

## Rural Roads Committee Adds Support To Road Bond Issue

Deaf Smith County Rural Roads committee reported on the proposed 55.9 miles of road which will be voted on in the form of a \$500,000 bond issue at county polls on October 1, this week. The report is as follows:

Voters of the County will have an opportunity to vote for a road program on October 1st, that has a promise of developing into a road system that will keep pace with other developments within the County. The Committee that was appointed early this year by the Commissioners court has recommended a program of approximately 55.9 miles at a cost of \$500,000. The amount includes the anticipated expenses for fence moving, dirt pits, and borrow pits. The State Highway Department will furnish all engineering and will take over

100% maintenance of the roads upon completion. It will take around 37¢ per \$1.00 assessed valuation to retire the bonds in 20 years. The average rate of interest on the bonds is about 2 1/2 per cent.

It is anticipated that with this foundation road program, the gaps and extensions will be filled in from year to year with State-Federal farm-to-market, road funds and will give the County a start toward achieving hard surfaced roads to the extent that it will benefit directly all of the people in the County.

Roads will be located as follows: 7 1/2 miles north and east of Dawn beginning at US highway 60; 5.9 miles East and south of Hereford beginning at US Highway 60; 5 miles South of Wildorado beginning at the County line; 2 1/2 miles West beginning at a point 14 miles North of Highway 51; and 14 miles north from Harrison Highway at Bootleg corner to connect with the 2 1/2 mile road.

Original plans had called for additional mileage, but because of the change in policy of the

State Highway Department and curtailment of Federal funds, it was not possible to place the overall plan in effect at this time, but it is felt that with a basis of 55 miles to work on, additional mileage will be added from year to year. Other counties in Texas have been working on similar plans and have made good progress in the past several years. Some to the extent that they have their road problems up to par with other developments within their counties.

The committee, and others interested, hope that the voters will endorse the plan as recommended as it is believed that much will have been accomplished if the plan is voted in by the carriage of the bond issue. Should the issue carry, it will certainly dispel any doubts that the highway department might have about Deaf Smith County wanting a hard-surfaced road system.

## QUESTION of the WEEK

"Do you think men look good in hats?"

Leona Paetzold. No. I think men, in general, look better without hats. I also think that it is better for the hair to not wear a hat.

Mrs. W. E. Blood. Yes, I think it is much more dignified for a man to wear a hat. He can choose his hat to match his personality just as a woman does.

Mrs. Wesley Brown. I sure do. If a man wears a hat, people have more respect for him. A man wearing a hat looks a lot more dressed up than one who doesn't.

Mrs. C. L. Bybee. Some types of hats, yes. My husband wears a snap brim hat and that is the type I like best. I don't like these western hats on any man. I also don't like these straw sailors. Some of the men's hats are as funny as the men say our women's hats are.

Mrs. M. J. Koelzer. Yes. Men look more dressed up and more distinguished when wearing a hat. I like the snap brim style best, but an occasional western style is alright.

Mrs. Rosa Speer. I like to see the men wearing a hat. For younger boys it is alright to go bare-headed but for men the hat should be on. I like a good style snap brim hat. No sailors or westerns.

Mrs. W. I. Valentine. It depends on where they go. For sports I don't think hats are in place. On other occasions, like church, I think hats should be worn by the men. I like a good snap brim felt.

Mrs. J. L. Woodford. I'd have to say yes because my husband would never go out of the house without one. I like the western style like my husband wears.

MEMORIAL FROM A MOTHER—A million stitches, each one by hand, have been used by Mrs. Nathan Jaques of Norwalk, Calif., in assembling this quilt made up of 75,385 individual squares of material. Informed that her son had been killed in the sinking of the aircraft carrier Lexington, Mrs. Jaques doubled her efforts to finish the project, hoping that its completion would give her the means to sail to the spot where the Lexington sank. She wants to cast a floral wreath on the water in memory of her son.

## Gilmer-Aiken Bill Importance Told To Lions Wednesday By Amarilloan

Charles M. Rodgers, superintendent of Amarillo Public Schools, told the Wednesday meeting of the Hereford Lions Club that "the most important piece of legislation that we have ever voted on is coming up on the November 8 election. The Gilmer-Aiken bill will mean the most efficient school system Texas has ever had."

Mr. Rodgers pointed out that our supply of qualified teachers determines what kind of training our children will get when they leave our homes and go into school. He said that under the new set-up maximum salaries for our teachers will be obtained.

"There has been no inducement for any of our college students or high school students to go into the teaching profession," he said. The groundwork and initial work for the new bill which is the reorganization of the Texas scholastic system was laid

and initiated 10 years ago. "Those leaders during the infancy of the bill are the leaders now." The bill was passed at the last session of the legislature.

Opposition is expected. "There will, undoubtedly, be strong opposition to the bill when it comes up in the November election. Opposing factions will be engaged in a bitter fight to either defeat it or, certainly, amend it."

Mr. Rodgers continued, "It is the duty of the citizens to go out and vote for its passage."

Another important part of the bill, that of equalization of financial support, was emphasized by the Amarillo educator.

Every school district will be indexed as to its financial potentialities and they will be assigned that much financial support. This will not put any unfair burden on any one district. The district will be required to pay as much as it can afford.

The state will supplement the assigned financial responsibilities of the various districts.

## THE WEATHER

Temperature readings from Thursday through Wednesday taken at 8 o'clock each morning.

Thursday—High 77, low 59. Friday—High 71, low 55, moisture .02.

Saturday—High 82, low 60. Sunday—High 72, low 59.

Monday—High 76, low 56. Tuesday—High 83, low 58. Wednesday—High 85, low 58.

Total moisture for September, 1.67. Total moisture for year—24.71.

## First Grain Sorghums Dribble In Full Harvest Expected In 50 Days

Grain sorghums started dribbling into Hereford elevators this week, most of it wet. Another report said the stuff was burned up and had been cut with a lot of wheat in it. All running low.

Friona Wheat Growers, Inc. took their first load of 1949 dry maize in Monday. R. R. Rule brought the load in. They also received a load of maize and hegarl too wet to market on Monday.

Prospects for the near 88,000

acres of Deaf Smith in grain sorghums bringing an enormous crop depends upon frost time, according to Faust Collier, Agriculture Conservation Association manager. He explained that production would be held down if late feed doesn't get a chance to come through.

Full Swing in November Harvest with decent weather should be grinding right along by the first of November, although some county farmers will probably be cutting after Christmas.

Loan rate this year is pegged at \$2.03, still ninety per cent of parity, but down 25 cent from the 1948 government loan price.

Storage facilities for the crop will probably be better than during the recent harvests, with far sighted farmers having on-the-farm-storage space that was used during wheat harvest, since the anticipated shortage at that time did not materialize.

About a third of the crop in the county has been replanted, and in some cases farmers' planted as many as three times. Seeding started in May and continued past middle June.

Reseeded After Rains Growers who reseeded after being washed out in the summer downpours generally replanted with early maturing varieties such as Double Dwarf and are not expected to be handicapped very much by the rains in the final analysis.

Other facts on the farm front this week included a PM and A report that wheat lost a cent or two during last week while white corn advanced 3 to 4 cents a bushel, yellow corn 5 to 7 and oats and barley a fraction. Milo gained 4 cents a hundred pounds. No. 1 hard wheat closed Monday at \$2.03 1/2 to \$2.36 1/2 at Texas common points. No. 2 yellow Milo sold from \$2.21 to \$2.26.

## Tax Increase Total 37 Cents For 1949 In Deaf Smith County

It is going to cost county taxpayers \$30,188.40 more to live this year than last according to the figures just released by Chief Office Deputy Sheriff, Worth Covington.

The 1949 state and county tax rolls, completed and released by the sheriff's office Wednesday, showed a total of \$186,568.56 as compared to \$156,400.16 for 1948.

Both the county and state taxes showed an increase while the common school taxes decreased. The decrease of the common school taxes was the result of the consolidation of territories under the Gilmer-Aiken Bill. A large part of the district was turned to the Adrian School district.

Statements will be mailed October 1. Payments can not be made before this date.

Here is the 1949 tax rolls broken down in detail:

|                                      |              |              |              |
|--------------------------------------|--------------|--------------|--------------|
| Total County tax valuation, 1948     | \$10,714,446 | 1949         | \$10,124,194 |
| Total County Tax                     | \$10,714,446 | \$10,124,194 |              |
| Valuation                            | \$10,714,446 | \$10,124,194 |              |
| Acres Property                       | 5,795,110    | 5,759,900    |              |
| City Property                        | 2,482,540    | 2,262,190    |              |
| Personal Property                    | 1,739,720    | 1,550,950    |              |
| Railroads, Banks and Utilities Value | 697,076      | 551,021      |              |
| Total Taxes (State, County & school) | \$166,588.56 | \$156,400.16 |              |
| County Taxes                         | \$101,786.88 | \$89,096.18  |              |
| State Taxes                          | \$64,921.76  | \$67,019.64  |              |
| Com. School Taxes                    | \$19,879.92  | \$1,284.34   |              |

The state tax rate for 1949 increased from .42 to .72 over 1948. The county taxes increased six cents, from .88 to .95.

The discount and penalty scale for payment of taxes are as follows:

| MONTH    | DIS. % |
|----------|--------|
| October  | 3%     |
| November | 2%     |
| December | 1%     |

Payments received in January are for the full amount with net discount or penalty. The penalty rate will be as follows:

| Month    | Penalty & Interest |
|----------|--------------------|
| February | 1 1/2%             |
| March    | 3%                 |
| April    | 4 1/2%             |
| May      | 6%                 |
| June     | 7 1/2%             |

The property goes delinquent if taxes are not received by July 1, 1950.

