HINES DIPPING 7,000 HEAD STUFF

OLD TIME SCENES AT CAMP SITE NEAR FRIONA

R. JOWELL COOK

Having Time of His Life Feeding Calf a Day To Hungry Crew

One of the largest cattle dipping operations ever undertaken in this country is now in full blast about a half mile south of Friona, where the firm of Hines & O'Brien are engaged in dipping about 7,000 head of cattle, 4,000 head of their own and the remainder cattle belonging to neighboring ranchers.

A crew of sixteen men are employed and a regular old-fashioned cow camp has been established out on the prairie. One unique feature of this camp is that the boys are engaged in dipping the calf each day, a quarter of beef at each sitting.

The discovery of scab in some of the cattle caused this heavy expense and hard work, but the bunches of cattle are being shot through the dip in fast time every day and the work should be completed very soon.

Old Rebel Paper Is Curiosity in These Fast Times

H. D. Reed has a sample copy of the "Chattanooga Daily Rebel," published at Chattanooga, Tenn., dated June 28, 1863, Volume 1, Number 279. It's full of curiosities, from a modern viewpoint. Among the want ads appears the following:

"TWO HUNDRED DOLLARS REWARD"—Ran away from the subscribers living in Cataosa county, Ga., near Ringgold, on Saturday night last, two negro men, Miles and Solomon.

"Description"—MILES is black, about 5 feet 10 inches high, weighs about 165 pounds, has extraordinary fine white teeth, and when he laughs or smiles they are a very prominent feature, and has a somewhat downcast look. His age is 23 years—wore off black clothing.

"SOLOMON" is a deep copper color, even 6 feet high, weighs 190 pounds, and is an extra likely boy, 21 years old, has a very fine forehead and interesting countenance. Wore off white osanburg pants and shirt, and brown jeans coat. He is supposed to be making his way towards Murfreesboro, his old home. The two would doubtless travel together. The above reward will be paid for the apprehension and delivery of the two boys, or \$100 for either of them.

ROBT. EDWARDS AND MRS. EMMA FULLWOOD ARE MARRIED

Mrs. Emma Fullwood, daughter of Mr. and Mrs. J. H. Nix, and Robert Edwards, were united in marriage Wednesday night at 10 p. m., at the home of the bride. The Rev. W. R. Hill performed the ceremony. The couple left Hereford early Thursday morning for Tulsa, where they will visit in the home of Mrs. Carrie Griggs, a sister of the bride. Mr. and Mrs. Edwards will make their home in Electra, Texas, for the winter.

BANKER OF KANSAS CITY HERE ON BUSINESS TRIP

Norris Broadus, of the Stock Yards National Bank of Kansas City, was in this city Thursday and left Friday morning for his home. Mr. Broadus was looking after the interests of the bank he represents.

J. S. JONES HEARD GRAND MASTER AT AMARILLO MEETING

J. S. Jones was in Amarillo Thursday to hear the grand master of Texas, D. Frank Johnson of Brownwood, deliver an interesting lecture. Mr. Jones arrived here Friday morning.

Bad Week For Hootch Runners; Sheriff and His Deputies Capture Still and Prisoners; Police-man Baker Grabs Clever Crowd and 250 Gallons

SHERIFF'S POSSE MAKES HARD TRIP AFTER "EVIDENCE"

After traveling about 150 miles across portions of two states and several counties, making a "dry" camp, crawling through barbed wire fences galore, scrambling up and down gulches and ravines innumerable, and walking miles and miles Sheriff C. S. Purcell and Deputies J. E. Hill and W. B. Phillips reached home about midnight Wednesday with a 1922 model fifty gallon copper hootch still and quantities of corn whiskey and mash.

The officers left Hereford early Monday morning, accompanied by a woman guide. Saturday night they had arrested this woman, together with three men. The men are Bun Hill, Herschel Mullins and Ed Morrison. Charges have been filed against the three men here alleging transportation of intoxicating liquor.

