

AROUND
TOWN
SIGHTS, FACES
SEEN

There's a town in the country that had more elections in 1947 than Hereford, Texas, we'd like to say from it. We've just finished there's another coming up this month... and still there months in the year to go. The only alarming thing about this most essential of democratic processes, however, is the fact that, on the average, only about a third of the qualified voters have bothered to go to the polls.

We've a theory that people would appreciate the privilege of voting a lot more if they were deprived of it for a while... though we hope they never comes. There must be a lot of ex-G.I.'s around Hereford, who, the writer, have had that experience. Just three years ago this fall, during the last presidential election, the great State of Texas, through some fancy doings on the part of the legislature, managed to deprive the vast majority of Texas servicemen of the privilege of casting an absentee ballot... and from the jungles of New Guinea or the

Lighting Sets
Three Fires At
Frona Sunday

Three fires were started by lightning during a thunderstorm at Frona last Sunday afternoon.

The first and most serious blaze occurred at the C. B. (Petie) Buske farm adjoining the east edge of town, when lightning struck a large barn.

Efforts of the Frona City Fire Department to bring the flames under control were fruitless; but the fire was kept from spreading to adjoining property.

Since the barn was located at too great a distance from the nearest fire plug, firemen were forced to rely on the emergency tank and pump. The tank and a large stock tank near the barn were soon emptied; and two large gasoline transport trucks, one belonging to Frona Consumers and the other to H. T. Magness, were pressed into service to haul water to the site.

Several hundred bushels of threshed oats, a few hundred bags of cottonseed meal and cake and a large pile of baled alfalfa hay were destroyed, in addition to a collection of saddles and bridles and farm machinery.

Estimates placed the loss at more than \$5,000. Only a small amount of insurance was carried.

The Buske family were attending church services at the time of the fire, and discovered the blaze after returning from the service.

Within a few minutes of the fire at the Buske home, lightning struck the storage tanks of the Magnolia Oil Company near the Santa Fe Grain Company elevator and started a blaze on the wooden footways and banners surrounding the tanks. Two men on the street saw the lightning strike, and gave the alarm. The flames were extinguished quickly by Fire Chief C. A. Baum and M. A. Bartlett, and loss was slight.

The third lightning-set fire was in a grass pasture on the F. N. Welch farm six miles northwest of Frona.

Members of the family saw the bolt strike; and were able to get the fire out before it had gained much headway.

All three fires occurred during a thunderstorm which struck the Frona area late Sunday evening. Light showers of rain accompanied the storm.

Sixteenth Drunk
Driving Charge Is
Filed in County

Barney Wood was arrested late yesterday afternoon on Highway 51 in West Hereford by Sheriff J. C. Reese and Deputy Neal Young, and lodged in Deaf Smith County Jail on charges of driving while intoxicated.

Wood became the 17th person to be arrested and charged with drunk driving in this county this year.

No other charges have been filed in County Court this week.

Brother of E. B.
Hedrick Dies at
Dallas in Minday

William Annerman Hedrick of Dallas, brother of E. B. Hedrick of Hereford, died Monday at his residence at 424 N. Versailles, Dallas.

Funeral services will be held tomorrow morning (Friday) at Dallas. Mr. and Mrs. E. B. Hedrick left this morning for Dallas to attend the services.

Mr. Hedrick is survived by his wife, three sisters, Mrs. R. H. Collier, Mrs. R. E. Dorsey of Dallas; and Mrs. C. M. McCullough of Borne; and three brothers, E. B. Hedrick of Hereford; R. M. Hedrick of Los Angeles; and G. C. Hedrick of Dallas.

Hospital Bonds Carried by Five-to-One Majority Tuesday

HERE'S ONE MAN WITH A GOOD WORD FOR SAND STORMS:

Joe Green Collects Fortune in Indian Lore

At least one man in the Panhandle... and maybe only one... has a good word to say for the dust storms of the late lamented thirties. He's Joe Green of Hereford, Deaf Smith county pioneer, collector and student of Southwestern lore.

Most citizens who went through the "dust bowl" days in the Panhandle would probably be inclined to let the bones and relics of early Indian and Spanish platinings remain forever buried beneath the dust of centuries rather than have that same dust swirling again through their homes. But Joe Green, collector, made his ragged finds after some of the worst dust storms.

Green began collecting Indian relics at the age of five, when his mother gave him several Caddo arrowheads which she had found in Hill county, Texas. Today he has on display at his home one of the most complete private collections of southwestern historical lore in the country. Included are between 4,000

and 5,000 arrowheads, gathered principally from the Texas Panhandle, with specimens coming, however, from all over the United States. The flint heads range in sizes from one-quarter inch bird points to a seven-inch head from western New York and an eight-inch Norwegian spear head.

According to the collector, most of the points used by the Pueblo Indians during their summer hunting in the Panhandle were made of flint mined near Fritch, Texas, west of Borger.

In one case, Green has mounted points made of obsidian or volcanic glass. He considers his most valuable display that of Polosom and Yuma points which were used by prehistoric man who preceded the Indian in this part of the world. Some of these he found near Clovis in buried mastodon bones.

One he found northwest of Hereford, and another in a street in the east part of town. The arrowheads are of many varying sizes and shapes, including some of the corner tang heads rarely found in this section but undoubtedly taken from the site of the

flint mines near Fritch, Texas, west of Borger.

Green's collection is housed in a large room at his home in Hereford. Photo by Alex Thomason.

Eager Beaver
Police Charge
Hit By Mayor

Two charges of "eager beaver" parking meter enforcement hurled by two local citizens last week against local officers have brought a heated reply from Mayor W. E. Dameron, who characterized the attacks as "underhanded" and "completely uncalled for."

A little checking of city traffic court records would have speedily proved both charges to be unfounded, Mayor Dameron stated.

Lee Little, proprietor of the Goodrich Store on South Main Street, had complained that he had watched an officer, watch in hand, wait for a meter to run out at exactly 5:03 a. m. Tuesday morning of last week, then write a traffic ticket. The car bore a California license, Little said... and the owner was in the Triple-E Cafe eating breakfast.

Little intimated that such diversion on the part of Hereford officers was "above and beyond the call of duty," and added that "I am stopping my contributions to the Hereford Chamber of Commerce until something is done about this situation."

Mayor Dameron reported, and City Marshal Bruce Woodell, who had handed out the ticket, produced duplicate records to confirm that the "ticket" handed the California car was a "courtesy ticket" and not a summons, and that the time at which it was issued was 8:30 a. m. and not 5:03.

As for the watch, Dameron explained, officers always consult a time piece when issuing tickets, whether "courtesy" or "summons," since the exact time at which the ticket is written must be noted on the face of it.

Courtesy tickets, gold in color, are issued to all out-of-county cars when traffic violations are noted. They do not contain a summons, and no fines are collected. These tickets merely warn the owner of the vehicle of a violation of local traffic regulations, ask his cooperation, and extend a friendly greeting to the city.

The second complaint last week came from G. W. Brumley, who charged that he had been given two summons for over-parking within 30 minutes at the same meter, and had paid fines on both.

Brumley's statement, which was published in The Brand over his signature, stated: "Tuesday morning (Sept. 2) I was driving up Main Street about 5 minutes to eight o'clock and turned the corner and parked at Cashway and bought some items. Went to the postoffice and when I returned in about 25 minutes, there were two tickets on my car. I went to the City Hall and paid

JAYCEE SPEAKER

Rev. Roy W. Ford (above) pastor of the First Christian Church of Hereford, delivered the principal address at the Junior Chamber of Commerce Charter Presentation Banquet Tuesday night.

JayCees Receive
Charter at Gala
Banquet Tuesday

More than 100 members of the Hereford Junior Chamber of Commerce and their wives and guests attended the "Charter Presentation Banquet" which officially activated the recently organized JayCees in Hereford at the City Hall banquet room Tuesday night.

Rev. Roy Ford, pastor of the First Christian Church of Hereford, delivered the main address of the evening, offering some sage advice to the JayCees for their progress at a civic organization.

"This organization can be a very valuable adjunct to Hereford," Ford told the assembly. "If you take a genuine pride in local achievements, and an active part in the activities of your community, 'There are two worlds today,' he continued. 'One is a world of communism, the other a world of democracy. In our world of democracy today, we are challenged to make democracy work.' The best place to start is in our own communities. The best way to start is to practice the Golden Rule.

"Always be honest about your motives... be industrious in your projects," he counseled. "We must be moral in our businesses and our professions. We want our community to be known as a place where real men and women live."

"If there was ever a time when there was a challenge to a JayCee organization," he concluded, "it is now."

Charles Smith of Borger, regional vice-president of the Texas Junior Chamber of Commerce, made a brief address, extending greetings from the state organization to the local

Contracts For
Sale of Bonds
Already Let

With all but two voting boxes tabulated yesterday morning, the Deaf Smith County Hospital bond issue was assured of a heavy majority vote running almost 5 to 1 over the county.

Votes from eight of the ten voting precincts in the county gave the bond issue a vote of 537 FOR to 134 AGAINST, with only a handful of ballots still outstanding.

County voters just a year ago had voted 492 to 185 against a similar bond issue for \$250,000.

The \$150,000 bond issue proposed in the election Tuesday piled up heavy majorities in the two Hereford boxes, carrying only two of the rural precincts.

At Dawn the vote was 23 favoring the bond issue, 5 opposed. At Bippus the vote was 3 to 1 for the bond issue.

In the Hereford boxes, where the heaviest vote was cast, the vote was 501 for the bond issue, 93 against.

A total of 671 ballots had been tabulated yesterday morning, and the two boxes still unreported, Simms (Precinct 4) and Bootleg (Precinct 6) do not have enough votes to have any effect whatever on the outcome of the election.

Votes by precincts:

	For	Against
Hereford (No. 1)	142	23
Hereford (No. 2)	159	61
Roe (No. 3)	4	6
Fairview (No. 5)	1	10
Ford (No. 6)	2	10
Dawn (No. 7)	23	5
Bippus (No. 9)	3	1
Daniel (No. 10)	3	2
TOTAL	537	134

Contracts have already been signed for sale of the bonds. County Judge Leonard Foster reported yesterday.

The Wm. N. Edwards Company of Fort Worth has contracted to buy the entire bond issue at interest rates ranging from two and one-quarter to two and one-half percent.

The Deaf Smith County Commissioners Court will meet Saturday morning to make an official canvass of the election returns and issue the order for the bond issue. Representatives of the Edwards Company will be present at that session, Foster said.

Four Warehouses
Will Be Sold At
POW Camp Soon

Clearance of four warehouse buildings from Hereford Prisoner of War Camp at Hereford, Texas, is expected to result from the government's announced public sale of the structures. In addition, fencing and utilities, including various sizes of water pipe, valves and fittings, electric wire, poles, transformers and one 100,000 gallon wood tank on a concrete cylinder 92 feet high will be included in the sale.

Priority groups must close their options by September 22, after which the general public will be permitted to place bids until October 3, according to officials of the Office of Real Property Disposal of the Grand Prairie office of War Assets Administration.

The buildings must be removed from the camp site by the purchasers, it was added.

Grand Jury In
Session Monday
Indicts James

The Deaf Smith county Grand Jury was re-called Monday afternoon by District Attorney Floyd Richards, and after a brief hearing, returned one indictment against Lonnie Franklin James for bigamy.

James, who was taken into custody near Abilene two weeks ago by Sheriff J. C. Reese, is lodged in the Deaf Smith county jail awaiting trial.

The indictment grew out of his marriage here in July to a 15-year old Hereford girl.

In a signed statement made to local officers last week, James allegedly made affidavit to the effect that the girl was over 18 years of age.

No action was taken by the Grand Jury on the case of Ike Allen, who is still under bond and charged with "false swearing" in connection with James' bigamous marriage. Allen allegedly made affidavit to the effect that the girl was over 18 years of age.

Bond for James has been set at \$1,000, but no effort to make bond has yet been made.

A district court jury has been called for October 8 to hear a civil suit, Min. McGhee vs. Harry Rothwell, a suit to collect debt. No other cases have been set.

School District to Vote on Tax Rate Hike

A special school district election to vote on the question of raising the school tax rate from \$1.00 to \$1.50 on the \$100 valuation has been ordered by the Board of Trustees of the Hereford Rural High School District to be held on Saturday, Sept. 27.

Election notices were posted last week-end.

If the election carries, the Board of Trustees proposes to reduce the assessed valuations on all property, real and personal, in the district by one-third, allowing the actual amount of taxes collected to remain at the same level.

If the increased rate is approved by the voters of the district, the local schools will be enabled to collect approximately \$20,000 in state aid from the State of Texas, over-and-above what will be available under the present tax rate.

The present property valuation for the district is slightly over \$12,000,000. If the tax rate increase is approved, board members say, properly valuations will be reduced to approximately \$8,000,000, allowing the actual amount of taxes to be paid by the individual property owner to remain at exactly the same figure.

Possibility of increasing the State Aid grant to the local schools from less than \$5,000 to over \$20,000 this year was given by the Board as the reason for submitting the question to voters of the district.

"If we're going to make the change it must be done this month or never," Leo Forrest, president of the board, explained. "We want to give the people of the district the opportunity to decide."

The legal technicalities involved in the question are complicated, but boil down to one fact: State Aid is distributed to schools in Texas on the basis of two factors (1) scholastic enrollment and (2) a formula based on anticipated revenues of a district from a tax rate of \$1 on a given assessed valuation in relation to the amount needed for operation of the district.

It makes no difference, under the present State Aid set-up, if a school district is charging a tax rate of \$1.50, Supt. Graham explained. For state aid purposes, only revenue from a \$1.00 tax rate is considered.

At the current \$1 tax rate, with an assessed valuation of twelve million dollars in the Hereford district, less than \$5,000 in State Aid will be available to the district. However, if the valuations are reduced to eight million dollars, as the Board proposes to do if the tax rate is increased, under the State Aid formula the local school district will be entitled to over \$20,000.

The change in rates and valuations must be made, however, before the tax rolls are closed next month, Supt. Graham said.

"If we ever accept the taxes (Continued on Page 8)

Enrollment in Hereford schools at new peak during first week here

Enrollment in Hereford schools has increased by nearly 170 students over last year's record mark, Supt. George Graham reported this week, and the number is expected to be higher before the peak enrollment for the term is reached.

Enrollment at Central school during the first three days climbed to 656, or an increase of 70 students over last year.

In the Junior high school, 326 students had been enrolled up to yesterday morning, an increase of fifty over last year's peak.

In the High School, enrollment at mid-week was at the 400 mark.

representing an increase of approximately 50 over last year's peak.

In addition, Dawn school has enrolled 50 students, and Summerfield numbers 24.

A total of 1594 scholastics were enumerated in the March census, Graham said, and the number has probably increased by 200 to 250 students at the present time.

Local Men Seek
Oil Strike In
Howard Wildcat

Twelve Hereford business men are watching developments at a Howard county wildcat oil well with more than passing interest these days.

The group, which includes Ben Daack, Dr. Ben McAllister, Herman Neff, Frank Hafner, Roger Brumley, Fred S. Barrett, Raylan Evans, W. R. Haynes, James Witherspoon, E. L. Adams, Fred Neff, and Joe Evans, owns more than half interest in the A. M. Lacy No. 1 Buchanan which is located on a 960-acre lease in north central Howard county.

The wildcat is located four miles northwest of Coahoma, and 660 feet from the south and west lines of Section 29, Block 31, TP Survey, in Howard county.

At last report, the well was drilling a head below 3610 feet in lime. The project logged top of the datum at 1,015 feet, which gave a depth of plus 1505. Top of the Yates was at 1,490 feet which made that point plus 1,060 feet. Top of the time was at 2670 feet, and that made the datum plus 150.

According to geologists, the prospector is high to several nearby dry holes which had some show of oil and gas... none of them sufficient for commercial production.

The Lacy project has not found any porosity up to now. It has possibilities of finding production between 3,750 and 3,950 feet, and also in a formation around 4,150 feet.

Operators have not revealed how much deeper the drilling will be carried under present contract.

One of the biggest jobs in organizing the new Hereford Rural High School District this fall has been scheduled and furnishing transportation to hundreds of rural students throughout the far-flung district.

Bob Wilson, transportation chief for the school system, reports this week that, in the first three days of operation, eighteen busses have been operating on a daily schedule and most of the kinks have been worked out.

"There has been little complaint from patrons so far," Wilson said yesterday. "We are still working out details of the routes, but everything is going smoothly."

Sixteen busses are operating out of Hereford, with one each based at Dawn and Summerfield. The longest bus route is 37 miles, covering a route from Westway to Bootleg and back in to Hereford.

Goal of the system is to put every student within easy distance of a bus route. For the first time, students living outside the city limits in the old Hereford Independent school district are being given bus service.

One bus travels a route from east to west along 13th street, north of the district.

