Would you like to have a little hobo around the house? The story goes like this: The Tri-Hi-Y girls are out to make some honest money the hard way.

Whereas, the girls have declared Saturday, Oct. 18 as official Hobo Day. During this day they will clean house, wash windows, keep your babies, rake leaves, or do practically any task around the house—to make an honest few cents.

DEPARTMENT SAYS MARK STREETS OR DROP CITY DELIVERY Post Office Shows Gains In All Departments; Drastic Shortage of Boxes Continues Here

Postal receipts in Hereford showed a marked increase, according to the quarterly reports of the Postmaster, Jim Lipscomb. Receipts from the office showed for July, August and September a total of \$6,922.44 as compared to receipts for 1946 of \$7,573.29. This is an increase in the postal business of \$1,650.85.

FRIONA CROWNS A QUEEN

A highlight in the Friona-Hereford Football game last Friday night was the crowning of Gladys Laceywell as Friona Football Queen. Top (left to right) Robert Lloyd stands at attention as Harry Weis places his helmet on Miss Laceywell; John Smith is in the immediate background. Bottom photo was snapped as the unique float left field: H. H. Weis, driver, Harry Weis in foreground; Betty Jo Lawson, Ruby Mae Schaefer and Marilee London, attendants, are seated on the float. Food, Fun and Frolic — For A Penny! Gigantic Hallow'een Carnival Will Follow Game With Canyon

Plans for a gigantic Halloween Carnival to be held at the football field Friday night, Oct. 31, following the Hereford-Canyon game, were today reported nearing completion by Worth Covington, general chairman. The carnival, sponsored by Jay-Cees and other civic organizations, will feature games, contests, and prizes, Covington said. Everyone is invited—especially school age boys and girls. Stands will be operated and will furnish pie, bubble gum, cookies, cold drinks and ice cream to youngsters at the charge of 1 cent, where sponsored by the civic clubs. The hot dog stand, to be operated by the band, will make a 10-cent charge and will be the only concession which will not operate at a loss.

County Officials Sign \$150,000 In Bonds For Hospital

County officials spent Wednesday signing bonds to cover the special \$150,000 hospital bond issue, which passed by a 3-to-1 majority in a special election here September 5. From here the bonds will go to Austin for approval and signature of the State Comptroller, following which submission and approval of plans will be made by the Hospital Board and Commissioners Court. Approximately two weeks will be required for the bonds to be issued before the money is issued.

Missionary To Speak Here At Sunday Service

Frederick L. Rowe, missionary from the Belgian Congo, will speak at the First Presbyterian Church, Hereford, Sunday night, Oct. 19, at 7:30 o'clock. For the past 23 years, Mr. Rowe has been the business manager of the Congo Mission for Christian churches. In this capacity, he acted as local buyer for the Mission, buying in the Congo stores and filling orders for those missionaries located on far-removed stations, taking care of supplies from Europe and America. All this in addition to supervising the work of the church at the station, and the preaching services at various points in and around Oquihaville, the capital of the province, where there is a Christian population of 900. No Injuries In Truck Collision

Pinky Mullins, 23, and Henry H. Hagan, 46, both escaped uninjured last Monday morning when two trucks collided near the Green Hedge Cafe on Highway 60. The Hagan truck was parked, but occupied by his son, while Hagan went into the cafe. The Mullins truck was enroute to Amarillo, loaded with gas tanks for welding purposes, when it struck the parked vehicle; it was out of Clovis. The Mullins truck was completely demolished and broke into flames, which were smothered as spectators grabbed carrots from the Hagan truck and beat out the flames. Highway patrolmen and city officers were amazed that no serious injuries resulted from the accident. Mullins was given emergency treatment and released immediately. The small Hagan boy, who was asleep in the truck, was reported badly shaken but believed to sustain no serious injuries.

Adolf Frye Rites To Be Held Friday

Adolf Frye, a long time resident of Deaf Smith County, died in the Deaf Smith County Hospital Wednesday, Oct. 15. Mr. Frye, who had been in bad health for three years, became suddenly ill last week and was brought from his home in Dawn to the hospital. He was 82 years old. He came to this county in 1907 from Illinois with his wife and family and had been near Dawn, Texas, for many years. He was born in Illinois April 18, 1865. He is survived by his wife, Mrs. Emma Jane Frye, three daughters, Mrs. Leona Trux, of Jacksonville, Fla., Alvera Frye and Laura Frye, both of Amarillo, and three sons, Albert, Paul and David Frye, all of Dawn, two sisters, Mrs. Kothmeyer and Miss Bertha Frye of Dawn, and four brothers, Richard Frye, H. E. Frye of Dawn, Paul J. Frye of Amarillo and R. A. Frye of New York. Services will be at the Methodist Church at 3 o'clock Friday afternoon, with Rev. E. W. Lichtman, Lutheran minister, conducting the sermon, following which interment will be in West Park Cemetery. Pallbearers will be Arthur Tiefel, Henry Tiefel, Ed Tiefel, Henry Wedel and Richard Habing.

CAMERA CLUB SAMPLE

Above is one of more than 100 photos which will appear in the exhibit sponsored by the Hereford Camera Club. The photos will go on display Tuesday, October 21, in the windows of J. C. Camera Club To Open Exhibit Tuesday With 100 Pictures

With more than 100 pictures scheduled to go on display Tuesday, Oct. 21, members of the Hereford Camera Club this week reported that entries have been submitted and are ready for their first annual Photo Salon. The display will be made in the J. C. Penney windows from Oct. 21 through Oct. 29. Prizes of \$12.50 first place, \$7.50 second place, and \$5.00 third place, will be awarded by The Hereford Brand. These prizes were offered by The Brand in recognition of the pictures furnished the paper through various club members during the year, and were accepted by the club at a meeting last week. Prize winners will be selected by public ballot on Saturday, when all persons interested are invited to select first, second and third place winners. Club members are especially interested in determining the type of pictures preferred by the general public. During the past year, Camera Club members have "snapped" ev-

First Bale Of Year Produced By Whitaker

For the first time in many years, cotton season got underway in Hereford this week and prospects were fair for a \$350,000 to \$400,000 crop this year. The first bale to hit the scales for local ginning was grown and harvested by G. H. Whittaker, Jr., and showed a net weight of 1,750 pounds. It was grown two and one-half miles east of town and came from a 30-acre patch of dry land cotton. Whittaker expects a half-bale to the acre on the crop. He did not sell the cotton. Meanwhile, the new gin, which is being installed by McGee Brothers, still stands 10 days from completion. The first bale is being held for future ginning. Claude McGee, manager, said that some of the last minute equipment is being installed now, and he believes the gin will be in operation within 10 days. County Agent Hugh Clearman estimates approximately 1,000 acres of cotton in cultivation in Deaf Smith County. He also believes that the yield will run exceedingly high, probably three-fourths of a bale to the acre. McGee estimates an acreage of 2,500 to 3,000 acres in the territory, a large portion of the cotton being in the north part of Castro County, but located within a few miles of Hereford. His estimate also gives the entire acreage around three-fourths of a bale to the acre. These high yield estimates were based upon observations made in areas where one-fourth bale to the acre (Continued on page 8)

Baylor Dental Students To Hear Dr. G. W. Heard

Dr. G. W. Heard, out of experience and study gained in almost a half century of dental practice, has evolved a certain philosophy of living through reasoned science and practical wisdom, which will be the theme running through a discourse he will deliver to Baylor University dental students on October 21. Dr. Heard will lecture to seniors of the Dental College at 9 o'clock Tuesday morning and in the afternoon he will speak before members of the sophomore class in dentistry, making the day's events a high-light in his long, useful life. He will also be celebrating his 80th birthday. The veteran dentist will speak on "Things That Are Not in Books." He will tell the students why some people have toothache and some don't; he will give a keen analysis of his philosophy, which he says is "neither orthodox nor conventional," but has been proven correct. He will outline a plan of health which emphasizes the balancing of the human body with the earth through scientific nourishment, and he will explain how his findings during his long years of practice and research prove to him that there need be no tooth decay at all. Dr. Heard began his dental study 32 years ago at Vanderbilt University. (Continued on page 8)

Fertilizer Adds 50% To Sorghum Yields In Texas

Increased yields of more than 50 percent on grain sorghums were reported in fertilizer tests made here this fall by County Agent Hugh Clearman. The tests were all made in the same field on the Colby Canebrake place, 15 miles north of Hereford. "In using ammonium nitrate, we applied 100 pounds of fertilizer per acre," Clearman said; "the grain sorghums were cut as bundle feed, green weight. Unfertilized land produced 24,500 pounds per acre, while those which were fertilized produced 37,336 pounds per acre—an increase of 12,756 pounds per acre." A similar test was made using 16-20-0 fertilizer at 100 pounds to the acre. The unfertilized land produced 24,580 pounds against 33,600 pounds on that which was treated. Clearman adds the following note: (Continued on page 8)

Hey, Officer . . . Please Gimme One Of Those Tickets

Beginning this week, city traffic officers will issue two more traffic tickets each day. In addition to those for violations," said Bruce Wooddell, "but we hope you will like them." Each of the tickets will be for careful driving and will go to the two most careful automobile or scooter operators for the day—and will be good for a free ticket to the Star or Texas Theatres. Tickets are being furnished by the theatres—in cooperation with city officials to eliminate traffic accidents.