The sheriff's department had been working on this case for several weeks but had not made arrests previously pending discovery of the still. After being put through the "third degree" all day Sunday the woman finally broke down and agreed to pilot the officers to the still. It was a grueling trip. The officers did not know where they were going when they started out but as they got farther and farther into the northwest part of Deaf Smith county they found that the still must be located far over in Oldham county. They were determined to secure the evidence necessary to convict and made the detour through Nara Vista and Logan, N. M., in order to get across the river into the extreme northwestern portion of Oldham county. After wandering through wild and broken country for two days, searching a large part of the time on foot, they finally located the still about dark Tuesday night.

The Tuesday night camp was made without sufficient food and only a few pieces of bedding found at the still. The "claim" the booze manufacturers had staked out was an ideal one for such purposes, the officers state. It was a difficult matter to locate it. No car had ever entered such a wilderness and the spot was found only after hard walking.

The still and the liquid evidence was brought in late Wednesday night by the weary and foot-sore officers. It is now safely stored in the county jail, together with the prisoners. Incidentally, the sheriff brought another prisoner in with him on this trip, by the name of Joe Talmadge. A charge of theft has been filed against him. Some time ago Joe Turner of Friona lost his Ford roadster and asked Mr. Purcell to help locate it. Mr. Purcell found one portion of it at Logan, N. M., another portion at Glenrio, N. M., and a third portion hid under some oats in a barn at Vega. Talmadge is charged with purloining this car.

Sanitarium Prospectors and Renders Splendid Service

The Hereford Sanitarium is one of the busiest places in Hereford these days. Under the able management of Mrs. W. A. Price the sanitarium is rendering splendid service to the community and is exciting the favorable comments of every one who visits the institution, based on the business-like, efficient and courteous administration of its affairs.

The following were patients this week: Mesdames Roy Bruner and Verna Johnson, of this city, and Mrs. I. I. West of Joel, Polk Smith, south of Hereford on the Dimmitt road, Paul Frye of Dawn, John Burch of Vega. Every one of the invalids are doing nicely. Mr. Burch entered the Sanitarium the first of the week a very sick man. Mr. Frye underwent an operation Tuesday. Polk Smith had an operation about ten days ago. Mrs. West was discharged Monday. Mesdames Bruner and Johnson have made decided improvement in the last few days. Mrs. Price informed The Brand that the Methodist Ladies presented the Sanitarium a half dozen cups and saucers.

CATTLE BUYERS ON DEAL FOR CATTLE OF CHAS. DONALD

J. Hyde and son, of Emporia, Kansas and Fred Horsbrough of Amarillo were in this city between trains Friday morning. Hyde and son were negotiating with Charles Donald for his cattle. No contract has been closed.

Bold, Bad Bandit Is So Fierce Even Officers Quit

While the county and city officers have been fearlessly grabbing offenders against the peace and majesty of the law in every direction this week, they faced one bold, bad bandit Thursday that was entirely too tough for them to handle, and there was not a man in the bunch with nerve enough to bring him in. Even a reward of \$30 for his capture and conviction had no effect.

Thursday morning J. E. Nix reported to the Hereford Poultry Association that a chicken thief had been robbing his roosts and that the said thief had finally been cornered and run under his house, where he was stopped up. Mr. Nix said he laid no particular claim to unusual bravery, but he would admit that it was up to the sheriff, or the constable, or the night watchman, to collar the desperate criminal.

The sheriff was called and the case put up to him. The sheriff scratched his nose and suggested that Mr. Nix go that reward himself. Everybody took the dry grins and the thief remained under Mr. Nix's house all day Thursday and until Friday night, when he dug out and was killed by some brave unknown in the neighborhood.

The chicken thief was a gaudily striped skunk.

All of which reminded some story-teller of the time the country dog was enjoying a visit from another dog from the city. They ran a skunk into a hollow tree. The country dog, wise from experience, counseled patience and caution. "Shucks," said the city dog, "the way to handle this case is to go in and get him."

"You go in," replied the country dog. The city dog accepted the challenge and went in with a rush. He came out quickly and said: "I had that fellow licked to a frazzle when the son-of-a-gun gassed me!"

