## MEMPHIS HAS HIGH SCORE AT AMARILLO

### HEREFORD BAND GIVEN THIRD PLACE IN MUSICAL TEST

## ARE SPORTSMEN

### Boys Have no Criticism. Actual Playing Not All to Score

The Hereford Band took third place in the contest staged by the Panhandle-Plains Chamber of Commerce at Amarillo on Wednesday of this week. The Memphis Band was given first, Texoma second and Hereford third. The Hereford boys came home smiling and with no alibis to offer, giving generous praise to the winning aggregations for their splendid appearance and performance. The boys are good losers and take their defeat philosophically.

While the band boys offer no excuses, it is well known locally that they were badly crippled in personnel and went to Amarillo with small hope of winning anything. The loss of the Smith boys at the critical moment, due to the death of Will Smith's small son, was a heavy blow, as these two veterans were steady influences, especially when under a strain such as the contest at Amarillo presented.

The contest was judged on points, including appearance, military precision, etc., and not alone on actual rendition of music. Two or three of Hereford musicians were without uniforms, and that docked them several points. Another point that probably counted against them was that they were unable to go to Amarillo Tuesday, as did the other bands, and furnish music during the two days, and only arrived there in time for the parade Wednesday, and the contest afterwards. Most of the men are employed and could not leave their business for two days.

However, a contest is a contest, and the band members took the defeat like the good sportsmen they are. The Amarillo Daily News of Friday carried the following story about the Hereford Band which is illuminating:

"If the band concerts given by Panhandle bands in Amarillo during the Panhandle-Plains Chamber of Commerce convention had been judged on merit of rendition of difficult numbers, the prize would have gone to Hereford, several men really prominent in band work said. It was the consensus of opinion that Hereford played the most difficult pieces and played them with greater skill, but the band was said to have lost out in some of the other points in judging."

The Amarillo Tribune account of the contest read:

"The Hall County Chamber of Commerce Band of Memphis, was awarded the first prize of \$250, by the judges in the contest held Wednesday afternoon in front of the Hotel Amarillo. Three bands, Memphis, Texoma and Hereford, participated in the contest, which featured the closing day of the fourth annual convention of the Panhandle-Plains Chamber of Commerce.

The Texoma Band came second and the Hereford Band was given third place, with a score uncomfortably close to that of Texoma.

The contest was judged on ten points, including instrumentation, selection, time, tone, tune, expression, military bearing and ensemble.

The Memphis Band was given 74 points, Texoma 67 points and Hereford 65 points.

Following the announcement of the award the Memphis music makers paraded Folk Street, playing all the time.

Prizes were offered by the Amarillo Board of City Development, and the prize money was made up by popular subscription.

Judges for the events were W. H. Smith, director of the San Antonio Municipal Band, Jess A. Rogers of Khiva Shrine Band, and G. T. Lawlor, formerly director of Market Shrine Band at Wichita Falls, assisted by E. R. Humphrey, director of Khiva Shrine Band, Amarillo."

## SMALL SON OF MR. AND MRS. WILLIAM SMITH IS BURIED

Baby Herbert Smith, infant son of Mr. and Mrs. William Smith, aged three months and seventeen days, died last Tuesday night, after an illness of over a week, and was buried Wednesday afternoon. Funeral services were held from the Methodist church at 4:00 p. m., conducted by the Rev. M. M. Beavers, interment in the city cemetery.

## "BABY" G.A.R. VET TO ATTEND MEET

Charles H. Hiles, of Cincinnati, now 71, is the "baby" veteran of the Civil War. He is ten months younger than W. G. Second, of New Rochelle, N. Y., who formerly held that honor. Maj. Hiles will attend the G. A. R. encampment at Des Moines, Ia., late this month.

## Ku Klux Klan is On Trail Editor Warwick, Canyon

C. W. Warwick, editor of the Randall County News at Canyon, has incurred the displeasure of the Ku Klux Klan, according to the following story in The News of September 21:

"The following letter was received yesterday morning at the News office, written on a typewriter which had badly worn type and ribbon, upon a cheap piece of paper. The operator of the typewriter showed to use the 'hunt and peck' system. The letter was mailed from Amarillo, but evidently was written in Canyon. The following is the letter:

"Mr. C. W. Warwick—  
"Sir you show by your paper that you are not friendly to the order of the K. K. K. You have been talking entirely too much about the K. K. K. We give you timely warning to stop your talk about something you know nothing about.

