## THAT FRAGAS SHOULD BE A HUM DINGER

### BOYS WORKING OUT IN GYM FOR STRUGGLE ON MONDAY

### VEGA WILL COME

### Outlaws Licked us Twice But Have Job Doing It Again?

The wrestlers, and boxers, and tumbler are working out nightly now at the Firemen's gymnasium in the courthouse in preparation for the big Fragas at the Stock Pavilion next Monday night September 4. Chief Rockwell is working with his usual vim and determination to make the affair a success and fully up to the standard set heretofore for such entertainments. He went to Amarillo Tuesday to endeavor to clinch the deal for five negroes who are to furnish a "free-for-all" as a climax to the evening of athletic prowess.

The exact program will be not known until the day of the contest, as some changes will inevitably occur, but there is talent to spare and the gym is being taxed to its capacity every night to care for the tolling athletes. Some snappy contests, both on the mat and in the ring, are in prospect.

The Vega Outlaws will furnish the opposition in the baseball game to be staged in the afternoon. These same Outlaws have won two very close and tense games from the Whitefaces lately and Hereford will go on the diamond next Monday determined to even matters up and send the Outlaws home minus their scalp. Cliff Ackers, Cottharp and Richards are new blood just added to the lineup of the Whitefaces, and should add strength to the team, both in the field and at the bat.

The Hereford Band will assist the Firemen in making next Monday's celebration snappy, and a musical program in keeping with the entertainment will be mapped out when Prof. Brothers comes over Thursday night for the weekly concert.

## Lions Club Organizer Here Endeavors to Form Club

Mr. McKinney, traveling representative of the international association of Lions Clubs, spent Monday in Hereford in an effort to organize a branch of that organization here. While the Lions Club are a great organization, it was felt by the business men Mr. McKinney approached that conditions just now do not warrant an attempt at a club in Hereford. He was assured that later on more propitious financial conditions might make the plan feasible.

## MORE DETAILS ON AUTO ACCIDENT ON UMBARER HIGHWAY

More particulars of the auto accident reported in The Brand of last Friday are at hand. R. T. Evans says that Mr. Basham had two fractured ribs and a broken collar bone. Geo. Basham, a son, suffered a gash on the head, a niece, Miss Mary Eva Basham, sustained a broken arm, and a Miss Beckles, who accompanied them, received a hard bump on the chest. The party was carried to a sanitarium in Amarillo and are getting along fairly well. The car in which the party was traveling was a Buick Six. A broken wheel probably caused by a flat tire was the reason for the accident. The car turned completely over.

## GATHER EXHIBITS TO SHOW AT FAIRS IN OTHER STATES

## New Farmers are Trying Cotton on Good Plains Land

J. P. Gatlin and son, formerly of Collin county, Texas, now farmers two miles west on 25 Mile Ave., believe that cotton can be successfully raised in this country. G. W. Wilson, formerly of Crosby county, now on a farm about ten miles west, also believes that cotton can be grown right here. Mr. Wilson has twenty acres of cotton of the Burgett variety and he says that it is as fine a prospect as he ever had in Crosby county. Mr. Gatlin brought to The Brand office, as samples, two large stalks of cotton. One stalk had between 30 and 40 bolls. This cotton was planted on May 6 and is of the Cash variety.

## DEWEY LAWRENCE WINS FOR COUNTY JUDGE AT PARIS

Word has been received here that W. D. Lawrence of Paris, Texas, won out in the primary in Lamar county last Saturday for the democratic nomination for County Judge.

Mr. Lawrence will be remembered by many here as the husband of Miss Elizabeth Oberthier. Mr. Lawrence made many friends here at the time of the nuptials who will be glad to hear of his success. He is only twenty-three years of age and it is quite a distinction to be named County Judge of Lamar county, where the population numbers about 55,000 and the taxable values run up to \$35,000,000.

