Harrison, 402 E. 11th, day lilies and iris; Mrs. O. G. Hill, 304 N. Main, purple iris and violets; Mrs. K. E. Kelton, 508 Jackson, iris and dahlias; Mrs. A. L. P. Slaton, 200 25-Mile Avenue, fall asters, columbines and narcissus.

Remember, there are no strings attached. The plants are free to people who want them for planting. If you have some plants to give in exchange, the donors might welcome some new additions to their own gardens. Or if others than members of the Garden Club have surplus plants to give away or exchange, the Board will be happy to list them. Such persons as these have done a lot in the past, and will do more in the future, to make Hereford a more attractive town in which to live.

TO KEEP THE RECORD STRAIGHT

Last week in publishing the County Court news, The Brand printed an article regarding the charges filed against H. A. Close. The headline and general content of the entire article might be construed to indicate that Mr. Close was selling whiskey, due to the fact that the Liquor Control Board does not differentiate between various intoxicating beverages.

In fairness to Mr. Close, The Brand wishes to amplify the original statement to say that it understands Mr. Close was charged on the grounds of possessing and selling of a Pharmacopoeial known as Aramalic Elixir.

LEADS GARDEN CLUBS Eighteen Clubs Represented at Park Meeting

Nearly fifty persons, representing 18 different clubs, organizations and civic groups, were present at the Veterans Memorial Clubhouse last Thursday night to hear Dr. Alan B. Burritt, specialist in park planning representing the National Recreation Association, discuss plans for the development of the Veterans Memorial Park.

The park, recently known as the Hereford State Park, was dedicated by joint purchase by the State and Veterans of Foreign Wars and American Legion Posts recently known as Dear Smith county.

The Veterans plan to develop the 40-acre site as a Veterans Memorial Park, and have invited all Hereford civic and social organizations, as well as city and county officials groups, to join in its development as a public playground and recreation area.

Burritt's services were secured by the Veterans organizations through the National Recreation Association. He was brought here for a two-day stay to survey the local park site, and will prepare detailed recommendations for its development.

Burritt asked that the meeting last Thursday night be called so that all organizations interested could submit their recommendations and desires in connection with the proposed development.

Dr. B. M. Wiltshire, chairman of the Veterans Park Board, presided at the meeting. Burritt recommended that the first project undertaken in connection with the park development be the construction of the proposed Community Center, which will include a gymnasium-auditorium, job-by, club rooms, kitchen and other facilities.

Dr. Wiltshire indicated that the Veterans intend to undertake construction of the building at the earliest possible date. Burritt discussed the requirements for a park development of this type, outlining recommendations for picnic areas, multi-purpose recreation facilities and playground areas, and landscaping for the park. The park development is visualized as a long- (Continued on Page 8)

Vote Is Almost Unanimous In Saturday's School Election

By an overwhelming vote of confidence in the school board, voters of the Hereford Rural High School District Saturday placed their stamp of approval on the Board's plan to lower property valuation and raise the school tax rate from \$1.00 per \$100 valuation to 1.50 per \$100.

The vote, as tabulated by election judges, was 263 for the proposed change, 10 against.

The almost unanimous vote came as a surprise to many observers, including board members, who had feared some opposition to the tax rate boost from voters who might fail to understand the complicated reasons behind the move.

Actually, taxes in the district will not be increased one cent by the increase in tax rate, since property valuations in the district have been scaled down one-third in the tax rate.

By lowering valuations, the school district will be enabled to collect an estimated \$20,000 annually in State Equalization Aid, while the increased tax rate will keep income from local taxes at the same level as it would have been under the higher valuations.

The additional \$20,000 in state aid funds which the district will receive this year, board members point out, will, with an estimated \$10,000 in transportation aid from the state department, probably cover a \$30,000-odd bill for setting up a transportation system in the newly created Rural High School District.

With these funds available from state aid sources, local tax payers will be spared the necessity of digging deeper into tax money next year to pay for the transportation system. A definite increase in taxes next year had been foreseen by the Board of Trustees to cover the expense of setting up the system of bus transportation if the tax increase, which made possible collection of state aid funds, had been voted down in Saturday's election.

Under the present set-up, with property valuations in the district (Continued on Page 8)

New Veterans Vocational Ag Class Set Up

A new Veterans Vocational Agriculture Course will be opened in Hereford this month, Charles Crowell, instructor and coordinator of the vocational school, announced yesterday.

There are still openings for eight or more men to enroll in the new class, Crowell said.

Veterans interested are asked to contact Ralph Smith, county veterans service officer, at the courthouse not later than Monday, October 6. Parents and friends of the veterans in the new class, Crowell said, in addition to five disabled veterans. The class is already more than half full, but at least eight openings remained yesterday.

Bruce Brown of Claude, a graduate of West Texas State College of Canyon, has been employed as instructor for the new class. Brown is a veteran of World War II, graduated at West Texas State this year. He is married, and plans to move to Hereford with his wife as soon as living quarters can be found.

Twenty-four veterans, including four disabled veterans, are enrolled in the Vocational Agriculture class now in progress, under the instruction of Crowell. The present class, first to be organized in the area, has been underway for two months.

Veterans enrolling under the G. I. Bill of Rights are entitled to the same monthly allowances and subsistence pay as veterans attending colleges or other educational institutions.

Animal Health Specialist Will Speak Here Oct. 8

Symptoms and treatment of various diseases in cattle, swine, horses, sheep and poultry will be discussed here Wednesday night, Oct. 8, by Dr. W. C. Butler, animal health specialist. The program will also feature showing of colored movie films on the same subject, and is sponsored by Harold Close of Close Drug Store.

The entire program will be free of charge to all farmers, livestock raisers, and other interested parties, and will start at 8:00 o'clock in the county courtroom.

Questions in regard to animal health will also be a feature of the gathering. Dr. Butler is associated with McKeesson-Robbins Animal Health Department and has previously been with Globe Laboratories. He is also well acquainted with livestock diseases of this area, having visited here several times in recent years.

