

## AROUND A TOWN

Sights and Faces Seen

The "cricket on the hearth" is supposed to be a sign of good luck; but take it from Gaston Baer, the cricket in the store window is not good for anything, except to eat up some hard-to-get merchandise. We don't know whether crickets have an appetite for anything except ladies ready-to-wear, but no doubt somebody will find out, as there seems to be a real epidemic of crickets all over town.

Some real civic booster should take a census of the town some time right after a rain, during harvest. From the looks of Main Street, the population would take a fifty percent jump if the census were taken at just the opportune moment.

Lend a dollar to make the axis roller: An extra dollar's worth of war stamps in July will build the airplane carrier "Shangri La."

Mrs. C. W. Seed can really give chapter and verse on this story of crowded transportation (Continued on Page 12)

## Americans Asked To Build A New "Shangri La"

Beginning today, your local motion picture theatre, along with 16,000 other theatres throughout the nation and allied with the retail stores in every town and city, will embark on a new "ship building" venture. The people of America are going to build a ship—a mighty aircraft carrier to be named the "Shangri La." And the new carrier, backed by the 130 million Americans who will help build it, will be a more powerful bombing base than Jimmy Doolittle's original mystery carrier.

The job may sound impossible to ordinary citizens who have never been near a shipyard. But it won't need experienced workmen, at least not yet. It will need only you—with enough trust in your government and your boys overseas to lend them one dollar of your money. That one dollar, multiplied by 130 million Americans, equals a new "Shangri La."

The next time you come to town remember to bet your dollar on the U. S. A. Buy a dollar's worth of stamps and send the "Shangri La" steaming off to Tokyo.

## Response Excellent On Request For Aid in Camp and Hospital Project

Response to the request for aid in the Red Cross Camp and Hospital Service Project has been excellent. Mrs. Dorothy Ross and Mrs. P. H. Gilliland, co-chairmen of the local council reported this week following a meeting of the steering committee on Monday, when many local clubs and church organizations made definite pledges of assistance.

Local groups have already accepted the responsibility for providing stationery, a radio, furniture for day room, playing cards, table games, smoking stands and trays, books and magazines and subscription to a daily paper, at the Hereford Internment Camp. Though other assignments have not been selected, there are still many other donations and services which could be given by local groups, Mrs. Ross states, pointing out that there will be a need for lap robes, pillows, pillow cases, many items of furniture and individual gifts ranging from sewing kits to hair tonic.

Sub Committees  
Some members of the steering committee have named members to their sub-committees, but the following list is incomplete and other names will be added. Mrs. O. G. Hill, representing the protestant churches, has named Mrs. C. B. Williams, Mrs. Wirt Phillips, Mrs. Burt France and Mrs. C. H. Dyer to assist her.

## G. M. Suggs Funeral Rites Held Tuesday

Funeral services were held at the Presbyterian Church Tuesday afternoon for G. M. Suggs, 83-year-old pioneer of Hereford, who died at his home here Sunday morning.

Mr. Suggs, a resident of Hereford since 1905, was born Oct. 27, 1859 in Mississippi and had lived in Texas since January, 1880, when his family settled in Titus County. With his partner, G. W. Barcus, an attorney, he started Hereford's first abstract business in November, 1905. After selling his interest in the abstract business to J. J. Frank Potts, Mr. Suggs went into the fire insurance business with D. F. Ashbrook, and this agency was later sold to T. K. Wilson. Mr. Suggs was also engaged in the real estate business and did good work in bringing many new families to the county. After his retirement from business he served several terms as justice of the peace.

A member of the Presbyterian Church, he served in many local church offices and had been a delegate to both state and national meetings of the denomination. He was a Mason and at one time served as Worshipful Master of the local lodge and was several times a delegate to the Grand Lodge of Texas. Married on Dec. 31, 1906, to Mrs. Dora Lackey, Mr. Suggs is survived by his wife and one son, George, and a step daughter. (Continued on Page 12)

## Dehydration Plans In Free Bulletin

Have you had pretty good luck with that Victory Garden? And do you find yourself with a fairly large supply of surplus vegetables—and no pressure canner with which to save them.

If so, maybe dehydration is the answer to your problem. And the Brand office has for free distribution a bulletin giving methods of dehydration, the types of fruits and vegetables which can be conserved in this way and instructions, complete with building plans, for constructing a good home-made electric dryer.

The bulletins are furnished courtesy of the Dear Smith County Electric Co-op, and H. V. Hennen is asking the Brand to distribute them for him. Come in and get a copy.

## New Pastor To Assume Duties At St. Anthony's

Fr. Albert Heald of Brooklyn, N. Y., arrived here Saturday and next Sunday night will start regular duties as pastor of St. Anthony's Catholic Church, where he will take the place of Fr. Nathaniel Madden, who has served as pastor of the local church for nearly eight years.

Fr. Nathaniel is leaving Sunday afternoon for Graymoor, N. Y., where he will take up administrative work at a preparatory seminary. He and the new pastor were honored at a church dinner and program last Sunday, when members of St. Anthony's Church expressed their appreciation for Fr. Nathaniel's work and their welcome to Fr. Albert. The congregation presented Fr. Nathaniel with a monogrammed bill fold.

The new pastor comes here from Graymoor, where he has been teaching most of the time since his ordination. This will be his first regular pastorate.

Fr. A. J. Milano, for more than a year assistant pastor at St. Anthony's, will return soon to carry on his work. He has been attending special church meetings at Graymoor.

## C. J. Crump Buys Roberson Battery

Announcement was made this week of the sale of Roberson's Battery and Electric Shop to C. J. Crump, who took over active management of the shop today.

In making the announcement, Jeff Roberson expressed appreciation to his friends for their consideration and pointed out that he is forced to leave the business due to poor health.

Mr. Crump comes to Hereford from Borger, where he has been employed in the Phillips 66 plant for the past ten years. He is well known in this community, however, having married Zela Mae Walsler, daughter of Mr. and Mrs. S. L. Walsler, and has visited here frequently.

"I hope to pick up right where Jeff left off," said Mr. Crump. "We are keeping the same employees, the same lines of merchandise and will feature the same type of service."

He also stated that he was anxious to become better acquainted with the people of this community and invited them to visit him in the new location.

## Gov't. Threatens Crack-Down on Service Stations Violating 72-Hour Week

The following revue of government regulations concerning the 72-hour week in service station operation is being printed here at the special request of the Petroleum Administration for War.

Announcement has been made by Petroleum Administrator Harold L. Ickes of the first suspension order prohibiting gasoline deliveries to a service station. (Continued on Page 12)

## Labor Shortage Over, Thanks to Arrival of Santa Claus—3 of 'Em

Santa Claus—three of them to be exact, and in uniform—turned up this week to help Mr. and Mrs. Louis Hucker with their harvest labor problem.

