Business Meeting
On Saturday night preceding the sale a business meeting of the Association was held at which the old officers were reelected, the Bove barn deal o. k'd and a special committee appointed to look into the matter of the erection of a permanent Sale Pavilion. The officers are W. T. Womble, president, C. O. Norton, vice president, and W. E. Dameron, secretary. The meeting disclosed united satisfaction at the handling of the affairs of the association in the past and zeal on the part of every member for the future.

The First Annual Sale of the registered Hereford Breeders Association of Deaf Smith county has come and gone. And the net result was an unqualified success from every standpoint and the assurance that the industry is on a permanent and established basis for the future.

Accommodations had been prepared for 2,000 people in the Cockrell Garage building, but after these seats were filled to overflowing probably as many more people as were seated were in evidence. The sale ring was handled by Auctioneer E. D. Snell of Cambridge, Nebr.; assisted by Auctioneer Fred Well of the same place, Ralph Dawson, representing the Drovers Journal, and Fred Mann, representing the Hereford Journal. The sale was clerked by Secretary W. E. Dameron, E. B. Posey of the First National Bank, and Albert Herbst, of the First State Bank & Trust Company. In addition, W. S. Williams, Rat Jowell, R. D. Mousel, of Cambridge, Nebr., and members of the local Association helped out in the ring and with clerical work.

The auctioneering quartet worked together swiftly and smoothly and kept the action moving constantly. The history of the association and the outline of the first sale were stated in an opening address by Secretary Dameron, who made a beautiful talk along this line. Colonel Snell then took the stand and gave a short address on the importance of the Hereford industry, especially in these times of scarce meat supply.

While the general average of the sale was not as high as it should have been, it was better than the general average for similar efforts over the country, and, considering the fact that this was the initial effort, the figures were entirely satisfactory to the Association members. Colonel Snell called attention to the fact that the cattle that were fat and in good condition were the ones that brought the high prices, and emphasized the point that the fat stuff always brings the price. The seats were comfortably filled with out-of-town buyers, and bidding was brisk from the start.

C. R. Barber's Bright Dominer 709006, a bull calved September 14, 1918, and a half brother of Donald Domino that sold at the recent Mousel Sale for \$6,000, topped the sale at \$1,250.00. He was purchased by J. W. Keim, of Tulsa. Mabel Rex 510242, calved February 1, 1915, owned by Jones & Dameron, brought the highest price for cows, \$1,250.00, being sold to J. C. Copeland, of Hereford.

The sale began promptly at 1:00 p. m. and consumed most of the afternoon. The cattle were housed in the Bove barn opposite the depot and brought up to the sale ring as called. The Association made a distinct hit by the business-like way in which they handled the entire matter. No expense was spared in staging the show. The sale ring and seating arrangements were substantial and comfortable and everything that could aid to the success of the venture was carefully thought out in advance. Secretary Dameron and the other officers were congratulated on all

Following the sale the Association tendered a banquet in the new Farmer brick building at 7:00 o'clock to visitors and local cattlemen and their wives. The banquet was artistically and successfully handled by the local organization of the United Daughters of the Confederacy. A three course luncheon was served. Smith's Orchestra furnished free music for the occasion, and the renditions were appreciated and applauded. Secretary Dameron presided as toastmaster and short talks were made by Mayor Knight, B. N. Aycock, of Midland, Texas, Rat Jowell, J. Lynn Van Natta, of Amarillo, Carl Gilliland, B. H. Connor, of Claude, Texas, Mr. Osborne, of Miami, Texas, W. T. Womble and others. Over half the diners consisted of out-of-town people, many of whom expressed their appreciation of the hospitality accorded them. The repast ended at an early hour, as the bulk of the visitors desired to return to their respective homes on the night trains and via automobile.

The Results
Colonel Snell expressed the opinion, following the sale, that Hereford has firmly established the registered business for keeps, showed a higher general class of stuff than any sale he had attended this year, and was bound to forge to the front as the recognized home of the best blood, in the years to come. J. Lynn Van Natta, in his talk at the banquet, emphasized the point that probably the local people themselves failed yet to realize just what this Association was doing in the way (Continued on page 4.)

Baptist Revival Results in 54 Church Additions

The First Baptist church of Hereford closed a most successful two weeks revival service on Thursday night. Dr. H. W. Virgin, of Amarillo, who has created a most profound impression locally by his powerful presentations of the Bible, returned to his home Friday morning. It is announced that the meeting resulted in a total of fifty-four conversions and additions to the church. Baptismal ceremonies will be held Friday night and next Sunday.

Baseball Squad is Being Rounded Up For Season's Play

The organization of a baseball team for Hereford is proceeding nicely and with a flattering outlook for a real team. A list of some thirty prospective candidates has been compiled, and it begins to look as though a fast and aggressive club can be rounded out. Captain Charlie Bennett will be glad to talk over the matter with any interested parties.

Some Sale Sidelights

It took a smart man to dodge that quartet of Snell, Well, Mann and Dawson, if he had the slightest idea of buying a Hereford at all, or had any cash or credit. It was a smooth-working machine.

R. O. McFarling, of Hedley, Texas, formerly of Hereford, but who left here about thirteen years ago, renewed old acquaintances during the sale. Mr. McFarling is himself a breeder of Herefords and of Poland China hogs.

Smith's Orchestra made a decided hit at the banquet. The haunting strains of the waltz: "I'm Forever Blowing Bubbles" got under the banquet consciousness of those cowmen and they vociferously demanded an encore.

Prof. Fred H. Ives, in charge of the Agricultural Department of the State Normal at Canyon, took advantage of the occasion and brought over several of his students to get actual practice on the real article in judging the sale cattle. The young men showed some expert preliminary training in their work.

T. L. Lipscomb, of Amarillo, salesman for Blackburn Bros., took advantage of the sale to look at the cattle and visit with relatives at the same time. He is a nephew of A. J. Lipscomb, formerly cashier of the Western National Bank of Hereford, who also came up from Van Buren, Ark., to visit his son, Jim, and take in the big show.

R. D. Mousel, a member of the nationally known firm of Mousel Bros., of Cambridge, Nebr., was an interesting character at the ring side. He is admitted to be one of the best posted Hereford men in the business and aided materially in keeping the record straight during the sale and in assisting the auctioneers to get the proper facts about different animals before the buyers.

Carl Gilliland simply could not keep his feet dry. As usual, he became enthusiastic and bought one heifer and really bought another, as he bid \$50 more than the man who got her, but in the confusion his last bid was not heard. Commenting on this at the banquet, Toastmaster Dameron remarked that the registered business already had ruined one good lawyer and now it began to look as though it would ruin another.

One visitor, who has established a reputation as willing to pay the price for good stuff, was Ludwig Irlbeck, of

Happy, Texas. Mr. Irlbeck will be remembered as the man who gave the highest price ever paid in Texas for a Poland China male. The amount was \$5,000, and he also gave \$3,000 for a gilt of the same breed. The stock was sired from the famous Big Bob strain of Manning, Iowa. Mr. Irlbeck is also an enthusiastic breeder of registered Herefords.

