

FRIENDS LIKE THESE CAN'T BE BOUGHT.

The Old Spirit Is Still Here

True friendship and the spirit that built America are evidenced ever so often nowadays, often enough to restore faith that might be running low and to make an American mighty glad he or she has the opportunity to live in this great nation.

Such is the case of a story coming out of the northwestern part of Deaf Smith County. Two trails of America are portrayed; one the opportunity to get some where if you have the perseverance and ability and secondly the neighborliness that that the Southwestern portion of the nation has become famous for.

Back in August H. A. Gudgell was flat on his back with 3-4 of a section of wheat land needing a second plowing when Homer Brooks and Glenn Hetzler dropped in to see him. It

appeared to be just a visit to a sick friend until the next day.

The next day the three already named along with M. W. Blankenship, Roscoe Parnell, Roy Begle, the Alexander brothers, Guyeth Eogle, Marvin Rogers and Zarah Thomas showed up with tractors and plows. Some of them had driven 15 miles or more getting there.

Ten tractors spent the day on that 3-4 of a section and completely plowed it. Mr. Gudgell says they wouldn't even let him feed them. They brought their own lunches. All Mrs. Gudgell could do was keep the tractors gassed.

That's half the story, the wheat has been sowed since and cattle are on it now. Mr. Gudgell says it looks better this year than ever before.

The rest of the story is how 63-year-old Mr. Gudgell prac-

tically started a new life when he came to the Panhandle and Deaf Smith to the old W. P. Misemer place, 38 miles northwest of Hereford and 29 miles southwest of Adrian back in 1942.

He came here from Durant, Oklahoma as a kind of fifth wheel. His wife had been hired as a cook on the Misemer place and he was going along just because there wasn't much else to do. He started at 20 cents an hour.

Today he owns 3-4 of a section and leases another half section of wheat land, just seven years after he arrived. Work and only hard work made this possible according to Mr. Gudgell.

The first year after he had the place he paid his payment on the note by doing custom plowing on other farms, as he didn't make enough wheat to bother cutting on his own place.

This year the wet spell hurt his wheat a little, but he made 8 to 10 bushels per acre on it, enough to pay everything due during the year. He didn't have to custom plow but he did work himself down to being in bed for about 2 months.

That plowing deal came just three days after he got sick.

Officers for the year were elected and a membership committee to extend invitations to singers was appointed. On the committee are Miss Adeline Koelzer, Miss Malnye Barkley, Miss Betty Robbins, Mrs. Merilyn Kaul, Mrs. Cawthon Bryant, Mrs. Caudillia Brown, Mrs. Audene Dettman and Mrs. Floyd Waits.

Mattie Mae Swisher was elected to direct with Mrs. J. C. Meed as an assistant. Mrs. Cliff Estes was elected chairman for reception and tea which is given on the last night of the performance. Mr. Robert Thompson was elected corresponding secretary. Elected chairman of decoration committee was Mrs. A. O. Thompson.

Local Men Attend P-TA Membership Contest Results Are Announced

District Conservationist Bill Clutter and H. M. Pevehouse, Work Unit Conservationist, who attended a Agriculture technician's field day at the Bushland Experiment Station, Friday report that preliminary figures on wheat rotation tests there apparently lead to the conclusion that putting sorghums and summer fallow land in dry wheat land is about as profitable as straight wheat.

The two Deaf Smith County Wind Erosion district men saw various other types of experiments during the day such as wheat poisoning, tests on riding the country of bind weed, Johnsongrass and other weeds, terracing, tame grasses and others.

The conclusions on the wheat rotation, according to Mr. Pevehouse, are based on six to eight year tests and are not final conclusions in any way, merely tentative estimates. But they apparently showed wheat fallow rotation will result in yields almost as high as straight wheat rotation. The figures were 12.2 bushels annually for wheat fallow and 14.4 annually in straight wheat. Rotation of wheat, sorghum and fallow produces about 12 to 14 bushels annually, plus 21 bushels of sorghum during the sorghum year.

At Shirley School Mrs. Jewel Malone's fourth grade room placed first and Mrs. J. J. Bolinger's sixth graders placed second. Mrs. Guy Herd's room received honorable mention. Mrs. Caudie Ola Brown's eighth graders received honorable mention. Shirley School topped the enrollment list with the largest percentage of parents with Central School second and Junior High in third place. Total P-TA paid memberships now number 548, according to Mrs. H. H. Caraway, president.

NEW ADDITION TO HOSPITAL FORMALLY OPEN

Invite Public To Open House Sunday From 3-5

Open house will be held Sunday afternoon from 2 to 5 o'clock at Deaf Smith County Hospital as the new \$250,000 addition to the old building is formally opened. Nine new rooms, an operating

room, emergency room, X-ray room, laboratory and a new kitchen plus a waiting room have built the facilities up to 21 rooms and 2 wards, totaling 33 beds. The \$250,000 includes donations from many different organizations and citizens of Deaf Smith County. It also includes \$2,100 for the nursery, \$7,100 for furniture, \$5,200 for the kitchen, \$2,100 for refrigeration and \$9,000 for odds and ends in furnishing the new portion, according to Elmer Mathis manager. He added that \$2,000 of a needed \$4,000 for paving the entrance is all that is on hand.

The paving and a possible second story on the new addition which was included in the architect's drawings of the wing, are practically a necessity already. It is said the hospital could use the additional beds another 18 rooms would provide and the apparent need of a driveway was strikingly portrayed only a few days ago.

When the driver of the car bringing Mary Lou Cannon, 12-year-old girl who was struck by a car while riding her bicycle, to the hospital arrived he drove around the block twice trying to find a way to drive up to the building and finally had to carry her from the street to the hospital, almost half a block.