"This program is not a promotional or advertising program of veterinary products," Mr. Close said, "but is intended to be educational in acquainting livestock men with various diseases and remedies to bring about recovery."

School Board Acts Swiftly to Carry Out Promises

Members of the Board of Trustees of the Hereford Rural High School District moved swiftly this week to carry out their own election promises to the district's taxpayers, following the overwhelming approval in Saturday's election of the proposed tax rate increase.

The Board met in a called session Monday night with members of the Tax Equalization Board to make an official canvass of election returns. The official count confirmed unofficial returns, placing the vote at 263 for the maintenance tax, 10 against.

The Board of Equalization acted immediately to reduce property valuation assessments in the district to the \$8,000,000 minimum figure agreed upon before the election.

Actually property valuations in the district were cut in half, although the effective reduction to the individual tax payer will be the promised one-third.

Valuations in the district had been tentatively set at a total of \$16,000,000, with a tax to be based on 75 per cent of the total valuation, making valuations for tax purposes \$12,000,000.

By reducing the assessed valuation for the district from \$16,000,000 to \$8,000,000, and taxing on 100 per cent of the valuation, the Board is enabled by the newly approved \$1.50 tax rate to bring income from local taxes at the same time as the local school district eligible for some \$20,000 annually in State Equalization Aid, thus actually increasing the income of the school district by that much without any added burden on local tax payers.

School tax statements will be in the mail within a few days, stating taxes due under the new rate and valuation. Individual taxes will not vary more than ten cents one way or another from the bill which had been prepared under the old rate and higher valuation.

Elm Court Plans First Open House Sunday Afternoon

R. and A. J. (Major) Schroeter will hold a belated Open House at Elm Tourist Camp Sunday afternoon.

The Open House is really about six years late, since first units of Elm Court were completed in 1941, but the war and a rush of tourist business has kept the operators too busy since to think about any formal ceremonies.

Under the theory that "it's better late than never," the Schroeters are inviting the public to visit Elm Court next Sunday afternoon and make a tour of inspection of the camp. Open House will be held from three o'clock until five o'clock Sunday afternoon, and everybody's invited.

"We want to invite the people of Hereford to see our place," Major Schroeter said this week. "We're proud of it, and we want the town to visit it and see what we have there."

The last unit of Elm Court, the new and modern 7-room Lodge which forms the center of the layout, was completed in June, but the Court was actually started back in 1938.

Major Schroeter was, at that time, the newly elected County Judge of Deaf Smith County... one of the youngest men ever to hold that office. "I started landscaping the grounds here at that year," Major recalls. (Continued on Page 8)

WHITEFACE BAND BEATS RADIO BROADCAST TO HEREFORD Band Records Program at KFDA; Returns In Time to Hear Program at Own Band Hall

The Hereford High School band had the unique experience last Friday afternoon of playing a concert at Amarillo and arriving home an hour and a half later just in time to hear their own program broadcast over an Amarillo radio station.

The band had journeyed to Amarillo last Friday morning to take part in the parade of High School bands at the Tri-State Fair.

After taking part in the parade down Polk street, the Whiteface Band played a concert at the Merchants Building at the Fair Grounds.

There Band director T. V. Brantley was contacted by the manager of Radio Station KFDA, who was anxious to arrange a broadcast for the group Friday afternoon. The radio station representative told Brantley that he had seen the Hereford band in the parade, and thought it was the snappiest outfit in town.

## JayCee National President to Make Flight Through U. S. Publicizing "Fifth Freedom"

A "Fifth Freedom Flight" through half the states of the union was launched October 1, in Des Moines, Iowa, it was announced today by John Ben Shepperd of Gladewater and Longview, president of the United States Junior Chamber of Commerce, largest young men's organization in the world.

Purpose of the flight by Shepperd, and other of his officers, is to mobilize the young men of this nation for a sustained campaign to strengthen Democracy and the free enterprise system that they so gallantly and unselfishly defended on the battlefield, announcement declared.

Shepperd, who has traveled 35,000 miles in the first three months of his term, and the group will board a plane at Dallas, Texas, Oct. 14, "Jaycee Day." Other events include a ride at Las Vegas, Nevada, in a stagecoach, accompanied by a posse of some of the country's finest horsemen; a visit to Father Flanagan's Boy's Town, Nebraska, and the presentation in Iowa of one of Grant Wood's most famous paintings.

"Everyone is talking about Communism," President Shepperd said on the eve of the flight. "But Jaycees are doing something about it. Young men have their lives before them. They must have a form of government that provides the incentive of opportunity, young men and free enterprise go together."

the chartered twin-engined plane, "Sacred Calf," and appear at elaborate functions already arranged in 36 cities located in 24 states, it was stated.

To the Governors of 19 of the states Shepperd will present a personal message of good will and best wishes from Governor Beauford Jester. He will also present a Texas hat designed by Harry Rolnick, famous Texas hatter. The hats will possess an unusual amount of "Texas luck," according to Shepperd. They have been rubbed with a rabbit's foot, filled with four-leaf clovers and thrown over the left shoulder of a sunburned Indian.

Coinciding with the flight's stop in North Dakota, Governor Fred G. Aandahl has proclaimed Oct. 14 "Jaycee Day." Other events include a ride at Las Vegas, Nevada, in a stagecoach, accompanied by a posse of some of the country's finest horsemen; a visit to Father Flanagan's Boy's Town, Nebraska, and the presentation in Iowa of one of Grant Wood's most famous paintings.

"Everyone is talking about Communism," President Shepperd said on the eve of the flight. "But Jaycees are doing something about it. Young men have their lives before them. They must have a form of government that provides the incentive of opportunity, young men and free enterprise go together."

The Fifth Freedom—the Opportunity of Enterprise—was fostered in 1944 by Jaycees at their national convention. Since that time, one of the organization's major activities has been to instill in young men an appreciation of democratic ideals; a broader participation in the affairs of their community, their nation and the world.