Colonel Snell, Mr. Mousel, Colonel Fred Well, Ralph Dawson, representing the Drovers Journal, and Fred Mann, representing the Hereford Journal, who handled the actual work of the auction, were compelled to leave immediately after the sale and drive across country to catch the night train out of Amarillo for Kansas City. Other business engagements prevented them from remaining over for the banquet. Keen regret at the necessity for this step was expressed by the officials of the local Association.

Neat way Colonel Snell had of rebuking the ladies for chatting, wasn't it? Breaking off his spiel abruptly in the middle the Colonel remarked: "Now friends, I just know that the ladies are not doing ALL this talking! You men folks quit it now, and listen to this pedigree," etc., etc.

Barn Gist, wife and family, came down from his registered Hereford ranch near Vega. His father, John Gist, of Odessa, Texas, is also in the registered business. This firm is the one that issued the advertising cards with the following Jew story on them:

"A young Gentile working for a Hebrew, asked for a raise. This is the Hebrew's reply:
In der year der is.....365 days
You work eight hours a day, consequently you works only one-third of the time, or.....121 days

Parker and Miller Selected Members New School Board

Following the election on April 3 for trustees for the Hereford Independent School District, D. C. Laird and C. H. Dyer, who were two of the four elected, refused to qualify for the position, and the burden of selecting their successors devolved upon the remaining members of the Board, as required by law.

The remaining members of the Board, consisting of Mesdames B. F. Guthrie and E. W. Harrison, A. O. Thompson, B. A. Nicks and Roscoe Davidson, have held several meetings of late and carefully gone over the situation before them. A temporary organization, to act until a full board could be had, was formed with Mr. Nicks Acting Chairman and Mrs. Guthrie Acting Secretary. At one meeting G. A. F. Parker was selected to fill one of the vacancies on the Board, and after further consideration Al Miller was asked to accept the remaining place. It is understood that both gentlemen have accepted. Another meeting, probably next Monday, will determine the regular offices of the Board for the year.

Problems such as have never before faced a School Board are staring this organization in the face, and the individual members express themselves as fully realizing the seriousness of the financial and teacher questions but determined to give Hereford the best there is to be obtained from both these puzzles.

KEITH STEGALL'S FINGERS NIPPED IN SCHOOL WORK

Keith Stegall happened to a painful and rather serious injury Monday morning while working in the Manual Training Department at the High School. He caught the fingers of his left hand in the machinery and the ends of the three middle fingers were sliced off. It is believed he will lose the nail tip of the middle finger entirely. At latest reports the young man was resting fairly well.

All City Officials Swear They Ar'nt Guilty of Duelling

On Monday, April 12, Mayor W. M. Knight, City Commissioner J. H. Cardwell, City Secretary Miss Annie Price and City Marshal Anderson Witherpoon qualified for their respective official positions and solemnly held up their right hands and made oath that they had not engaged in a duel with deadly weapons, against the peace and dignity of the state, since the adoption of the Constitution of the State of Texas!

Of course they took oath to several other things, too, as required by law, but it is a fact that the clause about duelling is included in the oath of office of every city official in Texas.

Commissioner D. F. Ashbrook, who is absent in Missouri, has not yet qualified, but is expected to do so, probably upon his return next week.

CHAUTAUQUA WILL BE DISCUSSED AT MEETING MONDAY

Owing to other pressing public business no meeting of the guarantors of the 1920 Redpath-Horner Chautauqua was held last Monday, as stated in last week's Brand. Instead, the meeting has been set for 4:00 p. m. Monday, April 19, at the Western National Bank. All those who signed the guarantee, and any others interested in the Chautauqua movement, are invited to attend this meeting.

ANTI-SALOON MAN MAKES GOOD TALK TO SMALL CROWD

Rev. Louis Albert Banks delivered an address at the First Christian church Tuesday night in the interests of the Anti-Saloon League of Texas. The speaker presented a forceful argument before a small crowd. Many counter attractions at the same hour held down the attendance.

WEEK BEGINNING APRIL 19 DESIGNATED HEALTH WEEK BY GOVERNOR W. P. HOBBY

CHIEF EXECUTIVE OF STATE TAKES STEPS TO AID CAMPAIGN AGAINST DISEASE AND CONTAGION DURING COMING SUMMER MONTHS

MAYOR KNIGHT GIVES SUGGESTION

Believes Different Organizations of Hereford Could Make Campaign Success by Each Taking One Problem And Concentrating on That and Nothing Else

I am informed by the State Board of Health that over 30 percent of the deaths and sickness in Texas is of a preventable nature and modern scientific literature teaches that many of these diseases have their origin in filth, and that many cases of blindness and physical defects are due to a lack of knowledge. NOW THEREFORE, I, W. P. Hobby, Governor of Texas, at the request of the State Board of Health, do hereby proclaim the week beginning April the 19th, 1920, as HEALTH WEEK.

This week to be devoted (a) to the distribution of educational literature on keeping physically fit, and teaching our children preparedness against the pit-falls of disease, through lectures, physical examination and demonstration; (b) an examination into various health ordinances, and perfecting them, pledging moral support and enforcement; (c) a careful inspection of our homes and city and their surroundings; (d) providing facilities, both physical and financial, for the removal of any contaminated or infected places found, and

WHEREAS, my information is that (1) Mosquitoes transmit malaria. (2) Poor housing conditions are comforts and aids for tubercular germs. (3) Dust offers a splendid medium for many germs to be transmitted. (4) Common towel and common drinking cup—both factors in propagating disease. (5) Dumping grounds are incubators for many disease producing organisms if material is not properly disposed of. (6) Hundreds of Texans are victims of rabies from unimmunized dogs, and

WHEREAS, the prosperity of Texas depends upon the health of her citizens, I

THEREFORE, urge every individual, organization, public health authority, public official and the schools of this State to observe this HEALTH WEEK, April 19th to 24th, 1920.

IN TESTIMONY WHEREOF, I hereunto sign my name and have caused the Seal of the State to be affixed at the city of Austin this 31st day of March, A. D. 1920.

W. P. Hobby, Governor of Texas.

The Proclamation of the Governor published herewith designates the week beginning Monday, April 19, as Health Week. It would be a great thing for the city if all of our citizens and especially if the different organizations,

Beautiful Designs For Art Windows Methodist Church

A representative for an art glass company was in Hereford last week and arranged with the building committee for windows for the new Methodist church building. The designs selected are at Hughes and Crouch store. Rev. W. H. Terry has charge of this and two of his members have already arranged with him to furnish memorial windows. Should any other person wish to place a memorial window in the new church, they are requested to confer with the Rev. Terry about the matter at once, for the final orders for the windows will be sent in soon. The walls of the building are now above the second story windows and a stone girde about eighteen inches deep is being laid around the entire building. Two feet of brick will be laid on this stone girde and then the second stone and again two feet of brick and then cap for the walls. This will make the walls about six feet higher than the stone girde now being laid.

including of course all of the women's organizations, would interest themselves in this vital question of HEALTH. And this includes good sanitary conditions of every kind. We, the people of Hereford, are confronted with, and I think I can safely say, threatened with, a number of conditions that are far from being ideal. I wish to call attention to some of them and to request the different organizations in town to lend their assistance in improving them.