OPEN HOUSE SUNDAY—Miss Lillie Hoover, R. N., provides a pleasant focal point for the photographer in this shot of the recently completed and newly furnished Deaf Smith County Hospital waiting room where Open House will be held from 3 to 5 o'clock this Sunday afternoon. Everyone is invited.

MOST COMMON SIGHT IN THE COUNTY—Alton Kemp levels off a load of Martin Milo, a part of the estimated 3,000,000 bushel grain sorghum crop being harvested in the county this year. He is receiving moral support from the trio in the background, James Huston, A. G. Kemp and M. T. Sparkman, who were stopped because the truck in the foreground was the only one available. The rest of them had gone to town to unload, and the shortage of storage space had held them up so long that the combines had to shut down temporarily.

? QUESTION ? of the WEEK

"What do you eat for breakfast?"

Mrs. C. C. Stephens: I never eat anything for breakfast. I just have a cup of coffee. Even in the cold winter time I don't have an appetite.

Mrs. Mary Jane Crone: I believe in a good breakfast. It helps to start the day off right. I have so much house work to do I have to have something to eat in the morning. I usually eat pancakes, eggs or cereal in the morning. I don't believe in going off with just a cup of coffee.

Mrs. C. H. Dyar: I usually eat two strips of crisp bacon and drink two cups of coffee. Sometimes I have toast and fruit but not always. I eat breakfast for the enjoyment of it rather than the food value. I sometimes find it hard to have an appetite in the morning.

Mrs. Earl Waits: I usually eat an egg and some bacon. I have enough house work to make a good breakfast essential. I think a good meal in the morning helps you do your job so much more effectively. We always have hot hot biscuits in the morning. Sometimes we have toast.

Mrs. C. T. Johnson: I usually eat an egg, some bacon, toast and have coffee after drinking a glass of tomato juice. I enjoy breakfast more than any other meal. I was raised in the country and that's the way we ate then. Guess I haven't dropped the country attitude.

Mrs. Addie Lance: I eat mostly toast and coffee. I am just not hungry for anything other than that in the morning. A person should eat a good breakfast to do his day's work up good I think. A lot of people are just not hungry for that first meal.

Mrs. Gus Ruland: I eat one fried egg, bacon, toast and coffee. Sometimes I feel hungry in the morning and sometimes I don't. I think a person should have a good breakfast, though.

The Association is composed of about 50 members from 21 counties in the Panhandle area. This includes the 21 county clerks, a few district clerks and others working in county clerks' offices.

Regional Civil Service Director Paul Figg announced this week that a Fireman-Laborer position, with an entrance salary of \$2,250 per year, consisting primarily of keeping the Post Office building heated and making minor repairs to the boilers, is open in several Texas towns, including Hereford. Positions with an entrance salary of \$2,150.00 a year are also available as Janitor, Charwoman and Custodial Laborer at various places. Anyone interested can contact the local post office.

Girl Still Unconscious From Bicycle Accident

Mary Lou Cannon, 12-year-old girl who was struck by a car as she was riding along 25-Mile Avenue, Saturday night, October 15, remained unconscious in Deaf Smith County hospital Wednesday. Dr. L. B. Barnett said if her condition wasn't improved by Friday she would be sent to specialists in Dallas.

Dr. Barnett said while her physical condition was normal she has never regained consciousness since the accident. He said her chest was clear and that arm and shoulder injuries sustained in the accident had cleared. Head and neck injuries had failed to improve, however.

The girl's mother, Mrs. Jim Hobert, said she spends a large part of every 24 hours at her daughter's bedside. She said Tuesday that the girl eats and drinks but has never said anything that could be understood since the accident. She said that injuries to the girl's head were critical.

The Cannon girl was hit as she rode her bicycle home from a party about 11 o'clock the night of the mishap. The 19-year-old driver of the 1940 Ford that hit her said he was blinded by an oncoming car's lights. The man took the girl to the hospital immediately after the accident.

Hotel Corporation Files Suit For \$51,830 From Hill Estate

Seeking to collect \$51,830 from the J. E. Hill estate, the Hereford Community Hotel Corporation filed suit in District Court Monday, October 17, against J. S. Bridwell, W. F. Dameron and O. L. Bybee as executors.

Although neither the plaintiff or defendant made official comment on the case, it was generally understood that executors of the estate failed to pay the \$51,830 due to the fact that no written instructions or signed authorization had been made by Mr. Hill prior to his death regarding the transaction.

The suit, based upon establishing justness of the debt and for securing immediate payment, pointed out that Mr. Hill prior to his death had served as president of the committee to raise funds and to construct a hotel; also that his committee brought about incorporation of the Hereford Community Hotel Corporation.

Wanted RFC Loan
The petition further alleged that Mr. Hill had insisted upon obtaining a loan through Reconstruction Finance Corporation and stated:

"After much effort a commitment for such loan was obtained with a provision and requirements that the corporation raise an additional \$51,830 to go into the cost and the construction and erection of such a hotel at Hereford."

As a condition and requirement on the part of Reconstruction Finance Corporation for its making a loan to such corporation in the amount of \$200,000 and that such sum of \$51,830 be raised in cash by sale of debentures, and that such debentures shall not be payable either as to principal or interest so long as there remains any indebtedness on account of the loan by R. F. C. "That such resolution, commitment, requirements of the R. F. C. were

Second Brother Of D. H. Alexander Dies In Ft. Worth Thursday

J. H. Alexander, long-time resident of this section of the state, died in a Fort Worth hospital Thursday, October 13, at the age of 70 years.

Mr. Alexander suffered a stroke five years ago and had never fully recovered, entering a Fort Worth hospital for paralytics sometime last year. Funeral services were held in Memphis Sunday.

