

INCOME TAX MAN WILLING TO HELP

Austin, Texas, Feb. 9.—Don't wait for an Income Tax man to pull your door bell or your coat tail. He is too busy these days to seek you out; but he is where you can find him if you need his help.

This bit of advice is contained in a statement given out today by Collector of Internal Revenue, A. B. Walker. The statement continues:

"Everybody who had an income during 1919 must now determine whether his or her net income was sufficient in amount to require an Income Tax return. The best way to find out is to get a Form 1040A and follow the instruction printed on it. That form will serve as a reminder of every item of income; and if a return is due, it tells how to prepare and file it.

"One of the important points to keep in mind is that a person's net income is found by computation prescribed by the law, and that each item of income from every source must be considered, unless specifically exempted.

Another thing to remember is that the personal exemption allowed taxpayers by law has no relation whatever to the requirement to file return. This exemption is not to be considered until a person has figured out his net income and determined whether it was sufficient to require him to file a return. Then, if a return must be filed he should read carefully the instructions for claiming exemption, and complete his return.

If in doubt on any point as to income or deductions, a person may secure free advice and aid from the Deputies stationed throughout the District. Many banks and trust companies are also furnishing similar service during banking hours.

Early callers are getting better attention than those who rush in just before the filing period ends on March 15th. Taxpayers can help the government and themselves by coming early for any needed advice or aid, and by early filing of returns and payments.

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Prine, of this place, says: "After the birth of my last child...I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time..."

I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. about my taking Cardui. He said, 'It's a good medicine, and good for that trouble', so he got me 5 bottles...After about the second bottle I felt greatly improved...before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it.

CANADIAN COMPANY TO BUILD HOUSES

What promises to be one of the most important forward movements in Canadian history was put under way Tuesday afternoon and night when about thirty of our business men of the city met, formulated active working plans, and perfected the organization of the Canadian Improvement Company which is to be incorporated at once with a capital stock of \$25,000 for the purpose of building houses of the better class in Canadian.

When subscriptions for the stock were called for at the meeting the capital was fully subscribed in ten minutes and many subscriptions for larger amounts were denied. The minimum stock sale was placed at \$500, the plan being to secure the united effort of thirty men in putting the company over.

The organization of the Canadian Improvement Company has a far larger import to this city than it may at first seem. The foundation for this company is laid on the purchase of a tract of land which has lain unimproved in the heart of the residence district of this city for years. The Canadian Improvement Company has purchased this land. It will be platted into 65 lots 75x140 feet, and the entire tract will be known as the Central Park Addition. This tract will be known as a restricted section; that is, no lot will be sold to a man unless he contracts to erect a fireproof house of certain dimensions or better. The Canadian Improvement Company will erect houses on this tract equal at least to the plans and specifications required of those who buy a lot and erect their own building. The building will then be sold to home owners on a certain payment down and the rest on long time payments.

No house will be built of frame material. The structure must be either brick, concrete, interlocking tile or stucco and must have a fireproof roofing.

The company will finance the building of residences in other parts of the city, and will also finance the erection of business structures. The idea is to

open this tract of land as a residence section and build up Canadian by erecting houses which have been so much in demand for many months.

The company is also associated with a large life insurance company loan bureau which promises to buy all their vendor's lien notes, and this will enable the Canadian Improvement Company to have an almost exhaustless fund at their command as long as the demand justifies the erection of buildings here. —Canadian Record.

Buyers' and Sellers' Convention, Feb. 24, 25, 26

AMARILLO, Texas, Feb. 17.—Speakers, including several officials at Washington, will be in Amarillo, February 24, 25, and 26 to attend the Buyer's and Seller's Convention. It is also thought that Messrs. Pgt. M. Neff, J. W. Bailey and R. E. Thomasson, all gubernatorial candidates, will be present and address the visitors.

Several stockmen will have on exhibit Panhandle cattle, and a cordial welcome will be attended every visitor. The entertainment committee is working overtime in an effort to arrange for the comfort and entertainment of all, and hundreds of Panhandle citizens are expected to be present.

CITY FINANCES

Hereford, in common with all other cities of under 5,000 population in Texas, is facing a financial situation without parallel. The High-Cost of Living not only affects individuals but reaches into municipal and governmental affairs as well.

The law fixes the maximum tax rate, and the local board of equalization has fixed the valuations as high as the people will stand for. And yet the income from this rate is wholly inadequate to meet the current expenses of city government and provide anything at all for upkeep and improvements. In fact, it is not enough to furnish routine expense.

The reason is, of course, that the purchasing power of the dollar, under which the old laws were fixed, is away below what it was five years ago. Individual producers can raise prices of their products to a certain extent and thus help meet the added cost of living, but the city has no such power, and revenue derived from taxation at present is no more than before the war, while expenses have tripled and quadrupled.

Thoughtless taxpayers complain at the condition of the city streets. A

man says: "My taxes are high enough, Goodness knows; what is the city doing with the money?"

It is a most perplexing problem; one that demands the best thought of every citizen. Certainly not a time for fault-finding or destructive criticism. It is a time when every patriotic citizen should rally to the support of the city commission and aid them in solving the difficulties which confront the peoples' representatives.

There must be a remedy of some kind—who will be the first to propose it in Hereford?

Was yours a comic?

If Admiral Sims is to be believed, we were licked and didn't know it. Tell it to the kaiser, admiral.

The man who told us definitely and positively last week that Gen. Leonard Wood will be the next President switched over to Herbert Hoover this week.

Speaking of war horrors, the United States Senate has delivered itself of 7,000,000 words during the debate on the peace treaty, and the end is not yet in sight.

Hereford is not greatly interested in the report that New York milliners are seeking America's homeliest girl so that visiting Paris milliners may transform her into "a thing of beauty and charm" by use of Paris styles. That girl doesn't live in Hereford.

Ignace Paderewski, famous pianist, formerly premier of Poland, upon being told England had refused to help Poland, seized a hatchet and chopped his own piano to pieces. As the musical critics might say, his execution was wonderful and his technique perfect.

Political Announcements

The following candidates authorize us to announce them for the office under which they are listed, subject to the action of the Democratic Primary:

For County Judge:

Jas. A. Hughes
(Re-election)

For Sheriff and Tax Collector:

Omer Baker
Geo. W. Cloyd
C. S. Purcell
(Re-election)

W. A. (Will) Carroll

For County and District Clerk:

A. L. (Lee) Biggs
Cliff Estes
E. H. (Ezra) Norton

For Tax Assessor:

C. E. Lester
(Re-election)

For County Treasurer:

J. J. Ward
(Re-election)
J. H. Wilson

A controversy is in progress as to whether whiskey is good for the flu. We won't commit ourselves on the main question, but we venture to assert that suspension of prohibition in favor of flu patients will result in a sudden increase in the number of cases.

