

The Hereford Brand

VOLUME 18

HEREFORD, TEXAS, THURSDAY, AUGUST 16, 1918

NUMBER 29

REVIVAL CLOSURE

Meeting Results in Much Good and Many Additions are Made to the Various Churches.

The co-operative meeting closed Sunday night with one of the largest audiences of the three weeks. Rev. Whitwell and Miss Miles left Monday for Hale Center where they immediately engaged in a meeting which was begun Sunday night.

The meeting in Hereford was one of the largest in point of attendance on any ever held here. Aside from those occupying seats hundreds of autos contained perhaps as great a number each evening.

Rev. Whitwell is a strong preacher and an earnest and untiring worker; the sort of man that wears. He convinces more by forceful fact than by emotional appeal. His effective work is strengthened greatly by the capable assistance of Miss Miles, who directs the singing.

Added to a sweet, well-trained voice, and exceptional ability, Miss Miles has a most winning personality and makes friends of all whom she meets.

These evangelists have strengthened the spiritual life of Hereford materially and their influence will doubtless be long felt in the community.

Between fifty and sixty names were added to the different church rolls during the three weeks' meeting.

Hereford Farmers Ship One Million Pounds of Pork to Market.

From a small beginning three years ago the farmers around Hereford have gradually changed from a "miss and hit" mode of farming to a more profitable way by converting their alfalfa and grain into "squeals." Where once the country was all for cattle, or was all for wheat or was all for real estate "booms," diversification sets the farmers in the fore-front of wealth producers. They have found out that they can raise something else besides real estate agents and the price of their land, as proof of this, the records of the freight department of the Santa Fe is sufficient. This week, four cars of hogs were shipped out, making a total of about 60 cars this season. The shippers this week were, Jim Robinson, 2 cars; B. W. Miller and Beryl Bowsher, each one car. In all there have been shipped from Hereford some 5,000 hogs, or more than one million pounds of footed porkers. Many of the Hereford farmers are raising from 100 to 500 hogs this year. Count up just what this hog business is doing for the country and you will not be surprised that the farmers are converting their "squeals" in cash at so much per.

Young Couple Wed

On Saturday evening last, Dr. Paris, of the Christian church united in marriage two of Hereford's young people, Boyd Landon and Miss Gertrude Robinson. Both of these young people are well and favorably known here. The bride is the daughter of Mrs. Cursinger and the groom is employed at the Orr Barber Shop.

Saved His Stock

Isam Cunningham lost his barn and harness by fire last week, but was fortunate in being able to save nine head of stock that was tied in the barn. —Pampa News.

CHAUTAQUA DRAWS LARGE CROWDS

Talent Proving Highly Satisfactory.

The attendance at the big chautauqua is very gratifying, the nearby towns and country being well represented.

The number of autos parked near the big tent gives the effect of a mammoth automobile show.

The talent so far has been exceedingly well received the entertainers in each company giving a strictly first class program.

The remaining numbers are said to be especially good and will no doubt be given a large hearing.

The chautauqua is a sure step forward for Hereford and will doubtless become a permanent institution.

Fresh Paint and Flowers.

The summer, as dry as it has been has effected a wonderful transformation in Hereford and everywhere evidences substantiate the claim of the city to a high rank among the beauty spots of the Panhandle.

Residence properties which six months ago were but commonplace have been so revived by the magic touch of both nature and art that they bear little resemblance to their former selves.

Hereford is now full of pretty homes newly painted and with attractive grounds where bright-hued blossoms, soft-green grass and luxuriant shade trees invite admiration.

Mr. and Mrs. Henry Wilkinson have added greatly to the appearance of their pretty home on Miles Avenue by a new coat of paint and other improvements. In this neighborhood is also the home of Mr. and Mrs. J. W. McQueen, at which one has to look twice to realize its the same property—fresh paint, latticed porch, city water, newly made lawn, trees—and the improvement still going on.

The new high school building is as good a job of made over-ness as one often sees. The interior is neatly finished all clean, new and attractive; window glass replaces the open air windows and paint has covered a multitude of sins on its battered exterior. Handsome cement walks have been laid and Hereford's famous bat roost has given way to a modern high school building.

The residence of C. S. Garrison, now nearing completion is an attractive modern home and the building being remodeled by T. N. Helffer is taking on the appearance of a commodious, up-to-date residence.

Much of the building and improving mentioned in recent issues of the Brand together with these, make up the sum of push and progress which is making Hereford one of the finest, best and certainly one of the prettiest towns in the Panhandle.

Nature has done much for Hereford, her people can well afford to do their part, and there's no agency that will give greater returns for the money invested than the one that has been so successfully used by Hereford folks this season—fresh paint and flowers.

It's a fine combination and there are others in town who should avail themselves of its magic.

Sells 1,000 Cattle.

Robert Turner of Amarillo, has sold 1,000 head of two-year-old steers to Kansas cattlemen.

PANHANDLE FARMERS CONGRESS

To Be Held at Amarillo, August 24, 25 and 26, 1918.

Following is the program: Thursday, August 24, 9 to 12 a. m. Registration and Preliminary Organization.

Thursday Afternoon.

Meet at City Hall Auditorium 1:30 o'clock.

Automobile to Palo Duro Canyon for picnic luncheon with members of Great Plains Co-operative Experiment Association—Informal program.

Thursday Evening, 8 o'clock

S. F. Sullenberger, Chairman, Amarillo, Texas.

Invocation, Rev. R. Thomsen.

Welcome Address, Hon. J. N. Bessley.

Response, Hon. Fred W. Davis.

General Announcements.

Friday, August 24th, 9 a. m.

L. B. Newby, Chairman, Amarillo, Texas.

Hon. Fred W. Davis, State Commissioner of Agriculture, Austin, Texas, Address.

Mrs. W. A. Warner, Claude, Texas, "A Cash Market for Products of the Farm offered for Sale by the Women and Children."

Oliver J. Grace, Supt. U. S. Field Station at Arkon, Colorado, "Methods and Depth of Tillage."

Wm. T. Hudson, Amarillo, Texas, Discussion.

Friday Afternoon, 1:00 o'clock.

W. S. Fuller, Chairman, Amarillo, Texas.

Prof. E. E. Scholl, State Department of Agriculture, Austin, Texas, "Insect Pests of the Garden and Orchard."

H. H. Vinal, Agronomist United States Department of Agriculture, "Value of Sudan Grass in the Southern Great Plains."

Claude LeVeue, Amarillo, Texas, Discussion.

George Bishop, Associate Editor Oklahoma Farmer-Stockman, Oklahoma City, Okla. "Rainfall and its Relation to Safe Farming."

E. H. Grimes, White Deer, Texas, "Our Experience in Wheat-raising."

F. M. Curran, Amarillo, Texas, Discussion.

D. C. Dove, State Department of Agriculture, Austin, Texas, "Problems of Marketing Farm Products"

Welton Winn, Canyon, Texas, Discussion.

Friday, Evening, 8 o'clock.

J. L. Pope, Chairman, Amarillo, Texas.

Carl Williams, Editor Oklahoma Farmer-Stockman, Oklahoma City, Okla. "Organization and Marketing."

A. K. Short, Agricultural Agent F. W. & D. C. Ry., Wichita Falls, Texas, "Agricultural Development in the Panhandle."

Chas. Danmeier, Amarillo, Texas, Discussion.

L. L. Johnson, Asst., Farm Demonstrator, Panhandle & Santa Fe Ry., "Poultry Raising in the Panhandle."

Saturday, August 26, 9 a. m.

Harmon Benton, Chairman, Amarillo, Texas.

B. G. Holden, Director of Extension International Harvester Co., Chicago, Ill., Address.

Rufus J. Nelson, Editor Farm and Ranch, Dallas, Texas, "Factors that Will Improve the School, Churches, Roads and Farm Life."