Xmas Red Cross Seal Drive Begins Month December

Mrs. Zula L. Powell of Austin, Texas, representing the Texas Public Health Association, was a visitor here Thursday, making preliminary arrangements for the forth-coming Christmas Red Cross Seal Sale in December. Mrs. Powell announced that Mrs. Homer Wilkinson had accepted the responsibilities of County Chairman for this drive and would have charge of all detailed arrangements from now on.

The Texas Public Health Association is looking after the eradication of tuberculosis within the state primarily, and depends entirely for its support on the annual Seal sales. Mrs. Wilkinson will announce her plans in ample time before the sale begins.

CHRISTIAN MEETING IS GETTING IN GOOD RESULTS

Pleased audiences continue to turn out every night to hear Rev. W. C. Wright of Plakaview at the Christian church in his series of lectures on the Book of Revelations. Two were baptized Thursday night and three others put in their membership in the church. The crowds have been good and Rev. Wright's work has been most satisfactory. It is stated.

TEMPLE LADY HERE ON WAY HOME FROM LONG BEACH, CALIF.

Mrs. J. B. Nunneley, of Temple, Texas, reached Hereford Friday morning from a visit with relatives and friends in Long Beach, Calif. Mrs. Nunneley was met at the train in Hereford by her nephew, A. K. Webster of near Vega, with whom she will visit for a time.

MR. AND MRS. REX TYNES ENJOY VISIT FROM FRIENDS

Mr. and Mrs. R. L. Cox of Kansas City reached Hereford Thursday, and are visiting in the home of Mr. and Mrs. R. A. Tynes. Mr. and Mrs. Cox are traveling overland. Mr. Cox is representing the Columbia Mills of Kansas City. Mesdames Cox and Tynes are cousins.

CAR IS HONEY-COMBED COPPER TANKS FULL OF RYE WHISKEY

What was undoubtedly the cleverest scheme for slipping contraband booze past officers yet unearthed in this county came to sudden grief about 10:30 Thursday night when Special Policeman Omer Baker arrested three men near the Fallwell Filling Station and confiscated a Buick Six and a Ford racer. When the Buick was examined it was found to be literally honey-combed with copper tanks full of "good old rye," probably brought across from Old Mexico and destined for some distributing point further north. The tanks are of different sizes and irregular in shape, but the consensus of all figuring on their contents places the amount of poison they contain at 250 gallons.

The car was a mecca for the curious all day Friday. The backs of both seats had been hollowed-out and fitted with zinc linings in which the copper tanks slipped. Clever slots in the upholstery, under the folds of the leather, had been made, invisible unless you knew how to find them. An inquisitive finger pushed through one of these slots would meet a nut which closed an opening into a copper tank. There were also cocks under the car for draining some of the tanks. Under each seat a huge copper tank was fastened to the brim, and another was bolted to one running board, cleverly camouflaged so as to hide its real character. Seven copper tanks in all were taken from the car.

Mr. Baker under the arrest single-handed. One of the men, he states, was intoxicated, while another was exceedingly "hard boiled" when arrested and for a time threatened trouble. The three were locked up in the county jail after which Mr. Baker stored the cars and liquid refreshment in safe places. The names of the parties and other details were not obtainable Friday, as the time had been too short to hold completed investigations. Mr. Baker said that he had been looking for this outfit and made the arrest when they struck the corporate limits of Hereford from information he had about them, although their car betrayed no evidence of their real business.

Crowds of people flocked about the Buick and the tanks all day Friday, marveling at the cleverness of the schemers who planned the car in order to distribute the unlawful contents.

BAY VIEW CLUB IS LAUNCHED FORTH ON ANOTHER YEAR

The Bay View Club began its fall session on September 28, with a social meeting which was held at the home of Mrs. Jno. Ferguson. One half of the club entertained the other half with a reassembly buffet luncheon, the hostesses being Mesdames Barber, Collins, Dameron, Donald, Gabbert, Chris Garrison, Geo. Garrison, Jno. Ferguson and Guthrie.

After the most enjoyable social hour the following informal program was rendered: President's Message—Mrs. Chas. Donald.

