

# The Hereford Brand

VOLUME 14

HEREFORD, TEXAS, FRIDAY, AUGUST 14, 1914

NUMBER 28

## EUROPEAN WAR HURTS BUSINESS

World's Business Blocked by Conflict Between Great Powers of Europe—Situation Unchanged.

The meager news in the daily papers makes the situation as far as business is concerned as uncertain as if actual war existed everywhere. The embargo and contraband measures taken by all nations in the conflict is blocking business in every part of the world.

The reports that the Germans had taken possession of Liege, an important city of Belgium, has at last been confirmed, but the Belgians hold the forts surrounding so the advantage to the invaders is practically nothing, as their army cannot move without first dislodging the holders of the forts.

The German Uhlans are robbing the banks, one bank losing \$400,000. This was at Limburg.

Special to the Brand from the Amarillo Daily News at 4 p. m. yesterday from wireless station in New Jersey repeating message direct from Germany says that the Germans took 120 officers and 1,120 soldiers prisoners at Muelhausen, Alsace; also captured four cannon. Germans invaded France and captured a small garrison at Loncwy, taking a few officers and soldiers.

### Deadly Poison.

"That's a terrible poison that has been discovered of late," said Ted. "What's that?" said Tom. "Aeroplane poison," replied Ted. "And is it deadly?"

"Yes."

"And how much does it take to kill a man?"

"One drop," replied Ted.

### Fords Everywhere.

The story is being told on a well known Hereford citizen that he got up in the middle of the night and stumbled over one of those new-fashioned, collapsible baby carriages, barking his shins and making an infernal racket. "D—n these Fords, you can find them everywhere," said the w. k. cit.

### Miss Laura Edwards Arrives in New York.

The friends of Miss Edwards were somewhat apprehensive of her safety when the war broke out in Europe as she was on her return home and was to come thru some of the countries engaged in the conflict. Word came Wednesday afternoon that the missionary party had arrived in New York City on Sunday and that all were safe. The delay which gave some uneasiness was caused by a dense fog which covered the route across a part of the Atlantic. Miss Edwards is expected home about the 18th of this month.

### Raising Big Kafir.

Some of the best and biggest heads of kafir and feterita ever seen in this section were brought to this office this week from the Morgan farm west of town. The heads came from Gerald Morgan's crop. The heads measure from 12 to 14 inches in length and are well filled and just at that stage when best suited for silo filling. The heads of feterita are far above the average in size. Mr. Gerald has 65 acres of the kafir and about 30 acres of the latter feed and he expects to raise enough to go to housekeeping on.

### Off to Battle Creek.

Mr. and Mrs. G. A. F. Parker and children left yesterday afternoon for Battle Creek where they will remain for some three months. This is for Mr. Parker to take a much needed rest. Mrs. W. E. Hicks accompanied them.

We offer you service and quality in return for your drug trade. Geo. E. Burns. 23tf

### Largest Silos on The Plains at Dawn.

Dawn, Texas, July 30.—W. E. Neal has received two 405 ton Ames Portable Silos and will erect them on his fine irrigated farm adjoining the townsite. Mr. Neal is having these silos painted white and standing 43 feet above the ground they will make conspicuous landmarks that can be seen for miles.

These silos having an aggregated capacity of 810 tons are the largest yet erected by any one man on the plains.—Daily Panhandle.

### An Afternoon Party.

The home of Mrs. R. Collins was the scene of a delightful gathering of friends Wednesday afternoon from 4 to 6 when she entertained for her visiting daughters, Mesdames Evans, Mason, Massie and Witherspoon. The spacious rooms were decorated with a profusion of wild sunflowers. After the arrival of the guests tables were placed for a few games of "42," during the progress of which Mr. Evans added to the enjoyment of the hour by giving a number of selections from the Victrola. One special number was a Grand Opera, the story of which was given by Mr. Mason. At the close of the hours, light refreshments were served. Nasturtiums were given as favors. The friends were pleased to again be present in this hospitable home and to enjoy this pleasant affair.

### Society Events Not Reported.

In the absence of a society reporter, it becomes the duty of some member of the house party or assistant hostess to see that the social affair is reported to the paper. Often an important event in the Hereford society circles is not mentioned in the paper simply because no one present thought to even drop a word to any one connected with the paper. Those who attended the function pick up the paper afterwards and find, to their disappointment, that a mention is even made of the affair. If the hostess does not wish to ask some one present to write out the notes, the Brand will not think it a violation of modesty, if the hostess calls No. 30 and tells the office about her social affair. 28 2t

### Representative Convention.

Notice is hereby given that the Representative Convention within and for the 123rd Representative District of Texas, will be held at my office, in the building of the Tulia Bank & Trust Co., in the town of Tulia, August 24, at 3 o'clock p. m. All delegates to this Convention and members of the Executive Committee of the 123rd Representative District are urgently requested to be present. Respectfully submitted, Dennis Zimmermann.

Chairman Democratic Convention Committee of the 123rd Representative District.

### Results of Second Primary.

The returns show a close race for both the office of sheriff and judge. The vote as shown by the returns to the county clerk is complete, save Box 5, but this is included:

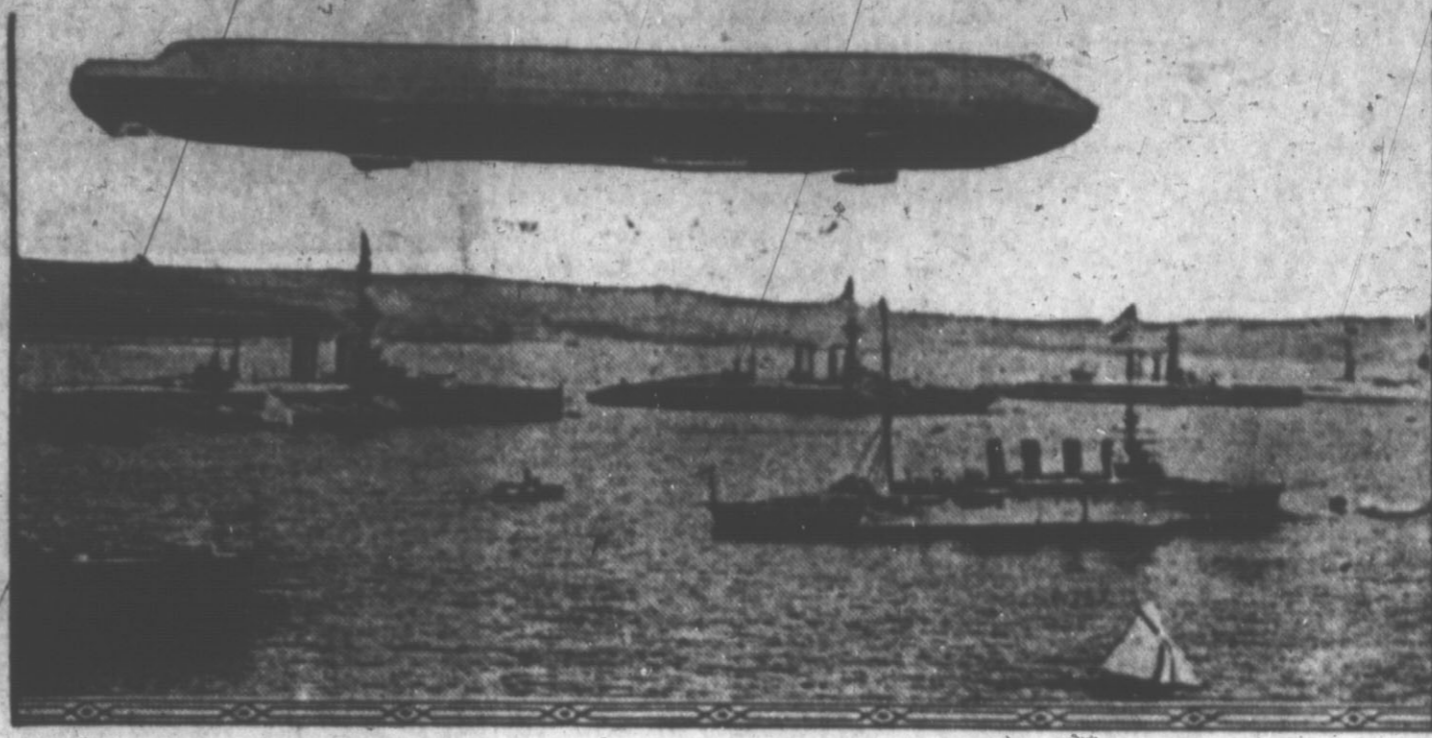

For Sheriff—  
R. W. Baird.....260  
H. O. Hubbert.....227  
For Judge—  
J. A. Hughes.....278  
J. E. Garrison.....220

The election in town was quite spirited especially for sheriff, both sides working up considerable interest.