C. M. Evans, Chief of Animal Industry Division Texas A. & M. College, "Elements of Success in Stock Farming."

Hon. C. M. Cureton, Assistant Attorney General of Texas, Austin, Texas, "Irrigation in the Panhandle."

Saturday Afternoon, 1 o'clock.

M. W. Cunningham, Chairman, Amarillo, Texas.

John Fields, Editor Oklahoma Farmer, Oklahoma City, Okla., "Marketing the Kaffir—Recent Developments."

R. W. Edwards, Supt. U. S. Field Station, Chillicothe, Mo., "Rate and Date of Seeding Sorghums."

J. F. Ross, Supt. U. S. Field Station, Amarillo, Tex., "Requirements for Success in Raising the Grain Sorghum."

B. E. Rothgeb, U. S. Field Station, Amarillo, Texas, "Selection of Seed for Grain Sorghums."

T. Pryse Metcalfe, U. S. Bureau of Animal Husbandry, Amarillo, Texas, "Feeding Values and Methods of Feeding the Kaffir."

Discussion.

A separate program has been arranged for the Woman's Department in charge of Mrs. J. L. Landrum of the State Department of Agriculture. Mrs. Landrum was with us last year and her work in Domestic Science and Home Economics is well known throughout the State.

She and her assistants will give practical talks and demonstrations which will be of equal interest to the woman of town and country and they are invited to avail themselves of the three

REV. McCLURKIN PREACHES HIS FAREWELL SERMON

Last Sunday week Rev. J. E. McClurkin for a number of years pastor of the Baptist Church, preached his farewell sermon to his congregation here. He has received and accepted a call to the church at Hereford. Rev. McClurkin leaves Children with the good will and best wishes of the people. He has proved a most conscientious minister and devoted pastor. He built up the local church wonderfully while he was here. It was largely thru his efforts that the present commodious structure of the present congregation was erected. In building it, he possibly saved his people some thousands of dollars, and without his leadership, the house might still have been unbuild. We commend his most hearty to the graces of the Hereford people.—Children Post.

Ladies Chorus Class.

The Chorus Class will meet with Mrs. Homer Wilkinson, Wednesday, August 16, 9 to 11 a. m. Subject of study, Schubert.

Ladies, Mrs. Geo. Barber. Sketch of Schubert, Mrs. Broadwell.

Questions—State difference between Classic music and Romantic music. Name some of Schubert's contemporaries. Whose verse most attracted Schubert?

Who were Schubert's best friends? Name some forms in which Schubert wrote.

What do his compositions lack? Compare Schubert and Moore. Description and analyses of the following music numbers:

March Militaire, Miss Mounts, Mrs. Parker.

The Wanderer, Miss Annie Price.

The Erl King, Ina Gregg.

Faith in Spring, Mrs. Homer Fox.

Who is Sylvia? Mrs. McJain, Miss Lamm, Mrs. Parker.

Hark, Hark, the Lark, Mrs. Stephens.

Serenade, Chorus Class.

Work on Church.

Work on the Christian church is being pushed rapidly and the outlook now is that the church proper may be ready for occupancy by late autumn. Hereford people in general will rejoice at the completion of this long delayed work and in the possession of a much needed auditorium for public gatherings as well as a worthy church building.

When completed it will be a magnificent edifice and a monument to faithful effort and sacrifice on the part of the citizens of the town.

Sells Good Section.

Mr. C. J. Majors has recently sold his section of land south east of Hereford 8 miles to Walk Brady. The exact price was not given but it was around eleven dollars per acre. This was a cash deal.

Ward-Withey

County Treasurer J. J. Ward and Mrs. Lella Withey were united in marriage, Thursday evening. The ceremony was performed at the residence of Mrs. Turnbow by Judge Hughes. Mr. and Mrs. Ward are receiving the congratulations of their friends.

Culberson for Senator Club.

A Charles A. Culberson Club has been formed here with a membership of about 60 of the leading democrats of the county. The object of the club will be to forward the candidacy of Charles A. Culberson for United States Senate by all honorable means.

The votes that went to Brooks and Campbell in this county in the recent primary will go in a large measure to Culberson in the next primary.

Culberson men doubtless carry this county by a large majority.

days of helpful work and suggestions in this department.

Mrs. W. A. Warner, of Claude will be present in the interest of the Smith-Lever appropriation and the organization of the Panhandle-counties for the purpose of enabling the women and children of this section to secure the benefits of its provisions.

"Vinegar Ees" of Little Value.

The United States Department of Agriculture is receiving many inquiries regarding a substance offered for sale for making vinegar or alcoholic beverages under the names "Vinegar Ees," "Australian Bees," "California Bees," "African Bees" and various other designations. These names are being applied apparently to a kind of wild yeast or ferment which, as far as can be learned was originated by the mountaineers of Tennessee and Kentucky.

The primitive process for making "bees" was to expose to the air a mixture of corn meal and molasses until it became impregnated with wild yeast and other bacteria.

In the opinion of the Department's specialists a product made by catching yeast and bacteria indiscriminately from the air may very well contain harmful as well as desirable organisms and the specialists state that great care should be exercised in both the preparation and the use of such a product. In their judgment, "bees" is not as well suited for producing alcoholic fermentation as is the ordinary yeast cake and they can not recommend it at all for making vinegar.

D. L. THORNBURY PROMOTED.

L. L. Garton, of Snyder Comes to Hereford.

Santa Fe agent D. L. Thornbury has been transferred to Canadian and L. I. Garton, formerly agent at Snyder has been assigned to Hereford. The change is a distinct promotion to Mr. Thornbury as Canadian is a division point with a necessarily wider field of work.

People generally will regret the departure of Mr. Thornbury for in addition to his recognized efficiency, he is genial, accommodating and courteous, a man whom it is a pleasure to know or with whom to have business dealings.

Both he and Mrs. Thornbury will be greatly missed by a large circle of Hereford friends.

Mr. Thornbury left for his new field Tuesday and Mrs. Thornbury will leave in a few days.

Mr. Garton is a son-in-law of J. A. Stegall of Hereford. He comes recommended as a competent official and will doubtless give good service.

Amarillo Boosters Here.

The booster train from Amarillo carrying sixty-three splendid specimens of the live five at Texas booster, arrived in Hereford Wednesday morning as scheduled.

A delegation of representative business men, including members of the Young Men's Business League, met them at the station, and, headed by the Elks' drum corps of Amarillo the party marched down Main Street through the business section then breaking ranks each individual booster set out for the expedition's coveted goal—a great boost of Amarillo.

That city may well be proud of her representatives; for they're strictly on the job and a more gentlemanly bunch of men than the boosters one might get a long way to see. Armed with the big special edition of the News, and pennants, and other advertising devices, they marched with the people in the most genial way, yet never for one minute losing sight of the fact that the chief end of man so far as this excursion was concerned, was to boost.

Part of the company was taken to the McDonald well south of town and also to the Bowers well. Others gave their time to getting acquainted with the town and its citizens.

The stay of these visitors was short but they left many new friends in Hereford and intensified the feeling of fraternal friendliness which this city has always felt for her "big sister."

Child Burned.

The little year old child of Mr. and Mrs. Perry Orr was painfully burned Saturday evening when she pulled a pan of cake filling from the stove pouring the boiling sirup down her arm and over her hand. Her foot was also burned but not so badly as the mixture had cooled slightly before reaching her foot. The sirup hardening as it cooled made the burn much more severe.

Schorer Visited.

Mr. and Mrs. Joe Baker and children returned home Sunday from a visit with Mrs. Deltrich at Post City.

Mrs. J. T. Kirkman went to Amarillo Sunday evening expecting to meet her husband there from the border.