There may be instances where the present Ordinances are inadequate and that new ones will be required to get results. But probably it will be found that in the most cases the Ordinances have not been respected by all citizens as they should have been.

For instance the Ordinances regulating the dumping and depositing of trash within the city limits are being continually violated and so far the City officers have not been able to apprehend the offenders. There isn't any sense or fairness in hauling a lot of unsightly trash, refuse and tin cans from one man's property and dumping it on another's property, simply because he happens to be a non-resident, and certainly such conduct does not improve the sanitary conditions of the town. The city administration is entitled to have and ought to have better support and assistance from the citizens in enforcing its sanitary Ordinances.

There are about thirty different premises in town situated on the sewer lines which the owners have made no effort to connect. This means that these people not only are defying the Ordinances but are perfectly indifferent to the fact that they are jeopardizing the whole community to an attack of typhoid. The Health Officer and every other Doctor says that they ought to be made to connect with the sewers. It is possible that the expense of making such connections might embarrass some, but there are others who are amply able to make the connections. Personally, I do not believe that there is a property owner in town who cannot make the financial arrangements to connect his premises with the sewers if he or she will try, no matter whether the property is Homestead or not.

Although this Ordinance was passed six years ago and perhaps more, the City has pursued a policy of long suffering and watchful waiting and has never instituted legal proceedings against anyone for not connecting with the sewers. It has hoped that by exercising patience everyone would connect voluntarily. When so many were glad to connect, some of whom had to pinch themselves financially to do so, it seems indefensible that those who have not done so should be allowed longer to persist in threatening the health and welfare of the community. The city administration has often been importuned by people living in the Events Addition to extend the sewer lines so that they could connect, and a number of them have offered to assist the City financially to make it possible. So considering all of these conditions these delinquents must either arrange to connect voluntarily, or try out the question in the courts. However, of there are any considerable number of property owners within the City who feel that these delinquents should be compelled to connect with the sewers, a petition from them will receive respectful consideration.

There is an Ordinance that requires all Grocery Stores, Soda Fountains and perhaps some other dealers to maintain fly traps about their premises. Some one of the ladies' organizations could be of wonderful assistance in trying to enforce this ordinance. There are ordinances requiring that the meat markets and stores where food is sold should be kept clean and in good sanitary condition. Some other organization might lend its assistance in an effort to see that these ordinances are complied with.

There are ordinances requiring the sidewalks to be kept clean and clear of obstructions so that the water will not stand on them after or during rains. Some organization might help in getting this Ordinance enforced. It isn't fair or right that some woman wearing (Continued on page 5.)

The School Board

It seems to The Brand that the members of the school board deserve the applause and commendation of our people generally for the cautious and sensible way in which they have approached the matter of filling the two vacancies caused by the failure to qualify of Messrs. Dyar and Laird, and also for their acumen and common sense in making the final selections.

While the school board is always an important place for any man or woman to fill, it appears to us that the coming year will require more work, more attention, more vision, more executive ability on the part of the board than ever before. The members of the board evidently looked at it in that light in their selection.

This is certainly a time in our community life when all partisanship, all selfishness, all prejudice, all personal friendship, all else but ability and fitness for the job in hand must be laid aside and a united pull made for the good of the schools. The Brand believes that in Messrs. Parker and Miller no wiser choice could have been made. No man will challenge Mr. Parker's ability, interest and rich experience which peculiarly fits him for the arduous duties ahead of him. Per-

haps there is not a man in Deaf Smith County as familiar with property values or one more versed in everyday business affairs than Mr. Miller.

There appears to be a reason for a sigh of relief from the parents of the Hereford Independent School District. While the problem looms large, the new Board appears to be perfectly capable of handling the situation.

The Hereford Breeders Association is to be congratulated upon the able and business-like handling of their First Annual Sale. A solid foundation has been laid for the future. We suggest that the names of the twenty-two men who consigned cattle to this Sale be preserved—they will be remembered in years to come as the pioneers of a great and good movement for the real development of Deaf Smith county.

Remember the Chautauqua! It starts May 24. Charles F. Horner says the 1920 program is the best in his fourteen years of experience, and that will be going some. Back up the men who guaranteed this great uplifting attraction for Hereford. The Chautauqua will leave behind it something that will aid the growth of better citizenship for this community.

The windy spring has been trying, and there is the usual crop of pessimists who predict a dry year and nothing good for the future. But remember the beautiful weather to come in the summer and forget it. All the coons are not up one tree in any country.

The ideal garden spot is seldom found, but it is often possible to choose a location that embodies a number of the more important conditions and then supply others. The difficulties of the first season are greater than those of subsequent years, and a garden plot if properly handled will improve with each season's cultivation.

From the People

To The Brand:

I understand that the Hereford schools need \$5,000 more money this year than will be brought in by taxation in order to have sufficient funds to employ a good trained teacher for each room. We cannot have a good school without good teachers, and we cannot get good teachers without paying good salaries. Five thousand dollars more money will do the work. There appears to be only one way to raise it this year, and that is by donation. Next November we are to vote on an amendment to the constitution which, if it carries, will enable us to raise enough money by taxation to have a good school. But we must meet the emergency this year by going into our pockets and raising this \$5,000.

One year's school life of the 500 boys and girls of Hereford is too important to pass over lightly. The greatest investment we can make is to raise this \$5,000 and have every grade in our school up to the best standards.

Put me down for \$150 now, and more later if necessary. The school must not fail for lack of sufficient funds. We have a good school board and they will do their part, but they must have sufficient funds to give us a good school. And the good teachers over the country are daily being tied up in contracts for the coming year, so that if we act at all we must act now.

The most important thing for Hereford is good schools.

Very truly yours,
T. K. Wilson.

brough, John W. Newbrough, J. K. Griffith, Myrtle Griffith and J. W. Newbrough are defendants.

The nature of Plaintiff's demand is as follows, to-wit: The Plaintiffs sue the Defendants for a partition of the W. 1-2 of Block No. 7 of Welsh Addition to the Town of Hereford, containing ten acres, situated in Deaf Smith County, Texas; also all of the W. 1-2 of Section 16, Block B, School File Number 1239 in Deaf Smith and Parnier counties, Texas, containing 320 acres.

Plaintiffs allege that Plaintiff and Defendants are all joint owners of said lands, excepting the Defendants J. K. Griffith, J. B. McMinn, and Alvie Wilson, who are alleged to own no interest therein but are husbands of the defendants Myrtle Griffith, Brunett McMinn and Lena Wilson, respectively, and are made parties, pro forma.