Before his illness he was a cattleman at Hedley and served as sheriff in Hall County for several years. He is survived by 10 children, all of whom were present for the rites.

He was a brother of D. H. Alexander of Hereford, making the second brother to pass away within a week. J. S. Alexander, 72, died suddenly following a stroke at his home in Memphis, October 10 and was buried there Wednesday, October 12.

duly issued by it on or about July 14, 1949.

"The petition continues in its trend to establish indebtedness of the estate that the hotel corporation board discussed the requirement and, acting by and through Dr. L. B. Barnett, its president, O. P. Cowart as secretary, and Wayne Evans:

"... and it was discussed and stated by J. E. Hill that it would be impossible to raise the said \$51,830 by public subscription or donations, and further that the people in the community... had done all that could be expected or required of them..."

and that he, J. E. Hill, would himself loan to the corporation the additional monies needed to meet the requirements of the R. F. C. "Following which the group, assisted by J. E. Hill himself, brought about the R. F. C. commitment.

Agreed To Purchase Debentures
The petition further alleged that J. E. Hill, after the committee was obtained, agreed with the board of directors that he would purchase such debenture in the sum of \$51,830 and pay the money to the corporation as loan; also that such debenture was to pay interest at the rate of 4 per cent per annum.

The petition further stated "in compliance with the agreement and understanding" that the hotel corporation issued said debenture and delivered it to J. E. Hill (copy attached) on or about August 12, 1949.

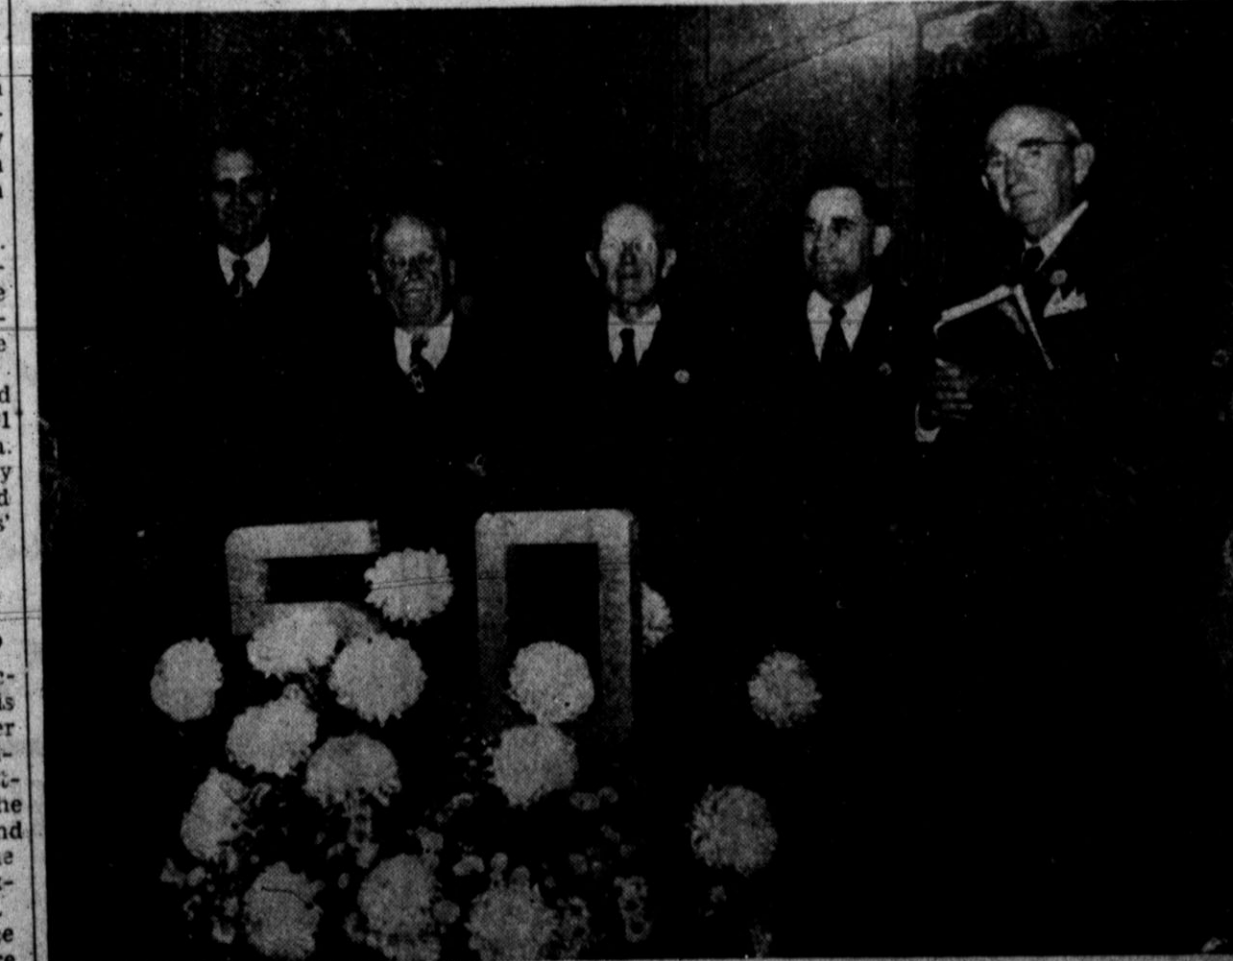

The debenture, according to the petition, remained in possession of Mr. Hill until his death Sept. 4 and was in his possession at the time of his death; furthermore that Mr. Hill never revoked or expressed an intention different or contrary to his agreement, but kept telling hotel officials that he was happy he was in a position to render such a service to the community; furthermore, that the debenture was a good, well secured obligation, since payment came prior to payment of common stock.

