CONVENTION ELECTS DELEGATES

Endorse the Wilson Administration—Tables Motion to Endorse Land Plank of Temple Candidates—Other Business Transacted.

Last Saturday afternoon according to call, the regular Democratic convention for Deaf Smith county met at the county court room and there transacted the usual line of business. A. M. Jones presided.

Only four out of the nine precincts sent in delegates. Those present were from precincts one, two, three and nine. After the organization of the convention, a motion was made to elect three delegates and three alternates to the State Convention to be held at El Paso on August 10. W. E. Dameron, F. H. Oberthier and J. I. Walker were named with R. H. Norton, A. J. Lipscomb and R. E. Cook as alternates. Delegates were also chosen for the different district conventions, as follows: Ben Short for the 123rd representative district; C. D. Wright for the 69th judicial; A. C. Elliott for the 29th senatorial; J. H. Head for the 13th congressional.

Strong and ringing resolutions were adopted endorsing the Wilson administration. These mentioned the income tax law, the new banking and currency measure, the tariff revision; complimented the endorsement of the anti-trust laws, the throttling of the insidious lobby, the repeal of the subsidy measure and other corrective steps made. In closing the resolutions read:

Therefore, be it resolved, that we, the Democrats of Deaf Smith county, in convention assembled, endorse in toto the administration of Woodrow Wilson, and especially do we endorse the tariff and currency legislation; and we hereby instruct our delegates to the State Convention, to be held at El Paso, Texas, on the 10th day of August, 1914, and to see to it that the appropriate resolution be framed, presented and adopted by said State Convention, voicing the approval of the Democracy of Texas of all those things herein recited which have been achieved by President Wilson and the Democratic Congress as a redemption of the pledges of our party made to the American people in the Democratic platform adopted at Baltimore, Maryland, in July, 1912.

Ships Sheep to Arizona.
Some 4,000 sheep were shipped this week to Flagstaff, Arizona. They were sold by Mr. Conkright and others to a Mr. Schulz who has a large sheep range in that state.

Mr. and Mrs. Wm. Pace of Poteau, Ok., are spending the summer in Hereford.

Former Hereford College Teacher Marries.

The friends Miss McDiarmid will be pleased to learn of her marriage to Rev. Frederic F. Grim on August 1, at Peterbrook, N. H. Miss McDiarmid was teacher in Hereford College and while in this state formed many friends. Later she was at Beckly, W. Va., where she and her brother taught in the school under the charge of the Christian Women's Board of Missions. Mr. Grim is a prominent minister of the Christian Church, having had charge of the territorial mission work in New Mexico for a number of years. He was a visitor in Hereford a number of times, being a special friend of the late Rev. Shore. Mr. and Mrs. Grim will make their home at Beckly. The Brand joins with their host of friends in wishing them a long and happy life.

POLITICAL PRESS POT

Boiled Down Political Juice; Newspaper Comments; Branding Irons Hot From the Fire.

Quanah Tribune Chief.—Cyclone Davis will be one of congressmen. Notwithstanding all the ridicule and denunciation that has been heaped upon him, this veteran was recognized all over Texas as a real man of brains, who stood head and shoulders above the gang that defiled him. He will be noticed in Washington.

Randall Co. News.—Ball was defeated mainly because of his past record and of his poorly managed campaign. Ferguson had a vote getting platform and worked it to excellent advantage on the voters. Many slurs and attempted slurs were thrown at Ferguson, but he always worked them out to his own advantage and to the discredit of Ball. It is very evident now that the "eliminators" were too hasty in the selection of their man.

Clarendon News.—The News is in receipt of a letter from a friend in Memphis, written on Memphis Commercial Club stationery. Said stationery bears the imprint of Dorces Printing Co., Dallas. It says the object of the Club is to uphold Memphis and Hall county, in particular, yet none of Hall county's half dozen print shops were accorded the Club's stationery contract. What is that nice little quotation about "Consistency?" In this connection, we are proud to be able to say that, so far, Donley county printing has been satisfactory to the Clarendon Chamber of Commerce, whose members believe in mixing a little "practice" with their "preaching."

Quanah Tribune Chief.—Friday night saw a large concourse of citizens assembled at the court house square, when the various county candidates spoke on behalf of their fitness for the office. The chief feature of the evening was a splendid talk, full of conviction and earnestness, by Senator Decker, who announced publicly that hereafter he was going to vote the pro ticket and stand aligned with the forces of good government and temperance. Deck's old friends, who for years have regretted to see him waste his talents for the wrong cause, were happy to observe him in the fold, and the Tribune-Chief predicts that the conversion of many more brilliant antis will follow all over the state. The domination of the saloon is causing a feeling of revulsion everywhere.

Geo. Muse, a former and well known citizen of this county, is here for a while on business. He has been making his home on the coast and declares that he likes it very much.

Good Rain and Shower.

A good rain visited most parts of the country last Sunday night when 0.90 inches of rain were recorded by the official measures at the First National Bank. On Wednesday night a wind storm brought a cloud of dust and then a fairly good shower. This measured 0.15 inches, making a total of 1.05 inches for the month of August.

Ford to Divide Millions

with Patrons this Year

Henry Ford created a furor when he announced that he would divide \$10,000,000 among his employees at Detroit. His announcement of a plan for sharing profits with drivers of Ford automobiles will undoubtedly create another outburst. He proposes to divide more than 12,000,000 with Ford customers.

Ford advertising to-day carries an announcement of \$490 on the touring car \$440 for roadster and \$690 for the town car f. o. b. Detroit. Mr. Ford further agrees that if he can sell 300,000 automobiles between August 1, 1914, and that date in 1915 he will pay back to every person who has bought a Ford during the time between \$40 and \$60. This is the customer's share of profits.

This plan is not preposterous. During the year ending to-day Mr. Ford has sold 221,888 automobiles. This is about double the sales of the previous year, according to Paul Barker of Barker and Winn, local representatives. Three hundred thousand cars for this year would represent scarcely more than a normal increase.

Forty dollars on each of the cars means \$12,000,000; \$60 means \$18,000,000. That is the amount Henry Ford proposes to pay back to patrons if he sells 300,000 cars. He can do this because of lower producing costs on 300,000 automobiles.

During 6 years Ford has done business amounting to \$256,000,000. Nearly \$0,000,000 has been profits—a fair amount. Only \$25,000 of "outside" capital is all that ever went into the Ford factory. All of the balance tied up in the immense plant was taken out of profits.

The impending conflict and the actual war-like demonstrations on the part of many of the European countries threatens to involve the whole of Europe in a war which will exceed in magnitude anything of past history.