That Plaintiff each own a 1-7 undivided interest in said property and the following Defendants own, respectively, the following respective undivided interest therein: Thomas Witherspoon, Hal Witherspoon, and Brunett McMinn each own 1-28 undivided interest; Annie Witherspoon and Hal Ray Witherspoon each own a 1-56 undivided interest; Jennie Witherspoon owns a life estate in 1-3 of the interest of the two last named Defendants; Lena Wilson, Ray Roberson and Charley Roberson each own an 1-24 undivided interest; Beulah Roberson owns a life estate in 1-3 of the interest of the three last named Defendants; Myrtle Griffith, Oliver C. Newbrough, William Roberson, Newbrough, Edgar Mallory Newbrough and John W. Newbrough each own an 1-35 undivided in-

terest; and J. W. Newbrough owns a life estate in 1-3 of the interest of the last five named Defendants.

Plaintiffs charge that it would be better for the estate, to sell said property and partition the proceeds and pray for the partitioning by selling the property and dividing the proceeds, according to the parties respective interests.

Herein fail not, but have you before said Court, on the said 3rd day of May, 1920, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Hereford, this, the 17th day of March, 1920.

CASTRO COUNTY

Political Announcements

The following Castro County candidates authorize us to announce them for the office under which they are listed, subject to the action of the Democratic Primary:

For County Judge:

- B. D. Woodlee (Re-election)
- O. H. Reeves

O. H. REEVES OUT FOR COUNTY JUDGE

Dimmitt, Texas, 4-12-20.

To The People of Castro County: I announce to you that O. H. Reeves is a candidate for County Judge of Castro County, subject to the will of the People at the Democratic Primary in July.

Mr. Reeves came to Texas four years ago and, being a worker, has painted many houses in Dimmitt and the surrounding country. Also being a Christian hearted gentleman believes in attending to his own business and letting other people alone. Having graduated in High School forty years ago and receiving a certificate, and having been forty years in the School of Experience, he feels he is well qualified to attend to the business of the office.

Believing in equal rights to all and special privileges to none he promises, if nominated and elected, though he be rich or poor, high or low, everyone shall receive the same due respect as another.

Make no mistake, but vote for Reeves. (adv.)

A Friend.

DIMITT

The Dimmitt schools closed Friday, April 9th, and the commencement exercises were held at the High School Auditorium at 8 p. m. on that date. President Atwood, of the Wayland Baptist College at Plainview, delivered the address to the graduates. Those who finished the course this term are: Vera Johnson, Dora Bell, Mary Cowser, Jack Cowser and Leland Smith.

On Sunday evening Mr. and Mrs. M. Cowser entertained the class at 6 o'clock dinner. Those present, besides the class were W. J. Minor, Doris Winkelman, Irene Tidenburg, Mattie Hawkins, Frankie Kerr, Bettie Rose Kerr, Fannie Cash, Leola Shuford, Tennie Hastings and Miss Eva Rowan, or Artesia, New Mexico.

Miss Mattie Hawkins, teachers of the Primary Department of the school at this place, left for her home in Swisher county Saturday.

Mrs. Jesse Hodges, of Lubbock, is visiting her mother, Mrs. C. E. McLean, this week.

R. A. Holland, formerly of this place but now of Lubbock, was shaking hands with old friends in Dimmitt Friday.

Mr. Dow Duree has accepted a position in the City Garage.

The Ladies' Aid met with Mrs. McCollough Saturday and as that lady is to leave us in a few days, the ladies

braces.

Mrs. Dickey, of Electra, who has been visiting her mother, Mrs. Baxter Easter for the past week, left Thursday for her home.

A home talent play will be in Dimmitt next Friday night. The play is entitled, "Tony, the Convict," and is being put on by the Hurley High School for the purpose of raising funds.

Mrs. Patton and daughter, Ethel, of Amarillo, are visiting at the Patton home this week.

Miss Irene Tidenburg left for her home in Bovina Monday.

The worst windstorm for several years hit this county Saturday, inflicting considerable damage, especially to windmills. In some places it is thought the wheat is damaged considerably.

Rev. Florence occupied the pulpit here Sunday night in the absence of Rev. Lindley.

SUMMERFIELD

Judge Hughes received information Monday from Austin imparting the decision and approval of our School Bonds. The patrons of the district realize that material and labor are much higher priced than they were a year ago when the bonds were voted. We want to put up a real school building. Therefore, let everyone in the district put his shoulder to the wheel and help. It isn't an accommodation; it is our duty to do so. If each man gives a day with team force, the work of excavation and sand-hauling can be done without cost and that money reserved for equipment. Nothing illustrates better the community characteristics than that "Temple of Knowledge," the schoolhouse. The Summerfield people intend to all go to work in earnest now and pull together until the schoolhouse is complete. If there is a slacker, he will stand out so prominently alone in this case that to avoid the stare of the

fall right in line with the majority and work. Let everyone volunteer his willingness to do, and do it.

Mrs. S. J. Rice has been on the sick list the past week.

Frank Sparks and wife are visiting relatives in Panhandle this week.

Miss Ione Kenney spent the weekend with friends in Amarillo.

Mrs. George Storey, who has been very sick, is some better at this writing.

S. J. Rice made a business trip to Black last Monday.

The large tank which blew from Black to Summerfield recently is still stacked down along the roadside by Mr. Cannon's fence.

Mr. Odell is still making improvements on his place south of Summerfield. He recently erected a nice four room dwelling and now has finished a new garage and new model chicken house.

Mr. and Mrs. Joe Huckert visited Sunday with Mr. and Mrs. Woskoski in Hereford.

John Gaetz is putting a new roof on his house this week.

Edgar Mosley's shed blew down last Saturday and Percy Estes' windmill blew off. But all the damage so far reported is of minor consequence compared with the hurricanes of other places.

A great many from our district attended the Hereford Breeders Association Sale in Hereford last Tuesday.

Mrs. Lyda Amends, who lives north of Hereford, is visiting her parents, Mr. and Mrs. Laughlin.

The Summerfield ladies spent the day last Thursday with Mrs. G. J. Ness and helped her sew. Mrs. Ness expected to start on her trip to Norway early in May but has received word that on account of heavy traffic, the first liner

the fifteenth of July.

The family of Frank Jacobs have all been sick this week. An attack of cold and La Grippe seems to be among us.

A force of men are working on the railroad grade between Summerfield and Hereford and the construction gang's cars are stationed on the siding here at present repairing the telegraph line and making the poles all shorter and re-setting them.

Mr. and Mrs. B. C. Roberson have been attending the Baptist revival meetings in Hereford. They report a fine meeting and good results.

The only one of us who still has a good prospect for early fruit since the hard freeze the night of April 3, is Wayne Murdock. He protected his trees from damage by irrigating plentifully, as soon as he saw the danger and kept them well watered until the weather warmed up.

Mrs. Rice and Mrs. Hollis Galley called on Mrs. G. L. Ham Thursday afternoon.

Mrs. Mary Tyce, of Hereford, visited the first of the week with her son, Chancey Tyce, and family.

On account of uncertainty in procuring cars in which to ship grain, Mr.

down regular caravans of grain. Wagons and trucks loaded with different kinds of threshed grain are being hauled for miles to Summerfield and a great many are contracting the sale of it here and piling it on the ground.

Grass on the range is looking green everywhere. A light shower would be a world of benefit to everything at present.