Addresses by past presidents—Mrs. Geo. Garrison, Mrs. Jno. Ferguson. Brief talks on Federation Work—Mrs. Frank Potts, Vice President of 7th District; Mrs. F. T. Roloson, District Chairman of Legislation.

At the close the members were handed the year books containing the programs on "Ideals in American Literature" as outlined by Prof. Morelock of Canyon Normal.

In addition to the hostesses the following were present: Mesdames Harrison, Holman, Steckman, P. W. Price, Jno. McLean, Bobo McLean, Mother-shend, Potts, Roloson, Sharp, Haber-macher, Watkins of Washington, D. C., and Miss DeGraffenreid of Canyon, Texas.

MAC BEACH BOUGHT C. GREER PROPERTY IN WEST HEREFORD

C. Greer disposed of his property in west Hereford, just off 25 Mile Ave., to Mac Beach one day last week. Mr. Beach will improve the property, making necessary repairs.

FARWELL MAN IS LOOKING OVER THE HEREFORD COUNTRY

J. N. Farwell, of Farwell, reached Hereford Wednesday morning. Mr. Farwell is prospecting in and around Hereford with the intention of locating in this community in the near future.

Plant Cotton in a Summer-Tilled Field, New Idea

Here's a suggestion to those farmers of the Hereford country who are doing some figuring on the raising of cotton on the Plains from one of the keenest business men and farmers in Hereford. "Why not plant the cotton on summer-tilled land?" inquired this gentleman. "Lots of farmers are summer-tilling now and more are coming to it every year. Why not plant this land to cotton and then if it don't make plant fall wheat. By that means a man would get two crops at it on the same piece of land. If the cotton did not pan out a wheat crop might be made, or at least good winter grazing." Sounds like a he-man idea.

Friona Fair Was "Eye-opener" For Wondering Crowd

Friona, October 5.—The recent Friona Fair was an "eye-opener" for many of our people and a most agreeable surprise as well. There were fourteen exhibitors of hogs, besides the cattle and good horses and jacks, and many were heard to make the statement that they did not know there were any such stock in the country. The room containing the "home arts" department was resplendent with beauty. Practically all the available space for exhibits was taken-up and the spectators were profuse with their compliments. The agricultural room was a wonder, as no one was prepared to view a display of such variety and quality of products as were to be seen there. All the committees are deserving of the thanks of the community for the work and interest shown in the efforts put forth to make the fair the success that it was unanimously pronounced to be.

One of the most pleasant features of the Fair Saturday was the speech by Judge L. Gough. Judge Gough explained in detail the working of the various "Growers" Associations throughout the country, showing their similarity in the Wheat Growers' Association of Texas and Oklahoma. He showed the good the association has already done for the wheat growers, and the inestimable good it is destined to accomplish in the future if the growers stand by their contract.

Hereford High to Try Vega Eleven Friday Afternoon

The Hereford High school football eleven, headed by coach Travis Dameron, left for Vega right after dinner Friday. A game with the Vega high school boys was scheduled for the afternoon.

Very little is known here of the ability of the Vega bunch. They played a game with Panhandle High last week but the outcome has not been received here. If they are any kin to the Vega Outlaws the Hereford boys know they will have their hands full. In all probability there will be a game at Hereford about Friday of next week.

TWO TAKE EXAMINATIONS IN STATE TEACHERS' WORK

Regular monthly examinations for state teachers' certificates were being held in Judge W. M. Megert's office Friday and Saturday of this week, under the auspices of the county board of examiners. Only two took the examinations Friday, although there have been as high as thirty applicants in some months. The two who stood the test Friday were Misses Lula Orr and Alta Mae Purcell.

AMARILLO ORCHESTRA HERE FOR ONE CONCERT SUNDAY

The orchestra of the Central Presbyterian church of Amarillo will be at the First Presbyterian church in Hereford next Sunday night and will render a concert. The Endeavorers will be entertained with lunch at the church that night in honor of the visitors.