Named Hotel Jim Hill

The hotel corporation, according to the petition, out of appreciation for the agreement and part that J. E. Hill played in purchasing the debenture and making possible erection and construction of the hotel, acting through its board of directors "did rename said hotel in honor of Mr. Hill, 'Jim Hill Hotel'."

After citing these points, the petition stated: "The debt is binding and there is no reason or excuse in law for non-payment;" "that to carry out the intent and purpose of Mr. Hill the executors and trustees of his estate are obligated to pay the same from his estate"; and "that if same is not paid at once it will be necessary to stop erection and construction of said hotel."

The petition further states that the obligation was due when debentures were delivered to Mr. Hill, but that he had until September 14, 1949, to make payment.

Texas USO Reactivation Campaign Chairman For Deaf Smith Is Named

Mr. Jimmie Gilentine, Hereford has been named chairman for Deaf Smith County for the Texas USO Reactivation Campaign, Mr. C. W. Warwick, District Chairman of Canyon, announced today.

The quota for Deaf Smith County is \$27,750, which is Deaf Smith County's share of the \$200,000 goal for Texas.

Mr. Gilentine said, "The cold war continues, and our people have called for a big Army, Navy and Air Force so that our country will be ready to meet any pressures from an enemy."

"We have 93,000 of our young men and women from Texas now in uniform and Deaf Smith County has its share of these people who are in the service. It is up to us to show our gratitude and appreciation through our support of USO. This we can do because USO is on the scene to serve them wherever they are stationed at some military establishment here in the United States or at an overseas outpost.

"We believe that unless we do assume this responsibility, that it is only natural that these young people will return home embittered because of the lack of interest on our part. Through USO we can provide them with wholesome religious and recreational facilities, and in so doing, we assure ourselves that they are meeting and mingling with the right type of people. We all know that there are those among us who advocate foreign ideologies and if we do not do something to keep our young men and women away from such people, they will fall prey to such false philosophies.

"USO provides the thousands of veterans in Army, Navy and Veterans hospitals with professional entertainment and the frequent reminder, so important to their morale, that neither they nor their heroic deeds have been forgotten.

"The citizens of Deaf Smith County have always done their part in such programs, and we are confident that all will respond to this very worthy undertaking."

Hereford Bull

By JIMMIE GILLENLINE

A topic of general interest this week is the Hereford Hotel and its present status. In filing suit against the executors, the hotel corporation, seeks collection of \$51,830 from the J. E. Hill estate. The petition of suit also points out that a \$200,000 R. F. C. loan to the corporation was contingent upon Mr. Hill's purchase of debentures in the \$51,830 amount.

Executors—J. S. Bridwell, Elmer Dameron and O. L. Bybee—hesitate to pay the \$51,830 without additional authorization. In other words, they do not fully recognize the debt against the estate without written instructions and apparently feel that a court order would relieve them of responsibility in making the decision. The suit, under these circumstances, would be considered as a friendly suit to determine the matter of indebtedness on the part of Mr. Hill and the J. E. Hill estate. All of which will be OK, provided it does not stay in court so long that completion of the hotel will be delayed indefinitely.

Judging from information in the petition of the suit, there seems little doubt that Mr. Hill had entered into an agreement with the hotel corporation. During his lifetime Mr. Hill was considered a man of his word and it is too bad that he died before these things were finished.

Regardless of the outcome of the suit in question, Mr. Hill also made bequests in behalf of this area in his will, which is on record in the County and District Clerk's office.

Two case workers went to Gatesville about mid-September. They began interviewing new boys coming in and those preparing to leave. Purpose of the interviews is to help the newcomers adjust themselves and to maintain home relationships. Talks with outgoing boys are designed to help them a better go of it when they return to their communities. Matthews mentioned three boys who require special attention.
One has an osteomyelitis knee, and inflammatory bone condition.
Another has faulty-eye lid muscles which cause one lid to drop badly, distorting his appearance and making him the object of teasing by other boys. The teasing makes him violently angry. He wants to be put in a hospital ward where there will be fewer people to see him and ridicule his looks.

Channer Stagner, Cogdell-Stoltz Meet In City Tourney Semi-Finals

First round matches in the City Championship tournament whittled the original field of 32 to 16 on the championship side and 16 into the Consolation brackets.

Cize matches were common with only a few going to the final hole before they were decided. Bruce Wooddell vs. Homer Lee Owens was one in the latter category. Bruce went into the 18th with a one-up lead and halved it to win the match.

Championship flight results were Stoltz over Martin 6 and 5; Frank Cogdell advanced to the second round over Deward Roberson; Earl Stagner advanced with a forfeit from J. A. Pitman and John Chahner defeated J. M. Posey 2 up.

Ted Young defeated number one man in the First Flight, Wayne Phillips, 3 and 2; Bill Howard shot a hot 39 on the front nine and beat Bill Davis 5 and 4. The semi-finals in the bottom bracket will be between Paul Conaway a 2 and 1 victor over Erb Jordan and R. E. Lingenefer who had Bill Waldrep 3 down.

Wendell Burdine and Darrell Blanton meet in the top bracket of the Second Flight by virtue

Saw Baylor warm-up with Tech Saturday (so did a bunch of others from Hereford) and was impressed with the passing exhibition Adrian Burke put on for the Homecoming crowd. Losing to a team that looked as good as Baylor did relieves most of the sting, and like one Ex said, "Who goes to Homecoming to see the football game anyway?"

