PARENT-TEACHER ASS'N URGES SCHOOL BOARD TO RESTRICT SCHOOL CLOTHES

UNIFORMS FOR GIRLS IN HIGH SCHOOL AND IN SEVENTH GRADE AND TABOO ON EXTRAVAGANCE URGED

BOYS ALSO GET SOME GOOD ADVICE

Association Recommends that Young Men and Boys Abandon Use of Silk Shirts, Silk Sox and Other Forms of Expensive and Useless Extravagance

The reign of the "peck-a-boo" waist, invisible stocking, high-heeled French shoes, flounces—everything, among the girl students of Hereford High and the Seventh Grade was subjected to a frontal assault in force in a resolution adopted by the Parent-Teachers Association this week. Not only that, but a regulation uniform was recommended for the girls. And, in addition, the boys are advised against the wearing of silk shirts, silk hose, and other extravagant and unsuitable clothing at school. The resolution reads:

"Whereas, we, the members of the Parent-Teacher Association, believe that uniformity and simplicity of dress among school girls, with a proper regard for warmth, comfort and utility, is conducive to healthfulness and right standards of living, and

"Whereas, we desire to use our influence toward bringing about such a condition in our schools, therefore be it

"Resolved: That we heartily endorse a regulation uniform dress for the girls of the seventh grade and High School and that we recommend that such dress consist of middie blouse with full skirt of such material and design as a competent committee, one member of which shall be the City Health Officer; shall advise, and that comfortable, low-heeled shoes be, also included, and

"Resolved: That we urge upon the school board the importance of adopting a regulation making such uniform compulsory on and after Sept. 21, 1920, and be it further

"Resolved: That we would discourage the practice among our high school boys of wearing silk shirts, silk hose and other extravagant and unsuitable clothing, at school.

Respectfully submitted,
Parent-Teacher Club.

Action on such resolution has been brewing locally for a long time. There is a national movement along the same lines. The High Cost of Clothes has of late been added to the moral arguments advanced in favor of the ideas expressed in the resolution. In discussing the matter Tuesday one prominent citizen said:

"It is a sane and sensible forward step. The uniform wipes out the hateful class distinction which prevails in some places. It puts all the girl students on a parity, when it comes to school clothes. It's a long step in the right direction, too, in reducing the high cost of living. The children of poor parents will go to school now and be ashamed of their clothes when compared with those of children of parents better off in this world's goods. They go home and complain and often the parents strain themselves financially to secure the high-priced clothes for their children, when their pocketbooks and their common sense tells them they ought not to do it.

"It's a wise move: I hope the new school board puts it into effect."

COUNTRY GENTLEMAN SCOUT SPENDS DAY GETTING DATA

A representative of The Country Gentleman, the national farm paper, spent a day in Hereford this week, compiling data for use in a wrap-up of the agricultural and live stock resources of this community. D. L. McDonald and others gave him such information as they had at hand, and drove him over the country on an inspection trip.

COUNTY COURT IS OCCUPIED MOSTLY IN PROBATE WORK

County Court has been in session part of the present week. Probate matters was practically all that was handled. It is probable that some jury cases may be ready for trial next week.

Terry Bros. Buy Hereford Garage Big Sale Put On

The owners of the Hereford Garage & Machine Works, who recently sold their gas, vulcanizing and storage departments to W. M. Cogdell, this week announced the sale of the remainder of their business, consisting of the shop department, accessories, tires, tubes, parts, etc., to Terry Bros., of Hereford. The trade takes effect following the reduction of the stock to a certain amount, probably about May 1.

Terry Bros., new proprietors of this old and established concern, have been running a garage on Main street for several months past, and have built up an enviable reputation as energetic, competent young business men. The retiring members of the Hereford Garage firm are E. W. Kinney, Vern Witherspoon, George Beams, and Edgar Webb. Terry Bros. announce that the present shop and machine department of the garage, under the direction of Mr. Beams, will be continued intact, as in the past, while the new owners will devote their personal attention principally to the "front end."

Messrs. Kinney, Witherspoon, Beams and Webb have instituted a big Stock Reduction Sale, announcement of which is made in another part of this paper. They have not announced their plans for the future as yet.

Cleanup Week Set By Mayor; Urges People Cooperate

To the People of Hereford:

I hereby suggest and request that the people of Hereford make the week beginning with Monday, April 12, a general cleaning up week.

If everybody will do his or her full share we can easily make the town cleaner, more sanitary and prettier than it ever looked before. Won't everybody please help in this campaign of one week? I suggest that there be as much concerted and organized effort as possible for in this way we will get the most done. I suggest that all the people living in each block should organize to clean up their premises and the streets and alleys contiguous on some particular day during the week. Bake up the old weeds and trash and burn them as soon as the wind renders it safe. Pile up the tin cans and other non-combustible waste, (except ashes and cinders) convenient for the wagons and the City will have it hauled from the residence sections of the town. The ashes and cinders can be spread in the low places in the alleys and there are many low places which need filling.

District court will soon be in session and we are going to have a lot of visitors this season and there is every reason why the business part of town should be put in cleaner, neater and more sanitary condition than ever before. The business part of town, which is not under the direct control and supervision of the women, has always been the most untidy, the most unsightly and the most unsanitary. I request that this condition be radically remedied. Please let me have the active and energetic assistance of everybody in this effort to make the town cleaner, neater and more sanitary than it ever has been.

Respectfully,
Wm. M. Knight, Mayor.

City Commission Re-elected by Big Majority Tuesday

Mayor William M. Knight and City Commissioners D. F. Ashbrook and J. H. Cardwell were re-elected on Tuesday, April 6, by the voters of the city to serve for another term. There was practically no opposition as only one ticket had been submitted and there were only a few scattering votes against the official ballot as a whole. While not heavy, the vote was better than at the last city election.