LAN SHORE VISITS HOME; SAYS MISS BRADLY PROSPERS

Lan Shore, who is now proprietor of a hotel at Walters, Okla., came in Thursday for a brief business visit here. He reports his family as well and says Miss Bruce Bradley stepped right into a good class in expression upon her arrival here recently, and is starting out for a splendid year's work.

PROF. MORELOCK TALKS TO BAY VIEW

PROFESSOR OF ENGLISH IN NORMAL HEARD BY LADIES

MAY TAKE EXAMS

Members Who Pass Examinations Will Receive Normal Credits

Prof. Morelock, of the West Texas State Normal College at Canyon delivered a very able lecture to the Bay View Club and visitors in the county court room, Thursday afternoon at 2:30. Prof. Morelock held the listeners' very close attention. His lecture treated on American Ideals in American Literature, embracing political poems, the American drama, American novels and American short stories. He brought out the thought that "we live in our own spiritual history" and that our present pursuit and study of literature is to "glorify our American ideals."

It is understood that the Normal has outlined a course of lectures for the Hereford ladies from time to time and that in May at the close of the lectures, examinations may be taken by those who attend the lectures. Those who make a satisfactory grade will be given credit in the course of instruction at the Normal College. President Hill will deliver the next lecture, followed by Prof. Jarrett.

New Agent Santa Fe to Come Here From Mooreland

J. E. Beyer has been appointed Agent for the Santa Fe railroad at Hereford to succeed L. I. Garton, promoted, and will take over his new work just as soon as he is relieved of his present station at Mooreland, Okla.

Mr. Garton spent Thursday and Friday here packing up his household goods for shipment to Clovis, his new headquarters. The family left Friday afternoon. Mr. Garton has rented his home to Mr. Beyer.

HEREFORD BAND IS PRACTICING STEADILY EVERY WEEK

The Hereford Band had a handy good workout Thursday night. Several new instruments and recruits are in prospect and the boys are playing high class music better every week. The continued interest and enthusiasm of the members of the band is extraordinary and the goal they are working for is such perfection by next summer that there will be no dispute anywhere about which is the best band west and north of Fort Worth, Texas.

A. ITEN IS TAKING RADIUM TREATMENT IN CHICAGO, ILL.

A. Iten, large Castro county land owner, father-in-law of Fred Galle, who recently went to Chicago for medical treatment, is reported to be in a serious condition and received little encouragement from the specialists in the Illinois city. Dr. Miller of Dimmitt, accompanied him to Chicago, left there last Tuesday for home. Mr. Iten is receiving the radium treatment.

HAY RIDE ENJOYED BY WESLEY SUNDAY SCHOOL CLASS

The Wesley Sunday School Class of the Methodist Church enjoyed a hay ride and wicker and marshmallow roast at the swimming hole last Tuesday evening. About 54 were present. The evening was spent in games of various descriptions until a late hour. Henry Wilkinson is temporary caretaker of this class.

 This is the first time that any Klan movement has been known in this county.—Vega Sentinel.

OFFICER'S FACE POWDER BURNED

Porter White a husky young farmer single and 25, is in jail and will probably be charged with resisting an officer and attempt to kill.
 Tuesday night Jim Vanline came to town from his farm, fourteen miles southeast of town and reported having had trouble with White, who had been renting from him the past three years.
 Officer Pat Johnson and a ranger, just in from Deulson, were looking for White, and accosted him not far from the corner of the J. R. Wilson grocery at 8:30 o'clock.
 Pat asked White if he had a gun, and White, so Pat says, immediately pulled a thirty-two automatic out of his overalls, and told the officer not to draw his.
 The latter got his gun out as far as his hip when White fired, taking aim at the officer's head. He would have killed his man as the were within touching distance, had it not been for the ranger disturbing the would-be killer's aim, and the automatic getting jammed.
 As it was, the flash of the gun blinded Pat, and he staggered back, his face powder burned. The ranger meanwhile had his gun out, and hit White

PROBABLY A HARD WINTER, THINKS A NEWSPAPER SHARK

Jess Adams, weather prognosticator of the Plainview News, put on his spec and investigated the bark on the trees and noted its thickness. He has closely observed the hair on the south side of the dogs and noted its unusual length. Hence he declares that the signs all foretell a severe winter.—Canadian Record.

