, as will be remembered by some of the members of the Panhandle Association, discussed this subject at Canyon. He is not ready to take up the work of "reforming" the rates for foreign advertisers. Each news-

paper on the Plains will be asked for a statement of the actual rate received for each and every foreign ad and these will be made the basis of an equitable table of rates. This reformed rate table will be sent to each publisher and he will be asked to consider it when quoting rates, but he will not be required to follow it, nor will any promise be exacted from publishers; thus leaving each one free to make his own rate, but giving each one valuable information as to what the other "boys" are doing.

"Come to my party Friday morning 9 to 11.—Thelma Tynes."
Twenty-two of these cute little invitations, written by Thelma, were responded to with the happy joyousness of the real child. Thelma received her little guests and made each one feel the welcome that was in her heart. The usual games of drop the handkerchief, hide and seek, etc., were played until Mrs. Tynes invited them to the dining room, where ice cream and cake were served. Red carnations were given as favors. For this little party Mrs. Tynes had made her rooms doubly attractive by the use of quantities of

See that joint!
THAT patented joint has revolutionized the whole business of building silos by making it possible to construct a perfectly solid stave silo of any desired height. When put together with a little white lead at these joints, a two-piece stave is as good as if it were made of one-piece staves, and very much less expensive. There is no metal at these joints to become corroded by the acids and no outside moisture can collect in them to rot the wood. This joint adds years to the life of your silo and many dollars to its value.
We have a plan by which you can own an Indiana Silo and let it pay for itself out of what it saves for you on next winter's feed bills. Give us a chance to explain it to you.

COAL WILL GO UP
Illustration of a man carrying a coal bucket.

Now is the time to get Coal bargains. There is a very good reason for selling coal cheaper in July and August. The mines are not so busy. The last Statement of the American Railway Association says that there are 45,000 less surplus cars than a year ago. Why not place your storage order now.

DRAWING THE FAMILY WASHING AWAY FROM THE HOME

Every progressive laundryman looks forward to the day when the entire family wash will be sent to the laundry. To the far-sighted this ideal condition of affairs is rapidly becoming a reality. But there are some less optimistic who still argue that it is practically impossible—that conditions of years standing cannot be overcome, and particularly in their own locality.

BY WAY OF COMPARISON. It was not so very many years ago that in a certain province of China all the inhabitants retired at dusk as their ancestors had done for centuries past, simply because they had no proper illumination. One day the Standard Oil Company invaded the territory, not only with the oil, but with lamps. They changed this custom, centuries old, in almost a day.

AS IT APPLIES TO THE LAUNDRY. And so it is with the laundry work. The man who insists that a thing cannot be done is oftentimes interrupted by someone doing it. There are hundreds of laundrymen who have developed their territory, until to-day they are handling tons of family work each week.

Notwithstanding the fact that our business has more than doubled since starting up some few weeks ago, we have the capacity and can handle five times as much business. Our charges are reasonable; suppose you give us a fair trial. We are pleasing a great many and more than likely can please you. We are here to stay and are striving to make each week's work better than the last. Phones 246, 116 and 197. **HEREFORD STEAM LAUNDRY**

Deaf Smith County Land Worth \$21.47 Per Acre.

Deaf Smith County farm land is worth \$21.47 per acre and has increased \$19.86 per acre in value during the past decade according to a recent census report. We have 272,456 acres of farm land, improved and unimproved, in Deaf Smith county, which is valued at \$7,283,927 by the census bureau. The states average value per acre is \$14.53 compared with \$4.70 ten years ago. There are 112,435,000 acres of farm land in Texas and the total value is \$1,633,207,000. This value is for the land alone and does include buildings, machinery, etc. During the past ten years the area of Texas farm lands has diminished 13,372,000 acres and the value has increased \$1,041,657,000.

Windows in New Church.

A number of the members of the Christian church went to work and put in most of the windows in their new church building. The windows are of fine art glass, a number have emblematic figures. The two large memorial windows have not been put in as the danger of breaking them was thought to be too great until more of the interior work was done.