Mrs. T. N. Helfner has gone to St. Louis where she will spend three weeks studying the latest styles in millinery and at the same time look out for purchases for her customers in Hereford. She will be in some of the largest millinery establishments of the country and her visit will bring to Hereford the latest styles in women's headwear.

J. H. Flanagan of Dimmitt, the newly nominated sheriff of that county, was in Hereford yesterday.

## GERMAN DIRIGIBLE HOVERING OVER BRITISH FLEET

## PANHANDLE NEWS PARAGRAPHED

Short News Items Taken From Exchanges—Things of Interest to Panhandle Readers.

Memphis has let a contract for a new \$25,000 high school building. The school board will spend an additional \$15,000 in equipment and repairing the old buildings.

Auto tourists for a time had to ship their cars from Amarillo to Channing but now may cross on the temporary bridge.

A good woman in the northeast part of Florida, being bothered by chicken thieves, having lost over 100, is feeding her flock a small portion of strychnine. This will not kill the fowls but woe to him who eats a young rooster. Editor Sten advises the miscreants to hunt the roosts in the southeast parts for a season.

Ray Do by, a cowboy near Wake Texas, was thrown from his horse while attempting to rope a steer, and was so badly injured that he died a few days later. He had just taken out a policy for \$2,000 in the W. O. W. lodge.

The race for representative in the 122nd district resu ted in the election of Don H. Bigger by a vote of 1557 over two opponents— Prof. Webster, 1198 and Mr. Murray 1004.

Swisher county has another big irrigation 10 miles south of Tulia on the Vannerson farm. The water level was struck at 53 feet and the well produces 1500 gallons per minute.

Estelline is having her share of misfortune in the way of fires these days. The third one of recent date occurred one evening last week when flames broke out in the Cicero-Smith lumber yard. The damage was slight however.

The Hale County Fair Association will hold their first fair in Plainview Sept. 22, 23 and 24. C. E. White has been made president of the association, and E. B. Miller secretary.

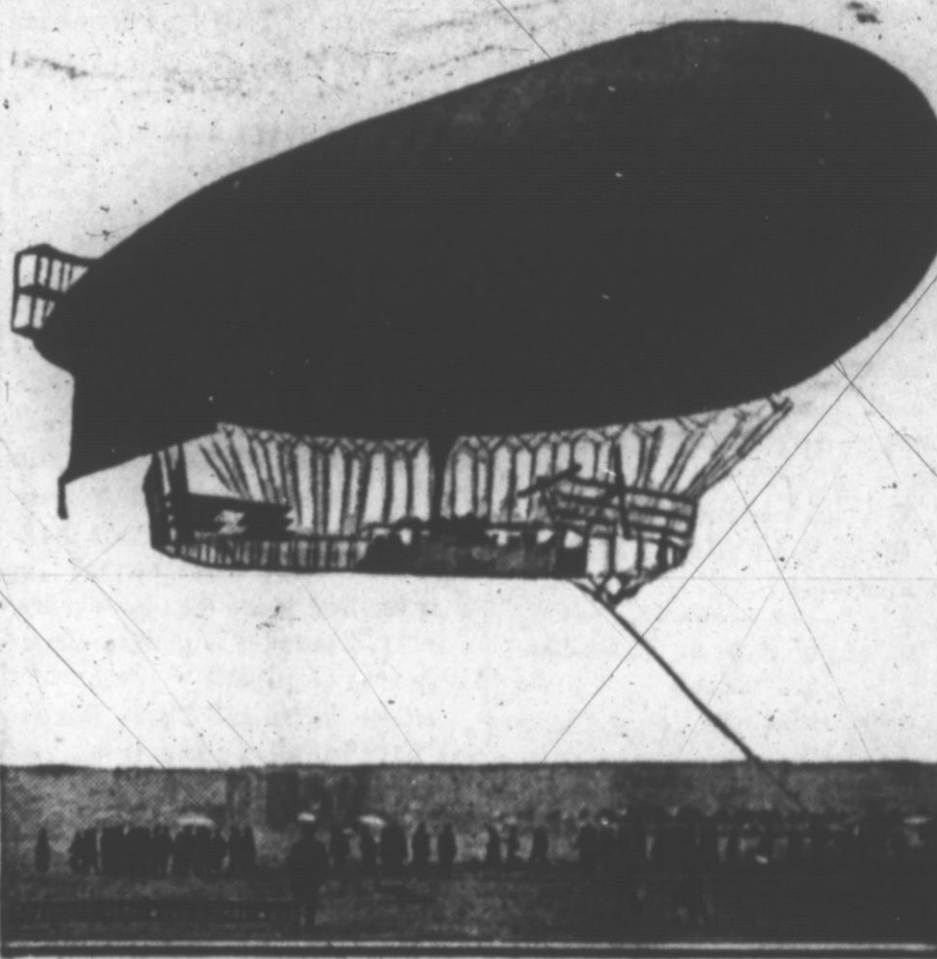

Construction work is now under way on the new boys' dormitory, at Seth Ward College, Plainview. The building will be a two story brick, costing \$6,000.

Ex-Senator D. E. Decker of Quanah, one of the strongest and brainiest antis this section has produced, is now a prohibitionist according to announcement in a recent issue of his home paper, the Quanah Tribune Chief.

Miss Kittie Kennedy of Knox county recently took the bar examination at Amarillo, and is said to be the first lady who ever took the examination in this district.

Thirty cars of wheat had been shipped from Panhandle station up to Thursday of last week. The price at that time was 80c, and is said to have gone to a dollar per bushel a few days ago.

## ONE OF FRANCE'S GIANT DIRIGIBLES

Cattle and hog prices at the Fort Worth market last month set a new record for July, and were the highest paid since 1910. The hog top was \$9.45; beef steers \$8.60.

Collingsworth county now has a population of 6,046, according to figures compiled by Tax Assessor J. D. Thomas during his rounds assessing taxes.

Rev. Hays Howell of Acardia, La., has been appointed pastor of the Methodist church at Tulia, to take the place of Rev. M. S. Leveridge, who is now financial agent for Seth Ward College.

The Famous, the oldest retail store in Amarillo, has been sold by Isaacs bros. to J. Levy, proprietor of the fair. Isaacs bros. will conduct a big hotel in Los Angeles, Calif.

Geo. Francis, who was injured in Ochiltree county a few days ago by jumping on a fork handle, died in an Amarillo hospital one day this week. His father lives at McLean. He also leaves a wife and other relatives.

District court is now in session in Hale county, having opened at Plainview last Monday. The deck is heavy, and the full six weeks of the term will be taken up, it is said.

J. P. Collier and O'Brien and Shore Bros., of Hereford, have shipped in 1400 head of cattle, mostly cows and heifers, and placed them on the home range. The grass is said to be extra fine there.

Geo. Cobb of Eldorado, sheep inspector for Schleicher county, was killed by lightning the other day. His horse was killed also.

C. O. Keiser of Canyon has sold another bunch of fine Hereford cattle to New Mexico and Arizona stockmen, who will use them in building up their herds.

Houston Taylor of Amarillo was painfully injured the other day by being struck by a batted baseball.

A man, described as a prominent business man of Fort Worth, but whose name is not given, was arrested

in San Angelo the other day charged with having robbed the Breckinridge bank of \$2500 in broad daylight. Detective Boyd of the bankers Association worked up the case and the man is said to have confessed his guilt.

Vernon has a man in the person of W. P. Banta whom J. Ray is pushing forward as a candidate for weather prophet. Mr. Banta has predicted several times and has fully qualified in other respects.

Ben J. Tiller of Fort Worth has traded 14,080 acres of ranch land in Borden county to Frank Long for Fort Worth city property. The deal figures about \$125,000.

### Man Shot to Death in Amarillo.

Wednesday evening in Amarillo, a man by the name of Dixon shot and killed a man by the name of Smith. Dixon is connected with an auto firm and Smith is the night yardman for the Santa Fe. Smith had become exasperated on account of the noise made by Dixon's children and the family had fallen out.

It appears that Smith and his wife, the man armed with a pistol, the woman with a kitchen knife, went over to Dixon's house and demanded entrance. Being refused, he kicked in the door, when Dixon fired two shots, one taking effect in the breast, the other in the head, killing Smith almost instantly. Dixon surrendered to the officers.

Mr. and Mrs. B. C. Roberson entertained at their pretty country home, ten miles west of Hereford, with a house party on Thursday and Friday of last week. This was, indeed, a time of eating, drinking and making merry. Those enjoying the rare treat were: Misses Clara Edwards, Mary Lou Roberson, Zollie and Lois Garrison, Anna and Bernadine Price and Mary Farmer. Late in the afternoon of the second day the guests departed, with many expressions of gratitude to this charming host and hostess and all earnestly wished that they might experience many more such pleasant visits in the Roberson home.

## WILL INCREASE WHEAT ACREAGE

So Says J. L. Pope, Assistant Agricultural Demonstrator for the Santa Fe, Concerning Panhandle Farmers.