LIFE

A wonderful task I thought was mine,
And I wrought with eager skill;
Till a tangle spoiled the fair design,
And my busy loom was still.
Then I wandered away in utter woe,
"Rebellious," to repine,
And left for other hands to do
The task which once was mine.

I came one day to a quiet street,
Far, far from the busy mart;
And I said: "Here's rest for weary feet
And peace for a troubled heart.
So I found a home in that humble spot,
And sought surcease of pain;
Believing that a World forgot
Could trouble one's never again."

But I found my street was a bit of Life,
An eddy of the Main;
And to escape its care and strife,
I must take up my staff again.
Then clearer vision touched my eyes
And set my pulse a-stir;
For Love was there in lowly guise,
And Service dwelt with her.

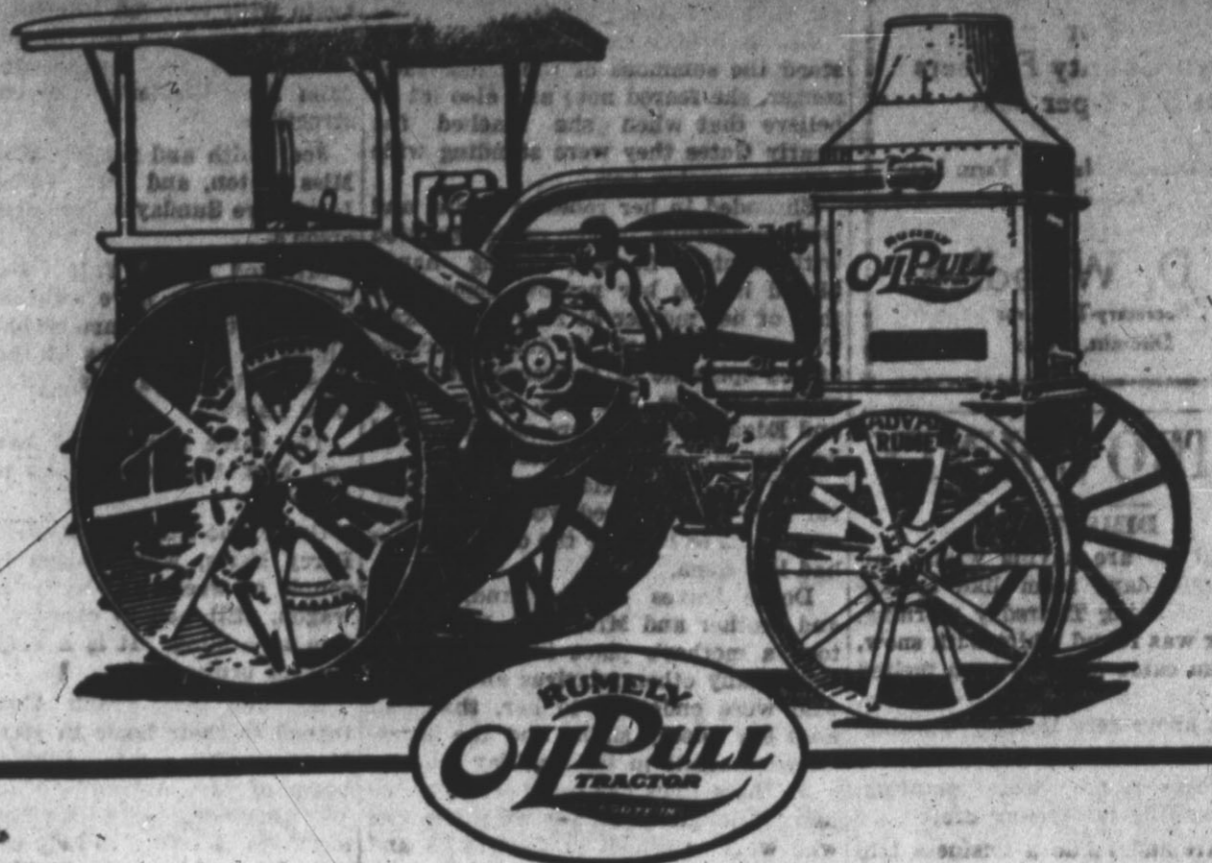

Then Courage shamed my quick defeat,
And Wisdom bade me: "Go!
Back to your shuttle and complete
The task which waits for you!"
So, Life is vibrant, full, and free,
Of every Soul a part;
And we shall find Love's ministry
Where dwells a human heart.

—Catherine Nunley Kerr.

Will Discuss Changing Time Back to Central

AMARILLO, Feb. 17.—Secretary-Manager F. R. Jamison of the Panhandle-Plains Chamber of Commerce has called a meeting to be held in this city, Tuesday, February 17th, at which time citizens of the Panhandle will meet to discuss the matter of changing back to Central time.

Questionnaires have been sent out over the country and those which have been returned have been unanimous for the change. Delegates from every town and county in the Panhandle are expected in Amarillo on the date mentioned.

Cheap Dependable Power —Drawbar or Belt

THE OilPull is the most efficient and economical oil burning tractor on the market.

This is proved by an experience as old as the industry itself. There is practically no kind or condition of farm work in which the OilPull has not proved its superiority—whether it be breaking sun-baked virgin sod on the prairies of the West, or plowing through the muck of the rice lands of the South.

One reason why the OilPull tractor is the most efficient oil-burning tractor is because the entire machine, including the motor and patented oil carburetor, is built in the Rumely plant especially for oil-burning.

But you don't have to take any chance even on such a remarkable record as the OilPull has established. With every OilPull you get a written guarantee that the tractor will burn all grades of kerosene

under all conditions, and at all loads, to its full rated power.

And in the unusually strong construction of the OilPull we find the reason for its remarkable dependability—a dependability well illustrated by the fact that the first OilPulls built are still in use and good for many seasons more.

Moreover, this economical power is equally dependable and efficient at drawbar or belt. With its proper distribution of weight and its reserve power, it will handle any drawbar job put up to it. With its throttle-governed engine, giving automatic speed control, the OilPull is second to none for close speed regulation on the belt—not even excepting the best steam engine built.

No matter what the size of your farm—you can get the OilPull tractor in a size that will properly meet your needs—from 3-plow to 10-plow capacity.

SIX-YEAR OLD CHILD VICTIM OF BURNS

Little Harold Mellus, age six, son of W. H. Mellus, an employe of the Helen Temple Farm, 4 miles northwest of town, lost a hard fight for life at the Plainview Sanitarium Sunday afternoon at 5:30 o'clock, from burns received Tuesday when his sister poured kerosene on a smoldering fire. Although he was known to be seriously burned from the first it was thought that he had a good chance for life. His condition became worse Saturday night and he was brought to the sanitarium.

Some time ago the mother of the children had gone to Paducah to visit relatives. While there her baby became very ill with pneumonia and Mr. Mellus was sent for. As there was no help to be obtained he was forced to leave the children in charge of their 13-year-old sister.

