

BECAUSE a STOVE

Is round and is called oak of some kind, do not believe it is the genuine ROUND OAK until you see the name ROUND OAK on the leg and door. We want you to note also the small round base with grate near the floor. It keeps the floor under and around the stove warm all the time. Stoves with big square bases can't do that. It burns any sort of fuel hard coal with magazine, fine soft coal or slack with magazine (if you wish), and gives most heat and holds the fire. If you desire the best call in and see the ROUND OAK.

Stock News.

Hugh Brown left this week for Mariana, Ark., with a carload of horses.

Richard Walsh informs us he will have an exhibit of JA cattle at the Chicago National Live Stock Exposition and expects to carry off some more prizes.

Cattlemen report the range in strictly first-class condition. The grass has cured up nicely, the frost following dry weather and finding the grass in proper shape for curing.

C. F. Ramsey of Estelline sold on the Fort Worth market Wednesday 228 cows, averaging 795 pounds, at \$1.80, 29 of 855 at \$2.00, 12 of 846 at \$1.50, and 2 of 825 at \$2.25.

E. B. Carver, of Henrietta, gives it as his opinion that cattle will be scarcer and higher next spring. He says the number on feed in Texas has dropped off 50 per cent, and in the North not over 60 per cent of the average is on feed.—Fort Worth Reporter.

Richard Walsh returned Monday from the world's fair, highly elated over the victory of the JA 2-year-old steers which were awarded grand championship premium over all ages and breeds of fed steers. He says the JA ranch secured another honor also when the calves of S. T. Bishop, of Tulia, were awarded championship over all ages and breeds of range cattle. These calves were out of JJ cows.

KANSAS CITY MARKET REPORT

Special to BANNER-STOCKMAN.

Kansas City, Mo., Monday, Nov. 14. Taken all around, last week's cattle market was more satisfactory to the range men than to shippers from the native territory. Packers bid 15 to 25 lower for corn fed steers after Tuesday, but good grass steers held up fully steady all week and closed strong. Several good sized shipments of Colorado steers were received, the Montgomery Land & Cattle Company's shipment of about 400 head being the largest. These steers weighed 1085 lbs and brought \$3.85 and \$3.60, some 955 lb. cows in same shipment sold at \$2.80. The top for Colorado's for the week was \$3.90, and Panhandle 3s and 4s ranged from \$3.25 to \$3.50. Panhandle grass cows sold at \$2.35 to \$2.75, and all canners gained 25c during the week. The advance on she stuff was 20 to 40 cents, and stockers and feeders sold to \$3.25 to 3.75. Some choice heifer calves from Midland, Texas, sold at \$3.25, and steer calves out of the same shipment brought \$3.50, prices were highest at the end of the week. Supply today is 18000 head with a good representation from the Panhandle country. Grass cattle generally, and stockers and feeders are steady, but canners and corn fed steers are slow to 10c lower.

The statement of the First National Bank, which appears elsewhere, shows an increase in deposits over their last statement of nearly sixty thousand dollars, or an average daily increase of something like one thousand dollars. The condition of its banks is the best evidence of a country's prosperity, and the people of Clarendon as well as the bank officials have reason to feel proud of this excellent showing.

H. C. Patton Dead.

Harry C. Patton, one of Clarendon's oldest and most respected citizens, died at his home in South Clarendon at 8:20 a. m. Tuesday, after a week's illness with pneumonia. His last illness was contracted while visiting the world's fair about two weeks ago but pneumonia only developed a week before his death.

Funeral services were conducted at the Methodist church Wednesday afternoon by Rev. J. N. Kendall, assisted by Dr. S. E. Burkhead. Local lodges Knights of Pythias and Woodmen of the World of which deceased was an honored member, attended in a body. The burial service of the Knights was carried out at the grave.

Harry Patton came to Clarendon in the early days of the town's history. While he never amassed much of this world's goods he was known by one and all as a "good man." He was never known to speak ill of anyone and was always the friend of the poor and needy. His charitable deeds were many, and his walk

through life was that of an honest, conscientious and hard-working Christian man. That he stood high in the community is attested by the fact that all the business houses closed for the funeral, and in the large concourse which assembled round his bier the high and the low, the rich and the poor, mingled and were sad.

