

BAILEYTES SWAMPED IN CONVENTIONS

ADMINISTRATION IN OVERWHELMING PRECINCT MAJORITY

FIVE DELEGATES

County Convention is Unanimously for Party Support

Threatened Bailey strength failed to materialize in Precinct Conventions held in Precincts No. 1 and 2, both in the Courthouse, last Saturday afternoon. The administration forces were out en masse and a well-oiled steam roller swept irresistibly over the handful of Bailey men who voted their convictions.

In No. 1, with J. H. Head as chairman and H. B. Webb as secretary, no opposition was offered. Resolutions endorsing the administration were passed and a straight administration delegation to the county convention elected to cast the precinct's two votes. These delegates were: J. H. Head, Rev. J. E. McClurkin, C. E. Moreman, and Mesdames L. Gough and Delphia Cox.

In No. 2 the only contest of the day developed. Nine Bailey men fought it out to the end and went gamely to certain defeat. W. M. Knight was elected chairman and Seth B. Holman secretary. The administration was endorsed and twelve delegates to the county convention elected, as follows: W. M. Knight, Carl Gilliland, J. A. Hughes, F. H. Oberthier, L. H. Foster, Miss Clara Danlap, Mrs. G. A. F. Parker, Mrs. W. A. Price, Mrs. C. C. Ferguson, Captain John Estes, W. S. Higgins, Col. E. T. Woodburn. This delegation was instructed to cast the Precinct's five votes in the county convention and to allow no proxies. The Bailey men ran four candidates against the first four names on this list but were snowed under.

County Convention

The delegates from the two Precinct conventions assembled Tuesday afternoon in County Convention and elected Mayor Knight, chairman and Mrs. W. A. Price, secretary. Judge Hughes, Col. Woodburn and Mrs. Cox were selected as a committee on credentials, Carl Gilliland, L. H. Foster, W. M. Knight and Mrs. L. Gough as a committee on resolutions, and F. H. Oberthier, Mrs. G. A. F. Parker and Rev. J. E. McClurkin as a committee on order of business. Resolutions were adopted and five delegates to the State convention, which meets at Dallas May 25, were selected as follows: County Judge Hughes, W. E. Dameron, Captain John Estes, Rev. J. E. McClurkin, and Rev. W. H. Terry.

Resolutions adopted by both precinct conventions were:

"BE IT RESOLVED, by the Democrats of voting Precinct No. 1 (and 2) of Deaf Smith County, Texas, in Precinct Convention assembled:

1. That we heartily approve the great achievements of our Democratic National Administration under the leadership of Woodrow Wilson, both in peace and in war, and we favor its unqualified endorsement by the Democratic National Convention to be held at San Francisco, both in the platform it shall adopt and in the candidates for President and Vice-President it shall nominate;

2. That we instruct our delegates to the County Convention to vote for resolutions instructing the delegates from this County to the State Convention to vote for no person for delegate from Texas to the Democratic National Convention who does not favor and support the principles and purposes expressed in this resolution;

3. That we direct our delegates to the county convention to vote as a unit on all questions submitted to the County Convention for consideration.

ADOPTED AT THE PLACE STATED AND AT THE TIME PROVIDED BY LAW.

Resolutions adopted by the County Convention were:

BE IT RESOLVED, by the County Democratic Convention, of Deaf Smith County, Texas, assembled on the 4th day of May, 1920, at the County Court House thereof, in Hereford:

That we heartily approve of the great achievements of our Democratic National Administration under the leadership of WOODROW WILSON, both in peace and in war, and we favor its unqualified endorsement by the Democratic National Convention, to be held at San Francisco, both in the platform it shall adopt and in the candidates for President and Vice-President it shall nominate;

2. That we instruct our delegates to the State Convention to vote for resolutions instructing the delegates from the State Convention to the National Convention at San Francisco to vote for no

The body of Wilbur Renfro, son of E. Renfro of Hereford, was shipped from Jersey City at noon Wednesday of this week and is expected to arrive here on Saturday or Sunday.

This information was given in an official telegram Wednesday. Wilbur Renfro died of pneumonia soon after his arrival in France as a member of the A. E. F. He left Hereford for training at Camp Travis on April 26, 1918, and sailed for overseas duty on September 11 on the S. S. Orando, which was wrecked in the English Channel on September 26. His parents received notice of his death on September 30.

The local Tierra Blanca Post of the American Legion have signified their intention of assisting in the burial ceremonies in full uniform, and with the full honors of war, upon arrival of the body here.

Later: A Military Ceremony will be held from the Black Undertaking Parlors Sunday afternoon at 4:00 p. m. Rev. J. M. Asbell will officiate. A last salute will be fired over the grave by local ex-soldiers.

Legion Members Against Soldier Bonus Proposal

Sentiment among the members of the Tierra Blanca Post, American Legion, seems to be generally against the proposed Soldiers' Bonus, now before Congress, although no official action has been taken by the local ex-soldiers. The Post members will officially participate, in uniform, in the ceremonies incident to receiving the body of Wilbur Renfro, who died in France, which is expected to reach Hereford Saturday or Sunday of this week.

These were two developments of a meeting of the Post, held at the Courthouse last Monday evening, presided over by Post Commander, Dr. W. Floyd Gabbert. Leonard H. Foster is Post Adjutant.

Among other things discussed at the meeting was the question of aid by the Post in beautifying the city's parks. It is understood that the Post will aid the Park Board and U. D. C. ladies in this civic work.

While the charter for the local post of the American Legion has not been received, yet it has been passed on by the state branch, a number assigned, it is an assured fact that it will be forwarded from National Headquarters in a short time.

The following from State Adjutant, Chas. W. Scruggs, is self-explanatory: "Mr. W. Floyd Gabbert, Hereford, Texas.

Concerning the Post's action in receiving the body of Wilbur Renfro, the Post Adjutant says:

"A matter that concerns every member of the local post, as well as all the ex-service men of the county, is the fact that the remains of Wilbur Renfro, the first of Hereford's dead to be shipped from foreign fields, are expected at any time, and we feel it our sacred duty to participate in the transporting of all that is mortal of our comrade at arms from the vast European Aceldama to a final resting place in his native land. Inasmuch as one of the objects of our association is to preserve the memories and incidents of our association in the war, it is the desire that as many as will of the ex-service men of Deaf Smith county participate in this ceremony under the auspices of the Tierra Blanca Post.

"Nothing definite has been obtained as to the exact date, but all will be notified in due time. It was decided to wear uniforms, and if there are those who do not have them now, let it be known to any of the members of the Legion, and efforts will be made to obtain same."

GRADUATION CONTINUES ON TO FIFTEENTH

SEVENTH GRADE 13th. SENIORS WINDING UP FRIDAY, MAY 14

ALUMNI BANQUET

Prof. Shirley Toastmaster For Big Event Billed For May 15th

Graduation exercises for the Seventh Grade of the public schools will take place in the auditorium of the High School on Thursday evening, May 13. Senior graduation exercises will be held in the District Courtroom, Friday, May 14, 8:00 p. m. The Alumni Banquet will be held in the basement of the Christian church Saturday evening, May 15.

The program for the Seniors on May 14 follows:

Commencement Exercises, District Courtroom—Friday, May 14, 8 p. m. March—Miss Minnie Dea Coffin. Welcome—Miss Gladys Howitt. Duet—Halcyon Donner, Forest Randall. Piano Solo—Miss Ina Gregg. Class Address—Dr. R. Thomson, Pastor First Presbyterian Church, Amarillo. Solo—Miss Mattie Swisher. Farewell—Gwynne Guthrie. Del. of Diplomas.

Benediction—Mrs. B. F. Guthrie. The Alumni banquet will begin promptly at 8:00 Saturday night, May 15, with Prof. D. A. Shirley of the Canyon Normal presiding as toastmaster. Each alumnus is entitled to invite one guest. The teachers are also entitled to one guest. The school board and their wives and husbands are also eligible. The ticket committee urges everybody to purchase their tickets early. The price is \$1.25 per plate.

An unique and appropriate program is being planned, and big times are promised for those lucky enough to secure seats. Last Sunday morning the Baccalaureate Sermon was delivered at the First Christian church by Rev. J. R. Sharp of the Presbyterian church. Those who are familiar with Rev. Sharp's work in the pulpit declare this to have been his finest local effort. The graduates attended in a body and occupied front seats, attired in their new gowns and caps. The occasion was a most solemn and inspiring one, and will live in the memory of the young people for whose benefit it was staged.