The tax roll indicated somewhat the growth of Hereford and Deaf Smith County. There were more property owners and more personal items acquired than ever before. There were 950,784 acres of land assessed in the county.

## Shirley School Open House Set For October 15

Parents of Shirley school students will be given a chance to look over the new building when an open house is held on October 15 at 8 o'clock in the evening. Superintendent of Schools George Graham said Wednesday it was not decided Wednesday whether a program would accompany the open house.

Even with the new building, three classes are now being held in the Central gymnasium. Shirley school is wired and plumbing is installed to handle six more rooms of students. At present there are 12 teachers, one principal and a superintendent of the school. Byron Durham, principal said each grade, first through sixth, had two sections, with one teacher in each section.

Final figures for Hereford entire school enrollment were released by George Graham Wednesday. First grade 186, second grade 179, third grade 16, fourth grade 148, fifth grade 12, sixth grade 150, seventh grade 123, eighth grade 135 and in his school 416. The above figures include Dawn district.

## NEED ACTUAL PARTICIPATION

## Streu Returns From Eight Day Camp Urges Men To Join In Scouting Work

Urlin Streu, District Boy Scout Commissioner, returned from an eight-day training period with the Scouts on a ranch near Cimmaron, N. M., Sunday. The training was on the Wood Badge course offered in the Scout training system.

"Wood Badge training is the equal of a Master's Degree in college," Mr. Streu said. The course is a very important one and of the 600,000 Scout workers in the United States only 216 were sent invitations.

Latest techniques and training methods were discussed and adopted. Training methods were for the leaders who were to teach the boys. Sixty-five men received the training last year.

Mr. Streu, a veteran of 10 years Scouting service in Hereford, deplored the lack of interest on the part of the average citizen in this district. "The progress of the past year is not what I had hoped for," he said. "When you ask a man to help in the Scout work he immediately goes for his pocket and asks, 'How much do you want?'"

Need Is Man-Power

"If the Scouts are to do their job, they must have men, older men, in the community who are willing to give more than money. They must give their time to

## Migratory Bird Stamps On Sale At Post Office

Migratory Bird stamps for duck and geese hunters are now available at the Post Office. Fee is \$2.

The season will open from November 4 to November 21 and from December 21 to January 7. Shooting on November 4 and December 21 will not begin before 12 o'clock noon, and on the rest of the days, the hours are limited from one-half hour before sunrise to one hour before sunset. The limit is four a day.

The \$2 fee is used in wildlife conservation, principally at feed and breeding grounds in Canada where the United States government in cooperation with the Canadian government cares for the birds during summer breeding season.

## WOE IS US

## Apparently Ears Are Little Read According To The Brand Readers

By JOHN SCOTT

Fifteen people, when asked if they knew what the ear on a newspaper was, answered no and 10 of those said they never read the ears when it was explained to them what they were.

This breaks all popular opinions that the ears of the newspaper enjoy the highest readership.

The ear of a newspaper is simply this: The upper left-hand and the upper right-hand corners of the front page. Most of the time the Brand tells the number of pages on the right-hand ear. The left-hand ear serves to tell numerous things such as weather, safety first warnings, civic events and indexes to the interior of the paper.

The Brand, in the past, has had some clever ears. Some advertisers seek this spot as a key advertising position in some papers. It is easy to read and is always in clear legible type. The sentences are short and the point is always clear.

Editorial Space

The Ear is reserved, on most papers, for editorial comment. It usually tells of some civic event or it urges the voters to the polls. Sometimes it reminds readers to be more careful in driving. A recent and clever Brand ear said, "Slow down and give the school children a BRAKE."

The ear is not easy to write. Due to the small space the copy must say a lot in the shortest and fewest number of words. Sometimes symbols are used. For instance, once a simple red cross was printed on the ear with the

Quick Correction Department: Mrs. Jim Lipscomb says that was a 7 pound bass she caught not 19 1/2. She added she's a good fisherman but not as good a liar as Johnny Pool who told us the story, but it wasn't his fault, altogether at least.

Take this as the truth, husband Jim says that her 7-pound catch is the record so far this year at Elephant Bar.

The Formal Opening of the Hospital is scheduled for Oct. 23.

The Dawn Music Study Club will hold a bake sale at the Furr Food Store in Hereford Saturday, Sept. 24. The sale will open at 10:30 Saturday morning and all kinds of baked foods will be included.

An ad in the Tulsa Herald this week read "When your bull gets in my pasture. Come after your steer."

Hereford Creamery has completed and moved into their new office space. The next step calls for complete redecoration of the ice cream parlor with a new fountain and fixtures.

Florence's Cafe is under new management. Buz Busby is owner and Mrs. Busby is doing the cooking.

Myron Morgan went to work for the Utility company this week.

Dorothy H. Ross of the Hereford Credit Association was happily surprised Tuesday when she found, on two different occasions, that someone had left flowers in her office.

"FEMININE" MAY POLE DANCERS—Where else but in Hereford could you assemble such a bevy of beauties for a Maypole dance on a moment's notice? Yes, (from left to right) Mistresses (none are married for obvious reasons) Bruce Woodell, Dr. M. C. Adams, Bob Law, Dub Reeves, Syd Single and Lyle Blanton balance daintily in the midst of an intricate step. (No hum, such is the life of a newspaperman.) Actually, this is a part of the Parade of Fashions sponsored by the Lions Club that will be put on Thursday and Friday, Oct. 6-7. There is only one reason for the antics the 50 Hereford business and professional men will go through that night: it will benefit the Boy Scouts.

### B & PW Club Approves Year's Budget Two New Members Are Introduced

B&PW Club met in the home of Zula Gillam Monday night at 8:00.

A letter of congratulation on election of new officers was read from Margaret Benson—District Counselor. Dyalithia reported Mrs. Benson had been invited to the Membership Dinner which will be October 3.

The budget for the year was read and approved.

Miss Pearl West and Miss Hazel Query, two former members of the Looney B&PW Club were introduced to the club. They joined the Hereford B&PW Club. They are nurses at the hospital.

Della Stagner was given a vote of thanks for the good job done on the Year Books.

Several of the members are planning to attend the B&PW conference in Pampa October 26 and 27.

Ellen Carter had charge of the program. Suggestions for the project of the year were given. After some discussion the president appointed a committee to study the matter further.

Those present were Mary Dyer, Virginia Hartman, Bruce Rose, Margaret Aven, Della Stagner, Bessie Lee Wood, Mary Lou Aven, Ellen Carter, Frances Young, Velma Hodges, Adeline Koelzer, Corinne Jennings, Cecil Williams, Wilma Hill, Bessie Smith, Dyalithia Brady, Pearl West, Hazel Query, Pauline Howard, Ursula Jacobsen, Virginia Curtisinger and Zula Gillam.

Miss Genevieve Eberle has gone to California where she is visiting her sister, Virginia, in Los Angeles.

### From The Grandstand...

By WILBUR MARTIN  
Associated Press Staff

An army may travel on its stomach, but football depends on the back.

There's the quarterback, halfback, fullback, wingback and tailback. All very important fellows.

No matter what you call them, they're the ones who "hit the line; run the tackles; skirt the ends; plunge the guards, and throw the pigskin.

No coach can do without them and most coaches complain the ones they have aren't as good as the ones they should have.

Texas' greatest football season is about to burst in full flower. There are more than 900 colleges, junior college and high school teams in the state. It might be helpful to point out a few of the types of backs you'll see in action.

Quarterback: Usually calls signals (64-38-22) and generally is the smartest fellow in the backfield. When he says "hep" everybody on the team jumps. Hence, he is sometimes known as the "field general."

Left halfback: Usually very fast, good at deception and adept at scooting through gaps created by large bodies being thrown at other large bodies.

Right halfback: Usually a very rugged individual who can get in the way of large fellows intent on throwing to the ground—real hard—anyone carrying the football.

Fullback: Usually a very, very rugged fellow. One capable of proving to the alumni's satisfaction that man is indeed mortal, especially when trying to disprove the theory that a straight line is the shortest distance between two points.

Scat back: Like as not to run away and leave if anybody advances upon him in a threatening manner. Just like a black cat when you want him out of the way; scat.

Blocking back: Just what the name implies. He tries to block progress of individuals who would seize and secure people known as ball carriers.

Mr. Gayle Cook, Carlsbad, visited his parents, Mr. and Mrs. Harry Taylor of Hereford, last week. Mr. Cook came Friday and left Sunday.

### COURTHOUSE RECORDS

**Deeds of Trust**  
H. C. Wiley and wife to First Federal Savings and Loan Association of Clovis All of \$ 450 feet of block 50 of Evans Addition to town of Hereford.

V. C. Woolery and wife to First Federal Savings and Loan Association of Clovis. All of N 10 feet of lot 19 and all of lot 20 of Megert and Orr Subdivision of 1/2 of block 20 of Evans Addition.

Ben F. Malone to Prudential Insurance Company of America; Beginning at N line of block 7, Evans Addition, 80 feet E of NW corner of block.

R. G. Blue and wife to Loyd E. Lowe. All of lot 5 of R. G. Blue subdivision and part of block 1 and 2 of Evans Addition.

Oscar Hunt and wife to R. L. Simpson. Two tracts: Tract one, S 1/4 of section 45, block 7, certificate 1/284 B. S. and F. survey. Tract two, middle portion of section 11, block E, J. M. Burns original guarantee.

William F. Hardwick and wife to R. G. Blue. All of lots 1 through 9 of R. G. Blue subdivision. Part of block 1 and 2, Evans Addition.

R. G. Blue and wife to Francis Hardwick. All of lots 10, 11, and 12 of R. G. Blue subdivision of part of block 1 and 2.

**Marriage Licenses**  
C. Daniel Tyler to Miss Estelle Brannan.

Lee Owen Langwell to Miss Alice Marie Brooks.