"You as well to know it now as later that the K. K. K. is going to elect and control all officers in the whole U. S. Knights of the K. K. K."

"A number of letters were received in the same mail by citizens of Canyon, and are an exact copy of the above letter.

"Slugh! Yes, and Piffle, too.  
"Mr. Knight of the bed sheer and pillow case, we point you to the recent primary in Texas. In the four state races only one Klansman won—Earle B. Mayfield—and he won in spite of the Klan. The high god of the Klan—Col. Billie Mayfield—lost by a hundred thousand. That don't look like controlling the whole U. S.—not very fast.

"At any time we get ready to turn our paper over to a secret organization and let it do our thinking, we will call you up; but until that time if we don't like the Klan and the way it is run, we will say what we please about the organization."

## Henry Burns Was Acquitted Monday In Canyon Trial

The trial of Henry Burns of Deaf Smith county, charged with the murder of W. J. Rich in May, 1921, was held at Canyon Monday and a verdict of not guilty returned by the jury. The case was submitted to the jury without argument. Several local officers and witnesses attended the trial.

## SEPTEMBER 22 IS OFFICIAL DATE OF OPENING AUTUMN

Friday, September 22, is the official date for the opening of the autumnal season. Hereafter straw hats, ice-cream suits, B-er and other thin articles of wearing apparel will be distinctly out of style.

## REV. BEAVERS MOVED TO CANYON

### METHODIST PASTOR IS SHIFTED BETWEEN CONFERENCES

## SUNDAY LAST DAY

### Will Transfer His Family To New Home First of Coming Week

The Rev. M. M. Beavers, pastor of the First Methodist church of Hereford for the past two years, will hold his last services here on Sunday, as he has been transferred to the pastorate of the Methodist church at Canyon.

Rev. Beavers' transfer came as a distinct surprise to his congregation as well as to himself, as conference will not be held until November and it is rather unusual to shift ministers between conferences. However, Rev. Beavers states, this makes the third shift he has experienced in his ministry to date. It seems that the bishop and presiding elder of a district have the power to make changes between conferences where they believe it to be for the interest of the church.

Mr. Beavers will succeed Rev. J. H. Hiles of Canyon, who goes to Southern Methodist University at Dallas as teacher of old Testament history. The presence of hundreds of young Methodists and prospective Methodists at the Normal demands an experienced man to care for their needs and the shift is a distinct compliment to Rev. Beavers.

The local pulpit will be filled each Sunday until a regular pastor is sent here. Rev. Beavers has arranged to move his family to Canyon next week. The retiring pastor leaves an enviable record behind him here for his work in completing the building of the new church and in the spiritual impetus and enlargement that has accompanied his ministry from the start. Rev. Beavers and his excellent family have contributed much to the social and religious life of the community and they will be sadly missed.

## Normal's Opening Date Announced As Tuesday, 26th

The Thirteenth Annual Session of the West Texas State Normal College will open next Tuesday morning, September 26, at Canyon.

President J. A. Hill states that the outlook is very promising. He believes that there will be a substantial increase over last year in spite of the general drouth and existing financial conditions, and that the attendance will cover a larger territory than ever before.

Registration will open Tuesday morning.

## ABO PASS NOW GETS DOWN TO FACTS

### PLANS TO SECURE FAIR SHARE BUSINESS IN 1923

A fruitful meeting of the officers of the Abo Highway association was held at Amarillo Wednesday in connection with the Panhandle-Plains Chamber of Commerce convention although, strange to say, the meeting was overlooked by the Amarillo papers.

E. W. Harrison, highway director for the Chamber of Commerce represented Hereford. The kind of road signs to be used and the style of road maps to be printed were the principal points discussed and settled. The Abo is now settled through from Grand Canyon to Kansas City, as to route, and the officers are preparing to handle their share of the business in 1923.

## Hereford Scenes In New Santa Fe Publicity Paper

"The Earth" the Santa Fe's official magazine, is preparing to issue a new photographic folder of scenes along its lines. Prior to the war the Santa Fe used to issue this scenic folder at regular intervals, always keeping up to date, but the war practically put the publicity and agricultural departments of the road out of business. Now they are just recovering and getting settled down to real business again.

Thursday P. N. Montgomery, traveling freight and passenger agent, visited Hereford and made arrangements with the Chamber of Commerce for a number of new photographs of civic and agricultural scenes and these are being forwarded to the Santa Fe as fast as finished.