The Senior Play, offered at the Star Theatre on last Tuesday evening was the best thing in the way of local talent offerings ever staged in Hereford. Every member of the cast of "Lone Star," the play's title, was a star. The plot and story was worked out smoothly and without a hitch, and the work of the players reflected great credit, not only upon their own native genius and ability but upon the drilling given them by Miss Mattie McClurkin, their teacher. The house was sold out, and standing room only prevailed, many being turned away from the doors.

Superintendent Fertsch desires to make the following statement regarding text books:

"The state, under the Free Text Book Law, gave the children books to use for the school term. These books will be checked back to the schools Monday, for all children in the first six grades. The High School students will return their books on Wednesday, May 11. Parents should see to it that their children be prompt in the return of books. Teachers can be saved much time and labor by patrons in strict cooperation in this matter."

Superintendent Fertsch desires to make the following statement regarding text books:

"The state, under the Free Text Book Law, gave the children books to use for the school term. These books will be checked back to the schools Monday, for all children in the first six grades. The High School students will return their books on Wednesday, May 11. Parents should see to it that their children be prompt in the return of books. Teachers can be saved much time and labor by patrons in strict cooperation in this matter."

TERRY BROS. TAKE CHARGE OF GARAGE

Terry Brothers this week assumed charge of the Hereford Garage. The first part of the week was devoted to invoicing, but the work is now completed.

W. M. Cogdell retains the gas, vulcanizing and storage departments of the Garage, while the mechanical, accessory, tire, parts and oil departments are handled by Terry Bros.

Renfro Bros. Move Buicks

Chris and John Renfro and W. Riddies, of the local Buick Agency, went to Flint, Michigan the first of the week, on a peculiar errand.

Owing to the strikes the factory has been unable to ship out orders from agents, and the Hereford dealers intend to drive three carloads of Buicks for which they have orders, from Flint to a railroad station nearby, and there load for shipment to Hereford. It was their intention to pick up a couple of extra men in Missouri enroute to help with the driving and loading.

Chihuahua Steers, Goats, Ponies, Baseball, Band Music—An' Every-Thing, to be Pulled Off on May 22

The opening day for the Hereford Amusement Association, sponsored by C. S. Purcell and Truman Hines, has been set for Saturday, May 22. It had originally been intended to begin on May 15, one week earlier, but District Court interfered.

The Hereford public generally does not yet seem to realize the scope and dimensions of the plans being worked out for this monthly Amusement Day. To gain an idea of it one must visit the grounds, on the old ball site south of the railroad, and absorb the size of the thing. A grandstand capable of seating 800 people has been erected. In front is a baseball diamond. To the right corrals and stutes for handling steers, goats, and horses has been erected. The thoroughness of the detail plan for this phase of the sports has to be studied at first hand to be appreciated. The fencing is heavy, high and double-strength. The steer, which breaks through will be a dandy. Fencing is being erected on both sides of the grounds to keep back the crowd from the field, parking places for cars being allotted, a half mile race track for the ponies is being constructed, the old band stand has been moved to the grounds, a score board is to be erected, and every other conceivable thing that

will add to the success of the venture is being included.

The cowboys are coming on May 22. There is no doubt about that. Already they are having sursingles made with which to ride those steers and ponies, and word is daily coming in from Vega, Wildorado, Dalhart, Dimmitt and many other points that the ponies are being priced for the races and cinches and buckles overhauled for the strain of fierce competition on May 22.

A baseball game is planned for one thing that day. The local bunch of sluggers is rapidly rounding into form. They have a few weaknesses as yet, but give promise of being a murderous hitting squad.

The Hereford Band will dispense the music. Seventeen old heads were out for practice Monday night, new music is being tried out, and the outlook for some real music could not be better. Mr. Purcell is arranging have a bunch of real Chihuahua steers on hand for the roping and riding, together with a bunch of mountain goats.

A real, old-fashioned Western Sports Day is assured for May 22, and a huge crowd from all around us is anticipated. If you have not visited the grounds, go out and give them the once over.

Texasylvania Co. Dissolved; Local Oil Outlook Bad

At this writing the oil situation in Deaf Smith county appears to be at a standstill. Wells that were operating not long ago all have stopped, for one reason or another, and there is a general hiatus for the time being.

The Texasylvania Company, composed of eastern capitalists, who promoted the well near Dawn and the one south of Wildorado, and also held the leases for the Jackson ranch well, has dissolved and quit business for good. The Brand is informed that they spent \$86,000 on the Dawn and Muse wells. The leases on the Muse and Jackson locations have been turned over to the trustees, while the leases, rig and complete outfit for the Dawn well are now the property of D. L. McDonald and E. F. Bordeu.

These gentlemen informed The Brand this week that they have a driller and are negotiating with another Company to continue the hole at once, and intend to see to it that the well is not abandoned.

The Hereford Oil & Gas Company has not been drilling for some time. The Brand has not been furnished with authoritative information as to the exact status of this concern, but Roy Bruner stated this week that negotiations are in progress between different elements of the company's control for a settlement so that work could be resumed.

In Castro county the Seven States Oil Company have never drilled the hole on the OYO Ranch they started, while the Beaumont concern which has the contract on the Lambert ranch is engaged in assembling material and tools. The derrick has been erected.

The only real honest-to-goodness oil activity in this section that The Brand knows of is the Prairie well at Friona, which is apparently hitting, the ball and making good progress.

MOTHER'S DAY IS SET FOR MAY 9th

Services in honor of man's best friend, "Mother," will be held at the Christian church—May 9 at 3:00 p. m. The following program will be rendered:

Song—Congregation. Prayer—Rev. Terry. Duet—Miss Mounts, Miss Chambers. Song—Congregation. Quartette—Mrs. Fox, Mrs. Thompson, Mr. Warner, Mr. Gough. Address—Rev. Asbell. Benediction—Rev. McClurkin. "And while the soul retains the power To think upon each faded year, In every bright or shadowed hour The heart shall hold the Mother, dear."

ASBELL AND GOUGH BACK FROM JAUNT

Rev. J. M. Asbell and Judge J. Gough, returned last Saturday from a speaking tour in the interests of the Inter Church World Movement. Audiences were addressed at Amarillo, Glendon, Memphis, Childress, Wichita Falls, Bowie and Decatur. Rev. Asbell reports a deep interest everywhere in the movement.

On this tour the team consisted of Dr. Barton, Congregational minister at Amarillo, who operated the lantern slides, Mrs. Terry King of Fort Worth, specialist on world survey, Rev. J. M. Asbell, expounding the significance of the movement, and Judge Gough, who talked to the laymen.

Barrett Trial is Set for May 12; 108 Veniremen

The District Court convened Monday, May 3, 1920, with the Hon. Reese Tatum, Judge of the 9th Judicial District of Texas, presiding. The Hon. Clifford Braly, District Attorney, and Miss Eva Shackelford, Court Reporter, both of Dalhart, in attendance.

The Grand Jury was empaneled and proceeded with their duties. C. F. Gallagher was appointed foreman. The following is a list of the Grand Jurors: C. F. Gallagher, C. H. Dyer, J. K. Gray, W. T. Womble, J. A. Buckner, E. W. Harrison, W. E. Hicks, J. H. Weems, Rem Witherspoon, Vern Witherspoon, J. H. Kemp and Jno. E. McEntire.

The Criminal Docket was set for Wednesday, May 12.

The following cases have been disposed of:

J. A. Oden vs. Glenrio Oil Co. Dismissed. Samuel Wallis vs. H. R. Duff et al. Dismissed. C. L. Hills vs. R. Tagge et al. Dismissed. T. J. Carter vs. J. O. Turner. Dismissed. Evaline B. Galloway vs. Arch Foster. Dismissed. J. W. English vs. Payne Gilliland. Dismissed. D. L. McDonald vs. Arthur H. Squier et al. Dismissed. B. C. Roberson et al vs. J. B. Roberson et al. Dismissed. Frank Davis vs. R. C. Shuford et al. Now on trial.

On Tuesday the Grand Jury returned an indictment for murder against C. H. Barrett in the matter of the death of W. B. Sowell on February 1, 1920. The case was set for Wednesday, May 12. A special venire of 108 Jurors was drawn for this case.

The following are attending court this week:

Judge F. P. Works, of Amarillo; Hon. W. T. McPherson, Comanche; Senator W. H. Bledsoe, Lubbock; Hon. H. C. Pipkin, Amarillo; Miss Elva Shackelford, Dalhart; Captain E. A. Simpson, Amarillo; Hon. B. N. Graham, District Clerk, Farwell; Hon. Ernest F. Lukey, County Attorney, Farwell; Hon. Mark Cowser, Dimmitt.

NEAR EAST RELIEF DONATIONS ASKED

It will be remembered that a campaign for funds for the Near East Relief was conducted in Hereford recently, with Rev. J. R. Sharp as chairman. Owing to conflicting public affairs, sickness, etc., this work was never entirely completed.