Believing that the hope and responsibility for world peace lies with young men, President Shepperd said that the "Fifth Freedom Flight" will be an effort to bring about concrete action in behalf of world peace by America's young business leaders.

The 33-day tour will take the Jaycee leaders through 36 of the nation's leading cities from coast to coast and will be the most extensive campaign ever undertaken in the effort to organize young men for world peace.

## MARKETS

Farm commodities moved to generally unsettled markets last week, with moderate to sharp declines on many products, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Wheat rallied at southwest markets for gains of around 12 cents per bushel, but corn sank steadily. White corn losses totaled about 35 cents, to close Friday at \$2.50 for No. 2, while yellow dropped 15 to 20 cents to sell at \$2.35 at Fort Worth and Galveston. Oats, barley, and sorghum grains netted little change.

Rice demand continued slow at prevailing prices last week. Principal producing areas escaped major hurricane damage. Grain product feeds declined, but others sold unchanged to higher. Hay prices advanced \$2 per ton.

Spot cotton prices declined from \$4 to \$6 per bale during the week, and there was a further weakening of the basis. Demand was good for Army purchase quantities but only fair for domestic purchases. Harvesting made rapid progress.

Cattle closed the week generally 50 cents to \$1 or more lower. Calves felt the heaviest pressure. Good calves sold at \$17.50 to \$19.50 at Houston, and choice heavy calves moved at \$21 to \$23 at Oklahoma City. Good and choice calves turned late in the week at mostly \$17 to \$19 at San Antonio, \$15.50 to \$19 at Fort Worth, and \$16 to \$18 at Wichita. Denver's practical top was \$21.50 for calves and vealers.

Hogs suffered losses of mainly 25 cents to \$1 for the week, and pigs fell as much as \$2 at some markets. San Antonio closed the week at a top of \$27.50, Fort Worth at \$27.75, home city at \$28.75. Sows brought \$24 to \$25.50 at Fort Worth and Oklahoma City, and \$23 to \$26 elsewhere.

Slaughter lamb prices dropped \$1 to \$2 per hundred at most southwest markets last week, while aged sheep and feeder lambs fell mainly 50 cents. San Antonio moved common and medium spring lambs at \$16 to \$19, and Fort Worth sold medium to good kinds at \$19 to \$21. Good and choice grades brought \$21 to \$22.50 elsewhere.

Liberal offerings of most seasonal fruits and vegetables moved rather slowly at Fort Worth, where lettuce and celery met dull demand, but cabbage held steady, and onions and cauliflower sold firm to higher. Carrots and cantaloupes brought better prices at Kansas City, while tomatoes and sweet potatoes stayed the same. San Luis Valley Colorado potatoes remained about unchanged, but cauliflower and Arkansas Valley onions showed strength. Local prices strengthened at New Orleans.

Good demand held poultry prices firm during the week, and young chickens tended higher. Some turkeys moved largely at government support prices. Eggs remained fairly steady. Seasonally best candied offerings sold mostly around 50 to 55 cents per dozen dozen, but some areas including New Orleans paid up to 60 cents or more.

COLLEGE STATION, Sept. 23.—A lot of Panhandle wheat farmers are finding that it costs money to sacrifice quality for quantity.

Potter County Agent A. P. Bralley reports to Extension Service headquarters at Texas A. and M. College that terminal market mill buyers are penalizing incoming loads of wheat from Potter and other Pan-

handle counties. Reason: poor milling quality. Twenty-one percent of the total acreage in the Panhandle wheat belt was planted last year to two wheat varieties that have poor milling reputations, says the county agent. The overall figure of poor quality varieties is so high, he reports, that millers throughout the country are either refusing to purchase or are discounting it in some manner.

Farmers plant low milling varieties because they get "good yields," says Bralley. Westar, Comanche and Wichita varieties, all good millers, have produced as good if not better yields in Potter county than the poor millers, and many farmers have turned to those three varieties for planting this year.

Announcements have been made here of the marriage of Miss Helen Marie Gallagher, daughter of Mr. and Mrs. James P. Gallagher of Sulphur, Arkansas, formerly of Hereford, and Jerome A. Cain, son of Mr. and Mrs. James V. Cain, of Wilbur, Nebraska.

The wedding was held Saturday morning, August 30 at the St. Mary's

Catholic Church in Gainesville with the Rev. Peter Molloy reading the double-ring rites and the Rev. Patrick F. Gallagher, cousin of the bride, celebrating the nuptial mass. Nuptial music was played by Miss Anne Gallagher and Mrs. Ed Pulte sang several selections.

Given in marriage by her father, the bride wore a gown of ivory imported Japanese silk, a gift of the bridegroom while he was in overseas service. Panels of shirred net extended from the tight fitting bodice down the front of the long full skirt

and the back panel ended in a long graceful train. Her bridal veil fell from a cluster of tuberoses. Her only ornament was a strand of pearls, the gift of the bridegroom, and her shower bouquet was of carnations, stephanotis and orchids.

Attendants to the bride were Mrs. Ethel Ann Trobridge, Dallas, Mrs. Vincent Cirone and Miss Marie Dutenhoefer. Little Mary Jean Pulte was flower girl and Acolytes were Joseph Crawford, Bill Evans, Joseph Nichols and Bob Radcliff.

Jim Cain served as best man and groomsmen were Dennis Cain, Bill Luke, John Crawford and Edward Pulte.

After the wedding a reception was held at the home of Misses Anne and Emma Gallagher, aunts of the bride and later the couple left on a short wedding trip. For traveling the bride was dressed in a Breton wool tweed suit, black accessories and matching of-the-face hat.

Mrs. Cain is a graduate of St. Mary's School and business college and St. Paul's School of Nursing, Dallas. She made her home in Hereford for a time and was employed as a nurse at the Deaf Smith County Hospital for one year. She is a sister of Mrs. Joe Huckert.