Beet Harvest Will Continue Into November

The beginning of sugar beet harvest in Deaf Smith County this week opened possibilities for a new cash crop in this area as some 30 farmers planned to harvest a total of around \$228,000 in beet. Possibilities of a beet sugar refinery here within the next two years were also among the dreams of growers and interested persons, who vision a tremendous expansion in the crop. A total of 1,444 acres has been planted in the territory this year, according to County Agent Hugh Clearman, who estimates an average yield of 13 1/2 tons to the acre. Contracts guarantee \$14.50 per ton, provided sugar content is not less than 16 percent. In addition to this income, the C. A. pays a small percentage per acre if the crop is in compliance with regulations. Extension of the above figures gives \$283,663, which the 30 growers expect. Some of the growers with large acreage this year are: Fred Barrett, Alton Fraser, Frank Hafner, Marion D. Parrish, Lewis E. Parrish, Joe Peters, Taft McGee, E. C. Reinauer, C. A. Saulcy, J. E. Stengel and Glenn Boardman. Started Wednesday The sugar beet harvest started Wednesday at the Alton Fraser farm and is expected to continue at a steady clip until around Nov. 15, when the peak will be reached. At present there are four to six diggers to be used by producers in harvesting the current beet crop. These machines, dig and cut off the tops, then load the beets into trucks; the beets are not touched by hand. However, other operations will use hand diggers, following much the same process with crews cutting the tops and loading the beets without touching into the ground. The American Crystal Sugar Co., Rocky Ford, Colo., has contracts to handle the sugar beets this year and is completing a dump to receive the harvest. It is located near the stockyards. This is the first of three dumps planned for this county others to be at Summerfield and Dawn. Seed used for planting this year came from the location at Rocky Ford, Colo. The company furnished (Continued on page 8)

Traffic Lights To Go Up Here Within 30 Days

Traffic lights within 30 days! That's the prediction of City Marshal Bruce Wooddell and other city employees, who report that most of the equipment is already on hand and that construction will begin in the near future. Present plans include the installation of seven traffic lights, five of which will operate in a series from Highway 60 northward up Main Street through Fifth Street, with one light at the intersection of Highway 60 and 51; definite location has not been decided upon for the seventh light. Suspension Type The lights will be suspended on wires over the center of street intersections and will have three colors: red, yellow and green. They will be suspended from corner posts at each intersection. The posts will be made of six-inch pipes, 30 feet in (Continued on page 8)

High School Band To Open Winter Concert Series Next Thursday Night

The first of a series of High School Band concerts will be presented in the High School Auditorium Thursday evening, Oct. 23, beginning at 8 o'clock. The first concert will feature the Senior Band and will include 10 numbers, closing with the National Anthem. The program follows: "El Caballero", Spanish march by J. Olivadotti; "His Honor", march, Henry Fillmore; "Love's Own Sweet Song", from the Operetta "Sari", march, Emmerich Kalman; "Indian Love Call", flute solo by Rudolph Priml; Wanda Fish soloist; "Country Gardens", Percy Grainger; "In A Persian Market", Intermezzo scene, Albert W. Ketelby; "Westerner", march, J. J. Richards; "Hall of Fame", concert march, J. Olivadotti; "The New Colonial March", R. B. Hall; "Carnival of Roses", overture, J. Olivadotti. The National Anthem. Season tickets for the series of six band concerts are now on sale. The concerts are sponsored by the Band Parents Association and proceeds from the sale will be used to finish paying for the new uniforms. A concert for each of the next five succeeding months is planned, and will be dated to avoid all possible conflicts. There are 68 members in the Senior Band and 45 now enrolled in the Junior Band, according to T. V. Brantley, bandmaster, who is enthusiastic over the series of concerts, which will raise needed funds and at the same time afford entertainment for the public and experience for the band members.

Bank Deposits \$8,751,966 In Current Call

A new record in cash deposits was set for Hereford when the two banks reported a combined total of \$8,751,966.57 at the close of business Oct. 6. The report was made in accordance with a call by the banking authorities. The deposits showed an increase of \$2,589,023.40 over the previous call on June 30, at which time the deposits totaled \$6,162,943.17. The call on Dec. 31, 1946, showed total deposits at \$6,166,968.58—giving an increase of \$2,584,977.82 over the 1946 figure. Loans were also up. Combined loans of the two banks were shown at \$5,257,814.97 as compared with a combined total of \$1,716,927.78 on June 30, giving an increase of \$810,887.21. When compared with the Dec. 31 total of \$1,491,011.04, the current loans showed an increase amounting to \$1,036,803.93. While a new all-time record was set on deposits, the figure was still much lower than many persons had expected, due to the huge wheat crop this year. One factor to be considered is that many producers are still holding their wheat for income tax purposes, and for possible increase in price.

HEREFORD WILL GO "ALL OUT" IN YULETIDE DECORATIONS Christmas Lights Ordered For Main Street; Contest Prizes Planned In Residential Area

Hereford will be one of the best decorated towns in Texas this Christmas, according to volunteers who terminated a drive this week to secure funds for the project. A check showed that \$1,500 has already been raised toward an overall goal of \$1,700, and many firms remained to be contacted. Orders have already been placed for 5,000 feet of wire and sockets, and for 2,000 Christmas bulbs. Candy has been ordered for a gigantic Christmas party to be staged for kiddies over this entire section. In addition, plans are also being formulated for the beautification of homes in the residential section and for individual store windows. These plans will be announced in detail later.

with prizes to be offered for individual excellence in several divisions. Complete plans as to exact methods and location of lights and decorations have not been completed, and will likely be turned over to civic organizations, each in charge of a different phase of the program. The current drive was spear-headed by the Junior Chamber of Commerce. The City of Hereford appropriated \$500 toward purchases of the new lights and cords; individual merchants were assessed at the rate of 25 cents per running foot in front of their business firms to raise the additional funds. A meeting has been set for tonight to appoint committees and to assign various projects to the

different organizations. More details will be announced as the various organizations receive assignments and complete plans for the various events. However, it was pointed out that Santa Claus will visit Hereford at least once and possibly twice during the Christmas season. "On every hand we found an enthusiastic reception," said Dubb Reeves, J-C committee man. "Hereford should be the best decorated town in the whole county. The people are sure ready to go. The merchants have been exceptionally nice and they sure deserve a lot of credit for the manner in which they have responded." The J-C's also praised the cooperation pledged and offered by civic clubs and organizations.

Cash Income On Farm Still Goes Upward

AUSTIN, Oct. 16.—Total cash receipts of farmers in Texas during the first 8 months of 1947 reached almost 1 billion dollars to better year-ago figures by 300 million dollars. The University of Texas Bureau of Business Research reported.

Cumulative farm cash income figures for 1947, January through August, are 41 per cent above income for the same period of 1946. In the nation as a whole, the same comparison reveals a gain of only 21 per cent. An increase of 24 per cent in prices accounted for most of the United States change in income, according to government reports.

The \$935,861,000 total for the 8 months of 1947 was a result of dollar gains in all crop-reporting districts except for the 30 per cent slump registered in the Trans-Pecos district. Greatest percent gain for the period was in the Northern High Plains, where income scored a 130 per cent increase. Next was the Red Bed Plains 86 per cent hike

SOCIETY

Successful Women Discussed For Club

Continuing a series of programs on "Successful Women," members of the Lone Star Study Club enjoyed the life stories of three outstanding women when a meeting was held Tuesday afternoon with Mrs. Homer Henslee. Mrs. Lyle Blanton was co-hostess.

Mrs. Leo Forrest reviewed the life and works of Margaret Mead, anthropologist, and told something about her book, "Coming of Age in Samoa," which the author wrote while making a study of the people there.

Mrs. Jack Grady discussed the lives of Edith and Mary Barber. She told of Edith Barber's work as a famous dietitian and her articles written for the Pictorial Review and New York Evening Sun, and of Mary Barber, food consultant and Army dietitian.

Roll call featured tempting dishes which can serve as meat substitutes. The next meeting will be held with Mrs. O. L. Click.

Those attending the meeting were Mesdames Lyle Blanton, O. L. Click, Roger Corbett, Leo Forrest, Jack Grady, Jim Higgins, Berry Jacobsen, John Jacobsen Jr., Joe Kendall, Louise LeGrand, Vivian Major, Nelson McRight, Coy Phillips, Earl Phillips, Ralph Smith, Robert Thompson, Lawrence Womble, and the hostess.

Glee Club Girls Entertain Lions

The Lion's Club had for special guests Wednesday, Miss Thelma McMinn and her Girl Octet Glee Club from the Hereford High School. The girls who sang were: Betty Kathryn Hodges, Mary Kathryn Carroll, Mary Helen McElvray, Patsy Slagle, Jacqueline Newell, Patsy Longbottom, Diane Jewell, and Alma Faye Knox.

Their selections were Irving Berlin's "Blue Skies" and two other numbers, "Without a Song" and "Neapolitan Nights."