Farmers have about concluded that oats was damaged very little, if any, by the recent freeze.

Johnston—Powell
 Thomas L. Johnston and Miss Maude Belle Powell, both of near Bellevue, New Mexico, were united in marriage in the County Clerk's office Thursday at 2:30. Judge Hughes officiating. Immediately after the ceremony they returned to Bellevue where they will make their home.

Honoring Mrs. Upchurch
 Mrs. Homer Wilkinson was hostess to a few friends Wednesday evening in honor of Mrs. Grace Upchurch, of Roswell, New Mexico, who is a guest in the Wilkinson home. Four tables were placed for five-hundred and a merry round of games was enjoyed. Refreshments of ice cream and cake were served by the hostess.

Music Study Club
 The members of the Music Study Club are now making preparations to hold a Sacred Concert in the near future. Much time is being spent to make this something really worth while and it is hoped that not only the members of the Club, but the outsiders as well, will take an interest and make the entertainment one that everyone will enjoy.

Delphian Club
 All members of the Delphian Club are requested to be present at the meeting April 19 at 2:30. Though you have not taken the study course, come and vote on an important matter. Our study will be "Medieval Drama." Mrs. Rogers will conduct the lesson. The special topics will be given by Mesdames Donald, Elliott and Ferguson. The questions on the lesson are found in outline book of sixth month, "Drama in the Middle Ages."

From Mrs. Powelson
 Barnard, Kansas,
 April 4, 1920.

To My Hereford Friends:
 We landed in Barnard on Tuesday, the 23rd of March. Had a pleasant journey, but the dust was blowing just like in Texas. It snowed all day yesterday and drifted in great piles, although it isn't cold.

I want to thank the friends, who so kindly put our lunch up for us. It was fine and plenty of it.
 All are well, and we want The Hereford Brand sent to us so we can keep in touch with Hereford.

Mrs. Edith Powelson.

A Dinner
 On Tuesday, April 13, Club members and friends of Bobo McLean gathered at the home of Mr. and Mrs. John McLean, where a beautiful scene awaited them. The house presented a festive appearance for the occasion.

From a table gay with spring colors brought about by the use of cut flowers and cleverly made flower nut baskets, a delicious two course buffet supper was served. The menu consisted of chicken salad, potato chips, sandwiches, coffee, pickles, pumpkin pie with whipped cream, salted peanuts, and divinity.

Favors for the girls were pink carnations. Assisting Mr. McLean in entertaining were Mrs. John McLean and Mrs. Seth B. Holman. Those enjoying the hospitality of the evening were, Misses Elzina Mounks, Douglas Wilson, Cotta Sisk, Mary Bourn, Mary Fox, Bonnie Chamness, Clara Dunlap, Mrs. Grace Upchurch, and Messrs. Jno. Williams, Jonathan Pitman, Fred Oberthier, A. Lawrence, Roy Jowell, Cliff. Acker, and Loren Gallagher.

Birthday Party
 Saturday, April 10, being the birthday of Roy Smith, his mother, Mrs. C. E. Smith, entertained a number of his friends with a soap-bubble party. Upon arriving, the guests were invited into the dining room where was awaiting them a huge birthday cake, containing eleven candles which were green and white. The cake was cut in large slices that please eleven year old boys and then as a climax to the refreshments dishes piled up with ice cream were placed before them. After having finished their eats, the table was cleared and the boys spent half an hour blowing soap-bubbles. Also many other interesting games were enjoyed during the afternoon.

Those to enjoy the occasion were: Wayne Bowers, Harold and Carroll Laird, George and Richard Jowell, Duane Orr, Jim Potts, Jim Gilliland, Hollis Clark, Jess and William Russell, William Parker, Finis Williams, C. R. and Roy Smith.

Myers Recital
 On Saturday night, April 10, the local pupils of Prof. Emil F. Myers, of the Amarillo Conservatory of Music, gave a Recital at the First Christian church, which was greatly enjoyed by a good sized audience. The well balanced program given below was rendered: Trio, Amarillis—Parlow—Annie Price, Mrs. Davidson and Helen Lee.

Schoolhouse Street
 Though time has led me past the place where School House Street merges into the broad road of Life, lingers still, the teachings and influences there imparted. To one, the most wonderful teacher of my school days, Mrs. Catherine Nunley Kerr, I dedicate these lines.

Children passing down the street,
 Schoolward bent, the little feet,
 Each in search of wisdom's lore
 Paths that scholars trod before.
 Hear the dancing little feet—
 To the baby faces sweet,
 Eager for the tasks begun,
 Life is play from sun to sun.
 Ah! the maid of fairy grace,
 Beauty dawning in her face,
 Thou who guards the childhood's days,
 Lead her through life's tangled maze.
 Comes youth's adolescent feet
 Laggard slowly down the street,
 Nothing matters, his no cares,
 Time has caught him unawares.
 Steady, firm, the manly tread
 Of youth by ambition lead,
 Head erect and flashing eye,
 Makes suspect of courage night.
 Thou who shapes these tender lives,
 Who, to promote knowledge strives,
 Lead them safe, there's no retreat
 When they have passed down Schoolhouse Street!
 —Vivian Edith Rayzor

Like an invisible octopus working in the dark did this mysterious band of crooks work their deep laid plans—men of power spoke in their councils—they came from all walks of life, each a leader in his field. They committed the most daring robberies—the boldest murders—everyone feared them. But a girl whom they tried to enmesh turned the tables on them. The girl is Ruth Roland and the romantic adventures of dramatic interest happen with a mile-a-minute clip in "The Adventures of Ruth."

Mrs. Louis B. More, who is a daughter of Dr. J. N. Bolard, formerly of Hereford, spent Wednesday and Thursday in Hereford looking after land interests near here. Mrs. More is deeply interested in the Interchurch World movement and was recently sent out from her home in Denver on a speaking tour in Colorado in the interests of this work. While in Hereford Mrs. More was a guest in the home of Mr. and Mrs. G. A. F. Parker.

R. O. Crouse, a banker of Beattie, Kansas, arrived in Hereford Monday for a look around, after spending a few days in Farmer and Castro counties, where he and associates own land. After arrival here Mr. Beattie decided to remain over for the Breeders Sale on Tuesday.

Mr. Crouse was much struck with the registered cattle industry and irrigation possibilities of this territory, and had many nice and complimentary things to say about this section generally.

A sixteen piece band is now assured for the summer months. About twelve local musicians have been coming out regularly for practice, and four additional members are promised as soon as another instrument or two can be secured. The boys are all old heads and are rapidly rounding into form. New Music has been ordered, and before long the music-loving Hereford public will have the pleasure of listening to good band music on frequent occasions.

No formal action has as yet been taken by the City Commission on the matter of allowing the Light & Power Company to raise their rates, as recommended by a mass meeting, and by a special auditing committee appointed at that meeting.
 It is understood, however, that in view of these recommendations the Commission will in all probability pass the necessary order upon the return of Commissioner Ashbrook and enable the Company to take advantage of the new rate on their April bills.

are back home from attending the Presbytery meeting of the Parkside Presbyterian church, held at Haje Center the first of the week. Haje Center's new church building was formally dedicated at this meeting, the dedicatory sermon being delivered by the Rev. R. Thomson, of Amarillo.