## PRESBYTERIAN REVIVAL WILL BEGIN WEDNESDAY, AUG. 30

Mrs. J. R. Higgins passed away Sunday morning, August 27, after a lingering illness, and was laid to rest Monday afternoon. Funeral services were held from the Presbyterian church, conducted by the Rev. J. E. Sharp, with interment in the City Cemetery.

Mrs. Higgins was 51 years of age. She was married to Mr. Higgins in Cooke county, Texas, thirty-two years ago and the couple came to the Panhandle shortly afterwards. Three sons were born of this union. Besides her immediate family she is survived by three sisters, Mesdames A. D. Godwin, Maggie Hopper and Mary Chapman, and one brother, Geo. E. Burns.

## Mrs. W. L. Pickett Returns From Amarillo Sanitarium

Mr. and Mrs. W. L. Pickett, of Dimmitt, reached Hereford Monday morning from Amarillo where Mrs. Pickett underwent a serious operation about three weeks ago. Mrs. Pickett is

## Dee Grimes' Neck is Broken When Car Turns Over

Dee Grimes, 27, unmarried brother of Dave Grimes of Hereford, was killed about dusk Tuesday evening when the roadster he was driving turned over on him and broke his neck.

The accident happened within sight of the Askren school house. Grimes was alone and the supposition is that the car struck a soft place in the open road and the wheels turned in his hand. The tracks showed the car swerved around in a circle and the momentum must have toppled it. W. B. Anthony and another man were working on the schoolhouse and saw the car turn turtle. They hurried to his relief but he was dead before they reached him.

The body was brought to the Black Undertaking parlors after dark. Dave Grimes stated that his brother came here in 1915 from Alabama. He had been working for L. F. Borden all summer and was driving Mr. Borden's car at the time of the accident. He is survived by a father, now in Oklahoma, four sisters and five brothers. Funeral arrangements have not yet been announced.

## P. P. Secretary is Surprised at Water Supply Here

Secretary Blanton of the Panhandle-Plains Chamber of Commerce, with headquarters at Amarillo, spent Monday morning in Hereford in the interests of his organization work and was the guest of member of the Chamber of Commerce at luncheon at noon at the City Cafe. Secretary Blanton made a neat speech, expressing his appreciation of Hereford and of his reception here, and referred particularly to the wonderful water supply of this vicinity. Mr. Blanton had been driven out to two flowing wells by D. L. McDonald prior to the luncheon. The Amarillo News had the following report Tuesday morning of Secretary Blanton's trip to Hereford: "Secretary W. N. Blanton of the Panhandle-Plains Chamber of Commerce, returned yesterday from a trip to Hereford, Dawn and Canyon in the interest of the organization he heads. Mr. Blanton found that all of these towns will send big delegations to the Panhandle-Plains Chamber of Commerce Convention to be held in Amarillo September 29 and 30.

"Mr. Blanton said he received another surprise about what he terms the 'marvelous Panhandle' when he saw the shallow irrigation farms about Hereford. That place is the garden spot of America," said Mr. Blanton. "I did not know there was such an irrigation scheme anywhere in the country. The Hereford country is one of the most fortunate towns in Texas in the way of farming possibilities."

## Rev. Beavers Off to Kress To Hold Methodist Revival

Rev. M. M. Beavers left Hereford Saturday morning for Kress, Texas, to hold a revival for the Methodist Church. Rev. Beavers said the meeting would run for ten days beginning last Sunday.

## BREEDERS ARE ALL SET FOR BIG PICNIC

### TO BE HELD ON BRADLY RANCH WEDNESDAY. COWMEN ATTEND.

The picnic committee of the Hereford Breeders Association, consisting of Mrs. L. H. Bradley, D. L. McDonald and Allen Powelson, announce everything in readiness for the big doings at the Bradley Ranch Wednesday, August 30, when the association will hold its annual picnic and social meeting. Berbecued meat will be supplied but the ladies are expected to contribute the "fixings" that go with the meat.

