## Cattle Clatter

Ft. Worth Top Prices Thursday.

Steers	\$4.75
Cows	3.75
Sheep	4.05
Hogs	5.20

Williams & Culwell bought 46 dry cows from Pyle & Lewis at p. t.

Richard Walsh, the popular manager of the JA ranch, is back from a trip to England.

E. C. Maulfair sold 61 3-year-old steers to Gathing & Van Eaton at p. t. Mr. Maulfair left Wednesday night for Illinois.

In Hardeman county tax valuations have been set as follows: \$1 to \$4 for unimproved lands; \$2 to \$8 for improved; cattle \$7 to \$10; registered stock \$20.

John Barson, of Paloduro, has bought the T. L. Anderson ranch and cattle near Silverton. The price was \$7025 and the trade was made by the Priddy-Reeves Realty Co.

Mr. Barrow, a stockman of Stonewall county, is here with a herd of 800 1s, 2s and 3s on the open market. If not sold he will pasture with Bob Pyron in Wheeler county.

Lee Bros. brought up a herd of 2-year-old steers from Stonewall county this week and sold to A. E. de Riegles, of Denver. The price was in the neighborhood of \$15. There were 14 cars and shipment was made Tuesday night.

Light showers fell throughout the Clarendon country Friday, Saturday and Sunday nights, followed by one of the best rains of the season Wednesday morning. The latter rain measured 1 6-10 inches and fell slowly and soakingly.

G. M. Elkins, of Kent county, brother of our R. H. Elkins, came in yesterday. He has a herd of 1100 steers, cows and yearlings on the trail to this point, to arrive in a few days. He sold his twos to Dal Driskell at a good figure, and will place the remainder of the herd in Mrs. Lee Dyer's pasture.

This immediate section of the Panhandle is in the very finest condition, and the news has gone

forth to that effect, evidently, judging by the number of trail herds headed this way. Clarendon will probably ship more cattle this season than any other Panhandle point. Grass and water are plentiful and shipping facilities good.

Al Barton, the White Flat cowman was here this week looking after his cattle.

Sol Owens was here yesterday on his return from Matador. He reports a good rain all the way from Miami to Matador.

Ed Hartzell was up from Childress this week looking after his cattle. He reports them in good shape and not for sale until prices improve.

### SUMMER NORMAL.

Opened Thursday Morning With Bright Prospects.

The teachers had been gathering from all over the Panhandle for several days for the opening of the summer normal, and there were 43 in attendance at the formal opening yesterday morning.

Invocation—Rev. E. L. Storey.  
Welcome Address—R. Lee Black.

Response—Miss Griffith, of Hereford.

Address—Dr. S. E. Burkhead, of Clarendon College.

L. A. Wells, conductor of the normal made an address, outlining the scope and extent of the work to be done.

The attendance is good for opening day and there are 15 or 20 more teachers who will be here by Monday to enter the work. The normal will continue five weeks, and all-day sessions will be had. Everything points to a pleasant and profitable session.

F. A. Dubbs, our jolly tax assessor, is down with a case of typhoid fever at the home of his parents in this city. He is reported in a critical condition, but his many friends hope that his vigorous constitution will serve to pull him through all O. K.

Eugene Hughes and Miss Edna McGill were married by Elder E. Dubbs at his home Monday afternoon. They went to Strawn, Texas, for a visit to the groom's relatives, after which they will make their home in Childress. The BANNER-STOCKMAN extends congratulations.

Mr. Joseph Cuddy reached here Saturday night and was met at the train by his son W. L. Cuddy. He is here for the purpose of shipping some of his cattle to market. He is not looking as well as when he resided in this healthy country. His home is now in the Creek Nation.—Gray County Eagle.

J. A. Grundy complains that the grass hoppers have eaten up all the grass on their place near Newlin. He has moved the cattle off to another pasture for grazing. The hoppers are of the old fashioned variety and seem to be local. None at all have appeared here in Memphis or adjoining.—Hall County Herald.