A fire had nearly gone out and only some smoldering coals remained. In an effort to hurry the flames so a meal could be prepared the girl poured some kerosene on them. For a time nothing happened and the two small boys came near the stove. Suddenly the gas that had been made by the kerosene on the hot coals was ignited and it is thought that an explosion followed. The clothes of Harold, the younger of the children, were in flames before the children realized what had happened. An eight-year-old brother of the boy in flames ran with him to the back yard and rolled him in some mud to extinguish the flames, while the sister ran to the nearest house, a quarter of a mile away, for assistance. Arthur Lamb, who is manager of the Helen Temple Farm went to the scene, and rendered every aid to the suffering child until the arrival of the physician. It was found that the child had been badly burned about the waist and back. The older child who had saved his little brother from almost sudden death, was slightly burned, probably while carrying the younger child out into the yard.

A message was sent to the parents at Paducah and they arrived Thursday morning. Soon afterwards Mr. Mellus and the other children took sick with pneumonia. For a time it was hoped that Harold's condition was improving and the little fellow made a brave fight against the heaviest of odds.

—Plainview News.

VERNON TROUBLE

LAI'D TO I. W. W.

The threat of lawlessness and violence of the I. W. W. order is believed to be involved in the strike at Vernon, Wednesday of twenty-seven men in the employ of the Lebrack Construction Company on an excavation job at a local mill, according to J. Metz foreman in charge of the company's work there, and to Sheriff W. A. Ish.

The strike does not involve the question of unionism, it is declared, says the Vernon Record, and is believed to be due to the presence in Vernon of agitators actively affiliated with the International Workers of the World. The men involved in the strike were receiving 50 cents an hour for ordinary pick and shovel work and \$1.25 an hour for teamsters. The excavation laborers struck for 75 cents an hour and the teamsters struck in sympathy.

Upon the failure of a considerable number of men to quit with them the strikers banded together with the avowed intention of "cleaning out" the "scabs." They were dissuaded by a local union representative, who argued that such action would discredit the cause of labor and of unions. It is suggested that a short and rather emphatic address by the sheriff may have had something to do with the dispersion of the would-be rioters.

The Record quotes the foreman as saying:

"I'm pretty sure there are one or two I. W. W. men here to stir up this trouble, although I can't call any names yet."

Sheriff Ish declared that he was not sure that the I. W. W. were back of the disturbance, but he was strongly inclined to think so. He himself has received threats of bodily violence at the hands of the strikers, but makes light of them. He said that the lawless element had also begun a campaign

J. H. Pitman
Hereford, Texas

to frighten the colored population out of Vernon.

"The negroes have a right here," he declared, "and as long as they behave they are entitled to protection. Lots of them own their own homes. These fellows are making talk about going down there to bother the negroes. I tell them they have a right to protect their homes. When anybody comes around my home I know what he wants and I know what to do. It's the same with them."

"I tell them to warn off these fellows—and if they don't let them alone, to shoot them and then telephone for me. If they don't do that all the damage would be done before I get there. I have told this bunch of I. W. W., or whatever they are, that I'm going to enforce the law here."

So far as known the threats of disturbing the negroes have not been carried out, and members of the colored district when questioned denied that they had heard or seen any signs of trouble.

McGee Appointed Sheep And Goat Specialist

College Station, Texas, February 14.—Announcement has just been made by T. O. Walton, Director of Extension Service A. and M. College of Texas, that W. T. McGee has been appointed Sheep and Goat Specialist for the Service to fill the vacancy caused by the resignation of M. W. Coil.

Mr. McGee is at present in charge of the Sheep Work at the Oklahoma Agricultural Experiment Station, Stillwater, Okla., and will report at College Station, February 15, for conference with the college authorities and Mr. Bedall of the Bureau of Animal Industry, U. S. Department of Agriculture, Washington, D. C., at which time definite plans will be worked out for the sheep and goat work, which will be conducted principally in the western portion of the state.

He is thoroughly acquainted with the requirements of the work in Texas, having had much experience and training in animal husbandry, and comes highly recommended from the most reliable authorities on this subject. He was graduated in Animal Husbandry from the University of Missouri in 1914, and in the fall of the same year was employed by the Agricultural and Mechanical College of Texas, and soon thereafter placed in

charge of the sheep division. He continued in this position, rendering highly satisfactory service, both as a teacher and in his handling of the sheep work, until the summer of 1918, when he entered the military service. After receiving his discharge he was employed in emergency work by the Extension Service of the A. and M. College of Texas and U. S. Bureau of Animal Industry cooperating, as Assistant Extension Sheep and Goat Specialist, and continued in this work until July 1, 1919, the end of the period covered by the emergency appropriation, at which time he accepted a position with the Oklahoma Experiment Station.

When Mr. Coil announced his resignation, his former assistant was the only man considered for the position, since his personality, training and experience in college and Extension work in this state peculiarly fit him for successful work in this field.

Panhandle-Plains Wheat Is Now Being Moved

AMARILLO, Feb. 17.—As a result of the recent car shortage meeting held in this city, under the auspices of the Panhandle-Plains Chamber of Commerce, Panhandle and Plains wheat is now moving at a rapid rate. From one to four hundred cars are being shipped from various points each day.

Had it not been for this meeting, many people have expressed an opinion that the farmers in this section would

Madam—Here's Your Invitation to the Spring 1920 Style Show

And we trust you will use the first opportunity to see the new fashions which we now have ready in abundance.

That you will enjoy the show is assumed for the new styles are the prettiest we have seen in many a day and there is so much variety that one can't help finding a pretty model that is becoming.

—And one need not spend \$50.00 for a pretty dress unless they choose to do so, because there are many, many very attractive and choice styles at \$26.75 to \$49.50 and many women are choosing among these who had expected to pay a great deal more for a dress that would meet their requirements.

The Finest Dresses Range From \$55 to \$150

And are wonderful creations of the finest material and exclusive style arrangements. Tho these are elaborate they are most wearable and will prove a most pleasant surprise when you come to look at them and try them on.

The New Spring Suits Are Pleasing Women Perfectly

And the prices begin at \$29.50 for a blue serge suit in the new styles and they are neatly braided and splendidly tailored. Other pretty and low priced models show better fabrics and more elaborate pleatings and braiding and are priced at \$35.00 to \$49.00.

Suits At \$62.50 to \$150

Show beauty and charm beyond the mere telling. There is variety of line treatment—of color touch—of fabrics—of flare—of coat length—of set in sleeve treatment—of vests or waistcoats—of close fastenings—of darts and slashings—of braid bindings, even the very linings tell a tale of variety and charm.

These begin at \$62.50 by easy stages to \$150.00.

Among the New Hats

One may have a wide choice of clever styles ranging from \$5.00 to \$10.00 which show better values than usual at these prices. That they are right is shown by the way women are buying them. Other pretty hats range from \$12.50 to \$29.50. Expert milliners are at your service to fashion a style to your own taste.