The high winds of the preceding weeks continued on last Saturday and Sunday, but the succeeding four days were all that could be desired. The top of the ground is getting dry and rain is badly needed, although a good bottom season still holds on.

Ruth Roland
 has the key that opens the door to Romantic Adventure—
 That unlocks the treasure vault of thrilling interest—
 That discloses mystery to hold you breathless; interest that enralls, mystifies and carries you along with it at a mile-a-minute speedy action.

Just Imagine
 Thirteen keys that unlock the doors to thirteen adventures of surprise and daring—
 A peacock fan of rare value and beauty—which the mysterious band would give millions to possess—which will rob a girl of her birthright—and would—
 But Ruth Roland tells it in pictures—full of those moments that hold spell bound with pep and whirlwind suspense—

DESIGNATED HEALTH WEEK

(Continued from page 1.)

high priced shoes should be compelled to wade through a pool of water covering a side walk, just because the owner of the abutting property has allowed the dirt to pile up on both sides until it is higher than the walk. To maintain one's sidewalks in that condition will not gain one popularity with the ladies, and it ought not to. They would all be abundantly justified in going to the courthouse en masse to testify against him.

Perhaps some organization might lend its good offices and efforts in looking after the milk and meat supply and in seeing that the approved methods of caring for and handling the milk and in slaughtering and caring for the meat are constantly and continuously used.

There may be and probably are other things that the organizations of the town and citizens generally could give some attention to, and in a way look after, that would contribute greatly to the general sanitary conditions and the good health that will result therefrom, and in so doing, perform a real service to themselves and to the community generally.

On account of the limited amount of money at the disposal of these small towns like ours, it is difficult and almost impossible to do what must be done to maintain first class sanitary conditions. It would require at least one and perhaps two salaried inspectors on duty all the time. This expense the small cities cannot stand. And then it is very likely impossible to find the man who would serve well at this work. Unless one can be found who will serve well and efficiently, it is a waste of money to hire him.

So I suggest and request that the different organizations of the town some time during the HEALTH WEEK proclaimed by the Governor, call special meetings and consider these various questions and that each organization highly resolve that it will pay attention to some particular thing, and in a way take the supervision of that thing in charge, and see to it that the Ordinances applying to it are enforced, or if new Ordinances are needed that they are adopted by the City Commission.

You need not bother about those who are delinquent in connecting with the sewers, unless you really feel that it would be unjust and unfair to try to compel them to connect. The City Commission will attend to them. Unless you protest against it, they will get an invitation to call at the courthouse some morning.

The Mayor will be glad to meet with any organization, or with all of them, if the meetings can be arranged so that they will not conflict, and to assist in any way within his power.

He has thought and read much about the question of the value of HEALTH and the importance of sanitary conditions. In the seclusion of his chamber he has HIGHLY-RESOLVED, that he will exercise his best endeavors this year to make Hereford a cleaner, neater and more sanitary town than it ever has been. This resolve was at least justified and perhaps demanded by the fact that a few days ago he was for the fifth time elected Mayor.

The Mayor thinks he is no Slacker. He knows he is willing to serve but he protests that the whole burden should not be allowed to fall on his shoulders. If the people generally agree, let's "start" something during HEALTH WEEK.

Respectfully,
Wm. M. Knight, Mayor.

in said county, but if not, then in the next county where a newspaper is published, to appear, at the next regular term of the District Court of Deaf Smith County, Texas, to be holden at the Court House thereof in Hereford, Texas, on the first Monday in May, A. D. 1920, the same being the third day of May, A. D. 1920, in a suit numbered 1238 on the docket of said court wherein A. J. Howton is plaintiff, and Aaron H. Brubaker, and wife, Elizabeth Brubaker, and John H. Huxtable, and the unknown heirs, their heirs and legal representatives, respectively, of Aaron H. Brubaker, and wife, Elizabeth Brubaker, and John H. Huxtable, deceased, are defendants, said petition alleging that the plaintiff is now and has been for sometime the owner and holder of the fee simple title, as well as in the peaceable possession, of a certain tract or parcel of land in Deaf Smith County, Texas, described as Section No. 58, Certificate No. 1-54, grantee B&F, Block K-7, and containing 650 1/2 acres.

Plaintiff claims said land by fee simple title; that he has title to said land by written conveyances of record vesting title in him, and also claims title by virtue of open and adverse use and possession and paying taxes thereon for such length of time and under such tenure as to give him right and title thereto by the statutes of limitation of the State of Texas of three and five years.

That the unknown heirs of said deceased party or parties are unknown to plaintiff, and the places of residence of all of said defendants and all the unknown heirs are unknown to plaintiff; that said defendants, other than the unknown heirs, are claiming some sort of interest in and to said property, which casts a cloud upon plaintiff's title, and one of the instruments under which the plaintiff holds title is irregular in that it does not contain the written consent and authority of all those beneficially interested in the land to make the conveyance, and such defect creates a cloud on plaintiff's title, which he is entitled to have removed as set out in plaintiff's petition.

Plaintiff prays that the defendants and each of them be cited in terms of law, and that upon final hearing he have judgment vesting and decreeing in him the fee simple title to said land, free from any and all claims of each and all of said defendants, and removing the cloud from his title, so that he shall and will have and hold said land against all such persons, unknown heirs of deceased persons and further prays for general, special, legal and equitable relief.

HEREIN FAIL NOT, but have you before said court at its next regular term, this writ with your return thereon showing how you have executed the same.

Witness, A. O. Thompson, Clerk of the District Court of Deaf Smith County, Texas.
Given under my hand and seal of said Court at office in Hereford, Texas, on this 31 day of March, A. D. 1920.

Texaco and the Farmer

THE progressive American farmer is a combination of scientist, business man, and machinist. He purchases with discretion and uses with care the various implements for the farm or plantation. Keeping his machines in working order is an important item and many farmers turn to *Texaco Farm Lubricants* for protection against wear and tear on machines.

The farm tractor is a shining example. For not only do we supply Machine Oils, Cylinder Oils, and Greases for all makes of tractors, but we have solved for this important adjunct to the progressive farm one of its greatest difficulties. That is to say, we have developed for the tractor a positive lubricant and protector for the heavy gears, chains and sprockets. This is *Texaco Crater Compound*.

This great lubricant for gears is more than paying for itself in the prolongation of gear life, and in the reduction of time and expense for lubricating under some of the hardest mechanical conditions, such as under exposure to weather, pressure, flying dirt or water.

CLEAN OFFICERS CAPTURE BURGLARS

In their efforts to capture two young boys, charged with the burglary of a Tampa store several weeks ago, and who broke out of the county jail at 7:30 Sunday night, Deputy Sheriff W. W. Kibler and Constable W. C. Foster got off on the wrong trail Monday morning and made quite a rich haul when they arrested four alleged burglars, who, according to the statement by one of the prisoners, escaped from jail at Okmulgee, Okla., on April 10, and were cognizant of the burglary of a store at Erick, Okla., Sunday night.

