Young people attending the party shown, in the top photo are: back row, left to right, David Sowell, Bill and Phil Goldston, and Virgil Young; middle row: Mrs. George Graham, teacher; Mary Estelle LeGrand, Florence Goldston, Louise Young, John Stes, Rev. and Mrs. R. Jessie Ann was valedictorian of the Hereford High graduating class year before last, and attended North Texas State Teachers College at Denton last year.

Also new on the force at Hereford Motor is Sid Bouck, who has moved here from Hollis, Oklahoma, to take charge of the body shop and assist in the service department. Mr. and Mrs. Bouck have two children, both girls, eight and ten years old, who are entering school here (Continued on Back Page)

The child, which was born May 9, 1947, died at the home of the parents north of Summerfield September 1, 1947. Conducting the services was the Rev. James Salvi, S. A. Burial was in the Catholic cemetery. Only survivors are the parents.

Temperature Tops 100-Degrees; No Break in Sight

It's hot in Hereford! Sweltering residents of this area experienced the hottest weather of the summer this week when the thermometer Wednesday spiraled to 102 degrees after hitting the 100-degree mark for four days in a row. Low temperature for the period was 62 degrees. This morning no break in the weather was in sight, and the only forecasts were for continued heat.

J. H. (Jim) Williams, Pioneer Cattlemen Dies at Ft. Sumner

James Henry (Jim) Williams, pioneer cattleman and early-day resident of Hereford, died last Sunday, August 31, at the home of his daughter, Mrs. Ross Wilmet, at Fort Sumner, New Mexico, on the eve of his 83rd birthday.

Mr. Williams was born on September 20, 1866, at Austin, the fourth son of five sons and two daughters, born to the late Hezlikah George and Mary McCollum Williams.

His childhood was spent in Hays county, where he learned ranch life and travelled the market trails with herds of longhorns.

In 1890 he was married to the daughter of Col. John Jacob Myers of Lockhart, Texas, Eliza Jane Myers, and their married life began on the Chalkmarroun Ranch at the foot of the Davis mountains in Presidio county.

He moved with his family to the Texas Panhandle in 1897. The family lived in Castro county before settling in Hereford in 1899.

Since 1917, Mr. Williams has had ranch interests near Fort Sumner, N. M.

He died while visiting in the home of his daughter at Fort Sumner, after a lingering illness following a broken hip.

Funeral rites were conducted at the First Presbyterian Church in Fort Sumner Monday, September 1.

Mr. Williams is survived by his widow, Eliza Jane Williams, of Hereford; a sister, Miss Mal- (Continued on Page 8)

HE FORGOT TO STOP IN DIVORCE COURT! Four Trips to Altar in Less Than Year Lands Ex-Marine in Hoosgow

Lonny Franklin James, 21 year old ex-Marine, who has marched to the altar four times, with three different girls, in less than a year, is lodged in the Deaf Smith county jail this week on a charge of false-swearing, while he awaits Grand Jury action on his admittedly bigamous marriage to a 15-year old Hereford girl. James was arrested on Wednesday of last week at the home of a brother-in-law 20 miles west of Abilene by Deaf Smith County Sheriff J. C. Reese. Local officers had been searching for him for two months, since he skipped out on July 6 on his 15-year old bride of two (Continued on Page 8)

Meters Draw Fire Fromirate Citizens

Hereford's recently installed parking meters drew fire from irate citizens this week . . . not for the meters themselves, which appear to be generally approved . . . but for certain methods of enforcement.

Local traffic officers drew pointed criticism for being "eager beavers" about handing out traffic tickets the minute the meters showed red. First complaint came from South Main street Tuesday morning, when Lee Little, proprietor of The Goodrich Store, observed an officer hanging tickets on two cars parked in front of the Triple E Cafe at 3 minutes after eight o'clock.

"I watched this officer stand with watch in hand until one meter, which had been paid before the eight o'clock deadline, ran out at exactly 8:03," Little reported. The car in question bore a California license. The owner was in the Triple E Cafe, presumably eating breakfast, and had put his coin in the meter long before eight o'clock when the parking restrictions go into effect, Little said.

Another car parked next to it got a ticket within two minutes after eight o'clock. Little intimated that such devotion on the part of Hereford police is "above and beyond the call of duty" as the military citations say, but wasn't recommending any medals. "I'm stopping my contribution to the Hereford Chamber of Commerce until something is done about this situation," he stated wrathfully.

Another complaint came Wednesday morning from a man who signed the following note "A Real Law Breaker" and offered to pay for its publication as an advertisement. The Brand refused the ad, but offered to publish it as an item of news in the (Continued on Page 4)

Directors of the Deaf Smith county hospital have filed application for a Federal grant of \$75,000 to assist Deaf Smith county in building additions and improvements to the County Hospital.

The grant will depend on whether or not voters of the county approve the \$150,000 county bond issue next Tuesday. Application for the funds was made under a federal government program to subsidize small hospitals through a system of Federal aid.

The Federal government will match county and state funds for certain hospital improvements up to one-third of the total amount. In many states, the state government also provides a third of the funds, but no such program has ever been set up in Texas.

Board members believe, however, that if the county approves a bond issue for \$150,000 for hospital improvements, that federal aid in the amount of \$75,000 will be forthcoming. Application for the federal grant has been made, contingent on passage of the county bond issue.

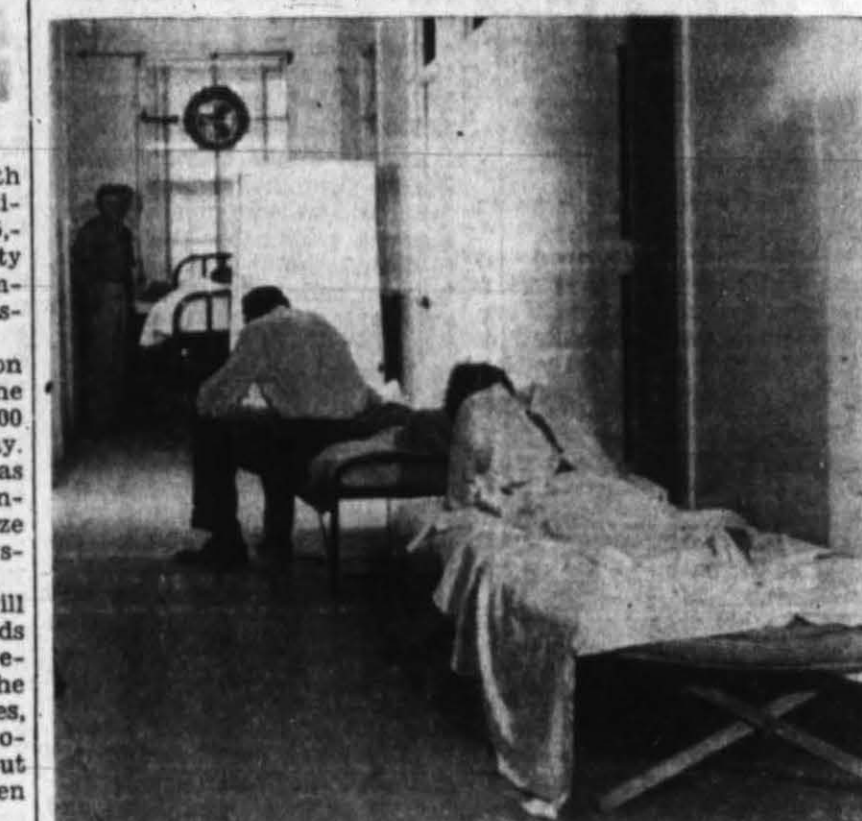

Combined funds of \$225,000 for the hospital addition and improvements to present facilities would be available if the plan is carried through.