Now All You Good Fellows, Come Fill Up Your Pipes

The Velvet tin is twice as big as shown here

If ever men are "Tom" and "Bill" to each other, it's when good pipes are a-going. If ever good pipes go their best, 'tis when Velvet's in the bowl.

For Velvet is a mighty friendly smoke. Kentucky Burley is the leaf that Nature made for pipes. Wholesome and hearty, honest as the day. And Velvet is that same good Burley leaf, brought to mellow middle age.

For eight long seasons Velvet "meditates" in wooden hogsheads, throwing off the rawness of "young" tobacco—truly "ageing in the wood." Out Velvet comes—cool, calm and generous—the tobacco Nature made good, kept good and made better.

Velvet's sweetness is the sweetness of good tobacco, not "put on" like "frosting" on a cake. Its mildness comes from natural ageing, not from having the life baked out. Its fragrance is true tobacco fragrance, not a perfume. And Velvet makes an A Number One cigarette. Roll one.

As good old Velvet Joe says:

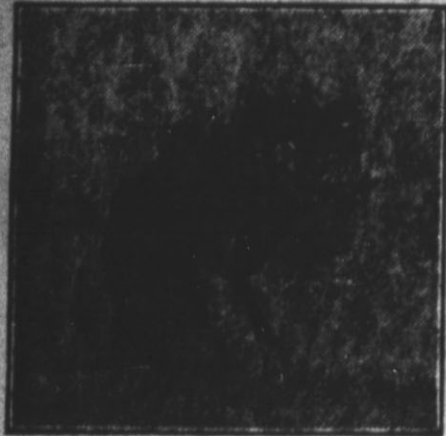

"Fill yo' heart with friendly thoughts,
Yo' mouth with friendly smoke—
An' let the old world wag."

Liggett & Myers Tobacco Co.

RIDING TALENT OF AMERICA TO SEEK AWARDS IN RODEO

CHAMPIONS OF MANY SHOWS WILL COMPETE AT FORT WORTH, MARCH 6-13. TRICK RIDING AND ROPING PROBABLY WILL BE BEST EVER STAGED

TOMMIE KIRAN SAYS Good Morning Judge.

That the Rodeo, the great wild west feature that will be the night attraction of the Southwestern Exposition and Fat Stock Show at Fort Worth, March 6-13, will far surpass all previous efforts and be unique among like events throughout the West and Southwest is the hope and belief of the show management.

A real galaxy of stars of the bucking horse riding world, the very best talent in the entire country, will be on hand for the opening of the show, to compete for the big prizes that have been set aside for the different events.

The Fort Worth Rodeo undoubtedly will have the best exhibition of trick riding and roping ever staged in the United States. Harry Walters, world's champion trick rider, will compete, while Leonard Stroud, dethroned from the championship at Cheyenne last year, will endeavor to recover his lost laurels. Tommie Kiran, who won second at the Cheyenne show, already is on hand, ready for the show to start. And there will be a number of other famous riders and ropers in the competition.

Eddie McCarty, who won the world's championship at bucking horse riding at Cheyenne last year, has come to compete for laurels at the Fort Worth show. He also has brought fifty of his hardest bucking horses, famed throughout the land. These have been on Manager Sanson's ranch near Fort Worth for the past three months, being put in shape to be more dangerous and tricky than ever.

Among the famous bucking horse riders who will compete in the classes of the Fort Worth show are Leonard Stroud, former champion; Hugo Strickland, who won first at the Fort Worth Rodeo three years ago; Jack Fretz, last year's winner; Yakama Canutt, first winner at the Stampede at Calgary, Canada, last year; Lloyd Saunders, Los Angeles, Cal.; Oklahoma Curley, who won second place at Fort Worth last year, and numerous others.

Bob Tadlock, known to stockmen throughout the Southwest, will be Rodeo Manager. His splendid success last year and his popularity with riders and the public as well gives promise of even better things this spring. He will be assisted by a committee consisting of Bill Rominger, Gill Whittington, Wed Ross and Marvin Thompson.

Girl riders will come in for even stronger notice this year than ever before, for the competition in the riding classes will be much stronger. Ruth Roach, famous trick rider, of course, will be a favorite but she will have hard competition in Kittle Canutt of Clefax, Wash.; Florence King of Los Angeles, Cal.; Dolly Mullins of Universal City, Cal., and others.

A string of "forked" Brahma steers, the very wildest and strongest the management could secure, will be on hand. Steer riding was an innovation with the Fort Worth show and a very popular one. Steer riding has vied with bronc riding and wild horse races in popularity at the past two shows. And a cutting contest, for a prize of \$1,000, also will be of great interest, particularly to the cattle-men in attendance.

J. George Loos is arranging his twenty-car carnival on the Coliseum grounds. This carnival has more variety than in the past and has several features that few visitors to the stock show have ever seen.

Entries to the livestock classes of the stock show close Feb. 23, and those already received show beyond the shadow of a doubt that the exhibition will be the finest ever made in the South. The show is strictly a "clean" one this year, ticky cattle being permitted for private sale only.

The dairy show promises well, according to the entries received. Substantial increases were made in the premium list and Texas dairymen have not been slow to respond to the opportunities thus offered.

This will be a "clean" show. However, there will be a sales division on the regular stockyards for bulls from below the line. Sales features promise well.

REQUIREMENTS FOR AIR NAVIGATION SERVICE

Medical requirements for Air Navigation were agreed upon at the International Air Navigation Convention of the Allied and Associated Powers. Every candidate before obtaining a license as a pilot, navigator or engineer of aircraft engaged in public transport is required to undergo examination by medical men (flight surgeons) acting under authority of the State. Medical supervision both for selection and maintenance of efficiency will be based upon certain requirements of mental and physical fitness as follows:

Good family and personal history, with particular reference to nervous stability. Absence of any mental, moral or physical defect, which will interfere with flying efficiency.

The minimum age, 19 years.

Must neither suffer from any wound, injury, or operation nor possess any abnormality, congenital or otherwise, which will interfere with the efficient and safe handling of aircraft.

Must not suffer from any disease or disability which renders him liable suddenly to become incompetent in the management of aircraft. He must possess heart, lungs, kidneys and nervous system capable of withstanding the effects of altitude and also the effects of prolonged flight.

Must possess a degree of visual acuity. Muscle balance must be good. Must have a good field of vision in each eye and must possess normal color perception.

The aeronaut must possess a degree of auditory acuity.

Must possess free nasal air entry on either side and not suffer from serious acute or chronic affections of the upper respiratory tract.

The Army Air Service has directed that all officers and enlisted men on flying status including observers, "Heavier or lighter than Air" service, shall be subject to physical re-examination in January and July of each year. Flying officers who the required to take this special examination will be excused from the annual physical examination required of all other officers.