The committee wishes it distinctly understood that everyone connected with the cattle business, whether registered or range cattle, and their families, have an invitation to this picnic. This will include bankers who loan the cowmen money and those who have contributed financially to make the stock barn a success. No special invitations have been issued. The breeders would like to have the entire community come if it were possible to handle such a crowd, but feel sure that the impossibility of such a thing will be understood by the public at large.

## Musical Festival Will Offer Stars Next April, 1923

Prof. and Mrs. Emil F. Myers and two children, of Amarillo, reached Hereford Monday morning and spent the day conferring with the musical talent of this city. Prof. Myers said that Amarillo would hold a Music Festival in the new auditorium beginning April 9, 1923, and running continuously thru April 14, six days. Mr. Myers stated that Mrs. H. L. Broadwell will act as patroness, or general overseer for the festival for this county. Mrs. G. A. F. Parker will have charge of the contest committee. Miss Mattie Swisher will be in charge of the promotion work and Mrs. Homer Fox will take care of the ticket sales.

The Cantata, "The Rose Maiden," by Cowen, will be rendered, contests representing all districts from the Panhandle will be held and the Amarillo Chorus will stage the Oratorio, "Elijah."

The big attractions during the festival will be Madam Schumann-Heink, world's greatest contralto, Anna Case, Soprano of the Metropolitan Opera Co., Arthur Middleton, Bass-Baritone of the Metropolitan Opera Co., and Alberto Salvi, world's greatest harpist.

## SULLIVAN PURCHASES INTERESTS IN PLUMBING CONCERN

L. E. Sullivan, who has been a citizen of Hereford for the past six months, bought a half interest in the Harrelson and Jennings Plumbing and Sheet Metal Works from W. B. Harrelson, and took possession about two weeks ago. Mr. Harrelson and family and his father will leave Hereford for Vandalia, Mo., in the next few days.

## Chicken Hatched In Sun In Bucket "Fresh" Eggs

Ray Hawkins broke all records Tuesday morning for hatching chickens. Only a few days ago Ray bought some fresh (?) eggs, and found some of them of questionable lineage. He placed these in a bucket where the sun beat on them and Tuesday morning a little buff chicken picked its way out of the shell and demanded to be taken to The Brand office for inspection. Mr. Hawkins is ready to reimburse the man who sold him the chick so near ready to hatch. Surely Hereford is destined to be a great poultry center.

## Set New Officers Chosen by Voters Of Castro County

Dimmitt, Aug. 29.—The second primary election or "run off" in Castro county passed off very quietly last Saturday, with the following men leading: Ray E. Sheffy for County Judge, Bill Rurnam for Sheriff, I. B. Brooks for Tax Assessor and Joe Hastings for County and District Clerk.

The votes cast for each candidate were as follows: County Judge—Sheffy 356, Woodlee 316; Tax Assessor—Brooks 338, Dixon 327; Sheriff—Burnam 290, Pickett 272. Joe Hastings, having no opponent in the race for County Clerk, was elected by a large majority.

## FRIONA RODEO NOT ANNUAL OLD SETTLERS ASSOCIATION

Friona, Tex., Aug. 29.—The rodeo, picnic and dance, as advertised to occur at Friona on September 2, is not the annual "Old Settlers" picnic as the public generally supposes it to be, as the "Old Settlers Association" and the Friona community, as a whole, are not responsible for the coming affair. While it is not advertised this year as the "Old Settlers" picnic, it seems that the public at large considers it the same, and those citizens of Friona who organized and fostered the "Old Settlers" picnic wish to disclaim any connection with the coming event, as the kind of program to be put on is not to their liking. No ill will is harbored and nothing will be done by these people to hinder. Those of our people who care for a rodeo program are free to take part in it.