HERE FOR FUNERAL

Out-of-town relatives and friends for the funeral of Mrs. Sammie Boyd last week were:

Mr. and Mrs. Alvie Wilson, and Mrs. Beulah Robertson of Hobbs, N. M.; Mr. and Mrs. Charles Lee Wilson and son from Carlsbad, N. M.; Mrs. Ruth Sain and daughter Ruth Anna, Mrs. Bonnie Rea, Mr. and Mrs. Marvin Boyd and Mrs. John McDonald from Portales, N. M.; Claud Boyd, Mr. and Mrs. Bud Williams and Mrs. John O. Howard from Clovis, N. M.; Jim Williams from Hale Center, Mrs. Arthur Boyd, Vaughn, New Mex.; Mr. and Mrs. Glenn Smith, LaDell and Jimmie Smith, Mr. and Mrs. Percy Estes, Mrs. Houchers, Mrs. Florene Stafford, Mrs. Hespand from Dimmitt; Mrs. R. N. Miller and daughter, Mrs. Opal Johnson, from Arisillo, and J. W. Israel, Overbrook, Kansas.

Palbearers were "Bud" Williams, Marvin Boyd, Earl Nipper, Perry McMinn and Bob Jennings.

CARD OF THANKS

We wish to thank every one who helped in any way in the sickness and death of our dear loved one, Mrs. Sammie Boyd, and for the beautiful flowers and the many lovely cards of sympathy. This all helps to make our burden lighter. May God's richest blessings be with you when your hours of sorrow come.

FEDERATED CLUBS MEETING OCT. 26

Deaf Smith County Federation of Women's Clubs will hold the first quarterly luncheon meeting of the season on Friday, October 24.

The meeting will be held at the First Baptist Church and Minister Bob Wear will speak on mental hygiene.

Rev. and Mrs. Noel Bryant and children of Wellington visited here Friday. His parents, Mr. and Mrs. D. H. Bryant returned home with them Saturday. They also visited Rev. and Mrs. Lester Taylor of Thalia.

Camp Fire Girls Plan Breakfasts Here For Nov. 1

Headlined with two breakfasts on Nov. 1, the Camp Fire Girls of Hereford will observe National Breakfast week in connection with National Camp Fire Week, Oct. 26 through Nov. 1.

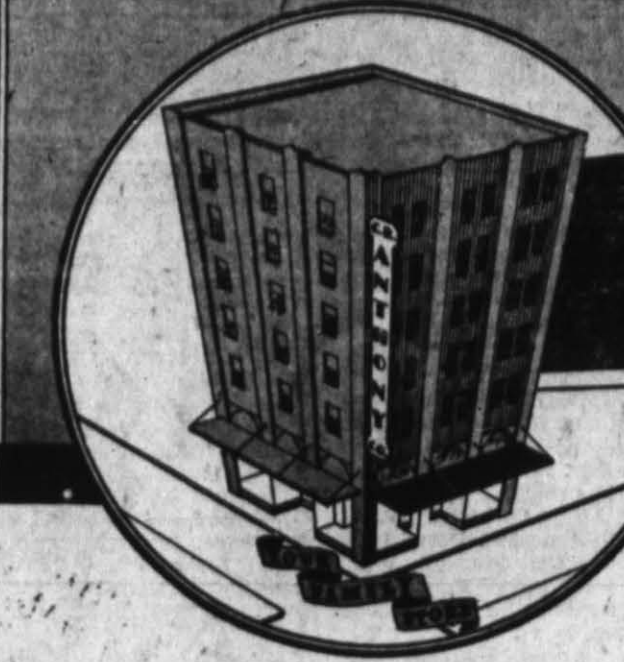

On Nov. 1, the groups in the Hereford Camp Fire and Blue Birds will serve two breakfasts at the Methodist Church. One will be an early morning breakfast served from 7:00 to 8:00 o'clock for the business people. At this time the early morning radio news will be on and will be followed by a musical program. The cost of this heavier breakfast will be 75 cents.

At 9:30 a lighter breakfast will be served and those present will be entertained by a skit. This breakfast will be 50 cents.

Tickets will be on sale by all groups of the Camp Fire Girls and the Blue Birds on Oct. 30; only 125 seats will be available for each breakfast.

Funds obtained from the breakfasts will be used to continue the building of the new addition to the Camp Fire Hut, which they hope to finish before bad weather begins. Projects, such as doughnut sales, will be carried on throughout the year to raise funds to apply on the building. The breakfasts will be the first of these projects.

Leaders In Garden Clubs Gather For District Meet, Tea - Placement Show

Leaders in Garden Clubs of District 1, Texas Garden Clubs Inc. gathered here Monday for the 1947 fall board meet in a one-day session held at the First Methodist Church. Mrs. Lyle Blanton, district councillor, presided.

The morning business session opened at 10 o'clock and reports were given from chairmen, city councils and presidents.

Luncheon was served at noon by the three local garden clubs and a symposium on Junior Garden Clubs and Awards, conducted by Mrs. Tom Holman of Amarillo, and Mrs. Jim Crabbe of Dumas, opened the afternoon session.

Following a round table discussion led by Mrs. J. H. Hogan of Levelland, an invitation for the 1948 fall board meeting to be held in Tucumcari, N. M., was extended by Mrs. R. R. House, president of the Tucumcari Garden Club, and the invitation was unanimously accepted.

A three-fold project for the coming year was adopted. The project submitted by Mrs. C. F. Fryling of Phillips, included scheduled speakers on horticulture for each club, standard forms for entry cards, judging sheets and ribbons for

Princess Elizabeth Snubs Long Skirts

In defiance of the new long skirt styles, Princess Elizabeth, left, continues to wear skirts that drop just below the knees. She is shown leaving church in London with her sister, Princess Margaret, and Mrs. Andrew Elphinstone after acting as godmother to Mrs. Elphinstone's baby daughter. Nov. 20 Princess Elizabeth will be married to Philip Mountbatten.

flower shows and a chartered bus for state convention delegates in the spring.

Mrs. Ernest Kerr was elected corresponding secretary for the district, and Mrs. Lyle Blanton offered a ten dollar award for best gladioli in 1948, as a memorial to her late mother, Mrs. George E. of San Diego, California.

Tea and Placement Show
Given in connection with the board meeting and as a courtesy to the out-of-town visitors, a tea and small placement show was held at the home of Mrs. Lynn Kester from three-thirty to five.

The theme for the flower show arrangements harmonized with the 18th century background of the Kester home, with the knowing eye and the practiced hand bringing together just the right arrangements in just the right containers.

In the living room three arrangements attracted attention as examples of affinity between container and flower. Mrs. Will S. Kerr won a red ribbon with her mantle arrangement of garnet dahlias, Mrs. C. D. Kelton won a blue ribbon on single chrysanthemums for an occasional table and a white ribbon was awarded Mrs. Carroll Whiteside on her coffee table bouquet of roses in a bubble bowl.

In the sitting room a desk arrangement of chrysanthemums in a metal container won a ribbon for Mrs. Ben Childers and a cluster of weeds and grass combined with scarlet blossoms arranged for a table by Mrs. J. R. Fowkes won a red ribbon. Carolyn Kester (Junker) won a red ribbon with a tiny compact table arrangement of flowers in shades of orange.

Mrs. Travis Caraway and Sue Springer had arrangements in the bedroom.

In the dining room the tea table featured the garden aristocrats, roses, with a graceful arrangement of red and pink radiance roses which included both buds and full blown

Dawn

MRS. LLOYD H. BENTLEY

Mr. and Mrs. W. W. Wimberley are home again after a stay in Raymondville.

The G. R. Oglesbys moved last week to Elter, near Dumas.

Gaile Neal was brought home last Saturday from Deas South County Hospital, where he received treatments for burns suffered Tuesday afternoon when sparks from irrigation motor set fire to his clothing.

Rev. Ed Byars is in a revival meeting at Bridge City, near Port Arthur, and will return this week. In his absence Ed Davis and Jack Albright of Wayland, and Plainview, delivered the morning and evening sermons at the church.

Miss Johnnie Wilson has recently been visiting in the home of her sister, Mrs. Johnny Womble.

Next Sunday, October 18, church dedication services will be held in the church in Dawn. Former pastor, Hardy Stevens of Plainview, will deliver the morning message and former Pastor Parsley, now of Abilene, will deliver the dedication sermon at 2:30 o'clock in the afternoon. Contrary to former plans there will be no dinner at the church.

Mrs. William Wimberley and Mrs. Carl Wimberley attended the Association W. M. U. meeting at Tulla last week. They also visited Mrs. William Wimberley's sister, Mrs. Harry Axtell and new baby daughter in the Tulla hospital.

The Dawn Study Club will meet Tuesday, October 21, with Mrs. William Wimberley. Mrs. Howard Lynch of Amarillo will be guest speaker.

Dona Airhart was voted the best citizen of her class, in the eighth grade of the Hereford High School.

Adolph Frye was taken to the hospital in Hereford Saturday, and was still in a serious condition Monday.

flowers. A deep bowl carried out the delicate harmony of the blossoms. Mrs. O. M. Dickie and Mrs. R. B. Miller received a blue ribbon for the arrangement. Mrs. Edward Robertson won a red ribbon with a perfect arrangement of picardy gladiolus and dahlias which adorned the buffet.

The lustrous foliage which formed a background for polished bright-red peppers was especially suited to the character of the breakfast table arrangement, for which Mrs. Forrest Minon won a blue ribbon.

For the board session at the church, Mrs. Charles Dones featured a placement of pale pink gladioli and mahonia foliage, and Mrs. C. H. Parker made the arrangement of marigolds for the hall table.

All placements were judged and awards made by Mrs. Glenn Broadbent and Mrs. J. C. Wyatt of Amarillo and Mrs. Glen Easter of Levelland.