The rapidly recurring events of the affair may be stated as follows: Serbia fails to make proper amends for the assassination of the Archduke Ferdinand and his wife; Austria-Hungary declares war against that country.

Russia orders the mobilization of her army and Germany asks for explanation. No satisfactory answer is given.

Germany sends note to Russia and gives but few hours for answer. Germany declared war against Russia Saturday afternoon and her armies began to move.

Italy declares her neutrality; the Canadian government enters troops to England.

French Capital aroused by war-like demonstrations; the French parliament to meet.

The action of the German troops brought about a "state of war" between Germany and France. France was ready for any event.

Great Britain on Tuesday declared war against Germany.

All of these events have been brought about by the violation of certain alliances and entente cordiale between the Great Powers of Europe. The Triple Alliance was between Germany, Austria and Italy; the Triple Entente between Great Britain, Russia and France.

The Triple Alliance has maintained peace in Europe for a quarter century. Pitted against this was the Triple Entente Cordiale, growing out of the Franco-Prussian war.

Thursday—German army meets with stubborn resistance in Belgium. Germany sends note to Italy which may mean to bring the latter nation into the conflict.

Mrs. Woodrow Wilson Dead

WASHINGTON, D. C., August 6.—Mrs. Woodrow Wilson, wife of the President of the United States, died at the White House this afternoon at five o'clock.

Death came after several months of brave struggle against Bright's Disease and complications. The President was completely unnerved by the shock and his grief was heart-rending. He bore up well under the strain, however, and devoted himself to his daughters.

The end came while Mrs. Wilson was unconscious. Her illness took a turn for the worse shortly after 1 o'clock this afternoon, and from then she grew gradually worse.

Kneeling at her bedside when the end came were President Wilson, her three daughters, Dr. Cary T. Grayson, a United States navy nurse. Outside the door were Secretary McAdoo and Francis B. Sayre, her sons-in-law, and Secretary Tumulty.

Both houses of Congress adjourned and for a brief time the wheels of the government practically stood still while everyone paid respect to the loss of the President.

Q.—Our Lord instructs the Christian: "When ye pray, say, Our Father, etc. How and to whom should we instruct our children to pray? (Father.)"

Answer.—The Apostle in 1 Corinthians 7:14 clearly shows the viewpoint God is willing to take concerning such earthly relatives as the saints may have, viz., husbands, wives, or children. His particular mention of the children would give us every freedom to encourage them to approach the heavenly throne of Grace, and to address our Father as their Father. But although their earthly relationship lasts through their whole life, the relationship mentioned in the text would only hold good for those years preceding the time when reasonable knowledge and powers of discretion would bring certain responsibilities. It is not possible to determine any fixed age at which a child should reach such a position, for the natural abilities differ in almost every case. We are sure that no Christian parent would ever regret pointing his children to Christ, and thus encourage them to approach his Father in prayer.

Q.—Should a Christian wear mourning as is the custom with the world? (Christian.)

Answer.—The Scripture says, "We mourn not as do others" (1 Thessalonians 4:13). This text might be taken as teaching either that Christians do not feel so great sorrow in the death of their loved ones as do others, or it might mean that they should not mourn at all. We believe that the more clearly we understand the Heavenly Father's purposes and the more fully we trust Him, the nearer we will approach to the latter condition. Through the sacrifice of Jesus death has become a sleep. Since He gave Himself a ransom for all (1 Timothy 2:6) the assurance is that "all that are in their graves shall come forth" (John 5:28, 29). There is little occasion to mourn for those who thus sleep. The time of their sleeping will correspond with the period of the world's suffering and punishment. Their awakening will take place at the binding of Satan and the restoring of the earth to its original perfection. Surely we could not mourn for those of the spiritual class who, we believe, will find their eternal home in the heavenly courts. Surely to wish them back would be selfish.

Q.—I have a Greek New Testament and in Romans 3:25 it says, God has set forth Jesus to be a Mercy Seat. How did Jesus become the Mercy Seat? And what does it mean? (L. S. F.)

Answer.—Jesus became the "Mercy Seat" in the sense that "Christ died for our sins," that He "died the just for the unjust, to bring us to God," that "He is the propitiation [hilasmos—satisfaction] for our sins, and not for ours only but for the sins of the whole world" (1 John 2:2). "The Lord hath laid on Him the iniquity of us all and by His stripes [the things which He suffered in our stead—self denial even unto death] we are healed." Two Greek words are rendered "propitiation." "Hilasmos" is correctly rendered propitiation in two texts (1 John 2:2; 4:10). "Hilasterion" is incorrectly rendered "propitiation" in Romans 3:25. It signifies propitiatory, i. e., place of satisfaction or propitiation. The "Mercy Seat" or covering of the Ark of the Covenant was the place of making satisfaction—the propitiatory or "hilasterion," but the Priest in sprinkling the blood of atonement, the blood of the offering, on the "hilasterion" accomplished "hilasmos," i. e., he made satisfaction or propitiation for the sins of the people (Hebrews 9:22).

Q.—Is eternal life a present possession of the Christian, or do we view it as a prize? (L. P. O.)

Answer.—No! The Christian has not eternal life in his possession at present, for although the Lord said, "He that hath the Son hath life," yet this is only received by faith with the object of consecration. It is not possessed in actuality, as is manifest by the fact that Christians still continue to die. This is the promise He hath promised us, even eternal life (1 John 2:25); if it is promised, it is still future. "Be thou faithful unto death and I will give thee a crown of life" (Revelation 2:10), shows that it is after death we get the life. Eternal life is the gift of God (Romans 6:23), and we are to receive eternal life in the resurrection. "If there be no resurrection... then they which have fallen asleep in Christ are perished" (1 Corinthians 15:18-19). This high calling to immortality and the Divine likeness is spoken of as a prize by the Apostle Paul in Philippians 3:12-14. There is considerable misapprehension as to the meaning of "eternal" or, more strictly speaking, "everlasting life." It is different from immortality. Immortality is Scripturally defined as life within one's self. It was this immortality that Jesus refers as His reward—"As the Father hath life in Himself, so hath He given to the Son to have life in Himself" (John 5:26). This life continues forever because of the individual's sufficiency. There is an eternal life which is not immortality, possessed by the angels and ultimately to be the lot of all faithful humans. It will be eternal not because of individual qualities but because of the provision which God has made for sustaining that life.

Q.—When will the Adamic death cease, or how soon after Christ sets up the Kingdom may we expect that to cease dying the Adamic death? (T. L. L.)