Rev. Sharp asks The Brand to announce that all those desiring to aid in this worthy cause should see him at once, as he is preparing to close up the county report.

SANTA FE MAKES ROOM FOR TRACKS

Plans are on foot by the Santa Fe railroad to extend its commercial track south of the main track at the foot of Main street, and to this end all houses and buildings owned by the Company on that side will be moved soon.

Power Troubles

The Brand has been delayed one day this week by the trouble which occurred to the power plant, following the rain storm of Thursday night.

These are matters over which there is no control, and we ask the indulgence of our readers under the circumstances.

L. M. FERTSCH IS REELECTED UNANIMOUSLY

RESULTS OF HIS WORK SHOW IN PRESENT CONDITIONS

TEACHERS LISTS

Grade Positions are Filled High School Places To Come Later

At a meeting of the school board on Saturday, May 1, Supt. L. M. Fertsch was unanimously re-elected to the superintendency of Hereford public schools for another year, the High School positions being left vacant until a later meeting. Grade positions were filled as follows:

Primary, 1st—Mrs. C. S. Garrison. Primary, 2nd—Miss Grace Lucas. Primary, 1st and 2nd—Mrs. L. M. Fertsch. Intermediate, 3rd—Miss Helen Lee. Intermediate, 4th—Miss Grace Skelton. Intermediate, 3rd and 4th—Miss Nettie Dupree. Intermediate, 5th—Mrs. James Lipscomb. Intermediate, 5th and 6th—Miss Helen Sisk. Intermediate, 6th and Principals of Central Building—Mrs. Catherine Kerr.

Intermediate, 7th—Miss Stella Rank.

With the year just closing, Mr. Fertsch will have completed his sixth years' work in the Hereford schools. He came first as a teacher in the High School, later becoming principal, and for the past three years has been superintendent. His connection with the school has marked a period of steady growth. The course of study has been strengthened until the school now holds 16 1/2 credits of affiliation with the prospect of two additional units in manual training and two in Spanish. Had the home economics work been continued throughout the year four more units would have been granted. The library is constantly being improved, \$350 worth of books having been added this year.

The addition of music and Bible to the curriculum has already proven its worth. Over 400 children study Bible daily while music reaches a still larger percentage. Elimination of "intermissions" at High School with 40 minute play periods under teacher supervision has been found most satisfactory. New equipment for work as well as for playground has added materially to the strength of the school.

While no superintendent is directly responsible for all the facts and conditions of his school he is, nevertheless, the vital factor in determining its work and directing its progress. His ideals and thoughts are reflected in everything that concerns school life and it is only just recognition of the good work done by Supt. Fertsch to call attention to the excellent condition of the Hereford schools.

The board is carefully going into the matter of funds for the maintenance of the school for the coming year. Present salaries are entirely inadequate and must be increased. A committee on ways and means to meet this situation has been appointed. Hereford wants and must have good schools. The education of the children is the one thing in which there can be no compromise.

Rain Over Plains Badly Scattered But is Cheering

There's a smile going the rounds of the Hereford country—the kind that won't come off. For the threatened spring drought is a thing of the past and it is raining all over the country this week.

The rainfall so far has not been of a general nature and is rather scattered, but there appear to be few sections that have not received some amount of top moisture. Wednesday afternoon it rained an inch and a quarter from the W. T. Womble ranch northeast. This rain also fell north of the Rock Island in a long easterly strip. Some rain fell from Bayona into New Mexico, and between Tulsa and Dimmitt on the south it was fine, according to reports. A good rain between Canyon and Amarillo also came Thursday morning.

Friday morning about 3:30 nearly half an inch descended upon the city of Hereford, and from the looks of the clouds it blessed most of the country around this city. Spits of moisture fell all day Friday, and prospects at time of going to press were for a general downpour.

ON CANADIAN OIL SEEPAGE

Fisherman Finds Oil Traces In River and Starts Rush

The Canadian Oil Seepage story was not started to boost acreage, it was discovered by accident by a fisherman who was out for the things that take a sportsman to the hills and streams when the fish get hungry in the springtime. But, since the truth of the story has been verified the entire bend of the river for a distance of two miles commencing three miles west of the Standard Petroleum well, has been bought up. Some of it was purchased by associates of Jim Conwell, who found the seepage, and other buyers come from Missouri and Indiana.

Many inquiries have been made about this discovery from all over the country, and they are still coming in. Tract Number 3 was sold this week in Kansas City, and Number Two was sold in Terre Haute, Ind., so you see the buyers don't all come from home. Seven different business men of this city have verified the discovery and have bought acreage in this tract since the seepage was found by Mr. Conwell. Leases have advanced in price all over the territory of the Haight well and people are still going out to take a look at the seepage in order to satisfy themselves that it is a fact that oil may be seen seeping from the rocks in the bluffs of the Canadian.

Should you want any information about this discovery, you need go no further than to the ranch of Thomas Romero or the ranch of Pierce who lives across the river north of Romero, and they will tell you that they have seen the oil seeping from these rocks there for the past ten years. They will tell you that they have seen it when the river gets to the level of the seepage, floating out of the surface and in considerable quantities. And, that they have dipped it up and examined it carefully, and that it is oil. A party of business men who have bought acreage around this seepage are going out tomorrow to look at it, and to take samples for analysis. This seepage is in Section 22, Township 13, North of Range 32 East, three miles east of the Standard Petroleum rig, and where the river makes a complete horseshoe bend. —Tuchman American.

ternal questions dealt with from a non-partisan standpoint.

Mobley has something very definite to say on the H. C. L. question. Best assured that any suggestion on this big problem from this man will be the result of information not available to the average man and thought far beyond the perspective of the every day discussion. Dr. Mobley's speeches are all marked by a most illuminating conception of man's relation in every day affairs to the Maker of all good and perfect things.

OLD FORD RACER FOUND "999" Beat Mile a Minute Record in 1904

Ford Racer "999" which in 1903-4 started the Ford reputation toward success by beating the "Mile a Minute" record in the hands of Barney Oldfield and Henry Ford, himself, was recently discovered and bought by W. L. Hughson, Ford Dealer in San Francisco. The car was cleaned up, shined and insured for \$25,000, and sent on an exhibition tour. It was shown at the San Francisco Automobile Show and proved to be a great attraction.

This car made its debut in 1904 when Henry Ford drove it. Success at a speed of one mile in 39 4-5 seconds on a track built on Baltimore Bay. The "Ford Times" of July 1903 referring to "999" says: "It won race after race in every part of the country. Its performance was a real sensation, not only here but abroad, and did as much to make known the name of Ford as any other circumstance."

This same article, after boasting of the 20,000 Ford owners—there are now more than 3,000,000—goes on to tell why racing was discontinued: "In the early days of the industry, racing stimulated business and was of benefit as a trade bringer for a new product. Today it is unnecessary to engage in races and stunts to awaken interest—the interest is wide awake and the problem is how best to provide for that interest which a growing demand for cars evidences. There was a time though, when no entry list was considered complete until the Ford entry was in, and the records of these four and five years ago are replete with triumphs of Ford cars, guided to victory by such experts as Henry Ford, Frank Kulick and by Barney Oldfield."

Breared from girlhood with a torchlight in one hand and a revolver in the other you'd think the heart of a crackman's daughter was safe from the gentle arrow of Cupid. Not so. See "The Girl Who Came Back" Monday, May 10th, at the Star Theatre. Also "The Adventures of Ruht."

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 50¢ per bottle.

A good, two-story, fire-proof Business Building, 50x120, with basement, good location, in Plainview, Texas. Price \$27,500.00. Want to trade for Plains land.

J. H. Pitman
Hereford, Texas

ROBERT WARWICK in "Secret Service"
Dumont-Clark-Squad

At a period in the great struggle between the North and South, when Richmond, the capitol of the Confederacy was beleaguered by the Northern forces, a plan was developed to bring about the easy capitulation of the city to the Federal forces. This strategic move was inaugurated by the entry of Lewis Dumont, a Captain in the Army of the United States, into Richmond in disguise. This is the basis of the story, and his adventures, and how he is finally captured and later paroled proves an intensely interesting entertainment. Be sure and see it Saturday night at the Star Theatre. Also a two reel Mack Bennett comedy.

Grove's Tasteless Chill Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 50¢.

HOME

Webster defines home as "A place of refuge and rest". Byron says, "Without hearts there is no home."

Build your home with the idea of comfort to the "hearts" that make your home.

DR. E. C. MOBLEY,
Vital Problems, at Chautauqua.