Mr. Cain served three and one half years in the Army. The couple will make their home in Omaha, Nebraska, where he is a pre-medical student at Creighton University.

Among the out-of-town guests at the wedding was Neil Gallagher of Hereford, who is an uncle of the bride.

Mr. and Mrs. L. R. Blevins and Beattie Jo have moved to Sacramento, California, where they will make their future home.

Mrs. Ada Morgan of Austin has arrived in Hereford to spend the winter with her daughter, Miss Mary Jane Morgan.

### Rotarians Name Miss McMinn As New Club Sweetheart Here

44,000 to 1

Inflationary China makes carrying money quite a job. This little girl has been to a bank and withdrawn what looks like quite a bundle, but as of August 1947 (subject to daily change) it took 44,000 Chinese dollars to equal one U. S. dollar.

Miss Thelma McMinn, music teacher in Hereford High School, was introduced last Friday as the new Rotary Club Sweetheart at the weekly luncheon of Hereford Rotarians.

Leo Forrest, who had been appointed chairman of a committee to select a new Club Sweetheart, introduced Miss McMinn to the Rotarians.

Miss McMinn succeeds Cecelia Guseman as the Rotary Sweetheart. Cecelia has left to attend college this fall.

Dr. Ben Wiltshire, president of the Rotary Club, in a brief welcome speech, expressed the pleasure of the club at securing Miss McMinn as the club's sweetheart.

The program for the day consisted of numbers presented by club members. George Heard gave a report of the inter-city club meeting held in Lubbock last Wednesday evening. Thirteen members of the Hereford club attended and enjoyed a social hour, together with worthwhile talks by leading Texas Rotarians.

Paul Conaway gave a talk taken from articles in the October issue of Rotarian Magazine. His was voted one of the best programs presented to the club in several weeks.

### Dimmitt Bobcats Squeeze by W. T. High 13-12 Friday

Dimmitt's Bobcats continued their winning streak last Friday afternoon, squeezing out a 13-12 victory over Coach Hatcher Brown's double-tough Calves from West Texas High School in a game on the Buffalo gridiron at Canyon.

Lonnie Rice, sparked the Bobcats to their victory, passing Bobby Warren for the first touchdown and spearheading a drive for the second score. Rice scored the winning point, plunging through the line for the conversion after the second touchdown.

All the scoring was in the first half of the ball game.

The Calves made a serious threat in the last period, driving to the Bobcat 2 yard line where Lewis Martin halted the scoring threat by invading the West Texas backfield to intercept a lateral pass a few seconds before the game ended.

The victory was the Bobcats third of the season, and set them up in the top bracket of Region 1-A as one of the eight unbeaten clubs in the region... one of three three-game winners.

R. T. Smith of El Paso was a recent guest of his aunts, Mrs. C. P. Cockrell and Mrs. Burt France.

### The Bootleg Philosopher

Dear editor:

While lots of folks out here at Bootleg don't take time to look up from their plow and Johnson-grass fightin and note-pavin and think about what's goin on in the rest of the world, I ain't never been that short-sighted and long ago realized that what went on in north China might have as much bearin on me as what goes on in my north pasture and so far I've had about as much

effect on the pasture as I have on China and since the latter takes less energy than the former which don't necessarily mean it's easier as brain work is entirely different and can't be compared with physical work any more than plantin ideas can be compared with plantin oats or makin perfume can be compared with refining crude oil, and as I say, just because a man lets his immediate vicinity get a little run down

ain't no sign he's neglectin his world-wide obligations.

Consequently I was not surprised when I borrowed my neighbor's newspaper out of his mail box Monday morning while he was worryin about hands and lettin China slide and went down to the corner in the crisp September air and read where the vice president of China itself had announced that if the United States don't rush over aid over there his country will join up with the Russian Communists.

Now I don't know how much influence and authority a vice president has in China, maybe no more than the average vice president over here or say the average college president, but it seems to me if he's correct and China is considerin joinin up with Russia, let her. It reminds me of my neighbor's sayin if I don't send him over a bucket of potatoes in the mornin he'll open his front door and let the hogs in.

In fact, it seems to me that if all that's keepin anybody from joinin up with the Communists is some help from the United States, we're lettin ourselves in for some mighty long bread lines to keep operatin from now on if we set out to head it off, and it would be cheaper and has the same effect in the long run to go ahead and let everybody's who's a mind to join up with Russia now and have something to look forward to after the boom declines and the depression starts and we need another war to bring back prosperity with.

These things are too complicated for me and sometimes I even contemplate lettin the rest of the world alone and tendin to my own farm, but so far I've managed not to let it go no further than that.

Yours faithfully, J. A.

### Invisible Man on Texas Highways Is Out of Style, Says Col. Garrison

By Col. Homer Garrison, Director Department of Public Safety  
Fix your lights so that you can be seen by the other fellow and your brakes so that you can stop, and you'll be all right under the new traffic law which went into effect Sept. 5.

You must have two burning headlamps and a burning red tail light. The only thing which every motorist has to have after Jan. 1, 1947, which he may not have now is a little white light over the rear license plate. Formerly, reflectors were enough on trailers of all kinds, but after Jan. 1, a burning red tail light is required for any vehicle whatsoever on the road. Trucks and buses under 80 inches wide must have in addition to other lights a stop light and two red reflectors on the rear.

Trucks or buses over 80 inches wide or having an actual or registered gross weight in excess of 3,000 pounds must have the following lights besides the headlamps, tail light, license plate light, stop light, and two red reflectors:

Amber clearance light at front outermost top corner on each side.  
Red clearance light at back outermost top corner on each side.  
Red side marker near rear on each side.

Amber side marker near front on each side.

Amber side lamp near front on each side.

When disabled upon the highway, all types of trucks, busses and trailers must have three properly spaced warning devices, such as pot flares, electric lanterns, etc.