(Continued on Page 3)

School Busses Offering Best
Service In District History

Members of the athletic council pointed out last night that the sale of reserved seat tickets this year is not an attempt to gouge local football fans... there are plenty of unreserved seats available at the field for all corners on the east side at no extra charge... but construction of the new stadium is being financed by the sale of reserved seat tickets alone, and the stadium cannot be paid for unless a majority of these seats can be sold.

All fans who will be being urged to buy reserved seats in the new grandstand, leaving the unreserved east-side bleachers for visiting fans.

Considerable confusion is expected to result at the opening game tonight among reserved-seat ticket holders, since, through some miscalculations, numbers on the ticket stubs will not correspond to those on the seats. However, ushers will be on hand to assist all ticket holders in locating their proper seats, and the seat numbers may then be noted on the tickets to correspond with the numbers on the stands.

Back-to-School Season Poses New Traffic Safety Problems

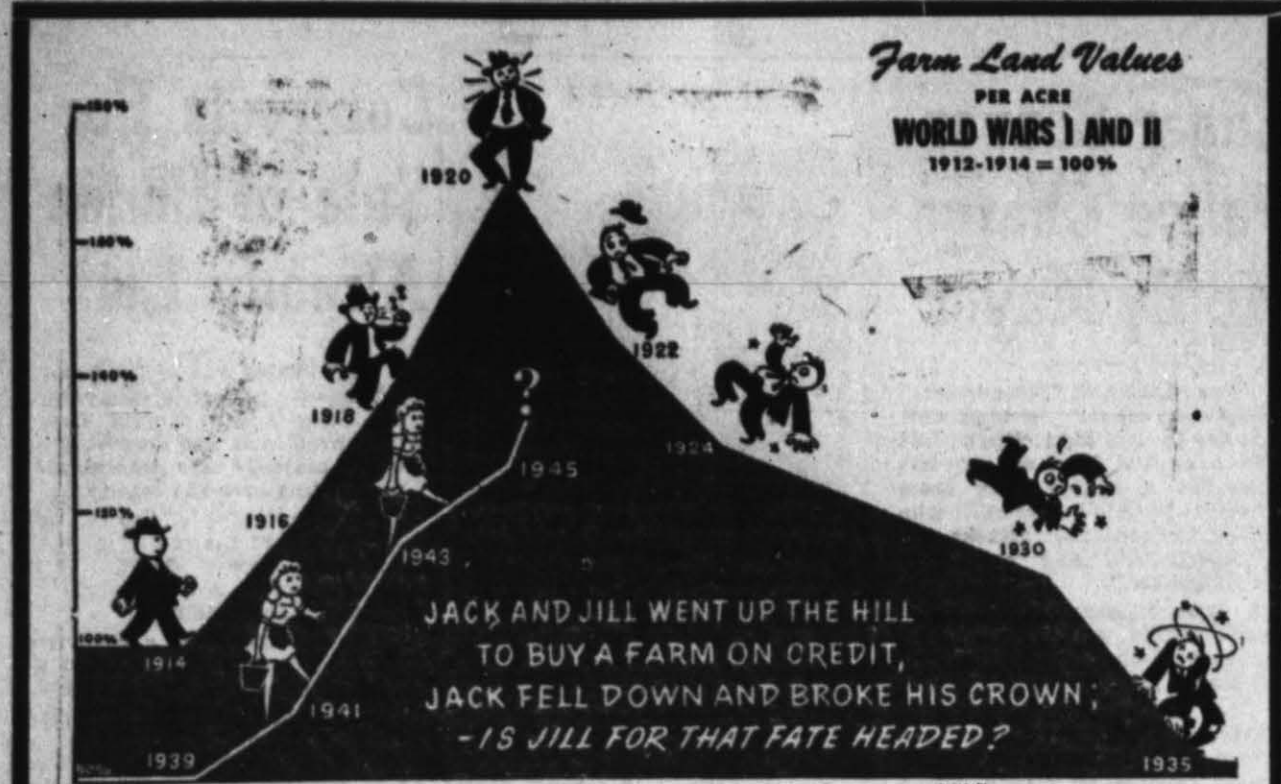

AUSTIN, Sept. 8.—With the back-to-school movement of more than a million Texas boys and girls, George Clarke, managing director of the Texas Safety Association, today urged the motoring public to "regard every child pedestrian as a human caution sign to prevent a repetition of last year's shameful child acci-

dent record." Automobiles last year caused the death of 470 children in Texas. The greatest number of victims were teen-agers, while the next greatest number were youngsters five to nine years old. Clarke said the 1946 child death record reflected an urgent need for

increased home training, since in the majority of the fatal accidents deaths were caused by unsafe acts of the children themselves. Clarke said that blueprints for a Safer Texas for children are being drawn by the school committee of the Association in cooperation with the Department of Public Safety, State Department of Education and other State and local organizations. He pointed out that 1946 produced a "bumper crop" of babies, and that steps are being taken now to provide for their future safety, as well as for the million children now in school. Clarke said that the concentration of the mass movement of school

What's cooking? An omelette! Fred MacMuray and Claudette Colbert appear above in a scene from the best-selling "The Egg and I", which will be on the screen at the Star Theatre opening Sunday.

There is more truth than poetry in that little verse... in World War I many farm borrowers "went up the hill" and obtained loans based on war-inflated prices. You know what happened when those prices fell after 1920!

Today, a growing number of borrowers and lenders are going "up the hill" again... getting loans which can be carried only if war production and prices are maintained long after the fighting stops. History and common sense tell you that can't be done.

Don't misunderstand us... buy yourself a farm if you wish... pay what you think it is worth to you. But, for your own peace of mind and future security, be sure that your loan will be within your means when money may come harder than it does now!

How much, then, can you borrow safely? There is no hard and fast rule, but you can obtain the most, safely, when your loan is carefully fitted to your needs with special features to protect you in less favorable years.

Now, through our special arrangement with The Equitable Life Assurance Society, this bank can offer you loans for up to 40 years that are geared to the long-term earning power of your farm—not its liquidation value.

Don't be misled by offers to lend you more money. In farm loans the most is not always the best. See us when you are buying a farm. We will be glad to assist you in any way.

HEREFORD MOTOR CO.

children into a few short periods each day will bring increased hazards and motorists should use extreme caution and be on the alert for the unexpected actions of children. Playing in the streets last year caused the deaths of 22 per cent of the child victims; 32 per cent were killed while they crossed between intersections; 17 per cent were struck down as they ran into the street between parked cars. In addition, 18 per cent were killed at intersections and eleven per cent when riding bicycles. Clarke emphasized that most of these accidents were preventable. The providing of adequate playgrounds for children and safety instruction from parents are important factors in reducing the number of deaths of children, he said.

Legal protection authorized under the new Uniform Traffic Code, which went into effect September 5, will be extended to cover safety habits of pedestrians and should do much to cut the total of deaths resulting from crossing between intersections, jaywalking, stepping from the curbs before the signal lights change and other unsafe procedures. The reckless driving provisions and the specific hand-and-arm signals stated in the Code will afford added protection to children in and around school buildings and to those who walk to school.

Legal protection will be extended, for the first time in Texas history, to school children in rural areas who ride school buses. Under the new Code, school buses will have to conform to rigid safety standards, and the bus driver will assume full responsibility for the safety of the children while enroute from home and school. He will escort small children across the street, but at no other time will he be allowed to leave the bus.

Safety education will be taught in some form in most of the elementary schools in Texas.

Institutes to train the teachers of driver education and safety education will be conducted as a joint project of the department of education and the Association.

Dawn

BY DOROTHY AIRHART

There were 60 present in Sunday school and 50 at Training Union Sunday. Mrs. Oscar Hewitt of South Plains visited her parents, Mr. and Mrs. L. A. Smith, last week. Mr. and Mrs. H. V. McCabe and family visited in the J. E. McKenzie home in Miami last week. Rev. and Mrs. J. E. Byars and L. L. Airhart visited in the home of Rev. Byars parents in Lovington, N. M., last week. Mr. and Mrs. Carl Luke moved to Hereford. Their home place is now occupied by Mr. and Mrs. Betzen. The boys training for football in Canyon at the West Texas High School are Tommy Airhart, Dwayne Stewart, Carroll Miller, Ted Paine, and Noel Smith. Miss Ruth Dean May of Amarillo is home for a two weeks vacation; Donald, Russell and Ruth Dean May are going to visit friends and relatives in Blackwell, Oklahoma. Students from Dawn attending college in Canyon this fall are Wil-

Summerfield

BY MRS. GUY WALSER

School started Monday morning with Mrs. Chloe Grabbe and Mrs. Ralph Johnson as teachers. In the beginners class were Jerry Don Lance, Betty Noland, Oliver Dale Carter, Linda Noland and Carolyn Ann Lee. Bob Coker is driving the bus that picks up the children and takes them to Summerfield, where they transfer to another bus for the trip to Hereford.

Mrs. Hatcher of Amarillo spent the week-end with her parents, Mr. and Mrs. L. J. Counselman.

Mrs. W. J. Cain and Eldon and Weldon Cain visited in the home of Mr. and Mrs. Carter last week.

Mr. and Mrs. C. R. Walser and D. C. Walser spent last week in Sherman. They were on a business trip.

Mr. and Mrs. Roy Euler and daughters, visited relatives in Oklahoma a few days last week. Elton Johnson visited in the home of Mr. and Mrs. Ray Johnson last week.

Luz Tucker of Hereford was a recent visitor in the home of Mr. and Mrs. Moody Stephens.

Joan Walser, Margaret and Bennie Joe Staats, accompanied a group of friends to Palo Duro Canyon last Sunday.

C. J. Lance is visiting his sister, Mrs. Weldon Webb, and Mr. Webb at Levelland.

Mrs. J. B. Noland, Mrs. O. B. Sumner, Mrs. B. E. Robertson, and Mrs. D. C. Walser and Mrs. Guy Walser cleaned the cafeteria last Wednesday.

Mr. and Mrs. Luther Post and Walter of Plainview, visited in the Lee Curry home Wednesday.

Mr. and Mrs. Herbert Clark and Marguerite of Safford, Ariz., visited in the home of her brothers, Britt and Jim Clark, last week.

Mrs. Lynn Powelson was hostess to a party for the Junior BTU Class. Attending were Bobbie and Wayne Walser, Joan, Carol and Gloria Walser, Leaton and Richard Clark, Eva-Mae Powelson and Mrs. D. C. Walser, and Mrs. Powelson.

A group of young people enjoyed a party at the home of Mr. and Mrs. Lowery Walker of Hereford, Friday night. Those attending from Summerfield were Benny Joe and Margaret Staats, Clarence and Ethel Behrends, Wayne Walser, Bob Coker, Gracy Harper, Weldon and Rose Stephens, B. C. Harper, Charles Cowan, oncord Clark, Barbara Clark, Mr. and Mrs. Clifton Harper, Brady and Jimmie Lookingbill, Gayle Robertson, Wayne, Dorothy and Charlene Lee, Roseane Lance, Billy June and Nancy Carl.

A watermelon supper was enjoyed at the park at Hereford Sunday evening, honoring Earl Lance on his birthday. There were fifteen ice-cold melons. Jim Clark, Hollis Walser and Roseane Lance, whose birthdays were also in September, were special guests. Attending were Mr. and Mrs. Joe Kendall, Mr. and Mrs. S. L. Walser, Mr. and Mrs. Delbert Bainum, Mr. and Mrs. Preston Harger of Hereford, Mr. and Mrs. C. R.

ma Miller, Billie Airhart, Jim McCabe, Doris Smith, Mary Frye, Bill McCabe, and Dorothy Airhart.

Jumbo

BY MRS. GLEN MAY

Mr. and Mrs. M. L. Simpson and family went to Hereford Sunday to meet an uncle, R. T. Hunn. They were all dinner guests of Mr. and Mrs. W. A. Hunter. Andy Axe and wife were visitors in Elk City, Oklahoma, over the week-end.

Mr. and Mrs. M. T. Sparkman and Jimmy left Wednesday for Gainesville, where Jimmy is to sing at his cousin's wedding.

Mr. and Mrs. Fred Axe visited in the Holly home in Happy on Wednesday and again on Sunday.

The Bob Baird family returned Monday from Santa Fe, N. M., where they attended the Fiesta.

Week-end guests of the Howard Bishops were Mr. and Mrs. Lem Brock and Mrs. Owen Croft and

children of Flomot. Mr. and Mrs. L. A. Matthews left Thursday for Hot Springs, N.M. They plan to stay for ten days.

Billy Simpson has been in Colorado fishing for the past week.

Lawrence Matthews was discharged from the hospital in Albuquerque Tuesday. He is now staying with his parents here until he is completely recovered.

The Jumbo Home Demonstration Club met Thursday in the home of Mrs. Marvin Spencer. Mrs. Glen May gave the demonstration, which was on "Handmade Rugs." Refreshments were served to ten members and two visitors, Mrs. Fetherington and Mrs. Andy Axe.

Mrs. E. L. Adams of Hereford was a visitor in the Simpson home on Wednesday.

Visitors in the Clyde Renfro home on Friday were Mrs. Floyd Payne and Cleo of Snyder, and Mrs. J. C. Moore, Thelma, Sharon, and Sammy, of Dimmitt.

Rev. Sharp filled his regular appointment here on Sunday. He and Mrs. Sharp were luncheon guests of the Simpson family.

Mr. and Mrs. Clyde Renfro and O. C. attended a shower at the Prio school Friday night. It was given in honor of the former Marguerite Mobley.

Among those attending the circus in Amarillo Monday were Mr. and Mrs. Clyde Renfro, O. C. Renfro, Mr. and Mrs. Fred Axe, Mr. and Mrs. Addison Hunter and children, Mr. and Mrs. Glen May and son, the Brock family and the Simpson family.

Mr. and Mrs. Ira Foster and daughter Gayle Marie, returned on Sunday after visiting relatives in Oklahoma for the past ten days. In Okinok they attended a reunion of Mrs. Foster's family and later visited in Duncan. On the return trip they stopped in Abilene and Lubbock for short visits with relatives.

Walser, Mr. and Mrs. D. C. Walser and daughters, Mr. and Mrs. Jim Clark and sons, Mr. and Mrs. W. H. Walser and Jackie, Mr. and Mrs. Guy Walser and family, Mr. and Mrs. Earl Lance Sr., and family, and Mr. and Mrs. Earl Lance Jr., Miss Billie Rae Johnson returned last week from Dallas and Gainesville, where she has been visiting friends and relatives. Jim Noland and son of Amarillo, visited in the home of Mr. and Mrs. J. A. Noland Tuesday.

Several from this community were Amarillo visitors, Monday.

Mrs. J. R. Euler Is Honored At Shower-Party

Mrs. J. R. Euler, recent bride, was honored at a miscellaneous shower Thursday afternoon at the State Park club house. Pastel colors were featured in the early fall flowers, which were used as decorations, and the refreshment table was centered with an arrangement of pink and white asters in a crystal basket.

Other appointments were in crystal with Mrs. Maurice Middleton of Lockwood and Peggy Barnard presiding. Mrs. J. P. Jones assisted guests in registering.

Those in the receiving line were the honoree, her mother, Mrs. Ralph Smith, Mrs. George Culwell, an aunt from Slaton; Mrs. Glenn Smith, the bride's sister-in-law, and Mrs. W. J. Smith.

Musical recordings entertained the guests and a toast to the bride was given by Mrs. V. C. Hopson.

Hostesses and others in the house party included Mesdames Elmer Mathies, Arthur Thompson, P. L. Dahman, J. W. Robinson, C. O. Wilkins, Louie LeGrand, J. J. Buckner, Bill Hulton, Sanford Smith, Raylan Evans, O. T. Bailey, J. H. Lomas and Boyd Knox.

Easter H. D. Club Meets August 28

EASTER, Sept. 3.—Easter Home Demonstration Club met August 28 at the Easter schoolhouse with Mrs. Frank Allen as hostess.

Miss Seago, the county home demonstration agent, gave a talk on frozen desserts and prepared a dessert for the club.

Attending were Mesdames John Burnett, president; Aubrey Epper-

Garden Beautiful Has Regular Meet

The Garden Beautiful Club held its regular meeting in the home of Mrs. Clinton Jackson Friday afternoon.

An interesting program followed a parliamentary drill given by Mrs. Berry Jacobsen.

Mrs. Louise LeGrand gave a discussion on "Background, Containers and Accessories For Flowers." Mrs. Helen Pipkin demonstrated an arrangement of dahlias.

Those attending the meeting were Mesdames Berry Jacobsen, Helen Pipkin, J. M. French, O. M. Dickey, Carroll Whiteside, Ted Houston, J. R. Fowlkes, Frank Terrell, Louie LeGrand, Forrest Minton, George Graham and the hostess.

LaPlata Club Holds Season's First Meet

LaPlata Club season was opened with a picnic-supper party held in the back yard flower garden at the home of Miss Genevieve Eberle Tuesday evening, September 2.

After the informal picnic, Mrs. Chas. Newel, program chairman for the year, gave a preview of the coming year's work. The study program is built around the theme "We Spend Our Money."

