

# The Hereford Brand

VOLUME 13

HEREFORD, TEXAS, FRIDAY, OCTOBER 10, 1913

NUMBER 36

## MAYOR KNIGHT MAKES REPLY

Takes Issue With Mr. Oberthier as to Method of Making Estimates and Other Things.

To the Brand:

While not seeking a joint discussion with Mr. Oberthier on the question of pumping water for the City, I would be delighted to have the tax payers understand all the details involved. His figures and his methods of figuring should be carefully scrutinized before concluding that it is best for the City to enter into a five year contract with him to pump for the City at six cents per 1,000 gallons. Lets analyze a little. He charges up to the monthly cost of pumping at present the following items:

Fuel and repairs (covering a part of depreciation)	\$ 36.50
One half the salary of Marshall	30.00
Int on \$2000 invested	10.00
Depreciation 20 per cent	33.33
	\$109.83

To charge against the cost of pumping one third the salary of the Marshall would be liberal, but it is really not fair to charge any of it against the expense of pumping for his salary could not be dispensed with if the pumping was let out on contract. I do not think that it is proper to figure more than \$15,000 as the sum invested. Interest on which at 6 per cent would be \$7.50 per month. I think a well can be drilled and equipped with separate pump and engine at less than \$1500. To figure depreciation on the equipment at 20 per cent is most remarkable and I think unreasonable. The larger part of the real depreciation is already taken care of in the item of \$36.50 already allowed. What is there about a well and the casing and pipe in it to depreciate? A large part of a gas engine even does not depreciate. It will take a long time to wear out the fly wheel and the base and many other parts. Even the gears will last many years with decent care. Under all the circumstances I believe that to allow 5 per cent for depreciation would be ample and reasonable. This on a basis of an investment of \$1,500.00 would be \$6.25 monthly. So the items showing the monthly cost should be stated as follows:

Fuel and repairs	\$36.50
One third the salary of the Marshall	20.00
Int. on \$1,500 invested at 6 per cent	7.50
Depreciation on \$1,500 at 5 per cent	6.25
	\$70.25

This makes the present cost of pumping a trifle less than six cents per 1,000 gallons, assuming that we are pumping 40,000 gallons a day, or 1,200,000 per month. Now, if we should cut down the rates so as to double the consumption of water and pump 80,000 gallons a day instead of 40,000, then, if we were paying for our pumping at 6 cents per 1,000 gallons, our expenses monthly would be doubled. But if the City was doing its own pumping with its own equipment, the increase in the expense would be very little more than the increased amount of fuel used. But the present pumping plant is already here. The investment has already been made. The City cannot

dispose of it. Mr Oberthier does not, however, add to the cost of pumping under a contract with him at 6 cents per 1,000 gallons, the interest and depreciations on this investment. In other words, if the City should make a contract with him to pump for six cents then to ascertain the real cost to the City, we should add the interest and depreciation on the investment. And then it would cost the City something over 7 cents per 1,000 gallons. There is not much in Mr. Oberthier's offer to connect with the City's steam pressure pump, because to get any reductions in insurance rates, steam must be up and ready to start the pump the whole 24 hours of the day, and the plant must be equipped with two boilers, so steam can always be up in one boiler if the other is being cleaned or repaired. But with two pumps pumping into the tower, water can be supplied at the fire hydrants about as fast as two lines of hose will take it out, under the pressure of the tower, which is more than enough to throw it over any building in town. The cost of an 8-inch meter given in my former communication was based on a price of \$640.00 quoted to the City by one of the large meter manufacturers concerns. The Commission has been advised by those best qualified to pass on the question, that nothing smaller than an eight inch meter would be satisfactory. Large sized meters are very expensive. It would be very unbusiness like to hire the pumping done, unless there was some accurate way provided to measure the quantity of water pumped. So if we make a contract to have the pumping done, a meter must be purchased. If a meter will cost from one third to one half as much as an engine would cost, then a question is presented, if it would not be better to buy the engine and do our own pumping, than to buy a meter and hire the pumping done. Unless Mr. Oberthier would agree to keep steam up the whole 24 hours, would it be wise to make any agreement? Suppose a fire should break out at 9 o'clock in the morning when he was shut down and his fires drawn? The fact that his pipes were connected with the steam pressure pump would do no good. Suppose the tower full of water should be emptied; the only way to refill it before he could get up steam again, would be to start the City's one pump run by its gas engine. So the real reserve, will be the better equipment, any how.

W. M. KNIGHT, Mayor.

### Fair Seers at Amarillo.

On Monday Hereford was well represented at the first Panhandle State Fair. Among those who were seen on the grounds are: J. S. Jones, A. P. Murchison, C. W. Warren, J. A. Stegall and J. I. Walker, the two latter assisting J. M. Boone in placing Hereford's exhibit.

### Lots of Peaches Yet.

Hereford orchards still contain a quantity of peaches. While the late ones are not large, they are good for preserves and pickles.

### Improvements at Post Office.

Long and much needed repairs are being made at the post office. The old plaster ceiling has been torn away, and steel ceiling is being put on. This will greatly improve the room.

Miss Mary Stevens, who has been visiting for some time in the home of her aunt, Mrs. W. B. Robinson, left last Saturday for her home at Gainesville, Texas.

## WITH COUNTRY NEWSPAPERS

Department of Scissors and Paste-pot—Clippings and Comments—Politics et Cetera.

The announcement of Lieutenant Governor Mayes for the high office of governor has brought forth a shower of endorsements from the country press. Only a few clippings are given this week:

Stanton Reporter.—Will H. Mayes, editor of [the Brownwood Bulletin and who is also lieutenant governor, has announced himself as a candidate for governor. Mr. Mayes is a strong man, and we predict that the man who beats him will be governor.

Hall Co. Herald.—The expected has happened and Hon. Will H. Mayes has announced his candidacy for governor. He is now serving in that capacity during the absence of the governor. He announces as a prohibitionist and says he will accept no campaign contributions from any man. He is going to make a strong factor in the race and unless conditions change the man who beats him will be the governor.

Memphis Democrat.—Hon. Will H. Mayes, lieutenant governor, has announced for governor, subject to the action of the Democratic party next July. Mr. Mayes is a local optionist and state wider. He advocates everything that will go for the betterment of our state educational institutions, also county and district schools. He is a good, strong man and will make the people one of the best governors they have ever had if elected. He will have a strong following over the state and the man that beats him will be going some.

Lockney Beacon.—Now comes the good news that Lieutenant Governor Will H. Mayes has announced that he will be a candidate for governor before the democratic primaries in 1914. This is a rare bit of good news to the Texas press, as Will H. is near and dear to the hearts of newspaper men of this state. In the race for lieutenant governor he lead the ticket, and in 1914 the State of Texas is just as sure to elect a red-headed governor as a dime is for a ginger cake. In making his announcement, Mr. Mayes says that he will not accept a cent as campaign expenses from any man or set of men, and that if elected governor he will be under obligation to no one. That he wants to demonstrate that a man can be elected governor of Texas on merit. He does not promulgate a lengthy platform, but states he is for Texas and her people, their interest, welfare, etc. That's nuff said. However, the Beacon will add that he is a prohibitionist, a state-wider, a gentleman, a newspaper man and a red-headed Irishman. He lives at Brownwood, and edits the Bulletin. He's our man.

Hale Co. Herald.—The most striking sentence in Lieutenant Governor Will H. Mayes' announcement of his candidacy for the Governorship of Texas is his statement that he will not accept campaign contributions from anybody. Mr. Mayes was elected Lieutenant Governor without making a campaign. In that office he has made good. In his announcement for the Governorship Mr. Mayes has set a new standard. He has shown wisdom in refraining from a detailed discussion of his "platform." There

is yet ample time for such statement. He does not equivocate in his stand for civic righteousness and law enforcement as against the licensed saloon. Mr. Mayes has already given his campaign a dignity which is commensurate with the responsibility of his office. If elected he will owe allegiance to no man or organization. He has discerned those things which are most vital to the whole people. By birthright, by training and by environment Mr. Mayes is the best equipped of any man who has yet announced for the office of Chief Executive of Texas.