Personally, I thought Woodruff could have run up 40 or 50 points if he had tried, but since there was no future or particular advantage in doing so for

(Continued on Page 4)

of Burdine's 6 and 5 conquest of Mutt Wheeler and Blanton's narrow 1 up margin over Claude Weathersbee. The bottom of that flight will find Tom Howard matched against John Patton. Howard beat S. A. Duckworth 2 up and Patton took Will Graham 3 up.

Third flight results included Wooddell's 1-up win and a forfeit to Bob Hamilton by T. J. Clay, and the same for Dick Lucas from Dale Tinnin. Carroll Whiteside beat Roy Boyer 5 and 3.

First round losers will meet in the Consolation bracket and must play matches off by the same dates the winning side does.

Whitefaces Start District Play Against Perryton Rangers Friday

Hereford's undefeated Whiteface squad starts the rough, rocky road towards a District 1-A championship Friday night when they take on Perryton's Rangers, with a 4 losses and 1 tie record, Friday night in the northernmost part of the Panhandle.

The Rangers lost their opener to Wellington by two touchdowns, 7-19, lost the next two to Shamrock and Clarendon by identical 13-20 scores. Ted class B Spearman 6-6, and then lost to McLean 18-20. They had an open date last week to prepare for this week's tilt.

The Ranger's record points towards a tough tussle for the

surging Whitefaces who really found out what it means to get out ahead of the ball carrier with some downfield blocking Friday night in their 75-13 track meet with Silverton.

Perryton Won In 1948

Sweet revenge can also spur the Herd to a better ball game Friday. Perryton turned loose a 31-0 scoring splurge on Whiteface Field last year.

Comparison of the two squads shows the Ranger starting backfield to have a six pound edge 152 to 146 per man on the Herd while the Whiteface line at 154 has about 10 pounds on the Ranger forward wall. The teams average out with Hereford having

ing a three pound edge. Speed and passing defeated the Rangers in the Wellington game and power was the decisive factor as L. M. Watson and the McLean Tigers rolled over the Rangers. Hereford can turn on either power or passing attack, and a few of the boys have shown bits of speed during the year when needed.

Hereford whipped McLean by three touchdowns, McLean won by three points over Perryton. There are no other common opponents. McLean has come a long ways since losing that first game to the Whitefaces, but there hasn't been much grass growing on the Whiteface practice field either.

One factor favors Perryton, the long journey up there.

The Whiteface traveling squad of twenty-odd players, managers and coaches will leave early Friday. The squad will be near top strength. Christian missed practice Monday, as did Walterscheid and Witherspoon. All three are expected to be ready to go up Friday night, however.

HEREFORD IMPLEMENT COMPANY

Long Time Ago

25 Years Ago

Jeff Davis Thompson, pioneer Hereford cattleman, died at his home in Hereford at the age of 80 after several years of failing health. Funeral services were conducted by Rev. B. M. McCrain and Rev. W. R. Hill in the Baptist Church. Interment was in the Hereford Cemetery. Arthur G. Thompson, Jr., age eight, fell off a chicken coop and broke his wrist. Hereford lost another able pastor when Rev. Paul J. Merrill of the Christian Church resigned to take a position in Coahuila. The Canyon Eagles blasted the Hereford Whitefaces, 20-6, on Whiteface Field. The well-oiled teamwork of Canyon was too much for Hereford who boasted

of individual stars instead of teamwork. Hereford hoped for better results against Tulla the following week. A. E. Channess and his family announced the possibility that would return to Hereford to live. Miss Clara Mae Glenn was the director of the new High School orchestra and planned musical entertainments throughout the school year. They were practicing every night. Included in the orchestra were Mozelle Hill, Aline Hodge, Inez Jowell, Glenn Boardman, Mable Barnhart, R. D. Norton, Dyalphia Stovall, Dekalb Kea, Jack Sanders, Edgar Ireland, Byrl Witherspoon, and Clive Ray. Homecoming at West Texas College in Canyon was expected to attract 2,500. A. G. Uehlin, Guymond, Oklahoma said that an ice factory in Hereford was a definite possibility. Louie LeGrand and Tommy Chesher returned from Dallas where they attended the fair. The magnificent epic of the early West "Covered Wagon," starring J. Warren Kerrigan and Lois Wilson was at the Star. Aun Hae was the villain. Mary Lu Ellen Parker, fourth grade student at Hereford, had her picture in the official paper of the Inter-scholastic League of Texas in Austin commending her for making a perfect paper on a music memory test. Born to Mr. and Mrs. Ralph Rutherford on October 21, a daughter. Born to Mr. and Mrs. M. H. Power on October 21, a daughter, Frances Marion. Born to Mr. and Mrs. Adolph Frye on October 21, a daughter, Lara Lorene, at Dawn. Mrs. E. Baer left for Wichita, Kansas where she will visit relatives. Mrs. R. P. Conaway left for

Indianapolis, Indiana to visit relatives. George L. Must, Paul J. Merrill, and Jim Crawford went to Amarillo on business. Miss Susie Bradley returned to her home in Amarillo after visiting Mrs. J. C. Burton. Miss Grace Skelton visited in Amarillo on business. On Thursday, October 16, 1924 Baby June Dameron, daughter of Judge and Mrs. W. E. Dameron, entertained friends and relatives at a party commemorating her first birthday. The most considerate person in the world has been found. He got killed in front of an undertaking establishment. (Brand news item.) Geraldine Farrar and a cast of 30 were appearing in a vivid modern version of the opera "Carmen" at the Amarillo Auditorium. Miss Ethel Wombie, who was teaching in Spearman, was in Hereford visiting her parents, Mr. and Mrs. Troy Wombie. I. H. Spratt was selling good Irish potatoes for \$2.40 per hundred. B. Frank Bule returned from Farwell where he had been attending district court. Miss Alline Redman returned to her home in Canyon after a short visit in the home of Mr. and Mrs. James R. Robinson.