All brakes must be capable of

### Frank Edwards of Santa Fe Retires After 50 Years

AMARILLO, Oct. 1.—Frank E. Edwards, assistant to the general manager, Santa Fe railway, Amarillo, will retire on October 1 with a notable record of 50 years and 10 months in railroad service, according to announcement made today by G. C. Jefferies, general manager.  
Born in Waterville, Kans., and educated in Atchison, Kans., Edwards entered the service of the Santa Fe as a caller in the mechanical department at Topeka, Kans., in December 1896, and with the exception of six months' service with the Denver and Rio Grande railroad at Pueblo, Colo., in 1910, his entire career has been with the Santa Fe.

Before coming to Amarillo in 1911, Edwards held various jobs at Topeka, Kans., La Junta and Pueblo, Colo., and Clovis, N. Mex. He has been assistant to the general manager of Santa Fe's far-flung Western lines and Panhandle & Santa Fe lines since December 15, 1916.

After his retirement, Edwards will remain in Amarillo, where he and Mrs. Edwards live at 2210 Hayden street. He is a director of the Panhandle and five other affiliated Texas companies, a director of the Amarillo Country Club, member of the Rotary Club, and of St. Andrew's Episcopal Church.

While rockets and guided missiles usually travel at such speeds as to preclude human vision, the U. S. Navy uses high speed motion pictures to permit the study of the missiles at all points of its trajectory, stopping the vehicle going 20 miles per hour within distance of 30 feet on a smooth, level surface and must be maintained in good working order so as to be applied evenly on all wheels. Any type trailer having an actual or registered gross weight in excess of 3,000 pounds must have a separate set of brakes thereon.

The first of the elm trees that now shade the court were planted at that time.

In 1941, his last year as County Judge, in partnership with his father, R. Schroeter, Major started construction on the Court. The first five cabin units and the office building were completed that year, and the Court was opened for business... but there was no formal opening.

Then came the war, when such celebrations as Open Houses weren't in style, except at new army bases, and everybody was too busy anyway; and after the war, a still unprecedented rush of tourist business.

Seven more cabin units were added to the Court, and this summer, the new 7-room Lodge was completed. "We were still too crowded to invite any guests," Major commented.

Hartman has taken over the offices formerly occupied by Wilson at 104 East 3rd, in the building occupied by the Rose and Barber Real Estate Agency.

reduced to a minimum to compensate for the high tax rate, the district can draw State Equalization Aid, and if budget plans work out as anticipated, may be able to use the addition revenue from the state for extension of school facilities in the future, when the immediate heavy cost of instituting the new consolidated Rural High School District, with its far-flung transportation system, has been paid off.

Voting in the election Saturday was heavier than anticipated. Off to a slow start Saturday morning, only about 60 ballots had been filed by noon. A steady stream of voters poured into the polling place at the High School building between six o'clock Saturday afternoon and closing time at seven, however.

Mrs. F. W. Culwell of Lubbock is a guest of Miss Cayle Marie Foster this week. She will visit in the Foster home while Mr. and Mrs. Foster make a business trip to Roswell and Carlsbad, N. M.

The Bench Warmer

Here's a bit of good news for Hereford grid fans... who need it. Bobby Owens, the Whiteface center, who went out of the game last Friday night at the half with a leg injury, is o. k. and will be back in the line-up for the Dalhart game.

The Whitefaces will need all the power they can muster in the forward wall tomorrow night against Dalhart. A tough Dalhart line, which gave an experienced Whiteface eleven plenty of trouble last year, is practically intact and tougher than ever, according to reports from the Wolfpack headquarters.

The Whitefaces showed a lot of improvement in their defensive play last week, although their offensive strategy was still handicapped by the severe case of fumble-itis which has been epidemic in the backfield so far this season. A few minor changes in player-assignments, plus a lot of hard work on football fundamentals, accounted for the improved showing of the Whiteface defense.

Coach Jack Everett of the Friona Chiefs is determined that his team's going to be the underdog in every game, apparently. Jack was in Saturday morning with a long list of injuries sustained in the Lockney game, and complained that he was going to have a hard time fielding an 11-man team against Hatcher Brown's murderer's row at Canyon Saturday. The Chiefs won't have much trouble getting themselves classed as under-dogs when they go up against the W. T. Calves, injured or whole; but those red-shirted Indians have a way of recovering rapidly from their game injuries, and we wouldn't lay any bets that Wells and Company won't take the field at full strength Saturday, despite the battering from Lockney's Longhorns last week.

Jack's going to have trouble next week getting his Chiefs in as the underdog when they meet Hereford's oft-beaten Whitefaces. We'd say at best that it looks like a toss-up, with the Chiefs maybe holding the edge. Pete Cowart, who along with G. T. Higgins and Earl Stagner called the Friona-Lockney game last week, seems to concur.

Panthers Shut Out Herd 26-0 in Grid Game Here Friday

Whitefaces to Meet Dalhart Wolves Here Tomorrow Night

Lockney Eleven Smashes Friona 26-12 on Friday

Friona's red-shirted Chiefs lost a rough, tough 26-12 decision to the Lockney Longhorns last Friday night at Friona.

In the wake of the battle, according to Friona Coach Jack Everett, the Longhorns left a trail of injured which will all but incapacitate the Chiefs this week.

The Longhorns, still smarting from a defeat at the hands of the Chiefs last year (the only game won by Friona in 1946), tossed all their power into the game Friday night and had things pretty much their own way all night.

While the Longhorns aren't rated among the top teams in their own district (4-A), they are showing a lot of hustle so far this season. Everett reports that he "cleaned the bench" in the Lockney game as one player after another left the field with injuries.

Hardest blow to the Chiefs was the loss of West, sparkplug of the Friona eleven, who went out of the game with a dislocated shoulder in the first period.

Also on the injured list were John Smith, right halfback; Kenneth Bainum, quarterback, who suffered a smashed nose; Wayne Bainum, with a shoulder injury; Jack London with a twisted foot; Jimmy Cruise with a shoulder injury; Lloyd with a twisted back; and Duford Haskell with a dislocated shoulder.