"America at the Crossroads."—Patriotic Speakers at Chautauqua

You are to hear a new man on a new subject of vital importance. Ernest Cramer Mobley has done so many things unusually well that he is most difficult to classify. As a Chautauqua speaker his greatest service will be his remarkable record as world traveler, war correspondent and American abroad.

Lawyer, pastor of a great church in England, Rotarian and community organizer in one of the liveliest towns in our great West, he has had the opportunity to get perspective and to think in terms of national scope. In the concerted scheme of lecturers as arranged by Mr. Horner, "America at the Crossroads" has a very important part. In-

Pointers for the SHOE WEARER

WHEN we want to describe a shabbily dressed person we say: "He is run down at the heels."

WHEN we want to describe the most comfortable fit of anything we say: "It fits like an old shoe."

WE know that: "Shoes, kept in good repair, save many a doctor's care."

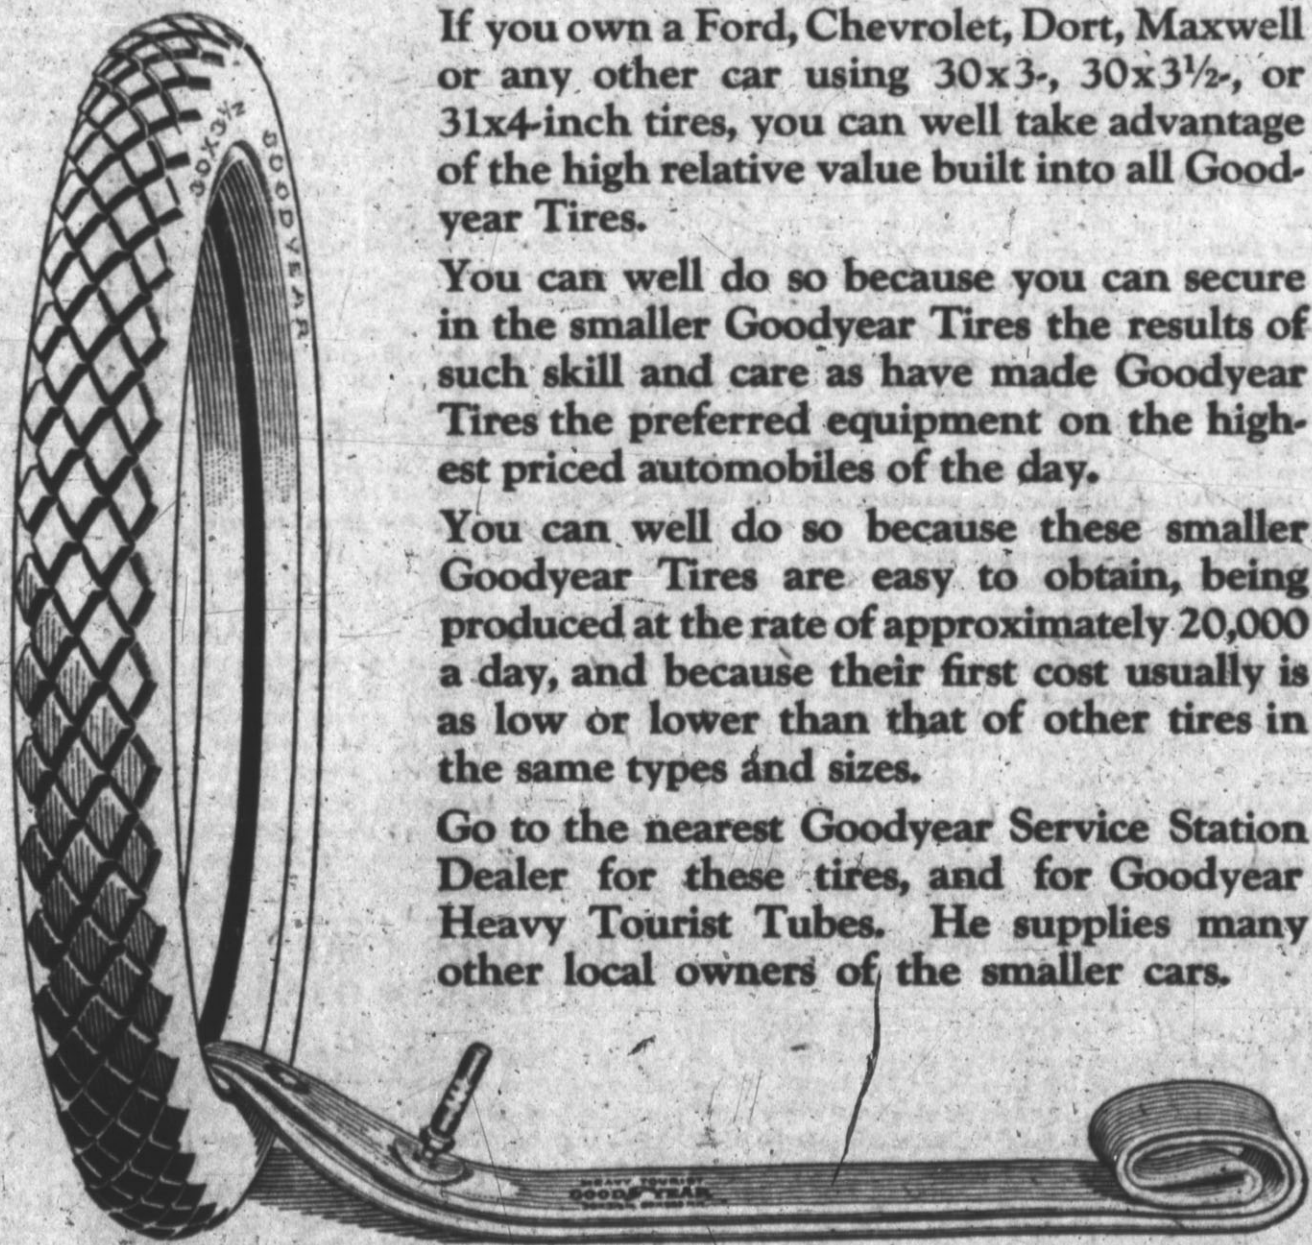

AND, we know that: "Shoes properly repaired, last twice as long and you, thereby, "SAVE MONEY."

WE repair them as they should be.

Repairing that's Different.

Equip Your Smaller Car With Goodyear Tires

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3½-, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the smaller Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest priced automobiles of the day.

You can well do so because these smaller Goodyear Tires are easy to obtain, being produced at the rate of approximately 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of the smaller cars.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in waterproof bag \$4.50

GOOD YEAR

WANT MONEY FOR FARMER

Kansas State Livestock Ass'n Wants Finances More Evenly Divided

A vigorous protest against the financing of non-essential industries at a time when there is no money available for carrying on the financing of cattle and other live stock loans, was mailed last night by the officers and directors of the Kansas State Live Stock association to the officers of the Tenth district federal reserve board at Washington. Protection for the live stock industry is urgently requested.

The resolutions were adopted at a meeting held at the Live Stock Exchange building yesterday afternoon, and came after a lengthy discussion of the situation as it affects the live stock men of the country. The meeting was presided over by Senator J. R. Plum, Emporia, Kan., president of the Kansas State Live Stock association.

President E. W. Houx of the Kansas City Live Stock exchange brought a mass of correspondence with members of the federal reserve board at Washington into the meeting and read from this correspondence to throw additional light on the situation.

L. L. Baker, president of the St. Joseph Live Stock exchange spoke of conditions at St. Joseph, where there is no money available for live stock loans and J. A. Baker, representing the Wichita Live Stock exchange spoke of conditions in the Southwest, and particularly in Texas where many cattle are being moved out already, on account of dry weather that is cutting the grass short in many parts of Southeast Texas, money being badly needed, as a result.

Pet Nation of Hutchinson, who is a banker and cattleman, said that the voting of road and other improvement bonds is having a bad effect on the money market and making money hard to get for live stock investments and other legitimate activities connected with agricultural business.

Financing of the automobile business on a vast scale, at the expense of the vital industries, came in for a severe scoring at the hands of the meeting.

A committee composed of J. H. Mercer, Topeka; M. M. Sherman, Ellsworth, and Frank Atkinson, Burdick, was named to draft resolutions.

After deploring the fact that many cattlemen have made arrangements for cattle only to learn that they could not make financial connections to handle their deals the resolutions say:

"Heretofore, these borrowers have readily obtained loans without previous arrangements with their bankers, and, thinking the same condition would prevail this year, find, on asking for loans, that they are unable to obtain them. And it is fully established that live stock loans are approximately 33 1-3 percent less than a year ago, which proves that the live stock industry is not over-lent or at all inflated. Contractors and others engaged in public and private construction, at such high costs as to be ruinous, are not only securing credit, but are at the same time paying such high prices for labor that they are taking away from the farms necessary help. Many other nonessential industries, quite noticeably the automobile industry, are being successfully financed, possibly by prearrangement."