Everman Man Dies Suddenly in Home Of Daughter Here

Funeral rites were held August 31 in Everman, Texas, for William Perry Farmer, who died suddenly at the home of his daughter, Mrs. C. S. Gunter, in Hereford last Thursday. Farmer, who was visiting here, was 66 years old. His home was in Everman. Survivors besides Mrs. Gunter include the widow, Mrs. Myrtle Farmer, Everman; two other daughters, Mrs. Kelly McKnight, Fort Worth, and Mrs. C. W. Norwood, Wichita Falls; and a son, W. H. Farmer, Colorado City, Texas.

HOW WILL YOU VOTE TUESDAY? (An Editorial)

Next Tuesday, September 9, voters of Deaf Smith county will go to the polls and decide the fate of a \$150,000 bond issue for expansion of the Deaf Smith County Hospital.

The Brand realizes that the proposed bond issue is a highly controversial subject; it also recognizes the fact that there are generally two sides to an argument. Furthermore, the Brand is fully aware that the days when newspapers controlled public opinion have ceased to exist, and it is certainly not our purpose to tell you how you should vote—even if we could. Your right to vote is a sacred privilege which it is your duty to exercise next Tuesday.

On the other hand, it is our privilege and duty as a newspaper to exercise the right of free speech at certain times—and we feel that this is definitely one of those times.

Approximately one year ago a \$250,000 hospital bond issue was defeated at the polls in this county. Many outsiders quit saying Deaf Smith and Hereford were "a county and town with a future" and started labeling us as "a county and town with a past." However, on March 29, the people of Hereford marched to the polls and passed, by overwhelming majority, four bond issues totaling \$391,000.

Meanwhile, cots were stacked in the hospital halls, the offices and waiting rooms—infant babies began life in nooks and corners as the nursery overflowed.

Any person who has investigated conditions in the hospital, or who has seen a friend or relative confined within its walls will tell you that it is inadequate. Even those who oppose the (Continued on Page 8)

\$150,000 Bond Issue Urged By Hospital

Deaf Smith county voters will go to the polls next Tuesday to put their stamp of approval . . . or disapproval . . . on a proposed \$150,000 county bond issue for the construction of additions and improvements to the Deaf Smith county hospital.

The Deaf Smith County Commissioners court ordered the special election three weeks ago, in response to a petition bearing the names of 350 qualified voters. Serious overcrowding of facilities at the 23-year-old county hospital was cited as the reason for petitioning the election.

An unsuccessful attempt was made just a year ago to pass a \$250,000 bond issue for hospital improvements. The issue was defeated by a two to one majority, amid considerable confusion of statements regarding the cost to taxpayers of the proposed bond issue and qualification of certain electors to vote.

As established last year, any qualified taxpayer is eligible to vote in the election. Ownership of real estate is not a requirement. Any person who has rendered property, real or personal, for taxation in this county during the past year, and who has paid a poll tax, is eligible to vote on the bond issue.

The recent petition for a special election reduced the amount of the proposed bond issue to \$150,000. In addition to this amount, the board of directors of the hospital hope to secure \$75,000 in Federal funds to complete the proposed improvements (see story on page 1).

Bids Asked For Water System Extensions

City Commissioners advertised for bids this week for proposed extensions to the city water works, covered by a \$122,000 bond issue voted last April.

Contracts have already been let on part of the water works improvement, a 200,000 gallon overhead storage tank, let to the Chicago Bridge and Iron Company of Tulsa on a bid of \$36,400.

Bids are now being invited on the remainder of the water system improvements, including 700 feet of 12-inch line, 3,200 feet of 10-inch line, 8,535 feet of 8-inch line, and 6,115 feet of 6-inch line, plus valves, fire hydrants and fittings.

Considerable delay is anticipated, however, in getting actual construction underway on the project after contracts are let. Contract on the water tower called for completion within 400 days. Sewer system contracts, for which bids have already been asked, and the water system contracts are expected to require comparable time limits.

Work on the 100-block city paving project, which city engineers had hoped to get underway this fall, may be held up until next year by delays in getting the waterworks and sewer projects underway. Streets can not be paved, the engineers explain, until the new water and sewer mains can be laid.

Some work may be completed on curbs and gutters this year, but the proposed network of paved streets will almost certainly be delayed until 1948.

Man Arrested At Monahans Returned Here for Charges

W. O. Williams, charged with moving mortgaged property out of the county, was arrested last week at Monahans at the request of Deaf Smith county officers, and was returned to jail here Saturday by Deputy Sheriff Neal Young.

Williams, a former cook at Florence's Cafe, allegedly bought a car here and left the county with it without completing payment.

Misurico G. Lucero, charged in county court last Saturday with aggravated assault, was found guilty and fined \$45.15, including costs.

Dawn Wins Muni Softball Title Over Summerfield

Dawn walked away with the Muni League Softball crown last Thursday night with a decisive 12-6 victory over Summerfield.

Dawn made it two-straight and three out of four games with the Thursday night slug-fest. Opening the play-off on Monday night of last week, the Dawn nine had smashed out a 16-11 victory.

The Farmers came back on Tuesday night to even the series with an 8-5 win; and Dawn won the third game on Wednesday night 12 to 6, clinching the series on the following evening.

Melvin May was on the mound for Dawn in the last three games, replacing his brother Marvin, who went out in the second game of the series with a smashed-up thumb.

Summerfield had been the Cinderella team of the league, squeezing into the Shaughnessy play-off with a bare grip on fourth place after an in-and-out season. The Farmers nosed out the VFW nine by a one-game margin for fourth place in the regular season standings.

Dawn, after leading the loop through the first half of the season, had slipped to second place behind the Hereford Firemen as the regular season wound up.

Going into the first round of the play-offs, however, Summerfield slapped down the league-leading Firemen in three games, and Dawn overpowered the third place American Legion entry.

Faculty Assignments Are Announced By Graham; Three Positions Open

Faculty assignments for the opening of the school term in all schools in the Rural High School District have been completed, according to Supt. George Graham.

With the exception of three vacancies in the high school faculty, caused by last-minute resignations, the 57-teacher faculty is complete.

Hereford High school, with 20 teachers, headed by Supt. Graham and Principal Don T. Martin, will feature some new faculty faces. Miss Betty Pugh of Perryton, WTSC graduate, is new in the home economics department. Clarence Hamilton, West Texas State graduate, will

Fifty-four Gridders Report For Training Last Monday

Fifty-four gridders reported at Whiteface Field last Monday morning as Coaches H. V. Stanton and Dalton Criswell mustered their charges for the opening training sessions just twelve short days ahead of the season's opener against the Sudan Hornets.

Despite the big squad, Stanton refuses to be optimistic over the Herd's chances of romping through to a District 2-A title this year. The Whitefaces may be long on numbers but they're short on both weight and experience.

The squad is working overtime to get in shape for the season, however, and the big lights at Whiteface Field have been ablaze every night. Even Stanton brightens up a bit, too, when he begins talking about a few of his

Enrollment Will Top 1946 Mark Says Graham

All schools in the Hereford Rural High school district will open next Monday morning, Supt. George Graham announced today. Faculties are complete, and teachers are bracing themselves for what is expected to be a record-breaking enrollment in all departments.

Registration at Hereford High School began Tuesday, when 61 seniors were enrolled. About 18 more are expected to enter the class, Graham said.

Forty-three juniors had enrolled yesterday morning, and the number is expected to be more than doubled when classes begin. Sophomores are enrolling today and Freshmen tomorrow.