Answer.—More is included in the Adamic death than is generally realized. The sentence of death upon Adam and his race meant not merely the moment of dying, but years of mental and physical discomfort and pain. To state that it is covered in this one word death would be to revise the history of the race, taking in almost every moment of every life. In no feature of our lives have we retained the joys and blessing of the Edenic home; the curse has reached into every nook and corner. Christ's Kingdom is to be established for the purpose of removing this curse but, no doubt, the work will be done gradually. As He now instructs the Church "line upon line precept upon precept" so "when the judgments of the Lord are abroad in the earth the inhabitants will learn righteousness" point by point. For every individual, the Adamic death will cease when He has so thoroughly learned righteousness that none of the marks of sin are to be found in his flesh. Such will be in the image and likeness of God. For all the Adamic death will cease by the end of that reign, before the Kingdom is turned over to the Father. Then each one will stand before the Father to be rewarded according to his individual merit or unworthiness. If there are blessings found in any, Adam no longer will be the responsible one.

Q.—"Behold, I was shapen in iniquity; and in sin did my mother conceive me" (Psalms 51:5). Does the Psalmist refer to himself as being "born in sin," or does he apply this to all children? (One interested.)

Answer.—The Psalmist is here recording the common lot, "for all have sinned," and therefore "death reigns" (Romans 5:12, 17-19). Death is the inevitable result of sin, hence the fact that all are in proof that all are "born in sin." This is sometimes called, "original sin," for it originated with the first man, Adam, who deliberately sinned by disobedience in the Garden of Eden, as the Apostle declares: "By one man sin entered into the world and death by sin, and so death passed upon all men" (Romans 5:12). There the matter would have rested, and not one of the race could ever have escaped from the prison-house of death, but for the Heavenly Father. His love and wisdom had foreseen the end from the beginning and had provided a Redeemer, Jesus Christ, who laid down his life as a ransom for the original sinner, and all in him. "For as in Adam all die, even so in Christ shall all be made alive" (1 Corinthians 15:22). When the final triumph of Christ's kingdom over sin and death is complete (1 Corinthians 15:26), then will be seen by all the redeemed the ineffable love of God, the Designer of the plan of Redemption, and of Jesus Christ the willing agent in its execution.

Q.—What was the meaning of the vision which Jacob had when the angels went up and down the ladder—Genesis 28:13-17. (I. M.)

Answer.—Our Lord Jesus gave us the key to that vision, showing that He himself is the Ladder of Communication between heaven and earth. The angels ascending and descending represent the intimacy of communion between God and mankind which shall ultimately be established. The interests of humanity will come before the Lord, and the blessing of the Lord will come down upon mankind, and thus will be fulfilled eventually the glorious promise, the oath-bound Covenant, which God made with Father Abraham, saying, "In thy Seed shall all the families of the earth be blessed." That Ladder of Communication is already established so far as a certain class of humanity is concerned. But they are but a "little flock." The communication between the Father and Christ is complete, as between the heavenly Father and those who have been accepted as the true Israel—spiritual Israel—typified by Jacob. What blessings come to these while still in the wilderness? What fellowship they are privileged to have with the Father through the Son! "Their Angels do always have access to the face of my Father." And the blessings of the Lord come direct to them: new every morning, fresh every evening! "All things work together for good to them" as New Creatures in Christ whatever may be their trials and difficulties according to the flesh. But also how few of these have the eye of faith, which discerns in Jesus this link with heaven, which "satisfies their longings as nothing else could do!" The majority of Christian people know but little of it. They have heard of Jesus and the redemption accomplished, and the blessing provided; but, busied by the cares of this life and the deceitfulness of riches (taught whether gained or not), they are restrained. Their eyes are held to earth. They see not the vision for themselves, and when others tell of it they can but faintly realize it, and consider it merely an idle tale. Here again we see exemplified the statement of the Scriptures, "The secret of the Lord is with them that fear [reverence] Him; and He will show them His Covenant."—Psalms 25:14.

J. A. Fox and family returned Saturday night from a long auto trip over the state, visiting Fort Worth, Corsicana, Austin, Santeos, Corpus Christi, Mineral Wells, Quanah and intervening towns. They were joined on their return at Dawson, Tex., by Mr. and Mrs. V. T. Matthews, in their car.

Borden-Hopkins Wedding.

The consummation of a little romance was celebrated last Tuesday morning at 11:30 in Amarillo, Texas, when the Rev. Robinson of the Methodist church performed the nuptial ceremony for Mr. Leslie Borden and Miss Grace Hopkins, both of this city. The wedding party composed of Mr. and Mrs. S. B. Edwards and the contracting parties left Hereford in the early morning for a private auto for a trip of 50 miles to that city. A suite of rooms had been engaged and the arrangements all perfected upon the arrival of the party at the Amarillo Hotel. White carnations and ferns were used effectively in the decorations. After the ceremony, an eight course dinner, served in a private dining room, was enjoyed by the four. The table was beautiful in every detail, the same flower being used in perfect taste. In the afternoon, the two couples attended the matinee, leaving immediately for Hereford. In passing the little city of Dawn, the "boys" greeted the wedding party with "hats in hand." Arriving at Hereford at 6 o'clock, a special dinner was served at the Cordova Hotel. The table was elegantly laid and the hostess, Mrs. Hilbert, honored the bride with a beautiful wedding cake. The bride-groom had not forgotten nor neglected the smallest detail in the part he played in the affair, and so he had also prepared a place, a beautiful and elegantly furnished home in Hereford Heights, to which place he took his bride, spending the night under their own "vine and fig tree." The next morning, Mrs. S. B. Edwards honored the new couple with a wedding breakfast, the table being laid for four—Mr. and Mrs. Borden, Mr. and Mrs. Edwards. The dining room and table were made like the "fresh morning rose" by the use of tastily arranged bouquets. Mrs. Borden is a niece of Mrs. C. B. Williams of this city, with whom she has made her home for some time past. She has many friends here and in Arkansas, from which state she came, and is a most lovable and accomplished young woman. Her friends wish for her a happy life in her new place. Mr. Borden came to Hereford from Illinois about one year ago and in this short time has won for himself a list of warm personal friends among his new Texas acquaintances. He is a refined and courteous gentleman, somewhat reserved in manner. He holds large interests in irrigated lands near Hereford. The Brand joins with their host of friends in hoping for the new couple a prosperous and happy life.

A Dinner.

Miss Grace Lucas had a few friends to dinner last Sunday. Covers were laid for eight and in the dinner party were: Misses Mae Gough, Bess Nance, Madaline Barnett, Messrs. Earl Gough, Earl Wilson, J. C. Burkhalter, W. E. Dameron. The table arrangements were elegant in every way and the repast served most appetizing. The young people engaged in conversation and in the rendition of parlor music in the afternoon. The affair was pleasant and much enjoyed by all, Miss Grace proving herself to be a congenial hostess.