The Chiefs will meet the West Texas State High School Calves at Canyon Saturday night, Everett said, if he can muster enough players to field a team to meet Coach Hatcher Brown's aggregation.

Dimmitt's Bobcats and Olton Mustangs Are Teams of the Week in District 2-A Race

SPORTS

Region 1-A Teams Begin to Shake Down Leaders As Race Goes On

Region 1-A teams performed pretty much as expected last weekend, and the leaders are being rapidly separated from the also-rans. A big battle looms in District 1-A, perennial home of regional champions, where the defending titlists, Chase Walker's Phillips Blackhawks, and Floyd Murray's Perryton Rangers, are still storming along.

The Mustangs moved into the limelight last week-end when they held a powerful Muleshoe eleven to a 13 and 12 tie on Friday. It was the same Muleshoe team which had invaded the Canyon Eagles nest on September 12 and left the Eagles screaming after a 14-0 defeat. The Mustangs had beaten the Lubbock Cowhorns, the Western B-team, 7 and 8 in the opener on September 12, and were idle on the 19th.

The Tulla Hornets, District 2-A titlists, are still looking for their first victory this season, although they have played the toughest opening schedule of any club in the loop. The Hornets were held to a scoreless tie by Canadian in the opener, lost to Floydada (from District 4-A) 12-0 two weeks ago, and to the powerful Phillips Blackhawks 35-6 last week at Tulla. None of these losses make the Hornets look like pushovers to any Conference opponents, however, although they do tend to make District 2-A look like the weak link in Region 1-A this year.

The Wolves appear to be well-developed in all departments, and shouldn't have too much trouble handling the inexperienced Whiteface eleven.

A recent gift to the University of Texas was a library of 569 books, presented by Mrs. I. D. Fairchild of Lufkin, former regent. The library belonged to the late Mr. Fairchild.

The fourth period was scoreless, although Panhandle drove to the whiteface 10 yard line early in the period before a fumble bounded across the goal line to be covered by the Whitefaces for an automatic touchdown, giving the Herd possession out on the 20 and ending the threat.

Herd Showing Improvement In Defensive Play: Lacks Punch

Hereford grid fans found a ray of hope in the performance of the downtrodden Whitefaces last Friday night when the Herd held a potent Panhandle Panther eleven to a 26-0 victory in their second game of the season at Whiteface Memorial Field.

The game was sloppy, with many fumbles on both sides marring the play, and the highly-touted Panthers showed evidence of considerable let-down after their heads-up performance against Phillips the week before.

The two teams played on fairly even terms during the scoreless first quarter as the Hereford eleven stiffened twice to halt Panther scoring threats deep in their own territory.

A blocked kick early in the second period set up the first Panther touchdown. Hennington attempted to kick out from behind his own 12 yard line and the Panther tackle and co-captain, Bernauer, crashed in to block the punt and cover the ball on the Herd 8.

A Whiteface fumble on a bad pass from center late in the same period gave the Panthers possession of the ball on the Herd 30 yard line for their second break and another scoring chance. A 15-yard run by Adcock, and the addition of a 15-yard penalty against the Whitefaces (for piling on) put the ball down on the Herd 1 yard line, and Adcock quickly smashed over for the counter, with Thompson again converting to run the score to 14-0.

The Panthers scored twice more in the third quarter, their first counter coming as the result of another costly Whiteface fumble. Hennington, back to kick in the shadow of his own goal posts, again fumbled a bad pass from center, and the Panthers took possession on the Herd 15.

Another Hereford fumble, immediately after the next kick-off, put the Panthers in scoring position again from the Herd 32. Warren was credited with the touchdown, smashing off tackle from the Herd 9 yard line. Parlow attempted the placement, which was wide, and the score stood at 26-0.

The Herd took over, ran two plays and fumbled, Wilson losing the ball as he dropped on a 5-yard gain that would have chalked up a first down, to give the Panthers possession again on the 30. Warren and Wright teamed to smash the ball down to the Whiteface 4 yard line when the Panthers were again held for down. A 45-yard kick by Hennington put the ball out to midfield as the quarter ended.

found themselves in was again some excellent punting by Hennington. The big fullback chalked up an average of 42 yards on five kicks, although his actual game average was cut down by one blocked punt.

The Herd looked much better on pass defense, and displayed some stout line play at intervals in the game, although they were never able to get an offensive rolling, principally due to costly fumbles.

Panhandle won the toss, and elected to receive, defending the north goal. The Panthers opened up immediately with a downfield march that carried them to the Herd 18, where the Herd stiffened and held for downs. Adcock, Wright and Parlow carried the weight of the opening offense.

The Herd took over, ran two plays and fumbled, Wilson losing the ball as he dropped on a 5-yard gain that would have chalked up a first down, to give the Panthers possession again on the 30. Warren and Wright teamed to smash the ball down to the Whiteface 4 yard line when the Panthers were again held for down. # Growing of Commercial Grass Seed Talked At Meeting of Farmers, SCS Here Sept. 18

An interesting and instructive round table discussion on the growing of grasses for the production of seed was held in the Court House in Hereford on Thursday night, Sept. 18.

James E. Smith, manager of the Soil Conservation Service Nursery at Woodward, Oklahoma, led the discussion. Among those present were: T. W. Euman, Paul Wilson, A. E. Jury, Fred Axe, H. L. Axe, Wilbur Axe, Gene Albracht, H. H. Caraway, Chester Wiggins and J. C. Reece.

It was the general opinion of those present that the soils, climate and general conditions here would be ideal for the production of grass

seed, especially under irrigation. Based on successful yields in other regions comparable climatic conditions, these estimated yields here run from 200 to 500 pounds per acre, with prices ranging from 30 cents to \$3 per pound, depending upon the kind, quality and quantity of seed produced. For most grass seeds the demand always exceeds the supply.

The discussion included the habits and characteristics of various kinds of grasses; land preparation; methods of seeding, watering, cultivating, and harvesting for seed; and possible economic returns.