Enrollment in the Junior high school starts this afternoon. The entire eighth grade will be enrolled today, together with the first half of the seventh grade class (students whose last names begin with initials A through H). The remainder of the seventh grade students, and all sixth graders, will be enrolled tomorrow (Friday).

Tomorrow morning (Friday) and Saturday morning, Principal Raul Ford of Central school, has requested that all new students in the second, third, fourth and fifth grades, report to Central for classroom assignments. This applies only to students in these grades enrolling in the Hereford schools for the first time, Ford explained, and does not include first graders.

Buses will begin running on regular schedule Monday morning, and will leave the schools in Hereford on their return trip at 11:30 a. m. The cafeteria will (Continued on Page 4)

Pioneer Cowhand Makes First Visit Here In Over 53 Years

A Panhandle pioneer who directed some of the first settlers to Deaf Smith county 60 years ago was in Hereford last week for his first return visit to this county in 53 years.

Oscar Caudill, 76-year-old Cherokee Indian, now of Quemado, New Mexico, came to the Yellowhouse Ranch south of Springlake in 1884 from Palo Pinto, Texas.

The retired cowhand was born in 1871 in Kentucky. He moved with his parents from that state to Texas by railway in the days when the train made frequent stops at rivers and creeks for housewives to do the family laundry.

Among the first cowboys on the XIT ranch even before the "Ten in Texas" brand was used, Caudill remembers the site of Deaf Smith county when it was

only the "home of coyotes, wolves, and wild geese."

In 1894 the ranch hand left Deaf Smith and Castro counties to live in Indian Territory. When that country became the state of Oklahoma, Caudill moved to New Mexico, where he still resides.

The occasion of his return to the Panhandle was the annual meeting of the Southwest Cowpunchers Association in Amarillo last week. At one session Caudill spoke to the group about his experiences.

During his visit here, he recalled the arrival of the G. R. Jewells, Sr., who were among the first settlers in this county. The Jewells came from Palo Pinto, also, and stopped by the camp of 14-year-old Caudill near the state line to inquire about good ranching country.

Borden Offers Big Money for Name For Elsie's Calf

August, would seem, was "mystery month" for Elsie the Cow, whose Hereford representative is "Pinkie" Vineyard, general manager of the Borden Company. During the first weeks of August, he mystified his fellow citizens by refusing to tell the secret the famous Jersey cow was keeping. Now that the news is out that she's become the mother of a bull calf—Mr. Vineyard says the calf's name is a mystery.

But this is one he can't solve. As a result, Elsie and her sponsors are offering a total of \$25,000 in hundreds of prizes to find a name for the newcomer. For the top prize for the top name, Elsie has set aside the sum of \$7,500.

Anyone in the country except Borden Company employees, their families and Borden advertising agencies may enter the contest to find the name that will fit the bill—or bull. The deadline for entries is October 31, at which time they must be on their way to contest headquarters.

"I told them to go northeast and more north than east till they reached the Tierra Blanco creek and they would find grass over knee high," Caudill reminisced. Jowell's daughter-in-law, Mrs. G. R. Jowell, Jr., and granddaughter, Corinne Jennings, live in Hereford now.

In Hereford, the old-timer was visiting Walk Brady, Bob Higgins and Edgar "Goose" Ramey. While here he mentioned former friends, L. R. Brady, Jim Ivy, Albert Murcheson, and John and George Day.

State Fair Wants Souvenirs From Former Years

Have you any souvenirs from the State Fair of Texas of bygone years? If so, shine them up and get them ready to enter in a souvenir contest to be sponsored this fall at the Fair. Announcement of the contest, as a feature of Souvenir Day, was made Saturday by David McMinn, director of special events for the State Fair.

Souvenirs will be displayed throughout the Fair in an exhibit in the Hall of State, and returned to their owners after closing date of the Fair, October 19.

Church Vows Said By Mildred Luke, Clarence Betzen Monday Morning

Miss Mildred Luke, daughter of Mr. and Mrs. Carl Luke, became the bride of Clarence Betzen, son of Mr. and Mrs. William Betzen, Tuesday morning at St. Anthony's Catholic Church, after which a breakfast was held in the home of the bridegroom's parents.

The nuptial mass was read by Father Albert Heald with Father James Salvi, organist, playing and accompanying Adeline Koelzer, who sang "On This Day," "O Perfect Love," "Ave Maria" and "Ave Maria Stella." Father Salvi and Miss Koelzer sang Schubert's "Ave Maria" and "Ave Veru Corpus." He played the wedding marches also. The church was decorated with greenery and late summer flowers and on the main altar white

tapers burned as the couple knelt on a white satin kneeling bench for the double-ring ceremony. The family pews were marked by fernery tied with white satin bows.

Miss Marcella Luke, sister of the bride, was maid of honor. She wore a formal gown of powder blue marquisette and carried a nosegay of Sister Theresa roses. She wore a circlet of white starched lace on her head. The best man was Tony Hoffman and Werner Koelzer, Mike Betzen and Herman Paetzold served as ushers. Joe and Robert Betzen were altar boys.

The bride, given in marriage by her father, wore a wedding gown of white satin and marquisette made with lace-trimmed yoke and fitted bodice. The long

Mrs. George Benson, president, presided over a short business session after the breakfast when new year books were distributed and discussed. Mrs. Hugh Bookout gave a pre-view of the work for the coming year. Those serving on the year book committee were: Mrs. W. L. Jones, Mrs. Luther Leslie and Mrs. Hugh Bookout.

Garden Wedding Unites Couple

The flower-garden at the home of the bridegroom's parents, was the setting Sunday evening at twilight for the marriage of Miss Dixie Lee Daniel, daughter of Mr. and Mrs. R. C. Daniel, Sr., 405 Baltimore, Plainview, and Mr. Grady Carver of Lubbock, son of Mr. and Mrs. Carver of Plainview.

The ceremony was read by Rev. Weathers, Baptist minister, before an arch of flowers against a natural background of shrubbery and trees.

The bride's only attendant was her sister, Miss Martha Mae Daniel and the bridegroom's brother, Toby Carver, was best man.

The bride chose a blue alpaca suit for her wedding. She wore pink roses in her hair and carried a white prayer book topped with pink roses. They will live

not open until Tuesday. Regular classroom schedules will be started Tuesday morning. Central school cafeteria will be in operation Tuesday noon, and meals will be served again this year for 20-cents if possible Graham said. The 20-cent rate will apply for the time being, and will not be raised unless it becomes absolutely necessary, he stated.

The high school cafeteria will not be open, probably for a month longer.

High school enrollment this year is expected to be between 360 and 375 students. Junior High will add another 300 to 325. Enrollment at Central school is anybody's guess, Supt. Graham said un happily. Last year enrollment was about 570. The only prediction Graham would make was that it would be up considerably this fall.

surance that the federal grant will be made to this county," T. E. Seigler, hospital board member, said this week, "we feel reasonably certain that the grant of \$75,000. can be secured if the county can put up the other two-thirds (\$250,000) through the proposed bond issue."

Tentative plans already outlined by the hospital board call for construction of a new wing to the present building to provide space for an additional 22 patients, bringing the hospital capacity to 42 beds; plus the addition of a new surgery, new obstetrical ward, and a new emergency room. The present hospital building would also be extensively remodeled under the proposed plan.

"Tuesday morning I was driving up Main Street about 5 minutes to eight o'clock and turned the corner and parked at Cashway and bought some items. Went to the postoffice and when I returned in about 25 minutes there were two tickets on my car. I went to the City Hall and paid \$3.00 fine."