IF A LAMP CARRIES THIS TAG

IT'S GOT TO BE GOOD

The appearance of the "Certified" tag on any lamp, of any type, assures you that the lamp has been submitted to rigid testing by an impartial testing laboratory. It assures you that the manufacturer of that lamp, one of over 100 leading American companies, has submitted his product to a complete test.

For example, the laboratory has determined that the switch will operate efficiently. It has ascertained that the cord is at least seven feet long, has a certified plug, to assure safety. The lamp itself is properly weighted to resist tipping, and of a finish which will ordinarily resist scarring or marring.

And above all, the "Certified" lamp has an exclusive new type reflector which will gain the most light from the bulb, and apply the light correctly for the use for which the lamp has been designed.

The next time you buy a lamp, make sure it is "Certified." Inquire at your favorite store for this new lamp.

Wrestling

(Continued from page 1)
500 people. Rod Fenton challenged Wild Bill Brooks in the preliminaries and Dory Detton took on Gorilio Poggi, who substituted for Pat O'Dowdy, who was injured in Clovis the night before while refereeing.

In the preliminaries, Fenton won the first fall in 15 minutes but was over-taken by Wild Bill for the second fall, which took 10 minutes. It was Fenton all the way to the third fall, he won it in 3 minutes flat. Fenton was highly favored by the crowd from the start. The people didn't seem to like Brooks after he started showing off his biceps.

The main event was a real thriller. Dory Detton, one time holder of the World's Light Heavy weight championship, turned Gorilio Poggi every way but loose. Poggi, a smart character, knew that Detton had a weak ankle and took advantage of it. He won the first fall in 11 minutes with a double arm hold. Detton came back in the second fall to win with a Boston Crabb in 8 minutes. The third fall was a see-saw bout, the Flying Figure Four Head Scissor finally won the scrap for Detton in 10 minutes.

Bouts for the next week find Rod Fenton, Edminton, Canada, carded against Al Getz of Pittsburg, Pa. in the opener with Alex Kasaboski of Hamilton, Ontario against Dory Detton in the last bout. Bill Brooks will be the referee. Winners will oppose each other the following Saturday.

Denton is reported to be in

favor of starting a wrestling school in Hereford for the benefit of boys of high school age and under. The plan is under consideration.

Second Guess

(Continued from Page 1)
Del Morgan's sake the score was fairly low and everyone pleased. That's just one man's opinion and there will be plenty who disagree.

Lubbock, incidentally is planning to descend enmasse on Amarillo this week for the big AA clash. They think they've really got what it takes. One of the two major sparks behind their winning is quarterback Bobby Brown, the boy who played shortstop for the Lubbock American Legion Junior Baseball team that played here in the bi-district playoffs last summer.

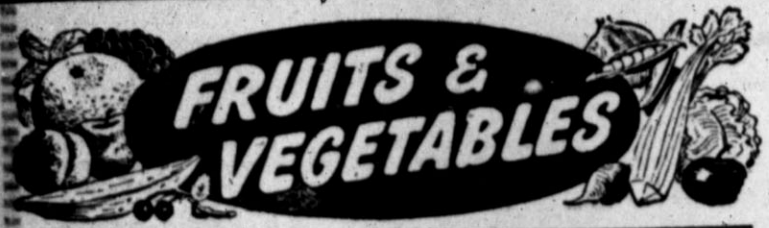

Half the people in the stadium, or more, were anti-Del Morgan Saturday and crying for a new coach. Honestly, it was almost boring to hear so much criticism.

Well, the Whitefaces more than doubled, in fact came closer to tripling, all previous scoring Friday night. Individually they now stack up as follows in total points scored Christian 31, Walker 18, Stanton 13, Hawks 12, Reynolds 12, Engman 8, Kelly 6, Forbus 6, Corbett 6, Brock 6 and Morton 6.

Players must also accept a challenge at least once a month or forfeit their position, he said. There won't be any prizes, just positions on the ladder, which incidentally could be used in inter-club matches next summer, as positions of Hereford players.

High school golf team members are getting lessons on Wednesday and Saturday mornings.

Class AA Football

By SPEEDY K.
 This week's ratings according to the Star-Telegram are:
 1. Lubbock, 2. Port Arthur, 3. Odessa, 4. Marshall, 5. Wichita Falls, 6. San Angelo, 7. Amarillo, 8. Austin, 9. Highland Park, 10. Sweetwater, 11. Breckenridge, 12. Abilene, 13. Waco, 14. Borger, 15. Grand Prairie, 16. Pampa, 17. Corsicana, 18. Baytown, 19. Galveston, 20. Lamesa.
Panhandle Review
 Odessa is moving up in the football world. They will stay among the top six until they meet Lubbock. That will tell the tale for one of them.
 Wichita Falls fell from grace. The reason is: While Odessa was outscoring Amarillo 34-21, Wichita Falls had to rally to beat Pampa 14-7. Wichita Falls exchanged places with Odessa in the ratings for this week.
 Lubbock is still the top team in these parts. Their tough game will be with Odessa. Amarillo's team is a one man affair to say the least. This man Newby made 214 yards out of the total 226 yards that Amarillo made against Odessa.
In The Southern Bracket
 Port Arthur's holding its own. They will go to state if they continue their downing of foes at the rate they are now.
 Marshall is still fourth in the state and will rise no higher.
 San Angelo, who beat Arlington Heights, (top in the City Conference) came up a ways in rating.
 Teams that went down a notch or two are: Breckenridge, Waco, Baytown and Galveston.
Important Games for Oct. 21
 1 AA—Amarillo vs. Lubbock (Lubbock by 14 points).
 Borger vs. Ysleta (Ysleta). Pampa vs. Lamesa (Pampa).
 2 AA—Wichita Falls vs. Highland Park (Wichita Falls could lose this one very easily).
 6 AA—Breckenridge vs. Brownwood (Breckenridge).
 8 AA—Grand Prairie vs. Mineral Wells (Grand Prairie).
 9 AA—Marshall vs. South Park of Beaumont (Marshall).
 12 AA—Baytown vs. Texas City (Baytown).
 13 AA—Waco vs. Ennis (Waco).
 14 AA—Austin Maroons vs. Temple (Austin).