The Huckerts had scoured the country for harvest hands and results had been non-existent, when their son, Charles, a mechanic at the Lubbock Air Base, arrived last week to give some experienced assistance. Then on Sunday, arrived Lt. Louis Hucker, Jr., Army Air Corps pilot from Randolph Field, who planned to spend a brief leave piloting a tractor around a field. And on Monday, son Mike came in to get a harvest field "rest" from his labors in helping build the Alean highway.

The Huckerts had not expected any of the boys, but admit that they would not trade harvest hands with anyone in the territory.

## Wilson's Do Their Share In Blasting The Axis . . . At Sea and in the Air

Pictured are Lt. Wendell Kermit Wilson and Ens. Woodrow B. Wilson, sons of Mr. and Mrs. S. O. Wilson of Hereford. Lieutenant Wilson, a Flying Fortress pilot, was reported last week to be "missing in action" following a raid (presumably the June 13th raid on Kell and Bremen) in which American bombers took heavy losses.

Lieutenant Wilson graduated from Hereford High in 1934. He was president of his class from the sophomore through the senior years and took an active part in all school activities. He lettered in basketball and was drum major of the high school band.

In civilian life he was a chiropractor and had practiced at Post and Colorado City. When the United States entered the war he applied for entrance into the Army Air Corps and made one of the highest grades in his group on the qualifying examinations.

Taking his primary and basic training at Santa Ana and Chico, Calif., Lieutenant Wilson received his wings on Nov. 23, 1942 at Luke Field, Ariz. Having volunteered for training as pilot of a B-24 Flying Fortress, he graduated about a week ahead of his class and was sent to Rapid City, S. D., for further training. He left for England, April 9, and after a layover in the Bahamas, reached his destination, probably about April 14.

## Nephew of Hereford People Killed In Car Crash Sunday

Lt. William Roger Monday, son of Mrs. M. C. Garrett of Amarillo and nephew of Walter Dunlap and Mrs. Clara McLean of Hereford, was killed Sunday when the jeep in which he was driving to investigate an airplane crash hit a pillar near a hotel entrance in Augusta, Ga., and turned over.

Mrs. McLean, with her sisters, Mrs. Garrett and Mrs. Luther Hough, both of Amarillo, left Sunday for Dallas, where funeral services were scheduled to be held today. Mr. Dunlap and a niece, Mrs. W. J. Lovan of Amarillo, left yesterday for Dallas.

## Few Business Houses To Take July 5 Holiday

The banks and beauty shops will take a Fourth of July holiday on Monday, July 5, and some other business houses may take the Monday holiday, though no definite announcement has been made.

The city office will be closed on Monday, Mayor C. J. Paddock announces, and the county library will also take the July 5 holiday. No plans have been made for any community celebration of Independence Day as harvest will still be in progress and the season is a busy one for everyone.

The USO, located in temporary quarters at the City Hall, will open today, with hours tentatively set for from one o'clock in the afternoon until 11 o'clock at night. Mrs. John H. Olson, who has accepted the position as director of the club, states that since the USO did not gain possession of the hall until today, probably much of the time for several days will have to be spent "just moving in."

Though no special introductory program has been planned, Mrs. Olson points out that it is the desire of the Council that servicemen from the Hereford Internment Camp shall visit the club and feel at home there. Stationery, books and games have already been provided and in the near future an organized recreation program will start.

Response to the request for volunteer help has been slow, Mrs. Ed Loerwald, volunteer recruiting chairman states. However, Mrs. Loerwald believes that plenty of help will be available and that duties will not be burdensome on any one person. She urges that all persons who have volunteer recruit application forms fill them in immediately and mail them to her at box 283. In response to some inquiries as to types of services which may be needed at the USO, Mrs. Loerwald gives this list of services performed by volunteers at the Amarillo clubs:

Play piano or other instrument; sewing service (includes sewing buttons, chevrons, etc. or teaching a sewing class for young mothers); building host-

## No Need For Confusion In Use of No. 3 Book

The new No. 3 ration books which consumers are receiving through the mail are complete and ready for use whenever the OPA declares them valid. It was stated this week by members of the county war price and rationing board, who point out that a number of persons have come by the office to get stamps for the upper right hand corner "validation stamp" space and to ask the local board to fill in the space marked "Local Board Action."

These books as sent from the Dallas mailing center are complete and will require no action from the local board, the statement emphasized.

It is also unnecessary to contact the local board relative to the use of the new books. They will not be used at present and there will be announcements concerning their use in plenty of time for consumers to know how and when to use the No. 3 book.

The board will greatly appreciate the cooperation of the public in these matters as needless inquiries can waste a good deal of time—both for the consumer and for the clerk of the board.

## Applications For New "A" Ration Books Available

Application blanks for renewal of "A" gas ration books have arrived here and have been placed at all filling stations and tire stores in the county. A supply is also available at Kinsey Motor Company.

Clerks at the gas rationing office point out that each "A" book holder is supposed to fill out his own renewal application and should not ask the service station attendant or employees or members of the board to fill it out for him. The application must include the tire inspection record, showing at least one inspection since the original "A" book was issued and with the application must be submitted the back cover of the present ration book, correctly filled in and signed.

Applications should be mailed to the local gas ration board or may be brought by the office. Persons who have "A" books only (no supplemental ration) will probably receive their new books first; but it is hoped to have all new books in the hands of consumers by July 21.

"If you have trash that needs to be collected immediately, call the city office and we will have our collector pick it up as soon as possible," says Mr. Paddock.

The breaking of the drought will probably mean the planting of several thousand more acres of row crops and grain sorghums than farmers had anticipated. In fact, up to last week it was estimated that probably not more than 15 percent of the row crop acreage originally planned had been planted, and the rains have brightened prospects sufficiently for the county to look forward to a nearly normal crop.

Though it is late to plant row crop, County Agent A. R. Balesman believes that grain sorghums may be planted as late as July 15 and still mature before harvest.

Following the arrival of a personal telegram from Henry Morganthau, Jr., secretary of the treasury, in which J. C. Penney Company employees were lauded for their \$8,422,563.85 in bond sales during their campaign last July, S. B. McLallen, Hereford Store manager, today asked cooperation of the public in conducting the bond drive again this year.

The J. C. Penney quota for July, 1943, has been set at 10 million dollars and the Hereford store will take an active part in helping to put the company over the top. Both bonds and stamps will be on sale in the store here during the entire month of July.