### Piano Contest Closed.

Piano contest closed Wednesday night, Oct. 8. Below is the standing of each contestant, the number of votes registered by each contestant from the beginning of contest to the close:

No. 66 received the greatest number of votes during the entire contest. The prize for her work is the handsome Claxton Parlor Piano.

No. 124 was second, for which she gets a \$300.00 due bill, which can be used as cash in the purchase of a piano like the one used in the contest.

No. 64 was third in contest, for which she gets a \$290.00 due bill.

No. 75 was fourth in contest. She gets a \$275.00 due bill.

No. 154 was fifth in contest, and gets a \$250.00 due bill.

All the due bills can be used only in the purchase of a piano like the one in contest; as example: the \$300.00 due bill and \$100.00 in cash we will furnish a Claxton Parlor Piano like the one used in the contest F. D. B. factory.

No. 105 was sixth, she getting a 20-year case ladies' gold watch.

No. 110 was seventh, for which she gets a 10-year ladies' gold watch.

No. 122, the eighth and last prize a handsome silver Toilet Set.

Following is the number of votes each contestant received:

No.	Votes.
66	19,083,265
124	6,321,110
64	2,921,965
75	2,230,270
154	1,570,110
105	914,845
110	913,260
122	883,210
107	814,485
155	279,405

We appreciate very much the work of all the contestants and their trade, also appreciate the interest your friends took in the contest and their liberal trade with us. We tried to be honest and fair with all and without partiality to any one. We hope each one will be pleased with their prize. We ask you to continue to come to our store and buy your goods from us. We handle reliable brands of goods and at low cash prices. Our large store is full of the very best lines of winter goods. Come in and let us show you through our large stock.

Geo. A. Stambaugh, Cash Store.

### Card of Thanks.

As it will be impossible to see each one personally, who was so kind in assisting me in securing the piano in the piano contest, I take this pleasure in thanking each and every one of you for your kindness to me.

Fannie Simpson, No. 66.

Clay Bowsher and family, who lived here for some time, but recently abiding in Kansas, have returned to spend the winter in Hereford.

## HEREFORD TAKES BLUE RIBBONS

Farm and Garden Exhibit at Panhandle State Fair Wins Over Other Contestants and Hangs Up a Number of Blue and Red Badges.

The White Faces have cause to be proud of the farm and garden exhibit from Deaf Smith county at the First Panhandle State Fair being held at Amarillo this week. The exhibit, while hurriedly thrown together and shipped to the Queen City to contest with others, the men who had it in charge displayed it to a fine advantage, so well was it done, that the Hereford exhibit won first premium over all others in the matter of "Best Display." The prizes won were:

First Premium—Best display of kafir and maize.

First Premium—Best bale of alfalfa, dry farming, Shultz.

First Premium—Best peck barley, Edwards.

First Premium—Best plate apples, Lipscomb.

First Premium—Best Cauliflower, Palmer.

First Premium—Best bunch celery, Mrs. Shore.

First Premium—Best winter squash, Mooney.

First Premium—Best head cabbage, Cotchell.

Second Premium—Best plate plums, McMillion.

Second Premium—Best general display of vegetables.

First Premium—Dahlias, A. P. Murchison.

In the culinary department, the Hereford women were not less victorious in their contest. While only a few entered their cookery in the Fair, those who did, feel well repaid for their efforts. The following took premiums:

First Premium—Best pickled onions, Mrs. C. Smith.

First Premium—Catsup, Mrs. C. Smith.

First Premium—Chowchow, Mrs. C. Smith.

Second Premium—Angel food cake, Mrs. A. L. Gibson.

Second Premium—Caramel cake, Mrs. C. L. Sullivan.

The exhibit was well arranged in a large booth just to the left of the entrance to the Exhibit Hall. Plain view being in the same relative position on the right. Hundreds, yes thousands of visitors from other counties filed thru the hall and examined the different exhibits, Hereford coming in for her share of the praise. A number of counties were represented, but not all of the Panhandle counties were there.

### Second Crop Grapes.

J. T. Jowell has two grape vines that are now ripening their second crop of grapes. They are a small, black variety and rare for this section.

### Sells Drug Store.

E. T. Woodburn & Son have sold their drug business to George Burns. The deal was closed yesterday. A part of the consideration was the Burn's farm.

### Will Spend Winter in Arizona.

Dr. and Mrs. R. M. Johnson left this week for Phoenix, Ariz., where they will spend the winter in the home of their son, Hon. Fred Johnson, state treasurer of the state.

**\$100 Reward, \$100**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, O.  
Sold by all Druggists, 75c.  
Take Hall's Family Pills for constipation.

**A Dinner.**

Not in some ancient castle, nor upon the Great Ship of State, but right here in our own town of Hereford, gathered in the Cordova Hotel for a birthday celebration, some four couples of our young people, who after the feast readily recalled, "I dream't I dwelt in marble hall, with vassals and serfs at my call." Mrs. S. B. Edwards showing the ever thoughtfulness and love of Mother, invited friends of her son, Bryan, to take six o'clock dinner with him at the Cordova Hotel Sept. 28, this being his 18th birthday. As is Mrs. Edwards gift and talent, all was arranged artistically. According to custom the guests registered before entering the dining hall. The Guest Register, prepared with much forethought and aptness by Mrs. Leslie Moreman, was made of satin brocade linen paper, fastened with handsome bows of red satin ribbon, the center of outside cover being an applique of red flowers. The guests entered the dining hall and remained standing about the magnificently adorned table until suitable toasts, impromptu, were given to Mr. Bryan. All being seated the place cards were read and each found a very favorable omen for his or her birthday. The cards were in keeping with guest book and continued to carry out the color scheme of red and white. The young ladies in their becoming dinner gowns, seemed a befitting addition to the table

spread with handsome damask, which was only a suitable foundation for the many twinklings and multiplied mirrors, reflected from the display of cut glass and silverware. In the center of the table upon a handsome reflector rested a beautiful vase well filled with flowers, the gift of Mr. Murchison. The sparkling wit and ready repartee were rivaled only by the thousand scintillations emitted by the cut glass "Switch Board." All wished Bryan a long and prosperous life and departed with the hope that his mother would ever be so thoughtful. The guests in attendance were: Misses Bess Snyder, Elzina Mounts, N'Anna Elliott and Louise Oberther. Messrs. J. T. Guinn, Mac Gallaher, Truman Hines and Bryan Edwards.

**Dimmitt News.**

Bill Burnam was in Dimmitt Friday.  
Charlie Brown was in Dimmitt Friday.  
Saturday ended up the rain for the past week.  
J. Porter was in Dimmitt Friday.  
Jack Kellough of the Hart neighborhood was in Dimmitt on business Friday.  
Oscar Gilispe was in Hereford Tuesday.  
Bob Kendrick was in Dimmitt Friday.  
Mr. Houston of the Hart neighborhood was in Dimmitt Friday.  
Bert Reynolds was in Dimmitt Saturday.  
Bert Carl was in Dimmitt Saturday.  
Joe Greer was in Dimmitt on business Saturday.  
F. Query was in Dimmitt Saturday.  
B. Neely was in Dimmitt Tuesday.  
The following farmers have built silos this year: Jeff Gilbret, Mr. Itan, Flag ranch, Bob Hasting, M. F. Barber, W. S. Dixon, J. M. Gollehorn, J. Slover, Ed Smith, Mrs. Linan, Conrad Shultz, Lang and Frank Cooper, 12 in number.