To the widow who is left, and to his other relatives the Banner-Stockman extends a sincere sympathy. We mourn with them, for Harry Patton was our friend, too.

A Kurious Kolumn

By A. Kurus Kusse

Mental Telepathy Special to Banner-Stockman.

Nov. 9, 1904.

Aboard Salt River Packet.

MESSRS. COOKE & KELLEY:

I will try to "Cooke" this, boil it down a little, probably a "Kelley-meter or two. This is written in great haste as there is danger of a free-for-all melee on board and as we might be needed to referee the scrap we are off to the engine room to borrow a pencil from some disinterested party to keep tab on the points scored. We can hardly make out what the nature of the trouble is, but just now we heard a fellow yell: "Oh, Neal, why don't you and Bev "Taylor," and some one answered, "Darnett I can't; I'm keeping "Talley," while a small son of one of the passengers raised a howl of "venture Dubbs." Kurus was mistaken about the scrap. It wasn't pulled off. It was all election talk and everyone knows what election talks usually amount to.

Nov. 10: Still aboard S. R. Packet. We have just rounded the point of Great Expectations and are entering Busyman's Bayou. The sight of this country is quite a treat. It is where a colony of Salt River immigrants settled eight years ago. Only one sign is in sight and on this is scrawled in big blood red letters, "And I said in my heart; all men are liars." As we stood reading the sign we heard the captain say: "We will soon enter Lection Lake and if we do not encounter trade winds we will land on the 12th." At this one of the passengers grabbed the captain and another grabbed the wheel and they commenced shouting in unison: "No sir, you'll turn the boat around. No trade winds or trade anything else in ours. It was the other fellow trading us off that caused us to take this trip." Now in our opinion that was a rash statement to make, for the crowd on its face appears too cheap to trade off for anything. The fingers of our right hand are almost ruined. For two days now at intervals of fifteen minutes we have an erstwhile candidate to rush up to us, grab us by the shoulder and the right fin, begin pump-handling us for all he is worth and saying: "Old man, what do you think of my chances." And being sore we reply: "If you are talking about your chances of meeting an instant and horrible death we think they are pretty blamed good." With a heartbroken sigh the reply comes: "Excuse me. I suppose I was day dreaming. I'll try to bridle my tongue hereafter." But bridle or

bridle the night-mare continues and we'll have to close until our fingers can again perform their regular functions. More next week.

KURUS KUSSE.

Head Jolificator S. R. Packet.

After a close study of the Acts of the Apostles, Kurus is of the opinion that, "An honest candidate is the noblest work of God."

A new citizen of Clarendon tells Kurus a good one on the real estate men. It's so good Kurus just has to give it to the public and here it is; I tell't to you as 'twas told to me. This gentleman's name is McCombs and in his family there is a very intelligent and talkative parrot which hangs in his cage on the front porch. Mr. McCombs has been here two weeks and is thought to be in the market for a good big slice of Donley county soil, consequently the local land agents quite frequently seek his society, and had gotten in the habit of riding up to the front gate and crying: "Hello; is Mr. McCombs at home?" Monday morning the parrot played his joke, Summoning his loudest tones he cried, "Hello; is Mr. McCombs at home?" The good wife went to the front door but no one was to be seen, and she was wondering from whence came the sound when Polly turned up again with a gleeful, "Ha, Ha, Ha, the land agelts ain't here." Mr. McCombs tells the joke with great enjoyment, while the real estate men take the dry grins.

Best Liniment on Earth.

Henry D. Baldwin, Supt. City Water Works, Shullsburg, Wis., writes: "I have tried many kinds of liniment, but I have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c, \$1.00. Sold by Fleming & Maulfair.

The Silvertown Enterprise is now publishing the delinquent tax list for Briscoe county. It is quite large, and the Enterprise man got it up in most acceptable shape from his own office material.