## HARE FAMILY NEAR VEGA ENJOY VISIT FROM RELATIVES

E. H. and G. W. Hare of Vega and mother, Mrs. Eva Hare, of Goodlett, Texas, and Miss Mabel Hare of Childress, were all in Hereford on business last Saturday. Mrs. Hare and Miss Mabel Hare are visiting in the home of E. H. and G. W. Hare near Vega. Miss Hare is county superintendent of the rural schools of Childress county.

## TELEPHONE IMPROVEMENTS WILL BEGIN AS SOON AS MATERIAL IS ASSEMBLED

### COMPANY OFFICIALS HOLD CONFERENCE WITH CITY COMMISSIONERS AND DISCLOSE IDEAS PROPOSED FOR HEREFORD

## NEW RATES TO BE BASED ON COSTS

### Company Proposes to Find Value of Plant After Improvements are Completed and Fix Rates Therefrom Which Will Return Fair Profit on the Investment

The official "conversations" that have been in progress between the Southwestern Bell Telephone company and the Hereford City Commissioners for some time relative to proposed improvements and rate increases at the local plant of the company were resumed here Wednesday after a lull of several weeks.

Some time ago the telephone company approached the commissioners with a draft of a proposed resolution, which the company wanted the commission to adopt, in which the commission's official consent would have been secured to the proposed improvements with a consequent raise in rates. After giving due study to the document the commission declined to adopt it. The present rates in effect were fixed in the existing contract between the telephone company and the city, adopted in 1910 and running seventeen years. However the company intimated that they believed the rates fixed in this contract could not be enforced by the city, under recent higher court decisions. In a general way, these decisions go back to a clause in the state constitution which declares that no municipality has the power to make an irrevocable and binding contract for a certain term, and the courts also held that a municipality could not enforce rates in a contract where it was proven that such rates do not return a fair dividend upon the investments. The commissioners declined to adopt the resolution offered them for the reason that they felt the company had determined to raise the rates under these court

decisions and that to adopt the document would put them in the attitude of being the "goat" between the company and the people.

Wednesday afternoon Assistant General Manager Baker of the telephone company and district manager Hill met the commissioners by agreement at the city office. Several local citizens familiar with tax matters were also present. Mr. Baker acted as spokesman for the telephone company. After expressing his regret that the commission had seen fit to decline the resolution offered he stated that his company had decided to carry out its plan of overhauling the local exchange and to raise the rates therefrom, provided the company could be assured that the people here would give a reasonable amount of cooperation in the project and that no litigation would ensue. He said that the company proposed to begin the contemplated improvements just as soon as the material could be assembled here. He promised that when the work was completed a statement of the value of the plant at that time would be submitted to the commissioners and the rates fixed so as to be fair to both the company and the telephone patrons. He also stated that in no case would the proposed raise in rates exceed \$2.25 for residence and \$3.50 for business telephones.

The commissioners and citizens present were in the attitude of "listeners," and were not called upon for official action. Mr. Baker merely asked their opinions. After discussion he was told, in substance, that while the improvements would be welcomed there would undoubtedly be some complaints and kicks against the proposed raise in rates, although the commissioners did not believe now that any litigation would follow. However, the commissioners said they could not guarantee that such action might not be taken.