The vote was in the nature of a compliment to the three men who have given their time and thought to the city's affairs for years without pay or emolument. Not one of the three officials has a bed of roses in which to lie, and their work for the coming two years is bound to be more exacting and difficult than in the past, owing to post-war financial problems.

The commission held a meeting Wednesday, at which the election returns were canvassed. Another will be held next Monday when the oath will be administered and the new term begun.

U. D. C.'s Will Acquire City's East Park Site

A meeting of the local unit of the United Daughters of the Confederacy was held this week which Mayor Knight attended and at which the matter of the City turning over a park site to the Daughters was discussed. The site in question is the triangle in the east part of town, opposite Landrum's Nursery. The U. D. C.'s desire to secure this plot of ground and beautify it for the benefit of the public.

A resolution was adopted at the meeting in favor of the acquisition of this park site and in all probability the deal will go through, after certain formalities connected with title to the property have been disposed of.

The U. D. C.'s of Hereford are one of the most active and progressive organizations of the kind in the state and the city is to be congratulated in possessing such a valuable asset.

Baptist Revival Proves a Strong Helpful Meeting

What is described as one of the strongest and most successful revival meetings ever held by the Baptist church of Hereford is now in progress here. The meeting is in charge of the Rev. Dr. H. W. Virgin, of Amarillo, who is delighting overflow crowds with powerful and inspiring sermons each day. The Baptist congregation is concentrating in an effort to round up every available unsaved man, woman and child in the community, and the effort is accomplishing very noticeable results.

Dr. Virgin is one of the ablest pulpits men who have ever appeared in Hereford and an intellectual and spiritual treat is served those who attend these services. Next Sunday two mass meetings will be held. At 2:30 p. m., for men, the subject will be "Hereditry," and at 3:45 p. m., for women and girls, the subject will be "Somebody's Daughter."

Hereford's 1920 Chautauqua To Open on May 24; Horner Thinks Program Best in Fourteen Years

The 1920 Redpath-Horner Chautauqua for Hereford is scheduled to begin on Monday, May 24, according to announcement received here this week. Charles E. Horner writes enthusiastically of the entertainment features as follows:

"The Chautauqua date is set to begin May 24. Advertising is on the press. Tents being overhauled, new equipment built, companies beginning to rehearse, scores of people working overtime getting ready for the 1920 Chautauqua.

"I am proud of the program for your city and you will like it.

"It is a big American program—a symposium of thought, inspiration, joy and good cheer. Great speakers, Loveland, Kline, Fogleman, Hilton, Jones, the Electrical Wizard, Mobeley, Gordon, Splendid concerts—orchestras, my own big Company of twenty superb

School Trustees To Fill Vacancies Now and Qualify

In last Saturday's election for school trustees to fill the vacancies caused by the retirement of four members of the board, Roscoe Davidson, C. H. Dyar, B. A. Nicks and D. C. Laird received the highest number of votes.

It is understood that one, and possibly two, of the newly elected members of the board may not qualify, in which event the law specifies that the remaining members of the board may proceed to select their successors to fill out the unexpired terms. The vote was somewhat heavier than at the last election, although not what the poll list would indicate it should be.

Organization of the new board has not yet been completed.

Ball Team About Organized; Band Is Coming Along

Organization work for the Hereford Band and the Hereford Ball Team is well under way. Last Monday night and again on Thursday night of this week the band boys had rehearsal under direction of Lester Smith, and some real progress was made. However, there are several other musicians in town who have not attended these meetings whose help is needed.

On Thursday night a preliminary meeting of those interested in the formation of a ball team was held at which Dr. W. F. Gabbert was elected Manager and Charlie Bennett Field Captain. A list of ball players was prepared and active practice will be begun in the near future.

SHERIFF WOODBURN REFUSES TO LISTEN TO BOOZE PEDDLERS

Sheriff J. D. Woodburn of Armstrong county, Texas, son of Col. E. T. Woodburn, of Hereford, is strictly "on his job," according to a recent copy of the Claude News received here. The News says:

"Two suspicious strangers drove into Claude Tuesday morning enroute to Memphis, Texas, having their Ford loaded with fifty gallons of Spirits of Ferment.

"As the car passed through town two local boys smelled booze, as one of the cans they carried was leaking. The boys turned the matter over to Sheriff J. D. Woodburn and he, in company with Deputy W. E. Kemp, got in the sheriff's car and overtook them three miles east of Claude. Pushing in ahead of the booze salesmen, they halted and stopped them and brought them back to Claude, and landed them in jail for the present. One of them had papers to show that he was a railway conductor, and said he was only riding down the line with the other man.

The liquor, of which there is forty-nine gallons, in five-gallon and gallon oil cans and gallon jugs, was taken by the sheriff and locked in a vault.

"If the men could have disposed of this liquor at prevailing prices it would have netted them something like five thousand dollars, so they are out for something besides their health.

"The men gave their names as Hull and Beeman. The car in which they were traveling was registered in El Paso County."

LOCAL PEOPLE REQUESTED TO AID BREEDERS SECURE ROOMS FOR OUR VISITORS

OVERFLOW CROWD IS NOT ANTICIPATED BUT COMMITTEE THINKS IT BEST TO MEET ANY EMERGENCY

ANNUAL ELECTION OF OFFICERS

On Saturday Night, April 10, at Courthouse Breeders Will Select Officials for the Coming Year and Discuss Purchase of Bowe Barn and Sale Pavillion

While an overflow crowd at night, that the local hotels cannot accommodate is not expected next Tuesday at the First Annual Sale of the Registered Hereford Breeders of Deaf Smith county, still the officers of the association desire to be in position to take care of any such emergency, and are depending upon the public spirited citizens of Hereford to help in case help is needed.