The past two weeks several students have been enrolled in a fourteen hour retail selling course.
 Miss Lucille Dunn, an instructor from the University of Texas, has been instructing two classes of the Fundamentals of Selling. In that the students studied keeping up stock, spoken words, wrapping, rules for showing merchandise, the approach, code and ethics for sales people, and how to make correct change.
 The students also saw a number of movie slides. From these they saw examples of the above. Also they learned from these slides disadvantages appearing when a sales person does not use these tactics.
 Upon completing the course, each student, with at least 80 per cent attendance, received a certificate stating that he had taken it. With this certificate they will be better qualified when applying for a job.

 "Oh, weren't you there?"
 "I'd like some alligator shoes."
 "What size does your alligator wear?"
 The reason people, who mind their own business, succeed, is because they have such little competition.
 "It's goin' to be tough sleddin' around here today."
 "Why?"
 "No snow."
 The reason people very seldom practice what they preach is the same reason doctors don't like the castor oil they prescribe.
 "We have 68 keys in our our house but only one fits a door."
 "Why don't you throw them away?"

 An annoyed theatre goer: "Excuse me I can't hear a word."
 A woman: "What we are saying is none of your business."

SWEST CONFERENCE

By SPEEDY K.

SMU is going along with predictions and will continue to do so.
 TCU makes forecasters hope of better things to come.
 Baylor is what the doctor ordered for the forecasters. They triumphed where TCU failed. The Bears have the best passing combination in the conference.
 Rice is another sore spot of the forecasters.
 Games This Week end are: SMU vs. Kentucky (SMU). Texas A&M vs. Baylor. (The Bears natch).
 Rice vs. Texas U. (Texas can do it).
 Arkansas vs. Vanderbilt (Vanderbilt, could be upset).
 TCU vs. Mississippi (Mississippi, by 1 point).
 So far A&M has more conference titles than any other team. It has won 7 and tied for 1 SMU is second with 6 victories and one tie.
 The Fort Bliss Falcons football team put in a bid for some kind of record when they beat Fort Sam Houston's Warriors, 109-0.
 The winners made 16 touchdowns, 11 extra points and a safety in three quarters of play. The game was called at that time for reasons too numerous — 109 of them — to mention.

What is Tri-Hy-Y

By JOYCE MCGEE

The purpose of this club is to create, maintain and extend throughout the home, school, and community, high standards of Christian character.
 The slogan is pure thoughts, pure words and pure actions. Colors are red, white and blue — meaning Sacrifice, Purity, and Loyalty.
 The pin is a small triangle with Tri-Hy-Y in the corners with a torch inscribed in a circle. The triangle represents the entire personality—mind, spirit and body. The circle indicates the completeness of Christian life; the torch expresses the purpose of the club.
 Its name—Tri-Hy-Y—stands for the three-fold purpose of the club—Y.M.C.A.
 The National Hi-Y Fellowship was created in 1933. Its purpose was to bring together in one great national movement all of the 70,000 Hi-Y and Tri-Hy-Y clubs. This was to help carry this program into the 27,000 high school communities in America, and to set up a basis upon which adequate leadership can be supplied to Hi-Y and Tri-Hy-Y everywhere.

As we move into our second six weeks period everyone has settled down and really beginning to study.
 I am wondering if people are studying from the number of couples I have seen together.
 Mary Ann and L. T. are really sitting it off regular.
 Two new couples we saw dating were Bobbie Nell, Ted Houston and Joan Southern and George Hamilton.

Junior High Student Of The Week

By LARRY SLAUGHTER

Our student for this week is 14 year old Tommy Woodford. He is an eighth grade student and quarterback for the Junior High team. Among Tommy's few dislikes are girls and showoffs. Among his many likes are football, swimming, English and anything to eat.

Good to see Fatsy Wiltshire and Stanley Slagle together again.

Kathryn Davis and Leonard Walterscheid were a cute couple dating Thursday night.
 Eldon Powell really gets around. The last time we saw him, he had Elma Rae Hamby in hand.
 That freshman, Sue Smith, is really traveling, on a horse. We saw her with Bob Mathers together lately.

Saw a lot of Hereford kids at the fair Friday. Too many to name.

Just imagine: Hereford High without McGees, Billy Gene White being Elly Gene Black, Colline Brown being Colline Purple, John Southall being John Northall.
 That's all for now. See you over the week end.

Texans in Washington

By **TEX EASLEY**
Washington (AP)—Rep. Lindley Beckworth of Gladewater thinks there's no better eating than black-eyed peas, so he's

been trying to persuade the armed forces to serve them. As a result of his efforts the navy is going to test the dish the latter part of October and early November in the general mess of a supply corps school at Bayonne, N. J. And the Air Force has arranged to serve them during

October at Randolph Field, San Antonio, to determine their "acceptability in airman field ration messes." Army authorities replied that black-eyed peas were served whenever a demand arose for them, but that they were not stocked for regular use. Beckworth inquired particularly about their use at army centers in southern and southwestern states, where black-eyed peas are liked and eaten by the civilian population more than in any other part of the country. The reply was that they did not appear on the regular menus, although a check "indicated" that occasionally they were served.