The next meeting will be held with Mrs. A. J. Schroeter on Sept. 16, when regular study programs for the season will be resumed.

Those present were Mesdames Ciel Best, J. R. Johnson, Clyde Cave, Dalton Criswell, Pete Cowart, Wayne Evans, Elmer Patterson, Chas. Newel, Palmer Norton, Ellis Edelman, Maurice Thomson, Miss Marjorie Alderson, Miss Mary Virginia Eberle and the hostess.

son, secretary; Dan Allen, Frank Allen, Fred Walton, G. H. LaPlant, Loy Stone, John Godfrey, Olin LaPlant, Mrs. Dixon, and Miss Seago.

NEWLY-WEDS POSE FOR PHOTO

Mr. and Mrs. Clarence Betzen (above) are pictured after their wedding Tuesday morning of last week. Mrs. Betzen was formerly Miss Mildred Luke.

Garden Party Opens Pioneer Season

Opening the season's activities for the Pioneer Study Club, a garden party was held Monday afternoon from 4 to 6 in the lovely backyard flower garden at the Bob Higgins home. Mrs. O. O. Hill and Mrs. Wirt Phillips were co-hostesses for the party.

Mrs. O. G. Hill directed a short program and Mrs. Bob Higgins, yearbook chairman, reviewed the highlights of the coming year's activities. Study course outlines are based on the theme "America Looks Ahead."

At fresco tables carried out the garden-party theme and cakes, sandwiches and small cakes were served to Mesdames Fred Barrett, A. G. Bell, Boston, J. E. Beyer, H. A. Close, A. B. Christian, Tandy Legg, Wirt Phillips, Mary Seliger, F. L. Terrell, Al Werner, O. M. Dickey, Noah Eaton, Buri France, N. E. Gass, Bob Higgins, A. V. Hendrick, O. G. Hill, E. S. Ireland and Ray Johnson.

Mr. and Mrs. Elmer Coombs placed their membership in the Baptist church here.

Rev. and Mrs. Eulich and baby are on a vacation trip in Colorado this week.

School started Monday, with pupils from here attending school at Hereford. Mrs. Cavthon Bryant, intermediate teacher here last year, is teaching in the fourth grade at Central School in Hereford; and Mrs. Ralph Johnson, primary teacher here last year, is teaching in the primary department at Sum-

Review Is Featured At Opening Meet

Lois Star Study Club featured a book review at its first meeting of the 1947-1948 club season Tuesday when a coffee was held at the country home of Mrs. G. W. Newson.

Mrs. Earl Phillips conducted the business discussion in the absence of the president, Mrs. H. E. Henslee.

The review on "All Our Sons" by Arthur Miller, was given by Mrs. Ed Warren. In the summary she brought out an interesting story of post-war days.

Mrs. Earl Phillips presided at the silver coffee service during the social hour. The table was centered with a bouquet of red roses with appointments in silver.

Enjoying the first meeting, were Mesdames Lyle Blanton, O. L. Click, Roger Corbett, Leo Forrest, Jack Grady, Jim Higgins, Berry Jacobsen, John Jacobson Jr., Nelson McRight, Coy Phillips, Earl Phillips, Buren Sowell, Robert Thompson, Ed Warren, Lawrence Wombles, Forrest Minton and the hostess.

Bethany Class Names New Leaders

Bethany Class of the First Baptist Church was entertained Friday afternoon in the home of Mrs. W. A. Dobbins. Mrs. J. J. Buckner led the devotional lesson and the prayer was given by Mrs. Jack Roberson.

Reports on the past year's work were given and Mrs. Ed Cox, fellowship chairman, welcomed the eight visitors present.

New officers installed were Mrs. Wirt Phillips, teacher... Mrs. O. G. Hill, assistant; Mrs. Carl Mountz, president; Mrs. W. A. Dobbins, membership-vice; Mrs. Ed Cox, fellowship-vice; Mrs. Hardy Benson, stewardship-vice; Mrs. John Patton, minister-vice; Mrs. Otto Massie, secretary, and Mrs. Hazel Sparks, reporter.

During the social hour Birthdays greetings and a handkerchief shower were presented to Mrs. Carl Mountz.

Mrs. Johnson moved to the teaching at Summerfield Sunday afternoon. Mrs. Merlin Kaul is teaching first grade at Hereford again this year.

Mr. and Mrs. Wilburn Smith and family of Ward, and Mr. and Mrs. Cavthon Bryant and John David were supper guests Saturday night in the Elmer Coombs home.

Mrs. Grace Little, Dorothy Young, and Jeanette Scott returned home Monday from the 4-H Club round-up at College Station. They spent a day at Galveston.

The J. C. Morrison family returned home Sunday from a vacation trip in the mountains of New Mexico.

Mr. and Mrs. Daniel Turrentine are visiting his mother, Mrs. Bess Werner, and his brother, George Turrentine, and other relatives and friends here.

Gene Roach of Tatum, N. M., spent the week-end here. His wife, who has been convalescing at the home of her mother, Mrs. Bess Werner, returned home with him to resume her teaching duties in Tatum High School this week.

Elwood Skypala, son of Mr. and Mrs. V. Skypala, and Miss Geraldine Henry, daughter of Mr. and Mrs. Fred Henry of Wyche community, were married Monday morning at St. Anthony's Catholic Church. After the ceremony they returned to the home of the bride's parents, where a wedding dinner was served to relatives of the couple. The newlyweds were hosts at a wedding dance held Monday night at the City Hall in Hereford.

Mr. and Mrs. Ulys Pierce and family of Hereford were visitors Sunday in the A. C. Pierce home. Barbara and Royda Boyd of Hereford and Bobbie Boyd of Amarillo, spent the week-end in the Robert Boyd home.

Kinship Circle Meets

The Wombles Kinship Circle was entertained in the home of Mrs. Earl Phillips Saturday afternoon.

Those attending were Mesdames Johnnie Wombles, Bkaser Wombles, L. L. Wombles, Elmer Wombles, E. W. Wombles Jr., L. R. Bradley, Doyle Rose, Bruce Rose, John Renfro, Lan Shore, Coy Phillips, Robert Thompson and Janelle, Sallie and Sharon Wombles, Linda Phillips and Lynn Thompson.

Out-of-town relatives attending were Mrs. M. O. Meeks, Denver, Colo.; Mrs. W. T. Wombles and Mrs. Jim Holy of Amarillo, and Mrs. George Clark and daughter, Georgene of Lometa, Calif.

NEW OFFICERS

Chu-De-Naang Camp Fire Girls chose new officers at the meeting held Monday afternoon at the Camp Fire Hut.

Officers include Lu Durham, president; Maratha Heard, vice-president; Jane Houston, secretary; Neldeen Flowers, treasurer, and Patsy Jackson, reporter.

The architectural origin of the minaret, the tower attached to a Mohammedan mosque, has been traced back to the lighthouse at Alexandria.

Officials Visit O. E. S. Chapter

Friendship Night was observed at the Order of Eastern Star meeting held at the Masonic Hall Tuesday night.

Initiation rites were conducted by Mrs. Ortiz Owen and a regular business meeting was directed by the worthy matron, Mrs. W. C. Thomas.

The "Friendship Night" program was introduced with the recognition of two grand lodge officials, Frank Phillips, worthy grand patron, Texas Order of Eastern Star, and Mrs. Frank Phillips, deputy grand matron, district 2 - section 2, Texas Order of Eastern Star, who were presented in the East with grand honors.

Robert Thompson entertained with a vocal solo, accompanied at

the piano by Mrs. Frank Terrell.

Explaining her theme of the year "Friendship", the worthy matron introduced Mrs. Lee Coconougher as "My Friend and Your Friend" and presented her a gift as a token of friendship.

Brief talks concerning the work of the organization, were made by the visiting officials.

Approximately 8 members attended including members of the Canyon and Bovina Chapters.

Guests in the home of Mr. and Mrs. J. A. Pitman are their nephew, Tom Wilson of Dallas and his friend, Dave Walker of Boston, Mass. and Mr. and Mrs. Pitman's cousin, Craig Riddle of Madisonville, Ky.

Isbells Complimented

Mr. and Mrs. A. V. Isbell, formerly of Hereford and recently of Priona, were honored at a party Tuesday night given by Mr. and Mrs. Bill Knox. The party was in the form of a farewell affair for the Isbells who are moving to Elk City, Okla., where he will be the regular minister of the Elk City Church of Christ.

Conversation and games provided entertainment for the group which included: Messrs. and Mesdames: R. C. Childers and family, J. B. France, Elmer Patterson, E. J. Reynolds, Earl Dean Hopson the honoree and the hosts.

Home from Texas A. & M. College for the between semester vacation are Bill Stanford, son of Mr. and Mrs. W. J. Stanford, and Wayne Phillips, son of Mr. and Mrs. Earl Phillips.

Hodges-Thomas Wedding Plans Announced

At a tea Saturday afternoon in the home of Mrs. T. S. Stephenson, Mrs. R. A. Hodges of Canyon announced the engagement and approaching marriage of her daughter, Mary Elizabeth, to Wayne E. Thomas, son of Mr. and Mrs. Zerrell Thomas of Hereford.

Arrangements of fall flowers, featuring the rainbow colors, decorated the entertaining rooms. Mrs. C. A. Wimberley and Mrs. Stephenson, aunt of the bride-elect, presided at the tea service. Miniature wedding licenses made small sign posts to top individual cakes, revealing the wedding date, September 26. The wedding will take place at the First Christian Church in Canyon.

Mrs. Zerrell Thomas and Mrs. E. Thomas of Adrian attended the announcement tea.

College Girls And Mothers Entertained

A group of girls, all planning to leave soon for college or universities of their choice, and their mothers were entertained at a coffee given by Peggy Barnard and her mother, Mrs. Dennis Barnard, at their home yesterday morning.

Chrysanthemums and dahlias in autumn's lovely shades of gold and bronze were featured in decorations. Tiny gold flowerlets, traced in icing, topped individual cakes and other decorative suggestions repeated the autumn theme.

Those present were Helen Ann Pitman and Mrs. J. A. Pitman; Virginia Lyons and Mrs. P. P. Lyons; Helen Acker and Mrs. C. C. Acker; Linnea French and Mrs. J. M. French; Barbara Burney and Mrs. R. P. Conaway; Cecelia Guseman and Mrs. J. R. Allison; Mrs. O. D. Carnahan, Mrs. Oscar Eastley, Mrs. Harry Taylor and the hostesses.

CARD OF THANKS

To friends who sent flowers and cards of sympathy in the death of J. H. Williams, we express our appreciation, with thanks for same. The beautiful acts cement friendships with golden links that never rust.

MRS. E. J. WILLIAMS and family. 37-1c

E. E. Fridley writes from Hot Springs, N. M., that he is feeling much better and hopes to be back in circulation before too much longer. Mr. Fridley closed his office here recently on account of his health.

Mrs. Charlie Owens of Pottoboro, and Mr. and Mrs. Carl Owens of Amarillo were visitors in the home of Mr. and Mrs. Gus Ruland and family Wednesday morning.

Mr. and Mrs. Charles White and son and grandson of Berger were week-end guests of the Emmitt McCathern family at Prio last week.

Mr. and Mrs. Hubert White and children and Mrs. Paul Mattoon and Miss Jessie Mattoon returned home Friday after spending the

week in the mountains near Albuquerque, Santa Fe, High Park and Las Vegas, N. M.

Mr. and Mrs. Delbert Ruland announce the arrival of a son on Sunday, Sept. 7.

Mrs. W. E. Cooper of Enid, Oklahoma is a guest in the home of her daughter, Mrs. R. G. Blue.

AT PENNEY'S

QUALITY STAYS INSIDE YOUR BUDGET

That's just another way of saying that you can afford quality—if you're a Penney shopper. True, our prices are often so low you'd hardly believe they could buy quality. But they do! We are able to keep up our high merchandise standards because of our careful buying and frugal storekeeping habits. Today, as always, we're fighting to bring prices down—but quality, as always, stays UP.

Summer 'n' Fall Blacks with Expensive Airs!

Only 7.90

Again Penney's proves that fashion and good taste can be low priced! Advance-of-Fall styles in fine sheer rayons with dainty handmade-looking details. Black rayon crepes showered with white polka-dots—and looking as cool as a Summer rain! Choose yours in navy, brown or black... wear them now, enjoy them all Fall. They're super "buys" at this price. Misses', women's, juniors' sizes.

OTHER PRICES \$4.98 to \$10

Hundreds of New Fall Styles by Cynthia!

5.90

Our wonderful Fall collection of Cynthia is brimming over with up-to-the-minute, flattering styles! Beautifully tailored spectators, classic walking step-ins, dainty dress pumps. Completely closed (it's Fall's new look!) or with peeping open toes! You'll find carefully designed lasts that really fit! You'll find quality all the way through, from their smooth black leather to their tiniest trimming details—important bows, neatly stitched extension soles, pin-tucked vamps! These aren't ordinary economy-priced shoes! They're shoes that look, fit and feel an "expensive more"! Yes, they're unbelievable high quality—marvelous value buys for your 5.50!

L'Allegra Opens Season At Luncheon

Vari-colored miniature bouquets centered quartet tables for the luncheon marking the opening of the club season for L'Allegra Club, which was held Thursday at the home of Mrs. Richard Winget. Luncheon music was provided with recordings and after the luncheon a short business session was held. Mrs. Walter London, yearbook chairman, gave a preview of the study course and planned activities for the coming year. Regular meet-

ings of the club are held on the first and third Thursdays of each month. Those present were Mesdames Darrell Blanton, V. C. Hinson, Richard Winget, Preston Hagan, Earl Stagner, W. L. Davis Jr., Elvin Wilson, Marlin Pierce, Grady Wilson Jr., Walter London Jr., Otho Noland, Gerald Gollehon and James Edmondson.

'Lobster a la Non-Partisan'

Rep. Joe Martin Jr., House speaker, helps himself to a huge plate of lobster at a non-partisan Joe Martin Day festival at Fall River, Mass. At right is Sen. Owen Brewster of Maine.

Coffee Is Initial Event For Club

An early morning coffee in the home of Mrs. Stanford Knox Thursday was the initial event of the 1947-48 club season for El Nino Study Club. Mrs. Will Graham was the assisting hostess. A short business session was held and coffee was served during the social hour. Announcement was made of the next meeting which will

be held on Monday evening, September 15. Those present for the coffee were Mesdames Ben Childers, Byron Durham, Elizabeth Bonasio, Worth Ware, Ben Ezell, E. J. Kirksey, John Jacobson Jr., Millard Nobles, Jim Bookout, R. A. Daniels Jr., and the hostesses.

Hereford Girl and Dallas Man Marry

Miss Aline Hughes, daughter of Allen Hughes of Hereford, and L. C. Montgomery of Dallas were married at 8 o'clock Sunday morning at the home of Mr. and Mrs. T. W. Roberson. Preceding the ceremony Miss Nancy Millard of Amarillo sang "Because," with piano accompaniment by Miss Theima McMinn who also played "Claire De Lune" softly as the vows were spoken, and the wedding marches. The ceremony was read by Rev. O. B. Herring, pastor of the First Methodist Church, as the couple and their attendants, who were Mr. and Mrs. Altus Higgs, stood before an altar arrangement of greenery and early fall flowers in front of the fireplace. The bride wore a royal blue silk-crepe dress made with high neckline and accordion pleated overskirt. Her accessories were in black and she wore a black felt hat with veil and a corsage of wine-red roses. The bride was met at the foot of the stairway by her father who escorted her to the improvised altar and gave her in marriage. Coffee and bride's cake were served to the couple and the close friends and relatives who attended the wedding, by Mrs. Beulah Lee Carter of Amarillo and Miss Mary Lou Roberson of Lubbock. When the couple left on a wedding trip to Hot

Springs, Ark., the bride was dressed in a teal blue gabardine frock, accented with black accessories. Mrs. Montgomery is a graduate of Hereford High School and was employed here by the Southwestern Bell Telephone Company. For the past three years she has been employed in Dallas by that company. Mr. Montgomery is manager of the Carlton Hotel in Dallas and after the wedding trip they will make their home at 4130 Gaston Ave. Out-of-town guests at the wedding were Mrs. Beulah Lee Carter and daughter Harriette of Amarillo, Miss Fern Landers and Miss Mary Lou Roberson of Lubbock, Mrs. Frank Durkee of San Antonio and Mr. and Mrs. Tom Yelverton of Portales, N. M.

Frio

BY MRS. J. P. HAYES
A bridal shower was given Friday night honoring Mr. and Mrs. Floyd Cole at the schoolhouse. Mrs. Truett Allen was in charge of the program. The guests joined in the singing "Love's Old Sweet Song," Mrs. Parris and Mrs. Yandell sang "Down the River of Golden Dreams." Mrs. Robbins gave a reading, Marcia Little gave a reading, and Mrs. Parris sang "When My Dream Boat Comes Home."