Mr. and Mrs. Roy Rogers were Hereford visitors Sunday afternoon.

Frank Vance visited at Joe Bassett's Sunday.

Loren Stead's visited at Fulkerson's Saturday night and Sunday.

Mrs. Glava was given a surprise last Thursday evening by quite a few of her Vega friends and some neighbors who spent the evening very pleasantly with music, etc.

Mr. Mays who is sick of typhoid fever. He died Monday forenoon.

Mrs. Jim Alleg had to take her baby girl to the doctor last Wednesday, returning home Monday P. M. The little girl is very bilious but is some better.

Quite a few neighbors and friends enjoyed a party at Fulkersons Saturday evening.

Mr. Paul Stubbs had a very important date at Hereford and could not be at his party at Fulkerson's. His mother, big brother and Mr. Raymond Stubb were all there.

Mrs. Fletcher Rogers, mother, father, two brothers and a cousin from Canyon also her brother, Hugh Holland from Happy all came over Sunday and taken dinner and spent the day at Rogers.

John Whitsett's went to Amarillo Friday afternoon. Mrs. W. and baby visited at Frank Bassett's near Amarillo.

The Stubbs men shipped 150 white-face bulls last Thursday.

Farm work is progressing slowly. All are waiting for the good rain to come. John Burch has 70 acres ready for wheat and he and Capt. Trowe are preparing to ship about 10 car loads of steers this week.

Conards and Fricks spent Sunday at Burches.

Mr. and Mrs. Trowe are at their daughters, Mrs. Burches this week.

Wm. McIntosh was a Hereford visitor Saturday.

Mr. Al McIntosh is on the sick list. Capt. Trowe and Burch made a trip to Amarillo Tuesday to secure cars to ship cattle.

A few neighbors attended the Mayes funeral Tuesday p. m. at Vega.

Mr. Garrett is threshing this week.

R. L. Duke, land commissioner for the Capitol Syndicate was here this week on business for the company.

Miss Eliza Wilson who has been visiting her cousin, Miss Cannie Clark, left this morning for her home in Clovis.

NORTHWEST TEXAS PRESS ASSOCIATION

The 26th annual session of the Northwest Texas Press Association will be held at Wichita Falls Friday and Saturday, August 25 and 26. Every newspaper man and woman in this section of the state is urged to attend this important meeting.

The following program has been arranged.

Call to order at 2:30 p. m. by President Boner.

Address of welcome—Mayor A. H. Brittain.

Response—Senator W. A. Johnson, Memphis Herald.

President's Annual Address—C. W. Boner, Bellevue News.

How to secure the Maximum Business in a Small Town—Ralph Shaffer, Olney Enterprise.

How should the First Page be made up—J. M. Warren, Clarendon News.

The Influence of Woman on Shipping a Newspaper—Mrs. O. C. Harrison, Seymour News.

Co-operation of Newspapers—Hon. L. E. Hodges, Secretary of State of Arkansas.

The Value of Accuracy in Newspaper Making—J. C. Thomas, Childress Post.

Are Headlines of Value to a weekly Newspaper—Sam A. Roberts, Haskell Free Press.

How to Get Railway Printing—Fred Haskell, Childress Index.

Change in Paper.

That good paper, the Miami Chief, has dropped its ready print service and is now a four page paper. The following explanation from Editor Waggoner is one more testimony to the fact that the newspaper man is at the mercy of the "war prices" quite as much as are the dealers in any other commodity.

CHANGE IN CHIEF.

The cost of print paper has advanced so materially in the last few weeks that it forces us either to raise our subscription price, cut down the size of the paper, or go on losing money on every subscription we have. Usually every time a newspaper gets a new subscriber, it means a little more money for it, however, the way prices are now the more subscribers a fellow has, the less he makes.

The Panhandle Herald is also similarly handicapped. Its last issue containing only four pages. Not only greatly increased prices but a paper famine in starting the newspaper in the fall. We quote from Editor Satterwhite:

PAPER SHORTAGE.

The Herald goes to press this week with a less number of pages than is our custom.

A letter from the wholesale paper house received yesterday says: "On account of scarcity of 'newsprint' we are unable to ship you the paper you have ordered." We have just enough white paper in the office to make this issue four pages. This explains the why and wherefore of a four-page paper this week. We are trying another wholesale house, but no assurance that we will be able to get our order filled. We will get sufficient paper somewhere to continue giving you a four-page paper, but may not be able to go above that for some time, unless there is a change in the present paper famine, a condition attributed to the war. We are now trying just double the price we were paying the first day of January with prospects of it doubling again, within sixty days.

Home From Colorado.

Earl Wilson, proprietor of the Fair Store, together with Mrs. Wilson and Mr. and Mrs. T. S. Benton of Swoford, returned Wednesday morning from a two weeks' outing in Colorado. The trip was made by Automobile. Earl Wilson reports a delightful vacation. They visited the famed summer resorts, the mountains and other attractions of interest to tourists and like others who have gone away for recreation they say the Hereford country looks mighty good.

Fatal Shooting at Canyon.

Claude Powell, a mechanic in the city garage at Canyon was shot and instantly killed Thursday by Oscar L. Smith. Smith and Powell had had some trouble previously and the shooting was the outcome of bitter feeling which had been encumbered.

Smith claims self-defense and gave himself up to the authorities.

Both men were residents of Canyon. Smith being defeated for sheriff in the recent primary. He has been placed under \$10,000 bond.

Auto Accident.

A car containing three men, all said to be residents of Happy, was overturned between Friona and Boykin early this morning and two of the men seriously injured, the other escaping with a slightly bruised knee.

The men were all brought to Hereford and given medical aid. One of them, William Anderson, had his leg broken and the other, whose name could not be learned, suffered a fracture of the thigh. These two are at the Godwin Sanitarium.

Definite details could not be learned.

Helen-Temple Farm Sold.

Dr. A. C. Scott has sold the Helen-Temple Farm near Plainview to C. E. Lamb and M. Hutchins of Houston. The farm consists of 640 acres of land with hog houses, barns, dwelling houses and an irrigation well. The consideration was \$100,000 and included stock worth \$20,000.

Dependable Service at All Times

The stability and resourcefulness of this institution, a member of the Federal Reserve System, enables us to supply the most helpful service under all conditions.

In case of financial stringency as in normal times, this is a bank of dependable service, where the interests of patrons receive first consideration.

An affiliation here creates confidence, promotes progress and assures perfected banking service under all conditions.

THE HEREFORD BRAND

B. F. GUTHRIE, Editor

Entered April 17, 1901, in the Postoffice at Hereford, Texas, as second-class mail matter. First number of the paper issued February 23, 1901, as the Hereford Reporter; first number of the Brand issued March 21, 1902.

Subscription Price \$1.50 Per Year, Strictly in Advance

"Look not thou upon the wine when it is red when it giveth his color in the cup, when it moveth itself aright. At the last it biteth like a serpent and stingeth like an adder."

Few people learn the truth that should be perfectly plain, that the time to save money is when we are making money. Most people reverse this rule. When prosperity is rampant they try to see how much they can spend; when hard times comes they are compelled to save from a meager allowance.

While the feed crops this year will be much shorter than last year even with good rains from this on yet there are many good fields of kafir, maize and sorghum, showing clearly that this country can make feed with less rain than any other country on earth.

LESSONS IN ECONOMY

There is said to be no cloud without somewhere a little patch of silver lining. There is no evil that may betide a sinner from which some good may come if we look for the good and apply the lesson the evil teaches.

The continued dry weather over this section is going to make an exceedingly short feed crop and the price for those who must buy is going to be high. The demand for oil cake is going to make that standby of the cattlemen high. In some instances people will be compelled to sell stock below their real value to avoid a heavy feed bill. All these things will work temporary hardships on many people. However, in the general development of this country these things should teach valuable lessons.