A Reception.

The home of Mr. and Mrs. Chas. Donald was the scene of a pleasant social affair, Wednesday, from 5 to 7 p. m. when a number of ladies were present at a reception given by the hostess in honor of her niece, Miss Lone Johnson of Fort Worth, who is visiting in the Donald home. The hostess was assisted by Mesdames G. A. Faris and B. S. Arnold and in the receiving line were Mesdames Mounts, Hicks, Stephens, and Miss Mounts. The house was beautiful in the decorations of cut flowers and ferns, the prevailing colors being pink and white. This pleasing combination was carried out in the dining room most effectively. Refreshments of delicious cream and cake were served and favors of sweet peas were given by Misses Elizabeth and Emogene Donald, daughters of the hostess. The hours passed only too rapidly in pleasant conversation, the ladies being delighted to meet the guest of honor in the home of her aunt who proved herself a charming hostess.

B. Y. P. U. Encampment.

The B. Y. P. U. of the Baptist church of this place is planning to meet the society from the Canyon church on the twenty-seventh of this month at Big Springs for a two days' encampment. An excellent program is in course of preparation and will be rendered on the afternoon and evening of the first day. In addition to this, a general good time is being anticipated and it is expected that quite a number from both Hereford and Canyon will be in attendance. The success of this, the first venture, will have much to do with the matter of making the camp an annual affair in which every Union in the Panhandle will be expected to take part. The great distance of the entire Panhandle from the scene of the annual encampment of the State B. Y. P. U. is one of the reasons urged by those interested in the movement, as it is impossible for the societies to send more than two and in most cases, a single delegate to the annual state encampment.

Chasing A Mountain Lion.

Saturday evening, July 18, Dan Stuart, who works for Charley Taul, while riding in his mountain pasture twenty miles south of Kent, met with a panther, or mountain lion. As Dan had no gun with him he went one way and the lion the other, as there was not room in the pasture for both. Dan went to his camp and got the fastest horse in his mount, thinking the quickest way to get help would be to secure an automobile, and knowing that the nearest one was at Mr. Taul's residence fifteen miles away he proceeded there with all possible haste, and luckily finding Charlie and his car at home, they started at once to Kent to secure the services of Joe Evans, the noted bear and wolf hunter of the Davis mountains, and having found him they started back at once for the scene of the first encounter. Dan having shown Mr. Evans where the mountain lion was last seen, the dogs were soon on the trail. The men followed on horses with their guns in readiness. The trail was hot from the start, the dogs following the scent as only trained dogs can. The trail ran over mountain after mountain through that rough country until the men had to abandon their horses and take it afoot. Soon they overtook and killed it, which all the old-timers claim was one of the largest house cats ever seen in this country.—Kent Budget

Nothing Free In Business.

The public is learning that there is nothing free in business. All little courtesies, accommodations and gifts cost money and the expense must be taxed up against the business. When the railways were liberal with transportation to various classes of citizens whose favor they desired the fare paying passengers bore the burden on their backs. It was assessed against the freight department, says the St. Louis Globe Democrat. The customer who rides in a free bus to a store realizes that the expense of such service is added to the general price of merchandise. If everybody used the free bus the expense added to each purchase would soon be noticeable. The expense of "dead-ends" at a theater has to be borne by the ticket-buying public. These falsely termed free things are gradually being eliminated. It required action by congress and the several state legislatures to abolish railway passes and telegraph franks. Theaters have been forced to reduce or abandon the free list by necessity. The free bus is passing. It is likely that the abuses of free delivery services will have to be checked, being now one of the large elements in the high cost of living.

The newspaper is one of the last institutions to attempt to correct this abuse by giving away the very thing it sells—its space. The newspaper like a train, "runs anyhow." This has led many advertisers to insist on "free" notices accompanying, anticipating or following paid advertising. Not all kinds of business demand or expect such treatment. If all advertisers made such demand and the so-called free space were exactly proportioned to the paid advertising it would be merely tantamount to a general reduction in the

NEW TORPEDO BOAT DESTROYER LAUNCHED

The torpedo boat destroyer O'Brien was launched recently at the Cramps' shipyard, Camden, N. J. The sponsor of the craft (shown in the insert) was Miss Marcia Bradbury Campbell of Cherryfield, Mo., a great-great-grandniece of Capt. Jeremiah O'Brien, for whom the boat is named. Captain O'Brien was the leader in the first naval engagement of the Revolution.

advertising rate. There would be no particular injustice in it, but there would be nothing rational about it. But as only certain classes of advertisers make the demand, the others paying for their space at regular rates, the injustice to the latter is obvious. The general advertising rate must be made adequate to cover all advertising space and the advertisers who ask no donations must pay their share of the cost of that demanded by others. The injustice is so apparent that the best newspapers of America are striving to abate the practice.

The subscribers of a newspaper buy it for the news it contains. The newspaper, to keep faith with them, must determine what is news, uninfluenced by advertising contracts. To consider certain matter as news and run it as such merely because it is related to advertising is not fair to the reader. The ideal of a newspaper is to give its readers all the things they will read with interest and the things they are entitled to know, under the implied obligation of the subscription contract. This ideal cannot be attained until the last vestige of "free reader" with advertising shall have been eliminated.—Publishers Aux.

A Royal Party to Visit Us.

Particulars regarding the personnel of his Royal Highness' retinue, date of arrival, purpose of visit, etc., forthcoming. Even the least of potentates creates a flurry by announcing his intention of visiting our shores. But now comes word that a king accompanied by thousands of courtiers will bring the glory of his court into our midst. Just why he comes, who will attend him, how his powers and riches will be used while in our midst is set forth in a 65 page volume regarding The King's Return. Some have told us he comes "as a thief;" others say with shout and trumpet. Some declare he comes to burn the earth, and others that he is to make it all a Paradise. Send five cents to Mrs. H. C. In the thirty-one years of its existence the University of Texas has granted approximately 3600 degrees.

Eight hundred and eighty students in the University of Texas in 1914, were wholly or in part self-supporting.

During last season 406 students in the University of Texas '12 '13 were the sons and daughters of farmers.

Nine hundred and eighty young men and women attended the University of Texas Summer School in 1913.

More than 1000 students registered for College courses by correspondence in the University of Texas during 1914.

During the period of 1912 the University of Texas supplied commencement speakers to 62 high schools throughout the State.

One hundred seventy-two young women received lessons in domestic economy in the University of Texas during the session of 1914.

Five hundred and three Texas schools, representing approximately 125,000 pupils, are members of the University of Texas Debating League.

The University of Texas Department of Economic Geology and Technology is prepared to examine any mineral specimens that are sent to it.