Mrs. Truett Allen presided at the punch bowl. Mrs. Haskell Robbins served the cake, and Mrs. T. L. Sparkman presided at the guest book. Mrs. E. H. Little, Mrs. J. B. Harlin, Mrs. Truett Allen, Mrs. T. L. Sparkman and Mrs. H. O. Robbins were the hostesses. Miss Alma Andrews spent last week visiting relatives in Amarillo. Mr. and Mrs. E. H. Little spent Friday night in the home of Mrs. Little's parents, Mr. and Mrs. H. O. Robbins. Miss Lyla Robbins spent several days in the Westway community with her sister, Mrs. E. H. Little, last week. Rev. and Mrs. Truett Allen attended the stewardship rally at the Baptist church in Amarillo last week. Club will meet at the schoolhouse September 17 to elect officers. All club members are asked to be present. Mr. and Mrs. H. D. Robbins visited Mrs. E. B. Berryman Sunday afternoon. Mrs. Mobley and family, Glenn and Mrs. Floyd Cole visited Mr. and Mrs. Cole Sunday. Mr. and Mrs. Cole are going to Clovis and Santa Fe, N. M., this week on business. Mr. and Mrs. Robert Simpson, Nellie Jo, and J. C. Simpson have just returned from a two-weeks visit with relatives in California. Mr. and Mrs. Joe Andrews, Alma Andrews and Mrs. Elmer Jones visited Mr. and Mrs. Roy Calvert Sunday afternoon. J. H. Simpson, Mrs. Robert Simpson and Nellie Jo visited relatives Tuesday and Wednesday at Wellington. Mr. and Mrs. David Yandell and Rosie had dinner with Mr. and Mrs. Oland Parris Sunday. H. A. Parris and Ross Parris of Lubbock were dinner guests in the home of Mr. and Mrs. Oland Parris Wednesday. Mr. and Mrs. E. Lindley visited Mrs. Lindley's parents, Mr. and Mrs. Gresson, at Black Sunday. Mr. and Mrs. Sam Lindley and Mr. and Mrs. Carl Gresson are on a fishing trip in Oklahoma. Mr. and Mrs. Owen Andrews, Mr. and Mrs. T. L. Sparkman Sr., and Mr. and Mrs. T. L. Sparkman Jr., and families attended the Nichols reunion at Childress Saturday and Sunday. Mr. and Mrs. George Jones and Mrs. J. O. Jones visited their parents, Mr. and Mrs. A. T. Jones, Sunday.

DINNER PARTY
Mr. and Mrs. Herman Paetzold celebrated their first wedding anniversary at a dinner given Sunday in the home of his parents, Mr. and Mrs. Joe Paetzold. Midsummer flowers were used to center the lace-laid table where places were laid for the members of the immediate families.

Dawn Study Club In First Meeting Of New Club Year

DAWN, Sept. 8.—The Dawn Study Club met in the home of Mrs. H. E. Miller, with Mrs. Miller as co-hostess, Tuesday afternoon, Sept. 2 for the first meeting of the year. The young ladies of the community entertained with vocal and instrumental numbers throughout the afternoon.

Featured on the program were Misses Wilma Miller, Dona Airhart, Joy Miller, Wynell Paine, Patricia Walton, Ann McCabe, Mary Frye, Sally Womble and Rose Mary Cronin. The club has a much larger enrollment this year than last, and an interesting course of study is planned. At the close of the program, refreshments were served, with Mrs. Dick Frye presiding at the crystal punch bowl. The next meeting will be in the home of Mrs. R. B. Latham on Sept. 16. Attending the meeting last week were Mesdames Lloyd Airhart, Lloyd Bentley, Fred Paine, John Graham, Melvin May, H. V. McCabe, H. E. Miller, Jed Miller, Norman Miller, Boyd Stewart, Raymond Stewart, Floyd Walton, William Wimberley, Baker Womble, Johnnie Womble and Mrs. Mary Miller, members; and one guest, Mrs. Aubrey Wimberley of Plainview.

Fidelis Matrons Has Supper-Party

Fidelis Matrons Class of the First Baptist Church met with Mrs. George Graham Thursday evening for the regular supper-social and business meeting. After the buffet supper Mrs. R. C. Anderson, president, conducted a business session when plans for the installation of new officers on Oct. 1, were made. For a devotional each member of the class gave her favorite Bible verse. Mrs. Jack Davis was welcomed as a new member. Those present were Mesdames Thomas P. Howard, Chas. Dones, M. T. Rutter, L. C. Kester, Sam Allen, A. B. Dameron, W. P. Harlow, O. A. Smith, Paul Harvey, J. W. Witherspoon, Buck Richardson, Jack Davis, W. S. Riet, Carroll Whiteside, A. L. Manjot, teacher of the class, Mrs. B. E. Roberson, class mother, and the hostess.

GARDEN CLUB WILL MEET

The Hereford Garden Club will meet Friday afternoon at 4 o'clock for a business session in the home of the president, Mrs. O. G. Hill.

College Bound Students Honored At Stag Affair

A stag party given at the home of Mr. and Mrs. Ellis Coombes commemorated their son, John Samuel and several Hereford high school classmates who plan to leave soon for colleges and universities. The terrace at the Coombes was the scene for the supper-party and later games and conversation concerning days ahead provided entertainment.

In the group were Duane Williams, Irvin Robinson and Bill Brady, who plan to attend West Texas State College, Canyon; Roger Corbett, Jack Brunley and James Ellis Higgins, who will attend Texas A. & M. College; Bill Craig and the honoree, who has enrolled at Texas Technological College, Lubbock.

Mr. and Mrs. Carroll Whiteside and children were guests of Mr. and Mrs. J. G. Cooper and family in Dumas over the past weekend.

Mrs. Howard Gault and children returned Friday from a three weeks visit with relatives in Burley, Idaho.

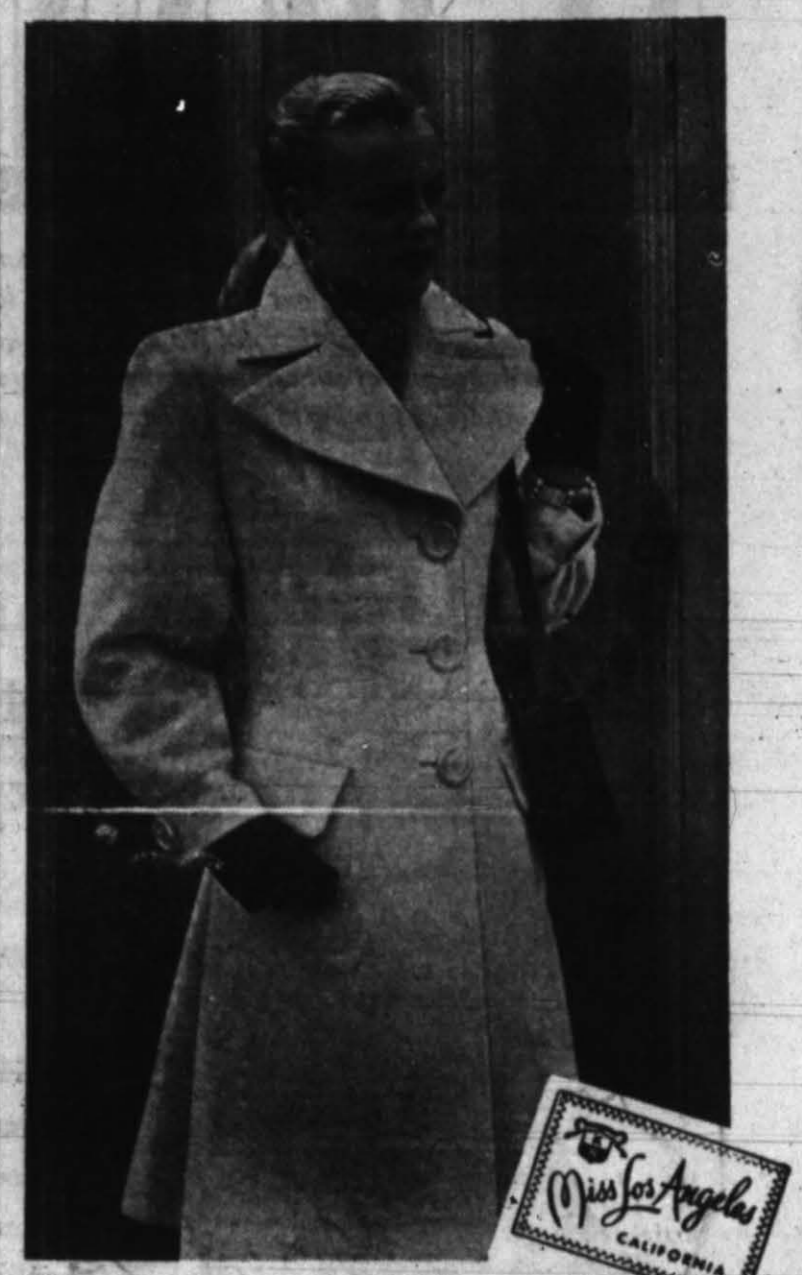

ATTEND FLOWER SHOW
Mrs. Carroll Whiteside, Mrs. Lyle Blanton, Mrs. A. O. Thompson and Mrs. Earl Springer were in Dumas Sunday, where they attended the Dumas Garden Club Flower Show.

Rotarians Hear Sanderson Talk Last Friday Noon

The program at Rotary last week was in charge of Roy Ford, program chairman. He presented John R. Sanderson, Social Security Manager, from Amarillo.

Mr. Sanderson gave some very instructive facts to those present on the value and the benefits of the Social Security set-up. He said that there were over eighty million accounts with the national office and the chief means of identification was the number that is assigned to the worker when he first qualifies for his employment under the act. He also stated that the S. S. administration had a cash balance of about seven billion dollars but that this balance could be easily absorbing the benefits under the act when the number of persons had increased to large proportions. Each year in this country the percent of persons over 65 years of age

SOCIETY

Hardy Benson Host Annual Community Party

Mr. and Mrs. Hardy Benson entertained members of the Ford Home Demonstration Club and their families, also old friends and relatives at a watermelon feast on the lawn at their home in the Ford community Friday evening. Old friendships, begun years ago in the old Clarendon College, were renewed and music for the annual affair was furnished by Jess Giles with his violin, and Mr. and Mrs. Chris Weigner at the piano and accordion.

Moving pictures were shown by A. O. Thompson, who delighted the youngsters in the crowd by presenting Minnie and Mickle Mouse. Mr. Thompson also made pictures of the group gathered for the party. Those from Hereford attending were Rev. R. H. Cagle, Mr. and Mrs. A. O. Thompson, Mrs. Vivian Major, Martisha Ramey and Kathleen Brunson. Vega guests included Mr. and Mrs. Everett Wiseman, Mr. and Mrs. Jess Giles, and club members and families included Messrs. and Mrs. Luther Leslie and Sammie, Cecil Cayton and daughters, George Epping and family, F. D. Ferguson, Christ Weigner and children, E. E. Doak and Dale, Maxey Dowd and Miss Hilda Straffuss.

Others present were Mr. and Mrs. L. J. Straffuss, Carl and Loreta Straffuss, Mr. and Mrs. George Benson and Elizabeth, Homer and Jimmie Joe Hill, Hardy Benson Jr., Quinton Conn, Mary Lou Benson and the hosts. Regular meetings of the Ford Home Demonstration Club will be resumed in the home of Mrs. F. D. Ferguson on September 17.

Farm-Ranch Club Resumes Program

Farm and Ranch Club resumed regular meetings Thursday after the summer vacation. The covered dish luncheon was held in the home of Mrs. Phillip Miller, retiring president of the club.

Peach colored and lemon yellow daffodils were combined in an center arrangement for the luncheon table and other flowers were used about the Miller home.

Mrs. Miller opened the meeting and greeted the new officers who took charge of the session. Officers include Mrs. Henry Melton, president; Mrs. G. S. Solomon, vice-president; Mrs. Richard Gosnell, secretary and treasurer. The club prize was won by Mrs. Henry Melton. Those present were Mesdames A. J. Walker and daughter, Frank Rickels, Roy Pruitt and daughters, Henry Melton, G. S. Solomon, Richard Gosnell, the hosts and a guest, Mrs. Joe L. Hamilton.

CARD OF THANKS
We wish to thank all the friends who came to us with sympathy and kindness at the time of our bereavement and loss of our mother, Mrs. M. E. Grashoff, in Hammond, Indiana. With sincere appreciation we are, sincerely,
Dr. and Mrs. C. D. Keltton
37-1c

Mr. and Mrs. W. L. Davis are in Colorado for a week's vacation. They will visit in Denver and at mountain resorts.

Increases. This will eventually throw a heavier load on the S. S. At the end of his talk Mr. Sanderson opened the discussion for questions and a very interesting exchange of comments followed. Visitors for the day were: Rotarian Cliff Cooper of Alhambra, Cal.; and A. M. Lacy of Amarillo, and Mut Wheeler and Clarence Hamilton of Hereford.

Couple Honored At Gift Party

Miss Alene Hughes, formerly of Hereford and now of Dallas, and L. C. Montgomery, also of Dallas, were complimented at a prenatal gift party in the form of a picnic supper at the home of Mr. and Mrs. T. W. Roberson Saturday evening. Mrs. Altus Higgins and Miss Lucile Park were hostesses.

The couple was married at 8 o'clock Sunday morning in the Roberson home. Attending were Mrs. Beulah Lee Carter of Amarillo; Mesdames Hatie Rutherford, F. A. Millard, Luther Peveely, Arthur Davis, Mr. and Mrs. Bob Higgins, Mr. and Mrs. Donald Roberson, Mr. and Mrs. Altus Higgins, Mesdames Katherine Davis, Thelma McKinn, Lucile Park, Lucile Hughes, Mr. and Mrs. T. W. Roberson and the honorees.

Sims H. D. Club Meets Thursday Afternoon

Mrs. C. D. Keltton returned Friday from Hammond, Indiana, where she attended funeral rites held there on Wednesday, September 3, for her mother, Mrs. M. E. Grashoff.

Mrs. Grashoff, 75, died Saturday, August 30, following a long illness. Funeral services were conducted in the Hammond First Christian Church.

Besides Mrs. Keltton, she leaves a son, I. W. Grashoff, of Hammond.

Sandy soils are usually low in nitrogen content, and hairy vetch is an ideal winter cover crop that will add nitrogen to sandy areas and prevent winter erosion.

Mrs. C. D. Keltton Attends Mother's Funeral Rites

Mrs. Grashoff, 75, died Saturday, August 30, following a long illness. Funeral services were conducted in the Hammond First Christian Church.

Besides Mrs. Keltton, she leaves a son, I. W. Grashoff, of Hammond.

Sandy soils are usually low in nitrogen content, and hairy vetch is an ideal winter cover crop that will add nitrogen to sandy areas and prevent winter erosion.

Mrs. J. R. Euler Is Shower Honoree

SUMMERFIELD, Sept. 9.—Mrs. J. R. Euler was honored with a bridal shower Tuesday evening at the home of Mrs. K. W. Neill, with Mrs. B. E. Roberson assisting. Mrs. Euler was formerly Miss Joan Smith, daughter of Mr. and Mrs. Ralph Smith of Hereford, before her recent marriage.

The shower was held on the lawn at the Neill home. Refreshments were served to Mesdames Ralph Smith of Hereford, Glen Smith of Canyon, Elmer Euler and daughter of Friona, Lowery Walker and daughter, Lee Roy Wilson and daughter, and Tandy Legg of Hereford; John Graham and son of Dawn, Pat Morse of Fort Worth; Alton Lookingbill of Hereford, Roy Euler, B. K. Greeson, Ray Johnson, L. H. Lookingbill, Clifton Harper, Obe Roberson, Glen Roberson and daughter, L. B. Lookingbill, J. B. Noland and daughter, O. B. Summer, Lee Curry, D. C. Walsler, Charlie Noland, Guy Walsler and Ollie Hines; and Misses Ann Morgan of Hereford and Betty and Jeanette Euler.

Hawaiian Student To Sing Sunday At Baptist Church

One of the two Hawaiian exchange students from Wayland College will appear at the First Baptist Church Sunday night on a program which features color movies of the Hawaiian islands. Rev. R. H. Cagle, pastor, announced today.

Muriel Okamoto, who will arrive by plane Sunday morning from Honolulu, will be a visitor at the local church Sunday. She will sing a solo at the evening service.

The other Hawaiian student to attend Wayland this fall will be Edward Araiawa.

Both are from the Island of Oahu, and are coming to Wayland College as students this year through the efforts of Baptist churches of this area.

A movie entitled "Baptist Work in Hawaii" will be shown at 8:30 Sunday evening at the church auditorium. This is a color movie made in the islands. The public is invited, Rev. Cagle said.