First, it should teach that the sky rocket method of doing business where the thing goes off with a rattle and boom, whether it be in land, cattle, hogs business or wheat farming and follows if clear out of sight to the exclusion of other and smaller things is hazardous in any country. It should teach the lesson of diversification and greater conservation in providing for contingencies that are sure to arise. It should also teach a lesson in economy in the use and care of a bountiful crop when it does come.

There was feed enough raised last year in this section if it had been carefully gathered and stored in barns, silos and granaries and then fed economically with a supplement of oil cake to have carried the stock of this section through last season and this month. Instead, the bountiful crop of last year was fed lavishly and in many cases wastefully and much grain sold at unprofitable prices that should have been stored. On the other hand flocks and herds of both cattle and hogs were increased beyond the dictates of conservative business and beyond the capacity of the country under present weather conditions. As a result there will doubtless be some loss while not likely to be serious.

However, instead of finding fault with conditions and the country in general we should study our methods closely that we may profit by our mistakes and plan to carry on our business operations with more precaution for contingencies that are sure to arise in any business in any country.

New Rates for Pedigreed Stock

New rates and regulations governing the transportation of pedigreed live stock were prescribed recently by the Interstate Commerce Commission in a decision on the complaint of the National Society of Record Association, representing 100,000 fancy stock breeders, against practically all of the railroads of the country.

Minimum weights were fixed for the computation of freight rates on cattle, sheep and swine, and it was ordered that the liability of the carriers should be on the following basis:

Horses and mule, \$150; ox or bull, \$75; cow, \$50; calf, \$30; hog, \$15; sheep or goat, \$5. In the case of shippers desiring to declare higher values the commission held railroads are justified in charging an additional 2 per cent rate for each 50 per cent or fraction above the standard value.

Higher charges for crated stock than for uncrated and rules requiring shippers to furnish crates were found unreasonable and ordered discontinued.

Sheep Pay in Ellis County

A. J. Miller, who last year started a sheep ranch about 17 miles southeast of Arnett, Okla., says that his same crop has given him a 75 per cent increase in his flock while the wool from his 830 head weighed 5676 pounds. Mr. Miller is satisfied that his experiment has proven that sheep raising is profitable and he will make the ranch a permanent industry.

Good Preparation Pays

G. R. McIntyre reports having just threshed 1200 bushels of wheat that tested 61 pounds to the bushel. This was put in by Burney Hasting and most of the wheat was threshed deep, and the seed bed well prepared. On some of the land the estimated average was 18 bushels to the acre. Some of the other land was not so well prepared and on this the crop was much lighter which brought the general average down to 11 bushels to the acre.—Stratford Star.

Young Lady Took Strychnine

Miss Floy, the fourteen-year-old daughter of Mr. and Mrs. A. P. Maltsberger of Loop, Gaines county, committed suicide by taking strychnine. A sister had died recently and the girl had said that she did not care to live without her which was supposed to be the cause of her act. The remains were shipped to Higgins for interment.

Building New School House

J. N. Messenger and Silas Thomas are hauling lumber and material for a new school house to be erected in that neighborhood. It will be known as the Messenger school district. We understand that Miss Lucy Goodwine has been engaged as teacher.—Frona Sentinel.

The Dairy Cow Makes Profits

The little Jersey cow, first abused then tolerated and finally thought to be fairly good property is the only living thing in the livestock line in Jim Wells county now making the owner money. More than one farmer is supporting his family from the proceeds of butter, fat sold to the creamery and the by-products which go to fatten hogs and calves. Had Jim Wells county been full of silos and Jersey cows instead of cotton farmers and range cattlemen the present drought would not have damaged us so much by half.—Alice News.

Has Plenty of Feed

A Moore county farmer in town Wednesday said he made enough feed last year to last five years—and he kept it. The drought did not appear to be worrying him. The grass in his pasture was sufficient for his needs, his cattle are in good shape, and with plenty of feed for the winter he is letting those who sold their last year's surplus do the worrying.—Dalhart Texan.

Crop Outlook

With wheat yields turning out better than anticipated in almost every part of the Plains country and the grain weighing out from 61 to 64 pounds, with prices as high as \$1.15, the farmers of the Southwest are not doing any great "hollering" about the dry season. There is no question that it has been and still is exceedingly dry in "spots" the showers this summer having been unusually limited in extent when it did rain. One of our New Mexico exchanges illustrates this fact in the story of a farmer who met a friend while driving to town and stopped to talk. He presently noticed that his feet were getting wet and on looking around for the cause, found that a pouring rain at the back end of his wagon was rapidly filling the box with water.

Speaking of prices, it isn't so many years since the "ultimate consumer" could buy a turkey for the price he has to pay for a chicken nowadays and the present price of turkey would then have bought a pig. Now a hog is worth more than a cow was then and a cow can't be bought for what would have been thought a fair price for a horse. The farmer's prices have gone up with other high cost of living expenses.

Reports from Colorado as well as other parts of the Plains indicate that the acreage in winter wheat will be largely increased this fall. Plowing is occupying the attention of the farmers and horses and tractors are turning over many an acre of ground per day. These lands will be in fine shape to retain all the moisture that falls when the rain comes.

The broom corn crop is reported to be short and it is likely if farmers use care in the handling of the brush, that prices will exceed last year's. Cotton is doing well, on the South Plains and has suffered less than anything else from the drought. The sorghums are still waiting for rain. In the vicinity of Okmestee, Okla., chinch bugs are said to have damaged the maize a great deal, entirely ruining some fields.

Many farmers are planning silos as a means of saving their feed crop. The pit silo is a favorite type on the Plains and its cheapness especially commends it to those who have never had any experience with this method of preserving feed and are skeptical of its success. Some New Mexico farmers use "stack silage" made inside piling fences which serve the same purpose as a silo. Sixteen foot fence boards are woven together with heavy galvanized fencing wire and when the sorghum is ready is cut, these are set up in a circle of from 12 to 20 feet in diameter. The fodder is thrown over the tops of the boards into the pen and tramped down around the edges during the process of filling. The top is built up to a peak with straw to shed rain.

—Panhandle Weekly.

Kansas City Livestock

Kansas City, Mo., Aug. 8.—Cattle—Receipts 16,000; market closing steady to strong; Texas steers \$6.25@8.25; Texas cows, \$4.25@6.25; Texas calves \$5.00@10.50; native steers, \$7.25@10.25; native cows and heifers, \$5.00@5.75; stockers and feeders, \$6.00@6.25; bulls, \$5.00@7.00. Hogs—Receipts 16,000; markets closing steady to 5 higher; packers, top \$9.85; rough heavy \$8.50@9.50; heavy \$5.45@9.80; markets and butchers \$9.50@9.85; light \$9.40@9.90; pigs \$7.25@9.95; bulk \$9.50@9.80; receipts 12,000, fair clearance. Churches

Christian Endeavor Program

Aug. 12, 1916.

"True Beauty and How to Get It." Scripture, Pro. 31:10-31.

1. What are the elements of a beautiful character?—Nella Carter.

2. Discuss the beauties of Davina's Character. How Obtained?—Florence Chroughan.

3. Discuss the Beauties of Ruth's Character, telling how they were obtained.—Ruth Fox.

Duet, Ruth Fox and May Womack.

4. How did affliction develop beauty in Fannie Crosby's Character?—Edna Hunter.

5. Tell about the beauties of friendship between David and Jonathan.—Philip Broadwell.

6. What are the beauties of ideal home life?—Frankie Mae Baker.

7. Discuss the beauties of conversion.—Hallie Womack.

8. Beauties of Holiness.—Bro. Baker.

Lutheran Church

Next Sunday, Aug. 13th there will be an English service with preaching at 11 a. m. In this service Holy Communion will also be observed. Services at Court House. All friends are welcome.