*Neuralgia Pain.

Rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. 25c, 50c, \$1.00. Sold by Fleming & Maulfair.

J. E. B. Wright, the Amarillo piano tuner, was here this week on business. "Jeb's" card reads "special attention paid to piano players," but it refers to the mechanical devices and not to the young ladies as the gentleman is still married though as handsome and dashing as ever.

Thanksgiving Dinner and Supper.

The ladies of Rowe and vicinity, are preparing to give a Thanksgiving dinner and supper for the benefit of the new church, which is now being erected at that place.

Meals served any hour in the church, at twenty-five cents; oyster soup fifteen cents.

A short program will be rendered at 11:30 a. m. and 6:30 p. m.

All are cordially invited to attend.

A. L. Dailey, of Paris, spent a portion of last week in Clarendon, guest of Mr. and Mrs. W. H. Martin. Mr. Dailey's son, Richard, is in the College here, and it is quite likely that this excellent family will be soon added to our citizenship.

Christmas Holiday Rates.

The Rock Island System and connections has authorized one fare plus two dollars for the round trip to points in Tennessee, Alabama, Mississippi, Florida, Georgia, Kentucky, North and South Carolina on December 20, 21, 22 and 26, limited thirty days for return. This system has through service to Memphis and connects there in union depot with all lines, thus avoiding transfer across town. The General Passenger Agent, Phil. A. Auer, Fort Worth, Texas, will be glad to send rates from your station, details of service, connections, changes of cars, etc.

Capt. I. W. Earhart went, to Fort Worth Friday night on a short business trip with the Federal court pertaining to his trusteeship of the Simpkins & Barnhart assignment at Alanreed. He got a hearing and expects the matter to be settled shortly.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass. is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by Fleming & Maulfair, Druggists. Price 50c, and \$1.00. Trial bottles free.

Quite a bit of money will be made next year by our local farmer-stockmen who have purchased calves at a rather low figure and are prepared to feed them all they eat during the winter. This feeding will be met by an increase of growth and weight, and at the time of the shipping season will be ready to command the top market prices. Only those who have plenty of feed will be able to do this in such a way as to make it pay.—Higgins, News.

Constipation.
Health is absolutely impossible, if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. **Herbine** will speedily remedy matters. C. A. Lindsey, P. M., Bronson, Fla., writes, Feb. 12, 1902: "Having tried **Herbine**. I find it a fine medicine for constipation." 50c bottle. Sold by Fleming & Maulfair.

Cured Consumption.
Mrs. B. W. Evans, Clearwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of **Ballard's Horehound Syrup**, and it cured him. That was six years ago. Since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c, \$1.00. Sold by Fleming & Maulfair.

AS TO FIRST MONDAY.

We do not believe Clarendon people appreciate fully the importance of the recently established "first Monday" sale and trade day. In a measure they realize that it is a good thing for the town and county, but a little more snap and ginger should be put into the day and this can only be done by the active and hearty co-operation of our business people. The idea, of course, is to get the country people to come to town and do their trading. The fact that a few horses and mules, a cow or two and some second-hand goods will be offered for sale at auction is not sufficient to attract all the people. Some are attracted thereby, no doubt, but to get the crowd in its entirety it is up to our merchants to offer them special bargains in seasonable goods, better service on that day and a hearty invitation to visit the stores and make themselves at home. If each merchant would announce previous to first Monday that on that date he would offer some article of staple value at a bargain price the crowd of visitors would not only be increased but they would be bettered in their pocket books. Show a farmer where he can save a dollar in several different places in one day, and he is wise enough to take advantage of the proposition and will come to town prepared to buy, and while buying will lay in his supplies. The farmer is benefitted, and the merchant likewise, for his increase in sales will be found substantial and the small amount he loses on special price articles will be more than covered. Everybody will be satisfied, the day will be made a success and a closer friendly relationship will be effected between the farmer and the merchant. Think on these things before next trade day.