MORE ON PARKING METERS
Dear Editor:
I think it's a nice come-off when Chamber of Commerce advertises our "town without a toothache" so flowery, and lures the tourists here, and then the officers pounce on them like a chicken hawk before they have a chance to finish their breakfast and fine them for three minutes overparking. Some hospitality! But one good thing the meters have done is to get the business men's vehicles off Main street so there is room for those who have to go to town.
MRS. R. A. FULLWOOD.

BETTER STREET LIGHTING?
To the Mayor:
My files show that for the past several years I have implored the City Commission to install powerful lights at the street intersections of First, Second, Third and Fourth streets, same to be located in center of these street intersections, overhead.
The cost of installing these lights would not be heavy and I am sure that if installed, the citizens would be so pleased that the Commission would meet with universal praise.
To strangers visiting our city, the comment is that our streets are poorly lighted and not in keeping with the growing city that we are. Trusting the present City Commission will wake up to the importance of this action and no time will be lost in the immediate installation of the lights. I remain
Sincerely yours,
L. BASKIN.

CORRECTION
The name of Jim Williams of Socorro, Mexico, was inadvertently omitted from the names of surviving children of the late J. H. Williams in a story in The Brand last week.

Mr. and Mrs. E. Ramey and Mrs. Wichita Falls, where they had visited a sister of Mrs. Ramey and Mrs. Gentry, Mrs. S. A. Swim. Accompanied by Mrs. Swim, they had gone to Belcherville, where Mrs. Swim's son, Sandy, was conducting a revival meeting at the Church of Christ; then to Borham, where they visited a niece, Mrs. Dale Morrison; to Dennison where they visited a brother, Ernest Stone and family, and to Ector where they visited Jim Ramey and Mrs. J. M. Cooksey.

Roberson Is Watchmaker Graduate

When the Amarillo Watchmakers Institute graduated its first class this week, Edward Roberson, son of Mr. and Mrs. Jeff Roberson, was one of nine World War II veterans to receive diplomas. William A. Gruen, president, presented the awards.
The training, approved under the Veterans Training Program, was formerly of one year duration, but has been extended by the VA to 15 months. Upon graduation, watchmakers receive a kit of tools valued at approximately \$300.
Edward will be employed at Breitling's Jewelry Store.

Ministerial Alliance Elects New Officers Here on Monday

Rev. R. S. Sparkman, pastor of the Avenue Baptist Church, was elected president of the Hereford Ministerial Alliance at a meeting Monday morning at the Church of the Nazarene. Rev. Sparkman succeeds Rev. Uel D. Crosby former pastor of the First Methodist Church as head of the Alliance. Rev. Crosby was moved from the local pastorate this summer to become secretary of the Northwest Texas Conference.
Rev. O. B. Herring present pastor of the Methodist Church, was elected vice president of the Alliance, succeeding Rev. E. H. Cagle, pastor of the First Baptist Church.
Rev. Russell Wingert, pastor of the First Presbyterian Church, was named secretary, succeeding Rev. Lewis Patterson of the Church of the Nazarene.

School District ...

(Continued from Page 1)
at the present valuation, we will never be permitted to reduce valuations in order to increase state aid payments in the future," he said. "The tax rate itself can be reduced at any time at the discretion of the Board of Trustees."
If the increased tax rate is authorized, the school tax assessor will simply go through the rolls and reduce the assessed valuation for each property owner by one-third, Graham said, so that the amount of tax paid this year will not be affected one way or the other.
The Board of Equalization has already set the valuations on all taxable property in the district, he said.
Graham said that the school's income this year from taxes, at the one-dollar rate on a valuation of twelve million dollars, would be \$120,000. At the increased rate of \$1.50 on the \$100, but with valuations lowered one-third, to eight million dollars, the income from taxes will be exactly the same.
In addition, the schools should

Eager Beaver ...

(Continued from Page 1)
\$300 fine."
A check of the records at the City Hall reveals that the two tickets issued to Mr. Brumley were issued on two different meters in two different sections of town and at two different times. The first was issued on a meter on 3rd Street near the REA office, the second on a meter at the Cashway corner on 4th street at a later time.
City Marshal Wooddell explained that the first ticket had been issued for overparking in front of the Deaf Smith REA office, and had been slipped under the windshield wiper. Later in the morning, Wooddell explained, while making his regular rounds, he had found the car over-parked near Cashway Grocery and had written a ticket for this violation when he noticed one already slipped under the windshield wiper. Checking the first ticket, he found that it had been issued at another meter, and guessing that the driver of the car had fallen to sleep, he took the ticket out from under the windshield wiper and placed it with the second one on the ignition key.
Wooddell said that he did not know who the owner of the car was at the time, and added that "it wouldn't have made any difference anyway."
Wooddell also explained that all city officers are making a reasonable effort to locate the owners of meter-parked vehicles when the meter readings indicate that the time has run out within a few minutes of the time the check is made. The meters, he explained, will run for six or seven minutes after the last flag is up.
Last week, Wooddell recalled, Mr. Brumley's car was found over-parked in the 200 block on Main Street, and the dial indicated that the meter time had just run out. "I scouted around," Wooddell said, "and saw Mr. Brumley in the barber shop where he was being shaved. . . . went in and warned him that his meter had run out. . . . took his nickel and deposited it for him." No traffic ticket was issued on this occasion.
Local drivers are not penalized, Wooddell said, if a meter fails to register because of defective mechanism. Each meter is checked when an overparking violation is discovered, he explained, to make sure that it is in operating order before any ticket is written. If the meter is out of order and shows that a coin has been deposited, no ticket is issued, regardless of how long the car has been parked.
Many people, Wooddell said, are still using dimes in the meters. Several dollars in dimes are collected each week. . . . and dimes simply will not work the meters. Only nickels and pennies will operate the machines, although dimes will go in the slot.

chapter.
Clifford Cooper of Pasadena, Cal., vice-president of the United States Junior Chamber of Commerce, presented charters from the state and national organizations to the Hereford JayCees.
"The JayCee is a cross section of America," Cooper told the assembly. "We are not a service club. We are not a Chamber of Commerce. We do not conflict with any institution in chapter."
In honor of the older women of the church, Avon Vick, church secretary would like to have the names of any elderly women who would like to attend the social and need transportation. Call Avon Vick at the church.
High School Band Parents will meet Thursday night at 8 o'clock in the Band Hall.
The Hereford Riding Club will meet tonight (Thursday, Sept. 11) at eight o'clock at the City Hall. All members and prospective members are urged to be present, according to Bill Smith, Legion Commander, since plans will be made for the Armistice Day parade and celebration.
Local Veterans are sponsoring a football dance, to celebrate the opening of the season, tonight (Thursday) at the Veteran's Memorial Park Clubhouse. The dance begins at 8 o'clock, admission's a buck, and proceeds go to the veteran's building fund.

the community. We stand for two things: leadership training and community service.
"One of the greatest needs in this or any other community is for trained leadership among our young men," Cooper said.
Cooper, a native of Castro county, is a Californian by adoption. He was reared and attended school at Hart, and boasts that he is the only Texan on the West Coast who does not claim to be from either Fort Worth or Dallas. "I'm a native of Hart, and I'm proud of it," he told the group.
Smith, in his talk, brought loud applause with an informal nomination of Cooper for National President of the U. S. Junior Chamber of Commerce.
John Kelly, president of the Hereford JayCees, delivered a brief welcome address to open the banquet, and turned the program over to Supt. George Graham, who acted as toastmaster.
Sam Allen entertained with several solo numbers, and led the guests in group singing.
Jack Fuller entertained with some sprightly piano numbers. Out of

town guests were introduced by Kelly.
Special guests of the JayCees were Myaor and Mrs. W. E. Dameron, Homer Brumley, president of the Senior Chamber of Commerce, and Mrs. Brumley; Herman Ford, representing the Hereford Rotary Club, and Mrs. Ford; D. C. Kinsey, president of the Hereford Lions Club, and Mrs. Kinsey; City Commissioners Lyle Blanton and J. C. McCracken, and Mrs. Blanton and Mrs. McCracken; and County Commissioner and Mrs. Troy Moore.
Herman Ford, acting on behalf of the Rotary Club, who was unable to attend, presented greetings from the Rotary president, and offered a floral horseshoe from Rotarians to the JayCees.
"There has been a need in our community for such an organization as yours," the Rotary president wrote. "The Rotary Club offers to your organization its cooperation in any and all projects which have for their goal the betterment of Hereford."
An informal dance in Firemen's Hall followed the dinner.

Whitefaces Will Open Grid Season Here Tomorrow Night

The Bench Warmer

Despite the 100-degree temperatures of the past week, Fall is in the air. In the Panhandle, Fall and Football are virtually synonymous, and the air is full of football as high school teams all over the Panhandle-Plains prepare to swing into action this week-end.

This week The Brand takes you on a tour of District 2-A football camps for a look at prospects. Mostly they're good. Grid coaches are a notoriously pessimistic lot, but District 2-A mentors are, with a few exceptions, in a belligerent mood this fall. Nixing the hatching any championships yet, but they're not conceding any games either.

Jack Everett, new mentor at Friona, is the only coach in the league who's seriously singing the blues. Everett, who's lost three of his best prospects from a 100-man squad in training mishaps, probably has a right to wall.

But in most District 2-A camps, they're beating the tom-toms. Even in the Whiteface camp here in Hereford, where Coaches Stanton and Criswell are wrestling with a lot of inexperienced material, nobody seems to be much downhearted. The Herd probably won't be championship contenders this year, but they're not giving away any games until the last whistle blows.

Tulia's Hornets, district co-champs with the Whitefaces last year, look like the hottest prospects in the league. With ten lettermen back the Hornets were hurt less than most teams by graduation. The Canyon Eagles, bolstered by a pair of red-hot backfield specialists from W. T. High to replace their touchdown twins, Abbott and Wright, should probably be rated the No. 2 team in the loop.

Some observers, notably the Amarillo Globe-News' Frank Godose Jr., rate the Whitefaces in the top three.

Tulia Hornets Look Tough to District 2-A Gridiron Foes

Outlook Dark for Injury-Ridden Friona Chiefs

Jack Everett, new grid coach at Friona, has probably stepped into the toughest spot in District 2-A. If last season, when the Chiefs won only one game, was bad, the 1947 campaign is likely to be disastrous. Only two regulars from the 1946 squad are back for the new season, and one of them is already out with injuries. Everett has barely enough candidates to field a team.

Captain Harry Weis, 160-pound fullback, southpaw passer and capable kicker, will have to carry the load for the team. Weis' only experienced team-mate, John Smith, 135-pound quarterback from the '46 team, smashed a knee in practice last week-end and is out for the season in all probability, Coach Everett reports.

Everett's two best prospects, Wayne Bainum, whom he was counting on for the backfield, and Billy Sanders, slated for a starting position at tackle, are both probably out for the season with injuries as a result of last week's opening practice sessions.

Bainum has a shoulder injury and Sanders smashed a knee. Everett, who came to Friona from Lamesa where he was assistant coach for the Golden Tornadoes last year, is a capable mentor but no magician.

The Chiefs will run from a double-wing formation. If enough of them are still their feet to start the season. But after last week's roster of injured, Everett's making no predictions.

Tulia's Hornets, district co-champions last year with the Hereford Whiteface, look like the class of District 2-A on the basis of pre-season prospects.

The Hornets will have ten lettermen, including five regulars, from the powerful 1946 squad back in the line-up this fall. Facing one of the toughest schedules in the district, the Hornets may need all the power they can muster, but at this early date, their prospects are among the brightest in the league.

A new coaching staff is taking command of the Hornets this fall. Roger Smith and Rafe "Moose" Nabors, former Texas Tech stars, will be in charge.

The new Hornet mentors are building their squad around five regulars from the '46 team: Pete Stark, 160-pound fullback; Ray Simpson, 180-pound quarterback; Billy Charles Love, 150-pound halfback; E. J. (Jeep) Webb, 150-pound guard, and Gene Sims, 160-pound end.

All these names are only too familiar to Hereford grid fans, who learned them bitterly last fall. Webb, who bolstered the Hornet line last year, will be shifted to the backfield to team with Simpson. Stark and Love, in what should be a potent combination, Webb and Simpson are co-captains.

Two other 1946 lettermen who are coming back are a pair of light, fast backs, Ray Sanderson and Jackie Ramsey. Ramsey, diminutive 120-pounder, owns one of the best-educated kicking toes in the Panhandle, and used it to excellent advantage last fall in booting both the placements which gave Tulia their 14-13 margin over the Whitefaces in the critical district championship game.

Eddie Behrends rawnbed 160-pounder, will play the pivot position. A second stringer last year, he's no new hand at the game.

Two first-year men, Earl Butler 175, and Jerry Stallings, 168, will add beef to the line at tackle positions. Two beefy guards are Edward Simpson, 165, and Paul Griffith, 145. Dor Nelson, 145, will probably hold down the other wing position. Coaches Smith and Nabors are also old hands at the gridiron sport. Smith, who graduated at Tech last year, won a spot on the All-Border Conference team. Nabors, formerly on the Tech coaching staff, played pro-Rugby in Canada last year. Smith and Nabors teamed together on service teams during the war, and promise to make as potent a coaching combination as they were on the gridiron.

HERE'S WHO THEY PLAY AND WHERE—DISTRICT 2-A GRID SCHEDULE FOR 1947

Blaine Is Back And Bobcats Are Seeing Stars

John Blaine, who coached the Dimmitt Bobcats to their last District title in 1943, is taking over the coaching reins again and things are looking rosy to Bobcat fans. Blaine recently resigned as Superintendent of the Dimmitt schools to go back to his first love... coaching.

The Bobcats, who were virtually the district doormats last season under Veldon Sarge, when they won only one game, are planning to upset some dope-buckets this fall. . . and they're pointing straight for the Hereford Whitefaces.

Bobcat fans point out that the Whitefaces have never beaten a Blaine-coached team at Dimmitt. . . and the big game this year will be on Bobcat field.

The Bobcats have a squad of six regulars returning from the 1946 team, and some good prospects coming up from the ranks. District coaches, who figured that the 1946 Bobcat eleven was a lot better than its scores indicated, aren't counting any championships won until after they face the Bobbies this year.

Carl Jowell, the 145-pound end who made all-district last year as a sophomore, is back in harness, and I. C. (Junior) Fulfer, the Bobcat center who spent most of last season in the sidelines after breaking an arm in the Canyon game, will hold down the pivot spot and act as line sacker. He's a senior this year. Harold Brannon, 136, and Jackie Miller, 150, are both 1946 regulars who'll bolster the Bobcat line again this year.

In addition, Blaine has a pair of A-1 tackle prospects in Herbert Howell, 196, and Wayne Davis, 172, both are six-footers.

In the backfield are Co-Captains Lonnie Rice, 154 pound junior, and Jack Zeigler, 128 pounder. Rice, who'll handle the ball off the T-formation, has a good kicking toe and is a capable passer. Zeigler, who may be one of the highest backs in the district, is a punter, passer, and something of a speed merchant. Bobby Warren, 121 pound scat back, will also see lots of service.

Two booths in the Merchants' Building, the floor dimensions of a small house, will be required to exhibit the circus which will be shown by W. J. Morris of Amarillo under the auspices of the Maverick Boys Club.

Sports Canyon's Eagles Bidding For District Title With Seniors

Canyon's high-flying Eagles who were hot on the trail of a district championship last year until they ran into the Hereford Whitefaces and were then upset by the underdog Dumas Demons, will be back in the fight this fall with a potent combination.

District rivals who were encouraged by the graduation this spring of the Eagles touchdown twins, all-district backs Charles Wright and Billy Abbott, won't be happy to learn of two new additions to the backfield from the potent West Texas High School eleven of 1946.

The W. T. High transfers are Tommy Hunter, big 175-pound fullback, and Horace Carter, 145-pound center. Both are experienced players and will at least partially make up for the loss of Wright and Abbott.

Also in the Eagle backfield this year will be Lee Bailey, the 160-pound speed merchant who ran from

the halfback post in the 1946 Eagle line-up. . . and ran, and ran, and ran. Bailey is slated to be the hottest thing in the Eagle secondary this year, and judging from last year's performances, that may be plenty hot.

Another West Texas High transfer who may be a power in the Eagle forward wall is Wayne Griffin, 160, who aspires to be a tackle. Wayne Davis, a tackle last year, may be shifted to the backfield. Dick Barlett, 160, looked good in spring and can be counted on for a spot in the line this fall.

The Eagles will operate from Coach R. D. Wheelock's box-formation this fall; but may also run a few plays from the T-formation.

The team will average about 145 pounds, which is a fair weight for District 2-A competition this year.

The Eagle team will be manned almost entirely by seniors. Seven 1946 regulars are returning.

Tri-State Fair to Feature Pair of Circuses—One Big and One Little

Some fairs have no circuses; some have one, but few can boast of two. This year the Amarillo Tri-State Fair, September 22-27 will have two circuses, one big, and one tiny but tremendous.