Church Vows Said by Shirley Byars And James Murphy White In Canyon

Miss Shirley Byars, daughter of Mr. and Mrs. L. L. Byars, and James Murphy White, son of Mr. and Mrs. J. M. White of Canyon and Hereford, were married Saturday evening, August 30, in a candlelight service held in the First Baptist Church of Canyon with the Rev. Roy L. Johnson officiating.

Mrs. Lee Foster, organist, gave a pre-nuptial prelude of "Indian Love Call" by Friml and "Claire De Lune" by Debussy. Mrs. Glenn Dowlen and Glenn Dowlen Jr. sang "At Dawning" and "The Rosary" and "The Lord's Prayer" was played softly as vows were exchanged. Mrs. Foster played the wedding marches.

Mrs. Dawson Little attended the bride as matron of honor and Miss Billie Byars was her sister's

honor-maid. Miss Sue Sheffy was bridesmaid. They were gowned in yellow taffeta made with fitted waist and full skirts with bustle effect in the back. Their bonnet-type headdresses were covered with nylon net which formed a bow in the back and they carried crescent shaped cascade bouquets of bronze and gold chrysanthemums. Jerry Don Jerman, cousin of the bride, was ring-bearer. Tom Knighton Jr. served as best man. Groomsmen were Dawson Little and Herb Brillhart of Perryton.

The bride, who was given in marriage by her father, wore a traditional ivory satin gown designed with fitted bodice and long graceful skirt extending into a train. Her fingertip double

Former Resident Marries At Las Vegas, New Mexico

A wedding of interest in Hereford is that of Miss Alice Carrie Moore, daughter of Mr. and Mrs. John W. Moore of Downers Grove, Illinois, and James Bernard Hicks, son of Mr. and Mrs. E. B. Hicks of Las Vegas, N. M., formerly of Hereford.

The rites were held in the Hicks home Saturday evening, August 30, with the Rev. John J. Cole, pastor of the First Baptist Church, reading the candlelight ceremony. An altar setting before the fireplace was arranged with baskets of gladioli and fern and lighted tapers.

Attendants were Mr. and Mrs. George L. LeGrand of Hereford. Mrs. LeGrand wore a two-piece dress of dusty rose and a corsage of Tallman roses.

The bride was attired in a turquoise lame afternoon dress, using accessories in brown. Her corsage was of white roses and stephanotis.

Members of the family and close friends attended the informal reception which followed the ceremony, when the bride's cake, topped with a miniature bridal couple, was served.

After a short wedding trip Mr. and Mrs. Hicks will go to Las Cruces, where he will enter New Mexico A & M College to resume his studies. Following his discharge from the Navy after three years of service he entered the University of New Mexico at Albuquerque for the 1946-47 school year.

The bride was graduated from Downers Grove High School and attended Chicago Business College for one year. She attended the University of Mexico last year and was a member of the campus organization Epitonia of Phi Kappa Phi.

Out-of-town guests included the bride's aunt, Mrs. Frances Warner of Hempstead, Long Island, N. Y., Miss Ylva Vlek and Mr. and Mrs. Geo. L. LeGrand of Hereford and G. G. Barnes of Arlington, Texas.

Due to illness the bride's parents were unable to attend the wedding.

Hereford Veterans Down Clovis Blue Jays To Enter Finals in Western Panhandle Loop

BY HOMER FOX

The Clovis Blue Jays came over Sunday and dropped their second final game in the hound-robin play-off in the Western Panhandle League, 14 to 2, to the Hereford VFW nine.

Stratton, doing the pitching for Clovis, just couldn't get the boys out and his teammates just couldn't get any runs for him.

Johnny Winkler did the elbowing for the home team and was hot as a bachelor stove in a cook shack in August, holding the Clovis gang to four hits and one of these a freak scratch that just as well not be much said about.

The Hereford bunch went on a rampage or hitting spree or whatever you want to call it; anyway they knocked the stuffing out of the old apple, getting 16 hits and 14 runs, led by Bud Stengel, VFW's crafty little catcher. Bud was way behind on his hitting and he plucked the hole in his bat and slugged 5 for 5, one single, 2 doubles and 2 triples, which is about as good as you can do in any man's league.

After one man out in the first half, Glover for Clovis singled and Peterson hit into a double play.

Hereford iced the game in their half of the first. Sargee went to second on a long fly that center muffed; Leub tripled into left, scoring Sargee; Barrett was out to center; Stagner walked; Bud Stengel tripled into left scoring Stagner; Loerwald was out, pitcher to first, but Stengel scored on the play; Bill Stengel whiffed out, and we had 4 runs.

Clovis made their first run in the first of the second. Lewis, first man up and a wicked hitter, stole second, and I don't know what did happen next, but it looked like when Lewis attempt-

ed to steal third someone threw the ball over third, third threw it to left field, left field threw it at the umpire, and the umpire threw it at J. W. Robinson in the stands for riding him so hard. Anyway Lewis scored on exactly nothing and the score was 4 to 1, Hereford.

We scored one in the second after Sargee walked, stole second, and scored on Leub's single.

Three up and three down for Clovis in the third.

We didn't need 'em, but we take four more in the third, just in case. Stagner walked for the second time, Bud Stengel changed ends with his bat and smacked a double; Loerwald singled, scoring Stagner and Stengel. Bill Stengel walked. Danny Russell London walked. Winkler whiffed. Sargee singled, scoring Loerwald and Stengel. Leub was out to first base. It was just right for a scorekeeper, exactly nine men batted, 3 hits, 3 walks and 4 runs. Hereford 8, Clovis 1.

Clovis got their second hit off Winkler and that was all.

We decided that maybe Clovis was playing possum, so we grabbed a couple more eyes in the fourth. After one out, Stagner was safe on an error, Bud Stengel doubled, scoring Stagner, Loerwald was out, pitcher to first, Bill Stengel hit a sizzling double into left center, scoring his brother Bud, Danny Russell London was out, third to first.

Clovis up and Clovis out in the fifth, and for the first time Hereford failed to score, and was our face red.

Same story in the sixth for Clovis.

We managed for one more in our half. After one out, Stagner singled, Bud Stengel hit one out of this world in left field. It hit a post and bounced back—it was a clean triple anyway, and bud went into third standing up, then decided to go get a drink of water or something and they tagged the flat-head out, but it did look like the third base coach was asleep. Anyway Stagner scored and that made his fourth run of the game for two official times at bat with one hit. Maybe we better call him Flash, or Speed Stagner.

Clovis made their second and final run in the seventh when they bunched two of their four hits of the game and that was all.

We made one more in the seventh and one more in the eighth.

Hereford 14 runs, 16 hits, 5 errors; Clovis 2 runs, 4 hits, 7 errors.

MARKETS

(USDA)—Most southwest farm products gained strength late last week and closed steady to some higher, according to the Production and Marketing Administration, U. S. Department of Agriculture.

All cattle classes advanced 50 cents to \$1.00 per hundred pounds at most southwest markets last week. Choice steers at Denver reached \$32.50, a new all-time high, and the bulk of good fed kinds brought \$27 to \$30. Wichita paid \$26 to \$30 for good choice club yearlings. Good fed steers and yearlings sold at \$26.50 to \$27 at Oklahoma City, and \$23 to \$24.50 at Fort Worth. Common and medium grades turned at \$17.50 to \$22.50 at San Antonio, and \$15 to \$22 at Houston.

Last week large gains made up for early losses at southwest hog markets. Closing top was \$26.75 at San Antonio; \$27.75 at Fort Worth; \$28.25 at Oklahoma City; \$28 at Wichita; and \$29.50 at Denver. Sows and pigs sold up to \$24 and \$25.