THE Texas Legislature should, we believe, pass a law exempting new manufacturing enterprises from taxation for a term of years. Such an act would do more to bring about the establishing of factories in Texas than any other one thing that could be done. It would no doubt result in numerous cotton mills in the cotton districts and factories of other kinds in those sections best able to maintain them by furnishing the raw product. Who knows but that even the Panhandle would thus be able to locate one or more packing plants? They are badly needed here. It would save Panhandle cattlemen thousands of dollars each year in freights, to say nothing of other numerous methods of levying tribute on the cattle industry now practiced by live stock exchanges, commission companies, etc.

THE Quanah Daily Tribune-Chief has been discontinued and Editor Koch announces that he will devote his energies to bettering the weekly.

Public School Notes

When the sovereign people of these United States speak their political preferences, we long since learned that it is best to keep silent. So last week we kept silent so far as school news is concerned.

Prof. Willis has made his room more attractive to his pupils this week by hanging some pretty pictures on the walls. Miss Harding also, has added some pretty pictures to those already in her room, while Miss Allen has received some pretty new ones which she has not yet put in place.

School will be closed on Thanksgiving day, in order to observe this, the most appropriate of all the general holidays. On the Friday and Saturday following, the teacher's association will be in session at Amarillo, so the pupils of the public school will get to enjoy the first holidays of the year.

Mr. W. H. Cooke, president of the school board, visited the public school for a short time Friday. As he made such a short call, no doubt his principal business was to find out how we were standing the norther. He found a warm and comfortable.

Pupils have entered the various grades of the school this week as follows: Eliza Culwell first primary; Bessie Gray, James Cates, and Bulah Baker, second primary; Walter Cates, sixth grade; Louis Cates, tenth grade; Annie Terrell, ninth grade.

Mrs. Brumley and Mrs. Witt called at the public school last Friday. Mrs. B. W. Johnson was a caller in Miss Kimbrough's room last Tuesday. There were a number of other callers.

Our literary societies are doing unusually well this year. There is no reason why some members of these societies may not in the year to come, distinguish themselves in oratory or literary pursuits.

Our large stoves which were never satisfactory in their operation, are pleasing the teachers at present. The old pipes were too small for the stoves. Large new pipes have been put in place of the old ones, with good results.

Our enterprising primary teachers seeing no chance to be provided with new desks, resolved to make old ones look better; so, by the application of sandpaper, asphalt, and varnish the old desks are much improved.

It must not be forgotten that the children in the primary rooms will give an entertainment on Wednesday evening before Thanksgiving at the school house, beginning at 1:30. A fee of 10 cents admission will be charged by the teachers, the proceeds to be used in buying books for the library. Parents and others interested are invited to attend.

Miss Allen's pupils gave her a pleasant surprise Friday evening in the way of a treat. While she was away at noon, her pupils decorated her desk with flowers and then spread thereon a treat, consisting of candies, nuts, apples. Such evidences of a spirit of good feeling between pupils and teacher, are an encouragement to the teachers, and please and stimulate the nobler impulses of the pupils.

The Panhandle Teacher's Association will meet in Amarillo on Feb. 25 and 26. It is urged upon the teachers of the country generally to attend, as the session has promise of being a very attractive one. A feature of the session will be the exhibition of 200 famous pictures suitable for school decorations. The usual free entertainment, and reduced railroad rates will be provided for the occasion.

Commissioners court has been in session this week canvassing the election returns and attending to routine business. We print the tabulated statement of the returns by precincts as passed on and corrected by them. No changes of importance were made in the results as printed last week and the various county officers have all made their bonds, which have been approved, and qualified, and are now engaged in their respective duties. There is only one change in the commissioners court, B. F. Naylor succeeding F. R. McCracken as commissioner from precinct No. 4.

J. H. Roberts and A. V. Lipe left Tuesday night for a business trip to Trinidad, Colo.

Bray Budget.

We have had some rather cool weather but it did no damage to crops as all crops that would have suffered had been housed. Cotton picking is progressing nicely though pickers are scarce since the cold wave.

Elder W. P. Waggener filled his appointment last Sunday and Sunday night with good congregations at both services. Miss Cordie Woodley is visiting at W. T. Youree's.