J. L. Pope, assistant agricultural demonstrator for the Santa Fe, was in Hereford Tuesday, having accompanied his wife and sons this far on their way from Amarillo to Dimmitt, in which latter place they will be the guests of Mr. and Mrs. J. W. Alexander and other relatives.

Asked concerning crop conditions in the Panhandle and Plains country of Texas, Mr. Pope said: "The crops have never been better than at present. Kafir, milo, feterita and sorghum are for the most part fully headed, and each one of the crops will doubtless establish a new record for yield.

"Land preparation for wheat is claiming attention of the farmers just at this time, and the indications are that the acreage will be increased during the incoming season over that just harvested. While this is true the Agricultural Department of the Santa Fe is not strongly advocating wheat as a general crop for this section, believing rather that the row crops handled in connection with livestock by way of the silo, will give far greater and surer profits.

"H. M. Bainer, chief agricultural demonstrator, is specializing just now efforts tending to show the worth of the livestock-silage combination, including the dairy cow, the beef animal, hogs and poultry, and believes that this is the best combination for farmers throughout all this section, and if wheat must be raised, it should be included as but one of the items of the diversity scheme.

"Dozens of men throughout all this section are putting in silos, and this season will witness storage of vast tonnage of feed stuffs for the upkeep of livestock. There is an optimistic feeling prevalent in all this territory that even the great hostile upheavals of the far East cannot disturb. The development of the agriculture of the Panhandle and Plains country is assured, and with it is coming a prosperity deep and abiding."

While waiting for a return train, Mr. Pope, in company with the editor of the Brand and his son, Davis, went fishing, with the full intention of landing a string of bass, but for some unknown reason, the denizens of the Tierra Blanca refused to be coaxed onto the bank. In order to make up for the seeming disappointment, Mr. Pope and Davis enjoyed a plunge in the cool waters of the "Swimmin' hole."

### Bailey For Senate Again.

El Paso, Texas, Aug. 12.—Former United States Senator Joseph W. Bailey will be a candidate for the nomination of United States senator in 1916, was announced today by the Democratic State Convention here, defending his platform resolutions which denounced National Prohibition and Woman Suffrage. Mr. Bailey declared if the resolutions were defeated he would take issue before the people of Texas as a candidate for the Senate.

The resolutions were rejected 645 to 107.

The convention declared Jeff McLemore of Dallas nominee for congressman at large.

J. C. Swift, of the commission firm of Swift & Henry of Kansas City, has been here this week mixing with the stockmen and making himself acquainted with the local conditions. He is highly pleased with the range condition.

Don't forget the show starts at 7:45 on each Tuesday night. Star Theatre. 28-2t

**Walker Holds Successful Meeting at Canyon.**  
 J. I. Walker, layman preacher in the Methodist church, held a week's meeting at Canyon, closing Tuesday, in which some 26 additions were had and a large number reclaimed to the church.

**Lutheran Church.**  
 Evangelical Lutheran services will be held at the court house on Sunday, August 16th, at 11:00 a. m. The sermon will be delivered in English; text 1 Cor. 12:1-11. All friends are welcome. Rev. O. E. Schmidt will conduct the services.

**At Baptist Church.**  
 H. Z. Duke of Dallas will not get to Hereford next Sunday. Pastor R. E. L. Farmer will preach in the Baptist church Sunday 11 a. m. and 8:30 p. m. This will also call in Mr. Duke's appointment to speak at the Brotherhood meeting next Sunday afternoon.

**Special Sermon at Methodist Church.**  
 A series of sermons being preached at the Methodist church by the pastor has been attracting considerable attention. The general subject is: "The Perils of the Nations," and some of the specific themes have been: "The Saloon," "Foreign Immigration," etc. The subject next Sunday will deal with one of the most vital questions confronting the Nation and its futurity. The public is invited to hear it.

The clerks at Callens' have been busy this week opening up a new lot of dress goods, shoes, etc. They are ready to show you.

Emile Rock, Texas agent for the Children's Aid Society of New York, was in Hereford this week and placed an advertisement asking for places on farms for boys. This Society, which has rescued thousands of boys from the ruin of the cities, was started in 1847, incorporated in 1854 under the laws of New York, and has done a great work. The funds are contributed by the friends in that state; no funds are solicited in Texas. The Society has found that to place boys on the farms is the best possible training for them. They hunt jobs for boys, but never in the cities. No charges are made against those who apply for boys to work on the farms.

### Findlay Findings.

Mr. and Mrs. Chas. Schlenker entertained a company of young people to an ice cream party Wednesday night, August 5th. After playing games of various descriptions each boy was told to pull a string which was placed over a curtain. They were told that a partner awaited them on the other end. This brought forth some very comic combinations as some of the girls had life partners. They then proceeded to the table where the cold fluid was served. In the small hours of the morning the guests departed, voting their host and hostess very charming entertainers.

Mr. and Mrs. Fred Brownlee and family took dinner with Mr. and Mrs. Houlette Friday.

Mrs. George Taylor is on the sick list.

Mr. and Mrs. August Porth and son, Arthur, of Winfield, Kans., are visiting with their son and brother, Carl. They expect to locate in the Panhandle some where as they say it is the best place they have seen.

D. H. Lawrence is putting up his large crop of millet.

George Sacks and Chas. Schlenker have installed pumping engines of their wells.

Chas. Lavall has been helping Chas. Gallmier put up his crop of millet.

Milt Run Bran \$1.40 nester price. Harrison. 1t

We may not be the nearest to you, but we will come the nearest pleasing you. Betts & Clark. 14tf

Save that bumper feed crop in Ames Portable Silos. Low erected prices. H. E. Hume, general manager, Amarillo, Texas. 1t

## AUSTRIAN CADETS BEING SWORN IN AS OFFICERS

## SERVIAN INFANTRY MARCHING TO THE FRONTIER

### Friends Anxious; Crepe on Door.

The many friends of R. G. Sisk were touched with a strain of sympathy last Sunday morning when they observed a bit of crepe on the door of the Elite Confectionery, R. G. Sisk proprietor. They, of course, thought some member of his family had passed away. Upon second thought, however, they remembered that it was "after the election" and that Mr. Sisk's passion for politics had been somewhat bedewed the day before by the peculiar turn of the election. Some of them mustered up enough courage to tell him about what they saw on his door and others explained that the emblem had reference to the political death of some of his much admired friends. They all saw the joke and enjoyed it.

### No Better Than a Gambler.

Says the barber while he shaves you—"A man who bets on an election is a gambler; and the man who don't is no better."

### Severe Attack of Colic Cured.

E. E. Cross, who travels in Virginia and other Southern States, was taken suddenly and severely ill with colic. At the first store he came to the merchant recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. Two doses of it cured him. No one should leave home on a journey without a bottle of this preparation. For sale by all dealers.—Advertisement.

### Wheat at 90c per bu. Harrison.

On account of the European wars the price of cotton seed meal and cake has taken a tumble to \$1.45 nester price and \$1.50 delivered. E. W. Harrison. 1t

## WHENEVER YOU NEED A GENERAL TONIC - TAKE GROVE'S

The Old Standard Grove's Tasteless chill Tonic is Equally Valuable as a General Tonic because it Acts on the Liver, Drives Out Malaria, Enriches the Blood and Builds up the Whole System. For Grown People and Children.

You know what you are taking when you take Grove's Tasteless, chill Tonic as the formula is printed on every label showing that it contains the well known tonic properties of QUININE and IRON. It is as strong as the strongest bitter tonic and is in Tasteless Form. It has no equal for Malaria, Chills and Fever, Weakness, general debility and loss of appetite. Gives life and vigor to Nursing Mothers and Pale, Sickly Children. Removes Biliousness without purging. Relieves nervous depression and low spirits. Arouses the liver to action and purifies the blood. A True Tonic and Sure Appetizer. A Complete Strengthenener. No family should be without it. Guaranteed by your Druggist. We need it. 50c.

# "WAR IS HELL!"

One moment's reflection today takes every grain of humor out of this familiar phrase.

"Hell" is the only word which comes near to conveying an idea of what the present war means. Human imagination can scarcely conceive the awful carnage imminent in Europe.

"Western civilization will be blotted out" is one diplomat's opinion. "Thirty day's fighting will set Europe back fifty years," is another man's judgment.

The individual suffering, the loss of life

and the sorrowing are staggering to contemplate.

### WHY?

Why such terrible human slaughter?

Why such pitiable wholesale folly in an age so far advanced?

How can it be ended? How can another be prevented?

• • • • •

The Church stands for peace.

"Peace on earth, good will to men," was a message the Savior brought.

As the Church has grown in influence, the periods of peace have lengthened. The Church more than anything else fosters universal brotherhood. Give the Church sufficient support and future generations will never know a condition like the present one.

And give your support now. There is no time like the present to begin, and no place better than Hereford—It's squarely up to you to show your colors!

Will you enlist in the cause of the Church?

Will you?