From Hereford, Texas, came a letter a few days since to our Mr. George Hill from John Sherman with a big circular enclosed, from which we note John is now secretary of the chamber of commerce. He is also assistant cashier of the Western National Bank at Hereford. Also in this letter was a kind invitation to run out to Hereford and enjoy the big event with him. Years ago John was our devil and we never knew a boy that mastered the printer's trade as rapidly as John did. He was always on the job—not a lazy bone in his body, and with a mind as bright as a new silver dollar; we always felt he had a useful career ahead of him. This brief letter brings with it much satisfaction for it tells us he is measuring up to expectations and making good even in the west where

all are boosters to such an extent that he has been made chief of the boosters. We have no way of knowing, but we are willing to wager that time will show that the chamber of commerce of Hereford made no mistake in his selection.—Gatesville Messenger.

Summitt Breezes.

(Received too late last week.)
July 10—The Summitt and surrounding country is needing rain.

Tom Shepard is home again from Plainview where he has been attending Summer school.

Miss Isola Talley is herding sheep these days.

H. E. Talley was kicked by one of his horses one day last week, but is able to be out again.

Mrs. C. P. Galley and two sons, Cyreer and Walter, left Saturday for a visit with her niece, Mrs. N. H. Cabot, of Vega, Texas.

C. P. Galley is giving Castro county's court house a new dress of paint.

Warning: If we, the plains people, don't get the rabbits, the rabbits will get us.

Flies! Flies! Flies! Let's follow Redland's (Calif.) plan and get rid of them. They are sure bad on the stock.

In Texas and the Plains country in the United States? If so, why don't we celebrate our nation's birthday. Our children scarcely know the significance of the U. S. flag or the color of it. Not even a picnic in Castro or Deaf Smith counties this year.

A. G. Noble, the Ramey Bros., Frank Metcalf, Jef Gilbreath and A. Iken are all putting in new silos and thereby will get the benefit of what they raise for feeding purposes, and how their sheep and calves, yes, pigs, chickens and horses will thrive this winter. Let the good work go on.

Hunt's Cure rapidly destroys Itch, Ringworms, Itching Piles, Eczema, Tetter and like troubles. Under its influence the diseased cuticle scales off leaving a smooth, white, healthy skin in its place. A wonderful remedy and only 50 cents a box. 22-4t

The Bond Amendment.

I notice the advocates of the Bond Amendment are saying these bonds will not be a burden on the tax payers, so far as the University Bonds are concerned, because the bonds are secured by the lands belonging to the University. Well someone must pay the bonds. Who owns the University? The people of Texas. Who gave the University these lands? The people of Texas. When the University uses up its lands and other assets, will it then be closed up? Oh no. The people of Texas will tax themselves to keep it going. It is like paying a debt with our children's money—when it is gone, then the father must start the child up again. It is the people's school and the people's land, and the taxpayers of Texas must foot the bills at last. But this amendment is not only to authorize the Legislature to bond the University; it further authorizes bonds for the Penitentiary, and also will authorize the people in every county to vote bonds on the county to build roads, bridges and warehouses. The warehouses to store cotton and other agricultural products.

Now, Deaf Smith county don't need bonds to build roads, for we have good ones, and don't even use the tax now collected for roads, but regularly transfer it to other funds. We don't need a public warehouse for our cotton, but as the law would allow us to build one and use it for "other agricultural products," we might some day get a set of boomers here who would vote to build such a warehouse just as they voted an extravagant court house, which we did not need. Let tax payers not be deceived. If this amendment passes it will surely increase your burdens. Better vote against it unless you want to pay higher taxes.

Surprising Cure of Stomach Trouble.
When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stenge, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by all dealers.—Advertisement.

A Reception.

Mrs. E. B. Black was at home on Friday afternoon, July 11, from 4 to 7 o'clock, complimentary to her sister, Mrs. J. M. Coffin, of Blum, Texas. This spacious home, so beautifully arranged for entertaining, was on this occasion tastily decorated with bowls and baskets of the different garden flowers with drooping ferns. About one hundred guests were greeted by Mrs. Hawkins and passed to the receiving line in which stood Mesdames Black, Coffin, W. L. Wilson of Temple, Henson, Bourland and Sellars. In the end of the reception hall the punch table covered in green leaves with touches of pink sweet peas, was presided

over by little Misses Girlie Henson, Lola Kendrick and Elizabeth Black. Informally, during the receiving hours, Miss Zollie Garrison gave a number of piano selections. A vocal solo by Mrs. Ezra Norton and readings by Mrs. Thomas, Miss Purser and Miss Bessie Snyder gave additional pleasure to the guests. The favored flower in the dining room was scarlet geraniums, a large basket full making an attractive center for the dining table. Ice cream and assorted wafers were served by Misses Mary and Clara Dunlap, Doris Bowers and Bessie Snyder. Others assisting Mrs. Black in dispensing her charming hospitality were Mesdames W. A. Price, Sullivan, Emmett Cardwell, P. W. Price, Gibson, Snyder and Thomas.