Wildcat oil and development enterprises are also classed as nonessential industries.

The resolution closes with the demand "that the federal reserve banking board provide at once a feasible plan

by which the live stock industry may be so cared for that adequate most production be made possible for the coming year by extending sufficient credit at reasonable rates of interest to that industry, even if it be necessary to cancel or curtail credits now being extended nonessential industries, public and private contractors.

President Houx of the Kansas City Live Stock exchange, President Baker of the St. Joseph Live Stock exchange, and President Baker of the Wichita Live Stock exchange will call meetings of their exchanges at once to adopt resolutions to be forwarded to Washington and to the Tenth district federal reserve bank, touching on the same conditions as were discussed here yesterday.

The meeting also took up the collection of 25 cents a car on all live stock moving from Kansas to the three markets that serve Kansas, this sum to be put into a fund for financing further activities of the Kansas State Live Stock association. Meetings of the exchanges at the three markets represented at the meeting yesterday will be held a week to go into the matter. The Kansas State Live Stock association will explain in full the uses to which money secured in this manner will be utilized in its work.—Drovers Telegram.

DR. F. E. GORDON,
Lecturer, at Chautauqua.

"Shooting the Goal," F. E. Gordon's Sage Advice.

Inspirational lectures have had a great call. In selecting a lecturer of the inspirational type for Chautauqua Charles F. Horner, in presenting Dr. F. E. Gordon, is offering a man whose sincerity is beyond question and whose ability is of a very high order.

These days it takes considerable of a man to deal with the subject of home training and some of the more old-fashioned ideas, bringing them up to date and offering solutions and advice that are new and timely. This is what Dr. Gordon does with fire and eloquence. Any parent who misses this lecture or who permits children to miss it, passes up a rare opportunity for new thought and incentive. Dr. Gordon has a solution for a real understanding between the home and the school, the parent and the teacher. It's worth while and it makes good.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

WANTED—Good clean rags at the Brand Office.

Mary Pickford in "Heart O' the Hills" In the heart of the hills of Kentucky where bullets, not books, are law, Mavis Mawn, a mountain girl waits sternly for the day when she can avenge the cruel murder of her father. Furthermore, Mavis is in open rebellion against the life which she has been leading and which she has been lead-

ing and which permits of hickory-stick licks that sear her shoulders with smarting lacerations. You'll say this is the best picture Mary Pickford ever made. It has thrills—heart throbs—and humor galore and will carry you through an hour's keen amusement. Be sure and see it next Wednesday and Thursday, May 12th and 13th.

Graduation Time

Graduation time will soon be here, and it is about time for you to look around for presents. As usual, we are headquarters for the gift buyer, it makes no difference what the occasion is. A gift that will last, one that can be handed down, is more appropriate than one that is gone with the passing of a day.

Don't forget that we sell the Columbia Graphophone and records—the biggest line of records and the best phonograph.

People are finding out every day that it pays to buy a standard make of phonograph.

W. H. Ray

The fame of the author-actor Wilcox of the story... Five good reasons Sam Gillette—the superb cast—the why you should see "Secret Service" of the love element—the heart inter at the Star Theatre Saturday night.

GOOD CLOTHES ARE SCARCE

With production far behind the demand—with skilled tailors and reliable wools too scarce—isn't it likely some clothes makers will have to skimp on quality?

But cheer up! Here you can select your own fabric from an immense assortment of the latest all wool weaves. Then, you can be sure what your suit will be made of.

And the unequalled fussiness and talent of our tailors give you equal assurance that the fit, the style and the workmanship will meet your most exacting demands.

Don't Gamble—Be Measured Here

Of course, it's not good business to take a chance—when you don't have to. Drop in and get acquainted with our disappointless tailoring—to-day.

Every Ford Owner Should Know

Just what Ford Service is, and why it is different from ordinary garage service, and why it is more profitable to patronize the authorized Ford Dealer. The Ford Dealer is a part of the Big Ford Family. He carries a large stock of genuine Ford parts for repairs and replacements so you don't have to wait while he sends for them, and he uses only genuine parts because he knows the imitation parts aren't dependable and don't wear.

He has a thoroughly equipped up-to-the-minute garage with tools that enable his Ford Mechanics to efficiently and properly make repairs—from a minor adjustment to a complete overhaul. And when the work is finished, his bill represents the reasonable, standard Ford prices.

Now, we are Authorized Ford Dealers—a part of the great Ford Service organization which was formed chiefly to put within each community a dealer who would have more than a passing interest in Ford repairs and adjustments. We are prepared and equipped to render prompt, careful Ford service. Drive in or phone and we'll come after your car.

SOCIETY HAPPENINGS
Miss Cecil Gilman, Editor
Phone 38

Cards are out announcing a reception at the home of Mr. and Mrs. H. L. Broadwell Saturday evening, May 8th, with Messrs. Harry Seed and David Broadwell as the hosts in honor of Misses Minnie Dea Coffin and Helen G. Lea.

Mrs. Mark Henry, of Crowell, who is visiting Mrs. J. Frank Potts, will be guest of honor at a reception given by the Mothers' and Bay View Clubs at the Christian Church Thursday afternoon, May 6. Mrs. Henry is district President of the Federation of Clubs.

Thursday, April 29, the little friends of Duane Orr enjoyed a delightful party given by the young man's mother in honor of his eighth birthday. Each guest came with a birthday token and the opening of these packages began the fun which lasted through the afternoon. At the close of many games refreshments of ice cream and angel food cake were served.

Gallagher—Upchurch

Sunday afternoon at 3 p. m. occurred the marriage of Mrs. Grace Upchurch, of Roswell, New Mexico, to Loren Edgar Gallagher. The ceremony was performed by the Rev. T. G. Nance at the Nance home.

The bride is a niece of Mrs. Homer Wilkinson and has been visiting in the Wilkinson home for the past three weeks.

The groom is a son of Mr. and Mrs. E. T. Gallagher and is in business with his father in the firm of Gallagher & Sons.

Though the wedding came as a complete surprise to their friends, the couple did not remain in Hereford long enough to be reminded of this for they left on the midnight train Sunday for a visit with the bride's aunt, Mrs. Chas. Rothbaum, of Roswell, New Mexico.

Dameron—Gregg

That simplicity is the keynote of beauty was charmingly expressed in the beautiful home wedding celebrated Wednesday, May 5th, in which Miss Jane Gregg became the bride of Mr. W. E. Dameron.

The pretty home at "Willow Wood" lends itself admirably to the artist's touch and so perfect was the decorative scheme, that the effect added emphasis to an ideally beautiful marriage service. The rooms were fragrant with the breath of orange blossoms, gift of California friends, which furnished the motif for the entire arrangement.

The grille over the central archway was hidden beneath the snowy blossoms while a delicate tracery of smilax and fern fell gracefully from among their gleaming petals. Vases of this dainty bridal flower arranged with fern completed a harmony of fragrance and beauty.

The bride wore a handsome tailored suit in dark blue with blue and tan toque and harmonizing accessories, the groom wearing a blue business suit. The guests consisted of the immediate families of both, together with the family of Mr. A. M. Jones, a brother-in-law and business partner.

At two o'clock the bridal couple entered unattended and stood beneath the arch where they were met by Rev. John Meyer Abell, pastor of the Christian Church, who performed the marriage rites, using the ring service. After congratulations the happy pair motored to Amarillo taking the evening train from there to Dallas, Galveston, and other points for a two weeks' trip, after which they will be at home to their friends in Hereford.

The marriage of this sterling young couple unites two of the representative families of this community. The bride is a daughter of Mr. A. W. Gregg and the groom a son of Mr. and Mrs. W. B. Dameron, both of this city.

There is no fairer flower in Hereford's galaxy of lovely and worthy young women than this charming bride. In her personality, beauty of character emphasizes beauty of person. Cultivated, refined and distinctly lovable, she devotes her rich capabilities to the highest good. A talented vocalist, the church and community owe much to her gracious and freely-given services. Mr. Dameron represents the highest type of sterling young manhood. Clean, capable, cultured and progressive, he is eminently fitted for worthy citizenship and for years has been a leading attorney of this city. Educated at Washington and Lee University, his Alma Mater is in the same community as that of his bride, who is an alumn of Southern Seminary, of Beuna Vista, Va. He is a member of the well known firm of Jones & Dameron, of this city.

That life's evening may bring to these young people the fulfillment of

the bright promise of its early morning will be hoped for by their many friends.

Honoring Mrs. Daniel

"There is no velvet so soft as a mother's lap, no rose so lovely as her smile, no path so flowery as that imprinted with her footsteps."