# Come To Church

### Ben Smith is Having His Fun.

The Tullia Enterprise says that Ben Smith, editor of the Lockney Beacon, the man who has made it possible for Jim Ferguson to occupy the Governor's chair at Austin, in moments of hilarious glee, when the returns got the Pabhandle boys all "Balled up" last week, grabbed his editorial pen and warbled as follows:

"The excursion up Salt Creek left Sunday morning. Jesse Adams of the Plainview News was in charge of the party. Just before the start was made Editor Warwick of the Canyon News phoned that he would join the party. James Lorenza Dow of the Lubbock Avalanche sent a wireless about 2 p. m. that he would make the trip also. Stop was made for Richardson of the McLean News; Satterwhite of the Tullia Enterprise had been engaged as pilot. Editor Elliott of the Hereford Brand was delayed, waiting for his vote in the representative race which proving unsatisfactory, joined the party at the last moment. Homer Steen took to the Canyon Saturday night after came of the Ferguson landslide, and has not been heard of since. On up through the North Plains the party proceeded. Just before the stop was made for the paragrapher of the Amarillo News, someone began to sing, 'We'll vote for Ball in the fall' and he was promptly knocked overboard. A caucus was held and Satterwhite acting as spokesman informed the crowd that the first sucker that started that song again would be murdered on the spot. Along in the afternoon Sunday, when the sun came straight down, and all was still and quiet save the splash of the waves, some poetical soul in a semi-dreary state began to chant, 'We'll be dry in July.' The scene that fol-

lowed beggars description. With thick tongues and depressed spirits a general protest was made. A hot discussion took place, and it was then and there decided that a man who was so void of human feeling as to start a whine like that was criminally inclined. The matter was viewed from every view point, and as a final conclusion Satterwhite remarked: "Boys, it's not a question whether Texas went dry in July, that's not what hurts—but Tom Ball told us he was going to be governor, and it is my candid opinion that the man from Houston was mistaken. In order to divert our minds from this dry business, Editor Elliott will explain to us 'The Tricks of Politicians,' after which James Lorenza Dow will explain 'Jeffersonian Democracy,' and Bro. Adams 'Campaign Contributions.'"

**Judge Hall Disposes of Holdings.**  
While in the city the past week, Judge R. W. Hall of the Amarillo Court of Appeals, closed deals disposing of all his property in Wilbarger county. His home place on West Texas Street he exchanged for the Creed farm south of town, later disposing of the farm to H. E. Riggs. His other farm southwest of town was sold to H. L. Coleman. Notwithstanding these trades, Judge Hall announced that he has no intentions of moving his citizenship from Wilbarger county, the sales being made for business reasons only.—Vernon Record.

**See Weaver, the washerman, for your family washing.** Rough dry at 25 cents per doz. Phone 76. 28tf

J. G. Callens Cash Store has been receiving a lot of new goods this week. 1t

### Marriage of Mr. Whitworth and Miss Parsons at Plainview.

Much interest and of a pleasant nature has been aroused in Waco by information regarding a wedding that occurred in Plainview, Texas, Tuesday, August 4. The contracting parties were H. C. Whitworth of Plainview, and Miss Bess Parsons, eldest daughter of Mr. and Mrs. R. J. Parsons, of North Seventeenth Street, Waco.

The news of this event came somewhat as a surprise to friends of the bride, for the engagement had been kept so quiet that even intimate friends were not advised as to the consummation so near at hand. The ceremony was celebrated by Rev. I. E. Gates, formerly of Waco, and now president of the Baptist college at Plainview, and was witnessed by a small group of relatives and intimate friends at Plainview, where the bride had gone a few weeks ago to visit relatives there.

The friends of the young couple, here and elsewhere, will join in extending sincere good wishes for their lifelong happiness. Mr. Whitworth is a graduate of Baylor University and has a number of friends and acquaintances in Waco. He is now a commercial traveler, and is known to be a young man of splendid character and capable business traits. The bride of this wedding has spent most of her life in Waco, coming here with her parents from Luling, perhaps twelve years ago, and has a large circle of friends in this city, especially among the students and graduates of Baylor University, where her last school days were spent. She is a young lady of amiable and pleasing personality, with accomplishments that fit her for social station, and Plainview is to be congratulated on such an acquisition to the social life of that city, as it is probable that Mr. and Mrs. Whitworth will reside there.—Waco Semi-Weekly Tribune.

We have on track a car of the celebrated Rugby Niggerhead Nut Coal. Absolutely unconditionally and unqualifiedly the best cooking coal, and say, the nester price is only \$6.75. E. W. Harrison. 1t

France is hurrying her troops by the hundred thousand toward the German frontier and Belgium. One of the regiments is here pictured marching through a village, with an aeroplane in advance as scout.

## PERFECT CONFIDENCE

### Hereford People Have Good Reason For Complete Reliance.

Do you know how—  
To find relief from backache;  
To correct distressing urinary ills;  
To assist weak kidneys?  
Your neighbors know the way—  
Have used Doan's Kidney Pills;  
Have proved their worth in many tests.

Here's Canyon testimony.  
T. A. Ridgway, farmer, Canyon, Texas, says: "I have used Doan's Kidney Pills and find that they benefit me. I suffered from too frequent and profuse passages of the kidney secretions, but I have noticed since using Doan's Kidney Pills that I have much better control over the kidney action."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ridgway had. Foster-Milburn Co., Props., Buffalo, N. Y. 1t

Just think, millet seed for chicken feed only \$1.00 cwt at Harrison's. 1t

### Far-Fetched.

Two men were drinking together when the conversation turned on how to feed and train canaries, which happened to be their profession. They were telling each other the merits of their birds, which were to go in a show, and both were sure of winning the prize. At last one of them said in a sorrowful tone:

"Ah, Jim, if I had only got the one I had last week I should not have much trouble in winning, but I had taught him to sing 'Home, Sweet Home' so much to perfection that the tears rolled down his breast till he got exhausted, fell off his perch and was drowned in his own tears."

"Oh," said Jim, "that's nothing. One night my bird was singing 'The Village Blacksmith' so true that the sparks flew out of his eyes, set fire to the cage, and before we had time to put the flames out the poor little wretch got roasted to death."

Dr. Presley of the firm of Drs. Presley and Swearingin, specialists, Roswell, N. M., will be in Hereford at Dr. W. A. Price's office on the 12, 13 and 14 of each month to do eye, ear, nose and throat practice and to fit glasses. 11tf

One of the first incidents of the European war was the heroic act of Roland Garros, famous French aviator, who hurled his aeroplane against a German dirigible, destroying it and its 25 occupants and losing his own life.

## Mr. Skidder!—At It Again!

Mr. Skidder is always having trouble. If he isn't bumping some other motorist, he's trying to demolish a curbstone or tree. He's blown enough money on auto repair bills to have bought three or four sets of Goodyear "All-Weather" treads. Queer notion of economy, has Mr. Skidder.

The Goodyear "All-Weather" tread is a real anti-skid. Each block has a long, sharp edge, faced toward the direction of skidding. When the car starts to skid, it grips the road like a sharp-edged skate-runner on smooth ice.

The edges of the blocks stay sharp for thousands of miles. They never all wear off.

The blocks are deep-cut and flat-topped. Each block sets on a large base, which distributes the pressure over the entire fabric of tire. That's why Goodyear All-Weather treads last so long.

The "All-Weather" tread is an extra tread vulcanized to the regular Goodyear Tire. This adds thickness and greatly reduces puncture accidents. The base of each block widens so as to equalize the pressure on the carcass. This prevents uneven strains when driving over hard roads or pavements.

Come in and see this Goodyear All-Weather tread. It's a dandy. You'll like it. Costs but little more than the smooth tread. Lasts longer and saves many a bad skid.

After the races are over, horse owners usually take their steeds back to the stables and rub them down. Not so in political races. Some trainers keep on running for a week after the pot is down.

MANY men make themselves miserable because they go thru life begrudging others of their successes. Try some of their energetic methods and see if you won't feel better. The only road that has no turning is the slow one you are in. Turn out.

Is Hereford to take any part in the All-Panhandle Fair this Fall at Amarillo? If so, it is high time the Chamber of Commerce to be stirring around as the time will be on us. Hereford did well last year, but it is in far better shape this year to take honors. Will Hereford do it?

If you find any pleasure in the misfortune of others, there is something wrong with your heart. The old saying, "chickens will come home to roost," is old but true and it is well to keep this in mind when you turn a trick on some of your friends, or folks who think you a friend.

A visit out thru the country in either the irrigated or non-irrigated fields should take the down curve out of your mouth. If you have been "down in the mouth" for several months and are suffering with a torpid liver, a spin along the roads and fields will put your liver to action and will turn an upper cut to your mouth. It will not take long to get your system in fine working order.

THERE is no excuse for any one in Texas being idle. To lie around with your pants well creased and a cigar sticking at an angle of 45 degrees in your mouth may be an indication of affluence, but no sign of influence. Farmers and ranchmen are begging for help. If the idle ever expect to earn their daily bread, now is the time. The harvest is in, but the laborers are few.