Miss Amy Horn was up from Memphis Saturday and Sunday, visiting home folks and friends.

We learn that our neighbor, Mr. Greaves, has sold his farm to a Mr. Oller of Wheeler county, consideration \$1500. There were 240 acres.

Bud Payne, the well man hereabouts, has just finished a well for Mr. Delozier.

W. T. Youree marketed a load of fat hogs at Clarendon last Friday. J. C. Barnett and Mard Horn each sold a load of hogs at Memphis. Such transactions as these show that there is plenty of hog and hominy in the country. This is the right kind of farming. We might say a great deal about our great country and its possibilities but will not now as the people in other sections are finding out. H.

Giles Gossip.

Prof. Reed went up to Clarendon one day last week.

Prof. Wells and wife of Memphis attended Sunday school at this place Sunday.

Farmers are very busy gathering their crops and picking cotton.

PUMPKIN.

Card of Thanks.

As I cannot meet personally all those who so kindly extended a helping hand to my brothers in the death of my husband, I take this means of extending my heart-felt thanks to the good people of Clarendon for the kindness shown, and will ever remember them. May God bless you, will ever be my prayer.
MRS. EMMA BAKER.

Mrs. Frank Harrington went to Trinidad Sunday to meet her sister, Mrs. Adkins, of Silver City, N. M., who returned with her Tuesday for a visit.

FOR SALE.

One of the most desirable and convenient residences in town. If you are interested and want a home write or see me.
W. A. CALDWELL.

Married.

Mrs. Monica Harvey and Mr. Fred Hext were married this week. Rev. Hartman, of the Catholic church, officiating. The Banner-Stockman extends the usual congratulations, with best wishes for a long and happy life.

We learn that Kate, little daughter of Jeff Harrison, of Tucumcari, died last week, and that Mr. Harrison himself is dangerously ill and not expected to recover. This is sad news to many Clarendon people who consider the Harrison family among their closest friends. It will be remembered that a son of Mr. and Mrs. Harrison died about a month ago.

Stockmen's Excursion to Denver.

On account of the annual convention of the National Livestock Association and National Wool Growers' Association to be held at Denver, Colorado, beginning January 16th, 1905, the Fort Worth & Denver City Railway Company ("The Denver Road") announces a rate of one fare plus \$2.00 for the round trip, applicable from all points in Texas. Tickets will be sold January 7, 8 and 9, will be good for return until January 31st, and holders will be allowed stop-over privileges on the going trip at and north of Pueblo within final limit.

As many matters of vast importance to livestock interests are to receive attention in these conventions, an unusually large attendance is expected from all sections and it goes without saying that Texas will, in all respects, be well represented.

Those interested who may desire further information regarding transportation arrangements or wish to reserve sleeping car accommodations, etc. in advance, should address A. A. Glisson, G. P. A., "The Denver Road" at Fort Worth.

(The following college notes
were of necessity left out last week,
but being quite interesting we pre-
sent them herewith, eliminating
those which were made out-of-date
by the delay.—Ed.)

Some of the boys have been tak-
ing an interest in the election; but
only a few were entitled to a vote
here. Mr. Trammell was one of
the clerks on election day.

The views of the student body
and campus have arrived, and the
work is good.

We note a marked improvement
in the effort of some of the gradu-
ates since they have realized that
graduation depends upon the grades
of the applicants. The follow-
ing are the prospective graduates:
Misses Eva Trammell, Mamie Mc-
Lean, Messrs. Geo. Harris, J. E.
King, V. H. Trammell, Van Rob-
erts, Jas. Hall, O. T. Warlick, W.
E. Garrison and Edgar Betts.

The Magazine will be published
monthly and will be one that any
school might be proud of. The
subscription will be 50c per year.

Some of the students were dis-
appointed in the action the faculty
took in regard to foot ball. The
faculty requires written permis-
sion from the parents or guard-
ian before permission to play is giv-
en. The result is the team is com-
posed of only two or three. The
boys will feel better when they
learn the faculty of Polytechnic
College has absolutely forbidden
the pupils to play foot ball.