Most sheep sold firm to 50 cents higher, but aged classes weakened slightly at some terminals. San Antonio paid \$18 to \$20 for medium to just good spring lambs, while Fort Worth gave \$19.50 to \$22.50 for medium to good kinds. Good and choice grades sold at \$22.25 to \$22.75 at Wichita, and \$24 at Denver.

Eggs and poultry sold generally at firm prices last week, and top quality eggs strengthened at some markets. Best white eggs brought 50 to 55 cents per dozen at most places, best mixed 45 to 50, and medium grades 40 to 45.

Most other markets took heavy hits at 22 to 26, and fryers and broilers 35 to 37.

Rains in the corn belt checked deterioration of the crop and weakened corn prices; but other grains sold strong. Wheat, oats, barley, and grain sorghums each advanced 5 to 8 cents on southwest cash markets. Wheat futures reached new high levels, and oats rose to record high prices at Chicago and Kansas City.

Rains delayed rice harvest last week, but prices held firm at highest levels in many years. Most feed prices continued steady to firm, and hay remained about unchanged as markets showed an uneasy tone. Demand for Farmers' Stock peanuts slackened and mills paid largely government support prices. Wool markets became more active. Buyers concluded domestic wools are cheaper than Australian wools.

Spot cotton prices declined \$3 to \$7.50 at southwest markets last week. Demand continued good for the better grades but offerings were light. Widespread rains damaged open cotton and delayed picking but benefited young growing cotton.

Most Colorado fruits and vegetables met very good demand last week, and many shipping point prices advanced sharply. Colorado potatoes and Louisiana sweet potatoes stayed about unchanged. Most products found dull demand at Fort Worth and Denver wholesale markets, and many closed the week at little lower. Kansas City, St. Louis, and New Orleans had good trading with price changes small.

Mrs. Leta Barnett of Wichita Falls has returned to her home after a week's visit here with her mother, Mrs. J. M. Boone.

Better Stop(s)

According to traffic officials, one out of three cars on the streets today is not in a safe driving condition. Faulty brakes are largely to blame. To be safe, your brakes should permit stopping the car within 30 feet from a speed of 20 miles per hour . . . at 40 miles per hour, the distance is four times as great or 120 feet . . . at 60 miles per hour, it is nine times as great. These stopping distances are for smooth dry pavement. You, no doubt remember these facts but how about the other members of your family? Safe driving on the street depends on good judgment as well as good brakes.

For Your Motoring Safety

For fast, straight-line stops, our brake specialists adjust and equalize the mechanism, check the fluid and, when necessary, install new lining or shoes . . . also "true" the drums. Brake service is one of our most important specialties.

Every phase of correct car maintenance is done by experts. We have the parts and our men know how.

wrinkles in aerial attacks. A light, fast backfield is shaping up, built around veteran co-captain Leo Hennington, who'll hold down one of the half-back spots; Curly Wilson, a 1946 reserve, who's in the fullback hole, and Reuben Knox, a rookie at quarter. Don Davis and Homer Rudd are the likeliest candidates for the other wingback post.

Hennington, who has lots of speed and an educated toe, is tossing the pigskin with considerable accuracy. Knox is also shaping up as a good passing threat. Little Jack Stanton, the coach's boy, no less, looks like a good bet to see some service at quarter this year, and is an ace hurdler himself. Young Stanton, a freshman this year, quarterbacked last year's eighth grade

team and proved himself a capable field general. Bolstering the line at one of the tackle positions will be co-captain Neely Kimbrough, a 1946 regular and one of the best tackles in the district.

Among the leading candidates for the other starting tackle position are Danny McLallen, a sophomore, who's playing football for the first time and showing considerable talent for the job; and Bob Johnson, a 1946 reserve. Noel Smith, a 225-pounder from Dawn, may plug a tackle spot if he comes back out for the squad. Other candidates are Jesse Click, Conrad Clark, Carroll Miller, Bedford Forrest, Darrell Janssen, Glen Wilson and Don Hooper.

Guard positions appear weakest on the line. Robert Oglesby from Dawn is one of the most promising candidates. Others are Jack Reynolds and Bud Cor-

bett, who saw lots of service last year; Neil Witherspoon, Pat Miller from Dawn, Pat Corbett, Dale Doak, Milton Newell, Nathan Hopson, Glenn Talley, Jimmy Lookingbill, and Kenneth Brock.

Bobby Owens seems to be the likely candidate for the starting center position. Bobby played the pivot spot capably last year, earning his letter in that position after Dyer went out with injuries in an early game. Other candidates are Jim Jowell, Jim Latta, Orlin Teed, and Wendell Morton.

Junior McGee, a sophomore who transferred here from Oklahoma last fall and is playing his first year of football, looks like a sure shot for one of the ends. Rangy, fast, and a good pass snatcher, McGee weighs in at 175 pounds and is showing a lot of natural ability. The other wing post is wide open. Candidates are Gilbert Carlyle, Herschel Miller, Wiley Ewton, Dwaine Walker, Perry Cates, Jack Ramey, Bobby Wilson, Alex Schroeter, and Alton Brock.

In the crop of light but speedy back field candidates are Dale Barclay, Billy Engman, Stanley Slagle, Carl French, Jim Wilkins, Tommy Cuipepper, Billy Thompson, and Jack Hennen.

issue will grant this much.

In serving a people you also come to know them, and long years of service has not led The Brand to feel that people of this community want pavement, water, sewers and swimming pools while friends, neighbors and loved ones risk death because of poor hospital conditions. Neither do we feel that any citizen in this community would let a few cents in taxes each year overcome his love for neighbors, friends and members of his own family. Because we know these things are not true, we realize something else must be wrong.

Some persons may not recognize hospitalization as a community responsibility. Failure to accept this responsibility is to measure a person's right to live in terms of wealth alone.

Other persons may have been influenced in the 1946 election by personal grudges, by likes and dislikes. If something like this could determine your vote next Tuesday, The Brand definitely feels that you are wrong. It recalls the old expression "Cutting off your nose to spite your face." The Deaf Smith County Hospital—as it now stands, or with the \$150,000 expansion program—will be here long after we are gone, and long after those we might like or dislike are gone. and extensions would increase the bed capacity of the hospital to 42. The maximum capacity, in rooms, is now 20 patients, although twice that number have been jammed into the institution during emergency periods in recent months.

Elmer Mathies, manager of the hospital, reports that the daily average for the past two months has been between 25 and 26 patients. Last mid-week, a series of emergencies sent the hospital population soaring, with the result that the corridors and offices were jammed with a collection of army cots and hospital beds. Four Hereford young people, injured in an automobile accident last week, were placed on cots in the main hall in a last-resort attempt to care for patients. One girl, with a fractured skull, was given the doubtful privacy of a screen under the clock in front of the main entrance. The office was turned into an improvised nursery as the limited facilities of the OB ward were swamped.

Under the proposed expansion plans, facilities for 22 beds would be added in a new wing to the present building. A new surgery, new obstetrical ward, and new emergency room, plus a kitchen and dining room, would be included.

Polls will be opened Tuesday morning in all voting precincts in the county. Precincts 1 and 2 will vote at the courthouse in Hereford. Other polling places are: Precinct 3, at the J. A. Roe residence; Precinct 4, at the Cord Hammock residence; Precinct 5, at Fairview school; Precinct 6, at Ford school; Precinct 7, at Dawn school; Precinct 8, at Bootleg Corner; Precinct 9, at Bippus Community House; and Precinct 10, at Daniel school.

Polls open at eight o'clock, close at seven.