Priskoll & Brown of Spearfish,

S. D., have made the following purchases of steers in the Lubbock country: From M. C. McCrummen, 1,200 2s at \$17; from W. K. Dickinson, 250 2s \$17; from Dilworth & Ford, 400 2s at \$17; from H. D. Beal, 150 2s at \$17. They also purchased a number of smaller bunches from different parties at the same figures. Shipment of these steers will be made from Hereford, where they were for immediate delivery a few days ago.

C. J. Buckland, we are informed, last week sold 200 steers twos and threes, at prices from \$17 to \$22. They were to be delivered at Odessa and arrived there Sunday, last. There they were inspected, passed all right, re-driven to Odessa and shipped by way of the Pecos Valley this week.—Midland Livestock Reporter.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by H. D. Ramsey.

The commissioners court has been in session this week as a board of equalization. Stock cattle were valued at \$7 per head, unimproved town property was reduced while improved property and farm lands were valued at the same as last year.—Childress Index.

Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; anti-septic dressings are supplied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience of suffering which such injuries entail. For sale by H. D. Ramsey.

TEACHER—Heat makes things grow larger, while cold causes them to grow smaller.

Johnny—Is that why the days are longer in summer and short in winter?

For sick headache take Chamberlain's Stomach and Liver Tablets and a quick cure is certain. For sale by H. D. Ramsey.

**FINDS WILD CATTLE.**

**Dick Walsh, Back From England, Tells of Major Maud's Latest Cattle Venture.**

Richard Walsh, manager of the famous "JA" ranch owned by Mrs. Cornelia Atair, located in the Texas Panhandle, has just returned from a long stay in England. He brings an interesting bit of news regarding the movement of Major Walter de S. Maud, who was a major in the British army during the Boer war, and who once lived here, the owner of one of the largest cattle ranches in Texas. "Major Maud has fallen into possession of an island from off the coast of South America, which is said to have on it 40,000 head of wild cattle," said Mr. Walsh. "The cattle were discovered some months ago by a person who reported the matter to Major Maud, and he organized a company in New York with a large capital stock and purchased it. It is said to be about eighty miles across. Just how the cattle got on the island is a matter which no one seems to be able to explain. They got there in some mysterious way, and all that Major Maud seems to know about it is that the person who made the investigation of the island, which is said to be about 200 miles from Panama, said that the cattle are there and that they are as wild as the buffaloes were in the early days of Texas. It is surmised by some that a ship was probably wrecked and that about a hundred head escaped to the island and have been increasing steadily since. As I say, Major Maud has been advised that there are now something like forty thousand head in the herd, and he left last Tuesday from New York in a yacht, accompanied by others interested in the company, to land at the island and ascertain just what the situation is. Major Maud informed me that his intention was to supply the beef needed during the construction of the Panama canal if the cattle were there as represented, which he has every reason to believe, were on the island."—Fort Worth Telegram.

**Senator Spooner's Clothes.**

Mrs. Spooner, wife of the Wisconsin senator, sat in a senate gallery a few days ago and watched proceedings on the floor below. Two young women who took pains to let people know they were from New York sat down near by. One of them inquired of an attendant "Who is the little man with the tousled hair?" "That is Mr. Spooner, of Wisconsin, ma'am." "I might have known he was from the West somewhere by the way his clothes fit him," said the self-satisfied person from Manhattan. Mrs. Spooner arose with a determined air and proceeded to the marble room, whither she summoned her husband. After telling him what she had heard in the gallery she said: "Now, John, I've always advised you against having your clothes made in New York. You just better try a Madison tailor for once."

**It is a Big Bluff.**

That is a great bluff the railroads are trying to run on cattlemen in saying that rates on live stock are so low that there is no money in the business and that the rates on this class of business must be raised. We remember the time when every railroad in Texas had from one to half a dozen live stock agents in the state soliciting business and that, too, at a time when rates were much lower than at present.—Stockman and Farmer.

**That Tired Feeling.**

If you are languid, depressed and incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes, March 2, 1902: "I have used Herbine for the past two years. It has done me more good than all the doctors. When I feel bad and have that tired feeling take a dose of Herbine. It is the best medicine ever made for chills and fever." 50c a bottle. H. D. Ramsey.