The week of July 13-19 is devoted at the University of Texas to various phases of rural education, speakers of national reputation giving daily lectures.

An average of 16,051 meals per month were served at the University of Texas dining hall during the past session at an average cost of 12 5-8 cents per meal.

The Board of Regents of the University of Texas offers scholarships annually to the winners of the chief prizes Southwestern Boys' and Girls' Hog Clubs and the Texas Industrial Congress.

Three hundred and forty applicants for degrees have been made in the University of Texas for commencement of 1914 and this number will be granted if the applicants are able to pass their final examinations.

During the 1914 session of the University of Texas, 550 out of the 760 girl students enrolled were also enrolled as regular Bible students either in the local church classes or in the classes of some of the adjacent church schools.

Out of 760 girls in the University of Texas in 1914, 602 were members of the Young Women's Christian Association; and out of the 1494 young men students in the same session, 787 were members of the Young Men's Christian Association.

The Medical Department of the University of Texas was ranked "A" class, together with twenty-six other medical colleges in the United States, by the Medical Association. Only three other Medical Colleges in the entire South received so high a rank.

To Texas young women there are open at the University of Texas the following scholarships: The Shirley Green Scholarship of two hundred fifty dollars a year; the scholarship of the Texas Federation of Women's Clubs, value of one hundred and forty dollars a year; five scholarships of two hundred and fifty dollars a year in the Department of Architecture; and five scholarships of two hundred and fifty dollars a year in the Department of Medicine.

OUTLOOK IS BRIGHTER FOR PEACE IN MEXICO

EFFORTS OF UNITED STATES TO BRING FACTIONS TOGETHER ARE SUCCESSFUL.

LEADERS ARE TO CO-OPERATE

Representatives of Carranza and Zapata Meet at Vera Cruz to Discuss Reforms.

Washington.—Official advices revealed that the Washington administration was meeting with success in bringing Provisional President Carranza, Gen. Carranza, Gen. Villa and Gen. Emiliano Zapata into harmony for the restoration of peace in Mexico.

From these four leaders—representing all factions concerned in the establishment of a stable government—came encouraging messages in answer to the counsel and advice which the United States has been lending to smooth the way to a complete agreement.

Gen. Zapata promised to co-operate with the constitutionalists in the work of pacification. The emissaries from Gen. Carranza to Gen. Zapata were due in Vera Cruz Saturday to explain to Zapata the concessions and reforms planned by Carranza. Officials were confident that an amicable understanding would be reached and did not attribute any significance to the activity of the roaming Zapatista bands near Mexico City.

Maccabees Vote to Consolidate.

Detroit, Mich.—By unanimous vote delegates representing the Knights of the Maccabees in every state and the Canadian provinces voted for amalgamation of the order with the Knights of the Modern Maccabees. The latter organization ratified the proposed amalgamation at a meeting in Bay City a few weeks ago. The new organization will be known as the Maccabees. Detroit will be headquarters for the world, it was announced.

\$75,000 Fire Sweeps Rio Vista.

Rio Vista, Texas.—Fire entirely wiped out the business section of this place, nine frame buildings and one brick, all business houses, being destroyed, together with all stocks of merchandise. Only the bank building was left standing and it was in immediate danger. This town had only a volunteer bucket brigade and they were unable to cope with the flames. While it is impossible to place an accurate estimate on the loss, it is conservatively estimated at \$75,000.

Body Identified as San Antonio Girl.

Galveston, Texas.—Dr. M. Charlotte Schaefer of the medical college of the university of Texas identified the body of the woman found on the beach front Tuesday morning with a bullet hole through her head as that of Miss Elvira Davis of San Antonio, librarian and private secretary to Col. George W. Brackenridge of San Antonio. Dr. Schaefer viewed the garments and the body and positively identified both.

Negro Gets Pension Money.

Austin, Texas.—Sullivan Courtney, an aged negro of this city who for years has earned his living by picking rags, has suddenly come into a small fortune in the form of back pension money amounting to \$2,680. The pension dates from March 24, 1892, at the rate of \$10 a month.

Texarkana, Texas.—Fire at the National Lumber and Creosote company plant just west of the city destroyed about 20,000 railroad ties valued at between \$8,000 and \$10,000.

Congressman's Brother Dies.

Bonham, Texas.—Abner Rayburn, brother of Congressman Rayburn of this district, died at the family home here Wednesday after an illness of several weeks of typhoid fever.

First Bale at New York.

New York.—The first bale of 1914 cotton gathered in the country reached New York July 21 from Georgia and was auctioned off at the cotton exchange for 12c a pound. It weighed 200 pounds. In explanation of the low price, it was said the quality was poor. There was only one bid.

Three Oil Tanks Burn.

Cleburne, Texas.—Fire broke out in the Pierce-Pordyce company's storage oil tanks and three large tanks were burned. It is estimated that the loss was \$25,000. The fire was discovered by Chief Engineer Matthews of the Cleburne Ice and Cold Storage company. His hands were badly burned trying to extinguish the flames.

Maj. Robt. Cobb Dies at Wichita Falls.

Wichita Falls, Texas.—Major Robt. Cobb, ranking artillery officer of the confederate army and for 36 years a resident of this city, died at his home here Monday as the result of a paralytic stroke. Major Cobb enlisted in the confederacy from Kentucky, being first lieutenant of his company. It later was made an artillery organization and Major Cobb was promoted to the captaincy when the captain was promoted. Later he was made major of a battalion of artillery.

LIVELY LABOR SECRETARY

Secretary of Labor William B. Wilson is one of the athletic members of the president's cabinet. He jumps fences, and he doesn't care whose fences, for this picture shows him just clearing the White House fence. It happened this way. The secretary was hurrying back to his office from a meeting and upon arriving at the gate found it closed and locked. To save time he picked out a spot where the hedge was thin and gracefully leaped over. The presence of the photographer on the other side was not noticed by the secretary until he was over and the snap was made.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

CARDUI
The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

AND then there is Ousley and Johnson, Colquitt and Wolters, and a bunch of lesser lights who have crossed pen knives in the recent "unpleasantness." These and others will make a most interesting program.

THE El Paso Convention promises to develop some strange political phases. There's Ferguson, a strong Wilson administration advocate and winner in the gubernatorial contest, and Bailey, a gentleman of past glory, a supporter of Ball and a severe critic of the Wilson tariff legislation, both to attend the conclave of Democrats.

THE old darkey was right when he said that a "platform was to get in on and not to ride on," and it certainly applies to political "platforms" in no insignificant way. Ferguson rental plank was in a vote getter, but will the El Paso convention nail that plank on the frame of the platform to be erected at the Rio Grande City?