Committee for the tea which was sponsored by the Garden Club, the Garden Beautiful Club and the Bud-To-Blossom Club, included Mesdames Lee Kent, Dennis Barnard, O. M. Dickey, D. C. Kinsey, Richard Winget, Earl Springer, Marvin Knox, R. B. Miller, Lynn Kester. Registration: Mesdames J. M. French, E. Hopson, and N. E. Gass. Flower Show: Mesdames C. D. Carnahan, Berry Jacobsen and H. H. Caraway. Others in the house party were: Mesdames O. G. Hill, E. A. Daniel, Carroll Whiteside, Earl Springer, Homer Brumley and John Jacobson Jr.

Out-of-town visitors registering for the board meet and the tea and placement show were Mesdames J. H. Hogan and Glen Easter of Levelland, T. P. Vaughn, Phillips; J. A. Kendall, C. B. Berthelot, B. B. Blackwell, J. M. Crain, Tom Holman, Joe Deason, J. C. Wyatt, J. H. Johnson, Glen Broadbent, all of Amarillo. Mesdames Carroll Boyd and Jim Crabbe, Dumas; R. E. House, W. A. Streu's Diary

October 15, 1947

DEAR DIARY:

When I was in the third grade in school I had to memorize a poem concerning October's bright blue weather — and stuff about goldenrod and some other flowers — I have never seen the flowers, but October is one of the few months when this country is fit for human habitation — it is swell.

I was asked the other day for an opinion on the outlook for merchandise — here are my predictions —

Refrigerators — very short for another year.

Ranges — hard to get for another year.

Gas heaters — spotted supply, growing shorter as the season progresses.

Radios — supply erratic — low priced table models plentiful, table combinations fairly available, consoles — available in limited quantities now — scarce by Xmas.

Windmills — no prospects in sight at present.

Guns — very tight — strictly allocated — will be some 22's and shot guns before the first of the year, but no big game rifles in prospect.

Pipe — situation worsening all the time — no hope.

Xmas items — dolls are plentiful, tricycles will be available in limited quantities, wagons not too plentiful — and plenty high, elec-

tric trains in limited numbers, chemistry sets, microscope sets and building sets will be on hand but not too plentiful. There will be plenty of smaller toys at prices that have caused us to shy away from buying any.

Well, there is a partial list, for what it is worth. Possibly I am a bit pessimistic, but I have reasons.

The duck hunting season is split into two parts this year — the first is from Nov. 4th thru 17th and the other from Dec. 16th thru 29th. We have a set of regulations posted in our sporting goods department if you want to read them.

Civilization is, I think, mostly a veneer. Local citizens who are passing up a real bargain in not buying season tickets for the High School Band concerts — these citizens will spend hundreds of miles and drive many, many times more money to see a couple of football teams beat one another to a pulp — or a couple of boxers or wrestlers commit mayhem upon each other. Why? Because underneath all our veneer, we still have a streak of savagery.

Now, with that off my chest, allow me to remind you that we do have merchandise for sale — one of the most complete stocks in the area — with adequate personnel, to serve you quickly and efficiently.

Rehearsal For "Messiah" To Start Monday

With presentation of "The Messiah" scheduled for Dec. 7, in the First Baptist Church in Hereford, it was today announced that rehearsals will begin at 7 o'clock Monday evening.

The rehearsals will be held in the First Methodist Church, said Miss Mattie Mae Swisher, director. "All who have scores are asked to bring them; others will be furnished with new copies. All singers are invited to participate, especially high school students."

Plans for the presentation got underway with selection of the Civic

Chorus as the executive committee. The following officers were also selected: Miss Swisher, director; Mrs. J. C. McCracken, Mrs. A. J. Schroeter and Mrs. Ellis Coombes, pianists; Mrs. J. C. Parker and Mrs. J. C. McCracken, assistant conductors; Mrs. A. O. Thompson, treasurer; Robert Thompson, secretary; Mrs. R. C. McGilvary, Mrs. Phillip Barclay, Mrs. Cawthon and Gerald Wilson, music committee.

The Hereford group will be represented at the Seventh District of Texas Federation convention in Seagraves Oct. 24-25.

Those who attended the organization meeting were: Mrs. A. O. Thompson, Mrs. Dick Miller, Mrs. Cawthon Bryant, Gerald Wilson, Norman Gray, Mrs. R. C. McGilvary, Miss Adeline Koelzer, Marilyn Barclay, Mrs. Paul M. Hoff, Viola Rettman, Claude Ola Brown, and Miss Swisher.

lights. It is also obvious that the elimination of "U"-turns will be essential.

Wooddell also said that yellow zones have been painted in front of each of the four public utilities companies to allow patrons to pay bills. These zones, similar to the yellow post office zone, will allow 15-minute parking without penalty.

Fertilizer Adds...

(Continued from page 1)

"The grain sorghum which had been fertilized apparently had more moisture, and it is possible that the difference in yield will not be as great when based upon dry weight."

Additional information regarding these yields will be available as soon as the feed is dry enough to thresh. Results on the experiment are being registered with the Extension Department.

Estimates Hit...

(Continued from page one)

yield are good on a large scale crop. Cotton prices, like those on other agricultural commodities, are good this year, running between 30 and 31 cents a pound in Hereford, and \$80 a ton on seed. The average bale of cotton will bring the farmer around \$175, including government subsidies and seed sales, McGee says. It is estimated that most of the local crop will be 15-16 (middling) grade.

Cotton picking is around \$2.00 a hundred, and pickers are reported scarce. Numerous growers in this section expect to use mechanical pickers this season.

Cotton is not a new crop in this area, according to old timers who recall gins located here in the past. Scarcity of labor was the chief cause of the decline of the crop here.

C. N. McClure, one of the chief exponents of cotton in this area, also reports an excellent crop. He has 125 acres of irrigated cotton and plans to make a yield of at least 150 bales. McClure produced an abundant crop last season, but lost most of it through a last-minute hail storm. He expects to start picking this week.

Band Parents Plan Directory

Preliminary plans were started this week for the publication of a 1948 City Directory by the Band Parents Association.

The directory is planned for distribution early in January, and the association has appointed Charles Johnston as manager. Proceeds from the directory will be used toward general improvement of the band facilities, including final payments on the new uniforms.

Similar to the directory published by the association in 1947, the new book is planned to include listings of all families in Hereford and Deaf Smith County. In addition to sales from the books, advertising will also supplement the income.

city. When he came to Deaf Smith County in 1916, he noticed at once that more than half of the children had no tooth decay, and thus began his long study of trying to find the reason why. He talked to dentists everywhere and most of them ridiculed his theories. After a while people began to believe a part of what he had to say and his persistent efforts are responsible for Hereford's slogan "The Town Without a Toothache."

His first article was published in The Hereford Brand in 1942, and now his reputation in the dental field extends in many lands. He has received hundreds of letters from high ranking educators in different parts of the world.

Mr. and Mrs. Rowe were the only protestant missionaries in this industrial city, where hundreds gather to work for the government and for commercial concerns. Mrs. Rowe had responsibility for a primary school conducted by the mission, since there are no public or government-operated schools. There were 236 enrolled last year. Twenty national workers are employed as pastors, evangelists, and teachers.

The Rowes first went to Belgian Congo as missionaries for Disciples of Christ in 1928, under the auspices of The United Christian Missionary Society. Their first assignment was to the most primitive station of all, one in which white missionaries had lived less than ten years. This was in sharp contrast to their former home in Akron, Ohio, where she had been a high school teacher and he a business man. Soon, they were called to Colquhounville by the Mission to take over the work of the treasurer and they have continued in that responsibility to date. They are in the United States on an extended furlough and will return to Africa at its completion.

Both Mr. and Mrs. Rowe have studied at Western Reserve University, Butler University School of Religion, College of Missions, Indianapolis, and Columbia University.

The five Main Street lights will probably operate in series from a central switch board," Wooddell said, "with 30 second intervals between changes. This will allow an automobile traveling 18 to 20 miles per hour about the correct time to connect with the entire string of lights."

No "Jay-Walking"
Two features which the public may find slightly difficult will be the elimination of "Jay-Walking" and the lack of "U"-turns on Main Street, Wooddell pointed out. "These two regulations are in compliance with state laws and will have to be enforced, since it is natural that drivers will not pay so much attention to pedestrian traffic. Crossing will be allowed only at the marked intersections and with the correct

Texas Business Still Shows Upward Trend, Prices Firm

By Dr. Robt. W. French, Director Bureau of Business Research AUSTIN, Oct. 12—Business in Texas continued to mark advances during August and for the second consecutive month set a record for peacetime business activity. The University of Texas Bureau of Business Research reported.

August was also the third successive month in which business moved upward in Texas, although the August rise was less than half the June-to-July increase this year.

As summer came to an end, business in Texas was well above the previous peacetime peak reached in February 1947, and activity remained 8 per cent above the level in August last year.

The August business gain pushed business more than 100 per cent above the prewar average. While not one would maintain that the pres-

ent level of business in Texas is stable, the current huge volume of production and trade is a fact that cannot be denied.

Of the six indexes combined to make up the over-all index of business activity, crude oil runs to stills turned down fractionally and all other indexes were up. The seasonally adjusted index of department and apparel store sales rose 5 per cent, the electric power consumption index advanced 4 per cent, miscellaneous freight corloading went up to 3 per cent and both employment and pay rolls logged a July-to-August hike.