Harvey Dixon was in Dimmitt Sunday to see his girl.

Lohman Greathouse was in Dimmitt Saturday.

J. Z. Smith and son, Glen, were in Dimmitt Saturday.

W. S. Dixon was in Dimmitt Monday.

Fred Conner was in Dimmitt Monday.

Mr. Alexander was in Hereford Monday.

Elder Young Replies to Rev. Dodson Version.

In a recent issue of the Herald of Sept. 20, in what purports to be the report of a religious debate recently held by Pastor B. W. Dodson and the undersigned at Tulia, Texas. There are several misleading statements in said report, but I shall not call attention to same in this article, further than to challenge B. W. Dodson or D. A. Leak to name just one member of the Church of Christ at Tulia, Texas, who was dissatisfied with the debate. I have no desire to boast about my part of that discussion, but I hope that the Methodist people of Memphis believe what was reported by Dodson, and will have the courage to seek to be "delighted," as he says the Methodists of Tulia were. I shall be very glad to assist in "delighting" them in the same way I did at Tulia. With the advice and consent of the Church of Christ at Memphis, I hereby challenge B. W. Dodson to debate the same questions which we debated at Tulia, at Memphis, Texas, beginning either of the dates named, viz: November 3rd, November 10th or December 8th, 1913. My home address is Gainesville, Texas, and if we do not have this debate at Memphis it will be because Pastor Dodson backs out. Shall we "show" the Memphis people?  
A. W. YOUNG.

—In Hall County Herald.

**Card of Thanks.**

We wish to express our heartfelt thanks to the friends and neighbors, who so kindly helped in the sickness and burial of our precious wife and mother, and especially do we thank the eight ladies, some of whom were constantly in our home day and night, not only to make comfortable and cheer our blessed loved one, but determined to perform the household duties. We, as our precious loved one, many times said God bless those dear ladies and may His richest blessings rest upon them, and when they are ready to cross over they will each recognize a glad hand ready to lead them into the presence of the only one who can repay for the cheer and pleasure given our precious darling wife and mother, who so enjoyed their company, their flowers and their delicacies daily. Again we say, God bless them, and if ever permitted will repay as far as human hands can do.

F. E. Bowe and Family.

**A Marvelous Escape.**

"My little boy had a marvelous escape," writes P. F. Bastians of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of croup. As luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." Sold by all dealers.—Advertisement.

### DAINGEROUS CALOMEL GOING OUT OF USE

A Safer, More Reliable Remedy Has Taken Its Place in the Drug Store and in the Home.

A few years ago, men women and children took calomel for a sluggish liver and for constipation. They took risks when they did so, for calomel is a dangerous drug. Your family doctor will be the first to tell you this if he discovers you dosing yourself with calomel.

But the drug trade has found a safer, more pleasant remedy than calomel in Dodson's Liver Tone.

Betts-Clark tell us that their drug store sells Dodson's Liver Tone in practically every case of biliousness and liver trouble where calomel used to be taken.

Dodson's Liver Tone is a vegetable liver tonic that is absolutely harmless for children and grown people. It sells for 50 cts. a bottle and is guaranteed to be entirely satisfactory by Betts-Clark, who will refund your money with a smile if it does not give quick, gentle relief without any of calomel's unpleasant after-effects.

#### Advertising the Shallow Water.

The following article has been running as a display ad in many of the Eastern journals. It shows what the great Santa Fe thinks about the water at Hereford and it is reproduced in the hopes that some one may take the opportunity as presented:

#### ENRICH YOURSELF SUPPLYING A GREAT DEMAND.

The price of beef is steadily rising, due to the shortage of beef cattle. It is no longer profitable to raise cattle on ranges. That was a wasteful method, and with the passing of free pasturage the costs are too great to leave a profit. Yet people need beef and are willing to pay good prices to get it. That is the demand you may profit by supplying.

Search all over this continent and you will find no section in which cattle do as well or can be raised as cheaply as on the plains of northwest Texas. It is the natural home of the steer. Here great herds roamed in the early days. They fed on the luxurious grasses and went to market without grain. Latterly their weights and the owners' profits have been increased by grain-feeding near to the slaughtering market. But that is now too expensive, considering the high price of corn.

It has been found that the steer can be fed and finished here on ensilage and milo and kafir grain. The cost of feeding is reduced—the quality of the meat improved—a better price is secured and once again beef cattle are money-makers.

The territory available for this work is the millions of acres of northwest Texas, where the rainfall is less than twenty inches a year. It is too dry for corn, but milo and kafir thrive under dry-farming methods.

Herefords are graded up to nearly pure blood and they are the most profitable animal to feed. Weanlings can be brought up to 1,400-pound

steers in less than three years, and this young beef sells well, saving a year's time, interest and feed.

Hogs thrive on the same feed. This is their climate, too, as there are no diseases in the high, dry air.

Lately it has been found that upward of one million acres of this fertile prairie is underlaid with an inexhaustible supply of pure water, near enough to the surface to be economically pumped and used for irrigation. This water makes the production of tremendous crops of feed easy and certain. With water, 50 bushels of wheat, 100 bushels of oats and 80 bushels of kafir are not unusual yields, and a small acreage of the irrigated land with a larger area of the dry land forms an ideal stock farm. Irrigation here means stock-feed insurance and is a guarantee of your profit.

The opportunity here is described in detail in a new folder just issued by the Santa Fe entitled "The Shallow Water Country of Northwest Texas." I would like every stock-grower in the country to read it as well as our leaflet, "Letters from Farmers." Then, if you are interested in following the matter further, I will be glad to place at your service the faculties of this department to assist you in finding the location best adapted to your needs.

The interest of the Santa Fe in settlers along its lines does not cease with helping them to select a location. We have a corps of agricultural demonstrators, who are employed by the railroad to help settlers to learn as quickly as possible the best crops and methods of handling for any given section. The assistance of these men will be yours without cost, and the enthusiastic letters from settlers already here will show you that their advice means a large increase of profit to those who have taken advantage of it.

Drop me a postal for this "Northwest Texas" folder and leaflet. C. L. Seagraves, General Colonization Agent, A. T. & S. F. Ry., 2506 Railway Exchange, Chicago.

#### Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia, use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. It cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.—Advertisement.

#### Kelso Man Makes Good Crop.

John Gregory was in from Kelso this week and was bragging about what a fine crop of sorghum cane he had just harvested. From 16 acres, he cut 112 tons of green stuff. This is seven tons to the acre and he did not irrigate the field either; just the rain and his good work. If he had put this in a silo, he would have a gross income from that one field of \$42.00 per acre, but as he has not built one, he will be compelled to let it dry and to feed the usual way. He says it is the best yield he has had in several years. Mr. Gregory is one of the county commissioners and the Brand vouches for the truthfulness of his statement.

### AGE NO BAR

Everybody in Hereford is Eligible.

Old people stooped with suffering, Middle age, courageously fighting, Youth protesting impatiently; Children, unable to explain; All in misery from their kidneys. Perhaps a little backache first. Urinary disorders, dropsy may quickly follow.

Doan's Kidney Pills are for sick kidneys.

Are endorsed by thousands. Here's Hereford testimony: Mrs. Clarence Smith, 611 E. Third St., Hereford, Texas, says: "We have used Doan's Kidney Pills in our family, getting this remedy at Woodburn & Son's Drug Store. About two months ago I gave Doan's Kidney Pills to my child, who was suffering from kidney weakness and they proved so satisfactory that I heartily recommend them. Doan's Kidney Pills made a permanent cure in this case after other remedies had been taken to no avail."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

B. Anderson Witherspoon fixes wells and windmills. Does tinning, plumbing, etc. Phone 330. 2tf

Sells Quarter Section to Alabama Doctor.