The grasses mostly discussed were: side oats grama, weeping love grass,

sand love grass, Boer love grass, switch grass, Indian grass, yellow blue stem, blue panic, bromes grass, crested wheat grass, and Canada wild rye grass.

Considerable interest was manifested in making some trial plantings, and the Soil Conservation Service Nursery Division has agreed to render some technical aid and assistance in the growing and harvesting of the first crop.

From the standpoint of conservation of the soil, it might be added that a permanent cover crop such as grass in a crop rotation plan would fit admirably into a sound land use program, SCS officials report.

### Miss Mary Hodges Becomes Bride of Wayne Thomas In Canyon Ceremony

The marriage of Miss Mary Hodges, daughter of Mr. and Mrs. R. A. Hodges of Canyon, and Wayne E. Thomas, son of Mr. and Mrs. Zerrell Thomas of Hereford, was solemnized Friday evening in the First Christian Church of Canyon, the Rev. Joseph Fiddley reading the double-ring ceremony. An impressive setting for the vows was arranged with garlands of fern and white flowers and baskets of white chrysanthemums before a Gothic window and white tapers in candelabra gave candlelighting. Pews were marked by lighted candles tied with flowers and satin ribbon. Bill Hutchinson of Pampa, vocalist, and Miss Pauline Brigham, pianist, furnished the pre-nuptial and wedding music.

The bride, who entered with her father, wore a gown of ivory bridal satin, designed with fitted bodice and full skirt with tunic effect extending into a long train. Her fingertip veil of illusion was held with a circlet of flowers and she carried a bouquet of orchids and stephanotis showered with satin streamers. Her something old was a pair of gold bracelets which her paternal grandmother wore at her wedding and her bridal veil was that worn by her cousin, Mrs. Harold Seafeldt of Silverton.

The bride's mother wore a palm-ino gaberdine suit with corsage of gardenias and carnations and Mrs. Thomas, mother of the bridegroom, wore brown satin with similar corsage.

### New Dresses for Little Girls Are Designed at A&M

COLLEGE STATION, Sept. 23.—Little girls of pre-school age need dresses that are not only attractive but comfortable, durable and simple enough to help them in dressing themselves, says the clothing specialist, Mary Routh, from the Texas A. and M. Extension Service.  
 Two new dresses for little girls from two to six years of age have been designed by clothing specialists of the U. S. Department of Agriculture.

culture, and paper patterns for making them are now being produced commercially.  
 One is a flowered print dress with shoulder ruffles instead of sleeves, and a skirt gathered on a well-fitted yoke. This dress has just one button which makes it especially suited to the two or three year old, just learning to dress herself.  
 The other dress is more tailored in style and is made up of gay striped cotton, with the only trim in the facing around the square neck and full length front opening. The open cap sleeves come above the elbow for comfort.  
 Both dresses hang straight from well-fitted shoulders, unbelted and loose for comfort and freedom of movement. The specialists point out that belts and sashes at the waistline are not a good choice at this age. Belts get lost and sashes come untied and young children don't have definite waistlines. Both dresses open in front and the openings are long enough so that the dress goes on easily; ample necklines so they don't come up high under the chin and cause discomfort and difficulty in dressing; and wide hems to let down for growth, since during pre-

school years growth is almost entirely in height.

# Millionth TELEPHONE IN TEXAS

**SOUTHWESTERN BELL'S millionth telephone in Texas was installed here in August in the home of a Houston architect, his Luxembourg war bride, and their 14-month-old son.**  
 Mr. and Mrs. Gunter W. Koetter had been waiting for a telephone for many months.  
 And, like many another Texas family, the Koetter's new telephone is on a four-party line until telephone factories and installation crews can catch up with Texas' post-war needs for telephone service.  
 When the millionth Texas telephone was installed, no one was happier than Mrs. Koetter. Said she: "I can hardly believe I'm going to have a telephone of my own. Back in my native Luxembourg, only the very rich can afford telephone service."  
 Installation of the millionth telephone is a historic milestone and a far cry from Texas' first telephone, installed in 1878, connecting Col. A. H. Belo's office at the Galveston News with his nearby home!

**Less than 10 years ago—in 1938—Texas had only half a million telephones!**  
 On V-J Day—just two years ago—Texas had 750,000 telephones!  
 Thus, Texas has added as many telephones in less than 10 years as were installed in the previous 60 years! And despite postwar shortages, we've gained more telephones in Texas in the two years since V-J Day than were added in the 10 years preceding the war!  
 Yet—despite this record, 137,000 Texas families and business concerns are now on the waiting list for telephones. Although we're installing service several times faster than ever before, it has been impossible to connect telephones as fast as Texans are applying for them.

**WE'RE PROUD to be growing with Texas.** And, we're hard at work on the biggest telephone expansion and improvement program in the history of the state. We shall continue to do everything within our power to bring telephone service, as early as possible, to everyone in Texas who wants it.

### Buffaloes Lose to ACC; Plan Campaign for Tech's Raiders

BY JERRY MALIN  
CANYON, Sept. 29.—(Special)—Heartened by the performance of some freshmen, distressed by an epidemic of fumbles, and concerned about a penchant for passing into the other fellow's hands, Coach Frank Kimbrough called his West Texas State College footballers back to the practice field Monday afternoon with a stern warning that any semblance to past play would bring disgraceful defeat next Saturday night.

Last week the Buffs lost 13 to 7 to the Abilene Christian College Wildcats. This week they will be guests of the Texas Tech Red Raiders in Lubbock.

Texas Tech's rebound from two defeats would likely be too great a handicap for even an experienced Buffalo team. But, since about 90 per cent of the Buffs' mistakes in the two games this fall are chargeable to inexperience, the hope here is the West Texas eleven will continue to look good regardless of the score.

In ACC the Buffs met a whale of good ball club. The Cats had speed and passing. Twice that speed overtook Buff runners from behind. Twice that speed plus passing scored for the Cats.