**Bought Stock Cattle.**

The Champion is informed that Monday a deal was consummated whereby Lee Biven of this city purchased 700 head of stock cattle from Van Sanders of Lynn county, at private terms. Immediate delivery was made.—Amarillo Champion.

**Sued by His Doctor.**

"A doctor here has sued me for \$50,000, which I claimed was excessive for of cholera morbus," says R. W. Cochella of Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as a good reason to believe it was, and he would not say under oath that it was not. No doctor could use a better remedy than this in a case of cholera morbus, it never fails." Sold by H. D. Ramsey.

**Japanese in America.**

The project of the Japanese of New York to raise \$5,000,000 to aid their home country in its war with Russia will perhaps excite surprise at the size of the gift contemplated. There is, however, no doubt of their ability to "finance" their patriotism to the extent promised. The importance of Japanese business interests in the city is not generally realized. A quarter of a century ago the Japanese commercial houses of consequence in this country could be numbered on the fingers of one hand. They are now very numerous and almost uniformly prosperous. With the beginning of the new order of things in the island kingdom there set in a tide of emigration to the United States which last year reached the large number of 19,958.

That is to say, more than half as many Japanese came as Irish and very nearly half as many as came from Germany. Scotland sent only one-third as many, France one-fourth and Spain one-ninth. They brought with them an intelligence and industry, an adaptability to occupation ranging from the kitchen to the counting room and a spirit of good citizenship by which the nation has been largely the gainer. The "Yankees of the East" fit very quickly and well into the Yankee-dom of the West.

**The Cold Drink Season Has Opened With Us.**

THE farmers are now wearing broad smiles.

PLENTY of rain in Donley county, thank you.

CLARENDON seems to be the Mecca for trail herds just now.

CLARENDON is thronged with pretty school marms this week. The summer normal opened yesterday.

A RATE of one fare plus 10 per cent for the round trip has been made for Clarendon's "glorious fourth."

DONLEY county is in the best possible shape as regards farming operations. Here farmers are prosperous, too, and diversity of crops is the explanation.

DON'T forget the 4th of July celebration at Clarendon. You will be made welcome and, besides being well fed, you will see a good ball game and other sports.

OSWALD WILSON has made his cotton report to the Farmers' Congress and he speaks highly of the Panhandle. Donley county received special mention at his hands. We will print his report next week.

THE crops of Donley county are all looking fine. Cotton is on the boom, the feed crop is shooting upward, while the crop of garden vegetables is immense. And pretty soon the luscious water melon and Rocky Ford cantaloupe will be with us. Yum, yum!

WRITING editorials, and fighting flies at the same time is one of the hardest propositions we have been up against lately. Worst of all, the editor had his hair cut this morning.—Quanah Tribune-Chief.

Don't kick Harry. You ought to be glad you're living and possess the price of a hair cut.

AMARILLO now bids fair to have a creditable newspaper. A stock company has purchased the plants of the Star and Champion and will combine the two in the publication of "The Herald." F. L. Vanderburg, late of the Hereford Brand, is at the helm, and will no doubt, make a success of the venture. Van has simply got to make it succeed, for he gave up the best newspaper proposition in the Panhandle when he quit the Brand, and he cannot afford to let his bones bleach in the Amarillo newspaper graveyard. Here's success to him.

**JUNE BULLETIN OF THE INDUSTRIAL COLLEGE.**

Annual Catalogue Received With Next Year's Course of Study.

We are in receipt of the June Bulletin of the Girls Industrial College of Texas, located at Denton. This is the annual catalogue number and contains the course of study for next year, a sketch of the history and the equipment of the college, the enrollment of students for 1903-1904, and an address by President Cree T. Work on "The Growth of the Manual Training Idea in Modern Education." The Bulletin is finely illustrated with half tone pictures of the campus, students, inside equipment and class work, greenhouse, poultry yards, athletic grounds, Board of Regents, members of the faculty, etc.

The first year of the college closed June 8, with an enrollment of 186 students, representing 88 counties of Texas. The second year's work will begin September 21. In 1905 there will be a special summer session of four weeks, devoted to industrial work. Much other information is given in the Bulletin, which contains 62 pages, and is exceedingly interesting.