**Farmers Notice.**

We want jobs on farms and ranches for large boys 16 years old and older. These boys are willing to start at small wages. If you need help now or later, write at once. We also want good country homes for boys 6 to 15 years old. Emile Reck, Agt., Weatherford, Texas.

**Government by Publicity**

The commission of errors in the administration of both private and public affairs is a constant source of trouble and annoyance. In private, the penalty is often the loss of trade or the basis of a costly suit. In public, the error may become a serious loss financially to the county and state and may lead to criminal prosecution. But to make mistakes is human and as long as the infallibility of man is one of the certainties of life, errors, serious errors, will be made. It is only through the multiplication of checks and rechecks that the ordinary mistakes of business can be reduced to a minimum. Even in the simplest transaction, mistakes are likely to be made; honest mistakes, but easily corrected. Where two or more persons are connected in a transaction the possibility of error is reduced. For this reason, the great corporations have a corps of checking clerks, whose duty it is to see that bills and accounts, charges and credits have been properly made.

In business affairs, the expenditure of funds is safe guarded in every possible way, the expense accounts are under the eye of those who would enjoy a profit from the successful operation of that business. In public affairs, however, the factor of a profit is wholly lacking. The only one enjoys emolumentary benefits is the office holder and clerks under him. He does not look upon his salary or the fees as a profit from the business of the state; he sees only the salary at the end of the job whether it be done well or whether it be neglected. A conscientious man, honest with himself and with the state, will perform his duties with as much care as he would his own business, but still he is subject to that all-human characteristic—he will make mistakes.

Then, in order to reduce the number of mistakes and to maintain a minimum of cost in the administration of the affairs of state, the public is entitled to see how the books are being kept, how the funds are being expended; in fact, the people being the units in the government, the stock holders in the concern of the state, are entitled to know how their "hired hands" are conducting their business.

For these reasons and many others, both economical and psychological, the publication of public expenditures is considered one of the best safe-guards against the commission of errors as well as serving as a check to the wasteful use of public money. Not only should the expense accounts of the cities and counties be published after the payments have been made, but when large sums are to be paid out not in the usual course of business, the facts and probable cost should be placed in public print. A mere tabulated statement showing totals for the different departments does not furnish the information desired by the public. Each and every item of expenditure, showed in detail, is the only satisfactory course to pursue.

The law requires quarterly statements to be made and published by the Commissioners' Court of the counties. The towns are also required to publish statements. There are, however, many counties in Texas which do not publish the statement as required by law. See Title VIII, Chap. 6, Art. 276. The law is plain enough and no doubt the counties would publish their statements in detail as required by law if the attention of the courts was called to the specific requirements.

**To Re-Survey Syndicate Land**  
The State of Texas has just purchased from Mrs. C. D. Bullock of Waco the original field notes and plat of the large body of land given the Capitol syndicate in exchange for the building of the present State Capitol building. The price paid for this data by the State is \$1000, and with it the State believes it can establish clearly every foot of ground involved in the grant, a part of which is now in litigation. The survey was made by Arch C. Wiley, the first husband of Mrs. Bullock, in the year 1881. The Waco News prints the following story of the original transaction.

"Texas will make a resurvey of the land granted the syndicate, following the action of the Thirty-third Legislature in appropriating the sum of \$25,000 for this purpose, upon a resolution offered by representative reshlution sets forth that current rumor in West Texas was to the effect that the syndicate had sold 3,000,000 acres of land granted to it by the State of Texas and was still claiming about 900,000 acres. If these rumors are correct and there is sufficient bases for them to justify the members of the Legislature in having the matter investigated, the 900,000 acres still held by the syndicate composed of the heirs of John V. Farwell, Chicago merchant prince, who died about a year ago, or their value can be recovered to the State of Texas, it is believed.

"The territory conceded to the Chicago syndicate in consideration for building the State capitol at Austin was equal to that given by the King of England to the Earl of Warwick to establish a colony in America which strip now includes the State of Connecticut.

Included in this vast strip of land are the counties of Dallam, Hartley, Oldham, Deaf Smith, Parmer, Castro, Bailey, Lamb, Cochran and Hockley Counties. The syndicate was supposed to get 3,000,000 acres which was valued at 50 cents an acre. All the land south of the Canadian river as far down as Abilene could be bought at 50 cents per acre at that time." Judge Park says: "so cheap was land then that Colonel Norton, a prominent Bell county politician of the day, who inspected the land as a representative of the State of Texas, instructed Mr. Wiley, chief surveyor, to pass up poor land, as the State of Texas did not care to pay for it being surveyed.

"Colonel Norton was accompanied on his trip of inspection by a detachment of Texas rangers, who went along ostensibly for the purpose of keeping off the Indians. Every night the party of which Mr. Wiley was the head and Judge Park then just out of school, the flagman, kept a watch all night for Indians and wild horses, the untamed steeds of that section having a habit of coming into camp and running off the tame horses.

"The party started out from Tascosa with 2000 pounds of flour, and a quantity of apples, bacon and

# Guaranteed Water

The development of an irrigation water supply from under the earth's surface is a subject very foreign to the average man. He may get prices on pumps, engines, well drilling, screen, casing, etc., select the equipment represented by the best salesman—the man producing the best argument for his machinery—and when everything is installed, have a complete failure as far as an irrigating plant is concerned.

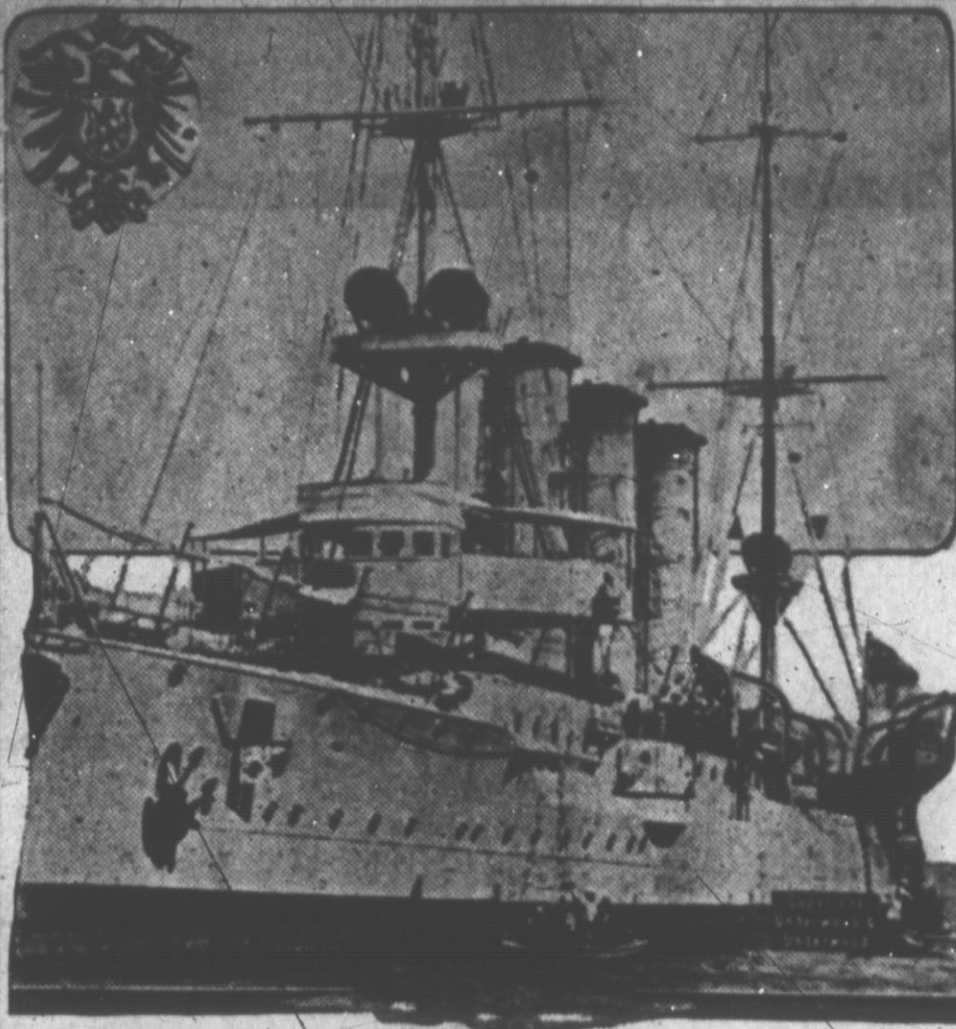

We have successfully worked out the water question for the Hereford country. Expert men for such feature of the work are employed. The men have been educated in handling local conditions and do it successfully. Never had a failure and not going to have any.