O. E. Schmidt, Pastor.

B. Y. P. U. Program

Bible Study Meeting.

Scripture lesson, Acts 9.

Leader, Mr. Shepherd.

Reading of lesson by leader.

1. Saul on his way to Damascus—Genevieve Owen.

2. Saul and the Vision of Heaven—Aunie Anthony.

3. Scag—Take My Life and Let It Be.

4. Saul as Preacher of Gospel—Pearl Pollock.

5. Peter and his Work—Marjorie Dameron.

Rev. O. E. Schmidt filled his regular appointment at Littlefield Sunday, going down Saturday and returning Monday.

A most excellent meeting of the C. W. B. M. was held at the church Monday afternoon.

The program was full of interest and inspiration. A vocal solo by Miss Hazel Wilson was greatly enjoyed.

The following officers were elected for the ensuing year:

President, Mrs. C. E. Wheeler.

Vice-president, Mrs. C. K. Smith.

Rec. Secretary, Mrs. C. S. Garrison.

Cor. Secretary, Mrs. Allen Bell.

Treasurer, Mrs. J. E. Ferguson.

The Meaning of Beauty, Urs Luke.

Piano Solo, Elizabeth Black.

Different ways of trying to be beautiful, Dee Owens.

Things that make the heart beautiful, Addie Anthony.

Reading, Elizabeth Montague.

True Beauty and how to get it, Richard Jacobs.

Benediction.

Isn't Worrying About Short Crops

S. C. Wise, who owns a farm nine miles east of Lockney, is another Plains farmer who is not worrying about hard times and short crops. He says that he will raise as much feed this year as he did last and in proof of that assertion is showing big well filled heads of maize which will make 1500 pounds to the acre. He has 125 acres of it and on July 29th it got the first rain it had since it was planted. Mr. Wise kept the ground well stirred all the time, working it with a hoe after it got too big to plow.

Elevators Are Full

The elevators are full and wheat is being dumped on the ground. Car Shortage is the cause.—Pampa News.

A Complete Stock...

We have just received a car of bran and shorts, also a car of cottonseed meal.

We have plenty oats, corn chops, cold pressed cake, and, in fact, everything in our line.

GEORGE E. BURNS DRUGGIST HEREFORD

EVERYBODY'S WELCOME AT BURNS'

An Instrument Within Your Reach

There is no need waiting longer to have the best music in your home. Every musical pleasure is now within your reach. You can obtain attractive terms in buying a Player-Phone.

In construction and materials the Player-Phone is unexcelled. Each model is finished in the finest veneered mahogany or quartered sawed oak. The tone modifier is regulated from outside the cabinet, doing away with the old-fashioned doors and shutters. The tone chamber is constructed of the highest quality violin wood so as to amplify and interpret perfectly every inflection of sound.

Electric Operation No Extra Charge

Merely moving the tone arm into position for playing starts the motor. In these models which are equipped with electric motors no extra charge is made. The best and newest conveniences have all been incorporated. The cover has an automatic catch, locking it at any height.

Prices \$50 to \$225.00

Miss Nell Wyche is visiting in the home of Mr. and Mrs. J. M. Boone, and attending the Chautauqua.

Mr. and Mrs. W. H. Evans, of Bucklin, Kansas, are here for an outing and prospecting. Their two children who are visiting their grandmother, Mrs. A. C. Gee, in Oklahoma, will join them in a few days.

Mr. and Mrs. E. E. Ramsey, whose farm is two miles west of town, are taking a vacation this week from the farm and are coming in each afternoon to attend the sessions of Chautauqua.

Our fall samples are here. Come in and look them over and then let us order you a new suit. We guarantee a fit. Model Tailor Shop. 1t

All ladies interested in cemetery work who have time to see me in person, call me at phone office. First class work. R. L. Farris. 1tp

Miss Bonnie Bowsher of Modest, Mo., who spent the past two months here the guest of her brothers Clay and Beryl left Monday morning for Greenville, where she will join her parents and all will make an extended visit with her sister, Mrs. W. E. Bachellor.

Remember with every 50c in trade during August you get a chance at a \$20 suit. Model Tailor Shop. 1t

Mrs. Lee Satterwhite and daughter, Miss Mary Bess of Pahrsville returned to their home Monday evening after spending a week with Mrs. James Sanders on the Bradley ranch. Mrs. Sanders who is Mrs. Satterwhite's daughter has been quite ill but is convalescent. This office acknowledges a fraternal call from Mrs. Satterwhite and daughter.

Just 50c does it. Does what? Come in and ask us. Model Tailor Shop. 1t

Judge J. P. Connell of Corpus Christi, Texas is here for a month to visit with Mr. and Mrs. Geo. Muse. Mr. Muse is Judge Connell's step son and lived in this county for a number of years. He was county judge of Deaf Smith county during the first year of its organization.

Suits cleaned and pressed \$1. Suits sponged and pressed 50c at the Model Tailor Shop. 1t

Estes Woodburn of Lockney, Texas, visited with his father and sister for a day recently. He came over with Messrs. Dillard and Martin. Mr. Dillard and Mr. Woodburn are in the drug business in Lockney. Mr. Martin is a Jeweler and occupies an office with Woodburn & Dillard.

For a feeling of dressedupness let us order you a new suit. Our fall samples are here and they are beautiful. Model Tailor Shop. 1t

Mrs. L. B. Conrad of Sherman, Tex., has been visiting the family of Albert Higgins.

Messrs. C. M. and M. Jacobson of Lewisville, Texas have been visiting their brother, John Jacobson the past week.

Mr. and Mrs. G. A. Lewis had as guests in their home last week, Mr. and Mrs. C. A. Kennedy and son, Master J. D., of McKinney and Mr. and Mrs. Ted Floyd of Allen. The party motored to Hereford and spent several days here. The ladies are sisters of Mrs. Lewis.

Miss Julia Lambert and her brother, Mr. Oliver Lambert of Elida, New Mexico, are guests at the home of Judge and Mrs. J. E. Ferguson.

Mr. and Mrs. McBride of Black spent the week-end with Mrs. McBride's parents, Mr. and Mrs. J. H. Williams.

Mr. R. D. Cowan who has been visiting her parents, Mr. and Mrs. Gyles of this city left Thursday for her home in Aldrick, Mo.

Mesdames J. R. and A. S. Higgins left last week for Whitesboro, Texas.

Mr. and Mrs. A. W. McDuff have had as recent guests in their home their sister, Miss Julie McDuff and Miss Kathleen Elmore of Itasca; also Mr. and Mrs. A. O. Turner, who live near Fort Worth and who made the trip to Hereford in their car. Mrs. Turner is a sister of Mr. McDuff.

Mrs. Lester Wilkinson returned Saturday from a visit of several weeks with her parents in Oklahoma City.

Miss Velva Slaton of Dallas, is the guest of Hereford friends.

Messrs. C. C. Williams, T. E. Garvin, and his son Ben Garvin of Middletown are here this week visiting Mr. C. P. Arthur and other friends.

Mr. Bob Morman of Hedley is visiting Hereford friends this week.

Pleas Watson returned Monday evening from an extended stay at Colorado City and other points.

A. P. Mauk and wife of Britton, Ellis County, came in Monday and are visiting at the home of Mr. and Mrs. T. B. Kellow.

Miss Irmer Wilson returned Tuesday morning from an extended trip to the East with a party of her school friends traveling from Dallas. They were gone almost a month and Miss Irmer reports a very interesting and profitable journey. Vernon Record.

Miss Wilson will be remembered as a former popular teacher in the Hereford High School.