J. A. Pitman was among those who attended funeral services held Monday in Amarillo for J. B. Cline, victim in a Kansas plane crash.

Mr. and Mrs. J. R. Johnson and daughter Penny accompanied her mother, Mrs. Bessie Solomon to Amarillo Friday where she left by train for her home in Dallas. Mrs. Solomon had been a guest in the home of her daughter in Hereford.

### Army Reservists Get Automatic 10 Points In 48

Hereford's Army Reserve Unit which met Monday night and meets every Monday night received reservists who were in the active Reserves during the one-year period ending June 28, 1949 will receive 50 points for Reserve duty training regardless of the number of points earned, according to Don Zimmerman, commander.

This is as a result of HR Law 5929 which was signed into law last week by President Truman.

The new legislation changes the "year" for computation of the 50 retirement points required for a year of satisfactory service so as to coincide with the fiscal year—July 1 through June 30. The same period will be used as a year in which prescribed minimum training requirements must be met in order to remain in the Active Reserve.

All Reserve members who earned more than 50 retirement points for Reserve training during the one-year period ending last June 28th will lose all points in excess of the 50 under the new law. Losses resulting under this new legislation will be slight, however, as the maximum number of points allowed for inactive duty training during a year is 60.

Major Zimmerman went on to say that this will assist many Reserve officers who did not make their required number of points during the last fiscal year. "Many Reservists did not receive the notification of the retirement law and the points needed thereby until early winter, and, therefore, lost three to four months of opportunity to obtain these points."

### Roy Rogers Riders Club To Organize Here Soon

Mr. William F. Hardwick of the Star Theatre in Hereford, Texas, was today appointed by Roy Rogers, "King of the Cowboys," as a charter head of the ROY ROGERS RIDERS CLUB.

Mr. Hardwick, who is to be Ranch Foreman of the club, will conduct meetings at regular intervals during special week end matinees at this theatre. Details of the club's activities will be announced very shortly. Members will be notified of the events to take place from time to time. Special short subjects, stage entertainments, games and contests are to be featured. On the educational and good-citizenship side there will be talks on Safety and Good Fellowship by prominent citizens and officials.

Of interest to parents and club members are the nine ROY ROGERS RIDERS CLUB rules, which are:

1. Be neat and clean.
2. Be courteous and polite.
3. Always obey your parents.
4. Protect the weak and help them.
5. Be brave but never take chances.
6. Study hard and learn all you can.
7. Be kind to animals and care for them.
8. Eat all your food and never waste any.
9. Always respect the flag and love our country.

Mrs. J. A. Pitman returned from a visit with her sisters in Dallas Thursday. Her sister, Mrs. Jack Gould and son Jack returned with her for a visit here.

Mr. G. C. Hartman, Dove Creek, Colorado, is visiting his sons and daughters in Hereford. They are Mrs. F. G. Witherspoon, Mrs. C. O. Houser, Mrs. Bill Simpson and Jiggs Hartman. Another son, Lieutenant Roger Hartman and wife and children are here from Ft. Sill, Oklahoma.

### Tater Peelin's

If everybody was as careful with their waste paper as the young man who wears the short pants at the Jack Gilliland home the men who sweep our streets could probably go fishin' on Friday. — The other day Bill Jack, who must be all of two years old, unwrapped a stick of gum and looked around the Super Market 'till he found an empty cardboard box in which he carefully deposited his papers. He then made his way up front where he gave his chewin' gum a good work out while he waited for his mother to round up some groceries.

Fortunate indeed are the grandchildren of Matt Gilliland, O. E. Sherman, Mrs. Edith Hughes and Mrs. Merrill who are about the proudest grandparents we've observed around town, unless it was Wiley Robinson a year or so ago lookin' for a Teddy bear for his grandson's Christmas.

For people with a steady nerve and a hankerin' for rugged country the Schott Cap twelve miles east of Silverton offers one of the most scenic drives in this part of Texas. And if you care to make it on across toward Clarendon the folks in Antelope Flat can sure put on an unirrigated, unfertilized, cotton exhibition for you right now.

These new '49 Automobiles take a more receptive attitude toward those hills than the old Whippet we worried up the caprock some twelve years ago.

Wonder if there is anything that can look as innocent as a lion pup just back from the henhouse, as he dozes or kicks fleas while he waits for you to get out of sight so he can drag the kitten across the yard again?

### Hospital Notes

Patients discharged from hospital: Paula Sue Moore, med.; Mrs. James G. Martin, surg.; Mrs. Allen Wilson, surg.; Joy Miller, med.; Mrs. A. R. Ratliff, surg.; Mrs. George Kearns, med.; Laura Perez, surg.; Harley Hughes, emerg.; Buddy Garrett, med.; Mrs. J. E. Childre, med.; Sylvia Ann Fangman, T&A; Linda Addy, T&A; Mrs. Warren C. Hitchings, O. B.; Mrs. Otis King, Mrs. A. O. Thompson was called to Paris Tuesday by the mds.; Steven Allen Jackson, T&A; Mrs. L. B. Holland, med.; Trula May Buck, surg.; Mrs. M. B. McGaughey, med.; Mrs. Ike McCutcheon, T&A; Chralely Hill, med.; Mrs. J. B. Chesser, O. B.; Mrs. Kermie Deaton, surg.; Mrs. Clyde Denton, med.; Mrs. Victoria Luna, O. B.

Patients still in hospital: Andrew Cocanougher, burns; Mrs. Sallie Carter, med.; Mrs. Mattie Wallace, surg.; William H. Smith, med.; Tommy Majors, med.; Quirino Roman Moreno, surg.; Arnie Barrett, med.; L. E. Williams, emerg.; Mrs. John H. Alston, O. B.; Mrs. Martha Maier, med.; Junior Casey, med.; E. F. Duncan, med.; Mrs. R. A. Williams, surg.; Mrs. E. J. Hudson, med.; Pat Sullivan, med.; Harry McCauley, med.; Mrs. Jim Robinson, ortho.; David Moya, med.; Peggy Higgins, med.; Mary Frances Rogers, surg.; Frank R. Smith, surg.; Donald Zimmerman, Jr., med.

Born to: Mr. and Mrs. John H. Alston, a son, Stenen Paul; Mr. and Mrs. Warren C. Hitchings, a daughter, Lynnora K.; Mr. and Mrs. J. B. Chesser, a son, Joel Bryan; Mr. and Mrs. Andrez Cruz Luna, a daughter, Erlinda; death of an aunt, Mrs. Lodella Crain of El Reno, Oklahoma, who died Monday at her home. She was accompanied by another aunt, Mrs. Margaret Hayes of Phoenix, Arizona who was a guest in the Thompson home. Burial rites were conducted in Paris.

zens of Hereford on the Ear Question, I believe the readership is going up on this particular section of the paper. They know what it is now and will we look for it.

### Hereford Garden Club Schedules First Fall Flower Show In Jim Black Home

Hereford Garden Club will have its first flower show of the season Friday afternoon in the home of Mrs. Jim Black. Hours are from 3 to 5:30 and the guest list will be limited to members of Hereford's three garden clubs.

Theme for the show will be "Autumn Bounty" emphasizing a harvest of flowers raised in the backyard gardens of members of the club.

The show will include two divisions—the artistic and the cultural with the artistic class featuring demonstrations of buffet arrangement, dining table, special table and mantel arrangements. One section of small arrangements, one of corsages and one for a church will also be included.

In the cultural division gladioli, roses, dahlias, marigolds, penulias and zinnias will be shown. Members of the Bfd to Blossom Club and The Garden Beautiful Club will serve as judges.

An abundance of bloom in the September gardens will be reflected in the show with the choice in colors wider than that

### Farm And Ranch Plans Party To Honor Husbands

Farm and Ranch Club met with Mrs. P. B. Sowell Thursday, September 15 in a luncheon and program session. Table decorations featured dainty Cambridge crystal flower containers and candle holders. Purple and orange asters and white tapers gave the color accent.

Mrs. Sowell, president, presided over the business session when members voted to donate an additional five dollars to the emergency fund and it was announced that year books will be presented at the next meeting.

Plans were made for a buffet-supper party honoring husbands on Friday, September 23 at 7:00 p. m. in the home of Mr. and Mrs. P. B. Sowell, Wagoner Place.

The program which followed the business session was presented by Mrs. N. B. Nunley who gave an interesting discussion of "Flower Gardens" with special interest given to the care of gladioli. Mrs. Jack Weaver won the floating prize.

Those attending were Mesdames Frank Ricketts, Henry Melton, Waldron Melton, Garland Solomon, Hershel Burris, N. B. Nunley, Charles Burk, Jack Weaver, Ed Thomas, Phillip Miller and the hostess.

### Camp Fire Groups Start Work After Summer Vacation

Horizon Club Elects  
Jolly-Teen Horizon Club met at the Camp Fire Hut Thursday afternoon in a regular business session. Seven o'clock in the evening on Thursdays was announced as the new time of meeting.

Officers for the coming year were chosen to include Nelda Guy Lawrence, president; Glenina Finley, vice-president; Lola Verne Pitts, secretary-treasurer, and Maxie McCathern, historian and reporter.

At the conclusion of the meeting refreshments were served by the hostess for the day, Joan Orr.

### Chu-De-Naang Group

Chu-De-Naang Camp Fire Group held its first fall meeting at the hut Monday afternoon.

The course on baby care which was begun in June and discontinued during the vacation months, was resumed and a series of five programs will be conducted with Mrs. Earl Springer in charge, to complete the course. Members of the group listed names of the babies which they have adopted for care during the program.

Those attending were Martha Heard, Jane Houston, Lu Durham, Margie Ford, Cecella Wilkins, Margaret Phillips, Dorothy Veigel, Marian Lomenick, Kay Jowell, Nancy Patterson, Marilyn Legg, Neidean Flowers, Wynogene Sowell and the guardian, Mrs. George Heard.