The total number of civil planes throughout the country on July 1 was 22,618. Of these 88,212 were single-engine craft, 4,521 twin-engine, 20 three-engine, 533 four-engine, one eight-engine, and the remainder gliders and lighter-than-air craft. Behind Texas, in the order named, were Illinois, New York and Michigan. All except 20 Texas counties showed a registration of one or more civil aircraft. Dr. C. E. we not only stand in the presence of an august assembly of people but that we are in the Holy presence of the One who spoke the worlds into existence, who holds the destiny of Nations in his hand and who shall some day judge all men without regard to race or color. x x x "In these testing times, help that the decisions on the part of leader of all Nations that affect the peace of the world be made in the fear of God and for the welfare of humanity the world over." Large Crowd Attends Shirley Open House Here Saturday Night

In a brief speech to an overflow crowd which attended the open house of Shirley School Saturday night, Principal Byron Durham expressed the hope that in the near future, the school would be enlarged to the extent that the vast number of students now attending could be accommodated without the crowded conditions now existing. The new school, modern in every respect, was built at the cost of \$267,000. It was disclosed at the open house that a school cafeteria would be added in the future. "We have a wonderful opportunity to advance the cause of Americanism," Byron told the gathering of parents and teachers. He said that the reaction from the visiting group to the new school "All were in favor of going ahead with the additions which would include six more classrooms. The building is wired and plumbing is installed to handle the addition."

After the introduction of the school board members by A. J. Schroeter, the group filed out and inspected the rooms. Schroeter told the taxpayers how much had gone into the building of the school. In speaking of the successful open house Durham thanked the donor of the lovely flowers

Actually, Downey is one of the strongest supporters of legislation to give states unquestioned title to the off-shore lands.

A letter to the editor, published in the Washington Post, was signed by "Petus Hemphill, ex-officio ambassador to the Republic of Texas."

In it the writer defended Texas' claim to its tidelands.

"When Texas joined the United States a hundred-plus years ago," he said, "it was by joint resolutions of the Congresses of both nations; not by treaty and we (Texas) reserved to ourselves all the ocean within a 'cannon shot' of the shore."

HOW ABOUT YOUR SOUVENIRS

Skyrocketing Death Totals Brings Warning To Get Rid Of Those Guns

That's a nice-looking Luger you have in your duffel bag. One just like it took the lives of 13 people in Camden, N. J., recently, when Howard Unruh ran amok.

You say you're no Unruh—besides, your souvenir Luger doesn't work? It's all rusted and it isn't loaded. John and Jane Porter thought the same thing about a much older souvenir—a cumbersome old Civil War rifle.

But one day not so long ago they heard a loud, explosive report, smoke filled the room and their 12-year-old son lay wounded.

"We didn't dream that gun could still go off," Johnny's

parents wept. "It was so old."

Cases like this and the Unruh tragedy aren't isolated. Even though the veterans who brought them home knew all about weapons, souvenirs collected in the first World War alone were responsible for the deaths of 70,000 people before Pearl Harbor was bombed—80 per cent of them children.

Since V-J Day that toll has skyrocketed.

Editors' note: The recent fatal shooting of filling station attendant Charles Lee Freeman of Amarillo was with a Luger.

As a result, and especially because of reaction to the New Jersey tragedy, Government

agencies throughout the nation again are stepping up their campaign to do away with this menace of weapons like the Luger you brought back from Europe.

In the week following the Unruh incident local and federal police units had a case that drew attention to their work. From coast to coast thousands of hamper-phoned to turn in their souvenir guns and swords, grenades and other explosive trifles.

The investigator in charge of the Alcohol Tax Unit of the Internal Revenue Bureau for New York, Walter F. Carroll, estimated 50,000 guns would be turned in his office alone. Switchboards were lighted up for days by citizens anxious to accept his invitation to have their souvenirs "deactivated."

But these officers are still worried—afraid they'll only scratch the surface before this latest outburst of public cooperation dies down. Carroll, for example, thinks there are more than 200,000 potentially dangerous souvenirs remaining within the narrow confines of New York alone.

He knows what tragedy they may bring, remembering the young housewife who was pleased when her husband unpacked a 20-mm shell. She took it to a neighborhood craft shop,

had it mounted and placed on her knickknack shelf.

This housewife never touched that souvenir except to dust—but one day it exploded.

That shell probably was brought home legally. Special regulation 550-25-1 permitted such souvenirs when properly certified, just as you may be within your rights in hanging on to that Luger or potato-masher grenade or Sumatral sword.

But legal or not, wherever that weapon lies today, there danger lurks. Servicemen with such weapons are being urged again, as they have been before, to have them checked carefully for safety by authorities at their installations.

Better still, as Investigator Carroll advises—"If you must keep a gun of your own, keep an American gun. Mausers, Lugers and what have you may be all right, or then again they may not. An American gun is best every time."

But best of all, he and officials throughout the nation plead, "Don't keep a weapon at all unless your specific job calls for it."

Four From Hereford Attend Legion Meet

Mr. and Mrs. Ralph Smith and Mr. and Mrs. Carlos Vaughn of Hereford attended the 18th District Meeting of the American Legion at Canadian Sunday. Principle speaker was Joe Spurlock, Department Commander of Ft. Worth.

The American Legion went on record as opposed to the State Board of Education ruling that all vocational school instructors have Smith-Hughes degrees. It was pointed out that if this ruling were allowed to stand that a good many of the vocational schools would be forced to close because their standards did not meet approval. Smith said that there were many good top-flight teachers who don't hold Smith-Hughes certificates.

The meeting is held twice a year. Another of their purposes is to promote Legion membership.