Dr. G. W. Heard of Alabama, who was here recently, has bought a quarter section of land from J. W. Wagner.

The land is located south of town and Dr. Heard intends to put the quarter under irrigation.

When he was here his attention was drawn to the possibilities of farming under irrigation and he is proving his faith by his works.

### Nothing "Just as Good" or as Economical as Doughnuts

—For Biscuit, Pies  
—Muffins, Waffles,  
—and Home Baking  
Success and Satisfaction

**One Heaping Teaspoonful's Enough**

BRAND PUBLISHING CO.

Entered April 17, 1901, in the postoffice at Hereford, Texas, as Second-class mail matter. First number of the paper issued February 23, 1901, as the Hereford Reporter; first number of The Brand issued March 21, 1902.

Subscription Price \$1.00 Per Year, Strictly in Advance

Any erroneous statement reflecting the character or reputation of any individual or firm which may appear in The Brand, will be gladly corrected upon being brought to the attention of the publishers.

All reading matter appearing in The Brand marked "t" or "ff" with figures prefixed or "adv" is paid advertising.

**CANDIDATES!** Yes, lots of 'em. State and county. There are a number now in training for the office of sheriff, clerk, treasurer, and a lively time is expected when the running gets good.

A move is on foot by some prohibitionists of Texas to hold a meeting in Dallas and, among other things, propose to select a candidate for the prohibitionists. "To go back to the old time slate making may suit some folks, but the Brand prefers to let the people have some choice in making candidates.

THE Hon. Will H. Mayes, lieutenant governor and at present acting governor, is making some headway in his candidacy for governor. Nearly all of the exchanges coming to the dump of the Brand office, either make favorable comment or announce his name as their candidate. The Brand thinks it rather early yet to select a candidate and it reserves the naming of its choice till Mr. Mayes and others have enunciated their platform in full. It can be said, however, that the editor from Brownwood is acting with perfect composure in the new harness as governor and it may be that he will pull with such certainty and dignity that the people will name him as their choice without opposition.

### SATISFYING A CUSTOMER CARRIED TO AN EXTREME.

By Holland.

A woman who bought a dress which she found was not just what she wanted went with it to one of the biggest stores in the world and said it did not suit her. She wanted her money back, but explained that she had lost the sales slip. The sum she claimed was given to her. Two days later she found the sales slip and discovered that she had not bought the dress at the store to which she had taken it, but had bought it at a rival establishment. She went to the store and explained. "We knew you had not bought the dress here," explained the manager, "but you were palpably dissatisfied with it, and our aim is to satisfy all our customers. If we have impressed on your mind the fact that we are more than fair we are satisfied. We covet nothing more than such a reputation as we are sure you will give us." Many will think that this was carrying fairness too far. Perhaps it was, but it was done by the greatest retail merchant of this age, one whose name is known wherever the English language is spoken and whose expenditures for advertising run up to a million dollars a year. Successful advertisers know that satisfied customers are an invaluable asset. You have an advantage in dealing with the liberal advertisers.

Harry Noble leaves this week for Macon, Mo., where he will reside in the future.

## WATER! WATER!

### The Discovery of Subterranean Lakes and Impounding of Rainfall Reclaiming Arid Regions.

The cry of Water! Water! as it echoes throughout the arid regions of the state and this abundant liquid gushes to the surface to moisten the parched earth, is a welcome sound to every farmer. Subterranean lakes are so frequently discovered and rainfall so easily impounded, that water has become largely a question of effort.

Water has caused more trouble by its abundance or scarcity and has more often become a welcome or a disagreeable guest, than any other element in nature. Its proper distribution has baffled even the skill of divinity and getting it in the right place at the right time is one of the greatest problems that confronts the people of today.

The solution of this important problem insofar as human ingenuity has been able to solve it, will be demonstrated at the exhibits of irrigating machinery at the State Fair of Texas at Dallas, Oct. 18th to Nov. 2nd. Machinery adapted to every need and condition from pumping water into the kitchen sink to irrigating a league of land will be shown and its utility proved.

These exhibits are as interesting to the housewife as to the ranchman.

Drawing water from the well is one of the most back-breaking of household duties and the shifting of this burden to machinery is one of the educational features of the Fair. There are a million homes in Texas that should be equipped with the latest modern conveniences in these labor-saving devices.

We have 5,238 farms under irrigation in the State, containing 451,000 acres. The bulk of our irrigated lands is devoted to the culture of rice, the total acreage devoted to this cereal being 287,000. Alfalfa is the second important irrigated crop and 13,780 acres are devoted to its culture while corn takes third place with 9,068 acres. The cost of construction of Texas' irrigation systems is estimated at \$13,500,000 by the Federal Census Bureau. It costs approximately an average of \$3.50 per acre to irrigate land, depending upon the character of the crop. The yield per acre of crops under irrigation approximates 45 per cent higher than that of those raised under natural methods.

Earl E. Wilson, proprietor of the Fair, will leave in a few days for Dallas and other wholesale centers to lay in a supply of Christmas goods for his popular store. He is having his display counters extended to make room for more goods and will have several new lines for the fall and winter trade.

## KATY IMPROVEMENT WORK SUSPENDED.

### Credit of Road Impaired by Hostility on Part of the State.

The announcement of President Schaff of the M. K. & T. Railway that his road would suspend extension and improvement work pending settlement of the \$105,000,000 lawsuit, it is understood, has affected the expenditure of several million dollars on their properties and the litigation has created a feeling of distrust in railroad and financial circles.

The Katy railroad operates 1,610 miles of line in Texas, it touches most of the important cities, penetrates the most productive region of the state and one-half our population is tributary to its tracks. It is such an important factor in the industrial affairs of the State that its affliction is felt by a large number of our people and the litigation becomes one of general interest to the public.

The Attorney General seeks to prevent the Katy from leasing the Texas Central lines, alleges an unfair division of the rates on interstate business and claims violation of the general office law. In discussing this feature of the litigation, President Schaff said: "The action of the Governor and Attorney General in preventing the M. K. & T. of Texas from availing itself of this legislation has been most discouraging, especially in view of the overwhelming demand from all sections of the State for the passage of this law." Concerning the division of rates he calls attention to the offer made to the Texas Railroad Commission to co-operate with them in an investigation of this subject. It is a well known fact that the M. K. & T. Railway Company of Texas has its general offices in Dallas and that the president and general manager of the road reside in the State.

In discussing the effects of the suit upon the future policy of the road, Mr. Schaff said:

"All work of improvement and extension will necessarily have to be suspended, as we cannot afford to take the responsibility of expending additional money for improving and extending railroad property in Texas in the face of the hostile attitude of the State administration manifested in his litigation. The suit has destroyed the credit of the road in the money markets of the world until the company's rights have been determined in court."

A. P. Murchison went to Amarillo Monday to take in the Fair and to visit old friends. This is the first time in two years that he has been away from his post of duty a whole day. While he has been out a few hours, fishing, he has always showed up at the bank at the opening hour or before the closing time. This is a fair record for so unsteady a person as Mr. Murchison.

# Better Biscuits Baked

With

You never tasted daintier, lighter, fluffier biscuits than those baked with Calumet. They're always good—delicious. For Calumet insures perfect baking.

RECEIVED HIGHEST AWARDS

World's Pure Food Exposition, Chicago, Illinois.  
Paris Exposition, France, March, 1912.

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet's far superior to sour milk and soda.

James Robinson and John Gilliland are attending the Fair at Amarillo today.

**Some Questions and Answers.**

Some weeks ago, the Brand received a letter from a friend in Missouri, in which letter the writer asks a number of leading and important questions. There has been some delay in answering his inquiries, but it is never too late to do a turn of good. His questions will be repeated and the answers placed following.

Question.—Does alfalfa do well in all parts of your county?