W. B. McLean, of Clarendon, is visiting his brother, John McLean of the Corner Drug Store.

Claud L. Gass and son of Ringgold, are visiting at the home of D. R. Gass this week.

Mrs. J. E. Ferguson has as her guest this week her sister-in-law, Mrs. L. B. Jannell and two children, Lillian and John Q. of Los Angeles.

Berne Smith, of Quaniah, a former resident of Deaf Smith county, and an old-time friend of the editor, is in Hereford this week. He and Mrs. Smith have been at Canadian visiting relatives and will visit Hereford relatives this week and attend the Chautauqua.

FOR SALE—A sacrifice West one-half of Block 24, Evans Add. (414) acres. Address R. Severn, Elgin, Texas. 2810tp

Editor and Mrs. C. W. Warwick of Canyon were pleasant callers at the Brand office Saturday while in the city on business.

Editor J. L. Pope of the Amarillo News and Clyde Cockrell of the firm of Russell and Cockrell were among the boosters who honored the Brand office with a visit.

Miss Ida Marie Lauck of St. Louis, Mo., who is spending the summer with her mother, has returned from a week's visit with friends at Amarillo.

Mr. and Mrs. J. W. Barnett, Mr. and Mrs. Berry Lewis and Mrs. E. T. Barnett went to Amarillo in the Barnett car Saturday and spent the week-end with the ladies' sister, Mrs. Daniels.

Mr. A. E. Argo and daughter, Mrs. A. E. Hayes and children of Deport, Tex., are visiting their daughter and sister, Mrs. Alex Thompson.

Born to Mr. and Mrs. W. Harrison Russell at Umbarger, Texas, a son, July 24, 1916. Mr. and Mrs. Russell have been making their home in this county with ranch headquarters at old La Plata.

Ted Helman of Texico is in Hereford this week visiting Carl and Buster Lewis.

HOUSE—Four room house to move, for sale. Worth the money. J. P. Wood. 1tp

John R. McClellan of Coryell county is here on a visit to his mother and to the family of J. P. Wood.

Summer Feeding of Dairy Cows.

One of the most common mistakes in the feeding of dairy cows on the farm is that the good cows are not given a sufficient quantity of feed above that required for their physical maintenance to obtain the maximum quantity of milk they are capable of producing. Successful feeding of dairy cows involves the providing of an abundant supply of palatable, nutritious feed at a minimum cost and feeding in such a way as to receive the largest milk production from the feed consumed. Feeding for profit is defined as liberal feeding, or feeding to the full capacity of the cow, in a new Farmers' Bulletin of the U. S. Department of Agriculture, No. 743, The Feeding of Dairy Cows, which discusses many of the factors involved in economical feeding.

From the standpoint of economical milk production, a dairy cow generally should not be fed more than she will consume without gaining in weight. There are times, however, according to the bulletin when it is desirable to make exceptions to this rule. Practically all heavy milk producers lose weight in the early part of their lactation period; that is, they produce milk at the expense of their body flesh. When such cows approach the end of their milking period they normally regain the flesh they have lost, and the farmer can well afford to feed them liberally, with the assurance that he will be repaid in the form of milk when the cows again freshen.

Pasture is the natural feed for cows, and for average conditions, with ample pasture of good grasses or legumes in good, succulent condition, good production can be secured.

The cost of land is a factor in the economy of using pasture, however. If pastures are depended upon entirely for from four to six months of the year, and production is kept up to a profitable standard, anywhere from 1 to 4 acres or more must be provided for each cow, says the bulletin. This is assumed that a permanent pasture is of good, clean turf, with few or no waste places, or that a temporary pasture has a good stand of grass or legumes throughout. Land that will provide such pastures frequently is high priced.

Where the value of land is so high that the cost of pasturing is excessive, or where the land may be more profitably used for growing crops, other methods of summer feeding are more profitable. It is stated that in some sections for average production a cow can be fed on dry feed for 20 cents a day, and when the cost of pasture exceeds that amount some other method of feeding should be considered.

Grain should be fed to heavy-producing cows under all pasture conditions, says the bulletin. The following table is furnished as a guide to feeding grain without an abundant pasture. Variations should be made to suit different conditions and individual cows.

Jerseys—Cows, giving 20 pounds of milk daily, 3 pounds of grain; cow giving 25 pounds daily, 4 pounds; cow giving 30 pounds daily, 6 pounds; cow giving 35 pounds daily, 8 pounds; cow giving 40 pounds daily 10 pounds.

Holstein-Friesian or Ayrshire—Cow giving 25 pounds of milk daily, 3 pounds of grain; cow giving 30 pounds daily, 5 pounds; cow giving 35 pounds daily, 7 pounds; cow giving 40 pounds daily, 9 pounds; cow giving 50 pounds daily, 10 pounds.

Grain-fed cows or pasture need not contain the same percentage of protein as for winter feeding. Pasture being an approximately balanced ration, the grain ration should have about the same proportion of protein to other nutrients. The following mixtures are suggested for supplementing pasture without other roughage:

Mixture No. 1:
Per cent digestible protein, 10.3
Ground Oats, 100 pounds
Wheat bran, 100 pounds
Corn Meal, 50 pounds

Mixture No. 2:
Per cent digestible protein, 12.7
Wheat bran, 100 pounds
Corn Meal, 100 pounds
Cottonseed meal, 25 pounds

Mixture No. 3:
Per cent digestible protein, 15.5
Corn and cob meal, 250 pounds
Cottonseed meal, 100 pounds

Mixture No. 4:
Per Cent digestible protein, 13.6
Wheat bran, 100 pounds
Gluten feed, 50 pounds
Corn meal, 50 pounds

To carry cows over a period or short pasture without a falling off in milk, soiling crops are growing in favor. For this purpose second-growth red clover, alfalfa, oats, or peas, are excellent. Corn is also available in August and September. What may be a disadvantage in the use of soiling crops is the extra labor required to cut and haul these crops from day to day, especially if field work is pressing.

On high-priced land, where the problem is to produce a sufficient quantity of roughage or if the cost of pasture is excessive, the summer silo may be used to advantage. An acre of corn in the form of silage will provide succulent roughage for several cows for a season. During periods of drought, when both pastures and soiling crops fail, a silo filled with well-matured silage grown the previous year is most valuable.

In planning a summer silo, it should be kept in mind that its diameter should

be in relation to the number of cows fed daily. As a general rule, under summer conditions, a cow will consume about 20 pounds of silage. Silage enough must be removed daily to prevent excessive surface fermentation. On this basis, a summer silo for 20 cows should be 8 feet in diameter; for 30 cows, 10 feet; and for 40 cows, 12 feet. As 8 feet is about the minimum diameter of a silo for best results, a summer silo is most applicable in herds of 20 or more cows.

Civic Club Column.

The Band Boys will give a special concert Saturday evening August 19, when the ladies of the Civic League will serve ice cream and cake, for benefit of the Hereford Band. Everybody come.

The Ladies of the Civic League have been working hard this summer to improve and clean up Hereford. We all should appreciate their work, and clean up our lots and alleys near us. All alleys will be inspected within the next ten days.

The children who have flower gardens to enter in the contest please report to Mrs. Rosoloff this week in order that the judges may see the gardens and report on them the following week.

Also those competing in the Banner Block cemetery call Mrs. P. W. Price. The merchants are especially urged at this time during the warm weather to keep the fruits and vegetables well screened from flies—as there is sickness in and around Hereford now.

All members of Civic League and especially the officers should be present at the next meeting as there are several important things to be discussed next Saturday afternoon 5-6 at Court House.

The Baby's Eyes.

Shade the baby's eyes.
Do not allow baby to suffer.
It is cruelty not to protect the baby's eyes.