THE HIGH DOLLAR

Not so very long ago there was inflation of the currency. That meant cheap dollars, high prices. Now there is a change. The dollar buys more.

If the dollar was worth saving when it would buy only half a bushel of wheat or two pounds of butter, think how much more reason there is for saving it now that its purchasing capacity has nearly doubled. Of course the dollar is correspondingly harder to get now, which is an added reason for saving it when secured. Save the high dollars. They are worth twice what they used to be.

ALL WORN OUT

Does morning find you with a lame, stiff and aching back? Are you tired all the time—find work a burden? Have you suspected your kidneys? Hereford people endorse Doan's Kidney Pills. You can rely on their statements. Mrs. W. B. Anthony, Hereford, says: "My back ached all the time and I could hardly stoop, and when I did, such sharp, stinging pains caught me in the small of my back. I could hardly straighten. Every muscle in my body was sore and it hurt me to move. I was tired and worn out all the time and I also had dizzy spells and felt weak. My kidneys were weak and irregular in action and there were other symptoms of kidney trouble. I saw Doan's Kidney Pills advertised and began using them. Three boxes of Doan's cured me entirely of all the trouble." (60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.)

THE STATE OF TEXAS

To the Sheriff or any Constable of Deaf Smith County, GREETING:
 You are hereby commanded to summon Rowland Sydney Goward and Charles Henry Spencer, as Executors and Trustees under the will of William Henry Bates, deceased, and Gertrude Emma Bates, a widow, William Reginald Bates, Elsie Lillian Bates, Rowland Sydney Goward, Kathleen Mary Augusta

Goward, Gladys Mary Goward; Arthur Hammond Marshall and Francis Denham Marshall as Administrators of the estate of Arthur Marshall, deceased, and the unknown Administrators and legal representatives of the estate of Arthur Marshall, deceased, and Arthur Hammond Marshall and Francis Denham Marshall, and all the heirs and unknown heirs of Arthur Marshall, deceased, and all the unknown heirs of the heirs and unknown heirs of Arthur Marshall, deceased, to appear at the next regular term of the District Court of Deaf Smith County, Texas, to be held at the court house thereof in the town of Hereford on the sixteenth Monday after the second Monday in July, 1922, the same being the 30th day of October, 1922, then and there to answer the petition filed in said court on the 26th day of September, 1922, in a certain cause No. 1367 upon the docket of said court, wherein Jno. P. Slaton is plaintiff and Rowland Sydney Goward and Charles Henry Spencer, Executors and Trustees under the will of William Henry Bates, deceased, and Gertrude Emma Bates, William Reginald Bates, Elsie Lillian Bates, Rowland Sydney Goward, Kathleen Mary Augusta Goward, Gladys Mary Goward, heirs and legatees of William Henry Bates, deceased, and Arthur Hammond Marshall and Francis Denham Marshall, Administrators of the estate of Arthur Marshall, deceased, and the unknown administrators and legal representatives of the estate of Arthur Marshall, deceased, and Arthur Hammond Marshall and Francis Denham Marshall, and all the heirs and unknown heirs of Arthur Marshall, deceased, are defendants. The cause of action in said suit being briefly stated as follows, to wit:

Plaintiff brings suit to quiet title in himself and to remove clouds from said title, which he alleges to exist, by virtue of certain claims which defendants are asserting to an interest in and to certain lands lying and being situated in Deaf Smith County, Texas, and being more particularly described as all of Section No. 29, Certificate No. 96, Abstract No. 316 in Block K-S, containing 640 acres of land, more or less, patented to Arthur Marshall by Patent No. 59, Volume 35. All of Section No. 31, Certificate No. 13-2666, Abstract No. 246 in Block K-S, containing 640 acres of land, more or less, patented to Ar-

thur Marshall by Patent No. 16, Volume 43. All of Section No. 49, Certificate No. 13-2672, Abstract No. 244 in Block K-S, containing 640 acres of land, more or less, patented to Arthur Marshall by Patent No. 17, Volume 43. All of Section No. 51, Certificate No. 13-2674, Abstract No. 245 in Block K-S, containing 640 acres of land, more or less, patented to Arthur Marshall by Patent No. 18, Volume 43.