POLITICS breed strange bed bugs. The just ending contest was a mixed breed. If the herds could have been marched out for review, what strange sights would have met the old timers in Texas! There were the brown backed anti's tugging at the side ribs of the body-politic; the speckled back pro's nibbling by their sides. Who would have thought that the Lion and the Lamb would have lain down together?

Why the Ball Was Lost

The Star-Telegram, a Fort Worth daily, the next day or two after the election, had a cartoon showing a lively looking base ball game in progress with a "home runner" nearing the plate and a fielder searching wildly for the ball. The title of the picture was: "The Lost Ball." The "home runner" was labeled Jim Ferg.

Evidently this cartoon grew out of the fertile brain of the sporting editor of the S-T., but depicted the actual conditions politically in Texas—the ball had been lost when a heavy batter sent it over the right field fence and the small boy had failed to bring it back. Politically, Jim Ferg had knocked a "home run" and Tom Ball had been lost in the game.

The reasons assigned for the loss in so fair a chance have been varied and numerous. All of the big dailies have had their "say," and the many weeklies have come in with their "we told you so's." Therefore,

even at this late day, it would not be amiss to sum up the whole matter and clear the atmosphere of any doubt as to the reason of the cartoon, "The Lost Ball."

First.—The action of the politicians in resorting to the old time but wicked convention system to put out their man. This method of elimination brought on a storm of protest and lost many good pro votes right in the beginning of the campaign.

Second.—The opening and subsequent speeches of their candidate were a disappointment to thousands of honest pro's who believe in state-wide, nation-wide or any other method to rid the country of the saloon. He did not take such a position as to commend the great host of ardent pro's.

Third.—His position on the prohibition question made him tolerant to many of the leading anti's and he received their endorsement, thus making his candidacy as a pro candidate doubtful, if not suspicious, to hundreds of life long pro's.

Fourth.—His resignation from a seat in the Congress to accept a highly lucrative position with the "special interest," for the people have been taught since before Hogg's time to watch the corporations and their hired help. Long association with any cause is not easily erased even when public confession of a change of heart is made. This connection was used effectively by his opponents.

Fifth.—His personal association in the so-called higher circles of society where clubs of doubtful nature are licensed and tolerated and are a part of the daily life—specifically the now famous Houston Club—was used as a club to bat the ball over the political field. They say this excuse is the night-mare of a narrow mind, but thousands of honest, church folks, prohibitionists in faith and practice, could not see the consistency in a prohibitionist having even a part in a saloon affair as a stockholder if not as a patron.

Sixth.—The addition of the Submission question to the ticket is another but overlooked reason for the defeat of the Houston candidate. The great body of pro's were not ready, but were forced in by their self-appointed leaders. They had not recovered from that defeat of 1911 and it was unwise on the part of the leaders to pitch another battle at this time. A wise general will not force his men to engage in battle until they have recovered somewhat from former conflicts. The people wanted a rest from the turmoil and agitation. This fact is shown in the election where the strongest pro counties voted against Submission and others gave the Houston man the left-overs.

Seventh.—The financial as well as the political unrest had its bearing as a factor in the final results. The agitation of side issues, the arraignment of the masses against the classes, beclouded the real issue—the saloon. Even the ultra pro counties passed up the issue of issues for the mere promise of relief from self-imposed burdens. The breaking up of political rings of long standing, the destruction of the state machine by an "unknown" was heralded with a shout.

Eighth.—The Anti-Saloon League and its corps of workers. Comment is unnecessary. Its agents over the state have lived fat from the people's purse. Thousands of honest voters have been driven in disgust from the pro ranks by its methods and attitude.

Last.—The unanswerable reason. In the contest the Houston candidate had the support of all the leading pro's, with few exceptions. He had the support of some of the best anti's. He had behind his campaign some of the greatest past leaders and the present national Democracy in the person of the President and others. He had the pulpit of the state in a solid phalanx marching in his columns. He had other advocates of moral and social uplift behind him. Hundreds of loyal supporters left their places of business and took the stump voluntarily and at their own expense. If with this array of flying banners and sound of trumpets, Col. Ball could not win, then the Texas Democracy did not want him

as governor of the great state of Texas.

These are a few of the reasons why the Democratic party refused to adopt the state-wide measure of Submission and with it accomplished the defeat of the pro candidate. The pro's cannot charge fraud in the election for the law gives ample protection and they have been warned by former and similar elections. They cannot accuse the old political machine, for some of its biggest and most brilliant among the men were marching under the banner of the Houston man.

This is certainly not an overdrawn statement and in a measure tells "Why the Ball Was Lost" in the recent and epochal political game in the state of Texas.

Thousand Gallons Water Guaranteed

Hereafter all contracts for McDonald Irrigating Plants will contain a guarantee of 1000 gallons of water per minute. This means that 1000 gallons per minute must be delivered or you don't pay for the well.

We have decided to make this guarantee because it insures the land owner against a poor well and insures a successful irrigated farm. We are willing to take all the chances in getting water. This should be an inducement for every owner of Hereford Shallow Water Land to get a pumping plant at the very first opportunity.

As water getters, McDonald Irrigating Plants have made good and will continue to make good. Inspect every McDonald Plant in the Hereford Country and compare it with any you have ever seen. They put the water into the ditch for less money and are constructed for years of service. Operating expenses guaranteed with the Bessemer Gas Engine Company and the American Well Works back of us on the guarantee.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION, AMENDING SECTION 24, ARTICLE 3 OF THE CONSTITUTION INCREASING COMPENSATION OF THE LEGISLATURE AND EXTENDING LENGTH OF REGULAR SESSION.

(S. J. R. No. 26.)
Senate Joint Resolution.
Joint Resolution proposing an amendment to Section No. 24, of Article 3, of the Constitution of the State of Texas, relating to compensation for members of the Legislature.

Be it resolved by the Legislature of the State of Texas:

Section 1. That at the next general election of the State of Texas for the election of State officers, or at a previous general election, in case a general election for the State shall be sooner ordered by the Governor for other purposes, there shall be submitted to the electors of the State of Texas, for their adoption or rejection, the following amendment to the Constitution of the State of Texas, as provided for in Section 1, Article 17, of said Constitution, relating to proposed amendments thereto, it being intended to amend Section 24, Article 3, of said Constitution, relating to the pay of members of the Legislature, and extension of term of regular session, so that the said section shall read as follows:

Section 24. The members of the Legislature shall each receive from the public treasury as compensation for their services twelve hundred (\$1200.00) dollars for the year in which each regular session of the Legislature is held, payable in equal installments on the twentieth days of January, April, July and October of the year in which the regular session is held, and five dollars per day for each day of every special session held in which any regular session is held. In addition to said compensation the members of each house shall be entitled to mileage going to and returning from the seat of government, which mileage shall not exceed five cents per mile, the distance to be computed by the nearest and most direct route of travel by land, regardless of railways or water routes; and the Comptroller of the State shall prepare and preserve a table of distances to each county seat, now or hereafter to be established, and by said table the mileage of each member shall be paid. Each regular session shall con-

line until the business of such session is disposed of.