Even when the sun is not shining the eyes are hurt.

Do not let baby lie in go-cart of cab with no shade over his eyes.

Head and eyes should be shielded whether baby is asleep or awake.

Try lying on your own back looking up at the sky and see how it feels.

Warm Weather Hints.

Be careful of crab meat except at the seashore; don't combine potato salad and ice cream and beware of too many ice-cold drinks.

Remember that fats, oils, coffee and fried things are fat producers and will make you warmer.

Live as simply as possible, avoid haste and spend every minute you can in the open air.

Mr. and Mrs. T. B. Kellow and family are enjoying a visit from their son and his wife, Mr. and Mrs. A. P. Mauk of Ellis county and Mrs. V. F. Falls and children of Rising Star, Tex. They came overland in Mr. Mauk's car arriving here Monday. They will spend the month in Hereford.

KEEP THE KIDNEYS WELL.

Health is Worth Saving, and Some Hereford People Know How to Save It.

Many Hereford people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Hereford citizen's recommendation.

Geo. Beams, machinist, E. Third St., Hereford, says: "I have used Doan's Kidney Pills, procured at Betts-Clark's Drug Store, off and on for quite a while for trouble with my kidneys and a weak back. They have always proven satisfactory and I gladly advise their use to anyone else."
Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Beams uses. Foster-Milburn Co., Props., Buffalo, N. Y.

HOW APPENDICITIS CAN BE PREVENTED.

Hereford people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, often removes or prevents appendicitis. This simple mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE of constipation, sour stomach or gas. A short treatment helps chronic stomach trouble. Adler-ika has easiest and most thorough action of anything we ever sold. Betts-Clark, Druggists.

Celebrate Golden Wedding.

Mr. and Mrs. R. F. Stevenson, of Silverton, celebrated their golden wedding on August 2nd. Nine children were present at the celebration.

Government to Exhibit.

Several new and interesting features will be added to the International Bolls Products Exposition at El Paso this year. Among these will be a complete exhibit by the United States Reclamation Bureau covering all phases of irrigation farming, and illustrating the progress that has been made by the Government in reclaiming arid lands by irrigation. About one hundred million dollars has already been expended in this work, which is one of the most important under the Government's charge.

The United States Indian Department is arranging to stage an exhibit of Indian products and works of industry and art. This will be the most complete exhibit of its kind ever collected and will represent the Indians of many states.

The agricultural appropriation bill in Congress carries an item of \$20,000 to provide for an exhibit by the Department of Agriculture, as usual.

President Woodrow Wilson has accepted an invitation to formally open the Exposition with an address to a joint session of the two Congresses. Franklin K. Lane, Secretary of the Interior and David F. Houston, Secretary of Agriculture, are also on the program.

The Canadian Bridge Complete.

The new bridge across the Canadian river at Canadian, costing with its approaches about \$80,000, has been completed and accepted by the county commissioners. The roads leading to it are being worked on both sides insuring the public a splendid highway and contributing largely to the comfort and convenience of the citizens of that section.

DO NOT STAY BILIOUS, CONSTIPATED

"Doan's Liver Tonic" Will Clean Your Sluggish Liver Better Than Calomel and Can Not Salivate.

Calomel makes you sick; you lose a day's work. Calomel is quicksilver and it salivates; calomel injures your liver. If you are bilious; feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Doan's Liver Tonic instead of using sickening, salivating calomel. Doan's Liver Tonic is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your head aches and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful; full of energy, vigor and ambition!

Your druggist or dealer sells you a 50 cent bottle of Doan's Liver Tonic under my personal guarantee that it will clean your sluggish liver better than nasty calomel; it won't make you sick and you can eat anything you want without being salivated. Your druggist guarantees that each spoonful will start your liver, clean your bowels and straighten you up by morning or you get your money back. Children gladly take Doan's Liver Tonic because it is pleasant tasting and doesn't gripe or cramp or make them sick.

I am selling millions of bottles of Doan's Liver Tonic to people who have found that this pleasant, vegetable, liver medicine takes the place of dangerous calomel. Buy one bottle on my second, reliable guarantee. Ask your druggist about me.

GET YOUR COAL NOW

We now have a car of storage coal on the tracks. Both Niggerhead and Rockvale. This is the last month for storage coal at storage prices. Fill your bins now. We also have a car of oats on track. Plenty of oil cake and meal. This is this year's product—best quality. We also have Texas bran and shorts—Superior quality.

Remember we are headquarters for all kinds of feed stuffs.

Phone No. 1

State of Texas, I, J. E. Crouch, Tax Assessor and Collector for the County of Deaf Smith, City of Hereford, Texas, do hereby certify that the above lots and parcels of land assessed in the Tax Rolls of the City of Hereford Texas, for the year 1915, are delinquent for taxes for said year.

J. E. Crouch, Tax Assessor and Collector of Hereford, Texas.

Subscribed and sworn to before me this 31st day of July 1916.

A. O. Thompson, Co. Clerk for Deaf Smith County, Texas.

By J. S. Jones, Deputy.

Trustee's Notice of Sale

Notice is hereby given that on the 5th day of September, 1916, between the hours of ten o'clock a. m. and four o'clock p. m., I, George Findlay, Trustee, shall proceed to sell at public outcry in front of the court house door of Deaf Smith County, in Hereford, Texas, to the highest bidder for cash, the following described property situated in Deaf Smith County, Texas, to-wit:

One hundred and sixty (160) acres of land out of Capitol League Number 431 and particularly described as the Southeast one-quarter (SE 1/4) of Survey or Section Number one (1) Township Two (2) North, of Range Number Two (2) East, of a "Capitol Syndicate Subdivision" as shown by Plat of such Subdivision of record in the Deed Records of said County of Deaf Smith in the State of Texas, Volume 19, Pages 23-31. Patented to Abner Taylor. Located about 23 miles West of Hereford.

Said sale to be made at the request of **The Capitol Freehold Land and Investment Company, Limited** the present holder of the notes hereinafter mentioned, and by virtue of the authority conferred upon me by the terms of a deed of trust executed by D. S. Fleck dated 23rd day of August, 1909 and recorded in Vol. 15 Page 195 of the Deed of Trust Records of Deaf Smith County, Texas, whereby the said D. S. Fleck conveyed to me, as Trustee, the above described property, for the purpose of securing the payment of certain notes executed by the said D. S. Fleck particularly described in said deed of trust, and the proceeds thereof will be applied to the payment of the balance due upon said indebtedness, the expense of making said sale, and the remainder, if any, paid to the said D. S. Fleck or his order all in accordance with the terms of said deed of trust.

Witness my hand this 5th day of August, A. D. 1916. GEO. FINDLAY, Trustee.

Society and Clubs

Page 20 of 20

One of the very pretty social affairs of the week was the lawn fete given on Monday evening by Mrs. J. E. Ferguson honoring her guests, Miss Julia and Mr. Oliver Lambert of Elida, New Mexico.

The exceptional attractiveness of the idyllic spot which surrounds the Ferguson home was never more apparent than upon this occasion when its "Rivian shade and velvet verdure" were seen beneath the soft glow of brilliant lights.

The gallery showed an effective arrangement of pot plants and ferns and from the midst of this floral loveliness, a victrola discoursed sweet music throughout the evening.

At fourteen tables, animated games of forty-two claimed the guests most happily and at their close, ice cream and cake were served.

A dinner party Sunday, July 30, at the pretty suburban home of Mr. and Mrs. J. W. Barnett was an enjoyable occasion for several guests.

At twelve o'clock a most delicious dinner was served and the afternoon was spent informally on the lawn which is so delightful on these warm summer days.

The guests included, E. T. Barnett, and family, Berry Lucas and family, Mrs. Harry Roffey of Canyon and her niece, Miss Rose Goddard, of Missouri.