There is nothing mysterious or uncertain about the factors back of this steady rise in Texas business activity since October 1945 or the sudden spurt forward this summer. The market for durable goods of all types has been large and firm, in-

dustrial production and employment to meet this demand have been high and have moved higher, agricultural production has increased at high prices to meet the foreign demand for foodstuffs, incomes of farmers and factory workers have steadily risen, new enterprises have sprung up, and credit has been gradually expanding with the relaxation of credit controls in the face of boom conditions.

Most disturbing factor in the current business outlook is still the price situation. Wholesale prices resumed their upward spiral in mid-July and have advanced for 10 consecutive weeks. Although the increases did not match the jumps of last summer when price controls were removed, they lifted the over-all rise since May 1946 to 40 per cent and the gain in wholesale food prices to 56 per cent.

To date on effective action has been taken in any quarter against inflation, perhaps because of the many elements that lie behind it. Name calling has been freely indulged in, but the resolution of the problem of inflation seems most likely to occur in the market place.

Construction in Texas showed signs of weakness during August. The value of building permits, a rough indicator of the volume to build, was off 13 per cent for the month. Construction contract awards fell 26 per cent below their July total during August, while last year they increased 19 per cent at this season.

The decline in savings during August was also indicative of the high of higher prices. Ordinary life insurance sales decreased 8 per cent from the previous month, and the sales of United States Savings bonds were down 19 per cent.

Crosby Wheat Gets High Marks For Milling Quality

Crosby county wheat this year had a low percentage of stockage due to poor milling qualities compared with most West Texas counties.

The reason, says County Agent W. R. Kimbrough, is that wheat farmers in the county planted most of their acreage to registered and certified wheat varieties. Only four per cent of the wheat harvested in Crosby county this year was classed as poor milling grain.

Plans are being carried out, says Kimbrough, to eliminate all the poor milling wheat in Crosby county. Over 5,000 bushels of registered and certified Western wheat were purchased for planting this year, plus 10,000 bushels of certified Tempar seed and 1,000 bushels of certified Comanche. These varieties are recommended as good millers. The grain was purchased from elevators and feed companies that are co-operating by stocking good planting seed.

Kimbrough says plans are already made to organize an association to produce certified wheat and to build a seed cleaning and treating station.

There are more than 700,000 children and young people living within the city of New York who are not in contact with either church or synagogue, according to the Rev. Herman E. Wornom, executive secretary of the Board of Christian Education of the Protestant Council of the City. "This is a tragic condition at any time and especially in these fateful days," says Mr. Wornom. "The zero hour has come when our churches must find a more adequate strategy for reaching these multitudes."

In Gary, Indiana, have recently lifted long-standing restrictions against the admission of Negro doctors and surgeons to practice in their operating rooms and wards. They are the Methodist Hospital, and the Mercy Hospital (Catholic). Gary has ten Negro physicians. Negroes have been admitted as patients to both hospitals, even when their doctors were barred.

A current visitor to the United States is Ernest D. Jeffs, of London, England, who is supervising the restoration and reconstruction of bombed churches for the Congregational Union of England and Wales. He is visiting a number of American cities—namely New York, Washington, Boston, Chicago, and Indianapolis—studying American church architecture, building materials and construction methods.

mate fate of the United Nations will be; but we do know that no plan, however perfect on paper, can result in peace and understanding unless there is in the hearts of men a true Christian spirit of love and brotherhood," says the Rev. Wilbur LaRoe, Jr., moderator of the Presbyterian Church in the U. S. A. "This is why our foreign missionary enterprise is so vitally necessary. It provides the spiritual foundation upon which any enduring international structure must be built. I solemnly warn you, unless you are now willing to share with others the blessings God has showered upon us, we stand to lose them as the great tide of secularism and totalitarianism sweep across the world. Where men are hungry, we must carry bread. Where men are spiritually dying, we must carry Christ. A stricken world pleads for our help."

period of eight months, Captain Kiefer reports, not one boy from that ten-block area of Louisville has been in court. "You have shown the kids a better life," says the Captain of the clergymen.

Pointing out that 46.5 per cent of the members of the Methodist Church in the United States are rural (in the U. S. census definition of living in communities of less than 2,500 people), and that these rural Methodists support 78.7 per cent of all Methodist churches in the nation, the denomination's Department of Evangelism is endeavoring to develop a more adequate service to these rural peoples by the churches. According to the Rev. Eugene E. Golay, of Red Cloud, Nebraska, a rural Methodist pastor, there are four ways in which Methodism can "build an effective rural evangelism": develop a "sense of mission" by the rural church; develop a technique that differs from that used in urban communities; train pastors for rural church service; give the rural churches adequate consideration in the naming of pastors by sending them the dedicated men of lifetime service.

The Assemblies of God—one of the newer organizations of the evangelical faith in the United States—has added 224 new parishes during the past two years, according to General Secretary J. Roswell Flowers. He reports there are 5,546 assemblies or churches of the denomination; 5,746 ordained ministers; and a membership of 243,515 persons.

Child Study Club Entertains At Program For El Nino Study Club

Members of the Child Study Club entertained members of the El Nino Study Club at the home of Mrs. Gordon Witherspoon Thursday evening. Mrs. Worth Covington and Mrs. Maurice Tannahill were assistant hostesses.

Mrs. Gawnthorn Bryant, president of the Child Study Club, welcomed the guests with Mrs. Will Graham, president of the El Nino Study Club, giving the response for the club.

Mrs. Merlin Kaul, program chairman, introduced the guest speaker of the evening, superintendent of schools, George Graham, who elaborated on the Child Study Club's theme of the year, "The American Family," in a talk on the subject, "The family at home and in the community."

Mr. Graham emphasized the importance of closer relationships between parents and teachers and advocated families spending more time together. He urged parents to teach obedience and quoted the adage: "As goes the home, so goes the church, community and consequently the government."

After the program refreshments were served from an attractively arranged table centered with a crystal punch bowl encircled with bronze dahlias. Tall lighted tapers completed the arrangement. Mrs. Tannahill and Mrs. Covington poured.

Members of the hostess club present were Mesdames Gawnthorn Bryant, Worth Covington, Frank Daniel, Ira Foster, J. R. Fowkes, George Heard, Merlin Kaul, E. J. Pepper, J. C. Reese, Edward Robertson, John Robinson, Earl Springer, Maurice Tannahill, Dale Tinnin, Carroll Whiteside and Witherspoon.

Guest club members present included Mesdames Jim Bookout, Ben Childers, R. A. Daniel Jr., Byron Durham, Ben Ezell, R. D. Ford, John Jacobsen Jr., Stanford Knox, W. H. Patton, Joe H. Smith, Worth Ware, Bruce Woodell and Will Graham.

Spuds, Tomatoes To Be Supplied For School Lunch

COLLEGE STATION, Oct. 8.—Texas school children soon will have canned tomatoes on their community school lunch menu.

Eight carloads will be received in the state about October 15 and will be supplemented by an additional 12 cars about the middle of November. John J. Slaughter, area field supervisor, Production and Marketing Administration's Food Distribution Programs Branch, U. S. Department of Agriculture, Dallas, announced.

Also expected soon is a small quantity of non-fat dry milk for use in schools where fresh milk is not available. It will be used as a beverage and for cooking purposes. Additional shipments probably will be received before January, Slaughter explained.

Irish potatoes also continue to move out of cold storage to schools as they need them, he said. Quantity each school receives at any one time depends on the number of children eating lunches daily. This orderly movement of potatoes from storage to schools as they are needed spreads the supply over a longer period, he explained.

The potatoes were purchased from farmers earlier in the season by USDA's Production and Marketing Administration under the price support program. The dry milk and tomatoes were bought by USDA under a special provision of the National School Lunch Act which authorizes purchase of certain foods needed to round out wholesome lunches.

Khiva Temple To Show Ice Revels

People of the Panhandle who love both thrills and beauty will have an opportunity to spend an ideal entertainment evening when Clarence E. Cramer brings his 1947 Hollywood Skating Revels to the Amarillo Auditorium on November 14 and 15.

Sponsored by the Khiva Shrine Temple of Amarillo, the performance is a stage show of roller skating, the performers "zooming" around all over the place, tap dancing on wheels, performing all manner of acrobatic stunts, ballet dancing, marching in military procession, and performing a love scene, all on wheels. It is the only skating stage show which travels and it has now performed in most of the leading cities of the East, South, and Central West. The stars are New York and Hollywood's best, many of whom are national and international athletic title holders.

Presented in Amarillo a year ago, the show won the acclaim of being the thrill-entertainment of the year. It will be even better this season, since the performance will be presented from the stage instead of from the arena floor as it was last year.

Tickets are on sale now through the recorder of the Khiva Shrine Temple, Amarillo. Prices are \$1.00 for the balcony; \$1.50 for lower floor rear, and \$2.00 for front row at the

K-C's Enjoy Columbus Day Event Monday

The Knights of Columbus presented a program in the St. Anthony's School Hall commemorating Columbus Day, Oct. 12. The program was announced by John Albracht and was opened with

"The Star Spangled Banner," sung by the audience and accompanied by Miss Martha Jesko. A violin and piano duet was given by Miss Florence Wilhelm and William Warren.

An amusing boxing match between Ben Janacek, 220 pounds, and Joe Huckert, 190 pounds, followed.

Wert Albracht made an interesting talk on Christopher Columbus.