"Just mention to your favorite clerk that you wish to buy a bond," said Mr. McLallen, "and we will make the sale just as cheerfully as if it were merchandise—even more so, because we feel that we are selling you a share in America." All persons were also encouraged to invest their change in War Stamps.

## Penneys Take Part in July Bond Program

"We want all of our friends and customers to help us in this drive," Mr. McLallen continued. "We know that this community has always gone over the top when it was called upon—and we are hoping that the Penney Store will follow the lead and go over with a bang. We appreciate anything you may buy, from a 10-cent stamp to a thousand dollar bond."

## Big-Time Rodeo Booked For Amarillo July 2-4

For the first time in five years, the Tri-State Fair has booked a big-time rodeo for four shows, July 2, 3, 4, in Amarillo.

There will be shows each afternoon and on Saturday night, July 3. Beutler Brothers will direct the rodeo in which both amateurs and professionals will compete.

## Improved Trash Collection Service Offered By City

An improvement in trash and garbage collection service in Hereford residential districts was indicated this week when Mayor C. J. Paddock announced the employment by the city of a full-time garbage collector, who started work Monday.

"We will try to establish a regular collection route," Mr. Paddock states, "and as soon as the route is worked out, citizens will know when to have trash and garbage placed in alleys for collection. In the meantime, most trash (except food and other perishable items) may be left at regular collection points and the city employee will pick it up."

"If you have trash that needs to be collected immediately, call the city office and we will have our collector pick it up as soon as possible," says Mr. Paddock.

Rains which started Tuesday in the Hereford territory were holding up wheat harvest this week, but farmers generally were rejoicing at the coming of much-needed moisture despite the harvest delay.

Total rainfall here this week has been 1.29 inches, with 29 inches falling Monday night, .93 Tuesday and .07 yesterday. The fall is reported heavier in some rural communities, but good rains were general throughout the Panhandle, which has been suffering the worst drought in several years.

The breaking of the drought will probably mean the planting of several thousand more acres of row crops and grain sorghums than farmers had anticipated. In fact, up to last week it was estimated that probably not more than 15 percent of the row crop acreage originally planned had been planted, and the rains have brightened prospects sufficiently for the county to look forward to a nearly normal crop.

Though it is late to plant row crop, County Agent A. R. Balesman believes that grain sorghums may be planted as late as July 15 and still mature before harvest.

are now being built with American-Made Synthetic Rubber

In 1933, Firestone built the FIRST synthetic rubber airplane tires for our armed forces. In 1934, Firestone built its FIRST synthetic rubber passenger car tires. In 1940, Firestone FIRST went into production on synthetic rubber passenger car tires and began the manufacture of its own synthetic rubber, called Butaprene, the same type that was later adopted by the Government. And today Firestone is making synthetic rubber tires for passenger cars, trucks, buses, airplanes, tractors, farm implements and all types of war vehicles.

As a result of this leadership and experience, the Firestone DeLuxe Champion Tire, for mileage, strength and safety, upholds the Firestone tradition of "Best in Rubber, Synthetic or Natural."

If you are eligible and require new tires, come in and let us help you make out your tire rationing certificate.

For safety's sake!

## Federated Council of Church Women Name New Leaders At Tuesday Meet

New officers were elected Tuesday afternoon at the meeting held by the Council of Church Women at the Methodist Church.

Mrs. R. P. Conaway, outgoing president, opened the meeting and Mrs. J. E. Beyer gave the devotional talk. Miss Mary Ann Baird sang "My Task" accompanied by Mrs. Harold Bonesto at the piano.

Rev. Marvin Boyd was the principal speaker for the afternoon, choosing the subject, "Women in a World of Peace." He stressed the thought that the world may have peace through the cooperative effort of Christian women, combined with divine guidance.

Mrs. Ed Loerwald explained the work of the U S O in this locality and told how all may share in its activities.

After the program a business session was held when new officers were elected and annual reports were heard. The new leaders include Mrs. Carl Oldham, president; Mrs. Arch Conklin, vice-president; Mrs. A. L. Manjeet, secretary-treasurer; and Mrs. Knox Kinard, publicity chairman.

Following the meeting a social hour was enjoyed with members of the Woman's Society for Christian Service of the Methodist Church as hostesses.

## Dallas Visitor Is Complimented At Several Parties

Mrs. Jack Mounts, who has returned to her home in Dallas after a three week's visit here with relatives, was honored at several informal affairs during her stay here. Among them were two enjoyable breakfast parties given last week by Mesdames S. P. Rosson, C. C. Acker, and H. K. Fox.

Mrs. Rosson entertained on Wednesday morning with a breakfast-bridge, using shasta daisies and gallardia to carry out a yellow and white color scheme in decorations.

Places were laid for 12 and after the breakfast guests played contract with awards given to the honor guest and Mrs. C. C. Acker.

Those attending were Mesdames Jack Mounts, J. A. Pitman, C. C. Rockwell, Seth B. Holman, A. R. Bateman, E. B. Hedrick, H. K. Fox, C. C. Acker, W. L. Davis, Jimmie Gillentine, Colby Conkright, and Miss Eloise Pitman.

**Breakfast On Friday**  
Mrs. Fox and Mrs. Acker were hostesses at the Fox home at a breakfast Friday morning in which flowers to carry out a patriotic color idea were used. Bouquets of red, white and blue blossoms made attractive decorations at tables for four. Those seated were Mesdames C. C. Rockwell, J. A. Pitman, Alton Fraser, E. B. Hedrick, Seth B. Holman, A. R. Bateman, S. P. Rosson, H. A. Close, W. L. Davis, Oscar Basley, Jimmie Gillentine and the honoree.

In contract games after the breakfast, the honor guest was presented with a gift and Mrs. Gillentine was awarded the high score prize.

## H-D CLUB MEETS WITH MRS. THOMAS

Mrs. Zerrell Thomas was hostess for the Simms Home Demonstration Club Thursday afternoon.

Canning equipment and testing of pressure cookers was the subject discussed by Miss Sadie Lee Oliver, OHDA.

The second quilt donated to the Red Cross by the club, was displayed and made ready to present to the local chapter.

The next meeting will be held in the home of Mrs. Glenn Hetzler on July 22.

Those present were Mesdames Glenn Hetzler, Haley Shaw, Elmer Carlson, Ed Thomas, E. W. Jackson of Vega, Miss Oliver and the hostess.

## FAMILY REUNION IS HELD HERE ON FATHER'S BIRTHDAY

In honoring E. B. Miles on Father's Day, a family reunion was held at the Miles home on Sunday June 20. Also honored at the reunion get-together was Flight Officer Ferrel Miles who was home from Casper, Wyo., on a short furlough.