It is the delight of daughters' hearts to try in best they may to show the mother how much they love her and so it was that Mrs. A. G. Bell and Mrs. W. H. Russell, on April 30, invited about thirty-six neighbors and friends of their mother, Mrs. Daniel, to assist them in helping to celebrate her birthday. A delicious luncheon was served, after which an informal social time was enjoyed. The guests hope there may be many more times they may celebrate the natal day of this mother they love so dearly.

Delphian Club

The Delphian Club held an interesting meeting May 3. The study of the afternoon, "The Passion Play," was conducted by Mrs. Donald. The thoughts brought out were very instructive. During the social hour Mrs. Conkright served delightful refreshments of ice cream and cake.

Stork Special

Born—April 29, to Mr. and Mrs. Lloyd Wright, of Golden City, Mo., a girl, named Lois Carroll.

ANNUAL ELECTION PARENT-TEACHERS

The Parent-Teachers' Club met at the Central School Building, Friday, April 30th, with fair attendance.

Miss Swisher gave a demonstrated music lesson with the First grade, which was very interesting. At the beginning of the school year few of these little folks could carry a tune. They sang several songs by syllables, also the words.

The annual report was read by the Secretary and was approved.

A committee was appointed to select a President and Vice President. The following officers were chosen:

Mrs. J. H. Pitman, President; Mrs. H. G. Conkright, Vice President, First Grade Teacher, Sec. Treas.

Annual Report

The first meeting of the Parent-Teachers' Club for the year 1919-1920

was held at the Central School Building September 12, with the following officers in charge: Mrs. Chas. Donald, President; Mrs. J. H. Pitman, Vice President; Helen G. Lea, Sec. Treas.

Mrs. Geo. Barber put before the Club a proposition that had been made to her in regard to getting a new Steinway Grand piano for the High School. At the next meeting she reported that we could get one for \$1150.00. The Company would take our old piano for what we paid for it, which was \$200.00, leaving a total of \$774.00 to be paid in three years. The proposition was accepted, the new piano put in the High School and to date have paid \$200.00.

The Club had a booth at the Fair in October and made \$148.13, which was deposited in the bank.

During the month of October luncheons were served to the students and \$40.00 was received.

A sale was held in Stambaugh's store in December and \$28.45 was made.

The Club held a joint sale with the U. D. C.'s in March and \$38.15 was received.

At the April meeting of the Club a committee was appointed to draw up resolutions urging Uniform Dress for the High School students.

The financial report is as follows:

Date	Deposited by	Amt.
Oct. 3	?	\$.60
Oct. 4	Helen G. Lea	24.65
Oct. 13	Mrs. Chas. Donald	50.83
Oct. 13	Mrs. Conkright	36.30
Oct. 15	Helen G. Lea	52.00
Dec. 16	?	28.45
Dec. 31	?	2.75
Jan. 24	Music Fund	20.75
Mar. 22	Mrs. Stubbs	38.15
Apr. 6	Mr Fertsch	47.80

Total \$328.20

Date	Debit to	Amt.
Oct. 4	Geo. E. Burns	\$ 18.00
Oct. 17	J. O. Newell	1.30

GASTRO COUNTY

Political Announcements

The following Castro County candidates authorize us to announce them for the office under which they are listed, subject to the action of the Democratic Primary:

For County Judge:

- B. D. Woodlee (Re-election)
- O. H. Reeves

DIMMITT

The three year old child of Arch Johnson, while playing near a tub of hot water, fell in and was burned cruelly. All that medical skill could do was done to aly the suffering of the little one, but to no avail. On Monday morning he passed away. We wish to extend our sympathy to the bereaved family in their day of sorrow.

Glen Hickman and wife returned Monday from an extended wedding trip to Columbia, Tenn. They will make their home on the Gilbreath ranch south of Dimmitt.

There will be a picnic at the Shepard school house Friday, May 7. And the closing exercises of the school will be given in the afternoon.

Mr. and Mrs. E. S. Ireland, of Hereford, visited relatives and friends here Saturday and Sunday. They were accompanied back to Hereford by Mrs. Calvin Bell and Mrs. W. L. Pickett, who will visit there for a few days.

The Parrot school has purchased a piano and will have a box supper Friday evening, proceeds of same to go to

ward payment on it. Mrs. Florence, of Dimmitt, will render a program which promises to be good. She will be assisted by Misses Frankie and Bettie Rose Kerr, Tennie Hastings and Cecile Clifton.

Rea Gilbreath returned Saturday from the Sunday School Convention at Waco. He reports an eminently successful convention.

Mrs. Mary Vaden, of Amarillo, was attending to business and visiting old friends in the city last week.

Mrs. C. F. Kerr was in Hereford and Amarillo shopping last week.

Dow Duree spent Sunday with friends at Vigo Park, in Swisher county.

Jay Hastings, of Amarillo, was in town Wednesday and Thursday.

Bryan E. McDonald was visiting friends in Tulsa, Sunday.

The Precinct Democratic Convention convened Saturday. Judge C. F. Kerr was chairman and Rea Gilbreath acted as Secretary. The convention elected J. E. Turner to act as the delegate to County Convention. A resolution endorsing the president and requesting that our delegate vote for no man who did not endorse same was made.

Baileyites Swamped
(Continued from page 1.)

person for delegate from Texas to the Democratic National Convention who does not favor and support the principles and purposes expressed in this resolution;

3. That we direct our delegates to the State Convention to vote as a unit in all questions submitted to the State Convention for consideration;

4. That five delegates be selected and that any one or more delegates selected to attend the State Convention who attend may cast the vote of Deaf Smith County in the Convention.

ADOPTED AT THE PLACE STATED AND AT THE TIME PROVIDED BY LAW.

Wm. M. Knight, Chairman,
Mrs. W. A. Price, Secretary,
Republican Convention

Republicans of Deaf Smith county held a Convention on May 4 under the chairmanship of E. L. Donner. About thirty were present and a good deal of business was disposed of. E. L. Donner and George Shepard were appointed delegates to represent this county at the District Convention at Amarillo on May 8.

The same beloved

MARY PICKFORD

with her smiles and tears
her loves and hates
her whims and winning ways
in an entirely new
characterization

Mary Pickford

Little Mavis Hawn, a loyal Kentucky Clansman, promises her 'pap' as he lies dying from a feudist bullet that she will 'get' his slayer. Cheated out of her heritage by money grabbers, she heads the Night Riders who slay the gang leader. Tried for murder, every juror claims he fired the fatal shot. Freed, she wins to fame in the lowlands. Then comes the great crisis when she faces her father's slayer. And then the BIG surprise.

As Little Mavis Hawn MARY PICKFORD has a new role, and you will say it's her very best. Full of pathos and humor, thrills and surprises, you will enjoy every minute of it.

Also showing "Good Little Brownie" with Teddie, the Century wonder dog, in a two reel Century comedy.

HOME PAPER VITAL FORCE

Occupies Field That Cannot Be Filled in Other Ways

By Tom A. McNeal
(From Capper's Farmer, April Issue.)

If you have gathered the impression that the country weekly is going out of business, get the notion out of your head. It is true that within the last year there have been a good many consolidations of small town papers.

Some papers have suspended, because of the extraordinary increase in cost of paper and other materials, but the small town or country weekly, as it is commonly called, never will go out of business. It occupies a field that cannot be filled by any other publication.

The Ideal Country Paper
The ideal country or small town weekly is a printed picture from week to week of the social, business, political and religious life of the town and community in which it is published. It tells the continued story of the comings and goings of the inhabitants of all conditions and classes found in that community.

The editor of a country weekly needs to be a most versatile as well as a most industrious man. He should be a careful business man with a talent for details, for the business of a country weekly is made up of a multitude of small transactions. He should be an industrious man because the getting out of a paper in a small town involves a great deal of labor and competent help is not always easy to obtain. He should be possessed of large patience, honesty, hard sense, courage and tact.

A Foe to Gossip

On the country weekly the need of tact and great good sense is rigidly apparent. There is always in every community, and especially in a small town, a certain amount of gossip that is calculated to stir up strife and which the wise editor will not publish. He must, however, deal with the people of the community justly and impartially, for nowhere are people more sensitive or more ready to notice favoritism than in a small town. If the editor should, for example, publish an item reflecting on the conduct of a poor man or woman but pass over without comment the equally reprehensible conduct, let us say, of the banker or leading business man of the town, especially if the offender is a heavy advertiser, he would lose popularity and influence.

A Leader but Not Boss

The successful small town editor must know the peculiarities of everybody. He must be courageous, but discreet. He must have the discernment to know when it is safe to interfere in a neighborhood row and when it is wise to let it alone for fear of making the situation worse.

