

Boy Scouts Will Collect Scrap Aluminum Tomorrow, Saturday

Around Town

Sights and Faces Seen
Add thoughtful people: Elyse Wilkins' little friends who, not having been considerate enough in bringing her a bouquet the day after her operation, returned to the hospital bearing a beautiful selection of sunflowers tastefully arranged in a beer can.

Mr. and Mrs. Gaston Baer are attending markets in Fort Worth and Dallas. They left Monday and will be back the last of this week.

Mrs. Ted Young will go to work Sunday at the Midget Cafe.

Genevieve Eberle, who has been in school in California, is back at her old job at Pitman Grain Company.

Mrs. C. W. Seed and E. D. Fox are at market this week in Dallas and Fort Worth, and Marie Cogdell says they left just a little too soon. They got in on the hard work of moving the Vogue stock, but left too soon to hear all the compliments about the new store.

Don Britt of Roswell is now working at the Kemp Lumber yard. He has been employed by the Kemp Company for two years.

Jim Lemons of Amarillo is a new employee at Miller Auto Store. He is experienced in the automobile accessory line and will manage the store here, according to R. B. Miller, owner.

Mrs. W. F. Gillis is attending markets in Dallas and Fort Worth this week. Because of the late harvest, Mr. Gillis was un-

(Continued on page 12)

Mrs. Cochell injured in fall Monday morning

Mrs. Hettie Cochell, 86, was this morning reported to be resting well from injuries received in a fall, Monday morning.

Mrs. Cochell was working in her flower garden when the accident occurred, the result of a sudden dizziness. Her left leg was broken six inches below her hip and she also suffered minor bruises.

Because of Mrs. Cochell's age, doctors have not yet tried to set the broken leg.

Mrs. Marvia Garner of Plainview and Mrs. Bess Brown of Roswell, N. M., Mrs. Cochell's daughters, are staying with their mother.

Carrot Planting Experiment Is Successful

Three years ago the growing of potatoes on any large scale was still considered a slightly fantastic idea by most persons in the Hereford territory, and today carrots are almost unheard of, but a large vegetable canning corporation in Dallas thought enough of the plan to distribute \$400 worth of carrot seed here this spring. Representatives of the company saw the Hereford Potato exhibit at the State Fair last fall and became interested in the possibilities of the country for commercial carrot raising, and reports from all farms where the crop is planted indicate that their confidence was justified. Produce men say that the quality is uniformly high, and the market here should be just as good as that for potatoes.

The seed was distributed by J. B. Elliston and Miss Sadie Lee Oliver, who report that they have had more calls than they can answer. Size of tracts varies from 10 acres to a fraction of an acre.

Largest tract is that of C. A. Wimberley, who has ten acres on his farms at Dawn and in Castro County, and W. A. Johnson, S. F. Smith and Elmer Combs have five acre carrot patches. A small patch has been planted by Fred S. Barret, and Clay Bowsher has approximately three acres on his farm south of town. In addition to these farmers, others received seed from Miss Sadie Lee Oliver, CHDA, who has distributed about 20 pounds of the free seed.

One Fort Worth cannery is re-

County-Wide Picnic Is Sponsored By H. D. C.

Arrangements were nearly complete this week for the county-wide picnic, to be sponsored by the county home demonstration clubs on Saturday, August 2.

Not only all citizens of this county, but a large number from the surrounding territory are expected to attend the event, says Mrs. Merlin Kaul, publicity chairman.

Mrs. Kaul points out that the picnic will include a variety of entertainment, including such features as stunts presented by every home demonstration club in the county, an old fiddler's contest, at which appropriate prizes will be awarded, and an old-fashioned dance on Saturday night.

Complete details of the picnic will be in next week's Brand.

With the 100 per cent co-operation of all clubs in the county, the collection of old aluminum will begin here tomorrow morning with the Boy Scouts gathering up donations all over town. Aluminum brought in from the country is being placed in a trailer on the vacant lot south of Kellogg's Variety Store, and several pounds have already been accumulated as a good start toward the house-to-house collection scheduled for Friday and Saturday.

Hereford clubwomen have asked all housewives to have their old aluminum pots, pans, vacuum cleaner and radio parts—in fact, anything which has sufficient aluminum to have any salvage value—in some place where it will be easy to pick up when the Boy Scouts make their rounds.

Everywhere, the drive for aluminum is meeting with even greater success than was anticipated, and those in charge of the campaign here are confident that this county will go over its quota.

A non-profit plan, the sole purpose of the collection is to release raw aluminum for use in plane manufacturing, while the salvaged scrap is used in other defense work.

Jury Lists For District Court Term Released

Jury lists for the August session of district court, which convenes here Monday morning, August 4, were released this week by R. L. Thompson, district clerk.

Grand Jurors who will meet Monday morning, August 4, at 10 o'clock are Glenn Boardman, J. G. Weir, C. T. Guseman, G. W. Brumley, J. Alton Miller, Oscar Easley, E. S. Ireland, W. Jesse Stanford, H. E. Miller, J. R. Overstreet, J. G. Fortenberry, T. E. Rohrbach, C. H. Hammock, Elmer Womble, M. C. Kaul and Ed East.

Petit jurors listed for the second week of court beginning August 11 are V. T. Glenn, L. H. Foster, J. E. Blakemore, J. L. Smith, W. P. Axe, W. L. Ayers, E. R. Biggs, Lee Lambert, N. E. Milburn, George M. Suggs, H. A. Burk, J. J. Clark, Lestel Galley, George LeGrand, Reavis Kerr, Dudley Green, M. S. Benefield, C. P. Hussey, W. J. Hacker, Gaylord Newell, A. B. London, T. F. Bohannon, Phillip Miller, P. B. Sowell, W. E. Dunlap, D. H. Alexander, J. W. Kropff, Lowery Walker, Ed Dzik, Noah Ewton, J. R. Kendall, J. W. Marnell, Carl McCaslin and J. H. Landers.

Third week jurors are E. D. Fox, R. E. Gill, Charley Hoover, C. S. Gunter, E. W. Beckman, Forrest Minton, C. C. Rockwell.

Speaker Predicts Sacrifices For War To Increase

Declaring that people of this nation are just beginning to realize the cost and sacrifice which the present war will demand of us, Hershel Coffee, professor of economics, West Texas State College, Canyon, Wednesday addressed the Hereford Lions club as guest of T. S. Stevenson, Jr. Pointing to three logical outcomes of the seriousness of war conditions, Mr. Coffee predicted that three laws might be expected in the near future.

"It seems reasonable to believe that the government will pass a law by which private property may be taken over," he said, "and we may also expect sharp increases in taxes and extension of the Selective Service Act."

Mr. Coffee said that this country has three definite objectives: first, "to secure greater production"; second, "to prevent inflation"; and third, "to spread the burdens of war over the entire masses."

He also predicted that military demands will next year approximate twice as much as during the past year.

George Byrd Is Injured In Car Wreck Tuesday

George Byrd, local electrician, was this morning reported to be recovering satisfactorily from injuries suffered when the car he was driving crashed into the back of a truck which was parked at the left curb on the corner of Sampson Street and Highway 60, at about 3 o'clock, Tuesday morning.

Byrd, who was returning from Amarillo, smashed into the truck with such terrific impact that the floor boards of the heavy truck bed were buckled.

Byrd suffered broken ribs and chest bones, and at first it was feared that he was injured internally, but reports from Deaf Smith County Hospital this

(Continued on page 12)

Cafes, Filling Stations Distribute Chamber of Commerce Literature

A plan for spreading information about the Hereford territory which has met with marked success is that of distributing literature through local filling stations and cafes to persons who stop in town.

The Chamber of Commerce reports that 2,500 pieces of literature have been distributed in this way within the last three months.

Business men point out that tourists usually ask for information and that it is never a matter of forcing the material on them.

Mrs. E. B. Black

A pioneer Hereford resident, identified with progress of the town since 1901, Mrs. Black died last Thursday following a brief illness.

Funeral Rites For Mrs. Black Held Saturday

Funeral rites for Mrs. E. B. Black, well-loved Hereford citizen, 68, who had lived here since 1901, were conducted Saturday afternoon at the Methodist Church. Services were under the direction of Rev. L. N. Lipscomb, former pastor of the Hereford Methodist Church, and now district superintendent in the Plainview district. Reverend Lipscomb was assisted by Rev. M. M. Beavers and Rev. M. E. Norwood.

Carrie English Black was born

A Swallowing Story With Complications

Most parents can remember, among various cute things Johnnie or Susie did when they were small, the time that they swallowed the nickel, or stuffed corn in their ears or put beans up their noses; but Mr. and Mrs. Dudley Green have got one of these stories—with complication. Last week their 12-year-old daughter, Virginia Ann, inhaled—and then swallowed—a small metal washer. Of course, the accidents did not happen simultaneously, but it was all on the same day.

Virginia May and her two little sisters were playing in the yard last Saturday afternoon, when their father came home from work. Driving carefully to keep from hitting the two little girls, who had run to meet him, Green called to them to get out of the way; and Virginia May, who had gone to the porch, inadvertently sucked in her breath, carrying the metal washer she had in her mouth down into her lung.

The Greens rushed to Amarillo, where doctors tried to locate the offending washer, but reported that it was evidently in training for a motion picture role as X-rays showed it continually moving about Virginia May's insides; and probing never found it.

But Virginia May solved that problem by coughing up the small bit of metal—and then promptly swallowing it again, which called for about four hours more time before the washer was finally removed.

Virginia May was in the hospital until Tuesday, but is now recovered except for a decided aversion to things metallic.

Primary Objective Of Wheat Penalty Is To Keep Excess Of Grain Off Overburdened Market

R. E. A. Receives Approval For 12 Miles Line

H. V. Hennen, project manager, this week received notification that approval had been granted the Deaf Smith County R. E. A. to start construction of 12 miles of new electric line.

The new lines, single phase service, will be built in Farmer County and will bring to 468 miles the total length of electric lines in the local cooperative, which is the second largest in the United States, judged on a basis of miles of line and amount of three phase service. Because of the large number of irrigation wells on the R. E. A. system, the Deaf Smith Co-op. has a much larger percentage of three wire service than do other electric systems with more customers.

Actual construction of the new lines has not started, but should be underway in the near future. Because of defense priorities, it is becoming increasingly difficult to get materials for electric line construction, Mr. Hennen points out.

Olson Brothers Have Fine Potato Yield

Otto and Louie Olson have been raising potatoes for two years, which does not exactly make them veterans in the business; but they will admit that they have 47 acres of potatoes this year which are just as good as the veterans raise.

In fact, the Olson's potatoes, Irish Cobblers, which are now being dug, are just about as good as potatoes get to be. They are 97 per cent number one grade and are making 150 sacks to the acre.

Pictures of the digging of the Olson potato crop are to be included in the movie to be shown at the Hereford exhibit at the State Fair of Texas in Dallas in October.

Westway School District Wins Encyclopedia Set

Westway School District has been awarded a set of the Britannica Junior Encyclopedia for having shown the greatest improvement over the previous school year of any school in the county.

The encyclopedias are given by Sears Roebuck and Company in every county in Texas.

Herefordites Asked To Contribute To Parade of Bricks, Cash To Complete Panhandle-Plains Historical Museum

Hereford and Deaf Smith County have been asked to take a part in the Victory observance program and parade of bricks which will celebrate the campaign to complete the main unit of the Panhandle-Plains Historical Museum in Canyon, Sunday afternoon.

Boone McClure, travelling representative of the museum, was in Hereford Monday afternoon, making plans for the drive here, and Leo Forrest reports that boy scouts of his troop already have some bricks collected. All citizens are asked to cooperate and persons who have any bricks or other donations are asked to bring them to the Brand Office. Donors will leave their names and a permanent list at the museum will record the names of all who have helped in the drive to complete the building on this panhandle institution. Tentative plans also call for a meeting of West Texas State College ex-students to take an active part in the work.

Hawleywood To Speak

The program Sunday, said Mr. McClure, will bring together one of the largest crowds ever seen

To clear up some misunderstandings which have arisen among wheat farmers with regard to the penalty on excess wheat, J. A. Pitman, chairman of the county AAA committee, this week explained that the primary objective of the penalty is to keep the wheat off of a market which is already overburdened with surplus. "The penalties are not to be confused with measures for raising revenue," says Pitman. "Since the penalties are a means of inducing producers to keep excess wheat off the market and in no way constitute a tax."

Wheat producers who have excess wheat and who wish to postpone or avoid the payment of the penalty may either store the wheat on the farm by executing a bond of indemnity, or by placing the funds in escrow, through the county AAA committee. (Continued on Page 12)

U. S. O. Drive Raises \$101.30

Th South Hereford district has set a good example in the United Service Organizations campaign, according to figures released this morning by Harold Close, U. S. O. chairman for Deaf Smith County. John Olson and R. J. Richardson were solicitors in that district.

Pitman Grain Company, The Texas Company Wholesale Warehouse and Rockwell Bros. and Company were represented by 100 per cent contributions by their employees.

Total amount received this week was \$42.50, which makes \$101.30 collected by the U. S. O. in this county, and which is still short of the \$350 goal; but with time extended to August 1, it is felt that the money can be raised.

Persons who contributed to the U. S. O. this week are J. A. Pitman, \$1.00; J. M. Pitman, \$1.00; David M. Rodgers, Jr., \$1.00; J. Barrett Sowell, \$1.00; Mack Reeves, \$1.00; Dean Dunlap, \$1.00; Guilford Miller, \$1.00; Buddy Sowell, \$1.00; J. L. Rogers, \$1.00; Genevieve Eberle, \$1.00; R. J. Richardson, \$1.00; A. E. Rogers, \$1.00; R. A. Hutcheson, \$1.00; R. A. Daniels, \$1.00; John H. Olson, \$1.00; A. H. Rehnart, \$1.00; Packard Milling Company, \$5.00; Fred W. Goodnow, \$2.50; Pat Robinson, \$1.00; Hereford Music Study Club, \$5.00; Chris Wegner, \$.50; O. E. Easley, \$2.50; W. E. Dameron, \$5.00; H. A. Close, \$1.00; Ray Hershey, \$3.00; W. W. Hill, \$1.00.

Bicycle Party Is New Entertainment

Russia Is Vast Granary and Arsenal

Vast resources of Russia would prove a rich plum for her would-be Nazi conquerors. Approximate percentages of world's supply of important resources owned by Russia are: Iron ores 20-25%, manganese ore 65-70%, petroleum 15-20%, coal 10-12%, copper 8-10%, gold 13-15%, wheat 25-30%, phosphates 33-40%, and zinc, lead and nickel 3-5%.

Y. C. Sponsors Pedal Party For Friday Night

Oil up those bicycles and begin thinking about the kind of picnic lunch you would like after an hour or so of strenuous pedaling. That is the advice of the Hereford Youth Council, who have planned a bicycle party for Friday night, July 25.

If you have a bicycle or can borrow one, you are invited to meet at the court house at 7:30 o'clock Friday night. Each bicyclist is asked to bring his own sack lunch and the group will eat at the high school football field, sometime around 9:30 o'clock.

The itinerary of the tour has not been worked out; in fact, according to its sponsors, the rider will just give the bicycle (Continued on Page 12)

Glad He's An American Says Worker In Letter To President Roosevelt

Washington—President Roosevelt read to his press conference last week a letter from a man who would "rather be an American than anything else on earth."