Our guarantee covers the entire pumping plant. Pumps are guaranteed as to efficiency and engines on fuel consumption. Both carry the usual machinery guarantee as to workmanship and material. The finished plant must deliver 1000 gallons per minute before you accept it. Pump efficiency, well efficiency and engine economy combine to make cheap water. We claim that water cannot be delivered into the ditch for less money than with McDonald Irrigating Plants and are prepared to prove it. Select any McDonald plant ever installed, carefully measure the flow of water, the fuel and lubricating oil used in engine, charge up labor, interest, upkeep and depreciation, convert this into cost per foot or inch and compare it with any pumping plant you have ever seen. These are the figures that sell irrigating plants. You can't afford to have anything but a McDonald—and you want, if you figure,

## Local and Personal

Hugh Layne of Knox county is here looking over the country.

Ben Short and A. M. Jones took a trip over in Oklahoma this week on business.

Atty. and Mrs. J. W. Sellars have gone to Tascosa where district court is being held.

D. F. Ashbrook is in Missouri again on business. He will return the last of this week.

Mrs. E. W. Morris and son, Edward, of Abilene, Texas, are visiting her sister, Mrs. J. H. Pitman.

Mrs. Ed Johnson returned Saturday from a several days' visit with her parents at Des Moines, N. M.

Miss Amelia Wilson stopt off at Hereford over Sunday on her way down to Clovis to visit with home folks.

B. T. Bell of Dimmitt was here this week visiting in the home of his son and attending some business matters.

Mr. and Mrs. Byrl France have returned from a trip to Cleburne and Fort Worth, where they have relatives.

Dug Fox left last Friday for St. Louis where he will make purchases for the Fox Mercantile Company's big store.

Mr. and Mrs. S. Caraway of Decatur, Texas, father and mother of Mr. and Mrs. C. H. Carl, are here for a visit.

Mrs. W. H. Garrison and daughter, Miss Anna, and Master Hill Garrison, have returned from a visit at Groom, Texas.

J. W. Alexander of Dimmitt was up Tuesday morning to meet Mrs. Pope of Amarillo, who will visit in Dimmitt for a time.

Mr. and Mrs. Geo. T. Higgins have gone to Georgia to visit with old friends and relatives. They will be away for some weeks.

Ole Lewison who lives in the northwest part of this county was in the other day after supplies and reports that the crops are good in his section.

Col. C. T. Herring of Amarillo passed thru Hereford yesterday with a chicken coop attached to his auto, presumably for the purpose of returning with some game. He was on his way to the Flag Ranch in Castro county.

Mrs. J. W. Hicks and children are visiting in Plainview this week.

Plenty of apples at the Ice House; \$1.00 per bu. G. W. Brumley. 1t

James Leftwich of Farwell, prominent young stockman of that place, was here this week on business.

Harry Bond and family of Olton, Texas, are here this week visiting in the home of Mr. and Mrs. J. H. Bond.

Mr. and Mrs. Elswick Cloyd and baby of Kansas City are visiting in the home of his parents, Mr. and Mrs. Geo. Cloyd.

Mr. and Mrs. E. Carter have bought the Con Schrimsher property near the lake, fitted it up for a home and have moved in.

Criss Renfro and Carl Cockrell left yesterday afternoon for Oklahoma City where they are to receive a new Buick for E. Renfro.

D. F. Hays of Grinnel, Iowa, sends a renewal for his subscription and says that he and his sons are very much interested in the success of the country.

Mr. and Mrs. C. C. Rockwell of Houston have moved to Hereford to make their home. He will have charge of the Hereford Lumber Company's business.

Mr. and Mrs. Oscar Cliett are moving to Big Springs, Texas, to make their home. Their friends regret to have them go, but wish them success in their new home.

Eggs are wanted at Williams Bros., they will pay 20 cents. 1t

Rev. W. M. Baker has gone down under the Plains to work in the interest of the Trinity University endowment fund. He was in the north Panhandle last week and met with fine success.

Judge C. F. Kerr, son and daughter of Dimmitt, were in Hereford yesterday afternoon for a while, coming up in his car. The Judge was nominated again for the office of county judge.

W. L. Boys of Amarillo was here Monday in the interest of the Farmers' Short Course to be held in that city, which will be on the dates of August 26, 27 and 28. A number of farmers will go down from Hereford as this is an important meeting for this section of the country. Delegates from the local farmers' institute will be given free transportation.

The Corner Drug Store

duces abundant feed stuffs with which to feed silos will have much to do with influencing farmers from the north and east to invest in Panhandle lands.

An All-Panhandle exhibition of farm products will do more toward convincing the world of our agricultural superiority than all other methods of publicity combined. At the Panhandle State Fair our entire section of the state unites in a showing of the best from all our farms and ranches, yet each county retains its individuality, and is afforded an opportunity to point out its particular advantages over the rest.

Thus a keen but wholesome rivalry is awakened which spurs on to greater effort and better results another year.

The prospects for a creditable fair this year are all that the management could desire. Applications for space in the various departments are received daily, and in most instances the requests are for increased space over that of last year. Indications at this time point to a representation of double the number of counties which had exhibits at the fair last year.

In the live stock division, particularly cattle, the showing promises a surprise for all fair visitors. Four great stock shows have heretofore been conducted in the United States, at Chicago, Kansas City, Denver and Fortworth. The fifth will be that of the Panhandle at Amarillo, and it will assume the proportions of a national stock show this year. The Panhandle produces the finest cattle on earth; then why not show them on their native heath and let the nation come and see them.

The W. O. W. meet on the second and fourth Saturday nights of each month. Members should keep these dates in mind and attend. 13tf

Headache and Nervousness Cured. "Chamberlain's Tablets are entitled to all the praise I can give them," writes Mrs. Richard O. Spencerport, N. Y. They have cured me of headache and nervousness and restored me to my normal health. For sale by all dealers.—Advertisement.

## SICKENED BY CALOMEL

If you ever saw anyone made sick by calomel you won't want any more calomel yourself. There's no real reason why a person should take calomel anyway, when fifty cents will buy a large bottle of Dodson's Liver Tone—a good remedy that perfectly and safely takes the place of dangerous calomel, which is only another form of deadly and poisonous mercury.

Dodson's Liver Tone is a pleasant-tasting vegetable liquid which will start the liver just as surely as calomel, and which has absolutely no bad after-effects.

Children and grown people can take Dodson's Liver Tone without any restriction of habit or diet. Betts & Clark sell it and guarantee it to take the place of calomel, and will refund your money at once if it fails in your case. 1t

PROPOSED AMENDMENT TO THE STATE CONSTITUTION, AMENDING SECTION 24, ARTICLE 3 OF THE CONSTITUTION INCREASING COMPENSATION OF THE LEGISLATURE AND EXTENDING LENGTH OF REGULAR SESSION.

(S. J. R. No. 26.) Senate Joint Resolution. Joint Resolution proposing an amendment to Section 24, of Article 3, of the Constitution of the State of Texas, relating to compensation for members of the Legislature.

Be it resolved by the Legislature of the State of Texas: Section 1. That at the next general election of the State of Texas for the election of State officers, or at a previous general election, in case a general election for the State shall be sooner ordered by the Governor for other purposes, there shall be submitted to the electors of the State of Texas, for their adoption or rejection, the following amendment to the Constitution of the State of Texas, as provided for in Section 1, Article 17, of said Constitution, relating to proposed amendments thereto, it being intended to amend Section 24, Article 3, of said Constitution, relating to the pay of members of the Legislature, and extension of term of regular session, so that the said section shall read as follows:

Section 24. The members of the Legislature shall each receive from the public treasury as compensation for their services twelve hundred (\$1200.00) dollars for the year in which each regular session of the Legislature is held, payable in equal installments on the twentieth days of January, April, July and October of the year in which the regular session is held, and five dollars per day for each day of every special session held in the year next succeeding that in which any regular session is held. In addition to said compensation the members of each house shall be entitled to mileage going to and returning from the seat of government, which mileage shall not exceed five cents per mile, the distance to be computed by the nearest and most direct route of travel by land, regardless of railways or water routes; and the Comptroller of the State shall prepare and preserve a table of distances to each county seat, now or hereafter to be established, and by said table the mileage of each member shall be paid. Each regular session shall continue until the business of such session is disposed of.

Sec. 2. The Governor of this State is hereby directed to issue the necessary proclamation submitting this amendment to be voted upon by the Legislature, at the first general election to be held in this State. Those favoring the amendment shall have written or printed on their ballots the words: "For amendment to Section 24 of Article 3 of the Constitution increasing compensation of the Legislature, and extending the length of the regular session of the Legislature." Those opposing said amendment shall have written or printed on their ballot the words: "Against amendment to Section 24, of Article 3, of the Constitution increasing compensation of the members of the Legislature, and extending the term of regular sessions of the Legislature."