## Mrs. E. W. Henry and Daughter Leave for Home

Mrs. E. W. Henry and little daughter, Mary Louise, left Hereford Saturday morning for their home in Kansas City. Mrs. Henry is a daughter of Mr. and Mrs. W. S. Williams, and has been visiting her parents for the past six weeks.

## Mrs. J. H. Hendricks of Midlothian Visiting Here

Mrs. J. H. Hendricks of Midlothian, Texas, reached Hereford Saturday morning and is visiting in the home of her brother, W. A. Ricketts and family. Mrs. Hendricks is enroute from points in Idaho and Colorado, where she has been visiting relatives.

## VERY CLOSE CONTESTS IN THE PRIMARY

### PURCELL AND MURPHY WINNERS IN THE LOCAL RACES

## MAYFIELD WINS

### Overwhelms Ferguson in County and Carries State Handily

The democratic runoff primary in Deaf Smith county last Saturday was distinguished by two of the closest and most uncertain struggles ever witnessed here and it was only after every ball in the county had been heard from that the results were known. C. H. Purcell was renominated, for his fourth term, for the office of sheriff and tax collector over C. E. Smith by the narrow margin of twenty-two votes. Albert Murphy barely nosed out Ira Ricketts with twenty-eight votes to spare.

The Ferguson strength, uncertain until Saturday, did not make much of a showing and Mayfield piled up a large majority. However, a great many voters scratched both those men, preferring to postpone the inevitable until the November general election.

Detailed tabulated official report could not be given Tuesday owing to the fact that two country boxes had not reached the office of the county clerk. These boxes were understood to be in Hereford but had been left down town and the clerk had not received them. The full report will appear in Friday's Brand if the missing boxes can be located. Unofficial returns reported from all boxes were received in three races as follows:

For Sheriff:	
Purcell	567
Smith	595
For Tax Assessor:	
Murphy	592
Ricketts	566
For Senator:	
Mayfield	704
Ferguson	361

In the state returns the reports Tuesday showed that Mayfield had been nominated for the United States Senate by a majority over Jim Ferguson of about 60,000. Davidson has won over Billie Mayfield for lieutenant governor and Mars over Bentley for State Superintendent of Public Instruction.

## Those Pesky Outlaws Win Another Game of Baseball

In a tight battle a Vega Sunday the Outlaws nosed out the Whitefaces by the score of 2 to 0. Cutsinger fanned ten men and held the opposition to four hits, but the game was just as bunched errors in the field. Vega scored one run each in the fourth and eighth innings. It was one of the fastest and prettiest games of the entire season. The line up for Hereford was: Robinson 3b, Allen 2b, Vaughn 1b, Bennett c, Wilson ss, Richards lf, Coltharp cf, London rf, Cutsinger p.

## Mrs. Olive Smith and Family Move to Austin, Texas

(Too late for last issue)

A car of sand and gravel was received Monday for the new school building. A call for volunteers was issued, to unload it, but few responded. If news had leaked out that the ladies were going to serve ice cream after the car was unloaded, there would have been only about a shovel of sand each. The secret was kept (which is unusual for the ladies) until the work was finished and all went homeward tired, but satisfied. Those present were: Glen Greer, Mr. Barnes and one of his men from Green Valley ranch, Adolph Frye, Mac Mangum, Dick Frye, Lyman Perkins, and Dick Hodges.

Mac Mangum has accepted a position with Ferno Bros., who own the Green Valley outfit. Mays Bros. are still irrigating their row crops. They expect to finish this week.

## FRONA

Brother Strouble, of Clovis, is here with his tent holding services for the church of God. The tent is pitched near the depot and the services are being well attended.

The work of building up the town continues unabated. Workmen are engaged on the Congregational church building. It was thought best to continue the concrete work to about four feet above the ground so that the four joists could rest upon it and thus make the structure more substantial. The forms for this work are almost completed at this writing and the work of pouring the concrete will begin about the middle of the week. It is hoped to have the building ready for use within a month or six weeks, and to have it completed within two months. Mr. Walker is preparing to build a "dobe" barn at his home in the south part of town and has some of the material already on the ground. Mr. Hicks, the contractor, has a part of the ground for the building of Wilks' new residence broke, and the adobe makers are at work getting ready the material for Mr. Drake's residence on the north side of town.