To that end The Brand is asked to make the request that all householders in the city who have a spare room which might be used for a night or two by out-of-town visitors, please telephone or see Secretary W. E. Dameron, and those reserve rooms will be held and used only in case of actual need.

Bailey Meeting Saturday; Wilson Men To Organize

The Brand has been handed the following letter for publication:

"Headquarters, Bailey Campaign, Oriental Hotel, Luther Nickels, Manager, Dallas Texas, March 28, 1920. Mr. J. D. Burkett, Hereford, Texas. Dear Sir:

"You have been suggested and nominated by the citizens of your city as County Chairman of the Bailey forces in the present campaign. We urge you to accept this place and confirm your acceptance by wire upon receipt of this letter.

"The matter of organization is the first question of vital importance in this campaign and we urge that you get our people together and complete a thorough organization in each precinct of the county, informing us of the names of the Precinct Chairmen.

"I will appreciate it if you will write me at length giving me your views as to the situation in your section of the State and making any suggestion or any particular work that should be done.

"Yours very truly,
Luther Nickels, Campaign Mgr.

"Under authority of the above letter, I called for a meeting of the Bailey Supporters of this county for last Saturday and published the call in The Brand. But the Brand did not get out until Saturday morning, and because of the storm only a few received the notice and attended the meeting.

"I now call for a meeting of any and all Bailey men of this County to be held in the district court room at 3 o'clock on Saturday, April 10th.

J. D. Burkett,
Chairman Bailey Campaign Committee for Deaf Smith County.

W. E. Dameron, County Chairman of the Administration forces, stated Thursday that he is preparing to issue a call for a meeting and perfect organization in Deaf Smith county in the near future. Mr. Dameron, who is Secretary of the Registered Breeders Association, is so busy at present with detailed arrangements for the Sale on April 13 that he will probably not be able to get to the political meeting until after that date. But developments are looked for immediately thereafter.

SCHOOL TEAMS TO COMPETE AT CANYON IN SECTIONAL MEET

The Hereford public school will be strongly represented at the annual Panhandle Interscholastic League meeting, to be held at Canyon on next Friday, April 16. Representatives of Hereford will enter in the debating, spelling and track competitions. Some twenty Panhandle counties are members of this League, and contests worth while are anticipated at the meet.

Dr. Virgin, who is holding the revival meeting at the Baptist church, was called to Amarillo Wednesday to conduct the funeral services of one of his members. He returned to Hereford in time to preach Wednesday evening.

As the day draws closer on which will be held the First Annual Sale of the Registered Breeders Association of the county, all indications point to a substantial crowd of real buyers, many of them from distant points. A overflow crowd is not expected, as the event is yet in its infancy and the effort of the breeders this year is more to establish the class and quality of the Annual Sale than to attempt to break any record attendance figures.

Seats will be provided in the Cockrell Garage building for nearly 1,000 persons, and special efforts will be made to see that every legitimate buyer is made comfortable and shown every courtesy possible.

The Executive Committee especially asks local people to see that out-of-town visitors be given seats before everyone else, and that local buyers be seated before the spectators are accommodated. The Executive Committee feels certain that all local people will appreciate the necessity and the common-sense reasons for this request.

About 500 catalogues describing the different entries in the Sale have been mailed out to distant points, besides 100 copies of last week's Brand and other literature.

Annual Election

The annual meeting of all members of the Association, at which officers will be elected, will be held on next Saturday night, April 10, beginning at 7:30, in the County Courtroom. In addition to the election of officers, the business transactions involved in the recent purchase of the Bowe Barn, and possibly the erection of a permanent Sale Pavillion, will be brought up. Every member of the Association is urged to be present at this meeting, and any one else, not a member, interested in Registered Herefords is invited to be present.

The importance of this growing young industry to this county and section cannot be over estimated and the progressive people of the entire community are lining up solidly behind the breeders in their effort to put the association on a business basis that will result in rapid and stabilizing growth. Already the fame of Hereford's Herefords is spreading into every quarter of the country. The Hereford Journal, official paper of the Hereford breeders of the nation, is sending a special representative to this Sale and will feature its results in its columns. Men whose names mean something in the Hereford world will be here from distant states. It is up to the citizens of Hereford to entertain them in the right way. Hereford has never yet fallen down on her public duty, and the breeders are certain the record of years will be more than upheld here next week.

TULIA VISITORS SPEND SUNDAY IN VISIT WITH FRIENDS

Bigger Crops Grow On Tractor Plowed Ground

The growth of any crop is dependent on the amount of plant food it can obtain from the soil in which it is planted. And the amount of plant food made available for the crop to absorb is in turn dependent upon the quality of the seed bed. A good seed bed helps to make bigger crops. This has been proven time and again by Agricultural Colleges, Experiment Stations and farmers who have carefully studied and learned the reason for increased crop production.

To get a good seed bed, the work must be done in the right way and at the right time. But to do this work in the right way and at the right time requires power, and most farms are under-powered. That is why the proper preparation of the seed bed is not more generally done. Farmers do not neglect their seed bed because they do not know the advantages of a good seed bed, but because they lack the power with which to do the work.

The Avery Tractor does the work best of all. See us about it.

PARMER COUNTY

FRIONA

Mr. and Mrs. G. W. Clark departed Saturday for an indefinite visit with relatives in Little Rock, Arkansas. Some of our people went to the train to see them off but they had taken an earlier train.

Friona was well represented at the interscholastic track meet of Parmer county, at Bovina Saturday. Pupils of our school secured a total of 60 points while Farwell secured 62 points.

Rev. Forbes and family departed for Fort Worth Saturday. Rev. Forbes recently resigned the pastorate of the Baptists church here and goes to Fort Worth to enter the Baptist school there to fit himself for greater service in ministerial work. During his stay here he made many friends outside the members of his congregation, who are sorry to see him leave.