The President said he thought it was a rather nice letter and gave out the text for publication. The sender was identified only as a resident of Missouri and his name was withheld. The letter, dated June 29, read:

Dear President Roosevelt:

I am a married man, 28 years old; a boy 3, a girl 1. Here's how I feel about being an American. My ancestors were Czechoslovakians, my wife's English; but we're Americans.

I look at my refrigerator, my oil heater, a radio. I'm glad I'm an American.

My children get cod liver oil, nourishing food, and a doctor's watchful care. They'll be glad they're Americans.

This morning, I went to church. Amongst my neighbors, unafraid and unmolested, I thanked God for giving us America.

I went home to my wife and kiddies. My little boy, Douglas, came running and said, "Hi, Pop. You gonna take me to see the ribber?"

And I said, "Sure, Doug. I'll take you to see the river."

"And we'll stand on the bridge, and see the cars Pop?"

"Sure, Doug."

"Pop see the sun. Look see Pop. It shines in the car window."

"Yes, Doug, the sun's shining on all America."

After our walk, we came home, and sat down to veal chops, baked potatoes, fresh green beans and corn on the cob. I said grace with tears in my eyes. I'm so happy I'm an American.

This afternoon, we listened to a radio rebroadcast of British children, here in America, talking to their parents in England, and I was proud I was an American.

Tomorrow, I'll go to work. I work in an electrotyping foundry, and I love my job. I made it in fact, from errand boy to production manager in 2 years. I had ideas and I told the boss about them. He's an American.

Tonight, before going to bed, I told my wife, "Honey, I'm going to buy a large flag and hang it out the window Friday. The President wants everyone to pledge allegiance to a new and united America. And Honey, I'm going to do my part, because I'd rather be an American than anything else on earth."

Before putting away garments for the summer hang them outside in the sun and air for a few hours. Brush each article thoroughly before returning it to the house in order to dislodge eggs or larvae of moths.

Jumbo News

MRS. ULLMAN HUNTER

Mrs. L. A. Matthews and Pauline visited Mrs. Barney Comer of Umberger, Thursday. Mrs. Comer is a sister-in-law of Mrs. Matthews.

Mrs. Finis Hunter took her Sunday School class to Buffalo Dam for a picnic, Sunday. In the afternoon they visited the orphanage in Amarillo and the Veteran's Hospital.

Sammie Lane and William Allen Hunter, who spent the past week with their relatives at Easter, returned home Saturday.

Mr. and Mrs. J. M. Richardson, who have been here the past three weeks, left for their home in Shreveport, La., Saturday.

Mesdames H. C. Baird and Ullman Hunter and Miss Mary Ann Baird attended the funeral of Mrs. E. B. Black in Hereford Saturday.

Mr. and Mrs. Troy Frazier visited last week end in Canyon and Lubbock. They are leaving this week in their new car for an extended trip through California.

Mr. and Mrs. Aubrey Wimberly of Dawn called in the Ullman Hunter home, Sunday afternoon.

Miss Margaret Simpson was a guest of Miss Joyce Carter of Dimmitt, the first of the week. They attended the Tulla celebration.

Ullman Hunter and J. M. Richardson visited the Bill McSpadden Hereford farm near Canyon, Friday.

Mrs. F. A. May, who has been ill the past week, is improved.

Everyone is nearly through harvesting. Yields have not been very good. Thirty-five bushel wheat on the H. C. Baird farm is the best that has been reported.

C. C. Hunter, who has been a patient in the Veteran's hospital in Amarillo, returned home Saturday.

Adrian News

By MRS. GEORGE A. SYMS

The attendance at Sunday School July 20 was 59. A good crowd attended the preaching services in charge of Rev. T. M. Gillham of Pampa.

Mrs. Frank Watson visited her parents at Flomot last week.

Mr. and Mrs. Rupert L. Saunders and daughters, Peggy, Margaret and Amelia Ann, of Waco, were recent guests of Mrs. L. A. Worsham and family. Manuel Loveless is the new

TICKLERS By Bob Moyer

"It's a deal, Pop. I'll loan you my car for today if you'll let me drive the sedan."

manager of the Collier Motor Company.

Mrs. Lillie Horton of Snyder, is visiting her daughters, Mrs. F. M. Brown, and family. Mrs. Horton's granddaughter, Miss Mozelle Horton, of Sweetwater accompanied her.

J. G. Loveless of Hartshorn, Okla., is spending the summer with his uncle, Manuel Loveless.

Mrs. T. M. Gillham is assisting in a Daily Vacation Bible School at Seminole, and Frank and Marion Sue are visiting their grandparents in Brownfield.

Miss Florine Ross of San Jon, N. M., is visiting her sister, Mrs. Donald Morgan, and family.

A. A. Hare and daughter, Miss Naomi, of Hereford, were Adrian visitors, Tuesday.

Mrs. N. E. Falls of Geary, Okla., is visiting her son, J. F. Barnett and family.

John Horton has been transferred from Ft. Bliss to a training camp near Chicago, where he has received a medical corps appointment.

Mrs. Lucy Holmes and two children have returned to their home at Crane, after a visit here

with Mrs. Holmes' mother, Mrs. A. L. Reynolds and other relatives.

Mr. and Mrs. George Koeneg and four children of Winona, Minn., made a brief visit in the home of Mrs. Koeneg's brother, J. B. Monahan, and family.

Rev. and Mrs. O. G. Bruce and two sons of Floydada, visited Mrs. Bruce's sister, Mrs. E. A. McAdoo, and Mr. McAdoo the first of the week. Mrs. Bruce's mother accompanied them home for a visit.

Little Earline Reynolds has been suffering from inflammatory rheumatism. She will have her tonsils removed soon.

Miss Norma Lea Hetzler, president of the Simms Girls 4-H Club and Miss Stella Fortenberry accompanied Miss Sadie Lee Oliver to the annual Short Course at College Station, and will visit Miss Oliver's relatives before returning.

Duane Morgan, son of Mr. and Mrs. G. F. Morgan, who is stationed at Fort Logan, Colo., has recently been promoted to the rank of Sergeant.

Mr. and Mrs. John Skaggs and son, Grady, made a business trip to White Deer on Tuesday.

Wheat harvest is progressing slowly, due to the local showers of the past week. Some wheat is yielding about twenty-five bushels an acre, but much of it cannot be reached because of falling due to the wet weather.

Mr. and Mrs. Hope Cobb and two sons of Amarillo visited in the home of Mr. and Mrs. J. P. Collier on Sunday. Mr. Cobb is a cousin of Mr. Collier, and recently moved to Amarillo from Caldwell.

Mrs. A. L. Sherk of Granite, Okla., visited Mrs. J. P. Collier on Thursday and spent Thursday night and Friday with Mrs. B. E. Witt. Mrs. Sherk was formerly Mrs. Giles, and resided near Vega for several years.

John Edgar Witt, Burl Valtou Barnett, Royace Coleman Black and Alfred James Reynolds are Adrian youths who registered for selective service in Oldham County.

The wedding ceremony of Mr. Burl Valtou Barnett of Adrian and Miss Helen Wilson of Kansas City, Mo., was performed at the Adrian Church immediately preceding the morning church service, Sunday, by Rev. T. M. Gillham of Pampa, in the presence of a large number of relatives and friends.

The bride is the daughter of Mrs. Nellie Ford of Kansas City and attended Central High School there. She has recently been employed at an Adrian cafe.

The bride groom is the son of Mr. and Mrs. J. F. Barnett, attended the Cox City, Okla., school and has been employed by the Collier Motor Co. The young people will make their home on the Underwood place south of Adrian.

New Office Seeks To Prevent Labor Shortages Threatened In Defense

Washington. — Behind the new lettering on a door here in Washington lies a new and intensive drive by the Office of Production Management to prevent the defense effort from being hampered at the halfway mark.

The lettering says "Labor Supply Branch, Arthur S. Fleming, Director."

Sidney Hillman, co-director for labor in the OPM, created the Labor Supply Branch, put in charge young, energetic brown-eyed Fleming, a civil service commissioner who had, until recently, supplied civil service workers for defense in government departments.

Confronting Fleming at the outset is a forecast by the United States Bureau of Labor Statistics that the defense program is set to go into high gear under a handicap of a shortage of more than 1,400,000 workers, especially skilled workers.

This does not mean the work force does not exist. It means that 100,000 workers with the proper skill will not be in the right place for the right job at the time between now and April, 1942. Broadly, that's a labor shortage, and less conservative forecasters in the OPM say the shortage may be closer to 3,000,000 by next spring.

It will be Fleming's job to prevent shortages from slowing the defense effort. To that end he has been given wide authority. The defense phases of all government services for workers—the U. S. Employment Service, CCC, WPA, NYA, vocational training in the Office of Education—have been directed to cooperate with him. Cooperation too will be 12 regional committees with headquarters in industrial centers.

Also working with him is the OPM's "training with industry program," which Sidney Hillman largely credits with placing 3,000,000 workers in new jobs already. Its present director will accompany the TWI program into the Fleming organization. He is Channing Dooley, former Socony-Vacuum person.

Another method of getting workers will be quick, intensive training in the government or in training organizations, such as the vocational service of the office of education. In addition, non-defense industries will be searched for workers adapted to nearby defense projects and ask to release

'Auer' of Fashion

Newest concoction by Mischa Auer, movie madcap, is "Tail-sette," a combination of shorts and full dress suit which displays the gentleman's shapely calves. It's a style that will not become popular—we hope.

skilled personnel. Traffic director in this situation will be J. Douglas Brown, labor priorities chief in the OPM under Hillman. He'll try to place minority groups now restricted by sex or race in certain industries. And as non-defense industries slow down for lack of materials, he'll try to place unemployed workers.

Brown has had much experience in this field. He's a professor in economics at Princeton and one of the original fathers of Social Security legislation. Hillman's new Labor Supply Branch parallels a similar rumping in the office of the materials priority director of the OPM, E. R. Stettinius, Jr., formerly of the United States Steel Corporation.

Stettinius recently flung out a nation-wide network of regional priority committees that are to report back to him on the movement and supply of critical defense materials. He supplemented this the other day with the appointment of L. J. Martin, an inventory expert, as the chief of a compliance section. Martin's job is to report publicly on manufacturers who violate priority orders. Falling in line, he'll recommend restricting the supplies of stubborn manufacturers. And in the final analysis, he has been instructed to take balkers to court.

Some experts in the OPM assume this "crack-down approach" to the raw materials shortage foreshadows similar tactics on the supply of labor, if necessary. But at the present stage of operations, the labor supply program is purely voluntary.

However, it is pointed out by persons close to the defense program that the job is just approaching the half-way mark on a 40-billion-dollar project. And shortages of both labor and materials are already being freely forecast.

Unless these shortages are met, heavy pressure on labor, industry, and the public is implied in the new shuffling of the OPM top brackets.

Fox And Ford To Play In All-Star Game In August

Ewell Fox and Henry Ford, both members of the district champion 1941 Whiteface Football team, have been chosen to play in the all-star football game which will conclude the second annual Plains Coaching School in Plainview on August 29.

Fox, end, and Ford, back, will play on the West squad, which, coached by Dell Morgan, new Texas Tech mentor, will meet an East team, coached by Marty Karow, A. & M. backfield coach, in a game played by picked men from Class A and Class B high schools all over the territory.

In addition to playing in the game Friday night, the boys will demonstrate during the week various plays and formations that Karow and Morgan will present to the school.

INVITATION FOR BIDS
By authority vested in us by Article 2753 of the Revised Civil Statutes of the State of Texas, the Trustees of Messenger Common School District No. 10 will accept sealed bids on the 9th day of August, 1941, at 10:00 A. M. at the office of the County School Superintendent at Hereford, Texas, for the following school property, to-wit:

ITEM 1—One three-room frame construction, stucco finish, shingle roof school house, approximately 22x70 feet.

ITEM 2—One four-room teacherage of frame construction, stucco finish, and shingle roof.

ITEM 3—Various and sundry school equipments such as student's desks, teacher's desks, playground equipment, books, etc.

Bids may be submitted on any or all of the above items. The Trustees reserve the right to reject any or all bids.

The fruit variety orchard at Nacogdoches Experiment Station contains 301 peach varieties. Hundreds of farm people inspected these varieties, 230 of which were then bearing, during a recent Fruit Day program held at the station.

Soil erosion has cut the useful life of more than 20 per cent of the water supply reservoirs of the United States to less than 50 years, says H. H. Bennett, chief of the Soil Conservation Service. Another 5 per cent will be lost in 50 to 100 years.

The watermelon crop in Nacogdoches County is expected to net farmers more than \$100,000. Most of the melons are bought by truckers direct from the fields, and farmers are being paid in cash.

Watermelon Takes Fruit's Place In Diet

College Station.— Eating watermelon once daily several times a week is a pleasant fulfillment of fruit diet needs.

According to J. F. Rosborough, horticulturist of the A. & M. College Extension Service, watermelon is classified as a fruit in the diet, and it will serve admirably as a fruit serving for at least one meal a day during July and August.

About 1,000 carloads of watermelons are shipped to other states from Texas yearly. At present the outlook is good for large yields of high quality melons, although maturity will be later than usual.

Many growers prepare for large domestic consumption on June Tenth and the Fourth of July.

Last year Nacogdoches County shipped 27 carloads in addition to many truck loads which went to various cities in the state. Henderson and Leon counties are rivals of Nacogdoches area in carlot shipments. Waller and Austin counties formerly were large shippers by rail, but have changed to truck as a means of transporting their crops to market.

In recent years the quality of watermelons has improved markedly. Breeders have attempted to reduce the number and size of seed, and to make the flesh tender and crisp. Dixie Queen and Cuban Queen are varieties resulting from the efforts of plant breeders. Melons of this type have been developed with the idea of eliminating end cuts, which usually are smaller than those taken from the center. The Blue Rind Watson is a Texas-developed variety which is popular for commercial use.

To obtain large melons, growers remove all the vine except two of the best when the fruit has reached three to six inches in length. After a heavy rainfall, Rosborough says, it is well to add 100 to 200 pounds of commercial fertilizer per acre to offset loss of fertility through soil leaching. This will insure ample food material for a strong growth and make the melons large.

Ten Commandments For Vacationers Listed

Going on a vacation? ... Here are 10 commandments for vacationists, issued by public health department of the North American Life and Casualty Co., that we recommend for consideration:

1. Don't try to crowd a year's "relaxation" into two weeks—plan your vacation in advance.
2. Don't drive 400 or 500 miles the first day—it's too hard on the nerves and muscles.
3. Use only the best quality sun glasses, otherwise eyes may suffer actual damage; and don't wear sun glasses at night.
4. Watch your diet; sudden changes may prove harmful.
5. Carry first aid kit and know how to use it.
6. Staying too long in the sun may prove painful if no worse.
7. Rowing a boat is hard work for muscles unaccustomed to it. Take it easy.
8. Fish hooks will pierce human skin easier than a fish's bony mouth; and they cause mighty nasty wounds.
9. Fatigue poisons never did anybody much good.
10. Don't forget to get plenty of sleep; you need it when you suddenly change set habits.