Enjoying the occasion were Mr. and Mrs. E. B. Miles, Flight Officer and Mrs. Ferrel Miles; Sgt. and Mrs. Hurschel Blanton, James, Eugene and Francis Miles and Mr. and Mrs. P. M. Houser.

One son, Pvt. Wallace Miles who is on maneuvers in Louisiana, was unable to attend the reunion.

## Attend Annual Encampment At Ceta Canyon

A group of young people from the local Methodist church are attending the annual Intermediate Camp held at the Methodist Camp Ground at Ceta Canyon this week.

Rev. Don R. Davidson of White Deer is general director, assisted by other pastors and laymen of the two districts.

Between 40 and 50 churches from the Amarillo and Perryton Districts have representatives at the camp which will stress instruction in Bible, dramatics and handicraft. Swimming and hiking and other recreational features will be included.

Attending from Hereford are Jeareen Sowell, Johnny Sexton, Frankie Mae White, Kathleen Brunson, Leo Hicks and Miss Juno Glascock, sponsor of the Hereford group. Rev. Marvin Boyd accompanied the group to the camp and will return for them at noon Friday when the outing comes to a close.

## Los Angeles or Bust!

Meet Minnie Sperla, left, and Rose Kurek, the Buffalo-to-Los Angeles equestriennes. Ordered to the coast for her health, Rose persuaded Minnie to accompany her, and what with trains so crowded and gasoline rationed, they decided to make the 2128-mile trip by pony express. Fuel runs three out-gallons a day, and they get around 10 miles a gallon. This has been going on since May 16 (1943). They're pictured in Chicago.

## Catholic Ceremony Solemnized Here For Medford, Massachusetts, Couple

Miss Olive Anderson, daughter of Mr. and Mrs. Ole Anderson, of Medford, Mass., became the bride of Francis L. Myers, son of the late Mr. and Mrs. George B. Myers, also of Medford, Thursday, June 24, at the Rectory of St. Anthony's Catholic Church here.

Lt. Ferreri, Chaplain at the Hereford Internment Camp, read the ceremony before a few friends.

Mrs. John Paetzold and Mrs. Joseph Paetzold were bridesmaids and other attendants were Sgt. George Brown, Sgt. Everett Webb, and Sgt. Harold Lavalle. The bride was married in a dusty pink crepe dress with matching shoes and other accessories. She wore a pink lilac hat and her corsage was of white carnations.

Following the ceremony a wedding dinner was given at the John Paetzold home where a wedding cake was featured. Following a short wedding trip the couple has returned to make their home here for the present at the country home of Mrs. Joe Huckert.

The bridegroom is stationed at the Hereford Internment Camp.

From Bentauji War Prison Camp, located on a remote Japanese island, Pvt. Gayle Neal, U. S. Marine Corps, wrote to his parents last Sept. 16. Mr. and Mrs. Neal, formerly of Hereford, received the long-awaited letter this week. Gayle is a grandson of W. A. Neal of Hereford and a nephew of Mrs. J. C. Ricketts.

Enclosed with the letter from Pvt. Neal, who has been a Japanese prisoner of war since early in the hostilities with the Japanese, were two small pictures which his Jap captors snapped and allowed him to send home. Mr. and Mrs. Neal declared their son to be looking healthy and well.

Pvt. Neal was one of a small group of Marines captured at Guam. His letter had passed through German army hands before reaching the International Red Cross prisoner's letter exchange at Geneva, Switzerland. Stamped on the back of the envelope was the seal of a German army commander who opened and read the letter and passed it on without censoring.

Pvt. Neal wrote:

Dear Dad, Mother and Buddy:

"Hello again. I am still making it O. K. but getting restless. A fine record I have set. I've been captured longer than I've been in the Marine Corps. How about that! I crushed my toes while working in Osaka, but they are about well now. About 100 pounds of pig tin sure flattens one's toes out. Well, I sure made out on the letters, seven in all. I wish the one I received from you had been longer, but just to hear from you was good enough. I received two letters from Jean, two from June, and one from Alma and one from Marion Ross. Tell them I enjoyed them beyond expression and wish that I could write them, but I am allowed only one letter and this is it. John Muller and Marsh Kallgren, two boys from Maple and I have become fast friends. We have not tired of one another like most "buddies" or friends do in a prison camp. We have gotten along very well with no arguments or disputes. I guess it is a real friendship. Oh yes, dad, I was on my way back to the States. My grades were O. K. and also my flight physical. I was waiting on the ship. I doubt if I could pass the boy scout physical now tho. Something else—the only thing I have left is my watch and it's still thrashing away. Very glad to hear of the wonderful wheat crops. I am glad Grandpa is still O. K. What is he doing in Illinois this time of year? I hope his health holds out, because I ought to be back pretty pronto. Well my bill is about used up, so I'll be seeing you. Hows for some snapshots? There will be one, possibly three, pictures of me in this letter. How do you like my socks? Love,

Gayle

## Garden Club Guest Day Picture-Event Delights Guests and Members Alike

One of the most delightful events of the season was the guest day program held by the Garden Club at the Star Theater Friday morning featuring a color-plate picture on "Glamorous Table Settings For All Occasions."

Mrs. F. M. Kester explained the pictures as they were shown and Mrs. P. H. Gilliland pointed out the unusual points of interests.

Tables shown in complete color harmony included the breakfast table, informal luncheon, formal luncheon, dinner, formal dinner, buffet table, patriotic table, Navy table, girl graduate's table, tea table, St. Patrick's Day table, beverage table, A Christmas table, hallo-wen table, Thanksgiving table, birthday table, tiny-tot party table and the bride's tables including an arrangement for a shower and for an announcement party.

In addition to the pictures four tables arranged by members of the Garden Club, were shown with appointments done correctly and incorrectly done. Members and guests were given score cards by which to judge each table and a prize was presented to Mrs. Ralph Hastings who had a perfect score. Prize was presented by The Postoria

## Mrs. Jack Bradley Honors Guest At Enjoyable Parties

Mrs. Jack Bradley entertained with two parties last week honoring her mother, Mrs. Ruby French of Brownwood.

Midsummer flowers furnished bright decorations for the entertaining rooms on both occasions. Two tables of players enjoyed contract games on Wednesday afternoon with high score prizes going to Mrs. Henry Benson, high, and Mrs. Clyde Cave, second high. Others making up the party were Mesdames Ralph Roden, Chas Hardwick, Sylvester Slagle, Ralph Hastings, Carl McCaslin and the honoree.

**Thursday Contract Party**  
Three tables of players enjoyed the Thursday afternoon party with Mrs. Troy Moore playing high for the score award and Mrs. W. A. Teter playing second high.