He ought to be a leader without being a boss. He must be constructive, not destructive. The wrong kind of a small town editor, the man who lacks sense and tact, can start in a single issue a neighborhood row that will last a generation. On the other hand the wise editor who establishes a reputation for honesty and fairness, can stop many rows that are threatening.

A Big Small Town Fault

A fault of the average small town and the farming community by which it is surrounded is a lack of effective, intelligent co-operation, and community spirit. The business of the local paper is to promote this spirit of co-operation, to get the town and the country to pull together for the advantage of both. It is possible, for example, for the small town in co-operation with the country people to organize a local fair that will be inexpensive and at the same time tremendously helpful. No great premiums can be expected but a friendly rivalry can be built up that will mean better horses, better cattle, better hogs, better methods of farming, bigger crops, more comfort in the home both in the town and country.

The wise country editor will not miss an opportunity to advertise whatever is worth advertising and calculated to increase the wealth and better the social condition of the community. If Farmer Smith is raising extra fine stock and making money at the business, the editor will undertake to find out how he did it in order that other men may profit by his experience. In doing this he not only pleases Farmer Smith, but benefits the entire community.

Editor Should be Tolerant

In addition to his other qualifications he ought to be well informed, not with swellhead, but really interested in public affairs, with opinions he does not hesitate to express and with a broad tolerance and charity which accords to other men the full right to their opinions.

Yes, the country paper has a field that no city paper can possibly fill. If conducted on the right plan it exercises an influence within the radius of its circulation that foreshadows any other influence in that community. It is the strongest single factor in the up-building of the town and the community round about financially and morally.

The most successful business men have come to recognize the power and benefit of the local paper and patronize it, not as a matter of charity or because of town pride, altho town pride is a proper reason for supporting a properly conducted local paper, but

MARY PICKFORD IN "HEART O' THE HILLS"

Fleeing in her nightgown, Mavis Hawn, fourteen-year-old girl evades the sheriff's posse, in "Heart O' the Hills," adapted from the story by John Fox, Jr., starring Mary Pickford, which will be presented at The Star Theatre next Wednesday and Thursday, May 12 and 13.

Miss Pickford takes the role of Mavis who has been responsible for gathering the night riders for the purpose of ridding the mountains of one Sanders, who Mavis believes has cheated herself and her mother out of valuable coal lands. When Sanders scoffs at the night-riders and refuses

because they know that it pays to patronize it.

Another Side Too

Of course it follows that a country paper conducted along wrong lines may become as great a power almost for evil as the paper I have undertaken to describe is for good. It may become the purveyor for petty small town scandal, and of all the varieties of scan-

dal, there is none meaner or more contemptible than that of the small town gossip.

Seeking to injure Mavis, Steve Honeycutt, who had been in league with Sanders, informs the sheriff that Mavis is responsible for the shot that killed Sanders. Mavis flees to the mountains, but yields to the request of a kindly school teacher to return to the lowlands for trial.

The prosecuting attorney has proven that Mavis is guilty and is advising that she be hanged when suddenly the courtroom is thrown into a state of turmoil and one of the most novel occurrences ever seen in pictures takes place. At the Star Theatre Wednesday and Thursday, May 12 and 13.

to take them seriously, shots are exchanged and he is killed.

Meet Up With Jess Pugh—Humorist Extraordinary. The Laugh Man at Chautauqua

In Kansas City, his home Jess Pugh is in so much demand that he rarely

spends an evening at home. On the go all the time. The big clubs, Rotary, Chamber of Commerce, regard any doings as "fizzers" unless Jess Pugh steps in when the fun is to start. Here is one prophet who is not without honor in his own country.

The last night of the Chautauqua brings Jess Pugh here as Master of Ceremonies of Joy Night. This will be a most unusual finale for the big program. Jess Pugh has to appear on the last night, for otherwise every town would want to keep him over for another program. Pugh is one of the most popular men in the country.

Never has a Chautauqua program had so many laughs in it as this one this year. The final night simply leaves everyone limp. Don't mistake this, for this is not to be anything but a finished, high class program. Mr. Pugh is one of the most artistic men on the platform today. He will have a surprise for you too. That is a secret.

Good Printing at The Brand.

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Prine, of this place, says: "After the birth of my last child... I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time..."

I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. about my taking Cardui. He said, 'It's a good medicine, and good for that trouble', so he got me 5 bottles... After about the second bottle I felt greatly improved... before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it. E 74

The OilPull Motor Demonstrates OilPull Quality

OilPull Quality—proved by the remarkable 11-year OilPull Record of Performance—is well demonstrated by the OilPull motor, the finest tractor motor in the world.

This is a broad statement—but it is amply borne out by the facts. The OilPull motor possesses more genuine quality in material and workmanship than many of the finest automobile engines. It is the type of tractor motor that has proved the most efficient and durable in public and private tests for the past 11 years—two cylinder, low speed, heavy duty, valve-in-head.

And these are the outstanding features of this OilPull motor—

—It is built complete in Advance-Rumely factories.

—It stands absolutely alone for fuel economy—especially built for oil fuels and guaranteed in writing to operate successfully on kerosene under all conditions.

—It follows automobile practice in machining—37 motor parts, including the cylinders, are ground to the thousandth part of an inch.

—Its crankshaft is built to U. S. naval specifications—20,000 pounds tensile strength as against the usual 50,000 pounds.

—It is the only oil cooled tractor motor—unaffected by extremes of heat and cold.

—It is throttle governed—the speed of the engine automatically and instantaneously adjusted to meet changes in the load.

—The belt wheel runs directly off crankshaft—no intermediate gears—clutch operated from driver's seat.

—It employs a fresh oil system of combined force feed and splash—equipped with Madison-Kipp lubricator.

—It is equipped with a Bosch High Tension Magneto, the best and most expensive magneto made.

—All moving parts, including the governor, are enclosed.

—All parts are easy of access.

—It is equipped with a Bosch High Tension Magneto, the best and most expensive magneto made.

—All moving parts, including the governor, are enclosed.

—All parts are easy of access.

The OilPull is made in four sizes—12-20, 16-30, 20-40 and 30-60 H. P.—standard in design. They are oil cooled, oil burning and are backed by a written guarantee.

Entered April 17, 1901, in the post-office at Hereford, Texas, as second-class matter. First number of the paper issued Feb. 23, 1901, as the Hereford Reporter; first number of The Brand issued March 21, 1902.

Subscription price per year \$2.00
 STRICTLY IN ADVANCE

SATURDAY, MAY 1, '02

Saturday's political avalanche buried beneath its huge bulk the ambitions of varied and sundry public luminaries and near luminaries. True, announcement is made that Bailey will fight it out in the primaries, but wounded pride and vanity probably accounts for that announcement.

Bailey is having the lesson thrust upon him that the public is fickle—a hero in the first inning and a dud in the ninth. Probably no man in Texas politics ever swayed so many as did Bailey in his heyday, but times and sentiment and conditions have changed and the star of political hope for Texas Democrats twinkles always ahead of and not in the rear of the marching hosts.

There is no question about the complexion of the delegation to the San Francisco convention. The questions now are: who will make the best Texas governor from those who have offered themselves, and who will carry the democratic banner in the presidential struggle just ahead of us?

The last question is the hardest to answer at this time. McAdoo and Palmer seem to have the start.

The governor's race is definitely settled as between four men—Thomason, Neff, Looney and Ilwelling. They all appear to be good men; the question is one of personal preference. The Brand does not know of anything against any of them, and lots of things to be said in favor of all of them.

Doubtless the voters will receive much enlightenment along these lines before the next few weeks are past.

THE DISHONORABLE COURSE

The Senate now has under consideration a resolution by Senator Knox, standpat Republican from Pennsylvania declaring war with Germany at an end and returning to pre-war conditions in the relations between this country and European powers.

Senator Lodge is supporting the resolution, and in this, as in many other matters under consideration in the treaty fight, Mr. Lodge himself has answered his own argument. Before the treaty was presented to the Senate we found the Massachusetts Senator outspoken in the demand for a League of Nations.

To quote from Senator Lodge we have the best answer to the arguments made for the adoption of the Knox resolution. Here is a sample:

"The President has delivered the war message and Congress, who voted for the war, would be guilty of the blackest crime if they were willing to make peace on status quo ante bellum and recreate the situation which existed before the war. If we send our armies and our young abroad to be killed and wounded in northern France and Flanders with no result but this, our entrance into the war with such an intention was a crime, which nothing can justify. The intent of Congress and the intent of the President was that there could be no peace until we could create a situation where no such war as this could recur. We cannot make peace in company with our allies. It would brand us with everlasting dishonor and bring ruin to us also if we undertook to make a separate peace."