### Bippus HD Club Gives Aid To Children's Home

Bippus Home Demonstration Club was entertained in the home of Mrs. J. G. Fortenberry Thursday afternoon. The interesting roll call revealed hobbies of members.

In a discussion of club projects for the year, members decided to furnish aid to the Children's Home in Amarillo as the main project and plans were made for a group of club members to visit the Home to learn of their needs.

Group singing was enjoyed and yearly reports were given. Officers for last year were re-elected with Mrs. Richard Evans added to the list as work simplification demonstrator.

Refreshments were served to Mesdames Clinton Homfeld, Elso Pinnell, Richard Evans, J. Perrin, Miss Christine Fortenberry and the hostess.

### OPS Study Club Sponsors Tea Sunday Afternoon

Order of Eastern Star Study Club will sponsor a tea Sunday afternoon, Sept. 25 at Veteran's Memorial Park Club house honoring Mrs. Belle Hromas, deputy grand matron, district 2, section 3.

Members of the OPS Study Club will serve as hosts assisted by members of the Eastern Star

chapter and members of the Order of Rainbow for Girls. Mrs. John Patton is president of the club.

Guests will be members of the local O. E. S. chapter and visitors in Hereford who are members of other chapters. Also members of chapters in Canyon, Vega, Plainview, Happy Tulla, Hale Center, Sudan, Olton, Floydada, Lockney, Mulishoe, Earth, Be-

vina, Dimmitt and Littlefield. Calling hours are between 3 and 6.

Mr. and Mrs. Elmer Richardson and family of Slater, Indiana are visiting in the home of her parents. Mr. and Mrs. Henry Wedel, The Richardsons arrived Friday in order to take part in the dedication of the new Lutheran Church Sunday. Visiting also in the Wedel home over the

week end were Mrs. Inex Wedel and son, Karl of Tucuman, N. M. and a son, Rolley Wedel, of Borger.

Mr. and Mrs. Wes Bradley are out of town on a vacation trip. They left Wednesday for a visit to the Grand Canyon.

George Graham, Douglas Groom, Don Martin and Dalton Criswell left Wednesday for

Sumas to attend an executive meeting of the District One Interscholastic League.

Thirteen, including visitors were present. They were Mrs. Steve Williams, Mrs. Oren Russell, Mrs. Lowery Walker, Mrs. Tom Draper, Mrs. Bill Goetsch, Mrs. Clarence Hollabough, Mrs. Adams Flowers, Mrs. Ethel Laymon, Miss Evelyn Bell, Mrs. Lon Shore, Mrs. A. Peterson and Mrs. Tyler.

The next meeting will be held in the home of Mrs. Lowery Walker on October 4. All members are urged to come.

FLOWER SHOW JUDGES Mrs. Homer Brumley and Mrs. John Jacobsen, Jr. served as judges in the Vega Garden Club Flower Show Thursday.

Mr. and Mrs. D. H. Alexander went to Seagraves Sunday for a visit with their daughter, Mrs. Joe Hudson and family.

## Church Notes

### DR. R. G. LEE

The first YEAR-ROUND BAPTIST HOUR will go on the air over a Convention-wide network of 132 stations on Oct. 2 with Dr. Robert G. Lee of Memphis, president of the Southern Baptist Convention, as the speaker. Dr. Lee's theme will be "THE WAY FROM WANT TO WEALTH" and his first subject will be "Sin and the Sinner's Saviour."

Dr. Lee, who is pastor of the Bellevue Baptist Church in Memphis will be the speaker during: October, November and December, S. F. Lowe, director of the Radio Commission of the Southern Baptist Convention in Atlanta announced.

Other subjects in Dr. Lee's series of sermons will be: October 9—"Needed, Magnificent Men in a Muddled World"; October 16—"Do you Have the Blood Mark?"; October 23—"Is it Nothing to You?"; October 30—"Which Way are you headed?"; November 6—"Man in Conference with God"; November 30—"The Debt Christ Paid for You"; November 20—"Be Ye Thankful"; November 27—"Does Your Influence Count for God?"; December 4—"Are You Ready to Meet God?"; December 11—"Are You Counting on Tomorrow?"; December 18—"The Meaning of Christmas"; December 25—"Who is This Christ?"

The Baptist Hour will be broadcast every Sunday from 2:30-3:00 P. M. CST and will be financed wholly through individual voluntary contributions. Stations in this state carrying the programs will be: WBAP-WFAA-Dallas KFDA-Amarillo KFYO-Lubbock

Sunday morning will be promotion day in the Sunday School departments of the First Methodist Church.

Rev. John Reeves, Stratford, will be the Evangelist when the First Christian Church begins its revival meeting Wednesday. Mr. and Mrs. Eugene Groom will have charge of the music. Mr. and Mrs. Groom are from Memphis, Tennessee.

The Christian Churches District One convention will be held September 26 in the First Christian Church in Amarillo.

The Choir of the First Methodist Church will meet tonight at 7:30 for a short rehearsal. A social will follow with each member of the choir instructed to bring his date or family.

The teachers and officers of the First Presbyterian Church of Hereford will attend the Teachers' Institute in the First Presbyterian Church at Amarillo on September 26.

Rev. C. E. Slaughter, Amarillo, is the Evangelist of the Revival which started at the Church of God Sunday night.

Rev. S. E. Ethridge announced.

### JOHN McLEAN

this question:

If a neighbor should injure himself while on my property and sue me, what kind of situation would develop if we were both insured with the same company?

In any insurance problem consult.

John McLean Agency Phone 181 or 273 Hereford, Texas

### Marshal Deaton Weds Junction Girl Thursday

Miss Oleta Kirkpatrick, daughter of Mrs. Bell Kirkpatrick, of Junction was married to Marshal M. Deaton, formerly of Hereford, in ceremonies Thursday evening at 8:30 in the home of the bride's mother.

Rev. Lemons, Church of Christ minister, performed the ceremony. The bride wore a gray alpaca street length dress with a corsage made up of an orchid and carnations. She carried a white Bible. For something borrowed she wore a string of pearls belonging to her sister-in-law, Mrs. Don Kirkpatrick of Mobile, Alabama.

The bride's mother chose for her daughter's wedding a navy blue crepe dress with an orchid corsage. The home was decorated with roses and gladioli.

Those attending the wedding were Mrs. Bell Kirkpatrick, and son Dorman, Mr. and Mrs. Everett Deaton of Friona, Mrs. W. H. Flowers of Hereford.

Mr. and Mrs. Marshal Deaton will make their home at 1005 N. Woodland in Amarillo.

Mrs. Annie Thomson of Pasadena, Texas is a guest in the home of her son, J. M. Thomson. She was accompanied to Hereford by her daughter, Mrs. C. W. Cezeau who has returned to her home in Pasadena.

Mr. and Mrs. Nelson McRight transacted business in Amarillo Monday.

Mr. and Mrs. H. M. Thomas have gone to spend a week with her sister in Seminole, Okla.

### Gifts Are Featured At Saturday Party

Mrs. J. W. Witherspoon was named honoree at a gift party given Saturday afternoon in the home of Mrs. Joe Stagner with Mrs. G. P. Owen and Mrs. Olive Lawrence as cohostesses. Pink and white asters and pink gladioli were used in decoration and entertainment was provided with games and contests.

Those attending were Mesdames Walter Easter, W. B. Green, Jim Hays, of Dimmitt, Vern Witherspoon, Hugh Withers-

poon, Harry Lomas, Jimmie Alford, Paul Harvey, Gerald Wilson, A. L. Manjeot, Nettie Lee Green, the honoree and the hostesses.

Mrs. Russell Pogue and children of Kress are visiting her parents, Mr. and Mrs. H. J. Roberson, who went to Kress Sunday to bring them back.

Mrs. Jim Hays and children of Dimmitt were visiting relatives in Hereford Saturday.

**Joyce McGee Heads Future Homemakers**

Future Homemakers of America met last week at Hereford High School for the election of new officers for the coming school term. They included Joyce McGee, president; Claudia Lewis, vice-president; Edith McMillan, recording secretary; Donna Aihart, corresponding secretary; Pat Walton, treasurer; Carolyn Walker, parliamentarian; Doris Jean McGee, historian; Jerry Patterson, reporter, Myrtle Smith, song leader; and Nancy Owen, sergeant at arms. Club mothers are Mrs. Taft McGee and Mrs. Art Lewis.

After the election of officers plans were made for a tea honoring new members to be held at the Carl Frye home on Saturday, September 24.

**Earlena Phillips Chosen Tri-Hi-Y Club President**

First Tri-Hi-Y Club meeting of the year was held recently at Hereford High School with election of officers as the main part of the business session. They included: Earlena Phillips, president; Nan Buckner, vice-president; Barbara Smith, secretary-treasurer; Patsy Wiltshire, reporter; Miss Sadye Rigler, sponsor.

The program for the meeting was opened by Donna Jean Stegner playing "In a Monastery" followed by a talk on "Self Examination" presented by Nan Buckner. Special musical numbers were given by Colline Brown and Faye Knox with Gayle Foster accompanying at the piano.

New members were discussed and money-making projects for the year were planned. Mrs. Roy Ford was chosen as club mother for the year.

**Miss Cynthia Seed Has Birthday Party**

Little Miss Cynthia Seed celebrated her fourth birthday with an enjoyable party at the home of her parents, Mr. and Mrs. Walter Seed, Jr. Friday afternoon.

After the guests assembled "Happy Birthday To You" was sung and later games and contests were played. Favors were balloons and tiny doll coat-hangers.