Formal announcement of the engagement of Miss Edna Earl Fuqua to Mr. John L. Waller made at an 8:30 o'clock breakfast given by Misses Mattie Bell and Meda Woodburn, Tuesday morning, has given a new interest to the city's social life for its calendar records nothing of such absorbing interest as the pretty affair which invariably center around the bride to be.

This is especially true when the interesting personage is known and loved for her own intrinsic worth as in Miss Fuqua.

The cheery dining room where the breakfast was served was charming in a color scheme of white and yellow carried out in beautiful shasta daisies. In the center of the table where covers were laid for twelve, a reflector, simulated a crystal lake upon whose placid surface idly floated miniature yellow boats with snowy sails and freighted with tiny suitcases. Dainty streamers of yellow ribbon attached to these, fastened also to the place cards which lacked only a voice of being perfect, golden orioles.

From the chandelier over the table was suspended "the merry wedding bells—golden bells."

After the fruit cocktail of the first course had been served the suitcases were opened and found to each contain a number of a serial story of twelve numbers. Each guest was asked to read her number, Miss Fuqua beginning the reading. As the story progressed it was found to be an announcement of the approaching marriage of the fair honoree. The breakfast proceeded amid much merriment, the following menu being served:

- Fried chicken
- Hot biscuits
- Cheese balls
- Coffee
- eggs vermicelli
- butter

Following the breakfast, the guests were shown to the music room, where vocal and instrumental music and informal good cheer completed a most delightful morning.

The guests were Misses Edna, Ethel, and Lola Fuqua, Harriette Shirley, Annie Price, Frances and Bertha Dameron, Lola Lacey, Clyde Wilson and Mrs. Estelle Tucker.

A charming hostess on Friday evening was Dorothy Barber when she entertained about thirty-five young friends with a beautiful reception in honor of little Miss Josephine Jarrett of Ft. Worth and Master William Johnson of Amarillo.

The handsome Barber home was especially attractive with its tasteful decoration of ferns and flowers. The reception hall showed an exquisite arrangement of ferns and sweet peas. Here in a dainty floral bower, punch was served by Virginia Laird.

The guests were met at the door by Dorothy Barber and shown down the receiving line by Grace Ferguson.

The entertainment consisted of a musical program containing the following numbers:

- Chorus, America.
- Piano Solo, Trembling Dewdrops, Dorothy Barber.
- Piano Solo, Grace Ferguson.
- Reading, Eloise Pitman.
- Piano solo, Hazel McQueen.
- Reading, Frances Oberthier.
- Duet, Dorothy Barber, Grace Ferguson.
- Reading, Grace Ferguson.

Following the program a delightful three course luncheon was served on the lawn. Souvenirs were tiny American flags and sweet peas were given as favors. Although the dignity with which these little Misses departed themselves throughout the afternoon might well have been the envy of their older sisters, the occasion was none the less enjoyable and this bevy of budding beauty was indeed most charming in the role of social stars.

The home of Mr. and Mrs. Edgar Johnson has been the scene of unusual festivity for the past week. A home party in which the guests are all close relatives of Mrs. Johnson being the inspiration for many other delightful social affairs.

Mrs. Johnson's house guests are her father and mother, Mr. and Mrs. J. M. Stratton of Des Moines, New Mexico, her twin sister, Mrs. Jesse Wheeler, also of Des Moines and Mr. and Mrs. C. N. White and children, Carrie Lee and A. R. White of Denton, Texas.

Among the enjoyable affairs complementing these guests, a twelve o'clock dinner, given on Saturday by Mrs. H. H. Hawkins was one of the most delightful.

The spacious dining room, cool and airy, and sweet with the fragrance of summer flowers, added to the attractiveness of the very elaborate menu

which was faultlessly served. The occasion, perfect in every detail, was a source of unalloyed pleasure.

Thursday the entire party including Mr. and Mrs. Johnson, Prof. and Mrs. F. E. Wilson and Mrs. McAlpine were dinner guests of Mr. and Mrs. J. C. Pollock.

Here again, a hospitable welcome, a most attractive home and a dinner ideal in every feature awaited the guests. That rare combination of bountiful abundance and simple taste was most pleasing.

On Thursday afternoon an informal luncheon was given the party by Mrs. Percy Welliver, cake and cream were served and a pleasant social hour enjoyed.

Neighboring Society.

The members of the S. W. P. Club were delightfully entertained on Thursday last at the home of Mrs. Charles Dixon. The regular meeting was dispensed with and the ladies spent the afternoon in conversation and in practice for a Club play.

The hostess served delicious sandwiches and pineapple ice and cake. The next meeting will be with Mrs. J. S. Garrett.

Infantile Paralysis "Cures."

Officials of the Department of Agriculture charged with the enforcement of the Food and Drugs Act expect that the outbreak of infantile paralysis will tempt unscrupulous persons to offer for sale so-called "cures" or remedies for this dread malady. They, therefore, have issued special instructions to the Food and Drug Inspectors to be particularly alert for interstate shipments or importations of medicines, the makers of which allege that they will cure or alleviate this disease, for which at the present time, no medical cure is known. The officials also warn the public that any preparation put on the market and offered for sale as being effective for the treatment of infantile paralysis should be looked upon with extreme suspicion.

It has been noted in the past that whenever a serious epidemic exists, unscrupulous dealers prey upon the fear or ignorance of the public by flooding the market with worthless, hastily prepared concoctions, for which they assert curative properties which have no foundation whatever in fact. In the present instance, inspectors already have discovered shipments of a few such mixtures.

Unprecedented Auto Travel.

Auto travel along the Colorado-to-the-Gulf and other highways has attained a popularity hitherto unknown, this summer. The intense heat of the southern and eastern parts of Texas and Oklahoma has made the delightful altitude of the Plains unusually attractive and excellent roads coupled with the fact that "everybody" owns a car nowadays, has brought a vast amount of travel through Amarillo. For the past week, there has been an average of 100 cars a day passing through on their way to "Cool Colorado" and while they continued on their way, they also discovered that it is "cool" anywhere on the Plains. Amarillo might profitably follow the example of Raton, N. M., which city has arranged a camping place for those who prefer to sleep in the open and have provided it with a supply of water which is the first requisite of camp cookery.

Was Thrown Under Disc.

A man named Popjoy living six miles west of town was badly hurt this week by his team running away and throwing him under the disc which he was using at the time. His doctor says he will recover but it was a close call.—Tampa News.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

GARDUI
The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

Has Helped Thousands.

August Specials

We are making some extra liberal offers to the trade to induce August buying. We want your business this week. We need it NOW. Buy what you want today and your bill will be extended thirty days with our compliments. "YOUR CREDIT IS GOOD WITH US"

It has never been our pleasure to show a more complete stock of HOUSE FURNISHINGS than at this time. We are also frank to say that everything is marked low for the August offering.

We took advantage of the situation some months ago and bought heavy in every department of our store. We would say most candidly that in most instances it would cost in car lots the same price to replace the goods that we are now offering to you. We are truly glad that we have such a heavy stock of well selected furniture and floor coverings to offer. We cordially invite your inspection of our goods. It's a pleasure to show you through. We have on hand more than ten carloads of furniture. We have a full carload of linoleum at odd prices.

We have in stock a new carload of fine Pianos and Player Pianos. None better than we can show and our prices \$50 to \$100 cheaper on every instrument than others would ask you.

We have a half car of sewing machines on hand—Singers, New Home, Whites and others.

We have in stock a half car of wall paper—the biggest stock in the Panhandle—we can please you as well as save you money.

If you are not able to pay all cash, we can fit you up in what you want and make the balance easy.

—Yours for greater and better things—

E. B. Black Co.