Kibler and Foster had been up all night keeping close watch on all trains from the prisoners who escaped from the county jail, and at four o'clock Monday morning Mr. Foster saw an automobile in town. Thinking the fugitives had stolen a car to make their get away, he telephoned Tom Waters, a man living two miles east of town, to stop them and held the two boys in the car until the other two arrived; the other two men having gotten out somewhere on the road the part of the loot. Finding the boys differed from the description furnished by the Sheriff, but being suspicious of them, the deputy and constable searched the car and found a quantity of goods which obviously had been stolen. They were then placed under arrest and investigation begun.

One of the prisoners made a statement which revealed that there were three others, for one of whom he said he was aggregating \$1,500 were offered. He stated that the night they escaped from the Okmulgee jail, after overpowering, binding and gagging the guard, they got a Velle car at Breggs. Traveling by night and hiding, they reached Erick, Okla., Sunday night, where he says a dry goods store was entered and some \$3,000 worth of merchandise taken, consisting of ladies' high grade wearing apparel and some men's clothing, but they were not arrested.

A second arrest was made at 8:30 p.m. Monday morning, as the man was walking across a pasture at the edge of the farm. Inquiries were made by telephone at farms in the part of the country where the fourth was supposed to be. After several inquiries his approximate location was ascertained and the officers succeeded in getting him Monday afternoon at 1 o'clock, being assisted by D. N. and Walter Foster. All the goods were recovered. A reward of some \$400 is to be paid for these arrests and return of the stolen car. The \$1,500 is said to be offered for one of the boys. A total of numerous rewards will be paid only if the prisoners can be delivered.

MAN TAKEN FROM TRAIN DEAD

He was taken to his home town, Duncan, Okla., to visit his mother, Mrs. J. Clyde Ward, 25, died suddenly 20 minutes before arriving in Duncan, being beyond medical aid when taken to the offices of the Drs. Waggoner Bank building, on Monday.

A letter from his mother was found in his pocket. It dealt mostly with the future of her son, Clyde, and the happenings and discussed matters of mutually personal interest.

Clyde was two other young boys of his own age who were also bound. They told Justice of the Peace T. J. Griffiths that Clyde died 15 minutes after taking a sedative which one of the boys had for him in a drug store. Justice Griffiths rendered a verdict of "death due to heart failure induced by excessive bromidism."

According to his companions, he was working at a soda fountain owned by one of his brothers and had planned establishing a business.

His father is a brother-in-law of the county clerk, Duncan, Okla., from whom a letter, dated Monday, was found in the former's pocket.

He was a corporal in an infantry company of the Second Division more than a year of service. His relatives have been notified.

STATE OF TEXAS
Deputy Sheriff or any Constable of the County, Greeting:
Whereas, it has been made as required by law that the next regular term of the Court of Deaf Smith County, Texas, shall be held on the first Monday of the month of April, 1920, the same being the 15th day of April, A. D. 1920, then and there a petition filed in said court, numbered on the docket at No. 1236, wherein H. E. Jackson are Plaintiffs, and Howard Naylor and Maurice M. Avery Timeliness

The strongest point in favor of the use of the farm tractor is the timeliness with which the owner can perform his work whether plowing, seeding, harvesting or what not. Proper plowing at the right time—proper discing at the right time—proper seeding at the right time—all mean increased yields.

Many Avery tractor owners have written us of the increased yields they have been able to raise with tractor power. During the past year we have received a large number of letters and they report an average increase per acre of 6 to 10 bushels of wheat. Many a tractor owner has been able to pay for his Avery Tractor this past year out of the increased yields produced.

Horner Says His Speakers Are a Concert of Thoughts

Charles F. Horner of the Redpath-Horner Chautauqua circuit, who will stage the Hereford Chautauqua here in May furnished The Brand with the following sketches of six of the orators who will lecture:

Will Law and Order Prevail? Will the great mass of American people retain their senses? Will un-American institutions dim the lustre of our country's history? Will a confusion of foreign tongues destroy the harmony of American speech? Will our Constitution remain the supreme rule of order? Will America continue to grow in its ideals of Liberty, Justice, Equality? Dr. Frank L. Loveland answers, and he shows the beginning and the cause of Bolshevism. He denounces lawlessness. He is one hundred percent American, and he is the founder and President of the 100 percent American Club, a national organization. He thrilled uncounted thousands of people last summer in his mighty lecture, "The Perils of Democracy." Since then he has devoted months of toil and research to perfecting his masterpiece, his new lecture. He is coming back to Chautauqua because thousands of people insisted he must come back to continue what he began last year. He will have a favored place on the program, and lawlessness, disorder, Anarchy, Bolshevism, will stand on trial as this master orator develops his arguments.

Strategic America: By Pattison Kline, of Chicago, a new man in the west, excepting for a few of the larger cities, and a great orator, a great student, and expert in the study of internationalism.

In many of the best cities of the east and middle west he has spoken three, four and as many as eight and ten times.

He briefly traces the history of America and the political and economical development. He shows the effect of the war on our national unity, military training, and need for rapid industrial and scientific mobilization, the relation of our raw materials to the financial structure of Europe, and our national sense of power. He shows why a continuation of our international leadership is necessary, and how our future depends upon the fidelity to the American idea, and then he analyzes the American idea.

As stated, he is a deep student. He brings expert thought and testimony to a tremendous subject. He is unbiased and non-partisan, gifted with a great power of oratory, he stands in the role of a teacher analyzing huge problems to the complete understanding of his audience.

"Gatling Gun" Fogleman: His right name is Harry L. Fogleman. He gained his title because he is a rapid fire speaker. It is said of him that he can say more words in a minute than any other man in the world. He has trained more salesmen and delivered more ginger talks in more business institutions than any other one man in America. He is an orator on the philosophy and ethics of business. He is an analyst of success and failure. He finds beauty, joy and happiness in the business of life. He shows the reasons why some men are successful and some are failures. He goes about through the biggest cities in the country, speaking to people of all classes, giving them a new grip on themselves. Many a business man, many a teacher, many a farmer, and many a laborer has found the turning point to his success in his work in Fogleman's lecture. He can help you solve your big problem. You will be more successful after you have heard his lecture, and you will be a lot happier, too. I could write you pages and pages of the success that "Gatling Gun" Fogleman has enjoyed. I hope you will not fall to hear him at Chautauqua.

More Americanism—in the home and in the school. Dr. F. E. Gordon: He is a most sincere man. He has been lecturing for nine years. His logic is

simple and forceful, but accurate. He is entertaining, deep thinking, soul stirring. I cannot better characterize Dr. Gordon's lecture than by saying that it is helpful. It makes for better community spirit, a higher degree of neighborliness, better feeling in the town generally, for loftier thoughts and greater ambitions in our young people. It is an honest, sincere, capable, inspiring lecture, which I hope you will be sure that you and your young friends will hear.