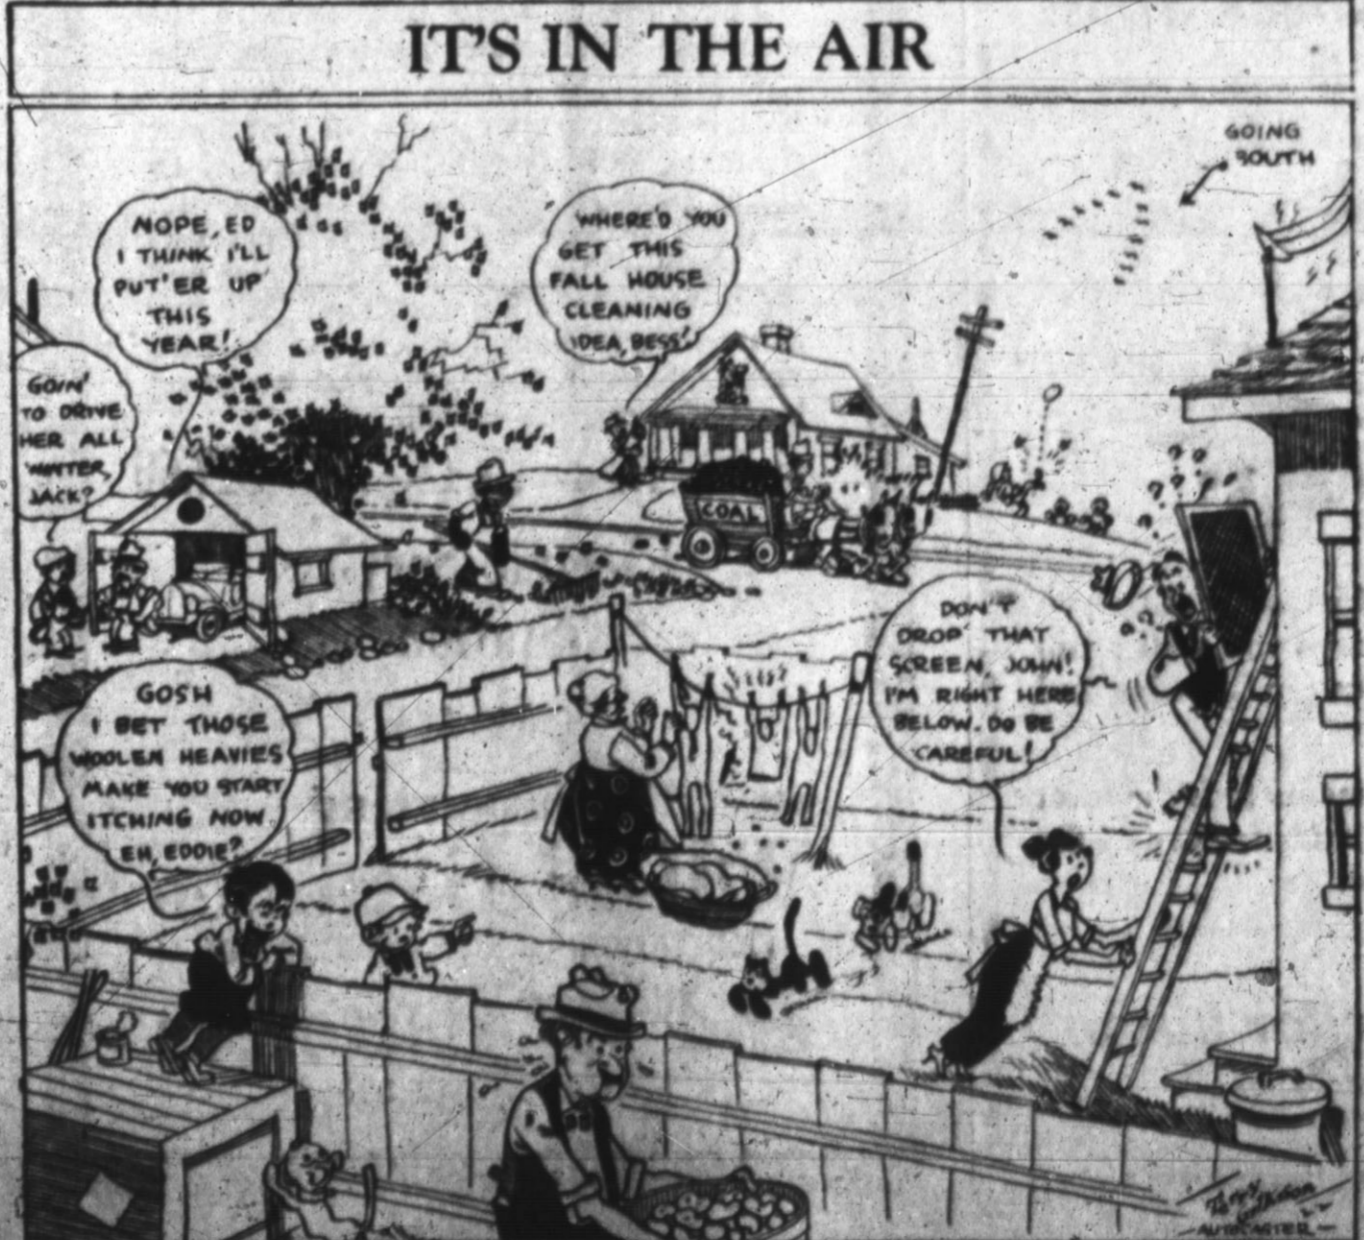

The conference lasted over two hours. The question at issue presents many interesting legal points. The commissioners are of the opinion that if the company takes the position that the contract now in force is void as to rates fixed therein then the rest of the document is also void. But the contract also provides certain privileges as to the use of the streets by the company and in case they repudiate the document then the commission has the right to declare the company to be a "licensee" of the city; or in other words they must comply with the inalienable right of any municipality to say who shall use its streets and to what extent.