Attending the party were Mesdames Grant Fuller, N. E. Milburn, W. A. Teter, George V. Stambaugh, Ernest Medkief, Meade Hallie, Woodrow Ireland, Troy Moore, Howard Gault, R. L. Craner, H. A. Close, and the honoree.

## Fighter Chief

Brig-Gen. Paul B. Wurtsmith, chief of the 5th Air Force fighter command, jolts against the grass wall of his thatched hut headquarters "somewhere" in New Guinea and makes a telephone call to "somewhere" else.

## What a World!

## CHDA NOTES

This is the growing season, and unfortunately the fact holds good for insect pests as well as for the vegetables in your garden and the shrubs and flowers in your yard.

The red spider, a microscopic creature which can be seen only with a magnifier causes the leaves of many plants, including arborvitae and cedar, to start drying and dying at the center of the plant. A heavy, beating rain will destroy the pest but the best home control is a strong stream of water directed to reach all parts of the plant, especially the inner portions, and repeated twice weekly. Dusting thoroughly with finely-ground sulphur also gives effective control. The pest thrives in dry, warm weather and this year has appeared earlier than usual.

When bagworms hatch, infested plants should be sprayed with a mixture of two to three level teaspoonful of lead arsenate to one gallon of water. See that the spray reaches all parts of the plants. As the pest becomes older, it seems to develop resistance to poison and therefore is harder to control. Fully grown bagworms, which reach a length of about three inches, should be picked off shrubbery and burned.

If you have decided to try dehydration as a method of conserving some of your surplus garden produce, you will be interested in knowing the bean varieties which Dept. of Agriculture experts consider best for drying: Arrow Stringless Green Pod; Lazy Wife (a pole variety grown for years under the name, "Black Cornfield") and Stringless Kidney Wax. These varieties are superior in color, flavor and freedom from toughness or woodiness. Good but slightly lower in table qualities are: Bountiful, Stringless Valentine and Dwarf Horticultural.

Excerpt from a Turkey News Letter by W. A. Phillips:

"How about a growing mash? —Everybody else is worrying about that too. Here's a letter I received today. I quote, 'How are we turkey growers going to feed this summer? I can't get any meat scraps anywhere. Should I cancel my poult order? Isn't there any way to get a reasonably good feed without meat scraps? We have oats, corn, wheat and soybean oil meal.' Heavenly Days, what more does she want? It's in the bag. Now then, I'm going to give you your choice of two growing rations. The first one we'll call orthodox and the second is for the adventurous souls who will try anything once. We'll call this the unorthodox ration. Both are to be used as GROWING rations from the time the birds get off the sun porches or out of the brooder houses (seven to eight weeks) on through to market. Both are to be used when the birds are on some good green pasture such as alfalfa.

This is the Orthodox:  
Gr. yellow corn, 235; wheat bran, 100; gr. wheat, 200; gr. oats 185; meat scraps (when avail-

able), 25; soybean oil meal, 215; bone meal (or else), 5; gr. limestone, 5; salt.

"This next one is the unorthodox or rock bottom, beat-the-Axis ration. It did a fine job on many farms last year. This ration looks a bit messy, but what of it... here it is:  
Gr. corn, 200; whole oats, 200; whole wheat, 400; soybean oil meal, 200; bone meal (or you know what), 5; salt.

"This whole mess is mixed together and fed in hoppers the same as any other mash. Since the birds appear to go for the oats and wheat whole, why grind

it? Take either of the above rations and you'll do all right by yourself."

It's going to be hard to buy any fruit for canning this year, and the price is going to be high for all fruits on the market, so persons who have small orchards can feel really fortunate, and the rest of us can make plans to have fruit next year:

J. E. Cockrell has a hybrid cherry plum (Opata) which has had a big crop this year; and Mrs. Clyde Cocanougher has one Opata and one sapa plum which have borne well. And incident-

ally, there is money in fruit. Mrs. E. H. Herr, made \$4 a gallon from cherries from her orchard this year.

Mrs. Jim Lipscomb discussed "The Use of Flowers in All Types of Containers" with demonstrations on mass, symmetrical mass, modern and line arrangements. Members making the arrangements were Mrs. A. L. Manjeot, Mrs. J. P. Siaton, Mrs. Jim Lipscomb and Mrs. W. C. Hromas who arranged bluebells she had gathered along the roadside on a return trip from Stephenville.

Approximately 60 members and guests enjoyed the special guest-day event.

# Help WANTED

Maybe you are busy, but who isn't? There is a job to do on the home front . . . an important job of furnishing recreation and entertainment for the boys in uniform.

Hereford's U. S. O. Center is now going in temporary quarters. The committees are asking for YOUR assistance in many ways.

Can you spare one day, or one evening a week! It may be difficult, but certainly no more difficult than the 24 hours a day which these boys are giving their country.

## Dr. Louis Barnett and Bride Return Here After Wedding In Fort Worth

A wedding of interest here is that of Miss Doris Owens, daughter of Mrs. Lola Owens of Dallas, and Dr. Louis B. Barnett, son of Mr. and Mrs. R. E. Barnett of Friona, which took place in Fort Worth on Friday, June 25, in the First Baptist Church parsonage with the Rev. Obey Nelson, pastor, officiating.

Only a few relatives and friends were present for the ceremony. Attendants were Miss Celeste Cropp and Dr. C. F. Fuus, both of Dallas.

The bride wore an all-white frock with navy accessories. Her flowers were gardenias. She is a graduate of Woodrow Wilson

High School in Dallas and after announcement of the approaching marriage, several showers, dinner parties and a tea were given in honor of the bride-elect.

Dr. Barnett is a graduate of W. T. S. C. Canyon and received his M. D. degree recently at Baylor University College of Medicine in Dallas.

At present Dr. Barnett, who is a lieutenant (J. g.) in the U. S. Navy, is assisting Dr. R. R. Wills in Hereford and will remain here until he receives his call for Navy duty.

## Fellowship Luncheon Given by W. S. C. S.

The Woman's Society for Christian Service of the Methodist Church held their quarterly fellowship luncheon at the church yesterday. Hostesses were Mesdames Homer Henslee, R. P. Conaway, B. R. Dixon, Cawthon Bryant, J. C. Cummins and J. E. Beyer.

Tables for the luncheon carried out a blue and white color theme with spasta daisies and delphinium. The afternoon program opened at two o'clock with Mrs. Marvin Boyd leading. She spoke on Spiritual Life quoting R. L. Stevenson in conclusion saying "Quiet minds cannot be perplexed or frightened, but go on in fortune or misfortune at their own private pace like a clock in a thunderstorm."