Birthday cake and ice cream were served to Ruth Ann Allison, Carol Hays of Dimmitt, Gloria Covington, Royce Ann Gilliland, Katherine Nell Barnard, Sue Kirby, Sandy Winkler, Marilyn Jackson, Becky Jackson, Carolyn Brumley, Julia Brummal and the honoree.

**ATTEND WTSC-ETSC GAME**

Among those from Hereford attending the Buffalo-TTSC football game held in Canyon Saturday night were: L. H. Lookingbill, Betty Craig, D. L. Davis, Jr., Henry Sears and sons, Mr. and Mrs. F. G. Collier, Mr. and Mrs. A. L. Manjeot, Dr. and Mrs. B. M. Wiltshire, Mr. and Mrs. E. Roberson, Mr. and Mrs. Carl McCaslin, Mr. and Mrs. W. O. Witherspoon and Wilina, Pat Hammock, Bobby Lee Witherspoon and Wilson Riddle, W. R. Phillips, Myron Morgan, Dub Hair, J. D. Neill and David Phillips.

The Fiji Islands are made up of 250 separate islands.

**Red Cross Eliminates North Plains Council**

Elimination of the North Plains Council of the American Red Cross was voted by the 12 representatives of the Council which met in Amarillo on September 14. The decision was reached by the meeting of the various chairmen of the County Red Cross Chapters of which Mrs. Cecil Williams of Hereford was one. Mrs. Williams said that in the future the Red Cross would devote more time to Veterans Hospitals and Veterans affairs.

"Our aid will be more on the physical side than on the finan-

cial side from now on," Mrs. Williams said.

The reason for the elimination was that there were many organizations now in operation which can do the job. The council was running out of things to do. Under the new setup, the Red Cross job will be easier to do, right.

The North Plains Council was

We Give Gunn Bros. **THRIFT STAMPS** IRELAND MOTOR CO. Gulf Service Station

originated in 1943 and played a big part in many aids and during its six year existence.

Mr. and Mrs. Ed Siodes returned Monday from a vacation spent in Montana and Wyoming. They reached Montana at the time of the recent snowstorm.

ROUND STEAK

**Round Steak A La Russe**

A McCall's Magazine Fail-Proof Recipe

- 1 1/2 lb. round steak, 1" thick
- 1 small onion
- 2 tablespoon fat or salad oil
- No. 2 tin tomatoes
- 1/2 teaspoon salt
- 1/2 teaspoon pepper
- 1/2 cup sour cream

Cut beef into strips 1/4" long and dust lightly with flour on both sides. Brown meat in hot fat or salad oil along with the chopped onion. Add all remaining ingredients and cover skillet. Cook slowly for about 1 1/2 hours or until meat is tender when pierced with a fork. If you prefer thickened gravy, add a little flour and water mixture to sauce after meat has been removed to a serving dish.

### Hereford Bull

By JIMMIE GILLENINE

Attention, all young men! The following paragraphs contain an important object lesson. They concern Alex Thompson, who accepted the job of treasurer at the Baptist Church back in 1914. Alex says he took the job with the object of getting rid of it as soon as possible, and that he immediately started working toward this end.

The moral is: Pick out a goal, keep working and plugging away, and finally some day you will succeed. At least, Alex did. On Oct. 1, 1949, he will officially retire as treasurer—after 35 years of continuous service.

Alex says the church had 350 members when he became treasurer back in 1914 and that it op-

erated on a budget of \$4,000. Now, he says, the church has around 1,300 members and operates on a \$50,000 budget. A little quick figuring revealed a per-member-payment of \$11.43 a year in 1914 as compared with a per-member-payment of \$38.46 in 1949. I immediately asked Alex if he thought that people were more religious now—since they paid three times as much per capita to the church—than they were 35 years ago. Alex says, "Taint so." He figures that they are about the same, adding that the Baptists began to improve their financial condition around 1920, when they started collecting through the Sunday Schools and secured more tithes.

This seems like a good time to pay well deserved tribute to two of Hereford's citizens: Alex and Audrey Thompson. During these 35 years Audrey has grown and presented more flowers than probably any other woman in the Panhandle. Several years ago we worked all night getting out a big paper and next morning in rolled a big basket of beautiful flowers, compliments of Audrey. She has spread cheer and good will among literally thousands of families. Furthermore, she brought Alex up right, too, because he does the same thing with his pictures. Just doing these things is wonderful, but the really important factor is the true enjoyment Alex and Audrey personally get from doing them. They are fine, fine people.

Lyle Manton flew me down to Wellington Sunday in his Stinson, and it was a most enjoyable trip. We went down to get Sara, our four-year-old daughter, who has been visiting her grandmother. She was quite excited about the ride; so excited, in fact, that she went to sleep. We came back over Palo Duro Canyon, which is a beautiful sight from the air. I was surprised, however, at the enormous quantities of bugs and insects which were flying up high. We traveled at about 6,000 feet and the bugs banged against the windshield so hard

that it sounded like a machine gun. Carl Kropff says that when green bugs are in the air that they often smear up the windshield much worse than an automobile traveling 60-miles-an-hour on the highway.

Did you read Homer Fox's article in 'The Sunday Brand. If you didn't, dig it up and read it. It sure is worthwhile. Let's have old Meathead Fox out there announcing the game over the P. A. system Friday night. He would be a scream. Sam Nunally is fine for art work and style shows, but he could learn a lot about football—even if he does walk backwards. That boy really can handle a crowd, alright, but I would sure like to hear Homer Fox at the Sudan game. Let's give him a try. He might turn out like Alex Thompson did on that church job.

James A. Garfield, who died at 49 lived the shortest life of any U. S. President.

With the possible exception of Herbert Hoover, George Washington was the United States' wealthiest president.

Actually, Mr. Izzard's own newspaper does not begin to blanket three states any more than does the Denver Post cover its theoretical Rocky Mountain Empire. It just goes to show how a fellow can get off the beam.

Apologies to the Rotary Club. Some of these boys are really burned up about my comparison of the animal pictured in this column with Rotarians. I don't know why I am apologizing—except maybe to get them in a good humor. Anyway, they never have gone over-board like the Lions are doing in their proposed "Parade of Fashions." Most of the Lions look bad enough without dressing up like women; rumor has it that Policeman Beckslaw will be the bird, and they say that Wayne Edwards will play the piano and Lyle Elanton will be Queen of the May. It sounds terrible. What people will do for a cause is beyond human comprehension.

Reports keep coming into the office that Sank Ramey has a new set of false teeth—and they are running him crazy. Can it be true? Has this old Chamber of Commerce booster finally gone in for "falsies?"

Which reminds me that I had a rather nasty letter from John Roberts, former manager of the Star Theatre. John now lives in Ft. Morgan, Colo., and he seems to resent some reflections which I may have cast upon the Columbine State. John winds up by reminding me: "It is a privilege to live in Colorado—even the Denver Post admits it." Maybe Wes Izzard has something in his campaign, after all.

What about this road bond issue? I hear very, very little talk. If someone doesn't start fighting the bond issue, it might fail. That's the absolute truth. It takes opposition to wake people up; otherwise, they just won't get out and vote. This issue has to pass by a two-thirds majority. We need those roads, too. Lamb County, for instance, passed a bond issue and constructed a framework of roads similar to the one proposed here. Every year they run down to Austin and ask for three or four or five miles of paving "just to fill in this gap"—and they get it. The item is so small that the commission helps them; highway commissioners just naturally like to fill in gaps. It looks good for the records. Deaf Smith can do the same thing. We are away, way behind on farm roads. Besides, the state will take over maintenance of the proposed 100 miles of road—and maintenance alone will pay for them in 10 or 12 years.

## Second Guessing

By JERRY STOLTZ

Hereford may be one of 12 undefeated Class A football teams in the Panhandle, but there shouldn't be much pressure on the local eleven if they read the Amarillo papers. The reason being the Whitefaces don't even have a ghost of a chance against Phillips if you believe all you read. One writer stated very flatly that the Blackhaws have the most powerful Class A squad in this section of the state, no ifs, ands or buts about it.

All of which shouldn't bother the Whitefaces; now all they have to do is ease along, playing from Friday to Friday and try to go against the Hawks in position that a win would mean District championship. There hasn't been a football team yet that couldn't be beaten at least once on one certain day.

Add that Hereford has a hard charging, fighting ball club that doesn't say die, exhibit 1—touchdown in final minutes of play of the Levelland game after spending the whole last half staving off Lobo touchdown threats.

Add the fact that these boys still have a long way to improve.

They mixed up plays and probably missed blocking assignments and still beat what is considered a 4-A power. Just give them a few more weeks of polish and they will look twice as good—we hope.

Truthfully I'm miffed at reports of the game which said it was ragged, slow and generally dull. If was dull, it would be fun to see one that was really exciting.

Sudan, pre-season favorite for 4-A north title, will be double tough and smarting from two setbacks they received from Dimmitt: 7-12 and Lockney 19-20 Friday night. Looking at that latter score is reminding of the fact that Hereford hasn't converted an extra point so far this year.

Might mention that Bill Forbus, Whiteface left half, is the smallest man on the squad and according to the coaches he is a good ball carrier and a fine hustler. They say Kenneth Brock has the makings of a good end. Coaches Criswell, Stark and Mayes also report Charles Gresham is coming back to the form they expected him to show before the season opened. He got a late start but has the power and the speed needed.

The Associated Press score on

## High School Golfers Shoot To Make Team

Hereford High School golfers will shoot qualifying rounds this week and next for positions on the team according to Jim Terry who will coach the team.

The youngsters are to shoot 36 holes medal play with every putt hitting the bottom of the cup. They must play in groups of three or more, with everyone in the group shooting for qualifying scores. The low six will hold positions on the team according to the scores they shoot.

Once positions have been decided challenge rounds may be played. Each player being able to challenge the one directly above his or her position. The her being that Terry said girls can play as far as he knows.