It shows a remarkable beginning of what is destined to be a great institution. If you are especially interested write to the president of the College for a copy of Bulletin No. 6.

THE state democratic convention adopted a platform in which it congratulates the party on the excellent outlook for success and adherence to principles of Jeffersonian democracy, repudiates and denounces arbitrary action of President Roosevelt in usurping powers of congress and violating international law, condemns militarism and the Dingley bill, favors tariff for revenue only, urges economic expenditure of public monies, hopes for harmony at St. Louis to overthrow the present executive. Delegates to the St. Louis convention were instructed to support Judge Parker as long as he was before the convention.

THE republican convention nominated Roosevelt for president and Fairbanks for vice president.

## GILES NEWS.

We are still having plenty of rain in this part of the country.

Mrs. T. C. Ranson went up to Clarendon Thursday, returning Friday.

Grandma Phipps, who has been visiting her grandchildren near Rowe for the past two weeks, returned home Sunday.

Mrs. Willingham and sons returned from Oklahoma last week after a two weeks visit to relatives there. Mr. Willingham will visit some of his relatives in Cleburne before he returns.

Little Miss Lena Powell, of Memphis, is visiting Mrs. Ranson this week.

Mr. Houston, of Denver, has charge of the telegraph office here during the absence of Mr. Willingham.

Bro. Farmer, of Memphis, will preach in Giles next Sunday afternoon. Everybody come out to hear him. Remember the date.

The roads are being put in good shape now and they were indeed in a bad condition.

Mrs. Dr. T. H. Westbrook has been the proud possessor for a week or ten days of a pretty new rubber tire trap, with pony to match. The pony proved a rascal in behavior until Wednesday evening when he proved he was not "rubber tired" by kicking clear of the buggy and running off, leaving Mrs. Westbrook and the children about some two miles from town. The buggy, fortunately, was not badly damaged, and the pony was easily caught and no one was hurt.

## Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption coughs and colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by H. D. Ramsey, druggist. Trial bottles free, regular sizes 50c and \$1.00.

The service at the Episcopal church last Sunday night was cancelled owing to the illness of Rev. H. C. Goodman and a stormy night. The address to the Masonic body will be made Sunday night, July 3.

The Presbyterian meeting closed Sunday. It resulted in sixteen accessions to the church and a great revival of church spirit. About \$300 was raised, sufficient to pay the church out of debt.

Mrs. W. H. Meador and children returned last night from Childress. The illness of Willie Kate made the return necessary and it is feared the little miss is in for a siege of slow fever.

Miss Lizzie Troup, of Tucuman, and Miss Arles Blackwell, of Amarillo, visited in Clarendon this week.

Mrs. Hattie Donahoe and daughter, Miss Nellie McKillop, have returned from their Fort Worth sojourn.

**Domestic Limericks.**

A woman as proud as old Lucifer  
Grew tired of her husband's abucifer;  
So she called the police,  
Who compelled him to cease  
By crying: "You villain! Let Lucifer!"  
Then, no longer prouder than Lucifer,  
Forgetting her husband's abucifer,  
She promptly forgave him,  
Swore falsely to save him—  
Thus woman lets love make a gucifer.  
Still the officers, seeing the ruicifer,  
Refused to take any excucifer,  
But she made things so hot  
That they fled from the spot—  
As a witness they ne'er could make ucifer.  
Then, once more as proud as old Lucifer,  
She thrashed hubby well for abucifer.  
And the louder he wailed,  
Why the harder she whailed,  
Till at length he abjectly begged trucifer.

**Heavy Damages for a Hazing.**

A jury in the Washington county court at Montpelier, Vt., has awarded Claude R. George, a student at Montpelier seminary, \$1,000 for the discomfort and injury to his person which resulted from a coat of tar and feathers. They broke into his room, and after treating him roughly, administered a light coat of tar and feathers. As an outcome George left the seminary and several of the students were dismissed.

**KANSAS CITY MARKET REPORT**

Special to BANNER-STOCKMAN.

Kansas City, Mo., June 16.