This point has, so far as is known, never yet been passed upon by the higher courts.

However, as it stands today, the commissioners understand that the company will go ahead at once and make the improvements mentioned in The Brand several weeks ago, and afterwards will proceed to raise the rates.

## Entire Company of National Guards Were Sent Home

Wednesday morning twenty-eight members of Co. E of Hereford, Texas National Guard, arrived here under the command of Second Lieutenant Alvin R. Hughes. Captain Morris and Lieutenant Hartson remained at Camp Leeper, Denison, Texas. Captain Morris is still on duty with the Guard and Lieutenant Hartson is assisting in machine gun instruction. C. L. Bailey, M. Standifer and Harry Cannon, and Corporal Casebolt will return to Camp Leeper next Monday and report to Company H, 142 Infantry. Lieutenant Hughes is also awaiting a call to return to duty.

## Mission Festival By Lutherans Beginning Oct. 1st

The Lutheran congregation of Hereford contemplates the celebration of a mission festival on the first of October. There are to be three services. The morning service will be conducted by the Rev. C. Schneider, of Littlefield, and the evening service, by the Rev. O. F. Hinge of Canyon. Both men are able speakers and will present their subjects in a forceful and eloquent manner, which will be a delight to listen to. A committee is busily engaged forming plans preparatory to a successful staging of the enterprise. Programs are printed and a large crowd is expected from all over the Panhandle. After the noon luncheon cars will be provided to take the visitors thru the country and make them acquainted with the various beauties of the Hereford district. The Hereford band will then give a concert, whereupon the evening service, beginning at 2:30 o'clock will be held. The night service will begin at 8 o'clock, and will consist of an illustrated lecture by the Rev. Theo. H. Evers. The public is cordially invited to attend all of these services.

### DIMITT

**Parent-Teachers Club**  
A Parent-Teachers Club was organized Friday afternoon at the school room, with fourteen charter members. The following officers were elected:

Mrs. J. H. Flanagin, President; Mrs. Leonard O'Neal, Vice President; Mrs. B. D. Woodlee, Secretary and Treasurer. The object of this work is for the parents and teachers to work together to study the needs of the school and to deal with the problems that confront the school as they arise from time to time; in short, to make the school the best possible, this being accomplished through the home life and community life will be greatly improved.

Now let us—all, whether we have children in school or not, help in this great work, and make this organization the best ever.

The next meeting will be the last Friday in September at 2:30 o'clock, so come and bring some one else with you.

Mrs. B. D. Woodlee, Secretary.

### FRIONA

The report became current about town Monday that one section, Ferguson M. Sanders, had resigned his position as foreman of the Friona section and had accepted a like position at Canyon. He will take charge of his new section at once and will move his family to that place in the near future. Mr. Sanders has been with us so long and by his geniality and willingness to help in all public enterprises, he has won a place in the hearts of the Friona people that causes a feeling of deep regret to have him leave us. We wish for him and his family success in their new location and as warm friendships there as he has formed here.

Many of the farmers in this locality are heading their maize and kafir crops rather than cut them with the binder. Some are doing the work by hand, while others are using their headers. The cause for this is two-fold, as it saves labor and time expense in harvesting and is more easily and quickly threshed. There are some good crops of these grains here in spite of the extremely hot and dry weather since the crops began heading.

Mr. Cole of Abernathy, is moving on to his farm, half mile west of town, which he purchased some time ago. He will be the first occupant which the house on the land he had for several years, as the land has been cultivated by people living nearby and who had no occasion to occupy the house.