Marine Corps, after two and a half years service, on June 22, 1944, he said. He was a native of Ballinger.

On October 29 last year, he married Lorene Potter of Cross Plains, Texas. She sued him for divorce last January, James told officers, and "I married Carrie Mae Kemp on March 23, thinking I was divorced from the Potter girl."

This marriage, Reese said after investigating, was never recorded, however, and there is no evidence that it was ever performed. However, no divorce had been granted, at that time, from his first wife.

Two weeks later, James reported, he moved to Andrews for a week and a half, and then to Abernathy where he was employed by the Warren-Bradshaw Drilling Company. Finding the job a little rough, he went on to a farm job where, he explained, "on July 2, due to a misunderstanding with my employer, I no longer worked for him."

He came to Hereford on July 2, he said, and met Sue Hudson that same night at a nightclub in Amarillo.

"She told me in Amarillo that she was having trouble with a fellow, and asked me to voluntarily ride back with her to Hereford until she got away from him," James reported. "She told me that night that her mother and dad were going to send her to Reform School."

On July 5, to 10:30 a. m. in the office of Justice of the Peace Andy Thomas, the two were married.

"We left the courthouse, she going one way and I another," James stated. "That night I saw her from a distance at the Star nightclub in Amarillo. On July

James then returned to Ballinger, he told Sheriff Reese, and secured a divorce from the Potter girl on August 23. During this time, Ballinger officers had been asked to be on the look-out for James by the local Sheriff's office. How he managed to secure the divorce without being apprehended was not determined.

On the same afternoon that the divorce was granted, he said, he went to Concho county and was again married to Carrie May Kemp. This wedding is of record, Sheriff Reese reported.

James concluded his signed statement by saying "I feel that I have harmed no one, and I never harmed a girl in any way."

In the meantime, Case No. 3001 in District court here presents a petition from Sue Hudson for annulment of her marriage to Lonnie James, alleging that the defendant did not tell the plaintiff that he was married to another person until three days after marriage.

No action has been taken on the petition by the court to date.

DRAMATIZED REVIEW OF FAMOUS PLAY PLANNED
Charles Thomas, Actor and Reviewer, Will Present "Family Portrait" Monday Night

REVIVAL MEETING AT NAZARENE CHURCH

Rev. and Mrs. R. M. Hocker (right) evangelists from Mason, opened a 12-day revival meeting at the Church of the Nazarene here yesterday. The meeting will continue thru Sunday, Sept. 14, with services each evening at 8 p. m.

Charles Thomas of Pampa, noted stage and radio actor, will be presented in Hereford next Monday night in a dramatized review of the one-time Broadway hit play, "Family Portrait," by Lenore Coffee and William Cowen, at the auditorium of the First Christian Church.

The review is being sponsored by the Women's Council of the local church. The public is invited.

No admission will be charged for the performance, but an offering will be taken.

The story of "Family Portrait" encompasses the last three years in the life of Christ on earth, picturing his life with his family and friends. It is told in modern language.

The play was first produced on Broadway, when the famous actress Judith Anderson headed the cast. The theme of the play is from the 6th chapter of Mark, first to fourth verses.

"Family Portrait," Thomas said, "elaborates in the terms of the ordinary family, which acts and speaks as we do today, the story of Christ's last years on earth. It is reverent in its approach to those whose personal lives were so closely bound up with that of the founder of Christianity. A simple, eloquent, and reverent picture of the family of Jesus. In its entirety the play encompasses the last three years of Christ's life."

"It begins in Nazareth, which Jesus had just left upon His life work, and where His remaining

Greek Girl, Now American Citizen, Talks To Hereford Rotarians On Native Land

Vivian Asimas, dark-eyed attractive 16-year old Greek girl from Clovis, N. M., talked to Hereford Rotarians last Friday noon on her native Greece, touching on the horrors of Nazi occupation which she had experienced during the war.

During her two years in the United States, Vivian has learned English rapidly, and despite her apologies for her "accent," Rotarians had no difficulty in understanding her quiet tones.

She betrayed a slight nervousness only to her intimates. "During the war," she had explained to her high school mates at Clovis, "when we were afraid, we laughed. It was our only protection."

To most of her listeners Friday, she appeared calm and self-assured as she told of the vengeful slaughter of her schoolmates by the German armies of occupation; and only to her Clovis High School companions, Pat Hardwick and Virginia Crump, and to Francis Hardwick, who had arranged for her appearance before the club here, did she give away her nervousness through her short, soft laughter.

Once, when Greek guerillas killed 150 German soldiers, the Germans responded by taking 250 Greek children from the school in the village where she was living and killing them in reprisal.

"I had stayed home from school that day," she remarked. Vivian had lived in Athens until the war broke out, she told the Rotarians. After the war started, she had gone to a small village to live with her grandmother. Her father was already in the United States.

After the revenge-killing of Greek children, she no longer attended school, she said, but had a special teacher at home.

"The Germans were young and poorly fed," she said. "They did steal a lot." Occupying German troops lived in Greek homes, rather than in their own camps, to avoid Allied bombing.

She told of life in Greece before the war, and gave a vivid picture of her native Athens, as well as the small Greek villages which she compared with "Meester Hardwick's farm," much to the amusement of Hardwick's fellow Rotarians.

She told the legend of how Athens was named... from the Greek goddess, Athena, who gave Greece her greatest gift, according to the legend, the olive tree.

"But Greece is not an agricultural country," she said... "there are too many mountains."

Vivian came to the United States two years ago, immediately after the war ended, to join her father, a restaurant owner, in Clovis, N. M. She is now a junior in Clovis High School.

With the exception of a couple of talks before school assemblies, she was making her first public appearance as a speaker here last week.

The name Asimas was adopted by the family after their arrival in the United States. "My real name," she explained, "is too long."

She spelled it out carefully for her interviewer: Asimacopoulos.

Growers Heed Warnings; Plant Approved Milling Varieties

Deaf Smith county wheat growers are taking their 1948 wheat crop away from the "Indians"... the "indians" in the piece being the black-listed Red Chief and Chiefkan varieties of wheat which brought powerful protests from millers this summer.

Poor milling qualities of the "Chiefs", which accounted for more than 35 percent of the wheat produced in this county's bumper 1947 crop, had brought price docks and threats of outright boycott from leading millers last month.

In a series of advertisements in The Brand sponsored by all five mills of the Deaf Smith County elevators and the two local flour mills, concluded last week, local grain dealers joined with milling interests in an all-out campaign to improve the quality of wheat grown in the Deaf Smith county area next year.

Indications are that the campaign has been highly successful. Local agriculture authorities and grain dealers estimate that the acreage seeded to Red Chief and Chiefkan this month for 1948 harvest will be cut by at least 75 per cent from last year.

Favored varieties which are replacing the "Chiefs" and their companion on the black-list, Early Blackhull, are the new Westar and Comanche strains, with old reliable Tenmarq in third place. Turkey and Wichita are also being planted by local growers.

All of these varieties have been classed by millers as "good milling wheat." Tenmarq, Westar, Comanche, and Turkey top the miller's preferred lists as "excellent milling qualities."

The big millers, Burrus and General Mills and their subsidiaries in the Panhandle, led the fight this fall to improve the milling qualities of grain grown in the Texas Panhandle-South Plains area.

Eighteen to twenty percent of the grain produced in the West

General Mills Chief Warns of Boycott Danger

Glenn L. Berry, manager of the grain department of General Mills, Inc., praised local mills and grain dealers for their campaign to improve the quality of wheat grown in this area in a letter to County Agent Hugh Clearman, and warned again of the danger of a boycott.