Ans.—Alfalfa does well in the valleys most every year, but never so well on the up land without irrigation, though during favorable seasons the up land alfalfa has made good.

Question.—How much does it produce per acre per year?

Ans.—The yield runs from one to one and a half tons per cutting, sometimes two, and they get from 4 to 6 cuttings.

Question.—What is it worth per ton?

Ans.—It is selling this year at \$15 per ton delivered in town, and it has never been much lower and has sold as high as \$17.50.

Question.—Is most of the alfalfa irrigated?

Ans.—At present, the acreage is about evenly divided, but the irrigated acreage is rapidly gaining as a considerable acreage has been and is being put in by those who have irrigation wells. The valley alfalfa is not being irrigated, as it is not needed.

Question.—Can one hire sod broken, and at what price?

Ans.—Yes. The price is usually \$2.00 per acre.

Question.—How long does it take the sod to rot?

Ans.—One year, as it is best to raise a light crop on the land before seeding to alfalfa, though one man worked up his land and seeded it at once with alfalfa and it is doing well.

Question.—What are the prices received by the farmers for their grain and other products?

Ans.—Wheat from 80 to 90 cents per bushel; oats from 40 to 50 cents per bushel; kafir and maize grain from 40 to 50 cents per hundred; kafir and maize heads from \$12 to \$15 per ton; kafir, maize and cane

Quality is an essential we do not overlook

# DRUGS OR SUNDRIES

If you want one hundred cents in value for your dollar, come to our store and you are sure to get it. We carry a large stock of Sundries to supply your wants. When we haven't just what you want we will gladly get it for you. :-: :-:

**Betts-Clark**

PHONE

No. 13

feed, that is heads, stalks, fodder, altogether, from \$7.50 to \$10.00 per ton; potatoes and all other garden truck a fair price, but our market is limited. We have no co-operative shipping.

Question.—What is the price of stock?

Ans.—Work horses from \$100 to \$150; mules from \$250 to \$400 per span; good milk cows from \$75 to \$100; stock cows from \$40 to \$60 per head.

Question.—What is the depth to water in different parts of the county?

Ans.—The wells around Hereford on the up land runs from 45 to 90 feet to water and there is a large scope of country in which the water level will average this. As you go northwest, the water level runs deeper, as the elevation gets higher, though there are places where the whater is still shallow. The irrigation wells around Hereford run from 47 to 71 feet to the water level and furnishes a supply from 1,000 to

**Seen at Amarillo Fair.**

If the rest of the Hereford folks had been at Amarillo yesterday, they might have seen a number of the other home folks at the State Fair. It could have been called Hereford Day, but Amarillo stores were closed in the afternoon and the local people were everywhere in evidence. From Hereford there were counted the following from the White Face City: Mr. and Mrs. C.

Smith, Mr. and Mrs. Ashbrook, Mr. and Mrs. Walter Orr, Mr. and Mrs. W. B. Dameron, Mr. and Mrs. Henry Wilkinson, Mr. and Mrs. Myrick, Mr. and Mrs. Strothman and daughter, Mr. and Mrs. T. M. Palmer, Mr. and Mrs. Walker, Mr. and Mrs. Roscoe Davidson, Mr. and Mrs. Theo Cochell, Mr. and Mrs. Ira Cochell, Mr. and Mrs. A. H. Elliston, Mr. and Mrs. Renfro and daughter. Mesdames Leslie Moreman, Daniel, Pierce, Snyder, Edwards, Ray Barber, Gibson, Mitchell, Sullivan, C. H. Dell. Messrs. D. R. Gass, C. H. Dyar, Kelley Gray, Jack Ward, W. R. Shafer, Frank Gyles, Geo. Garrison, Fred Walker, R. T. Moses, C. D. Miller, Clell Cochell, Leslie Smith, C. M. McGhee, E. H. Brandt, Hal Fullerton. Misses Richards, Hines, Alice Ward, Hattie and Alice Fullerton.

Many of these went up Wednesday morning on the 7 o'clock train, but others followed the auto route. A few had been up since Monday or the day previous. From all signs, the crowd from Hereford had a good time. Most of them returned Wednesday night on a special stub train made up for the purpose, as the regular was over an hour and half late on account of a washout up the line.

**Cures Old Sores, Other Remedies Won't Cure.** The worst cases, no matter of how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c, 50c, \$1.00

## Palmer Lumber Company Sells It

THE old weather prophets say that the approaching winter is likely to be severe; but you can defend yourself against the cold blasts by having your house "fixed up:" window lights all in, doors adjusted. Your stock will also need attention; and there is no better time to erect barns and sheds than now. We furnish all kinds of building material. Phone 150

**Farm Telephone  
Saved Child's Life**

One of the Children Fell into a water tank and was rescued unconscious and apparently lifeless.

The frantic mother telephoned to the doctor six miles away, and he started at once. In the meantime his assistant telephoned instructions and the mother restored the child to consciousness before the doctor arrived.

The telephone service saved the child's life.

THE SOUTHWESTERN  
Telegraph and  
Telephone Co.

### The Horse and the Automobile.

The number of horses on the farms and ranges of Texas has decreased 99,364 head during the past ten years, and the automobile is said to be responsible for these conditions. An argument in favor of "Dobbin" is that his value has increased 164 per cent during this period, while the average of an automobile has depreciated \$887. The horse has practically held his own in Deaf Smith county although our records show a large increase in cars in this county. We have in Deaf Smith county 2,460 horses according to the latest census reports and their total value is given at \$221,490.

### To Cure a Cold in One Day

Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. H. W. GROVE'S signature on each box. 25c.

### Raising Stock Beets.

With less than a half stand, W. A. Doolittle, who owns a farm just east of town, has raised this year some stock beets that are a marvel. He had only seven rows some 150 in length and gave them just as little water from his windmill pump as the other part of the garden did not need. Some six weeks ago, he and his son began to feed a hog for killing purposes, thinking it would require the remaining part of the year to accomplish that end. He fed the hog less than half the beets, about 20 or 25 pounds per day, and the only remaining feed was 2 quarts of maize per day. The hog after six weeks is rolling fat. These beets would run in weight from 10 to 20 pounds when fully matured, two sent to the Amarillo Fair tipping the beam at 14 and 18½ pounds respectively. An estimate of the yield, even with a thin stand, would make something like 30 tons to the acre. These beets were raised from seed bought by Mr. Doolittle from a western seed house, and are known as the Corn Saver Beet. And from this trial they certainly have been named correctly.

### Kelso Items.

We are certainly glad to have the sun shine out once more after a three days' and nights' rain, which set in Wednesday morning and drizzled along almost steadily until Saturday night. Several of the farmers had feed on the ground, but as far as is known no damage was done.

The Misses Bippus visited at the Rutter home Sunday.

Mr. and Mrs. C. M. Profit of New Castle, Texas, and Mrs. F. M. Drum of Endee came in Sunday for a visit to their sister, Mrs. John Gregory and family.

R. A. Hall moved his family to Hereford this week that Floyd and Miss Ana might attend high school.

The last dipping was finished Tuesday night, there being only three bunches to dip a second time. Dipping was delayed several days on account of the bad weather.

Mr. Wagner of Hereford was transacting business in this community Tuesday.

As most every one has been busy cutting feed, thrashing and dipping, there is little news of interest to write.

### Jr. B. Y. P. U. Program.

Subject—The Heart's Sermon for Sunday.

Leader—Emma Richards.  
Song service.

Reading of 34th Psalm—Emma LeGrand.

Sentence prayer—Led by Olive Wilson.

Memory verse—Francis Wilson.  
Lesson story—Eddie Connell.

Reading of following scriptures:  
Psalms 38:17-18—Mary Carter and Thelma Hubbert.

Luke 22:54-62—Vesta Hubbert, Leta Brazil, Mattie Mounts.

Luke 7:36-39—Rosa May Carl, Neva Smith.