In addition to J. C. Michael's Big City Grandstand Circus, there will be the Morris Miniature Circus. It is a working scale model of a three-ring circus, a huge show in tiny replica. It is composed of thousands of minutely accurate items of a big time circus layout.

The layout was built in a basement as a hobby. It required 15 years to build.

Two booths in the Merchants' Building, the floor dimensions of a small house, will be required to exhibit

the circus which will be shown by W. J. Morris of Amarillo under the auspices of the Maverick Boys Club.

Last week Mr. Morris covered the circus with a \$10,000 insurance policy.

The big top, the menagerie tent, dining tent, stable tent, dressing tent and side shows are the standard set-up of the big circus.

They are all here. A section has been removed from some of the tents to permit an inside view.

The entire circus loads into 43 wagons which were built from measured drawings of real circus wagons, and this equipment loads on 15 double length flat cars and into six stock cars. Twenty-five coaches complete the circus train.

The model layout has the bonafide atmosphere of a real circus, even to the animals and the little boys crawling under the tent.

The parade wagons are pulled by two and three horse teams and the wagons actually roll on their wheels as the street parade is moved around the circus lot on a complicated endless roller chain.

Two special wire recorders built at a cost of \$310 each furnish the special circus music and voice description of the various articles of interest such as the working of tiny block-and-tackle used around every circus (Continued on Page 8)

Herd to Meet Sudan Hornets In Opener

Opening game of the 1947 football season will be played on Whiteface Field tomorrow night (Friday), when the Herd meets the Sudan Hornets from District 5-A in a non-conference grid battle.

The Whitefaces defeated the Hornets 27-12 in the season's opener at Sudan last fall, but had tough going all the way in the face of a stinging Hornet aerial attack that constantly threatened to break loose for scores. Information from the Hornet camp this fall is that the 1946 eleven is largely intact and will be out in force to avenge the defeat. The Herd's victory last fall was scored on a gala night for the Hornets, the dedication of their new football stadium. Tomorrow night at Whiteface Field, the Herd will be playing for the first time in front of their own new grid stadium, the Whiteface Memorial, and the stage is set for a repeat performance of last year's drama, with the roles reversed.

There is little optimism this mid-week at Whiteface Field as the Whiteface mentors are working doggedly with the remnants of a championship team wrecked last spring by graduation.

Coaches Stanton and Criswell are wearing worried expressions and making no bones about the condition of their squad. Workouts Monday, after a week-end rest, were sloppy.

To add to their troubles, Reuben Knox, slated for the starting quarterback post, twisted a knee in Monday afternoon's workout and probably won't be back in shape until Friday, if then.

Probable starters for the Whiteface Friday night will be Bobby Owens at center; Reynolds and Bud Corbett at guards; Neely Kimbrough and Bob Johnson at tackles; and Junior McGee and L. T. Hawks at ends.

McGee, most promising candidate for the wing post, was out of the line-up with a training injury for three days last week, but is rapidly getting back in shape and barring further injuries should be ready to go tomorrow night.

In the backfield, Knox will probably start at quarterback; with Leo Hennington at left halfback; Curly Wilson, at fullback; and either Homer Rudd or Don Davidson at right halfback.

Three prospective players from (Continued on Page 8)

Another Letter to the Editor from . . .

The Bootleg Philosopher

Dear editor:
If you get a letter from me this week it's only out of force of habit as the weather lately has been too hot to even think and has been too hot to work six weeks ahead of that. In fact, while I understand hot weather is hard on insects and good on cotton, there are times when I put my well being ahead of crops and am perfectly willing to live in the same world with insects provided we're both comfortable.
But while I was out here at Bootleg coolin' off Monday afternoon I picked up a copy of the Amarillo News which blew in with a dust storm this morning and read where Winston Churchill made a speech in England the other day and said he

was willing to forget differences of opinion and be broad-minded and join up with the labor government over there in asking the United States for another loan as the one they got last spring is already used up, and it struck me that Mr. Churchill has hit the note for co-operation on a world-wide basis.
Nations can squabble and fuss over complicated proposals like the United Nations veto power, the Greek situation, the Palestine problem, the conflict of Russia and the United States, the Marshall Plan, the Molotov Plan, and so forth and so forth, but there is one idea I have noticed everybody can agree on, don't make no difference whether it's England or Russia or Denmark or Spain

MARKETS

Southwest farm products sold generally firm to higher last week, with cotton and some cattle classes the major exceptions. U. S. Department of Agriculture's Production and Marketing Administration reports.
Demand for all grains continued good last week. Wheat and sorghum prices reached new peaks, while oats and barley advanced sharply, and corn held firm. At Fort Worth and Galveston, bulk carlots of No. 1 hard wheat closed Friday at \$2.71 to \$2.72 per bushel; No. 2 white corn \$2.92 to \$3.05; yellow \$2.50 to \$2.55; No. 3 barley \$1.84; No. 2 red oats \$1.27 to \$1.31; and No. 2 milo \$3.55 to \$3.60.
Rough rice sold at firm prices last week. First Arkansas Lady Wright brought \$12.00 per barrel. Demand improved for alfalfa hay, which moved at slightly higher values. Prairie hay eased. Most sales of new farmers' stock peanuts have been at support prices. Higher foreign wool prices induced active domestic buying.
Good demand and light offerings kept egg prices firm last week, while all classes of poultry found strength at some markets. Top quality white candled eggs sold generally around 50 to 55 cents per dozen, and grade "A" mixed eggs 45 to 50. Heavy hens ranged largely from 22 to 32 cents per pound, and fryers from 32 to 39.
Colorado fruits and vegetables met generally good demand last week. Peach shipments dwindled, but Arkansas Valley onions moved in volume at \$1.30 to \$1.50 for 50 pound sacks of U. S. No. 1 sweet Spanish. Potatoes strengthened, and peas and cauliflower scored sharp early-week gains but weakened some later. Louisiana sweet potatoes found slow demand at weaker prices. Declining watermelon receipts at Fort Worth sold a little stronger, but cabbage, lettuce, and onions weakened.
Spot cotton marketings increased last week, as picking and ginning moved farther north. Strict low middling and above found good demand, but farmers sold less freely, as prices declined \$4.00 to \$6.50 per bale for the week.
Spring lambs sold firm to \$1.00 or more higher last week, and aged ahead gained up to 50 cents. Medium to good spring lambs brought \$18 to \$20.50 at San Antonio, and \$20 to \$22.50 at Fort Worth. Good and choice kinds went at \$24 to \$24.50 at Wichita, \$22.50 to \$23 at Oklahoma City, and \$25.50 at Denver.
Texas hog markets closed the week about even with a week earlier, while other southwest terminals gained mostly 50 cents to \$1.00 or more. Top butchers closed at \$26.75 at San Antonio, \$27.75 at Fort Worth, \$28.50 at Oklahoma City and Wichita, and \$30.25 at Denver. Sows brought mostly \$30 to \$35 and pigs \$20 to \$26.
Slaughter and stocker calves dropped sharply at most southwest markets last week, and cows lost at some places. Common to medium slaughter cows ranged largely \$12 to \$16,

and calves \$13 to \$19. Most good calves sold at \$19.50 to \$22. Common to medium stocker calves brought mostly \$16 to \$18.50.

Almost three-fourths of Texas' 170 million acres are in forests and grass lands.

Farm real estate values for the country as a whole increased two per cent during the four months ending July 1, 1947.

Buyers of farms have paid cash in more than half the farm purchases in each of the last three years.

Since the period of 1933-39, farm values for the country as a whole have increased 96 percent.

In 1946, the commercial production of mushrooms in this country reached 63 million pounds, over twice as much as in 1938.

Last year, each farmer in the United States spent an average of \$270 on clothing for himself and his family.

Beavers are still reported in fairly large numbers in 42 Texas counties, being found mostly along the Pecos,

Rio Grande, Colorado, and Llano rivers and other streams in the Edwards Plateau.

One ton of farmers stock Spanish peanuts (unshelled) will produce an average of 600 pounds of oil, 900 pounds of meal and 400 pounds of hulls and foreign material.

son, Betty Jean Hamilton and Bobby Jean Drury were awarded honor beads and Wood-Gatherers certificate, and Gayle Gault and Jo Ann Scalla were given certificates for Trail Seekers rank.
A swimming party was held at Canyon on the 19th, followed by a picnic supper and the climax of the summer came with the annual slumber party which took place August 26, at the home of the guardian. Several honors were earned in outdoor craft in the study of the stars. Each girl assisted in preparing the picnic supper, when bread on a stick was cooked over open fire, and the early morning breakfast. Plans for Christmas were discussed and fall work outlines were sketched.
Those having a part in all or a part of the month's activities were: Marilyn Lewis, Gayle Gault, Ida Rae Brunson, Patsy Cates, Betty Culpepper, Kathryn Kester, Bobbie Jean Drury, Betty Jean Hamilton, Abbie Longbottom, Joan Moore, Doris Stanfield, Margaret Ann Sexton, Sharon Dee Moore, Jo Ann Scalla, Lucy Wegner and Marian Jo Wilson.

ABOUT 56 PERCENT OF ACCIDENTS TO FARM PEOPLE last year resulted from farm work. Only 8 percent in connection with housework; recreation and other activities accounted for the rest.

Womble Family Holds Reunion
A reunion of the Womble family was held at Ellwood Park in Amarillo August 31, with members of the family from five states attending. A basket-picnic supper and the showing of family movies featured the entertainment.
Those present were Mr. and Mrs. Troy Womble and sons Troy Miller and Benny, Miss Ethel Womble, Mr. and Mrs. Baker Womble, Mr. and Mrs. Johnnie Womble and sons Robert Wilson, Lewis Ray, Gordon Douglas and Leldon Baker; Mr. and Mrs. Robert Thompson and daughters, Elaine and Lynn; Carolyn Williams, Mr. and Mrs. E. W. Womble, Janelle and Sharon Womble, Mr. and Mrs. L. L. Womble, Mrs. L. R. Brady, Mr. and Mrs. L. H. Shore, Mrs. Doyle Rose, Mr. and Mrs. R. L. Dowell and Lindsey Rose, Mrs. Bruce Rose, Mr. and Mrs. John Renfro, Mr. and Mrs. Otho Noland and Niekay Nan and John Neal, Mr. and Mrs. Coy Phillips and Linda, all of Hereford.
Mrs. Lester Hendrichsen and grandson, Eddie White, of Hagerman, N. M.; Mr. and Mrs. Jim Holly and daughter Helen, Mr. and Mrs. Bob Upton, of Amarillo, and Mr. and Mrs. Loyd Oneal, of Denver, Colo.; Mr. and Mrs. G. W. McReynolds, Roswell, N. M.; Mrs. Mart Hart and John Hayden, Gruver; Mr. and Mrs. Curt Lowe, Gruver; Mrs. Clyde Barker, Mrs. M. O. Meeks, Mrs. W. T. Womble, and Mrs. M. W. Mitchell and Gary and Maurilla of Amarillo; Mrs. George Clark and Georgenna, California, and Mr. and Mrs. Wilbur Womble of Houston.

Frio H. D. Club Cans for Cafeteria
Frio home demonstration club met in the home of Mrs. Owen Andrews for an all-day canning session for the Frio school cafeteria last week.
Mrs. W. A. Springer conducted a short business session.
Mrs. T. L. Sparkman Sr., Mrs. Travis White, and Mrs. A. T. Jones were appointed on the nominating committee to nominate new officers for the club.
Mrs. Andrews and Mrs. J. P. Hayes presented a food demonstration.
The club voted to cash bonds and pipe water into the school cafeteria. Attending were Mesdames A. E. Barnett, E. P. Benson, A. T. Jones, T. L. Sparkman Sr., J. P. Hayes, H. G. Robbins, W. A. Springer, Dayton Chisholm, Travis White and Henry Dobbs, members; and Dovie Jane Jones, Evelyn, Sherry and aJnelle Benson, Janet and Don Chisholm, Nelda Mae, Betty ean and Doris Barnett, Veradella, Frances and Joe Edd Andrews and Larry Dobbs, visitors.
The next meeting will be held on September 17 at the Frio school house at 4 o'clock. Official election of officers will be held. Members are asked to bring their gifts for Boys Ranch.

Color Film Will Be Shown Sunday At Baptist Church
A 40-minute color movie of Baptist work in Hawaii will be shown at local First Baptist Church, Sunday Sept. 14 at 8:30 p. m.
It was made by Chaplain Joe Barnbert.
The missories told Rev. Cagle it was the only complete color film story of our work there.
The public is invited. Many have expressed regret that they missed the colored slides and film shown several weeks ago.

Hereford Girls To Enter Stephens College Sept. 15
COLUMBIA, Mo.—Students from Hereford who will attend Stephens College during the coming year are due to arrive on campus the third week of September. Registration will be held September 15 through the 19th with classes starting on September 20. An all school convocation will highlight the formal opening of the fall term.
The 115th year at Stephens will be the first under the administration of Dr. Homer Price Rainey, one of the nation's leading educators, who became president of Stephens College on June 3 of this year. An enrollment of 2,250 consists of students from every state in the nation and from 12 foreign countries and possessions.
New students who have been accepted for admission at Stephens from Hereford are: Misses Virginia Ruth Lyons, daughter of Mr. and Mrs. Frank P. Lyons, 511 Jackson; and Miss Cecelia Guseman, daughter of Mr. and Mrs. Cecil T. Guseman, 504 E. Fifth St.

'T WAS A Great DAY
WITH Greater DAYS TO COME
When the first gusher started the Panhandle's oil boom just 26 years ago, the area we serve became one of the most productive of crude oil in the world!
But... greater days are yet to come! We have more than one fifth of this nation's reserve... still underground! Oil is destined to become even more important to folks in this area in the years to come.
We have so much faith in the oil industry—and all other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and better living—electrically—to everyone.

Hereford Garden Club To Begin Judging School Here Monday

The first of five judging schools which will be sponsored by the Hereford Garden Club, is slated for Monday and Tuesday, September 15 and 16 at the First Baptist Church. This judging school is a basic course for all Garden Club members. Others who desire the course may register for the two days by paying the regulation fee of \$2.50 or for the second day only for a \$1.50 fee. Classes will open at 10 o'clock, Monday morning.

Two qualified instructors will instruct the school, Mrs. C. E. Beavers and Ines Adrian Hamilton, both of Wichita Falls. Mrs. Beavers will teach Horticulture and Flower Show Practice on Monday and will hold an examination at the close of the day's session for those who desire credit on the work. Mrs. Hamilton will conduct a lecture program demonstration on Flower Show Judging and will teach classes in Flower Arrangement on Tuesday.

Mrs. O. G. Hill, president of the Garden Club, has announced that text books, "A Handbook of Flower Judging" are available and may be secured by contacting her.

North Hereford H. D. Club Meets; Elects Officers

North Hereford Home Demonstration Club met at the home of Mrs. Grady Parsons for a covered dish luncheon Thursday, Sept. 4. A business meeting was held in the afternoon, when new officers were elected.

Mrs. R. A. Fullwood was named president; Mrs. Grady Parsons, vice president; Mrs. Paul Hoff, secretary; Mrs. Harold Pettijohn, assistant secretary; Mrs. Jerry Albracht, reporter; Mrs. John Miller, assistant reporter; Mrs. J. F. Richardson, recreation chairman; Mrs. W. H. Russell, assistant recreation chairman; Mrs. Otto Olson, parliamentarian; Mrs. Paul Hoff, assistant parliamentarian; Mrs. Earl DeHart, Federation counselor; Mrs. Grady Parsons and Mrs. Fred Saltzman, council delegates; Mrs. Frank Wilde and Mrs. Earl DeHart, alternates; Mrs. J. T. Richardson, clothing demonstrator; Mrs. Paul Hoff, home food supply.

Attending were Mesdames Mary Bodkins, Earl DeHart, R. A. Fullwood, Paul Hoff, John Miller, Louise Olson, Otto Olson, R. J. Richardson, Pat Robinson, W. H. Russell, Fred Saltzman, Oscar Vaughn, C. I. Whitehead, J. A. Pool and E. J. Adams.

Amateur Show at Easter Is Won by Easter H. D. Club

EASTER, Sept. 5.—First prize in an Amateur Night show at Easter schoolhouse Friday night, August 29, went to the Easter Home Demonstration Club.

The act which won the prize was a pantomime entitled "The Lighthouse Tragedy." Characters in the play were Mrs. Loy Stone as "the old lighthouse keeper"; Mrs. John Godfrey as "his faithful wife"; Mrs. Frank Allen as "their son William"; Mrs. John Burnett as "the villain"; Mrs. Fred Winton as "the doctor," and Mrs. Olin LaPlant as "the undertaker."

Mrs. Dan Allen was the reader. The pantomime was directed by Mrs. G. H. LaPlant.