A Doctor I. Q. program was planned and conducted by Mike Konesky and Harold Hershey, with Fritz Hoffman and Lester Wagner

Heiselman H-D Studies Spreads

"The Art of Making a Tufted Bedspread" was the theme Mrs. Tom Draper, CHDA, used for demonstration before members of Heiselman Home Demonstration Club Thursday, Oct. 9, when the club met at the home of Mrs. Henry Kinsey. Mrs. Kinsey presided at the business session, when members answered roll call by reporting on new recipes recently used.

The hour of meeting was set at 2:30 for the winter months; and Mrs. Draper reported on council meeting.

Members and guests enjoying the social hour were: Mrs. E. B. Pounds, Mrs. E. M. Grubik, Mrs. R. E. Caldwell, Mrs. Arthur Jordan, Mrs. Vera Jacobson, Mrs. E. N. Jacobson, Mrs. N. L. Jacobson, Mrs. Walter Lemke, Mrs. Lorin Cretz, Mrs. Clarence Story, Mrs. Oscar Brannaman; Mrs. Roy Reed, Rivera, Calif.; Mrs. Annie Sarrett, Sudan, Texas; Mrs. T. W. Twiner, Hereford, Mrs. Earl Croft, Adrian, the hostess and Mrs. Draper.

Mrs. Thompson Honored At W.M.U. Meeting

Mrs. A. O. Thompson was honored and presented with a gift at the annual Associational Meeting of the Women's Missionary Union of the Baptist Church held in Tulsa Thursday. Mrs. Thompson has completed ten and a half years service as president of the association and the gift was in the form of a love-token in appreciation of her long and efficient service.

Mrs. R. E. Oatillo of Lubbock, president of district nine, was the main speaker at the annual meeting.

Those attending from Hereford First Church were Mesdames Gerald Wilson, R. H. Cagle, John Draper, Vivian Major, George Graham, Jim Lipscomb, and A. O. Thompson. Mrs. R. S. Sparkman and Mrs. J. P. Anderson represented the Avenue Baptist Church.

as assistants. Cash prizes were given for the correct answers.

Concluding the program the audience sang "God Bless America." Refreshments were served to all at the end of the program.

Luncheon Club Entertained In H. K. Fox Home

Mrs. H. K. Fox was hostess for the Wednesday Luncheon Club last week with her house guest, Mrs. Ralph Clennin of Fallurias as a special guest. Yellow dahlias predominated in floral decorations with early fall roses as the accessory blossoms.

After the luncheon contract games were enjoyed with Mrs. J. A. Pittman winning the high score award, Mrs. J. C. McCracken winning second and Mrs. H. A. Close holding low score.

Members present were Mesdames J. C. McCracken, W. L. Davis, C. O. Acker, J. A. Pittman, W. C. Pittman, Alton Fraser and the hostess.

Dessert Bridge Given

Mrs. and Mrs. Roy Jowell were hosts for the Thursday Night Bridge Club last week at a dessert bridge party. Lovely refreshments were enjoyed before the contract games in rooms attractively decorated in late summer flowers. Mr. and Mrs. Wallace Cox were invited to play with members and won high score couple prize.

Members attending were Mr. and Mrs. Jim Black, Mr. and Mrs. Jim Lipscomb, Mr. and Mrs. Reed Williams, Mr. and Mrs. Bob Wilson, and the hosts.

Gleaners Class Is Entertained

Gleaners Class of the First Baptist Church was entertained at a covered dish supper party in the home of Mrs. J. B. Sowell Tuesday, October 7. Hostesses were Mesdames Charles Dones, Avon Vick, and Malcolm Casells.

Hallowe'en suggestions were used in decorations and appointments and a program and business meeting followed the supper.

During the business meeting members voted to change the time of meetings from the third Thursday to the first Tuesday in each month. Time of meeting was set at 8 o'clock.

Following the opening prayer given by Mrs. Dones, Mrs. Wayne Lawrence conducted a devotional lesson and roll call featured helpful hints for the class. Mrs. Tony Edens, social chairman, conducted a thirty minute social program.

Members present were Mesdames Velma Hodges, Glen Witherspoon, Wayne Lawrence, W. O. Witherspoon, J. B. Sowell, Robert Wagoner,

Garden Center Slated to Become Club's Major Project For Year

The Hereford Garden Club met with Mrs. Burnard Friday afternoon with Mrs. John Robinson as co-hostess.

Mrs. O. G. Hill, president, conducted a business meeting when letters were read from the Cochran County Garden Club inviting members to attend their flower show on October 11, and from the Amarillo

Garden Club inviting the group to attend the annual Chrysanthemum Show to be held on October 22-23. Plans for the tea honoring board members attending a district meet here Monday were completed. Mrs. F. H. Oberthier was presented with an honorary life membership.

The Garden Center, which will be

established by the club as a major long-term project, was discussed and the project for the year, which will be planting of bulbs toward a spring flower show, was named the chief responsibility of members. Mrs. A. V. Hendrick was welcomed as a new member.

The program for the afternoon was on "Best Loved Lilies" with Mrs. W. S. Fluitt as chairman. She discussed at length a planting chart given in the July issue of House Beautiful.

Mrs. Charles Dones told of "Winter-blooming Bulbs" and outlined the care of winter bulbs. Mrs. J. P. Slaton differentiated between horticulture and agriculture when she spoke on "Horticulture Advice." "Horticulture generally means more intense cultivation than agriculture and embraces floriculture, nursery propagation, tree surgery, botanical gardening, plant breeding, landscaping and even the arrangement of flowers in the home," she said.

Members present were Mesdames C. D. Kelton, Jim Black, Lyle Blanton, J. P. Slaton, John Jacobsen Jr., A. M. Jones, E. W. Harrison, Homer Brumley, A. L. Manjeot, Will S. Kerr, A. O. Thompson, Lynn Kester, E. E. Fridley, Tom Draper, A. V.

Non-Popping, They Say

Trees from State Nursery Sold at Production Cost

COLLEGE STATION, Oct. 8.—The state's first northern brought a reminder from the Texas Forest Service at A. and M. College that tree-planting time is just around the corner, and that seedling orders need to go in as soon as possible.

Forest Service officials at the state nursery near Alto will have almost 18 million seedlings that have been selected for adaptability in Texas. The trees will be sold at cost of production for use in starting timber and fence post populations and for windbreak purposes. The seedlings are not to be sold for landscaping.

D. A. Anderson, in charge of the state nursery, reports that 15 different kinds of trees will be available from the nursery by late December. For planting in East Texas, there are slash and loblolly pine, black locust, hots d' are and catalpa. For the Rio Grande Valley: eucalyptus and Australian pine. West Texas: red cedar, Arizona cypress, Russian mulberry, green ash, thornless honey locust, desert willow, western yellow pine and pistacia.

Prices on pines are listed at \$2 per 1,000 trees; on black locust, \$2.50; all other species, \$3. The prices are f. o. b. the nursery at Alto.

Information on ordering the seedlings may be obtained from the local county agent or by writing to the Texas Forest Service at College Station.

Don Zimmerman, owner of the Henslee Hardware, left Sunday for Fort Worth and Dallas to attend markets.

Onias Carroll and Charles Cogdell returned last week from New York, where they attended the World Series games.

Juniors Elect Bill Dameron Class President

Bill Dameron of Hereford has been elected president of the Junior class at Texas Christian University, according to announcements made this week through The Skiff, T. C. U. student paper.

Mr. Dameron is the son of Mayor and Mrs. W. E. Dameron and is widely known in this community, having been reared in Hereford. "Bill is active in many campus organizations," reports the student paper. "He was recently initiated into the Bryson Club, and is national vice president of the National Intercollegiate Chamber of Commerce. Mr. Dameron is majoring in business commerce."

Bill finished high school in Hereford with the class of 1943, dropped out of T. C. U. for a two-year interval in the Navy and again resumed his college work in 1946.

The task of the Bureau of Ordnance is to maintain unexcelled quality in weapons for the Navy. Programs are under way toward the development of guided missiles, new-type fuses, radar, control devices, high velocity guns and projectiles, and armament for the most recent aircraft. This work, as well as work on demolition devices, pyrotechnics, armor ballistics, power drives and breach mechanisms, warrants continuation so that armament for the Navy will continue to be the very best that can be provided.

After a week in the Deaf Smith County Hospital because of a broken shoulder, Mrs. Walk Brady went home Thursday. Last year Mrs. Brady spent several months in the hospital because of a broken leg.

NOW - make a date to OIL-PLATE!

It's a lot easier to feel friendly toward a car with an OIL-PLATED engine. So why not drive in today; let us drain out worn and dirty summer oil and change to fresh Conoco Nth winter oil! Conoco Nth Motor Oil (patented) includes an added ingredient which fastens an extra film of lubricant so closely to metal surfaces that cylinder walls are actually OIL-PLATED!

This extra OIL-PLATING resists gravity... won't all drain down even overnight! So, you're extra-protected from metal-etching, combustion acids... from "dry-friction" starts... from carbon and sludge due to wear! For extra power, extra-protection when you're first starting up, or when you're running hot... make a date to OIL-PLATE your engine today!