Luke 7:40-50—Ruth Owen, Charlie Carrol, Delma Rayzor.

Give summary of lesson as a whole and what is its principal thought—Gladys Hicks.

Tell something of the town of Nazareth—May Mounts.

I'll meet you at the Corner Drug Store. 38tf

### Minister Says Enemies of Pictures Are Not Christians.

Chicago, June 26.—Moving picture theatres received ministerial indorsement recently while their enemies were called either ignorant of the real character of the amusement the show houses furnished or "not normal Christians." The praise for motion pictures was given by Rev. Johnston Myers, pastor of the Immanuel Baptist church at 2320 South Michigan avenue, Chicago. The subject of the sermon was "Are Moving Picture Theatres a Blessing or a Curse to Chicago?"

"The extent of the moving picture business is not generally known," said Mr. Myers. "There are in the United States not less than 30,000 places where moving pictures are being shown. Five million people visit the moving picture show houses of the country every day. More money is spent upon them than upon automobiles. In our own city there are 700 moving picture theatres, attended by more than a quarter of a million persons daily.

"What does this great movement mean of good or evil to the people? It is surely one of the most far-reaching influences of modern society.

There may be, as there is of everything else, some things which we wish were different, but taken as a whole, the moving picture theatres are a great blessing. Those who oppose them do not know their real character or they are not normal Christians. One of the greatest needs of the American people is wholesome amusement. Life is hard and the tendency is toward depression and discouragement. The moving picture theatre furnishes the most wholesome entertainment of the day. It is censured more severely than the regular theatres or books. What could the Christian public ask for more than a paid official should guard these theatres to see that nothing objectionable is displayed?"

The minister concluded by saying that he was a patron of moving pictures himself and "takes personal delight in them."

### KING COTTON WILL SIT ON HIS THRONE AT THE TEXAS COTTON PALACE.

### The Fleecy Staple Shown in All Forms From Planting to Making Cloth.

Cotton shown in all its forms from the plant to cloth will be one of the leading educational features of the Cotton Palace at Waco opening November 1st and closing November 16th.

All the subjects of King Cotton will assemble at the Palace. The by-products of both lint and seed will sit around the throne in the order of their importance and the manufacturing processes will be demonstrated in important instances. It is here all subjects will give an annual account to their king and the record will be one of glorious conquest and achievement. By visiting the throne room of King Cotton, one will be convinced that the half has never been told.

In the production of cotton per capita we excel any other country on the globe, and without our cotton the world would go naked and shiver with cold. Civilization has assigned to Texas the monumental task of clothing 300,000,000 people. To perform this gigantic mission, a half million plows must turn 12,000,000 acres of fertile soil per annum and over 2,000,000 people cultivate myriads of plants whose tiny looms weave from earth and air a fleecy staple that runs 4,600 gins, operates 113 compresses, runs 194 oil mills that crush 2,000,000 tons of seed, runs 30,000,000 spindles and fills the counters of two hemispheres with the most serviceable raiment the world has ever known. The story of the growth, utility and power of the world's greatest industry will be presented in a most convincing and unforgettable manner.

The whirl of the machinery as it takes the fibre from the boll and transforms it into a beautiful garment for the wardrobe of mankind, is one of the most instructive and important lessons in Twentieth century civilization.

The turning of cottonseed from waste into profit is the most wonderful industrial achievement of the age. The seed, considered worthless a quarter of a century ago, now brings the Texas farmer \$40,000,000 per annum. The by-products of this marvelous seed are legion and they will be on exhibition at the Palace, each telling a simple story of usefulness and power.

Hereford Garage and Machine Works can do all kinds repairing. Heavy Lathe and Planer work a specialty. Give us a call. 10tf

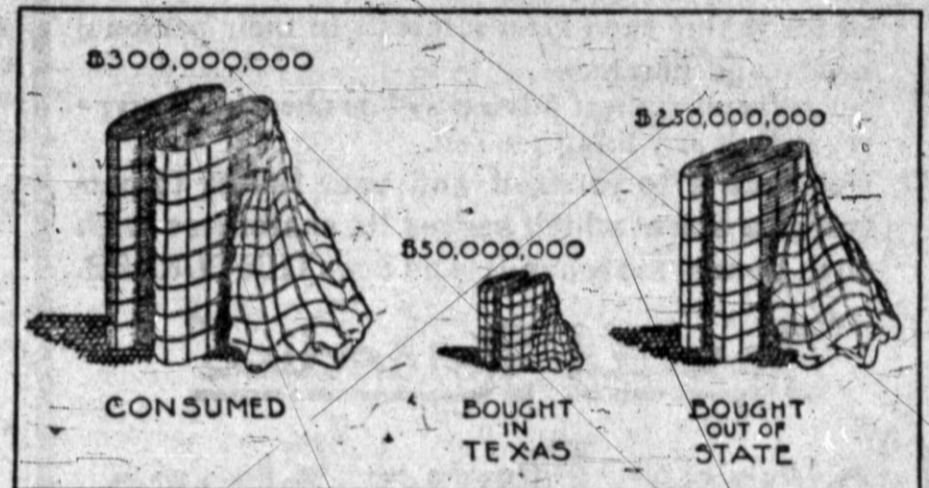

"OCEANS OF WATER."

Misses Mabel and Nora Betts went down to Amarillo Monday afternoon where the latter goes to serve as one of the judges in the fine arts exhibit at the Fair. She holds a position in Seth Ward at Plainview and had spent Sunday with home folks in Hereford.

### Chronic Dyspepsia.

The following unsolicited testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years, and of all the medicine I have taken, Chamberlain's Tablets have done me more good than anything else," says W. G. Mattison, No. 7 Sherman St., Hornellsville, N. Y. For sale by all dealers.—Advertisement.

## OUR HOME INDUSTRIES

### II—JOBBER AND WHOLESALE.

We consume \$300,000,000 worth of dry goods and notions per annum and of this amount \$50,000,000 is purchased from the Texas jobber and manufacturer and \$250,000,000 from out-of-state jobbers and manufacturers.—Commercial Secretaries.

## Coal Strike in Colorado

Has tied up all Domestic Mines and coal prices are now soaring.

We still have a limited quantity of best lump coal we offer in quantities of 1 and not more than 2 tons at \$8.00 cash delivered. Phone 265

## Holman and Oberthier

## UP-TO-DATE LIVERY and SALE BARN

When you want a good drive or an up-to-date rig call at our Barn. We have spent a great deal of time and money lately improving and enlarging our premises. We have one of the best barns in West Texas and can give you the best accommodations in any line of livery service. We guarantee courteous and fair treatment to all. Phone 249.