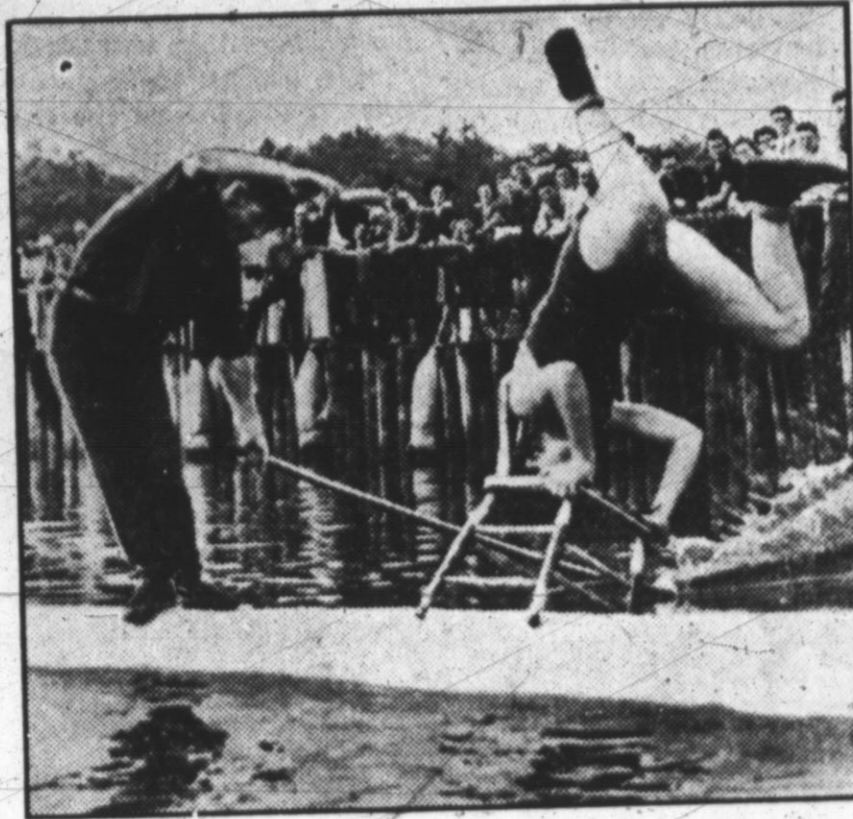

PLANT MINNOWS AND BULLFROGS

Austin.—Not only will the Texas Game, Fish and Oyster Commission start to stock the streams of the state with millions of fish this summer, but food in the form of tadpoles, crayfish and minnows, which are also being raised in the ten hatcheries of the department, will be planted in rivers and lakes to provide additional food for members of the finny tribe.

All three species of food are highly desirable to many types of fish. It has been found that all three species can be raised in large numbers in hatchery ponds without slowing down production of fish. When the bass, crappie, bream and other types of fingerling fish are taken from the hatchery ponds for restocking, the minnows, crayfish and tadpoles which are in the ponds will be also taken along.

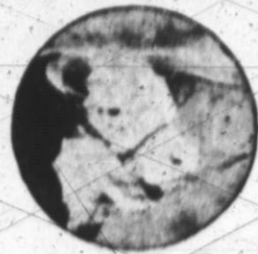

Since lack of food and improper habits, along with overfishing and too long an open season, are the main contributing factors in the scarcity of fish, it is believed by the executive secretary and the chief aquatic biologist of the game department that the planting of the

Versatile Log-Roller

Mary Jean Mallott of Cornell, Wis., stands on her head to win second prize in the trick and fancy birling contest in addition to retaining her crown as National Women's Log Rolling champion. The annual contest was held at Gladstone, Mich.

HEREFORD

BULL

By Jimmie Gillentine

Even people like Cecil Guseman will now admit that the horse and buggy are gone for good, and that the automobile is here to stay. Since this became an established fact the younger generation has been definitely handicapped because it takes at least one arm to drive an automobile. However, the seat manufacturers seem to have this situation well in hand. The Star Theatre has just installed new seats and on each row will be found a "love seat." These "love seats" are 24 inches wide. They can also be used in cases of emergency by mothers who wish to keep small children from standing up, from pushing people in the back, and other general forms of heckling.

Jeff Burk says they had him in mind when they got the wide seats. By actual measurement, he can sit in one of these 24-inch seats and have one-third of an inch to spare on each side.

Someone called down early this week and said that the Youth Council wanted a "plug" on the big bicycle ride scheduled for Friday evening. This sounds like lots of fun—if you have a bicycle. Maybe those old-fashioned tandem "bicycles built for two" will come back in style. Up to now, and including the bicycle ride, I have been strong for this Youth Movement, but Phyllis Radovich is carrying the thing too far. She called up the other night and wanted me to lead a sing-song. It so happens that it has always been a standing joke in my family that I simply could not carry a tune, so I thought she was kidding me at first. However, I soon evolved that she was serious. Yes sir. Just wait until my mother reads this in the paper. I'll bet she laughs 15 minutes without a single pause. I never did convince Phyllis that I simply couldn't sing.

got in on the start of the fight and remained until the close, exactly an hour and 21 minutes later.

The roadrunner was jogging down a small path through the brush when it stopped suddenly and started circling a bunch of cord grass. The warden approached within twenty yards of the bird and remained there while the chaparral proceeded to trim a 43-inch rattlesnake down to its size and then to dispatch it. Darting in and out, the road runner dug viciously at the rattler time and again and each time managed to evade the fangs of the six-button reptile. After 81 minutes the rattler was lifeless. The chaparral took two more vicious stabs at it, cocked his eye at the warden and nonchalantly strolled off into the brush.

Dark Skies Over Russia

Ruins of a Soviet bomber in the foreground, and thick smoke rising from the blaze of Russian buildings, testify to damage done by the Nazi Luftwaffe.

food supply will aid in producing more of those big 'uns for anglers to catch.

Present indications are that the game department will increase its production of fish in the ten hatcheries by 5,000,000 this year. Last season there was an increase in production of more than a million and a half. A total of 7,464,922 fish were distributed. Barring ill luck, the crop this year probably will exceed 12,000,000. New methods of fish production, many of them worked out by the Texas department's aquatic biologists, are responsible for the vast increase.

FISH ATE PEANUTS

In these days of advancement in the use of peanuts for many different foods and other products, the sportsmen might add to the consumption of the goober, believes Alfred Habe, a concessionaire on Medina Lake. Mr. Habe reported to the game department biologists that he recently caught a pound and a half catfish which had an extra big stomach. Upon cutting open the fish Mr. Habe discovered it had swallowed a half sack of salted peanuts.

Mr. Habe wondered if fish would bite peanuts on a hook and finally succeeded in baiting hooks by tying halves of peanuts around the shanks of hooks. The result was only fair. One fish being caught on a half dozen hooks the first night.

The Medina Lake concessionaire is one of the true conservationists in Texas. A bass spawned on the steps of his dock this spring and until the eggs hatched and the little bass swam away he would not allow any kind of fishing off that section of his dock.

LIGHTNING KILLED 199 BIRDS

A big oak tree was a treacherous shelter during the height of a cloudburst in Austin recently. A total of 199 sparrows and one blackbird were found dead under the tree after it had been struck by lightning. The birds had sought shelter from the storm in the big tree.

BIRD KILLS 43-INCH SNAKE

Details of the efficient manner in which road runners, or chaparrals go about killing snakes, was contained in a report of a game warden to the game department recently. The warden

and she hung up the phone still of the opinion that I was playing off.

E. B. Hedrick is a top-notch singer. So is Harold Close, Rev. H. M. Redford and a bunch of other folks. Everyone likes songs—but not the way I sing them. That's a fact, Phyllis.

From here, there and yonder, come faint protests about the condition of our streets in Hereford. Even folks who live here are saying that Hereford is the dirtiest town in Texas. One merchant last week estimated that \$25,000.00 worth of merchandise is ruined annually because the streets are not properly swept and cleaned. Another merchant has installed a special air-compressor and dusts his stock with a hose attachment. This cry seems to be general, and to me it seems out of place. Hereford has for many years been widely known as the city of trees; a clean town. We all like to lean back and brag about Hereford. I even restrain myself, because I know when I express my opinion of the town that I get so fanatical that it sounds impossible: I have a ten-

dency to "over-sell" Hereford. I paint such a bright picture that people get suspicious. They listen courteously and all of the time they are thinking "that's a lie; it just couldn't be possible."

When I heard all of these protests, I was alarmed. I looked at the streets, however, and they are sure dirty. Furthermore, people are leaving here very dry because they can't find a place to live. Here are two things that need remedying.

Meanwhile, my campaign against people who send those "Having-a-good-time—Wish-you-were-here" cards is growing by leaps and bounds. Cliff Ackerman has joined the crusade. He found the following article in the Texas Banker's Record, which also supports our cause:

"A fellow we know took his two weeks in his own back yard. He set up a barbecue grill, installed a hammock under the catalpas, bought an extra suit of slacks, and decided to watch the lily-pads and cattails in his own miniature fish pond. He argued that there was little sense

in spending days going to scenic places to pose for his wife's snap shots—she always took him standing by the car anyway. He figured it was nonsense to whizz to far-away picnic ground when the ants were plentiful at home. Chiggers from his own phlox plants, he discovered, had the same venom as those in distant soils. Mosquitoes puncturing you at home as advantageous as abroad. So, he mused up the house, discarded the matress from his bed, scattered a few pieces of baggage about—apresto, he was in a tourist camp. The time came for him to go back to work—he felt just as worn out as if he'd been at Yellowstone or to the Canadian woods. Try taking a vacation at home."

Actually, our club thinks it's alright to take vacations. The only quarrel we have is that folks don't tell the truth about them. Why do they have to send those outlandish, routine cards? After all, the cards cost 2 for 5c. Which is the best investment: "A nickel to tell the truth, or 5c to tell three lies?"

Yes, it's real fun to shop our big, clean stock... and you'll be surprised at the REAL SAVINGS our low, cash prices make for you every day in the week. Look over these specials... for

Let's Cook Something

Here's a recipe that offers a combination of flavors that appeals to the appetite amazingly. Having tried it once you'll find it leaves a taste memory that lingers long after the meal of special occasion is forgotten. It comes from downstate and is called Maple Mousse. Like all mousses it needs no stirring during the freezing process. When properly prepared before pouring into the freezing tray it maintains a light consistency which makes it an attractive addition to your refrigerator dessert recipes.

Maple Mousse

- 1 cup pure maple syrup
- 1-2 pint whipping cream
- 3 eggs
- 1 pinch of salt
- 1-2 cup finely rolled pecan meats

Bring the syrup to a boil and add the eggs which have been thoroughly beaten, beating mixture rapidly with egg beater as eggs are added. Place in double boiler and stir until thick and smooth. (Do not cook too long.) Allow to become thoroughly cold. Whip cream stiff and add the cold syrup mixture to cream. Mix thoroughly and add nuts. Place in freezing compartment and freeze.

Note: If eggs and syrup curd nothing is wrong. Just strain the mixture and proceed as directed.

Will Put Punch Into Movies

Billy (The Kid) Conn and his bride, the former Mary Louise Smith, arrive in Hollywood, where Billy will star in a film, "The Pittsburgh Kid," based on his fighting career.

Farewell Party Given For Mrs. Wolghemuth

A farewell party marking the occasion of Mrs. Ben Wolghemuth's departure for Cheyenne, Wyo.; last week was given by Mrs. Lilburn Ray at her home on East Third Street.

Mr. and Mrs. Wolghemuth will vacation for two weeks in Wyoming and Colorado with relatives before going to Clovis, N. M., where he will be manager of the Holt Variety Store.

Close friends of the honoree enjoyed games of Liverpool Rummy for entertainment and the high score award was presented to the honor guest. Later a personal shower was presented by the guests.

Those present were Miss Eva Greeson, Miss Edah Park, Mrs. William Teeter, Mrs. George Byrd, Mrs. Seth Rollins, Mrs. Wolghemuth and the hostess.

Journey Party Is Given For Billie Stoker

A combination of shasta daisies and blue daisies were used to carry out a pleasing effect when Mrs. Gaylord Newell entertained with an informal dinner party honoring Miss Billie Stoker last week. Miss Stoker, whose marriage to Mr. Homer Hall of Lubbock will take place in late summer, left Thursday for Pomona, Calif., to visit her brother, Lauren Stoker, and family.

The home was decorated throughout with daisies and the artistic centerpiece for the table, from which the dinner was served, was formed by individual corsages fashioned with delphinium and feverfew.

The former classmates and chums who made up the party included Mrs. Woodrow Wilson, Mrs. Donald Hicks, Mrs. Elizabeth Womble, Mrs. B. Y. Chostwait, the honoree and the hostess.

Slumber Party Compliment To Former Resident

Little Miss Barbara Burney entertained a group of friends with a picnic and slumber party at the home of her aunt, Mrs. R. P. Conaway, Thursday night. After a wiener roast, bicycle riding, dancing to the music of old-time records and other outdoor diversions were combined with indoor games to provide entertainment.

The next day an early morning bicycle ride through the state park was enjoyed before breakfast. Included in the party were Jeanie Singletery, Jeanine Sowell, Cornelia Ann Bateman, Cherry Ann Forrest and the hostess.

Daniel News

BY RUTH MOORE

There was a good crowd at Sunday School, Sunday. Next week is regular preaching Sunday, and everyone is urged to attend.

Mrs. Dora Sutton, Miss Lillian Sutton and Mrs. L. D. Sutton visited in the E. and Will Shugart homes, Friday night.

Mr. and Mrs. Seldon Tomlinson of Cisco are in this community on business. They will be here for several days.

Mrs. J. F. Clark and grandson of Vernon and Miss Adella Clark of Fort Worth, visited in the J. F. Matthews home, Sunday.

WANTED to give you complete Butane Service in bottles or tanks. Moore Independent Oil Co. Roy Ferrguerson, who has been working for Mr. W. R. Moore returned to Littlefield, Saturday.

Going from this community to shop in Hereford, Saturday, were Mrs. W. R. Moore and Ruth Moore, Mrs. Joe Moore and family, Mr. and Mrs. E. Shugart, and Mr. Tom, Miss Emma McClain, and Auntie Gillispie.

Miss Martha Nicholas of Idaho spent last Thursday night with Ruth Moore.

Mr. and Mrs. Corlyss Anderson of Hereford were visitors in the J. C. Allred home, Sunday.

B. N. Craig of White Deer called in the W. R. Moore home Tuesday.

Ruby and Nell McGlauling of Clarendon visited in the F. Tomlinson home, Sunday.

Mrs. Carl Scott, and children, Louise and Eugene, of Phoenix, Ariz., visited in the W. R. Moore home last Thursday.

Marlin Louis of Louisiana and Teldon Arnold of Arizona are working for J. F. Matthews.

"If More Old People

Luncheon Club Is Entertained

Covers were laid for eight when Mrs. W. L. Davis was hostess for the Wednesday Luncheon Club at the Rose Room last week.

Later contract games were enjoyed at the Davis home where daisies, zinnias and other old-fashioned summer flowers provided a gladsome array of color for the party. Mrs. S. P. Rossion played high for the afternoon.

Those attending were Mesdames J. C. McCracken, W. M. Emmons, Jimmie Gillentine, S. P. Rossion, H. K. Fox, A. R. Bateman, Oscar Easley, and the hostess.