Helen Plummer Gets Degree In Nursing

Miss Helen Plummer, daughter of Mr. and Mrs. Bruce Plummer, completed a three year course in nursing at the Parkland Hospital School of Nursing in Dallas, on September 6. Miss Plummer is a graduate of Hereford High School and attended Texas Technological College, Lubbock. Before going to Dallas for her nursing training she was employed in the office of Dr. R. R. Willis. She will be employed in the Emergency Division at Parkland Hospital and plans to continue her studies at Southern Methodist University the next semester.

Bud To Blossom Club Resumes Club Meetings

After a brief August vacation, Bud to Blossom Club resumed regular meetings Friday afternoon when a meeting was held in the home of Mrs. H. H. Caraway. Mrs. Paul Wilson was co-hostess.

A short business session was held when reports were heard and members voted to federate with the state organization. Mrs. Paul Wilson, chairman of the Pledge committee, announced that orders may still be made for the peonies.

Mrs. A. L. Manjot was guest speaker of the afternoon; choosing as her subject "Rules and Regulations of Garden Clubs." She stressed the importance of civic pride in any community and urged the club's cooperation with other Garden Clubs of Hereford in making Hereford a more beautiful city.

The next meeting will be with Mrs. T. J. Clay on September 19, and constitutional amendments will be adopted at that meeting.

Members present included Mesdames Richard Winget, Paul Wilson, Jimmie Mercer, Paul Harvey, George Springer, Marvin Knox, C. W. Parker, W. H. Patton, Travis Caraway, R. A. Daniel Jr., Earl Hopson, and the hostess.

The Farmers Home Administration will be able to make approximately 130,000 farm operating and ownership loans during the current fiscal year to family-type farmers who are unable to obtain credit from any other source.

NOW, WHILE OUR STOCK IS COMPLETE...
IS THE TIME TO SOLVE YOUR HEATING PROBLEM...

STREU'S Now Offers

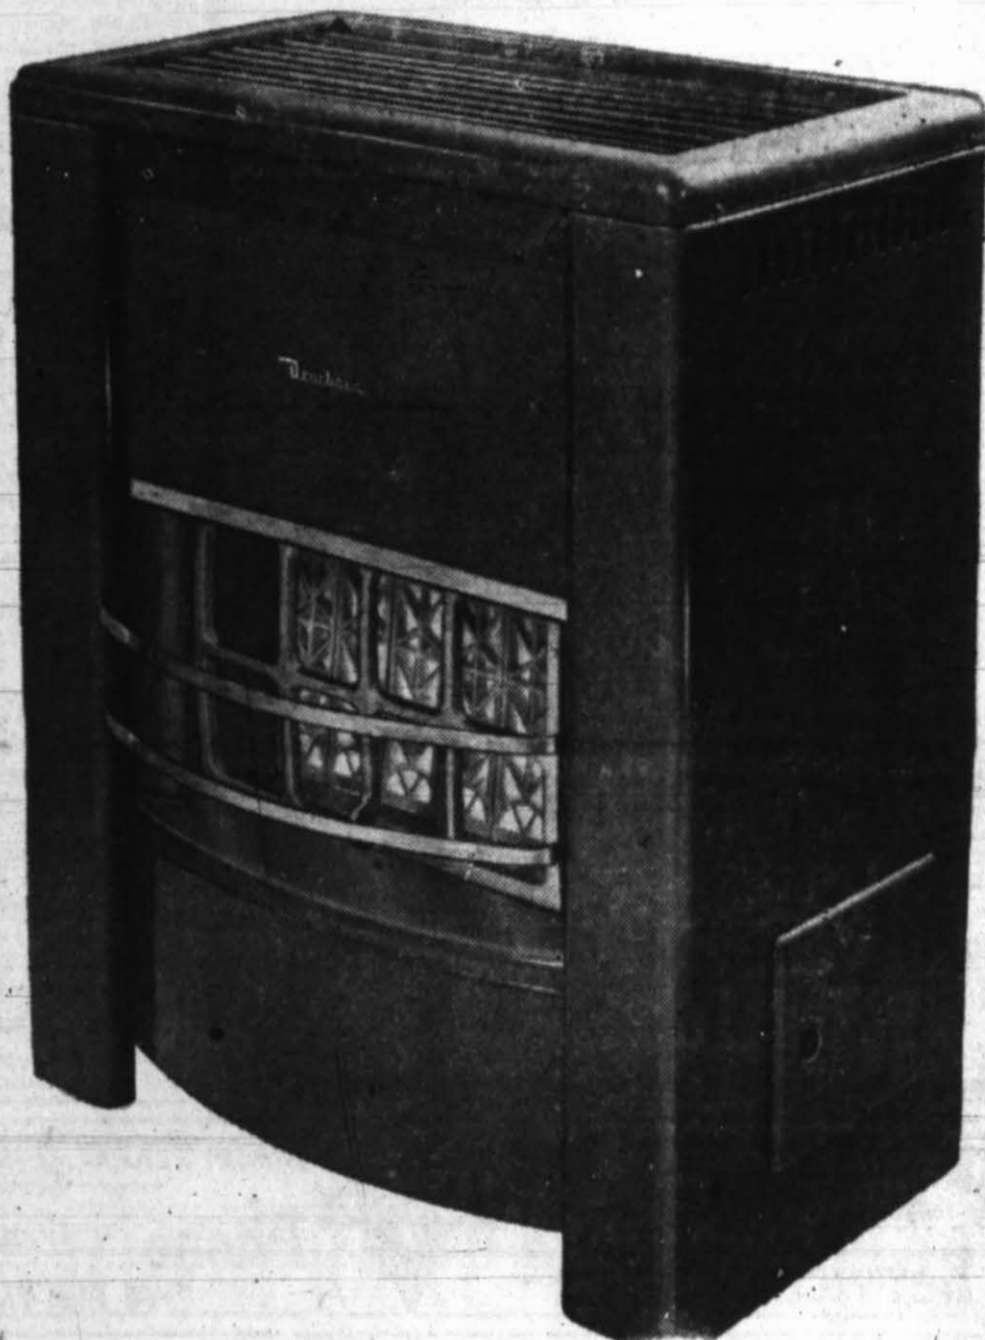

an Outstanding Stock of Dearborn Heaters

It is with a feeling of pride that we offer this excellent line of Dearborn Gas Heaters—a product that is nationally known for quality, performance, durability and economy. Dearborn's reputation for fine quality is the result of rigid standards of excellence. Several years of selling these heaters have brought surprising endorsements from the users, which in turn causes us to place orders more than a year ago for a large number. We have enough now to take care of a large volume of users—and are expecting more each day. Our present stock includes several sizes (20,000 BTU, 25,000 BTU, 35,000 BTU, 45,000 BTU, 60,000 BTU) in most models. In addition to Low First Cost, you will also find them to offer Low Cost Operation. Come in today and let's talk over your individual Heating Problems—that's where Dearborn is best!

SOLVE THE HEATING PROBLEM
... AND THE MOISTURE
PROBLEM TOO!

SEE THE FAMOUS DEARBORN SYMPHONAIRE MODELS WITH THE EXTRA SAFE COOL CABINET

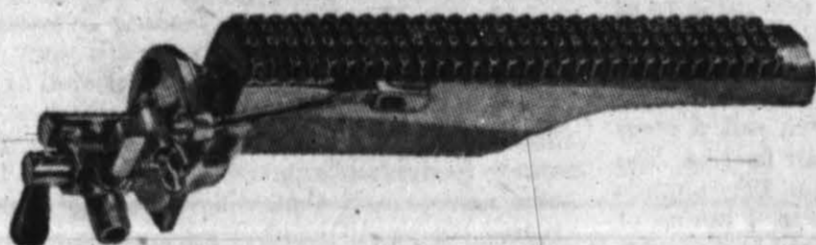

Beautiful in Appearance — Unrivalled in Performance — Unequaled in Safety Features!

Place your Dearborn in any part of the room... close to the wall if you like—it won't blister the wall or woodwork... by the window if it fits in better there.— no fire hazard in case drapes or curtains happen to touch it. Place it on the rug or carpet — no danger of fire, or injuring waxed floors. Let the children play around it — no fear of burned fingers. Our Ever-cool Cabinet definitely removes these worries. In fact, the cabinet is so cool that you can further enhance its appearance by placing a scarf and lamp or brie-a-brac on the top.

Eye-Arresting Beauty in Every Dearborn Cabinet!

Our Cabinets are made of fine furniture steel and are smartly styled in the modern mode. Their graceful lines possess all the charm and beauty of a piece of fine furniture. Dearborn Cool Cabinet feature makes possible the use of ultra-smart furniture-like finishes which are especially appropriate even in the finest surroundings.

NATURAL GAS
OR BUTANE

Famous HI-CROWN BURNER with Blue Flame Pilot Light... exclusive features on all Dearborn models. Superior performance with all gases.

AUTOMATIC LIGHTING...

All Dearborn cabinet models are optional with the Blue Flame Pilot Light... a modern convenience and safety feature usually found only on the most expensive heaters. So simple and safe... even a child can operate the heater without fear of burns.

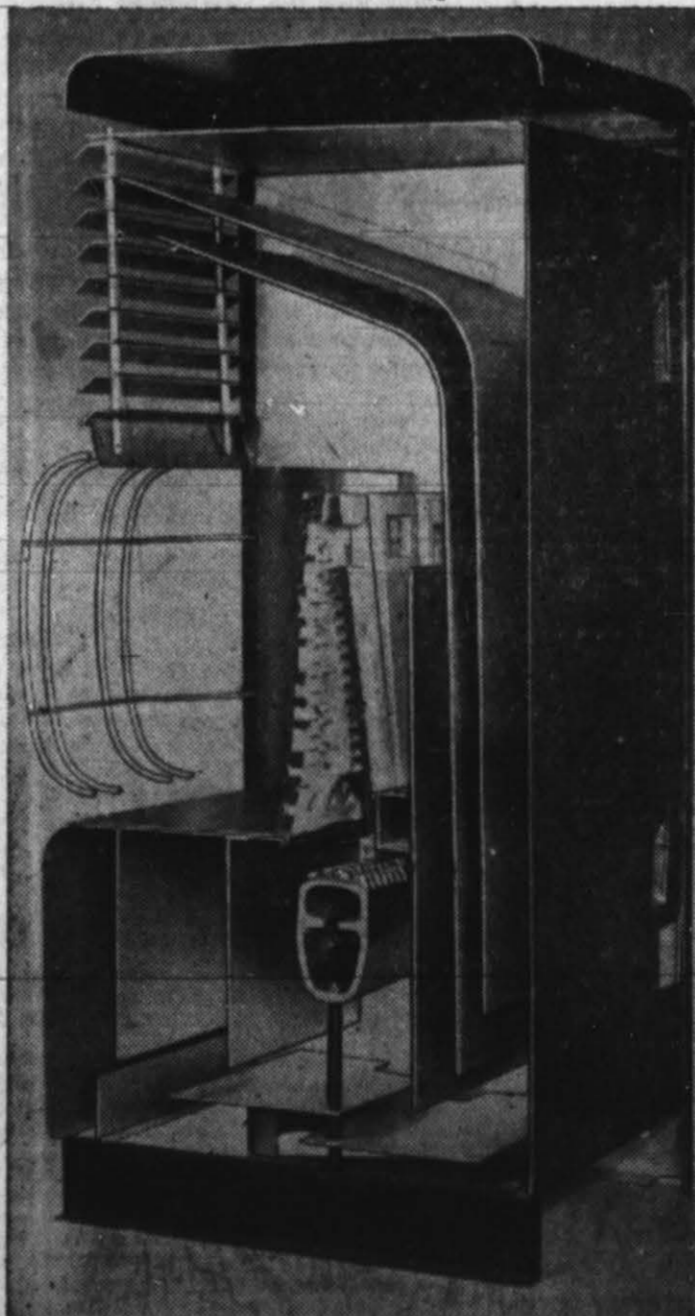

RADIATION PLUS CIRCULATION

The intense heat (1750° Fahrenheit) created in a Dearborn Radiant causes a greatly accelerated speed to the movement of HOT air rushing out of the top of the radiant. This upward surge of hot air causes a large volume of cold air to be syphoned up through the series of flues formed by the interior baffles. The warmed air is forced out through the louvres so swiftly and in such volume one can scarcely believe that this movement of air is accomplished without a fan or blower. An official E. Vernon Hill Laboratory Test shows the volume of heated air to be excess of 250 cubic feet for each single cubic foot of gas entering the burner.

DEARBORN'S FULLY PATENTED INTERIORS

This patented forced-circulation principle is utilized in Dearborn's Circulators and Radiating-and-Circulating Models with outstanding results. An exclusive feature which accounts for the speed with which a given space can be heated and the greatly reduced banking of useless but costly heat of the ceiling. It is the secret of Dearborn users' low gas bills—and what is equally important... Our extra-safe air-cooled cabinet.

RADIATION

... PLUS CIRCULATION!

RADIATION PLUS CIRCULATION

Dearborn fully-vented Radiant Models are designed to eliminate the moisture problem as well as meet the need for greater heating efficiency. Their radiating-and-circulating feature is highly appreciated because the reflected heat from the glowing radiants keeps floors warm while circulated warm air is forced into all parts of the room. Users find them attractive and cheerful in appearance, economical, and wonderfully efficient. All are A. G. A. approved for any kind of gas, and each is a masterpiece in quality construction.

Canning Plant to Go On Block In Trustees Sale Here October 7; Sale Order Posted

All Assets of Corporation Up For Sale

All assets of the Deaf Smith County Food Products Company, Inc. canning plant will be placed on the block in a trustee's sale at the courthouse door in Hereford on October 7. The sale order was posted last week by trustee Ralph D. Churchill, representing the Reserve Loan Life Insurance Company of Dallas, Texas, principal mortgage holder.

The property includes 22 acres of land, located in Section 111, Block M-7, in Deaf Smith county, together with all buildings, machinery, fixtures, equipment and other property of the canning plant. The plant, which was constructed last year, has never been in operation this year.

Construction was started with considerable fanfare last spring by the Delaware-chartered corporation headed by William R. Archer 3rd of Fort Worth as president.

Construction delays got the canning operations off to a late start last summer, and the plant closed its doors after the canning season last fall.

Archer had announced, in starting construction on the plant, that he planned to add facilities to complete a million-dollar canning factory. Plans were to package locally-grown vegetables for marketing under the Deaf Smith label.

Worth Ware was manager of the project.

Assets of the corporation went into the hands of the trustee in July after default on the first \$7,000 installment of the note to the Reserve Loan Life Insurance Company.

The sale is scheduled to be held between the hours of 10 a. m. and 4 p. m. at the courthouse door in Hereford on October 7.

New President at Wayland Reports For New Term

PLAINVIEW, Sept. 5.—Dr. J. W. Bill Marshall, new president of Wayland College, announced that plans are complete for the opening of the fall semester on September 15. During the last five weeks President Marshall visited several countries of western Europe and attended the seventh Baptist World Congress, which met in Copenhagen, Denmark, July 29 to August 3.

"Everything points to the best year in the history of Wayland," stated Dr. Marshall. The number of applications received at the college office indicates a record enrollment for the fall semester. The addition of new courses of study inaugurates Wayland's development into a fully accredited senior college offering work for the standard bachelor's degree.

"What I have seen this summer," declared Dr. Marshall "has re-emphasized to me the world's need for Christ. Wayland College a Christian school, is engaged in the most important work in all the world; namely, preparing young men and women for positive Christian citizenship in every area of life."

Vocational Ag To Be Offered Again In High School

Vocational agricultural courses which had to be discontinued during the war, are again being offered in Hereford High School this fall, according to Walter L. Thompson, instructor for the department.

Because of difficulty in obtaining a teacher for the department, these courses were not included in the school curriculum for several years. Accordingly only first-year agriculture classes will be taught this year.

Thompson said the course will include class room instruction along with outside projects by each student in raising beef or dairy cattle, crops or vegetables or carrying out other practical experience projects.

\$50,000 spent between 1920 and 1932 on soybean research has since resulted in a total crop value of several billion dollars.

CITY PUTS 'EM UP—COUNTY TAKES 'EM DOWN Parking Meters at Gilmer Set Off Hot City-County Feud

Installation of parking meters by the city at Gilmer, Texas, recently stirred up a hot city-county fight between the city dads and Upshur county commissioners.

The city put 'em up . . . and the county took 'em down; and \$6,000 worth of unpaid-for parking meters are piled up in the basement of the Upshur county courthouse where they aren't likely to collect many nickels.

On May 1 the city had parking meters installed in Gilmer. Ninety meters were placed around the courthouse square.

County commissioners objected. "The courthouse square," they insisted, "is county property. The city can't come on county property putting up parking meters." But the city did.

On August 1 the county commissioners ordered the meters removed from the square. They turned the matter over to Sheriff Posey Seago.

"The sheriff ducked. 'I didn't put 'em up there and I'm not going to take 'em down,'" he pronounced.

On Labor Day, when traffic was light, county road gangs under orders from the county commissioners rolled onto the square with sledgehammers and crowbars, tore out the meters and dumped them into the courthouse basement.