Mrs. Knox Kinard gave a brief summary of the study on peace, "A Just and Durable Peace" and questions on peace were discussed by members. Walter Lippman's "U. S. Foreign Policies" in the current Readers Digest was recommended for reading.

Reports from officers and committee chairmen were heard and announcement was made that the next meeting will be held at the church next Wednesday at 4 o'clock.

## AMERICAN HEROES

BY LEFF

Although wounded by a Jap's vicious hooked bayonet in hand-to-hand combat on Guadalcanal, Marine Pfc. Harold Pasofsky of Brooklyn, N. Y., finally succeeded in cutting his opponent down with his machete. Our boys are willing to spend their lives. How much more can you afford to lend by increasing your Payroll Savings allotment? Take a pencil and figure it out.

## AMERICAN HEROES

BY LEFF

Because he scaled the walls of the fortification at Kasha-Mehdia, French Morocco, and from that hazardous position diverted the attention of the enemy with his rifle fire, enabling our troops to enter through the main gates of the fort, Pfc. C. L. Mohler was awarded the Distinguished Service Cross. He risked his life for you. How many more Bonds and Stamps can you afford, to help him? Figure it out yourself.

## DINNER HERE HONORS MARINE

George B. Pace, Jr. was honored Thursday at a dinner given in the home of his parents as a farewell affair before he left for the U. S. Marines on Sunday. Also honored were his sister, Mrs. Terry O. Walker and Pvt. Walker who left on Friday for Sparta, Wisconsin.

Those enjoying the day were Estelle and Mary Pace, an uncle, Ross Errington and out of town

guests who included Mrs. Mae Walker and son of Shamrock, T. J. Walker of Clovis, N. M., the honorees and the hosts.

# Do You Remember?

JULY 3, 1903.

A contractor is reported to have made his appearance last week at Texico, the western terminus of the Quanah and Hell-western, and made the statement that he wanted 10,000 tons of alfalfa hay along the route from Paducah to Texico. Our informant says that he not only made this statement but commenced buying up all the hay in the country. This can only mean one thing: that the railroad people are in earnest and may begin work as soon as the survey is completed.

On the morning of June 30, Hon. R. M. Love, State Controller of Public Accounts, was shot by William G. Hill, a former employee of Col. Love's department. It is coming to a pretty pass when a godfearing gentleman like Col. Love is not safe in his own private office from the attack of an assassin.

JULY 4, 1918.

L. Baskin returned Saturday from Oklahoma where — (at the 101 Ranch) he saw 30 German prisoners at work threshing wheat and putting up alfalfa. Among these prisoners were men of a great many trades, and the Miller brothers are well pleased with the work they are doing. They are working without guards and are so well contented that Zack Miller told Mr. Baskin he fully believed some of them would be working on the ranch ten years from now. These men receive \$3.00 per day from Miller Bros. and in addition \$20 per month from the German government.

Guy Renfro, son of Mr. and Mrs. Eugene Renfro of Hereford, was killed instantly about 12:30 o'clock Sunday morning when the automobile he was driving turned turtle at the railroad crossing between Dawn and Umbarger. The unfortunate young man, who was 19 years of age, was accompanied by a chum, Irvin Robinson, who escaped with only slight injuries.

Captain Mullins and Lt. Bobo McLean of the cavalry troop returned home Tuesday morning from a trip to Dallas, where all the officers of the Fourth Cavalry Regiment gathered Friday and Saturday for instructions.

There are now 42 theatres which cost over \$500,000, in operation in camps and cantonments throughout the country. Nearly 100 vaudeville acts have been brought from the large circuits to play in these theatres only; about 50 acts have been secured from Chautauqua and lyceum bureaus; 35 comedy companies are playing in these theatres exclusively.

### Dawn Items

By HELEN OGLESBY

Sunday was a rather full day for the people in Dawn for we entertained 36 soldiers from the Hereford Camp here in the church. Lieutenant Anderson was the officer who was with the soldiers that came. The soldiers attended Sunday School and church services then were served a dinner by the people in Dawn and then they went to several of the homes close to the church and were entertained with horseback riding, singing and baseball. After the afternoon services were held the soldiers were served ice cream and cake and then they were taken back to camp. Every one enjoyed the boys a great deal and we hope

his wife and children from headquarters were visitors in the Dawn church Sunday.

Miss Inez Miller spent the weekend in Hereford with friends and took dinner Sunday in the Henry Wedel home.

## In the Service

Pfc. Ervin Ward, who is stationed at Camp Livingston, La., and Ethridge Ward, Jr., a co-wain in the U. S. Coast Guard and stationed at Miami Beach, Fla., left for their posts last week-end after a visit here with their parents, Mr. and Mrs. E. Ward. The Wards have a third son in service—Alvif Earl Ward, who graduated May 29 from the Naval Training School at Norman, Okla., and is now stationed at San Francisco, Calif.

Flight Officer Irwin Ferrell Miles, son of Mr. and Mrs. E. B. Miles, was here last week on a few days leave while enroute from Casper, Wyo., to the Army Air Base at Kearney, Neb., where he is now stationed. After his arrival at Kearney, Miles was notified of his promotion to the grade of first lieutenant. He is first pilot of a B-17 Flying Fortress and expects to get foreign duty soon.

Sgt. Vernon Williams, son of Mr. and Mrs. L. H. Williams, is now in England and writes that he wishes he could share with the Panhandle some of the rain which England receives.

Pfc. Leo S. Rudd, son of Mr. and Mrs. C. I. Rudd, has been assigned to the Army Air Forces Technical Training School at Sioux Falls, S. D. Prior to his induction into the Army Air Forces on March 18, 1943, Rudd was employed as a clerk at the S. L. Harman store in Hereford.

Cpl. Vernon W. Wederbrook of the U. S. Marine Corps, who has been in action in the Solomons, on Guadalcanal and Tulagi, has returned to the United States and is now in a Naval Hospital in California. He is expected to arrive in Hereford soon for a visit with his parents, Mr. and Mrs. Pat Wederbrook, and family.

Cpl. Albert H. Ferguson of Hereford is at present attending the Antiaircraft Artillery School at Camp Davis, N. C.

Sgt. Donald B. Brotherton graduated last week from the A. A. F. Flexible Gunnery School at Kingman, Ariz., and is now attending the aviation mechanics school at Amarillo Army Air Field.

Staff Sgt. Leo C. Rogers, member of a bomber combat crew on duty in North Africa has been decorated with the campaign service ribbon (for the North African theatre of war) with the air service medal and one oak leaf cluster. No specific details of the actions for which Rogers was cited have yet been received here, but from an Associated Press story which came out several months ago, it is known that he has taken part in missions which helped to blast the Axis out of Africa and the shipping lanes of the Mediterranean.