Picnic Party Is Enjoyed

Mrs. Paul Barnett of Wichita Falls was named honoree at a picnic party given by Mrs. J. J. Clark and Mrs. Nona Jowell at the Clark home Friday night. Guests included old-time friends of Mrs. Barnett's who knew her when she made her home in Hereford. She has been visiting her mother, Mrs. J. M. Boone for the past three weeks.

Reminiscent conversation furnished enjoyable entertainment for the guests.

Those attending were Mesdames Carl Cockrell, A. M. Jones, J. M. Gilliland, C. R. Smith, Addie Miller, Essie Cardwell, J. B. Elliston, Alma Jones, Dow Mercer, Bob Pipkin, the honoree, the hostesses and Miss Inez Clark.

Mrs. Fuller Is Hostess For Coterie Club Members

Mrs. Grant Fuller was hostess for members of the Coterie Club Friday afternoon. Gladioli, sweet peas and daisies were the seasonal blossoms used for the party. Three special guests were included among the players. They were Mrs. N. E. Milburn, Mrs. Wm. Teeter and Mrs. R. R. Wills. Mrs. C. F. Moore won the high score award.

Others attending were Mrs. Knox Kinard, Mrs. F. L. Lucas, Mrs. E. B. Hicks and Mrs. J. W. Witherspoon.

Mrs. Otho Noland Is Complimented With Miscellaneous Shower And Tea

Mrs. Otho Noland, the former Miss Rena Rae Renfro, was complimented with a post-nuptial shower and tea at the club house Friday afternoon. Hostesses included classmates in Hereford High School and sisters-in-law of the bride. They were Mary Lookingbill, Mattie Louise Lawhon, Nadine Newell, Mary Ellen Henslee, Clydene Kendall, Rachel Ireland, Dorothy Banner, Billie Self, Betty Jo Kendall, Polly Dixon and Mesdames J. B. Noland, Mack Noland, Chas. Noland and Loys Lookingbill of Summerfield.

An attractive arrangement of summer flowers, all in red and white, furnished the centerpiece for the refreshment table and for the club house. Red and white candles lighted the table at which Dorothy Banner and Polly Dixon presided. Mattie Louise Lawhon was in charge of the guest book.

Those making up the informal receiving line were the bride, her mother, Mrs. John Renfro; the groom's mother, Mrs. J. A. Noland; Mrs. Loys Lookingbill, Mrs. Joe Story, Mrs. George Clark and Miss Billie Self.

Gifts were displayed in attractive groups about the large club room.

Throughout the afternoon Miss Betty Jo Kendall entertained with informal music, Miss Fary Lookingbill gave a toast to the bride, Miss Bernadine Phillips entertained with appropriate readings and Miss Rachel Ireland

Bridge Luncheon Entertains Club At Milburn Home

Early morning parties and late evening picnics continue to dominate Hereford's social affairs during midsummer months. One such enjoyable event was the bridge-luncheon given by Mrs. N. E. Milburn last week for members of the Justakrd Club. One special guest who was invited to play with members was Mrs. Howard Gault.

Bridge games were enjoyed from ten to one o'clock when a delightfully arranged luncheon was served. Gladioli and roses shading from salmon color to deep rose formed attractive decorations. Mrs. Henry Sears played high for score award and Mrs. Grant Fuller played second high.

Enjoying the informal event were Mesdames R. L. Craner, George V. Stambaugh, Sydney Maxfield, Meade Halle, Grant Fuller, Henry Sears, J. W. Witherspoon, Mrs. Gault and the hostess.

PERSONALS

Miss Mary Louise Dean, daughter of Mr. and Mrs. Arlie Dean, has arrived from Denton where she attended the summer session at T. S. C. W. Enroute home she visited relatives in Amarillo for several days.

J. W. Harding and daughter, Miss Dorothy Jo Harding, of Plainview spent the week-end here with their daughter and sister, Miss Ruth Harding.

KEM. The new plastic bridge cards, outlast 40 ordinary decks. See them at the Brand Office.

Miss Frances Turrentine, teacher in El Paso public schools, has arrived to spend the remainder of the summer here with her sister, Mrs. E. W. Harrison.

Guests in the Ed Loerwald home Sunday were Mrs. Loerwald's mother, Mrs. Clem Schumacher, and son, Ernest, of Amarillo; her father, Clem Schumacher, and another brother, Andrew Schumacher, and wife, who are employed at Sunray.

Miss Billie Stoker left Thursday morning for Pomona, Calif., where she will visit a brother, Lauren Stoker and family.

Mrs. Odell Elliott and Mrs. Dillon White of Dallas have been visiting in the home of Mrs. Addie Miller. Mrs. Miller and Mrs. Elliott are sisters and Mrs. White is their niece. Also a guest of Mrs. Miller was another sister, Lela Wolcott of Amarillo.

HENSLEES HAVE NEW GRANDSON

Mr. and Mrs. Homer Henslee, Jr., have announced the birth of a son on July 17. The baby, who has been named Kenneth Charles, was born in Lamarque where the Henslees now live. He weighed

Miss Billy Jean Gill is visiting in Dallas with her sister, Mrs. Wayndon Fain.

Mrs. Wayndon Fain of Dallas has been visiting her parents, Mr. and Mrs. R. E. Gill.

Mr. and Mrs. Horace Chilton and Miss Lanetta Sweatt of Amarillo visited in the Frank Finney home, Sunday.

ed in at 6 pounds and 7 ounces. The paternal grandparents are the Homer Henslees of Hereford. The newcomer is also the grand son of Mrs. Edna Fincher, now of Nocona, formerly of Hereford.

RETURN FROM CAMP WOLDEMAR

Helen Ann Pitman, daughter of Mr. and Mrs. J. A. Pitman, and Cecelia Guseman, daughter of Mr. and Mrs. C. T. Guseman, have returned from Camp Waldemar, Kerrville, where they have spent the past six weeks.

Mr. and Mrs. Joe Warner of Santa Anna, Calif., who have

been visiting friends here while they attended to business interests during wheat harvest, last week left for Russellville, Ark., their former home. After spending a brief time there, they will go to Washington, D. C., where a son, Jack, is in an army camp; and on their return trip to California they will stop for a short visit in Leon, Ia.

Pvt. Donald Brotherton, who is stationed at Randolph Field, spent Thursday night and Friday here with his grandmother, Mrs. B. L. Branson. Returning to Randolph Field, he stopped in Spur for a short visit with his mother, Mrs. Henry Alexander.

THE PASSING OF THE Boomtown

Oil boomtowns exist today only in the movies. The old-time "gusher" wells are gone forever.

In the early days, as long as oil flowed, the boomtowns flourished. But soon the wells failed and the booms collapsed, carrying with them the income and security of those who had depended on them.

Today, through a sound program of conserving oil and gas, hundreds of Texas communities are enjoying a permanent type of petroleum development. Furthermore, because of conservation, we have the largest oil reserves in the world, one of our greatest assets for National Defense.

Oil now builds stable communities. It provides assured tax revenues and greater ultimate tax returns than were ever possible in boomtown days. And every citizen benefits from the income oil creates.

Conservation not only protects Texas oil resources. It also assures for many years the prosperity which oil brings to every community where it is found.

Carry Bundles From Britain

Intensified RAF bombing raids are executed by bombers like these Blenheims, which supply much of the punch of Britain's "non-stop" offensive against German industrial cities.

Alluring Bryce Canyon National Park Displays Nature's Finest Artistry

SIGHTS WORTH SEEING

Brilliantly silhouetted against the blue sky, the famed Wall of Windows towers high above the floor of Bryce Canyon National Park. Its varying shades of red, yellow and brown decorate its minaret-like top, and the slender ridge of rock is pierced at a number of places by large openings.

BY WINIFRED CLARK
23 miles of beautiful scenery. Bryce Canyon National Park is a tremendous amphitheater, filled with beautiful colors and odd shapes. Everything is hidden until you reach the edge of the canyon. Then the vista that spreads before you takes your breath away. Here nature has carved strange stone figures. Erosion dating back to the days of the dinosaurs has created fantastic and beautiful domes, spires, and temples—decorated in all the colors of the rainbow—with reds, pinks, and creams predominating. One of the fascinating rock formations is Oesler's Castle, the most attractive part of which is a beautiful natural bridge. The famous Giant's Boot is another unusual formation. Natural bridges, walls of windows, figures that look for all the world like stone people, are abundantly scattered through the park, for tourists with eyes and imagination. Bryce Canyon is truly a glorious, alluring sight.

Many Heads—Only Two Ears

Cynthia Chandler, 7, is "chinning" with heads of tall wheat near Emporia, Kan. The wheat, which recently withstood floodwaters, is more than 4 feet high.

Cool as a Cucumber

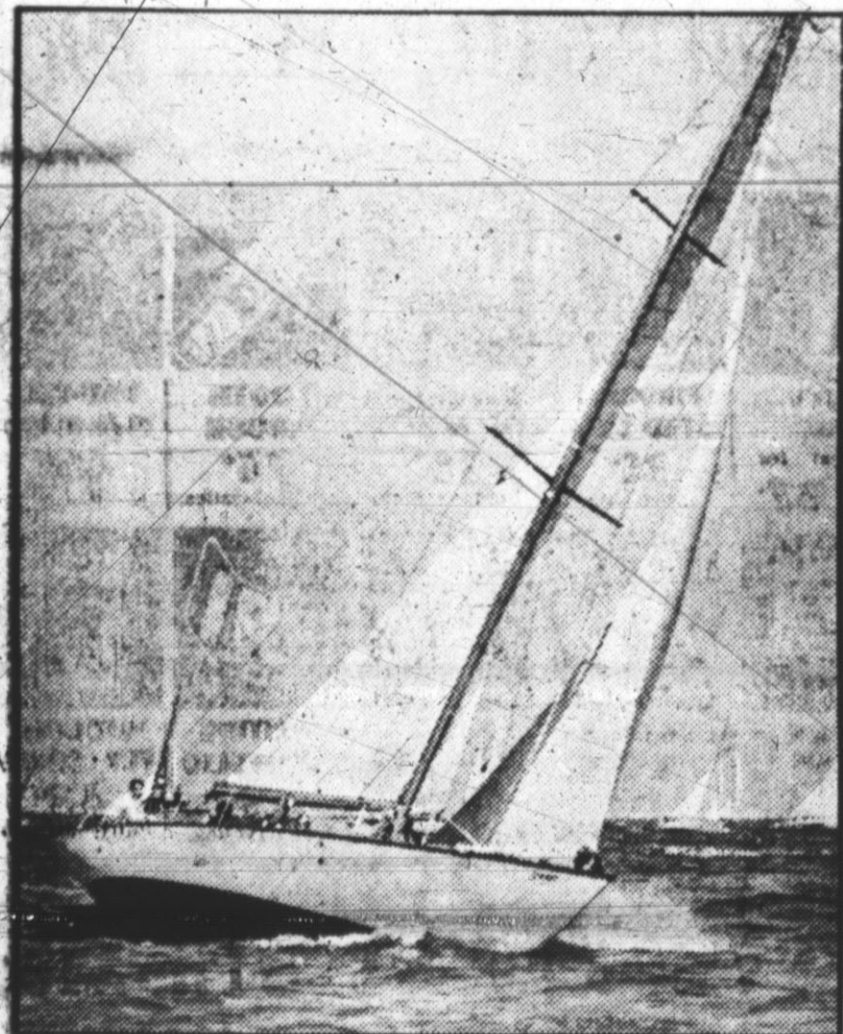

Little Barbara Ann Corchino floats away from the heat. An ice cream cone and a rubber tube raft at Chney Island provide her with a cooling system.

Functional Styles for Farm Women

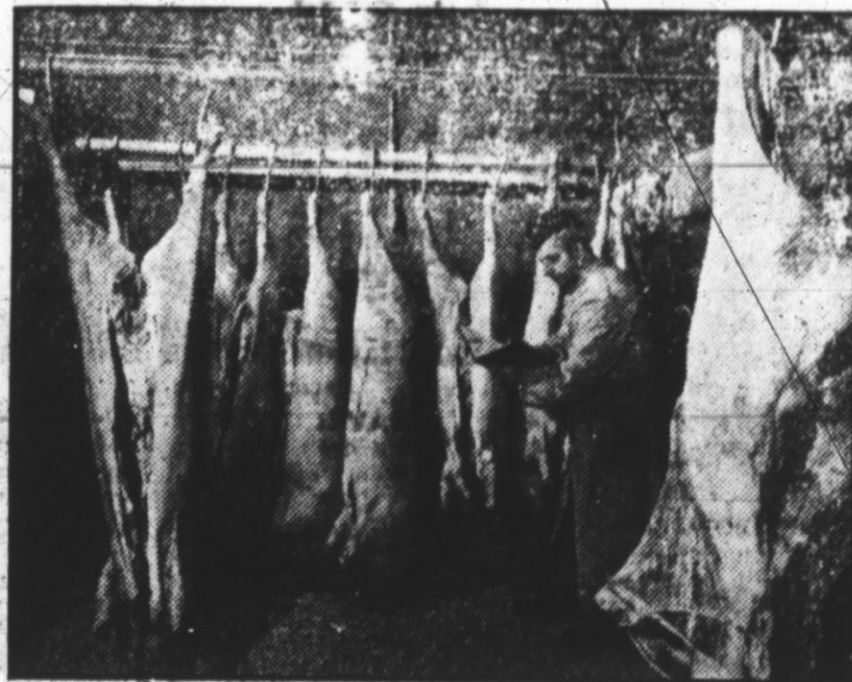

Designed expressly for farm women who do hard, active work, these 1941 styles have been introduced by Clarice Scott, clothing expert of the Department of Agriculture's Bureau of Home Economics. A practical outfit for all-round protection, left, has bibs front and back to hold the apron in place. For heavy work, the field suit, center, allows freedom of movement. Legs of the coverette, right, can be buttoned around the ankles. It's of cotton seersucker, for coolness and ease in washing.

Escapade Off to Honolulu

Off to a good start in the 18th Honolulu yacht race, the Escapade leads a field of seven as the race begins at Long Beach, Calif.

Meat for Canadian Forces

Corporal Rudolph St. Denis, of Hull, P. Q., checks some of the meat stores in the giant refrigeration building at Debert Camp, Nova Scotia. The Canadian Army is one of the best-fed armies in the world.

Packages for Captives

Crowding the main railroad station at Geneva, Switzerland, huge piles of packages containing food and necessities for British prisoners of war in Germany await forwarding by the International Red Cross. Bureau workers, 4800 strong, handle 60,000 letters and post cards daily, plus thousands of packages.

Victim of War

His father a prisoner in a German war camp, this big-eyed baby is one of thousands abandoned by French families. At the Toulouse asylum homeless waifs are fed by American milk provided by the American Red Cross.

For British Vegetable Gardens

Nine tons of vegetable seeds have been sent to England by American farm women, as part of a shipment totaling 250 tons. R. S. Hudson, left, minister of agriculture, and R. de N. Cruger, British representative of the British War Relief Society of America, inspect the seeds.

Feels Right at Home

A mascot of an R.A.F. squadron feels right at home in a foxhole. When duty calls, Wilfred becomes a high flyer.

SOCIETY

MRS. JOHN McLEAN, Society Editor Phone 181

Skating Party Is Post-Nuptial Entertainment

A post-nuptial party to entertain close friends of a recent bride, Mrs. Otho Noland, was given by the bride's mother, Mrs. John Renfro, Monday afternoon.