The Surgeon General's recent annual report contains a statement of the British to the effect that during the first year of the war 90 percent of all the air casualties were due to the physical unfitness of fliers and not to faulty planes or enemy fire. The second year this was reduced to 30 percent and the third year to 12 percent. This reduction was accredited to the more careful selection of the candidates, a sys-

tem of classification, and the medical care of the flier.

Observations in this country support these figures, and it is with a view to keeping fliers in good physical condition to safeguard their lives and prevent destruction of valuable Government property that they are subjected to semi-annual physical examination.

The medical Division of the Air Service desires officers to cooperate in carrying out these physical examinations as nothing can be more important in building up the Air Service than the maintenance of a high physical standard.

The Quinine That Does Not Affect the Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of H. W. GROVE, Inc.

To avoid a barrel of trouble buy a barrel of Magnolia Safety Oil, a nice clear kerosene. Phone 371.

EPIDEMIC OF FLU TAKES MANY LIVES

The epidemic of flu, followed by pneumonia, has probably been more fatal in Canyon than any town in the Plains. Last week it looked as if the epidemic would run its course without disaster, but beginning with the two deaths recorded in our issue of last

Terry B
OLD AMERICAN

Light-Weight Roadster.
A practical three-wheeled automobile which weighs only 120 pounds is the recent invention of a Japanese army officer. The little vehicle, which is described and illustrated in Popular Mechanics Magazine, is powered and steered by the three-horsepower motor wheel in front. Behind the chauffeur, who straddles the frame, sits a passenger in a midge-tonneau equipped with side doors and a folding top.

The Reason.
Bad Gus—I'm terrible sorry that I got Pizen Pete.
Stranger—Ah, your conscience hurts you, I suppose.
Bad Gus—Naw! We belonged to the same lodge an' now I'll have to pay \$20 assessment.

Perils of Overwork.
"Your speeches are not as long as they used to be."
"It's intentional," replied Senator Orghum.
"Afraid of tiring your audience?"
"No, I'm afraid of losing my stenographer."

Some Comfort.
"There are always mitigating circumstances."
"How do you mean?"
"A man can come home late at night and hunt for the keyhole without getting suspicious."

week, there has been a total of thirteen within eight days.

This morning doctors report to the News there are a few very dangerous cases still in the city. They report that the disease seems to be under control as few new cases have been reported during the past few days, and for the most part the dangerous cases are improving.

Some deaths have occurred when

the sufferers of the flu have been allowed to leave their homes too early, and once a relapse with pneumonia sets in, the case is hopeless. All health boards have insisted that the patients not leave their beds for days after the fever has passed, and in no case should the patient be subjected to undue exercise until many days after having recovered from the case of the flu.—Canyon News.

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

To avoid a barrel of trouble buy a barrel of Magnolia Safety Oil, a nice clear kerosene. Phone 371.

GOOD IDEA!
Open your Lucky Strike package this way—tear off part of the top only.

Protects the Lucky Strike cigarette—a cigarette made of that delicious real Burley tobacco. It's toasted.

CHANDLER SIX Famous For Its Marvelous Motor

If You Don't Want to Wait Next Spring, Order Now

LAST year's production of the Chandler Six was of record volume and this year's production will double it; but if you don't want to wait for your new Chandler next spring, we would suggest that you order it now.

This year's automobile shows have attracted crowds greater than ever before, partly perhaps because hundreds of thousands of Americans were unable to secure new cars last year. And these great crowds of motor enthusiasts have found no better value in the whole exhibit of six cylinder cars than that which Chandler offers.

Chandler leads so distinctly in the medium-priced fine car field because it does offer such splendid value; because of its really marvelous motor developed through seven years of production in the Chandler plant and seven years' service on the road in the hands of a host of owners; because of its sturdy, dependable mechanical construction throughout the entire chassis; and because of its attractive and comfortable body.

Compare them all, all the sizes, then pick out yours. It will be a Chandler if you ask Chandler owners.

School Opens Monday; Health Crusade Begun

Central School Notes
After our enforced vacation, school opened with good attendance. Pupils and teachers alike seemed eager to resume work. All the teachers were able to report except Miss Helen Lea, who has not entirely recovered from influenza.

Mrs. J. R. Lipscomb has charge of the first grade during Miss Lea's illness.

The Health Crusade was started again, for the spring term. Pupils are enthusiastically and all hope to become Knights in due time. They are first pages, then squires. After faithful performance of the health chores for a given number of weeks, they receive gold buttons and become Knights Banneret. We urge parents to interest themselves in this work and encourage their children in the formation of good habits.

The pupils of room six have organized a literary and thrift society. It is the "Ben Franklin Society." Mozelle Hill is president, and Lucile Hicks, secretary. One very interesting program has been rendered. The mothers and friends are cordially invited to attend these programs. They are to be given on Friday afternoon.

It is to be hoped the Parent-Teachers meetings may be resumed again and with renewed interest. So much needs to be done, along lines of endeavor usually neglected by other organizations, work of great importance to school and home.

A new pupil, Johnnie Haberer, entered the second grade this week.

George Gordon Heard, a second grade pupil, has been very ill for many days. His little companions in the school room are hoping he may soon be with them again.

Marjorie Golden and Lynn Graham entered the first grade Monday.

The fourth grade loses a pupil this week and gains two. Dixie Bruner and Ruth Haberer are new pupils.

Inez Harris withdrew, as the family are moving away. Her class mates are very sorry to see her go.

TEACHERS RAISING CAMPAIGN FUNDS

As a preliminary to a state-wide tag day to raise funds for a great campaign for better schools, the teachers of the state are raising a campaign fund. One-half of the amount contributed by teachers will constitute a state campaign fund, the remainder going to the Salaries Committee of the State Teacher's Association, for work in charge of that committee.

Each county and district is assigned a quota. Grade teachers are requested to contribute fifty cents each; high-school teachers, seventy-five cents; superintendents, principals, and college teachers \$1.00 each. Contributions are sent to the treasurer, Dr. Frederick Eby, Austin, Texas. The following are the amounts received up to the afternoon of the fifth of February, remitted by the superintendent, principal, or chairman mentioned:

Axtell, A. C. Allison, \$2.00; Heath, A. B. Dean, \$3.75; McAllen, E. R. Bentley, \$18.00; Bogata, M. H. Fly, \$5.00; Sam Houston Normal Institute, Huntsville, H. F. Estill, \$43.00; Cleveland, C. T. Sims, \$6.50; Dallas Grade Teachers' Association, Leila Lee Williams, \$219.00; Walnut Springs, A. D. Clark, \$5.00; Malakoff, M. P. Willis, \$4.00; Rule, J. N. Mosley, \$5.25; Fecos, P. J. Rutledge, \$7.75; Granger, C. N. Shaver, \$8.75; Dellville, J. T. Shaver, 6.25; Hallettsville, H. K. Williams, \$9.25; Cason, T. E. Lette, \$2.75; Lampasas, Miss Ercell Jones, \$9.50; Allen Academy, Bryan, R. O. Allen, \$5.00; New Boston, W. G. Clay, \$4.00; Wintersboro, J. H. Sheppard, \$6.00; Our Lady of the Lake College, John F. O'Shea, \$1.00; Shiner, T. H. Leslie, \$5.00; Bloomington, James O. Risenhoover, \$4.25; Farmersville, A. M. Blackman, \$11.00; Collinsville, A. L. Crable, \$4.25; Plantersville, Miss Mary M. Kennedy, \$1.75; Batsón, B. A. Lawrence, \$3.75; Blossom, S. E. Terry, \$6.50; Kenedy, J. H. Gregory, \$8.75; Burnet, C. E. Danheim, \$5.50; Carthage, A. Covert, \$7.25; Bellevue, C. B. Breedlove, \$5.25; Rural Teachers of Guadalupe County, Seguin, J. F. Saegert, \$35.00; Brookshire, Miss Lucile Bains, \$3.50; Mt. Calm, H. W. Williams, \$8.00; Richards, J. G. McMillan, \$2.00; Livingston, E. A. Moers, \$7.50; Shamrock, Miss Alma Williams, \$6.00; Bailey, J. H. Jones, \$3.00; Canton, J. A. Graham, \$3.50; Brady, W. L. Hughes, \$9.75; Chapel Hill, W. C. May, \$3.25; Silsbee, A. D. Rawlinson, \$7.00; Stockdale, T. O. Davie, \$5.75; Rural Teachers of Hopkins County, Sulphur Springs, Dan J. Thompson, \$27.00; Mercedes, Miss Nannie Mer Buck, \$11.50; Seguin, R. E. L. Adams, \$7.75;

Timpson, R. L. Bunting, \$10.00; Travis, Luther M. Heiser, \$3.00; Odum, G. C. Gregory, \$4.25; Lometa, J. O. Trussell, \$3.75; Cedar Hill, O. S. Hollobaugh, \$3.75; Winters, J. C. Watts, \$4.75; Hack Junior College, J. M. Cook, \$9.00; Rural Teachers of Panola County, R. E. Carswell, \$12.50; Rural Teachers of San Patricio County, Sinton, Mrs. Susan Sipes, \$16.00; Edna, George L. Cox, \$7.40; Rural Teachers of Polk County, Livingston, W. J. Tullas, \$11.25; Marshall, J. P. Glasgow, \$30.00; Rural Teachers of Cameron County, Brownsville, W. F. Jourdan, \$16.00; \$12.75; Reagan, E. D. Guthrie, \$5.50; South Park, Beaumont, L. R. Pletsche Dallas, T. Lawrence Smith, \$6.50; Sinton, Ben C. Dyess, \$6.75; Central Point, B. H. Hill, \$1.75; Rural Teachers of Maverick County, Eagle Pass, G. B. M. Snyder, \$12.00; El Paso, Miss Sue Lattner, \$121.25; Streetman, Sam R. Hay, Jr., \$2.50; Alief, R. R. Sebring, \$3.25; Boerne, Wallace Butler, \$3.75; Bruceville, Miss Sallie D. McKinney, \$1.75; Byers, W. R. Bradford, \$4.50; Buffalo, W. D. Woods, \$2.00; Louise, W. M. Wiginton, \$3.75; Menard, L. S. Adams, \$5.00; Ladonia, T. D. Mayo, \$5.50; Myra, C. A. Bridges, \$3.00; Rural Teachers of Webb County, Laredo, B. Richardson, \$14.50; Blooming Grove, W. S. Henderson, \$5.50; Alice, Miss Leila B. Dubose, \$8.00; McKinney Junior College, C. L. Nelson, \$4.50; Athens, J. J. Montgomery, \$24.00; Saratoga, A. J. Holmes, \$6.25; A. S. Blankenship, Commerce, \$1.00; Goose Creek, J. F. Crawford, \$10.00; Hughes Springs, A. C. Wood, Jr., \$4.50; J. C. Williams, Westminster College, \$1.00; DeKalb, H. W. Campbell, \$4.00; Rural Teachers of Erath County, Stephenville, Miss Mary Marrs, \$29.00; San Angelo, F. E. Smith, \$30.75; Thomas Fletcher, Sul Ross Normal, Alpine, \$1.00; Rural Teachers of Bee County, Beville, Miss Patti Reagan, \$12.50; Rural Teachers of Burleson County, Caldwell, Lee Hensley, \$52.00; Kosse, C. C. Henson, \$3.75; Rural Teachers of Houston County, Crockett, J. H. Rosser, \$100.00; Canadian, W. A. Stigler, \$4.00; Ernest Clark, \$2.00; Texas City, Levi Fry, \$3.25; Blinn Memorial Col-

lege, Brenham, J. L. Noe, \$4.00; Kirven, N. Teague, \$3.50; Copperas Cove, Miss Fannie L. Teague, \$1.00; Rural Teachers of Nueces County, Nat Benton, \$38.25; Post, E. L. Henderson, \$9.25; Rural Teachers of Clay County, Henrietta, \$31.50; El Campo, A. W. Griggs, \$10.25; Rural Teachers of Delta County, Cooper, W. B. Wheeler, \$18.00; Merkel, Roger A. Burgess, \$7.00; Mrs. C. W. Connery, Fort Worth, Individual Contributions, \$25.00. Annie Webb Blanton, State Superintendent, Department of Education.

REPORTS ON TEXT BOOKS SITUATION

Austin, February 5.—The State Department of Education, through Miss Emma Mitchell, Assistant State Superintendent, made another investigation at Dallas, Saturday, as to the present status of free text book distribution. Reports of the four depositories are as follows: The Practical Drawing Company has filled all orders, up to date. Ginn & Company have shipped all books ordered up to January 28. The Texas School Book Depository has still 2,000 orders incompletely filled. On these all have been shipped except orders for two or three sets of texts. This depository expects to have all orders completed by February 15. The Southern School Book Depository has completed shipments of about 1,000 orders. They have still 8,322 orders, on which some books are lacking. On most of these, only one or two sets of books are still to be sent out. This depository expects to ship out, within ten days, all books now on hand. The Southern School Book Depository still lacks a sufficient supply of the following books:

Basal Texts: The Child World Readers Books 3, 4, and 5, and the Playmates Primer; Physiology—the First Book of Health and the Human Body and Its Enemies; New World Speller, Books I and II; Tarr and McMurry's New World Geography, Book I; Smith's Our Language, Books I and

II, and Grammar; Hopkins and Underwood's Elementary Algebra; Tarr's New Physical Geography.