"It is with a great pleasure that we learn of the campaign now being put on by your office and by the grain trade in Hereford and Deaf Smith county," Berry wrote.

"The difficulties that Texas and Oklahoma flour mills are now experiencing in trying to make a flour that will be acceptable to our trade is almost beyond belief. There is no question but what the farmers of the Texas Panhandle have badly hurt the reputation they have had in the past, due to the fact that during the last three or four years they have planted undesirable milling varieties of wheat, the chief offender, of course, being the Red Chief and Chiefkan, commonly known as 'sleek-head'."

Ernest Scheihagen, son of Mr. and Mrs. W. R. Scheihagen of Hereford and first pilot for Pioneer Air Lines has recently returned from a special-assignment flight for Pioneer to Venezuela.

Pioneer's own magazine, "In Range," tells their story: "On June 29, Captain E. D. Rickards and First Officer Ernest Scheihagen raised the Pioneer ship 303, better known as Penelope, into the Houston horizon and pointed her nose toward Venezuela. Penelope was loaded

Next day the ship left for Piarco Field on Trinidad in the British West Indies. A night was spent in historical Trinidad, where the crew was entertained by such sights as the an-

The rodeo will be staged at the Tri-State Fair grounds grandstand. It will open Monday afternoon, September 22, the opening day of the Fair, and will be staged through the two succeeding afternoons. The finals are scheduled for Thursday night. The program will include all of the rough and ready events familiar to the rodeo fans. "This is going to be a rodeo, not a social event," declared Nancy Binford. Included will be bronc riding, bareback riding, calf roping, steer riding, bull dogging and a team tying contest. Entries form the equine-minded fair sex are coming in from New Mexico, Oklahoma, Kansas and Colorado.

How One Stalk Of Sorghum . . . Grew into a \$23,000,000 Business

One day about 10 years ago, a marvelous thing happened! A man we know found ONE STALK of growing sorghum in his drouth ridden field.

Seed carefully nurtured from that same stalk today is found in hundreds of profitable sorghum fields in the area we serve.

And today sorghums—never very profitable in the old days—are a \$23,000,000 crop in the Panhandle-Plains-Pecos Valley area!

We have so much confidence in the sorghum industry—and all other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and better living—electrically—to everyone!

Now-you can have
Power-Line Voltage
WITH THE NEW 110-VOLT D.C. WINCHARGER

And—you can use "standard" appliances! Those "standard," "city-type" appliances that operate on universal current—that is, on either 110-volt A.C. or 110-volt D.C. electricity, such as radios, vacuum cleaners, toasters, food mixers, coffee makers, for example—can be operated on the new 110-volt Winco Power Wincharger.

Also, most motor-driven appliances, such as washing machines, water pumps, milkers, separators, drills, grinders, etc., can be bought for 110-volt D.C. operation. No longer do you have to buy special, "farm-type" appliances, except for hermetically-sealed refrigerators and automatic, thermostatically-controlled heating appliances. And even in the case of these appliances, refrigerators with "open-type" compressors and non-thermostatically-controlled irons are available. Simple provision can be readily made for operation of radio-phonograph combinations.

Furthermore, you can use standard 110-volt house-wiring with the new 110-volt Winco Power Wincharger. Same wire, at the same cost, as in town.

The 110-volt Winco Power Wincharger provides sufficient electricity for a well electrified farming operation—much more electricity than the average R.E.A. customer uses (based on latest R.E.A. annual statistical report).

And—economical—no monthly "electric bills"—power from the free wind.

(1) "Standard" appliances. (2) Standard wiring. (3) Plenty of electricity. (4) Economical. (5) Available now!

Wedding Announced**

Announcement has been made here of the marriage Sunday of Miss Paula Mae Edwards, daughter of Mr. and Mrs. R. E. Edwards, formerly of Hereford and now of Plainview, to Mr. Wilbur Horrell of Amarillo.

The wedding took place in Plainview at the home of the bride's parents, with Dr. A. Hope Owen, pastor of the First Baptist Church, reading the double-ring ceremony.

Music was provided by Oscar Ray Horrell, violinist, and brother of the bridegroom, who played "Ave Maria" and "Because," accompanied by Mrs. Jo-Billy Byers, sister of the bride. Mrs. Byers also accompanied Jim Fullwood, who sang "I Love You Truly."

Miss Neva Fine of Abilene was bridesmaid and Cecil Horrell served as best man.

The bride wore a dove-gray suit with pink blouse and white off-the-face hat. Her accessories were in white and her flowers were red roses.

Mrs. Horrell is a graduate of Hereford High School and attended Wayland College, Plainview and N. T. S.-T. C., Denton. She was a teacher in the Vega schools last year. After a trip to points in New Mexico the couple will live in Amarillo.

At the reception which followed the wedding at the bride's home, Mrs. L. H. Stephens of Hereford presided at the punch bowl. Others from Hereford attending the wedding were Miss Ruth Tucker, Miss Florence Goldston who presided at the guest book, Mr. and Mrs. H. D. Goldston and Dora Fern, Francis and Doris Goldston.

brothers understand only that in the height of the building season he has left them and depleted the working force. It continues in Capernaum, where tavern keepers and promoters have capitalized on his growing power and popularity. It returns to Nazareth and the disillusioning experience among his neighbors. Then swiftly, it journeys to Jerusalem, where the fickle crowd has turned from its cries of "Hosannah" to shouts of hatred, and to the upper chamber, where after the Last Supper,

Mary awaits His return from Gethsemane.

"The final scene is laid again in Nazareth, several years after the crucifixion."

Broadway critics hailed the play with praise when it was previewed there, and has reviewed it many times since. His first review of the drama was presented at the First Methodist Church in Pampa. Later he presented reviews in Enid, Oklahoma, and during the war, in Florida and California. Thomas staged the play in Enid before the war with the Enid Little Theater, and that group plans to revive the drama again this Easter.

Thomas himself is a native of Pampa. He attended the School of Fine Arts at Phillips University in Enid, and the American Academy of Dramatic Arts.

He has appeared in several Broadway shows, and with stock companies, as well as on radio shows.

During the war he acted in camp shows, and his unit received a citation for a presentation of "Jungle Jitters" in New Guinea. Thomas himself received the Bronze Star award.

His show toured the "jungle network" in New Guinea, traveling up and down the Guinea coast by landing barge and playing 106 performances before an estimated 150,000 troops.

Thomas was wounded in action on Biak Island in Dutch New Guinea, and was sent back to the United States, where he was relieved from active duty, in January 1946.

"The public is invited to attend the review here next Monday night," Mrs. O. H. Culpepper, president of the Women's Council, has announced.

Another Letter to the Editor from . . .

The Bootleg Philosopher

Dear editor:
I went down to my neighbor's mail box Monday mornin and with the fat Sunday papers stuck in his box along with his Monday papers and assorted mail the box had about all it could hold and I figured I might as well be neighborly so I took one of his newspapers to relieve the strain

College Students Entertained

Kindergarten days were recalled at the school-days party, honoring young people of the Baptist Church who will soon be leaving for college, at the home of Mr. and Mrs. Wayne Evans Friday night.

Guests came dressed in pre-school age costumes with short pants, ruffles and pig-tails turning time backward for an evening of fun and frolic. Guests were

thing he don't deserve he might as well get blamed for misplacin this particular paper as anybody else, and since I didn't have to go to town myself after hands anymore than I'd have to go after a parachute I went on down to the corner and sat down in the shade and read.

I was surprised to find out England is still havin trouble, but this time I just can't take the matter seriously.

Accordin to the paper, England is now sufferin from a dollar shortage and is sendin big shots back and forth across the ocean to confer with Washington about the matter.