He hopes to take his team to Amarillo and possible one or two other places for competition this fall. Matches such as this would make it more interesting to the squad he said.

Thomas A. Edison was dismissed from a job as a young man for sleeping while on duty.

The McLean Panhandle game Friday night was 19-19, but actually it was 19-7. Which makes the Whitefaces victory over the Tigers a little more worthwhile.

# Revenge-Minded Whitefaces Meet Sudan Here Friday Night

Football will probably pick-up Friday night in Whiteface Memorial stadium right where it left off last week—with the fans on the edges of their seats and standing—because the strong Sudan Hornets, smarting from two upset defeats are coming to town.

An upset by Dimmitt's Bobcats in the season opener 12-7, and a one point loss to Lockney 20-19 last week has the Hornets still seeking the first victory in the long string pre-season predictions forecast for them.

The Whiteface squad will be giving away more weight per man than last week against the Lobos. Sudan averages between 165 to 169 compared with the Hereford average of about 153.

Power and speed keynote the Hornet offense with 190 pound all-district Ross Hammonck at fullback supplying the punch. Tom Sherill, 160-pound tailback has also proven himself an adept call carrier and passer in the first two games.

Coach F. M. Smith has eight of his last year's starters back this fall.

Hereford incidentally has a score to settle with the Lamb county crew as they suffered a 6-7 setback last year and in 1947 absorbed a 37-0 grubbing. The last Whiteface win was in 1946 27-12.

Coach Dalton Criswell's charges came through the Levelland tilt with no injuries other

### Probable starting lineups are:

**SUDAN**  
 LE—Don Whitmire, 155  
 LT—Ray Humphrey, 165  
 LG—Ballard Montgomery, 160  
 C—Jim Groves, 165

Bill Howard won weekly ball Sweepstakes honors at the Hereford Golf course over the weekend with an 86 minus 19 handicap for a five under par 57. Bill won two golf-balls with that subpar round.

Bob Hamilton had 101-29, 72 and John Channer 81-9, 72 to gain second place and a golf ball apiece. Other balls went to Deward Roberson, 82-9, 73, J. M. Posey, 86-12, 74 and Ted Young 84-10, 74.

There will be another Sweepstakes this weekend. The way it works has been explained a couple of times in this column so if you don't know ask Jim Terry or some of the golfers who play in them. You'll find it is more fun to play with competition towards winning and the more entrants the more interest. Fifteen entered this week.

Two less than '00 played golf Sunday and 40 played Saturday, which makes the weekend—the second highest yet. Looks like the game is here to stay.

And from the demand Jim Terry is getting for rent clubs it will be here a long time. Jim has 8 sets for rent purposes and he says they are almost constantly busy over the weekends as well as much of the week. Selling clubs has also been a fairly brisk business.

Work on the greens has progressed to the dressing stage. Reseeding, sodding and fertilizing was done last week and finished Saturday.

Word about the Hereford course has already gotten around. Lafayette Franks, former pro at Longview where they

have rye and bermuda grass exclusively, is putting in a privately owned course at Dumas. He was down to see the local greens and course last week and wanted full information about the whole thing, according to Jim Terry.

The caddy situation is pretty

### Constitutional Amendment Support Secured From Governor Allan Shivers

Passage of the constitutional amendment which will require establishment of the requirement of a mandatory jury trial in cases for the commitment of mentally ill persons to state hospitals is the immediate objective of the State Committee on Mental Health of the Texas Junior Chamber of Commerce according to Lindal Murray, chairman of the Hereford Jaycee committee on Health.

Added weight was thrown in support of the amendment last week when Governor Allan Shivers promised full support. "I am glad that this matter has at last come before the people," said Governor Shivers. "Every other state has revised its laws to permit jury trials to be waived in lunacy cases, and I think it is high time we removed the antiquated statute from our own books." The amendment, passed by

large majorities of both houses of the 51st Legislature, will be submitted to a statewide vote on November 8. It will permit the next legislature to enact laws permitting a mentally ill person to be hospitalized without a courtroom jury trial unless a jury is demanded. "It appears to me that the proposed amendment has been well worded," stated Governor Shivers. "Every reasonable safeguard of the citizen's right has been retained. The amendment directs the legislature to make sure that a mentally ill person would have access to a jury trial if he, or someone close to him, were to ask for it. "As I understand it, this is a measure primarily to protect the health of the patient. Our doctors and psychiatrists report that the courtroom scene now required by Texas law often has a very detrimental effect on the patient, who is necessarily treated like a defendant in a criminal trial. From my own experience as a lawyer, I can readily believe that the doctors have an important point."

### They Never Get Too Old To Start As Freshmen

A 60-year old retired Army colonel is entering Baylor University as a freshman this fall. Registrar Truett K. Grant said today that admission has been granted Col. Ernest Andreas Olson of Waco. The colonel's sons, William and Lyndon, are students in the Baylor Law School. "I've always wanted to go to college, but never had the time until now," Colonel Olson said.

# WHY THE MISSOURI PACIFIC RAILROAD STRIKE?

Over twenty years ago, the Congress of the United States passed the Railway Labor Act. It was hailed by union leaders as a model for the settlement of labor disputes.

**THE LEADERS** of the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen, Order of Railway Conductors, and the Brotherhood of Railroad Trainmen on the Missouri Pacific Railroad have refused to avail themselves of the peaceful means provided by this Act for settling their disputes. They insist that they be the sole umpire of their own disputes over the meaning of contracts.

**There is no Need for Strikes** With all of the available methods for the interpretation of contracts, there is no need for a strike or even a threat of a strike, but the leaders of these railroad unions have ignored the ordinary procedures established by law and insist upon imposing their own interpretations of their contracts by means of a strike. The wheels have stopped rolling on the Missouri Pacific. They may stop rolling on other railroads at any time. Recently the Wabash Railroad was forced to discontinue operation for several days under similar circumstances.

**What are These Strikes About?** These strikes and strike threats are not about wage rates or hours. They result from disputes over the meaning of existing contracts. They cover claims for a full day's pay for less than a day's work, or for payments for services performed by others who were fully paid for the work done.

### President Truman's Board Condemns Strike

There is an established legal method for handling disputes involving existing written contracts—just as there is such a method of settling any contract dispute which you may have in your daily life. The President of the United States appointed a Fact Finding Board to investigate and adjust the Missouri Pacific dispute. This Board reported, in part, as follows: "... It is with a deep sense of regret that we are obliged to report the failure of our mission. It seems inconceivable to us that a coercive strike should occur on one of the nation's major transportation systems, with all of the losses and hardships that would follow, in view of the fact that the Railway Labor Act provides an orderly, efficient and complete remedy for the fair and just settlement of the matters in dispute. Grievances of the character here under discussion are so numerous and of such frequent occurrence on all railroads that the general adoption of the policy pursued by the organizations in this case would cause a complete nullification of the Railway Labor Act..." Obviously the railroads cannot be run

efficiently or economically if the leaders of the unions ignore agreements or laws.

### Provisions of the Law which are Disregarded

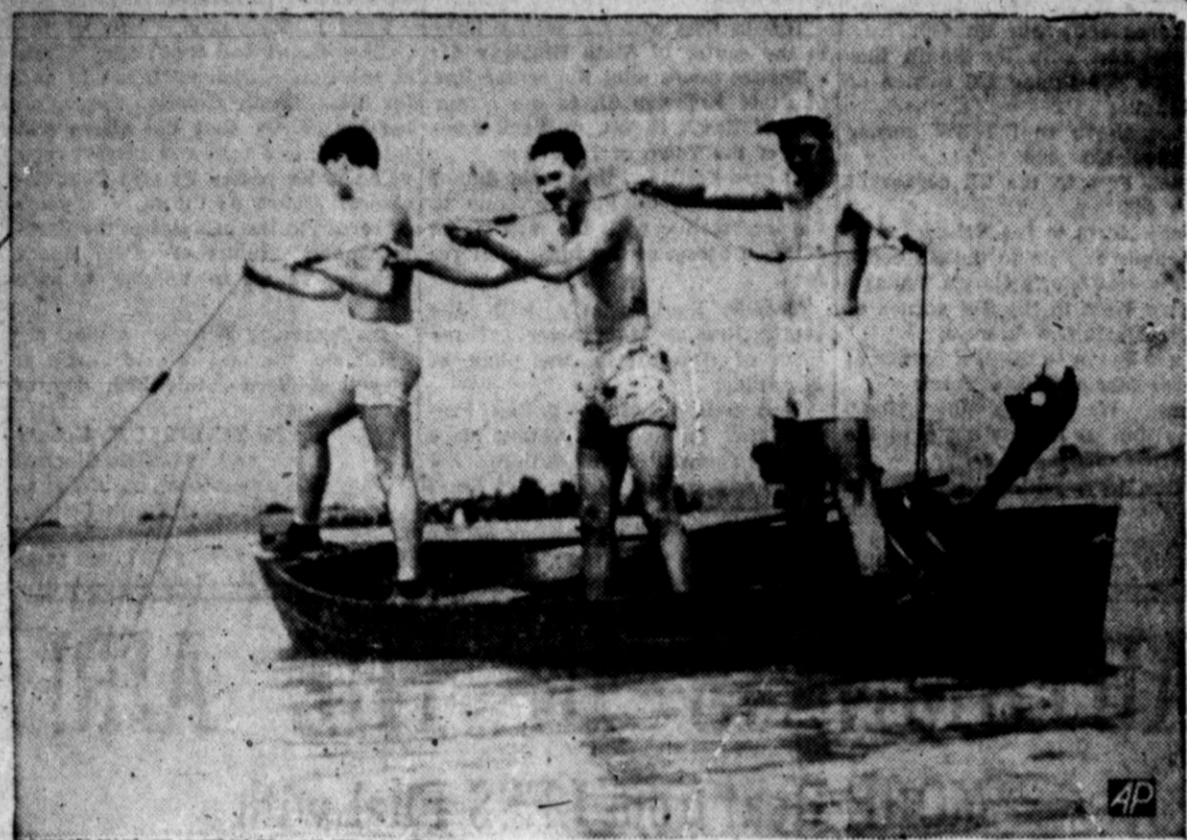

These are five ways under the Railway Labor Act to settle disputes over the meaning of contracts:  
1—Decision by National Railroad Adjustment Board.  
2—Decision by System Adjustment Board for the specific railroad.  
3—Decision by arbitration.  
4—Decision by neutral referee.  
5—Decision by courts.  
The Missouri Pacific Railroad has been and is entirely willing to have these disputes settled in accordance with the requirements of the Railway Labor Act. Regardless of this fact, the union leaders have shut down that railroad.