The Bootleg Philosopher

Dear editor: It may have been because the door slammed shut on it as I had been used to for a door drop since it wouldn't work now but Sunday night my radio suddenly started workin again right after a puff of wind hit and I listened to President Truman's speech on savin food and I want you to know I'm in favor of it. In fact, I'm right proud of bein even ahead of the President of the United States in my thinkin as I have been havin meatless Tuesdays

Went Wrong

Frightened James Hartmann, 15, looks through bars of a Chicago cell, pondering his doubtful future after admitting stabbing to death one woman, attacking another. In the next cell a man awaits death in the electric chair. Chicagoans recalled William Heirens, confessed kidnap-butcher of the Degnan girl.

and a few Wednesdays and Thursdays and Fridays etc. out here at Bootleg for several months now, and my hens is even ahead of the President and me both as they ain't been layin more'n once or twice a week and I've had poultryless Thursdays for months and Saturday and Mondays to boot.

However, I noticed President Truman also suggested that farmers feed less grain to their livestock and I just want him to know that it may be a good idea in Iowa but the thing can be overdone, you can carry patriotism and international responsibility too far in that direction, and if anybody in Washington don't believe it let them come out here and examine the ribs in my meat hog. A hog ain't got no sense of world-wide responsibility and without enough food will grow thin steadily, don make no difference whether Communism sweeps Europe or not. I know, as I been raisin hogs without enough grain for years and there ain't enough meat on one of my hog's spare ribs to keep one European from goin wrong politically more'n a week.

However, I would like for you and the rest of the world to know we're gonna stick by the program out here. In fact, my neighbor from across the road adopted the plan himself two weeks ago. He had a crib full of corn and one night his hog broke out of his pen when the

MARKETS

Spots of strength and weakness checked southwest farm markets last week in very uneven trends, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Wheat and oats registered rather sharp advances of the week. Corn hardly recovered early losses as continued favorable weather aided crop prospects. Sorghums fluctuated widely but closed Friday unchanged from a week earlier, at around \$3.65 per hundred weight. Wheat sold at \$3.02 1/2 per bushel, base grade.

Slight advances in rough rice prices reflected more active foreign demand for milled rice. Mill feeds and oilseed meals declined during the week, as most other feeds gained. Hay moved more freely at slightly higher prices for good quality. Peanuts found slow demand, as harvesting became more general. Pine Texas wools were getting scarce, but average staple 1946 lots sold at \$1.18 to \$1.20 clean basis.

Spot cotton sales increased during the week, as harvesting went forward at full pace. Prices scored net advances of \$2 to \$3 per bale.

Eggs continued to sell at firm prices last week, while poultry showed slight weakness at some places. Most heavy hens brought \$2 to 24 cents per pound at Fort Worth, \$2 at Dallas, \$2 to 24 at Denver, and \$1 to 33 at New Orleans. Port Worth and Dallas paid around 55 cents per dozen of best candled eggs, and New Orleans gave 56 for fresh No. 3 Extras. Denver took best current receipts at 43 to 47.

Cauliflower weakened at Colorado shipping points during the period, but potatoes and onions sold steady to firm. Some fall vegetables gained strength as frost season drew near. Cabbage, carrots, cucumbers and onions sold higher at St. Louis and Kansas City. Many products took on a firmer tone at Port Worth. Demand slackened for sweet potatoes, but prices changed little in Louisiana.

Cattle varied during the week but closed mostly steady to strong, with Texas cows and calves the principal exceptions. Medium and good cows sold generally from \$14 to \$16 at Texas markets, where common and medium kinds ranged largely from \$12 to \$14, and canners and cutters from \$8.50 to \$11. Other southwest terminals paid around \$13.50 at Oklahoma City and Wichita, and \$11 to \$13.50 at Denver.

Slight daily ups and downs left hog prices largely steady to 50 cents higher for the week. San Antonio set a new all time high of \$28.50 but closed a little below the peak. Closing top prices on butcher hogs ranged from \$29 to \$29.50 at other southwest markets. Sows brought mostly \$25 to \$27, and pigs \$20 to \$26.

ball wire holdin the top plank finally rusted in two and pushed open the barn door and stayed in that corn all night, ea in a two-weeks supply at one time.

The next mornin when my neighbor found it out he was so mad he started to whip his hog but then decided he would use psychology on him and locked him up in his pen, re-wired the top plank, and made him go two weeks without no corn, just for punishment. It taught that hog a lesson, don't make no difference if he did die learnin it.

Yours faithfully,
J. A.

Slaughter lambs suffered losses of 50 cents to \$1 at most southwest terminals, but San Antonio remained steady to strong. Other classes held mostly steady. Medium and good fat lambs brought \$18.50 to \$19 at San Antonio, and \$18.50 to \$20 at Fort Worth. Good and choice kinds sold around \$21 to \$22.50 elsewhere.

Canyon Museum Opens New Drive

CANYON, Oct. 12—All directors of the Panhandle-Plains Historical Society have been mailed a new bulletin by Boone McClure, director of the museum. The bulletin was written by H. C. Pipkin, Amarillo, chairman of the building committee, which sponsors the campaign for \$50,000 in order to complete the second unit of the museum.

According to information received by Dr. L. F. Sheffy, secretary of the Historical Society, the campaign for funds will be underway in all of the 26 counties of the Panhandle at once. It is hoped that funds will be raised rapidly, and that the bulk of the money will be in by Dec. 1.

The campaign will be open to every citizen of Deaf Smith County. While many citizens have made contributions in the past, this drive is for additional money in order that the second unit of the building may be completed. J. A. Pitman, Alex O. Thompson and James W. Witherspoon are members of the Board of Directors and will receive contributions in Hereford.

When the second unit of the museum is ready for use, it will mark the completion of a project that was begun in 1932, when the museum was first erected. This unit of the museum is enclosed but no work has been done to complete the finishing on the inside. Plastering, floors, installations of lights and heat are needed to complete the unit.

During the summer months attendance soared to an all time high, with 5,113 persons visiting in July and 6,336 in August. This brought the total of visitors since the museum opened to 480,160. The total for the year is 35,000.

Henslee See Many Points Interest On Trip To New York

Mr. and Mrs. Homer Henslee returned last week from a trip to New York City and other points of interest in the east. They visited their son, H. E. Henslee, Jr., wife Christine and two children, Kenneth and Judy. Homer Jr. works for Foster Wheeler Corporation in New York City and commutes back to Pears River. He is a chemical engineer.

While in New York they saw the Madison Square Garden Rodeo, and at Radio City they saw the famous roof gardens which are comparable to the Hanging Gardens of Babylon. They also saw Rockefeller Plaza, a part of Radio City, and St. Patrick's Cathedral, one of the outstanding churches of the city.

The Henslees attended some good musicals and stage shows with outstanding stars as Helen Hayes; included a boat trip around Manhattan Island, a trip to Niagara Falls, going across into Canada.

Mr. Henslee saw a number of the

World Series games, and took several trips over the city, riding the subways and elevated railways. He and Homer Jr., went on a fishing trip up state while Homer Jr. was on vacation.

They made a trip to West Point and heard an organ recital in the chapel.

Later both families went to Washington, D. C. visited the Capitol, the White House and other buildings. They were amazed at the lack of elevators and escalators, and the many stairs which they had to climb in taking the tours.

Mr. and Mrs. W. A. Teeter and Mrs. J. M. Posey drove to Amarillo Sunday, where Mr. Teeter caught a plane for Oklahoma City.

Sisters of Mrs. C. F. Moore, Mrs. Hoyt Curry and Orson Rea, of Aberrath, Texas, visited with her Sunday.

Mr. and Mrs. M. Y. Galloway and daughter, Ann, spent Sunday with their aunt, Mrs. Seth B. Holman.

SERVEL HOLDS A BUSHEL OF FROZEN FOODS

Every meal will be more exciting—when you have one of the new 1947 Servel Gas Refrigerators. For its big clear-across Frozen Food Locker holds a bushel of frozen foods—to provide you such out-of-season delicacies as strawberries, asparagus, spring chickens, all year round.

For fresh foods, the new Servel has both moist-cold and dry-cold protection. Two deaeration fresheners actually crisp up garden vegetables, keep fruits fresh and appetizing.

And the big Servel meat keeper protects meat tenderness for days. Shelves give extra roomness because they adjust to eleven different positions.

Famous for silence, the Servel Gas Refrigerator is the only refrigerator with no moving parts in its freezing system. Instead, a tiny gas flame does the work. More than two million happy owners have proved Servel stays silent, lasts longer. Come see the new Servels on display today.

er, crashed through a wide hole at tackle, went over for the score. Knox' pass to Carlyle for the extra point was incomplete, and the score stood at 18-0.

The final period was scoreless, but the game ended with the Whitefaces driving from the Friona 10 yard line. The Chiefs never threatened during the entire game.

The Herd played most of the game without the services of their big, driving fullback, Hennington, who went out with a bad charley-horse midway in the first period.

Don (Burr-head) Wilson shifted to the fullback slot, however, and Homer Rudd went in at halfback to become one of the stand-out performers in the Whiteface backfield. Rudd demonstrated plenty of speed, and a lot of driving power

to add his own name to a list of potential backfield threats in the Whiteface line-up.

Rudd and Wilson shouldered most of the ball-carrying burden, and stacked up a big share of the 314 net yards gained by the Herd on running plays.

The Whitefaces attempted only two passes during the game, one on a conversion attempt in the third period, completing none. The Chiefs attempted ten passes and completed four for short gains.

The game was distinguished chiefly for the number of penalties and the amount of yardage assessed against both teams. The Whitefaces were penalized a total of 108 yards, five of the penalties being 15-yards each (for unnecessary roughness and holding). The Chiefs dropped 60 yards via the penalty rule, including two 15-yard set-backs for unnecessary roughness and clipping.