Mr. and Mrs. Frank Bundy and daughter, Mildred, of Kokomo, Ind., arrived at the home of W. B. Goodwine on Tuesday of last week. They had been spending the winter in Los Angeles for the benefit of Mrs. Bundy's health and were on their return trip home. They resumed their homeward journey Monday morning. Mrs. Bundy is Mrs. Goodwine's sister.

G. W. Turner returned Saturday to his home in Iowa, where he was called a few weeks ago by the serious illness of his wife and her father and mother. The father-in-law died before Mr. Turner reached there but Mrs. Turner and her mother were both safely on the road to recovery when Mr. Turner left there.

Mrs. Worth Weir and her two children returned Saturday from an extended visit with her people in Kentucky. Mrs. Weir left here last August and remained during the winter on account of being able to keep the little ones in school.

The track meet at Bovina last Saturday was abandoned shortly after noon on account of the severe wind and dust storm. The program was completed Tuesday afternoon.

Dr. A. E. Ricker, who was announced to preach here Sunday night, failed to arrive for want of conveyance to bring him over from Spring Lake. He came in on Monday evening and held services that night. He announced that the

Panhandle Association of the Congregational church will be held at Spring Lake on June 17 to 20, inclusive.

The severe wind Saturday seriously wrecked the silo on Rose Hill Farm, the home of W. E. Goodwine. It will be necessary to completely dissect the silo in order to rebuild it. Its capacity was 250 tons.

What does Washburn put over in this picture? His optimism, his genial humor, his pleasing personality and a humdinger of a story. He is a practical joker from a small town who goes to the big city to make his fortune. This joke wakes him up to the responsibilities of the hour and he goes in with the big idea and wins. What the idea is you must learn for yourself. Its a corker and will please you. There will be no Union service at the Presbyterian or Christian churches due to the revival meeting at Baptist church.

First Christian Church
The services last Sunday were rather satisfactory notwithstanding the inclement day. Ten took membership in us and the Union service in the morning was attended by a large audience. The combined choirs of the Christian and Presbyterian Churches rendered a fine musical program. We continue our "Win One" campaign on Sunday, in order to give those an opportunity to come into the church who were unable to be present last Sunday.

We have organized a young men's group in the Sunday School taught by J. M. Asbell and the young fellows who are not in Sunday School elsewhere will find a comfortable booth in this live organization. Give it a "try out" just one time. We will dismiss evening service Sunday on account of the Evangelistic service at the Baptist church.

The pastor is now beginning his third year with the Christian church and with handsome increase in salary, something that he appreciates very much, it will help to drive away old man H. G.

J. M. Asbell, Pastor.
Ship your check book in your pocket when you come next Sunday morning for we want a good offering for the orphans' and the old folks' home in Dallas.

Baptist Church
The interest in the meeting is growing and the prospect for a great revival is good. Dr. Virgin is one of our best preachers of Texas and those who are coming are missing a great treat. A group of personal workers are doing good and we would like for others to join this group and put themselves to the work and the meeting. See your friends and urge them to come. Don't sit back and wait for a special invitation to come to the choir. If you are a Christian you want men and women saved so take hold and help by so doing you will get a blessing. Remember this is our opportunity to reach. We are interested in every unsaved person in the town. The pastors of the town have a list unsaved whose preference is for our church and we would like to see them saved. The services are from 3:30 to 4 p. m. every day and 7:30 p. m. the remainder of the meeting. Let's put our heart and soul into the meeting for there is plenty of work for

all and let us do it with our might. God bless everyone is my prayer. Let us make Sunday a great day in Hereford.

J. E. McClurkin, Pastor.

Texaco and the Farmer

THE progressive American farmer is a combination of scientist, business man, and machinist. He purchases with discretion and uses with care the various implements for the farm or plantation. Keeping his machines in working order is an important item and many farmers turn to *Texaco Farm Lubricants* for protection against wear and tear on machines.

The farm tractor is a shining example. For not only do we supply Machine Oils, Cylinder Oils, and Greases for all makes of tractors, but we have solved for this important adjunct to the progressive farm one of its greatest difficulties. That is to say, we have developed for the tractor a positive lubricant and protector for the heavy gears, chains and sprockets. This is *Texaco Crater Compound*.

This great lubricant for gears is more than paying for itself in the prolongation of gear life, and in the reduction of time and expense for lubricating under some of the hardest mechanical conditions, such as under exposure to weather, pressure, flying dirt or water.

35 BULLS

Herd Bulls—range bulls. The prospective buyer can find in this offering bulls of faultless pedigree and individual excellence. They are good enough to go to any registered herd, or to the ranchman or farmer who desires better blood for herd improvement.

20 FEMALES

The females include the breed's best blood. Some sell with calves at side while others are bred to the best bulls in the Association. Study the pedigrees of these splendid females and resolve to own one or two of these good cows or heifers.

In selecting the bulls for this sale we have consigned bulls from the tops of the herds. We have had but a single idea—that of giving you an opportunity to buy at your own price bulls of the best breeding and you will find here what you need—Anxiety 4th herd bulls, or choice bulls for the farm and range and in condition for immediate use.

The females were selected with the view of giving the new breeder the very best as foundation stock upon which he can build for the future. The older breeder will also find females of kind and quality suitable to improve his herd with stronger blood and superior individuality.

The Following Breeders Have Consigned Cattle to This Sale:

We know we are offering the right kind of cattle, cattle that will make you money if you are fortunate in securing a few of them. We have the utmost confidence in the future of the pure bred business in this country—there is plenty of room for you and others. It is a growing business and a business with wonderful opportunities. We trust new herds will be started on Sale Day, both in this and adjoining counties. Start right. Get the best. We offer you an opportunity to do both on April 13th.