Sec. 3. The sum of five thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury, not otherwise appropriated, to defray the expenses of such proclamation, publication and election. (Note.—S. J. R. No. 26 passed the Senate by a two-thirds vote, yeas 26, nays 0, and Senate concurred in House amendments by a two-thirds vote, yeas 23, nays 1; and was passed by the House of Representatives with amendments by a two-thirds vote, yeas 101, nays 22.) Approved April 3, 1913.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION, AMENDING SECTION 1, ARTICLE 3, OF THE CONSTITUTION, PROVIDING FOR THE INITIATIVE AND REFERENDUM.

(S. J. R. No. 12.) Senate Joint Resolution. To amend Section 1, of Article 3, of the Constitution of the State of Texas, so as to give to the people, or reserve to them, the power to propose laws and to enact or reject the same at the polls, and to approve or reject at the polls any Act of the Legislature. Be it resolved by the Legislature of the State of Texas: That Section 1, of Article 3, of the Constitution of the State of Texas, be amended to read: Section 1. The legislative power of

this State shall be vested in a Senate and House of Representatives, which, together, shall be styled "The Legislature of the State of Texas," but the people reserve to themselves power, as herein provided, to propose laws and to enact or reject the same at the polls, and to approve or reject at the polls any law, or any part of any law enacted by the Legislature. The Legislature shall provide by law for submitting to the vote of the people, upon the petition of twenty per cent. of the qualified voters of the State the enactment of laws and the approval or rejection of any law enacted by the Legislature.

Be it further resolved, by the Legislature of the State of Texas: that the above and foregoing is proposed as an amendment to the Constitution of this State, and shall be submitted to the qualified electors of the State of Texas for members of the Legislature, for their adoption or rejection as a part of the Constitution of this State, and shall be voted on by such electors at the regular election for the election of officers to be held throughout the State, on the second Tuesday in November, A. D. 1914, and those voting for the adoption of said amendment shall have written or printed on their ballots the words: "For the amendment to Section 1, of Article 3, of the Constitution of the State of Texas, providing for the initiative and referendum," and those voting against the adoption of said amendment shall have written or printed on their ballots the words: "Against the amendment to Section 1, Article 3, of the Constitution of the State of Texas, providing for the initiative and referendum." And the foregoing proposed amendment shall be duly published once a week for four consecutive weeks, commencing at least three months before the election at which it is to be voted upon, in one weekly newspaper in each county in this State, in which such a newspaper may be published. The Governor shall make proclamation of such election upon said proposed amendment by publication as aforesaid, and as required by the Constitution and laws, and the sum of five thousand dollars (\$5,000.00) is now appropriated out of any fund in the Treasury not otherwise appropriated, to pay the expense of making such proclamation and publication and holding said election.

(Note.—S. J. R. No. 12 passed the Senate by a two-thirds vote, yeas 21, nays 5, and was further passed by a two-thirds vote, yeas 21, nays 7, and Senate concurred in House amendments by a two-thirds vote, yeas 23, nays 0; and was passed by the House of Representatives with amendments by the following vote: yeas 84, nays 36.) Received in the Executive Office April 1, 1913, and filed in the Department of State April 4, 1913, without the approval of the Governor.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION, AMENDING ARTICLES XI, SECTION 7A, OF THE CONSTITUTION—PROVIDING FOR AUTHORIZING COUNTIES BORDERING ON THE GULF OF MEXICO TO BUILD SEA-WALLS.

(S. J. R. No. 22.) Senate Joint Resolution. To amend Section 7 of Article XI of the Constitution of the State of Texas, authorizing counties bordering on the Gulf of Mexico to build sea-walls by adding Section 7a, so as to authorize such counties to build sea-walls and designate sea-wall reclamation districts for the protection of life and property from storm overflow, and to build or condemn land for sea-wall and reclamation districts, the county to have State's title to the roads and bay shore line to low tide within the district, and the right to issue district bonds for acquiring and developing the district and building the sea-walls, and when district is developed as townsite to sell such portions of the land as not reserved for public use by the county. Be it resolved by the Legislature of the State of Texas: That the following amendment to the Constitution of the State of Texas be proposed to the voters of the State of Texas for their adoption in accordance with law, and that the Constitution of the State of Texas be amended so as to add Section 7a of Article XI, and that Section 7a of Article XI shall read as follows, to-wit: Section 7a. Where protection against the waters of the Gulf of Mexico is needed for protection of life, health, property or the sea-wall, any county bordering on the Gulf of Mexico may acquire title to the land for said sea-wall or sea-wall reclamation district as designated by the County Commissioners' Court by purchase or condemnation of all the land desired for sea-wall and land for the

sea-wall reclamation district from the sea-wall to bay shore tide line boundary of the property abutting on the bay, and the State hereby cedes to the county, for such district, for reclamation and general uses of the district, the title to bay shore lands in the district between the property tide line boundary and the low tide line of the bay shore, and any land in the reclamation district that may have been retained by the Republic of Texas for the State for roads when the lands adjacent were platted and sold, and the county is given the right to dredge in the bay or in the gulf for fill for the district, and right to sell the land when reclaimed, and laid off as townsite or otherwise, and where condemnation is used to acquire the land the proceedings to be as under the Statutes for condemnation for railroads, provided that the condemnation shall vest title in fee in the county, and the county may issue bonds or other evidence of district indebtedness for acquiring property, building the sea-wall, reclamation development and all incident thereto as expense of sea-wall and reclamation district, with lien on land and such terms and conditions as county, through its commissioners' court may deem best, and the county commissioners' court shall appoint two persons who are owners of land within the district, and who desire to sell for reclamation and buy back from the county when reclaimed, who, with the county judge as chairman, shall constitute a sea-wall reclamation district commission, whose compensation shall be fixed by the court, and this commission has power to make all rules and regulations for acquiring the land of district sea-wall building, reclaiming and plating land of district, issuing bonds or other evidence of indebtedness for same, subject, however, to all such rules, regulations and acts of the commission being authorized and approved and ratified by county commissioners' court. The district must bear all expenses of sea-wall and purchase of the land and expenses of filling (filling) same and other expenses, and the same shall not in any way involve the credit of the county or be a basis for a tax by the county on general lands of the county unless authorized by a vote of two-thirds of the property taxpayers of the county voting at a special election therefor. It is further provided that any owner of land in a proposed district may subscribe and pay for the district commission, when organized, as the pro rata of his land of the expense of the wall, reclamation, plating, as town lots on a basis as such area of land is to be the whole land of the reclamation district and sea-wall, and at any time before the completion of the district may surrender the bonds and receive from the county a bond for title for his land in town lots, less streets, and alleys deducted therefrom, for which on surrender deed may be demanded from the county after the district is walled, filled and platted into streets, alleys and lots, and bonds so bought shall so provide. It is further provided that no district shall be formally designated by the county commissioners' court until owners of at least one-half of the proposed area of district petition therefor, and subscribe out for bonds for repurchase from the county as herein provided. This amendment may be acted on without delay or legislation in aid thereof or legislative action may be had in furtherance thereof if desired by the county, acting through its commissioners' court. Be it further resolved by the Legislature of the State of Texas: That the foregoing proposed amendment to the Constitution shall be submitted to the qualified voters of the State of Texas for their ratification and adoption at an election to be held throughout the State on the second Tuesday in November, A. D. 1914, and at such election those favoring the ratification and adoption of said amendment shall have written or printed on their ballots: "For the amendment to Article XI, Section 7a, of the Constitution providing for authorizing counties bordering on the Gulf of Mexico to build sea-walls," and those opposing the adoption and ratification of said amendment shall have written or printed on their ballots: "Against the amendment to Article XI, Section 7a, of the Constitution providing for authorizing counties bordering on the Gulf of Mexico to build sea-walls." Proclamation of such election shall be made by the Governor, as required by the Constitution and the law, and there is appropriated out of any funds not otherwise appropriated the sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, to pay the expense of advertising and holding such election. (Note.—S. J. R. No. 22 passed the Senate by a two-thirds vote, yeas 24, nays 1, and Senate concurred in House amendments by a two-thirds vote, yeas 27, nays 0; and was passed by the House of Representatives with amendments by a two-thirds vote, yeas 114, nays 0. Received in the Executive Office April 1, 1913, and filed in the Department of State April 5, 1913, without the approval of the Governor.

TEXAS RAMBOUILLETS All pure bred. Unsurpassed for form, size and fleece. We offer for 1914 600 1 and 2 year Rams 300 Ewes, present delivery 1100 Ewes, Fall delivery A splendid opportunity to start a stud flock. June 1914 we sold two cars of ewes to Wilson & Vencil, the men who always take the carlot premiums at Ft. Worth. Our wethers weigh 100 to 136 at Ft. Worth. Does Prohibition Fulfill Its Promises? Thinking people of every religious creed and political belief should give earnest heed to the expressions of opinion from eminent divines, educators, editors, governors, judges, legislators, and others prominent in every walk of life, who have publicly voiced their sentiments concerning prohibition in words similar to these: "Prohibition drives underground the mischief which it seeks to cure, making it more difficult to deal with the evil and impossible to regulate the trade." Bishop Hall, Vermont. "Prohibition has been disastrous to the cause of temperance." Bishop Clark, Rhode Island. These men are sincere and conscientious. They deplore drunkenness and cry against it as a great evil. Who, indeed, does not? Yet they know from observation and experience, that prohibition does not put a check upon intemperance but that, on the contrary, it gives rise to evils even greater than intemperance itself. -Paid Advertisement

How To Give Quinine To Children. FERRILIN is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take, and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not nauseate nor cause nervousness nor ringing in the head. Try it the next time you need Quinine for any purpose. Ask for Ferril in original packages. The name FERRILIN is blown in bottle. 25 cents.

beans, which supplied them by supplementing antelope and buffalo meat occasionally. Water was frequently an object, as the members of the party had to dig for it in the vicinity of the little lakes in that region.