City officials rushed to the scene to protest but didn't interfere.

"Someone is going to pay for those meters," Mayor Horace V. Davis rallied.

The Karpark Corporation of Cincinnati, Ohio, installed the meters on a one-year trial basis. The corporation still owns the meters and was to receive 75 percent of the take until the purchase price was met.

Meters in the courthouse basement

South Hereford H. D. Holds Picnic At Park

South Hereford Home Demonstration Club held a picnic lunch at Hereford State Park Tuesday, September 2, with Mrs. Ethel Layman as hostess.

After the picnic feast Mrs. W. H. Goettsch presided over a business session when members voted to meet in the future at 2:30 p. m. instead of 3 o'clock.

Roll call listed names of new foods enjoyed by members and their families. The next meeting will be held on September 16, with Mrs. S. S. Williams.

Those present were Mesdames Noah Shockley, Clarence Hollabaugh, Herman Fletcher, S. S. Williams, Orin Russell, Ronald Matthews, W. H. Goettsch, Elmer Winkler and Ethel Layman.

aren't going to pay for themselves in a hurry.

The city's latest pronouncement: "The next move is up to the Karpark Corporation."

Feedlots Are Food Factories

Now, with the approach of fall, the endless streams of cattle and lambs flow down out of the high summer pastures. Last spring's pigs soon will be on the way to market. The sorting lots and corrals will soon be busy.

In the valleys and plains the feedlots begin to fill. They dam back some of this fall flood of animals . . . You who feed livestock know well how important this is. You realize that it helps avoid periods of glut and scarcity, by stretching out, over months, the time of marketing. You know, too, how such year 'round marketing serves to lessen big "feast-or-famine" price fluctuations. And who should understand better than you how the feedlots of America add millions of pounds to the nation's meat supply?

Feedlots save for the land much of the fertility which the selling of grain crops and hay would take out of the land. For example, you sell a steer that has gained 500 pounds in your feedlot. You are selling off your land only about 12½ pounds of nitrogen, 3 pounds of phosphorus, 1 pound of potash, which his body has absorbed out of your feeds. But suppose you were to sell as cash crops the grain and hay which you put into that steer. Then you would deplete your soil of about seven times as much nitrogen, four times as much phosphorus, and twenty times as much potash.

Keeping the soil fertile through use of manure from livestock is only one factor in judging whether "feeding" is likely to be a profitable venture. There are many others which are being constantly studied by individuals, colleges, and experiment stations. In every feeding area they are trying out new rations, watching costs, plugging "leaks," developing more efficient feeding techniques. So if you are feeding livestock, or are considering it, it may be worth your while to consult your county agent, vocational agriculture teacher, or state agricultural college. Ask them what they have that's new in up-to-the-minute feeding information . . . maybe you'll find some new wrinkle that will lower your costs, increase your profit possibilities.

OUR CITY COUSIN—

Asks little cousin, city-born, "Do Indians use wigwags of corn?"

How many Meat Packers?

Here's an interesting thing to note. There is, on an average, more than 1,000 miles between the point where livestock is raised and the point where dressed meat is eaten. Largely because of this 1,000-mile gap, national meat packers came into being.

The small meat packers buy livestock locally, slaughter and sell meat in the territory surrounding their plants. In addition to this service, nationwide organizations are equipped to do another big job—and do it economically. They perform the service of moving dressed meat the long distances from areas of production to large consuming areas where relatively little livestock is produced. These areas of great meat consumption and small meat production depend upon nationwide meat packers, like Swift & Company, for a large part of their meat products. Livestock-producing areas also depend on the large meat packers, as an outlet for the livestock their immediate market cannot consume.

Most livestock producers market their livestock at only one market. So they come in contact with only a few livestock buyers. Dealing with such a small number of firms leads farmers and ranchers, naturally enough, to the thought that there is only a small number of meat packers in the United States. Actually, according to the latest figures available, there are approximately 4,000 meat packers and about 22,500 other commercial slaughterers of livestock. Some slaughter millions of head per year. Others kill thousands of head annually, and still others only hundreds.

F.M. Simpson,
Agricultural Research Department

New "Slant" Saves Pigs

Farrowing pens with sloping floors are the answer to clumsy sows that step or lie on baby pigs. The slant of the floor takes advantage of the natural tendency of sows to lie with their backs uphill, while the tiny baby pigs tumble downhill safely out of her way. Used extensively in Kentucky, sloping floors have cut baby pig losses to only one out of thirty, according to W. F. Garrigus of the University of Kentucky. He writes:

"Crushing or crippling by brood sows is the chief cause of pig losses. Normally, one out of every five new-born pigs is doomed to be mashed or severely crippled by clumsy, awkward brood sows the first day or so after farrowing. This loss to the swine industry adds up to a staggering total. According to the United States Department of Agriculture, each pig killed at farrowing represents a loss of 140 pounds of the feed consumed by the sow during the gestation and suckling periods. Figuring two pigs killed to the litter, this loss in one year alone, 1944, cost hog men 75 million dollars."

"Very little of this tremendous loss needs to be tolerated. Three years of experimentation and observation of herd tests in Kentucky show that sows farrowing on sloping floors raised from one to four pigs more than when they farrowed on level floors. On 49 Kentucky farms where records have been kept, with 385 litters, an average of only one pig out of 30 farrowed has been crushed on sloping floors."

The College of Agriculture, University of Kentucky, Lexington, Ky., has detailed information on sloping floors for farrowing pens, instructions for building, etc.

Soda Bill Sex: . . . it doesn't take much of a horse to pull a load downhill.

Track Down the Facts

If you ever see tracks like this in the snow, dust, or mud, you'll know there's been a white-tailed deer around. An experienced hunter can tell from the tracks how long since they were made, the approximate size of the deer, and whether it was in full flight or quietly going about its business.

Deer tracking is considerably out of our line here at Swift & Company. But we do have a staff of trained fact hunters. Their job is to track down the facts which control our business operations. They study the U. S. Department of Agriculture figures on livestock supplies. They "track down," too, the demand for meat . . . what weights and grades housewives everywhere are asking for . . . what cuts they prefer.

Our "fact trackers" know full well that the price of livestock is determined by what the meat packer can get for the meat and by-products.

Walking Bounding

Martha Logan's Recipe for SAUSAGE AND LIMA BEAN CASSEROLE

1 pound pure pork sausage	¼ cup chopped onion
1½ cups dried lima beans	¼ teaspoon dry mustard
(3½ cups cooked)	1 teaspoon salt
3 cups hot water	½ cup tomato juice

Soak beans in hot water for 8 to 10 hours. Simmer beans about 1½ hours in the same water in which they were soaked. Brown half of the sausage and the onion, stirring lightly. Drain off excess fat. Combine cooked beans, browned sausage, onion, mustard, and salt. Place in a one-quart casserole. Make ten small balls from remaining sausage meat. Place on top of hot bean mixture. Pour tomato juice over beans. Bake in a covered casserole in a slow oven (325°F) for 45 minutes. Uncover. Bake 15 minutes longer to brown sausage. (6 to 8 servings)

WINTER FEEDING AFFECTS SUMMER GAINS

Summer gains made by yearling steers on grass vary with the amount of gain made during the previous winter, according to new data reported by the Oklahoma Agricultural Experiment Station.

The experiments conducted by the Department of Animal Husbandry there were designed to find an answer to this question, "How much should calves gain during the winter months in order to make the best use of grass the following summer?"

Six lots of choice calves were used in the test. They were fed to gain at three different rates—high (1.3 pounds per head daily); medium (about 1 pound per head daily), and low (about ¾ of a pound per head daily).

The report of the experiments indicates: (1) that steer calves which gained at the medium to low rates made the most economical use of grass during the early part of the grazing season; (2) that combined profits from wintering and early-season grazing were in favor of the lots wintered at medium and low rates of gain; (3) that, of four lots of steers which were continued on grass during late summer and early fall, the ones which had been fed at the lowest rate of winter gain (.69 pounds per head-daily) continued to make the greatest gain on grass; (4) that there is definite evidence that calves wintered on grass and cake to gain ¾ to 1 of a pound a day will produce desirable feeder yearlings at a greater profit than those which gain from 1 to 1½ pounds per day in winter.

This interesting experiment is reported in detail in Oklahoma A. & M. College (Stillwater), Miscellaneous Publication No. MP-11.

How many Meat Packers?

Here's an interesting thing to note. There is, on an average, more than 1,000 miles between the point where livestock is raised and the point where dressed meat is eaten. Largely because of this 1,000-mile gap, national meat packers came into being.

The small meat packers buy livestock locally, slaughter and sell meat in the territory surrounding their plants. In addition to this service, nationwide organizations are equipped to do another big job—and do it economically. They perform the service of moving dressed meat the long distances from areas of production to large consuming areas where relatively little livestock is produced. These areas of great meat consumption and small meat production depend upon nationwide meat packers, like Swift & Company, for a large part of their meat products. Livestock-producing areas also depend on the large meat packers, as an outlet for the livestock their immediate market cannot consume.

Most livestock producers market their livestock at only one market. So they come in contact with only a few livestock buyers. Dealing with such a small number of firms leads farmers and ranchers, naturally enough, to the thought that there is only a small number of meat packers in the United States. Actually, according to the latest figures available, there are approximately 4,000 meat packers and about 22,500 other commercial slaughterers of livestock. Some slaughter millions of head per year. Others kill thousands of head annually, and still others only hundreds.

Road Hogs to Get Rough Treatment Under Texas Traffic Code In Effect September 5

BY COL. HOMER GARRISON
Director Dept. of Public Safety
The new Texas traffic law which went into effect Sept. 5, will make things rough for those people who think they are the only ones on the road.

The person who drives up in the middle of the road, or wanders from one side to the other, will now be liable to arrest. So will the person who passes one vehicle when another is coming to meet him.
A driver must stay on the right except when passing, when driving on a one-way thoroughfare, or when

the right side of the road is blocked. The middle lane of a three-lane highway is to be used only for passing and for making left turns, and then only when nobody is using it from the other direction.

One vehicle may not pass another when they are at, or approaching, an intersection or railroad crossing; when approaching a bridge, viaduct or tunnel; or when in a designated No Passing zone, marked by a broken stripe or any other means.

The question of right-of-way is clearly defined in the new law. The vehicle that gets into an intersection first has the right-of-way. If two vehicles get there at the same time, the one on the right has the right-of-way. In other words, if the other car is on your right, you must let it go ahead.

When you are making a left turn at an intersection, you must not cut in front of other vehicles so as to create a hazard. But you may

turn ahead of opposing traffic after you have signalled for your turn and let the cars by that are in, or right at, the intersection.

Observance of rural stop-signs—whether on highways or county roads—has never been enforced, because the old law did not actually make it a violation to run a rural stop sign. But it's a different story under the new law. Those stop signs now mean STOP. Furthermore, after stopping, you must be careful not to start up again in such a way as to interfere with other traffic, thereby creating a hazard.

Hay-wagon turns are outlawed. To make a left turn you must start the turn from the position nearest the center of the street or road. A right turn must be made only from the lane nearest the right side of the street or road. Turns should be short not on a wide angle such as one must make when the he's driving a hay wagon with a double span of horses.

Definite signals must be given before a driver turns, slows down, or stops. Most of us will use the prescribed hand-and-arm signals. But buses and trucks will have to be equipped with electrical or mechanical signalling devices if they are built so that hand-and-arm signals cannot be readily seen. Owners of farm trucks with wide, blind bodies or narrow cabs should check up on this matter right away.
Hand and arm signals are given in this manner: The hand and arm are extended out and up for a right turn; straight out and pointing to the left for a left turn; and out and down toward the ground for slow or stop.

New Laws Affect All Owners Of Motor Vehicles in Texas

AUSTIN, Sept. 8.—Changes in title and registration laws made by the Fifty-fifth Legislature will sooner or later affect all owners of motor vehicles. Texas Highway Department spokesmen say.

A number of these new laws became effective September 5. After that date, for example, the Texas Highway Department is required to charge a fee of \$1.00 for assigning motors to new or reconditioned motors. A similar fee was ordered for serial numbers on house trailers.

The growing practice of installing new and rebuilt motors, some bearing no identification number, demands a strict accounting of both motor and serial numbers on vehicles to assure valid titles in the name of rightful owners.

New laws outline a procedure giving maximum protection to legal owners of all motor vehicles. When motors are exchanged, the vehicle owner must apply promptly to the Texas Highway Department for a correction of his certificate of title. Otherwise the title to his vehicle is clouded because its motor does not correspond to his title, an awkward situation to handle when he tries to sell his car.

If the new or reconditioned motor bears a manufacturer's number, it

should be used. If it is blank, as many are nowadays, the purchaser must apply direct to the Texas Highway Department at Austin for an assigned number. Forms for this application may be obtained from any County Tax Collector's office. It is illegal to stamp any number on a motor other than a number assigned by the Highway Department.

A new service has been provided for Texans who wish to take delivery on a new vehicle at the factory or from a dealer in another State. Temporary license plates for the exclusive use of buyers while driving their new car back home are now issued under another of the Fifty-fifth Session's new laws.

Suggested by Highway Department officials for the convenience of purchasers wishing to drive their new car back from the factory, the new law eliminates many thorny legal technicalities formerly incident to the practice.

Temporary plates, good for thirty days, can now be secured without delay at the County Tax Collector's office, and carried to the factory or other out-of-state delivery point. The owner may secure certificate of title to his new car and regular registration plates after returning to Texas.

Now's The Time To Work Over Old Lawns

COLLEGE STATION, Sept. 8.—Has your lawn failed to come up to your expectations this summer? If so, there's something you can do about it now. Extension horticulturists at Texas A and M. College say.

Filling in the low spots to make mowing easier is a good September lawn job. And if there are spots where your grass hasn't grown well because poor lawn grasses like Dallis or smut grass have crowded it out, you can dig those grasses out, and fill in the holes when you do your smoothing job. And while you're at it, you can green yourself a nice new winter lawn by sowing two pounds of Italian rye grass over 100 feet of lawn area. Just scatter the rye grass seed over the surface of the lawn and cover it lightly with rich loam soil.

In some localities in Texas, the horticulturists say, San Augustine grass has been damaged by a disease known as "brown patch." Areas several feet in diameter turn brown, the grass looks like it is dying out and the general appearance of the lawn is spoiled. A pound of seed disinfectant mixed in eight gallons of water and applied to the browned areas ought to clear up the trouble. A few days later follow up with an application of commercial fertilizer—one pound to 100 square feet. Best fertilizing time is late evening, when you can sprinkle the area and wash the fertilizer down into the soil.

Americans today eat about the same amount of fats and meats that they did in 1914, but less grain products and potatoes; more fruits, vegetables and dairy products.

Visitors to national forests totaled 55 million in 1946, compared with only 24 million in 1945.

Your Hudson dealer is a good man to know

That motor car of yours deserves the best kind of service. If it's new, good care now will save you money later, and let you enjoy your car longer. If it has served you long, careful service attention now will help preserve its value for trade in.

Those are two reasons why your Hudson dealer is a good man to know. He is an established, independent business man with a reputation for efficient operation. His men are trained to give you Hudson Protective Service. He has a well-balanced stock of genuine Hudson parts. There you have four more reasons why you should see your Hudson dealer, for a new car, used car or service on your present car.

A Hudson Dealer to serve you wherever you go

Wherever you go, you're never far from this sign which identifies authorized Hudson dealer and service establishments.

Whenever you drive in a Hudson dealer's place of business, you get the friendly attention and skilled services of one of more than 3,000 dealerships qualified under the most exacting standards in Hudson's 38-year history.

Hudson has one of the largest, soundest organizations in the industry!

Big engines... long trains mean lower cost to you!

But union leaders want "half-trains" — double crews!

Big locomotives are built to do a big job in the big country which is America — a big job in peacetime as in wartime. They are built to pull long trains.

Long freight trains can handle more goods at less cost — to you — than short trains.

Long trains mean fewer trains — fewer chances for accidents — fewer jet ructions to traffic.

But a few railroad union leaders oppose long trains — among their current 44 demands for changes in rules: one limiting the length of freight trains to 57 average cars. Why do they demand this?

For "safety," they say. But is it? Government figures show definitely that long trains mean greater safety to railroad employes and public alike.

Then, if safety is not the real reason — what is the reason behind this demand? It is to make more jobs which are not needed — to get more pay! This "made work" would be sheer waste. Think of big, modern locomotives using only half their power.

For this waste, you — the public — would have to pay. Higher costs mean a lower standard of living for everybody. Nobody wants that!

Here's the record...

In the quarter century... 1921-1946...	
Average length of freight trains has gone up.....	39%
Average speed of freight trains has gone up.....	39%
The rate of injuries to railroad employes has gone down.....	60%
Average wages paid railroad workers have gone up.....	84%
Price of railroad materials and supplies has gone up.....	58%
Railroad taxes have gone up.....	76%
But the average charge by railroads for hauling a ton of freight one mile has gone down.....	23%