This has been a peculiar week in the cattle market here; the big majority of cattle have lost 35 to 75 cents from a week ago, and at the same time the best prices in the past two years have been paid for good to choice beef cattle. Another feature has been the fact that stockers and feeders have parted company. Feeders selling strong, and fleshy ones as high as at any time, while stockers and stock calves are 40 to 75 cents below a week ago. Beef steers have a wide range as have all kinds, the best ones bringing a premium of \$2.00 to \$3.00 over the very common ones. Beef steers range from \$4.50 to \$6.40, range cows and heifers ranging from vicinity of \$2.50 for grass stuff to \$5.25 for best dry lot kinds. Cows have sold in the quarantine division this week at \$2.25 to \$2.85 for grassers, and steers at \$3.00 to \$3.90. Good feeders still bring up to \$4.75, but stockers and stock calves sell at \$2.00 to \$4.25. Veals have been more plentiful than any week this season, and have sold lower, at \$3.75 to \$4.50. It is thought, however, that if the receipts drop off, all owing the stuff to improve in flesh a little, that the market will recover a good part of the loss this week.

Hogs have gained all the past week, and closing prices today are the best since the recent rise set in. Top today was \$5.02 1/2, bulk of sales at \$4.85 to \$4.97 1/2, weights below 200 pounds up to \$4.90, indicating that the advance has been all along the line.

Sheep and lamb prices are a little lower than a week ago, principally because the quality has been poor. Quite a number of shipments of Texas muttons have been here, but the quality has been ordinary, and the price has ranged from \$4.05 to \$4.50, while good to choice stuff would still bring \$4.75. Spring lambs bring \$5.00 to \$6.75, clipped lambs up to \$6.25, stock sheep \$2.50 to \$3.25.

J. A. RICKART.

**Have You A Cough?**

A dose of Ballard's Horehound Syrup will relieve it. Have you a cold? A dose of Herbine at bed time and frequent small doses of Horehound Syrup during the day will remove it. Try it for whooping cough, for asthma, for consumption, for bronchitis. Mrs. Joe McGrath, 327 E. 1st street, Hutchinson, Kan., writes: "I have used Ballard's Horehound Syrup in my family for 5 years, and find it the best and most palatable medicine I ever used." 25c, 50c, \$1.00. We will until further notice close our barber shop at 7 p. m., except on Saturdays. Customers please take notice.

PETE'S BARBER SHOP.

**The commissioners court of Roberts county was in session the three former days of this week as a board of equalization.**

The values of lands of all classes were raised 25c on the acre. First, second and third class lands being raised from \$1, \$1.25 and \$1.50 to \$1.25, \$1.50 and \$1.75. Cattle of all classes were lowered. Stock cattle were placed at \$5 and twos, threes and four year-old steers were placed at \$7, \$9 and \$11, respectfully. Stock horses were placed at \$10 per head. The taxable value of the Southern-Kansas railway was raised from \$1,500 to \$5,500.—Miami Chief.

**Acute Rheumatism.**

Deep tearing or wrenching pains, occasioned by getting wet through; worse when at rest, or on first moving the limbs and in cold or damp weather, is cured quickly by Ballard's Snow Liment. Oscar Oleson, Gibson City, Illinois, writes, Feb. 16, 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liment cured me." 25c, 50c, \$1.00. H. D. Ramsey.

**The Foreign Grant.**

Not long ago the Commissioners' court got prices on ballot-boxes from the Printer's Trust and the 24 boxes necessary for this county were quoted to them net, \$114. The Commissioners' placed the order with Northcutt & Sons; got as good work and the boxes cost \$24. See?—The Silverton Enterprise.

**Thrown From a Wagon.**

Mr. George K. Babcock was thrown from his wagon and severely bruised. He applied Chamberlain's Pain Balm freely and says it is the best liniment he ever used. Mr. Babcock is a well known citizen of North Plain, Conn. There is nothing equal to Pain Balm for sprains and bruises. It will effect a cure in one-third the time required by any other treatment. For sale by H. D. Ramsey.

We have been informed that the tax rolls of this county show a decrease of 33 1-3 per cent in the number of cattle on hand, under that of last year.—Wellington Times.