Rogers told of receiving his medals in a letter written to members of the local I. O. O. F. lodge. Leonard Foster writes a letter each week to members of the local Odd Fellows lodge now in the armed services and the Odd Fellows sign the letter at their regular meeting.

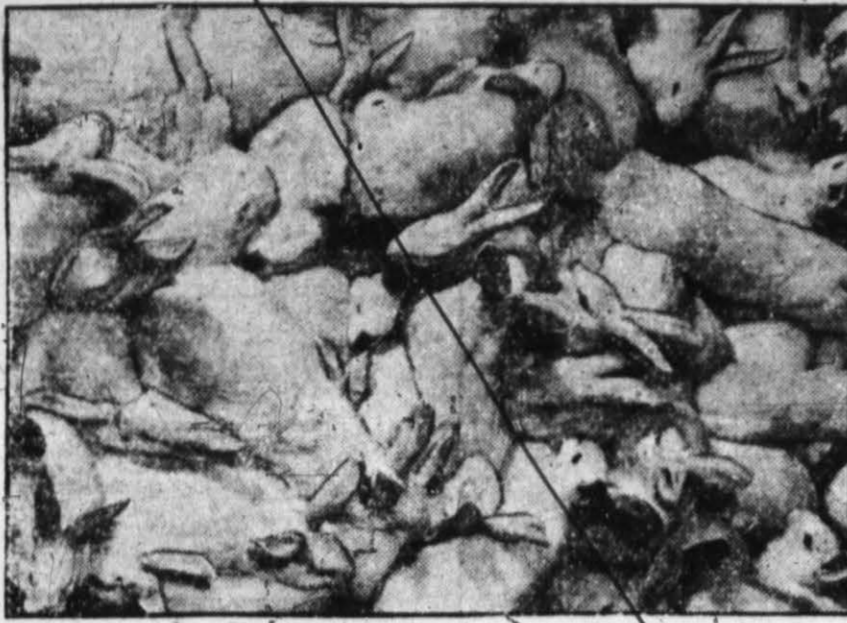

Staff Sgt. Rogers volunteered in January, 1942, and has never received a furlough. His parents, Mr. and Mrs. A. R. Rogers, believe that he has been in Africa since Feb. 20, 1943, and they have heard from him since the surrender of the Axis forces.

Not permitted to write much about official duties, Rogers has written to his mother about the services performed by the Red Cross and USO in providing recreation and services for the soldiers in their leisure hours. The Red Cross, he writes, serves coffee and doughnuts to the men two or three times each week and provides books and writing materials for them. In the larger cities they have a building and sometimes motion picture equipment. Altogether, the Red Cross is doing a fine work, Rogers reports. Of the USO, he says that it provides good entertainment for the men, who can "make a lot of trouble" when left to shift for themselves and find their own entertainment.

## Hare Fur for High Flying

From hare to flying harness in three scenes. At top are a group of New Zealand whites, some of the 2,860,000 rabbits raised annually in Los Angeles, Calif., world's largest rabbit raising center; they are placed on racks for stretching and drying preceding tanning, lower left, and finally become part of a suit for stratosphere flying, as modeled by Sgt. John Desput of the U. S. Army ferry command, lower right.

For unexpected guests or for a foursome of bridge sometime soon, serve these grape-nut cookies with something cold to drink. They are so easy to make that you can get them together even after guests arrive. They require no cooking and contain none of those little items we've been accustomed to using with such free and lavish hands. War-time has brought about many changes in cooking. The recipes of today must use simple and available foods and be quick and easy to prepare, for every housewife has more to do now than ever before. Mrs. Harold Wier of Muleshoe, formerly of Hereford, finds this recipe filling a war-time need.

**Grape-Nut Cookies**  
2 packages Bittersweet Chocolate  
1 cup Eagle Brand Milk  
1 cup grape nuts  
Vanilla

Melt the chocolate in double boiler, add the milk and stir well. Add the grape nuts and vanilla and blend all ingredients thoroughly. Drop by teaspoonfuls on waxed paper, let cool and they are ready to serve.

This recipe is very good with cocoa instead of the Bittersweet Chocolate, so if you cannot get the Bittersweet Chocolate, heat the milk in double boiler until it begins to thicken and add 1-2 cup cocoa. Blend well and then follow the recipe as given.

Harris family, Mr. and Mrs. Horace Hershey and family went fishing recently.

Lois Ann Carmichael spent a few days recently with Mrs. Pete Carmichael. She is the daughter of Woodrow Carmichael.

Misses Lucille Hughes of Hereford and Lucille Park spent last week end with Miss Opal Kittrell of Earth. Miss Kittrell was a former member of the Vega faculty.

Mrs. Pete Carmichael entertained with a party for Kenneth's birthday and Robert Russell's birthday at the School house Tuesday. Guests for the party included: Doris Russell, Melvin Jo Burgess, Patsy and E. D. Harris, Mary Katherine, Irene and Helen Edwards, Don Parsons and Forrest Ricketts. Mrs. Harris and Mrs. Clyde Russell were present.

Ice cream and cake were served after an hour of games. R. R. Lindsey is spending the week on a ranch near Canyon.

Elliot Brooks spent Wednesday with his sister, Mrs. P. J. Woodriddle, and niece Miss Betty Woodriddle, in Amarillo.

Mrs. W. H. Stephenson and Mrs. Elmer Robinson and children of Claude visited Mrs. T. J. Parsons last week.

The Carl Donovans family had a reunion at the home of Mrs. Gilbert Donovan in Oklahoma City last week. Mrs. Laura Donovan, the grandmother from Enid, Okla., Mrs. Pearl Donovan and Billy Dean from Pittsburgh, Kan., Mr. and Mrs. Harold Donovan and Wayne from Waco, Tex., Mr. and Mrs. Lyle Donovan and son from Kansas, Gilbert Donovan from the U. S. Marine hospital in Memphis, Tenn. This is the first time all of the Donovan family has been together in seven years. Lyle is soon to be inducted into the Navy. The Donovans formerly lived here.

Mary Lynn Edwards, daughter of Mr. and Mrs. Sebe Edwards of Loco, Tex., was graduated from Wellington High School in May. She was a member of the Wellington band and prominent in other activities of the school. The Edwards formerly lived in this community.

This community received a good rain on Tuesday. The row crops really needed it but wheat harvest was halted for a few days.

## Summerfield

MRS. GUY WALSER

Sunday School was attended by 92 Sunday morning. Rev. Marcus Rexrode was in Muleshoe and Rev. Claude White of Canyon filled the pulpit. Mrs. White was also present. There is to be another group of soldiers here Sunday so let's have a big crowd present for Sunday School and Church.