Furrh-Gould
 At the home of Mr. and Mrs. J. H. Gould, Tuesday, April 6, occurred the marriage of their daughter, Miss Mary Jane, to Lloyd M. Furrh, of Haskell, Texas. The ring ceremony was solemnized by Rev. J. R. Sharp at high noon and the couple left immediately for their new home at Haskell, Texas.
 The bride has lived with her parents on the Copeland place, south of town, since January, having moved there from near Haskell.
 The Brand joins their friends in congratulating these young people.

Honoring Mrs. Lea
 With Mrs. Alice Lea as honor guest, Miss Inez Dunlap was hostess to a very delightful social affair Thursday, April 1.
 In keeping with the season the Dunlap home was charmingly decorated throughout with apple and peach blossoms which bespoke the word of spring. A most pleasant afternoon was spent in playing different table games and after a round of merry games, refreshments of fruit salad, sandwiches, olives and hot tea with lemon were served. Dainty Easter rabbits were used as favors.

Delphian Club
 A very interesting and instructive meeting of the Delphian Club was held April 5. The lesson, "A review of Greek and Roman Drama," was studied, with Mrs. Read as leader.

The special topics were given in a most interesting manner by Mesdames J. W. Hicks, Conkwright, Barber, Stubbs and Donald. At the close of the program Mesdames Barber and Ferguson served delightful refreshments of ice cream and cake.

The next meeting will be April 19 at 2:30 in the club rooms. Mrs. Rogers will be leader and Mesdames J. W. Hicks and W. E. Hicks the hostesses. The following program will be given:
 Mediaeval Drama:
 Required reading—Part 7, 20-26.
 Roll Call—The Middle Ages.
 Miracle Plays—Mrs. Donald.
 The York Pageants—Mrs. Elliott.
 Importance of the Mediaeval Guilds.—Mrs. Ferguson.
 Allied Subject: Three Brief Accounts of Historical Pageants given in Recent Times.

Bay View Club
 The Bay View Club met in the Club rooms on Thursday afternoon with twelve members present. The meeting was called to order by the President and minutes of last meeting read and approved. Some unfinished business was disposed of and as the Bay View Club is standing sponsor for the Boy Scouts of Hereford, the "Boy Scout Committee" was asked to confer with the "Scout Master" and the boys in regard to what assistance the Club could give the boys at this time towards the furnishing of their headquarters. For our study lesson Mrs. D. C. Laird was leader and the First and Second Acts of "The Piper", by Josephine Preston Peabody, were studied. The lesson proved all the more interesting for the double and inner meaning brought out. Mrs. Stubbs gave something of the life of the author, Mrs. F. T. Roloson gave the story of the play and questions were asked according to assignment by leader. This play, "The Piper," was entered without a name in the competition for the award of honor at Stratford-on-Avon, and won the prize over many others.

Methodist Missionary Society
 The Methodist Missionary Society had an exceptionally good meeting on Wednesday afternoon, March 31st, 1920, when the "Prayer Circle" met at the church for an hour of prayer. Mrs. I. E. Spratt has charge of this work and the program she arranged for this meeting showed earnest thought and proved an inspiration and a blessing to everyone present. The following program was carried out:
 Topic—"Prayer."
 Bible Lesson—Matt. 7:7-21.
 Prayer.
 What is Prayer?—Mrs. W. B. Parriner.
 Praying in Quietude.—Mrs. Percy Welliver.
 Our Relation to God.—Mrs. J. B. Jones.
 Unanswered Prayer.—Mrs. Esca Harrison.
 Because Ye Ask Not.—Miss Lula Edwards.
 Reading—Mrs. J. O. Newell.
 Prayer in the Name of Christ.—Mrs. D. F. Ashbrooke.
 Abiding in Christ.—Mrs. D. W. Hawkins.
 The True Reward of a Perseverant, Effective Prayer.—Mrs. G. W. Heard.
 Solo—"Alone With God"—Mrs. Roy Stocking.
 Sentence Prayers.
 We were glad to add Mrs. Bowers' name to our roll. It was decided to call our Prayer Circle after this "The Prayer Special" and for every member to spend a few minutes every morning alone with God in prayer for a revival in Hereford. The hour for our regular meeting was changed from 2:30 to 3:00 o'clock.
 Our president, Mrs. D. F. Ashbrooke, will leave in a few days to attend the "Missionary Council" which will convene in Kansas City, April 13th and 14th, 1920. After a short business session the society adjourned.
 The Methodist Missionary Society wishes to take this means to thank the Merchants of Hereford for their co-

operation, assistance and patronage in the sale of their Easter Lilies.
 Program for April 4th, 1920
 Leader for Devotional—Mrs. Geo. Sheppard.

ANITA STEWART in "HER KINGDOM OF DREAMS," a Perfect Picture.
 With her ideas of the great, far-away cities as beautiful and wonderful as the blue-ridged mountains and loving environments which surrounded her home, Judith Rutledge lives with her invalid father in a little Western town. The tranquility of a cheerful cherry-blossomed day is suddenly broken when Judith receives a letter from New York advising her that a position as stenographer is awaiting her in that wonder city. How Judith's idealistic conception of life in the great cities was sent crashing on the rocks of a harsh reality is the theme of "Her Kingdom of Dreams." It is considered by experts to be one of the most perfect pictures yet made, and one that everyone will find keen enjoyment in watching. It will be presented at the Star Theatre next Wednesday and Thursday, April 14th and 15th. There is also a two reel animal comedy on the same bill.