Ernest C. Mobley in "America at the Crossroads": More Americanism you see. Don't get the idea that these lecturers are saying the same things. I have been mighty careful about that. I have worked for months to make this a concert of lectures. We have one major subject and we are treating it from many angles. Mobley has had an interesting career. He is a graduate of several schools; he is a lawyer, preacher, and he has taught school and been a traveling man. He has been a newspaper correspondent. He lived three years in England and some time in Canada. He was in Paris during the Peace Conference. He is a public spirited man and at present he is a pastor

Thomas H. Ince presents
CHARLES RAY

In "HAY FOOT, STRAW FOOT"

When Charles Ray comes to town, it is considered nothing more than a friendly duty to spread the good news to every soul who can laugh and enjoy a great warm slice of human nature. No need to tell you about Charles Ray. His charm, his humor, his healthy, wholesome humanness have made him one of the half-dozen greatest players on the screen to-day. "Hay Foot, Straw Foot," which will be presented at the Star Saturday night is something entirely new for the Star, and you can just bet your life you will have a great time watching this picture. And there's also a two reel comedy to help out with the fun. Saturday night at the Star.

of a church in Amarillo, Texas. He is a man we have been looking for for a long while to apply the principles of Christianity, the principles of the brotherhood of man to the problems of the day. He is a big sincere gentleman of wide experience, fine spirit, great principles and high purpose.

Dr. Hilton Ira Jones: This is an age of industrial development. Don't you think it would be interesting to see some of the inner workings of scientific action? Here is a man who conducts a lot of wonderful experiments right before your eyes. He has the stage littered up with apparatus and he does some very strange things, and then shows how simple they are. Don't think you won't understand, because the purpose of Mr. Jones' lecture is to make you understand, these things. I will tell you what happened many times in previous Chautauqua seasons. Many, many people have driven miles and miles after their own Chautauqua to the next town to hear Jones the second or third time. We know of cases where people drove 120 miles to hear him again. We know of one case where eight cars drove to the place of his next engagement so that their occupants might hear his second time, and these were not young folks out for a good ride either—they were interested citizens who were charmed with this great lecture. It is a whole show, this lecture of Jones'. Bring all of your friends and watch this scientist draw back the curtains and give his audience a glimpse of the future of scientific advancement, a glimpse which I assure you will make you gasp.

TEN MONTHS OF WORK

VS.

TEN MINUTES OF HAIL

It takes ten months of work and care to raise a crop, from the breaking of the ground, on through the planting and tending, protection from stock and pests—before it is ready for the harvest.

It takes ten minutes of hail to utterly destroy the result of all this season's work, and leave the farmer unable to meet his obligations and face to face with want and suffering unless he has shown business judgment and foresight by protecting himself with an insurance policy against Hail in one of our tried and tested companies.

The cost of such protection is small. The benefits are large. Our companies have millions behind them and an unblemished record for fair and honest adjustments properly and cheerfully paid.

If not convenient to pay premiums now, we are in position to handle your notes without interest until crops are harvested.

Insure your crops against hail storms today.

Buy Wisely

There is a point in clothes where the utmost Quality is reached. To buy for less means inferiority—a short-lived suit that proves the most expensive in the end. To pay more means extravagance—a foolish waste of money.

Our Specialty is making clothes for well-groomed men who know the value of being well groomed—and who buy safely, but wisely.

Proof awaits you—no obligation when you come in to talk it over. You're a guest here until you decide to become a customer.

BOVINA

(Too Late for Last Week)

Born in Bovina, last Tuesday, a boy to Mr. and Mrs. J. H. Stagner. And on Friday, to Mr. and Mrs. J. W. Lovelady, a girl.

Nelson now has a position of helper at the depot.

Rev. and Mrs. Forbes were visitors here Saturday.

In the school trustee election here last Saturday, Roy B. Ezell and Al Berggren were successful candidates.

We are glad to be a station on the

new highway from Clovis to Estelline. A delegation from Clovis, Farwell and Tulla met our business men here one day last week and decided to map out the road from here east.

Mr. and Mrs. Jim Martin have moved back to town after a residence of several months on the ranch.

Mrs. G. W. Lambert has a recent letter from her sister in Germany in which she speaks in the highest praise of the United States. She also states that the common people are glad to be free from the autocratic Kaiser rule.

The school meet here Saturday was well attended, but on account of the extremely high wind only a few athletic events were carried out.

FRIONA

Rev. and Mrs. W. H. Hurlbut, and Rev. Barton, of the Congregational church at Amarillo, were visitors in this community from Wednesday until Friday of last week. Rev. Hurlbut was formerly pastor of the Congregational church at this place and their many friends here were very glad to see them. He is at present the pastor of the church of Medford, Oklahoma, but being in poor health, he has for the past few weeks been in Amarillo taking treatment from one of the physicians there. His Friona friends sincerely wish him a speedy recovery.

Rev. Barlow, of Amarillo, and Rev. Willman of this place, will exchange pulpits next Sunday, in pursuance of a plan proposed by Dr. A. E. Ricker, Superintendent of the Congregational churches of this state.

Jim Henderson, who has been assistant with the big truck used by the Prairie Oil and Gas Co. here, was called

by the Company to Channing to take charge of a truck at that place. He departed Monday.

Mr. Williams, one of the drillers who has been working here, departed last week for New York enroute to India to do drilling for the company. The Prairie Oil and Gas Co. is sending 150 of its best men to begin drilling operations in India in order to hold some important leases.

Kingsley's well drilling crew is now engaged in putting down a well for V. F. Hodge. Mr. Hodge believes in improving the appearance of his home and will use his well largely for watering trees and shrubbery which he is planting in and around his yard.

The wind and dust storm that occurred Saturday was in some respects the worst that has ever been experienced in this locality. Regardless of the several hard winds lately there seems to be very little wheat blown out and wheat, generally, is looking well. However, a good soaking rain would be very beneficial and we think no one would have a grouch should one come.

H. A. Grey, whose ranch is twelve miles west of Hereford, has just completed a comfortable four-room bungalow, besides other improvements. The work was done by E. H. Fullwood.

Mr. and Mrs. J. P. Asborne, of Miami, Texas, spent Tuesday and Wednesday in Hereford attending the Breeders' Sale. While here they visited in the home of Mr. and Mrs. Jim Sanders.

We still have a limited amount of roses, bulbs, flowering shrubs, shade fruit trees, grapes, berries, etc. But you will have to hurry and plant now, or you will be behind the procession. 12-2t Hereford Nursery Co.

How Money Grows

Only a little more than 300 years ago, the Dutch bought of the Indians the island of Manhattan for \$25.00. This was considered a good trade at that time, yet had the \$25.00 been placed at interest at six per cent, and the interest added to the principal once a year the amount now would exceed

\$800,000,000.00

- \$25.00 in 120 years would amount to more than the property valuation of any individual in the City of Hereford.
- \$25.00 in 150 years would amount to more than the property valuation of any Corporation in the City of Hereford.
- \$25.00 in 200 years would amount to more than the valuation of all property in the City of Hereford.
- \$25.00 in 336 years would amount to more than the valuation of all property in the State of Texas.
- \$25.00 in 400 years would amount to more than the value of all property in the United States.