After a skating party the younger guests returned to the Renfro home to be joined there by Mesdames Joe Kendall, B. R. Dixon, L. H. Lookingbill and J. A. Noland for informal entertainment. Making up the skating party were the bride, Billie Self, Polly Dixon, Dorothy Banner, Betty Jo Kendall, Mary Louise Lookingbill, Nadine Newell, Mary Ellen Hensieck, Rachel Ireland, and Mattie Louise Lawhon.

Mrs. Hastings Is Honored On Birthday

An informal birthday party was given last week on Wednesday by Mrs. J. T. Gilbreath, Jr., who entertained for her mother, Mrs. Henry Hastings. The affair to observe Mrs. Hastings' birthday was in the form of an afternoon sewing party at the Gilbreath home. Sewing and various types of handwork were enjoyed and gifts were presented to the honoree. Refreshments were served to Mesdames Jack Wright, D. H. Alexander, W. M. Rigler, Vern Witherspoon, George Young of Vaughn, N. M., Ralph Hastings, Miss Sadye Rigler, the honoree and the hostess.

Watermelon Feast Entertains Youngsters

Members of the Junior Department of the Methodist Church were entertained with a watermelon feast at the home of Mrs. H. D. Reed, Monday afternoon. Games were played on the lawn and an informal good time preceded the watermelon feast. Assisting Mrs. Reed were Mrs. Cecil Lady, Mrs. Jack Wright, and Mrs. Cawthon Bryant, leaders in the

department.

Youngsters enjoying the outdoor frolic were Bessie Frances Caraway, Jackie Wright, J. L. McFarling, Cherry Ann Forrest, Barbara Ann Burney, Jeanine Sowell, Elizabeth Cocanougher, Gilbert Carlyle, Patsy Ann Slagle, Jacqueline Newell, Mary Jo Mathies, Peggy Barnard, Thelma and Zelma Hershey, Frankie White, Johnny Sexton and Wanda Walker.

Contract Party Is Given On Monday Afternoon

Among the many contract parties being given to entertain friends was an enjoyable affair given by Mrs. E. B. Hicks, Monday afternoon, at her home on Witherspoon Street.

An assortment of flowers in as many colors provided a cheery and pleasant atmosphere for the party.

High scores in the games were made by Mrs. F. L. Lucas and Mrs. Meade Halle.

Attending the party were Mesdames A. R. Bateman, C. H. Dyar, R. L. Craner, Colby Conkwright, James R. Allison, Grant Fuller, Meade Halle, Ralph Hastings, Wm. Teeter, Knox Kinard, Jim Lipscomb, F. L. Lucas, C. F. Moore, Paul Mathers, G. R. Lunsford, N. E. Milburn, Alton Miller, Frank Gyles, G. W. Newsum, S. P. Rosson, J. W. Witherspoon, George V. Stambaugh, Reed Williams and Glenn Weir.

An ice course was served after the games.

Table Of Guests Are Entertained With Club Group

A table of guests enjoyed games with members of the New Deal Bridge Club Friday afternoon at the home of Mrs. B. Y. Crosthwait. The special guests included Mesdames Logan Ware, Ira Foster, Frank Daniels, and T. E. Seigler, Jr.

Prizes for high scores made by

He's Navy Artist

On assignment from Uncle Sam, Navy Lieut. McClelland Barclay, famed illustrator, is painting a series of pictures of life with the fleet.

club members went to Mrs. Sylvester Slagle and Mrs. Louis Woodford. Mrs. Frank Daniels was guest high.

Present were Mesdames Willis Edelman, Sylvester Slagle, Urin Streu, Alton Miller, Louis Woodford, Ralph Hastings, Frank Huckert, the special guests and the hostess.

Swimming Party Entertains Out-Of-Town Guests

Hereford hostesses are finding many ways to entertain out-of-town guests here for the summer vacations. On Tuesday afternoon Mrs. Louie LeGrand, Mrs. C. T. Guseman and Mrs. T. W. Robertson sponsored a trip to Canyon honoring Eloise Walker of Lubbock who is visiting in the Guseman home, Katherine Hicks of Winfield, Kan., who is spending this month in the home of her grandparents, Mr. and Mrs. J. E. Beyer, and Eva Mae Gearhart of Lamesa, who is a guest in the home of her aunt, Mrs. Roberson.

Swimming at Buffalo Courts and other forms of entertainment were enjoyed.

Those making up the party were Martisha Ramey, Mary Estelle LeGrand, Jeanine Singletary, Norma Jean McCullough, Marcella Blue, Rosemary Phillips, Barbara Ann Burney, Phyllis Jean, Radovich, Helen Miller, Kathleen Miller, Juanita Beauford, Madelle Beavers, Cornelia Ann Bateman, Louise Young, Helen Ann Pitman, Cecelia Guseman and the three honorees.

Kinship Circle Is Entertained In Amarillo

Mrs. Coy Phillips of Hereford and Mrs. Lula Womble of Amarillo were hostesses for the Kinship Circle, Friday, at the home of Mrs. Womble, 1014 18th St., Amarillo.

A short business session was held in the morning when plans were made for the annual reunion of the Womble family, which will be held in the near future.

A picnic dinner in Elwood Park was enjoyed by the group and the afternoon was spent visiting and sewing.

Special guests included Mrs. D. C. Laird, Jr., of Kilgore, Mrs. G. B. Combs of Canyon and her daughter, Mrs. J. M. Hart of Gruver, Mrs. Joyce Meeks, Mr. and Mrs. James Holly, Mrs. J. O. Hill, Mrs. Laverna Mitchell, Mrs. Inez Martin, Mrs. J. W. McClain and Misses Jewell Meeks, Alice Joyce Holly, and Helen Holly, all of Amarillo.

Members present, were Mesdames Ollie Brady, L. H. Shore, Robert Thompson, Doyle Rose, Carl Williams, L. W. Womble, Jack Rose, Baker Womble, Wes Brady, Misses Ethel Womble, Janelle Womble, Rosemary Phillips, Linda Sue Phillips, Nona Dean Rose, Elaine Thompson, Carlynn Williams, Sally Womble, Messrs Robert W. Womble and Gordon D. Womble and the hostesses.

Former Hereford Resident Marries California Girl

Announcement of the marriage of Miss Bernice Mills and Herman Hellman, both of San Francisco, Calif., was made here this week. Mr. Hellman is a former Hereford resident, having been reared in this community. He is the son of Mr. and Mrs. H. Y. Hellman, who have recently

moved to the California city. The wedding took place in Clovis, N. M., on Tuesday, July 15; and the couple have returned to San Francisco, where he is connected with the Associated Oil Company.

Dr. House To Preach At Methodist Church

Dr. Will C. House, district superintendent of the Amarillo District of the Methodist Church, will be guest speaker at the Methodist Church here Sunday evening at 8 o'clock.

After the regular service, Dr. House will conduct the business meeting of the third quarterly conference, at which a lay delegate to the annual conference in Abilene in November will be selected. Other business will consist of reports of church activities during the last quarter.

The public is invited to both the preaching service and to the business session of the conference.

Since last October the price of crude cottonseed oil at southern mills has risen from about 4.4 cents to 11.5, says Administrator Leon Henderson of the Office of Price Administration and Civilian Supply. A ceiling considerably below present prices is being considered.

LOCALS

Mrs. R. O. Stark of O'Donnell who has been visiting her parents, Mr. and Mrs. Wm. McGeehee, and Mr. McGeehee's sister, Mrs. L. S. Kennedy, and her husband of Olton have returned to their homes.

Mr. and Mrs. Cawthon Bryant and Mr. and Mrs. Lawrence Cummins of Buncombe, Ill., spent the week end at Carlsbad Caverns. Mr. and Mrs. Lester Taylor of

Abilene announce the birth of a son, Bryant Lamar, born July 17. Mrs. Taylor is the former Miss Sarah Agnes Bryant of this city. Mrs. D. H. Bryant is this week in Abilene visiting her daughter.

Mr. and Mrs. Frank Jacobs and son, Forrest, of Phoenix, Ariz., Mrs. Myrtle Hellworth, also of Phoenix, and Mr. and Mrs. Paul White of Los Angeles, Calif., were visitors Monday night in the home of Mr. and Mrs. G. H. Hamm. The Jacobs are former Hereford residents.

ATTEND CONFERENCE

Attending the senior conference for young people of the Pre-

byterian church which is being held in Ceta Glen this week are Margaret Barrett, Margaret Barber, Adella Benson, Vivian Olson and Margaret Olson. Harold Close and Richard Ireland spent Sunday at the Young People's Conference.

Mrs. M. C. Robertson and children of Lubbock are visiting her sister, Mrs. L. C. Kester, who, the last of this week, will take them to Lubbock, where she will visit her parents, Mr. and Mrs. J. B. Findley.

Mrs. Alderson Entertains Elite Sewing Club Group

The Elite Sewing Club was entertained at the home of Mrs. T. W. Alderson Thursday afternoon.

The afternoon was spent with guests sewing, crocheting and visiting for entertainment. Refreshments were served to Mesdames H. V. Williamson, Frank Terrell, Lyle Blanton, Edna Jett, C. C. Cox, E. E. Fridley, Ross Fuller, J. C. Cummins and the hostess.

Total wool requirements of all government procurement agencies in the fiscal year beginning July 1 has been estimated at 259,000,000 pounds by Donald M. Nelson, OPM director purchases.

Baptist Circles Meet At Church

O'Neal, Kate Baldwin and Lunsford Circles of the Woman's Missionary Society of the Baptist Church met for study at the church yesterday afternoon.

Mrs. Artie Daniel led the program on "To the Jew First" for the O'Neal Circle. Mrs. J. E. Stroble, Mrs. Malcom Cassels, Mrs. Woolley and Mrs. Owen Stagner had discussion parts.

Mrs. W. E. Barnes was leader for the Kate Baldwin Circle and conducted the business meeting. Mrs. W. L. Alexander conducted the mission program with Mrs. T. W. Roberson, Mrs. Jim Lipscomb, and Mrs. Barnes discussing relative topics.

Mrs. Ralph McCullough led the Lunsford Circle program which dealt with Missions and the Jew. Announcement was made concerning a silver tea which will be given at the church next Wednesday afternoon. Proceeds will go to the care of children of missionaries in this country. The Lunsford Circle will be hostess and all Baptist women are urged to attend.

United States Department of Agriculture experiments show that at 24 weeks of age, feed cost for small-type turkeys is about the same as for the larger type at 28 weeks.

Three Groups To Dalhart On XIT Reunion Dates

Dalhart.—Entertainment for the Sixth Annual XIT Ranch Reunion in Dalhart Aug. 4-5 will start Saturday night, Aug. 2, in order to take care of the early comers.

Three old-time organizations annually meet in Dalhart on XIT Reunion dates. One is the XIT Association, parent of the reunion and open only to men and women who once worked on the 3,000,000-acre spread that Texas in the 1880's traded for its \$3,000,000 red granite capital in Austin.

Another is the Old Trail Drivers of the Southwest; and the third is the Texas-New Mexico-Oklahoma Cowboy Association, known as the TNO.

Many of the pioneer members of these organizations, and other old-timers, drift into Dalhart a day or two early to have a little more time to look up old acquaintances, renew friendships and swap yarns. And lots of the youngbloods come along.

Major Saturday night attractions will be the dances. Three top-flight orchestras have been secured for the reunion—the Light Crust Doughboys of Fort Worth; the Melody Maids of Amarillo, and Lasswell's Playboys of Dalhart.

The Dalhart Square Dance club, in the new Legion hall, will be host to all old-timers Saturday night and each night of the reunion. Any old-timer with a badge from any one of the three pioneer organizations will be admitted free. Only old-time steps will be danced.

The annual Memorial Service, paying tribute to the West and all its sons and daughters, past and present, will be held Sunday night, Aug. 3. Dr. J. A. Hill, president of West Texas State College at Canyon, will be the speaker.

Each reunion morning there will be band contests, maneuvers, massed concerts and the XIT parade. The professional rodeo, attracting top hands of the Southwest Rodeo Association and the Rodeo Association of America, will be held at 2 p. m. daily. A cowgirl sponsor contest and girls' roping event will be stand-out attractions.

Brodbeck & Schrader shows will be here with rides only—but plenty of 'em—for the kiddies.

THE AMERICAN FAMILY . . . By George

"I've traveled extensively, too . . . until last summer I thought my dad's silo was the biggest thing in the world. That was before I saw the water tower at Centerville."

Summerfield MRS. JIM CLARK

Some farmers have finished harvesting and with another week of dry weather the harvest should be completed except where the wheat has been bound and shocked and has yet to be threshed.

Row crops and gardens are needing rain again. There has been so little wind that the windmills are not furnishing enough water for garden irrigation on most farms. The women are busy canning beans, beets and other vegetables. This community can boast of its beautiful flowers (and we do not mean the wild sunflowers along the roads). Mrs. Ray Johnson has shared her lovely sweet-peas with her neighbors and friends. She has a long row of varied colors across her garden. Mrs. Lee Curry is enjoying an old-fashioned flower garden in her yard. She says something new blooms almost every day. Mrs. J. A. Noland, Mrs. Louie Huckert and Mrs. B. E. Roberson are others who have some very lovely flowers. Mrs. Roberson gathered a beautiful bouquet of white daisies, tinted pink at the edges, for church, Sunday. The unusual coloring caused a great deal of comment and Mrs. Roberson explained that the tinting had been done by pouring a small amount of cake coloring in the vase of water before placing the flowers in it. In a

bout an hour the flowers began turning pink at the petals tips. Mrs. Joe Story of Plainview spent Friday with her mother, Mrs. J. A. Noland and attended the shower for Mrs. Otho Noland at Hereford in the afternoon.

Mr. and Mrs. Otho Noland went to the Story home Wednesday returning Thursday. They brought Mrs. Story's two small daughters back with them. Nancy spent Thursday night with her grandmother, Mrs. J. A. Noland while Sandra stayed in Hereford with Mrs. John Renfro.

J. C. Curry and son, Joe, of Weatherford arrived Friday to spend a few days in the Lee Curry home. Lee Curry is the son and brother of the visiting men.

Mrs. John Black, accompanied by her son, Howard, of Amarillo, visited her sister, Mrs. Lee Curry and family, Sunday.

Mrs. C. R. Waiser, Mrs. Jim Clark and sons visited Mrs. Waiser's mother, Mrs. J. C. Lance of Hereford Wednesday afternoon. The Tandy Leggs bought a new car this week and left Thursday to visit his parents in Dickens County. They returned Sunday night.

Mary Lookingbill assisted Mrs. Chas. Noland with her work part of last week. Mrs. Marie Angelo Hereford came Friday to help.

Sunday school attendance was 48 Sunday. Rev. D. R. McMahan preached at the morning and evening hours. Ben Wilhelm sang at the morning hour.

Miss Mary Lookingbill spent Friday night with her friends

Progressive News BY MRS. HOWARD HIGGINS

Mr. and Mrs. Cecil Lookingbill and son of Amarillo spent Sunday with his parents, Mr. and Mrs. J. B. Lookingbill, and other relatives.

Mr. and Mrs. Bob Bellar and baby and Mr. Bellar's mother of Muleshoe visited their sister and daughter, Mrs. Perry-McMinn, Sunday.