DEVELOPMENT NOT LIMITED TO AREA SOUTH OF VERNON

Developments in oil are not confined to the southern portion of Wilbarger county, according to E. A. C. Elliott, general manager of the Robinson & Harrington Oil company, now drilling on the McCaleb farm a short distance from the banks of Red river due north of Vernon. To the contrary, prospects were never better. Armstrong and Jacobs of Wichita Falls have acquired 1,800 acres of the original 5,000 leased to Robinson and Harrington, and will drill at once on a location close to McCaleb No. 1, which Mr. Elliott is superintending.
 McCaleb No. 1 has been tied up for weeks with a lost string of tools in the hole, but after a long fishing job the drill has been pushed past the tools, and the casing sent down beyond the cave-in, where they were lost. The hole stands at 1,475 feet in black lime. "I never saw a better well in my life," said Mr. Elliott this morning. "These people want to look out or they will be surprised one of these days. There are several wells up in that end of the county that ought to show up mighty good in a few days."—Vernon Record.

County Libraries
 Austin, Texas, April 6.—Educators of Texas believe that the county library system, which was recently provided for by state legislation, will be of great value to those counties which adopt it. At present there are fewer than 100 public libraries in the state all of which are located in cities and larger towns. The provision states that if petitioned by as many as 100 residence tax payers, the commissioners court in any county shall call an election for the levying of a tax which shall not exceed five cents on the one hundred dollars. This tax goes for the maintenance of the county library, which is to be located at the county seat with branches operating in other towns and school districts and is to be presided over by a trained librarian. Buying of books is under a single permanent management, which prevents duplications. The selection of these books is to be made by the librarian in consultation with teachers.

PAYS \$100,000 FOR 50 ACRE ADDITION

Among the real estate transactions which have attracted considerable attention during the past week is the reported sale of 50 acres at the present terminus of Weese Wilbarger for the sum of \$100,000.
 It is understood that the addition will be platted and placed on the market for residential purposes. As the magnitude of the possibilities in oil grows upon Vernon the "additions" of the early "boomer" days which have been peacefully sowed to agricultural crops these twenty and thirty years are again figuring in the realty markets as necessary avenues for the city's expansion.—Vernon Record.

Chief Electrician H. Zilm, United States Navy, recruiting officer with headquarters at Amarillo, spent a day in Hereford this week, in the interest of the navy. Mr. Zilm recently was transferred from Corsicana to Amarillo and will be stationed in this territory for two years. He expressed himself as delighted with Hereford and its people.

The Weather
 A general hope for rain is being expressed over this section. On the last two Saturdays strong winds have hurt young wheat and oats by blowing out in spots, and has dried out the top ground to a noticeable extent. Still well-rooted wheat has not been generally damaged. Indications are favorable for rain and a good top season within the next few days would help wonderfully in bringing out the grass and starting off another banner grain crop.

Central School Notes
 At chapel last Wednesday we enjoyed a most interesting talk by Rev. J. M. Asbell on making our marks. He used, as an illustration, traces of ferns found in coal, skeletons of large prehistoric animals, etc. Bro. Asbell has a happy way of holding the attention of the children by using simple language in a pleasing way.
 A sweet Easter song was rendered

by the first, second and third grades. Most of the grades had Easter egg hunts last week. The Mothers' Club gave one for the little tots.
 The classmates and friends of Willie Duke are very sorry to have him leave Hereford.
 Rebecca Sowell has returned from a visit in Oklahoma.
 Ruby Parker and Grady Austin have withdrawn from the fourth grade and moved away from Hereford.

Wednesday of this week two declamations were rendered in the chapel by pupils entering the Declamatory Contest. Gwendolyn Price gave a piano solo and little Duane Orr, a reading.
 Miss Edith Rayzor entertained the third and fourth grades at the Rayzor home last Friday afternoon. An Easter egg hunt was enjoyed, after which refreshments were served. Needless to say everyone present had a fine time.
 The fourth grade in Room 7 are greatly enthused over their recent victories in spelling contests with the fifth and sixth grades. So far, they have gone "over the top" every time, only one room, No. 6, being unchallenged.

Virginia Patterson, who has been attending school while visiting in Hereford, has returned with her parents to their home in Dalhart, Texas.

Nannie Frances Gilliam has withdrawn from grade two, as her parents have moved to the country.

The Christian Endeavor Society of the Presbyterian church invites you to its services every Sunday evening at 6:30. Come! It will make you happier and stronger to face the tasks of the week. Come!

I gladly advise anyone to try them if bothered with weak or disordered kidneys." (Statement given November 15, 1916.)

D. L. McDonald

THE STATE OF TEXAS

To the Sheriff or any Constable of Deaf Smith Co., Greeting:

Oath having been made as required by law
YOU ARE HEREBY COMMANDED to summon B. A. Grover, Howard Naylor and Maurice M. Johnston by making publication of this Citation in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Deaf Smith County to be held at the Court House thereof, in Hereford, on the First Monday in May, A. D. 1920, the same being the Third day of May, A. D. 1920, then and there to answer a petition filed in said Court on the 24th day of March, A. D. 1920 in a suit, numbered on the docket of said Court No. 1236, wherein H. M. and O. B. Jackson are Plaintiffs, and B. A. Grover, Howard Naylor, and Maurice M. Johnston are Defendants, and said petition alleging that on January 9th, 1919, plaintiffs were and still are the owners of 30,462 acres of land situated in Deaf Smith and Oldham Counties, Texas, and described as follows:

The South half of Section 23 and Sections 17, 24 and 25 all in Block K-6

and containing 2,240 acres situated in Oldham County, Texas.

All the following described tracts all situated in Deaf Smith County, Texas: Sections 28, 29, 31, 32, 34, 47, 48, 49, 50, 75, 86, 88 and the North half of 54 all in Block K-6. Section 18 in Block A. Sections 3 and 4 in Block E. Sections 50 and 54 and the N. W. 1-4 of section 51 in Block K-11. Sections 3, 10, 14, 23, and 28, Township 6 North of Range 2 East. Sections 33, 34 and 35 Township 7 North of Range 2 East, Sections 7, 8, 16, 18, 19, 20, 21, 28, 29 and 31 in Township 6 North of Range 3 East. Sections 2, 3, 4, 9, 10, 15, 16, 27, 28, 33, 34 and 35 in Township 6 North of Range 2 East, containing 28,222 acres of land.