Mr. and Mrs. G. W. Maurer returned on last Wednesday from their vacation to the mountains and Mr. and Mrs. Kinsley and Fred Beelins returned on Saturday evening. They all report a very pleasant trip and feel much benefited by their week of recreation.

A car load and a truck load of Christian Endeavorers drove out to the home of Mrs. Stevick about two miles east of Black Sunday afternoon and held the regular C. E. services with the family. The young people of the family are members of the society and since they removed from town they find it very inconvenient to come in to attend the meetings and these trips to their home are very much appreciated by all of them.

Two fine showers of rain fell a few miles north of town on Friday and Saturday afternoons but so far none has fallen near town. The intense heat of the past few weeks and the long continued dry spell are leaving their indelible stamp on the growing crops near town.

Quite a force of men and boys were employed a part of last week cleaning the bricks of the old school building. The price offered by the trustees was \$3.50 per thousand, and after working a few days the workers all quit, declaring they could not make more than ordinary wages at that price.

Miss Louella Glischer, who has been employed at Raton, N. M., during the past two months, returned home last week and has accepted a position of teacher here as one of the teachers in the Friona school for the coming year. Miss Glischer has been teaching for the past three years and has given entire satisfaction at each place where she has taught and we hope for her same success in this, her home school.

Judge Hamlin of Farwell was a business visitor here on Saturday, and Sheriff Aldridge and Assessor Ben Little were here on Monday.

M. A. Crum and John O. Jones spent Saturday and Sunday in Floydada on a business mission, and Mesdames L. A. Martin and M. A. Sutton motored to Roswell Saturday to buy peaches.

Mr. Rutherford and daughter, Miss Eunice, of near Dimmitt, were in Friona Saturday. Miss Rutherford came over to place her application with the school board for a position as teacher of one of the grades in the school.

The trustees advertised for bids for the janitorship of the school and received eight bids or applications, ranging in price from \$45 to \$150 per month. We understand that the selection has not yet been made.

### PROGRESSIVE

"To get anywhere we must launch out into the deep."

Several families from here attended the ice cream social given by the Joel people Friday night. The program rendered afforded a great deal of amusement.

Gene Cheek left Saturday morning for his home at Shawnee, Okla. Gene was quite a favorite among the young folks, who regret his leaving very much.

An unusually happy time was enjoyed by the Senior class, the Truth Seekers, on Saturday night when they gathered at the home of C. P. Caldwell. With games galore and plenty of fun the hours passed altogether too fast. Oren Russell and Lee Roy Hodges, blindfolded, were requested to feed each other. Unknown to them the dish consisted of flour. Not having had much practice in this method of eating, they displayed some awkward mannerisms and as a result they were pretty well bedecked with powder.

At a late hour cream and cake were

served to about thirty guests. Each member is an earnest worker for a bigger and better class.

Mrs. William Karr is enjoying a visit this week from homefolks. Her mother, Mrs. Beakley, and brother, are from Farmersville, Texas, and a sister comes from far away Virginia.

Paderewski, former premier of Poland, has quit politics and will soon begin a concert tour of this country.

The Junior Winners are all urged to be present next Sunday to receive their pins. The pins combined with their class colors are a thing of beauty, of which each member might be proud.

G. P. Fowler, of Eldorado, Okla., friends of Otto Massie, is visiting in their home for a few days. Mr. Fowler speaks highly of this country.

Many there were from here who attended the meeting conducted by the Evangelist, O. E. Phillips. The enlightenment obtained was certainly a feast to mind and soul.

"Great events do not simply happen. Men make them happen. Inspiration comes from perspiration, from aching backs, from tired fingers, and from long thinking.