Mr. and Mrs. J. B. Noland and small daughter, Linda Kay, visited Mr. and Mrs. Dick Ellis of Frio, Sunday evening.

WANTED to give you complete Butane Service in bottles or tanks. Moore Independent Oil Co.

An offer to pay a debt of \$184 at 20 cents a month was made to a London court by a man who wrote that he had just joined the army, and the offer was accepted although it was estimated that it will take more than 76 years to wipe out the debt.

Progressive News BY MRS. HOWARD HIGGINS

Mrs. N. J. Lennox was returned to a Hereford hospital last week from Amarillo. She is still seriously ill.

Miss Lucille Park left Thursday, to accompany her aunt, Mrs. Edna Bove of Hereford, on a trip to Dallas and Waxahachie. Miss Park planned also to visit her aunt, Miss Carrie Lindsey at Bardwell and her uncle, E. E. Shaw, at Red Oak.

Sammy Hershey spent Friday night with his cousins, Thelma and Zelma Hershey, and Saturday he visited his cousins, Harold and Delbert Conklin, of Hereford.

Mr. and Mrs. Luke McBrayer and daughters of Wyche visited her parents, Mr. and Mrs. Ira Ricketts, Thursday night. Mrs.

McBrayer remained until Saturday to help care for her mother.

Mr. and Mrs. D. Y. Edwards and family visited in Amarillo, Sunday.

There were 30 present at Sunday School, Sunday afternoon. This was considered a good crowd since a number of the farmers took advantage of the pretty day to continue their harvest.

Miss Helen Ray Hamm of Hereford spent Sunday with Miss Wilma Higgins. Miss Dora Lee Burgess also visited her.

Mrs. Archie Dougherty and three children, Ruth, Willie and Allynda, of Yeso, N. M., came Saturday to spend a few days with her parents, Mr. and Mrs. Ira Ricketts.

Weldon Gregory of Lubbock called in the home of his mother, Mrs. W. P. Gregory, Sunday.

Harvest is continuing slow in this community as each morning the wheat is covered with a

heavy dew. Weeds are also growing fast and the wheat continues to fall and slows the combines and binders.

Mr. and Mrs. J. L. Pevley of Hereford visited Mr. and Mrs. Ira Ricketts Sunday afternoon.

Sammy Hershey was a visitor at a scout meeting in Hereford, Friday afternoon. He was a guest of his cousin, Delbert Conklin.

Singing is held each Sunday night at 8:30 o'clock. Mrs. Paul Probasco received a broken arm last week when she was thrown from a pick-up. Although she was taken to a hospital, she has been returned to her home.

Harper Brown of Levelland was a caller in the A. S. Higgins home, Thursday afternoon. Mr. Brown was a former pupil of Mr. Higgins.

Banking

is a science . . .

and a very exact science. It has to be. For banking deals with a commodity of vital importance to every human being—money. A man's money provides food clothing and shelter for himself and his family. It helps him obtain luxuries. It gives him security when his earning power has ceased. Taking care of this important commodity—seeing that it is properly invested and managed—is the responsibility of your Bank. That we discharge such responsibility with the efficiency of a scientist is attested by our many years of service. And it is on the grounds of this long period of proven ability that we confidently solicit your patronage.

Call It "The Deaf Smith County Board Of Development"; It Works For Whole Territory, Says C. of C. President

CHAMBER OF COMMERCE NEWS AND VIEWS

by W. E. DAMERON
 People! People! People! Nothing can be done without people. It takes people to develop the farms. It takes people to build cities. People are necessary for a school, church, lodge, club—or a Chamber of Commerce. It requires money to operate a school, church, lodge, club, or a Chamber of Commerce. In the immediate future we are going to see how many PEOPLE in this community want a real Chamber of Commerce. Remember it takes people, a lot of live people, to make anything worth while and this is especially true of a chamber of commerce.

A dream? Suppose the Chamber of Commerce, the City Commission, the Commissioner's Court, Lion's Club, and other local organizations, were really on their toes and all pulling together for the welfare of Hereford and the development of our entire trade territory and (still dreaming) suppose all of these organizations were backed by a united citizenship, boy, oh boy couldn't we go places and do things? Yes, brother we really could.

The Chamber of Commerce pledges its full co-operation to all of the above agencies in the support of any and all worthy programs designed to promote community welfare. Each of these agencies, as does the Chamber of Commerce, has a specific duty to the community and none should undertake to discharge the duty of the other, but many things might be accomplished by a united effort, which neither could accomplish working alone. What we want is results. If these organizations are working together, with the support of the people, they can and will get the desired results.

Frankly we do not like the title "Chamber of Commerce." Too many people, especially those of our rural communities, associate that title with a group of merchants, or a strictly city organization. They think this organization is designed and is operated for the benefit of Hereford business men. Nothing could be further from the facts. Our primary objective is now, and ever has been, to develop our agricultural resources. Hereford can only prosper in proportion to the prosperity coming to our farmers, ranchers and rural communities. Most of the money raised by the chamber of commerce is spent in advertising our lands, our crops and the opportunities offered in this community to the home seeker and the investor. For instance last year over \$1200.00 was spent by the Hereford Chamber of Commerce on our State Fair exhibit. That exhibit was purely agricultural and was designed to encourage and develop our farming interest. We believe such a program merits the support of our rural friends, the farmers. How would it do to call this organization the "Deaf Smith County Board of Development?"

The program of the Chamber of Commerce was presented to the Lion's Club last week. That organization voted full support of the program and pledged their full co-operation in the things we are going to do. They are a bunch of real fellows. We need more of their kind in our midst.

In discussing the status of our community last week a member of the Lion's Club stated we are in an awful rut. What do you think? If you too, don't think

so, it is because you have not thought about the local situation or because you are in a rut so deep you can not even see the community. Either of those conditions is plenty bad, too bad in fact to stay in. Why not move out, give yourself a shake or two, and join this new spirit of progress fast taking hold of our people?

What we think about most anything depends on the standards by which we judge. Are we measuring our town by a high, or by a low standard? Even more important than that question is the more personal one of, are we judging our responsibilities as a citizen by a low or by a high standard?

One of the outstanding tragedies of this age of money madness is the fact that so few people are willing to work together for the good of the whole. Hereford, perhaps, is no worse than the average town, neither is it any better. The average of anything is not high. Who is satisfied with an average? Why not live in a town known all over the country as being better than just average? Wouldn't that be a fine thing to have said of our town? The truth is if we had that spirit in Hereford and adjoining territory it would not be necessary to tell anybody anything, the results would speak for themselves.

The following letter, unsolicited, reached our desk this week. Personal visits, phone calls, and other letters have come to us of like trend folks, we will soon be on the march.

"Mr. W. E. Dameron, President, Hereford Chamber of Commerce, Hereford, Texas.

Dear Mr. Dameron: I heartily commend you for your strong, forceful letter of July 10th published in the Hereford Brand. You have pointed the way for a thorough organization and unity of effort of our people. If our people will rally to the support of this leadership we really will accomplish big things.

I know of no community in Texas, or elsewhere, that has the undeveloped natural resources of those adjacent to Hereford. We have made a start, but we have just begun. The start we have made was brought about by just a few people. Think what could be done by a united effort. I, along with many others, have been derelict in my duty in not having made a stronger co-operative effort to advertise and demonstrate our resources.

Our spud and onion acreage has grown from 200 to about 8000 acres in three years. These two crops will pay out for labor and other expenses an average of \$75 an acre, or about \$600,000. This sum of money would pay the harvesting of many of the best wheat crops we have ever made, and most of this money, unlike wheat money, stays here and is spent through the year in every channel of trade.

We can focus "The Eyes of Texas" on us right now if we will. Seeing is believing. The eyes of many other sections are turning our way. The Chamber of Commerce is our best medium, in fact the only instrument we have, to make known to the outside world our great natural resources by authentic information placed before them. The Chamber of Commerce deserves the support of very business man, every cattleman, every farmer, every citizen.

I said "support" and that is what I mean. It takes money to get things done. The job is a big one, not a ten cent undertaking. I want to make an investment of \$50.00 in the under-

Musical Has Big Cast

"Moon Over Miami" is one of those lavish Hollywood musicals which fans have come to take for granted—even though it is the kind of show that they'd pay dollars to see on the New York musical comedy stage.

Betty Grable and Don Ameche head a good cast which includes Robert Cummings and Constance Moore, and for a comedy team, Charlotte Greenwood and Jack Haley. Tunes are by Robin and Raniger.

LOCALS

Visitors in the home of Mr. and Mrs. A. J. Schroeter last week were his sister, Mrs. Lawrence Sellers, of Austin, and a brother, Richard Schroeter, and family of Salt Lake City, Utah. Monday, the entire group, accompanied by their mother, Mrs. R. Schroeter, went to Austin, where they will visit before the Richard Schroeters return to Salt Lake City.

Mrs. Dewey Lawrence and sons of Tyler are visiting her parents, Mr. and Mrs. F. H. Oberthier.

Eloise Walker of Lubbock has been visiting Cecelia Guseman in the home of her parents, Mr. and Mrs. C. T. Guseman. Eloise moved from Hereford to Lubbock with her parents, Mr. and Mrs. Preston Walker, two years ago.

Mrs. J. E. Bowers of Houston is visiting her daughter, Mrs. Walter Dunlap.

Mr. and Mrs. Cecil Rockwell, Jr., and two little daughters of Bryan spent the week end here with his father, C. C. Rockwell. They left Monday for the Davis Mountains in New Mexico for a vacation trip.

Miss Estelle Gilliland came home from San Francisco, Calif., last week to spend a couple of months with her parents, Mr. and Mrs. J. M. Gilliland.

Rev. and Mrs. H. M. Redford returned Monday from Palmer, where he has been holding a two weeks revival meeting.

KEM Bridge Cards outlast 40 ordinary decks. See them at The Brand Office.

Miss Mary Lou Roberson, student at W. T. S. C., Canyon and Miss Gladys Armstrong, state home economics supervisor of Canyon were week end guests of Miss Roberson's relatives in Hereford.

Mr. and Mrs. Knox Kinard have gone to Austin where he will complete work on a Masters degree.

Mr. and Mrs. K. A. Long and son, Bob, of Wichita Falls are guests in the home of their relatives, the F. M. Kesters.

taking. If that is not my share, I am willing for those in authority to assess me equitably along with others. I have nothing to give, or donate. I think this money will earn me as much, or more, than any other money invested in my business.

Yours very truly,
 Wm. McGeehee

LOWTHERS-HAVE VISITORS
 Visitors in the Bert Lowther home from Wednesday until Friday of last week were Mrs. Lowther's brother, Robert Keiry, and Mrs. Keiry of Monte Vista, Colo. Other visitors were the Keiry's daughter and Mrs. Lowther's niece, Mrs. Vern Young, and family of Ames, Ia., and Mrs. Keiry's mother, Mrs. Thalia Barrow of Hansen, Neb.

Mrs. Barrow is 93 years old, but the Lowthers report that she enjoyed the long trip from Nebraska, tremendously.

Plan to attend the Deaf Smith County Picnic, August 2.

CHARLEY BENNETT IS ILL
 Charley Bennett who has been quite ill for the past ten days is reported to be improving this week at his home. As soon as he is able, Mr. Bennett will go to the Veteran's Hospital in Amarillo for treatment.

FORMER HEREFORD RESIDENT INJURED

Bill Williams of Cody, Wyo., was seriously injured in a fall from a horse recently at Cody. He had the misfortune of breaking his right limb in two places and of having the ankle bone shattered. Mr. Williams, who is the son of Mrs. E. J. Williams, is reported to be recovering satisfactorily.

Miss Ida Belle Hicks, daughter of Mr. and Mrs. C. M. Hicks and Miss Wanda Jean Reed, daughter of Mr. and Mrs. H. D. Reed, spent the week end in Hereford. They are students at St. Anthony's School of Nursing in Amarillo.

Spending the week end in the W. W. Bennett home were his daughters, Mrs. Frank Jesse of Amarillo and Mrs. A. D. Smith of Clovis, N. M., and their families. Hille Bennett, a son, arrived from Corpus Christi, Friday, to spend two or three weeks in Hereford.

Mrs. T. W. Roberson and Miss Lucille Hughes went to Littlefield, Friday, to see Mrs. Roberson's sister, Mrs. G. D. Neely, and family. Another sister, Mrs. W. V. Gearheart and daughter of Lamesa returned to Hereford with them for a short visit here.

Plan to attend the Deaf Smith County Picnic, August 2.

Mrs. Marvin Garner of Plainview and Mrs. Bess Brown of Roswell, N. M., are here to visit with their mother, Mrs. Hettie Cochell, who was seriously injured in a fall Monday morning.

CARD OF THANKS

We wish to thank our friends for their many acts of kindness and consideration during the illness and death of our loved one.

E. B. Black and family

Visiting Mrs. J. E. Gyles here Sunday were her sister-in-law, Mrs. C. F. Wilson of Memphis and a niece, Mrs. G. A. Wimberley of Amarillo.

Mrs. H. D. Reed and daughter, Kay, left yesterday for a two or three week's visit with relatives in Waco, Gatesville and Crawford.

Mrs. Lela Wilmeth of Ft. Sumner, N. M., visited her mother, Mrs. E. J. Williams, last week end. Mrs. Williams has been ill for several weeks.

Plan to attend the Deaf Smith County Picnic, August 2.

Mrs. Laura Hicks and daughter, Miss Vida Hicks, and a grandson, Bobby Hicks, left last week for Cuchara Camp in Colorado, to spend ten days or two weeks.

CORPORAL LOERWALD-HOME
 Corporal Larry Loerwald, son of Mr. and Mrs. J. A. Loerwald, is here on a twelve day furlough vacationing and visiting relatives. He is located with the 38th Infantry Division at Ft. Sam Houston, San Antonio.

Mrs. Gerald Morgan of Adrian, a former Hereford resident, visited her sisters, Mrs. Jeff Gilbreath and Mrs. Cliff Estes, in Hereford Monday.

House guests of Miss Jonnie Estes the past week end were Mrs. Pearl B. Walker of Amarillo and Mr. and Mrs. Dell Newberry of Pampa. Miss Estes returned last week from a ten day trip to Kerrville.

Week end visitors in the home of Mr. and Mrs. Ralph McCul-

'Tater-Picking Is Tough

Farmer Beck of Lawrence, Kan., had his two daughters pick potatoes just long enough to have their picture taken. Then regular pickers took over the back-breaking job. Spuds on this farm are averaging 200 bushels to the acre, are of excellent size and quality.

lough, were his brothers, Danold and Ray McCullough, of Amarillo.

Mr. and Mrs. Henry Hellman of Flagstaff, Ariz., are visiting relatives here this week.

Mr. and Mrs. Duane Orr of Corpus Christi are spending this week in Hereford with his parents, Mr. and Mrs. J. S. Orr.

Hick Roberson, son of Mr. and Mrs. T. W. Roberson, has returned from a ten day's trip to Los Angeles, Calif. Bartley Dowell, who made the trip with him, remained in California for a longer visit with his uncle, Hubert Dowell, and family.

Brian McDonald and three sons of Ozona are visiting his mother, Mrs. C. F. Kerr. To visit with Mr. McDonald while here, Mrs. Dora Rice and C. W. McDonald, an uncle and aunt of Walters, Okla., arrived Sunday and are also visiting in the Kerr home this week.