Sec. 2. The Governor of this State is hereby directed to issue the necessary proclamation submitting this amendment to be voted upon by the qualified electors for members of the Legislature, at the first general election to be held in this State. Those favoring the amendment shall have written or printed on their ballots the words: "For amendment to Section 24, of Article 3 of the Constitution increasing compensation of the Legislature, and extending the length of the regular session of the Legislature." Those opposing said amendment shall have written or printed on their ballot the words: "Against amendment to Section 24, of Article 3, of the Constitution increasing compensation of the members of the Legislature, and extending the term of regular sessions of the Legislature."

PROPOSED AMENDMENT TO THE STATE CONSTITUTION, AMENDING SECTION 1, ARTICLE 3, OF THE CONSTITUTION, PROVIDING FOR THE INITIATIVE AND REFERENDUM.

(S. J. R. No. 12.)

Senate Joint Resolution.
To amend Section 1, of Article 3, of the Constitution of the State of Texas, so as to give to the people, or reserve to them, the power to propose laws and to enact or reject the same at the polls, and to approve or reject at the polls any Act of the Legislature.

Be it resolved by the Legislature of the State of Texas:

That Section 1, of Article 3, of the Constitution of the State of Texas, be amended to read:

Section 1. The legislative power of this State shall be vested in a Senate and House of Representatives, which, together, shall be styled "The Legislature of the State of Texas," but the

people reserve to themselves power, as herein provided, to propose laws and to enact or reject the same at the polls, and to approve or reject at the polls any law, or any part of any law enacted by the Legislature. The Legislature shall provide by law for submitting to the vote of the people, upon the petition of twenty per cent of the qualified voters of the State the enactment of laws and the approval or rejection of any law enacted by the Legislature.

Be it further resolved, by the Legislature of the State of Texas: that the above and foregoing is proposed as an amendment to the Constitution of this State, and shall be submitted to the qualified electors of the State of Texas for members of the Legislature, for their adoption or rejection as a part of the Constitution of this State, and shall be voted on by such electors at the regular election for the election of officers to be held throughout the State, on the second Tuesday in November, A. D. 1914, and those voting for the adoption of said amendment shall have written or printed on their ballots the words:

"For the amendment to Section 1, of Article 3, of the Constitution of the State of Texas, providing for the initiative and referendum," and those voting against the adoption of said amendment shall have written or printed on their ballots the words:

"Against the amendment to Section 1, Article 3, of the Constitution of the State of Texas, providing for the initiative and referendum." And the foregoing proposed amendment shall be duly published once a week for four consecutive weeks, commencing at least three months before the election at which it is to be voted upon, in one weekly newspaper in each county in this State, in which such a newspaper may be published. The Governor shall make proclamation of such election upon said proposed amendment by publication as aforesaid, and as required by the Constitution and laws, and the sum of five thousand dollars (\$5,000.00) is now appropriated out of any fund in the Treasury not otherwise appropriated, to pay the expense of making such proclamation and publication and holding said election.

(Note.—S. J. R. No. 12 passed the Senate by a two-thirds vote, yeas 21, nays 5, and was further passed by a two-thirds vote, yeas 21, nays 7, and Senate concurred in House amendments by a two-thirds vote, yeas 23, nays 0; and was passed by the House of Representatives with amendments by the following vote: yeas 84, nays 36.)

PROPOSED AMENDMENT TO THE STATE CONSTITUTION, AMENDING ARTICLES XI, SECTION 7A, OF THE CONSTITUTION—PROVIDING FOR AUTHORIZING COUNTIES BORDERING ON THE GULF OF MEXICO TO BUILD SEA-WALLS.

(S. J. R. No. 22.)

Senate Joint Resolution.

To amend Section 7 of Article XI of the Constitution of the State of Texas, authorizing counties bordering on the Gulf of Mexico to build sea-walls by adding Section 7a, so as to authorize such counties to build sea-walls and designate sea-wall reclamation districts for the protection of life and property from storm overflow, and to build or condemn land for sea-wall and reclamation districts, the county to have State's title to the roads and bay shore line to low tide within the district, and the right to issue district bonds for acquiring and developing the district and building the sea-walls, and when district is developed as townsite to sell such portions of the land as not reserved for public use by the county.

Be it resolved by the Legislature of the State of Texas:

That the following amendment to the Constitution of the State of Texas be proposed to the voters of the State of Texas for their adoption in accordance with law, and that the Constitution of the State of Texas be amended so as to add Section 7a of Article XI, and that Section 7a of Article XI shall read as follows, to-wit:

Section 7a. Where protection against the waters of the Gulf of Mexico is needed for protection of life, health, property or the sea-wall, any county bordering on the Gulf of Mexico may acquire title to the land for said sea-wall or sea-wall reclamation district as designated by the County Commissioners' Court by purchase or condemnation of all the land desired for sea-wall and land for the sea-wall reclamation district from the sea-wall to bay-shore tide line boundary of the property abutting on the bay, and the State hereby cedes to

the county, for such district, for reclamation and general use of the district, the title to bay shore lands in the district between the property tide line boundary and the low tide line of the bay shore, and any land in the reclamation district that may have been retained by the Republic of Texas or the State for roads when the lands adjacent were platted and sold, and the county is given the right to dredge in the bay or in the gulf for fill for the district, and right to sell the land when reclaimed, and laid off as townsite or otherwise, and where condemnation is used to acquire the land the proceedings to be under the Statutes for condemnation for railroads, provided that the condemnation shall vest title in fee in the county, and the county may issue bonds or other evidence of district indebtedness for acquiring property, building the sea-wall, reclamation development and all incident thereto as expense of sea wall and reclamation district, with lien on land and such terms and conditions as county, through its commissioners' court may deem best, and the county commissioners' court shall appoint two persons who are owners of land within the district, and who desire to sell for reclamation and buy back from the county when reclaimed, who, with the county judge as chairman, shall constitute a sea-wall reclamation district commission, whose compensation shall be fixed by the court, and this commission has power to make all rules and regulations for acquiring the land of district sea-wall building, reclaiming and plating land of district, issuing bonds or other evidence of indebtedness for same, subject, however, to all such rules, regulations and acts of the commission being authorized and approved and ratified by county commissioners' court. The district must bear all expenses of sea-wall and filling (filling) same and other expenses, and the same shall not in any way involve the credit of the county or be a basis for a tax by the county on general lands of the county unless authorized by a vote of two-thirds of the property taxpayers of the county voting at a special election therefor. It is further provided that any owner of land in a proposed district may subscribe and pay for the district commission, when organized, as the pro rata of his land of the expense of the wall, reclamation, plating as town lots on a basis as such area of land is to be the whole land of the reclamation district and sea-wall, and at any time before the completion of the district may surrender the bonds and receive from the county a bond for title for his land in town lots, less streets, and alleys deducted therefrom, for which on surrender deed may be demanded from the county after the district is walled, filled and platted into streets, alleys and lots, and bonds so bought shall so provide. It is further provided that no district shall be formally designated by the county commissioners' court until owners of at least one-half of the proposed area of district petition therefor, and subscribe out for bonds for repurchase from the county as herein provided. This amendment may be acted on without delay or legislation in aid thereof or legislative action may be had in furtherance thereof if desired by the county, acting through its commissioners' court.