Supplementary Texts: Haliburton's Primer and Readers, Books 1, 2, 3, 4, and 5; Art Literature Readers, Books 1 and 3; Howe Readers, Books 3, 4, 6, and 7; Eugene Field Reader, Second Grade; Everyday Classics, Books 4, 5, and 7; Reading Literature Readers, Primer, and Books 1, 2, 3, 4, 5, 6, and 7; Littlejohn's Texas History Stories; Country Life Reader, 7th Grade.

On the supplementary texts, schools not able to obtain their first choice, are at liberty to change their order for supplementary readers.

Annie Webb Blanton, State Superintendent.

CHURCH NOTES

Presbyterian Church

Regular services at the Presbyterian church next Sunday. Sunday School at 9:45 and preaching at 11. In the evening, the Union service will be at the Presbyterian church. Rev. Sharp will deliver the sermon. J. R. Sharp, Pastor.

Baptist Church

We are glad to announce services for next Sunday and as we have had no services for three Sundays, we hope to have a large congregation at both hours. Remember, and be on time. Sunday School at 9:45, Preaching at 11 a. m., Subject, "God's Greatest Task for Men." Senior B. Y. P. U. at 5:30 p. m. and Preaching again at 6:30 p. m., Subject, "Enlisting Our Young People in Soul Winning." Everyone will receive a cordial welcome. J. E. McClurkin, Pastor.

First Christian Church

Rev. Asbell will be at Dallas this week attending the Inter-Church World Conference. 4,000 protestant preachers have been invited to be present. This is the greatest move since the Reformation among the Protestant bodies. The Pastor will be back in time for the Sunday Services and will preach on the conference. The Union Service, address, Bible School at 9:45. Let's will be held at the Presbyterian Church. Rev. Sharp will deliver the come alive and have one good day Sunday. J. M. Asbell, Pastor.

Methodist Church

After being closed up for some weeks we should all be so thankful that the terrible epidemic has subsided sufficiently to admit of the resumption of regular church services, that we should need no exhortation to attend.

On next Sunday morning our Sunday School will open promptly at 9:45. Let every officer, teacher, and scholar be on hand, if possible. Let everyone stay for the regular preaching service at 11 and be out again at 6:30. The interruption we have had renders it all

the more important that we all come to the services of this reopening day. W. H. Terry, Pastor.

Y. P. M. S.

February 22, 1920.

STATE CONVENTION OF C. E. JUNE 9

AMARILLO, Texas, Feb. 18.—Forty-five delegates have been assigned as the Panhandle quota for the Texas Christian Endeavor Convention to be held in Dallas, June 9 to 13 inclusive, according to a message received by P. Hicks Daniel, president of the Panhandle Union. Societies all through the Panhandle-Plains are urged to hold registration immediately and complete it at least by Sunday, February 22, and send in reports to Mr. Daniel. Efforts will be made to get at least 20 delegates from the societies of the First Christian Church, Central Presbyterian Church and First Congregational Church of Amarillo. Memphis

and Hereford are asked to get ten registrations each. Other societies in the district at Plainview, Lubbock, Dalhart and several other cities are requested to get as many recruits as possible.

In many sections of the Panhandle there are Christian Endeavors who do not belong to societies and who are still interested in the movement. Where there is no society, these persons are urged to send in their registration direct to Mr. Daniel. Fees for registrants will be \$1 for Seniors, 75 cents for Intermediates and 50 cents for Juniors, all of which goes to defraying expenses of the state convention.

Texas has 20 districts and the one that registers its quota first will receive a banner at the Dallas convention. The Panhandle district won this banner in 1918 and Mr. Daniel is particularly anxious that the victory be repeated this year.

Announcement that Dr. William Shaw of Boston, for 33 years general secretary of the national Christian Endeavor organization, will address an All-Panhandle rally in Amarillo, March 11, is arousing considerable interest. A banquet will be held in honor of Dr. Shaw and he will address a general mass meeting as well. He will make a trip through the southwest, delivering 16 addresses, eight of which will be in Texas. The speaking tour in Texas will close in Amarillo and efforts will be made to give Dr. Shaw a rousing goodbye as he leaves the state.

Dr. Shaw has been ranked next to Dr. Francis E. Clark, founder of the organization, as a drawing card at rallies of young people. He is an interesting and forceful speaker and is plumb full of humor, according to those who have heard him speak. He ran for governor of Massachusetts a few years ago on the Prohibition ticket and polled the largest vote that a candidate ever received in that state on that ticket.

Christian Endeavor is nation-wide and there are said to be hundreds of persons who have heard Dr. Shaw in other places and it is believed they will welcome an opportunity to hear him again. He has lectured all over America and in many foreign countries on Christian Endeavor. He is a great lover of nature and hunting, and because of this characteristic has often been compared to the late Theodore Roosevelt.

John Cecil of Minneapolis, Minn., who recently was appointed associate field secretary of the Southwestern Christian Endeavor Federation consisting of seven states, will arrive in Amarillo either March 6 or 7. His headquarters will be in Amarillo and he will travel out of there all over his territory. Because of his arriving just a few days before the Shaw rally, it is believed that he can be of great assistance in arranging details of the program. Mr. Shaw at present is employed as secretary of a W. M. C. A. building in Minneapolis, and because of his vast experience it is declared that he knows how to organize young people's work.

If you haven't time to call, phone 332 and we will send you samples of all the finest in wall paper. Skelton.

Charles Walter Seed

Many if not all the people of Hereford were shocked and pained on last Tuesday morning when it was announced on the street that Walter Seed had fallen a victim to the prevailing epidemic. The death of this fine young man would be felt as a distinct loss to any community.

Charles Walter Seed was born near Lawrenceville, Lawrence County, Ill. April 17, 1887. There he grew to manhood and was married to Miss Bessie Mleure on Sept. 9, 1911, and lived there until a little more than three years ago, when he came with his family to Hereford to make their home. He died Feb. 10, 1920, aged 32 years, nine months and twenty-three days.

He is survived by his wife and four children, two boys and two girls, also by his parents, Mr. and Mrs. S. J. Seed, of Illinois, and four brothers and one sister: Morris, Mack and Harlie and Miss Nellie of Illinois, and Harry Seed, of Hereford, Tex. His parents started to him immediately on being notified of his illness, but arrived on the day following his death.

When a small boy Walter was converted and joined the Methodist church and remained a faithful member of that communion till death. His manner of life was such that he won and held the respect and esteem of all who came to know him. He was modest and quiet, but steadfastly devoted to the things really worth while in life. As a husband and father he was a model of unselfish devotion.

To his family and loved ones we would offer the sincere sympathy of the whole community. We are all poorer for the going away of this splendid young man whose life held so much promise.

May our heavenly Father comfort the bereaved family, and may we all be lead to give more thoughtful attention to the things that are eternal.

His Pastor,

Nobody Knows

Just how long business will continue at high tide in Deaf Smith County.

The majority of people will probably go along as usual, thoughtlessly assuming it will continue indefinitely.