Miss Jessie Mercer of Palmer arrived Monday to visit her sister, Mrs. James Aiken, for a few weeks.

Mrs. F. M. Faulkner of Plainview and Miss Elizabeth Dillon of Greenville are visiting their daughter and sister, Mrs. Bob Wilson and family.

Squashes May Be Cooked Variety Of Methods

It's a big party—when the squash family get together for a summer reunion at the market. A botanist would call these summer squashes "Pumpkins"—but for cooking purposes they go by the name of "squash."

The cymling is one of the first to appear. It's small and flat with scallops around the edge. When this squash is young, the rind is soft and smooth and it is pale green, yellow, or white in color. Often it's called "scallop" or "pattypan" because of its flat, scallop shape.

Then there are the yellow summer squashes—crook-neck and straight-neck, giant and dwarf. The old summer crook-neck squash has a rough skin and a crooked neck. But through careful breeding, the plant scientists have straightened the neck so the squash will pack better in crates for shipping.

Vegetable marrows are another type of squash—well known in Europe, but not so familiar in America. The marrows are shaped like a stretched out egg. They are green or creamy in color. One of the best known is the Zucchini, a native of Italy, but it now flourishes in the United States. The Zucchini is long and slender, somewhat like a cucumber except for its smooth glossy skin.

All these squashes furnish some vitamins, but the yellow-fleshed ones rank highest, are a rich source of Vitamin A.

Food shoppers often overlook squashes, in spite of the bright colors that beckon to the adventurous cook. But marketing specialists say it's just a matter of getting acquainted. Each of the different summer squashes has its own mild flavor—enjoyed by almost everyone who has tried them.

If you "pick" your squashes at the market, try to get those that are heavy for their size and fresh-looking. Summer squashes are usually cooked without paring, so be sure that the rind is soft and free from marks or bruises.

COOK MANY WAYS

You can cook squashes by any of the standard methods used for other vegetables. Boiling is one of the simplest. Wash the rind thoroughly and cut the squash into small pieces. Then drop into lightly salted, boiling water. But remember that summer squashes are so juicy that they need only a little water to keep them from scorching. Simmer about 15 minutes, or until the squash is tender. Squash is a vegetable that needs plenty of butter or other fat, besides salt and pepper for seasoning.

"Fanning" is another easy way to cook squash. Have the squash washed and cut in small pieces, leaving the rind on unless it is very tough. Use a covered pan with a little fat added, but no water. Cook at moderate heat for 10 to 15 minutes. Then take off the cover and cook for a few minutes longer to let the liquid evaporate.

Squash fried golden brown and crisp is another good version of this summer vegetable. Wash the squash and cut it in thin, even slices. Sprinkle the slices with salt and a little flour, then fry in shallow fat. Or, dip in batter and fry in deep fat.

As a scalloped dish, squash is had to beat. And it's a good way to use left-over squash—by itself, or with other vegetables. Or you can use fresh squash with tomatoes in scalloped dish. Start by cooking chopped onion, green pepper, and other seasonings, in a little fat. Then add the tomatoes, and finally the squash. Cook for a short time on top of the stove, and finish in a moderate oven.

For a fancy dinner, capitalize on the scalloped shape of cymplings and serve them baked in the shell. Scoop out the center, chop this pulp and mix it with tomato and seasonings. Boil the cympling shell a few minutes, then pack in the stuffing and top with buttered breadcrumbs. Bake in a moderate oven until brown on top.

CUCUMBERS
The story of cucumbers follows the same pattern as the squashes. Both vegetables belong to the same botanical family—the cucurbits. They grow about the same way, and they taste much alike when cooked.

Cucumbers as a cooked vegetable add one more idea to your list of dinner possibilities. And you'll find that hot cucumbers are just as good as the cold slices and cucumber sticks that appear so often in summer salads and relish trays.

Fried cucumbers, buttered cucumbers, and mashed cucumbers are some of the old-time ideas that modern cooks are bringing up-to-date. It's best to follow the scientific cooking methods and cook the cucumbers quickly,

Ready for Maneuvers

Uncle Sam's first armored division, which recently celebrated its first anniversary, is getting ready for August maneuvers. Here troop-laden trucks use a creek bed for a highway, at Fort Knox, Ky.

Oldest and Youngest Twins

Mrs. Mary Snyder, left and Mrs. Myrtle Snyder, 78, oldest twins at the Twins' Convention in Chicago, hold Jane and Judith Wrede, youngest twins. An outing climaxed the convention.

without preliminary soaking and salting. Letting the cucumbers stand in salt makes them flabby instead of crisp, the experts have found.

For a very special vegetable dish, the home economists suggest stuffed and baked cucumbers. Cucumbers, cut lengthwise, can be scooped out to make neat little boats that will hold a mound of tasty stuffing. Boil the cucumber boats about 10 minutes, fill with stuffing, and bake until brown on top.

The tomato suckfly, a small insect resembling a mosquito in size and shape, may be controlled if sulphur is dusted on the plant during hot weather. It feeds on the leaves, causing them to turn pale yellow and have pin-size black spots.

PANHANDLE CHRISTIAN CHURCHES HOLD ADULT CONFERENCE
A conference for adult leaders of the Christian Churches in the Panhandle is being held at the Methodist Camp grounds at Ceta Glen this week. Those attending from Hereford are Mrs. A. Petersen and Mr. and Mrs. H. M. Redford. Mr. Redford is teaching a course on Young People's Work. The conference closes next Friday afternoon.

One out of every 11 acres of cropland in the 10 leading cotton states is unfit for row-crop cultivation, according to H. H. Bennett, chief of the Soil Conservation Service.

Army Promotions Received By Two Hereford Men

Two Hereford men, both volunteers, have recently received army promotions according to army news dispatches received here this week.

James H. Cornett, brother of Mrs. Winnie Harrison, has been promoted to the rank of corporal. Cornett is in the regular army and is stationed at Fort Sam Houston.

Corp. Eugene Woodrow Doyon, son of Mrs. Fred Schwartz, is one of 500 enlisted men to report to Fort Monmouth, N. J., to attend the first officer's candidate school since the first World War. The course, which lasts three months, will cover such subjects as communications, map reading, drill, chemical warfare and other subjects pertinent to the signal corp. The men who successfully complete the course will, on October 1, be commissioned as second lieutenants in the signal corp reserve and will be available for duty in all arms of service.

Ward News

MRS. CHARLES B. MILES

Harvest is still on in this vicinity. Most of the wheat, oats, and barley have been bound and will be threshed later.

Mrs. Fred Moreman and daughters, Marie and Ruth, spent the week end at Hollis, Okla., visiting their mother and grandmother, Mrs. James Scott, and other relatives.

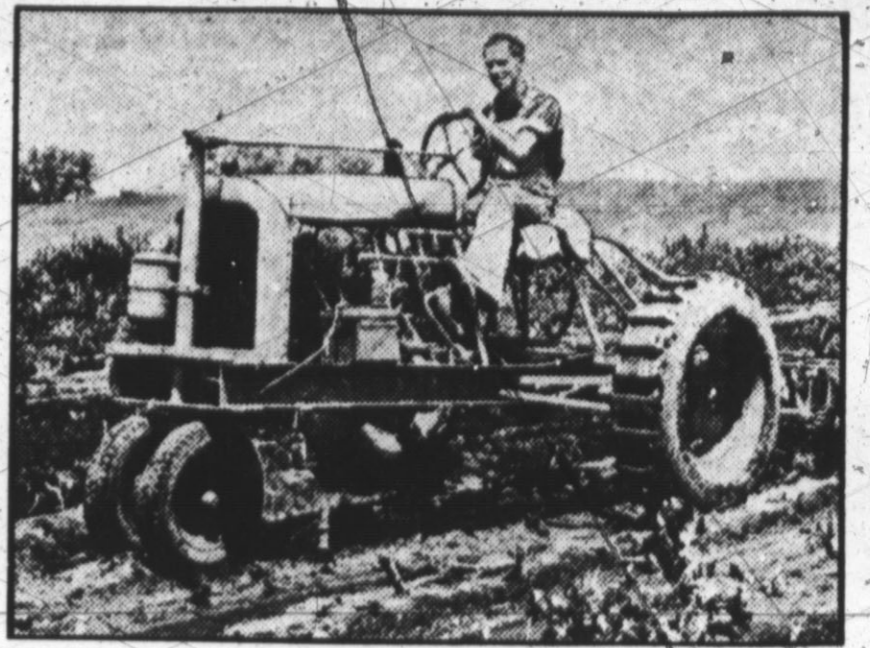

Mr. and Mrs. Stanley Smoot and Mr. and Mrs. Ralph Donelson of Hereford visited Sunday with Mr. and Mrs. Toney Hammons.

Tom Bradford of Borger is spending his vacation here and looking after harvesting of his wheat.

Farmers in this vicinity are quite busy trying to get weeds out of their row crops.

WHEN A MAN LOVES HIS MOTHER-IN-LAW FOR SILENCE THAT'S NEWS!

2 MONTHS LATER

JOHN'S PLEASED AS PUNCH, MOTHER, HE SAYS THE FIRST TIME HE SEES YOU, HE'S GOING TO GIVE YOU A KISS AND A GREAT BIG HUG

LAND'S SAKE, I BELIEVE I'LL GET A JOB SELLING THESE SERVELS

YOU'LL HARDLY BELIEVE YOUR OWN EYES WHEN YOU SEE ALL SERVEL'S MODERN CONVENIENCES, TOO!

EVERY YEAR, more and more people who've had experience with other makes are changing to Servel Electrolux. They know the Gas Refrigerator "stays silent...last longer"—because its freezing system has no moving parts to wear or make a noise.

Different from all others

- ▶ NO MOVING PARTS TO WEAR in its freezing system
- ▶ PERMANENT SILENCE
- ▶ CONTINUED LOW OPERATING COST
- ▶ MORE YEARS OF DEPENDABLE SERVICE
- ▶ SAVINGS THAT PAY FOR IT

SEE FRASER at COMMERCIAL OIL CO. Hereford, Texas

We are glad to announce that we now have several **Model 16x10 McCormick-Deering DRILLS**

Come in today and make your selection because they will probably be scarce!

McCORMICK-DEERING ALL-STEEL GRAIN DRILLS Give You Accuracy and Speed

When fall seeding time comes around, it's mighty good to have a McCormick-Deering Grain Drill ready for sowing your winter wheat, rye, and other small grains.

With a McCormick-Deering Drill you get accuracy that will mean increased yields next year and speed to finish the job in a hurry. These fine drills are leaders in their field, with such improvements as all-steel, rust-resisting hopper; accurate fluted-force feed or double-run feed; a strong, cross-braced main frame; and dustproof roller bearings in the axle boxes to provide light draft.

McCormick-Deering Grain Drills—both tractor and horse-drawn—are available in a variety of sizes and models. See these drills at our store the next time you are in town.

ROSSON-HAYS

Salt In Water Will Prevent Heat Cramps

Austin.—If your work is such that it causes excessive perspiration, add a pinch of ordinary table salt to each drink of water you take to help prevent heat cramps. This is advised by Dr. Geo. W. Cox, State Health Officer, to prevent a possible increase in the number of heat victims as the Texas thermometer hits 95 degrees and above.

Laborers, mechanics, farmers and white collar workers whose work causes them to sweat profusely, are in danger of having their body salt content become deficient with resulting heat cramps or heat fog. Salt is a prominent constituent of sweat; the body may lose as high as 50 to 50 grams of salt during hot days.

In industry, a method of preventing heat cramps is to take a tablet of pure salt or mixture of salt and dextrose with each drink of water. Workmen whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat and drink.

Salt deficiency may be prevented by taking salt in various ways. Where prepared tablets are not available, table salt may be added to each drink of water. Milk is a source of salt and will help to make up for the deficiency caused by sweating. Alcoholic drinks should be avoided.

Heat cramp is characterized by pains (cramps) in the abdominal region, headache, and in severe cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate; body salt losses occur without the knowledge of the individual until there is a deficiency; then the abdominal muscles begin to cramp.

Frio News

MRS. J. M. DIXON

Sunday School was well attended Sunday morning but due to the few who gathered for Bible Study Sunday night, it was postponed. Next Sunday there will be church services conducted by Rev. Carl Leeper.

Miss Jewel Harrison of Canyon is visiting her brother, Harry Harrison.

Mrs. J. M. Dixon, who attended the Farmer's Short Course at College Station, returned home Saturday. While there she visited relatives in Bryan and also visited in Galveston.

Ralph Morrison, four-year-old son of Mr. and Mrs. Clarence Morrison, has been ill the past week, but now has returned to his home from the hospital at Hereford.

WANTED to give you complete Butane Service in bottles or tanks. Moore Independent Oil Co.

Legal Notice

THE STATE OF TEXAS
To the Sheriff or any Constable of Deaf Smith County, Greeting:

You are Hereby Commanded to summon Arthur Tarter by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 69th Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 69th Judicial District, to appear at the next regular term of the District Court of Deaf Smith County, to be holden at the Court House thereof in Hereford, on the first Monday in August A. D. 1941 the same being the 4th day of August A. D., 1941, then and there to answer a petition filed in said Court on the 19th day of June, A. D., 1941, in a suit, numbered on the docket of said Court No. 2565, wherein Arrie Tarter, Plaintiff, and Arthur Tarter, Defendant, and said petition alleging: Now comes Arrie Tarter, who resides in Deaf Smith County, State of Texas hereinafter called plaintiff, complaining of Arthur Tarter, whose residence at this time is unknown to this plaintiff, hereinafter called defendant; and for cause of action, plaintiff represents to the court that she is and has been for a period of twelve months prior to the exhibiting the petition herein an actual bona fide inhabitant of the State of Texas, and has resided in Deaf Smith County for at least six months next preceding the filing of this suit;

Premises considered, plaintiff prays the court that defendant be cited in terms of law to appear and answer this petition, and upon hearing she have judgment dissolving and annulling the marriage relation existing between them, for the restoration of her maiden name, and for cost of suit and for such other and further relief, in law and in equity that she may be justly entitled.