This is interesting as a commentary on the character of the man who is leading the Republican attack on President

Wilson and the Treaty of Versailles, but the fact the majority leader in the Senate has proven himself to be a veritable Dr. Jekyll and Mr. Hyde of minor importance.

The vital matter is just what effect the adoption of the Knox resolution will have on our relations, not only with Germany but with our former allies. The Knox resolution is an attempt to make a separate peace. It proposes to place the United States alongside of Bolshevik Russia. All the civilized world condemned Russia's action in making a separate peace with the enemy. Yet that is what an American, a member of the United States Senate urges that this country do. If Russia did a dishonorable thing, would not our action be equally so? The difference in conditions is not material. The fact that fighting has ceased does not remove the moral stigma.

It is not difficult to understand the motives of Senator Lodge. Senator Knox and the Republicans who are supporting the Knox resolution. They seek one thing and one only—the destruction of President Wilson. They may succeed in this despicable enterprise, but in passing this resolution they will do something far more important than to discredit the chief executive. The President's reputation as a statesman is not a vital matter, and if that were the worst possible consequence the whole matter could be viewed with perfect calm. The other and larger effect will be to discredit the United States before the world. In the language of Senator Lodge: "It would brand us with everlasting dishonor and bring ruin to us also if we undertook to make a separate peace." The Knox resolution does precisely that and nothing else.—Amarillo Tribune.

"THE PERFECT LOVER"

From the time when she first wonders whether her nose is shiny as the boy with the pluk tie and the yaselined hair who lives next door passes, the quest of every woman is for "the perfect lover."

Some are fortunate; they find him. Others, after many years of fruitless

 Cliff Estes

E. H. (Esra) Norton

For Tax Assessor:

C. E. Lester
 (Re-election)

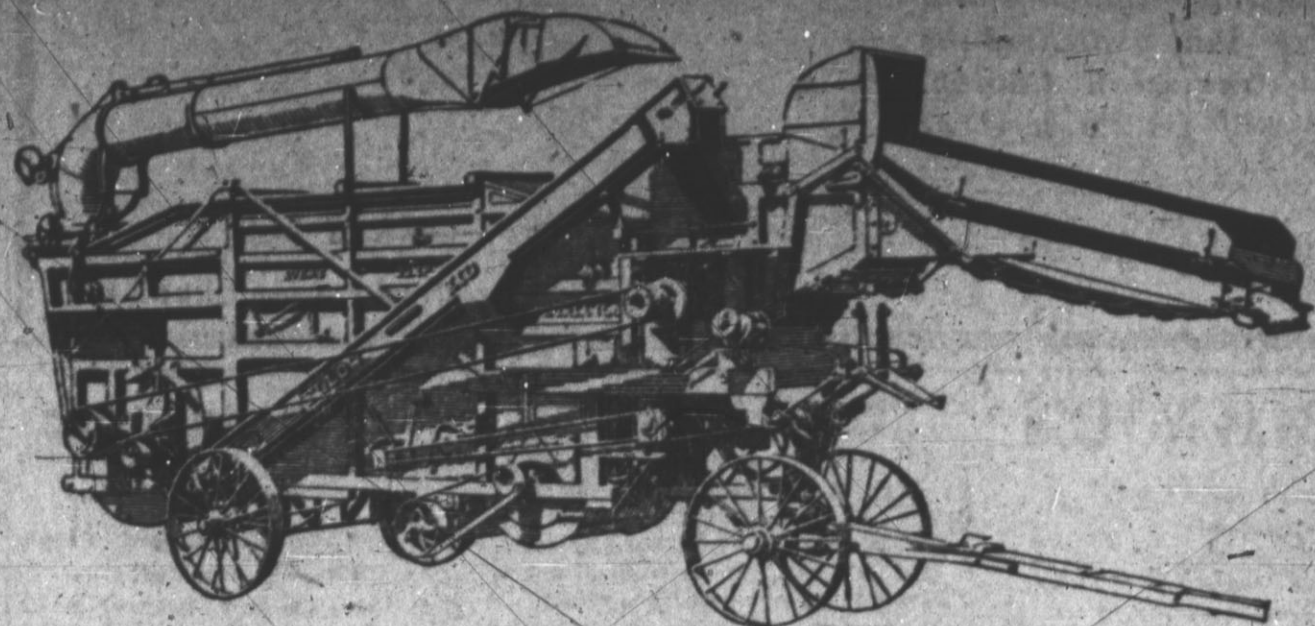

For County Treasurer:

J. J. Ward
 (Re-election)

J. H. Wilson

searching, come to the conclusion that "there aint no such animal". But, whether they are successful in their search or not, all depends upon their version of "the perfect lover." The man Anne considers the most wonderful thing that ever happened—an ideal lover—Mary wouldn't even look at. She frankly admits that she wouldn't "talk to the corner with him if he asked her. He usually does not ask her.

There are no definite physical requirements for a "perfect lover." He may be tall or short, blonde or brunette, have brown eyes or blue, but he must know how to make love. But if you want to see "a perfect lover" come down to the Star Theatre Tuesday, May 11th, and see Eugene O'Brien in "The Perfect Lover". It's a picture you will like, no matter what your tastes are.

In considering the comparative cost of horse versus tractor farming, the expense of feeding idle horses stands out more clearly than any other. Farm horses work on the average only about 100 full days' time per year—but they eat every day whether they are working or not. A tractor costs you nothing when it is not working. And by using a tractor you can sell all the feed that you otherwise would use feeding your horses, or you can use it for feeding profit producing animals, such as hogs and cattle. Power farming also requires a less number of men to do the same work.

LATEST NEWS
McGEE WELL

300 Feet Underreaming Yet To be Finished Ahead Of Casing

The work of underreaming is running regular at the McGee. There is something like 300 feet of underreaming to do yet before casing is to be set. It will take a week or ten days to do this. The work is progressing without accident and good time is being made, and without mishap the drill will be popping again before the middle of the month.

The Comanche Home Number Two, the Trigg Well, has had a good week, and had made satisfactory depth until the beam crank was loosened and injured until a new one is necessary. The drilling force is in town today and will have a rest until the fixture comes. They will be drilling again in the course of a week.

The Hight Drilling Force is tied up at waiting for a shoe to lower the casing through quick sand. The shoe is to be shipped the 4th inst. Creage prices have gone up the line around this well during the month and there are many people watching the development with great interest.

The Eudee well is experiencing water difficulties this week. They hope to be rid of this handicap during the week. The Knox is still working on water supply for the rig and will be in running again in the next few days. The Goodie Bug is drilling.

The Benedum and Trees and Bueyer wells are drilling steadily during the week and around two thousand feet. These wells are getting a good deal of attention from oil men and speculators this month. Considerable acreage has been sold in the Bueyeras field during the month.

The location in the Matador Ranch ten miles north of Glenrio is erecting a derrick and intends to be drilling before the middle of the month.

Besides the McGee and Beck Grant Locations, there is a company building a derrick near Taft and will soon be drilling a big contract. There is more leasing activity in Guadalupe county now than they have had before. The county is expecting a number of tests to be drilled during the year.—Tucumcari American.

Tractor School at Panhandle Normal

The West Texas Normal College, Department of Agriculture, at Canyon is putting on a new line of educational work this month in a three-day Tractor Engineers' School, May 17, 18, 19. This school will consist of illustrated lectures on the construction, lubrication, moving picture films and demonstration, operation, care and repair of all common types of farm tractors in use in the Panhandle. Special representatives from nearly a dozen leading tractor companies will have charge of the work. Each company will have their tractors, parts and pictures here on exhibition.

The purpose of this school is to give tractor owners, operators, farmers and dealers that information on tractor management that is necessary for their successful use. More tractors fail be-

Robert Warwick and Wanda Hawley
in "SECRET SERVICE"

There are many tense situations in the new Paramount Aircraft special "Secret Service" with Major Robert Warwick in the role created by the author, William Gillette, and which will be seen at the Star Theatre Saturday night. It has been one of the most suc-

cessful plays ever on the American stage, and will hold your attention throughout with its intense action. It is not only a thriller, but a very entertaining story of the South during the Civil War. Be sure and see it Saturday night at the Star Theatre.

cause of poor care than any other reason. Every question that can be asked concerning tractors will be answered in this school. No fee is to be charged for any part of this service here. An extensive advertising campaign is being put on and an attendance of near one thousand farmers from all parts of the Panhandle is expected.

This is the first time that a co-opera-

tive school of this kind has been held in this territory. The tractor manufacturers and distributors are well pleased with the plan. The great buildings and fine equipment of the Canyon Normal are being used in every possible way for the benefit of the whole population of this section of the state.