That on January 9th, 1919, plaintiffs executed a contract for the sale of all of said lands to B. A. Grover for a certain sum of money. That on January 20th, 1919, the said Grover executed two contracts and oil and gas leases covering all of said lands to Howard Naylor and Maurice M. Johnston. That all of said contracts and leases have been recorded in the Deed records of Deaf Smith and Oldham Counties, thereby clouding plaintiffs' title to said lands. That said Grover has failed to keep and perform any part of said contract and that no part of the purchase price has been paid for said lands and the same is all past due.

Plaintiffs pray for the cancellation of each and all of said contracts and leases and that the cloud created by the recordation of same be removed, and for general and special relief.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

WITNESS, A. O. Thompson, Clerk of the District Court of Deaf Smith County.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Hereford, Texas, this the 20th day of March, A. D. 1920.

Duree, Kerr, McDonald, Hyatt, Smith, Noble, Cowsett.

Tuesday evening Mrs. Gerdes entertained in honor of the Senior Class and the Sunday School class. Quite a pleasant evening was spent in the playing of various games and contests. At late hour refreshments were served which were very much enjoyed by all.

The Commencement sermon was preached by the Rev. Fronabarger, pastor of the Baptist church at Canyon. Mr. Fronabarger delivered quite an able address and all who heard him must have gone away better men and women.

J. M. Gilliland, of Hereford, was a business visitor in the city Monday.

Messrs. Burns and Smiley, of Kress, visited at the home of Ray Gilbreath Monday.

Miss Maud Rippey, of the Cleo community, came through Dimmitt Friday enroute to Hereford.

Mr. and Mrs. Clarence Dixon are leaving our town. They have purchased a ranch in the vicinity of Friona and will make their home there in the future. We wish them all the success possible.

SUMMERFIELD

S. J. Rice and family attended the dinner Sunday at the Presbyterian Church in Hereford, given for the members who are leaving soon for new homes in various places.

Mr. and Mrs. Greer of Hereford visited Monday at the home of their son,

and with their daughter, Mrs. Percy Estes.

Rev. Dickinson, of Bovina, was here Easter Sunday to fill his regular appointment. Mrs. Dickinson and little daughter visited a few days with Mrs. J. F. Roberson.

So far April has finished each day with a good husky full breezy wind and dust storm.

Mr. and Mrs. Glen Greer and children visited Sunday afternoon with Mr. and Mrs. Percy Estes.

Some of our farmers are beginning to be alarmed about "dry weather" conditions. Wheat is still looking fine, however, and grass is beginning to show some green. But a good rain is badly needed.

Walter and Lloyd Tyce stayed all night with their grandmother in Hereford Saturday night.

No doubt that the hard freeze Saturday night did much damage to fruit and oats. Most everyone seems to think that moisture in a short time would restore the prospect for oats. The mercury stood at "eight above" Sunday morning.

Mrs. Percy Estes and baby returned last Thursday from a visit with relatives in Lubbock.

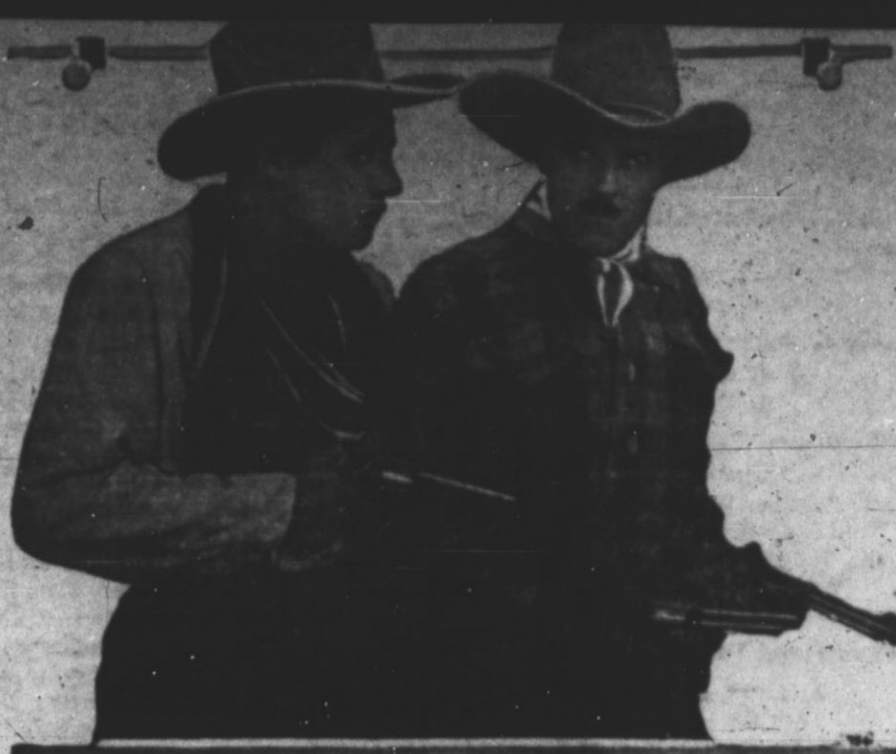

Joe Huckert, Lawrence Johnson and son, Ray, were in Friona Saturday on business.

Mr. and Mrs. E. E. Rogers visited Sunday afternoon in the Lance home.

Mr. and Mrs. B. C. Roberson and Bernard spent Wednesday evening with Mr. and Mrs. John Hanlan.

Mrs. S. J. Rice and Mrs. Hollis Galley spent the day Friday with Mrs. Roy Botford in the Wyche neighborhood.