**Citation by Publication  
 THE STATE OF TEXAS**

To the Sheriff or any Constable  
 of Deaf Smith County Greeting:  
 Oath having been made as required  
 by law

You are hereby commanded to  
 summon E. Van Metre, J. W. Wright,  
 Sam S. Wright, Laura C. Thayer,  
 William Gornitz, John B. Scott, Mary  
 J. McMannus, Albert Bahl, C. V.  
 Jones, J. E. Kamink, D. A. Martindale,  
 Henry Docken, F. W. McMillan,  
 and R. M. Montgomery by making  
 publication of this Citation once  
 each week for four successive  
 weeks previous to the return day  
 hereof, in some newspaper published  
 in your County, if there be a news-  
 paper published therein, but if not,  
 then in any newspaper published in  
 the 69th Judicial District; but if  
 there be no newspaper published in  
 said Judicial District, then in a news-  
 paper published in the nearest Dis-  
 trict to said 69th Judicial District, to  
 appear at the next regular term of  
 the District Court of Deaf Smith  
 County, to be holden at the Court  
 House thereof in Hereford, on the  
 First Monday in November A. D.  
 1913, the same being the Third day  
 of November A. D. 1913, then and  
 there to answer a petition filed in  
 said Court on the Seventh day of  
 October A. D. 1913 in a suit, numbered  
 on the docket of said Court No. 754,  
 wherein N. R. France and D. L. Mc-  
 Donald are Plaintiffs, and E. Van  
 Metre, J. W. Wright, Sam S. Wright,  
 Laura C. Thayer, William Gornitz,  
 John B. Scott, Mary J. McMannus,  
 Albert Bahl, C. V. Jones, J. E. Kam-  
 ink, D. A. Martindale, Henry  
 Docken, F. W. McMillan and R. M.  
 Montgomery are defendants, and  
 said petition alleging that on the 27th  
 day of February 1909, the American-  
 Canadian Land Company a partner-  
 ship composed of E. Van Metre, J.  
 W. Wright and Sam S. Wright, en-  
 tered into a written contract with  
 D. L. McDonald & Company, a partner-  
 ship composed of N. R. France and  
 D. L. McDonald, by the terms of  
 which the plaintiffs, D. L. McDonald  
 & Co., agreed to convey to the  
 American-Canadian Land Company  
 for a consideration the following  
 tracts of land situated in Deaf Smith  
 and Oldham Counties, Texas, viz:  
 All of Sections 29-30-31-33-47-48-49-  
 73 and 74 in Block K-11. That the  
 American-Canadian Land Company  
 agreed to pay for said lands the  
 sum of \$70,000 as follows: \$5,000  
 in cash \$4,000 on May 1st, 1909.  
 \$5,000 on July 1st, 1909 and the bal-  
 ance in four equal annual payments  
 of \$14,000 each, commencing on the  
 first day of March, 1910.

That the following described par-  
 cels out of said several sections have  
 been fully paid for and deeds have  
 been executed and delivered convey-  
 ing said parcels to the several per-  
 sons indicated by the American-  
 Canadian Land Company viz. All  
 of Section 29. The East half of  
 Section No. 30. The South East one-  
 fourth of Section No. 31. The South  
 East one-fourth of Section No. 49.  
 The North East one-fourth of  
 Section No. 49. The South East one-  
 fourth of Section No. 73. The South-  
 west one-fourth of Section No. 33. The  
 North-west one-fourth of Section No.  
 33. That the plaintiffs have faith-  
 fully complied with all of the pro-  
 visions of said contract on their part,  
 but that the American-Canadian Land  
 Co., has failed and refused to pay  
 the balance due on said contract to-  
 wit: the sum of \$33,000, with interest  
 thereon.

That said contract provided that  
 all deferred payments should bear  
 interest at 6 per cent per annum from  
 March 1st, 1909.

That after the execution of the  
 contract above described the Ameri-  
 can-Canadian Land Company entered  
 into contracts with the other defend-  
 ants hereto agreeing to convey to  
 them certain parcels of said land and  
 attempted to confer upon such other  
 defendants the right to acquire title  
 to certain parcels of land out of said  
 Sections above described on certain  
 conditions which are not known to  
 these plaintiffs.

That the plaintiffs are and were at  
 the time of entering into the contract  
 above described the owners of all the  
 lands which have not been conveyed  
 on the request of the American Cana-  
 dian Land Co., the title to which then  
 stood and still stands in plaintiff N.  
 R. France as a matter of convenience

Plaintiffs pray that on final hearing  
 of this suit that the contract of Feb-  
 ruary 27th, 1909, between the plain-  
 tiffs and the American-Canadian

Land Company may be cancelled  
 and the cloud now resting on their  
 title by reason thereof may be remov-  
 ed; that any right to acquire any of  
 said lands by any of defendants may  
 be annulled and cancelled; that plain-  
 tiffs may recover their costs and  
 have any other relief to which they  
 may be shown entitled.

Herein Fail Not, but have before  
 said Court, at its aforesaid next regu-  
 lar term, this writ, with your return  
 thereon, showing how you have exe-  
 cuted the same.

Witness, J. S. Jones, Clerk of the  
 District Court, of Deaf Smith County.

Given Under My Hand and the  
 Seal of said Court, at the office in  
 Hereford, Texas this the Eighth day  
 of October, A. D., 1913.

J. S. JONES,  
 Clerk, District Court Deaf Smith  
 County, Texas.

**Sheriff's Sale**

**THE STATE OF TEXAS,**

County of Deaf Smith

Notice is hereby given, that by  
 virtue of a certain Order of Sale is-  
 sued out of the Honorable District  
 Court of Armstrong County, on the  
 10th day of September, 1913, by the  
 clerk of the District Court of said  
 Armstrong County, for the sum of  
 Six Hundred Eleven and 55-100  
 (\$611.55) Dollars and costs of suit,  
 under a Judgement in favor of  
 Roscoe Logue in a certain cause in  
 said Court, No. 241, and styled  
 Roscoe Logue vs. W. A. Price et al.  
 placed in my hands for service, I, R.  
 W. Baird, as Sheriff of Deaf Smith  
 County, Texas, did, on the 15th day  
 of September, 1913, levy on certain  
 Real Estate situated in Deaf Smith  
 County, Texas, described as follows,  
 to-wit: Beginning at a point 600 feet  
 South of the North East corner of  
 Block 5 of Evans addition to the  
 town of Hereford, Texas, thence  
 West 200 feet, thence South 147 feet,  
 thence East 200 feet thence North  
 147 feet to the place of beginning  
 and levied upon as the property of  
 Ed Wittheaur, W. A. Price, and J.  
 D. Woodburn. And that on the first  
 Tuesday in November, 1913, the  
 same being the 4th day of said month,  
 at the Court House door of Deaf Smith  
 County, in the town of Hereford,  
 Texas, between the hours of 10 A. M.  
 and 4 P. M., by virtue of said levy  
 and said order of sale, I will sell  
 said above described Real Estate at  
 public vendue, for cash, to the high-  
 est bidder, as the property of said  
 Ed Wittheaur, W. A. Price and J. D.  
 Woodburn, or either of them.

And in compliance with law, I give  
 this notice by publication, in the  
 English language, once a week for  
 three consecutive weeks immediately  
 preceding said day of sale, in the  
 Hereford Brand, a newspaper pub-  
 lished in Deaf Smith County, Texas.

Witness my hand, this 15th day  
 of September, 1913.

R. W. BAIRD,  
 Sheriff Deaf Smith County, Texas

**Sheriff's Sale**

**STATE OF TEXAS**

County of Deaf Smith

By Virtue of an Order of Sale is-  
 sued out of the Honorable District  
 Court of Hemphill County on the  
 19th day of September, A. D. 1913  
 by the clerk thereof, in the case of  
 The First National Bank of Canadian  
 Texas, Versus Geo. F. Caylor, J. A.  
 Peterson and S. L. McDonald, Num-  
 ber 531, and to me, as Sheriff, di-  
 rected and delivered, I will proceed  
 to sell, within the hours prescribed  
 by law for Sheriff's Sales, on the  
 FIRST TUESDAY in November, A.  
 D. 1913, it being the 4th day of said  
 month, before the Court House door  
 of said Deaf Smith County, in the  
 town of Hereford, Texas, the follow-  
 ing described property to-wit:

Being all of the Northwest quarter  
 of Section No. 109, Block M-7,  
 Certificate No. 1232, B. S. & F. Ori-  
 ginal Grantee, containing 160 acres  
 of land and situated in the Southeast  
 part of Deaf Smith County, about  
 one mile south of Hereford, Texas,  
 and generally known as the Henry  
 Farmer Land.

Levied on as the property of Geo.  
 F. Caylor, J. A. Peterson and S. L.  
 McDonald, this the 24th day of Sep-  
 tember A. D. 1913, to satisfy a Judgement  
 amounting to Nine Hundred  
 Fifty-two and 85-100 (\$952.85) dol-  
 lars in favor of the First National  
 Bank of Canadian, Texas, and cost  
 of suit,

Given under my hand this the 24th  
 day of September A. D. 1913.