The Buffs didn't help their chances any by losing the ball four times on fumbles. Three of the fumbles completely ruined that mazy scoring possibilities. Twice pass interception stopped goal-ward marches. But even while in the middle of a conversation about the coming Tech game, Kimbrough can quickly smile

when someone mentions his freshmen. Twenty-one of the 40 man squad are freshmen. Some of them, notably Bill Cross, Charles Wright and J. D. Covington, played outstanding ball with all of them showing a top brand of hustle and scrap.

"We can't wait until these freshmen gain the necessary experience," said Kimbrough. "We've got to be ready for one of our toughest nights Saturday."

There will be no consideration given this week to the Buffs' home-opening game here next Saturday. Every second of five workouts and five skull practices will be devoted to trying to get ready for the Tech game.

"Outnumbered and inexperienced as we are, we can't do anything else other than take each week's game as it comes up," said Kimbrough and they shuddered as he added:

"If we fumble and throw passes to the other fellow next Saturday night, Morgan's (Coach Del Morgan of Texas Tech) boys will trample us to pieces."

Training of teachers in industry and business will be the special work of a committee recently set up in the College of Education at the University of Texas. The committee will make recommendations for the preparation and in service training of these teachers, Dean L. D. Haskew said.

12 yard line. The Panther end and tackle, Franklin and Bernauer, smashed in to block the kick and Bernauer covered the ball on the Hereford 8 yard stripe. Warren crashed through to score, and Thompson kicked goal.

After the kick-off, the Herd was stopped on their own 35, and Hennington kicked out to Wright on the Panhandle 30. The Whitefaces were back in the ball game immediately when Hennington intercepted Wright's long pass and was dropped in his tracks on the Hereford 43.

After the Herd again failed to gain through the Panther line, and Knox pass to McGee was dropped, Hennington fell back to kick and watched the pass from center sail over his head to drop on the Whiteface 30, where Panhandle took over for another scoring thrust.

Adcock's 15 yard romp, combined with a 15-yard penalty against the Whitefaces for piling on, put the ball down to the 1 yard line. Adcock sailed around left, end to score, and Thompson again kicked the goal.

As the third period opened, Bobby Owens, injured in the last play of the first half, was carried from the field, and Kimbrough moved over to center, being replaced at tackle by Glenn Wilson.

The Whiteface kick-off went to Parlow on the 25, and he raced back to the 34. Warren picked up 13 yards and a first down on the 46 but the play was called back, and the Panthers finally forced to kick from the 30. Wright's long punt carried 50 yards to Hennington on the Hereford 20 and he was downed in his tracks.

Again failing to gain, Hennington attempted to kick out of danger,

Pete says the Chiefs are a scrappy team and shouldn't be written out of the race too easily this year.

There'll be a lot of interest in this section this week-end concentrated on the Texas Tech gridiron at Lubbock Saturday night when the Red Raiders tangle with Frank Kimbrough's Buffaloes from West Texas State. The Raiders are smarting from two defeats, at the hands of Texas U. and Texas A. & M., and are thirsting for victory. The Buffaloes, also twice-beaten, have a strong urge to upset the dope bucket. The Buffs, after a remarkable showing against the powerful Tulsa University Hurricane in the opener two weeks ago, are suffering from a dislocated ego after dropping last Saturday's tussle to the Abilene Christian College Wildcats, and certainly won't be burdened with over-confidence when they meet the Tech-saxs. It ought to be a good ball game. Fans who haven't secured tickets already will

neer 26-13; and the Whitefaces were swamped by Panhandle at Hereford 26-0.

This week-end's games in District 2-A will see the final round of non-conference competition for most teams. The Hereford Whitefaces will meet Dalhart at Hereford on Friday night. Friona's Chiefs journey to Canyon Saturday night to meet the West Texas High School Calves. The Canyon Eagles will meet the Dumas Demons from District 1-A at Buffalo Field in Canyon. The Demons upset the Eagles last year, when both were members of the same conference, and the Canyon eleven will be out for vengeance.

Dimmitt's Bobcats will take on what should be an easy opponent in the Class B Silverton Owls. Otton's week-end schedule is unknown.

Tulla's Hornets, always gluttons for punishment, will hunt more trouble Friday night when they journey to Wellington to meet the District 3-A powerhouse, the Wellington Skyrockets.

### Dimmitt Bobcats . . .

(Continued from page 1)

Canyon's Eagles were idle last week-end, but they haven't looked too impressive so far this year either in losing 14-0 to Muleshoe or in winning 25-0 over the Price College Cardinals; although the Cardinals performance last Friday night in holding the undefeated Clarendon Bronchos of District 3-A to a 12-6 victory makes the Eagles, on paper, look a little better.

Hereford's Whitefaces and Friona's Chiefs still look like the chief contenders for the District 2-A stellar position on the basis of performance thus far. That decision may be made on October 10, when the two teams will meet at Friona in the opening conference game for both.

The Chiefs dropped a rough game last Friday night at Friona to Lock-

probably have to content themselves with a radio account, since the Tech stadium is reported sold out.

Don't write off the Tulla Hornets in the District 2-A grid race, just because they failed to win their first three starts. Chances are they'll make it four straight after tomorrow night when they meet Wellington, but the Hornets have picked the toughest four opening opponents of any outfit in Region 1-A. After a scoreless tie with Canadian's State, they've lost to two first-rate toughies, the Floydada Whirlwind from District 4-A and the Phillips Blackhawks from District 1-A. . . . Both defending district champions. Tomorrow night they'll take on another champ in the Wellington Skyrockets, and they're doped to lose that one too. But after those starting games, anything the Hornets hit in the conference round should seem easy.

Keep an eye on the Dimmitt Bobcats this season, too. They're tough. While their opening opponents haven't been in a class with Tulla's, the manner in which the Bobcats have won their three straight is impressive.

### Lt. Harrington Is Promoted to Captain