### Innocent Bystanders Suffer Losses and Hardships

There are about 5,000 engineers, firemen, conductors and trainmen on the Missouri Pacific. They are known as "operating" employees, and are the most highly paid of all employees on the nation's railroads, but their strike action has resulted in the loss of work to 23,500 other employees of the Missouri Pacific. In addition, they have imposed great inconvenience and hardship upon the public and the communities served by that railroad. The Railway Labor Act was designed to protect the public against just such interruptions of commerce. If these men will not comply with the provisions of the law for the settlement of such disputes, then all thinking Americans must face the question, "What is the next step?"

# Fish Get the Once Over from College Professor

**STUDENTS STUDY SMALL LAKES**—"Pull it up easy," says W. G. McClellan as he, Troy Sullivan, and Bill Cooper, Jr., North Texas State College biology students, inspect gill nets they have just set out. Weighed at the bottom and with floats at the top, the nets will stand vertically in any depth water. These students have been assisting Dr. J. K. G. Silvey, professor of biology, study the habits of fish in small Texas lakes. Dr. Silvey says bass catches in depleted Texas lakes can be increased 200 to 300 per cent. "In a lake, you weed out as many of the undesirable fish as possible so you'll have a good harvest of Texas' best game fish—the bass." (AP Photo)

Denton, Texas (AP)—A biology professor at North Texas State College says bass catches in depleted Texas lakes can be increased 200 to 300 per cent.

Dr. J. K. G. Silvey, professor of biology, tells small lake owners: "Restock your pond every two or three years with little bass if you want to be assured of continued bass fishing."

Silvey has been studying the habits of fish in small Texas lakes for 10 years. He has conducted his research at Lake Ferndale near Pittsburgh; Lake Crockett near Crockett, L. a. K. Greenbriar, Lake Hiits and Lake Park, all near Tyler, and private lakes in the Dallas and Denton areas. He works with a staff of advanced and graduate students at NTSC.

Dr. Silvey says:

"A small Texas lake is like a small cultivated field. When you have a small field, you don't try to grow six or seven crops on it, but concentrate on one. You clear out the weeds that would hurt the crop and fertilize the field in order to have a larger harvest."

"In a lake, you weed out as many of the undesirable fish as possible so you'll have a good harvest of Texas' best game fish—the bass."

Dr. Silvey and his students say they have learned that:

The average small lake in Texas, for instance, is only good fishing for about three years.

Fish in Texas just won't live 12 or 15 years.

Bottom feeders are the biggest enemies of bass.

Early each summer, Dr. Silvey and students in biology 545 at NTSC assemble in Denton for their biggest trip into East Texas. They draw boats, motors and supplies from the college service center and are off for six weeks to study and check the eastern Texas lakes.

Moving around the lake in steel, motor-driven boats, crews of students weave from 6,000 to 8,000 feet of gill nets among the lily pads and cat tails. They set out the nets in the afternoon.

Early the next morning they are drawn in and the fish counted. Size of the fish population in the lake is estimated. It is then possible to determine the condition of the lake and which fish need to be replenished or removed.

"First the undesirable fish must be removed," Silvey says, "and the lake fertilized naturally." He doesn't recommend the use of artificial fertilizers which increase plant growth in the lake. "Commercial fertilizers keep everything alive," he says, "and increase the rough fish as well as the game fish you are trying to keep."

So the lake is fertilized in this manner:

During the summer the lake is drained off. This is not harmful to the lake itself. In explaining this, Silvey says, "we have found that we are able to reduce the water volume of the lake by sixty to seventy per cent while reducing area of the lake only about fifty per cent."

As edges of the lake begin to show and vegetation shoots up in the mud flats, members of the group immobilize a part of the fish. This merely means reducing the fish population, either through organic processes or use of an electric device which stuns the fish. Study has disclosed that bass are not too easily thinned out by this process.

When the fall rains come, the lake is restocked with bass and if possible—with golden shiners, which will not destroy black bass eggs and spawn. The results are amazing.

"We have found," Silvey smiles, "that increases in catches will run 200 to 300 per cent in a year."

Silvey is careful to explain that the lake will have to be stocked again from time to time. The black bass just don't live very long in Texas, and its eggs and young fall prey to many other fish. "The life expectancy of our game fish is quite short," Silvey states, "no more than three or four years on the average."

Dr. Silvey and his students work on a year-round basis.

It was through a twelve month survey that Charles Estes, graduate student, determined the spawning habits of the bluegill, one of our bream. Taking as his thesis problem the spawning habits of some 715 bluegill, he discovered that they lay eggs not once or twice, but five times each summer in warm shallow water.

## Messenger News

The Messenger Home Demonstration Club met in the home of Mrs. L. E. Beene on Friday, September 9. A very interesting demonstration was given by Mrs. Draper, CEDA. The subject of her demonstration was "Making Slide Draperies." Mrs. Tom Draper emphasized the point of never skimping when making drapes. Attending the meeting were Mrs. Draper, Mrs. Harris Evans, Mrs. W. H. Clements, Mrs. L. E. Beene, Mrs. N. A. Brown, Mrs. E. A. Brown, Mrs. Bertram Jack and Mrs. T. J. Poindexter. One new member attended, Mrs. Roy Pruitt.

Mr. and Mrs. W. L. Clements spent the past week in the home of their daughter, Mrs. T. J. Poindexter and family. They also visited in the home of their son and his wife, Mr. and Mrs. W. H. Clements.

Mr. and Mrs. L. E. Beene and children spent the week end with Mrs. Beene's sister in Elda, N.M.

Mr. and Mrs. W. H. Evans and family visited Mr. and Mrs. C. E. Callahan in Amarillo Sunday. After going to Ellwood Park for a picnic, they went to the museum in Canyon.

Mr. and Mrs. W. W. Williams, Sr. and Mrs. V. H. Butler of Stanton were week end visitors in the home of their niece, Mrs. T. J. Poindexter.

Mr. and Mrs. Bertram Jack, Mr. and Mrs. E. M. Jack spent from Monday until Thursday at Holy Ghost Canyon, N. M. They returned by way of Conchas Dam.

Mr. and Mrs. N. A. Brown and Mr. and Mrs. Elred Brown attended the races in Clovis, N. M. Sunday.

Mr. and Mrs. Wilson Syley and children visited in the F. E. Gaines home Sunday afternoon.

## Personals

Miss Betty Solomon attended the speech of E. Stanley Jones in Amarillo Tuesday night.

John Douglas Pitman left Monday to attend school at Georgetown University in Washington, D. C.

Mr. and Mrs. E. W. Solomon and family, Mr. and Mrs. G. S. Solomon and Mr. W. T. Stanford attended a wedding in Memphis over the weekend.

## School Opening Will Have No Affect On Infantile Paralysis Incidence Rate

The opening of schools on scheduled dates throughout the country, despite the occurrence this year of the largest infantile paralysis epidemic in history, is no cause for parents' alarm, even though thousands of new cases may be expected during the next weeks, the National Foundation for Infantile Paralysis declared today.

The Foundation, now conducting a Polio Epidemic Emergency Drive to raise \$14,500,000 to enable its Chapters to care for an anticipated 40,000 cases by the end of the year, pointed out that new cases still are being reported at a rate of 3,000 a week. But experience shows that school openings never have affected the course of epidemic, either to abate or increase the incidence rate, according to Dr. Hart E. Van Riper, medical director.

Certain precautions should continue to be observed both at home and at school, he advised.

but the assembling of pupils under one roof is not regarded in itself as hazardous. The majority of schools in incidence areas have opened or will open soon, in conformity with recommendations of a national conference of health authorities sponsored by the National Foundation early this summer, he added.

Many inquiries from parents during the last week prompted Dr. Van Riper's statement.

"The reasons for the recommendation regarding schools are threefold," Dr. Van Riper explained. "First, closing schools or delaying their opening has not affected the course of outbreaks of poliomyelitis in the past. Indeed, such action often has resulted in public panic. Whatever is done to upset the usual routine of children in a household, or adults in their occupations, is likely to bring more trouble than good.

"Second, since children usual-

HUNT FOR MISSING AIRMEN—M. R. Best of Arlington, Tex., wartime Navy diver, is being fitted into his 175-pound gear for the 35 foot drop to the bottom of Lake Worth at Fort Worth, Tex., in a search for victims of the crash of a B-36 bomber. Assisting Best above are D. L. Longbrake, Lake Worth, and Pat O'Hara of Irving, Texas (right). (AP Wirephoto)

ly play with other children in their neighborhood, they probably have had the same exposure to their playmates as they will have when school opens. And there usually is less supervision when schools are not in session, so early symptoms may not be spotted as promptly.

"Third, it is intimate contact between those who are infected and those who are susceptible that causes the spread of infantile paralysis. Normal school contacts do not involve intimate living, such as takes place in households. Merely sitting side by side in a schoolroom does not constitute intimate contact."