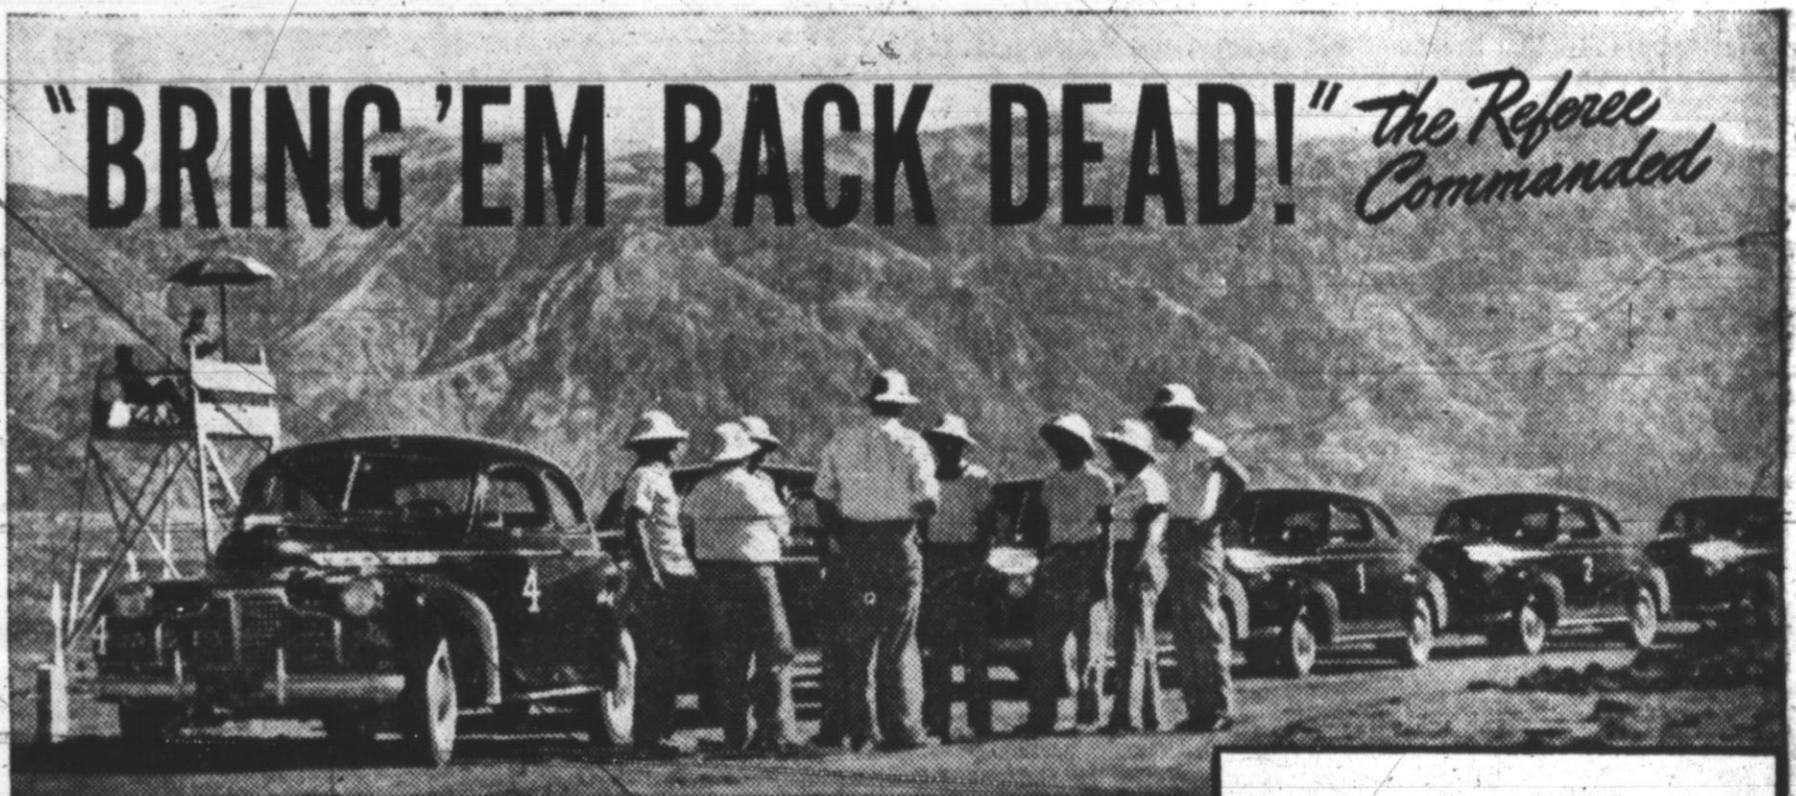

Herein Fall Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.
Given Under My Hand and the Seal of said Court, at office in Hereford, this, the 24th day of June, A. D., 1941.
R. L. THOMPSON, Clerk
District Court Deaf Smith County.

THE SCENE was in torrid Death Valley, where Hollywood makes true desert pictures, and the heat makes records.

Condemned to death were 6 new coupes, alike throughout, except that in each crankcase—under lock—was a different big-name motor oil... one 5-quart fill... never any added in any car's lifetime... 57-mile speed kept up under Death Valley's all-consuming sun until each engine went to smash. A strictly impartial, strictly certified test of motor oil life, decided only by 6 cars' death.

Which 5-Quart fill lasted all of 13,398 miles?... Certified

One oil outlasted the other test oils by 5,683 miles or more... Certified. And the whole lot of them—5 big-name oils—averaged not even half of the 13,398 miles delivered by the new long-lasting oil. You can have it in your engine right now—at popular price—by asking for CONOCO Nth MOTOR OIL

Its mileage and economy come straight from Conoco Nth oil's new synthetic or

man-made extra substance—Thialthene inhibitor. (Conoco Patent 2,218,132.) To understand, merely think a moment of Vaccination—the right protective substance put on guard to keep a trouble from starting. Now the trouble aiming to start on motor oils lurks in the normal firing of every engine. Filth is formed that can spoil one drop—then two drops "catch it"—then four—then sixteen—faster, faster, FASTER, till the whole fill weakens and the oil level sinks too fast... but not when the start of this oil-fouling trouble is inhibited—held back—by life-giving Thialthene inhibitor in new Conoco Nth motor oil, on sale today for your car.

You'll never Death-Test your Conoco Nth oil nor repeat other proving-ground tortures. You'll still drain and refill at recommended intervals. But how you'll expect to stretch the distance before you ever add a quart, judging by this big fact: 5 heavily advertised oils in the Certified Death Valley Test were outmiled 74% to 161% by Conoco Nth oil.

AND CONOCO Nth OIL OIL-PLATES YOUR ENGINE!

Long the keystone of Conoco success, OIL-PLATING comes from another great Conoco synthetic... man-made under the famed Germ Processed oil patent. Magnet-like action bonds OIL-PLATING to engine parts. It can't all quickly drain down—not while you're using Conoco Nth oil. So OIL-PLATING is on guard in advance against wear!... and helps mileage, as it did in Death Valley. An OIL-PLATED engine is one more economy you get from a change to popular-priced new Conoco Nth oil.

Economy like that counts up into dollars! Change to Nth oil today at Your Mileage Merchant's Conoco station. Continental Oil Company—Pioneers in Bettering America's oil with Synthetics

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

H. M. Jackson
Consulting Engineer, who during Academic year in Professor of Automotive Engineering, Purdue University

CONOCO Nth MOTOR OIL

County Financial Condition Good

Deaf Smith County's financial condition is excellent, according to the comparative statement released today by County Auditor R. C. Eubanks. County indebtedness has been reduced by \$3,000 and cash disbursements have shown a \$13,020.16 decrease from the figure listed for this same time last year.

The bonded indebtedness of the county is \$29,712, with \$24,000 of that figure being hospital bonds and \$5,712 in improvement warrants. The hospital bonds have been reduced \$3,000 in principal during the last year.

Total figures for tax collections are down slightly from last year, but the amount paid in automobile registrations this year is \$885.25 more than paid in 1940.

The per cent tax collections for 1940 taxes is 83.8, which is 5 per cent more than collections on 1939 taxes.

Emergency Crop Loans Are Now Available Here

Emergency crop loans for the production of winter wheat and other small grains are now available to Deaf Smith County farmers; and applications for these loans are being received by D. H. Harrison, field supervisor of the Emergency Crop and Feed Loan Section of the Farm Credit Administration, at the Crop Loan Office on the third floor of the court house.

These loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain a loan from any other source, including production credit associations, banks, or other private concerns or individuals.

As in former years, the money loaned will be limited to the applicant's actual cash needs in preparing his land and seeding his 1941 grain crops.

Borrowers who obtain loans for the production of grain crops are required to give as security a first lien on the crop financed.

Primary Objective

mittee. The excess may be pledged to secure a Commodity Credit Corporation Loan, which will be at a rate of 60 per cent of that available to cooperators.

If producers do not choose to store their wheat they may avoid the penalty by delivering the excess to the secretary of agriculture through the local AAA committee, for relief purposes.

Producers who do not choose to dispose of their excess wheat by any of these methods, must then pay the penalty on the excess before they are eligible to receive wheat marketing cards.

Mr. Pitman points out that, in determining the amount of wheat to be stored, the value of the wheat would have no bearing whatever, but that merely an amount equivalent in bushels to the farm marketing excess would be required to be stored.

The demands of wheat growers in some sections that the marketing quota law make provision for crop failures brought legislative results Monday in Washington when the House voted to amend the act to permit growers to sell their normal production of grain, even if from excess acreage, without paying penalties.

The measure, which now goes to the Senate, would permit a farmer who had a 100 acre allotment and a normal production of 10 bushels an acre, to sell penalty-free 1000 bushels even though the production actually came from five bushels an acre on 200 acres.

Bicycle Party

its head and start off. Bicycles built for two are not ruled out, and it is generally expected that some unusual two-wheeled vehicles ought to show up for this original idea in community entertainment.

So, if you like to ride, and if you like to be out with a crowd which is just as intent on having a good time as you are, and if you like picnics with something unusual thrown in for entertainment, plan to go to the Youth Council's Bicycle party Friday night.

And if you haven't ridden a bicycle in a long time, it might not be a bad idea to get in practice. Some of our big brains in Washington are talking about ration-

Black Funeral

In 1872 in Cleburne. In 1891 she was married to E. B. Black at Cleburne and in 1901 she came to Hereford with her family to establish one of the pioneer homes of the new town and at the same time taking an active part in all work for civic and religious improvement. She was a tireless worker in the Methodist Church, and her life was marked by generousities and kindness which won her scores of friends in this territory. Mrs. Black was also a member of the Order of the Eastern Star and of the Daughters of the American Revolution.

Survivors are the husband, E. B. Black of Hereford; two daughters, Mrs. W. Jesse Stanford of Hereford and Mrs. C. E. Birkmeyer of Amarillo; two sons, James E. Black of Black and William H. Black of Lubbock; two sisters, Mrs. R. E. Vickers of Cleburne and Mrs. F. H. Douglas of El Paso, two nieces, Mrs. Sidney Files of Jasco and Miss Minnie Dea Coffin of New York; a nephew, Paul Coffin, of Amarillo, and six grandchildren.

Active pallbearers were J. E. Beyer, C. H. Dyer, C. C. Acker, J. W. Hendrix, R. E. Barnett, Miles Roberson and R. R. Willis. Honorary pallbearers were D. H. Alexander, W. E. Dameron, Ed East, George Brumley, Wirt Phillips, J. W. Witherspoon, E. C. Eubanks, J. D. Buchanan, Ray Conaway, N. E. Gass, F. T. Roloson, H. H. Hawkins, G. W. Heard, Knox Kinard, A. G. Bell, J. B. Stoker, F. H. Oberthier, C. B. Williams, T. W. Alderson, E. F. Fridley, Harry Rice, J. F. Ward, John Jacobsen, H. M. Benefield, D. W. Hawkins, W. B. Anthony, D. W. Crawford and J. H. Head.

Jury Lists

Criss Renfro, Jas R. Higgins, E. H. Norton, P. H. Filbin, L. H. Woodford, W. B. Saxon, B. Y. Crashtwait, L. Ellis, Robert Vieler, P. J. Knabe, C. R. Walser, Al Werner, Don Fleming, R. L. Campbell, Guy Lawrence, O. H. Culppepper, Libburn Ray, Carl Jennings, G. W. Newsom, J. A. Wayland, J. W. Adrian, L. P. Shaw, Boyd Knox, E. A. Wright, Ralph Smith, A. J. Earp, John H. Patton, J. F. Matthews and H. M. Beach.

morning indicate that none of the injuries were serious. His mother, Mrs. Annie Byrd of Wellington, arrived Wednesday to be with the injured man.

Carrot Planting

ported interested in the growth of English peas in this territory, and it is thought that the successful raising of carrots this year will result in planting of at least 125 acres in this county in 1942. After that, according to farmers who are making the experiment, acreage may boom as fast as potato acreage has in the past three years.

ing gasoline, and you might some day have to pedal—or walk. Which adds up to three number one reasons for making your plans to go bicycling with the Youth Council: It's going to be good fun; there's going to be good food—and besides that, it's even patriotic.

C. P. Norton

Local Man Gets U. S. Maritime Commission Job

Mr. and Mrs. C. Palmer Norton left Thursday for Beaumont, where he will be employed in the United States Civil Service by the U. S. Maritime Commission.

Norton, the son of Mr. and Mrs. E. H. Norton and an honor graduate of A & M this year, will be a junior engineer trainee and will be with the Pennsylvania Shipyards, Inc., as construction inspector trainee for six months. At the end of that time, he will go to Washington, D. C.

The work of the maritime commission is to build up the U. S. merchant marine to a point where it can take care of domestic shipping and also fill in British shipping losses.

Defense Bond QUIZ

Q. What happens if I suddenly need the money I put into a Defense Savings Bond?

A. You can cash your Bond at any time, after 60 days, for the full amount paid, plus any interest due you.

Q. Do many Bond owners cash their Bonds?

A. No. People want to help arm America against all attacks. In many cases, people are putting every cent they can spare into Defense Bonds and Stamps. Some are doing this by asking employers or banks to withhold part of their salaries in order to buy these Bonds or Stamps for them.

Q. What is the price of a Defense Saving Bond?

A. For the smallest Bond, you pay \$18.75. The Bond will increase in value in ten years to \$25. For \$75, you get a Bond which will increase to \$100; other Bonds are in proportion.

Q. What will the Government do with the money I pay for my Bond?

A. Your money will be put to work in the national Defense Program to protect the freedom and safety of the United States, and of all its people everywhere.

Note.—To purchase Defense Bonds and Stamps, go to the nearest post office or bank, or

Longhorn Will Be Insignia of Planes

Austin—The Texas Longhorn—athletic emblem of the University of Texas—will see service over Germany this fall.

University officials this week granted permission for three Texas members of the Royal Canadian Air Force to use the Longhorn as the insignia on their fighting planes.

"We are three Texans in the R. C. A. F.," a letter to University officials, signed "Harty, Gunn and Apple—the Flying Texans," read. "And after much debate and elimination we have selected, with your permission, the charging Longhorn steer—which has always symbolized the spirit of Texas U.—the basis of our insignia and emblem."

"We would greatly appreciate it if you would send us the different types of decals and stickers using a full and three-quarter view of the steer. From these we hope to have our full insignia made up: a charging Texas Longhorn crashing through the ringed star insignia of the U. S. Air Corps, with the motto of the R. C. A. F. between the star's uppermost points, and the word, Texas, centered below."

The decals are on the way to the young Texans' training base in Canada, officials here said.

Mrs. C. M. Carpenter, minor operation, July 22.

Troy Nicks, medical patient, admitted July 22.

Posters Use Defense Motif

Austin—Lads and lassies in Texas public schools are defense conscious, it seems.

Out of 250 Fire Prevention posters hung this week in University of Texas library halls, more revealed a defense motif than any other.

Pupils competed in three divisions—high school, intermediate and primary—for \$105 in prizes. Beaumont took first place in both primary and high school divisions, with San Felipe taking top prize in the intermediate class.

Cut-outs, water-colors and even postage stamps were used to devise the appropriate figures, symbols and cartoons used on the posters, many of them very elaborate.

Slogans with a patriotic twist include "Solve the Strike Problem—Strike Matches Away from You," "Let's Have a Blackout on Fires," "Uncle Sam Says Use Fire for Construction, not Destruction," "Join the Home Guard, Help Prevent Fires," and "Fire is a Dictator too, Don't Let Him Rule Here."

A Brand Ad Will Sell It!