Plaintiff alleges that he is the owner of a fee simple title in and to all of said lands by virtue of a regular chain of title as pleaded, from the sovereignty of the soil and by virtue also of the

three, five, ten and twenty five years limitations under the Statutes of Texas. Plaintiff prays for judgment quieting title in himself and removing all clouds from the title to all of said lands created and existing by reason of said claims of defendants, and for a writ of possession, and for general and special relief.

You are further commanded that you serve this citation by publishing the same once in each week for four successive weeks previous to the return day hereof, in a newspaper published in your county, but if no newspaper is published in said county, then in the nearest county where a newspaper is published.

Herein fail not, but give you before this court on the first day of the next term thereof, this writ with your return thereon showing how you have executed the same.

A. L. BIGGS,
 Clerk of the District Court of Deaf

Smith County, Texas. Given under my hand and the seal of said court at office in Hereford, Texas, this 26th day of September, A. D. 1922.

(SEAL) A. L. BIGGS,
 Clerk of the District Court for Deaf Smith County, Texas. 75-74-76 78

Nothing Turned Down

I have decided to remain at my old stand and have leased the remainder of the building formerly occupied by the bakery. I will carry a large stock of second hand goods and also some new stuff, my prices will be attractive. General repair work done, nothing turned down.

Don't Put the Fans Away

There are so many all-year uses for the electric fan that it is to be regretted that most of them will be put on the shelf or in the attic within the next thirty days. The value of the fan motor from a hygienic view-point during the winter months has been admitted many times. Its practical uses for many purposes cannot be denied.

A fan in the kitchen will blow out smoke and odors if it is set on the window sill. A fan in any closed up room will do away with that "stuffy" feeling.

Directed against the steam radiator on a cold morning, the fan will bring up the room temperature in a surprisingly short time. It will help distribute the heat from a hot air register in the same manner.

If the furnace is sluggish, a fan in the cold air duct, or blowing into it, will send heat to distant rooms which are ordinarily heatless. The same fan in the cellar will dry clothes on a rainy wash day in half the time otherwise required; put the fan on the floor and let it blow up between the lines of clothes to get this result.

Turn the breeze of the fan into a closet and you will take out that musty smell, and perhaps reach a few moths at the same time.

During the fall canning season, the fan is especially useful in the kitchen for ventilation and can be economically used for drying fruits and vegetables.

The woman of the house has use for the fan whenever she washes silk gloves or whitens shoes. It is an invaluable aid after a shampoo.

The fact that a fan will keep the frost off a window if the air is kept circulating against the pane is known to practically every Northern store-keeper, where frost is continuous. There are thousands of shops in other sections which take a frosted window as an unavoidable evil, and lose the advertising value of their show windows on many days of the winter.

Closed Car Luxury Unsurpassed

The 1923 Six Cylinder Seven Passenger Sedan—\$2195

A dignified beauty and richness unexcelled by any closed car mark the new Buick seven passenger sedan.

Lengthening the body, lowering the top and raising hood and radiator have improved the streamline appearance made possible by the long wheel base and added attractiveness has been given by the handsome nickled drum-type head and cowl lamps.

The roomy Fisher built body is furnished in rich plush. Deep cushioned seats for five with two comfortable folding chairs accommodate seven grown persons with ample room for everyone.

The chassis has been improved materially and its easy riding qualities heightened by a new rear spring suspension. In the famous Buick Valve-in-Head engine, changes also have been made to increase dependable performance.

In every detail of body, chassis and power plant, this Sedan has no superiors among closed cars of even greater price.

Fresh Water—Healthy Stock—

FAT hogs and heaves, vigorous horses, cows that give a steady, heavy flow of milk are always to be found on the farm where there is an abundance of pure, fresh water. No stockman can ever afford to do without equipment that will keep an ample supply of water constantly before his stock. Especially can he ill afford it with the present level of prices prevailing on The New Columbian.