A group of girls who plan to start a G. A. organization met at the home of Mrs. B. E. Roberson last Wednesday night and spent the night. Those who enjoyed the party were Billie Ray Johnson, Dorothy and Charlene Lee, Thelma Lee Lindsey, Mary DeLozier, Joan Walser, Rosine Lance, Patricia Temple and Gayle Roberson.

Harvest started the latter part of last week in this community and is in full swing now. There are four cars ready to be shipped out. Harry Cannon, with the help of Marcus Rexrode and Otho Noland, is running the elevator. J. A. Noland and Roy Coker have had the highest wheat yield in this area with an average of 14 bushels per acre. Some of the wheat is being hauled to Black and Hereford. Some of the ladies in the community are doing double duty by driving

trucks and also doing housework.

Our community received from one to two inches of rain Tuesday morning. The row crops were needing rain. Some of the farmers have not yet sowed all of their crop and now they will be busy cutting wheat and finishing planting their crops.

Miss Joyce Sanders of Canyon is driving a tractor for her grandfather, Louie Huckert.

Mr. and Mrs. W. H. Walser and family spent Sunday in the Paul Sevier home north of Hereford.

Mrs. Guyeth Bogle of Adrian spent the weekend with her parents, Mr. and Mrs. Earl Lance.

Mrs. J. B. Noland was on the sick list last week.

Mrs. Perry McMinn of Dimmitt visited friends here Thursday. Mrs. McMinn formerly lived here.

Mr. and Mrs. H. A. McClanahan and family of Sunnyside and Mr. and Mrs. G. W. Privette and family of Springlake were guests in the home of Mr. and Mrs. Ross Royce and family Sunday.

Miss Bettie Sue Holland of Greenville and Marco Leta and Shirley Ann Sumner of Dallas are visiting in the home of their sister and aunt, Mrs. O. B. Sumner.

L. B. Lookingbill and Lee Curry were business visitors in Dimmitt Wednesday.

C. D. Hardesty and daughter Frances of Portales, N. M. spent the week end with their daughter and sister, Mrs. Frank Huckert and family. Frances remained to help her sister during harvest.

Lt. Louie Huckert, Jr., of San Antonio and Pvt. Mike Huckert, who is stationed in Alaska, are visiting their parents, Mr. and Mrs. Louie Huckert of Hereford. The Louie Huckerts formerly lived in our community. Mike has wheat south of here so he is here seeing about the cutting.

Mrs. W. B. Wright and son of Friona visited in the home of Mrs. Ross Royce and family Thursday.

### H. Trigg Buys Joel Switch Farm From Bank Trustees

H. Trigg of Ft. Sumner, N. M., has just completed negotiations for purchase of the 533 acre farm near Joel Switch from trustees of the shareholders of the Western National Bank.

H. C. Roberts, in announcing the sale stated that the bank has owned the farm, one of the best in the county, since 1927 and has operated it since 1931. The new owner will move to the property in the near future.

Present improvements on the place include a well-improved farm home, good outbuildings and one irrigation well. Mr. Trigg, who is known to many people in this section, having been engaged in farming operations here for several years, plans to go into truck farming, extensively and will put down two more wells on the place. He will also further improve and modernize the home. The sale was handled by R. M. Dunn.

Must be a conspiracy against coffee drinkers. The government waits until the arrival of real summer weather to announce that the coffee ration has been boosted to a pound every three weeks. Not that we're kicking about the increase, but it would have meant a lot more two months ago.

### Father To Visit Son in U. S. Army, Nephew in Italian

SEATTLE, WASH. —A letter Joseph Merlino got from Ernest Merlino in Texas gave him the surprise of his life.

It was not from his son, Ernest, 23, in officers training camp at Camp Wolters. It was from his nephew, Ernest, 23, an Italian soldier captured in Tunisia and a prisoner of war at the Hereford Internment Camp.

The letter, Merlino said, expressed his nephew's delight to be in America, "the land of millions." He last saw the youth in Italy in 1933 on a visit there. He has five brothers in Italy.

Merlino, a macaroni manufacturer, came to this country in 1906 and became an American citizen seven years later.

He plans a trip to Texas soon, to see both his son and nephew.

Rev. James Aiken, Jr., preached the funeral sermon and pallbearers were E. S. Ireland, Mont Baker, Reavis Kerr, R. C. McGilvary, Sank Ramey and Bill Hutson.

Masonic Rites were featured at the graveside service at West Park cemetery.

Relatives from out-of-town who attended the Suggs funeral were Mrs. Bob Stone, Mr. and Mrs. E. A. Comer and Mr. and Mrs. Jno. Comer, all of Clovis, N. M.

fore frost. Present prospects will be good if the weather clears up and farmers are able to finish harvest and get row crop planted within the next few weeks.

The rains proved a lifesaver for gardens, especially in town, where many property owners had not been able to keep all lawns, flowers and gardens irrigated and flourishing during last week's hot, dry weather.

Rains have not yet been sufficient to do any real damage to wheat, which is in some cases yielding better than farmers anticipated. Average yields reported thus far are ranging between 8 and 18 bushels per acre with some 25 bushel yields reported this week at Summerfield.

tion for violating the 72 hour week sales regulation.

The service station affected is one in Wichita, Kans., and deliveries have been cut off until August 23, 1943. This action is being taken because the owner of the service station evidenced a willful disregard of the wartime service station hours regulation by staying open more than the prescribed 72 hours a week and by refusing to post the hours during which he planned to sell gasoline.

Following is part of the government order which relates to service station hours:

"Each service station shall post a notice of the hours during which motor fuel shall be regularly delivered by such service station; such notice to be written or printed in block boldface

at Princeton University and went on active duty at about the same time—April 10, 1943—as his brother, Lt. W. K. Wilson.

Mrs. Wilson, the former Miss Alice Jo Murchison of Vernon, is now in Seattle, Wash., where Ensign Wilson makes port occasionally.

His job, admittedly one of the toughest in the Navy, takes him into dangerous sub-infested waters of the North Pacific; but ships such as the one on which Wilson serves will eventually bring the materials to knock Japan out of the war.

### AMERICAN HEROES

BY LEFF

The Distinguished Service Cross has been awarded Staff Sgt. Doyle Kimmerly of Huntington, Texas, for manning a sub-machine gun and returning the fire of low-flying enemy planes during the Jap attack on Hickam Field. When his ammunition was gone he ran from the cover of his truck to get more, and kept firing until the truck was bombed. He showed bravery beyond the call of duty. Figure out for yourself how much you can invest in War Savings beyond what you are doing now.