Dr. Van Riper urged the continuance of such precautions as avoidance of over-fatigue, assurance of adequate rest and sleep, strict observance of cleanliness and avoiding the use of utensils or implements belonging to other children, particularly objects that may be placed in the mouth. Routine daily checking on each child's health for early notice of symptoms such as headache, nausea, muscle soreness and fever also was advised.

With respect to schools to which children are transported in buses from widely separated areas or boarding schools, excluding colleges and universities, Dr. Van Riper said occasional exceptions may be made regarding school openings. These involve such situations as when a school is located in a high incidence area, and children are brought into that area from regions where the disease is not prevalent.

"The thing to ask yourself is what would your child do if school were not open," he concluded. "If your child would be just as exposed to possible contacts through buses, movies, church attendance and social gatherings, then obviously nothing will be gained by keeping him out of school—except a disturbance of his normal pattern of life."

Meanwhile the National Foundation reported that contributions addressed to POLIO, care of post offices throughout the country, were coming in steadily to bolster epidemic aid funds which were sufficient for only eleven days on September 8th. The total patient care bill for the National Foundation this year is estimated at \$31,000,000 as compared with \$17,000,000 last year.

## Sleep Is Necessary For Better Health

to secure the proper rest, it is hard to understand why so many persons are heedless of this important health measure.

Some individuals require more sleep than others. How well we sleep is as important as how long we sleep. A good night's rest means a sufficient number

of hours spent in sleep to enable each person to feel well, do efficient work, and to keep in a cheerful humor the next day.

"Some outdoor exercise each day, a comfortable bed, and fresh air in our sleeping quarters," Dr. Cox said, "will help us to sleep soundly at night. Do not mull over your problems and ideas after you have gone to bed. Make your plans early in the evening for a good night's rest

by slowing down from the physical and mental work of your daily life. When you arise each morning rested and with a feeling of general well being, you will be amply repaid for your thought in planning a good night's sleep."

Sleep is a necessity of life and health, according to Dr. Geo. W. Cox, State Health Officer, and habitual loss of sleep will tend to retard the body's recovery

from fatigue of the day's activities.

"We may be able to go without sleep for a night or two, but too little sleep for a prolonged period will undermine the health of a rugged person and turn a cheerful individual into a cross, irritable one," Dr. Cox said. "When good health can be protected to such a large extent merely by sleeping, and thus allow overtaxed bodies and minds

### Hereford Boy Enrolls At Kemper Military School

BOONVILLE, Mo. — Cadet Thomas J. Carter, Jr., son of Mr. and Mrs. T. J. Carter, Hereford, has enrolled at Kemper Military School, Boonville, Mo. He will be a High School junior this year, and is one of 380 students from 20 states and several for-

ign countries who are attending Kemper this year. At the formal opening of the school's 106th year, Col. Harris C. Johnston, superintendent, told the students that Kemper's chief business and objective "is that of making men," and he impressed upon the cadets the importance "of learning how to do things for yourself."

## Square Dance Jamboree Success Proves Popularity of Pastime

By JOHN SCOTT

Five hundred people, some from as far away as Altus, Oklahoma, turned out to the Jaycee sponsored square dance at Veteran's Park Saturday night. Frisco, Littlefield, Clarendon, Amarillo and Altus were well represented at the jamboree.

Jaycee president, Paul Coneway, said that the invitations he sent out were favorably responded to and the dance measured up to all expectations.

The most obvious conclusion I could get after watching for three hours is that to successfully participate in and enjoy a square dance one must have a high degree of intelligence as well as split-second timing and near perfect coordination of mind and muscle. He must be in good physical shape, have an ear for music and, above all, the participant must be sober. The life-expectancy of a drunk is near nothing with 256 people "opening the gate and taking in eight."

MC Jess Sparkman says that the square dance is the most popular form of social recreation that is going today. He says young people have no time to get into trouble if they take part in it. They have to take part in it if they are there. There are no drunks or fights because this is one kind of a dance that finds folks in a good, happy frame of mind and they remain so throughout the "squares."

As for the drunks, Sparkman said that he could have them out in two minutes by speeding up the tempo of his calling. Being unable to know what they are doing they would fall by the wayside and cause no one any harm or deter from the overall enjoyment of the party by any of the dancers.

#### Famous Caller

Mr. Sparkman is from Amarillo and is known throughout Oklahoma and Texas for his fine handling of square dances. He is very genial and when it comes to talking about square dancing, he grows more enthused than ever. He is organizing more Hereford dancing classes to teach the young people the rudiments of the "square." He believes that we would have no more juvenile problems if all the youngsters were taught how to enjoy and participate in the square dance. "This takes a lot of time to do it right," he said. "The young people have shown that they like to square dance. When you come to one of our dances you don't see any of the rowdiness and drinking that is common at other forms of dancing."

The caller plays no small part in the dance. There have been some who have tried and tried only to be unable to adjust their mind to their voice. They only confuse the dancers, and therefore, are failures at the job.

One square, made up entirely of Hereford people, did everything just about right. Participating in the square were Mr. and Mrs. Homer Brumley, Dr. Wills and Mrs. Whitehead, Mr. and Mrs. Blue Turpin and Mr. and Mrs. Onias Carroll.

During the first half of the dance Mrs. Wayne Dyer lost her shoe. She didn't even call time out. She just went to the sidelines and changed shoes with a friend and immediately went back into the game.

There was a coffee bar manned by a line of pretty girls who kept everybody refreshed with pie, soda water and coffee. They sold a lot of coffee because new cans of the stuff were being brought in all the time. The home-made pies were a hit.

Also seen doing a good job were Dr. and Mrs. Adams, Mr. and Mrs. Bud Bradley, Mr. and Mrs. Lyle Blanton, Mr. and Mrs. Glen Rutter and Mr. and Mrs. C. R. McGhee.

#### Specialize in Virginia Reel

Ray Coneway said that he would like to get out and dance but that his wife wasn't up to it. He said that this square dance business was just like the Ford assembly line. "If you ever once drop the wrench, you might as well get out because you haven't got a chance from there on. You've got to think fast and right now or you'll never make it." Mr. Coneway doesn't square dance. He said his specialty was the Virginia Reel. But that's another theory altogether.

There were people from all over the Panhandle there. Also some Oklahoma people were there. One of the most popular callers was an Oklahoman.

The half-time entertainment consisted of exhibition dancing by one Hereford group and one Amarillo group. Both were good, and well timed. The Amarillo group had identical costumes which were flashy, if nothing else. They danced well and followed the directions of their lead man well. They had won prizes at Littlefield and Amarillo.

They had more people at that square dance than ever came to a baseball game there. There were cars all over the place. Those who didn't dance came and parked near the floor to watch.

**Cold Doesn't Bother Dancers**  
The dancers weren't bothered

by the slight chill that was in the air. The spectators had to wear coats.

An added country touch was provided by a Whiteface cow who stood in short left center field and watched the dance.

Dick Lucas worked the hardest. As the people would go through the gate he would get as close to the car engine as possible to get warm. He was on the gate.

Little Stephen Coneway was the unhappiest. He wanted to dance and nobody would dance with him. Four-year-old Carol Brumley was the most ardent observer. She saw her mother and daddy all over the floor.

Sheriff J. C. Reese came in for about five minutes, lost his nerve and left.

All in all it was a good dance. There was a good crowd and everybody was happy. That alone, is enough to warrant success. If such a dance is given again there will be as many or more there. There were no complaints by anyone. Mention must be given to the girls who sold refreshments again, in spite of the long hours and chilly weather, they did a good job.

Mr. and Mrs. W. J. Valentine and daughter from Detroit left Saturday morning for home after spending the last five weeks in the home of Mr. and Mrs. W. I. Valentine of Hereford. Also in the Valentine home as visitors were Mrs. Joe McMillan and son of Nacomb, Illinois. Mrs. McMillan and son left Thursday after a five week visit.

## PRICE CONSCIOUS?

Look into this!

**TEN-STRIKE!**  
Only Buick SPECIAL has all these Features!  
TRAFFIC-HANDY SIZE • MORE ROOM FOR THE MONEY • JET-LINE STYLING • DYNAFLOW DRIVE optional at extra cost • NON-LOCKING BUMPER-GUARD GRILLES • HIGH-PRESSURE FIREBALL STRAIGHT-BIGHT ENGINE • COIL SPRINGING ALL AROUND • LOW-PRESSURE TIRES ON SAFETY-RIDE RIMS • SELF-LOCKING LUGGAGE LIDS • GREATER VISIBILITY FORE AND AFT • STEADY-RIDING TORQUE-TUBE DRIVE • THREE SMART MODELS WITH BODY BY FISHER

**M**ATCHED against the field, this SPECIAL's price figures make big news.

Matched against what they cover—they're an urgent hint for instant action.

Because the SPECIAL puts in your garage—STYLE that's as fresh as a dew-laden daisy, from those brand-new non-locking bumper-guard grilles to the double-bull's-eye taillights.

SIZE that's mighty handy in traffic, a real relief in modest-size garages, a wonderful aid in parking.

ROOM that rates right up at the top—with inches added to all rear seat cushions, a full foot more hiproom in 4-door Sedans.

POWER that is lively, frugal, ever-thrilling because it comes from a high-compression, high-pressure, Fireball straight-eight.

A RIDE we'll put against anything else you can find, regardless of price—soft, pillowy, gentle. We call it matchless because we think you will too.

HANDLING? Well, you can have the Buick

SPECIAL with finger-flick Synchro-Mesh transmission—as light and easy as you'll find on any non-automatic-drive car.

But a few more dollars per month will also give you the silken luxury of Dynaflo Drive—the soft, easy, restful drive the very biggest Buicks boast.

Figure it out. Check things up. Look this picture over, then—

Go learn more from your Buick dealer. Sure as sunrise, you'll make up your mind to buy this one.