According to last week's Brand, Hereford promises to become a cotton country in the very near future and from present indications Friona is destined to become a bean country. At least three crops of considerable size of the pinto bean have been successfully grown here this past season. J. W. Parr has a crop of 175 acres, M. S. Weir has 50 acres and A. O. Drake has 15 acres, all of which have made good average crops. As the bean crop is a new venture with our farmers, there is still much speculation as to the proper method of cultivation and harvesting. Each of these three men have relied largely upon his own judgment in the cultivation of his crop and each has devised his own plan for harvesting and threshing. Mr. Parr's plan is to use a two-row lister and a header for loosening the vines from the ground and throwing them in windrows across

the field for curing and later to run them through a threshing machine. Mr. Weir has a kind of go-devil that cuts to rows at a time and throws them into windrows, and Mr. Drake cuts the vines with a go-devil and has men to follow with pitchforks and gather them into small piles and after curing he will go over the field with his combine followed by two men who will throw the piles into the machine for threshing. It is said that land on which beans have been grown is in the best possible condition for winter wheat after the beans have been removed and the plan is to alternate the land with wheat and beans. Mr. Drake plans to plant at least 100 acres to beans next season and it is quite possible that others will take up the idea and follow his example with good sized crops.

### BOVINA NORTHSIDE

A. G. Dickertman is in Bovina from Roswell with a load of tomatoes and apples.

Miss Gladys Stagner assisted Mrs. Theo. Davies in housekeeping Saturday. H. W. Martin was away from Bovina the past week dipping sheep south of Bovina.

J. H. Aldridge had his sheep dipped last week.

John McDonald had a carload of two-year-old helves shipped to Bovina and took them out to his ranch Friday afternoon.

The clouds were very heavy Friday but Bovina didn't get enough rain to lay the dust.

Rev. Lindley preached Sunday at the Baptist Church at Bovina.

The rain of Monday night was the breaking of a long drought. There had been no rain since last June. Crops are cut to one half and grass is dead. Many people were caught in Bovina. When morning came many cars were parked in sight and owners went to the hotel or camped in the feed yard.

Claude Davis came down from Alva, Okla., to visit his mother, Mrs. D. M. Davis, and sisters, Misses Beulah and Ouida Davis. Later he is going to Harper, Harper Co., Kansas, and travel over western Kansas with W. S. Rhodenbaugh enlarging pictures. Mr. Rhodenbaugh's home is in Winfield, Kansas.

Mrs. J. W. Lovelady returned to the ranch of J. W. Shelby northwest of Bovina, after visiting her mother, Mrs. Richardson, a week.

Dick Kennedy will sow 240 acres of wheat this fall on land leased by J. W. Shelby, receiving one-half for his share thrashing time. Mr. Kennedy is letting Ross brothers harvest his row crop, the grain for Kennedy and the stock field for the Rosses.

Mrs. Mulkey Enell is nursing Mrs. B. R. Enell during her sickness. Mrs. B. R. was reported some better Tuesday morning.

John Aldridge, Jr., of Farwell, will leave for Austin, Tex., Sept. 22, to take a college course.

### Don't Put the Fans Away

There are so many all-year uses for the electric fan that it is to be regretted that most of them will be put on the shelf or in the attic within the next thirty days. The value of the fan motor from a hygienic view-point during the winter months has been admitted many times. Its practical uses for many purposes cannot be denied.

A fan in the kitchen will blow out smoke and odors if it is set on the window sill. A fan in any closed up room will do away with that "stuffy" feeling.

Directed against the steam radiator on a cold morning, the fan will bring up the room temperature in a surprisingly short time. It will help distribute the heat from a hot air register in the same manner.

If the furnace is sluggish, a fan in the cold air duct, or blowing into it, will send heat to distant rooms which are ordinarily heatless. The same fan in the cellar will dry clothes on a rainy wash day in half the time otherwise required; put the fan on the floor and let it blow up between the lines of clothes to get this result.

Turn the breeze of the fan into a closet and you will take out that musty smell, and perhaps reach a few moths at the same time.

During the fall canning season, the fan is especially useful in the kitchen for ventilation and can be economically used for drying fruits and vegetables.

The woman of the house has use for the fan whenever she washes silk gloves or whitens shoes. It is an invaluable aid after a shampoo.

The fact that a fan will keep the frost off a window if the air is kept circulating against the pane is known to practically every Northern store-keeper, where frost is continuous. There are thousands of shops in other sections which take a frosted window as an unavoidable evil, and lose the advertising value of their show windows on many days of the winter.

## FIRST STATE BANK & TRUST CO.

The man who said "money is only stored-up labor" had looked deep into the affairs of man. He voiced a truth which we all unconsciously knew—but which is particularly significant at this season of the year.

There are many, many methods of storing the harvest away. Maybe in bin,—granary or cellar or—it can be in money—the easiest or most profitable way if deposited in a reliable bank.

Let it earn while it awaits your cold day call.