A Good Investment.

W. D. Magli, a well known merchant of Whitewater, Wis., bought a stock of Chamberlain's medicines so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy was worth more to him than the cost of his entire stock of these medicines. For sale by all dealers.—Advertisement.

USE OF CALOMEL

PRACTICALLY STOPPED

For Bilious Attacks, Constipation and All Liver Troubles—Dangerous Calomel Gives Way to Dodson's Liver Tone.

Every druggist in the state has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is often dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," says Betts-Clark.

Dodson's Liver Tone is personally guaranteed by Betts-Clark, who sell it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of sluggishness, you have only to ask for your money back. It will be promptly returned.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy—harmless to both children and adults. A bottle in the house may save you a day's work or keep your children from missing school. Keep your liver working and your liver will not keep you from working.

The Best Medicine in the World.

"My little girl had dysentery very bad. I thought she would die. Chamberlain's Colic, Cholera and Diarrhoea Remedy cured her, and I can truthfully say that I think it is the best medicine in the world," writes Mrs. William Orris, Clare, Mich. For sale by all dealers.—Advertisement.

To The People of Texas:

A community of interest prevails between the railroads and the people. Unless the people prosper the railroads cannot hope to prosper. On the other hand, unless the railroads are permitted to earn sufficient money to give good service, the people cannot enjoy the full measure of prosperity.

Railroads are today operated under the strictest regulations. They cannot charge one cent for any service that is not authorized by the officers chosen by the people. In law and good morals, these officers of the people who fix the charges that can be collected by the railroads for services performed, must fix such charges high enough to pay all legitimate operating expenses, plus an amount that will pay a reasonable return upon the value of the railroad property devoted to the use of the public.

Suppose the Legislature should pass a law taking from the pockets of the people a million dollars a year to pay the salaries of public officials not needed at all, nor whose services could be utilized in the interest of the public in any manner, would such a course be approved by the people as a whole?

We think not.

The operating expenses of railroads affect the public just as much as the taxes they pay. In one instance the taxes are collected by public officials; in the other instance the rates fixed by public officials are collected by the railroads.

It is just as impossible for the Legislature or the courts and juries to impose unjust burdens upon the railroads without, at the same time placing the burden upon the shoulders of the producers and shippers, as it is to create new public offices and expect the taxpayers to be relieved of meeting the expenses of such places.

Under the present system of levying taxes in Texas, the State Tax Board takes into consideration the appropriations made by the Legislature and levies a tax high enough to bring sufficient money to meet the expenses of government.

In fixing freight rates, the same rule applies. The commission, after ascertaining what the railroads have to pay out for operating expenses, taxes, personal injuries, etc., fixes the rates high enough to pay all such expenses, and in addition thereto, a

fair return on the value of the property used for the public. Therefore, the higher the operating expenses, taxes, and personal injury payments, the higher must be the rates the people have to pay.

It is the sincere desire of the managers of the Texas railroads to give the public good service, and at the least possible cost to you. And we respectfully and earnestly ask you, in your own interest, to assist us in doing so, and thereby protect yourselves against unjust and unnecessary burdens.

We desire to express our appreciation to the producers of Texas who have made a study of this problem, and have taken intelligent action to protect themselves against the infliction of unjust and unnecessary burdens.

We respectfully ask you to study this so-called "Railroad problem" closely. We welcome the most searching and minute inquiry. There is so much in common between the railroads and the producers, that a better understanding and closer co-operation is bound to benefit all concerned.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst. I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework. I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off. I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it. After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely. I fattened up, and grew so much stronger in three months, I felt like another person altogether." Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution. Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy. Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

Dr. Says you get pure, fresh medicines at this Drug Store

We hold it nothing short of a crime for a drug store to fill prescriptions with impure or old drugs which have lost their strength. Absolutely none but the highest quality, purest, freshest drugs go into the prescriptions we compound or the remedies we supply. Bring your prescriptions to us and be sure you get them filled right with the right kind of drugs. Bring US your next prescription.