Be it further resolved by the Legislature of the State of Texas:

That the foregoing proposed amendment to the Constitution shall be submitted to the qualified voters of the State of Texas for their ratification and adoption at an election to be held throughout the State on the second Tuesday in November, A. D. 1914, and at such election those favoring the ratification and adoption of said amendment shall have written or printed on their ballots: "For the amendment to Article XI, Section 7a, of the Constitution providing for authorizing counties bordering on the Gulf of Mexico to build sea-walls," and those opposing the adoption and ratification of said amendment shall have written or printed on their ballots, "Against the amendment to Article XI, Section 7a, of the Constitution, providing for authorizing counties bordering on the Gulf of Mexico to build sea-walls." Proclamation of such election shall be made by the Governor, as required by the Constitution and the law, and there is appropriated out of any funds not otherwise appropriated the sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, to pay the expense of advertising and holding such election.

(Note.—S. J. R. No. 22 passed the Senate by a two-thirds vote, yeas 24, nays 1, and Senate concurred in House amendments by a two-thirds vote, yeas 27, nays 0; and was passed by the House of Representatives with amendments by a two-thirds vote, yeas 114, nays 0.)

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

A Letter From Miss Edwards.

July 12, 1914.

My dear mamma:

I am now four days journey from Korea on my homeward journey. Miss Buis and I left Seoul on the morning of July 8, have changed cars only twice and will be on this train until the morning of July 17, when we will reach Moscow, Russia, and after stopping one day there we will go on to Berlin, Ger., and spend a day or two there, then on to London and perhaps spend four or five days there and sail from Southampton for New York about July 31. We have not yet decided where or how long we will stop in U. S. before we reach our homes. If I go straight to Hereford from New York City I will send you a telegram from New York giving date of arrival in Hereford; if we go by Washington, D. C., or any other place on our way I will perhaps write from New York instead of sending a telegram. We have a very nice compartment on this Russian train and are fairly comfortable as there are several English and American tourists on the train. We were indeed loath to leave Korea even for a year, but now that we are away and on our homeward road, we cannot go fast enough. I cannot realize that in a month or little more I will be with you all again. I am so anxious to see you all and have so many things to tell you that I sometimes wonder if we can do it in a year. Taking calomel is mighty risky and often times dangerous.

You ought to get along without taking calomel yourself or giving it to your family, when you can get a remedy that takes its place. Dodson's Liver Tone is an agreeable vegetable liquid that starts the liver to action just as surely as calomel does. But, unlike calomel, Dodson's Liver Tone does not stimulate the liver too much. No Civilized Man Wants to Live Where There Are No Churches!

GO TO CHURCH!

The church is the best institution the world has ever known from every standpoint—moral, economic and political. It has changed the world from HEATHENISM TO CIVILIZATION, from SLAVERY TO FREEDOM, from MIGHT TO RIGHT, from DARKNESS TO LIGHT, from MISERY TO HAPPINESS. Compare the conditions prevailing in heathen lands with those of Christian countries; the forms of government in the dark ages to those of the Christian lands today.

Can any one believing in God give any reason for not going to church? The church stands for the purity and sanctity of the home, the purity and rectitude of personal life, the highest morals, the best laws. It stands for justice, righteousness and good government. It is the great instigator and patron of all true benevolence. Skepticism never founded an asylum. The church, not infidelity, has founded the great eleemosynary institutions of the land.

The value of the church cannot be estimated. No civilized man can want to live where there is no church. He wants it for its influence, if for nothing else. Take the church out of any town or city and the citizen will take himself out. Take the church out and all evil will prevail, and from an economic standpoint property become worthless.

The mission of the church is to save the world. Does it merit any thing at the hands of its professed followers? If so, let us stand by it and attend its services. It is a duty as well as a pleasure. Individual responsibility will not down. Let us assume it cheerfully and respond valiantly.

TEXAS FACTS

LIVESTOCK.

The annual per capita production of livestock and products in Texas is \$24.54.

Texas is the leading livestock state and has 3.2 head per capita.

On January 1st, 1914, Texas had 19,877,000 head of livestock, valued at \$393,471,000.

Texas has more cattle than any other state.

It costs \$50,000,000 to feed Texas livestock one year.

HORSES AND MULES.

Texas has more than twice as many mules as any other state in the Union. The total number is 753,000, valued at \$82,077,000.

Texas has 17 per cent of the mules of the United States.

In selecting work animals for the United States army, Uncle Sam invariably prefers Texas horses and mules.

Texas leads the nation in asses and burros. We have 23,106 head, valued at \$1,922,000.

The Texas mule was the predominant class of work animals used in the construction of the Panama Canal.

The Texas mule is the Commercial King of Beasts.

Federal Government reports show that horses can be raised cheaper in Texas than any other state. We have 1,216,000 horses, valued at \$97,280,000.

Only two states have more horses than Texas.

The Texas horse has held his own with the auto. During the past ten years he has more than doubled his value.

Many a strong man and many a healthy woman has much to thank mother. The care taken during their childhood brought them past the danger point and made them healthy men and women. Thousands of children are bothered with incontinence of urine, and inability to retain it is oftentimes called a habit. It is not always the children's fault—in many cases the difficulty lies with the kidneys, and can be readily righted. A Hereford mother tells how she went about it.
Mrs. Clarence Smith, 611 E. Third St., Hereford, Texas, says: "About two months ago I gave Doan's Kidney Pills, procured at Woodburn & Son's Drug Store, to my child who was suffering from kidney weakness. They proved so satisfactory that I heartily recommend them. Doan's Kidney Pills made a permanent cure in this case after other remedies had failed."