Misses Dodson, Stone, and Allen
are in school again after a short
illness.

Mr. Clyde Wright, on his way
from St. Louis called to see some of
the boarding boys and some other
other "pupils". Clyde is still very
enthusiastic about athletics. He
thinks a great deal about the game,
but not so much about the game as
about the Talley."

Messrs. Warlick and Black went
home last Saturday for the election,
and returned Tuesday night.

The class in solid geometry has
been constructing some polyhed-
rons, and a number of the figures
have been good. Webster Haw-
kins says he and James Hall con-
struct the figures together; that
Hall constructs the figures and he
cleans the room after Hall has fin-
ished. Such work requires time
and patience, but the results will
be lasting. Pupils should early
learn that positions of fame and
success are not attained by sudden
flight, but those who have reached
and retained such positions were,
while others slept, toiling upward
in the night.

The first quarterly entertainment
which will be given by the musical
and elocutionary departments is
announced for Friday night, Nov.
18th.

Jessie and Annie May Utley of
Hillsboro entered school Monday.

Mr. Thompson spent a part of
Wednesday with his daughter,
Miss Willie. On the same day
Hon. John W. Robbins, state
treasurer, dined with the boys and
girls. We were glad to have these
gentlemen with us, and were sorry
they could not remain longer. Mr.
Robbins met a number of the boys
and girls in the college parlors.

Most of the teachers are planning
to attend the Panhandle Teachers
Association which meets in Ama-
rillo Nov. 25th and 26th.

TEXAS CATTLE WIN

NEARLY ALL THE HONORS AT THE WORLD'S FAIR COME TO LONE STAR STATE.

AWARDED GRAND PRIZE

Sixteen Head of White Faces Capture the Purses—On Range Stuff Texas Wins Over Colorado.

Special to Dallas News.

St. Louis, Mo., Nov. 6.—Texas won about all of the honors that were to be had at the fat live stock and range show at the World's Fair today and the Lone Star State carried off the prizes easily. The grand championship prize for the best car of fat cattle was awarded to D. W. Black of Ohio, who bought the cattle from the Adair ranch, in the Panhandle, when they were calves, let them run in the grass on his Ohio farm for twelve months and then fed them for a year, converting a calf that weighed 350 pounds into a beef animal within twenty-four months that tipped the beam at 1,605 pounds.

This illustrates again that Texas is the best breeding ground in the world. In competition with the Lone Star State were Missouri and Iowa with their native stuff.

The Black car of sixteen head of white faces was first awarded the grand prize in the eastern district, Ohio, being in that section, and was then given the sweepstakes premium against all entries in the car load fat class, the premiums amounting to \$675.

The one great glory that did come to the Lone Star State, however, was in showing to the world that it could breed cattle, the equal of which for fattening and finishing purposes cannot be excelled, indeed if equaled, anywhere on top of the green earth. This was demonstrated in the victory made with the cattle bred on the Adair ranch in the Panhandle section and fattened after being shipped as calves by Mr. Black of Ohio. Mr. Black, who is a heavy purchaser of Texas calves for finishing purposes, said today that to his mind the Texas bred stuff was far superior for beef purposes, and that this fact was rapidly becoming known among the Northern feeders and finishers. He says that the Texas cattle have a neater bone; that there is less waste in the carcass; are better killers, having less paunch and that they will kill out better than any cattle that goes to the markets of the country.

Not a Sick Day Since

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney trouble, and General Debility." This is what B. P. Bass, of Fremont, N. C. writes. I was all run down from nervousness and overwork and had to resign my position and take a rest. I found that I was not gaining my strength and health as fast as I could wish, and as your Wine of Cardui was recommended as such a good medicine for the ills of our sex, I bought a bottle and began using it. I was satisfied with the results from the use of the first bottle, and took three more and then found I was restored to good health and strength and able to take up my work with renewed vigor. I consider it a fine tonic and excellent for worn-out, nervous condition, and am pleased to endorse it.