Card of Thanks
I wish to express through the Brand my profound appreciation for the honor bestowed upon me by the United Daughters of Confederacy. The fact that my friends have seen fit to express their regard for me while I am alive to enjoy it is indeed gratifying and I sincerely hope that they will never have occasion to regret the choice they have made in

the name of the new Chapter. The work of the organization is very dear to me and it will have my cooperation. The purpose of such is not to widen the breach between the North and South and we would be sorry to have that impression made on the mind of any. Each year the ranks of Confederate veterans diminish and the only hope we have of perpetuating the spirit of the Confederacy is through our daughters. Hereford is not lacking in material either in point of quantity or quality with which to form the nucleus of a good chapter and it is my sincere wish that every effort of the organization may meet with eminent success. Nominating Address.
The following address as a report of the nominating committee to the Daughters of the Confederacy was read by Mrs. J. W. Sellars, chairman of the committee, when the Daughters were in session for the purpose of naming their chapter: Madam Chairman and Ladies:
Being mindful of the fact that the angel of death is constantly stalking among the ever thinning ranks of the veterans of the Confederacy and believing it is better while paying tribute to the illustrious dead to also honor those still left in our midst; we would have you consider one, who, more than others, is responsible for this organization, one who stands well in the community and who has the following splendid war record: Enlisted in May, 1861, at Pocahontas in Randolph county, Arkansas. He was then but sixteen years of age, not being seventeen until the following July. He joined Company F with Dr. T. J. Melton as Captain, same being a part of Reg. No. 7 with Bob Shaver Col. in Tom Hindman's Legion and Gen. Wm. Hayder, Brigaden, General. He took an active part in the battles of Shiloh, Perryville, Murphyesborough, Liberty Gag, Chicamauga, Missionary Ridge and Ringolds Gap-Cleburnes Division of which he was now in, fighting the last named battle alone, where they captured 13 stands of Federal colors. Later he participated in the battles of Resaca, Picketts Mill, New Hope Church and Kennebeu Mt., where the fighting continued from the 17th of June until the 3rd of July. Here as later he was constantly on the skirmish line serving in his turn as videth, which is one of the most trying positions of war. Afterward he was in the battles of Peachtree Creek, Alanta, Ezra Church and Jonesborough with a small scrap at Springhill. Following this came one of the shortest and fiercest battles of the war which occurred at Franklin. Here he was wounded, shot thru the foot, and while lying on the field of battle witnessed the death of his beloved general, Pat Cleburne, whose horse fell with him on the breast works of the Yankees. Here our soldier lay all night, being removed to the hos-

pital next day with some 7,000 others. Was again at the battle of Nashville where the Con. were defeated and forced to retreat. Many of the Con. were captured, but he escaped in a supply wagon and was taken as far as Corinth, Miss., where the Con. army finally arrived. Then came the battle of Bentonville. Here he was detailed with five others to load a train with supplies and burn the depot. They were surprised by the Yankees and escaped by cutting the train in two and threatening to shoot the engineer, who wished to surrender. Upon the regiments arrival at Greensboro, North Carolina, Johnston and Sherman were negotiating terms of surrender. These were completed 26th of April, 1865. Here he was mustered out of service. Of the 200 men enlisted at Randolph county, Ark., only 9 answered to roll call of mustering out. Therefore, we, the undersigned committee, present to you the name of our townsman, E. T. Woodburn, and if it be the pleasure of this organization the Chapter to be known as E. T. Woodburn Chapter.

In Palo Duro Canyon.
A picnic auto party went over to the picturesque Palo Duro Canyon last Friday afternoon and enjoyed a day or two's outing, fishing and sun burning. In the party were: Mr. and Mrs. J. A. Fox and children, Mr. and Mrs. B. S. Arnold, Miss Belle Woodburn.
Fine Plums.
J. E. Gyles was showing this week a few very fine plums. Seven weighed 16 ounces, the 3 largest weighing half the amount. They are of the Burbank variety and certainly looked good enough for anybody to eat. They have been in the show window at the Brand office this week.
We are across the track, a little out of the way, but if quality, price and satisfaction mean anything, see us. Hereforly Lbr. Co. 22-3t