W. R. BAIRD, Sheriff,  
 Deaf Smith County, Texas

**CARDWELL BROS**

**COULD SCARCELY  
 WALK ABOUT**

And For Three Summers Mrs. Vin-  
 cent Was Unable to Attend to  
 Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for  
 three summers," writes Mrs. Walter  
 Vincent, of this town, "and the third and  
 last time, was my worst.  
 I had dreadful nervous headaches and  
 prostration, and was scarcely able to  
 walk about. Could not do any of my  
 housework.  
 I also had dreadful pains in my back  
 and sides and when one of those weak,  
 sinking spells would come on me, I  
 would have to give up and lie down,  
 until it wore off.  
 I was certainly in a dreadful state of  
 health, when I finally decided to try  
 Cardui, the woman's tonic, and I firmly  
 believe I would have died if I hadn't  
 taken it.  
 After I began taking Cardui, I was  
 greatly helped, and all three bottles re-  
 lieved me entirely.  
 I fattened up, and grew so much  
 stronger in three months, I felt like an-  
 other person altogether."  
 Cardui is purely vegetable and gentle-  
 acting. Its ingredients have a mild, tonic  
 effect, on the womanly constitution.  
 Cardui makes for increased strength,  
 improves the appetite, tones up the ner-  
 vous system, and helps to make pale,  
 sallow cheeks, fresh and rosy.  
 Cardui has helped more than a million  
 weak women, during the past 50 years.  
 It will surely do for you, what it has  
 done for them. Try Cardui today.

FURNITURE AND UNDERTAKING—HEREFORD, TEXAS

#### Miscellaneous Shower.

Quite a pretty pre-nuptial affair of last week, at which Miss Beulah Potter was honoree, was the miscellaneous "shower" given on Friday afternoon by Miss Percy Gallaher and Miss Belle Woodburn at the Gallaher home. The participants on this very pleasant occasion were a limited number of Miss Beulah's most intimate friends. This bride-to-be was very sweet and attractive as she entered heartily into the various amusements, the first being a "marriage contest," in which each question was answered by the name of some flower. A short musical program, rendered by Mesdames H. B. Stephens and Ezra Norton and Misses Betts, Head and Black, was followed by a few strains from a wedding march, to which Gwendolin Price and Newell Hughes emerged from the dining room, carrying between them a large basket which they placed in front of Miss Beulah. The look of surprise, occasioned by the playing of the wedding march, gave place to one of tender emotion, as each gift, a real love token, was unwrapped and duly admired. Again the wedding march was played and this time Gwendolin and Newell accompanied by Miss Beulah, led the way to the dining room, where each guest drew a slip of paper and found written thereon her fortune. A

salad course was daintily served, pink and white candy hearts, tied with ribbon, being given as favors. For this little party the receiving rooms were quite pretty in the soft pink glow of many shaded candies and a profusion of pink and white roses with fern.

#### MONEY IN IDEAS

Bell, Howe, Singer, and other millionaire inventors began life as poor boys. Fortunes await other inventors. Can YOU think of something to patent? America's greatest inventor tells **HOW TO INVENT** in a booklet sent to you free by **COPP & CO., Patent Attorneys, 745 8th St., Washington, D. C.** Be sure to name this newspaper in your letter. Ask Editor about cost of Patent.

#### TRUMBULL TALKS DEVELOPMENT.

#### Pending Litigation Against the Katy Prevents Improvements and Extensions.

Mr. Frank Trumbull, the executive head of the M. K. & T. Railway in a recent communication discussed the litigation instigated by the Attorney General against that line. Mr. Trumbull has brought many millions of dollars to Texas and it is so seldom that we have an opportunity of hearing men who are capable of influencing investments, that his utterances are here reproduced in part. "I have been particularly interested in the development of Texas, as it was formerly my home, and I have been for a number of years connected with properties which are important factors in the industrial life of the state. More than that, I have been instrumental in getting a good many millions of dollars invested in Texas.

"We want to improve our Texas lines. We want to give better service. On the other hand we want to look everybody in the face, including our creditors and shareholders, as well as our Texas friends. We cannot ignore our responsibility to investors. No conscientious man can do that.

"I regret that what seems to me an unwarranted and superfluous impairment of our credit has made

some of the things I had hoped to do even less possible than they were before. If the state of Texas had endeavored to find a way to prevent our making extensions, it could have hardly chosen a more effective method than to bring suit for penalties aggregating \$105,000,000. We will do the best we can, all things considered, but ought we to ask our friends to put more money into Texas except for maintenance of existing lines?

"If the suit brought by the state of Texas is successful, I and all my friends here and abroad will lose every dollar we put into that state. What would you do in my place? This is a broad, far-reaching question, but it is a broad and far-reaching condition and not a theory that confronts us. And I am sure you will agree with me that it is a very sobering question to ask ones self."

#### DAIRY NOTES

Give cows plenty of salt. Keep it before them at all times.

It is usually a question whether or not it is advisable to feed grain to cows on pasture.

The good dairy cow usually is wide in the forehead, the face dished between the eyes, with a strong under jaw.

Salt the butter only enough to keep it. Salt increases the weight but little and too much spoils the quality of the butter.

Fence breakers are educated by poor fences but having poor feed inside the pasture and good feed just outside is the best educator.

Often the only difference between a gentle cow and a kicker is that the first had a little handling while a kicker, and the other didn't.

Use the best grade of oil you can buy for the separator. The difference in cost is little but the difference in satisfaction is a great deal.

The men who suffer least during the dry season are the dairy farmers. They always have an income, for there is always some crop that can be fed profitably to the cows.

Wherever you find a well kept farm you will find the grain raised on it is fed to stock right on the place. Farmers are fast finding out that the best paying stock is dairy cows.

Watch the cow that comes in fresh in good pasture. It is just at this time of the year that many of the best milkers are spoiled or partly spoiled. Don't neglect them a single hour.

Many turn the cows out when the first spears of grass come. Better wait until they can get a good bite. When the cows do not get enough grass they will go hungry before eating dry feed

"OCEANS OF WATER."

#### OUR AGRICULTURAL PRODUCTS CROSS OCEAN TO REACH FACTORY.

Each Consumer Should Call for Texas-Made Goods.

Texas Farmers Produce \$600,000,000 of Raw Factory Material Annually.

The farmers of Texas produce \$600,000,000 worth of raw material per annum which must pass through the factory before it is consumed, and \$100,000,000 is the raw material capacity of the Texas factories. The balance must journey to the foreign factory and a large per cent of our agricultural products cross the ocean to reach it. These statistics present a startling necessity for more factories and in defense of our growing country we must have them, but many of the factories we now have are compelled to seek out-of-state markets for their output and a few have had to shut down for want of a market.

Every consumer is a market-maker and can become a powerful factor in building up the manufacturing industry in Texas by calling for Texas-made goods. If we would patronize home factories, it would call for an investment of \$500,000,000 in the manufacturing industry, give employment to 400,000 people and provide a home market for the products of the farm, ranch and mine.

The federal census reports show 4,588 manufacturing establishments in Texas. The capital invested is \$216,876,000, there are 84,575 employees engaged in the business; the factory value of the annual output is \$272,896,000 and the value added to the raw material by manufacturing is listed at \$94,717,000. The four leading industries in the order of the value of their annual output are:

Slaughtering and meat packing, \$42,530,000; flour and grist milling, \$32,485,000; lumber and timber products, \$32,203,000; cottonseed oil and cakes, \$29,916,000.

During the past five years we show an increase in establishments of 1,430; in capital invested an increase of \$101,211,000 and an increase in employees of 26,683.