The *THOUGHTFUL FEW* are going to use their present opportunity wisely, by preparing themselves financially and otherwise so that no change of conditions will seriously affect them.

"Old Fashioned Thrift" may seem to be a back number just now, but, take our word for it, old *THRIFT* is going to be mighty stylish after we have finished chasing all the rainbows, and the little old man with a bank account is going to be a leading citizen again.

At a time like this we consider it a privilege to offer the suggestion that a bank account is even more important now than ever before. We are also pleased to be able to say that *THE FIRST NATIONAL* is in better condition to render you true service than we have ever been before.

It is never too late to begin, and they don't make money in pieces too small for us to handle, nor do they make it in pieces too large, for that matter.

The First National Bank

ENTRIES FOR BIG FORT WORTH SHOW CLOSE ON FEB. 28

**SHEEP AND HOG EXHIBITIONS
ARE BEING GIVEN ESPECIAL
ATTENTION THIS YEAR—POUL-
TRY SHOW TO BE UNDER CON-
TROL OF STOCK SHOW.**

Entries for all classes of livestock in the Southwestern Exposition and Fat Stock Show, which will be held at Fort Worth, March 6-13, will close Feb. 28, according to official announcement of M. Sansom Jr., secretary-manager, and so stated in the premium lists that have been spread broadcast to prospective exhibitors throughout the land.

While the cattle classes have been amplified and the greatest and most representative exhibit in history is anticipated, with contestants from many states, other livestock departments of the show have not been neglected. Around three times as much money as in the past has been hung up in the sheep department. J. J. Jones, Texas A. & M. College, has been secured as manager of the sheep and goat department and, after a thorough canvass of the situation, declares that the exhibition will be far and away better than any previous one ever held at Fort Worth. G. R. Warren of Soria will officiate as superintendent in the sheep department. The judges will be: R. S. Matheson, head buyer for Swift & Co. at Chicago, carlot sheep; W. J. Kennedy, Sioux City, Iowa, fat wethers; R. F. Miller, Texas A. & M., registered sheep; E. M. Peters, Soria, goats.

Special classes have been made this year for Angora and milk goats.

A. L. Ward of Paris has been made superintendent of the students livestock judging contest, which will be divided into two sections this year—one for college and one for vocational schools. Strong competition is expected in both classes. Prof. H. W. Mumford of Ann Arbor, Michigan, will be judge of the contest.

George P. Lillard of Arlington, former president of the Texas Swine Breeders' association, has agreed to act as manager of the swine department. D. W. Williams of Texas A. & M. will be superintendent, while Eck Gentry, Armour & Co.'s head buyer at Chicago, will judge the carlots. Prof. H. W. Mumford of Ann Arbor, Mich., will judge the pens and barrows.

Special effort is being made to build up a fine barrow show and early indications are that it will be all that is hoped for. Additional appropriations have been made for this class.

W. H. Furse will again be department manager for horses and W. J. Kennedy of Sioux City, Iowa, will be judge.

Tom Hines of Venus has been appointed manager of the mules, jacks and jennets department, W. T. Wheeler of Baird superintendent, and Captain Tuck Hill of McKinney, judge.

C. C. Miller of Fort Worth will be department manager for poultry, which is under direct control of the stock show this year. Walter Burton of Arlington will be superintendent. The poultry show promises better than ever this year.

Carnival features of the stock show will be better in every detail this year. J. George Loos has twenty carloads of paraphernalia and has been accorded extra space on the Coliseum grounds for the handling of many new amusement devices, a number of which few of the stock show visitors have ever seen.

No detail is being overlooked to make this year's show the best in history from every standpoint. Work of preparation was begun early and competent men are handling every department.

The Rodeo, the big night performance of the stock show, gives greater promise even than last year. The best bucking horse and trick riders, the champion ropers and the best cowgirl performers of the country have been lined up.

A purse of \$1,000 has been set aside for the cutting contest, which again will be a big feature of the Rodeo.

This will be a "clean" show. However, there will be a sales division on the regular stockyards for bulls from below the line.

The sales events, both public and private, promise exceptionally well.

GOV'T INSURANCE GOOD PROPOSITION

Director R. G. Cholmeley-Jones of the Bureau of War Risk Insurance announced today that misleading and incorrect statements relative to the permanency of Government Insurance are being circulated by individuals apparently engaged in attempted "twisting" of insurance. A specific and typical report received by the Director was to the effect that some of these individuals had boarded a naval vessel at Philadelphia and had told the sailors that Government Insurance would not be good after five years.

"Government Life Insurance for veterans of the great war is a permanent proposition," said Director Cholmeley-Jones. "Misleading statements have been made to the effect that Government Insurance will cease at the end of five years after the war, or that it will be turned over to private companies. Such statements are absolutely false and without foundation. There is, however, a requirement that the temporary term insurance held during the war which increased in cost from year to year, be changed or converted into one of the six permanent forms of Government Life Insurance, (ordinary life, 20-payment life, 30-payment life, 20-year endowment, 30-year endowment, or endowment at age 62) within five years after the formal declaration of peace by proclamation of the President, if the insured desires to continue to be protected. This permanent insurance does not increase in premium cost as the insured grows older.

"Improper conduct by the individuals I have referred to is in direct opposition to the attitude of the great life insurance companies, which is embraced in a statement by the secretary of one of the large companies, who recently said:

"Of course, a life insurance company cannot grant insurance at less than cost, but the Government offers insurance to soldiers and sailors at less than it would cost, the Government to grant that insurance (that is because the Government bears all expenses of management, etc.). The government is justified in this liberality in consideration of the fact that these soldiers

and sailors have risked their lives, or have been willing to risk their lives, for the benefit of the Nation. All this being so, it is obviously expedient for soldiers and sailors to take all the insurance offered by the Government at the low rate charged."

"The company whose secretary made the above statement has instructed all its agents to refuse to take applications from soldiers and sailors until they have taken the full amount of the new Government Insurance to which they are entitled."

CHILDREN KILLED WHEN BANK CAVES

Funeral services for Carl Ashley and Merle Bourland were conducted yesterday. The children were killed Sunday afternoon as result of the caving of a bank around which they were playing. They are son and daughter of E. Bourland, aged eight and seven years, respectively.

The accident occurred on Plum creek within a hundred yards of Mr.

Bourland's home about four miles east of Vernon. Sand had been taken out from underneath the bank, and recent rains washed out more of the supporting dirt.

It is thought that the children were running along the bank when the caving occurred, otherwise they would have been covered with dirt. As it was, the lower portion of Carl Ashley's body was buried underneath a huge boulder, while a mass of clay had forced his sister's head forward, almost bending her double.

A younger sister ran for help, but life was extinct before members of the family could traverse the short distance from the house to the scene of accident.—Vernon Record.

Plenty of fresher's Coal on hand.