In laying plans for the new school house soon to be built in Summerfield the thought uppermost in the minds of our trustees is to make school life more attractive to teachers and pupils, to equip a building, pleasant and attractive, that will draw them as by a gravitational force, not a force of compulsion which is necessary to bring the children to it. And an impulse that puts them in flight from it, the moment they are free of constraint. A building substantial, commodious and comfortable. A place for entertainment as well as instruction. A country schoolhouse properly equipped should be the rendezvous for all the people. Whether its use be a gathering for the purpose of transacting community business or for social entertainment. To many disinterested parties is seen in every expenditure only the expense. They fail to distinguish between an expense and an investment. Much of the discontent among young people in rural districts today is merely an expression of unsatisfied aspirations. The hope of bettering their material condition lures our young men and women from the farm. With an organized social community, using the schoolhouse as the center of attraction, for social gatherings, every rural district would be relieved of its uncouthness, of its monotony, and of the social, intellectual and spiritual sterility so prevalent

Dr. Gabbert was called Tuesday afternoon to the home of Glen Greer. Mr. Greer and little daughter were both sick.

When the first six months of the Ford Motor Company fiscal year ended January 31st, more than half a million of the sturdy little Fords had left the Factory to join their three and a half million brothers and sisters on the world's highways. And Ford Officials express confidence in their ability to turn loose the other half million by July 31st, when their year ends.

However, they say that a million a year is far from the ultimate in motor car manufacturing; and that with the completion of the Blast Furnaces and Body Plants which Henry Ford is now building in Detroit, the yearly output capacity is bound to assume larger dimensions. The present capacity is 1,200,000.

The Blast Furnace project on which Mr. Ford has been working for the past three years will enable the Ford Company to make Ford parts direct from the iron ore instead of buying the iron ingots and then melting them before making into parts.

At the present time there are approximately 15,000 men engaged at the Blast Furnaces and in the new body plant. But it is quite probable that that number will be more than doubled once the Steel mills, which will be the largest in America, begin to operate. Ford Men do not attempt to place any estimate on what the production of cars will be in the future, but point to the fact that they have not been able to supply the demand for the past ten years and that at the present time there are some 230,000 un-filled orders on file.

You will find a wide difference in Tailor Shops and Orr's Tailor Shop.

Someone has said that to successfully entertain the public the dramatist must make them laugh, make them wait, make them cry. "The Squaw Man" does all of these things. It is unquestionably possessed of true human interest, humor, pathos, and above all, is a story of the great outdoors of the West. It has been directed by Cecil B. DeMille, who is a master of screencraft, and is presented with an all star cast. "The Squaw Man" will be shown at the Star Theatre Saturday Night, April 10th. There is also a two reel Mack Sennett Comedy on the same bill with it.

THE STATE OF TEXAS
To the Sheriff or any Constable of Deaf Smith County, Greeting:

YOU ARE HEREBY COMMANDED to summon Aaron H. Brubaker, Elizabeth Brubaker and John H. Huxtable, and the unknown heirs, their heirs and legal representatives of Aaron H. Brubaker, Elizabeth Brubaker and John H. Huxtable, deceased, by making publication of this citation once each week for four consecutive weeks previous to the return day hereof in some newspaper published in Deaf Smith County, Texas, if there be a newspaper in said county, but if not, then in the next county where a newspaper is published, to appear at the next regular term of the District Court of Deaf Smith County, Texas, to be holden at the Court House thereof in Hereford, Texas, on the first Monday in May, A. D. 1920, the same being the third day of May, A. D. 1920, in a suit numbered 1238 on the docket of said court wherein A. J. Howton is plaintiff, and Aaron H. Brubaker, and wife, Elizabeth Brubaker, and John H. Huxtable, and the unknown heirs, their heirs and legal representatives, respectively, of Aaron H. Brubaker, and wife, Elizabeth Brubaker, and John H. Huxtable, deceased, are defendants, said petition alleging that the plaintiff is now and has been for sometime the owner and holder of the fee simple title, as well as in the peaceable possession, of a certain tract or parcel of land in Deaf Smith County, Texas, described as Section No. 58, Certificate No. 1-54, grantee BS&F, Block K-7, and containing 650 1-2 acres.

one of the instruments under which the plaintiff holds title is irregular in that it does not contain the written consent and authority of all those beneficially interested in the land to make the conveyance, and such defect creates a cloud on plaintiff's title, which he is entitled to have removed as set out in plaintiff's petition.

Plaintiff prays that the defendants and each of them be cited in terms of law, and that upon final hearing he have judgment vesting and decreeing in him the fee simple title to said land, free from any and all claims of each and all of said defendants, and removing the cloud from his title, so that he shall and will have and hold said land against all such persons, unknown heirs of deceased persons and further prays for general, special, legal and equitable relief.

HEREIN FAIL NOT, but have you before said court at its next regular term, this writ with your return thereon showing how you have executed the same.

Witness, A. O. Thompson, Clerk of the District Court of Deaf Smith County, Texas.

Given under my hand and seal of said Court at office in Hereford, Texas, on this 31 day of March, A. D. 1920.

A. O. THOMPSON,
Clerk of the District Court of Deaf Smith County, Texas.

(Seal) By A. L. Biggs, Deputy.

How Money Grows

Only a little more than 300 years ago, the Dutch bought of the Indians the island of Manhattan for \$25.00. This was considered a good trade at that time, yet had the \$25.00 been placed at interest at six per cent, and the interest added to the principal once a year the amount now would exceed

\$800,000,000.00

- \$25.00 in 120 years would amount to more than the property valuation of any individual in the City of Hereford.
- \$25.00 in 150 years would amount to more than the property valuation of any Corporation in the City of Hereford.
- \$25.00 in 200 years would amount to more than the valuation of all property in the City of Hereford.
- \$25.00 in 336 years would amount to more than the valuation of all property in the State of Texas.
- \$25.00 in 400 years would amount to more than the value of all property in the United States.