Wayland College students of Plainview, Dr. and Mrs. Mayer Miller returned home Sunday morning, after a few days visit with relatives in Rush Springs, Chickasha, and Hobart, Oklahoma. Mrs. Miller's sister, Mrs. Bess Lindsey, of Chickasha, returned with them.

Miss Lawler, of Lamesa, Texas, arrived last week to teach in the Dimmitt school. Miss Lawler is a sister of Mrs. O. B. Hankins.

Miss Ray Young, of Ft. Worth, Texas, arrived last week for a visit with relatives.

The Baptist workers had an all day meeting at the church Monday. A fine dinner was spread at 12 o'clock. Rev. Mathes, Plainview pastor, preached three fine sermons which were greatly enjoyed by all.

Mr. and Mrs. Fred Galle and family spent Sunday in the E. A. Patton home. Miss Rosa May Jones, of Abernathy, was the guest of Miss Dora Cone last week.

FRIONA

We are having the finest weather in the world for heading kafir and maize and cutting cane. The farmers who raised the bean crops are about through with their bean harvest.

J. E. Staley has exchanged his interest in the Santa Fe Grain Company elevator together with his town property and farm land here for farm land near Plainview and expects to move to it in the near future.

The first month of the present term of school ended last Friday. At present the enrollment is over on hundred and the teachers express themselves as well pleased with their work and they have received many commendations from the patrons of the school.

Among those from a distance who attended the fair here Saturday were: Mr. and Mrs. Max Brownlee from near Dimmitt. Mr. and Mrs. Brownlee were former residents of Friona and have many warm friends who are pleased with their occasional visits to our town.

Many of our people were surprised to learn that the Friona country has a few breeders of pure-bred Hereford cattle. L. F. Lillard had a cow, a yearling heifer and a calf on exhibition that will rank in appearance with many of the best blood of this part of the Panhandle, and Willard Schlenker had a splendid yearling heifer of the same breed.

Jim Martin last week moved his family to Farwell. (Jim is to be our next sheriff). His residence is being occupied this week by Joe Allen and family.

The young people of the Congregational Sunday School have announced a box supper and musical program to be held at the schoolhouse on the evening

of Friday, Oct. 13. The proceeds will be used for the benefit of the church. The program will be absolutely free but you shall pay for the boxes. Everybody most cordially invited.

Rev. Peyton received word Monday that the Home Missionary Society has arranged to send a moving picture outfit here for the use of the church. The machine is not expected to arrive for a month or six weeks and it is hoped that the basement of the church will by that time be in readiness to receive it. The work on the new building has been progressing very well and it is expected that the walls will be completed this week, when the work of roofing and flooring and other carpenter work will begin in earnest and pushed as rapidly as possible to completion.

HART

Major Bruton and sister, Miss Nell, entered school at Canyon last Monday. Hiram Attaway returned home from the Hospital last Thursday.

Claude Stewart and family returned from Jones county last week where they went to attend the funeral of

Claude's brother, who was killed in an automobile accident in California. Miss Viola Jobe is able to be out once more, following an operation.

Fred Hankins was operated on for appendicitis Monday morning. At last report he was resting well. He is at Plainview.

Mrs. Ida Crag, of Abernathy, visited her cousin, C. G. Maples, and family last Thursday night.

Mrs. Fische, of Sherman, who has been visiting her daughter, Mrs. J. R. Riley returned to her home last week. Quite a crowd from Hart attended the County Fair at Plainview last week. The display was extra good, considering the year being so drouthy.

School opened Monday with a good attendance, as most of the children were ready to start.

Bro. Ray Gilbert came down from Dimmitt Sunday morning and preached two sermons for us to a large and attentive audience.

Mr. Carlos Reynolds and Miss Annie Crawford of Dimmitt attended church at Hart Sunday and visited friends.

What is believed to be the thickest seam of coal discovered in the world is being exploited in Queensland, Australia. The seam is entirely free from clay bands and is ninety-three feet thick in places. The mine is 290 miles from the nearest seaport.