Now I don't want to push myself forward, as life out here at Bootleg suits me, and I don't want to be braggin, but I believe I have had as much experience as anybody in the world when it comes to England's present trouble, dollar shortage. There ain't been a time in my recollection when I wasn't experiencing this trouble in one shape or another. It's a funny thing, it don't seem to make any difference whether time is good or bad, busted or boom, I still stay afflicted with this trouble, although I ain't never considered it something to fly back and forth across the ocean about, but I want you to know I'm watchin them Washington conferences pretty close and if England talks Washington into helpin her overcome her dollar shortage, I'm headin for Washington myself.

But I got a idea whatever solution Washington figures out, most Englishmen is still gonna have dollar trouble, the same as most Frenchmen and Italians and Canadians and Americans, includin you and me. It ain't nothin to get alarmed about. It ain't nothin new. We all got it. Why I been told it'd surprise you how many bankers get overdrawn themselves occasionally. If everybody in the world sufferin from dollar trouble heads for Washington at the same time, the place is liable to cave in.

Yours faithfully,
J. A.

Hereford Girl Fliers Organize and Dub Selves as "Female Gremlins"

The Hereford Finellas is the name chosen for the newly-organized girls' flying club. Members of the organization met for the first time with sponsors Ray Berry and Carl Kropff, at Clover Field Wednesday evening of last week.

The name, suggested by Instructor Berry, means female gremlins.

An incomplete membership list includes Mrs. Ellen Carter, Misses Jonye Curry, Ruth Pickens, Jo Ann Pittner, Lois Rettman, LaNelle Oakes, Marie Denton and Beverly Billingsley.

The plans for the club were drawn up by Clover Field owners, Berry and Kropff, to provide flight training at the lowest possible cost for Hereford young women.

Ten members is the limit for membership; there are a few places available, according to Berry. Girls interested may get full details by phoning Miss Billingsley at 100 or by contacting Berry.

A Piper Cub plane is being placed at the disposal of the club at the airfield. The Finellas is the only group of its kind in this part of the county, the nearest club like it being located in Missouri.

Three members have already soloed. They are Misses Curry and Billingsley and Mrs. Carter. No regular meeting dates have been set as yet for the girl fliers.

Miss Roberta Campbell and her mother, Mrs. R. L. Campbell, Silverton, returned Monday from Phillip, South Dakota, where they visited with Mr. and Mrs. Ernest Jones and son.

Mrs. Lula Connell Hill, a former resident of Hereford, en route to Albuquerque, is here for a few days visiting friends. Mrs. Hill's home is in Houston.

Mrs. Frank Markham (above) was Miss Norma Hunter of Hereford before her marriage Monday, September 1.

Miss Norma Hunter, Frank Markham Vows Read In Dimmitt Baptist Church

One of the prettiest of early fall weddings was that of Miss Norma Hunter, daughter of Mr. and Mrs. Finis Hunter, and Frank Markham, son of Mr. and Mrs. B. F. Markham, of Tulla, on Monday evening September 1.

The ceremony was solemnized in the First Baptist Church of Dimmitt with Rev. J. R. Sharp, Presbyterian minister of Canyon, reading the double-ring ceremony before an altar arrangement of white gladioli and graduating white tapers against a background of palms and greenery. Tapers were lighted by Dorothy Green and Anne Sherry.

As the guests assembled Mrs. M. T. Sparkman gave a musical prelude and accompanied Wanda Gollehon as she sang "At Dawning" and "Ah Sweet Mystery of Life." Traditional wedding marches were used for the professional and recessional.

The bride's attendants were Tiny Hunter who was her sister's maid of honor, Dorothy Dee Clingsmith and Bobby Knowles, bridesmaids, and Mona Dell Hunter, cousin of the bride, flower girl. They all wore dresses of net over satin made with tight fitting waists and long full skirts, except the little flower girl whose dress was patterned after the one worn by the bride.

The maid of honor's dress was pale blue and she carried an arm bouquet of white gladioluses. The bridesmaids wore apple-green and carried white roses. James Sinclair, cousin of the bridegroom, was best man and Orval Pierce and M. L. Simpson, brother of the bride, served as ushers.

The bride's father escorted her down the long white-carpeted aisle and gave her in marriage. She wore a traditional wedding gown of white slipper satin made with molded bodice and low pointed waistline and full skirt ending in a cathedral train. Her veil of illusion was held in place by a coronet of starched lace and pearls and she carried a sheaf of white gladioluses. For something old she wore her grand-

mother's (Mrs. W. A. Hunter) engagement ring, her borrowed something was a string of pearls belonging to Miss Knowles and she wore a blue pin of her mother's.

Mothers of the bride and of the bridegroom wore black with white gardenia corsages. The bride's parents entertained at a reception at their country home following the ceremony. The lovely refreshment table was done in all white with Misses Nan and Frances Markham, sisters of the bridegroom, presiding. Sammy Hunter, cousin of the bride, assisted guests in registering.

When the couple left of a wedding trip to Colorado, the bride wore a light brown suit with darker brown accessories.

Mrs. Markham is a graduate of Dimmitt High School and attended Texas Technological College, Lubbock. Mr. Markham graduated from Tulla High School and after Army service enrolled at Texas Tech. They will live in Lubbock where he will continue his studies.

Out-of-town guests at the wedding were Mr. and Mrs. W. A. Hunter of Hereford, the bride's grandparents; L. O. Norman, Sanger; Mr. and Mrs. Arthur Giles and son, Dallas; Mr. and Mrs. O. K. Clark and son, Amarillo, and Mr. and Mrs. Julian Roberts, Ralls.

Improved Wheat . . .

(Continued from Page 1)

Texas wheat belt this year was of such poor quality that millers either refused to buy or made sharp cuts in price.

Thirty-five percent of Deaf Smith county wheat was of poor milling quality, millers sharply informed local growers. Many counties had worse records. Forty-eight percent of Dallam county wheat was of the Red Chief or Chiefkan varieties; Carson county was listed with 51 percent; Floyd county with 53 percent poor milling quality.

Hansford and Ochiltree counties were the bright spots in the Panhandle with 95 to 96 percent good quality wheat this year. Castro county rated high marks with 90 percent good milling wheat.

The situation had so deteriorated the reputation of Panhandle wheat that millers issued sharp warnings to the wheat belt of possible boycotts on wheat from counties producing a high proportion of poor milling varieties.

Similar campaigns are being conducted in other wheat-belt counties, with the prospect that Panhandle-grown wheats will again be in demand by mills for high milling qualities.

buying about 35 per cent of our grind of Colorado and Nebraska wheat from territories that produce desirable varieties of mill-

ing wheat. "While this does not show a direct loss at this time to the Texas producers, it appears to me that any farmer can see as soon as southwest flour mills are in a position to do so they will only buy from producing areas raising good desirable milling wheat.

"When the time comes that we have a surplus, it is my opinion that the farmers raising undesirable types will have a hard time finding any market for his wheat, even at a large discount.

"If there should be an average crop produced in 1948, it is our intention to limit our buying to sections where we can expect to secure wheat that is free of undesirable varieties."

buying about 35 per cent of our grind of Colorado and Nebraska wheat from territories that produce desirable varieties of mill-

ing wheat. "While this does not show a direct loss at this time to the Texas producers, it appears to me that any farmer can see as soon as southwest flour mills are in a position to do so they will only buy from producing areas raising good desirable milling wheat.

"When the time comes that we have a surplus, it is my opinion that the farmers raising undesirable types will have a hard time finding any market for his wheat, even at a large discount.