Mr. and Mrs. Leo Chapell and baby expect to leave in a few days for Plainview, Texas, where Mr. Chapell will take up some work connected with the school there.

Jess: "Oh, Oh, my foot has gone to sleep." Bylander: "Better set the alarm."

One of the largest men alive recently left Hungary for his fatherland, Siberia, to assist his parents in farm work. He is thirty-four years of age, nine feet three inches tall and weighs 488 pounds. He consumes more than four times as much food as the average person.

## The Coal Strike

President Harding in a recent letter to Governor Greenbeck of Michigan says:

"It is a matter of record that coal operators and miners workers in many districts have been quite ready to come to an understanding in very short order, but the policy of the national organization is hostile to any district or state arrangement. This apparently is one of the issues involved and is one which must be definitely settled.

"I do not know of any way of settling it under the legal authorities which are now possessed by either State or Federal Government.

"Manifestly, legislation must be provided and I mean to submit the whole problem to Congress at the earliest consistent time possible after the House reassembles.

"If the coal producers of the United States were so organized that a national body were to determine the policy of every member and permit no sales of coal except on dictation of terms by the national officials, every State Legislature and Congress itself would instantly put an end to such a practice.

"The mine workers unhesitatingly assume national dictation. It is the big issue involved in the present dispute. Frankly, I think it must be dealt with if we are to have any security and any insurance of a supply of fuel."

What do you think of laws that permit a dozen labor leaders to shut down the industries of a nation of one hundred million people? Isn't it about time this was changed?

## FIRST STATE BANK & TRUST CO.

Thrift is based on common sense. Thrift is not stinginess. A stingy man is not thrifty; he is merely mean.

It is true that most wage earners do not make enough money in the course of a lifetime to save enough to be even moderately wealthy at old age. Nevertheless hundreds of thousands of payroll men and women do save enough during their productive years to keep the wolf from the door in their old age and have comforts and even luxuries that would not be theirs had they frittered away

small and seemingly insignificant sums of money in the earlier years.

But the mere saving of money and its accumulation is only a means to the end, and the building of even a modest fortune requires that a man should have the judgment to discern investment opportunities.

The ambitious man wants to increase his income; and when he has spare money he should seek the investments that will give him the best return.

Our message to you is this. That as a disinterested party, serving you only as your Banker—we are in position to advise you on every business move or investment you may care to make. Start today—Let this be your bank.

**To The Public**

Every few days some one comes or phones me and asks if I have quit buying hogs. Someone takes it on themselves to scatter the news that I have quit or that I only buy a certain class of hogs. I have been buying hogs here six years. I have never turned down a single hog. I have tried to furnish a market for all classes of hog at a fair price. I have always and am still meeting any competition that bobs up. Bring on your hogs.

Years for honest weights, legitimate prices and courteous treatment.

**Surprise Party**

Quite enjoyable was the surprise party given by the ladies of the Presbyterian church for Mrs. M. Fertsch, Tuesday afternoon, August 15th, at the home of Mrs. J. R. Sharp. The Fertsch family, with some friends from Friona, had been out on the creek for a picnic. They did not return until about two o'clock Tuesday. Mrs. Donald asked Mrs. Fertsch to go to town with her, explaining that she had to stop at Mrs. Sharp's. Mrs. Fertsch was very much surprised when she found all the ladies awaiting their arrival.

Little Misses Evelyn Witherspoon and Addine Hastings gave readings and Mrs. H. H. Boardman made an appropriate speech when she presented the honoree with a hand painted guest book.

to which Mrs. Fertsch most graciously responded. Everyone entered into an interesting guessing contest, after which refreshments of ice cream with crushed strawberries and angel food cake and favors of dainty sweet peas were served to forty-four guests.

Mrs. Boardman voiced the sentiment of Mrs. Fertsch's friends when she told her how conscious we would all be of her absence.

Let's all go to Sunday School.