"Tom Plunket, former printer of Waco and brother of W. S. Plunkett of Waco, but now engaged in agricultural demonstration work, was a member of the surveying party that surveyed the land and officiated in the capacity of cook in a very acceptable manner. Judge Park thinks Mr. Plunkett and Mr. Robertson of El Paso, the latter a brother of Eulen B. Robertson of Temple, Mrs. Richard Harrison of this city and Mrs. Cone Johnson of Tyler are the only surviving members of the party. One of the Rangers who accompanied Colonel Norton was a relative of the Mullens' family of this city, but Judge Park does not recall his name.

An additional 50,000 acres was added to the grant of 3,000,000 acres at the time, Judge Park said, this additional amount having

been sold for \$25,000, which was needed to defray the expenses of the survey. This additional grant was made at the order of the state. It is believed that if any discrepancy is revealed by the survey of the land granted the syndicate it will be due to the fact that a number of sand hills were struck in Hockley and adjoining counties toward the last of the survey and under the instruction from Colonel Norton that was skipped as not being worth surveying. Then, too, it is understood by Judge Parker that the syndicate directors wanted all their lands located in one body, which was not possible where portions of the land had been skipped and that in the exchange of acreage to meet the demands of the syndicate a mistake may have been made.

"Members of the family of Mr. Farwell have been negotiating with Mrs. Bullock for the possession of the field notes and plat books left by her former husband, but she preferred to give the State the benefit of the information, and the deal with Governor Colquitt and Attor-

ney General Looney was made accordingly. Mrs. Bullock will return to Waco about Saturday. It is understood. The resurvey of the big tract of land will begin in a short time. Governor Colquitt has named Bob Hunnicut, prominent citizen of Marlin, as one of the surveyors to do the work, and he and his associate, who lives at Austin, have organized their forces to take the field.

The capitol, for which this fortune in land was given, is a granite structure, the largest State Capitol in the United States, and the seventh largest building in the world. It is built of Texas material, much after the order of the National Capitol at Washington, and has long been the pride of this state. It measures 600 feet from east to west, 287 feet from north to south, and is 313 feet high from floor to dome, six feet higher than the National Capitol. The granite was obtained from the famous Burnet County quarries. In the building are eight miles of wainscoting. The building covers three acres of ground, has a floor space of 20 acres, while its construction required the four years of 1882 to 1886.

Q.—What did the Apostle mean when he said he saw the Lord "as one born out of due time"—1 Corinthians 15:8.

Answer.—The Apostle Paul came into his office in a peculiar way. To be an Apostle, and bear testimony to the fact of the resurrection, it was necessary that he should see the Lord after He arose. All the other Apostles had seen Jesus in a human body before His ascension, but Paul was granted an extraordinary privilege—he saw Him in His glorified body. This no other human being has seen nor can see (1 Timothy 6:16). The Apostle John explains that we can only see the Lord in His glory when we have been changed by resurrection into His likeness. Then the new birth will be fully accomplished—we will be born as spirit beings, with powers like our Lord's. "When He shall appear we shall be like Him, for we shall see Him as He is" (1 John 3:2). It will be the birth of the spirit which will make us like Jesus and able to see Him as He is. The Apostle Paul saw Him as He is and was therefore for the time being, as though He had been born out of due season. He well knew that the time of his birth was far in the future when he declared, "Henceforth there is laid up for me a crown of righteousness, and not for me only but for all those who love His appearing" (2 Timothy 4:8). It is at our Lord's appearing that the sleeping saints will be raised in their new birth; then they will be able to "come and go like the wind" (John 3:8). The only ones included in this new birth will be those who, during this Gospel Age, have been begotten to the spirit nature.

Q.—It seems to me if I had half as much power as God claims to have, I would do a lot more toward making this world better. What is the matter? (J. M. L.)

Answer.—When we limit God's workings by our small standards, we are sure to misunderstand Him. You are correct in supposing that God has the power to make everything right in this world, to relieve it of all sin and suffering and death. You are correct, also, in thinking that for God to have the power is to make Him responsible for its use.

God moves in a mysterious way His wonders to perform.

The Apostle Paul realized this power of God and had confidence that God would use it wisely and effectually. He says "I am not ashamed of the Gospel of Christ for it is the power of God unto Salvation to everyone that believeth" (Romans 1:16). Quite evidently he would have reason to be ashamed if that Gospel did not do any more than it has during the last two thousand years. We could count hardly more than one out of a thousand as having been successfully released from Satan's power. But this is not the end of the Gospel. The same Apostle tells us that God preached before the gospel to Abraham saying, "In thee shall all nations be blessed" (Galatians 3:8). If you will look up the several cases in which this promise is stated in the Old Testament you will find it a little differently given each time so that in combination it includes all families, kindreds and nations. Note Genesis 12:3; 18:18; 22:14. Other Scriptures specify what this blessing will be: Jesus is the atypical seed (Galatians 3:16). "He brought life and immortality to life through the gospel" (1 Timothy 1:10). Immortality is due to be the portion of the church; life is provided for the world, so many as will receive.

Q.—If you do not think a whale swallowed Jonah, will you explain Matthew 12:40? "For as Jonas was three days and three nights in the whale's belly; so shall the son of man be three days and three nights in the heart of the earth." Not doubting but anxious to have more light. (Interested.)

Answer.—The text to which you refer is a mistranslation. There are a few cases of this kind where the translators have forgotten to translate and have instead interpreted. The Greek word simply means "fish." As the whale is not a fish, evidently their interpretation was wrong. We would not doubt God's ability to have created a whale big enough and with a throat large enough to have swallowed Jonah, but there is no reason for believing that He did so. This passage was a great stumbling block in the way of students of the Scriptures before they noted the mistranslation, for a whale is quite incapable of swallowing a man; his throat is entirely too small. It was not the intention of Jesus to tell us what kind of a fish swallowed the prophet. He was merely informing us that this experience was a typical representation of the experience of our Lord in lying part of three days and three nights in the heart of the earth. He was just as actually in the grave as Jonah was in the fish. We have been mistaken in supposing that Jesus was anywhere else during those three days. Nor are we to think that it was merely His body that during those three days was dead. It is definitely stated that "He poured out His soul into death." "He made His soul an offering for sin" (Isaiah 53:10, 12). Thus His soul was a corresponding price for the soul of the sinner, meeting the penalty—the soul that sinners it shall die" (Hebrews 10:10).

**Sound Beyond Machines.**  
There is one sound of the human speech which it is practically impossible to perfectly reproduce by mechanical means. It is the sound of the letter "a." Neither the telephone nor the phonograph renders it properly. Lord Rayleigh, an English physicist, was the first to observe this and to subject the phenomenon to scientific investigation. He found that to produce the sound "a" the muscles of the mouth must exert only a slight pressure upon the air, but at the same time the breath must be projected with such force as to produce not less than 1,000 vibrations of the air waves per second. This is a higher number than in the case of any other sound of the human speech.

**How the Tramp Knows.**  
"Get away from here or I'll call my husband," threatened the hard-faced woman who had just refused the tramp some food.  
"Oh, no, you won't," replied the tramp, "because he ain't home."  
"How do you know?" asked the woman.  
"Because," answered the man, as he sidled toward the gate, "a man who marries a woman like you is only home at meal times."—Dallas News.

**Buyers to Share in Profits Lower Prices on Ford Cars**

Effective from August 1, 1914 to August 1, 1915 and guaranteed against any reduction during that time:

Touring Car	-	\$490
Runabout	-	440
Town Car	-	690

F. O. B. Detroit. All cars fully equipped. (In the United States of America only.)

Further, we will be able to obtain the maximum efficiency in our factory production, and the minimum cost in our purchasing and sales departments if we can reach an output of 300,000 cars between the above dates.

And should we reach this production, we agree to pay as the buyer's share, from \$40 to \$60 per car (on or about August 1, 1915) to every retail buyer who purchases a new Ford car between August 1, 1914 and August 1, 1915.

The output for the past twelve months was 221,888 cars and the average normal increase will easily reach the mark of 300,000 cars.

For further particulars regarding these low prices and profit-sharing plan, see the nearest Ford Branch or Dealer.