Despite the ball-carrying activ-

ities of the officials, however, the game was speedy and, for the most part, exciting. After the first period, the Whitefaces were in control all the way, but the Chiefs packed a lot of power and continued to be dangerous threat throughout the game.

The Whitefaces won the toss and elected to receive, with Davison taking the kick-off on the 25 yard line, and getting back to the 35. Hennington picked up 6 yards at center, and Wilson crashed off tackle for 18 to a first down on the Friona 43. There the drive bogged down, however, and Hennington got off a long (47-yard) kick which went into the end zone within inches of the coffin corner.

The Chiefs lost 6 yards on two plays, kicked out to the Hereford 44. The Herd was stopped for downs, and Hennington, injured on an off-tackle play, left the game. Rudd coming in at halfback and Wilson shifting to full. Wilson kicked to the Friona 25, and Lacewell returned the ball to the 35. Friona drew a 15 yard clipping penalty, setting them back to the 20 yard line. Lloyd and Lacewell lugged the ball to a first down on the 31 yard line. Smith completed a 6 yard pass over the line to Lloyd, but the Chiefs lost the ball when a fourth down attempt to pick up 1 yard failed, and the Herd took over on the Friona 40. Wilson punted, and Lacewell, taking the ball on the 20, was hit hard, fumbled, and Corbett recovered. As the first quarter ended, the Herd was driving from the Friona 17 yard line.

will receive \$25.00 for your efforts, if the crowd is less, you will be paid less.

The Herd will tangle horns with Olton Friday night in a game that should be a toss-up. Sudan topped Olton with a score of 33-0, just as they had soundly thrashed the Whitefaces 37-0. Of course, no one will admit that the local kids haven't improved 100 per cent since that first game, but Sudan has had the same opportunity for improvement and it is safe to assume that they, too, have improved. At any rate it will be a top-notch game to watch and we are certain that Coach Stanton's hopefuls will continue their spirit-of "Never Give Up."

We took a gander at the Buffalo-Mines game last Saturday night and who do you guess was the spark-plug for the winning Buffs? None other than Charles Wright, who almost dragged the Canyon Eagles to a win over the Herd last year. Charles has four full years of play coming for the Buffs and should make them a wheel-horse before he is through. It is nice to see our own "country" kids playing a big league ball for our own home "country" colleges.

The hard luck Tulla Hornets dropped their fourth game in a row to the Canyon Eagles with a score of 13-6, and will be gunning for blood when they move into Dimmitt Friday night to try Coach John Blain's Bobcats. However, they are still going to have a wildcat cornered—and they may not be able to turn loose. John's boys have gone this far in the season undefeated and are going to be hustling all the way to keep the record intact. The Bobcats topped their fifth victims, Amherst, by the decisive score of 25-7 last week. The Canyon Eagles and the Friona Chiefs will tangle in Canyon this week-end. According to the dope bucket, the Eagles should be able to control the game. However, Coach Jack Everett's lads will be out hustling for their first conference win of the season and will keep the Eagles on their toes. This will give this Bench Warmer a chance to compare the Eagles, Hornets and Bobcats with the Herd for the first time this year.

Coach Stanton reports that Leo Hennington's charley-horse will probably give him a little trouble this week but that he will definitely

shot. In addition, drubbings from Littlefield and Muleshoe have the Olton boys set and primed, and they see in Hereford a possibility to redeem some of their record.

Coach Melvin Simmons, 235-pound lineman from Abilene Christian College, will unquestionably put everything he has into the Hereford-Olton game, which incidentally opens the conference season for the Mustangs.

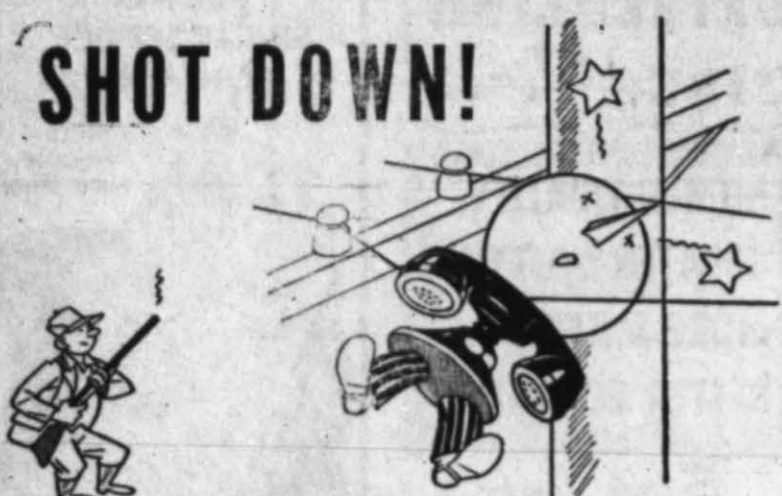

A large crowd is anticipated for the game here tomorrow night, due to the apparently well matched teams, both of which will enter the game with players in good physical shape—barring last-minute hazards.

Lutherans To Hold Festival Here Oct. 19

Immanuel Ev. Lutheran Church of Hereford will celebrate its annual Mission Festival Sunday, Oct. 19, in a special service at 11 a. m. The Rev. R. Young, pastor of Zion Lutheran Church, Pampa, will deliver the mission message. The offering received on that day is used exclusively to support the mission work of the Missouri Synod Lutheran Church, both in the United States and foreign countries. The congregation extends a cordial welcome to all people of this vicinity to join in this service. Neighboring congregations have also been invited. Dinner will be served by the ladies of the congregation. An afternoon program has been arranged by the Lutheran Women's Missionary Society of the Church.

As the second period opened, the Whitefaces made good on their threat. Wilson made it first down in two plays on the Friona 10, then carried twice more to plunge into pay territory. Wilson's kick was wide, and the Herd led 6-0.

The Chiefs lost the ball again late in the period on a fourth down pass at midfield, and Wilson had just completed a sparkling 18-yard run when the half ended.

Friona's kick-off opening the second half was taken by Knox on the 26. Wilson crashed off tackle for 22 yards to the 48, and Rudd cut through tackle, reversed his field, getting effective blocking, and was in the clear for a 52-yard run to pay territory. Wilson's attempted conversion kick was low, and the Herd led 12-0.

Lacewell took the next kick-off on the goal line, and got back to the 28 yard stripe. Smith picked up 6 at tackle, and Weis added three yards at center. Weis, attempting to pick up the necessary yardage for a first down, lost a yard, and the Chiefs, with enough of fourth-down tries under their belt, elected to punt. Weis' kick was dead on the 50.

Davison sprinted off tackle for 26 yards. Wilson drove through guard for 3, then hit tackle for 13 and a first down on the 7 yard line. Knox picked up 3 at center, and the Whitefaces were penalized 5 yards for off-side. Davison crashed off tackle to score from the 10 yard line. Knox' pass to Carlyle was high, and the Herd led 18-0.

The Chiefs took the kick-off deep in their own territory, failed to gain on three plays, and Weis booted out Knox on the Hereford 35, the Hereford quarter getting back to midfield. After drawing a 15-yard penalty for holding, the Whitefaces ran three plays at the line, making only about half the required distance, and Wilson kicked out to Lloyd on the Friona 15. Lloyd getting back to the 30 as the period ended.

The Chiefs failed to gain, and Weis kicked on the Hereford 40. Knox drove back to the Friona 35. Wilson hit guard for 7 yards, but Hereford again drew a 15 yard penalty again for 5 yards (too much time in huddle). Wilson lost 5 yards on a fumble, and with the ball on the Hereford 45. Wilson kicked to Lloyd on the 25, the Friona back getting up to the 35 on the return. Smith's pass to Weis was knocked down by Rudd. Lacewell picked up a yard at center, and Corbett leaped in to knock down another pass from Smith. Weis kicked out of bounds on the Hereford 28.

Davison crashed off tackle for 9. Wilson picked up 15 yards, and a first down on the 44. Wilson struck at right end for a yard, and Davison smashed through guard of 11 yards and another first down on the Friona 45. Wilson hit guard for 5, and Rudd swept around right end for 8 and a first down on the Friona 32.

Jack Stanton, relieved Knox at

Much Depends . . .

of the title race, while the winner will be a contender. A win over Olton would mean plenty to the Whiteface squad, giving them the power of a real threat in the conference, despite the early season record.

Dimmitt faces much the same set up when they encounter the Tulla squad. Dimmitt has five wins out of five starts and some big scores to back up their conference power. Tulla, despite four losses and one tie, is still a mighty power house when it is remembered that the Tulla losses were to Floydada, Phillips, Canyon, and Wellington, and that they battled Canadian to a 0-0 tie. Tulla stands an excellent chance to win Friday night, which would leave the waters muddy in District 2-A.

Judging from records, Canyon should take an easy game from Friona. However another game like Hereford and Dalhart could easily throw the conference race into a hysterical tangle.

The dope would indicate Hereford, Tulla and Canyon in the 2-A tilt. This would leave Canyon and Hereford with undefeated standings in the race—all of which remains to be seen.

quarter, and Billy Engman went in at halfback for Davison. Engman picked up 2 yards at tackle, and Wilson rounded right end for 13 yards and a first down on the Friona 15. Hereford was penalized 15 yards for clipping. Rudd crashed off tackle for 10 yards, and Engman picked up 4 on two places at center. Rudd rounded right end for 7 yards, placing the ball on the Friona 10 yard marker as the game ended.
